

A Killer 2511

Chapter 2511: World magic

Where did the **** gate master escape?

This ice cave looks small, but in fact it is very big and big, especially the ice tunnels inside, which are connected one by one, winding and twisting. If you don't walk carefully inside, you will definitely get lost.

But it was said that at this moment, the master of the gate of **** suddenly appeared in the ice passage on one side.

There was still blood on the corner of his mouth... His footsteps were vacant, and there was an expression of pain and hatred on his face.

"Father, I didn't expect you to really kill me..."

"And that **** Father Li Kua, I, Long Xiaotian, will definitely make you all die, and use blood to repay this palm injury."

The master of the gate of **** dragged his wounded body while saying angrily.

In order to avoid the final blow of the evil **** and the old man Wuji, he did not hesitate to use his last devilish energy to smash the ice icicles... and then he almost escaped.

At this moment, the master of the gate of **** first fought against Long Yin, and just received a combined blow from the evil **** and the old man Wuji. At this moment, his body was extremely traumatized. He must now quickly find a secluded place to treat his internal injuries. !

Therefore, the current master of the gate of **** is looking at the ice passage with his gloomy eyes.

Suddenly, his eyes discovered that there was a cold ice room not far in front... That cold ice room seemed to have been hit hard... It was incomplete, and even the ice door outside the ice room was damaged. The palm strength was shattered.

After discovering the incomplete ice room, the master of the gate of **** was not only taken aback: "What's going on in that ice room?"

The **** gate master who thought this way not only dragged the seriously injured body, but walked towards the weird ice room step by step.

After walking over, the master of the gate of **** first listened carefully to see if there was a sound inside...After confirming that there was no movement inside, the master of the gate of **** slowly walked in.

After walking in, the master of the gate of **** first felt that this icy room was full of an extremely powerful aura!

After feeling such a powerful breath, the master of the gate of **** was not only shocked in his heart...

"What kind of character is it? Can he leave such a domineering, killing aura in this ice room?" The **** gate master thought to himself.

To be honest, at the moment when the master of Hell Gate came in, he felt a sharp chill... murderous! With that breath, even the master of the gate of **** not only felt cold all over...

When the **** gate master in front of him thought of this, he suddenly looked up and saw a few blood-red characters on the wall over there!

The big characters were written in blood and carved on the thick ice wall.

I saw what it said was: There is nothing in the sky to support people, and nothing in humans to repay the sky, kill and kill!

After the seven killing characters, the master of the gate of **** looked sharply, not only a sense of unprecedented terror suddenly rose in his heart!

"What a murderous spirit!"

"What a powerful hatred!!!"

"Who is in this ice room?" Even the master of the gate of **** was shocked at the moment.

He originally thought that he could laugh at the world by cultivating the Demon Sect Codex and stand alone in the martial arts, but he didn't expect that after coming to this weird ice room, he was suddenly stunned!

Because of the extremely powerful aura left by the "master" of this ice room, and the blood red and hideous words on the walls, it is enough to prove that the characters here are definitely more powerful than him! ! !

Thinking of this, the master of the gate of **** not only felt disappointed in his heart.

At this moment, he suddenly touched the raised ice cube in front...the moment he touched it, the entire ice chamber suddenly thundered, and then the four walls turned over!

The master of the gate of **** was taken aback, and he moved back quickly while looking at the overturned ice wall with cautious eyes.

After turning over, I saw rows of old books appearing in the eyes of the master of the gate of hell!

"Hey, there was a mechanism here..." The master of the gate of **** thought to himself.

It turns out that this ice room is the ice room that Li Tian had cultivated before. Inside this ice room is hidden all kinds of peerless martial arts, and all the ancient and peerless martial arts of two thousand years are hidden here! After Li Tian changed, the four elders touched the organs and hid all the secrets... I didn't expect the **** gate master at this moment to accidentally touch those organs.

At this moment, all the ancient books appeared in the eyes of the master of the gate of hell.

"Why are there so many ancient books hidden here? What's the matter?"

The master of the gate of **** thought in his heart, and walked slowly toward the front.

After arriving at the bookshelf, he suddenly picked up an incomplete book and glanced at...

It says: At the end of the Sui Dynasty, the demon sect elder Chiyangzi's, the **** of destruction!

After seeing this secret book, the master of the gate of **** in front of him was shocked for an instant.

"My God, this turned out to be a cheat? Is this a martial arts cheat?"

The master of the gate of **** was shocked, and quickly opened it to see... From this look, I saw that all the secrets in it were the cultivation secrets of the "God Destroying Finger"...

After taking a look, the master of the gate of **** was shocked!

He would never have thought that the room he had hit by mistake had hidden such an ancient secret book... and it seemed that the place he was looking at was the "magic door" secret book.

After picking up the "God Destruction Finger", the master of the gate of **** was surprised to see other secret books.

"The blood shadow **** evil skills of the blood Shura in the Ming Shenzong period... the shadow master of the last years of the Han Dynasty, the magic shadow skills... and the blood lotus religion in the late Qing Dynasty, the lotus shadowless hand... etc.

When the master of the gate of **** was looking at these magic gate secret books for thousands of years, he suddenly screamed with joy!

"Oh my God, how could these magic gate secrets be hidden in this ice room?"

"I, Long Xiaotian, are so lucky. I didn't expect to find these long-lost Peerless Demon Attacks today...great, great,"

The master of the **** gate suddenly showed extreme enthusiasm in his eyes.

He would never think that he could have today!

Looking at the magic secrets in his hand, the master of the **** gate suddenly laughed wildly.

"From this moment on, in the world, who else can be my opponent? Who else can there be?"

The **** gate master who screamed like this suddenly sat down and began to hug all the magic gate secret books, and then spread them out one by one... and began to practice...

He wants to learn! To cultivate, give all the magic secrets to the practice club! ! !

Chapter 2512: Vibrating sound

The old man Wuji and Cthulhu were finally sober.

Although they didn't kill the **** gate master, they finally wounded the **** gate master seriously. For Situ Ningbing and the others, they were finally out of danger.

I saw that the old man Wuji finally recovered after a short period of breath adjustment.

Cthulhu has also restored his original consciousness.

At this moment they looked at this huge ice cave... They were all surprised there.

After all, they didn't know that the ancient Sixiang old man rescued them.

"Master, why are we here?" The evil **** in front of him said as he looked at the old man Wuji.

The old man Wuji looked at this ice cave, not only frowned and said: "It seems...like...piaoxuefeng!"

"Piaoxuefeng?" The Cthulhu asked in surprise.

Situ Ningbing and the others hurriedly said: "Yes, Senior Cthulhu, this is indeed Piaoxuefeng, where the four seniors lived.

Upon hearing this, the Cthulhu didn't understand it even more, so he asked, "What four seniors?"

The old man Wuji exclaimed, "I see."

"Could it be the four old demons guarding the top of Tianshan Mountain?" The old man Wuji said in surprise.

After Situ Ningbing and the others heard the old man Wuji say this, they nodded slightly.

"I didn't expect that we were saved by the four thousand-year-old demons guarding the top of the Tianshan restricted area..." The old man Wuji said with emotion.

That Cthulhu was also shocked when he heard it.

Situ Ningbing here said: "The four old seniors not only saved the Heretic God, but also the Wuji... but also saved Li Tian...and all of us!"

"Tian'er?" When he said that Li Tian, the evil ***** called out in shock.

"Ning Bing, you mean, those four seniors also saved Tian'er? Have you seen Tian'er?" The Cthulhu asked quickly.

Following the Cthulhu's hurried questioning, Situ Ningbing suddenly showed an ugly expression and said, "It's true that you are not hiding from the Cthulhu Senior, I have seen Li Tian."

"Is he there? Where is my son?" The evil ***** asked quickly.

But seeing that Situ Ningbing's face showed embarrassment and said: "Senior Cthulhu... you may not be quite clear about one thing."

"What's the matter?" Cthulhu asked.

An extremely painful expression appeared on Situ Ningbing's face. He glanced at Ouyang Shiqing and Duanmuying beside him, and finally decided to tell the truth.

"Li Tian has gone crazy!" A word came out of Situ Ningbing's mouth.

When the evil ***** heard it, he screamed in disbelief.

"What are you talking about? Tian'er is crazy?"

The old man Wuji frowned deeply on one side at this moment.

But seeing Situ Ningbing in front of him, he said, "Yes, Li Tian has changed! He became crazy because of hatred... He knew the deaths of Xiaolong, Qiaozhi, Wuhen... Knowing the deaths of Dugu and the ghost servants...Because he couldn't bear the death blows of his brothers, Li Tian suddenly became crazy."

"After he became mad, there was only endless hatred and endless killing in his eyes...Even... even Aunt Hua... Aunt Hua... was killed by the crazy Li Tian."

The moment Situ Ningbing said these words in tears, the evil **** was stunned.

"No...no...no..."

"My third sister... Third sister... she... she... can't die..."

"She won't be killed by Tian'er! Impossible..." Cthulhu suddenly couldn't accept this fact and cried out there.

Ouyang Shiqing on one side also had ruddy eyes at this moment: "Senior Cthulhu, what Ning Bing tells is the truth!"

"Li Tian has gone crazy, because of hatred, he has changed...now no one can stop him!"

"Even the four seniors may not be able to control the current Li Tian..."

When the evil **** heard it, he suddenly stood there.

He can't accept this cruel fact now anyway.

My third sister was killed by my own son! !

how is this possible? How could this be?

At this moment, after hearing Situ Ningbing and Ouyang Shiqing, the old man Wuji suddenly muttered to himself, "Oh my God, could it be the life of Xiao Litian's blood evil demon... ..Was motivated?"

After the old man Wuji said this, an extremely ugly look suddenly appeared on his old face.

"Kuafu, do you remember the fate of the lone star of the **** of evil that my teacher told you?" The old man Wuji suddenly looked at the grief of the Heretic God.

Cthulhu nodded in pain.

But seeing the old man Wuji said: "It seems that this child really can't escape the catastrophe of fate!"

"It should be here, after all..."

Situ Ningbing, Ouyang Shiqing and Duanmuying looked at the old man Wuji and said, "Old predecessors, what should we do now?"

The old man Wuji replied, "So where is Xiao Litian now?"

"After Li Tian got into trouble, he fought the four mysterious old seniors... Finally Li Tian ran away... the four old seniors chased them out... So far we have not found Li Tian. Those four seniors."

The Cthulhu and the old man Wuji were stunned.

"How can Xiao Litian's skill be so profound? Can the four thousand-year-old demons still not be able to subdue him?"

The old man Wuji remembers that when he was on the top of the Tianshan Mountains, he was defeated by the four old men in less than a hundred moves!

Moreover, the old four elephants did not use their real strength at all.

To be honest, the Wuji old man who thinks about it now feels a bit scary...Even a legendary old man like him is shocked by the terrifying power of the old four elephant!

But how could Li Tian be in such a battle with the four old men?

The old man Wuji couldn't understand.

When the old man Wuji was puzzled, Situ Ningbing said: "Li Tian was imprisoned in an ice room by four seniors before to practice...I have been practicing for a long time...The four seniors also said, Once Li Tian finishes his cultivation, there is probably no one in this world who can be his opponent!!!"

Hearing what Situ Ningbing said, the old man Wuji finally understood.

"It turned out to be like this! It turned out to be like this!"

"I really didn't expect that four thousand-year old demon... actually let Xiao Litian practice... For this reason, I finally know why Xiao Litian's skill increased so much!"

The old man Wuji sighed there.

Just as the old man Wuji said these words, suddenly on the deep ice above their heads, there was a loud, earth-shaking sound.

At the moment when he heard a sound from the ice layer above his head, the old Wuji in front of him immediately raised his head, looked at the ice layer above his head and said, "It seems that someone is fighting on the ice layer!"

"I heard the vibrating sound of vigor." Just like that, a sentence came out of the mouth of the old man Wuji.

After he said it, Situ Ningbing, Duanmuying, and the evil **** beside him all raised their heads in surprise...

Chapter 2513: snowman

"There is a voice above..." a sentence came out of the old man's mouth.

After speaking, the Heretic God and Situ Ningbing all raised their heads and looked at the top spot.

"It seems that someone is fighting above." The old man Wuji said again.

Hearing what the old man Wuji said, the evil **** and Situ Ningbing in front of him were not only taken aback.

"Go, let's go and see."

A word suddenly came out of the evil god's mouth. He is now anxious to find his son, Li Tian.

After he said that, the old man Wuji nodded quickly, and ran towards the passage with the three girls.

After running two steps, suddenly Situ Ningbing glanced back. Long Yin, who was suffering extremely badly from sitting on the ground, suddenly faced the evil **** in front and the old man Wuji saying: "Senior Wuji. , Senior Cthulhu, what about that Long Yin?"

After Situ Ningbing's voice called out, the Heretic God and the old man Wuji all turned their heads slightly, looking at the seriously injured generation demon.

At this moment, Long Yin also slightly lifted the extremely pale face, looking at the evil **** and the old man Wuji.

The moment he saw that Long Yin, Cthulhu's eyes still contained endless hatred. However, he did not attack Long Yin. He just glanced at that Long Yin and suddenly said: "Long Yin, I was originally I should kill you, but I didn't expect that you would actually save them... For this, I thank you first, today, I will not kill you, but my grievances with you will end sooner or later. "

After speaking, the evil **** walked forward without looking back.

Situ Ningbing, Ouyang Shiqing, and Duan Muying could only glance at Long Yin with pity at the moment, and finally followed the evil **** helplessly.

Long Yin watched them disappear, a bitter smile appeared at the corner of his mouth.

In his heart, no one knew what was thinking at the moment...

Back then, he did a lot of sorry for the evil **** and Li Tian, but now he wants to be a good person and wants to change back, but is he too late?

However, at this moment, the evil **** and the old man Wuji had already brought the three girls to the end of the passage.

At the end of this passage, there is a cliff of ten thousand feet outside. It is not bottomless, and the humming wind and snow poured in from outside.

Taking a look at such an environment, the old man Wuji suddenly pointed to it and said: "It seems that they should be at the top of Piaoxue Peak."

"At the top?" When the Cthulhu and Situ Ningbing heard them, their beautiful eyes not only showed horror.

The old man Wuji said, "Yes."

"If I didn't guess wrong, they must be on it. Go, I will take you up."

The old Wuji who was talking, suddenly reached out and grabbed Situ Ningbing and Duanmuying's arm next to him... And what about the evil god? It is pulling that Ouyang poetry.

After grabbing the three girls with relatively low skill, the old man Wuji said to the evil **** Dao: "Kuafu, you follow me, and we go to the top."

After speaking, I saw that the old man Wuji took the lead flying out of the ice cave. When he reached the outside, he suddenly raised the flying, and with an angry roar, his body suddenly raised a terrifying distance of several feet... ...And then flew towards the top of Piaoxue Peak.

The Cthulhu behind him was not weak. At this moment, he was holding Ouyang Shiqing in his hand, and suddenly raised several feet from the air, and then flew towards the top of Piaoxue Peak.

They are coming up.

At the moment when the old man Wuji brought Situ Ningbing and Duanmu Ying flying up to the floating snow peak, the Cthulhu behind him also flew up with Ouyang poetry.

But seeing the peak of Piauxue Peak, there is extremely deep snow... Their feet are all sunk in the thick snow.

The humming cold wind was raging, mixed with heavy snow like feathers.

I saw the top of the Piauxue Peak, but suddenly I saw four "snowmen" sitting together in four directions: east, west, north, south.

Among the four "snowmen", there is another "snowman" who seems to be trapped, and he is surrounded by four "snowmen".

When the Wuji old man flying by, as well as the Cthulhu, they were all stunned when they saw these weird snowmen.

How come there are a few "snowmen" sitting here on the top of the Tianshan Mountains?

"Snowman?" Situ Ningbing not only cried out in surprise at the moment he saw the "Snowman".

But seeing the old man Wuji frowned deeply and said: "No, it's not right! This is not like a snowman... but like a human."

When the old man Wuji said this all at once, everyone was taken aback.

Situ Ningbing screamed immediately, and said, "Could it be those four old seniors...and Li Tian?"

"Five, exactly 5 snowmen! Are these 5 snowmen the same?"

At the moment when Situ Ningbing screamed, everyone was looking at the five motionless snowmen with their eyes wide open. No one knew what the five snowmen were doing.

Because of the ice and snow, in addition to the shape of the human body, the head and whole body of the snowmen are covered with heavy ice and snow, so if you look at them, you can't tell them at all.

However, if it is the four old seniors and Li Tian, why are they still?

Faced with this situation, the evil ***** couldn't bear the inner suffering, and immediately shouted: "Tian'er..."

While shouting, he stepped forward and not only approached the four snowmen step by step.

He wanted to remove the deep snow on those "snowmen", and wanted to see if Li Tian was really here.

As the evil ***** approached the four snowmen who were sitting cross-legged step by step, a huge force suddenly radiated from the four "snowmen".

The extremely powerful power is something the Cthulhu never expected.

With a bang, Gang Ba's vigor directly shook the approaching Cthulhu back.

With a bang, Cthulhu was directly shocked by the extremely powerful force, and then fell heavily to the ground.

"Kuafu?"

Seeing the Cthulhu being knocked to the ground and vomiting blood in his mouth, the old man Wuji exclaimed in shock, and then hurriedly went to see the Cthulhu's injury.

And here Situ Ningbing and Duanmuying were all shocked there.

At this moment, a terrible scene appeared.

Suddenly the "snowman" surrounded by the four "snowmen" suddenly exploded with a bang... Then he saw a **** light rising to the sky!

There was a bang, but a blood shadow body was seen breaking out of the ice.

Chapter 2514: Qinglong Jin

As the blood shadow flew out all of a sudden, I saw the evil **** and the old man Wuji were shocked there. .

They glanced at it, and then they saw that the blood shadow turned out to be Li Tian.

"My God..."

The moment he saw Li Tian, the evil **** in front of him suddenly screamed in disregard of his injuries.

The old man Wuji also raised a pair of extremely horrified eyes, looking at the **** and arrogant Li Tian floating in the void.

Suddenly, at the moment when Li Tian blasted the whole body of ice and flew out, all the four snowmen surrounding him suddenly burst open.

I raised my eyes to look, but after seeing the four snowmen bursting into ice and snow, the figures of four old men appeared in their eyes.

Four elephants.

It turns out that this snowman is indeed the old man of the four elephants, and that Li Tian.

But seeing that after the old four elephants broke through the ice package, then the old four elephants exuded an extremely powerful energy in their hands, and then four extremely powerful energy from four different angles: east, west, south, and north He flew towards that Li Tian.

Li Tian's blood-colored body originally suspended in the air was forced to fly down from the air by the four extremely powerful true Qi...

He was roaring and hissing.

The **** breath of the whole body, with the dance of the body, exudes an endless aura of destruction.

Seeing Li Tian being imprisoned by the Sixiang old man with extremely strong energy, the evil **** in front of him not only yelled.

"Son... my son."

"Master, nothing will happen to Tian'er, right?" The Cthulhu in front of him asked the old man Wuji who was looking at him in pain.

The face of the old man Wuji is also extremely complicated.

He had already seen that Li Tian was really crazy.

And now the Sixiang old man is obviously using extremely powerful techniques to confine Li Tian in front of him.

After seeing this situation, the old man Wuji said to the evil god, "Kuafu, please calm down first..."

"Xiao Litian is indeed going crazy... You see, his eyes are full of terrible destruction and killing. Now he no longer knows him alone. There is only hatred in his eyes. So, Kuafu, follow me. Look, we still watch the changes." The old man Wuji comforted the evil god.

The Cthulhu said in pain, "But Master, look at how painful Tianer is..."

"These four seniors... will... kill Tian'er?" The Cthulhu cried out with great worry.

He is the father!

Does that father worry about his son? Even if his own son is really crazy, why not?

For Li Tian's safety, Cthulhu can do nothing.

The old man Wuji persuaded the evil **** in front of him: "Kuafu, these four seniors are seniors for thousands of years. I believe they should not harm Li Tian."

After hearing the old man Wuji finished saying this, the Cthulhu in front of him could be regarded as letting go for a moment.

But a pair of eyes were still looking at the scene in front of him with extreme horror.

Li Tian was used by the Sixiang old man: The Jiugong Bagua punisher was trapped by the large array of slaying demons. He tried to break free from such a confinement, but no matter how hard he tried, the Sixiang old man's physical qi always formed a huge net. Li Tian trapped in front of him.

Suddenly a long scream came out of Li Tian's mouth.

Then Li Tian lifted his palms, using the terrifying force of the broken soul palm, he began to blast at the old man of Sixiang.

One after another, the blood shadows collided with the strength of the Sixiang old man.

It was as if he was going mad to get rid of this muscle.

The strength of the four old men was gradually shaken by Li Tian's violent blood.

"Big brother, the palm of this little baby is so strong!" Suddenly the old Xuanwu man sitting in the north side suddenly called out.

The elder Qinglong, who was called the big brother, suddenly raised his bright eyes, and then observed the situation. He also found that the Nine Palace Slayer Demon Formation seemed to be unable to restrain Li Tian for a while...

His face changed drastically now.

"Second, third, fourth, change!"

With the roar of the old green dragon, the bodies of the other old white tiger, the old Suzaku, and the old Xuanwu began to turn around Li Tian.

At the same time, the elder Qinglong suddenly uttered a long roar from the corner of his mouth, and his whole body soared into the sky.

"It seems that the old man has to use the Azure Dragon Strength!" The old Qinglong body was suspended above it, muttering in his mouth.

After the green dragon old man finished speaking, suddenly his hands clasped together, and his eyes closed slightly at this moment.

Gradually, two weird blue dragon patterns were condensed from the palms of his folded palms. The two blue dragon patterns hovered over his arms, and the old man Qinglong suddenly rose in energy.
drink!

Anger!

Suddenly the two arms of the old man Qinglong went down from the air, and the old man Qinglong hovering in the two arms of the old man Qinglong swallowed terribly towards the Li Tian from left to right.

Li Tian, who was full of blood and arrogance, was restrained by the other three elders at this moment. Seeing the elder Qinglong above exert his terrifying "blue dragon strength", he could only raise his eyes of destruction and look at the two terrible ones. Qinglong.

Ow...

Screamed.

Suddenly two terrifying blue dragons wrapped around Li Tian's body, one wrapped around Li Tian's head, and the other wrapped around Li Tian's body.

After entwining that Li Tian, the two blue dragons twisted and roared suddenly, as if they were trying to swallow the crazy Li Tian.

The old man Qinglong is worthy of being the head of the Four Elephants!

The Azure Dragon Jin in his hand really has peerless skill.

Seeing that Li Tian was entangled by two blue dragons, Li Tian's blood energy suddenly began to diminish...His terrifying face wearing a bronze mask could not tell the expression, but it came from his appearance. Look, Li Tian is absolutely uncomfortable.

Then he yelled wildly.

Every ugly cry cut through the sky, shocking everyone present, and everyone's ears were tingling.

Seeing that Li Tian suffered such painful torture, the evil ***** here was bleeding in pain.

"God, my child..."

"No...no...no..."

Suddenly he couldn't stand it anymore, and the evil ***** who watched his own son's pain, rushed at the old man of the Azure Dragon desperately!

He wants to stop, stop the old man with green dragon from continuing to hurt Li Tian!

After all, every father would not look at his son, he would suffer alive and die.

But he said that when the evil ***** rushed towards the old man Qinglong, the old man Wuji here, Situ Ningbing, and Duanmuying and other girls were all stunned...

Chapter 2515: Falling stars

"Kuafu, you can't do this!!!" The old man Wuji exclaimed.

Situ Ningbing, Ouyang Shiqing, and Duanmuying all screamed there in shock.

"Senior Cthulhu..."

But everything is too late.

The Cthulhu has already rushed towards the old man of the Azure Dragon.

He wants to stop the old man Qinglong, stop his Qinglong Jin!

The other three elders were also using their profound skills to subdue Li Tian at this moment. He didn't expect that a guy would suddenly run out to attack the old man Qinglong, and he was shocked there.

Cthulhu Guo really rushed over.

He disregarded his life and death, disregarded his own safety... from behind he directly rushed towards the old man of the green dragon.

At the moment the Cthulhu rushed over, although the old man Qinglong felt the strong wind behind him... but he couldn't stop it, because he was now using Qinglong Jin to deal with that Li Tian?

In this way, the Cthulhu both palms hit the old man Qinglong, and the Cthulhu didn't use much strength. He just wanted to stop the old man Qinglong, he only wanted to save Li Tian, but he didn't want to hurt the old man Qinglong.

But he never imagined how terrifying the old man's Qinglong Jin would be!

At the moment when the Cthulhu's palms hit the Azure Dragon elder, the Azure Dragon's strength that the Azure Dragon elder had originally used was suddenly and terribly bitten toward the Cthulhu.

Azure Dragon Jin is an extremely terrifying masterpiece, and the true power of Azure Dragon Jin lies in the left and right blue dragons that he has transformed into. Once these left and right blue dragons are transformed, even the old one cannot control it. Now the evil **** has hit the old one with a palm On Li Tian's body, the two blue dragons that had been entwined with Li Tian suddenly roared and swallowed the evil **** madly.

"Kuafu! Be careful!" The old man Wuji wanted to come and rescue... It was a pity that everything was too late.

And what about the old man Qinglong?

He also wanted to take back his Azure Dragon Jin, but he couldn't take it back.

The two ferocious blue dragons swallowed the evil **** like this.

what

A scream of screams cut through the hazy sky.

But seeing the body of the Cthulhu God being swallowed by the two blue dragons, with a thud, the Cthulhu's chest exploded.

blood!

It spluttered out with a pop, splashed on the old man Qinglong, splashed on the face of Li Tian who had gone crazy... the blood also fell drop by drop from the air like petals.

With a plop, the body of the evil ***** flew down from the sky.

"Kuafu..."

"Senior Cthulhu..."

Looking at the evil ***** with blood splashing in his chest, the old man Wuji suddenly flew over in grief, and Situ Ningbing and Ouyang Shiqing also rushed over in madness.

However, everything is too late.

But seeing that the body of the evil ***** fell in the white ice and snow, a huge blood hole exploded in his chest... The old man Wuji and the Situ Ningbing seemed to be using their hands to block the evil spirit from flowing out. Blood...Unfortunately, I can't stop it...

"Kuafu, Kuafu, you can't die! You can't die." The old man Wuji cried.

Muddy old tears flowed from his face.

The three girls including Ouyang Shiqing and Situ Ningbing also knelt on the ground and started crying.

But what about Cthulhu? He was already powerless.

His body was completely abolished, and even the Sixiang old man in front of him could not be saved.

I saw that evil ***** fell to the ground, looking at his master with blood full of mouth... Then, he weakly said: "Master...I...I...nothing..."

"I'm last...finally...please get old...one thing..." the evil ***** said desperately.

After the old man Wuji heard this, his old body trembled in the cold wind.

A drop of tears flowed from his eyes.

"Kuafu, my good disciple, you will not die, you will not die."

But seeing the evil ***** laughed miserably, he blinked weakly in his eyes and said: "Master... people... will eventually die..."

"I...before I die...I just hope...Master...Master...Promise...Help me...Take care of...my son!"

After speaking, the evil ***** had no strength.

The Wuji old man in front of him heard his favorite disciple say so, and cried out in grief.

"Kuafu, I promised you for my teacher... I must promise you..."

Cthulhu suddenly smiled at the corner of his mouth!

Then he blinked with difficulty, looking at Li Tian, who was 10 meters away from him... Suddenly, one of the evil gods' hands was raised with difficulty... Reached towards that Li Tian... as if to grab his own. Son's arm... It's a pity... He has no strength!

When his hand was raised in the air, he finally lost his strength!

Then his hand... from the air... fell down suddenly.

died.

A generation of Cthulhu died like this.

For Li Tian, for his son, he gave his most precious life.

When the evil ***** died, a distant lone star suddenly fell from the sky above the hazy sky.

The star from above the sky drew a bright rainbow across the sky, and then fell, and it was no longer visible.

"Kuafu!"

"Senior Cthulhu."

The old man Wuji, as well as Situ Ningbing, Ouyang Shiqing, and Duanmuying all around him wept bitterly.

Their cries mixed with the whine of wind and snow, as if even God was crying for this pitiful scene.

But what about Li Tian over there?

After the blood of the evil ***** splashed on his bronze mask, his body suddenly stood motionless in the ice and snow.

He seems to be stuck!

It also seems silly.

Even the terrifying ***** arrogance just now disappeared all over his body at this moment.

He just stood in the ice and snow like a stone, staring blankly at the body of the evil god.

Suddenly he yelled from his mouth.

"father!!!"

When he shouted out, everyone was stunned there, even the old man Sixiang was stunned there, looking at Li Tian in disbelief.

After that Li Tian called out the word "Father" soberly, he suddenly walked towards the dead evil ***** step by step in a daze.

The icy north wind is chasing, and the snow is falling.

There is nothing in Li Tian's eyes anymore, and only the "corpse of the evil god" is in his eyes at this moment.

He just walked towards the evil ***** in a daze.

The three elders here saw Li Tian walking towards the body of the evil ***** in a daze. He just wanted to say something but was suddenly stopped by the old man Qinglong.

The old man Qinglong raised his eyes, just looking at Li Tian who walked past him blankly.

No one knows what happened to Li Tian...

Chapter 2516: Surprise

The wind is howling and the snow is floating.

Li Tian walked towards the body of the evil **** like that step by step.

Cthulhu's blood still stuck to his bronze mask... he didn't wipe it... just walked forward blankly.

When Li Tian walked over like this, both Situ Ningbing and Ouyang Shiqing raised their tear-stained pretty faces and looked at him there.

"Li Tian, Senior Cthulhu is dead." Duanmuying screamed sadly next to her.

But that Li Tian didn't seem to hear him, and suddenly sat down in front of the evil god's body, then stretched out a hand and hugged the evil god's body...

"Li Tian, what's the matter with you?" Situ Ningbing couldn't help shouting when he saw Li Tian's weird situation.

But Li Tian didn't hear it at all.

He was just holding his father's body tightly there.

"Li Tian, don't scare us...what's the matter with you?" Situ Ningbing stretched out his hand and cried Li Tian's arm there.

What about Li Tian? Still not moving!

As indifferent as the stone.

"Senior Wuji, what's wrong with Li Tian?" When seeing Li Tian's appearance, the three girls not only raised their heads and looked at the old Wuji in front of them.

The old man Wuji looked at the scene in front of him sadly, and muttered: "Hey, I don't know... Maybe... Maybe... Kuafu's death made this little Li Tian... change!"

In this way, Li Tian always hugged the body of the evil **** like that.

He only said one word from beginning to end: Dad!

Then he never said a word.

The wind and snow blew over, on his body, on his hair, on his body, but he was indifferent.

"Big brother, what happened to the little baby?" The old Xuanwu, the old Suzaku, and the old Baihu all walked over and asked the old green dragon.

The old man Qinglong showed a guilty look on his face and said: "It may be that the old man accidentally injured his father...it caused his mental breakdown."

"Brother, you didn't mean it!"

"Yes, your Azure Dragon Jin's terrifying power is inherently difficult to control... So please don't blame yourself, Brother."

The old Suzaku and the old White Tiger were all persuading the old green dragon.

Yes, the old man Qinglong had already wanted to take back his skill a lot, but unfortunately, he could not get it back at that time.

Moreover, the attack of the evil ***** originally came from behind, and for the old man of the green dragon, it was something that had never been expected.

But what about the old man Qinglong?

He was a very kind-hearted person, no matter what, that evil god's life was because of himself.

But seeing the old man Qinglong in the wind and snow, he turned his head slightly and looked at the lonely figure of Li Tian, muttering in his mouth: "This child's life is so bitter, so bitter!"

The words of the old man Qinglong were blown away by the cold wind and disappeared into the world.

The other three elders looked at Li Tian with sad eyes at this time.

The top of Piauxue Peak.

Everyone stood in the wind and snow, looking at Li Tian who was holding the body of the evil ***** blankly.

Fengxue covered Li Tian and the body of the Cthulhu one by one... But this Li Tian never moved from start to finish.

Situ Ningbing, Ouyang Shiqing and Duanmuying kept wiping the snow and ice on Li Tian's body.

One hour later, Li Tian did not move!

Two hours passed...

One day has passed! ! !

The wind and snow were still there, and the deep snow had completely buried the body of the evil ***** and Li Tian's body, but even so, Li Tian did not move.

Li Tian seemed silly.

Like a stone.

During this period, the old four elephants used his skills to forcibly melt the snow on the top of Piauxue Peak... But when will Li Tian wake up? When will it move?

one day one Night.

The temperature in the Tianshan Mountains dropped suddenly...All the ice and snow were frozen into blocks of ice.

At the top of Piauxue Peak, Situ Ningbing, Duanmuying, and Ouyang Shiqing, because their internal strength is too low, they have been frozen to the point of numbness.

Looking at the trembling bodies of the three girls, the old man Wuji finally couldn't help saying: "I'll take you down... the temperature here is too low, you can't bear it."

But after the old man Wuji said so, the stubborn Situ Ningbing and the others shivered and said, "No..."

"We... we... must guard... Li Tian..."

Hearing them say this, Old Wuji sighed: "But if you continue like this, sooner or later you will be frozen to death."

But seeing that Situ Ningbing said there: "Even if it's...death...we won't...leave...Li Tian..."

Finally, the helpless old man Wuji couldn't help but suddenly reached out and tapped the three girls' acupoints.

"Senior Wuji...you...what are you doing?" The three girls couldn't help but said in surprise after being tapped by the old man Wuji.

The old man Wuji did not pay attention to the words of the three girls in front of him, but suddenly reached out and grabbed their arms, and then sent him to the ice cave below the Piaoxue Peak.

He must send Situ Ningbing, Ouyang Shiqing, and Duan Muying to the cold ice cave.

Although the temperature there is very low, it is not enough to freeze the three girls to death!

In order to save them, Old Wuji had to tap their acupuncture points.

In this way, the old man Wuji sent the Situ Ningbing and the others to the ice cave below.

After the old man Wuji sent the three girls back to the cold ice cave, suddenly there were waves of "long, long, long" celestial earthquakes from the entire Piaoxue Peak.

The sound came from the center of Piaoxue Peak, and it seemed to be from the bottom of Piaoxue Peak.

After hearing the weird "long, long, long," sound, the old man of the four elephants standing on the top of Piaoxue Peak suddenly frowned deeply.

"Big Brother... the voice rang again." Suddenly a word came out of the old Xuanwu man's mouth in shock.

After he said it, the expression of the old man Qinglong suddenly changed.

"It seems that the gate of the restricted area at the bottom of Piaoxue Peak... has changed dramatically."

When the third elder next to him heard this, his face suddenly showed excitement and said: "Brother, is it possible that the door to the restricted area will really open?"

The old man Qinglong did not speak, but suddenly raised his eyes to look at the strange flying clouds in the sky.

But on the dim sky, strange clouds floating there... and occasionally you can see thunder and lightning in the sky.

Chapter 2517: Forbidden area mutation

Just as the old man said this, suddenly, a strange light came from the sleeves of the old man's robe.

"Brother, your sleeve?" Suddenly the old white tiger noticed the bright light inside the sleeve of the old man Qinglong.

As the white tiger old man in front of him said so, the old man Qinglong frowned slightly, then suddenly raised his sleeves, and saw that the shiny thing on the sleeves turned out to be the second treasure among the ancient relics: the picture of the blazing phoenix...

It turned out that this blazing phoenix picture emitted a weird light.

"How can this ancient relic suddenly radiate light?" The old man Qinglong in front of him was extremely surprised.

Legend has it that this blazing phoenix image can see through and into the future, but no one has ever been able to understand it. I don't know why this blazing phoenix image suddenly emits a strange light.

Following the green dragon old man hurriedly took out the "Fire Phoenix Picture" in his sleeve, and then looked at the situation on the Fire Phoenix Picture with wide eyes.

At this time, the three elders by his side all approached, and then all raised their eyes to look at the weird picture of the blazing phoenix.

I saw the picture of the blazing phoenix, and at this moment it really emitted a weird light.

Look carefully at the picture: The above pattern shows a pattern of a blood phoenix emerging from the fire and regaining a new life.

At this moment, the old four looked at the pattern carefully, and suddenly saw the raging fire on the picture, as if it were really burning... Then he saw the ***** phoenix flying constantly soaring into the sky.

Looking at this weird pattern of ancient relics, Si Lao suddenly seemed to understand something.

"Born from the ashes... from the ashes..."

"Could this ancient pattern be a sign?" The old man Qinglong whispered suddenly, while raising his eyes to look at Li Tian, who had been covered in snow and ice, in surprise.

The old white tiger beside that said, "It should be."

"It seems that this little baby should be the only one who can open the door to the restricted area for thousands of years."

Listening to the old white tiger saying this, everyone turned their eyes to Li Tian over there.

"But now this little baby looks stupid... completely motionless, it's almost a day and a night, what should I do?" The old Xuanwu man in front of him looked at that Li Tian with a worried look and asked.

The old man Qinglong glanced slightly. Li Tian, who is still holding the body of the evil ***** here... murmured, "Don't worry, what should appear will eventually appear."

"I believe that these so-called three ancient relics may exist for this little baby."

The moment the old man Qinglong finished saying this, suddenly the blazing phoenix picture that was originally held in the hands of the old man Qinglong suddenly burned automatically.

what!

Looking at the blazing phoenix picture, he suddenly burned, the old man Qinglong subconsciously screamed, and then quickly let go.

I saw that the blazing phoenix picture suddenly flew up in the air after being scraped off, and the light blue flame watched and burned all the blazing phoenix picture.

An ancient relic that was once robbed by thousands of people on the rivers and lakes, unexpectedly spontaneously ignited on the top of Piauxuefeng for no reason!

Looking at the picture of the blazing phoenix gradually turning into ashes, the four old men's face suddenly showed an unprecedented surprise.

Because they knew in their hearts that the thousand-year secret of Tianshan might really be about to be solved!

At this moment, the bottom of Piauxue Peak suddenly heard a "rumbling" sound.

Listening to the "rumbling" voice, the old white tiger in front of him suddenly asked the old green dragon, "Brother, the gate of the restricted area under Piauxue Peak is ringing again..."

With an extremely solemn look on the face of the old man Qinglong, he suddenly said, "Go, let's go down to the bottom of Piauxue Peak and look at the gate of the restricted area."

When the other three elders heard the old man Qinglong say this, they were not only taken aback at the moment: "Go down now?"

But seeing the green dragon old man said: "Yes, go down now, I believe something must have happened at the gate of the restricted area."

Accompanied by the green dragon old man suddenly saying this, the Xuanwu old man in front of him not only said, "But what about this little baby?"

The old man Qinglong looked back at Li Tian covered in ice and snow, and the body of the evil god, and suddenly said, "He will be well, soon, soon."

When the old man Qinglong uttered these words, he never looked at the Li Tian covered in ice and the body of the Heretic God, and suddenly flew towards the bottom of the floating snow peak.

The three elders in front of them all followed closely when they saw the old man Qinglong flying down quickly.

On Piauxue Peak, the wind and snow were blowing, leaving only Li Tian, who was covered in ice and snow, motionless, and the body of the evil **** in his arms...

When the old four elephants flew all down from the top of the Piauxue Peak, they flew towards the ice cave.

After arriving at the ice cave, I happened to see the old man Wuji.

The old man Wuji couldn't help being stunned when he saw the old four elephants flying down.

"Four...four...seniors, you...how did you come down?" Even the identity of the old man Wuji had to call seniors before the old four elephants.

After all, he knew that these four elephants were old men for thousands of years.

The old man of Sixiang glanced at Wuji slightly, and then said, "Because the gate of the restricted area of Tianshan Mountain is abnormal."

"The gate of the restricted area?" When the old Sixiang said this, Wuji was startled.

But seeing the old four elephants suddenly smiled and looked at the Wuji Dao and said, "Didn't you want to see the gate of the restricted area more than two hundred years ago? Go down and take a look at the gate of the restricted area, would you like it?"

When the Wuji old man heard it, he was naturally extremely pleasantly surprised. He really wanted to see the secrets of that thousand years.

So he said, "Yes."

The old man Sixiang heard the old man Wuji say this, so he smiled there and said, "Well, let's take you down and take a look at the secret of the thousand years."

After hearing this, the old man Wuji suddenly questioned: "What about Xiao Litian?"

The old man from Sixiang knew that he cared about Li Tian.

So he replied there, "Don't worry, that little baby will be well soon, trust us."

Although the old man Wuji was still very mindful of Li Tian, he felt a little relieved when thinking of Li Tian's peerless martial arts in his mind.

To be honest, now Li Tian, there is no single person who can hurt him.

No way, Li Tian's current skill is too high.

Chapter 2518: The bottomless black hole 2 more

In this way, the old man Sixiang led the old man Wuji and began to walk forward continuously along the ice cave.

The old man Wuji was very puzzled. He didn't know where the gate of the restricted area was. At this moment, he just silently followed the old man Sixiang to the front.

After passing through several ice passages, suddenly the old four elephants in front stopped.

After stopping, the old man Wuji was not only taken aback.

Why did you stop here?

Just when the old man Wuji felt extremely curious in his heart, suddenly the old Sixiang turned around slightly and said to the old man Wuji, "You get away a little..."

The old man Wuji was taken aback for a moment, then hurriedly stepped to the side to stand.

After he moved away from his footsteps, he saw that under his feet, there was a huge pattern with a weird triangle shape...The moment the old man Wuji saw this weird pattern, he couldn't help being taken aback.

"Several seniors... Is this the gate of the legendary thousand-year forbidden zone?" Wuji suddenly looked at the old Sixiang in surprise and asked.

But seeing the old four elephants suddenly smiled slightly.

"No, this is just the entrance!"

"The gate of the real restricted area is actually at the deepest bottom of Piauxue Peak," said the old man from Sixiang.

When the Wuji in front of him heard the old Sixiang suddenly say this, his eyes widened.

He would never have thought that the gate of the restricted zone was hidden deep at the deepest bottom of this soaring Piauxue Peak.

When the old man of the four elephants suddenly finished saying this, he saw the old man of the four elephants, suddenly showing a strong vigor, and then slowly spreading it towards the thick cold pattern.

As the inner strength of the old four elephants spread, the thick ice totem suddenly cracked open.

After splitting, a huge black hole gradually formed.

The black hole was about two meters wide, and it didn't see the bottom... it was dark and dark, and you couldn't see anything at all, as if inside this deep black hole, it was an endless abyss of hell.

Looking at the hellish black hole, even the old man Wuji frowned deeply.

"It's so deep." The old man Wuji said in astonishment.

The Sixiang old man smiled and said to the Wuji old man, "Are you ready? If you are ready, let's go down with us to witness the gate of the forbidden zone for that thousand years."

The old man Wuji heard them say so, so he nodded.

Then, when I saw the old man of the four elephants, he glanced at each other suddenly, then his figure stretched, and all of a sudden, the old man of the four elephants flew towards the dark deep hole.

The Wuji old man saw the Sixiang old man and all flew into the endless black hole. After thinking about it, he started flying in too.

When the old man Wuji flew in.

black!

The endless darkness is enveloping his body...

Except for the declining wind, there is nothing to see or hear.

Inside this black hole, the temperature is extremely low and extremely cold. If it weren't for the old man Wuji and the old man of the four elephants who possessed peerless skill protection, I am afraid they would be frozen alive and freeze to death in less than ten minutes after entering this black hole.

come down!

Constantly falling downwards.

Even the old man Wuji didn't know how deep this deep black hole was. He only felt that his body seemed to be sucked deeply by some terrible attraction... descending rapidly.

Time passed by every minute.

The old man Wuji kept dropping like this.

I don't know how far the Wuji old man and the Sixiang old man have fallen, and how long, when he suddenly saw a strange light coming from the lowest place.

The moment he noticed the light, the old man Wuji was not only surprised.

Then I lowered my head to look, but saw that at the bottom of the bottomless, a cloud of light began to slowly expand as they descended...expanded...

"Be careful, we are about to fall."

The voice of the old man Qinglong suddenly sounded below.

Accompanied by the influence of the old man Qinglong, he saw that the old man Qinglong suddenly lifted his breath at the moment he was about to fall, and both palms hit the ground below.

With a bang, the force of the counter-shock slowed the falling gravity... Then the old man Qinglong fell slightly.

The other three elders, like the Qinglong elder, took advantage of the force to block the resistance... and then slowly fell down.

The old man Wuji made the same choice after seeing the old four elephants falling in that way!

Then I saw that the old man Wuji also slowly fell from the black hole at this moment.

They are here!

Finally reached the deepest and deepest bottom of Piauxue Peak.

I saw that after the old man Wuji fell, a huge light appeared in front of them. Looking up, I saw a strange blue intertwined with gold in the huge space more than 20 meters away from them. The light flashed dazzlingly.

The light pierced people's eyes...Because the light was too dazzling, Old Man Wuji couldn't clearly recognize what it was.

In order to avoid damage to his eyes, the old man Wuji had to turn his head. At this moment, he turned his head, but seeing this huge space horrified, he completely appeared before his eyes.

Such a large space.

Such a big cave!

Is this true?

I saw a powerful stone pillar, a horror of more than ten feet high... and these pillars are very thick, very thick, they are carved with huge granite...

On the mottled ancient stone wall in front, there are still carved humanoid images, but those humanoid images do not seem to be from this era, because they are wearing weird armor...

The sculptured figures are male, female, old and young, and some city-state murals...soon to live.

"Oh my God, what exactly is this place?" The old man Wuji suddenly shouted in horror.

Then stepped forward to see the sculptured figures...

I saw the human sculptures, each of them was extremely vivid and immersive, just like real people. Looking at these sculptures, the old man Wuji not only stayed there.

At this moment, a voice suddenly came from the face.

I saw the old Xuanwu came over.

"Do you feel weird?" The old Xuanwu said suddenly, squinting his eyes and looking at the old Wuji in front of him.

The old man Wuji admitted and said, "Yes, it's so shocking!"

"I would never have thought that there would be such a huge secret hidden at the bottom of Piauxue Peak in this Tianshan Mountain, and there are such gleaming human sculptures."

Chapter 2519: They are human

Hearing what the old man Wuji said, the old man Wuji suddenly smiled and said, "No, you are wrong. These are not human sculptures."

After hearing the old Xuanwu say this, the old man Wuji frowned deeply.

"What do you mean," the old man Wuji asked.

The old Xuanwu man, in other words, pointed to these weird humanoid sculptures and said: "Because, they are not sculptures... they are real people!"

what?

When the old Xuanwu man in front of him suddenly said this, the old man Wuji suddenly yelled.

A face is full of incredibly surprised expressions.

"What? They are humans? Not sculptures?" The old man Wuji exclaimed.

He couldn't believe that the 2030 sculptures in front of him were all human! ! !

The old Xuanwu smiled and said, "Yes, they are indeed human."

"If you don't believe it, you can try to touch their bodies." The Xuanwu old man in front of him continued to say to the Wuji old man.

The old man Wuji was stunned for a moment, turned his head, looked at the "sculptures" one by one, not only was he surprised in his heart: God, are they really human?

Do not! impossible!

If they are humans, how can their bodies be preserved for so long? Without dying?

Could it be because of the cold in this cave... the bodies are stiffened? So did their bodies become like sculptures?

The old man Wuji in front of him was thinking this in his heart, while raising his old hands, he slowly touched a tall guy in armor. This touch made the old man Wuji startled there.

Although the guy in front of him had been frozen and stiff, the old man Wuji still felt his flesh after touching it, it was a real flesh.

These are really real people! Not the so-called sculpture!

When the old man Wuji felt it, he couldn't help screaming there.

"Really human? Really human?"

The old man Wuji in front of him shouted with wide unbelievable eyes.

The old man Xuanwu smiled slightly and said, "Now you believe it?"

The old man Wuji nodded in shock, and then said, "I believe it."

"But... these people... who are they? Judging from their dress and appearance... they seem to be characters from ancient times..." The old man Wuji said suddenly.

indeed.

These frozen corpses are indeed not modern people, because they are wearing ancient armors, and they look heavier and more sophisticated than ancient armors.

"Are these people from ancient times?" The old man Wuji questioned.

When the old man Wuji said so, the old Xuanwu man beside him smiled faintly and said, "You are wrong again."

The old man Wuji stunned: "Huh? Am I wrong again?"

"Yes, because these people are not people in this world." Suddenly a sentence came out of the Xuanwu old man's mouth.

When the old man Wuji heard this, he was completely confused now.

Looking at the Xuanwu old man, he said, "They are not from this world? What you said...I...I didn't understand."

The old man Wuji really didn't understand, why did this old Xuanwu say this?

What are people who are not in this world? Isn't it a person in this world? Will it be another planet... or... otherworldly people?

But seeing that Xuanwu old man laughed and said: "I know, you don't believe what I'm telling, but if I tell you a story, you may understand."

After the old Xuanwu finished speaking, the old man Wuji frowned and thought about it, and then blinked at the old Xuanwu at the moment. He wanted to listen and see why the old Xuanwu thought these people were not in this world. People! ! !

The old Xuanwu said: "You know, our four elders have lived for more than two thousand years. In this world, we have seen too many secrets and witnessed too many legends. Some of the secrets and legends have been confirmed, and some are made up of false lies...Only, these people in this cave and the gate of the forbidden area have never been understood by our four old offices. "

"A long, long time ago, we were ordered by our master to guard this Tianshan restricted area! At that time, our four brothers did not know where the gate of the restricted area was, so we spent more than a hundred years looking for it. , Finally one day, we heard a loud rumbling noise coming from the bottom of Piaoxue Peak...We only sensed that maybe the gate of the so-called legendary restricted area is probably right under our feet, so our four brothers got through The top of Piaoxue Peak...and then stretched to the bottom, and finally found the door to the restricted area."

"When we found the door of this restricted area, there was nothing in this huge space except for some weird auras..." the old Xuanwu said.

When the old Xuanwu preached here, the old Wuji in front of him couldn't help but question: "You mean, these corpses... didn't exist at that time?"

The old man Wuji pointed at the row of 2030 frozen corpses.

But seeing the old Xuanwu nodded seriously and said, "Yes."

"At that time, these corpses didn't exist at all..."

When the old man Wuji heard this, he was depressed and asked, "Where did these corpses come from?"

The old Xuanwu said, "This is also one of the reasons why our four brothers are puzzled! After our four brothers opened up the underground passage of this Tianshan restricted area, we tried to open the door of the restricted area, but there was no opening at all. The method...So after staying for a long time, our four brothers finally returned without success."

"After going up, we sealed the door of the passage, and then we began to practice continuously in the ice cave of Piaoxuefeng! Cultivation! About three hundred years have passed, and the skills of our four brothers have already passed. It has almost reached the stage of becoming a realm, so we want to try to open the door of the forbidden area again... So we use our internal force to open the sealed underground passage, and then fly down from above...Fly down After that, we saw these corpses!"

When the old Xuanwu said this, the old Wuji in front of him was stunned.

"At that time, after seeing these frozen corpses, we also felt shocked... I thought, where did these people come from? How did they get into this deep cave? We looked around... looked at everything, , But never found a place to come in! Besides, this is the bottom of Piaoxue Peak, and no one can come in. Thinking of this, our four brothers couldn't help being shocked."

Chapter 2520: Strong resistance

"Finally, no matter how we look for it, we can't find where these weird people come from."

The old Xuanwu sighed slightly.

When the old man Wuji heard this, he was really depressed.

"Are these people crawling out of a cave in these surroundings?" The old man said.

The old Xuanwu immediately denied: "No, it's impossible, because we have checked more than a thousand times in these four weeks, and there is no hole that can accommodate a body."

The old man Wuji has nothing to say.

Say there, "That's too strange, where did these people come from?"

The old Xuanwu man suddenly turned around and said slightly: "If you really find a reasonable explanation, then there is only one greatest possibility."

The old man Wuji asked in shock, "What is possible?"

"That is, they came out from the gate of the forbidden area." The old Xuanwu man in front of him said as he raised his eyes, looking at the gate of the forbidden area with weird blue light and golden light. .

Where is the gate of the legendary Millennium Forbidden Zone?

"The gate of the restricted area?" The old man Wuji called out in astonishment.

I saw the old Xuanwu nod deeply and said: "Yes, only this one is possible! Can explain why these people appeared in this deep hole..."

The old man Wuji said: "Can the door of the restricted area be opened?"

"What is behind it?"

The old Xuanwu smiled bitterly and said: "Who knows? This secret has been around for thousands of years...Who can open the door to this restricted area?"

Hearing the old Xuanwu suddenly say this, the old Wuji was relatively speechless.

Now even he is depressed.

He really couldn't think of where these weird corpses came from...Which dynasty did they wear weird costumes? It seems that in the history of China, there is no such dress up! ! !

Could it be...

Could it be that... these more than 20 corpses really came out of the gate of the restricted area?

Are they really not people in this world? Is it another planet, or someone from another world?

With such doubts, I saw the Wu Ji old man, and the Xuanwu old man in front of him, walking step by step toward the gate of the restricted area that exuded strange light.

The dazzling light was still shining there, and the strange light illuminated the entire space into blue and gold.

No one knows that the light is emitted from above, and no one knows what secrets are hidden behind this light.

When Elder Wuji and Elder Xuanwu approached the gate of the restricted area, the other three elders who had been standing next to him suddenly laughed and asked, "The fourth old man has told you strange things?" The old man Qinglong looked at the old man Wuji with a smile and asked.

The old man Wuji nodded silently and said, "Yes."

"It seems that you are also confused, right?" The old man Qinglong continued to ask.

The old Wuji in front of him answered truthfully: "I am indeed confused."

"Hey, what are the four brothers actually?"

"Our four brothers have been guarding this thousand-year-old secret... Until now, we haven't solved the mystery..." When he said this, the voice of the old green dragon was not only full of a slight sense of loss.

When the old man Wuji heard the old man Qinglong say so, he didn't know what to say.

He just raised Long Jiong's eyes, and then looked at the weird gate of the restricted area.

But seeing the gate of the so-called forbidden zone, it is just a weird blue and golden intertwined light curtain... in the back, nothing can be seen... it seems like an endless void!

Glancing at the gate of the so-called restricted area, the old man Wuji suddenly said, "This is the secret of the thousand years? This is the gate of the restricted area?"

The elderly Sixiang smiled and nodded.

The old man Wuji frowned and said, "It seems that there is nothing strange... I just don't know how to break through this weird light curtain..."

The old four elephant said: "This light curtain cannot be penetrated! If it can penetrate, it will be equivalent to unlocking the door to the restricted area!"

The old man Wuji is eager to try!

After all, in his eyes, apart from being a little weird, there is nothing strange about this light curtain...

The only thing he is curious about now is, what is behind the gate of this restricted area?

Is it the void?

Or is it another tunnel gate connecting another world?

Looking at the Wuji old man, the white tiger who was sitting in a wheelchair suddenly smiled at the Wuji old man and said, "Do you want to try to see if you can enter this restricted area, right?"

When the old man Wuji heard the old white tiger see his thoughts, he not only smiled awkwardly and said, "Old man, really good eyesight!"

The old man Bai Hu smiled faintly: "Since you want to try...you can try it! Just be careful."

After the old man White Tiger finished speaking, the old man Qinglong, the old Suzaku, and the old Xuanwu all turned to look at the old man Wuji.

The old man Wuji thought about it, so he was ready to try it.

For hundreds of years, Wuji has always had an idea, that is, he wants to break through this forbidden zone. Now he has a huge opportunity before his eyes. Of course he wants to try!

After the old man Wuji made up his mind, he was determined to give it a try.

So I saw the old man Wuji stepping cautiously, and began to walk step by step toward the light curtain of the door of the restricted area.

When getting closer and closer to the light curtain at the gate of the restricted area, an invisible resistance suddenly passed from the light curtain!

The powerful resistance seemed to be blocking the old man Wuji.

The old man Wuji was taken aback for a moment, and his heart secretly lined: This door to the restricted area is really weird! Unexpectedly, I moved forward a bit?

After thinking like this in his heart, the old man Wuji suddenly took out the Liangyi Zhenqi in his body. He didn't believe it. He used his own strength, but couldn't he get a step closer to this restricted area?

Liangyi's true qi covered the whole body of the old man of Promise, his robe was filled with awful energy, and his whole body moved forward vigorously, trying to get close to the door of the restricted area, and at the same time which foot moved vigorously!

However, it doesn't move!

The terrible resistance became stronger as the old man Wuji's internal strength strengthened...

It seems that the stronger the internal force he exerts, the greater the resistance.

"How could this be?"

"Could it be that my Wuji's hundreds of years of skill can't even reach the possibility of one step closer to the gate of the restricted area?" The old man Wuji suddenly angered in his heart.

After the old man Wuji's whole mentality became angry, he used all the strength in his body.

But at this moment, the resistance suddenly became terribly powerful in the light curtain of the gate of the invisible restricted area!

With a bang, there was a strong resistance that directly shook the body of the old man Wuji out.

"Be careful!"

With an exclamation, the old man Qinglong in front of him took the body of the old man Wuji that had been shaken away.
