

## A Killer 2571

Chapter 2571: I dont go

When Yisha again heard Li Tian say that those people deserve to die, she was completely depressed.

Angrily said: "Can't you just talk? What do you mean they deserve to die? Can you give a reason? Why do they deserve to die?"

Li Tian suddenly turned his icy eyes there and said, "They bully people and kill people, don't they deserve to die? They kill innocents, eat the weak and eat ants, shouldn't they die? They killed my friend and tortured her to death, shouldn't they die? ?"

The roaring words came directly from Li Tian's mouth.

When Li Tian suddenly said so many crimes of the Scarlet Legion, Yisha and the five beautiful girls standing next to her were slightly stunned.

"what?"

"Really? Are these dead people really so hateful?" The beauty with a round face in front of her looked at the corpses in astonishment.

The other Isha and the girls couldn't help looking at the corpse on the ground in surprise.

They only saw these dead bodies just now...forgot to ask why! I also forgot to ask these people whether they should die... At this moment, after hearing Li Tian's words, they all suddenly stunned.

"You said these people deserve to die? Why should we believe you?" The girl with a round face suddenly looked at Li Tian and asked.

Li Tian replied coldly: "I don't need you to believe it. I just tell the facts. Believe it or not, feel free to you."

"You..." The round-faced girl heard Li Tian say so coldly, she couldn't help stomping her feet at the moment.

There is no evidence now, no one knows Li Tian's words, should he believe it?

Do these dead people on the ground deserve to die?

When this situation was extremely embarrassing, a girl suddenly spoke, and the girl blinked her beautiful eyes and looked at the dead bodies of the Crimson Legion members on the ground... When she saw the "Crimson Legion" logo on their chests , Slightly stunned.

"Isha, I really want to know who this group of dead guys are. They seem to be... Stormwind... the famous mercenary legion. It seems to be called the Crimson Legion." A white dress shirt with a The girl with the oval face suddenly said there.

Then Yisha and the girls around him were not only taken aback when they heard her suddenly say this.

"Do you know these dead?" Isha asked curiously.

The girl hurriedly nodded and said: "Well, I recognized them. They are indeed members of the Scarlet Legion in Stormwind City."

"My aunt lives in Stormwind City. I remember when she went to see me in the Imperial City, she told me that there was a vicious group of mercenaries in Stormwind City. They bullied the weak and bullied the residents of Stormwind... ..And also slaughtered those innocent and weak people... The cruel mercenary regiment my aunt said was the Scarlet Legion."

After listening to the girl say this, Isha and the girls suddenly understood.

They suddenly discovered that they had wronged Li Tian.

Li Tian can be regarded as killing harm for the people.

After the truth came to light all of a sudden, the girls beside them said: "That...that...doesn't it mean that these dead guys are bad guys?"

"Damn they?"

The girl who told the truth just now nodded and said, "Yes."

"This group of Crimson Legion is notoriously brutal... I remember that time after my aunt told me, I planned to bring a few sisters back to tidy up the members of the Crimson Legion, I didn't expect..." Said, looking at Li Tian.

Both Yisha and the girls around knew that she had done something wrong.

It turned out that all these people killed by Li Tian were damned.

I saw that Yisha looked at Li Tian there, and suddenly she was there and said to Li Tiandao: "Sorry, we blamed you."

Li Tian heard Yisha apologizing there, and even ignored her, turning his head away with cold body, not looking at the girls anymore.

"I'm sorry." Yisha couldn't help saying when seeing Li Tian ignore her.

Li Tian spoke at this time and said, "Since you already know the truth, then go quickly."

These girls were not only a little depressed when they heard Li Tian chase them away.

"We can't go." Suddenly the round-faced girl was facing Li Tiandao.

Li Tian turned his head coldly and said, "What? Are you still trying to trouble me?"

Li Tian's voice was full of hostility.

Then Yisha quickly said: "Don't get me wrong, we are not making trouble for you, we just want to take you to our college."

When Li Tian heard that, the college frowned, and said: "What college? I don't understand what you are talking about." Li Tian turned the bronze masked face and looked at the girls in front of him. .

I saw that Yisha said: "That's it. We followed the order of our old dean and came to you. Isn't your name Li Tian? I heard that you are a genius student, so the teachers and students of our college Are looking for you."

"I just didn't expect that we would meet you here." Isha said.

Listening to what Yisha said, Li Tian only felt more and more confused.

What old dean? What genius student? Why did he suddenly become a genius student? What exactly is going on.

Li Tian thought for a while and said, "You may have admitted the wrong person."

"No, we should not admit the wrong person."

"You are so powerful, one person can deal with so many people... It should be the genius student we are looking for." Yisha said.

The round-faced girl said at the same time: "Yes, and your name is so weird, I can guarantee that we will never find a second person as weird as your name in Stormwind City..." She After saying that, the girls around him suddenly giggled.

Listening to these girls saying this, Li Tian not only said: "I don't even know what you are saying... Dean... let alone what you are talking about."

Then Yisha said: "Well, after you follow me to the earl's mansion, I believe you will understand everything after meeting the old dean of our college."

Li Tian heard that these girls asked him to go to the earl's mansion, and then said: "I can't follow you."

"I don't know you, I don't know you at all, so why do I believe you."

After Li Tian said this, the girls were speechless.

Everyone is depressed, why is this "guy" so weird.

Chapter 2572: Where should I go?

Seeing Li Tian insisted on not going to the earl's mansion with them, the few beautiful girls in front of them were not only depressed.

"Isha, what can I do? He won't go back with us." The round-faced girl asked Isha who was not only looking at her eyes.

Looking at Li Tian's indifferent attitude, Yisha not only frowned.

She knew in her heart that forcing Li Tian to go to the earl's mansion was absolutely impossible, and if she insisted on asking others to go, it might cause trouble.

So the wise Isha decided to relax.

I saw that Yisha thought for a while, then raised her beautiful eyes and looked at Li Tiandao: "Since you don't go to the earl's mansion with us, can you tell us where you live?"

Li Tian turned his head and glanced at Na Yisha, and then told Na Yisha the address of the small hotel he was in.

After hearing Li Tian's address, the beautiful Isha not only showed a smile on Qiao's face, then looked at Li Tiandao and said, "Okay, thank you."

"Then we won't bother you."

As she was talking, Isha turned her head and suddenly said to the other Bender Academy water system illusion girls nearby: "Let's go."

When the glamorous girls around heard Isha say that they were leaving, although they were not only slightly taken aback, they nodded obediently there.

Then Isha left here with the girls.

As they went out, they happened to see Na Taylor coming in.

Taylor blinked his big eyes, and when he saw these beauties, he was not only stunned for a moment.

"Ah? Isn't this the beauties of the water illusionist from Bander College?" Taylor recognized it all at once.

"Why are they here?" Taylor said in surprise.

Watching Isha and the beauties leave one by one, Taylor reacted. He just rested there for a while, he didn't expect so many things to happen at this time

Then I saw him running towards Chifu here.

After he ran in, he saw corpses all over the floor, and then Li Tian.

"Benefactor." Suddenly Na Taylor screamed there.

Li Tian turned his head and saw Na Taylor.

Taylor ran over quickly and took a closer look, but when he saw that beautiful Elena died on the stone pillar, Taylor was stunned.

"Elena?" He roared in pain, and then ran towards the body of Elena.

"Elena, don't die...don't die..."

Taylor cried.

No one would have thought that this old man of Taylor would actually kneel on the ground, holding the body of Elena and crying.

Li Tian turned his face, did not watch this scene, just stood alone silently.

Taylor cried and said, wiping the tears on his face: "How could this be? The \*\*\*\* of the Crimson Legion...why tortured Elena..."

"Son of a bitch!"

He cursed there loudly, but it's a pity that people cannot be resurrected from death.

The beautiful Elena could no longer be heard.

Taylor cried for a long time, Li Tiancai slowly walked in front of him, then stretched out a hand and patted that Taylor's shoulder slightly.

"Taylor, people can't come back from the dead, don't be sad, let's bury Elena."

When Taylor heard Li Tian say this, he not only nodded in the red eyes.

In this way, they untied Elena's corpse, and then Taylor hugged Elena's corpse covered in blood and left the red house full of corpses step by step.

They found a secluded place, and they buried Elena.

After Elena was buried, Taylor followed Li Tian back to the small hotel.

On the way, neither of them spoke, their expressions were sad and solemn.

Thinking of Elena's death in their hearts, they hurt in their hearts.

After returning to the small hotel, Na Taylor said with red eyes: "Elena is so unjustly dead... She is really nice, she has always been loyal to her brothers and friends."

As Tyler said, his eyes turned red again.

Li Tian looked at the sad Taylor and said, "Brother, don't be sad."

"I have avenged all the revenge, and I also killed that \*\*\*\*\* Chiwang."

Taylor heard Li Tian say this, then nodded deeply and said, "Thank you!"

Li Tian smiled faintly.

"Taylor, what are your plans next?" Suddenly Li Tian looked at that Taylor and asked.

When Tyler heard it, he was stunned.

Yeah, where should he go next?

Originally, he still had Elena and the Sirius Mercenary Corps, but it was a pity that everything was gone now, all was destroyed by the \*\*\*\*\* Scarlet King.

Taylor was stunned for a long time, and suddenly said, "I don't know."

Looking at Taylor's blank expression, Li Tian not only felt compassion in his heart.

It's a pity that he can't help Taylor either, because he is also not familiar with this spiritual land continent.

Suddenly Na Taylor turned a lonely face, and then looked at Li Tiandao in front of him:

"Benefactor, where are you? Where are you going?"

As Na Taylor asked, Li Tian suddenly smiled bitterly: "To be honest, I don't know."

"But I have one goal, and that is to find my beloved woman, Situ Ningbing."

Hearing what Li Tian said, Na Taylor looked at Li Tian and said, "No matter what, I hope you can find the girl you love."

"Thank you." Li Tian said with a smile.

"By the way, benefactor, what are the water-system illusion beauties of Bender Academy doing there just now?" Suddenly, Taylor not only asked in surprise.

After Na Taylor asked, Li Tian was taken aback.

"Bender Academy? Water illusion beauties?"

When Li Tian thought about it, he suddenly remembered that Yisha and other beauties in other roles.

"Are they the illusion students from Bander Academy?" Li Tian suddenly looked at Taylor there in surprise.

Taylor nodded and said, "Yes, they are students from Bander College.

"Benefactor, why are they looking for you?" Taylor asked curiously.

Li Tian not only frowned slightly when he heard that Taylor said.

Then he said to Na Taylor, "Actually, I don't know their purpose... However, I listened to them as if they were asking me to go to their college."

When Na Taylor heard it, his eyes lit up.

what?

"Benefactor, did you agree?" Taylor immediately looked at Li Tiandao excitedly.

Li Tian shook his head depressed and said, "I don't have one."

Chapter 2573: enemy

When Na Taylor heard that Li Tian hadn't agreed, his mouth suddenly grew, and his expression was quite shocked.

"Benefactor, you didn't agree?" Tyler looked at Li Tiandao in disbelief.

Li Tiandao said: "Yes."

"I don't know them at all, and besides, I'm not interested in any illusions at all. How could I go to their academy." Li Tiandao.

When Na Taylor heard it, he cried out regretfully.

"Benefactor, what a pity, what a pity! How can you not agree? You have to know that there are thousands of people on the Spirit Earth Continent who want to enter the Bender School of Illusion, but you refuse so... ..Hey, it's a pity." Taylor felt sorry for Li Tian's failure to agree.

When Li Tian heard Taylor say this, he smiled slightly: "Is that Bander Academy really that famous? Do so many people want to go in and learn illusion?"

Na Taylor said, "Of course."

"Benefactor, I told you before, in the land of the spirit earth, the identity of an illusionist is very high."

"For example, that \*\*\*\* Scarlet King, it was because he had practiced some elementary thunder and lightning illusions that he became a blessing in Stormwind City!" Taylor said.

When Li Tianyi heard it, he not only secretly added: Taylor seemed to be right.

To be honest, Li Tian felt that illusion was terrible.

He had recovered to 60% of his skill, and it took a lot of effort to kill the damned Scarlet King.

The most important thing is that he listened to Taylor's words, that Chi King seemed to be just a junior illusionist, not a famous illusionist at all.

What if Akao's illusion technique reaches the middle level? Reached a high-level, then this time it was not the red king who died, it was himself.

The thought in Li Tian's mind not only shook slightly.

It seems that if there is a chance, he must have a good understanding of that illusion.

"Benefactor, let me tell you the truth, I hope you can enter the Illusion Academy."

"Your martial arts are very high. If you can enter the Illusion Academy, you can directly practice illusions. If you can practice the terrible illusions such as fire or thunder and lightning, then you will become even more powerful." Taylor said That kindly faced Li Tiandao.

But Li Tian smiled faintly and said, "Taylor, don't persuade me. I have already refused their invitation. I won't learn any illusion."

"I have only one goal in this world, and that is to find my beloved Situ Ningbing, and I will be satisfied."

Li Tian said as he raised his eyes and looked at the blue sky.

He was thinking about the Situ Ningbing he loved... He didn't know where Situ Ningbing had gone, was he in this world like himself?

After hearing Li Tian's decision, Na Taylor not only sighed there and said: "Well, benefactor! Now that you have made the decision, then I can't say more."

"However, I want to say one last thing, benefactor, if you want to become famous, have rights, and status in the land of the spirit, you must practice illusion! Once you practice illusion and become an illusion master, you will There are many people who admire you. At that time, you can just issue a command and let many, many people do things for you. I think even if you want to find your lover, you can do it this way... although this The way may be longer for you."

Taylor finally said to Li Tian.

After listening to Li Tian, to be honest, he moved slightly at that moment.

Taylor is not wrong at all.

If he really practiced illusion art, and really became famous and famous in the land of the soul, would Situ Ningbing know about him?

Even if Situ Ningbing did not find himself, then at that time, he could still rely on some relationships, status, and so on to help find Situ Ningbing.

Thinking of this, Li Tian moved slightly in his heart at that moment.

"Forget it, don't say anything, I have already rejected them anyway." Li Tian said last.

After hearing Li Tian say this, Na Taylor really closed his mouth slightly and stopped talking.

After Li Tian returned to the room alone, he lay on the wooden bed, his heart irritated, and he couldn't sleep over and over again.

Thinking of the "illusion technique" in his heart, Li Tian felt depressed.

learn? Still not learning? This is a choice for Li Tian now.

...

In Earls Court, I saw the illusion students from all departments of Band College hurriedly walking around there.

Anderson, the thunder and lightning illusion teacher standing above Earls Court Square, was yelling at his students at this moment.

"How about? Have you found that talented student Li Tian?" Anderson asked, looking at a group of thunder and lightning illusion students in purple costumes.

Those students shook their heads one by one and said, "Not yet."

When Anderson heard this, his fiery temper surged.

"Trash, a bunch of useless guys." Anderson shouted angrily.

When the students heard Teacher Anderson scold them, they all bowed their heads.

"Find them all for me. If you can't find them, you will give me a ten-kilometer run every morning." Anderson roared there.

After the students heard it, they couldn't help sighing, but no one dared to confront their teacher Anderson! Because at Bander College, everyone knows that teacher Anderson has the strongest temper.

Even the illusion teacher of the Fire Element had a temper not as strong as Anderson's.

After hearing Mr. Anderson's roar, the students nodded one by one and said, "Yes."

Then they walked outside the earl's palace.

As soon as I walked out, I heard these students not only screaming and talking.

"Damn, what kind of \*\*\*\* genius student? Is it worthy of Teacher Anderson, and the old dean so much?" a student who practiced thunder and lightning illusion in purple clothes roared there.

A classmate next to him also said, "Yeah, I don't believe it. Isn't it that so many of us can't compare to him alone? Genius students, I think it's a waste."

"Hmph, that guy named Li Tian, sooner or later I will let him know what a genius is, he."

This group of thunder and lightning illusion students, because of their teacher Anderson's anger, not only transferred their hatred to Li Tian at this moment.

Li Tian was also really unlucky, he had already established a lot of enemies before he came to this Bender Academy.

Chapter 2574: Isha is back

At this moment, I saw that Yisha and several other beautiful water-system illusion girls happened to run towards the earl's mansion from the outside.

After Isha and the girls around him quickly reached the square of Earls Court, she saw the teachers standing on the square, as well as the old dean of Bander College, Hollis.

"Teacher Evelyn."

Isha shouted there.

Along with that Yisha's voice, I saw the beautiful Evelyn, who was as beautiful as a fairy, slightly turned her jade-like pretty face.

Evelyn is recognized as the first beautiful teacher in the entire Bander College.

And her students are also the most beautiful girls in the entire Bander College.

The female students of the water department are the goddesses of the boys of other illusions.

I saw the first beauty teacher of the college at this moment, Evelyn saw Yisha and the others at the moment when she turned her pretty face slightly.

"Isha." The beautiful teacher Evelyn yelled softly there.

Evelyn and Isha are sisters of the same surname but different parents...Isha is the daughter of Evelyn's sister-in-law's family, but Evelyn is a teacher at the college and Isha is a student

"Isha, you are back, how are you? Have you found any clues about that talented student?" The beautiful teacher Evelyn asked Yaisha, who was looking at her with beautiful eyes that blinked like water.

Yisha replied there at the moment: "Teacher Evelyn, we have found the guy named Li Tian."

When Isha's words came out, the teachers from other departments around him were stunned.

Especially the lightning illusion teacher, Anderson.

With eyes wide open at the moment, he couldn't believe it, and suddenly walked over quickly.

"Hey, Isha, did you really find the genius student?" Anderson asked, looking at Isha with wide-eyed eyes.

The "Fire Element" illusion teacher here, and the "Wind Element" illusion teacher also hurriedly got over at this moment.

Even the old Dean Hollis not only walked quickly toward this side.

Hearing Teacher Anderson's question, Isha gave a slight "yes" in her mouth.

Anderson felt depressed when he heard it.

Why can't my students find that talented student? How could they find the girls of the water system? It's too much.

After all, the old dean said before that whoever can find Li Tian, a student of that day, will assign Li Tian to which department, so the lightning illusion teacher, Anderson, will be depressed.

The beauty teacher Evelyn looked at Yisha and asked, "Isha, where is Li Tian? Why didn't you bring him here?"

After hearing the beautiful teacher Evelyn asked this, Anderson hurriedly said: "Yes, you said you found that genius student, man? Why don't you bring him?"

But see Yisha replied: "Teacher, this is the case, that Li Tian will not come back with us."

"What? He's not here?" After hearing Isha's words, Evelyn, the beauty teacher, not only frowned.

Isha replied, "Yes."

"Why?" the beauty teacher Evelyn asked in surprise.

Na Yisha said, "Because he said he was not familiar with us, and he also said that he was not interested in illusion, so he did not want to come."

what?

Upon hearing that Yisha's words, the illusion teachers of the several departments in front of him were all depressed.

Even the old Dean Khris stood there with his brows furrowed.

"No, it's impossible, right?"

"There are people who don't like illusion?"

"Has he already learned illusion?" The beauty teacher Evelyn said depressedly.

After all, in the entire Lingtu Continent, can someone not like illusion? I am afraid that apart from Li Tian, there will be no second one.

Isha in front of him said, "He doesn't seem to know how to illusion."

"Really? That's weird." Beauty teacher Evelyn said there.

At this moment, the old dean Hris came over.

When the old dean Heris walked over with a smile, the surrounding teachers all cried respectfully; the old dean.

The old dean Khris smiled slightly at the crowd, then slightly raised his brilliant eyes and looked at Isha in front of him: "This classmate, may I ask, you really found the one named Li Tian A genius student?"

When Yisha saw that the old dean was asking her there, she respectfully said, "Go back to the old dean, yes."

"At least he admits that his name is Li Tian." Yisha added another sentence later.

After the old dean heard Isha's words, he smiled slightly, and then continued to ask, "Did you tell you what you came for? Also, does he know that we are Bander College"

After hearing this, Yisha nodded and said: "We said, and you said that the old dean personally sent us to invite him to the academy, but his appearance...like...like..." Isha hesitated and didn't say anything.

The old dean Heris saw that Isha seemed unspeakable, and not only smiled and said, "Don't be afraid, just tell the truth."

Isha thought for a while, and said there, "Well!"

"The old dean, that genius student named Li Tian, to be honest, is very strange. When we saw him, there were a lot of corpses around him... and he killed those people."

When Isha said this, the old dean suddenly became ugly.

The teachers from the surrounding departments all looked at Isha in shock.

"Corpse?"

"Did that Li Tian kill someone?" the old dean Heris asked with an ugly face.

Everyone knows that Old Dean Heris is the person who dislikes killing the most! At this moment, when he heard that Li Tian had killed so many people, his face would instantly become so ugly.

But see Isha replied: "Yes, he killed a lot of people."

When Isha said this, everyone around her was shocked.

The face of the old Dean Hollis became more and more ugly.

"However, the old dean, those people are bad people... Those who died, I heard that in the past, in Stormwind City, they used to oppress the people and kill the innocent... And the most important thing is that he seems to have killed Li Tian's friend! So that Li Tianca killed all of them in a rage."

Chapter 2575: I personally go find him

The old dean Heris suddenly understood after hearing Isha's sudden words.

"You mean that the person who killed Li Tian is right? He is doing the way for the sky?" The old dean Heris asked suddenly.

Isha nodded there and said, "According to the truth, it should be."

"Very good." Suddenly the old Dean Khris was relieved.

Old Dean HERRIS, the most favorite in his life is the kind-hearted and chivalrous young man. He was very unhappy when he heard that Li Tian killed people, but when he heard of Yisha, those people were damned people. , The old Dean Hurston felt relieved.

The student whom the old Dean Hollis values most is not really a great illusionist, but a character.

At this moment, the old dean not only touched the gray beard, murmured and smiled: "Old Long's vision seems correct! Such a young man who can be a chivalrous man is exactly what I am looking for. of."

"This classmate, what then? Didn't that Li Tian agree to come to Bander College?" Old Dean HERRIS continued to ask.

Na Yisha replied: "It's true that I didn't tell the old dean. When we said the name of the Bander Academy, that guy looked at a loss, and his expression seemed to have never heard the name of our academy."

"Isn't it?"

"He hasn't heard of our famous Bander Academy? Are you kidding?" Anderson, the old thunder and lightning illusion book over there, cried out suddenly.

The old dean here could not help but ask in surprise, "Then how did he refuse?"

Isha replied: "He said that he didn't know us, and he was not familiar with us! He also said that he had no interest in illusion. After speaking, he left."

The old Dean Heris and the illusion teachers around them not only became depressed after hearing Isha say this.

"What kind of genius student is this? I don't even like illusion? It's really different!"

"Yes, looking at the entire Lingtu Continent, how many people dream of wanting to learn illusion, but that guy named Li Tian actually said that he is not interested in illusion, it is too surprising."

...

The illusion teachers around them all discussed depressedly.

When they finished speaking, only the old Dean Hollis was squinting his eyes and thinking about the problem.

He still remembered that last night, Mr. Long specially told him a sentence, he said: No matter what method is used, the guy named Li Tian must be received by Bander College!

At this moment, Khris was thinking of the words of Long Lao in his mind, and suddenly a smile appeared on the corner of his mouth.

"Could it be that Long already knew that the child was a stranger? That's why I have to give this task to me?" The old dean Heris suddenly understood after thinking about it.

I saw him suddenly laughing and saying, "Everyone, I think I should understand, that kid should be the genius student we are looking for."

After hearing what the old Dean Hris said, the Thunder's illusionist teacher Anderson couldn't help asking: "Old Dean, a guy who doesn't like illusion, and so weird, I think we have to carefully choose whether he should enter. We at Band College."

But seeing the old dean Hollis said there: "No, no, you are wrong."

"Wrong? Why?" Anderson said in dissatisfaction.

The old dean Heris said there: "Since ancient times, sages and sages have not been able to contribute to it overnight. This time, I think, maybe it is because he is the genius we are looking for. More difficult."

Then Anderson heard the old dean say that, as if he couldn't accept it, he snorted in his mouth.

The old dean Heris continued: "Forget it, I will tell you the truth. I believe that once I tell you the truth, you should understand in your heart why this genius student attaches so much importance to it."

Hearing that the old dean wanted to tell the truth, the illusion teachers around were not only taken aback.

I just listened to the beautiful teacher Evelyn asking with her beautiful eyes, "Old Dean, what's the truth?"

But seeing the old dean Hollis smiled slightly and said: "Do you know why I know this child named Li Tian? Do you know who told me that this child is a genius student?"

When the surrounding teachers heard what the old dean said, they all shook their heads there and said they didn't know.

The old dean Heris smiled mysteriously, and then said: "Let me tell you, this is the saint. Old Long came to me in person last night and told me.

what?

When the old dean was saying: the saint Long Lao, these four words, Anderson, and Evelyn beside him, as well as the other fire element, wind element, and two illusion teachers were all in shock. Screamed.

"Long...Long...Long old?"

"Could it be... Ryu, Tian, Shura, and the head of the Three Sages?" Anderson suddenly stared in disbelief.

The old dean Heris smiled and nodded and said: "Yes, it is Old Long."

"Oh my God, the saint Long Lao unexpectedly appeared?" Anderson cried out excitedly.

The beautiful teacher Evelyn next to her also has a terrifying expression, not to mention that Yisha and the female students around, the saint Long Lao, in their ears, is equivalent to a legendary character .

Because from the day they entered the Illusory Academy, they began to hear about the deeds of the Three Sages, but they had never seen the three Sages Long Lao who saw the dragon without seeing the end.

Seeing everyone's expressions of horror, the old dean Heris not only smiled and said, "Now you understand why I value the child named Li Tian so much? You should know why I care. Is he?"

After hearing the old Dean Hris say so, Anderson nodded quickly, and the teachers around him did not dare to interject another word.

After all, the person introduced by Saint Long Lao...can be wrong?

"The old dean, since it is the student whom the old saint Long sees, it must be a genius student." Anderson said to the old dean Hollis with a smile on his face at the moment.

When Khris heard that Anderson had said so, he suddenly laughed.

"Old Dean, what should we do now?" Just listen to the beautiful teacher Evelyn asking with her beautiful eyes.

To be honest, she wants to take a look at that gifted student Li Tian, because she is becoming more and more curious about Li Tian.

But seeing the old dean Heris smiled there and said: "Go find it, I will invite him personally!"

Chapter 2576: Who?

what

"Old dean, you have to go personally... please that Li Tian?" Anderson, Evelyn, and other illusion teachers were shocked when they heard the old dean's words. .

What kind of face Li Tian should have, so that the old dean of Bander College could invite him in person.

If this matter were spread, it would probably be regarded as a miracle for the entire Spirit Earth Continent!

I saw that the old dean Khris smiled slightly and said, "Yes, I am bored anyway, so I just went to Stormwind City for a walk."

"Are you with me?" The old dean said this, and suddenly said, smiling and looking at Anderson and Evelyn.

When Anderson, Evelyn and other illusion teachers heard the old Dean Hollis say this, they all said: "Since the old Dean is gone, how can we not go."

"Yes, old dean, let's go with you and see that real genius student."

After all the teachers said so, the old Dean Khris smiled slightly.

"Okay, then let's go out together."

As they were talking, under the leadership of the old dean Heris, they walked towards the outside of the earl's mansion step by step.

"Isha, where does Li Tian live, do you know?" The beauty teacher Evelyn asked while blinking at that Yisha.

Isha smiled sweetly, and then said: "I asked his address. He said he lives in a small hotel and I know that place."

Upon hearing that Yisha said this, the beauty teacher Evelyn smiled there and said: "Very well, Yisha, then you can lead us all."

"En." Isha nodded.

So, the old dean of Bander College, Hollis, with all the illusion teachers in the college, walked out of the earl's mansion, and then walked towards the main street of Stormwind.

With such a large group of mighty people set off, the students of Bender College standing outside the earl's mansion all opened their eyes one by one, looking at this scene in disbelief.

"Oh my God, why did the old dean and the teachers go?" Some illusion students who didn't understand the situation couldn't help asking in surprise.

But I saw some of the students who knew the truth said there: "I heard that the old dean would personally invite that talented student."

"Isn't it? Such a compliment? Even the old dean personally invite it?"

"What genius student? It's so awesome that even the old dean of Bander College should voluntarily take care of himself? Would you like that?"

"Damn, it's so awesome, I want to see what kind of genius student our Band College is going to invite back this time."

...

The illusion students at Bender College outside the Earls Court all said unconvinced in their hearts.

They all have an incomparable hatred towards the "genius student" now, because they feel that all the scenery is occupied by the \*\*\*\* "genius student".

Although Li Tian didn't even know what happened, but in this invisibility, he had become the number one enemy in the minds of the entire Bander College students.

...

Li Tian is still staying in that small hotel.

The death of Elena, to be honest, was a big blow to Li Tian.

When he came into this world, the first person he saw was Elena, but he didn't expect Elena to die like this.

Li Tian lay on the bed, turning over and over, no matter what, he couldn't sleep peacefully, as long as he closed his eyes, the miserable face of Elena would appear in his mind.

"I'm sorry Elena! If it weren't for me...last night... I slapped Elena...she would not go to the Scarlet King for revenge, she would die.

Li Tian blamed himself deeply.

Last night, Elena expressed her friendship to him, but Li Tian did not accept it.

He couldn't accept other loves, because he was still looking for Situ Ningbing, how could he still have the heart to accept other girls' love?

Li Tian was irritable in bed alone.

I saw on the streets of Stormwind City, the old dean of Bander College, Herris, had brought Anderson, and the beauty teacher Evelyn, and they walked towards the small hotel where Li Tian lived.

When she arrived here, Yisha stretched out her finger to the small hotel and said, "Old dean, teachers, then Li Tian lives in this hotel."

The old Dean Herris and the teachers around him not only lifted their heads slightly and glanced at the small hotel after hearing Isha's words.

Then the old dean Heris smiled there and said, "Let's go, let's go see him."

Speaking of lunch, he walked towards the small hotel first.

Anderson and the teachers behind him quickly followed.

After arriving in the small hotel, I saw an old woman in her 40s who was cleaning there.

Seeing the guests coming in, the old woman not only walked over with a smile on her face: "Are several guests staying in a hotel?"

The beautiful teacher Evelyn suddenly showed a beautiful smile on her face, and then shook her head and said: "No, we are not staying in a hotel. We are looking for someone. Excuse me, is there a person living here? Li Tian's person?"

After hearing this, the old man blinked his eyes and glanced at the old Dean Heris in front of them and said, "Yes."

Hearing that Li Tian did live in this small hotel, a slight smile appeared on the face of the old dean Hollis.

"Excuse me, that Li Tian lives in that room?" The beautiful teacher Evelyn in front of me continued to ask.

The old woman pointed to the second floor and said, "It's in the room on the left on the second floor."

Evelyn and the old dean in front of them raised their eyes and glanced at the place on the second floor, and then said to the old man, "Thank you."

Then they walked towards the second floor.

After reaching the second floor, they saw the room that the old woman was referring to.

"This is it?" Anderson asked there.

The beauty Evelyn nodded there.

"I'll knock on the door..." Anderson said as he stretched out a hand and knocked "bang, bang, bang".

After the voice came in, Li Tian, who had been irritable on the bed, happened to hear it.

"Who?" Li Tian got up from the bed after hearing the knock on the door, then walked over and opened the door.

As the door of the room was opened by Li Tian, he saw a few strange faces at a glance, staring at himself with wide-eyed eyes.

Among them is an old man, three men, and a stunningly beautiful woman...

Chapter 2577: Genius, fool?

When Li Tian saw these strange faces, he was stunned.

"Who are you?" Li Tian asked while looking at the old dean Heris and the beautiful teacher Evelyn.

But seeing the old Dean Hollis, Evelyn, and Anderson and other teachers beside him, they all stared at Li Tian, especially the ones on his face. An odd bronze mask.

Then, one by one, they secretly said in their hearts: Is this the genius student? This is Li Tian? It's so strange, why is there such a strange bronze mask on his face.

At this moment, the old Dean Hollis was the first to speak with a smile.

"Excuse me, your name is Li Tian, right?" Old Dean Hollis looked at Li Tian and asked with a smile.

Li Tian glanced at the old Dean Heris. He saw the old Dean Heris smiling very kindly, so he nodded slightly and said, "Yes, I am Li Tian."

"What about you? Who is it? How do you know my name?" Li Tian asked cautiously.

After hearing Li Tian's confession of his name, the old Dean Hollis not only smiled slightly, but then glanced at the teachers around him with a certain expression in his eyes.

"Hello, please allow me to introduce myself. My name is Herris, and I am the Dean of Bander College." A word came out of the old Dean Heris.

Li Tian couldn't help being stunned when he heard this Khris said that he was the old dean of the very famous "Bender Academy" in Lingtu Continent.

what?

"Bender Academy?" Li Tiandao said.

The old Dean Hollis nodded with a smile and said, "Yes."

Then I saw that beautiful teacher Evelyn was there looking at Li Tian and said slightly: "Hello, I am the illusion teacher of the Water Department of Bender College, Evelyn."

"I'm the thunder and lightning illusion teacher at Bender College, Anderson."

...

The remaining wind-type illusion teacher and the fire-type illusion teacher all introduced their identities there.

After Li Tian heard them introduce their identities one by one, he was stunned.

"These are all illusion teachers at Bender Academy?" Li Tian said in astonishment.

Looking at the old dean of the famous Bender College and the illusion teachers of the college, Li Tian's brows not only frowned deeply.

How would they find themselves?

And why did they come to me?

Could it be said that these teachers came to look for themselves because of the girls before? Li Tian thought like this in his mind.

After thinking about it, Li Tian not only raised his head, looked at the old dean of the Bender College in front of him, and said, "Are you looking for me?"

I saw the old dean Hollis smiling there and saying, "Yes."

"Because we want to invite you to join our Bender Academy as an illusion student at our Bender Academy." The old Dean Hris suddenly said there.

Hearing the old dean in front of him suddenly said so, Li Tian was immediately depressed.

It is as expected! Earlier, Isha and the others said that they wanted to join their Bender Academy... but they were rejected by themselves. I didn't expect that the old dean of their academy and these teachers would come to see them personally. It was really surprising. Up.

After Li Tian heard the old Dean Hollis say this, he not only smiled helplessly at the corners of his mouth, and said, "I'm really sorry, I have already told your college students before that I am not very interested in illusion. I like learning illusion, thank you for your kindness." Li Tianzhe resolutely refused.

After hearing Li Tian's decisive refusal all of a sudden, the old Dean Hollis and the illusion teachers behind him were slightly taken aback! They hadn't believed that there were people on the Spirit Earth Continent who didn't like illusion, but after hearing Li Tian's mouth in person this time, they were suddenly depressed.

Unexpectedly, in the land of Spiritual Earth, someone actually refused the invitation of the most famous Bender Academy, and said that he was not interested in illusion at all.

If this person is not a genius, he must be a fool! The teachers of the college were all secretly in that heart.

However, after Li Tian uttered a sentence that made the surrounding illusion teachers extremely puzzled, I saw the old dean's Hollis startled for a moment, and then burst into laughter at that moment.

The old dean's laugh made the surrounding illusion teachers depressed. Even Li Tian couldn't help but look at the old Dean Hollis with a surprised look. His heart was not only in the dark, hey, what about this old man? After being rejected by yourself, still laughing there? It's really strange.

Just after the old Dean Khris laughed, he raised his brilliant eyes and looked at Li Tiandao and said, "My child, to be honest, you are the strange character I saw for the first time in my life, Khris."

"My Hollis has been practicing illusion since I was 3 years old. I have been practicing illusion for so many years. I have never seen a person in Lingtu Continent saying that he doesn't like illusion. You are the only one and the only student who refuses to join our Band College. "

"I have to say, you are really weird." Old Dean Khris said there.

After Li Tian heard the old Dean Hollis say this, he said lightly: "That's because you don't understand me at all! If you understand my true identity, I think you should understand why I don't like illusion."

"Oh? Really?" After hearing Li Tian's words, the old dean became not only curious.

A wry smile appeared at the corner of Li Tian's mouth, turning his head, looking at the blue starry sky outside the window, an indescribable complex emotion appeared in his kind-hearted eyes.

Yes, everyone present can not understand Li Tian, because he is not a person in this world, he comes from the extremely blue planet in the other sky, the earth!

Therefore, Li Tiancai was not interested in the illusions of the Spirit Earth Continent.

Besides, Li Tian still has to look for his favorite woman, Situ Ningbing. How can he have time to practice illusion?

"Child, can you tell me something about you? Maybe we can help you." The old dean could see that Li Tian was unspeakable, so he couldn't help but ask.

After hearing the old Dean Heris said so, Li Tian showed a bitter smile on his mouth, then turned his head and said, "Thank you for your kindness, but unfortunately, no one can help me."

After hearing Li Tian say this, the irritable thunder and lightning illusion teacher Anderson suddenly became unhappy. He only heard him say angrily there: "Young man, do you know what the identity of our old dean is? On the land of Spirit Earth, I'm afraid there is still no thing that the old Dean Harris can't solve."

Although Anderson's words are a bit bragging, but I have to say that the old Dean Hollis is indeed very prestigious in the illusion world of the Spirit Earth Continent!

Chapter 2578: Li Tian agreed

Li Tian not only smiled bitterly and shook his head when he heard the violent thunder and lightning illusion teacher Anderson said this.

"Can you really help me?" Li Tian raised his head and looked at the old Dean Heris in front of him.

The old Dean Khris smiled slightly and said, "As long as you speak out, I will definitely find a way to help you."

Li Tian heard them say this, so he was silent for a while, and then said slightly: "I hope you can find a woman for me, a woman I love the most, her name is Situ Ningbing."

After Li Tian said this, the old Dean Hollis was not only taken aback, but the illusion teachers around him not only looked at Li Tian in surprise.

"Looking for someone? Looking for a woman named Situ Ningbing?" The old dean Heris in front of him said curiously.

Li Tian nodded silently and said, "Yes, the reason why I came here is to find her, my love."

After the old dean heard this, he suddenly laughed: "I thought it was a difficult thing. It turned out to be looking for someone. I can't guarantee anything else, but when it comes to finding someone, I still have a lot of experience. Sure."

Old Dean Hollis said confidently in that.

"Yes, although our Bander Academy is in the Imperial Capital, we have our contact stations in every big city! Finding someone in a small area is the easiest thing." The lightning illusion teacher Anderson also said there.

I saw the old dean Khris suddenly said to a man in a gray robe beside him: "Cyrillic."

The old man wearing a gray robe with a short stature and a smiling face came out of the crowd. His gray robe did not match his body shape at all. It looked a little funny, but there was a print on the back of his robe. The word "wind", the teacher of the wind system illusion "Cyrill".

"This is our academy's famous wind system illusion teacher: Cyril." Suddenly the old dean Khris introduced to Li Tian there.

Li Tian looked at the little old man, not only for a moment.

"Hello." Cyril, known as the wind element illusion teacher, smiled at Li Tian after walking out.

Li Tian also showed a friendly expression.

But seeing the old dean Hollis continued to say there: "This wind system illusion teacher's imperial wind technique can fly thousands of miles, implying the wind."

"If you want to find your lover, we can find it through Cyril. There are many illusion students under his school, which are located in every corner of the spiritual land. If there are wind system illusion students looking for it, it is the easiest."

Wind illusion, walking on the wind, must be

After hearing the introduction by the old Dean Hollis, Li Tian not only glanced at this short stature, but had a kind face, Cyril, an old book of wind illusions.

"Can you really help me find Ningbing?" Li Tian said excitedly.

He knew Na Tyler and the dead Elena before on the continent of Spirit Earth, so he couldn't ask for help at all.

Now he knew in his heart that this Bander Academy was extremely famous on the Spirit Earth Continent, so he wanted to use their reputation to help him find Situ Ningbing.

After hearing Li Tian say this, the old Dean of Heris smiled slightly and said, "Of course."

"I have already said that I will try my best to help you find the woman you are looking for." Old Dean Hollis said.

After hearing the old Dean Heris said so, Li Tian in front of him hurriedly said, "Then I, Li Tian, will thank you first."

"You're welcome." Old Dean Hollis said there.

"If you learn illusion by yourself, your status and status will become the same as ours. At that time, you can use your status to find your lover." The old dean Heris suddenly added another sentence. .

After Li Tian listened, he was not only silent.

Learn illusion?

Do you really want to learn?

"How is it? Have you considered it? Are you going to our Bander Academy to study illusion?" Old Dean Hollis looked at Li Tian and asked.

The illusion teachers from other departments were also blinking at that Li Tian, waiting for his answer.

Li Tian murmured: Do you want to learn illusion? I came from a completely different world and arrived in this other world. Although I have kung fu body protection, my kung fu is like in this world, and I can't compete with that terrifying and mysterious illusion at all! Especially when he fought against the Scarlet King, now Li Tian remembered that he was still a little scared in his heart. He never thought that a low-level thunder and lightning illusionist could almost defeat him! My God, if he is an intermediate illusion teacher? Or if it's a high-level illusionist, then I'm afraid it's me who will die.

The weak eat the strong, the strong survive.

These words suddenly reverberated in Li Tian's mind. After thinking so suddenly in his mind, Li Tian suddenly raised those shining eyes: "Okay! I promise you, I will go to your college to study illusion." A word came out of Li Tian's mouth like this.

After Li Tian finally agreed to go to the Bander Academy to study illusion, the old Dean Heris in front of him suddenly smiled.

The teachers around him also laughed.

Finally arrived, and invited the "genius students" in their eyes.

"Very good. I promise you that I will find the best illusion teacher to teach you illusion, and we will make you the best illusion student in Band College." The old dean Hollis looked at Li Tian with a smile. Say.

Li Tian said indifferently: "Old Dean, I am actually just an ordinary person. Maybe my identity is a little different from the people here... But mine is indeed just an ordinary person! So, I am not I

expect you to value me so much, and you don't want to get any good treatment...I hope I am like an ordinary person."

"Besides, I don't know when I will leave this world."

Li Tian said as he raised his eyes and looked at the blue starry sky.

After listening to the old dean, Heris, he was not only surprised by Li Tian's words: Hey, how did he leave this world? What do you mean?

But he didn't think too much, he just smiled and said, "Well, we will listen to your opinion."

"From now on, Li Tian, you will formally join our Band's Illusion Academy." The old Dean Hollis said with a smile there.

The illusion teachers around were also smiling at Li Tian.

After the old dean Heris finished speaking, he suddenly muttered while looking at a distant place: Old Long, the genius student you mentioned, we have already enrolled! Hey, this time our Band College put all the bets on him, and I hope that this talented student will not let us down in the next Empire Illusion Contest!

Chapter 2579: Spiritual power

"When can you go to the earl's mansion with us?" Suddenly the old dean Khris looked at Li Tian with a smile and asked.

Li Tian was silent and replied, "I still have some things to deal with separately. In the afternoon, I will go to the earl's mansion to find you in the afternoon, okay?"

Hearing Li Tian's words, the old Dean Hollis smiled and said, "Yes."

"Then we have decided in this way. We will greet you in the square in the earl's mansion in the afternoon." The old dean Heris said there.

Li Tian: "En". There was a cry.

I saw the old dean Hollis saying there: "Then we will go first, remember to go to the square in the earl's mansion in the afternoon."

Then Li Tian said, "Okay."

Then the old dean in front of him, Heris, took his subordinates Anderson, and Evelyn, and walked outside.

They left.

After looking at the old dean of Bander College and their group left, Li Tian sat in the room alone.

So I decided.

Illusion? I, Li Tian, will start practicing illusion from now on?

Li Tian sitting on the bed suddenly couldn't help but laughed bitterly.

...

Outside, I saw that the old Dean Hollis had already taken Evelyn, Anderson and other illusion teachers out of the small hotel.

They began to walk step by step towards the earl's mansion along the main street of Stormwind.

"Old Dean, to be honest, that guy named Li Tian feels so strange." Anderson, the lightning illusion teacher, suddenly said to the old Dean Hollis on the road.

"The way he speaks, and the weird bronze mask on his face... are so strange." Anderson continued.

After hearing what Anderson said, the old Dean Khris not only smiled slightly and said, "Yes, he is really strange."

"However, geniuses are often weird." The old dean Heris said again there.

After listening, Mr. Anderson thought for a while and didn't speak any more.

I just listened to the beautiful female teacher Evelyn, blinking her beautiful eyes and asking: "Old Dean, since he has entered our Illusion Academy, we should also test his spirit this afternoon."

Test Ling? Test a person's physical and spiritual power!

On the Continent of Spiritual Land, only young people with strong spiritual power can learn illusion, so this is also the first necessary condition for becoming an illusionist.

After hearing what the beautiful female teacher Evelyn said, the old dean in front of him nodded slightly and said, "I want it!"

"We will test him in the afternoon."

Anderson, the thunder and lightning illusion teacher over there, said: "Well, in this case, we can see how much terrifying spiritual power this talented student named by Elder Long can have."

The old Dean Heris also smiled there. To be honest, he is also very curious about the spiritual power of Li Tian's body.

After all, this Li Tian was a special person appointed by the saint Long Lao himself.

The beautiful teacher Evelyn next to him, and the wind system illusion teacher Cyril were also full of expectant eyes.

Spiritual power!

Divided into ten segments, one segment is the lowest and ten segments is the highest.

There are very few, very few, or a thousand people on the Spirit Earth Continent with spiritual power. Maybe there are not one or two people who can be spiritual power! Even if the body is full of spiritual power, it will be at the lowest level of the first stage, second stage, and so on.

In the Spirit Earth Continent, anyone who can find more than 3 levels of spiritual power can be called a talent.

Such people will be specially trained by the college.

However, the physical and spiritual power of ordinary illusion students are between one to two.

There are a few "genius" students in the Band College, because their physical and spiritual powers are all above the third level, and they are all talents that the academy attaches more importance to. It

is said that there are two spiritual powers in the Thunder and lightning department that have reached the third level or more. Students, there is one in the fire department and one in the water department.

In addition, the spiritual power of the students at Bander College is in the first to second stage.

However, this spiritual power can be exercised the day after tomorrow. As for what method can be used to promote the spiritual power of the body, some special medicinal materials and some elixir are needed. This is something later.

Spiritual power is the most basic thing for practicing illusion.

Just like internal power, only the stronger the internal power, the higher the skill! Spiritual power, like the internal power of the earth, is also a practitioner of illusion. Only by relying on a steady stream of spiritual power can one be able to perform terrible illusions.

Now Li Tian, no one knows how much spiritual power he has in his body!

No matter what, the old Dean Heris and Evelyn are full of expectations. They hope to see a new legend! I hope to see the incredible terrifying spiritual power from Li Tian.

...

Following the departure of the old Dean Heris, Li Tian was seen in the room alone.

He was going to the earl's mansion in the afternoon. At this moment, he simply packed his things, then walked out of the door and came to Na Taylor's room.

Knocked slightly on the door and heard Taylor's voice inside.

After opening the door, Na Taylor saw Li Tian and shouted, "Benefactor."

Li Tian looked at Taylor and smiled slightly: "Taylor, there is something, I want to tell you."

Taylor asked Li Tian to come in, then found a chair to sit down, looked at Li Tian and asked, "Benefactor, what's the matter?"

But seeing Li Tian said in a slight voice, "Taylor, I am going to study illusion at Bander Academy."

When Li Tian said this suddenly, Taylor suddenly jumped up from his chair with excitement.  
what?

"Benefactor, really? Did you really decide to join the Bender Academy's Illusion Academy and study illusion?" Tyler looked at Li Tiandao happily with an extremely excited expression.

But seeing Li Tian smiled there and said, "Yes."

"Great, great."

"Benefactor, you finally made the right choice. It is the most correct thing for you to join Band College to study illusion."

"You will be able to become a famous illusionist in the future, and become the Bander Academy that many people dream of cannot enter on the Spirit Earth Continent."

Li Tian said slightly, "To be honest, the reason why I joined their illusion school is not to study illusion, but I want them to help find my love."

Listening to Li Tian saying this, Na Taylor grinned there and said: "Benefactor, no matter what, you have now entered the Bander Academy, haven't you?"

Li Tian nodded and said, "Yes, their dean has already personally invited me, and they also promised me to help me find Situ Ningbing."

Chapter 2580: Test Ling

what?

"The old dean of the Bander College, personally invite you to be your benefactor?" When Taylor heard it, his eyes widened, with a stunned expression.

Li Tiandao said: "Yes."

"Wow, benefactor, you are amazing, really."

"I have never heard of the old dean of Bander College, who will specially invite a student!!!" Na Taylor cried.

"Benefactor, you are so lucky." Taylor said with a smile.

Li Tian shook his head bitterly.

In fact, to be honest, he also felt weird in his heart. He didn't know how the old dean of Bander College knew himself? And can you say your name accurately? All this is a mystery to Li Tian!

Li Tian just arrived at this spiritual land continent.

He knew only a handful of people, except for Tyler and the dead Elena, almost he didn't know anyone anymore.

But how could the deans, teachers, and students of the famous Imperial Band College know their names?

What is going on all this? Li Tian still doesn't understand.

"Benefactor, when are you going to join the Bander Academy to study illusion?" Taylor asked, looking at Li Tian curiously.

Li Tian replied: "If there is no accident, I will be there in the afternoon."

"Really? Great."

"Benefactor, I'll take you to the earl's house in the afternoon." Taylor said with a grin.

Li Tian looked at Na Taylor and said, "What about you? What will you do after I go to Bander College?"

When Taylor heard this, not only a dazed expression appeared in his eyes, but he immediately smiled and said, "Benefactor, you don't have to worry about me."

"I still have a place to take Tyler."

Then Li Tian looked at Taylor and couldn't help but kindly said, "Taylor, how about that? I recommend to the old dean of Bander College to let you learn illusion, how about?"

When Na Taylor heard it, he screamed there.

"No, no, it's impossible.

"Benefactor, thank you for your kindness, but Tyler will never have the opportunity to practice illusion in my life, even if you recommend me, I can't learn illusion." Tyler said in a self-deprecating way.

Li Tianyi in front of him couldn't help asking, "Why?"

Na Taylor depressed and said, "Because my body has no spiritual power at all."

"Spiritual power?" Li Tianyi was not only curious.

He had never heard of this before, so when he heard Taylor say so in front of him, he was not only slightly startled.

"Taylor, what is spiritual power?" Li Tian asked in front of him.

Na Taylor knew that Li Tian didn't understand anything in this world, especially illusion, so he said directly there: "Benefactor, you may not know it. On the land of Spirit Earth, every person who practices illusion, the first condition is that the body must have sufficient spiritual power."

"If you don't have spiritual power, no matter who you are, you can't cultivate into an illusion." Taylor said in front of him.

When Li Tian heard this, his brow couldn't help but frowned: "Really?"

"Yes."

"What about spiritual power? There are ten segments in total, one is the lowest, ten is the highest...and so on." Taylor in front of him explained the westward content of these spiritual powers to Li Tian one by one.

After listening to Li Tian, he not only carefully grasped this "spiritual power" in his mind.

He thought for a while, and not only suddenly said there, "Taylor, according to what you said, if my body has no spiritual power, wouldn't it be impossible to practice the illusion, right?"

When Na Taylor heard Li Tian say this, his huge eyes blinked.

"Benefactor, how can you have no spiritual power in your body?"

"One hundred percent of your body has very strong spiritual power." Taylor was confidently facing Li Tiandao there.

Li Tian himself was rather depressed, because he couldn't tell whether his body had spiritual power.

If the time comes, if your body really doesn't have any spiritual power, that would be a shame.

Therefore, Li Tian is also more depressed at this meeting. He secretly lined up in his heart: Does his body have any spiritual power?

"Taylor, how do you know whether your body has spiritual power?" Li Tian asked, he is now anxious to know whether his body has spiritual power.

But seeing Na Taylor said: "This...this must be verified by the Spirit Stone at the Earls Mansion. Only the Spirit Stone can know how much spiritual power a person has in his body."

When Li Tian heard this, he immediately understood.

It seems that if he has the opportunity, he must go to the side spirit stone to verify it.

After talking with Tyler, Li Tian basically knew what spiritual power was.

They are now waiting to arrive in the afternoon, and then go to the Earls Court Bender College to meet the old Dean Heris and the others.

In the small hotel, after Li Tian and Taylor simply ate some food, they decided to set off to the earl's mansion.

Li Tian packed his things, and then followed Na Taylor along the main street of Stormwind City.

Along the way, Na Taylor said to Li Tiandao excitedly: "Benefactor, after you go to Bander Academy, you must practice illusion."

"At that time, you will become a master of illusion arts, and Tyler will follow you too, hehe." This guy said while grinning with that big mouth.

Li Tian glanced at the honest Taylor and smiled there: "Don't worry, I will never forget you."

"En, en, that's good."

The two who were talking started walking along the main street step by step towards the earl's mansion.

...

In Earls Court, on the square outside the gate, there were many illusion students from Bender College.

They all wore different costumes. The purple costumes worn by the thunder and lightning illusion students stood in a pile, and the wind illusion students in gray robes stood on the other side...and so on.

These students had all eaten lunch at the moment, and then stood on the square talking and talking.

Just listen to the thunder and lightning illusion students wearing purple clothes talking in their mouths: "Hey, how many stages of spiritual power do you think that so-called genius student has?"

"Who knows? But since the old dean and our teachers value that genius student so much... he should have high physical and spiritual power."

"How high? Will it exceed three paragraphs?"

"How would I know."

...

The students around are talking there.

Standing in the west is a group of beautiful female students in white skirts. They are female students of the Water Department of the Illusion Academy.
