

## A Killer 2541

Chapter 2541: black market

"The reason why the Scarlet Legion is terrible is because the boss of their Scarlet Legion is an illusionist who practices thunder and lightning..." Elena said in front of her with horrified eyes.

Hearing Elena's words, Li Tian not only frowned slightly.

"The illusionist who cultivates thunder and lightning? Is it really that scary?" Li Tian murmured.

Then Elena said: "Benefactor, you may not really know the world very well. I can tell you that the most violent thing in the Spirit Earth Continent is the lightning illusion, because the power of the lightning illusion is the most powerful of all illusions. , An advanced lightning illusionist, can destroy a very large area! So the lightning illusionist is a very powerful existence in the land of the spirit! The second is: fire illusion, fire illusion is also very powerful..."

"However, the most powerful is the Qi illusion." Elena suddenly said there.

Li Tianyi frowned and said, "Qi illusion technique?"

Elena said, "Yes!"

"The so-called qi illusion technique is the most difficult horrible illusion technique among the five categories of wind, fire, thunder and lightning, and water. Moreover, in the land of the spirit earth, it is rarely heard that the practitioners of qi illusion... ...I remember that long, long ago, I heard that there is a great illusionist who is a high-level illusionist of Qi illusion. His power can condense all the aura of the space... It can also use the aura to twist the entire space, so In the subsequent battle, he was killed by several other fire, thunder and lightning, wind, water, and several great illusionists."

When Elena said these words, there was a sense of godless yearning in her eyes.

After listening to Li Tian, he thought for a while, this strange world is indeed different!

I really don't know how powerful the terrifying illusionists in Elena's mouth are, Li Tian thought in his heart.

In this way, after a simple understanding, Li Tian finally understood why Elena and the others were afraid of the members of the Scarlet Legion...It turns out that there are illusions in the Scarlet Legion.

After eating wine and food, the sky has dimmed.

In the tavern, the candlelight has been lit at this moment, and the shining pearl light brightens the entire tavern.

Li Tian looked at Elena and asked, "Now the Scarlet Legion is looking for you, what do you plan to do next?"

When Elena heard Li Tian say this, Liu eyebrows not only wrinkled slightly.

"Hey, Stormwind City definitely can't stay any longer."

Li Tiandao: "Then you are going to leave here?"

Elena nodded and said, "Yes."

"It's just that before we leave, we have to go to the black market." Elena suddenly said.

Li Tian questioned: "Why?"

"Because we have a lot of things that need to be sold on the black market in exchange for gold coins, so that we can go to other cities to make ends meet."

When Elena said so, Li Tian didn't say much.

It was Taylor, the strong man over there, with a look of embarrassment on his face. He looked at Elena and said, "Miss Elena, are we really going to the black market?"

Elena hesitated, but nodded there and said: "Yes, I must go."

"However, I am afraid that we will meet members of the Crimson Legion. Now, the members of the Crimson Legion must be looking for us like crazy dogs! If we appear on the black market, we are afraid of being discovered by their people." Taylor worried.

Elena said: "You are right to worry, but we no longer have gold coins! If we don't sell things, we will be starved to death. Do you think it is better for us to be starved to death? Or better than going to the black market. Is it better to take a trip?"

After Elena finished saying that, Taylor was speechless.

In the end, he was there and said: "Okay, Miss Elena, I will listen to you, let's go to the black market."

In this way, after their decision, they are going to the black market at night.

Because I was afraid of being discovered by members of the Crimson Legion, Elena only asked Tyler and another strong mercenary to follow... and the rest of the people and the slaves were also left here!

Tyler carried a large package on his back. Inside that package were some things that their Sirius mercenary group had robbed and picked up in a battlefield outside the territory.

Here, there are animal bones, zong skins, and some messy things.

And now, Elena and Taylor are going to take these things to the black market in Stormwind City for sale! Then exchange for gold coins!

After they are all ready, they will set off.

"I'll go, too." Li Tian couldn't help but say after seeing Elena and the others preparing to set off.

He wants to see this strange world now...so at this moment he actively asked to follow the past to see the so-called black market in Stormwind.

When Elena and Taylor heard that Li Tian was going to the black market with them, they were not only slightly stunned, but then they saw that Taylor grinned and said, "Okay!"

"Benefactor, if you go, we will be a little relieved, you are so powerful, even if we meet a member of the Scarlet Army, we won't be afraid."

Elena also glanced at Li Tian with relief.

Li Tian smiled.

His purpose is just to go to the black market to see, he wants to observe what the world is like.

"Okay, then you can follow us to the black market." Finally, under the decision of Elena, Li Tian planned to follow Taylor and the others to the black market in Stormwind City.

The night gradually became dignified.

In the sky, the stars are shining, covering the entire black earth.

And on this dark night, I saw Elena walking towards the main street of Stormwind City with Taylor, Li Tian, and a sturdy mercenary member.

The main street of Stormwind is brightly lit. The people here have not developed to the stage where they can use "electric lights". They use very old lighting methods, mostly burning pine torches, or some oil lamps... There are even some paper lanterns with glowworms as bright lights.

It was the first time that Li Tian saw such a blazing street, he was not only slightly surprised in his heart...This is completely different from the earth before!

This different world called Lingtu Continent seems to be living in the ancient times, but their various buildings and appliances are so advanced, which is really incredible!

While walking on the main street of Stormwind City, Li Tian blinked his eyes to observe the surrounding environment.

Chapter 2542: Black market merchant

The four of them crossed the main street of Stormwind, and then walked towards a narrow path.

As he walked, Na Taylor reminded Li Tiandao in front of him: "Benefactor, when you get to the black market, you must not talk nonsense. There is a mixture of fish and dragons in the black market, and even some illusionists will often enter and leave the black market! So benefactors must be careful. Be careful."

After hearing what Taylor said in front of him, Li Tian nodded silently and said, "En! Don't worry."

The black market in Stormwind is indeed a mixed bag, because there are many people there, and there are all kinds of people, so the black market is also the place where things are most likely to happen.

The current Elena and Taylor just want to reach the black market safely, and then sell all the items in their hands!

Once the gold coins are returned, they will leave immediately.

"Almost reaching the black market."

Elena suddenly reminded in front.

Li Tian blinked at this moment, but saw that on the street, piles of strangers were walking towards the huge alley on the right.

These people, there are males and females, old and young...some with weapons in their hands, and some wearing armors, all rushing towards the huge alley from all directions.

"Are they all going to the black market?" Li Tian couldn't help but wonder.

Hearing what Li Tian said, Elena next to him nodded slightly and said, "Yes."

"Go, we are also going to the black market."

After the words were uttered, I saw Alina in front of me suddenly leading Li Tian and Taylor towards the huge alley in front.

After entering this alley, I saw a lot of people gathered here, there were rich people in expensive clothes, and slaves locked in chains.

This is the black market.

Elena led Li Tian and Tyler as they walked forward and said, "Let's go to the market and exchange our things for gold coins as soon as possible."

Elena who was talking then walked forward quickly.

Li Tian behind him followed silently like that.

After arriving at the trading market, I saw many merchants trading there...

There are also many warriors in armor walking around here.

They both held golden coins in their hands, yelling and shouting over there.

"Hey, a deal? I have a good spirit stone here, only 3 gold coins." A short man here asked Li Tian there.

Li Tian glanced at the spirit stone in his hand. He saw that the spirit stone was blue and transparent. It looked like a gemstone. He couldn't help but move. He just wanted to take it in his hand, but was caught by Elena. I gave it a hand.

"Don't want those spirit stones! That's the most inferior thing." Elena in front of her was facing Li Tiandao.

When Li Tianchu came to this spiritual land continent, of course he was not very clear about these spiritual stones.

It turns out that the blue and transparent spirit stones are the lowest level spirit stones. These spirit stones are only useful for illusionists, and are of no use to people who are not illusions.

After Li Tian heard Elena say this at this moment, he nodded, and then ignored the man.

Passing through this trading market along the way, I found that everything here is traded!

Except for some weird things that Li Tian hadn't seen at all...Even women were also dragged and sold here.

But in the front place, there are 35 women in tatters who are locked with chains... They are standing in an empty place with their hair scattered. Each girl has a wooden sign on her neck. It reads: sell female slaves, 5 gold coins each!

It turns out that these poor women are also slaves! !

Looking at the poor female slaves, Li Tian's heart not only raised a very sympathetic look.

"Hey, this world is really different!" Li Tian thought in his heart.

...

At this moment, Elena finally took Li Tian and Na Taylor to the far right of the trading market.

There are fewer people here.

After arriving here, Elena blinked her beautiful eyes and looked around for a while, then walked towards a businessman on one side.

The businessman looked in his 40s, with a thick beard, and was sitting there at the moment.

After seeing Elena and Tyler coming over, they opened their eyes with a smile.

"Boss, we took some things and want to exchange some gold coins!"

Elena, who was talking, motioned to Taylor and another mercenary to bring the two packages up and put them in front of the merchant.

The businessman raised a pair of evil eyes, first glanced at Elena and Taylor, and then murmured: "Are you from the mercenary group?"

This businessman is very smart. After seeing the dresses of Elena and Tyler, he guessed their identities.

When Elena heard the businessman say this, she smiled faintly: "Boss, your eyesight is really good."

Elena, who was talking, opened the two bags containing things in front of her.

Then I poured out the contents inside. After I poured it out, I saw most of the good animal bones, some animal fur, claws and so on.

After Elena poured all the things out, the merchant then carefully selected among the pile of animal bones.

After selecting, he looked at Elena and said, "Your things are useless."

"Except for some tiger bones... I don't use it much."

"Well, if you are willing, I will give out 20 gold coins in exchange for your things, how about it?" The businessman squinted his eyes and said to Elena.

When Elena heard it, her face changed.

20 gold coins?

In the past, this pile of animal bones, as well as those rare furs, would at least be sold on the black market for 50 gold coins, or even more, but now this merchant has paid 20 gold coins.

When the businessman said that, Na Taylor became furious.

"Damn, are you kidding? You only gave us 20 gold coins?" Tyler roared, and rushed over, as if he wanted to do it.

However, it was stopped by Elena over there.

After Tyler was stopped by Elena, he stared at the merchant with a pair of angry eyes.

But when I saw Elena, I looked at the merchant and said, "Boss, everyone is sensible, and we often go in and out of the black market. We really can't accept your price."

The businessman glanced at Elena and said, "If you don't want to buy or sell, then I have nothing to do."

After the bearded businessman finished speaking, he turned his head as if he was not interested in Elena and the others.

Chapter 2543: gold

Elena was extremely depressed.

But it can't happen at the moment, no way, who makes them short of money now, and they must be careful?

After thinking about it, Elena looked at the merchant and said, "Well, boss, 30 gold coins, we will give you all this pile of things!"

"If you agree, we will trade now, if you don't agree, we will leave immediately, and will never disturb you, how about it?" Suddenly Elena looked at the merchant there.

The businessman heard Elena's voice decisively. At this moment, he smiled suddenly, then raised his eyes to look at the pile of good animal bones, and said in his mouth: "Okay, okay, okay!"

"It's so decided."

"30 gold coins."

As the businessman said, he took out 30 gold coins from his arms, and then handed them to Elena.

Then he took the whole pile of animal bones in his arms, and laughed.

Obviously, this time the trader made a lot of money.

And Elena, and Taylor held the 30 gold coins in exchange, and everyone's face showed an extremely ugly look.

"Let's go!" Elena said helplessly to them behind her.

So I saw Tyler and the mercenary behind him walking forward with Elena.

But Li Tian did not follow up.

However, Li Tian had been observing the transaction just now. After the transaction was over, he suddenly walked up to the merchant, and then picked up a piece of animal bone on the ground in his hand and said, "Boss, can this thing be sold to me?"

The businessman shook his head and said, "Don't sell, don't sell."

After speaking, he packed those things in a big bag and was ready to go.

Li Tian looked at him, the corner of his mouth suddenly smiled, and then he slammed into the businessman slightly.

After the businessman was hit by Li Tian, he glared at Li Tian and said, "You guy, why don't you have long eyes when you walk?"

After speaking, he ignored Li Tian and walked forward.

What about Li Tian? He quickly said to the merchant, "I'm sorry, I'm sorry..."

After watching the businessman leave, Li Tian suddenly smiled!

...

"Hey, where's the benefactor? Why is the benefactor missing?" Elena, who had just exchanged gold coins, and Taylor were walking toward the front when they suddenly discovered that Li Tian was missing and cried out depressed.

Taylor also quickly turned his head and looked around. With this look, he saw Li Tian coming over with a smile from behind.

"The benefactor is behind." Tyler pointed.

After seeing Li Tian coming over, Elena not only felt relieved.

At this moment, Li Tian had already walked over with a smile.

"Benefactor, what were you doing just now?" Elena asked, blinking at Li Tian's face that was hidden by the bronze mask.

Li Tian smiled slightly and said, "I helped you get what you should exchange for."

When Elena and Tyler heard it, they were taken aback for a moment, then looked at Li Tian puzzledly and asked: "Benefactor, what you said...we...we didn't understand."

Elena was surprised.

Just after she finished speaking, Li Tian suddenly threw out a black full bag and said with a smile: "Next."

Elena saw Li Tian throw a black bag, she was taken aback, and then subconsciously reached out to pick it up.

With a bang, she took the bag in her hand and looked at Li Tian with a puzzled face.

"This...what is this?" Tyler, the strong man on one side, also asked with a pair of puzzled eyes looking at the black bag.

Li Tiandao said: "You can just open it and see."

After Li Tian finished saying this, Elena quickly reached out to open the black bag. After opening it, only golden coins appeared in the bag!

"Gold coins?" Seeing the bag of gold coins, Elena almost screamed out, raising her incredible pair of eyes to look at the bag of gold coins!

Taylor here and the mercenary behind him were all stunned.

"Ah? How come there are so many gold coins?"

This is a bag full of gold coins, at least 6,070!

Looking at so many gold coins, Elena widened her beautiful eyes and looked at Li Tiandao: "Benefactor, this, this, what is going on?"

Li Tian smiled lightly and said, "Didn't I say, these gold coins are the money you should exchange for."

After speaking, Li Tian walked forward.

Elena turned her head, and suddenly felt that the black purse in front of her was a bit familiar. When she thought about it, she suddenly remembered, isn't this purse belonged to the treacherous businessman she had just traded with?

Elena suddenly understood! It turned out that the "beneficiary" got the purse from the merchant.

Thinking of this, Elena suddenly became excited.

With a smile on her face, she ran towards Li Tian: "Benefactor, you are so amazing!" Elena smiled while facing Li Tiandao.

Tyler, the strong man here, also looked at Li Tiandao with a grin: "Benefactor, you stole it from that treacherous businessman? Hey?"

Li Tian said indifferently: "I just took it back, what you deserve!"

After speaking, they all laughed.

Elena, and Tyler were still depressed by the loss of the transaction. This time, they all became happy, and at the same time they had an expression of admiration for Li Tiansheng!

The beautiful and wild Elena, looking at Li Tian at the moment, is full of love!

If it wasn't for Li Tian's face wearing a weird bronze mask, this woman would have already expressed her admiration for Li Tian!

But what about Li Tian? Just now, he just showed his skills a little bit... At this moment, he is stepping to observe the surroundings.

Suddenly, the place in front seemed to be making trouble.

There were a few people around...At the same time there was a loud noise.

After hearing the sound, Li Tian not only blinked his eyes in surprise and looked over there.

I saw three warrior-like guys in armor around the old man who was aging and frail. The old man was white-haired and sloppy, just like a modern beggar, but his waist But there was a huge wine gourd kicking in the middle...At the same time, the whole person was lying in that corner with a red face.

When Li Tian saw this place, he couldn't help but said to Elena and Taylor behind him: "Something seems to have happened in front of me, go over and take a look."

Elena and Tyler nodded, so they walked over here.

After coming over, I happened to see three warriors in armors, surrounding the drunk old man, yelling and screaming constantly, with unpleasant and ear-piercing voices.

Chapter 2544: The most useless illusion

"Hey, old man, how dare you or he lie to us?"

"Yeah, you old immortal thing, our brother spent so many gold coins, but I didn't expect to buy a useless illusion secret book... Your uncle, quickly return the gold coins to us." The three The soldier yelled at the old man who was crooked in the corner.

That sloppy old man, with a flushed face, and the smell of alcohol in his mouth, listened to the three soldiers' rude scolding at the moment, not only was he not angry, but he smiled and said: "I... My old man... how did you lie to you?"

"You... want... illusion secrets... I won't give you...? Why did you lie to you?"

One of the tall and thin warriors said with an angry face: "Grass, the secret of the illusion technique you gave us is the worst Qi illusion technique, he, how do we cultivate?"

It turns out that on the Spirit Earth Continent, the five illusions of wind, fire, thunder and lightning, water, and air are the most difficult to practice. Not only do they think that the qi illusion requires people with special physiques to practice, but also this qi illusion In the low-level illusion stage, there is no lethality at all! It is not like fire illusion or thunder and lightning illusion. At the lowest level, it can emit immense power... Qi illusion is that after reaching the middle level, it can only be slightly effective. Once it reaches the advanced level, it will surpass that. Wind, fire, thunder and lightning, water, these four categories! Because of this, most people would never practice Qi illusion on the Spirit Earth Continent!

Imagine that an illusion technique that is extremely difficult to practice, plus, after hard work, when it comes to the low-level illusion technique stage, it is completely useless... Doesn't it have lethality? Who can practice?

Only fools can practice!

Therefore, Qi illusion is the greatest and deepest illusion for a genius who can cultivate to a high level! For ordinary people, it is the most useless and wasteful illusion!

"Old stuff, return our gold coins!"

"I don't care about this useless Qi illusion." The lanky warrior threw the small black book in his hand on the ground at the moment, and said angrily to the old man.

But he was not afraid to see the old man there, he just smiled and said, "Hey, young man, you must respect the trading rules!"

"At the beginning, but you were willing to exchange gold coins for this illusion technique secret?"

When the lanky warrior heard this, he said angrily: "I didn't know that this was the most useless Qi illusion technique. I must know that I won't sell it to death!"

It turns out that in a chaotic place like the black market, there are often many treacherous little people who hold the secrets of Qi illusion and pretend to be other illusions, such as using the secrets of Qi illusion, pretending to be water illusion... pretending to be fire illusion... some are not at all. The guys who know illusion are often fooled all of a sudden! ! !

"Refund of gold coins!"

"Old stuff, if you don't have the money to return it to us, don't blame us for being impolite." The thin and tall soldier in front of him said with a fist tightly clenched there.

The sloppy old man shrank back and said: "Young man, how can you do this? Besides, your gold coins, my old man has already spent all of my wine purchases!"

Listening to the sloppy old man say this, the three soldiers in front of him who had been "lied" could no longer stand it.

", old stuff, I think you are looking for a fight!"

"beat him!"

The three warriors who were talking were ready to beat the scruffy old man.

But seeing that tall and thin warrior, he was the first to shoot, with a fist, directly at the sloppy old man!

The sloppy old man saw that someone was about to beat him, he immediately covered his head with his hands, and he shrank into a ball there, yelling in his mouth, yelling, and yelling there, "I hit someone." ... hit someone..."

Just when the thin and tall soldier made a punch, Li Tian, who was watching, suddenly shot.

Of course he couldn't tolerate it. These three strong guys bullied an old man! ! !

The body moved forward quickly, and then quickly stretched out one hand "whooping", and then five fingers, directly changed to grasping, and straightly grasped on the thin man's fist.

"My friend, I'm afraid it's not very good to do something with such an old man?"

Li Tian said coldly after grabbing the fist of the tall thin man.

The warrior saw that someone unexpectedly stood up for the sloppy old man and shouted angrily: "Are you a \*\*\*\*\* bird? Do you still want to fight the injustice?"

With a roar, his left fist hit Li Tian's face.

Li Tian saw that this guy was still going to make a move, immediately snorted in his mouth, and then grasped hard, his right foot flew directly, and with a bang, he kicked the thin and tall soldier's chin.

Why didn't the lanky fighter think that Li Tian's legs were so fast...

Li Tian was kicked on his chin at the moment, and then the whole person was thrown out like a dog.

After the thin and tall guy was kicked to the ground by Li Tian, the two companions beside him started to attack Li Tian at this time.

"Damn, you are going to die."

With a roar, another fat guy has already rushed towards Li Tian.

It's a pity that he has not reached Li Tian's body, Li Tian has already bullied him, and then suddenly elbowed his right elbow, with a bang, the fat guy, with a pain in his mouth, fell to the ground. .

The other guy, seeing that both of his companions were killed by Li Tian, he was also dumbfounded!

With his fist raised, he just didn't dare to step forward and attack Li Tian!

After Li Tian suddenly helped the sloppy old man, the people here not only surrounded many people watching the excitement!

Li Tian glanced at the two guys who fell on the ground, and then at the sloppy old man shrinking in the corner.

Suddenly thought about it, turned his head, pointed at the soldier who hadn't shot, and said: "Friend, come here, let's discuss it."

When the man heard Li Tian say this, he looked scared. After all, his two companions were still lying on the ground, screaming in pain.

At this moment, he looked at Li Tiandao in horror: "You...you...what do you want to do?"

But seeing Li Tian smiled and said: "I just want to make a deal with you."

"Do you not like this illusion secret? If so, then transfer this illusion secret to me!"

"By the way, how much did you spend to buy this book? I will also pay you gold coins. In this case, you will not lose, and you will not lose for the elderly... How about? Promise?" Li Tian looked at the guy. Tao.

Li Tian actually wanted to buy this useless Qi illusion secret!

Chapter 2545: I'm a fool, okay?

what?

Li Tian actually used gold coins to buy this useless Qi illusion secret?

Those onlookers around, heard Li Tian say this, everyone not only started talking in low voices.

"Is the guy with the mask on his face a fool? Why did he spend money to buy a useless Qi illusion secret?" The guys around started talking to Li Tian.

"Yeah, so stupid! Doesn't he know that Qi illusion is the most useless illusion?"

"People have money, do you like to swollen face to fill up fat people!"

...

Listening to the harsh words of those around him, Li Tian didn't say a word from beginning to end.

And at this time, Elena and Taylor not only walked towards Li Tian.

After I walked to Li Tian, I saw Alina whispering to Li Tian, "Benefactor, don't use gold coins to buy the secret of Qi illusion. You may not know it. This Qi illusion is the land of the Spirit Earth. The most useless illusion..."

Taylor was also facing Li Tiandao there at the moment: "Yes, benefactor, you help that old gentleman. We have all seen it. We know that your benefactor is kind, but we really don't need to spend gold coins to buy the secret of Qi illusion."

Everyone prevented Li Tian from using gold coins to buy that Qi illusion.

Facing everyone's doubts, Li Tian smiled, then looked at the sloppy old man over there, and then said, "I'm buying it!"

The moment a word came out of his mouth, everyone was shocked there!

When Li Tian said this all at once, Alina and Taylor also looked depressed.

I saw Li Tian looking at the warrior-like guys whom he had just taught him and said, "How many gold coins did you use to buy this illusion secret?"

The two guys who were knocked down by Li Tian have risen from the ground at this moment.

He glanced at Li Tian and said: "We spent 20 gold coins."

Li Tian frowned slightly and said, "So expensive?"

"Well, I will spend 10 gold coins and buy them indirectly from your hands. Are you willing?"

"If you don't want it, but you won't get a gold coin." Li Tian said.

Listening to Li Tian's words, the three guys thought about it for a while, then discussed it, and finally agreed, "Okay! Let's change it with you! For 10 gold coins."

After hearing those three guys finish saying this, Li Tian smiled slightly.

"Elena, help me pay 10 gold coins." Li Tian said to Elena.

Although Elena spent 10 gold coins on Li Tian and was unwilling to buy a useless Qi illusion, she was still willing to pay for Li Tian.

So Elena at this meeting took out 10 gold coins directly from her pocket and threw them to the three guys.

"Here you! Get out!"

After Elena threw the gold coin to the three guys, the three guys didn't even think about it, so they quickly ran away.

For them, it makes a profit!

In this way, Li Tian spent 10 gold coins to buy a useless Qi Illusion Secret.

He held it in his hand, glanced faintly, and then looked at the sloppy old man shrinking in the corner and said: "Old man, I have taken this Qi illusion."

The sloppy old man looked at Li Tian, and suddenly opened his mouth and smiled.

"Young man, so generous! Not bad, really good."

"It's been a long time since my old man saw a young talent like you." The sloppy old man suddenly narrowed his eyes, looking at Li Tiandao in front of him.

"Young man, let's do this. For the sake of helping the old man, my old guy will sell you another thing, okay?" The sloppy old man squinted his eyes and smiled at that Li Tiandao.

He wants to sell things to Li Tian!

After Li Tian heard this, he not only frowned, but even Na Taylor couldn't bear it at this moment. He saw Taylor with a sturdy body, and suddenly snorted coldly there, "Old man, you don't have to take it seriously, our brother... ..Has helped you! Are you still trying to lie to him?"

Listening to that Taylor said so, the sloppy old man suddenly laughed.

A loud voice came out of his mouth, and at the same time, his originally drunk eyes suddenly became extremely bright at that moment.

"cheat?"

"This world is originally true and false, false and true..."

"Hey, if you don't want to buy my old man's things, then forget it!"

After the sloppy old man finished speaking, he pulled out the huge wine gourd on his waist, and took two sips, then turned his back, as if he was not selling it.

Elena also thinks that sloppy old man is a bit too much!

Originally, the Qi illusion technique he bought was cheating... Now he even sells things to Li Tian! Does he think Li Tian is stupid? Is Li Tian bullying?

"Let's go!" Elena faced Li Tiandao.

Just as Elena said it, Li Tian suddenly said, "Wait a minute."

Elena and Taylor beside him were not only stunned, they looked at Li Tiandao in surprise:

"Benefactor, don't you really want to... continue to buy things from that old man? He is a liar, in a pit What about you." Elena reminded Li Tiandao.

Who knows that Li Tian laughed and said, "Since everyone thinks I am stupid, it is not unnecessary for me to do another stupid thing today!"

After speaking, Li Tian suddenly turned his face and said to the scruffy old man: "Old sir, I will buy it! I will buy your things!"

When the sloppy old man heard Li Tian say that he wanted to continue buying, the next Guru got up from the ground.

"Young man, you still know the goods!" The sloppy old man suddenly smiled.

Li Tian looked at the sloppy old man and asked, "I don't know what the old man is going to sell me?"

The sloppy old man smiled, showing his big yellow teeth, and then took out a small bottle from his arms. Inside the small bottle was a strange purple potion!

"Here, it's this little thing!" The sloppy old man who was talking handed the purple weird potion to Li Tian.

Li Tian was taken aback, staring at the weird purple potion and said, "What is this?"

The sloppy old man said: "Xianshui!"

When Li Tian heard it, he almost squirted it out, and said to himself: This old man is too silly.

With a wry smile, Li Tian could only take it, and then said to the sloppy old man: "Master, how many gold coins do you want to sell for this bottle of fairy water?"

Taylor murmured in that mouth: The \*\*\*\* old man is going to cheat our benefactor again!

Elena stared at the scruffy old man and said: Yes! Hey, who made our benefactor so kind!

Just when they finished speaking, the sloppy old man suddenly smiled and said, "I only need a gold coin!"

what?

A gold coin!

Li Tian thought that this old man would ask for 20 gold coins, or 30 gold coins...Unexpectedly, he only needed one gold coin this time.

Chapter 2546: Besieged

"Old man, do you only sell one gold coin?" Li Tian asked, looking at the sloppy old man in disbelief.

The sloppy old man laughed loudly: "Just a gold coin!"

"Although I can't ask for my treasure, but today, I only sell you a gold coin! Hey, the old man has not made such a luxurious and stupid decision for many years!" The sloppy old man was there. Sighed.

It seems that his bottle of "fairy water" is very valuable.

"blow!"

"Keep blowing!" Taylor stared at the sloppy old man.

Elena also looked at the sloppy old man with a look of disgust and said: "Forget one gold coin, just one gold coin! Give it to him..."

After speaking, he took out a gold coin and threw it to the sloppy old man. The sloppy old man reached out, took it slightly, and took it in his hand!

The sloppy old man glanced at Li Tiandao and said, "Young people, don't use the fairy water in your hands indiscriminately! Every half a month, drink a small sip, don't drink too much... Otherwise, the consequences, I The old man is not responsible."

After speaking, the sloppy old man suddenly laughed and walked forward.

As he walked, he still sang in his mouth: So go west, Xiaoxiao night rain, soul return...

Looking at the sloppy old man in the distance, Li Tian stood there in confusion.

For some reason, he looked at the figure of the old man, and suddenly felt that the sloppy figure was so great...just like when he was on the earth, he saw the figure of the old man from the back! There is an indescribable sense of being out of the world.

Looking at a book of illusion secrets and a bottle of so-called fairy water in his hand in confusion, Li Tian stood there.

Elena looked at Li Tian who was in a daze, not only walked over, and said to him: "Benefactor, can you go now?"

Only then did Li Tian react and smiled slightly: "Let's go."

In this way, Li Tian spent 11 gold coins and bought two "treasures".

The people around who watched the excitement saw that the matter was gone, so they dispersed.

Among the crowd on the most side, a member dressed in armor and a blood-red cloak, when he saw Alina and Taylor, not only a vicious feeling rose in his eyes.

"Damn Sirius Legion, finally found you! This time, I see how you escape!"

After uttering these words in his heart, the mercenary in a blood-red cloak in front of him quickly ran to one side.

At this moment, Li Tian, Na Elena, and Taylor did not find this figure.

They just walked slowly towards the other side of the black market.

Black market transactions are still going on there.

Elena and Taylor made a lot of gold today...Of course, all this is due to Li Tian.

At this moment they were happy, so they stayed in the black market for a while.

Elena and Tyler in front of them watched the black market for a while, and when they were about to leave, suddenly there was a noise from their faces.

"Get off, get out of me!"

He looked at it with the sound, but saw that a large group of members of the Crimson Legion, wearing armor and holding weapons, arrived!

When I saw that it was a member of the Crimson Legion, Elena and Taylor's face not only changed in shock.

"No! The members of the Crimson Legion are here."

"Let's run." A word came out of Elena's mouth.

Then she hurriedly pulled Li Tian and ran towards the front place.

However, just after they ran a distance of five or six meters, they suddenly saw a large group of members of the Scarlet Legion surrounding them from the front.

Looking at the members of the Crimson Legion who surrounded them in front, Elena and Taylor were stunned.

"Oh my God, we are surrounded!" Elena's voice revealed a look of despair.

Tyler, who was beside him, looked at Elena with wide horrified eyes and said: "Elena, miss, what can we do?"

Elena would never have thought that they were discovered by people from the Scarlet Legion!

This time the Crimson Legion sent out such a big battle, it was obvious that it was directed at them!

When I saw so many people in the Scarlet Legion, Elena whispered in her heart: "It's over! Today we are really over."

Among the four of them, Li Tian may be the only one who blinked his eyes and looked at the so-called Crimson Legion member.

Accompanied by the fact that the members of the Scarlet Legion one after the other were attacking Elena and the others, Elena and Na Taylor stood in place.

They were sealed off before and after, and there was no other place to escape at this moment.

It seems that they are really inevitable today!

"Found them!"

"I found these \*\*\*\* guys from the Sirius Mercenary Group."

With a loud roar, only a few members of the Crimson Legion had already seen Elena and Taylor in front of them.

I saw that the members of the Crimson Legion had become a semi-encircled posture, surrounded Li Tian, Alina, and Taylor all to death.

The burly man standing at the forefront of the Crimson Legion had red hair like a raging fire.

A pair of eyes were cold and poisonous.

After seeing this fiery-haired hunk, Elena was taken aback.

"Red King..."

The most powerful man in the Crimson Legion is also the leader of the Crimson Legion! His name is: Red King!

Beside a red-haired red king, there were five guys who looked bad looking. These five guys, four of them were male and one female, each of them exuded huge killing intent.

These five people are obviously the five tiger generals of the Crimson Legion!

Among them, standing at the very edge is "Mured!" who was defeated by Li Tian before and was almost killed.

"Hey, even the boss of the Scarlet Legion is here, what happened?"

"It seems that there is a conflict between their mercenary group?" The people in the surrounding black market began to talk about it.

"Yes, it is true that there is a conflict between their mercenaries. Have you seen the long and handsome little lady who is surrounded? I heard that he is the leader of the third-rate Sirius mercenary group...what does his name seem to be... Elena."

"Really? That girl is still the leader of the Sirius Mercenary Corps? She has a good body and a pretty buttock...Ah, what a pity, what a pity, they actually offended the cruel guys in the Scarlet Legion."

I saw the people around me and started to discuss the situation in front of me!

The merchants on the black market that were trading there, saw that something major had happened here, they rushed over to watch the excitement.

Chapter 2547: Iron Tiger

At this moment, Elena, Taylor, and Li Tian have been surrounded.

The red-haired, the Scarlet King, who looked like a lion, had already strode over with raging eyes.

"Elena, I see you running there today."

A roar came out of the red king's mouth first.

Elena looked at today's situation, her heart suddenly desperate.

She had countless calculations, but she did not expect to meet these cruel guys from the Scarlet Legion in this black market.

Elena raised her horrified eyes and looked at the Equatorial King: "You, what do you want?"

Chi Wang suddenly sneered: "What do you want? You know it very clearly!"

"In Stormwind, I haven't seen anyone who dares to bully my Scarlet Legion... Only you little Sirius Legion dare? Damn, if I don't destroy your Sirius Legion today, my Scarlet Mercenary Legion. How will you gain a foothold in Stormwind City in the future!" The Scarlet King roared there.

When Elena heard it, her heart shook.

Secretly lining my heart: It seems that today's disaster is inevitable!

"Red King, others are afraid of you, but I am Elena not afraid of you!"

"Even if you die today, we will fight you to the end." Elena is ready to die.

Faced with so many members of the Crimson Legion, plus, the Scarlet King can also perform illusions...Elena hardly thought that she would survive today.

When the Red King heard what Elena said, he sneered: "Want to die? It's easy!"

"Now, I will let your Sirius Legion disappear!"

"Give it to me, don't keep alive!" Chi Wang roared, and cruel words came out from his mouth.

The members of the Crimson Legion next to them all surrounded Elena and Taylor.

Just when so many members of the Crimson Legion gathered around, suddenly a voice called out,

"Wait!"

When the words roared out, the members of the Crimson Legion who had been about to rush over were all taken aback.

Upon closer inspection, I saw a guy wearing a bronze mask stepped out from behind Elena. He was Li Tian.

After Li Tian's yell, the Chi King over there was not only taken aback.

"That thing that doesn't know how to live or die, dare to export it?" The Scarlet King suddenly exclaimed with his angry eyes.

I saw Li Tian had already stood up.

"The dignified Crimson Legion, such a large mercenary group, could not imagine that they would bully the less with more. It is really a waste of waste." Just like that, Li Tian said a word.

When the people around heard that Li Tian said this, they couldn't help but talk.

"Who is the guy with the bronze mask? How dare to speak like this in front of the Akagi?"

"I don't know him, but it seems to be part of the Sirius Mercenary Group."

"Really bold enough..."

As soon as King Chi heard Li Tian say this, he suddenly called out in a rage: "What are you \*\*\*\* talking about?"

Li Tiansi was not afraid, standing there, staring coldly at the Equator Road: "I said that your Scarlet Legion is a bunch of rubbish... You actually rely on more people and less bullying! If you have the ability, dare to come one by one. Huh?"

When the King Chi heard this, he almost jumped up in anger.

"Asshole, are you looking for death!"

The five tigers around you are also roaring at this time: "Red King, let us kill him."

Listening to the people around him say this, the Akagi suddenly said loudly: "Shut up!"

Then King Chi turned his fiercely brutal face and looked at Li Tian on one side.

"You bastard, dare to say, we bully fewer people?"

"Well, you want a fair duel! Lao Tzu promises you... I will see today, how do you die!"

Akagi finally agreed.

Li Tian was finally slightly satisfied when he heard Red King say this.

In today's situation, if you want to run, you will definitely not be able to run. Now you can only fight, but facing so many members of the Crimson Legion, Li Tian thought about it and thought it was more cost-effective to stimulate the Crimson King! It's just that he didn't expect that the red-haired red king actually agreed.

He is going to a fair duel!

"One to one!"

"Tiehu, go on and kill him." The Scarlet King suddenly said to a burly man beside him.

Iron Tiger? , Is one of the five tiger generals of the Crimson Legion and the leader of the five tiger generals.

At this moment, Tiehu, after hearing the instructions of King Akagi, suddenly strode over. He was wearing a piece of armor, showing sturdy muscles. In both hands, one hand held a huge The shield, the other hand is holding a giant sword.

The Iron Tiger is a famous murderer in the Crimson Legion. This merchandiser is cruel and outrageous.

Most of the mercenaries in Stormwind know the role of Iron Tiger!

I saw that after the Red King dispatched Tiehu, Elena and Tyler not only showed a worried look in their eyes, they looked at Li Tian there.

"Benefactor, you must be careful, that iron tiger is very powerful."

"Yes, benefactor, this iron tiger is the leader of the five tiger generals of the Scarlet Legion. His skill is far more than that of Murad, benefactor, you must be careful."

Elena and Na Taylor couldn't help looking at Li Tiandao in front of them.

When Li Tian heard them saying so caringly, the corner of his mouth smiled slightly and said, "Don't worry."

"Elena, lend me your knife." Li Tian has no weapons. At this moment, he can only borrow the scimitar on Elena's waist.

Elena handed the blade at her waist to Li Tian without hesitation, and then looked at Li Tian with a worried expression.

At this moment, after Li Tian took over the blade of Elena, he walked towards the Iron Tiger step by step.

There were more and more onlookers on the black market...Many transactions were temporarily suspended, and everyone gathered around and blinked to watch the life and death duel.

At this moment, I saw a sloppy figure slightly squeezing in from the crowd. A closer look revealed that it was the sloppy old man who sold Li Tian's "Xianshui" before.

The sloppy old man squinted while looking at the situation in front of him while drinking his wine, muttering in his mouth: "Huh, that young man is going to a duel?"

"Yes, interesting, interesting."

As he spoke, he began to squeeze in the crowd, observing Li Tian.

Tiehu had walked over with his head high, and his bronzed face had a pair of beastly eyes with his eyes.

On the corner of his mouth, a long and narrow scar looked majestic.

At this moment he faced Li Tian: "Asshole, you kneel down and call me grandpa now, I Iron Tiger may be able to keep your corpse... If you don't, I will definitely cut off your head." The Iron Tiger roared out of his mouth.

Chapter 2548: Seriously injured

After the cruel voice of the iron tiger yelled out, Li Tian looked at the big iron tiger, and suddenly sneered at the corner of his mouth: "Really?"

"It's a pity, it's not always true whether we two will live or die."

As soon as Tiehu heard it, he roared immediately.

"If you can walk out of Lao Tzu alive today... Lao Tzu will give you your last name!" Tie Hu yelled.

When Li Tian heard this, he said, "Don't! I don't like asking you to be such a stupid son."

Li Tian's joking remarks amused all the onlookers at the moment, and even the members of the Crimson Legion could not help but almost laughed.

But when they saw the ugly expression on King Chi's face, they quickly held back.

The Tiehu's mouth was dumb, and Li Tian was making fun of him at the moment, his teeth clucking loudly.

"You bastard, I want to hack you to death."

With a roar, that Tiehu couldn't help it anymore, and suddenly the whole person pounced on that Li Tian terribly.

In his right hand, the huge giant sword slashed directly towards Li Tian.

When the giant sword swung over, it brought a strong wind, enough to see that the giant sword was very heavy and heavy.

Li Tian saw the iron tiger cut it with one move, and immediately moved horizontally, the narrow scimitar in his hand raised to block.

哐!

The heavy giant sword of the Iron Tiger slashed on the scimitar in Li Tian's hand. The terrifying force shook Li Tian's arm sour, and the blade in his hand almost fell at the same time.

"Such a heavy sword?" Li Tian was not only taken aback, his body quickly backed away.

He never expected that the giant sword in that Iron Tiger's hand was so heavy!

It weighs tens of kilograms!

Li Tian was a little careless. He can't display his internal strength at all, so he can only rely on fighting skills.

So now he started to concentrate on dealing with the iron tiger in front of him.

I saw Tiehu holding a giant sword in his right hand, which was really fierce. This guy was originally a rough and mad, and wielding the giant sword in this way was even more powerful.

Shouted.

The giant sword slashed towards Li Tian again from the flanking position.

Li Tian had no way to block, but was forced to retreat continuously.

The members of the Crimson Legion around, seeing Li Tian's continuous retreat, couldn't help but screamed.

"Tiehu, Tiehu, Tiehu." Everyone around was there calling Tiehu's name, standing up for him.

Hearing the encouraging voices of the people around him, that Tiehu was even more brave at the moment. Every time he slashed with the giant sword in his hand, it seemed to split Li Tian in half, but unfortunately, Li Tian dodged every time. past.

That Iron Tiger kept attacking, Li Tian kept dodge there!

Finally, Tiehu got tired.

He was holding a huge sword in one hand and a heavy shield in one hand, and looked at Li Tiandao angrily: "You \*\*\*\* bastard, don't you run away? Have a head-on fight with Lao Tzu... coward."

Tiehu couldn't catch up with that Li Tian and cursed angrily.

When Li Tian heard Tiehu say this, he suddenly sneered at the corner of his mouth: "Okay, I promise you not to run, but you must not regret it."

As soon as the iron tiger heard it, he raised the giant sword in his hand and said, "I want to let you know who will regret it."

With a loud roar, the Iron Tiger rushed over again, and the giant sword in his hand suddenly slashed towards Li Tian.

Li Tian really didn't dodge this time, he saw the scimitar in his hand swayed, then stepped on Qixing, and suddenly attacked the iron tiger.

The scimitar in Li Tian's hand is fast, and the fast iron tiger can't see it at all.

The scimitar drew a weird trick in the air, and then brushed towards the iron tiger...I was taken aback. He had never seen such a person before, using such a knife technique?

He was taken aback at the moment, and then the shield in his left hand quickly came over to block.

哐!

Li Tian's scimitar pierced the iron tiger's shield, and a series of sparks appeared.

Tiehu screamed, and suddenly the giant sword in his right hand slashed towards Li Tian. Li Tian retreated slightly and kicked.

A high flying leg kicked directly on the Tiehu's wrist, with a bang, Tiehu's wrist was kicked so that the tiger's mouth was sore, and the giant sword almost fell... His body couldn't help taking two steps back!

what!

"The Iron Tiger has suffered!"

When the people around saw that the head of the five tiger generals of the Crimson Legion, when the Iron Tiger was actually at a loss, they couldn't help screaming.

Even at this time, the face of that Aka King became extremely difficult to look.

He raised his cold and gloomy eyes and stared at the battle in front of him.

At this moment, what about the iron tiger?

After being kicked by Li Tian in his right arm, he was extremely angry, shouted, and suddenly rolled over on the spot, and then attacked Li Tian.

The giant sword in his hand, after rolling over, slashed directly towards that Li Tian.

But what about Li Tian? I had already seen the iron tiger's movements, and his footsteps stepped back half a step. The moment the iron tiger's huge sword stabbed, it stopped just 1 cm in front of Li Tian's body. Because of its length, He couldn't stab a bit.

At this moment, Li Tian seized the opportunity, and suddenly, the scimitar in his hand swung a gorgeous sword move.

When this sword move was displayed, the members of the Crimson Legion around were stunned.

Because none of them has seen such a sword move...none of them has seen a person who can use a "sword" like this.

"Tiehu be careful."

Murred, who is here as the five generals, suddenly yelled.

Because the original Murid was forced to retreat by Li Tian's gorgeous set of sword tricks, this time, he saw Li Tianshi's gorgeous sword trick again, and couldn't help being shocked.

But everything is too late.

That Tiehu couldn't help the anger in his heart, and the giant sword in his hand greeted Li Tian.

Li Tian saw the opponent's giant sword attacking, and the scimitar in his hand was slightly horizontal, first quickly blocked the Iron Tiger's giant sword, and then the scimitar in his hand suddenly pierced out at a strange angle.

Puff!

Li Tian's blade pierced the Iron Tiger's shoulder directly...Even though the Iron Tiger was wearing heavy armor, it was difficult to stop Li Tian's terrible blow.

The sharp blade pierced the iron tiger's armor directly, and then pierced the iron tiger's skin, and the iron tiger's arm shed scarlet blood!

what! ! !

Facing Iron Tiger's injury, the members of the Scarlet Legion around couldn't help screaming, even the Scarlet King looked at this shocking scene with an ugly face!

"The bastard!" Tie Hu screamed after being stabbed by Li Tian. Regardless of the injury, the giant sword in his right hand suddenly slashed towards Li Tian.

But as soon as he mentioned his giant sword, it was kicked by Li Tian and kicked on his chest.

Wow!

Like a sandbag, the Iron Tiger was kicked by Li Tian...The huge body then fell heavily to the ground!

Lost.

Chapter 2549: Thunder Illusion

Iron Tiger fell down.

After watching Tiehu fall, the members of the Crimson Legion were taken aback for a moment, and then they saw the other four members of the five tiger generals all running towards Tiehu.

"Tiehu, how are you?"

"Tiehu, are you okay," a few people ran over and quickly helped the Tiehu up, and then asked concerned.

Tiehu's face flushed, and his whole body was angry. He ignored his injuries and the blood flowing out of his body, pushing away the four guys around him.

"Go away! I must kill him today."

The roaring Iron Tiger got up from the ground, and then walked towards Li Tian angrily with a giant sword in one hand and a shield in the other.

The four guys here, seeing Tiehu so angry at this moment, didn't dare to provoke him, they could only look up at the Scarlet King!

"King Scarlet, what should I do?" Murid in front of him looked at King Scarlet and asked.

King Chi's face was gloomy and ugly, and he never thought that his Iron Tiger would be defeated by a nameless kid...!!

How did this make his face of the Scarlet Legion be released in Stormwind City?

A fierce glance at Li Tian wearing a bronze mask, the Scarlet King in front of him suddenly said angrily: "You guys, let's go together, kill that \*\*\*\* kid!"

Following the red king's words, the four guys nodded quickly and said, "Yes!"

Then they headed towards Li Tianwei together.

Elena here saw that the despicable and shameless Scarlet King had sent four other tigers... immediately.

"Scarlet King, you are despicable and shameless!" Elena cursed at the Scarlet King there.

Chi King sneered: "With you low-level guys, do Chi King need to keep promises?"

"Kill! Kill the masked \*\*\*\* first." Scarlet King roared.

I saw Murad, Iron Tiger, and the remaining two burly men, and a vicious-looking woman, five people, all surrounded Li Tian.

They want five to one!

Li Tian looked at the situation with one enemy and five, without much fear in his heart.

"go to hell."

Tiehu burst into a loud shout, and couldn't bear the anger in his heart anymore, all of a sudden he rushed towards Li Tian.

The giant sword in the right hand, a sword cut.

When the Iron Tiger attacked, Murid, who had been defeated by Li Tian, also roared at this moment, and the giant axe in his hand also slashed towards that Li Tian from the side.

This left-to-right attack was still fierce.

Li Tian retreated quickly, and the scimitar in his hand stabbed twice... to avoid the offensive of the two guys.

However, just after Li Tian stepped back, there was a scream behind him, and the only woman among the five tiger generals suddenly shot.

Holding two poisonous heads in her hands, she stabbed Li Tian fiercely at this moment.

Li Tian saw her hit her, her body flashed slightly, and then stabbed with a scimitar, and the woman blocked it with her head.

Li Tian then grabbed his left hand on the woman's shoulder, grasping hard.

The woman groaned in pain, and stabbed Li Tian with the head of her hand, but Li Tian hit the woman's shoulder with a punch. Boom, the woman was knocked to the ground with a punch by Li Tian.

Li Tian is not weak in the slightest with one enemy five.

Although Li Tian can't use his internal strength right now, his fighting skills are enough to shock people from this world...especially Li Tianzai used those ten tactics sword moves!

Soon, his amazing performance made those onlookers not only surprised.

Everyone was watching Li Tian's every movement in disbelief.

"Wow, who the \*\*\*\* is that guy wearing the mask? The martial arts are so high!"

"Yes, his martial arts are so high, is he an illusionist?" everyone around was talking there.

"Impossible, illusionist? If you are an illusionist, why not use illusion." Some humanity said.

...

While everyone was talking there, I saw an old man who was extremely sloppy in the crowd, squinting at all the scenes before him.

His twinkling eyes have been staring at Li Tian's body, watching every gorgeous movement of him, not only a slight ray of joy appeared in his eyes.

"This young man really suits my old man's appetite more and more." After speaking, the sloppy old man suddenly grabbed the gourd in his hand and poured a sip of spirits into his mouth.

As the spicy spirits flowed down the intestines, the old man in front of him continued to raise his eyes to look at the scene in front of him.

I saw Li Tian with one enemy five, calm and unhurried.

Soon, two of the five tiger generals of the Crimson Legion were knocked to the ground by Li Tian, and the other Tiehu, Murid, and a woman with a spicy head in his hand were completely unable to resist that. Li Tian.

The iron tiger now is no longer as arrogant as before, he has been completely rubbed off by that Li Tian!

At this moment, he can only try his best to avoid Li Tian's offensive.

Suddenly Li Tian spun, and the scimitar in his hand quickly pierced out. The Iron Tiger was startled, and the heavy shield in his hand quickly blocked it.

With a bang, the scimitar stabbed on the shield.

Then Li Tian made a roundabout kick.

A kick on the Tiehu's chest, Tiehu's mouth screamed, and Li Tian's huge body fell heavily to the ground with a kick.

When the members of the Crimson Legion around saw that the Crimson Five Tigers could not deal with that Li Tian, they were not only stunned!

And the red king also showed an extremely ugly look on his face.

He looked at Li Tian on the court with fierce eyes, and finally he couldn't help it!

He must take action, otherwise, the face of the Crimson Legion will be lost in the black market!

After he made this decision, suddenly his left hand turned into a grasping shape, and at the same time five fingers were erected. In the palm of his hand, an extremely bright light suddenly appeared in the palm of his hand!

boom!

Chihu finally exploded.

His body quickly swept towards the center of the field, extremely fast, and at the same time the bright light accumulated in his left hand hit Li Tian's body directly from behind!

With a click, a terrifying voice came out, but a light that looked like lightning struck Li Tian directly!

what?

Everyone around screamed in surprise.

"Illusion..."

"Thunder and lightning illusion..."

"Aka King has taken action!"

In the exclamation of everyone, the Akagi who was an illusionist finally couldn't help but shoot.

Chi King, an illusionist who practices thunder and lightning magic.

His shot shocked everyone present.

Chapter 2550: Li Tian seriously injured

Illusion!

The greatest existence in the Spirit Earth Continent.

Now I finally saw the real illusionist shot.

I saw the lightning-like "lightning" in the palm of the Scarlet King's left hand slammed towards Li Tian in terror.

Elena and Tyler over there couldn't help but screamed.

"Benefactor, be careful." Elena exclaimed.

He said that Li Tian turned his back to King Chi, and although he did not turn his head, he could still feel a terrifying force hitting him.

He moved immediately and quickly dodged.

Boom!

A terrible lightning hit the place where Li Tian was standing just now...The terrifying electric light directly knocked out a huge pothole on the hard ground...The hard stones were all shattered.

Li Tian avoided the past.

Fortunately, he was not hit by this terrible thunder and lightning. If he was hit, he would be seriously injured even if he didn't die.

Elena and Taylor not only squeezed a sweat tightly for Li Tian.

But what about Li Tian?

Looking at the huge pit on the ground that was hit by the terrifying electric light just now, the whole person frowned tightly.

"What kind of weird skill is this?" Li Tianzai couldn't help looking at the Equator Road.

Why does he emit lightning? It was too weird, Li Tian thought, he still doesn't know that what he faced just now was the most terrifying and weird illusion in this world.

But seeing that Elena suddenly understood when she saw Li Tian's blank face.

"Benefactor, be careful... This \*\*\*\* Scarlet King is an illusionist! He is a thunder and lightning illusion... Be careful."

After Elena's voice reached Li Tian's ears, Li Tian was shocked.

Illusion!

"So this is illusion!" Li Tian murmured in horror.

As soon as he arrived in this world, he heard many people talk about how terrifying the illusionist in the Spirit Earth Continent was! Now, he finally saw the terrible illusion.

Looking at the electric light on the palm of the Red King's left hand, Li Tian not only couldn't help but step back two steps...

He has never seen illusion before! He didn't even know how the illusion was used, so he didn't dare to care about it at all.

However, the guys around were shocked one by one after seeing the red king used the illusion technique.

"Boy, today, you are dead." Cold and terrifying words roared from the mouth of the Scarlet King in front of him.

Since even he has taken the shot himself now, it seems that the Scarlet Legion really wants to kill Li Tian and Elena.

Li Tian didn't speak, but looked at the Chi King coldly.

"Hmph, I didn't want to use illusion to kill you, but you asked for it."

"Die to death."

The red king who roared suddenly rushed towards Li Tian, his figure quickly resembling a leopard.

As the Scarlet King rushed towards Li Tian swiftly, Li Tian quickly dodged his body, and then in the process of retreating, the scimitar in his hand stabbed a few strokes.

The King Chi raised his right hand, then dodged Li Tian's tricks, and then grabbed his left hand directly towards Li Tian's chest.

Li Tian took advantage of his strength and flicked his body, then let the red king grab a hole.

At this moment, the Akagi roared out.

Then in his left hand, a group of terrifying lightning rays accumulated again.

"The sky is broken!"

A roar came out from the red king's mouth.

But seeing that when the Red King's envoy came out to "Tian Lei Biao", suddenly the huge shining light in the palm of his hand hit Li Tian directly.

Li Tianzhi saw an extremely fast lightning ray hitting him, he was taken aback, and his body quickly dodge...

With a bang, one meter away from him was directly shattered by the lightning light.

Li Tian was shocked when he saw the cracked pit.

"How can this illusion technique be so powerful? It can summon something as terrible as real thunder and lightning?" Li Tian said in the dark.

Just as he was thinking like this in his heart, the Scarlet King attacked again.

A ray of thunder and lightning suddenly shot towards Li Tian very quickly!

Li Tian couldn't avoid this terrible thunder and lightning illusion at all, because the casting time of this illusion was too fast...The fast Li Tian had no time to react.

With a bang, I saw a light of thunder and lightning hit Li Tian's arm. Li Tianzhi felt a fiery pain in his arm, and couldn't help but scream!

Then the whole person was knocked down and flew out by that terrible thunder light...

With a bang, his body fell heavily to the ground.

What about that hand?

I saw that his hands were full of blood... even the scimitar that was originally held in his hand fell to the ground at this moment.

Elena and Taylor over here couldn't help screaming when they saw Li Tian being hit by the lightning.

"benefactor!"

The two people exclaimed and hurried to Li Tian.

But seeing Li Tian fell on the ground, there was a burst of pain all over his body, especially the arm that was hit... that arm seemed to be unconscious... the whole arm was bleeding with scarlet blood!

"Benefactor, how are you?" Elena said in shock while hugging Li Tian.

Na Taylor was also there looking at Li Tiandao: "Benefactor, your arm..."

Li Tian was struggling to be helped up, and he glanced at his blood-red arm, his heart swelled.

"This illusion is really terrible!!!" A word came out of his mouth.

In the past, on the earth, Li Tian's skill had already reached the pinnacle of peerlessness... But he did not expect that after coming to this other world, he discovered that these illusions are even more powerful!

Can summon thunder and lightning! ! !

Of course Li Tian would not know that the illusion of the Scarlet King he saw was the most common and simplest lightning illusion!

The real terrifying illusion is yet to come!

But he saw Li Tian standing up from the ground with difficulty at this moment, looking at the Scarlet King.

King Chi stood there with a grinning grin, the thunder and lightning light accumulated in his palm was still in his palm.

"Boy, are you still mad now?" King Chi looked at that Li Tianzai and laughed.

Elena guarded Li Tian and roared: "Scarlet King, you despicable and shameless bastard... You even used illusion to deal with a person who doesn't know illusion! You are really shameless!"

The Chi King sneered: "The winner is the king, and the loser is the bandit! I can kill you today, and that is victory! As for what means you use, don't worry about it."

Hearing that Red King said so, Elena and Tyler felt cold!

"Let's talk, how do you want to die?" Suddenly the Scarlet King grinned, and step by step, he walked towards Elena and Li Tian in front of him.
