

## **A Killer 2561**

Chapter 2561: Gifted student

It is rumored that there are three existences who have reached the pinnacle of illusion in the land of the soul.

They are called: Long, Tian, Shura!

These three legendary masters of illusion art have already existed like gods on the spiritual soil continent.

According to legend, these three illusion skills have already broken through the high-level illusion level 3 and have reached the stage of saints!

During the Second Demon War, it is said that Long, one of the three saints, once made a shot. Long reached the peak with Qi illusion, and suddenly stopped the whole space aura...it was the worst in a thousand years. The cruel war, under his terrifying Qi illusion, the war was immediately eliminated!

Neither the Spirit Earth Continent nor the demons dare to trigger a war.

Because Long once said: If anyone dares to kill, he will kill him!

Therefore, no one would dare to talk about war anymore, no matter it was the demons or the land of the spirits!

This legend is already an ancient story a hundred years ago... The streets and alleys of the Lingtu Continent, teahouses and taverns, will talk about some of the great legends of these ancient illusionists in their leisure time.

No one thought of the head of the Three Saints: Long! Will appear here today!

The old dean Khris in front of him looked at the sloppy old man Long, not only did his eyes show light and said: "Old Long, you, why are you here?"

"Since you coached me under Fire at Band College twenty years ago, I have never seen you again."

The sloppy old man called "Long" suddenly laughed, and while laughing, he touched the huge wine gourd around his waist and then slurped and drank two mouthfuls: "It's true, my old man really feels nothing to do. That's why I want to travel everywhere."

Listening to the sloppy old man saying this, the old dean Hollis not only said: "Old Long, you are dressed...If I hadn't met Hollis with my own eyes, I would really not recognize you!" Hollis looked "Old Long" dressed in a sloppy costume laughed there.

"Old He, are you recruiting illusion students again when you come to Stormwind this time?" Old Long suddenly narrowed his drunken eyes and asked the old Dean Heris there.

When the old dean Khris heard the sloppy old man say this, he hehe smiled and said, "Yes!"

"Hey, Old Long, you also know that since your old leave, our Band Academy has been in the lower position of the other two illusion schools! I am not convinced by Chrys!"

"It's been a hundred years, almost a hundred years, every time our Spirit Earth Continental Illusion Contest, our Band Academy is at the bottom! Hey, I can't bear this tone!"

The old dean Heris said, shaking his head and sighing there! It seems to be unwilling in the words!

It turned out that although Bander Academy was one of the three great illusion schools in the land of spirits, it ranked last among the three illusion schools! In the earliest days, Bander College was the greatest and most brilliant college! Because at that time everyone knew that "Long" held the position of dean! Since the outbreak of the Second Demon War, "Long" resigned from the position of the old dean, and was then enlisted in the army by the imperial sign... Since then, the old dean of the Bander College has been taken over by Herris... It is a pity that after the old Dean Herris became the leader of Bander College, Bander College was never as brilliant as before! Now Bander Academy may be an extremely great existence in the eyes of ordinary people, but in the hearts of people who practice illusions, it has fallen to a third-rate status! ! ! This is also the real reason why the old Dean Heris wants to rush from the imperial capital to enroll students in Stormwind this time.

After hearing the old Dean of Bander College, Khris said so, Old Long suddenly smiled slightly.

Then he took the huge wine gourd in his hand and took two sips in his mouth.

"Old He, did you find any powerful spiritual youth this time?" Old Long in front of him said to the old Dean Heris.

Khris was slightly embarrassed, shook his head there and said, "So far, I haven't found it yet."

After hearing what Khris said, Old Long suddenly laughed.

"Old He, do you know why I came to you suddenly today?"

When Heris heard Na Long's words, he was not only taken aback, but blinked his eyes there and said: "By the way, Long, you haven't told me why you came to me suddenly? Hey, is there What's good?"

Old Dean Heris looked at Old Long Road like a cunning child!

He still remembers the sudden visit of Old Long 20 years ago, and then told him the cultivation method of Underfire. Heris had an epiphany overnight, and then from the high-level 2 cultivation base, he was directly promoted to the high-level fire illusion. Level 3 repair!

This time, Old Long came again suddenly! What kind of benefits will it bring to yourself this time?

Old Dean Heris turned his eyes there, looking at Old Long and said with a smile.

But when I saw Na Long, he said slightly: "Hey, my old man is here this time, it is indeed good for you!"

"What's the benefit?" Old Dean Herris asked quickly there.

But see Old Long said: "I want to introduce you a genius student!!!" A word came out of Old Long's mouth.

With the sudden words of Na Long, the old Dean of Bander College in front of him suddenly stunned.

"Genius student?" Old Dean Khris looked at Old Long in surprise.

Old Long nodded with a smile.

"Where is it?" the old dean Heris asked quickly.

This time, he traveled a long distance from the imperial capital to Stormwind City, the land of the fortress, in order to find a very spiritual young man, and then take him back to Bander College to teach him well! So that in the future Empire Illusion Contest, his Bander Academy will no longer be at the bottom! Now, when he suddenly heard that Old Long said that he wanted to introduce himself to a "genius student", the old Dean Heris in front of him was of course extremely happy.

But seeing Na Long, squinting his eyes, he smiled and said, "Where is he? It's in Stormwind City!"

"In Stormwind City? Old Long, why didn't you bring him directly to me?" When the old dean Heris heard the word "genius", the light was already in his eyes! I want to see that "genius" student right away!

After hearing what Old Dean Heris said, Na Long said slightly, "It's not that I didn't take him, it's because they won't come!"

When the old dean Heris heard this, he was depressed.

"Huh? He's not coming?"

"What? Does he still look down on our Band College?" Old Dean Hollis said depressed.

The sloppy Long Lao laughed loudly, "That's not it!"

"Then what's the reason?" Old Dean Khris said more and more depressed.

Old Long said: "Because he doesn't like learning illusion! He said that he is not interested in illusion."

Chapter 2562: The expectation of the old dean

"What? He doesn't like illusion?" When the old dean Heris heard it, he almost collapsed!

"Impossible, is there anyone who doesn't like illusion?" Old Dean Khris asked depressedly.

The sloppy Long Lao smiled and said, "Yeah! Otherwise, I said that they are geniuses!"

"I tell you, geniuses used to do things differently from ordinary people."

The old dean Heris has been frowning there! He was full of disbelief.

"Old Long, you didn't make a joke with me, did you?" Old Dean Hollis was still looking at the old Long Road in front of him, who couldn't believe it.

But seeing Old Long with an extremely serious look, he looked at Khris and said: "Do you think I am running to joke with you in the middle of the night?"

Upon hearing this, Khris felt that what Long Lao said might be true.

Immediately laughed and asked: "Old Long, then tell me, why on earth did that talented student be favored by an expert like Long Old? Is his body's spiritual power extremely higher?"

Under normal circumstances, in the Spirit Earth Continent, the so-called genius is the kind of person with high spiritual power!

Because that kind of person is likely to be sent to the Illusion Academy from the time they are born, and then they begin to practice illusion, so that kind of person is called a genius!

And now the old Dean Hollis, after hearing Elder Long say this, of course, the first reaction is that the "genius student" should be extremely spiritual!

After the old Dean Khris asked, he saw the scruffy old Long shook his head slightly and said, "Actually, I don't know if that kid has spiritual power!"

what?

Upon hearing Elder Long say this, the old Dean Heris almost fainted!

I wonder if the other party has spiritual power?

That genius student!

The old dean Heris was depressed for a long time before asking: "Old Long...that...that...then why is he considered a genius student?"

Old Long squinted his eyes and smiled slightly: "Because that young man is very clever and has vision! The most important thing is that his heart looks good!"

"Oh, yes, and his martial arts can definitely be said to be second to none... I believe that in your entire Bander Academy, if you don't use illusions, no one can defeat him with martial arts! including you!" Elder Long in front of him said directly, and after speaking, he squinted and smiled.

Listening to Na Long talking about martial arts, the old Dean Heris in front of him became even more depressed.

Because in the Illusion Academy, martial arts is only second, because the real thing you learn in the Illusion Academy is illusion.

"The martial arts are good, but they are useless. The most important thing is illusion." The old Dean Heris in front of him muttered.

Although the voice was very small, it was still heard by Mr. Long.

Old Long said: "Old He, you are wrong. You should know that once you reach the intermediate level of illusion, you must be equipped with quite high martial skills to use illusion. Once the martial arts are not good, it is impossible to use illusion. The greatest effect."

After hearing this, the old dean Heris nodded in approval and said, "Old Long said the most."

"Old He, don't worry, the person I introduced to you is 100% correct, don't you still believe my eyes?" Old Long suddenly squinted at the old Dean Hollis who was looking at him.

Old Dean Khris absolutely believes in Na Long on this point!

After all, Elder Long started to be a "sage" level illusion master in the land of the soul.

After thinking about it, the old dean Khris smiled slightly and looked at the old Long in front of him: "Old Long, then you tell me the name of that talented student?"

"There is also the place where he lives. Tomorrow, I will send someone to invite him to our Band College."

Old Long said: "I only know his name. As for where he is in Stormwind City, I don't know. At that time, you can find him by yourself."

When the old dean Heris heard this, he could only nod his head and said: "Well, you can tell my name, what is his name?"

"His name is Li Tian." Old Long said.

When the old dean Heris heard such a name, he frowned and said: "What a weird name?"

"Yeah, it's weird."

After hearing Li Tian's name, the old dean Heris smiled and said to Na Long, "No matter what, I have to thank Old Long."

Old Long smiled faintly, and said to Heris: "Old He, anyway, I handed him over to you! As for what means did you use to get him into your Bander Academy, this is your business!"

"Hey, I can talk ahead. If you can get him to Bander Academy, I can guarantee that Bander Academy will definitely not be at the bottom of the ranking in the Empire Illusion Contest a year later." Long said.

After listening to Elder Long said this, the old Dean Khris felt excited.

Then he said: "Old Long, you can rest assured, even if I tie up, I will tie that talented student to our Band College!"

"I promise, as long as he enters our Band College, I will find the best illusion teacher to teach him."

Old Long laughed when he heard it.

"very good!"

After speaking, Old Long, looking at the Hehe night sky outside the window, suddenly muttered in his mouth: "It seems it's late, I should go."

Hearing that Old Long was about to leave, the old Dean Hollis kept there and said: "Old Long, what is it?"

"It's just early in the morning, no hurry, no hurry!"

"Old Long, I also want to ask you some questions on the underworld." Old Dean Heris persuaded Old Long.

Na Long laughed and said, "Next time, next time, I will talk to you 100% overnight."

Listening to Mr. Long said this, although the old dean wanted to keep Mr. Long for a while, he finally said helplessly: "Well, Mr. Long, since you insist on leaving, then I won't stop you. Up."

"Well, then I will go."

After speaking, Old Long suddenly walked towards the window. When his body reached the window, suddenly his body was surrounded by a strange atmosphere like this, and suddenly he whirled, and then "swish" Suddenly, the sloppy old figure disappeared invisibly.

Watching that sloppy figure of Old Long disappeared into the endless darkness, the old Dean Heris in front of him not only looked at the place where Old Long had disappeared with his two-way eyes.

"Hey! Old Long disappeared... and I don't know when and how long did it appear..."

After murmured these few words, the old dean Khris could only smile bitterly and shook his head. Then he turned and walked towards the side table. After coming over, he closed the "admissions roster" he had just read, and then wrote two ugly fonts on a blank piece of paper .

"Li Tian!"

Looking at these two words, the old Dean Hris suddenly smiled slightly.

"Well, this time, I, Chrys, will come to Stormwind City in vain! I finally found the legendary genius student."

Chapter 2563: Special things

The next day, the sky came to light.

The illusion students of the Band College in Earls Court have all got up early, and the teachers in those colleges who taught them illusion have also got up.

Everyone gathered on the square in Earls Court, waiting for the old dean of Bander College, Heris.

Today is a special day, because today we are going to "test the spirit". To put it bluntly, it is to recruit some young people with spiritual power and then enter the Bander Academy to study.

Therefore, both teachers and students at Band College have already begun preparations early.

Standing in the middle of the square was a burly man. The man was wearing a purple robe with the word "Thunder" printed on the back!

Obviously he is a thunder illusionist practicing thunder illusion at Bander College.

"Anderson, why hasn't the dean come out yet?" I saw a beautiful woman on the side saying there.

The woman wears a white gauze, a delicate face like white jade, black hair piled in clouds, a chic and chic headband, and a phoenix coronet with cat-eyes and eight-clawed eyes is inserted in the lightly curled cloud temples. Ningzhi's hand is wearing a red gold inlaid with jade Ruyi ring, and the waist is twined with green twin rings and the four-in-one Ruyi palace tie is beautiful.

It's just that the word "water" is printed behind her white veil.

After this beautiful woman looked at the strong man of Anderson and asked, Anderson blinked a pair of embarrassing eyes and said: "Today is a big day, the dean should remember it."

His voice is the same as his own, rough and bold.

He is the Bander Academy, who specializes in teaching thunder and lightning illusions: Teacher Anderson.

As he spoke, he blinked his eyes at the house that looked at the old Dean Hollis.

After speaking, they continued to be silent, and then continued to wait.

After a long time, finally the door of the old Dean Hollis opened slightly.

After the old dean opened the door, he saw Heris slowly walk out of it.

"The Dean!"

After the old dean walked out, all the teachers from several Bander Colleges here gathered around.

Among them are the teacher Anderson who teaches thunder and lightning illusion, and the teacher who should be water illusion, that stunningly glamorous woman, and another is a man in a red suit, and on the other side is standing a gray robe. The thin old man is a teacher of illusion.

After a few of them walked over, the old dean Heris first smiled slightly.

"Anderson, Evelyn, you are all here." Khris looked at the thunder and lightning illusion teacher, Anderson, and the stunning woman with water illusion and said with a smile.

I saw that Anderson said: "Old Dean, the hour is almost here, should we go to the Lingshi immediately and recruit students?"

After Anderson's crude words were uttered, the other teachers were also looking at the old Dean Hollis.

But seeing Heris suddenly shook his head there and said: "No, no, no!"

Hearing that the old Dean Khris suddenly shook his head, Anderson, the beautiful woman Evelyn, and other teachers were all dumbfounded.

"Old Dean, what's wrong?"

"Aren't we enrolling students today?" Evelyn, the beautiful teacher in front of her, suddenly blinked with a pair of beautiful watery eyes looking at the old Dean Hollis in front of her.

Hearing Evelyn's words, the remaining fire-type illusion teacher and the short wind-type illusion teacher couldn't help but look at the old Dean Hollis in surprise.

But seeing the old dean Heris smiled there, he nodded and said, "Yes, we will not enroll students today! Postpone it for one day."

After hearing the old Dean Hollis suddenly say this, all the teachers in front of him were not only surprised there at once.

what?

"Old Dean, why?"

"Yeah, why didn't you enroll students today? But to postpone it for one day?" The teachers all looked at Na Holis with puzzled faces and asked.

The old dean Hollis coughed and coughed a few times, and then said: "Because we have special things to do today."

"Special things?" Everyone looked puzzled.

"What's the matter?" Anderson asked.

The old dean Hennis replied: "The thing is, we are going to find a talented student."

"Genius student?"

When all the teachers heard the words "genius student", they were all stunned for a moment.

Then there was a sense of excitement in every teacher's eyes that he had never experienced before.

"Old Dean, really? Are there really talented students?" Anderson asked quickly.

The old dean Heris smiled and nodded and said: "Yes! As far as I know, that kid is definitely a genius in illusion."

"Great!"

"If there are talented students, then our next illusion contest at Bander College will definitely not be the bottom." The illusion teachers here said excitedly.

After all, a genius student is extremely difficult to find in Lingtu Continent.

"Old Dean, where is that talented student?"

"Go there to find?" I saw everyone there looking at the old Dean Hollis and asked.

Khris said, "I only know his name is Li Tian! As for where he is, I really don't know..."

"Today, what I want you to do is to mobilize your respective students, and then look for this young man named Li Tian!"

"If anyone can find it first, I will decide to give this talented student to him, and then let him teach it himself!" Old Dean Herris smiled there.

Hearing the old Dean Hollis said this, the illusion teachers of all departments became excited!

"Okay, great!"

As a thunder and lightning illusion, Anderson was the first to exclaim excitedly.

The two teachers of the fire department and the wind department were also smiling secretly.

For the illusion teachers of the Bander Academy, it is of course extremely glorious to be able to teach a genius student, so the illusion teachers of the Bander Academy at this moment all wish to find that Li Tian first.

"That young man named Li Tian, in this Stormwind City, you all go and look for it! I hope to find him before dark." Old Dean Heris said suddenly.

After hearing the words of the old dean Hollis, the teachers nodded one by one and said, "Okay!"

So they ran to their students and started to order!

They all have only one goal now, and that is to find the talented student Li Tian as soon as possible.

Chapter 2564: College teacher

"Classmates, no matter what method or ability you use today, I must find the talented student named Li Tian for me. Do you understand?"

I saw the thunder and lightning illusion teacher Anderson speaking to the thunder and lightning illusion students he taught with his rough voice there.

Those 2030 students who wore purple costumes practicing thunder and lightning nodded and said:

"Teacher, rest assured, we must finish anything."

"well!"

"If you can find that talented student, teacher, I will reward you with a set of intermediate thunder and lightning illusion secrets!" In order to get talented students, Anderson couldn't help making a very tempting decision to his students!

When the students heard this, they all became excited.

Looking at the excited group of students, Anderson smiled slightly.

He is now vowing to include that talented student Li Tianji into his thunder and lightning illusion study team.

If you can reach a genius student, your own identity will definitely prevail over other departments in the future. Thinking of all this, Anderson couldn't help laughing.

Beside this group of thunder and lightning students in purple costumes, there are a group of extremely beautiful girls who practice water illusion. They are beautiful as flowers, wearing white skirts, like beautiful fairies in the sky, staying there. With.

When the loud words of Anderson reached their ears, their pretty faces showed a very disdainful expression.

"Huh, Mr. Anderson is really a bloodbath! He actually took a set of intermediate thunder and lightning illusion secrets... in exchange for a genius student." A beauty with double pill and phoenix eyes said disdainfully.

"Yes, Teacher Anderson seems to have an inevitable attitude towards that talented student."

"What's so great? A genius student? Is it true? Don't find a \*\*\*\* then, that's funny."

Hahahaha, a group of fairies-like beauties laughed unscrupulously.

...

Just as this group of beauties were smiling here, suddenly the stunning beauty teacher Evelyn suddenly came over.

On her jade-like face, as ice as water, she stood there and took a look at her female students. After seeing Evelyn's cold face, the female students quickly closed their mouths, not daring to smile again.

"Presumably you should have heard about the genius students mentioned by the old dean?" Evelyn suddenly said to the more than 20 beautiful female students in front of her.

After the girls heard Evelyn say so, they nodded silently, and said "Yes" in their mouths.

"Since you know, go find it!" Evelyn said coldly.

After that Evelyn finished speaking, suddenly a beautiful girl with a pair of phoenix eyes said: "Teacher Evelyn, it is said that that genius student is a boy, why are we looking for him?"

"Yeah, Teacher Evelyn, our water system illusion has never recruited boys...Even if we find that talented student, we can't let him enter our water illusion." The girls said.

It turns out that there are very few men who practice water-based illusion in the land of Lingtu. After all, water-based illusion is more gentle and ladylike!

On the Spirit Earth Continent, basically 99% of men practice fire illusion, or thunder and lightning illusion, and wind illusion...I have never seen a man use water illusion! !

So these beautiful girls are extremely reasonable!

After the stunningly beautiful teacher Evelyn heard what the students said, Evelyn groaned in angrily!

She was unhappy just now for this reason!

Talented student!

It's a pity that Li Tian is a male. For their water system illusion, it is completely useless...

Evelyn thought for a while and said to her female students: "No matter what, we must follow the orders of the old dean. You should look for it."

After listening to teacher Evelyn said this, the girls and students in front of them did not speak too much.

So they nodded and said, "Okay, teacher! Then let's find..."

The group of beautiful and beautiful girls who were talking began to walk outside.

The students of thunder and lightning illusion, fire illusion, and wind illusion have all set off early!

They also went to find that Li Tian.

But, can they find that "genius student" Li Tian?

...

In Stormwind City, in a remote corner where no attention was drawn, there was a small hotel.

The hotel is not very big, but it is very exquisite, and Li Tian is in this hotel.

At this moment, Li Tian was still sitting cross-legged on a bed, and a white misty thing appeared all over Li Tian's body, all on his hair, hands, and body.

Suddenly Li Tian moved his hands slightly in the dantian, and then a very powerful force suddenly came into being!

Roar!

A loud shout came out of Li Tian's mouth, and then both palms suddenly stretched out, a powerful internal force suddenly burst out of both palms!

With a bang, the terrible palm force directly shattered a heavy wooden black lacquered table in front of him to pieces! !

"My skill has finally recovered 60%!"

Li Tian opened his eyes slightly, then slowly lowered his palms from his dantian and said.

His eyes returned to their previous appearance again...full of internal strength, full of sharp aura.

Li Tian looked at his hands, a sense of excitement flashed in his eyes like never before.

His internal strength is constantly recovering, and now he has recovered to 60%!

If Li Tian is given a period of time, Li Tian will restore all the internal strength in his body. Once that time is reached, Li Tian will display all his kung fu.

Although he knows that there are terrible illusions on the Spirit Earth Continent, he believes that by virtue of his skill, he should not receive any fatal threats!

After thinking this way in his heart, Li Tian suddenly stretched his body, and his whole body flew off the bed with a whirr.

His light work also recovered.

Looking up and down his whole body, Li Tian felt very comfortable.

It's getting bright.

Li Tian looked at the bright sunlight through the window, and suddenly he wanted to tell Elena the news. He wanted to tell Elena that his skill was recovering bit by bit.

Once he waited for all his internal strength to recover, Li Tian would avenge Elena's dead brothers and the poor slaves.

He wants to personally kill the one with thunder and lightning illusion: the red king!

Chapter 2565: caught

At this moment, Li Tian was ready to look for Elena.

After opening the door, he directly found Elena's room, then raised his hand and started knocking on the door.

"Bang, bang, bang" knocking on the door went into the room.

But surprisingly, no one came to open the door!

Li Tian was taken aback for a moment, thinking Elena wouldn't still be sleeping there?

Then Li Tian started knocking on the door again, and after knocking on the door several times, he found that there was still no movement inside! This made Li Tian depressed, and Li Tian suddenly had a bad feeling in his heart.

"Elena!"

At this moment, Li Tian suddenly shook the wooden door open with a palm. With a click, the wooden door could not withstand Li Tian's terrifying palm, and the entire door was shattered.

Li Tian stepped in.

After entering the door of this room, Li Tian blinked and saw that the room was empty, and there was no Elena.

"What about people?" Li Tian was depressed all of a sudden.

"Why did Elena suddenly disappear, where did she go?" Li Tian was thinking there.

After Li Tian checked the room, he quickly ran out, and then ran to Na Taylor's room.

"Taylor!" Li Tian was knocking \*\*\*\* the door while calling Na Taylor's name there.

When Tyler heard Li Tian's voice coming in, he quickly got up from the bed and came over to open the door.

With a squeak, Na Taylor opened the door in front of him.

After Na Taylor opened the door, Taylor looked at Li Tian gloomily and asked, "Benefactor, what's the matter?"

Li Tian quickly looked at that Taylor and asked, "Taylor, have you seen Elena?"

Taylor was taken aback, and said: "Is Elena not in the room?"

"Elena disappeared! She is not in the room." Li Tiandao said.

When Na Taylor heard it, he became depressed.

what?

"Elena is no longer in the room? What about...what about...she?" Taylor asked silently there.

Li Tiandao: "I just don't know, so I am looking for you!"

Taylor patted his head and said, "Let's go look for it again."

They were talking, so they hurriedly searched for Elena's room. After searching for a circle, they still didn't find Elena's figure.

This time, Li Tian and Na Taylor had a headache.

"Why did Elena suddenly disappear?"

"Where will she go?" Taylor said, touching his bald head there.

Li Tian in front of him also frowned tightly. I don't know why, he always felt that Elena seemed to be in an accident.

"Go, let's go down and see if the hotel people see Elena."

Li Tian said as he ran downstairs.

Taylor hurried to follow behind him. After the two quickly reached the downstairs, they saw an elderly woman in her 40s cleaning there.

After seeing the old woman, Li Tian hurriedly asked: "Hello, have you seen a young girl in her 20s leaving this hotel?"

The old woman raised her head slightly and said, "Young girl?"

"Oh, I saw it. I saw a beautiful girl leaving this hotel this morning."

Taylor and Li Tianyi were depressed right now.

"It seems that Elena is really gone." Li Tiandao said.

Taylor said in a puzzled way: "Then...then...where will she go?"

Li Tian shook his head and said, "I don't know this."

"It's broken, will she go to the \*\*\*\* Scarlet King to avenge her?" Taylor said in front of her with wide eyes suddenly.

Hearing that Tyler said this all of a sudden, Li Tian was taken aback and said: "Yes, will Elena go to the Scarlet King for revenge?"

"Oh my God, if she goes to the Scarlet King to avenge herself, isn't she going to die?" Tyler's eyes widened suddenly.

Li Tian immediately said to Na Taylor: "Do you know where the Red King and their lair are?"

When Tyler heard it, he nodded stupidly.

"know!"

"Take me there!" said Li Tiandao in front of him suddenly.

Na Taylor stunned: "Huh? Let's go to the Scarlet King?"

"Yes, I have a hunch that Elena must have gone to avenge the Red King... So, we have to go to rescue her as soon as possible. If we delay, we will probably be too late."

When Na Taylor heard this, he said: "Okay!"

"I will show you the way!"

Taylor, who was talking, ran to the front quickly, and Li Tian hurriedly followed.

They are going to find Elena!

As for where did Elena go? Did she really seek revenge from the Scarlet King of the Scarlet Legion? No one knows.

...

Stormwind, the rich district!

There is a huge mansion, and in front of that huge mansion are two huge stone lions, sturdy and mighty.

Standing at the door were two warriors guarding the gate, wearing heavy armor and blood-red cloaks behind them.

The red mercenary regiment.

The huge iron gate was tightly closed there, and there was a blood-red "deficit" written in the middle.

Looking inside, I saw the members of the red mercenary group standing in rows.

In the middle of the martial arts training ground, I saw the five tiger generals of the Crimson Legion standing there, and in the foremost place was the red-haired, lion-like Red King.

"My dear, are you really afraid of death? You dare to bring it to the door by yourself... Hey, it seems that you really don't know how to write death."

Following the evil voice of the Scarlet King, I saw that on a stone pillar in the center of the martial arts ground, that Elena was tied to the stone pillar covered in blood.

It turns out that Elena really single-handedly came to avenge the red king.

She suffered several stab wounds on her arm and shoulder.

The blood flowed continuously along the arms, and his hands and feet were tied to the stone pillar.

There was anger and hatred in her eyes.

"Aka King, you bastard, kill me if you can."

"You executioner, you cruel bastard." Elena was spitting blood in her mouth and cursing Chi Wang.

King Chi laughed when he heard it.

"kill you?"

"No, I want to torture you! I want you to know the terrible end of offending my Scarlet Legion."

After finishing talking, King Chi suddenly said to the five tiger generals on one side: "Hit me, hit hard."

The five tigers made one of them, Murid, smiled at the corner of his mouth, and then, holding a very vicious whip in his hand, began to beat Elena's body severely.

Chapter 2566: dead

Snapped! Snapped! Snapped!

The vicious whip slammed on Elena's body, and Elena screamed in pain.

The voice was harsh and painful.

The Scarlet King here, as well as his men, looked at the cruel and inhumane situation as if admiringly.

...

On the street leading to the wealthy district, two people galloped there.

The one running at the front was Li Tian, and at the back was Taylor, who was breathless and panting.

Of course Tyler couldn't keep up with Li Tian. Li Tian's footsteps were so fast that he couldn't keep up with him at the moment.

"Taylor, how far is it?" Li Tian, who was flying by, asked while looking at Taylor who was panting behind him.

But seeing Taylor panting there and replied, "Quick, almost, after reaching the street in front, turn left and you will see the huge house of the Crimson Legion."

When Li Tian heard this, he glanced at him immediately, and then, ignoring Tyler behind him, suddenly his whole body flew up, two ups and downs in succession, his figure disappeared suddenly.

What about Taylor at the back? The moment he saw Li Tian flying up suddenly, he was stunned.

"Oh my god, the benefactor can fly?" He widened his eyes!

At this moment, Li Tian had already flew to the end of this block. Looking to the left at this moment, he saw a huge mansion several hundred meters ahead.

"Could that be the lair of the Scarlet Legion?" Li Tian thought!

So his body rose and fell, and then swept towards that side.

Whoosh!

I saw Li Tian's figure rushing to the front of the mansion like lightning.

In the blink of an eye, there were two guards from the Scarlet Legion at the door and a blood-red "deficit" on the mansion. Li Tian immediately said, "Found it."

The two members of the Crimson Legion standing at the door will suddenly see Li Tian suddenly arrive here. Not only is he stunned, one of the majestic men said: "Hey, who are you? Don't stand at our door, come on. roll."

As the doorman roared, Li Tian suddenly had a grinning smile.

Then walked towards the door step by step.

"Hey, are you looking for death? You dare to break into the territory of our Scarlet Legion?"

That burly doorman, suddenly prepared to reach out to grab Li Tian, but unfortunately his arm had not touched Li Tian's body, Li Tian suddenly raised his right hand, a strong palm power concentrated in the palm of his hand , Directly hit the body of the guard.

With a bang, there was a "click" from the guard's chest, the internal organs were shattered, and suddenly the whole person screamed, and his body slammed the stone lion at the door!

Blood splattered!

The guard was directly beaten to death by Li Tian.

When the other guard saw his companion being beaten to death by Li Tian all at once, he was taken aback and still did not react.

I saw that Li Tian's body no longer knew when to reach his side, and then a ghostly hand suddenly grabbed the guard by the neck.

The guard, the body wanted to struggle... It was a pity that he couldn't get any energy.

With a click, his head was directly pinched off by Li Tian with one hand, and he died.

Li Tian didn't even glance at the dead Crimson Legion's corpse, and then walked directly towards the tightly closed door.

...

Inside, on the martial arts field, that Elena had been tortured as life as dead, bruised and bruised.

The guy Murid was still holding the venomous whip and smoking Elena's body fiercely.

Suddenly, at this moment, there was a loud bang!

The huge door was directly smashed.

The dozen or so members of the Crimson Legion standing at the door were also shocked by the vastness of the palm, and they all flew up, and then fell to the ground one by one, screaming again and again.

"what happened?"

The Red King here and the Red Five Tigers on the martial arts training ground couldn't help screaming when they saw the gate suddenly opened, and then turned to look.

Following their eyes, they saw a man covered in terrifying murderous aura walking in through the gate step by step!

He, wearing a bronze mask, was enveloped with a terrifying killing intent.

"It's him? That \*\*\*\* kid."

"Damn, he dared to come and die by himself?"

"Last time let him escape, this time, even the gods can't save him." The instant that King Chi saw Li Tian, endless anger burst into his eyes.

I saw that Elena, who was covered with blood and was tortured with bruises, raised the scarred and \*\*\*\* face with difficulty at this moment, and saw Li Tian's figure.

"En...Benefactor..." she cried out, panting.

The moment Li Tian walked in, he saw the tied Elena at the center of the martial arts field.

"Elena?" Li Tian called out.

Then he saw the blood stains all over Elena... When he saw that her originally beautiful body was tortured to be inhuman at this moment, he suddenly screamed.

Then I saw Li Tian let out an angry roar, and he flew directly towards Elena on the martial arts ground!

With a swish, Li Tian's figure flew in front of Elena in full view.

"That kid... can... can... fly?"

"Is he also an illusionist?"

It turned out that on the Continent of Spirit Earth, only an illusionist can reach the point of flying. An illusionist will learn the art of flying when he is a beginner! Once you reach the middle level, you can ride the wind... Among them, the wind-type illusionist's flying vertical technique is the most powerful among the five elements

I saw Li Tian flew in front of Elena all of a sudden, and couldn't help crying distressedly: "Elena."

Elena was covered with blood, her face, arms, and body were all \*\*\*\* scars.

Looking at Elena who was tortured like this, Li Tian only felt the blood in his whole body boiling.

He is angry, he hates!

He couldn't figure out how the \*\*\*\* Scarlet King would torture Elena like this.

"Well... people..." Elena yelled in pain.

She was dying, with death eyes in her eyes.

"Elena, cheer up... Don't talk, don't close your eyes... Believe me, you will be fine..." Li Tian supported the dying Elena with both hands.

But Elena's blood flow is too much.

The blood in her body seemed to be draining.

"Benefactor...I...I...I...know...I'm going to die soon."

"I...I...I just want to look at you one last time..." Elena's voice became weaker and weaker.

Chapter 2567: Thunder Illusion

"No, no, no, you can't die." Li Tian's eyes were red.

But Elena didn't have any strength to speak anymore, and finally her eyes closed slightly.

The blood-filled head drooped down suddenly.

She is dead.

Looking at the body of Elena in front of him, Li Tian's whole body suddenly trembling in anger.

Where is the red king over here? When he saw Li Tian standing in the middle of the martial arts field, he suddenly angrily said to the person under his hand: "Give me up, kill that kid."

The nearest to Li Tian, just now Murid, who slapped Elena with a venomous whip, suddenly yelled, "Go to hell, boy."

Accompanied by a loud shout from him, the venomous whip in his hand slammed towards Li Tian.

The poisonous whip drew an arc in the air, and then hit Li Tian.

Li Tian did not turn his head back, and suddenly stretched out a hand!

boom!

Accurately grasped the poisonous whip tightly in his hand.

Then Murred was taken aback, yet he hadn't reacted. Suddenly Li Tian's terrifying face wearing a bronze mask turned around for an instant, and then he saw the bloodthirsty eyes.

A vigorous internal force came directly from Li Tian's palm, Li Tian suddenly pulled hard, and Murid, who was on the other end of the whip, suddenly staggered, and then his body was directly pulled over by Li Tian's huge force.

Then Li Tian flew directly over, and suddenly stretched out a terrible hand, tightly pinching that Murid's neck!

Murid's entire huge body was lifted by Li Tian with one hand... His body was struggling violently in mid-air, his face was flushed, his eyes rolled upward.

"Murred!"

The members of the Crimson Legion in front of them saw that Murid, one of the five tiger generals, was suddenly pinched by Li Tian's neck. The moment the whole person was lifted up, he not only screamed.

Everyone felt the terrifying killing intent coming out of Li Tian's body!

kill!

With a cry, suddenly Li Tian's hand directly crushed Murred's neck alive.

Kakacha, that Murad's entire neck was crushed, his head tilted and he died there tragically.

Li Tian stretched out his hand, and with a bang, Murred's body was directly flung out, and then his body was directly thrown under the feet of the Red King.

King Chi saw his subordinates died in the hands of Li Tian, and suddenly roared in anger.

"For Elena, I, Li Tian, bloodbath your Scarlet Legion today."

The terrifying roar came out from Li Tian's mouth.

Then he saw his figure flew down from the stone pillar, and rushed towards the members of the Crimson Legion.

The members of the Crimson Legion wearing armor, after seeing Li Tianfei coming over, raised their weapons one by one, wanting to attack.

However, they are Li Tian's opponent!

Li Tian's current skill has recovered 60%, and his powerful internal energy directly sent the two members of the Crimson Legion who rushed over to Zhenfei.

With a bang, the two sad Red Legion members were directly beaten to death by Li Tian's two palms.

Li Tian was killing there like a crazy beast.

He used the solitaire power of "Maha Boundless".

The powerful force accumulated in both palms is death no matter who it hits.

Screaming again and again!

In a blink of an eye, more than a dozen bodies of the Crimson Legion members fell into a pool of blood.

The members of the Crimson Legion looked at Li Tian's brutal killing, they were all stunned, each holding weapons in their hands but not daring to rush forward.

That Tiehu, and three other guys, saw that Li Tian was going to kill him.

With a roar, he held the shield in one hand and the giant sword in the other and slashed towards Li Tian.

Li Tian dodged slightly, and then suddenly used Xuantian \*\*\*\* with his right hand!

"Wow!"

Po Kong's fingers horribly shot at that iron tiger.

Tiehu was taken aback and saw that Li Tian horrified his finger, and immediately raised the shield in his hand to block it.

boom!

The terrifying fingers directly shot on the heavy shield of the iron tiger, the iron tiger only felt the shield flick, and the whole arm was shaken by Li Tian's energy fingering!

"Damn it, what kind of martial arts is this?" Tie Hu exclaimed there.

But just now he called out, and suddenly two terrifying vigors of "swish, swish" shot at the iron tiger.

Tiehu was taken aback, and he wanted to pick up the shield in his hand to block it, but it was too late, because Li Tian's Xuantian \*\*\*\* speed was so fast! The fast iron tiger couldn't react at all.  
puff!

A terrible finger hit the iron tiger's shoulder, and the iron tiger screamed... a huge blood hole was shot out of the shoulder.

That Tiehu just wanted to struggle, but it was a pity that another piercing finger shot came, and that powerful \*\*\*\* directly hit the Tiehu's forehead.

puff!

That Tiehu's head was shot directly through the head by Li Tian's Xuantian fingering.

With a scream in his mouth, his huge body fell to the ground with a plop, and then died.

Tiehu, the boss of the Five Tigers, was also killed by Li Tian!

King Chi, when he saw that Li Tian had killed so many of his men, he couldn't help it anymore.

"Asshole, my red king must kill you today."

With a roar, the Scarlet King suddenly flew over. It turned out that the Scarlet King would also fly by.

Akagi is a low-level 2 thunder and lightning illusionist... so it should not be underestimated

I saw a group of thunder and lightning rays condensed in King Chi's left hand, which had become more and more prosperous, and suddenly the terrible group of thunder and lightning rays shot towards Li Tian.

"The Hammer of Thunder!"

Accompanied by the red king's roar, he saw the terrifying thunder and lightning light suddenly in the sky, transforming into the shape of a giant hammer.

Then he struck Li Tian with a "hoo".

This thunder and lightning hammer is a low-level thunder and lightning illusion technique, which uses the power of thunder and lightning to transform into a giant hammer shape and then cause terrible damage.

With the lightning hammer of the Scarlet King hitting Li Tian, Li Tian suddenly moved sideways, avoiding the trick of the Scarlet King.

The huge "electric hammer" fell from the sky, and then hit the hard ground of the square. A huge pothole was smashed into the ground of the square.

Li Tian glanced at the place where he was standing just now, and a huge pothole was smashed into it, and he couldn't help being slightly shocked.

"This thunder and lightning illusion, really don't dare to underestimate it!!" Li Tian thought to himself.

After thinking about it in his mind, suddenly his hands accumulated endless strength, facing the red king there.

"Damn boy, let you see and see Lao Tzu's lightning illusion today."

With a roar, the Scarlet King suddenly made a weird gesture with both hands in front of him, and then said in his mouth: "Thunder array, electric engine!"

Suddenly four rays of thunder and lightning appeared from his whole body, and the four rays of thunder and lightning hit Li Tian at the same time.

Chapter 2568: The death of the red king

Watching the four terrifying lightning rays hit him, Li Tiansi didn't dare to be careless, and suddenly his body rotated, and then avoided the powerful electric light.

Boom, boom, boom.

All four lightning bolts shot into the air.

At this moment, Li Tian suddenly let out an angry roar, a cloud of qi suddenly accumulated in the palm of his hand, and then hit the Red King.

When King Chi saw Li Tian's palm hitting him, his brows suddenly frowned.

"Thunder shield!" With a roar, a power grid protection was formed on the red king's body.

Li Tian saw that the Scarlet King was covered by a layer of thunder and lightning. He had no choice but to go upside down in the air, and then swept back.

"Damn boy, I didn't expect you to be capable of qi illusion?" The Scarlet King suddenly looked at Li Tian and laughed.

It turned out that the moment that King Chi saw Li Tian's hand in the wind, he regarded Li Tian's Qi Jin as Qi Illusion Technique!

But what about Li Tian? Looking at the Scarlet King with cold-blooded eyes.

"Today, I must ask you to pay for Elena." Li Tian roared.

King Chi suddenly burst into laughter.

"Only you?"

"Just rely on your useless Qi illusion?"

The Chi King knew in his heart that Qi illusion arts below the intermediate level were completely waste-like existence, without any lethality at all.

He looked at Li Tian's energy, he felt that Li Tian's current cultivation base had not yet reached the intermediate level, so he was confident that he could kill Li Tian.

"Yes, just rely on me!"

"If I can't kill you today, I won't be named Li." Li Tian looked at the Equator Road.

King Chi burst out laughing when he heard it.

"What a brave kid, do you have the ability? I want to see today, what are you capable of killing me!"

The words roared, and the scary king suddenly accumulated terrible lightning in his hands.

Then he displayed the thunder hammer again.

I saw a giant lightning hammer, transformed into the air, and then smashed towards Li Tian's body.

The terrifying thunder hammer, with a mighty force, suddenly hit Li Tian.

Li Tian didn't know the power of this thunder hammer, so he didn't dare to use brute force to block it easily, and could only dodge at this moment.

With a bang, the thunder hammer hit the hard ground heavily.

After Li Tian dodged, he suddenly "swish, swish, swish" shot two powerful Xuantian fingerings.

Po Kong's finger-struck shot towards the Scarlet King.

The red king's left hand suddenly shot two electric lights, bang, bang, and the electric light directly smashed Li Tian's two energies in the air.

Then Li Tian's whole body flew up, and then a terrible palm power accumulated in his right hand, and suddenly he quickly approached the Scarlet King.

King Chi saw Li Tian hitting him, without dodge or dodge, with a cold snort, and then suddenly a ball of thunder and lightning ray from his left hand shot towards Li Tian, and Li Tian hit the thunder and lightning ray in mid-air.

boom!

Li Tian's arm hit by the terrible thunder and lightning was sore.

He flew back upside down suddenly.

"Damn it, how come this Spirit Earth Continent's thunder and lightning illusion has such a power?" Li Tian said in the dark.

He now finally knows the terrifying extent of the "illusion" of this other world.

King Chi saw that Li Tian was hit back by himself again, and immediately laughed wildly.

"Smelly boy, I see where you are running today?"

"Hand blade thunder and lightning!" Suddenly the red king once again used the illusion of thunder and lightning.

This hand-blade thunder and lightning illusion is to accumulate the power of thunder and lightning in both hands, and then inject strong power to hurt the opponent! Handblade Thunder is a low-level thunder and lightning illusion, but this technique is still used by illusionists in the middle-level thunder and lightning illusion, because this handblade is indeed a very domineering illusion.

At this moment, after the red king cast the illusion of hand blade thunder and lightning, a layer of purple electric light was suddenly filled in his hands.

Suddenly he grinned at the corner of his mouth and punched Li Tian with a punch.

Li Tian had already seen the thunder and lightning accumulated in the hands of the Scarlet King, and immediately dodged.

With a thunderous punch, the Red King slammed into the air with thunder and lightning fists.

Li Tian dodged over, and then displayed the "Ten Jue Sword Qi" in his hands, brushing and brushing, several invisible sword auras suddenly shot towards the Red King.

King Chi snorted coldly, "Qi sword?"

"Boy, there are a couple of times, I didn't expect to have practiced the Qi Condensation Sword of Qi Illusion Technique!"

King Chi didn't know that this was Li Tian's work!

This is in Lingtu Continent, this sword qi is called the condensed qi transforming sword, which belongs to the 3rd level illusion of low-level qi illusion.

But the Qi illusion is far inferior to the thunder illusion when compared to the thunder and lightning illusion, so the red king is not worried at all.

I saw that when Li Tian's "Ten Jue Sword Qi" shot towards the Scarlet King, the Scarlet King suddenly filled with thunder and lightning to block it.

Bang, bang, bang.

Li Tian's "Ten Jue Sword Qi" was completely blocked by the red king's hand-blade thunder and lightning.

Li Tianyi was shocked when he saw that his sword energy was blocked.

"What kind of weird illusion technique does this damned Scarlet King use? Why is it so powerful?"

Li Tian originally thought that after regaining his skill, he could easily kill the Scarlet King, but now it seems that he was wrong.

Although he has dominated the world on earth, after arriving in another world, he found that he was not as powerful as he had imagined.

At this moment, Li Tian not only screamed, he vowed to kill the Scarlet King.

I saw him shoot two fingerings in the air with both hands.

The Scarlet King grinned, then blocked it with his hands full of thunder and lightning, and then blasted Li Tian with a punch.

What about Li Tian?

He looked at the thunder and lightning fist that hit him!

At this moment, he did not hide!

He gritted his teeth, roared, and then the whole person used all his internal strength from his body.

"Broken Soul Palm!"

Suddenly Li Tian used the most terrifying palm power he learned in the top of Tianshan Mountain.

Broken soul!

He wants to fight this red king.

When the Chi King saw that Li Tian was uncontrollably fighting with him, a cruel smile appeared at the corner of his mouth.

"Boy, die!"

The Red King shouted, suddenly his fist blasted directly towards Li Tian.

The broken soul palm power in Li Tian's palm then also attacked the Scarlet King in a terrifying posture.

With a bang, two powerful forces collided.

I saw a ball of thunder and lightning flashing, and Li Tian's body flew upside down...but he didn't fall to the ground. He was just struck back a few steps by the terrible thunder and lightning.

Look at the red king?

He was standing there with his red hair flying in the cold wind, and the thunder and lightning in his fists were still rustling...

It's just that Akao's expression looked strange.

His pupils widened, looking at Li Tian in disbelief.

Suddenly, the red king's body trembled...then his mouth opened...

"No...no...impossible..."

"You...your... Qi illusion...how...how...so powerful?" When the Scarlet King uttered this sentence, suddenly the seven orifices began to bleed.

He thought Li Tian was using Qi illusion! ! !

When King Scarlet said these words with difficulty, his eyes, nose, mouth, ears... all shed scarlet blood.

With a plop, his legs knelt on the ground, and his trembling body suddenly shook violently!  
boom!

His tall body fell to the ground and died.

King Chi was finally killed by Li Tian.

Li Tian looked at the fallen corpse of the Scarlet King, and suddenly stepped over.

"Asshole, I am not using illusion." A word came out coldly from Li Tian's mouth.

Then Li Tian never looked at the red king's body again, and then walked towards the dead Elena.

Chapter 2569: Do not make me angry

King Chi is dead.

He never thought that he would die under Li Tian's hands.

He didn't even close his eyes when he died, as if he was unwilling, as if he could not die.

Li Tian didn't look at King Scarlet's body again, and walked towards the body of Elena step by step.

Looking at Elena's body, Li Tian not only felt a sense of grief in his heart.

"Sorry, Elena, I'm late." Li Tian said regretfully.

But Elena could not hear anymore, she was already dead there.

Li Tian stood alone on this martial arts training ground. As for the remaining members of the Crimson Legion, when they saw their boss being killed by Li Tian, they were everywhere like headless flies. Ran away.

No one is a fool, no one will die in vain.

They seemed crazy, escaped from the mansion, and then ran outside.

At this moment, I saw a group of beautiful girls in white skirts passing by here.

If you look closely, there are six of them, each of them is extremely beautiful, like a fairy in the sky, they are the students of the Bender Academy, the water system illusion.

It turned out that they were ordered to look for the "genius student", so they divided into several teams, and then went looking for them separately.

It's just that they happened to see the scared members of the Scarlet Legion running out of the Scarlet King's Mansion.

"Hey, Isha, look over there, what seems to be happening?"

Suddenly a girl with a round face said to a girl with a beautiful jade-like face.

The girl has a delicate duck-egg face, wearing a white printed plain soft satin straight-collared cardigan, a fluttering emerald green tufted white printed floral skirt, and a white embroidered butterfly-grape interwoven damask.

The whole person looks like a fairy.

This beauty named "Isha", after hearing the round-faced girl say so, suddenly raised a pair of beautiful eyes and looked over there.

"En! It seems something has happened."

"Go, let's go over and take a look."

Isha's beautiful voice came out.

Then she quickly ran towards the Crimson Palace with the few girls in white clothes in front of her.

After arriving at the door, a \*\*\*\*\* breath came over.

When she smelled the \*\*\*\*\* smell coming over her face, this Yisha and the girls of the water system illusionist behind her couldn't help but frown one by one.

"It seems that people have been killed here." Suddenly Isha was horrified there.

Several girls around them opened their eyes wide, looking at the Scarlet Prince's Mansion.

"Go, let's go in and see what happened."

As they were talking, they pushed open the door all at once.

After pushing the door open, these beautiful girls saw all the corpses in the Red King's Mansion... and scarlet blood.

When they saw this scene, they were stunned.

"Oh my god, there was a massacre here."

"Who is it? Who is so cruel to dare to do such a thing?" Yisha and the water system illusion women around him were horrified.

They looked at the corpse on the ground, and everyone felt a sense of anger!

After all, too many members of the Crimson Legion were killed.

Just when Yisha and these girls were shocked by the cruel killing, suddenly a figure appeared in their eyes.

He looked up, but saw a lonely and indifferent figure slowly standing up at the stone pillar in the middle.

"Someone!"

"Everyone, be careful." Suddenly Isha reminded the sisters around there.

I saw that under the leadership of Yisha, a few water-system illusion women, so all walked quickly towards Li Tian.

"Hey, who are you?" Yisha suddenly stared at the indifferent figure with her back facing them.

After hearing the sound behind him, the figure suddenly turned a terrifying face.

He wore a terrifying bronze mask on his face. Under that mask, only a pair of murderous eyes were exposed. He was Li Tian.

After Li Tian turned his head fiercely, he saw Yisha and the other girls. He was slightly surprised in his heart, and his heart was secretly: Who are these girls like fairies? How come here?

Although Li Tian was thinking in his mind, the expression on his face was as cold as looking at Isha and her sisters in front of him.

"Hey, what shall we ask you? Who are you?" Suddenly the round-faced girl beside Yisha stared at Li Tian and asked.

A girl with a slightly lower body on the left, glanced at the blood in Li Tian's hand, and suddenly said angrily: "Did you kill these people?"

Following the voices of these girls, Li Tian suddenly said coldly, "Yes!"

what!

"You admitted it?"

"What a cruel guy, he killed so many people!" When the girls heard that Li Tian had slaughtered so many members of the Scarlet Mercenary Corps, they couldn't help exclaiming one by one.

"I ask you, why are you killing so many people? What hatred do they have with you?" Suddenly the girls questioned Li Tian.

Li Tian glanced at them coldly, and then said, "They deserve to die."

Then Yisha and the girls around him heard Li Tian suddenly say this, not only was she taken aback. "you are so cruel!"

"Isha, what should we do? Shall we catch him?" Suddenly the girls around were all looking at that Yisha and asked.

Obviously this Issa is their head.

Isabel glanced at Li Tian, then at so many corpses on the ground, and suddenly said, "Catch him!"

"No matter what, such a cruel person, we must catch him."

"Take him back and hand it to the teacher and the dean to deal with them."

"Do it."

Then Yisha roared, and the six girls in white suddenly all approached Li Tianwei.

Li Tian saw that these girls were actually going to do something to himself, and suddenly a terrifying and fierce air flashed in his eyes.

Looking at these girls, Li Tian suddenly roared: "Don't make me murder!"

Then Yisha and the girls around him sneered when they heard Li Tian say this, "Evil villains, are you crazy? Do you know who we are? Humph."

The girl with a round face suddenly stared at Li Tian and said.

Li Tian has accumulated endless murderous aura in his whole body. Because of the death of Elena, he is angry at this moment and has nowhere to vent. He did not expect that these water system illusion students of Bender Academy would provoke him.

Chapter 2570: They damn

"I don't care who you are, I'll say it again, if you don't want to die, just get out of here!" Li Tian's cold words roared from his mouth.

At this moment, his palms have accumulated infinite power.

If you force him again, he will really kill.

When Yisha and the girls around him heard Li Tian say this, they immediately said angrily: "Evil thief, today we have captured you as a cruel."

Isha and 5 other girls who were talking suddenly began to prepare.

"The law of water mist."

With a cry, I saw that Yisha took the lead and suddenly formed a misty water-colored barrier around her body, and then directly hit Li Tian.

The method of water mist is a water system illusion, a low-level illusion! It is in the form of water, then protects its whole body as armor, and then uses martial arts to attack others

The other 5 water illusion girls from Bender College also displayed water illusion at this moment.

Just as they started to work one by one, Li Tian yelled.

"I, Li Tian, never kill women. Today, do I have to force me to break the precept?"

Li Tian, who was roaring, was suddenly full of domineering energy! Then the whole body began to rotate violently, he was about to do it, he was about to do it...

Just when Li Tian said these words all of a sudden, the first Isha was stunned for an instant.

"Li Tian?" Suddenly she exclaimed in surprise.

"He said... his name is Li Tian?"

"Yes...yes...that talented student?"

After Isha suddenly thought this in her mind, she was stunned.

"stop!"

"Sisters, stop." After hearing Li Tian's name suddenly, Isha in front of her screamed there quickly.

When the other five girls heard Yisha's horrified scream, they couldn't help being stunned, and then withdrew their illusions one by one, looking at Yisha in awe.

"Isha, what's the matter?"

"Why should we stop?"

"Yeah, Isha, can't we let this brutal murderer go away?" The five beautiful girls in white clothes looked at Isha in a puzzled way.

Then Yisha's beautiful face suddenly wrinkled, and then said to the sisters: "Sisters, don't worry, don't you just hear what he said... ?"

Yisha suddenly pointed at Li Tiandao, who was indifferent and full of murderous aura.

The beauties in front of them were not only slightly taken aback when they heard Yisha say this, but they didn't care about the last words Li Tian said.

"Isa, what did he say?" The round-faced little beauty asked Isa there.

But seeing Yisha said: "He said, his name is Li Tian."

"What? His name is Li Tian?"

"Genius student?"

"No...No," the beautiful Bender College Water System girls couldn't help being shocked when they heard Isha's words.

Then they both raised their incredulous eyes and looked at the extremely cold Li Tian.

Where is Li Tian? I was very surprised at what they said just now. What are these women talking about? What genius student? And how do they know their names? Li Tian became puzzled. At this moment, he still looked at Yisha and other beauties in front of him with those venomous and hostile eyes.

I saw that Yisha and the beauties around him were all looking at Li Tian with unbelievable eyes there. Their eyes were full of strangeness and weirdness, as if they were watching a zoo. It's like a monster inside.

"Hey, your name is Li Tian?" Suddenly Yisha looked at Li Tian and asked.

The other beauties around him also blinked their beautiful eyes and looked at Li Tian.

Li Tianyi heard that she actually knew her name, and immediately said coldly: "How do you know my name? Who are you?"

After hearing Li Tian confessed the name suddenly, Yisha became excited.

"He is really called Li Tian."

"Yeah, we heard it too. He admitted that he was called Li Tian."

"My God, could it be said that he is the talented student the old dean is looking for?" The girls were all looking at Li Tiandao with their beautiful eyes wide open.

As the words of these girls spread into Li Tian's ears, Li Tian felt more and more depressed.

Damn, what are these girls talking about?

What old dean? What genius student?

Li Tian was full of doubts, and suddenly raised his cold eyes, staring at Yisha and said, "What the \*\*\*\* are you talking about? Why do you know my name? Tell me..."

Listening to Li Tian's roar, Yisha and the girl around him glanced at Li Tian.

"This guy has a really big temper."

"Yeah, how can a big man be so impulsive."

"You said, is he the genius student that our old dean is looking for? How do I feel that he is not like him at all..."

I saw those girls start to doubt Li Tian.

The girl with a round face also muttered in her mouth at the moment: "Yes, I don't think it is too much! Even if he is the genius student mentioned by the old dean, he killed so many people... Cruel...Does our college dare to take him in?"

The girls around nodded in approval and said, "En."

Facing the doubts of so many beautiful girls, the most beautiful and moving Isha suddenly said: "Let's do it, let's ask the matter clearly!"

After speaking, Yisha suddenly lifted her exquisite face and looked at Li Tiandao: "Your name is Li Tian, right?"

Li Tian said coldly: "Nonsense."

When Yisha heard Li Tian say this, her heart was not angry, but she secretly said: It seems that he should be called Li Tian, after all, a person who can have such a weird name should be a weird guy! On Lingtu Continent, their surnames are similar to Western surnames, so they all think Li Tian's name is strange

"I ask you, why are you killing so many people?" Isha asked.

Li Tian replied coldly: "I have already said that they deserve to die."

Hearing Li Tian's answer, Yisha was depressed, and the girls around her were also cold-tempered towards Li Tian. They didn't feel very good about Li Tian.
