

A Killer 2501

Chapter 2501: Break through

The Great Array of Jade Devil?

This Array of Demon Slayers was an array of the Suppression of Demons in ancient times, whose real name is: Nine Palaces and Eight Diagrams Array of Demon Slayers.

According to ancient legend, this Great Jade Devil Array was created during the Shang Dynasty in the Shang Dynasty, by the Emperor Yuanshi Tianzun, and then set up to protect the Martial King and slash the group demon. In the ancient period of the dance of demons, the Lord Tongtian used the Zhuxian Great Formation to protect the evildoers. He once killed many gods and people, and was finally trapped by Yuanshi Tianzun and Taishang Laojun with the Zhuxian Great Formation...

However, these ancient legends have now not been verified, so the world can no longer tell whether they are true or not.

But this: The Nine Palaces and Eight Trigrams, the Demon Slayer Array was left from ancient times.

And now the four elephants old man will use this terrifying: Nine Palaces, Eight Diagrams, and Devil Slaying Array.

They want to suppress demons!

Li Tian was surrounded by the four elephants together, the blood-colored flames all over his body were burning in the sky, and the cruel and innocent eyes in his pupils were full of a sense of destruction and slaughter.

Suddenly, a roar came out from Li Tian's mouth.

His body suddenly turned into four blood-red figures...The four blood-red figures suddenly attacked the four old men from different angles.

A terrible blow, the world was alarmed.

Accompanied by Li Tian's four **** and distracting horrible blows, the old green dragon roared first: "Open the battle!"

With a roar, the old man Qinglong stepped on the top of the gossip, and the breath of yin and yang between his hands suddenly spread from his body, and then his vigorous vigor roared toward Li Tian's body.

And the old white tiger sitting in the wheelchair, the Vermillion Bird on the left, and Xuanwu, at this moment all opened the Nine Palaces and Eight Trigrams to punish demons.

There was a boom.

One after another invisible energy wandered horribly through the Si Lao's body, and those invincible energy gradually formed one after another in the space where the Si Lao stood...Those energy was like a formation. The net surrounded Li Tian in the middle.

The Nine Palaces and Eight Diagrams of the Demon Slayer Array is really open.

A string of vigorous screens trapped Li Tianji in the formation.

The Nine Palaces and Eight Trigrams and the Demon Slaying Array, according to the nine-square grid, and the eight gate diagrams, the first palace is Kanbei, the second palace is southwest, the third palace is east, the fourth palace is southeast, the fifth palace is sent to Kun and the sixth To the northwest, the seven palaces are west, the eight palaces are northeast, and the nine palaces are south.

At this moment, the four elders are standing in the middle four.

The so-called eight gates are: Hugh gate, Sheng gate, wound gate, Du gate, Jing gate, dead gate, shock gate, and open gate.

The nine palaces, the eight gates, and the cycle of life and death are endless.

At this moment, Li Tianji was completely controlled.

No one can escape the restricted area of the nine palaces and eight gates.

The vigor of the sky and the earth echoed at the top of the Piauxue Peak. Once the Devil Slayer Array was opened, Li Tian roared wildly, and terrible voices rumblingly echoed between the sky and the earth.

He roared there, his blood boiled violently, and his roaring palms began to pound the big demon formation that trapped him...

But no matter how he used his powerful internal energy, he couldn't break away from this big slaying demon formation.

When his invincible power hit the large array of slaying demons, it was wiped out in an instant and disappeared without a trace.

Li Tian was immediately trapped by the punish demons and roared to the sky...

The terrible voice pierced through Jiu Xiao, echoing beyond the heavens and the earth.

pain.

Angry.

The slaughter of destruction tortured Li Tian, and he used the infinite power in his body to hit this large array of slayers like crazy.

The Sixiang old man sat in every position in the Nine Houses, and then closed his eyes tightly, and the invincible aura erupted from his body, completely shaking Li Tian's.

It's just that it's easy to trap demons in this large array of slaying demons, but it's difficult to kill demons!

If you want to kill demons, you must cycle through the nine-square grid, and the eight-door map will also experience a small week. To put it bluntly, if you want to kill demons, the four elders must trap Li Tian with a large array of slaying demons. Two days and two nights.

During these two days and two nights, they could only use this Great Slayer Array to trap that Li Tian, and did not dare to relax.

On the top of the Tianshan Mountains, on the top of Piauxue Peak, the Fourth Elder used the Great Slayer Array to trap the terrifying Li Tian.

...

In the ice cave, most of the thousand-year-old ice in it was shattered due to Li Tian's impact.

In an ice cave, I saw a body lying there.

He is that Long Yin.

Long Yin was not in a coma. After he was covered by the muscles and veins of his whole body by the old Sixiang old man, he just couldn't move his body and lay on the ice bed. As for his consciousness, he was very clear.

Just now, Long Yin had heard the deafening sound of ice cracking, and also heard a sound of strength and strength.

At the moment when he heard all these sounds, Long Yin's treacherous eyes began to whirl around.

"Huh, what's the matter?"

"Is there a fierce battle in this place?"

"Listen to the voice, the other party's skill seems extremely high...I really don't know what is going on."

The eyes of Long Yin in front of him were gurgling.

At the same time, he slowly accumulated the magic energy in his body, and then wanted to break through the bones of the four old men.

I saw that after Long Yin's slight luck, a weak force suddenly came from the originally lacking dantian. After feeling that little energy, the Long Yin in front of him was immediately excited.

He just wanted to try his luck, but he didn't expect that his dantian could already accumulate true qi, which really made him overjoyed.

"I can actually mobilize my breath..." Long Yin thought about it in shock.

It turned out that the old man of the four elephants only confined the dragon Yin's strange tendons and eight meridians, but he did not seal off the acupuncture points all over the body of Long Yin... Therefore, after a long period of confinement, the imprisonment of the strange tendons and eight meridians also changed. Have to slowly start to fade...

So at this time, Long Yin's dantian could already accumulate aura.

Once he can accumulate his breath, Long Yin can rely on the weak breath in his body, and then break free of his body meridians.

At this moment, Long Yin realized that he had been able to accumulate zhenqi, he began to secretly luck, a slight energy slowly multiplied out of his dantian, and then began to face him The whole body keeps walking.

Boom!

I saw the Tanzhong point on Long Yin's chest suddenly jumped violently.

Untied!

Long Yin actually used his own true energy to slowly break away the deepest confinement Tanzhong point on his chest.

After shaking open the Tanzhong acupoint, Long Yin was overjoyed, and then he adjusted his breath and infuriated slowly to reach his Quchi acupoint... Then he broke away from the Quchi acupoint he was imprisoned.

Chapter 2502: Who?

In this way, Long Yin relied on the flowing Zhen Qi in his body and slowly broke through all the acupuncture points in his body. .

At the moment when he broke through the last acupoint, Long Yin suddenly roared in his mouth, and the body that was lying on Han Bingbing's bed suddenly flew directly.

"I am free... I am free at last."

At the moment that Long Yin flew by, he slightly moved his sore hands and feet, and suddenly laughed wildly there.

"I thought that my Long Yin would be buried in the Immortal Mountains. I didn't expect that the sky would not die for me...hahahaha! I live again..."

This guy laughed arrogantly in the ice cave.

He thought that he was bound to die, whether it was in the immortal mountains, the collapse of the mountains, or the final fight against the demon Dracula, or the **** corpse king eating the vicious vampire blood nightmare on Long Yin...

And none of this killed this guy.

On the contrary, this guy was resurrected again.

He was laughing wildly there, and the black magic energy in his body suddenly filled his whole body.

A generation of demon, reborn again.

...

Na Situ Ningbing, Ouyang Shiqing and Duanmuying were all frightened by Li Tian's astonishment.

Since Li Tian changed into that terrifying appearance, an unprecedented sense of panic has risen in the hearts of the three of them. .

To be honest, they are now very afraid of Li Tian.

"Ningbing...Auntie Hua...Is Auntie Hua really killed by Li Tian?" Duanmuying asked Situ Ningbing with her ruddy eyes holding the corpse of the Baihua Fairy.

Situ Ningbing listened to Duanmuying's question, her sour red eyes staring at the body of Fairy Baihua without blinking.

She didn't know what to say.

One is her favorite man and the other is her favorite woman.

How can she say it?

Situ Ningbing looked at Mu Ying with teary eyes and suddenly said: "Ying, whether Aunt Hua is killed by Li Tian or not, we must at least understand one thing. Li Tian is definitely not right now. Li Tian before, you should know this."

"Let's find the old Li Tian, find the old him..." Situ Ningbing said decisively there.

Duanmuying looked at Situ Ningbing and said, "But, but now he has become very scary."

"Sakura, trust me, we will be able to retrieve the old Li Tian."

Situ Ningbing who was talking suddenly stood up, looking at Duanmuying and Ouyang Shiqing in front of him and said, "Let's go, let's go to Li Tian."

"We said that no matter what Li Tian becomes, we will follow him, right?"

After listening to Ouyang Shiqing and Duanmuying, they nodded there.

So the three girls went looking for their lover so stupidly.

But can Li Tian really change back? Can he change back to the kind-hearted self before? No one knows.

At this moment, Situ Ningbing led Duan Muying and Ouyang Shiqing step by step to find the ice passage where Li Tian escaped.

They didn't know that the old four elephants and Li Tian were fighting a fierce battle above their heads.

As Situ Ningbing and the others walked along the ice passage step by step, they suddenly heard a weird "laughing sound" coming from a cold ice cave on the left.

"There is a sound..." Ouyang Shiqing in front of her said in shock after hearing it, and then raised her beautiful eyes to look at a cold ice cave on the left side.

Situ Ningbing and Duanmuying had already heard the weird laughter.

"It seems like laughter..." Duanmuying blinked her beautiful eyes.

"Could it be Li Tian?" Duanmuying asked next.

Situ Ningbing said in front of him: "It doesn't look like Li Tian's voice."

"Then what should we do? Shall we go to see the situation?" Duanmu Ying asked in front of her.

Situ Ningbing thought for a while, this is the site of the four old seniors, and it is still on the highest Piaoxue Peak... She felt that there should be no evil people in the ice cave of Piaoxue Peak!

So the last Situ Ningbing said after such a wrong guess: "Well, let's take a look and see who is inside."

After listening to Situ Ningbing's words, Duanmuying and Ouyang Shiqing in front of them nodded in approval.

Then under the leadership of Situ Ningbing, they walked step by step toward the ice cave where weird laughter came from.

As he approached the weird ice cave, there were bursts of dark and devilish energy from inside.

After the approaching Situ Ningbing felt this abnormal demon energy, Situ Ningbing subconsciously felt something was wrong, but since they had already walked over, they had to look at the truth. They had to see what was inside. Who is inside.

After they walked over all of a sudden, they began to blink their eyes carefully to look inside.

This ice cave is not very big, there are several powerful thousand-year-old ice pillars standing there, and an empty ice bed is placed in the middle...

Looking inside again, they saw a terrifying sound and shadow full of demonic energy standing motionless inside.

He turned his back to Situ Ningbing and other girls...so he couldn't see his face clearly.

But his familiar back figure, and the terrifying demonic energy emanating from his body... The moment Situ Ningbing saw him, he was not only shocked there.

"Long Yin?"

"Oh my God, is that big devil Dragon Yin?"

"He is here?"

At the moment when he saw the big demon Dragon Yin, the three girls Situ Ningbing, Ouyang Shiqing and Duanmuying were all shocked there.

They all knew that Long Yin was a demon.

So the moment they saw the back of Long Yin at this moment, they all felt a sense of fear.

Then the three girls wanted to leave here quickly... They wanted to escape, avoid this big demon Long Yin as soon as possible.

Stepped slowly, and then quietly wanted to retreat.

However, just as they stepped back step by step, suddenly Long Yin, who was facing them, had already heard their voices.

"Who?"

With a loud shout, Long Yin's body flashed suddenly, and then only a black shadow suddenly flew towards the three women.

When Situ Ningbing saw Long Yin spotting them all at once, he yelled, "No!"

Then the whole body stood in front of Ouyang Shiqing and Duanmuying, looking at the hostile figure of Long Yin with his frightened eyes.

Chapter 2503: he's changed

The moment Long Yin's body of the black demon flew over, he suddenly saw the girls such as Situ Ningbing. .

At the moment, he was surprised and said: "It turned out to be you."

Situ Ningbing guarded the beautiful body of Ouyang Shiqing and Duanmuying, and said sharply to Long Yin, "Devil, you, what do you want to do?"

What about Long Yin? Gloomy weird laughed.

"What do I want?"

"Guess..." he said, his eyes suddenly showed a murderous intent, and at the same time his whole person walked towards the three women step by step.

Situ Ningbing, Duanmuying, and Ouyang Shiqing saw a strong killing intent in the eyes of this demon, and they suddenly felt bad.

They all knew that Long Yin was extremely powerful and cruel. If they were to deal with them now, then they would really suffer.

I saw that Situ Ningbing with a pale and pretty face, looking angrily at Long Yin, who was approaching step by step in front of him, and said angrily: "Devil, if you dare to take a step closer, I will fight you to death!!!"

After hearing Situ Ningbing's cry, Long Yin actually stopped suddenly.

"Well, I won't scare you anymore."

A word inexplicably came out of the big devil Long Yin's mouth.

When Long Yin uttered the word "scare", Situ Ningbing, Ouyang Shiqing and Duanmuying behind him were all depressed.

What the **** is this damned guy talking about?

Even said to scare?

Could it be... Was he just scaring Situ Ningbing and the others in front of him?

"You, you, what did you say?" Situ Ningbing looked at that Long Yin and said in disbelief.

But seeing that Long Yin smiled faintly, the extremely heavy murderous intent on his body suddenly disappeared at this moment. He looked at that Situ Ningbing and said: "I was joking with you just now...Don't you see Come out? Haha."

Listening to Long Yin saying this, Situ Ningbing and the rest of Ouyang's poetry were suddenly depressed.

The demon said that he was joking?

"You...you..." Situ Ningbing said in disbelief. He knew that this surname Long was extremely treacherous and did a lot of evil. How could he be joking right now? So he looked at Long Yin in astonishment.

But seeing that Long Yin saw that Situ Ningbing was still defending himself with extreme vigilance, he continued to say: "Hey, I know that I have left you with a bad impression... but that It's all because of that kid Li Tian. But now you can rest assured that when I was in the Immortal Mountains, the blood demon Dracula I helped the kid surnamed fight with... If it wasn't me, the surnamed Li It's impossible for the kid to kill that terrible demon, so to be precise, Li Tian and I are on the same front."

When Long Yin said this all of a sudden, the three girls Situ Ningbing, Ouyang Shiqing, and Duanmuying were all taken aback.

Listening to Long Yin's words, to be honest, the three girls are now half-believing.

Na Long Yin looked at the three stunned beauties and couldn't help sighing: "Don't worry, I really won't hurt you."

"If I want to hurt you, would I talk so much nonsense with you?"

Long Yin said in that depressed way.

After hearing the words of the big devil Long Yin, Situ Ningbing still looked at Long Yin and said, "Then, why are you here? What do you want to do when you show up here? ?"

When asked by that Situ Ningbing, Long Yin didn't feel depressed.

But seeing Long Yin saying there: "How do I know, I just can't move!"

When Situ Ningbing and the others heard it, they asked in amazement, "What did you say? You said you could move just now."

Long Yin shouted: "Yes! I have been blocked by the strange tendons and eight meridians of my body before, as well as the acupuncture points of my whole body. If time has not passed for a long time, I am afraid I will continue to be trapped here."

When Situ Ningbing and the others heard it, they were taken aback, and they said: Could it be that the bones on his body are what the old four elephants called?

"By the way, where is this place? Who rescued me from the Immortal Mountains? And this place of ice...what the **** is it? Where is the stinky boy Li Tian? He is there? Is he the same as me? Was rescued? What the **** is all this going on?" Long Yin in front of him yelled depressedly.

In fact, Long Yin really didn't know where this was... let alone who saved him!

After experiencing so many cycles of life and death, Long Yin, to be honest, is no longer so evil in his heart.

The former was not at odds with Li Tian, but now it has been transformed into sympathy.

Although he was destined to be unable to be friends with Li Tian in this life, there was no need to meet with Li Tian's relatives and report a vicious murderous attitude. This was the real reason why he was merciful to the three beauties in front of him.

When Situ Ningbing heard Long Yin screaming like this, Liu frowned slightly and said, "You don't know anything?"

Long Yin said in front of him: "Yes! Please tell me what is going on all this... Why am I here? And who saved me?"

Situ Ningbing looked at the bewildered Long Yin and said, "Since you don't know anything, it's better not to know anymore. We are leaving."

Situ Ningbing, who was talking, pulled Ouyang Shiqing and Duanmuying around to the cold ice passage.

Who knows, that Long Yin followed immediately.

"Hey, hello, tell me? This is where?"

"Why didn't you tell me?" Long Yin said as if begging Situ Ningbing in front of him.

Seeing this big demon chasing after him again, and looking like he wanted to know the truth, Situ Ningbing thought for a while, let's tell this guy, after all, the strength of Long Yin is really too strong.

And if he didn't tell him, he would get angry for a while and really want to hurt the three of himself, then it would be really troublesome.

After thinking about it, Situ Ningbing looked at Long Yin and said, "Do you really want to know where this is? Who saved you?"

That Long Yin smiled and nodded and said: "Yes, tell me quickly."

Then Situ Ningbing said, "Okay, let me tell you, this is the top of Tianshan Mountain, Piaoxue Peak!"

When Long Yin heard this, he almost jumped up.

"What? Tianshan? Piaoxuefeng? Could it be...could it be...we are in the Tianshan mountain in China?" Long Yin's eyes widened in disbelief.

Situ Ningbing nodded and said: "Yes, we have indeed returned to China long ago."

Chapter 2504: Demon Rebirth

Hearing Situ Ningbing say this all of a sudden, Long Yin was stunned.

He never thought that he had returned to the country from Italy, which was not far away... and most importantly, he came to the top of the Tianshan Mountains!

Oh my god, it's incredible.

Long Yin, who was stunned for a long time, looked at the Situ Ningbing and said, "Then tell me...who saved me?"

Situ Ningbing thought for a while and said, "It's a few old people."

"Old man?" Long Yin frowned in front of him.

As far as he knows, few domestic arenas can possess such powerful magic skills, and they are of the older generation!

So Long Yin continued to ask: "Who are the old people? What are their names?"

Situ Ningbing in front of him shook his head helplessly at this time and said, "We don't know this either."

Looking at Situ Ningbing's sincere eyes, that Long Yin was sure that Situ Ningbing did not fool him.

So he was depressed there.

Situ Ningbing said at this moment: "What I should tell you, we have already told you... can we go now?"

Situ Ningbing, who was talking, pulled Ouyang Shiqing and Duanmuying around to leave here.

Just when they turned around to leave, that Long Yin suddenly said, "Wait a minute."

Situ Ningbing and the others turned their heads cautiously and looked at Long Yin and said, "You, what else do you want?"

Long Yin smiled and said, "Don't be afraid, I will only ask you one last question... Where is the kid surnamed Li? Where is he? Did he also survive?"

Long Yin was still thinking about Li Tian.

Following Long Yin's words in front of him, Situ Ningbing said: "Li Tian is alive, but unfortunately, he has disappeared."

After speaking these words coldly, Situ Ningbing was only able to see Ouyang Shiqing and Duanmuying walking towards the front without looking back.

Long Yin, who was left with a blank face, stood there.

But seeing Long Yin raising his eyes and looking at the thousand-year-old ice around him... after a long time he suddenly said, "Oh my God, is this really the top of the Tianshan Mountains?"

"Is Long Yin really saved by someone outside the world?"

...

At this moment, Situ Ningbing and the others who had left that Long Yin, a hanging heart finally fell.

They originally thought that terrible things would happen when they met the big devil Long Yin, but they never expected that the current Long Yin would have changed his temperament. This made several girls surprised and shocked.

"Sister Ningbing, that demon didn't even threaten us... It's really unexpected." Duan Muying in front of her exclaimed with her beautiful eyes wide open in surprise.

To be honest, even Situ Ningbing felt very strange.

This Long Yin seems to have completely changed from the extremely evil guy before...Of course they will not understand that Long Yin was trapped in the deep cave in the Immortal Mountains, and Li Tian played against Na Dracula's. If they knew about the situation, they would have understood that Long Yin had indeed changed now.

"Yes, actually I feel very curious."

"But no matter what, we should try to provoke that demon as little as possible." Situ Ningbing said to Ouyang Shiqing and Duanmuying in front of him.

After hearing Situ Ningbing's words, the two girls nodded slightly and said, "I see."

So the three of them were looking for Li Tian again along the broken ice passage.

As the three girls kept walking forward, suddenly there was the whistling sound of the whistling north wind in front of them, and the whistling cold wind was also mixed with a lot of ice and snow.

"The front seems to be at the end." Ouyang Shiqing said with eyes wide open.

When Situ Ningbing and Duanmuying heard this, they blinked their beautiful eyes and looked forward at the moment, but they saw the wind and snow pouring in from outside the broken ice wall.

But seeing that the originally extremely deep ice wall was shaken out of a huge hole with internal force.

And the whining north wind and howling wind and snow blew in from the huge hole at this moment.

At this moment, Situ Ningbing took Duanmuying and Ouyang Shiqing closer to the huge cave place step by step, and took a closer look, and saw that there was a sky full of wind and snow outside, and there was an abyss!

Standing there, a terrifying horror scared the three girls.

They stepped back subconsciously, then looked at the huge hole one by one with their beautiful eyes wide open, and said: "Where is Li Tian? Why is he missing?"

"What about the older generations?"

"Could it be...could it be that... did they all leave this Piaoxue Peak?" Situ Ningbing in front of him looked at the blizzard that poured in.

Listening to Situ Ningbing's voice, the three girls suddenly showed a very sad expression on their faces.

The height of the Piaoxue Peak was completely beyond their imagination. They stood here and couldn't descend at all!

What should I do now?

Couldn't they find Li Tian again?

The howling north wind mixed with icy snow blew on Situ Ningbing and the other girls, causing their bodies to tremble.

Situ Ningbing and the others did not know that Li Tian was a few meters above her head at the moment, on the top of Piaoxue Peak.

If their inner strength is deep, you can definitely feel that endless energy is spinning from the top of the Piaoxue Peak... That is Li Tian is using the power of the whole body to break through the large array of demons! ! !

It's a pity that Situ Ningbing and the others still can't feel it! !

...

On the extremely high Piaoxue Peak.

I saw a frozen body hung on a huge crooked neck pine tree in the middle of the bottomless cliff.

This frozen body is really lucky, it happened to be on top of this ancient giant pine tree that didn't know how many years it had survived.

The wind and snow were blowing, and when I looked closely, what was actually frozen inside this frozen body was a human corpse.

Looking closely through the dazzling ice cube, the body that was frozen in the ice turned out to be covered with a black face... the master of the gate of hell.

He was not thrown off the cliff?

Was actually caught by a sturdy crooked-neck pine tree?

I saw that the sect master of the gate of hell, which was frozen in the ice at this moment, was motionless, dead? Still alive? No one knows.

A whining north wind suddenly blew from the sky and the earth, and then cracked with a crack... I saw that the frozen body of the **** gate master in the cold ground that day suddenly cracked automatically on the surface of the ice.

According to the truth, the air temperature here is extremely low, and the surrounding cold wind is whistling, the ice is impossible to break, but the body of the **** gate master in front of him actually slowly cracked inside.

Chapter 2505: in danger

As the ice block didn't break, but hearing a bang, the ice that had been frozen in the whole body of the **** gate sect master burst open.

At the moment it burst open, but seeing the eyes of the **** gate master who had been tightly closed at this moment, it opened in an instant.

He was resurrected.

Then, seeing the **** gate master screamed, his body flew directly from the hanging place.

Then the body went straight up to more than two feet high, grabbed a huge raised ice block with both hands, and hung it on the cliff of ten thousand feet in the air.

"Huh, I finally came out."

"Fortunately, the deity has cultivated the tortoise breath in Tantric Buddhism. If not, it would be extremely troublesome to encounter such a terrible avalanche." The master of the gate of **** grasped the raised ice cube with both hands and muttered in his mouth. .

It turned out that at the moment of the avalanche, although the gatekeeper of the **** gate was pressed down by the thousand feet of ice and snow, this terrible guy actually hurriedly used the breath of the tortoise. The breath of the tortoise was a hermetic breath, and then shrank into a ball. It turns into the shape of a tortoise shell to protect the body... It can remain "dead" for a long time, so it is called turtle breath

After being thrown out of Piauxue Peak by the old man Xuanwu, this terrifying guy was hung by a big pine tree with a crooked neck...it's hard to escape!

At this moment he was resurrected again, his eyes filled with endless hostility.

Suddenly, he looked at the bottomless ice and snow under his feet, and then raised his head to look at the Piauxue Peak that he was climbing.

Suddenly his body was lifted into the air, and climbed to the top of the Piauxue Peak very quickly.

He is coming up.

...

After Situ Ningbing, Ouyang Shiqing, and Duan Muying couldn't find Li Tian, they were very worried.

They don't know what happened to Li Tian? I don't even know if Li Tian was captured by the Sixiang old man?

Standing in this extremely cold ice cave, the faces of the three girls showed endless grief.

"Forget it, let's not look for Li Tian for now, let's take a look at Senior Promise, and Senior Cthulhu, are you awake..." Situ Ningbing in front of him looked at the humming snow.

Ouyang Shiqing and Duanmuying nodded there without any other way.

So the three girls walked along the ice passage to find the evil **** and the old man Wuji.

The Cthulhu and the old man Wuji have not been sober since they were given a deep inner strength by the old man Qinglong and old man Baihu.

After all, the big avalanche buried the two of them, and the physical damage to them was too great.

When Situ Ningbing and the other two women came to the cold ice cave, they saw the sitting evil **** and the old man Wuji at a glance.

"Senior Cthulhu..." Situ Ningbing and the others yelled out their voices, and then ran over quickly.

But after they ran over, they found that the evil **** and the old man Wuji were still there with their eyes closed, their bodies motionless.

It turns out that they have not yet awoke.

Looking at the Heretic God who is still in a coma, and Senior Wuji, Situ Ningbing sighed: "Hey, Senior Heretic God, they are not sober yet."

Duanmu Ying said, "Then what shall we do?"

"Let's just wait for the Cthulhu Seniors here... until they wake up." Situ Ningbing couldn't say anything.

Ouyang Shiqing and Duanmuying nodded silently after hearing what Situ Ningbing said.

So I saw the three girls just guarding the comatose Cthulhu and the old man Wuji.

While they were watching the Wuji old man and the evil god, suddenly there was a sound of "flapping, fluttering" from the place in front, as if there was a huge animal flapping its wings there.

When the three girls heard the voice, they were stunned and blinked to see, only to see the giant eagle Xiaohei of the old man Wuji appeared in front of them.

Situ Ningbing and the others all knew the mount of this old man of Promise, and when they saw the giant statue coming from the side, they were all taken aback.

"Giant eagle?"

"Isn't this the giant eagle of the old Wuji?" Ouyang Shiqing said in surprise.

Duanmuying also said, "Yes, it's the giant eagle."

The three girls who were talking so stood up and ran towards the giant eagle Xiao Hei.

The giant eagle, Xiaohei, is extremely spiritual. Although he rarely has contact with the three girls, he knows them three. At this moment, he sees them running towards him, waving their huge wings slightly, squatting in their mouths. Croaked.

"Diao'er, are you also waiting for your master, Senior Promise?" Ouyang Shiqing asked slightly, reaching out his hand and gently touching the deep feathers of the giant eagle.

In the giant eagle's mouth, croak, croak, croak a few times, as if responding.

"Hey, what a good eagle!" Ouyang Shiqing said with red eyes.

That Duan Muying and Situ Ningbing were also seeing this giant sculpture extremely spiritual, and when waiting for their master to wake up, not only a sour feeling rose in their hearts.

"Diao'er, we will accompany you and wait for them to wake up."

The three girls who were talking then all sat there, and then nestled in front of the huge body of the giant eagle, waiting quietly, waiting for the Wuji old man and the evil **** to wake up.

Time passed by every minute.

Just when the three girls and the giant eagle Xiao Hei were waiting for the sober Cthulhu and the old man Wuji, a terrible cold wind blew in from the passage.

The whirring north wind was mixed with ice and snow, and when it blew in, it carried a strong killing aura...

The Situ Ningbing and the others hadn't noticed what was going on, and suddenly the giant vultures beside them suddenly screamed "Qua, quack, quack".

While yelling strangely, he suddenly walked forward.

The huge wings of the giant eagle had already opened at this moment, and those twinkling eyes were staring fiercely at the hollow ice passage.

As if the giant eagle had discovered some enemy.

Situ Ningbing in front of them saw the giant sculpture suddenly showing a state of alert, not only for a moment, they all quickly stood up.

"What's the matter?" Duanmuying in front of her asked with her beautiful eyes open.

But seeing Situ Ningbing at this moment, she also raised a pair of biting eyes and looked at the ice tunnel in front of him and said: "It seems that Diao'er has discovered something weird..."

When Duanmuying heard it, her face turned pale.

"Could it be that danger is coming?"

"I don't know." She replied.

Situ Ningbing looked at the ice passage in front of him, leaning close to the giant eagle at this moment, and said to Ouyang Shiqing and Duanmuying beside him: "Everyone, be careful, I'll go over and see the situation..."

Situ Ningbing was going to check the situation.

Chapter 2506: Cruel

The giant eagle here croaked, croaked, croaked strangely.

Duanmuying and Ouyang Shiqing stood cautiously behind him, and no one knew what was happening in the ice passage.

At this moment, I saw that Situ Ningbing was walking towards the cold ice passage step by step.

Just when Situ Ningbing was about to walk to the cold ice passage, suddenly a burst of black devilish energy rushed toward her.

Situ Ningbing was taken aback and cried out: No!

Then her body turned abruptly, and she swept back, trying to avoid the terrifying devilish energy.

Here, Ouyang Shiqing and Duan Muying saw that Situ Ningbing was attacked, and immediately screamed.

Fortunately, Situ Ningbing responded in a timely manner. When the devilish energy didn't strike, Situ Ningbing swept back, but for that matter, Situ Ningbing was still pale with fright. After retreating, he opened his eyes. Looking at the ice passage with wide eyes.

Hahahaha!

A loud laughter suddenly came out from the ice tunnel in front.

Following the terrible voice, he saw a very fierce figure from the black devilish energy.

The master of the gate of hell.

Situ Ningbing in front of him. And Duanmuying, and Ouyang Shiqing were all stunned when they saw this terrible guy, and then stepped back uncontrollably.

"The master of the gate of hell..."

"Is it him?" The three girls in front of them looked at the extremely cruel ***** with unbelievable eyes.

I saw the ***** gate master who showed his figure, looking at Situ Ningbing and the others in front of him with ***** and brutal eyes, and laughed cruelly.

"I didn't expect that you were all at the top of this snowy peak!!!"

"Very good, very good, lest I go looking for you everywhere." The master of the gate of ***** said evilly there.

Hearing what the extremely cruel guy in front of him said, all three girls showed horror on their faces. Everyone knew that the ***** gate master was extremely cruel.

But I never expected that they would be so unlucky that they would be met at this moment.

What should I do? Situ Ningbing's mind turned quickly.

But I couldn't think of any way.

"Tell me, where is the ***** kid named Li?" Suddenly a word came out from the ***** gate master's mouth.

"If you tell me now, maybe I can save you from death." The master of the gate of **** in front of him continued.

Listening to this extremely cruel guy, Situ Ningbing angrily said: "You cruel dog thief... we won't tell you."

When the **** gate master heard Situ Ningbing's words in front of him, he immediately showed a terrifying and cruel killing intent.

"It seems that you have to force me to kill you one by one, so that you are satisfied." The **** gate master suddenly said.

The **** gate master who said so coldly, suddenly strode towards Situ Ningbing and the others step by step.

He wants to kill.

The three Situ Ningbing couldn't help backing back... their eyes were full of panic.

At this moment, the giant sculpture of the old man Wuji made a cry of "Crack, croak, croak", and then the huge body was suddenly protected by the three of Situ Ningbing, Ouyang Shiqing and Duanmuying. The girl's front.

It seems like protection.

"Diaoeer..."

Looking at the giant sculpture in front of them protecting the three of them, Duan Muying and Ouyang Shiqing couldn't help crying.

But seeing the giant eagle croaking, croaking, croaking angrily, two huge wings were moving there, and a pair of shiny eyes stared at the **** gate master in front of him.

The master of the gate of **** saw that it was a giant eagle, and immediately sneered: "Xiao Hei, what? You still want to protect the three of them?"

"Xiao Hei, for the sake of playing with me when you were a kid... You quickly get out of my way, or I will kill you with you!" The master of the gate of **** suddenly said to the little underworld.

It turns out that when the master of the gate of **** was very young, this giant statue was by the old man Wuji. He once grew up with the master of the gate of **** and played together...

I saw that after the **** gate master finished speaking, Xiao Hei in front of him screamed "quackquack" strangely, and at the same time two huge wings flapped there, as if he refused.

The master of the gate of **** saw that Xiao Hei was still blocking him, and the extremely vicious killing intent appeared on his face.

"Xiao Hei, let me say it again, get out of me!"

A roar screamed out of the master of the **** gate.

At the same time as he shouted out, his left hand suddenly palmed out, and his violent palms slammed toward the giant eagle with a deep inner strength.

Situ Ningbing, Duanmuying, and Ouyang Shiqing saw that the master of the gate of **** suddenly attacked the giant sculpture, and immediately screamed.

But I didn't expect that when the main gate of the **** gate attacked, the huge body of the giant eagle would dodge in a sudden "call".

At the same time, he screamed, "Qua, quack", and a huge wing rushed toward the master of the **** gate.

When the master of the gate of **** saw the giant eagle daring to attack him, he flew back and escaped the giant eagle's attack.

"Damn it, you forced me! Don't blame my ruthless men!"

The **** gate master who stepped back two meters suddenly showed a terrifying killing intent all over, looking at the giant carving road there.

Then he saw his whole person flying up, and his two palms each emitted two horrible demonic qi, and hit the giant eagle. The giant eagle raised a huge wing, and then with a bang, directly blasted the two. The horror devilish energy is offset...

Situ Ningbing and the other two girls were completely dumbfounded.

They would never have thought that this giant eagle would have "kung fu" and it was so powerful.

The giant eagle, Xiaohei, has been following the old man Wuji for nearly 200 years. To be honest, the current strength of this giant eagle is comparable to that of the current top-notch masters, so don't look down on this eagle.

Besides, after the giant eagle once again blocked the offensive of the **** gate master, this time the **** gate master was really angry.

With a roar, he suddenly violently rushed towards the giant eagle in front of him. The giant eagle saw the master of the gate of **** pounce, a huge wing trying to lift up and block the master of the gate of hell, but he did not expect **** The gatekeeper's speed was so fast that he immediately deceived the giant eagle's wings.

Then with a loud shout, a palm hit the giant eagle's body, the giant eagle made a painful "quack", and then its head suddenly arched towards the master of the gate of hell.

The master of the gate of **** flew straight up, and then slammed his feet on the head of the giant eagle, and the whole person fell on the neck of the giant eagle.

Chapter 2507: Magic vs. Magic

After falling on the head of the giant eagle, he then saw him hit the giant eagle again with a palm in amazement.

The giant eagle can't avoid it... and it can't block it.

With a bang, the two long legs of the giant eagle being hit by Long Yin's palm, fell to the ground with a thump... There was a miserable long cry in his mouth!

Seeing the giant eagle being cruelly beaten into such an appearance by the master of the gate of hell, the three girls couldn't help it anymore.

"Diaoe!"

This giant eagle just gave up to protect them, how could they watch the giant eagle get injured and not save it?

After the three women called out, they all rushed towards the master of the gate of hell.

But with their three skills, how could it be that **** gate master's opponent?

Looking at Situ Ningbing, Duanmuying, and Ouyang Shiqing, the master of Hell Gate in front of him suddenly sneered: "Looking for death."

Accompanied by a sneer from him, suddenly his left hand raised, a shadowless black energy condensed from his palm, and then with a "boom", the terrifying demonic energy slammed into the three girls of Situ Ningbing like a huge wave. .

With a bang, the three girls were in the air with a scream...

Then he was shaken by the huge palm power of the master of the gate of **** and all fell to the ground.

Wow!

Situ Ningbing's three girls all vomited blood.

They are all injured.

Looking at the three girls who were knocked to the ground, the master of the gate of **** suddenly flew down from the giant vulture kneeling on the ground, and flew in front of the three girls of Situ Ningbing, carrying extremely cruel With a cold smile: "The deity now gives you one last chance...Tell me, where is the **** Li Tian?"

But seeing Situ Ningbing struggling to get up from the ground, he spit out a gulp of blood from his mouth and reached the **** gate master.

"You...you... beast..."

"Li Tian... Li Tian... Sooner or later, he will kill you... He will tear you up with his own hands... For his brothers... For everything."

When the **** gate master heard Situ Ningbing's words, a **** killing intent suddenly appeared in his eyes.

"You are really looking for death."

The sect master of the **** gate who roared horribly suddenly struck Situ Ningbing with a hand.

The terrible palm strength clearly wanted to kill that Situ Ningbing with a palm.

"Ning Bing..." At this time, Ouyang Shiqing and Duanmuying who fell on the ground screamed out in shock.

Seeing that Situ Ningbing was about to die under the cruel palm of the **** gate master, suddenly an invisible strong wind "swish" from behind the **** gate master.

The strong wind howled, it can be judged that the person behind the attack is definitely the master of the master.

The master of the gate of **** is an extremely treacherous villain. Of course, he would not hurt himself for a dying person, so he decisively gave up the mortal Situ Ningbing, his body suddenly turned around, and then he slapped him. The flying objects were crushed.

Click!

I saw a piece of ice shattered by the palm of the **** gate master.

It turned out that the thing that attacked the master of the **** gate turned out to be a small piece of ice! ! !

The master of the gate of **** coldly glanced at the pieces of ice on the ground... and then his terrifying eyes raised.

He knows that there are masters nearby!

A guy who can exert such strength with such a small piece of ice is definitely a master.

So at the moment when the master of the gate of **** turned his face horribly, he looked at the direction behind him and suddenly said coldly, "Who? Who dares to attack the deity?"

Here, Situ Ningbing, Ouyang Shiqing, Duanmuying and the others were all shocked there.

Because they didn't know who saved Situ Ningbing.

At this moment, a strange laugh suddenly came out.

"Long Xiaotian... In vain, you are still the sect master of the gate of hell, and even a few unarmed women are rushed to kill you... Hey, it's shameless, shameless... It's utterly inhuman."

Strange voices came from all directions, and it was impossible to hear from that specific direction.

The master of the gate of **** in front of him knew that the opponent was using internal force, the sound of urging, and the sound, so he could not determine the position of the opponent.

Now roared: "The deity does things, always rushing to kill."

"You concealed rat, if you have the ability, get out of the deity." The roaring voice came out from the corner of the **** gate master's mouth.

But seeing the weird sound from all directions, suddenly he laughed strangely.

"Long Xiaotian, I always thought you were a hero. What a pity, what a pity, I was wrong. I really didn't expect that you turned out to be an extinct bear. It was so **** cruel that even some innocent people were killed! "

"You are really vicious and cruel, you are simply not worthy of being a human being." The voice continued to curse the **** gate master in front of him.

As soon as the **** gate master heard the opponent yelling at him, he roared immediately, and the terrifying demonic energy all over his body suddenly increased.

"You **** dare to insult the deity?"

The master of the gate of **** roared with endless killing intent in his eyes.

But seeing that weird voice laughed and said, "What's wrong with scolding you? You should be scolded, you should be cast aside by the world!"

Hearing the other party's continued insults to himself, the **** gate master in front of him finally couldn't bear it.

"Damn bastard! I don't think you can come out!" Accompanied by a roar from the **** gate master in front of him, suddenly two hideous black dragons of **** condensed in the palm of his hands.

Great Prajna Dragon Elephant Power.

It seems that the master of the gate of **** is really annoyed, and at this moment he has used the most terrifying magic in the Demon Sect sect.

When the most terrifying big Prajna dragon elephant skill in this Demon Sect sect was displayed, the ice in the entire space suddenly cracked and shattered...

Then in the **** gate master shouted angrily, the two ferocious black dragons in the palm of his hand suddenly screamed and twisted and slammed into the space in front.

Boom, boom, boom!

The deep ice block was smashed, and the ice in the ice tunnel in front was cracked and cracked.

The breath of horror reversed in the entire space, and it seemed that the master of the gate of **** was vowing to force out the guy who was hiding around him scolding him.

At the moment when the master of the gate of **** used the great Prajna Longxianggong, suddenly only a black shadow struck him like lightning.

At the same time, a whirlwind of black magical energy also hit the **** gate master.

The **** gate master heard the strong wind behind his ears, and a venomous smile appeared at the corner of his mouth. He suddenly twisted his body, and then the big Prajna Longxianggong in his palms burst out of his hands.

With a bang, it collided with the black shadow that had attacked.

Chapter 2508: Two Demon War

Accompanied by the collision of those two terrible demonic energy...

boom!

There was a trembling, and then the two figures suddenly dispersed.

The master of the gate of **** finally lifted his fierce eyes and saw the nasty guy who was yelling at him just now.

The moment he saw him, the master of the gate of **** was stunned.

"Long Yin? It's you...?" An exclamation screamed from the mouth of the **** gate master.

But seeing the guy who violently slapped the **** gate master just now, it really was that Long Yin.

Even the seriously injured Situ Ningbing, Duanmuying, and Ouyang Shiqing three girls were completely stunned.

To be honest, they didn't expect Long Yin in front of them to rescue them... it was beyond their expectation.

It seems that Long Yin has really changed and improved.

I saw that Long Yin appeared with an evil smile at the corner of his mouth, looking at the master of the gate of hell, and suddenly said weirdly: "The master, long time no see..."

When the master of the gate of **** saw Long Yin, he was shocked and angry.

Surprisingly, this Long Yin actually appeared here.

Angrily, the guy just now dared to scold himself...

"You **** traitor! I thought who was in the dark, but I didn't expect it to be you?" The **** gate master in front of him looked at that Long Yin fiercely, and roared with a terrible murderous intent. Tao.

That Long Yin laughed haha.

"I didn't expect to be here, and I would meet the sect master." Long Yin smiled.

But seeing the **** gate master looking at Long Yin with a murderous look: "You damned traitor, I have been looking for you for a while, but unfortunately I didn't find it. I always thought you were dead. I didn't expect you. Still alive."

That Long Yin smiled and said, "The sky won't destroy me, what can I do?"

"Is it?"

"I'm afraid your good luck will be gone today." The master of the gate of **** in front of him grinned gloomily.

That Long Yin slowly turned his head and looked at the gatekeeper of the **** gate and said: "Sectmaster, do you want to kill me?"

"Yes, I really want to think about it! I want to turn your frustration into ashes and make you worse off than death."

"You should know that I set the rules of the **** gate and know more about the end of betraying the **** gate." The **** gate master said there cruelly.

After hearing the **** gate sect master said this, Long Yin laughed loudly, and said there, "I know, but if you want to kill me Long Yin, I'm afraid...I'm afraid it's not that easy, right? "

The master of the **** gate said coldly: "Do you think you still have a chance to live?"

Long Yin smiled and said, "You can try it."

"it is good!"

"Just because you, a **** traitor, dare to speak like this in front of the deity, the deity will have to let you taste the taste of life is better than death."

"Long Yin, your end is here."

The master of the gate of **** with a roar suddenly appeared all over his body, extremely controlled killing intent, two palms that had already accumulated strength, at this moment, they were raised in amazement, and the two palms of the palms slammed Strike towards that Long Yin.

Long Yin had prepared long ago. He knew that the master of the **** gate was treacherous and vicious, so he sneered, and the devilish energy accumulated in the two clutches also broke out at the same time.

There was a boom.

The four black magic energy of the vast world suddenly slammed together, and with a click, the surrounding ice began to break.

The horrible devilish energy shook the surrounding ice... rumblingly.

The master of the gate of **** had a hard slap with that Long Yin, and both of them were not only shocked.

The gate of **** was secretly lining: How come this **** traitor has not been seen for a while, and his skill has grown so terrifying? I only used 5 success power just now, but was blocked by this **** Long Yin? Don't forget, now you have cultivated the peerless magic skills of the Demon Sect Code! How could this traitor Long Yin's internal strength grow so rapidly?

Na Long Yin just hit the **** gate master with a high-fist, and he was quite surprised. In his impression, although he had never seen the **** gate master use real strength, but the blow just now, His six magic powers were swallowed by the invisible magic power of the master of the **** gate.

what happened?

With the same magic power, why does the magic power of the master of the gate of **** feel better?

This surprised Long Yin.

But he said that after the two of them had lingering fears, they quickly withdrew their hands.

But seeing that the **** gate master was still the first to roar and shoot, his left hand raised, his fingers changed into claws in the air, and the fierce and vicious grasping move headed towards that Long Yin's head.

Long Yin yelled, his right hand quickly blocked, and his left palm directly bullied the **** gate master from the side.

The two men's tricks reached the point of shocking the world, they couldn't be seen clearly with the naked eye at all, they could only see the terrifying devilish energy on their two bodies, which flowed violently with the movement of their bodies.

...

The three girls who fell on the ground saw Long Yin saving them, and they all got up quickly, and took a few steps back... They blinked and watched the battle.

The body of the evil **** and the old man Wuji were not awake yet!

Long Yin was fighting with the master of the gate of hell.

These two monsters, at this moment, no one knows who is more powerful.

With a bang, I saw that Long Yin suddenly separated from the two demon shadows of the **** gate master.

The faces of the two were very ugly, staring at each other.

"Traitor, your skill has improved a lot." The master of the gate of **** in front of him suddenly said coldly.

And what about Long Yin? At the moment, he also sneered at the corner of his mouth: "Sect Master, your magic skills are also good..."

"Very well, today, I will let you see and see the true power of the deity! I want you to know the terrible end of betraying the deity." The master of the gate of **** roared, suddenly the whole head raised, and the terrible black magic energy was there. His whole body skyrocketed... His whole body was surrounded by devilish energy, and the soaring devilish energy suddenly condensed a black mad dragon on the head of the master of the gate of hell.

Great Prajna Dragon Elephant Power.

The master of the gate of **** finally made his ultimate move.

The great Prajna dragon elephant skill of this move condenses the vast power of his body. After condensing, the black mad dragon above his head is twisting and roaring... terrible black aura surrounds him. .

Long Yin looked at the ultimate kung fu made by the master of the **** gate, and his face turned ugly for a moment.

Then his hands quickly changed gestures: the six magic arts suddenly roared out of his mouth.

He also used his ultimate move, the six magic skills.

Great Prajna Longxianggong vs. Six Magic Skills, who is higher and who is lower?

Chapter 2509: defeat

Situ Ningbing in front of them couldn't help but step back when they saw that these two demon had used their ultimate kung fu.

They are all afraid that the terrible devilish energy will shock them...

After stepping back, he blinked his eyes and looked at the final battle.

"Traitor, die."

The **** gate master who roared abruptly surrounded by black devil energy, rotating towards that Long Yin attack.

The endless magical energy seems to swallow the entire ice cave at this moment,

And what about Long Yin? At the moment, I can only fight.

He wants to see who is better.

With a scream, Long Yin suddenly pushed out his palms, and the six magic powers were directly displayed. I saw that the space here became like **** in an instant, and even Long Yin's whole person changed.

A blow from heaven and earth.

This is the ultimate battle between demons and demons.

Which one is more powerful?

The devilish energy was holding each other vertically and horizontally, and time seemed to have completely stopped at this moment.

boom.

Everything seemed to be gone, only a loud noise flashed by, and the terrifying demonic energy suddenly dispersed to the surroundings, disappearing without a trace.

Look at the ***** gate master, and Long Yin?

The two of them held each other with ugly faces, and no one knew who had won and who had lost.

The three girls, including Situ Ningbing, were also stunned for an instant. Everyone was looking at the situation in front of them with their eyes wide open...Even they couldn't tell who had won.

At this very weird moment, a sneer suddenly came out of Long Yin's mouth.

"It's worthy of the sect master..." A weird sentence came out of that Long Yin's mouth.

When Long Yin said these words, the ***** gate master in front of him suddenly smiled.

"Traitor, do you know the fate of betraying me?"

With the ***** gate master suddenly saying this, Long Yin suddenly showed a bitter smile... and then his whole body trembled suddenly.

There was a plop, but seeing that Long Yin's legs were soft, he knelt on the ground in pain.

The face, which was already pale, began to twist at this moment, and at the same time I saw a few black hideous black lines looming on the face, crawling on Long Yin's face like a bug.

My God, Long Yin is defeated!

Long Yin's six magic powers were actually defeated by the great Prajna Longxiang power of the ***** gate master.

It turns out that at the moment when Long Yin performed the six magic powers, he was swallowed by the terrifyingly large Prajna Longxiang Gong of the master of the gate of hell...The black worm-like lines on Long Yin's face were also caused by the gate of hell. It was caused by the terrifying devilish energy of the doormaster invading into the body.

Long Yin was defeated.

The strong blow just now made Long Yin's entire internal organs seem to be shattered.

He was kneeling on the ground in pain... his face was as pale as death, trembling there... a trace of black blood slowly flowed out from the corner of his mouth.

But seeing the ***** gate master standing in front of Long Yin, he laughed wildly: "You ***** traitor... I said earlier, betraying me is not a good death, today you finally tasted it, right?"

A sorrowful smile appeared at the corner of Long Yin's mouth, and he slowly raised his head, looking at the master of the **** gate.

"Unexpectedly, I was finally defeated by your hands...hehe..." His laughter was so hoarse and painful.

"Sect Master, when I am dying, I only want to ask for one thing... let go of these innocent girls." Suddenly, Long Yin's eyes showed desperation and looked at Situ Ning behind him. Bing waiting for the girls.

When the **** gate master heard it, he burst out laughing.

"Long Yin, Long Yin, I didn't think that villains like you would cherish their lives? It really opened the eyes of the deity." The **** gate sect master in front of him was extremely ironic at Long Yin.

But seeing the black blood on the corners of Long Yin's mouth, his body was extremely weak and said: "Yes, I have changed! Maybe my change, even I can't believe it... But what I said is true, I I don't want to kill anymore."

"I just hope... Sect Master, you will kill less..., after all, they are innocent." Long Yin finally said.

But seeing that **** gate master suddenly said sharply: "Don't talk to the deity about killing! This deity has no mercy for this world from the moment it created the **** gate... As long as I am here, In the world, anyone who dares to disobey me... will all die under my hand, hahahaha." The endless laughter roared from the mouth of the master of the gate of hell.

Na Long Yin sighed helplessly when he heard the **** gate master say so cruelly.

Then I looked up at God and sighed deeply: "Li Tian...Although I, Long Yin, I have done a lot of sorry things in this life, but at this last moment of mine, I really tried to help you. ...A pity...a pity..."

After the demon of a generation finished speaking, he finally closed his eyes.

Is he waiting to die?

At the last moment when Long Yin closed his eyes slightly, the brutal **** gate master standing in front of him suddenly roared: "Traitor, go to hell."

There was a roar, but he saw that the big Prajna Longxiang Gong accumulated in his right palm suddenly hit the top of that Long Yin's head!

Obviously, I wanted to kill that Long Yin with a palm.

Seeing that this generation of demon was about to die tragically under the palm of the **** gate master... Suddenly, something that the **** gate master never expected happened.

"Niezi, die!"

"Long Xiaotian, you beast, take your life..."

Two roars from the left and the right direction to the **** gate master together!

I raised my eyes to see, oh my god, it turned out to be the old man Wuji and the evil god!

Are they awake?

It turned out that in the last battle between Long Yin and the master of the **** gate, the supreme devilish energy surrounded the entire space, indirectly shook the comatose Wuji old man, and the evil god...when Long Yin was given by the master of the **** gate. At the last moment of defeat, the old man Wuji and Cthulhu became sober, but the two did not directly take action, but were waiting, waiting for the best opportunity to deal with the terrible **** gate master!

And now, this opportunity has finally arrived.

This was something the master of the gate of **** never expected, and he would never have thought that when he was the most relaxed and the easiest to kill Long Yin, suddenly there would be a deadly force of terror from both sides!

Accompanied by the old man Wuji and the terrifying blow of the Cthulhu, it hit the gate master of hell.

The master of the gate of **** was stunned!

The palm of the hand that had been hitting Long Yin suddenly retreated, and at the same time the devilish energy around him quickly formed a defensive cover...

However, everything is too late!

Even if the master of the gate of **** possesses the terrifying magic power of peerless extreme, but at this moment, he cannot avoid the combined attack of the old man Wuji and the evil god.

But see, boom!

Cthulhu, as well as the strong palm strength of the old man Wuji, all hit the **** gate master.

Chapter 2510: Escaped

The moment the master of the gate of **** was hit by the hand of the old man Wuji and the evil **** Ganglie... Suddenly, there was a scream.

The black magical energy all over his body suddenly dispersed, and then he saw the slender black hair of the master of the **** gate suddenly scatter... With a bang, his body suddenly hit the black magical energy. Above the extremely hard ice.

With a click, the huge ice icicles were crushed by the body of the master of the gate of hell!

This terrible cruel guy was finally injured!

He fell to the ground, and the devilish energy in his whole body became weak... Blood stained from the corner of his mouth.

The old man Wuji and the evil **** all fell from the sky.

"Senior Promise..."

"Senior Cthulhu...you are finally awake..." Seeing that the old man Wuji and the Cthulhu in front of him were finally awake, the severely injured Situ Ningbing finally screamed out.

Even Long Yin, who was severely injured by the master of the gate of hell, looked at the old man Wuji and the evil **** with wide eyes.

But seeing the old man of Promise, and the evil god, they didn't care about Situ Ningbing and the others at this moment, just looking at the **** gate sect master with the killing eyes.

"Niezi, are you still alive?"

"Long Xiaotian, you evil thief, today I want you to taste the blood...to pay all my brothers' lives."
The evil ***** in front of him also roared with blood-red eyes.

But what about the master of the gate of hell?

Just now, he was severely injured by the old man Wuji's Liangyi magic and the fierce grip of the evil god, and he was indeed seriously injured.

But seeing him getting up from the ground with difficulty, looking at the old man Wuji and the evil ***** in front of him, he suddenly laughed.

"Father... Li Kuafu... Didn't you think you weren't dead? Hey..." The master of the gate of ***** suddenly laughed.

The evil god's eyes were bleeding with anger.

Thinking of the deaths of the brothers, thinking of so many brothers being buried under the hands of this bastard... He roared angrily: "Long Xiaotian, take his life!"

Then Cthulhu shot!

He had to take advantage of that ***** gate master was seriously injured, and then shot him in a rush... otherwise, it would be very troublesome.

The old man Wuji was also cruel at this moment, he no longer cared about the relationship between father and son, he just wanted to end the demon.

Therefore, at this moment, the old man Wu Ji also suddenly shot, with a strong palm, once again hitting the ***** gate master!

What about the master of the gate of hell? Just now, I was hit by the evil ***** and the old man Wuji, and suffered extremely severe internal injuries... At this moment, seeing the evil ***** and the old man Wuji killing him again...

He suddenly sneered.

"Just because you want to kill me?"

The ***** gate master who roared, suddenly accumulated devilish energy in his palm, and shattered the huge ice icicles behind him with a bang. After the shock, the ***** gate master suddenly wanted to use his palm to crush the huge fragments. The ice cubes slammed all their palms at the evil ***** and the old man Wuji who were thinking of him.

The moment that huge ice icicle was shattered...it collapsed with a bang...the huge ice cube rolled down like a rock.

Rao was the evil ***** and the old man Wuji also had to dodge.

Rumbling...

Huge, deafening ice blocks rolled down from above.

The moment when the Cthulhu and the Old Man Wuji dodge past, they wanted to kill the seriously injured Hell Gate Master... But the Hell Gate Master who was badly injured just now disappeared without a trace.

The master of the gate of **** is gone! ! !

As soon as the **** gate master disappeared, the blood-red evil **** in front of him suddenly roared: "Long Xiaotian, you evil thief, get out."

The Cthulhu went looking for the master of **** gate like crazy!

The old man Wuji also swiftly came over at this moment, looking for the badly wounded master of the gate of hell... But in this ice cave, there are twists and turns, where to look?

The master of the gate of **** is extremely treacherous... can't find it!

In the end, just like that, the master of the gate of **** escaped.

Originally, the Cthulhu and the old man Wuji had just looked for an excellent opportunity to kill the sect master of the **** gate, but they still did not expect to be escaped by the evil thief.

"Long Xiaotian, you dog thief, even if you chase to the end of the world, I want you to die!!" The evil **** slammed his palm against the ice wall and roared.

The old man Wuji looked at the evil **** and could only sigh slightly.

He has no way...

The Wuji old man who had just sobered up, as well as the Cthulhu, to be honest, the two combined blows just now had used all the power of his body, and there was no more energy at this moment.

I saw the old man Wuji panting, and sat down there.

Here, Situ Ningbing and Ouyang Shiqing... saw the old man Wuji sitting down... not only walked over quickly.

"Old Wuji...How are you?" Situ Ningbing looked at the old Wuji worriedly.

The old man Wuji shook his head slightly and said, "I'm fine..."

"The old man just woke up... so the internal strength needs to be restored." The old man said in front of Wuji.

"Let the old man exercise his strength to adjust his breath..."

The old man Wuji who was talking then began to slowly exercise his breath...

When Situ Ningbing and Ouyang Shiqing heard the old Wuji say this, they were inconvenienced, so they stood aside.

What about Cthulhu?

Standing on the side sadly at the moment, his eyes are filled with endless hatred, endless hostility...

The three girls looked at the evil god, but did not dare to come close.

At this moment, only Na Long Yin was sitting on the ground in pain. He was seriously injured by the master of the door of **** just now. To be honest, all the internal organs at this moment have been destroyed.

Although Long Yin had the body of an immortal vampire... but the terrifying palm power of the master of the gate of **** still made him extremely painful.

"He, what should I do?" Suddenly Duan Muying knelt in front of the painful Long Yin in front of her fingers.

Situ Ningbing and Ouyang Shiqing not only turned their heads and looked at Long Yin who was kneeling on the ground.

To be honest, the three girls did not have a good impression of Long Yin, on the contrary, they were extremely disgusted with him as a demon! But Long Yin gave up his life to save them just now... unavoidably let them let go of the previous hatred in their hearts.

Looking at Long Yin who was kneeling on the ground in pain, Situ Ningbing thought for a while and then walked over. He glanced at Long Yin and said, "Hey, how are you?"

But seeing that after hearing Situ Ningbing's voice, Long Yin suddenly lifted that extremely distorted and pale face, smiled bitterly at that extremely weak, and said: "I...I'm fine...I can't die!"

After speaking, he continued to kneel on the ground, then closed his eyes... as if he was recovering.

Situ Ningbing and Ouyang Shiqing glanced at Long Yin for the last time, and then they said nothing.
