

A Killer 2551

Chapter 2551: Rescued

The Chi King walked cruelly toward Li Tian and the others step by step. .

The "Thunder and Lightning Magic" accumulated in his left hand is getting stronger and stronger.

"go to hell."

With a roar, the "thunder and lightning illusion" in the hands of the Scarlet King suddenly turned into a thick lightning, and then the terrifying lightning struck Li Tian's head terribly!

This is clearly trying to kill Li Tian with one blow.

Facing the extremely fast "Thunder and Lightning Magic" hitting Li Tian's head, it was too late for Li Tian to avoid it.

Elena and Na Taylor beside him not only showed a slight despair in their eyes.

Wait to die.

At the moment death was about to fall on them, the whole air suddenly stopped!

Everyone present, including the Scarlet King, and Li Tian, their bodies were still motionless, even the terrifying "thunder and lightning illusion" that struck over seemed to be frozen, and stopped in the air.

Then a misty aura rose from the audience, and the strange aura spread violently to the surroundings.

Gradually, no one in the audience can see each other clearly.

The weird mist hovered over their heads just like that... At the moment the weird air rose, a figure suddenly flew towards Li Tian and the others.

It was a pity that the speed was too fast, and he hadn't seen who he was, and then his figure disappeared suddenly.

Not only did he disappear, but also Li Tian, Elena, and Taylor all disappeared.

...

Who?

Who saved Li Tian?

Just after that Li Tian and others disappeared for about half a minute, the strange aura in this space suddenly began to slowly recede.

And the air that was originally condensed began to slowly recover.

boom!

The Scarlet King screamed, breaking free from the confinement of his body, and then panting there with sweating profusely. After all, the Scarlet King was a thunder and lightning illusionist, so he was the only one who broke free from the confinement at this moment.

After King Chi's body regained his freedom, he raised a pair of unbelievable eyes and looked at the place where Li Tian had just disappeared. Suddenly, his pupils began to enlarge sharply!

At this time, everyone around, including the members of the Crimson Legion, also recovered from the condensed air one by one.

what!

"What happened just now?"

"Yeah, why did we all stop suddenly?"

"Who caused the ghost?"

"Damn, the gang of Sirius Legion disappeared?"

"Chasing and killing them."

When the members of the Scarlet Legion saw Elena, Li Tian, and Taylor disappear for no reason, they couldn't help screaming in their mouths.

Then they began to prepare to chase.

At this moment, the Scarlet King suddenly roared: "Stop for Laozi!"

With the roar of the Scarlet King, all the members of the Scarlet Legion stopped.

"Red King, why didn't you chase it?"

"Did we just put those **** like this?" Tiehu stared at the Equator Dao with a pair of huge eyes.

But seeing that King Chi's face was ugly, he said angrily: "You know what a shit! An expert saved them just now."

"Superior?"

Upon hearing the words of the Red King, all the members of the Red Legion present were not only taken aback.

"What an expert?" The members of the Crimson Legion looked at the Red King and asked.

The Scarlet King suddenly showed a strange look on his face and said, "It's a terrible illusionist!"

"Illusor?" When the surrounding members heard it, they were stunned.

But seeing the red king staring at the breath still in the air with his pupils wide open, he said: "And he is still a Qi illusionist who can kill us with his hands up!"

Hearing what King Chi said, everyone was stunned.

Qi illusionist?

Everyone in the Lingtu Continent knows that there are actually very few Qi illusionists, very few, not only because Qi illusionists have no lethality before the middle level, but it is extremely difficult to practice Qi illusion! The spiritual power needed must also be much more than usual! Therefore, when the members of the Crimson Legion in front of them heard what Akao said, they were shocked not only in their eyes.

"The terrible Qi illusionist just now is at least intermediate level! We can't afford to provoke it." A word came out of the red king's mouth.

Chi King, a low-level 2 thunder and lightning illusionist, of course cannot be compared with the mid-level Qi illusion!

So at this moment, even the Akagi himself did not dare to chase after him.

The members of the Crimson Legion next to him heard what Chiwang said, not only were they silent there, because they really couldn't provoke the terrifying mid-level illusionist!

If one is not careful, there is a possibility that their Scarlet Legion will be killed all.

...

Li Tian didn't know what happened. It was the first time he saw the great illusion in this world. To be honest, Li Tian was surprised and shocked.

In the past, his kung fu had reached the peak of existence, but now, after he encountered terrible illusions in this world, he discovered that his power was really small and small.

In a very dilapidated house, I saw Li Tian, Elena, Taylor, and another member of the Sirius mercenary all staying motionless.

They seem to be frozen... their bodies cannot move or move, but their eyes are still there.

After a long time, Li Tian suddenly moved first.

With an ah, he gasped suddenly, and then his body moved suddenly.

He was finally able to move.

"What place is this? How did I get here?" Li Tian murmured secretly.

After getting rid of the confinement of his body, Li Tian in front of him took a deep breath first, and then quickly looked around.

There was a fire in the middle of them. The surroundings were messy and dirty. After looking around, Li Tian found that he seemed to be in an abandoned house.

Then his eyes saw Elena and Taylor on one side.

"Miss Elena...Taylor..." Li Tian hurriedly called the two.

I saw Elena sweating profusely, her beautiful eyes blinking... After a while, her body was trembling and she started to move. After she was able to move, she began to **** the air quickly!

"Elena, how are you?" Looking at Elena, Li Tian asked.

Elena said there, "I, I'm fine."

Then she also raised a pair of unbelievable eyes and looked at the surroundings.

"What is this place?" Elena asked not only in surprise.

Li Tian shook his head and said, "I don't know, I can only move just now."

Listening to Li Tian's words, Elena was also depressed there.

Chapter 2552: Refuse

After a long time, Na Taylor and the Sirius mercenary also woke up, but they were all at a loss, and no one knew what had happened.

Li Tian wounded his right hand at the moment and bandaged it slightly, then stood up and looked around.

I saw that the house was very dilapidated, as if no one lived.

"There seems to be no one here." Li Tian murmured there.

Elena nodded in front of her, "It seems to be."

"How did we get here?" Tyler asked, looking at Elena with wide eyes.

Elena frowns her eyebrows, obviously she is also a little confused about the situation.

After thinking about it, Elena suddenly said: "There is only one possibility...can explain our things."

"What is the possibility?" Li Tian asked.

"We may have been saved by the illusionist." A word came out of Elena's mouth.

what?

Master of Illusion? Li Tian was not only surprised.

Then Elena said: "Yes, and it is very likely to be a master of Qi illusion!" Elena said again.

"Qi Huanshu?" Li Tian asked curiously.

Elena said: "Yes, our body was frozen for a moment, it is very likely that the other party used the air current, and then frozen us, and then saved us, so I speculate that we probably met. Great master of air illusion."

When Li Tianyi heard Elena say this, he felt a little agree.

Air, air current, is it the master of Qi illusion?

Just as they were guessing in their hearts, suddenly there was a sound of footsteps outside.

"Someone is coming." Suddenly a warning word came out of Li Tian's mouth.

Then Na Taylor hurriedly squeezed the big knife in her hand, and Elena also looked at the dilapidated wooden door carefully.

As the footsteps approached, they saw a sloppy figure of an old man walking in.

The sloppy old man, as he walked, sipped his huge wine gourd in his hand while sipping strong wine.

"what?"

"Is it you? Old man?" When I saw this sloppy old man drinking strong alcohol, Li Tian, Elena and Taylor were all shocked there.

Isn't this sloppy old man the one who "lied" Li Tian to buy a useless "Qi illusion" secret and a bottle of "fairy water" in the black market?

He unexpectedly appeared here.

Looking at the sloppy old man in front of him, Li Tian, Elena, and Taylor not only opened their eyes one by one, they looked at him in disbelief.

"Old man, you, you, why are you here?" Na Taylor asked with a pair of puzzled eyes looking at the sloppy old man drinking.

The sloppy old man smiled and said, "I passed by here."

Listening to the sloppy old man saying this, the stupid Taylor believed it true.

On the contrary, Li Tian not only looked at the sloppy old man at this moment, and suddenly said, "Thank you for saving my life."

Help?

Along with Li Tian's words, Elena and Taylor were not just stunned.

"what?"

"Did he save us?" Taylor looked at the sloppy old man in disbelief.

Elena has almost seen it at this moment, and quickly said there: "Taylor, shut up!"

"The expert is here, don't talk nonsense,"

When Tyler heard it, he quickly closed his mouth.

"Old man, I really didn't expect you to be an expert in the hidden world." Elena is also looking at the sloppy old man drinking at the moment.

The sloppy old man laughed and said, "Who are you talking about? What expert? What saved you? I can't understand a word."

When Li Tian heard the sloppy old man say this, he smiled faintly: "The old man must not be humble...I know you saved us!"

"Whether you agree or not, we all thank you for your life-saving grace."

With that said, Li Tian bowed respectfully to the sloppy old man!

Elena and Tyler not only stood up quickly, and bowed respectfully to the sloppy old man.

But what about that sloppy old man? He didn't speak any more at this moment, just squinted and smiled.

"Young man, how is your arm? Is it a serious problem?" The sloppy old man suddenly looked at Li Tian's bleeding arm and asked.

Li Tian smiled and said, "I can bear this little injury."

Hearing Li Tian's words, the sloppy old man smiled slightly.

"Young man, my old man has a question to ask you, I don't know if it's OK?" The sloppy old man in front of him suddenly blinked his eyes looking at that Li Tian and asked.

Li Tiandao said: "Please say..."

"Young man, where did you learn your martial arts?" Suddenly the sloppy old man looked at Li Tian and asked in surprise.

It turned out that it was the sloppy old man who saw Li Tian's martial arts very powerful, so he asked not only curiously.

Because he had never seen a person with such a powerful martial skill in the Spirit Earth Continent. Hearing the sloppy old man asking this, Li Tian thought about it for a while, and then said, "It's true that I learned my skills from other worlds."

"Other world?" When Li Tian said that, the sloppy old man was speechless.

Li Tian nodded truthfully and said: "Yes, I know these words sound a little absurd to you! But it is indeed true."

The sloppy old man thought for a while, and then laughed, without asking too much.

"Young man, haven't you never been exposed to illusion?" a weird word suddenly asked from the sloppy old man's mouth.

Li Tianyi said, "Yes."

"To be honest, it's the first time I saw illusion today."

Hearing what Li Tian said, the sloppy old man in front of him smiled faintly, and at the same time he couldn't help but murmur in his heart: No wonder this young man couldn't avoid the most basic thunder and lightning illusion just now... so he had never touched it. That illusion.

The sloppy old man who thought about it suddenly looked at Li Tianzai and said, "Actually, you can practice illusion according to your body."

Li Tianyi laughed bitterly.

"Practicing illusion?"

Do not!

In Lingtu Continent, Li Tian was not familiar with it, and didn't want to practice illusion.

His only goal now is to find his favorite Situ Ningbing.

Looking at the sloppy old man, he said, "Old man, thank you for your kindness, but I am not very interested in illusion."

Li Tian tactfully refused.

After hearing Li Tian's refusal, the sloppy old man looked surprised, his mouth was open for a long time without speaking.

Chapter 2553: Band College

"Hehe, you don't want to practice illusion, it is really surprising." The sloppy old man laughed loudly there.

Li Tian didn't say much.

He already felt that this sloppy old man was definitely not a waiting person, he was probably an expert in the hidden world, but Li Tian didn't know who he was.

"Young man, listen to my old man's advice, in this world, you will one day understand the importance of illusion." The sloppy old man suddenly raised his neck and took a sip of strong drink.

"Well, tell me your name." The sloppy old man in front of him suddenly said to Li Tiandao who was looking at him.

Li Tian replied: "My name is Li Tian."

"Li Tian? Very weird name...hehe."

"Okay, I remember your name."

After speaking, the sloppy old man suddenly took the wine gourd in his hand and walked outside the dilapidated room.

Li Tian watched the scruffy old man walk towards the outside of the room. Not only was he taken aback, he was surprised: "Old man, are you leaving now?"

The sloppy old man didn't turn back and said, "Yes."

After speaking, he stepped out of the room.

Li Tian still wanted to ask the dirty old man's name. Just about to ask, the silhouette of the dirty old man suddenly disappeared outside for no reason.

Li Tian hurriedly chased it out, and took a closer look...there was the figure of the sloppy old man there, and he was immediately confused there.

"It seems that the old man is indeed an expert outside the world." Li Tianzhe suddenly embarrassed there.

Elena and Tyler here also chased them out at this moment, blinking to see the disappearing figure of the sloppy old man, the two of them couldn't help being taken aback.

"Huh, where is that old man?"

"Walking so fast...? That's incredible, isn't it?" The stupid Taylor asked in surprise with his big eyes open.

Elena frowned slightly and said: "That old man is a bit pretending to be a fool! I think that old man is not very reliable."

Hearing what they said, Li Tian smiled indifferently, and did not say much.

I saw them resting in the room for a while.

Elena said there, "We are so lucky today! We were able to escape from the clutches of that ***** Scarlet King."

Taylor was also there, grinning happily and said, "Yes!"

"Hey, I originally thought that we would be ill-advised today, but I didn't expect that we would once again turn the danger into a waste. I am really happy."

"All this thanks to our benefactor!" Alina looked at Li Tiandao with full of friendship in her beautiful eyes.

Hearing what they said, Li Tian just smiled and remained silent, and said nothing.

He was just thinking of the sloppy old man just now in his mind.

Suddenly Li Tian took out the secret "Qi Illusion Technique" he had bought from the sloppy old man from his arms. After taking it out, he blinked his eyes and looked at the cover.

I saw that the cover of the "Qi Illusion Technique" secret was black, and there was a red stamp in the lower right corner!

Look carefully at the stamp that says: Bender College!

Looking at the weird red stamp, Li Tian not only frowned slightly.

"Bender Academy?" Li Tian called out in surprise.

Elena, who was talking to Taylor, couldn't help being stunned when she heard Li Tian suddenly call out "Bender Academy".

"Benefactor, what did you just say?" Elena said with her beautiful eyes wide open and looking in front of Li Tiandao.

Li Tiandao said, "It's nothing."

"I just saw the stamp on this secret!" Li Tian pointed.

Elena was taken aback, blinked and said: "Let me take a look..."

Then she took the secret of Qi illusion technique and blinked her eyes carefully to look at it. When she saw that the red stamp was Bander Academy, Elena was shocked.

what?

"It turned out to be the genuine secret of Bander Academy!" Elena said in surprise.

Li Tianyi frowned when Elena said this, "What do you mean?"

But seeing Elena facing Li Tiandao with the secret of "Qi illusion" in her hand in the surprise: "I thought this secret of Qi illusion was some low-level secret of unknown brand... I did not expect it to be a genuine product from Bander Academy The secret, it seems, your 10 gold coins are not wrong." Elena smiled.

Elena was afraid that Li Tian would not understand what she meant, and explained there: "I tell you, places like the black market generally sell the lowest-level illusion secrets...such as fire illusion, for example, water illusion... They are some of the most common illusions, and some are even fakes! The real secrets of illusions are not available outside! Because the real secrets of illusions can only be practiced in the Empire's Illusion Academy! Of course! The secret is also in the Imperial Academy! So, I saw that you spent 10 gold coins to buy this illusion secret secret, I think you have been cheated!"

"But now it seems that you have not been deceived. I didn't expect that the secret of that sloppy old man actually sold you was from Bander College." Elena said excitedly.

Listening to Elena's words, Li Tian thought to himself, it seems that Bander College should be a very famous place!

Elena can say that, it must be a good place.

So I saw Li Tian asking there, "Where is Bander College?"

Elena said: "Bender Academy is a very famous illusion school in the land of the Spirit!"

When Li Tianyi listened to the four words of illusion school, he was not only shocked.

"Is there a special academy for practicing illusion?" Li Tian asked surprised.

Just listen to Elena said: "Of course!"

"If you don't practice in a special illusion school, who can do it?"

"You have to know that some people want to enter the Illusion Academy in their entire life! Because they don't have any spiritual power in their bodies!" Elena said.

Listening to Elena's words, Li Tian finally understood.

It turns out that most of the illusions in this world are practiced in specialized illusion schools.

"This Bender Academy is very famous?" Li Tian asked.

Then Elena said there, "Of course it's famous! Let me tell you, Bender Academy is one of the three most famous academies in the Spirit Earth Continent! The other two illusion schools are named: Rock Academy, and the other. It's called: Black Shura Academy, the famous illusion masters on the Spirit Earth Continent, almost all graduated from these three academies." As Elena said, there was an extremely enviable look in her eyes. It can be seen from the look in her eyes that she has a very passionate attitude towards these three colleges.

Chapter 2554: Restore internal force

After hearing what Elena said in front of him, Li Tian not only became curious about the so-called illusion school. .

"However, if you want to enter the Illusion Academy, it is by no means a simple thing! Because the first requirement to enter the Illusion Academy is to have strong spiritual power in the body!"

"Hey, I couldn't enter the Illusion Academy because my body had no spiritual power." Elena not only sighed there.

Li Tian in front of him heard Elena say this, and not only asked in surprise: "Spiritual power? What is spiritual power?"

"What about spiritual power? It's some special physique of the body!"

"Some people are born with very strong spiritual power... that kind of people are more suitable for practicing illusion! Some people have no spiritual power at all in their lives, which also indicates that they will not be able to learn spiritual power for the rest of their lives." Linna explained to Li Tian.

Li Tian asked: "Then how do you know whether a person has spiritual power?"

Elena said: "In every city, there will be a place to test spiritual power! It can be tested by a spiritual test stone."

When Li Tian heard it, he secretly said that everything is like this!

To learn illusion, you must first have spiritual power!

Thinking of this, Li Tian not only stopped asking.

He just sat there quietly, and then looked at the "Qi Illusion" secret in his hand.

Elena on the other side, after seeing Li Tian fell silent, did not say any more, lying on the side and rested.

At this moment, only Li Tian was there carefully watching the secret of "Qi Illusion Technique".

After opening it, I saw that there were dense rows of fonts inside.

It says that the basic knowledge of Qi illusion: entraining Qi, crossing Qi, accumulating Qi...

These three stages are the most basic introductory knowledge of Qi illusion! If you want to practice this Qi illusion technique, you must first practice these three.

Li Tian glanced, and to be honest, he didn't have much interest in illusion! Therefore, I wanted to close the secret of "Qi Illusion Technique".

But just when he was about to close the "Qi Illusion Technique" secret, he suddenly remembered something.

"Aura?"

"Could it be the same as your own internal strength?" Li Tian suddenly thought of it.

While on earth, Li Tian's internal strength can be said to be unprecedented, but I don't know why, his internal strength suddenly disappeared after reaching this other world!

If his internal energy vigour had not disappeared, he would not be seriously injured by the Scarlet King's lightning illusion so easily.

Thinking of this, Li Tian suddenly began to look like the secret of the "Qi Illusion Technique" in his hand!

Because he discovered that the introductory knowledge of Qi illusion technique is exactly the same as his own practice of internal power! The same is to entrain air, cross air, and store air!

"If I practice this Qi illusion technique, will my internal strength recover?" Li Tian said inwardly.

Of course Li Tian would not know that the internal energy qi he cultivated on the earth was actually some simple qi illusions, because the qi of the body is also qi!

And the lowest level of Qi illusion technique is to condense the body's Qi!

After the middle level, he began to condense the qi outside of his body, which means the qi in the air!

Once reaching the high-level Qi illusion technique, the cultivator will begin to slave Qi, using his own power to control the breath of nature.

But Li Tian still doesn't know what this "qi illusion technique" really is.

Now he only wants to restore his inner strength. In that case, his kung fu will be fully restored. Once he recovers, he will no longer have to be bullied by the Red King!

He believed that with his skill, he could definitely kill the Red King.

After thinking of this in his heart, Li Tian began to look at the cultivation method of Qi illusion.

Qi illusion; elementary introductory knowledge.

Enqi Jue.

Looking at the Yin Qi Jue, the dense fonts on it, Li Tian began to recite slightly.

"The Qi of Sanqing, condensed in the body, unblocked and the body..."

As Li Tian began to practice the Qi Yin Secrets, he closed his eyes slightly, and then began to talk about the cultivation techniques that caused the Secrets over and over again. As he recites these Qi Yin Secrets over and over again, then he Just try to slowly guide the Qi Jin in your body.

However, he found that his body was like an empty shell, and he couldn't guide it out.

After practicing for a while, Li Tian was not only a little frustrated!

"Damn it, why can't my body lead out a little energy? After I arrived in this world, did all the energy of my body disappear without a trace?"

Li Tian was thinking there.

Looking at the secret of the "Qi Illusion Technique" in his hand, Li Tian is not reconciled!

"I don't believe it, isn't all my energy and internal strength gone?"

After Li Tian shouted angrily in his heart, then he started chanting the mantra again and again! Then began to bleed little by little.

If he failed once, Li Tian tried again.

Try again and again.

Finally, after Li Tianyi tried dozens of times in a row, suddenly there was a faint energy in his abdomen dantian slowly rising out.

The vigor was very weak, but even so, Li Tian could feel it resolutely.

"I succeeded, and finally I can successfully feel my breath." Li Tian yelled in horror.

Facing Li Tian's sudden scream, Elena and Taylor, who were resting in front of them, not only turned their heads in surprise and looked at the weird Li Tian.

"Benefactor, what's wrong with you?"

Elena and Taylor both looked at the extremely excited Li Tian and asked.

But seeing Li Tianzai was overjoyed and said excitedly: "I can finally feel my inner strength, great."

Elena and Taylor didn't know what happened when they heard Li Tian scream!

What is internal strength? They don't understand!

Li Tian knew to explain to them, but they didn't understand, so he didn't explain too much to them. At this moment, he quickly sat down on the side and continued to vent his breath!

He wants to restore all his internal strength...

I saw that after Li Tian first felt his vigor, he began to infuse Qi all over his body. After a while, a vast vigor in his dantian surged out.

Li Tian certainly would not know that this world is completely different from the earth.

When his body arrived in this world, it had completely changed...The whole body's internal energy seemed to be blocked by barriers, and it was not needed at all.

But now, fortunately, there is a method of entraining Qi on this Spiritual Earth Continent. By slowly entraining Qi, Li Tian's previous Qi Jin internal force is slowly dredged out.

Now, his internal strength began to recover little by little!

Chapter 2555: Fire illusion

Li Tian was recovering his skills little by little.

He found that his body energy began to gush out from the dantian in his abdomen little by little, and the whole body also recovered to the feeling of full energy again.

After realizing that he was regaining his inner strength little by little, Li Tian began to draw qi continuously.

The breath kept flowing away in Li Tian's Dantian like flowing water!

So, I don't know how long it took, Li Tian finally exhaled a white gas from his mouth, and then slightly lowered his hands from his dantian.

"My internal strength has finally recovered and become a success!" Li Tian said with satisfaction in his heart.

Opening his bright eyes, the dazzling sun shines on his face.

"It's dawn?" Li Tian sat up from the ground in shock.

The moment he saw the sunlight, he subconsciously avoided it! Because in the previous life, his body was still the body of a vampire! Whenever the body encounters the sun's rays, it will be stung by the sun, and even the skin will rot!

But at this moment, after Li Tian avoided the sunlight, he found that his arm...body...not burning at all.

Looking at his undamaged hands and skin, Li Tian was stunned.

"Hey, why isn't my body afraid of the hot sun?" Li Tian thought there in shock.

Then he slowly moved his hand towards the dazzling sun.

The sun's rays shone on Li Tian's arm, and there was no slight scorching sensation, on the contrary, there was a warm feeling of warmth.

"My body is healed? Has the vampire body finally recovered?" Li Tian looked at his undamaged arm in surprise.

Then he couldn't help being extremely excited.

He has always been a shadow in his heart because he is "not a human".

Now, after suddenly discovering that his body had completely changed, he was of course shocked.

Of course, Li Tian would not have thought that his body and internal strength had undergone major changes after coming into this world!

"I finally changed back to human!"

Li Tian exclaimed excitedly.

He ran out quickly, and his whole body was bathed in warm sunlight. The warm sunlight spread all over Li Tian's body, giving him an indescribable comfort.

Li Tian felt very awkward about his arrival in another world! But now, he feels different inside...

This world is more mysterious than he thought, and more interesting.

With inner excitement, Li Tian looked around at the surrounding area.

Suddenly he found that Elena and Tyler, who had been with him before, had suddenly disappeared.

"Then Elena and Taylor are missing?" Li Tian thought in surprise, then blinked his eyes and looked around.

Just as Li Tianxin was thinking this way, he suddenly heard a noise from outside.

"Why is it so noisy outside?"

Li Tian thought for a while, so he went out.

After arriving outside, he saw a street surrounded by many residents of Stormwind, all of them tiptoe to the center of the empty street, as if waiting for someone to arrive.

Li Tian took a look, feeling strange, looked around, and suddenly saw that Elena and Taylor were among the crowd.

"Elena! Taylor." After seeing Elena and Taylor, Li Tian not only called out.

Elena and Taylor also heard Li Tian's yelling at this moment, so they quickly turned their heads and saw Li Tian.

"Benefactor, come here." I saw Elena in front of Li Tianzhao and said.

Li Tian saw the two of them beckoning to him, so he hurried over.

After arriving at Elena and Tyler, Li Tian asked in surprise: "Elena, what are you doing here?"

But seeing Elena turned a beautiful face, she smiled slightly: "Benefactor, you may not know that today is the day when Band College came to Stormwind to recruit students."

"What? Enrollment at Band College?" Li Tianyi was surprised.

Yesterday he also heard that Elena told her that Bander Academy is one of the three extremely famous illusion schools in the Spirit Earth Continent... He didn't expect to see Bander Academy today.

Just listen to Elena smiling and saying: "Yes!"

"Benefactor, I forgot to tell you yesterday that the Academy of Illusion Arts will recruit students every three years... Each college will send representatives to find students with spiritual power in major cities, and then recruit those students to their own Illusion Academy."

Listening to Elena's words, Li Tian thought to himself, and said to himself: So that's what happened!

"Today, it happens to be the day when the colleges and universities recruited students in the past three years... so we just ran out to take a look.

Li Tian said after listening: "Oh, I understand."

"Benefactor, after a while, you will see the illusionists of the very famous Bander Academy in the Lingtu Continent!" A beam of excitement appeared in Elena's eyes towards Li Tiandao.

Li Tian smiled slightly, raised his eyes and looked at the empty street.

I thought, why haven't you come?

The streets were crowded with many residents of Stormwind. Everyone was looking up at the end of the street with their toes on their toes.

Suddenly a man's voice came from the frontmost position.

"Here, here comes, the great illusionists of Bander Academy are here..."

I watched with the sound, but saw a mighty group of people coming from the street towards this side.

I looked carefully, but I saw a few young people at the front. They were dressed in white robes, all of them handsome, riding on the horses.

"Wow, the illusion students of Bender Academy." I heard the light radiating from Elena's beautiful eyes.

Li Tian also saw the handsome young men at this moment. Those people looked about the same grade as him, but everyone burst into a weird breath.

When these young men in white robes were riding their horses towards the main street of Stormwind, their right hands suddenly stretched out.

Then a beating flame accumulated from the palm of his hand.

"flame!"

A blazing flame appeared in their palms, and then their right hand raised slightly, and the flame suddenly rose to the sky, turning into a beautiful firework.

"Fire illusion! Wow, these are the students of Bender Academy's fire illusion." Elena exclaimed with her beautiful eyes blinking, with an expression of endless envy in her eyes.

Chapter 2556: Test Ling

Fire illusion?

When Li Tian heard the residents of Stormwind screaming there, he saw not only the young people in white robes.

What they used was indeed fire illusion.

"This is the fire illusion?" Li Tian said in surprise.

Accompanied by the more than 20 fire illusion students who rode through the horses, they saw a row of young people wearing purple clothes.

What those young people accumulated in their hands was the "light of thunder and lightning." The flickering thunder and lightning radiated into the air when they walked through this street, and the light of thunder and lightning flashed brightly in the air!

"Thunder and lightning illusion?"

Followed up in turn were the "Wind Magic" students in gray costumes, and finally the "Water Magic" women who wore the white clothes and looked like gods.

Each type of illusion color clothes in this Bender Academy is different, but all four fonts are written on the armbands of their arms: Bender Academy!

Obviously these are all students from Bander College.

When the students of the Bander College walked in amidst the enthusiastic calls of the ordinary residents of Stormwind, they saw a few carriages approaching the last place.

The first carriage was the most majestic, with four snow-white horses pulling there.

I saw an old man in a dark robe sitting in the carriage. The old man's eyes were clear, his thin body was sitting there slightly, and his beard under his beard fluttered with the cold wind.

"Wow, Dean of Bender Academy!" An exclamation exclaimed from Elena's mouth.

When Elena screamed, Li Tianyi asked, "Who?"

"Benefactor, look at that carriage. Do you know who the old man is in that carriage?"

"He is the dean of the Bander Academy... On the Spirit Earth Continent, the fire illusion has reached the high level 3 great illusionist." Elena in front of him introduced to Li Tian there.

When Li Tianyi heard it, he faintly lined up: Fire Illusory Advanced Level 3?

"Is it amazing?" Li Tian couldn't help asking in surprise!

He still doesn't know the level of this illusion on the Spirit Earth Continent.

I just heard that Elena's eyes widened and said: "Of course it's amazing!"

"Benefactor, an intermediate illusionist is already a very powerful existence on the Spirit Earth Continent. If it can reach a high level, then it is the existence of the illusionist! The dean of the Bander Academy is said to be fighting against the magic. When the clan attacked, he used a high-level fire illusion technique Nether Flame Fire to burn down a city of the demon clan!"

Li Tianyi couldn't help but hesitated.

what?

so smart?

Can actually burn a city-state? Li Tian is a little unbelievable!

But seeing that Elena said, "Yes!"

After Elena in front of him finished speaking, Li Tian was surprised a lot, so he watched carefully.

Elena's eyes were full of tears and exclaimed: "Hey! I didn't expect that this time even the old dean of Bander College, Herris, was here. It seems that Bander College attaches great importance to this illusion. Student enrollment."

The surrounding residents of Stormwind were enthusiastically cheering the illusionists of Bander College in front of them.

Their arrival seemed to add an extremely beautiful color to this Stormwind City.

Li Tian kept looking at the illusions of these Bander College illusions. He discovered thunder and lightning illusions, discovered fire illusions, discovered wind and water illusions, but he did not see the so-called illusions of air illusions!

When seeing this, Li Tian not only asked in surprise.

"Hey, Elena, didn't you tell me that there are five types of illusions in the Bander Academy? Wind, fire, thunder and lightning, water, and air." Li Tian asked.

Alina said: "Yes. What's wrong?"

"Look, why are there only wind, fire, thunder and lightning, water, and illusionists in this Bander Academy? Why is there no Qi illusionist alone?" Li Tian asked!

It turned out that the illusionists who just walked past did only show the four categories of wind, fire, thunder and lightning, water, and did not see the Qi illusion, so Li Tiancai couldn't help but wonder.

After hearing Li Tian say this, Elena suddenly laughed.

Li Tian was surprised: "What are you laughing at?"

Elena said: "Didn't I tell you? Qi illusion technique is very rare in the Spirit Earth Continent! And it is extremely difficult to cultivate!"

"Even the very famous illusion school like the Bander Academy has very few Qi illusionists! I guess it may be because there are too few Qi illusionists in the Bander Academy, so they did not give the Qi illusionists. Show it out." Elena said.

Listening to Elena's words, Li Tian was not only slightly depressed in his heart!

To be honest, he has no interest in the four types of illusions: wind, fire, thunder and lightning, and water!

He is only interested in Qi illusion, because Qi illusion is commensurate with his own internal strength, but what is depressing is that this Bander Academy does not show Qi illusionist!

Li Tian not only murmured: Are these Qi Illusionists really so unpopular in this Spirit Earth Continent?

After thinking about it, Li Tian shook his head bitterly, and then continued to look at the scene in front of him.

"Where are the illusions of the Bander Academy going?" Li Tian couldn't help looking at the illusions of the Bander Academy who were walking forward and asked in surprise.

But seeing Elena said: "They are going to the Ducal Palace in Stormwind City!"

"After staying in the Ducal Palace for a day, they will go to Stormwind Square the next day, and then carry out the spirit test there!" Elena said.

Li Tian listened to Elena talk about testing the spirit, the so-called testing of the spirit is to test the spiritual power of the body! Because in Lingtu Continent, only children with spiritual power can learn illusion.

"Generally, you must be 16 years old before you can test it, because the body's spiritual power is constantly accumulating...At 16 o'clock, it's a real explosive period. Once you're 16 years old, your body has no In terms of spiritual power, then this person has no hope of learning illusion in his life." Elena said.

"As for some spiritual power geniuses, when they are born, they will be taken away, and then sent to the Illusion Academy for special learning...Hey, but that is a very small number of geniuses."

Elena explained to Li Tian in a word.

After listening to Li Tian, he almost understood a little.

He was silent there, did not speak, just raised his eyes to look at the illusionists who left the Bander Academy...No one knew what he was thinking at the moment.

Chapter 2557: Billowing smoke

Finally, the illusionists of Bander College left the main street of Stormwind in a warm welcome.

The residents of Stormwind around them were still looking at them with envy, as if they didn't want to leave.

Even Elena and Tyler not only showed a reluctant expression on their faces.

"Hey, why the **** my body doesn't have the slightest spiritual power in this life? If I have spiritual power, I can be as powerful as the illusionists just now." Tyler grinned, regretful. Extremely Tao said.

Elena heard Tyler say this and smiled: "Who can you blame for this? Blame yourself!"

Tyler said there, "Yes, yes, I blame myself."

Elena smiled and said to Tyler, "Let's go, don't blame yourself."

"At least three-quarters of the ordinary people in the Lingtu Continent have no spiritual power! The remaining one-quarter, and less than one-half of the people can enter the Illusion Academy. As for the other half, it will take many years of cultivation, Fang Only by becoming a low-level illusionist! Tyler, don't be sad, some people in this world are more painful than you!"

Listening to Elena's words, Tyler grinned and said, "Miss Elena is so true! Compared to those poor slaves, Tyler is indeed lucky." He said with a silly smile.

In this way, Elena, Li Tian, and Taylor left here.

They walked towards the dilapidated house.

After arriving in the dilapidated room, Elena glanced at Li Tian's right hand injury, and looked at Li Tian and said, "Benefactor, how is your hand?"

Li Tian smiled and said, "It's all right now."

Elena felt relieved when she heard this.

"Then let's go, go to the tavern and go round with our people." Elena said in front of her.

Some members of the Sirius Legion rested in the hotel of the tavern, where there were still their slaves.

After hearing Elena say this, Li Tian nodded silently.

"it is good!"

In this way, they simply cleaned up, and then stepped out of the small room in front of them.

"Benefactor, why did you sit there cross-legged yesterday? You sat alone all night... I wanted to wake you up, but I saw your body braving a weird white breath... I didn't dare call you !" Elena in front of me suddenly remembered Li Tian's weird movements, and the white breath that emerged from Li Tian's body last night, Elena couldn't help asking curiously.

Li Tian heard Elena say this, and now smiled slightly: "I am recovering my internal strength."

"Internal strength?" After hearing this, Elena was not only surprised.

In Lingtu Continent, there has never been the term internal strength, so Elena was not only surprised when she heard it.

"What is internal strength?" Elena asked.

Li Tian thought for a while, not knowing how to explain to Elena in front of him.

"In fact, internal strength...Internal strength...is similar to the Qi illusion technique of your spiritual soil continent. It also relies on the accumulation of physical energy and then bursts out to reach the bottom of harming people. This is internal strength." Li Tian had no choice but to do it. Compare the Qi illusion technique.

Elena and Tyler in front of them not only turned their horrified eyes to Li Tian.

"Benefactor? You mean...you can...can...Qi illusion?" Elena suddenly looked at Li Tian in shock with her mouth widened.

Li Tian thought for a while and said, "Forget it...it's it!"

Inner power is indeed a type of qi illusion technique, but it belongs to the low-level stage of qi illusion technique, because the most powerful inner strength also relies on condensing one's own qi energy to burst out, while qi illusion technique is different. After the level, slavery begins... the so-called slavery is to control the breath of nature! Obviously, it's much more powerful to control the aura of the outside world than to control your own Qi Jin, so it's not wrong for Li Tian to say that his internal energy is a Qi illusion.

When I heard Li Tianhui's "Qi Illusion Technique", Elena and Taylor were not only shocked.

"Benefactor, you are really not showing your face!"

"So you can illusion!" Tyler looked at Li Tiandao with wide eyes.

Li Tian frowned and said: "I don't know Qi illusion technique, my internal strength is just similar to Qi illusion technique..."

Elena said: "Benefactor, you are really humble."

"Benefactor, since you are good at psychic illusion, you might as well go to Test Spirit Square...If you are selected by Bander Academy, then you can become a great illusionist!" Elena suddenly smiled.

Tyler also grinned and said: "Yes, benefactor! Once you can be an illusionist in the Spirit Earth Continent, you can have a highly respected identity, money, and beauty. You can get whatever you want. "

Li Tian listened to these two guys and shook his head with a wry smile and said, "I'm not very interested in those illusions!"

Hearing what Li Tian said, Elena and Tyler were not only disappointed there!

Along the way, they just walked towards the tavern just like that.

Before Li Tian knew it, he had developed a strong friendship with both Elena and Taylor!

He discovered that although this Spirit Earth Continent is very weird, the people here are pretty good!

Especially Elena and Tyler, although they live in the lower class, they never feel guilty for being humbled!

Step by step towards the tavern.

When they finally reached the tavern, they suddenly noticed thick smoke coming from there.

When Li Tian saw the thick smoke that soared into the sky, not only did he frown.

"Elena, look at the place ahead, there seems to be a fire..." Li Tiandao said.

Elena and Tyler not only raised their heads, and then looked at the place where the smoke was soaring into the sky, the two of them couldn't help being stunned.

"Oh my God, it seems to be the direction of the tavern!" A word suddenly came out of Na Taylor's mouth.

After he said "Exit", the Elena in front of her was not only shocked, because she also discovered that the place where the thick smoke was actually came from the tavern where they stayed before.

"Did something happen in the tavern?"

Elena, who was so shocked in her heart, said to Taylor and then next to him: "Taylor, hurry up, let's go and see."

Elena, who was talking, ran to the front first, and Taylor and Li Tian followed closely behind.

Chapter 2558: revenge

Accompanied by Elena, Tyler, and Li Tian, they rushed over, and after a glance, they were suddenly shocked.

I saw that the tavern had been completely burnt down, and the raging fire and thick smoke hit the sky.

"Is the tavern on fire?"

"Where is our brother?" Taylor exclaimed, while running towards the raging fire.

I looked closely, but I saw a few **** corpses lying where the flames spread.

Those corpses are those of Elena and the others.

A total of six, all of them died on the ground...their armor was soaked in blood, and the blades in their hands were still stained with blood.

died.

It's all dead!

Elena and Tyler were stunned for an instant when they saw that their brothers were all killed.

"Kees, Daler..." Taylor screamed at the Sirius Mercenary Corps brothers who were holding two heads in different places, his eyes flushed.

But the two brothers had fallen in a pool of blood. They were stabbed many times and died.

Not only were they dead, but even the poor slaves here were all killed.

Those slaves also had iron chains tied to their hands and feet... their bare-chested bodies fell into a pool of blood.

The head of the third slave who had treated Li Tian well before was chopped off and rolled aside.

Looking at this **** scene, Li Tian was stunned! A huge hatred came directly from his heart.

"who is it?"

"Who killed our Sirius mercenary brothers?" A roar came out from Na Taylor's mouth!

Elena's eyes were red, and she knelt on the ground, holding the blade in her hand tightly with one hand, her furious body was trembling.

At this moment, a low gasp suddenly came from the left side.

Look carefully, but see is a brother fallen in a pool of blood.

"Radell!" When he saw that the brother still had a breath, Taylor and Elena rushed over and supported him! Even Li Tian ran over at this time.

The poor fellow named Raddell had been stabbed twice and had a leg cut off. He was dying at the moment, but he was still struggling to speak.

I saw his mouth open in pain, murmured there: "Alina...Elena...Miss..."

"Radell, tell me, tell me who killed you?"

"Who killed so many of our brothers?" Elena said with her eyes red, holding on to Naradre.

But seeing that there was blood flowing at the corner of Narader's mouth and his mouth open...he said with difficulty: "Yes...yes...yes...the Scarlet Legion!"

When Naradar said such a sentence, his eyes closed suddenly.

died.

"Radell..."

Elena and Taylor exclaimed there.

It is a pity that Raddell has been unable to recover! He is dead.

"Crimson Legion!"

"These bastards!" A roar roared from Na Taylor's mouth.

His two fists were clenched tightly, his eyes seemed to be bleeding, he knelt on the ground and roared and roared.

"revenge!"

"We want revenge!"

"I must let that **** Scarlet King pay the debt!" Elena in front of me knelt on the ground and swore!

It turned out that after Elena, Li Tian, and Taylor were rescued by mysterious experts in the black market last night, their brothers were attacked by the Scarlet Army!

The members of the Crimson Legion discovered the Sirius mercenary members in the tavern, so they killed all the members here! In the end, even this tavern was completely destroyed!

The fire was still burning there.

The rising thick smoke drifted towards the blue sky.

Then Elena, and Taylor, sadly drowned the bodies of the brothers one by one!

During this period, they didn't say a word from beginning to end, they were just the fire of revenge burning in everyone's heart.

Li Tian buried those poor slaves!

Looking at the poor slaves, Li Tian not only felt a huge hatred in his heart.

"Damn the Scarlet Legion, it's so cruel!"

"If it is right for them to kill the members of the Sirius Mercenary Corps, then why should they kill even these poor slaves cruelly?"

"These slaves themselves are so pitiful... Why are the people of the Scarlet Legion so cruel?"

Looking at these corpses, Li Tian could not wait to chop off the head of that king!

Finally, Elena Taylor and all the corpses in front of Li Tianjiang were buried!

The fire of the burning tavern was slowly reduced at this moment, and suddenly the sky became cloudy... After a while, a cold wind blew, and then cold rain fell from the sky.

Li Tian and Elena stood in the cold rain, letting the rain wash their bodies!

Suddenly, I saw that Elena picked up the scimitar on the ground... and walked forward without looking back.

Na Taylor also had another living mercenary member, and at this moment he quickly picked up the weapon in his hand and followed Na Elena.

When Li Tian saw it, he couldn't help saying: "Elena, what are you doing?"

But seeing Elena said without looking back: "Vengeance!"

"I must avenge my brothers!" Elena said in the cold rain.

After Li Tian heard this, he hurried to catch up, and then grabbed Elena.

"Elena, don't be so impulsive... You are going to deal with the Scarlet Legion just to die! There is no revenge at all." Li Tian encouraged Elena.

Yes, relying on their ability, with such a small number of people, to deal with the terrible Crimson Legion? Not looking for death, what else could it be?

But Elena was already furious and didn't listen to Li Tian's advice at all!

While struggling to move forward, she said angrily: "Even if I die, I have to fight the gangsters of the Scarlet Legion."

Li Tian grabbed Elena fiercely and said, "Are you crazy? Why do you want to kill yourself?"

"I don't care! I just want to avenge my brother!"

"Don't stop me..." Elena roared at Li Tian in the rain.

She seems to have lost her reason!

Li Tian looked at Elena who was struggling, and finally couldn't help it anymore, suddenly stretched out a hand and "slapped" a loud slap on Elena's face!

After being slapped by Li Tian, Elena was stunned for a moment and looked at Li Tian in the rain with her incredible eyes.

Not only was she stunned, even Na Taylor and another member of the mercenary were also stunned! They all looked at Li Tian with eyes wide open in disbelief.

Chapter 2559: Love

No one thought that Li Tian would slap Elena on the pretty face.

After Li Tian slapped Elena with a slap, Li Tian grabbed Elena's tender shoulders and said, "Elena, I know you hate and you are angry, but you can't go for nothing. To die!"

"If you do this, you will only die in vain. Who will avenge your dead by then? Would you be sober?"

The cold rain fell from the sky, and then it hit Elena's face in drops.

Her tears were mixed with rain and fell from her face. At that moment, it was almost impossible to tell whether she was raining or tears.

Elena suddenly burst into tears in the heavy rain, and then suddenly hugged Li Tiangi in her arms.

Her delicate body has been completely wetted by the rain, and she is now close to Li Tian, howling and crying.

Li Tian looked at Elena in his arms, he could only sigh, and then gently hugged Elena in his arms.

"Elena, rest assured, I will avenge you! You members of the Sirius Mercenary Corps will never die in vain." Li Tian was in the cold rain, his eyes revealed a fiery killing intent. .

The cold rain is still falling!

Elena didn't know how long she had been crying, and finally she was in a coma for too long.

Li Tian hugged Elena's body, followed Na Taylor, and then stayed in a small hotel.

This hotel is not big or small, but the decoration is excellent, and the price of stay is very favorable!

One person and one room only need 1 gold coin!

After arriving in the room with the unconscious Elena, Li Tian slowly put Elena's body slightly on the bed.

Then I found a clean towel and wiped the tears and rain from her face for Elena.

Elena's facial features are very delicate, her eyelashes are very long, her nose and her little red cherry mouth exudes endless temptation!

The most important thing is that Elena's whole body is soaked...

All the slender curves were revealed at this moment, and with her slight breathing, her bulging chest fell together!

The two tight, thin legs exude the fragrance of a girl.

Li Tian looked at Elena's body, at that moment, the man's hormones surged from his body instantly! After all, Li Tian is also a man! And also an extremely mature man.

Just as Li Tian looked at Elena with fierce eyes, Elena suddenly opened her eyes and saw Li Tian's eyes that were fiercely betting on her beautiful body.

"Benefactor..." Elena's red mouth suddenly called Li Tian.

Li Tian quickly retracted his eyes, and couldn't help cursing in his heart at the same time: Damn, why do I think about these rascal things in my mind!

Li Tian turned his head awkwardly, and said: "Elena, you are sober."

Elena blushed with a tender face and said softly, "En."

"It's good if you are awake! You take a good rest first, I won't disturb you." Li Tian said, and then got up to leave here.

After all, it might not be good for lone men and women to stay in this room.

Just when Li Tian got up and was about to leave, suddenly a delicate white hand grabbed Li Tian's arm.

"Wait..." Elena's gentle voice suddenly sounded.

Li Tian was pulled by his arm, and suddenly he only felt a warm current rushing up and down his body.

He not only turned his head awkwardly, looked at Elena, and said, "Elena, is there anything else?"

The friendship in Elena's eyes is endless, and fools can see the friendship in Elena's eyes.

"Benefactor, thank you for saving me and helping me!"

"I...I...I want to repay you."

Elena, who was talking, suddenly blushed!

At the moment when her face turned flush, one of her slender hands suddenly faded the clothes on her shoulders slightly.

The tender and white shoulders were suddenly exposed... and then as the fingers slowly descended, all her white skin was exposed.

Especially the deep gully in the chest...

Just as Elena continued to take off her clothes, Li Tian stood up suddenly, and turned around with an awkward expression: "Elena, what are you doing?"

"Quickly, put your clothes on."

Elena did not pay attention to Li Tian's words, but had already removed the entire coat!

Even the binding of the chest has faded...

Elena took off all her upper body in this way. After she finished taking off, she suddenly hugged Li Tian from behind!

Then the whole chest pressed tightly on Li Tian's back.

Li Tian only felt the two soft things on his back, and the slight friction made his whole person suddenly rushing into his heart.

"Benefactor, don't you like me?"

"Even if you don't like me, you should like my body." Elena's Yingying voice passed into Li Tian's ears!

I have to say that Elena has a beautiful figure.

Not only the lordosis and the back curl, but also the extremely tall and slender, such a beautiful body, I don't know how many men dream of a bed stunner!

Li Tian only felt that his whole body was soft!

But he was enduring it! Bear it! After all, he is not the kind of beast that he wants to go to when he meets beautiful women, he still has women who love him.

"benefactor!"

With a cry of infant, Elena suddenly kissed Li Tian's ear with her little red mouth, exhaling Ruolan's breath, and body fragrance all filled Li Tian's mind.

Li Tian almost lost control at that moment!

Changing to be any man can hardly resist such temptation!

Just when Li Tian was about to lose control, his favorite Situ Ningbing suddenly remembered in his mind.

"I don't know if Ning Bing is alive or dead... She almost sacrificed her life for herself... For herself... How can I, Li Tian betray her? No, no, I can't, can't."

Suddenly Li Tian broke free of Elena's body, and then turned his back to Elena and said: "Elena, I'm sorry, I already have a beloved woman! As for your friendship, I Li Tianzhi I am able to accept it, sorry!"

Finally, after saying I'm sorry again, Li Tian suddenly twisted his body and opened the door and walked outside!

boom!

With a bang, he closed the door directly!

In the empty room, only the glamorous Elena was left at this moment... She was there in a daze, and then she held a bedding with her hands on her chest, with a sense of loss in her eyes. Look!

Chapter 2560: Long, Tian, Shura

Li Tian returned to his room, feeling as hot as the fire!

Especially the very graceful body of Elena that emerged in his mind... Li Tian was even more irritable!

He hurried to the bathroom, then picked up a basin of cold water, poured the cold water from the top of his head with a splash, and shook the cold water on his face. At this time, Li Tian felt that he was much better!

"Hey! I really shouldn't hurt that Alina!" Li Tian sighed slightly there.

In this way, after Li Tian cleansed his face, he returned to the room.

Then he changed into clean clothes, and then sat cross-legged on the bed.

"I really didn't expect that the secret of Qi illusion that the sloppy old man sold to him could actually help him recover his internal strength! It's really great."

"Now my internal strength has recovered 20%. If I continue to practice, my internal strength should be fully restored immediately."

Li Tian thought secretly there.

He is now anxious to restore his skills!

Because as long as Li Tian recovers his skills, he can use all his skills! He still doesn't know how capable his own Kung Fu is in this world.

After thinking like this in his mind, he quickly opened the secret of Qi illusion technique, and then continued to practice.

The introductory knowledge of the secret of Qi illusion: entraining Qi, crossing Qi, and storing Qi. According to the truth, Li Tian doesn't need to practice at all!

Because of the hardest way to breathe in true energy, and then accumulate energy, Li Tian had already learned it when he was on the earth!

The reason why he is practicing now is entirely because of his internal energy, which needs to be continuously guided! Only by guiding him can he restore all his vigor!

I saw Li Tian slowly leading his breath like that!

In the dantian of his abdomen, a warm breath began to slowly walk up and down his whole body!
Gradually spread all over his body.

...

Before I knew it, the day was almost past.

The night of Stormwind came especially early!

In the endless night sky, only a few stars were shining brightly on the sky.

Stormwind City, Ducal Mansion.

This is the only ducal mansion in Stormwind City. At this moment, the ducal mansion is heavily guarded, and all armored soldiers are guarding it.

Today is a particularly important day, because the illusionists of Bander College live here!

The Duke's Mansion has already vacated all the best rooms, and arranged for the illusionist from Bander College from afar!

The illusion students who practice thunder and lightning live in the east wing!

The students who practice wind illusion, live on the west side!

The students who practice that fire illusion, live on the south side!

The place on the last side is the one who practices water illusion, and the beautiful female students live on the northernmost side.

In the luxurious rooms in the middle are the illusion teachers of Bander College, and the most respected dean of Bander College lives there.

Looking at the house in the middle through the faint light, I saw the dean of Bander College: Heris, who was still slightly flipping through a heavy roster.

This highly respected old dean on the land of the Spirit Earth, Herris, is a respected old dean.

At Band College, every student respects the old dean.

Not only because the old dean Khris is a great illusionist of the high level 3 of the fire illusion, but also because he is the most fair and kind old man in the entire continent.

At this moment, Dean Herris sat slightly on a wooden chair, and then slightly flipped through a thick roster with a thin old book.

"Hey, I don't know how many children with some spiritual power can be found this year..."

The old dean Heris sighed slightly while touching his gray beard.

The heavy roster in his hand is the young man who is going to test his spirit tomorrow.

The old dean was only observing that moment.

Just as the old Dean Hollis raised his brilliant eyes and slowly flipped through the heavy roster, suddenly a strange breath suddenly came out of the air!

There was an old kerosene lamp next to the old Dean Heris...With the strange breath, the flame of the kerosene lamp suddenly jumped violently.

"What a powerful pneumatic wave!" A word suddenly came out from the mouth of the old Dean Heris.

Then he turned his head abruptly and yelled: "Who?"

Along with his roar, a strange "Purple Underworld" suddenly appeared in the palms of his hands.

Purple Underfire, the most powerful fire illusion among high-level fire illusions!

But at the moment when the old Dean Khris turned his head, he didn't know when a figure was standing in his room.

The figure stood in the darkest corner of the wall, unable to see his face or his appearance.

"Old He, your fire illusion cultivation base seems to have increased by another level!"

Suddenly the dark figure in the corner suddenly spoke!

His voice is ancient and vicissitudes, and it sounds very strange.

Looks like an old man!

The old Dean of the Bender Academy in front of him, after hearing the voice of the other party, his piercing eyes suddenly flickered, and then he looked at the dark corner with a pair of unbelievable eyes The figure inside: "Long? You are... Mr. Long?"

Shocked words screamed from the mouth of the old Dean Hollis.

I saw the figure in the dark suddenly laughing and walking out of the dark corner.

Upon closer inspection, he saw that it was a sloppy old man with gray hair, with a huge wine gourd tied to his waist!

My goodness, isn't this old man the sloppy old man who sold Li Tiantian's illusion technique before?

How could he appear in the old Dean Heris' room of the three major illusion schools in the Spirit Earth Continent! And come without a trace, go without a trace!

The most important thing is that his status seems to be extremely high, even when the old Dean Hurice saw him, not only did his voice reveal endless respect!

I saw that the sloppy old man at the moment squinted his eyes slightly and laughed there after he appeared.

At this moment, the old Dean Heris, raised a pair of unbelievable eyes and looked at the sloppy old man in front of him and said: "Long, old Long, why are you here?"

"Oh my God, I thought it was an expert who could perform such a powerful high-level Qi illusion... It turned out to be... the old man of Long, Heaven, and Asura!" The old Dean Heris was there Said in amazement.
