

A Killer 2581

Chapter 2581: Jealous look

The beautiful female students of the Water Department of Illusion Academy, like a unique landscape, attracts the eyes of the male illusion students around.

In the crowd, a girl with a very charming face smiled and said, "Sisters, you said, is that talented student handsome?"

Her voice is very beautiful, with a soft feeling in people's ears.

Her attire is extremely gorgeous, but this Yanye is much inferior to her look. Her pair of water-like eyes are pretty, demon, charming, and water-covered with misty charm, small and compact Her red lips are slightly raised and full of luster. Such a stunning and charming woman is really a stunner in a man's mind.

Her name is: Joanna.

The most famous female student in the entire Bander College, it is said that Joanna's father is an extremely prominent viscount in the imperial capital, so her family is rich and powerful.

In the entire Bander College, many male illusion students in other departments wanted to pursue her.

Joanna also likes to play with those boys very much. I heard that she has been in love with several male illusion students in several colleges, and also said that they had spent the night together.

No one knows whether this matter is true or false.

At the moment when Joanna's moving voice sounded, the female students around did not speak.

Among the crowd, the girl with a round face glared at the glamorous Joanna in disgust, and then whispered to the beautiful girl Isha beside him and said, "Isha, look at this sorrowful woman ...Huh, thinking about men, men all day."

When Isha heard the round-faced girl say this, she smiled helplessly and said, "Belle, it's not good to say bad things behind her back."

The round-faced girl named Belle pouted and said, "Anyway, I look down on that slutty woman."

After Isha heard Belle say this, she didn't speak.

I saw that glamorous Joanna, who continued to talk and laugh with the group of female students beside her.

Just listen to that Joanna said: "Sisters, if that genius student is a handsome guy, you are not allowed to **** me!"

"Hmph, didn't you have a boyfriend? Why do you want more?" said the female students on the side.

When Joanna heard this, Liu brow raised her eyebrows and said, "Can this girl take a harem?"

"Haha, Joanna, are you going to deal with two men overnight?" some girls smiled.

Joanna was not angry, and said: "Two? Even if it is three, I can deal with it."

Hahaha.

The girls all giggled, and they all showed up in that laughter, making the other illusion school male students who were forced to look at it itch.

"Hey, why hasn't that talented student come yet?" In the crowd, some girls couldn't help but blink their beautiful eyes and said, looking at the only main street leading to the earl's mansion.

"Yes."

"Look, there are two figures in that place?" Suddenly one of the slender girls said with her beautiful watery eyes, pointing at the two figures walking far away in the main street of Stormwind.

I saw that figure was far away, but could still be faintly distinguished. They were two men. One was a burly figure with a hair on his head, and the other was wearing a strange bronze mask. Came indifferently from a distance.

The moment these water-system illusion girls saw the two figures, they were all there with beautiful eyes open, looking at the figure that came by.

"Are those two students genius students?"

"No, didn't the teachers say, there is only one person? How could it be two?"

"Will the other one be a family member of a gifted student? Or a friend to see him off?"

"Well, it's possible."

...

Listening to their discussions, the students of the Thunder and Lightning System illusion, as well as the Wind System illusion students, and the Fire System illusion students all turned their heads and looked at the two figures slowly walking by.

They also saw it.

Just when none of them recognized Li Tian, a loud voice suddenly came from behind them.

"Come! Li Tian has finally come."

I watched with the voice, but I saw that it was the old dean of Bander College who said this.

Behind Khris, there are illusion teachers such as Anderson and Evelyn.

They didn't know when they had already appeared in this square at the moment, blinking comforted eyes at Li Tian and the others who came by from a distance.

"Hey, the old dean has come out. It seems that one of the two figures should be a genius student." said the girls from the water system illusion.

"Could it be that big guy?" a girl said, looking at Taylor.

"No, can he be a genius student just like him?" The girls obviously had a negative attitude towards Na Taylor and passed him right now.

"That genius student, could it be that weird guy with a bronze mask?"

The beautiful girls all raised their eyes and stared at Li Tian.

Even the surrounding boys from the Thunder and Lightning Department, the Wind Department, and the Fire Department looked at Li Tian. It was obvious that they all recognized Li Tiancai as the only genius student in the entire Bander College.

"Fuck, that guy wearing the mask is a genius student?" The boys who only listened to the thunder and lightning illusion looked at Li Tian and cried.

"The dressing up is too mysterious..."

"Yeah, pretend to be forceful? Wearing a mask? Is that face shameful?"

The male students talked to Li Tian.

Although Li Tian stood far away, his body had deep internal strength, and all their words were passed into Li Tian's ears.

After Li Tian heard these insulting sounds, he didn't get too angry, he just walked slowly toward this side step by step.

His figure has become the subject of much attention.

Everyone, including the veteran Dean Hollis, also focused on Li Tian.

Li Tian did not move like a bell, with a calm expression, approaching this side step by step with a steady step.

When Li Tian walked step by step with the panicked Taylor, the old dean Heris personally walked down from above, and the illusion teachers behind him followed one by one.

"Li Tian, you are here." The old dean looked at Li Tiandao with a smile and said.

Li Tian glanced at the kind old dean, and said with a slight smile at the corner of his mouth: "En."

"well!"

"From this moment on, even if you have joined our Band College." Old Dean Hollis stretched out a skinny old hand and patted Li Tian on the shoulder slightly.

When the students around saw that the old dean regarded this "genius student" so seriously, everyone's eyes were jealous.

Chapter 2582: People without spiritual power

Chapter One

After the old Dean Hollis finished saying this, he suddenly smiled at Li Tian and said, "Li Tian, let me introduce you to the students in our college first..."

The old Dean Heris who was talking slowly turned his head, then glanced at all the students present, and then said: "Students, today I will introduce a new student to join, his name is Li Good day, everyone welcome."

As the old dean said that, the surrounding students finally gave face and applauded one by one.

Li Tian glanced at all the students present, and then stood there slightly.

Just listen to the old Dean Hollis continuing to say: "Li Tian, from now on, you will be the 34th student of our Band College."

After hearing what he said, Li Tian nodded slightly and said, "Thank you, old dean."

The old Dean Hollis smiled and said: "Because every student who enters Bander College has to conduct the simplest test of spirit, so Li Tian, we will test your spirit later, don't you know if you want to? ?"

Li Tian had already learned some spiritual testing from Na Taylor, and knew that every illusionist must first pass the test of spiritual testing, so Li Tian said to the old dean, "I do."

After hearing Li Tian say this, the old dean smiled slightly and said, "Okay."

"Then, now, we will take you to test the spirit."

After the old dean said this, he saw the old dean say to the college teachers behind him: "Anderson, Evelyn, let's take Li Tian to the side spirit stone."

The illusion teachers of the academy nodded quickly, and then they followed the old Dean Hollis in front of them step by step towards the place inside.

Li Tian also followed in silently.

After reaching the inside of the earl's mansion, I saw an extremely empty site, the site was square, and in the middle was a stone emitting a weird light.

The stone is about the height of a person, and it emits a ball of light.

The moment Li Tian saw the weird stone, he couldn't help but froze for a moment, and said to himself: What kind of weird stone is this? It will emit light? It's really weird.

Just when Li Tian was depressed and puzzled, suddenly the old Dean Hollis smiled and said to Li Tiandao: "Li Tian, that crystal stone is a measuring spirit stone."

The old Dean Heris who was talking pointed to the shiny stone and said.

When Li Tianyi heard "Testing the Lingshi", he was shocked at the moment.

Muttered in that mouth: "So this thing is a measuring spirit stone."

"Li Tian, are you ready now? If you are ready, we will test your spirit." The old dean Heris said to Li Tiandao with a smile there.

The surrounding teacher Anderson, as well as the illusion teachers from other departments, were also looking at Li Tian with expectation.

After all, they all wanted to know how powerful spiritual power was in the body of Li Tian, the student that day.

Even the students around were blinking expectant eyes, looking at Li Tian here.

Li Tian took a deep breath, then said slightly, "I'm ready."

The old dean Hennis laughed there: "Okay, now we start to test the spirit."

"Li Tian, you walk slowly to the side of the quick test spirit stone, then stretch out your right hand and gently press it on the test spirit stone." The old dean said to Li Tian the steps to test the spirit Tao.

After hearing this, Li Tian nodded there and said, "Okay."

After speaking, Li Tian took a steady step and walked towards the measuring spirit stone that exuded weird light step by step.

At this time, the old dean Elder Heris, as well as the teachers and students around him, all set their sights on that Li Tian. Everyone looked at that Li Tian with a sullen expression, waiting for his test. spirit.

I saw that Li Tian slowly walked to the side of the radiant "Ling Measuring Stone", his eyes were looking at the "Ling Measuring Stone", and there was not only a slight excitement in his heart.

He raised his head, then glanced at the old dean Heris over there.

But seeing the old dean Heris nodded at him with a smile, then motioned to Li Tian to reach out and press down.

Li Tian then slowly stretched out his hand, and then released it toward the measuring spirit stone.

The test of spirit has begun!

As Li Tian's right palm was gently placed on the measuring spirit stone, a chill suddenly passed from the measuring spirit stone into Li Tian's palm.

Li Tian only felt stunned, and then the light of the measuring spirit stone flickered.

I saw ten thick light rays of different lengths on the top of the measuring spirit stone, and these ten light rays respectively represented the level of spiritual power.

The bottom one is the spiritual power section, and then upwards: the second section, the third section, the fourth section...

When Li Tian put his hands on, suddenly the measuring spirit stone flickered violently.

All the people around opened their eyes wide and looked at the measuring spirit stone in front of Li Tian, and they were all watching the stage above the measuring spirit stone.

Suddenly, with a swish, the weird spirit measuring stone suddenly disappeared after its weird flashing.

Li Tian was stunned. The moment he saw the measuring spirit stone disappearing, he couldn't help but stunned: "What's the matter? Why isn't it bright?"

Li Tian turned his head, looked at the old dean in surprise and asked.

But seeing that the old Dean Heris saw the moment when the measuring spirit stone suddenly stopped flashing, his complexion instantly became extremely ugly.

The surrounding teacher Anderson and the beautiful teacher Evelyn also showed extremely surprised eyes at the disappearing light measuring spirit stone.

"Impossible? The measuring spirit stone has disappeared."

"Oh my god, could it be that... could it be that... he has no spiritual power in his body?"

A word of shock came out of that Anderson's mouth.

Evelyn, the beautiful teacher here, looked at Li Tian with her eyes widened and she couldn't believe it.

Everyone in the audience was stunned.

Even the students of the Illusion Academy were stunned.

It turns out that as long as the measuring spirit stone disappears, it means that a person has no spiritual power at all! This is the most basic attempt of the Lingtu Continent... Every three years, there will be countless young people, and then they see the disappearing light of the Lingshi standing there sadly.

And now, Li Tian was also under the verification of the test spirit stone, and found that he did not have any spiritual power in his body.

But he said that Li Tian still didn't understand the situation, but just stood there silently.

The old Dean Khris had already walked towards Li Tian in disbelief.

"Li Tian, did you press it wrong?"

"You raise your hand and test again." The old dean couldn't accept this fact, and suddenly said to Li Tiandao there.

Chapter 2583: Depressed old dean

When Li Tian heard the old Dean Hollis asked him to test again, Li Tian felt something was wrong.

However, he still followed the instructions of the old dean, slowly raising his right hand, and then tested it again.

When Li Tian put his palm on the Lingshi Stone again, the Lingshi Lingshi disappeared again.

This time, everyone present was stunned.

"Fuck, that's a genius student? The body doesn't have any spiritual power? Can't even reach the spiritual power?"

"Yeah, it's too stupid, I can't even reach the first stage of spiritual power! Anyway, I am also a second stage of spiritual power."

"Hi, such a person is also worthy of being called a genius student? Then our people with the third stage of spiritual power are not geniuses among geniuses?"

The students of the Illusion Academy around began to talk uncontrollably.

The glamorous girls here in white clothes had high expectations for Li Tian, but they couldn't help being stunned when they saw the light of the measuring spirit stone disappear.

"Isn't it? A genius student, doesn't even have any spiritual power?"

"If you don't have spiritual power, you can't learn illusion... what can you do?"

The girls all looked at Li Tian's lonely figure and not only shouted and said in surprise one by one.

Only the glamorous Isha, looking at Li Tian with her sympathetic eyes, her pair of willow brows frowned slightly, looking at Li Tian's back, she not only sighed slightly. : "How could this be? It is impossible for him to have no spiritual power in his body?"

"When I was in Chifu, I saw him kill so many people... and even the illusionist Scarlet King died in his hands. How could he not test any spiritual power now?" Sha muttered with surprise on her face.

I saw Li Tian standing beside the measuring spirit stone blankly, and the surrounding voices passed into his ears one by one, and he heard them all.

"I don't have any spiritual power in my body?" Li Tian suddenly looked at his hands in disbelief.

The old Dean Hollis who was standing next to him was also stunned at the moment.

How could this be?

How could this child not have any spiritual power in his body? This is not right, according to the truth, Long always will never misunderstand people!

The old Dean Heris in front of him said in surprise.

Just when the old Dean Khris was extremely depressed, suddenly Li Tian spoke. He looked at the old Dean Khris and said: "Old Dean, do I have no spiritual power in my body?"

Li Tian's cold words came out of his mouth, and he looked at the old Dean Heris with his bronze masked face.

Khris's mouth was open...don't know what to say.

The old dean Heris who was silent for a moment suddenly said, "Well, it seems to be."

"However, testing the spirit stone sometimes does not work, Li Tian, you don't need to take it to heart." The old dean Hollis smiled and comforted Li Tiandao.

Li Tian listened to the old dean comforting himself so, he knew that the other party was kind.

But still saying: "Old Dean, if my body does not have spiritual power, can I not practice illusion?"

When the old dean heard Li Tian say this, he opened his mouth in a daze, not knowing what to say.

"In this case, I think I have no relationship with illusion. Thank you, the old dean, for being so worthy of me."

"I think I should leave here." Li Tian said suddenly.

Li Tian, who was saying this, suddenly turned around and prepared to ask.

Just when Li Tian was about to leave here, the old Dean Heris in front of him suddenly said, "Li Tian, wait."

Li Tian stopped and stood there.

"Old Dean, is there anything else?"

The old dean thought for a while and said: "Li Tian, don't worry about it, sometimes it is really inefficient to test the spirit stone... Haha, let's just stay in the earl's mansion first, and I will talk to the college. Several teachers will discuss it, and then, when the time comes, you will decide to stay, how about it?"

Li Tian heard the old Dean Khris say this. After thinking about it, he nodded silently and said:

"Well, I am here waiting for you."

"En." After hearing Li Tian's promise, the old dean not only smiled.

Then quickly turned to face there, the staring Anderson and the beauty teacher Evelyn said:
"Teachers, come to the conference room with me now for a meeting."

After hearing the stern voice of the old Dean Heris, Anderson and Evelyn nodded quickly, and then followed the old Dean Heris closely and walked toward the room.

After arriving in the meeting room, the face of the old Dean Hollis suddenly became extremely ugly.

"How could this happen? How could this happen? This child...how could there not be any spiritual power in the body?" The old dean Heris said angrily after entering the room.

When I saw Anderson walked in, not only did he say to the old Dean Khris, "Old Dean, shouldn't it be wrong to test the Lingshi?"

"Yes, there should be no mistakes in measuring spirit stones. For so many years, there has never been any error in measuring spirit stones! Even if it does, there will be no such error in the second test." The wind teacher Cyril frowned and said.

After hearing what Cyril, the wind illusion teacher said, everyone was depressed.

The air condensed into a dull atmosphere...No one knew what to say at the moment.

Suddenly, Evelyn, the beautiful teacher from the other side, spoke there. She blinked her beautiful eyes and looked at the old Dean Hollis and said, "Old Dean, will we find the wrong person?"

"Is he not the talented student Li Tian we are looking for?" Evelyn began to question the authenticity of Li Tian.

The old dean Heris frowned deeply and said: "It should not be."

"I feel like he is."

Evelyn said: "However, his body does not have any spiritual power, so how to practice illusion?"

The old dean Heris said: "Hey, this is also my headache."

"According to the truth, it is impossible for such a thing to happen! How could the person that Long old fancy has no spiritual power in the body?" The old dean Heris murmured with great curiosity.

After the surrounding illusion teachers heard the name of the saint Long Lao, they couldn't help but fell silent.

"Old Long...Is it a mistake?" The lightning illusion Anderson said suddenly.

As soon as he said it, Old Dean HERRIS glared at Anderson: "How is it possible? Don't you believe what the saint Long Lao said?"

After Anderson was said by the old Dean Hollis, he immediately closed his mouth tightly and didn't dare to talk too much.

Chapter 2584: Formal student

Just listen to that beautiful teacher Evelyn said to the old Dean Khris in front of her, "Old Dean, what should we do now?"

"Do you still accept Li Tian as a college student?"

The old Dean Khris had an ugly face, and walked around the room, pacing.

After he hesitated for a long time, he saw the old dean Heris suddenly said: "Come!"

what?

"Old dean, he doesn't have spiritual power, how can he practice illusion?" Cyril, the illusion teacher of the wind system, asked in surprise there.

The old dean replied: "I believe that the child's body is absolutely spiritual, but it hasn't appeared temporarily!"

"Since this student was recommended by Mr. Long to me, Heris, I will be responsible for Heris! So, I decided to admit him into our college first, and then observe for a period of time. During this time, you can teach him something The most basic knowledge of illusion, if after a period of time, he still has no spiritual power in his body, then I can only fire him at that time." The old dean Heris said helplessly.

The decision made by the old dean Hennis has violated the imperial illusion school teaching regulations!

Because in the empire's teaching regulations, there is a clear stipulation that children without spiritual power are prohibited from entering the Illusion Academy.

But he said that after the old dean Hollis said so, the teachers in front of them can only nod and say: "Old dean, we listen to you."

"Well, it's good, it's so decided, accept that child into the academy first." Old Dean Hollis said there.

...

Above the square where the Lingshi is measured.

Li Tian stood there alone, and the surrounding students were there to comment on Li Tian.

"I wiped it, people like that are worthy of being called a genius student? It laughs me to death." The students on the thunder and lightning illusion said with a laugh.

They deliberately said the voice loudly and passed it into Li Tian's ears.

"Yeah, it's so funny. A guy who doesn't even have spiritual power is still called a genius. This is a big joke."

"Do you know what pretends to be slapped in the face? This is it."

"Haha, hey, don't be so embarrassed to come here."

"Yes, fucking, he wore a bronze mask to pretend to be mysterious... It's so crazy."

...

The ugly words of those illusion students passed into Li Tian's mouth like that.

Li Tian stood like that from beginning to end, facing their cynicism, he didn't say a word or moved a step from beginning to end.

"He really has concentration!" The round-faced Belle couldn't help but look at Li Tiandao among a group of white dress shirts here.

What about Isa?

At this moment, I was a little overwhelmed to hear those students insult Li Tian with words like this.

Seeing Yisha yelled, her Jiao body suddenly swept out of the crowd, and then she drew her body up, reaching Li Tian's side like a beautiful butterfly.

"Hey, did you say enough? There is no end?" Yisha stood there all of a sudden, staring at the willow eyebrows and yelling at the illusion students of the lightning department.

The male students of the Thunder and Lightning Department couldn't help snorting when they saw that Yisha turned out for Li Tian.

"Miss Isha, why do you stand for a trash?"

"Yes, Miss Isha, a person with no spiritual power, as for you to help him?" The students said with a smirk there.

All of this was in Li Tian's ears, and Li Tian endured it from beginning to end.

When on earth, what did Li Tian never see? Of course Li Tian could bear this little thing.

I saw Li Tian only slightly raised his head and glanced at the beautiful Isha.

Isha is indeed beautiful, and her sister Evelyn is almost two flowers!

Evelyn is the kind of charming, mature beauty, Isha belongs to the kind of pure and elegant beauty, the beauty of the two sisters is completely different.

Just when Isha was about to refute, she suddenly heard a roar coming from the front.

"What are you guys talking about?"

The sound was thunderous and extremely loud.

I raised my eyes and saw at a glance that it was the lightning illusion teacher: Anderson.

He was staring at his group of students who satirized Li Tian.

At this moment, beside Teacher Anderson, the old Dean Hollis and several other college teachers also came out.

After these teachers and the old dean walked out of it, the students hurriedly closed their mouths, afraid to speak, and no one dared to mock Li Tian at this time.

The old Dean Herris suddenly said to all the students at this moment: "Students, as to the situation of Li Tian Test Ling just now, all the students must have seen it? Haha, but I want to tell you a piece of news The second test of Lingshi was caused by the inaccurate test of Lingshi."

"So our college has now decided to accept Li Tian as an illusion student in the lower 34th period of our Band College."

When the old dean's words were spoken, all the students present were stunned.

what?

"The measurement of the spirit stone is not accurate?"

"Isn't it? All such absurd reasons?" the students said in dissatisfaction.

"The old dean, and the teachers seem to be partial to that trash."

Among the crowd, some of those students were unconvinced and said there.

Li Tianze also didn't expect that the old dean would even be recruited into the Illusion Academy and he was not only taken aback.

What about the old dean? After hearing the noise of the surrounding students at the meeting, his face suddenly became dignified and ugly. He raised his head slightly and looked at the surrounding students and said: "Classmates, do you have any other opinions? "

Accompanied by the cold words of the old Dean Khris, the surrounding voices suddenly stopped! No one dared to talk too much.

"Well, since all of you don't speak, it means you have no opinion!"

"Very well, from now on, Li Tian will be like you, an illusion student at our Band College."

The old dean Heris continued to smile.

Mr. Anderson, who was standing behind the old dean, suddenly said to the students around him, "Don't you applaud? Encourage our new classmates!"

Following Anderson's voice, the students applauded in depression one by one! Although they were applauding, they were 10,000 unconvinced in their hearts!

After speaking, the old dean Heris was there suddenly looking at Li Tiandao and said: "Li Tian, please come to the conference room with me. We have something to tell you."

After listening, Li Tian not only nodded silently and said, "Okay!"

So I saw that the old Dean Hollis walked towards the conference room with Li Tian, and Teacher Anderson behind him, Teacher Evelyn and others also quickly followed at this moment.

Chapter 2585: Painful expression

With that Li Tian and the old Dean Hollis walked in, the teachers behind him also followed. .

In the quiet conference room, only Li Tian, the old dean, and the teachers were there at the moment.

After Li Tian walked in, he spoke first.

"Old dean, dear teachers, I want to know that I am a person with no spiritual power. Why do you want to admit me to Bander College?"

"As far as I know, I don't seem to be able to practice illusion without spiritual power." Li Tian said straightforwardly.

After Li Tian said so directly, the old dean in front of him suddenly smiled faintly.

Li Tian looked at the old dean's smile, and to be honest, he felt a little strange.

I saw that the old dean looked at Li Tian and suddenly smiled and said, "My child, are you so insecure about yourself?"

Li Tiandao said: "I am not unconfident, but I don't want to trouble you."

The old dean laughed and said: "Trouble, no, no, no trouble."

"Child, listen to me, although spiritual power is indeed the most basic condition for practicing illusion art, it is difficult to practice illusion without spiritual power, but child, you may not know that spiritual power needs to be cultivated slowly. And with the hard work of the day after tomorrow, you can also accumulate physical and spiritual energy."

When Li Tian heard the old Dean Hollis say this, he not only frowned slightly and said: "Old Dean, what do you mean, do you want me to work slowly? Cultivate the spiritual power of the body?"

The old dean smiled slightly and said, "Yes, you guessed it right."

"But, the old dean, why do you need to take such extra care of me alone?" Li Tian asked suddenly in surprise.

Li Tian felt very strange.

From beginning to end, these students from Bander College went to find themselves, and Li Tian felt strange, how could they know their name? Also, why do they have to learn illusion? This makes Li Tian very puzzled.

He didn't even know these people...how could they know themselves?

So Li Tian of this meeting couldn't help asking.

After hearing Li Tian's questioning exit, the old dean thought for a while and smiled there.

"Do you really want to know the reason for this?" The old dean Hris suddenly narrowed his eyes and said.

Li Tian replied: "Yes, I really want to."

After hearing this, the old dean said slightly there, "Well, since you want to know, I will tell you."

"We only know your name and your situation because there is an expert at the illusionist level who once mentioned you, and he even specifically told us that we must invite you to our Bander Academy, Let you practice illusion, he said, you are a genius-level student." The old dean Heris in front of him finally told the actual situation.

When Li Tian heard it, he finally understood.

But who is the expert who is called the master of the illusion world?

How could Li Tian not know him?

After thinking about it, Li Tian couldn't help asking, "That old man can think of me so much?"

The old dean Khris smiled slightly, nodded there and said, "Yes."

"Hehe, I'm afraid that if the old man knew that my body didn't have any spiritual power, he would definitely be disappointed." Li Tiandao said.

The old dean Khris said: "I don't think so! The eyes of that senior has never seen the wrong person."

Li Tiandao said, "Thank you, old dean, for saying that."

The old Dean Khris looked at Li Tiandao and said, "My child, no matter what, you are now a student of our Bender College Illusion School, right?"

Li Tian thought for a while and said, "En."

"Since you are a student of our college, you must practice illusion!"

"As for the matter of your body without spiritual power, I think we will test it again when we return to the imperial capital!" Old Dean Hollis said.

Listening to what the old dean said, Li Tian not only felt more and more grateful to the old dean Hollis.

"Old dean, thank you for seeing me like Li Tian! Li Tian swears from now on that I will never let down your expectations of me!" Li Tian said firmly.

There was a gleam of light in his eyes.

When the old dean heard Li Tian say this, he smiled with satisfaction and said there, "It seems that I really didn't see the wrong person, Haha."

"By the way, boy, you are now a student of our illusion school. I have to introduce you to some of our illusion teachers." The old dean said and began to introduce Li Tian.

"This is the thunder and lightning illusion teacher at our Band College: Anderson." The old dean pointed to Anderson in the purple robe and said.

Anderson glanced at Li Tian. Li Tian respectfully bowed to the teacher and then respectfully said: "Teacher Anderson."

Then the old dean began to introduce one by one: "This is the wind school illusion teacher: Cyril."

"This is the fire illusion teacher of our college: Loft!"

"This is our water system illusion teacher: Evelyn."

When the old dean in front of him introduced all the identities of the teachers to Li Tian one by one, Li Tian respectfully called the teacher.

Then his eyes cast two more eyes on the beautiful illusion teacher Evelyn... I don't know why, when he saw this beautiful teacher Evelyn, he suddenly remembered that he loved Ouyang poetry.

To be honest, that beautiful teacher Evelyn is somewhat similar to Ouyang Shiqing, and both have a noble beauty. Standing there, like a beautiful orchid, elegant and charming!

Li Tian looked at the beautiful teacher Evelyn, and suddenly a sense of melancholy appeared in his eyes, and he suddenly thought of his lovers!

Thought of Ouyang Poetic Love, Duanmuying, etc...

"Hey, don't you know if they are on the other side of the earth?"

"Are they still waiting for themselves stupidly? Weeping for themselves stupidly?"

Thinking of this, Li Tian's heart suddenly felt like a knife cut, and that pain made him uncomfortable.

"Li Tian, Li Tian..."

Suddenly the old dean shouted at Li Tian, who was in a daze with pain in his eyes.

Only then did Li Tian wake up slightly from the loss, and then said: "Old Dean."

At this moment, the old dean had already noticed a trace of pain in Li Tian's eyes, not only wondering in his heart: Why is the child's eyes so painful? What is in his heart? The old dean thought slightly.

Chapter 2586: Aura

"Li Tian, what illusion do you like?"

"The four here are Thunder, Fire, Wind, and Water, and four illusion teachers from our academy. If you choose well, you can follow them to learn illusion skills in the future."

The old dean Heris looked at Li Tian and asked.

Just after the old Dean Khris finished saying that, the beautiful teacher Evelyn suddenly smiled and said: "Old Dean, I am afraid he can't learn water system illusion, right?" She said that Evelyn laughed. .

When the old dean heard this, he smiled awkwardly and said, "I'm sorry, I forgot."

"By the way, Li Tian, water illusion is the illusion practiced by girls, so you can only choose fire, thunder and lightning, and wind illusion." The old dean corrected his own words there.

After listening, Li Tian raised his eyes and then glanced at the teacher Anderson, the teacher Cyril of the wind system, and the fire system illusion teacher who wore a red robe and looked cold and silent. : Loft.

The three teachers were also there looking at Li Tian, waiting for his choice.

After seeing the three teachers, Li Tian suddenly looked at the old dean and said, "Old dean, I heard that there are five types of illusion in the Spirit Earth Continent, and there is another kind of qi. Is illusion right?"

Li Tian suddenly asked "Qi Illusion Technique."

Following Li Tian's question, the old Dean Khris in front of him was not only stunned, not only he was stunned, but even the three teachers from Bander College were also stunned, all carrying a pair of them. Silent eyes looked at Li Tian there.

The old dean smiled and replied at the moment: "You are right, there are indeed five types of illusion on the Spirit Earth Continent! They are lightning, fire, wind, water, and air!"

But when Li Tian asked there, "Then why is there no Qi illusion teacher in our college?"

The old dean became embarrassed when he heard that, he coughed twice there and said: "We have a Qi illusion teacher in our college..."

When Li Tian heard this, he was surprised and asked, "Then why, I didn't see the Qi illusion teacher?"

The old dean was a little depressed at the moment. He didn't expect Li Tian to ask the question to the end. He only heard him say: "That's it, because of Qi illusion? It is not very popular in our college! So the teacher of Qi illusion, this time there is no Come to Stormwind, he is in the Imperial Capital Academy."

Li Tianyi suddenly understood it!

It seems that what Elena and Taylor said before is correct. Qi illusion is really not very popular on the land of the soul!

Unexpectedly, this time the large-scale enrollment of Bander Academy, the teacher of Qi illusion has not even come...It can be imagined that Qi illusion is in the low position of Bander Academy!

Li Tian thought for a while, suddenly raised his eyes, looked at the old Dean Hollis and asked: "Old Dean, is it voluntary to choose illusion?"

As soon as the old dean Heris heard this, he laughed and said: "Of course it is voluntary! As long as you like that illusion, you can choose that illusion, no one will force you!"

"The five illusions in our Spirit Earth Continent have their own merits and strengths, so no matter which illusion you choose, as long as you work hard and you will reach the peak level of existence."

Li Tian smiled slightly after hearing this.

He said there: "Since it is a voluntary choice, the old dean, I have decided what illusion technique I will practice." A word came out of Li Tian's mouth.

When Li Tian said this, the old dean smiled at Li Tiandao and said, "Well, very good!"

"Let's say, what illusion do you choose to practice? Is it fire? Or thunder and lightning? Or wind?"

"Thunder and lightning illusion is a very lethal illusion. At the beginning, it will have powerful power! Fire illusion, which is similar to the thunder and lightning illusion, is also very lethal at the beginning. As for wind illusion, It is relying on the fast as the wind, the rapid illusion, such as electricity, to defeat the enemy! The three illusions have their advantages, Li Tian, which one do you choose?" The old dean was afraid that Li Tian didn't know much about these three illusions. So he explained it to Li Tian.

After hearing the explanation of the old dean in front of him, Li Tian said slightly: "Old dean, I choose Qi illusion!"

A word came out of Li Tian's mouth in shock.

what?

what?

what?

When Li Tian was uttering the three words "Qi illusion", the teachers present and the old Dean Hollis all screamed there.

They all looked at Li Tian unbelievably.

"What? You choose Qi illusion?" Anderson, the lightning illusion teacher, said with his mouth widened there all of a sudden.

To be honest, he originally thought that Li Tian would choose his thunder and lightning illusion. After all, for many students, most people's first choice would be thunder and lightning illusion!

Because the thunder and lightning illusion is not only the more lethal illusion in the land of the spirit, but it also contains two illusions, one is thunder and the other is electricity! And it's relatively simple to practice!

But when Anderson heard that Li Tian suddenly said the three words "Qi illusion", he was speechless.

"No, you actually chose the useless Qi illusion?" Even the fire system illusion teacher Loft, who has been silent, couldn't help looking at Li Tiandao depressed.

But seeing Li Tianzai slightly said, "Is Qi illusion very useless? But I like Qi illusion."

After Li Tian said this, the old dean in front of him hurried forward and said to Li Tiandao: "Li Tian, you may not know much about Qi illusion... What about Qi illusion? Powerful illusion! But you must know that in our entire spiritual land continent, there are not many qi illusions that have reached the existence of high-level illusionists. So far, there is only one sage-level qi illusion master!!!"

"Qi illusion, it is very simple to practice! Compared with the other four types of illusion, qi illusion is the most difficult illusion! Moreover, when the qi illusion is in the initial stage, it has no lethal power at all, and it is against people. It doesn't take advantage of a bit. Only when you reach the middle level, the Qi illusion will have a little lethality, but the meager lethality... is not enough to resist the same kind of middle-level illusion!"

"Qi illusion arts can only exert their true power after reaching a high level. Once they have cultivated to that stage, the power of qi illusion arts can be revealed. The remaining four types of illusion arts cannot compete with the same level of qi illusion arts! However, Li Tian, I want to tell you that there will definitely not be more than 5 people on the Spirit Earth Continent, who can cultivate to the high level of Qi Illusion."

The old dean in front of him analyzed the strengths and weaknesses of the Qi Illusion Technique bit by bit!

To prevent Li Tian from choosing Qi illusion!

Chapter 2587: The only apprentice of air illusion

As the old dean spoke little by little about the great weakness of the "Qi Illusion Technique", Li Tian not only frowned slightly.

"Li Tian, it is very important to choose illusion, because once you choose, you can only practice one kind of illusion in the future...It is absolutely impossible to change in the later stage, so you have to consider it carefully." Don't forget to remind Li Tiandao there.

After hearing that, Li Tian frowned slightly, but still smiled and said: "Old Dean, I really choose Qi illusion!"

When the old dean heard that Li Tian said this, it could be said that he was completely speechless.

Not only was he speechless, but even the teachers at Bander College were speechless one by one. They didn't expect that Li Tian would still choose the "air illusion technique" after hearing the advice of the old dean.

Looking at Li Tian's firm eyes, the old dean could only feel: Old Long, Old Long, what genius student is this? Hey, this child not only has no spiritual power in his body! And also choose the most useless Qi illusion...

After the old dean sighed in his heart, he finally raised his eyes helplessly, then looked at Li Tiandao in front of him and said, "Li Tian, did you really choose Qi illusion?"

Li Tian nodded and said, "Yes."

"Well, since you choose this way, we respect your choice." The old dean finally said helplessly.

After seeing Li Tian's decision, the surrounding college teachers all snorted with their angry noses.

I saw Anderson, the illusion teacher of the Thunder and Lightning Department, staring at that Li Tiandao: "Boy, this is your own choice. Don't regret it then."

Cyril, the low-bodied wind teacher over there, not only sighed and shook his head: "Why did this kid choose Qi illusion? I'm really puzzled, puzzled."

...

The teachers around each said depressedly.

Only the beautiful teacher Evelyn looked at Li Tian with her beautiful eyes like water, and then she slowly walked to Li Tian's side and said: "Li Tian, since you have chosen Qi illusion, then You must work hard!"

"In fact, Qi illusion technique is a great illusion technique. If you can really cultivate to a high level, then it is a great honor for our Band College." The sweet voice of the beautiful teacher Evelyn passed in. Inside Li Tian's ears.

Li Tian paid special attention to this beautiful teacher Evelyn from the beginning! He felt that she was very similar to Ouyang Shiqing, his lover when he was on earth, very similar!

Hearing her encouragement at this moment, she not only smiled there, she said to the beautiful teacher Evelyn, "Thank you, teacher."

The beautiful teacher Evelyn smiled indifferently, a smile appeared on her beautiful and flawless face.

Besides, after the beautiful teacher Evelyn finished saying that, the lightning illusion teacher Anderson in front of him said: "Huh? Just rely on him? Want to cultivate to the high level of Qi illusion? It's just a dream."

Loft, the fire-type illusion teacher who has been silent over there, is also muttering to himself at the moment: "Qi illusion? Looking at the entire spiritual land continent, there are only 5 high-level qi illusion masters, and he can practice it.?"

Li Tian listened to their words, but stood silently.

He couldn't help muttering in his heart at this moment: Is Qi illusion really so unpopular in this other world? Did he really choose the wrong one?

After thinking about it, Li Tian said firmly there: No matter it! Anyway, I chose the road myself, I must go on, even if it is difficult to practice Qi illusion, I must try it out.

After seeing Li Tian's decision, the old Dean Heris could only sigh deeply.

"Well, no matter how Li Tian chooses, we must all follow his advice." Old Dean Hollis said.

The teachers of Bander College standing around all nodded slightly and said, "Yes!"

After the old Dean Hollis said this, he turned his head to look at Li Tian, and said slightly: "Li Tian, then from now on, you will become the lower 34th Qi illusion student of our Band College. ."

"As for your Qi illusion teacher...When we return to the capital, I will bring you to him. From now on, you will follow him to learn Qi illusion." Old Dean Hollis said.

After listening to that, Li Tian not only nodded there and said, "Yes, the old dean."

After Li Tian finished speaking, his mind was spinning there quickly, and his heart was also there at the same time. He couldn't help but lining up: So he has a Qi illusion teacher!

However, when Li Tian saw the Anderson teacher and Cyril teacher, they showed a disdainful smile, Li Tian felt that something was wrong!

He felt that his Qi illusionist teacher must have no place in the academy...that's why the other teachers just showed such a contemptuous look.

But now Li Tian couldn't worry so much. Since he had chosen Qi illusion, he could only persevere and walk down.

...

From this moment on, Li Tian became an apprentice of Qi illusion at the Bender Academy on the land of Spirit Earth!

His path of illusion journey has since been opened.

After the old Dean Heris chose illusion in that Li Tian, he then said something about the history of Bender Academy, and then he sent Li Tian to the lounge to rest.

Li Tian was arranged into a unique room, which was a little bit crude and was alone.

After arranging for Li Tian, Li Tian stayed in the room quietly. He lay in the room, not only carefully thinking about everything today.

When I remembered the embarrassing scene of measuring Lingshi only today, Li Tian felt a fever on his face!

Shame!

"Damn, how come I don't even have any spiritual power in my body?" Li Tian roared with his fists tightly clenched.

Along with his anger, the energy of his whole body suddenly condensed in his whole body.

"If you don't have spiritual power, you can't practice illusion..." Thinking of all this, Li Tian felt discouraged.

"Hey, I have already chosen the most difficult Qi illusion technique anyway, no matter what! If you can't practice Qi illusion technique by yourself, then you don't need to practice... At that time, as

long as I find Ningbing, I will take Ningbing and try to leave this The world." Li Tian thought secretly there.

Li Tian just thought about it in his mind, and after a while, he fell asleep.

When Li Tian fell asleep with his eyes closed, a violent wave of vibration suddenly came from the surrounding air... an invisible and weird breath suddenly came in from outside.

Immediately after seeing a "sudden" sound, the figure of a sloppy old man gradually turned into a cloud of air.

Chapter 2588: Vampire spar

The figure of the sloppy old man seemed to blend in with the air, coming and going without a trace.

He couldn't even see clearly how his body merged into the air, all he could see was his body slowly transformed out of the air.

The old man was dressed in a sloppy dress, looking like a beggar on the street.

He also carried a huge wine gourd around his waist, his face flushed, and his eyes exuded a weird light.

Isn't this old man the same as that of Lingtu Continent: the youngest one of Long, the head of the Three Saints?

No one thought that Old Long would appear in Li Tian's room.

But seeing Lao Long after entering Li Tian's room, he suddenly narrowed his eyes that exuded radiant light, smiled, and then looked at Li Tian who was sleeping on the bed, suddenly he smiled slightly at the corner of his mouth. He said: "Yes, yes, my old man really didn't make a mistake, this kid still chose Qi Illusion! Hehe."

"However, how can there not be any spiritual power in this kid's body?" Long Lao not only said depressedly.

After he finished saying this, he suddenly walked over, and then stretched out a palm and touched the abdomen of the sleepy Li Tian... After he touched it, Lao Long was suddenly startled.

"Hey, what's in this kid's stomach? How can he absorb spiritual power?" Old Long said suddenly.

Just now, when Na Long explored, he found that there was an extremely strange suction force in Li Tian's abdomen!

The spiritual power in Li Tian's body seemed to have all been absorbed by that strange thing.

Old Long frowned slightly, and then thought for a while: "So that's what happened."

"This kid is not without spiritual power, but his spiritual power is completely absorbed by the weird thing in the abdomen..."

"It seems that he wants to gain spiritual power, only he can slowly dissolve the thing in his abdomen." Long Lao in front of him said in the dark.

"If this kid can dissolve the thing in his stomach, I don't know how terrifying his spiritual power will be..." Old Long suddenly squinted and laughed there.

Just as Old Long was talking, the sleeping Li Tian vaguely felt as if someone was by his side.

Li Tian's skill is extremely strong, and his awareness of prevention is extremely sensitive. At this moment, once he noticed it, he suddenly jumped out of the bed and roared: "Who?"

Accompanied by his roar, his body has quickly reached the ground, and his arms are filled with intrepid force, and he is carefully looking around with a pair of extremely cold eyes.

However, the room is empty. What figure can I see there?

Old Long just now seemed to have turned into air, and suddenly his body disappeared into Li Tian's room out of thin air.

"How can the air in this room be so suffocated? So weird?" Li Tian suddenly noticed the strangeness in the air and couldn't help muttering.

But air is invisible!

He can only feel the weird breath in the air through his own sense organs, but he can't see what is going on.

Li Tian cautiously looked around, and finally slowly recovered the zhenqi from his body.

"Could it be that I feel wrong?"

"There was no one in this room just now?" Li Tian said depressedly.

Of course he wouldn't know that at this moment, tens of meters away from his room, a strange mass of air was drifting outside like a gas.

After making sure that the room was empty, Li Tian slowly returned to his bed.

He stayed for a while, and then suddenly felt a weird sensation in his abdomen... as if there was something in his abdomen moving again.

It turns out that when Na Long's palm touched Li Tian's abdomen just now, it triggered the spirit of the weird thing in Li Tian's body, so Li Tian suddenly felt that there was something in his abdomen. Moving

After Li Tian felt this strange in his abdomen, he was immediately shocked.

"What the **** is going on in my abdomen? What is moving?"

He thought and said in shock, and at the same time touched his abdomen with both hands.

When his hand touched his abdomen, he didn't know why, he felt an extremely icy coldness coming from his abdomen, even the whole belly was cold.

"Why is my abdomen so cold?" Li Tian touched his abdomen and became speechless.

Then he hurriedly used his skills to warm his abdomen with his inner strength, but no matter how much inner strength Li Tian used, he couldn't warm his abdomen.

After several failed attempts, Li Tian was completely depressed.

"Damn, what the **** is going on?"

"What's inside my belly?"

Li Tian thought angrily there.

Just as Li Tian was thinking about it, his mind suddenly recalled pictures from a long time ago... Those pictures appeared in Li Tian's mind like a movie.

His alarm clock showed a picture of when he was in the Duanmu family... I remembered that I had one time... I swallowed a weird crystal blood stone by mistake... That red blood stone, said to be called: Vampire Crystal stone.

Li Tian once saved his life because of the blood-sucking spar. He knew that the blood-sucking spar was so cold that he hadn't come out since he had eaten it into his stomach.

The blood-sucking spar specializes in absorbing the essence and internal strength of the human body. It once had a huge effect in Li Tian's body, but since then, the blood-sucking spar has never appeared again.

At this moment, after Li Tian recalled the past in his mind bit by bit, he was suddenly confused.

"Oh my God, could it be the blood-sucking spar in my body that is doing the trick? Is it giving off a huge chill?" Li Tian said in amazement, while touching his stomach there.

The coolness came from Li Tian's abdomen.

After Li Tian touched it, he immediately determined: "It seems that the blood-sucking spar in my stomach is really moving! But this blood-sucking spar has been in my body for a long time...Why haven't such movements happened before? Circumstances, why is there a sudden chill today?"

Li Tian was thinking there, he didn't understand at all.

In this way, after Li Tian knew what was causing trouble in his abdomen, he didn't worry too much, because he knew that the vampire spar did not seem to hurt him much! If so, then when I was in the Duanmu family a few years ago, I would hurt myself... I won't wait until now!

After thinking about it this way, Li Tian didn't care too much, and then lay down on the bed alone, slowly rested.

Chapter 2589: A person's loneliness

Li Tian didn't know how long he had been asleep, he only knew that he had dreamed of his lover...and his father, brothers.

Dreaming that Li Tian's eyes suddenly became wet.

"Bang, bang, bang,"

Suddenly at this moment, there was a violent knock on the door outside the room.

Li Tian "suddenly" got up from the bed and glanced at the door, then he wiped the wet corner of his eye slightly, then walked quickly to open the door.

After opening the door, I saw a thunder and lightning illusion student in purple clothes standing in the doorway.

The illusion student of the Thunder and Lightning Department was tall and fair-skinned. At this moment, after seeing Li Tian who was behind the door, his eyes showed a contemptuous look at Li Tian.

Li Tian saw the student's eyes, but didn't go to his heart. He just opened the door indifferently, and then asked, "What's the matter?"

The illusion student from the Thunder and Lightning Department took a look at Li Tiandao and said, "The teachers asked me to inform you and go to the square to gather."

After speaking, the illusion student of the Thunder and Lightning Department directly turned around, and then left here without looking at Li Tian again.

Li Tian watched the student leave, so he closed the door gently, and then gathered towards the square of the earl's mansion.

When Li Tian came to the square, he had already seen teachers from various departments, as well as illusion students, already staying there.

Li Tian quickly walked over.

The old Dean Hollis, as well as the illusion teachers around him, were all blinking at Li Tian at the moment.

When Li Tian saw those students, when each department got together, he was not only slightly embarrassed... the students of the Thunder and Lightning department gathered to stand together, and the students of the fire department illusion arts were the same, the water department and the wind department The students are also standing there.

Only Li Tiannai is the "Qi illusion technique", so he is most embarrassed.

After Li Tian walked to the square, he didn't know where to stand, just staying in place.

"Li Tian, you can just stand there."

The old dean Khris looked at the embarrassed Li Tian and knew what was going on with Li Tian.

After hearing this, Li Tian nodded, and then stood alone.

At this time, the illusion students from all departments were not only muttering in the crowd.

"Look, that genius is really a genius! He chose the most useless Qi illusion technique?"

"Yeah, he is a freak!"

"I tell you, do you know why he chooses the most useless Qi illusion? That's because he knows that his body does not have the slightest spiritual power, so he is afraid that he will not be ashamed to learn when he chooses other illusions! Haha, so he directly I chose the most useless qi illusion technique! After all, qi illusion technique is useless... This is simply the best excuse for him, right? Haha?"

...

These illusion students made fierce verbal attacks on Li Tian, but Li Tian didn't say a word from beginning to end.

He just stood there in silence.

Suddenly the old Dean Hollis who was standing at the top spoke there.

He only listened to him glance at all the students in the Illusion Academy, and then said kindly:
"Classmates, be quiet, be quiet!"

After hearing the words of the old dean, all the students closed their mouths tightly, and then they were all there looking up at the old dean Hollis in the middle of the square.

I just listened to the old Dean Hollis saying in that kind words: "Classmates, the reason why I called you all together today is because we are leaving Stormwind tomorrow."

After hearing what the old dean said, there was a slight commotion among all the students below, but they were quiet again.

Just listen to the old Dean Heris continuing to say there: "Tomorrow we will leave Stormwind and return to the Imperial Capital! I hope that all the students will play less tonight, and then rest early."

The students yelled happily there.

"We are finally returning to the Imperial Capital!"

"Yeah, the dust in the place here is too big and boring, it's still fun in the Imperial Capital."

...

Some students said in that mouth.

After Li Tian heard this, he was not only taken aback, he basically knew that the position of the Bander Academy was in the Imperial Capital! It's just that he hasn't been to that place called "Emperor Capital". I really don't know what that city will look like, Li Tian thought in his heart.

The old dean Heris continued to say in the most central place of the square at this moment: "Okay, the students can go away!"

When the students in the square heard what they said, they all became happy, and then piles of piles broke apart.

Li Tian saw that the surrounding students had dispersed, so he also took his steps, walking alone in this huge square.

He currently doesn't know anyone at Bander College!

To be precise, all the illusion students have a deep contempt for themselves...

So Li Tian seemed very lonely and lonely, like a wild goose that had fallen behind, walking alone on the square.

When the surrounding illusion students saw him, they couldn't help but say a few contemptuously. Most of their words were: "Genius? Humph, trash."

"A guy who doesn't even have any spiritual power in his body can still enter the Bander Academy? Oh my God, this is too weird."

The voices of the students reached Li Tian's ears, and Li Tian was not very angry, just pretending that he didn't hear it.

He just stood alone in the corner of the square, then found a clean place to sit down, raised his head, looking at the vast starry sky... looking at the bluest planet in the east.

"Hey, when can I go back! Go back to Earth." Li Tian murmured there.

Just when Li Tian was staying here alone and lonely, suddenly I saw a group of female water system illusion students over there, talking about him not far away.

"Hey, sisters, do you see that talented student?" A beautiful girl in the crowd pointed at Li Tiandao.

"He? It's strange."

"Yeah, isn't he a genius student? How come there is no spiritual power in the body?" Some simple girls couldn't help asking in surprise.

"I don't know, but the old dean seems to say that there is a problem with the side spirit stone!"

"How is it possible? Silly girl, the old dean was making an excuse for him, can't you see it?" Some clever girls said.

When they heard it, they understood.

"Then why should he be recruited into the Bander Academy? Isn't there a rule on the Spirit Earth Continent that students without spiritual power can't enter the Illusion Academy?" Some puzzled girls couldn't help asking.

"Hey, I don't know, maybe, there is something behind this guy." These beauties discussed to Li Tian.
