

A Killer 251

Chapter 251: Game

The fierce man held the big blue stone and slammed it at him fiercely, following Li Tian's body to dodge quickly.

A hundred jin of big bluestone hit the ground fiercely.

With a bang, a huge deep pit was smashed into the hard ground. It is conceivable that if this one hundred kilograms of big rock hit Li Tian's body, he would not be killed alive.

When Li Tianfei flashed past, he was shocked to discover that this fierce man definitely did not look like a joke.

I couldn't help thinking to myself: Who is this guy? Looking honest and honest, can't you think of it being so vicious? Come up and hit yourself with a rock? If this Nima didn't evade, she wouldn't be killed by him.

Li Tian was thinking this way and shouted loudly at the same time: "Hey, what are you doing?"

"If you continue to do this, I will be rude to you." Li Tian roared.

After all, he didn't know him, and he had no grievances or grudges. This fierce man came up and hit himself with a stone, and who was not depressed?

Who knew that after he had finished speaking, that silly smile appeared at the corner of the two-meter-high fierce man's mouth.

"I...I want to find someone to play with me." A word came out of his dull-looking face, making people think he was a 3--4 year old child as immature.

When the fierce man who was more than two meters tall and a little uncomfortable spoke this sentence, Li Tian felt depressed and awkward.

Then he saw the fierce man's pair of huge hammer-like fists slamming at him vigorously.

Strength and domineering.

Li Tian was broken right now, and could only dodge and quickly avoid.

"Hey, what the **** are you doing? If you mess around like this, I'm not welcome." Li Tian said angrily.

Who knows that the stupid big man completely ignored him, and slammed his fists with a pure smile at the corner of his mouth.

It's like playing Li Tian and playing.

Li Tian quickly dodges his iron fist.

He only felt that idiot-like fierce fists and fists, with fierce strength, when he wiped it from his face, he could feel that strength was extremely human.

With a bang, I saw that the fierce man didn't hit Li Tian with a punch, but instead hit the trunk of a tree with a thick wrist.

He was smashed by his mighty and domineering punch, and the trunk with thick wrists was directly broken by him alive.

Li Tian looked at the trunk that had been smashed by a punch, completely stunned.

Is this Nima a human? How can a person possess such a powerful force?

And he could feel that the other party, this silly looking guy, was definitely not a joke, it was a real hand.

The helpless Li Tian could only make a sudden move.

Such blind dodge is not a solution at all, because he can see that this fierce man absolutely has inexhaustible strength. Seeing his relaxed look, it is estimated that Li Tian has been hiding like this, and he will continue to fight. .

So Li Tian can only make a move.

He suddenly greeted him with both palms, and the fast changing pace suddenly bullied himself behind the two-meter-high giant.

A slap in a sudden!

The palm technique in the Tian Shu Dan scroll.

With this palm strength, Li Tian didn't use his full strength, only half his strength.

A bang hit the giant's back, and the guy slapped him, and his body shook slightly, as if he were all right, except that his sluggish eyes were shining light.

As if seeing a gem.

After hitting the giant's palm, Li Tian began to retreat extremely quickly.

"Hey, I don't want to fight with you anymore...Don't do it anymore." Li Tian said as he retreated!

He doesn't know who this guy is? Don't even know why this guy wants to shoot? If he really hurt him by accident, it would be troublesome.

But what about the fierce? But there was a silly smile on the corner of his mouth.

"Come again...Come again..."

Said, holding a pair of iron fists, he once again forced towards Li Tian.

At this moment, he seemed to work harder, and a pair of iron fists slammed toward Li Tian lifelessly.

If Li Tian didn't fight back, he would most likely be hit by his fierce and powerful fist. In desperation, Li Tian burst into anger.

"This is what you forced me..." a sentence came out of his mouth.

Suddenly, both hands drew a weird circle in the air, and then his body began to be filled with a terrifying atmosphere... his right hand squeezed toward the fierce neck like a snake.

At the same time, the five fingers of the left hand changed and grabbed the fierce man from another incredible angle.

Rashomon: Nine styles!

Unexpectedly, Li Tian used Rashomon this time: one of the nine formulas.

This move was as fast as thunder, and with a mighty and violent aura, it hit the fierce fatally.

The terrible breath exuding all over his body made the surrounding air seem to freeze.

What about the fierce? Stupid and unavoidable, he raised his fist and smashed towards Li Tian's.

Seeing that Li Tian's deadly hands were about to hit the fierce man, the guy with the silly face was unavoidably rushing towards Li Tian... Could it be that he was really a fool? Really don't know how to avoid?

At an extremely critical juncture, when Li Tian's two deadly hands matched the whole body's hostility to grab the strong guy, Li Tian's hands suddenly changed direction.

He didn't kill him!

It didn't hit the strong guy, but his hands were suddenly separated.

Li Tian didn't even hit him, let alone kill him.

But what about the strong ones? But a pair of fiery fists slammed Li Tian's chest impartially.

With a bang, Li Tian's body was directly smashed out by the pair of fire fists.

That fierce strength is really fierce. Two fists hit Li Tian's body. Li Tian only felt that his muscles and bones gurgled as if the sound was interrupted, and flew out 7-8 meters with a boom. Long distance, fell to the ground.

Wow, a blood spurted out of his mouth.

Li Tian had suffered a gunshot wound and was not well. At this moment, he was hit by this guy, and the gunshot wound broke apart again, and the blood instantly stained the shirt on his chest.

"Aman...what are you doing?"

A scream came out of her sweet voice suddenly.

Then I saw Ouyang Shiqing's figure from the side quickly running over.

When the two-meter-high fierce man saw Ouyang Shiqing, he slowly lowered his head, his eyes fixed on the ground, like a child who had done something wrong, standing there repentantly.

What about Ouyang Shiqing? After taking a look at that Aman, he ran quickly towards Li Tian.

"Li Tian, are you okay?" Ouyang Shiqing exclaimed.

At this moment, Li Tian only felt his internal organs tumbling and blood surging, and at the same time he couldn't help cursing in his heart: This Nima is too strong, and his fists are too fierce...

Chapter 252: Silly

Li Tian slowly got up from the ground, still with blood on the corners of his mouth. Seeing Ouyang Shiqing running over with concern, he worked hard to show a smile that was uglier than crying, and shook his head.

"I...I...not dead."

Then Li Tian wiped the blood from the corner of his mouth, and Ouyang Shiqing helped him up from the ground.

"Oh my God, why did you fight Aman?" Ouyang Shiqing asked suspiciously.

Li Tian felt so wronged.

"As soon as I came here, this guy hit me with a stone. I didn't have time to speak... he fought with me." Li Tiandao said.

Then Ouyang Shiqing frowned slightly, turned his head and looked at the big guy with his head down like a kid who did something wrong and shouted, "Aman, come here."

As her voice sounded, that silly Aman really walked over slowly step by step, lowering his head.

"Who told you to hit someone? I didn't tell you that you are not allowed to do anything with people in the future. What if you are so powerful and hit the bad guys?" Ouyang Shiqing rebuked Aman.

Li Tian stood on the side in wonder.

How does this guy who looks burly, majestic, and has a handsome face look like a child? As if his IQ was like a child of a few years old, he lowered his head and said nothing.

After scolding Aman, Ouyang Shiqing quickly turned her head to look at Li Tiandao and said, "Is your injury okay? Do you want to go to the hospital for a bandage?"

Seeing blood stains on the corners of Li Tian's mouth and red blood on his chest, Ouyang Shiqing said worriedly.

But Li Tian shook his head: "It's okay...it should be fine after a rest."

"I want to ask, who is this guy? The strength is really strong!" Li Tian couldn't help looking at the fierce man with his head down and standing in front of him like a wall.

"He is my brother." A word came out of Ouyang Shiqing's mouth.

"Huh?" Li Tian was stunned immediately.

"His name is Aman. He is my own brother. He hasn't been so good since he was a child... He only speaks at the age of 5-6, and he still doesn't know a word..."

Ouyang Shiqing told all the stupid things about her own brother.

"For so many years, others have been calling him stupid...maybe he is used to it. Although my younger brother is not very good at his brain, he is a good man. He is strong and has been as strong as a cow since he was young. He fights with people purely for fun, That's why I played..."

When Ouyang Shiqing said that, Li Tian was stunned.

He, he, is he really a fool? Li Tian curiously looked at the giant stupid in front of him.

With a burly body, well-developed limbs and a handsome face, he is actually a fool?

"No?" Li Tian said unbelievably.

But remembering that when he was fighting with himself just now, he said: Li Tian was stunned when he was playing with him.

Good deed, is this guy really Ouyang Shiqing's brother? What a fool?

His sister is a mess of cleverness, and what about him? Turned out to be a fool?

This Ouyang family is too strange, right?

Li Tian was thinking about it.

"Aman, raise your head and apologize to others..." Ouyang Shiqing said to the big stupid man with his head down.

The silly man listened very much to Ouyang's words of poetry, and slowly raised that silly face, looking at Li Tian with a dull look.

Suddenly a silly smile appeared at the corner of his mouth, looking at Li Tian and uttered a word that made Li Tian almost collapsed.

"You...you are a good person."

"I...I...I think you will play with me and fight with me in the future."

When Na Aman said these words, Li Tian was completely depressed there.

He was dumbfounded and stood there helplessly, muttering: "Okay, okay, okay."

Then Ouyang Shiqing laughed.

For the first time, Ouyang Shiqing, who saw his brother saying so many things in front of strangers, was both surprised and happy.

It turned out that since Aman was able to talk, he rarely talked to people except his relatives. Communication, not only caused his speech barriers, but also seemed uncomfortable to speak, and sometimes he was afraid when he saw strangers. ...

But who can imagine him saying so many words when he meets Li Tian for the first time!

And also said: You are a good person, this sentence makes Ouyang Shi feel surprised and delighted.

Li Tianchu looked at this big man, he felt majestic and mighty, as powerful as an ox, but after he truly understood him, he discovered that his original disposition was like a child, so pure and pure...

When can a person's character remain so innocent? Maybe only for fools.

When Li Tian was talking with Ouyang Shiqing and Aman, an old figure stood far away in an unobtrusive corner, looking at Li with a pair of dragons and piercing eyes in admiration. day.

When did this old man in a thick brocade robe stand here? No one knows.

I saw him looking at Li Tian with a pair of appreciative eyes at the moment, and nodded slightly.

Especially when he saw that Li Tian was resorting to Rashomon: when he was trying to deal with Na Aman with the nine styles, he wanted to make a move, but halfway through, he saw Li Tian suddenly disperse the moves, not only didn't. Na Aman was hit hard, and the body beaten by Aman flew back... The old man's eyes burst even more.

Looking at the situation in front of him, the old man stroked the gray beard with his old hand, and murmured a few words: "Yes, not bad..."

"But how could he use their family's Rashomon: Nine styles? In addition to the old ghost who has disappeared for many years, there is a second person in the world who uses this Rashomon: Nine styles, it is incredible... "

The old man blinked his eyes and thought, then looked at Li Tian again, and then his figure suddenly disappeared here, like a gust of wind... coming and going without a trace.

"Man'er, go back to the room first." Ouyang Shiqing said to the two-meter-high Aman from here.

The silly Aman nodded silently, raised that simple face and looked at Li Tian, then at his sister, turned and walked towards the room over there.

"You are not allowed to play in the mud in the park..." Ouyang Shiqing exhorted.

Silly Man'er didn't speak, and walked forward.

Li Tian had been staring at that silly man's back, a strange feeling suddenly rose in his heart.

This fierce guy who is more than two meters tall is actually a fool... Hey! A sense of bitterness surged from deep in his heart.

"Can your brother be cured?" Li Tian asked curiously.

Then Ouyang Shi smiled bitterly, and shook his head: "Congenital, there is no way to cure it."

"For so many years, we have become accustomed...As long as Man'er does not cause trouble, we will always guard him." Ouyang Shiqing said lightly.

Chapter 253: Leaving Ouyang's home

Looking at the silly man walking away, Li Tian felt an indescribable feeling in his heart.

Ouyang Shiqing did not pay much attention to the changes in Li Tian's expression.

"Is your physical injury okay?" Ouyang Shiqing turned to look at the red blood seeping from Li Tian's chest and asked.

Li Tian shook his head, and said, "It's okay."

In fact, his body is not very good. The silly man'er almost killed him with a punch just now. That guy is as powerful as a cow. Originally, Li Tian's gunshot wound on his chest was not completely healed. This would be severely done. With a punch, the gunshot wound has been completely split, but now the wound is condensed and does not bleed, but it is hot and painful inside.

When Li Tian said he was okay, Ouyang Shiqing smiled.

"Let's go."

Then he took Li Tian and left the back garden.

After staying here for almost a morning with Ouyang Shiqing, Li Tian learned a lot.

From Ouyang Shiqing's mouth, he knew that the head of the Ouyang family was his father, and he also knew that besides his father, there were also two brothers, Ouyang Lie, and Ouyang Hua.

Of course, the Ouyang family is by no means such a small person. They are just family members. In addition to these family members, there are many, many members of the Ouyang family.

Almost all in this villa group.

They all have the surname of the Ouyang family.

Some work within the family, and some operate independently.

Anyway, let Li Tian know that the extent of this Ouyang family is far beyond his imagination.

Isn't this? Li Tian, who had been staying for almost a morning, was about to leave the Ouyang family.

Since they had agreed to help him find the Duanmu family, of course what he had to do now was to find Situ Ningbing.

So he wanted to go.

Unfortunately, after Ouyang Shiqing's stay, he was left to eat.

Regarding Li Tian, who first arrived in the Ouyang family, and eating in such a glorious family, something he had never done before, with excitement and anxiety, he was embarrassed to refuse, so he stayed.

When it came to the main hall, Ouyang Lie and Ouyang Hua both left.

Only Ouyang Zhengtian sat alone in the hall.

When seeing Li Tian rushing, Ouyang Zhengtian smiled.

However, his eyes were staring at the blood on Li Tian's shirt and frowned slightly: "What's the matter? Are all blood stained?"

Ouyang Shiqing, who was next to him, quickly explained with a smile: "It was Man'er. Just now in the back garden, Man'er saw him and started with him."

"Really? Are you okay?" Ouyang Zhengtian frowned when he heard that his son had beaten Li Tian like this, and said, looking at Li Tiandao caringly.

"Hey, my son..." Ouyang Zhengtian sighed slightly, and it could be seen that he was slightly disappointed with his son.

Li Tian shook his head and smiled and said, "It's okay. The two of us are just making gestures. I was hurt a bit before I thought."

"It's all right, it's all right."

"Although Man'er... his head is not great, but no one can match his strength... I'm afraid he will hurt you." Na Ouyang Zhengtian said.

Ouyang Shiqing on one side said, "Dad, don't underestimate him. It was because he was merciful just now that Man'er didn't hurt him."

When Ouyang Shiqing said that, Ouyang Zhengtian was quite surprised, looking at Li Tian with an unbelievable look in his eyes.

"Is it,?"

To know how capable his son is, Ouyang Zhengtian is quite clear.

Although Man'er's brain is not good, but his arms have been supernatural since childhood!

As powerful as a tiger!

In addition, Man'er has been learning kung fu from her second child Ouyang Lie since she was a child... a pair of iron fists is even more invincible. Because of his weak head, this kid never controls the strength of his punches. Sometimes his shots are too tough, even Ouyang Lie Severely injured, but didn't expect to lose to Li Tian?

So Ouyang Zhengtian was puzzled.

When Li Tian heard Ouyang Shiqing say this, he was secretly wondering: Did this girl see that he was merciful at that time?

He knew that Ouyang Shiqing was watching at the time, but he didn't show up, because she also wanted to see what kind of person he was?

"Yes, Dad, although Man'er is extremely powerful, but he is not as powerful as him, but he does not show it in his collection." Ouyang Shiqing said, smiling at Li Tian.

This can't help making Ouyang Zhengtian look at Li Tian more and more curiously.

"You are a young hero, this seems to be true at all." Ouyang Zhengtian laughed.

Li Tian smiled modestly.

"Shiqing, you and him have a good meal here, I won't accompany you, there is something else." Ouyang Zhengtian said.

Ouyang Shiqing smiled and nodded: "Okay."

Speaking of that, Ouyang Zhengtian walked outside, and Li Tian and Ouyang poetry were left in the hall.

Originally, Li Tian was constrained to have dinner with the Patriarch of the Ouyang family. This was good. He had something to go out temporarily, and he finally let out a sigh of relief. Facing Ouyang Shiqing, he seemed not so constrained.

After all, he and her are already familiar.

Although sometimes he feels that he and Ouyang Shiqing are people in two worlds, but they are at least the same age,

The servant brought a pot of bird's nest porridge, as well as a few characteristic southern dishes, which Li Tian had never eaten before.

This will eat those famous specialties, Li Tian only thinks that being a rich man is really ***** good.

After eating, Ouyang Shiqing originally said that he would take Li Tian to play with the Ouyang family, but Li Tian decided to leave.

He doesn't have much time to waste. He is a dedicated person. What he is thinking about in his mind is that Situ Ningbing. She is still poisoned by the Sanshengmen in her body, so Li Tian doesn't dare even a second. delay.

Then Ouyang Shiqing didn't try to stay too much. After saying a simple goodbye, she watched him leave the Ouyang family.

After he left, Ouyang Shiqing locked her eyebrows as if thinking about something.

What about Li Tian? After leaving the Ouyang family, he was going to return to his own residence, the same house that Sister Liu found for him when he first came.

After leaving the Ouyang family villas, he took a taxi.

The man driving the taxi is a man in his 30s. He is wearing a checkered shirt with a bare head. His face gives people a sense of wretchedness. There is especially a disgusting mole on the corner of his mouth.

Sitting on it, the man glanced at the stereo and asked: "Go there?"

Li Tian talked about his residence.

The driver didn't say anything, and drove to the front quickly with enough accelerator.

Chapter 254: Inexplicable misfortune

Li Tian was sitting in that taxi along the way, thinking about what was on his mind, and at this moment he couldn't help taking out his mobile phone slowly.

There were still the phone numbers of the dead Brother Yong and the phone number of Liu Jie who left Jinghai City on the phone. Looking at the familiar name on the phone, a sense of speechless loneliness flooded his heart.

With a deep sigh, Li Tian put the phone in his arms.

"Brother? Who?" The bald driver in front suddenly asked Li Tian, who was sitting behind him.

"Isn't your accent from Jinghai City?"

"Well, I'm from the north, just arrived here." Li Tiandao said.

The driver in front uttered a loud voice, and then a smile appeared at the corner of his mouth and said, "Come to Jinghai City to make a fortune?"

"Haha, that's it." Li Tian felt that the big bald head of the car didn't look like a good person, so he didn't want to talk to him more. After a casual perfunctory, he continued to sit quietly in the car.

"Look at you just coming out of the Ouyang family mansion...Are you a relative of the Ouyang family?" The taxi driver in front of me asked without playing anymore.

This couldn't help making Li Tian feel a little annoying.

Why are there so many drivers?

After snorting as a tacit response, Li Tian did not speak too much.

It was the bald man who was driving, but there was a weird smile at the corner of his mouth.

Then the car made a sharp turn and drove quickly to another lane.

Li Tian sat quietly in the car like that. He didn't pay much attention at first, but when the car drove more and more to the suburbs of the city, it made Li Tian feel that something was wrong.

Although he is not very familiar with the route of Jinghai City, he knows that the place where the bald male driver is driving him is definitely not the way home.

Staring at the building outside the car, this is almost to the suburbs...

Li Tian immediately looked at the bald-headed driver in front and asked in a cold voice, "Isn't this going to the address I told you just now?"

The bald driver didn't turn his head and slapped ahead and said, "Yes, yes, there was a car accident on the road to yours and it was blocked, so I just bypassed."

"Don't worry, we will get to your place right away."

Listening to the driver's words, Li Tian frowned.

He guessed in his heart that the driver's words might be false, but he didn't rush to say it. He wanted to see what the bald guy wanted to do?

Sitting cautiously in the car, watching the taxi in front of him quickly arrived at the outskirts of the city, suddenly the car turned around and drove quickly towards a dilapidated garbage collection station.

Li Tian frowned slightly and looked at the garbage collection station in front. The huge garbage stations were piled there like mountains.

After the car stopped at the garbage collection station with a hum, the driver opened the door with a slam.

Then he ran out of the taxi: "I'm going to pee."

He ran to the garbage station without looking back, and disappeared into piles of garbage stations piled up like a mountain in a blink of an eye.

Li Tian opened the car door in the same way. Of course he didn't believe the kid was going to pee.

At this moment, he quietly walked out of the car, Li Tian looked around cautiously, he wanted to see what the driving bald head wanted to do?

As he got out of the car, he could smell the rancid smell coming from the garbage station, which was disgusting and embarrassing.

He glanced around, desolate.

Slowly walked cautiously step by step towards the place where the kid ran in just now.

As soon as I walked over, I suddenly saw four hideous men coming out from the front.

One of them was the driver who drove just now. He pointed to Li Tianzai and said, "This is the kid."

While pointing at Li Tian, he said to a big guy beside him.

The big man had his chest bare, and his black hair looked disgusting and hideous.

Li Tian stared at him tightly.

There was also a cold iron crowbar in his hand.

The other two men around him, one of them holding a wooden stick, the other holding a steel pipe, walked towards Li Tian step by step.

When suddenly looking at such a scene, Li Tian was stunned.

What is going on? Why did that **** driver harm himself?

"Who are you?" Li Tian asked suddenly.

The guy driving there just now smiled grimly and said, "Boy, are you a relative of the Ouyang family?"

Li Tian suddenly heard this guy say that, and he couldn't help but immediately understand that they really misunderstood themselves as relatives of the Ouyang family? But why do these people resent the Ouyang family so much?

"So what?" Li Tian admitted.

He wants to know what the **** are these people doing.

"That's right."

"Although your kid is not a member of the Ouyang family, as long as you have a relationship with the Ouyang family, you should be able to grasp it."

"Brothers, do it."

With a roar, the driver who drove just now took the lead and greeted Li Tian with his fist raised.

Looking at his movements and shots, I know that this guy is a boring type, and is basically an amateur fighting character.

Before he got to Li Tian's side, he was directly kicked in the chest by Li Tian with a fierce sweep of his leg, kicked and fell to the ground with a scream.

The three brawny men here were kicked to the ground as soon as the guy came up before he touched them.

Right now, he was stunned, and the guy raising his hand rushed towards Li Tian.

Helplessly, these three people really belong to the role of death.

They were obviously not very good, and saw a hunk at the front with a crowbar slamming at Li Tian.

Li Tian briefly flicked to the side, palm out his right hand, and hit his shoulder with a boom. The man suddenly screamed and flew out, and the iron crowbar in his hand fell to the ground with a bang, unable to get up.

The other two men attacked Li Tian, one on the left and the other on the right.

Li Tian made a wrong footstep, grabbing the arms of the two guys with two hands, one on the left and the other on the right. The two of them were taken aback. They didn't understand what was going on, so they were violently pulled by Li Tian. He slammed his arms like a fool and fell to the ground.

He flew a kick, kicked one of them directly in the abdomen, and kicked the kid out of 5--6 meters with a bang.

Painfully screamed on the ground and couldn't get up.

In a blink of an eye, these inconspicuous goods who wanted to catch Li Tian were beaten on the ground by Li Tian.

The four of them no longer felt the madness they had just now, lying on the ground like a begging dog.

What Li Tian hates most is the guy who drives. At this moment, he strode over, and the male driver who drove backed back with a pale face.

Unfortunately, Li Tian grabbed him and lifted him from the ground.

One knee pressed hard against the guy's chest.

With a wow, the guy was about to vomit blood and yelled.

"Tell me? Why do you want to deal with me?" Li Tian asked fiercely.

Chapter 255: puzzle!

The guy who was beaten up and yelling paled at the moment, looking at Li Tian with fear as if looking at the devil.

"I said... I said."

"I... I, we just want to steal money... That's why..." said the bald man with a pale face.

When Li Tian heard this, a sneer appeared at the corner of his mouth.

"Lied to me?"

"Just because you want to lie to me?" Li Tian said while twisting the bald man's wrist with one hand, and with a click, the guy's wrist was twisted and broken.

The wailing screams of painful hysteria.

"Now tell the truth? Do you still lie to me?" Li Tian said coldly.

It turns out that the money that the guy just said was completely nonsense.

It's a pity to be seen by Li Tian, this will be a heavy hand.

The arm that was twisted by Li Tian could not be lifted at this moment. The trembling guy fell to the ground with a trembling face, with despair in his eyes and finally said helplessly: "Okay, okay, I'll be honest. be honest....."

"Let's talk? Why deal with me? Deal with Ouyang family?" Li Tian asked coldly.

The man's pale mouth trembled and said, "Because...because...we thought you were relatives of the Ouyang family...so we wanted to arrest you."

"But why do you move people from the Ouyang family?" Li Tian continued to ask.

"I can't say this." The man suddenly showed a trace of terror in his eyes.

Listening to what he said, Li Tian suddenly felt that things were getting a little stranger.

"Why can't you say?" Li Tian asked.

"I'm going to talk, they will definitely kill me... I will definitely die." The man said with fear in his eyes.

they? Who is going to kill him? Is it the person who made them do this?

Li Tian sneered and said, "If you don't say anything, I will kill you now."

Speaking of Li Tianguo as if he was about to kill him, the man suddenly filled his eyes with despair.

"Quickly say... if you say it now, maybe you can live for a while..." facing Li Tian's compelling question.

The man felt utter despair, and he died if he said it.

After the man thought for a while, he finally prepared to speak helplessly.

"they are....."

Just as he was about to tell Li Tian who would be unfavorable to the Ouyang family, suddenly a gun shot from a mysterious place.

With a puff, the bullet accurately hit the head of the guy who was about to tell Li Tian the secret.

Suddenly the plasma shot from the bald man's head splattered.

Li Tianyi saw that there was a gunman nearby, and was shocked immediately, and quickly dodged aside.

After he avoided, he couldn't help being shocked.

Who shot it? Could it be done by the people who made them do it?

Where is the gunman?

Li Tian cautiously hid beside the garbage dump. At this moment, he didn't care about the smell of the garbage. He just crawled down hard to cover his body with the smelly garbage.

His eyes looked around alertly.

After the gunshot killed the man who was about to give the clue, the other three guys who were knocked down by Li Tian on the ground screamed lifelessly and began to run around.

Li Tianyi suddenly felt bad when he saw them running. Since the other party could kill the guy who drove, he would definitely kill all the remaining three people, because he was definitely afraid that these three people would tell their secrets.

"Don't go out... hide." Li Tian shouted.

Unfortunately, it is too late.

Puff puff gunshots rang again in the silent garbage dump.

With the sound of gunfire, all three of them were shot and fell to the ground.

One shot was fatal, and the accurate marksmanship shot from the dark.

All three people were shot to death in a blink of an eye.

Although Li Tian was hiding in the dark, he determined the gunman's position after three shots just now, and it should be in a vast area not far in front.

He was hiding there, not daring to show the slightest, because he knew the opponent might be aiming at him.

At the same time, he was shocked in his heart: Who on earth did it? Who is unfavorable to the Ouyang family?

Obviously, this time the incident was not directed at him, but this group of people mistakenly believed that he was really a relative of the Ouyang family? That's why Li Tian thought of it more and more strangely...

At this moment, he was hiding there quietly, not daring to move any minute of his body.

The gunman hiding in the dark didn't seem to be ready to kill Li Tian deliberately. After shooting the three people, there was no movement on his side.

5 minutes passed, 10 minutes passed.

After half an hour has passed, Li Tiancai slowly poked his head and looked at the position of the shooter...

gone?

Li Tian slowly moved his numb body, and after he really didn't see the gunman reacting, he cautiously walked out of the hiding place.

After he walked out, he hurried to the few guys who had been shot.

All four people were killed in one shot.

The marksmanship is vicious and precise.

Li Tian looked at the four corpses on the ground, filled with doubts.

Sitting on the ground sullenly and thinking about it, he suddenly stood up quickly and searched into the bodies of the four people.

After searching the bodies of the four people, nothing was found. The only thing that can be seen is that all the four people belong to the taxi group, because they all have common certificates. The taxi driver...

It can be clearly seen that these four people should belong to this Jinghai Baotong Taxi Co., Ltd.

After the only clue, Li Tian sat there staring.

Baotong Taxi Co., Ltd.?

Could it be that something is wrong with this company? Who is behind this company? Maybe only by finding out who is behind the company, can we find out who is unfavorable to the Ouyang family?

Li Tian thought to himself.

He now wants to tell the Ouyang family as soon as possible. Although he knows that this matter does not have much to do with him, after all, the Ouyang family is not bad for him, and he also promised to help him find the Duanmu family.

So Li Tian decided to help.

He left this garbage dump alone.

He took a taxi on the road and rushed back to the Ouyang family. He was going to tell Ouyang Shiqing about what happened today.

Ouyang family.

After Li Tian left, Ouyang Shiqing was thinking about her own thoughts.

No one knows what her wise heart is thinking...

At this moment, she walked along the mansion of the Ouyang family towards an ancient building in the last row.

This building is behind the mansion of Ouyang Zhengtian, and it is also the oldest Chinese-style building in the Ouyang family villa group.

The building looks like an old house from the 1930s.

The blue brick and red door, with ancient sounds and colors.

Who owns this house?

If you are a member of the Ouyang family, you will naturally know that this is the place of the elder of the Ouyang family, the residence of a generation of strange people in the Ouyang family in the 1960s.

Chapter 256: Old man

The place where the old man lives is actually behind the Ouyang family's villas, but except for Ouyang Zhengtian, anyone who wants to come here must ask for instructions. Including the father's biological son, Ouyang Lie, and Ouyang Hua.

The reason why Ouyang Shiqing can come in now is indeed because he has asked his father for instructions, so that he can enter this backyard.

Standing in front of the door of the bronze gate, Ouyang Shi looked deeply at it.

She still remembers that the last time she saw the old man was 2 years ago, when she was going to South Korea, the old man loved her and that silly man since she was a child, so he came out to send her off.

She still clearly remembered that the old man stroked her head and said kindly: "When you get outside, don't be bullied... If you are bullied, come back and tell me, I'll clean them up."

The scene of two years ago emerged, and Ouyang Shiqing couldn't help feeling of happiness in front of her.

Standing at the door and paused for a minute, she gently reached out and pushed open the bronze door.

After the gate was pushed open with a creak, there were millennium cypresses planted on the left and right sides of the courtyard.

The pines and cypresses are extremely lush, with strong branches, and I don't know how many years they have been planted in this courtyard.

The sections paved with bluestone slabs are covered with withered pine needles, and walking on it feels like going deep into the mountains.

In front is a blue brick house with the door slightly closed. After Ouyang Shiqing walked gently to the door, she reached out and touched the door lightly and started knocking.

A slight knock on the door rang in the silent courtyard.

After the voice rang softly for a few seconds, an old but majestic voice suddenly came from inside.

"Is it a poetic girl?"

As the voice came, Ouyang Shiqing immediately put on a happy smile on Qiao's face.

"it's me."

"Grandpa, I came to see you."

While talking, Ouyang Shiqing gently opened the door.

As the door opened gently, but seeing the light slowly shone into the quaint room.

Inside the room, it is antique and decorated in a very simple style. It is a wooden bookshelf with heavy books on it, and an incense stand and a wooden chair in the front.

On the other bamboo rattan chair, there was an old man with a shining look.

His hair is gray, and even the beard that flows out is gray. Only those eyes are still full of vigor. If an old man like him lives in the old river in the deep mountains, it will definitely remind people of the old gods. feel.

Squinting his eyes slightly, he looked at Ouyang Shiqing who walked in with a kind smile.

he!

He is the father of the Ouyang family.

An old man who was once hailed as a strange man in the 1960s.

The navy blue coarse cloth shirt, wearing a pair of black flat shoes on his feet, can be felt from the cold breath that intentionally or unconsciously reveals the whole body, the old man is filled with a mysterious and terrible breath...Although he tried to hide and maintain that breath, but still faintly felt.

Behind is an icy wall. On the wall is a painting of dragons and phoenix dancing. The thick ink-spattered **** renders the painting majestic and domineering, making people look like a king.

Beside the thick ink painting is an old sword.

The sword is three feet long and has no shield or front.

The black sword body, the black hilt, the old ones hang there.

Who knows how long this black sword has been hanging here? Who knows what kind of light this sword will emit when it is drawn out?

Elder Ouyang sat quietly on the bamboo rattan chair, his eyes narrowed slightly, with a smile on his face.

There are too many legends about him... Some people say that the strength of the old man Ouyang has reached the level of super god, and some say that even if the old man of the Yuwen family and the old ghost of the Duanmu family are alive, the two old men will unite. It doesn't have to be Ouyang's opponent...

Although these words are a little bit suspenseful, this legendary old man has never encountered an opponent that caused him headaches in his life.

It is said that the old man Ouyang was invincible with his bare hands decades ago...

Although this is a legend, the power of the Ouyang family may be the best proof.

Now the legendary old man is sitting quietly on the bamboo cane chair, looking at his favorite granddaughter, looking at her with a kind smile.

Ouyang Shiqing watched the old man happily run over like a bird.

Cordially took the old man's arm.

"Hair has added white hair again... Hey!" Ouyang Shiqing said suddenly and lonely.

She still clearly remembered that when she saw the old man two years ago, the old man didn't have so many white hair, but now? The hair on his head had all turned white, and his face looked a little older.

Only those twin dragons piercing eyes still exudes an unusually sharp light.

The old man laughed, took Ouyang Shiqing's tender hand and smiled and said: "Silly girl, your grandpa, I am not an old monster, how can I not be old?"

"But I don't want you to grow old."

"How did my smart granddaughter become stupid, how can I say such a stupid thing?" The old man said with a smile.

"I would rather be stupid! But I don't want you to grow old."

"If you are a person, you will have birth, old age, sickness, and death. Besides, your grandfather, I am not still in good spirits!"

"Grandpa." Ouyang Shiqing embraced the old man's arm like a little girl.

The old man Ouyang gently stood up from the bamboo rattan chair. At this moment, he saw his burly and sturdy figure, but he was slightly rickety. After all, he was already an old man.

"How is Man'er? Is it okay?" The old man looked at Ouyang Shiqing and asked.

What the old man loves most is this Ouyang poetry and that silly man.

Can't help but ask at this moment.

Ouyang Shiqing returned to Dao and said, "Man'er is pretty good."

"It's just the same as before..."

Father Ouyang sighed softly.

"That kid was ruined... If it weren't for his head to be a little awkward, the important responsibility of the whole family would soon fall on him."

"I believe Man'er will be well in the future." Ouyang Shiqing said comforting words.

"What about you?" Old man Ouyang suddenly squinted his eyes slightly and asked, looking at Ouyang Shiqing in front of him.

Ouyang Shiqing was taken aback, and said with a smile: "I'm pretty good..."

"You know I didn't ask you this, I was asking when you would find me a grandson-in-law? At least I should let my grandfather meet a man worthy of my granddaughter when I am alive, right?" Old man Ouyang said with a smile.

When Ouyang Shiqing heard the old man say this, her pretty face suddenly turned red.

The blush appeared on her delicate melon seed face, which looked so charming.

Chapter 257: secret

Jiao: "Grandpa, you made fun of me again."

The person who made the squeaky voice felt fragile and soft.

"What's the matter? The male college is married, the female college is married, the grandfather is talking about business." The old man continued smiling.

Ouyang Shiqing blushed and said, "I'm not going to marry! I still want to be with you, grandpa for the rest of my life."

"Don't, I can't stand your grandfather." The old man said with a smile.

"Who is the young man with you today? I think he is pretty good, at least he has a good heart." A sentence suddenly came out of the old man's mouth.

The guy with Ouyang Shiqing today?

Who are you talking about? Could it be Li Tian...

When the old man Ouyang said this sentence all of a sudden, Ouyang Shiqing was stunned.

Then she said in surprise: "Grandpa, you went out today?" Her voice was full of surprise.

The old man smiled and nodded.

"Did you see him?" Ouyang Shiqing asked again in horror.

Of course the old man knew who Ouyang Shiqing was talking about and nodded again.

"Ok."

"I also just came back from the outside and passed through the back garden, and saw him and Aman making gestures there..." The old man said lightly.

Hearing the words of the old man, Ouyang Shiqing suddenly recalled that when Li Tian was fighting with Aman, the old man must have been watching in that unobtrusive corner at that time.

It is said that the old man is like a god, as long as the real Ouyang family encounters any trouble, he will show up. This seems to be true at all.

"Grandpa was there?" Ouyang Shiqing asked in surprise.

The old man squinted and said nothing.

"Actually, I came to see you today, one is to miss you, and the other is to find you for his business." Ouyang Shiqing said slowly.

The old man quietly turned his face to look at Ouyang Shiqing.

"That kid?"

"Yeah." Ouyang Shiqing nodded.

"By the way, who is that kid?" The old man asked as if he was interested in Li Tian.

Ouyang Shiqing saw that the old man was coming, and said: "In fact, he is just an ordinary person."

"But I always think he is a bit blameworthy, isn't he? It was a person I met on the train the other day, and he helped me once at the station gate... Then I checked his information, Found that he is actually just an ordinary person." Ouyang Shiqing said lightly.

After she said that, the old man frowned slightly, thinking about things there.

"Girl, that kid is not a simple person."

"I ask you, did he mention to you that he has any connection with the Duanmu family?" The old man in front of him suddenly asked a strange word.

When Ouyang Shiqing heard this, he couldn't help being stunned.

"The Duanmu family? He has nothing to do with the Duanmu family," said Ouyang Shiqing.

"I checked on the information that he was an orphan since he was a child... All the information on the journey is in my hands. It is understood that he has nothing to do with the Duanmu family, and he came to Jinghai City this time to find the Duanmu family. "

When Ouyang Shiqing finished speaking these words, the old man narrowed his eyes slightly.

After a long pause, the old man's twinkling eyes suddenly opened.

"Girl, it seems that kid has something to hide from you." The old man said suddenly.

Ouyang Shiqing was stunned, and immediately stunned.

"No? Grandpa, why do you say that?"

"A Duanmu family, Rashomon: Nine-style characters, if they have no relationship with the Duanmu family, that's weird." The old man said softly.

Rashomon: Nine types.

Ouyang Shiqing was like a basin of cold water splashed on her head in an instant.

Since she was a child in a big family like Ouyang, she certainly understood the secrets of the four big families.

Especially the dark Duanmu family.

According to legend, there are two most powerful things in the Duanmu family, one: the poison of the Sanshengmen, and the second: the skill of Rashomon.

Rashomon's kung fu is the most powerful among Rashomon: Nine styles.

It is said that these nine styles are the most murderous moves that have evolved from the many martial arts of Rashomon...Once the will come out, the color of the situation will change, and even the entire space will become black and dark.

Legend has it that in the Duanmu family for a hundred years, no one can learn Rashomon: Nine styles.

But in the middle of nearly a hundred years of history, there was a strange man from the Duanmu family who learned Rashomon: Nine styles, that is, the former head of the Duanmu family.

It's just that there are few legends about that old man, few!

Including Ouyang Shiqing, the only thing he knew was the old man who was hailed as the wizard of the Duanmu family. He disappeared very early and was no longer mentioned.

Now when she heard the old man suddenly say Rashomon: Nine styles, she was of course surprised.

He stared at the old man with a pair of beautiful eyes that couldn't believe it.

"Grandpa, you, do you mean that he used Rashomon: Nine styles?" Even Ouyang Shiqing, who was the most calm and calm in the past, had a long O-shaped mouth.

The old man nodded slightly with solemn expression.

"Ok."

"Today he used Rashomon when he started with Man'er: one of the nine moves."

The old man sighed softly.

"Twenty years ago, I fought against the old ghost of the Duanmu family... Perhaps no one of the living people is more familiar with the nine styles of Rashomon than me, so when he comes out, I can feel it." The old man said.

"It's just that I can't figure it out. That old ghost has been dead for nearly 20 years... Seeing that the kid is only in his early 20s, how could he have learned the Duanmu family's top secret kung fu? And he used it quite skillfully. The old man frowned slightly and said.

"Could it be that the old ghost is not dead yet?"

Listening to the old man alone in that mouth silently, Ouyang Shiqing in front of him was also shocked.

She stood there quietly, unable to speak.

"Girl, has that kid mentioned to you about the Duanmu family?" The old man asked questioningly.

Ouyang Shiqing shook his head gently: "No."

"But from what I know about him, he is not familiar with Duanmu family at all." Ouyang Shiqing said.

The old man touched the white beard on his chin and said softly, "This is weird."

Ouyang Shiqing knew that the old man's eyes were venomous, as long as he was looking at things, they were generally correct.

Since the old man said that Li Tian's kung fu was Rashomon: Nine Types, then 100% Li Tianzhen would use Rashomon: Nine Types.

Chapter 258: Ancient mystery

"It seems that this kid does hide from you." The old man said.

Ouyang Shiqing was thinking about it quietly.

Will he really hide himself?

Then all the things he said about looking for the Duanmu family and what he didn't know about the Duanmu family were all false? Ouyang Shiqing thought silently.

No, his expression and what he did weren't like telling lies.

But the old man said that he knows Rashomon: Nine styles, since it has nothing to do with Duanmu family, how can Duanmu family's most secret kung fu?

The Ouyang Shiqing in front of her was depressed, no matter how clever her head was, she couldn't help but think depressed at this moment.

"Rashomon: Nine styles are not ordinary martial arts, and not everyone can learn them. The old ghost has learned Rashomon: Nine styles... and to learn that kungfu, you must have your whole body The meridians have all been opened up before they can learn it, he? How could a young man in his early 20s have learned it?" The old man said in silence, feeling depressed.

"Is it because I read it wrong? He didn't use Rashomon: Nine Types?" At this time, the old man even began to doubt himself.

Because he really couldn't believe that Li Tian really learned Rashomon: Nine types.

What does it mean that the acupuncture points of the meridians throughout the body are opened up? It means that once the whole body is opened up, the whole body will become a huge air sac. As long as a person is alive, he can rely on the opened meridian cavities throughout his body to continuously accumulate energy.

This is a dream thing for that martial artist.

Ouyang Shiqing naturally understands this truth.

Could it be said that Li Tian is really hidden? Did you hide it to the point of such horror?

They knew that since Li Tian had read the tadpole text in the "Book of Heavenly Book Danjuan", the meridian air points had been hit by the tadpoles that swam around the body one by one. All of them are knocked away...

When he learned the Rashomon moves, even the rickety old man who taught him Rashomon: Nine Forms couldn't believe it...

Whether it is a miracle or a fate, Li Tian is now like an endless black hole, and there is a steady stream of unexpected things in that black hole that will shock him from time to time.

"Grandpa, listening to you say this, I also think he is always a little weird, but I am not talking about his behavior, but his martial arts." Na Ouyang Shiqing said slowly.

"That kid, it's best to find someone to watch, girl, you'd better not get too close to him." The old man said worriedly.

Ouyang Shiqing nodded silently.

"Actually, I still have something extremely important to tell Grandpa." Ouyang Shiqing said suddenly as the topic changed.

The old man turned his head and looked at Ouyang Shiqing and said, "What's the matter?"

"It's still about him."

"Actually, when I came back from Kyoto City, I wanted to tell Grandpa, but unfortunately that would not come." Ouyang Shiqing said.

"Oh? It's about that kid?" The old man was quite interested, obviously he has become more and more interested in Li Tian.

"Ok."

"Grandpa, do you remember the thing that the four big families fought for ten years ago?" A word suddenly came out of Ouyang Shiqing's mouth.

When he said this, the old man Long Jiong's eyes suddenly exploded and he looked sharply at Ouyang Shiqing in front of him.

At the same time, all the domineering air currents that had been hidden in his body gush out.

"Girl, what did you say?" The old man looked at Ouyang Shiqing in surprise and asked.

What did the four big families compete for ten years ago?

Looking through the ancient history, you may be able to see the ultimate cause of the battle ten years ago.

Of course the old man knows that ***** history.

In the battle ten years ago, the old man personally took action and confronted the second child of Yuwen family and the four elders of Duanmu family...

There were countless deaths and injuries in the four major families at that time...The internal members died a lot in that battle, but what exactly did they fight for? Caused the four major families in China to fight?

Who actually knows the real secret?

Even the internal members of the four major families at the time knew very little about the secrets.

The real secret is that they are fighting for something.

Ouyang Shiqing cautiously said word by word: "When I was on the train with him, I once saw him with a book...an old (Zaobo paper) book. It has a history of one or two thousand years, and paper is the earliest Saeki paper."

As Ouyang Shiqing said word by word, the whole face of the old man began to become more and more serious and ugly.

"When I opened the book at the time, I found that it was all tadpole text... the legendary tadpole pictograph."

After Ouyang Shiqing said this, the old man suddenly stood up.

"Where is that book now?"

"Girl, do you know what you said, once it reaches the other three big families, the four big families will likely have another **** battle." The old man said solemnly.

Ouyang Shiqing nodded silently, looked at her grandfather cautiously, and said, "I also know the seriousness of this matter, so I didn't even tell my father."

"Are you sure that book is really Saeki paper?" The old man asked suddenly.

"Well, I'm sure," Ouyang said.

"Ten years ago, the four big families shed blood for it. Ten years later, this thing came out again... Is it destiny? Or fate?" The old man in front of him suddenly sighed.

What was the purpose of the war between the four major families ten years ago?

"Girl, no matter if this matter is true or false, don't tell anyone anymore... If once something goes out, you will know what terrible consequences will happen." The old man in front of you said cautiously.

Ouyang Shiqing nodded silently.

"Grandpa, I just want to ask, is the legend true?"

"Is that book really that important?" Ouyang Shiqing in front of her asked, staring at the old man with her bright and beautiful eyes.

The old man smiled softly: "This is an ancient secret."

"In fact, it is true or not, who can know? For one or two thousand years, no one has ever solved the secret of that book... Everyone only knows to take it as their own, but how can they even be their own How? Open the ancient history page... Up to the time this book was unearthed, it has a history of almost 500 years, but now who has unlocked this secret? All this has become a legend ... Actually, even do I know whether the legend about it is true or not? I don't know now.

Chapter 259: Alone

"But only one can confirm that the secret hidden in that book is definitely a big secret." The old man said suddenly.

"In the historical records of our family, at the end of the Ming Dynasty, it was briefly circulated in our homes during that time... But the amount of brain power spent by the ancestors was useless and could not break the mystery... In the end, Still one by one ended up without a disease...According to

our genealogy, the book has hieroglyphic tadpoles...commonly known as astronomy! People who can understand it can understand the mystery...If there is no chance, it will be a waste book even if you get it. One."

The old man said word by word.

Ouyang Shiqing has been listening quietly.

Of course she had heard about the ancient history of the book, but she didn't know that such a big secret was actually hidden there.

"So, Henggu has never been so many years?" Ouyang Shiqing asked in shock.

"Yes."

"That ancient book has disappeared after the great battle ten years ago...No one knows where he got there, but I know whose hands he fell." The old man suddenly smiled with relief.

Ouyang Shiqing asked slightly in surprise, "In whose hands?"

"Kunlun's Niubi hands."

Kunlun Niubi?

"In the hands of the bull nose of Taoist Feng Qingzi, the old man had a relationship with me when he was young. In the battle ten years ago, Feng Qingzi was invited to join the war by Yuwen Lao. It is a pity that the old man not only did not do anything, but also waited for the opportunity to take it. After leaving the bane (it), if it were not for Niubi at the time, I believe that the battle will continue forever. Generally speaking, Niubi is a good person."

Listening to the words of the old man, Ouyang Shi was unheard of, but just listened quietly without a word.

"The Niubi on Kunlun has been living in seclusion after taking away the book, but I didn't expect you to say that the book was revealed again." The old man said with emotion.

"What should I do? The book is on him now?" Ouyang Shiqing said.

"Don't pay attention to him... what can the unfavored person even if the book is in his hands?"

"It's not a blank sheet of paper...useless! So don't bother with him."

"It's just that you must remember that this news must not be revealed. Once it is revealed, the two unkind families of Duanmu and Yuwen will definitely come over to fight."

"By then it will be a big trouble."

Listening to the old man's words, Ouyang Shiqing nodded silently in front of her. She fully felt the seriousness of this matter, which was more serious than she thought.

It's just that she really couldn't understand how all these strange things would happen to him.

Li Tian's body.

Maybe this is the so-called fate...

Li Tian felt very depressed after the inexplicable kidnapping and sniper killing by the gunmen.

That group of people actually regarded themselves as relatives of the Ouyang family? And he was almost killed by a gunman in the dark. Thinking of these Li Tian felt painful.

He has always held an attitude of gratitude towards the Ouyang family. Let alone other things, he said that when they helped him find the Duanmu family and help him solve the poison of the Sanshengmen in Situ Ningbing's body, Li Tian should repay him.

Therefore, he hurried to the Ouyang family at this meeting, ready to tell Ouyang Shiqing what happened to him today.

He wants to tell Ouyang Shiqing that the Ouyang family is now being watched by a group of people, and that group of people are coming for the Ouyang family.

When he came to the Ouyang family villa again quickly in a car, he was stopped at the entrance of the villa group.

Standing at the door were two bodyguards in uniforms.

When Li Tian said that he was looking for Ouyang Shiqing, he was stopped by two bodyguards.

They said: Except for the Ouyang family, no one can enter the villas of the Ouyang family without authorization, unless someone inside comes to pick him up.

This made Li Tiandan hurt. He didn't have the contact information of Ouyang Shiqing, and he didn't know anyone. At this moment, it seems that wanting to enter the Ouyang family villa is absolutely impossible, and he can't throw the four security guards down. Break in?

Helpless Li Tian had no choice but to leave the Ouyang family villa group in front of him angrily.

He wanted to tell Ouyang Shiqing today's news, but now he can't get in, of course there is no way he can get in.

After thinking about the last Li Tian, he decided to personally help the Ouyang family once.

He must find out who is unfavorable to the Ouyang family!

He still remembers the clues he found on the guys who kidnapped him. They were all drivers of Baotong Taxi Co., Ltd...

Maybe the black hand behind the scenes is related to the behind the scenes of Baotong Taxi Automobile Company?

After thinking about it, Li Tian decided to go to the Baotong Taxi Co., Ltd. to find out the truth in person.

After leaving the Ouyang family villa, he went to the roadside and took a taxi at random.

The man who drove was a middle-aged man in his 30s, with a more honest appearance.

After getting in the car, Li Tian looked at the taxi driver's certificate very cleverly. It said Hon Hai Taxi Co., Ltd...

After sitting in the car and talking about where he was going, the driver master drove the car quickly towards the Baotong Taxi Group.

"Master, can I ask you something?" Li Tian in front of him suddenly smiled and asked the honest driver who was driving.

The driver in front responded with a good voice.

So Li Tian asked.

"Master, you are not the driver of Baotong Taxi Company?"

The driver smiled and shook his head.

"No, I belong to Hon Hai."

"Oh, in fact, the master tells you, I am ready to be a brother..." Li Tian smiled and said a lie.

The honest driver who drove in front heard that Li Tian said that he would also drive a taxi, and he laughed and said, "Okay, we are in this business. Although it has been a little hard work, it is not bad at all. It is enough to support the family..."

"Yes, I was introduced some time ago that Baotong Taxi Co., Ltd. is good, so I wanted to come over and apply for it today. It's just a master. I am not familiar with that Baotong Taxi Co., Ltd.? Master, are you familiar with it? If you tell me something familiar, I will thank you here first." Li Tian said sincerely.

The driver heard Li Tian say that, maybe it was because driving was really boring, maybe he was sincere, so he told Li Tian.

"In fact, the Baotong Group is pretty good... It's big enough, much larger than our Hon Hai Taxi Group. Basically, more than half of the taxis in Jinghai City are Baotong." The driver in front of him said to Li Tiandao. .

Chapter 260: Eavesdrop

Listening to the driver's words, Li Tian thought to himself: It turns out that Baotong Taxi Co., Ltd. is quite big.

"As for this company, because their drivers are alive and there are more cars, they have more money, but this company does have crimes one after another." The driver said.

"Criminal incident?" Li Tian was taken aback for a moment.

"Yes, I heard a few days ago that some of their drivers had disabled a passenger in the car... Later, several drivers were detained by the Public Security Bureau for a period of time, but in the end they were all released. It's all trivial...Last year, I heard that the taxi drivers of the Baotong Group were connected with the underworld and killed people. At that time, it was a big trouble, but in the end it was suppressed by others. The police can't help it either." The honest driver told Li Tian about the Baotong Taxi Company.

Li Tian frowned slightly: No wonder the driver who pulled himself looked like a hooligan? It turns out that this company is really shady.

Li Tian continued to ask, "Don't the police care about it?"

"Tutorial! But I can't manage it."

Said the honest driver.

"Do you know how powerful the backstage of Baotong Group Company is? Don't talk about the police. Even if they really kill people, they probably wouldn't dare to care about it. They just opened one eye and closed one eye." The driver said honestly.

"No? Who is behind Baotong Company? So powerful?" Li Tian asked curiously.

He now wants to know who is behind this company? Maybe it is possible to find out who is acting on the drivers today, and who is bad for the Ouyang family.

"I told you, don't tell others." The honest driver looked at Li Tiandao with a sense of fear in his eyes.

Li Tian nodded: "Don't worry, I will never talk nonsense. Besides, I just want to find a job, why not do it."

That is always dead, so he said slowly: "I heard that their backstage is big..."

"Have you heard of the dark Duanmu family?" The driver suddenly spit out the words Duanmu family.

When the Duanmu family was mentioned, Li Tian couldn't help being stunned.

At the same time, his eyes became bright, and he couldn't help but guess: "Duanmu family?"

"The Duanmu family is the backstage of this Baotong company?" Li Tian asked in shock.

The honest driver nodded slowly.

"Yes, it is said that this company was run by members of the Duanmu family... Although they are very mysterious, the names of the members of the Duanmu family are written on the list of companies registered in the Industrial and Commercial Bureau... So it is obvious that this company The people behind the scenes belong to the Duanmu family." The honest driver said.

Li Tian was completely stunned when he heard the honest driver say so.

Is it really the Duanmu family?

If this is the case, doesn't it mean that the current Duanmu family is eyeing the Ouyang family?

Suddenly understanding this important discovery, Li Tian seemed very excited. He couldn't wait to tell Ouyang Shiqing the news immediately.

But on the other hand, Li Tian wondered again, since the boss of this company is the Duanmu family, can he find out the news of the Duanmu family if he starts from the branches and looks up slowly?

If this is the case, can I help Situ Ningbing to unravel the poison of the Sanshengmen?

The more he thought about it, the more excited Li Tian felt that he was lucky.

The accidental hitting was involved in this matter, and unexpectedly found out the little tail of the Duanmu family...

After saying thank you to the honest driver, Li Tian kept sitting quietly in the car, thinking about his thoughts.

The car quickly drove towards Baotong Taxi Co., Ltd.

From a distance, I saw a huge square in front of which taxis parked one after another. There were houses in front of them, and many drivers were cleaning their taxis there.

When Li Tian got to the door in a taxi, he stopped.

"Here, Baotong Company is here." The driver always said to Li Tiandao.

"Thank you." After giving the taxi driver the money, Li Tian got out of the car.

When the driver was leaving, he kindly told Li Tian, "I wish you a smooth interview."

As he said, he drove the car away.

Li Tian got out of the car, blinked his eyes and looked at the huge Baotong Automobile Co., Ltd. in front of him. He couldn't help but frowned slightly.

On the huge square, there are lined up taxis. At a glance, there are not hundreds of them. There are still many drivers chatting, chatting, and joking over there.

Li Tian took a look, and then walked towards the front.

If you don't enter the tiger's den, you won't be a tiger.

Li Tian is now ready to go alone.

While walking slowly towards the Baotong Company, several drivers in the front area saw him.

But just glanced at him faintly, and continued to work on his own, without paying attention to him.

Li Tian walked straight to the front place.

There are two drivers cleaning their cars in the front place.

When Li Tian walked over, he raised his eyes and glanced at Li Tian, and did not speak too much.

Li Tian walked towards the two people.

"Excuse me, who is the person in charge of Baotong Company?"

After Li Tian came over and asked, one of the drivers turned his face and glanced at Li Tian in front of him.

Then he said angrily: "Why are you looking for the person in charge? Who are you?"

Li Tian smiled and said, "I, I'm here to apply." Li Tian lied.

He estimated that only this method could find the senior leaders of Baotong.

The man who was washing the car with a hose heard Li Tian's words, and the corner of his mouth smiled darkly: "So you are applying for a job... Hurry up, our company does not hire people now."

Suddenly he rejected Li Tian in front of him.

Li Tian glanced at the person in front of him, then glanced at the building in front, just as he was about to continue speaking.

Suddenly, a man in a suit came out quickly from a room in front that looked like an office. The man wore eyes, a Chinese character face, and a golden tie. He waved his hand at the man who was washing the car.

"Xiao Liao... come here, the manager is looking for you."

The man called Xiao Liao was the driver who decisively rejected Li Tian just now.

Hearing the man's greeting at this moment, he turned his head and smiled: "Okay."

Then he quickly put down the sprinkler in his hand, and quickly walked towards an office in front.

After the two men washing the car in front of him were called away, Li Tian couldn't help being taken aback for a moment, and then silently followed behind without saying a word.

After quickly following up, Li Tian found that the two drivers had been called into a spacious and bright office.

Li Tianwei followed them and quickly went to the vicinity of the office, then blinked and looked around, and found that no one was paying attention to him, so he quietly hid in the position of the glass window and observed quietly. And eavesdropping on the conversation inside.

The glass window was open, and Li Tian's hidden position happened to be able to see everything inside.
