

A Killer 2591

Chapter 2591: game

A group of people marched violently towards the opponent in the west.

They traversed a barren land, crossed an old forest, and crossed many rivers.

Along the way, Li Tian saw a spectacular sight that he had never seen before, and he also saw countless alien creatures and birds.

Those have never appeared on the earth before. There are birds and beasts with wings that shuttle through the jungle.

There are also some weird birds soaring in the sky!

After they walked for about a few hours, the old dean Heris gave an order to rest in an empty green area.

So I saw the students from each department and started to simply make some tents, and then they all rested.

The illusion students from all departments gathered together, talking, laughing and talking. As for Li Tian, sitting in a quiet corner alone, looking at the sky.

Suddenly the thunder and lightning illusion students over there were making noise.

Just listen to one of them wearing purple thunder and lightning costumes, the handsome-looking boy said: "Hey, since everyone is resting now, why not try illusion?"

"Anyway, it's about to get closer to the college's upgrade assessment. Let's try illusion skills, how about?"

The so-called upgrade assessment is a major event that every illusion school must carry out once a year! Because this is a process for an illusion apprentice to go to an illusionist.

Starting from the initial illusion apprentice, and then reaching the low-level illusionist level 1, then up to level 2, and level 3..... These must undergo special assessments.

After the handsome-looking thunder and lightning illusion student said this, the fire illusion students sitting over there suddenly pandered and said: "Okay, try and try!"

As he said, the group of fire illusion students dressed in red clothes began to surround them.

"Hey, students of the wind system? Do you try?" Suddenly the thunder and lightning illusion students said to the wind system illusion students wearing grey robes over there.

The illusion students of the wind department seem to be relatively low-key. After hearing the students of the thunder and lightning illusion department say this, you look at me one by one, and I look at you, as if not willing to join the competition.

At this moment, I just listened to a student in the thunder and lightning illusion and said with a smile: "Don't let the brothers of the wind system compete. Their illusion is just practicing but running... As for the competition? Hey, they don't seem to be very involved. Row."

Wind illusion, the fundamental element of cultivation, is not fighting on the spot! It relies on wind-like speed for guerrilla tactics, so it is very weak to fight against people in a small field.

But the wind illusion is definitely not a fool!

Hearing the thunder and lightning illusion students, they dared to provoke them openly, and the wind illusion students suddenly became angry.

"What are you talking about? How dare you laugh at our wind system illusion?" Those wind system students all stood up and roared there.

I just listened to the classmates of the Thunder and Lightning Illusion Surgery department smiling and saying, "Is there a kind to come over and try?"

"Come here, will our wind department be afraid of your thunder and lightning department?" With that said, the students of the wind department also surrounded them.

I saw that at this moment, in addition to the beautiful illusion students of the water system, the students of the Thunder and Lightning Department, the Fire Department, and the Wind Department were all gathered together.

They formed a circle, and then the students from each department stood together.

At this moment, I saw an illusion student wearing a purple thunder and lightning stand up. He looked like 2526, tall and handsome, and he seemed to be respected by the thunder and lightning illusion students.

After he stood up, he glanced at the surrounding fire department and wind department classmates, and then said slightly in his mouth: "What about today's competition? It's just that we learn from each other. Don't hurt them. Every one of our classmates!"

After he said so, the surrounding students all yelled: "Okay!"

The handsome boy, after hearing the people around him say so, smiled slightly, and then said: "Okay, then I will talk about the rules first!"

"What about the competition? We will find 3 illusion students in each department, the grades are Elementary Level 1, Elementary Level 2, and Elementary Level 3! Then each of our departments will face the same level of students in each departmentHow? Is it fair?" The handsome boy said.

"fair!"

After hearing what he said, the teenagers onlookers shouted there.

"Well, now each department selects its own personnel." The handsome boy said.

So the students in each department started to pick the top classmates in their own department.

The students of the Raiden Illusion Department were the first three to stand up.

Then there are the students of the fire department, three people are selected!

In the end, the wind system illusion students selected three people.

For the three people they selected, each of them has a number symbol on their chest, which symbolizes their respective levels. They are level 1, level 2, and level 3.

"Let's start the game."

Then I listened to the handsome boy Dao. After he roared out, he saw one of the thunder and lightning illusions, a low-level 1 boy standing up.

The boy looked 1617 years old, handsome, but with small eyes, but he looked extremely smart.

After he stepped up, the fire illusion students over there suddenly also had a young man who came out. The young man was a little bigger than the Thunder and Lightning guy, and his stature was slightly stronger.

"In the first game, the first-level illusion student of the lightning department vs the first-level illusion student of the fire department.

The handsome boy read the words there.

With what he said, the game here began.

That Li Tian was sitting in a remote place, and seeing this side suddenly noisy, not only turned his head and raised his eyes slightly to look at this side... Suddenly he saw that he was fighting, not only was he curious, he stood up Get up, and then walked over here.

The beautiful water school illusion students here also saw the game scenes here, and they all said: "Sisters, the students of the Thunder, Fire, and Wind departments have started the competition. Let's go and take a look. ."

After speaking, I saw beautiful beauties pouring over there.

Li Tian also slowly walked over at this moment. As soon as he walked over, he heard a beautiful voice coming from him.

"Hey, Li Tian, come with us to watch their game?" I watched with the voice, but it was the beautiful female classmate Isha who said the words. She was looking there with her beautiful eyes blinking. By yourself.

Chapter 2592: Borg's anger

After Li Tian turned his head and saw the beautiful Isha, he not only said slightly, "Are they playing?"

"Yes." Isha smiled there.

"It's just for the students to learn from each other, let's go, let's go and see together, anyway, you will participate in this kind of competition in the future." Then Yisha smiled and said to Li Tiandao.

After listening, Li Tian nodded.

He was originally very unfamiliar with illusion, except that he had seen that illusion during a deadly battle with that red king, and had never seen any other illusion, so he was going to see the situation.

Therefore, Li Tian at the moment followed the beautiful Isa to the front.

I saw the game over there, already started.

On the scene, the students of each department were there shouting the names of their classmates, shouting cheering, cheering.

"boom!"

I saw a huge fireball rising from the center of the field, and then aggressively attacking the thunder and lightning illusion student.

Fire illusion.

Li Tian just came here when he saw Fire Illusion.

"This is the fire illusion technique?" Li Tian not only secretly stunned, then blinked his eyes and looked there carefully.

However, after the fire illusion student used a trick, the huge fireball suddenly rushed to the thunder and lightning illusion student, the thunder and lightning illusion student, saw the fireball hitting him, the corner of his mouth smiled, and then He stepped back quickly, and suddenly roared in his mouth: "Lei Dun!"

As he yelled out, his whole body was suddenly enveloped by a layer of electric light, and that layer of lightning light formed a protective layer around his whole body...

Then I saw the fireball hit the "Thunder Shield" protective cover with a "boom", and then the fireball disappeared without a trace!

Obviously this was blocked by "Lei Dun".

"Thunder Shield?" Li Tian couldn't help being slightly taken aback when he saw the Thunder Shield illusion, because when he was fighting the Red King before, the Red King had also used this "Thunder Shield". Li Tian's attack was blocked, so at this time, Li Tian not only glanced twice.

However, Li Tian discovered that the thunderbolt illusion student in this event was obviously much more proficient than the Scarlet King when he used the Thunder Shield... Thinking of this in his heart, Li Tian not only secretly said: Does that seem to have only Is the 1617-year-old guy more powerful than the red king's lightning illusion?

Just after the thunder and lightning illusion student used the "Thunder Shield" to block the fire illusion student's fireball, he suddenly showed a gesture in his hand, and then shouted: "Lightning strike,"

With an angry shout, two electric lights appeared in his hands, and then the two electric lights directly hit the student of the fire illusion.

The pyrotechnic student saw two electric lights shoot, and immediately wanted to dodge, but unfortunately, he dodged one of the electric lights, but did not flash the second one...

With a bang, the fire illusion student was hit in the arm!

He screamed in pain, fell to the ground, then held his arm, his face showed a trace of pain.

"Okay, at the end of the first game, the Thunder Illusion System wins!"

A handsome man shouted there.

After the victory, the students of the Thunder and Lightning Illusion Department couldn't help but screamed happily, while the defeated Fire Element Illusion Students seemed extremely lost!

Then began the second game.

In the second game, the wind system illusion student played against the illusion student of the lightning system, but this time it was the elementary level 2 student vs the elementary level 2 student.

The illusion students of the Raiden department took the initiative from the beginning of the battle.

The illusion student of the wind department is extremely agile and elegant. He manipulates the wind skill and is faster than unparalleled. This game is really exciting.

Li Tian looked at those illusions that he had never seen before. Not only was he fascinated, he had never seen such a wonderful illusion before, and he became more and more curious about illusion in his heart!

"Student Li Tian, our college's illusion skills are still very powerful, right?" The beauty of Yisha in front of her suddenly looked at Li Tian and said with a smile.

Li Tian nodded there and said, "Yes! It's much better than I thought."

When Isha heard it, she not only smiled and said, "Uh, what do you imagine our illusion like?"

When Li Tian heard this beautiful girl Isha say this, he was not only slightly embarrassed, but to be honest, the illusion in his mind was only on the same level as that of the red king, but when he saw the competition of the college illusion students today, he was not only shocked right now Up!

Because he felt that the illusion skills of these illusion students were many times higher than that of the Akou!

"Student Li Tian, I believe you will become a great illusionist one day." Yisha blinked her beautiful eyes and looked at Li Tiandao.

Li Tian heard this beautiful girl Isha say so, not only turned his head to look at the beautiful girl Isha, he suddenly felt that this girl was so beautiful!

...

Just when Li Tian was talking here with the beautiful girl Isha, suddenly a young man with a sharp-mouthed monkey gill in the lightning system saw Li Tian and the others!

"Hey, Borg, is your dream lover chatting with that waste genius?" he said with a vicious smile.

The guy called Borg was a big guy, extremely strong, and his skin was slightly dark.

As soon as he heard the guy with the sharp-mouthed monkey cheeks next to him say this, he immediately raised his eyes and looked over there. At this look, he saw the beautiful girl Isha talking to that Li Tian.

He suddenly became angry.

"He, how could that waste genius sit with my dream lover, Issa Belle?" Borg said furiously.

The guy with the sharp-mouthed monkey cheeks said with a smile, "It's probably that waste genius who wants to compete with you."

"Just rely on him? Try Mao?"

"He doesn't even have any spiritual power, he doesn't know any illusions, I can knock him down with just one finger." Borg said angrily with his fist clenched tightly.

When the sharp-mouthed monkey-gilled guy heard it, he said, "Well, don't you teach him?"

As soon as the guy with the sharp-mouthed monkey cheeks said this, Borg said, "How do you teach? I can't go up and beat him up, right? The academy has strict regulations and no fights are allowed."

The guy with the sharp-mouthed monkey cheeks said at the moment: "You are stupid, I will give you an idea."

As he said, he leaned to the ear of the big Borg and started to mutter. He said, "Borg, you are like this. When the game is over here, you will ask to play with that waste... Does the dean call it a genius? Since he is a genius, he would be awesome without learning illusion, right?"

Chapter 2593: I hit

After hearing the sharp-mouthed monkey-gill student say so, the burly Borg was not only taken aback.

"Then what if he doesn't fight me?" Borg asked in a silly way.

The guy with the sharp-mouthed monkey cheek smiled and said, "Wipe, you are so stupid!"

"Don't forget, he is also an illusion student in our college, and he is from the Qi illusion department. You play with him upright and fair. Why doesn't he fight with you? If he doesn't fight with you, then he is a turtle ... right? By that time, everyone in the school will know that he is a coward. If this is the case, he will never have the face to stay with the lover of your dreams. That would be great."

After hearing the guy with the sharp-mouthed monkey cheeks come up with such a crooked idea, the sturdy Borg in front of him not only smiled there and said, "What you said makes sense."

"Then I'll find that waste to settle accounts later." Borg said secretly there.

"His mother, Isabel dreams I would dare together to chat, look at me this time, so that you have to beat my mom did not know you." That Borg thought that was secretly said.

It turns out that this big Borg, silly and silly, likes Yisha, the first beauty of the college very much. To be precise, every male student in the college likes Yisha, so they will see Li Tian and Nayi When Sha sat together to talk, he was very angry.

In this way, the game continued there.

Li Tian here didn't even know that a crisis was approaching quietly.

The game here ended quickly.

Among them, the 3 students of Raiden Illusion, won two games and tied one!

The three fire illusion students also won two games and lost one.

It was the students of the wind system illusionist that didn't win a game, only a tie, and the remaining two lost to them.

After the end of the game, the students of the victorious Thunder and Lightning Magic Department screamed happily...

"Okay, okay, dear students, what about today's competition? It's just a discussion. In the days to come, I also hope that all students will continue to work hard and strive for their own department, their teachers, and their classmates. Win glory!"

After the handsome student finished speaking, he said: "Okay, now the game is over, everyone can go away."

With that said, he prepared to let the students from various departments disperse.

Just after he finished saying this, a majestic voice suddenly came over: "Wait a minute!"

Then I saw that big Borg stepped out of the crowd at this time.

He is strong, and after standing up, he ran towards the center of the field.

"Wait a minute, wait a minute." He ran over and said there.

When the handsome young man saw that it was him, he not only frowned slightly, but said, "Borg, what are you doing?"

Naborg was an illusion student of the Thunder and Lightning Department, so he knew him, and couldn't help but look at him and ask.

After Na Borg heard this, he smiled and said, "I want to try again."

"Try it again?" After hearing this honest Borg say so, all the students were not only taken aback.

After the handsome boy heard what Borg said, he suddenly said with an unhappy expression on his face; "Borg, why are you trying to compete again? Didn't you see that the game is over? Besides, the three lines All of the students have finished their competitions, who are you looking for to compete?"

After hearing this, Naborg said in there, "I'm looking for a talented student of Qi illusion."
what?

The moment Borg said a word from his mouth, all the students in the audience grew their mouths, looking at the big Borg in disbelief.

Qi illusion, genius?

Of course it is Li Tian!

At this moment, after everyone heard Borg say this, they all turned their heads, and then put their eyes on Li Tian.

Where is Li Tian? Suddenly became the object of everyone watching!

To be honest, Li Tian himself was stunned at this moment. How could he not expect that the big guy from the Thunder and Lightning System would even try to challenge himself? Right now, not only did that brow furrow deeply.

"Hey, that talented student, would you dare to give me a test of Bog?" Suddenly the big guy Bog looked at that Li Tiandao provocatively.

The illusion students around there were a little angry at Borg's mischief! But when he heard that he was going to compete with the "genius student", they all started to booze there.

After all, when they heard the words "genius student", it was too exciting for them.

At this moment, I saw the thunder and lightning illusion students over there saying: "Genius students, try and try?"

"Yeah, aren't you a genius student? Do you dare to challenge the big Borg?"

"Don't mess with genius students!"

...

The noise of the students rang out from around.

Hearing these voices, Li Tian passed into his ears loudly. With cold eyes, he looked at the big Borg in the center of the field, and an invisible anger suddenly surged from his body.

Just when Li Tian was about to get angry, Isha, the beautiful woman beside her, suddenly became unhappy, but when she saw the beautiful woman Yisha suddenly stood up, she said angrily: "Hey, are you making enough trouble? He just joined our Bander Academy and he hasn't learned illusion at all. How can he compete with you?"

"Furthermore, Borg, you are an elementary level 2 illusion student, are you ready to compete with someone who has never studied illusion? Don't you think you are shameless?" The beauty Isha was there for Li Said the day against injustice.

The big guy Borg, after hearing the beautiful Isha say so, suddenly blushed and stood there depressed.

At this moment, the sharp-mouthed monkey-gill student of Thunder and Lightning Illusion over there roared and said, "Hey, Lady Isa, don't forget, the qi illusion student behind you, but a genius student, normally a genius student, You don't need to study, everything is good, haha, right?"

"exactly!"

"Since he is a genius student, he should show his genius, hit it, hit it..." The surrounding students all roared.

"Hey, that gifted student, don't stand behind a woman!"

"If you have the ability, stand up like a man." Those voices spread more and more harshly into Li Tian's ears.

The beauty Isha stomped angrily...

At this moment, suddenly a cold voice came from the audience.

"Okay! I'll fight!" A cold sentence came out of Li Tian's mouth. When he said this, his people had already stood up.

Chapter 2594: Don't stop

When Li Tian's icy figure stood up, the students around him looked at him with eyes wide open.

"I'll rub, that kid really dare to fight?" Some illusion students' incredible voices said in the crowd.

"He's not crazy, is he? He is a guy who has never practiced illusion, but he is going to fight a Raiden Elementary 2 illusion? Isn't this clearly looking for abuse?"

"Yes, don't forget, his body still doesn't have any spiritual power."

"Hey, I won't be beaten up for the sake of my face."

...

The surrounding voices came into Li Tian's ears, but what about Li Tian? It is indifferent.

He just stepped out step by step.

Just as Li Tian walked towards the front, suddenly the beautiful Isha grabbed Li Tian's arm.

"Student Li Tian, don't go up and fight, you must not be able to fight Borg! He is an elementary level 2 illusionist... you have never studied illusion, how can you beat him?" Looking at Li Tiandao worriedly.

But seeing Li Tian turned his head, glanced at the beauty Isha, and then suddenly said: "Don't worry, I'm fine."

He just said a little, then broke away from the arm of the beauty Isha, and then walked towards the center of the field.

Although Yisha still wanted to stop Li Tian, it was too late. At this moment, she could only look worriedly at the back of Li Tian.

The strong man Borg looked at Li Tian with a smirk.

Seeing Li Tian approaching him, Borg said with a smile: "Boy, this is what you asked for, who would dare you to stay with the lover of my dreams... Humph!" Facing Li Tiandao.

When Li Tian heard it, he instantly understood what was going on.

It turns out that this **** big guy turned out to be because that beautiful Isa was going to beat himself...

Li Tian didn't speak, but just glanced at that Borg coldly.

But seeing this, the handsome boy had already walked over, and he said to Borg and Li Tiandao, "Well, since you both volunteered to fight, then I have nothing to say."

"I only hope that Boge, your subordinates will be lighter... After all, this Qi illusion student is our junior."

After listening to that, Borg smiled there and said: "Don't worry, I promise to start lightly."

As he was talking, he turned his head and looked at that Li Tian.

The eyes of all the students in the audience focused on the two of them. Some students couldn't help but yelled: "Hit it, hit it, let's see who of you is good."

"Yes, let's see how talented students are." Those people mocked there.

Because the yelling voice was too loud, it had already reached the ears of the old dean and the teachers of the academy.

At this moment, I saw beautiful teacher Evelyn looking at the situation here with her beautiful eyes and said: "Old dean, the students over there seem to be making trouble."

Hearing the beautiful teacher Evelyn said so, the old dean Khris suddenly raised his head and looked at the place where the students gathered.

Teacher Anderson and Cyril also stood up.

"It seems to be making trouble. Isn't it a fight?"

"Go, let's go over and take a look."

The old dean who was talking took a few teachers from the college next to him and quickly walked towards the place surrounded by the students.

When they walked over, the beautiful girl Isha saw the old dean and them who had come, and ran towards the old dean and them.

"Old dean, teachers, it's not good, they are bullying Li Tian." Yisha said to the old dean and them there.

When the old dean heard this, his brows frowned, he glanced at the situation on the court there, looked at Yisha and asked: "How did you bully?"

Yisha said there, "They forced Li Tian to compete with them in martial arts!"

"Compete martial arts?" The old dean was depressed at the moment.

Evelyn, the beautiful teacher beside him, said: "Student Li Tian has just joined the Illusion Academy and hasn't studied illusion at all? How can someone bully him?"

Then Yisha said: "They clearly want to bully Li Tian."

"A student from that department?" Beautiful teacher Evelyn said with a slight anger on her face.

"Thunder and lightning." Isha said.

When Anderson heard the illusionist teacher of the Thunder and Lightning Department, he was furious!

"What? We are?" Anderson angered.

Isha said, "Teacher Anderson, you can see by yourself."

When Anderson heard this, he turned his head and looked at it. With this look, he really saw that the big guy he was facing Li Tian on the court was the big guy in his line: Borg!

At this time, Anderson was so angry that he only heard him roar: "These shameless boys actually bullied a student who had just entered the college. I'll clean them up."

Although Anderson is the most protective student, but seeing this situation at the moment, his face really can't hold it! After all, Li Tiancai has just entered the Illusion Academy, and his body has no spiritual power at all... It's hard to justify such bullying!

Just when Anderson was going to teach his group of students, the old dean suddenly said, "Anderson, wait a minute!"

After hearing the voice of the old dean, Anderson was taken aback, turned his head to look at the old dean Hollis and said: "Old dean, I'm sorry, it's because my teacher didn't discipline those stinky boys... I'll go now. Let them admit their mistakes to that classmate Li Tian."

Just after Anderson finished saying this, the old Dean Hris suddenly laughed slightly and said, "Anderson, don't stop it."

what?

When the old dean uttered such a sentence, all the teachers present were not only stunned, but even Teacher Anderson was also stunned.

"Old Dean, no...no...Don't you stop?" Anderson looked at the old Dean Hollis with a speechless expression.

Evelyn, the beautiful teacher here, was also stunned for an instant. He did not expect that the old dean would not let Anderson stop it!

Does the old dean really want to see the students in his college and bully the Li Tian who just started school?

"Yes." The old dean smiled again now.

The beauty teacher Evelyn suddenly became puzzled when she heard it, and said, "Old dean, why don't you stop it? Li Tian didn't learn illusion at all. Is this fair? This is not a bullying. Classmate Li Tian?"

As Evelyn said so, she saw that the old dean squinted slightly and smiled.

"Evelyn, dear teachers, please believe me, my Hollis will never allow bullying in the college!"

"The reason I stop you is because I want to see how much potential that kid has!"

Chapter 2595: Speed body

After hearing what the old dean suddenly said, the teachers of the academy present were all stunned.

"Don't worry, dear teachers, we are watching by the side. If that child really fails, I will stop it. I promise you that I will never hurt that child." The old dean said again.

After hearing what the old dean said, the teachers nodded silently.

Although they think this competition is really unfair to Li Tian! But, to be honest, they all wanted to see what kind of genius the "genius" that Old Long thought was.

Therefore, at this moment, all the college teachers nodded and agreed.

I saw their eyes not only towards Li Tian but also to Borg on the court.

At this moment, the students around had already started clamoring: "Fight, fight..."

The majestic Borg in the center of the field suddenly smiled at Li Tian: "Smelly boy, this is what you provoke me... Hmph, don't blame me for being impolite."

With a word, Na Borg hit Li Tian with a punch.

This Borg relied on his height, and thought he didn't need to use illusion, only needed martial arts to defeat Li Tian.

But can he defeat Li Tian with martial skills?

When the surrounding students saw that Borg did not use thunder and lightning illusions, but only used martial arts, they couldn't help but screamed.

The teachers here, I saw the thunder and lightning illusion teacher Anderson not only smiled with satisfaction when he saw that his student did not use illusion, he said, "My student is still good, and he doesn't use illusion..."

Hearing what Anderson said, the beautiful teacher Evelyn suddenly glared at Anderson and said: "Teacher Anderson, do you think your students are doing the right thing?"

Hearing the words of the beautiful teacher Evelyn, Anderson was immediately embarrassed...He was silent.

But said that the battle in the center of the field has started.

The big man Borg hit with a punch, like a bamboo.

However, when he hit Li Tian's chest, Li Tian's body suddenly moved.

Borg was taken aback, before seeing what was going on, the figure of Li Tian in front of him suddenly disappeared.

His fist hit the air!

"So fast." Suddenly the surrounding students who wanted to watch Li Tian make a fool of himself couldn't help but exclaimed when they saw Li Tian easily dodge the Boge's punch.

To be honest, they didn't expect Li Tian to be so fast!

Quickly, it is estimated that even them can't keep up with Li Tian's speed!

At this moment, the students stared at the situation.

Here, even the old dean Hollis and the teachers around him were stunned.

"That kid is so fast." The fire element illusion teacher praised Li Tian not only there in Loft.

The beauty teacher Evelyn also exclaimed there, "Yes, it's really fast."

Only the old Dean Hollis squinted comforted eyes there and continued to watch the battle.

Seeing that the big Boge didn't hit Li Tian with a punch, he was not only stunned when he suddenly discovered that Li Tian's figure disappeared.

"Where's the man? Damn it," the big man Borg said angrily.

"I'm behind you." Li Tian's cold voice suddenly came from behind Borg.

Borg was taken aback for a moment, then turned his head and saw that Li Tian was indeed standing behind him. This time the big Borg was taken aback.

"Smelly boy, do you dare to play with me? Give me another punch."

Borg let out a furious rage, his fist blasted again, but when his punch came, the figure of Li Tian swished, and again easily evaded his fist...

The speed is amazing.

When the surrounding students saw Li Tian's fast and unbelievable posture again, they all screamed.

When Na Borg hit the air again, he was completely angry. At this moment, his eyes were glaring, and then his fist was desperately attacking Li Tian, but no matter how he punched or moved, Then Li Tian can always dodge the past.

After one round, Borg was panting, but what about Li Tian? It is very easy!

And after this round, Li Tian didn't fight back at all!

After seeing the amazing performance of Li Tian, the old dean here finally couldn't help but said with satisfaction: "This kid is truly extraordinary!!! No wonder Old Man Long recommended him."

The beauty teacher Evelyn also said comfortedly: "Yeah! I really didn't see that his body is so fast."

"Hmph, he probably cultivated the wind system illusion, right?" Teacher Anderson suddenly said coldly.

Wind-based illusion, one of which is a low-level illusion, its name is: Lost Wind Step, this kind of pace, after being cast, can have the same speed as the wind!

Of course Anderson does not want to see the students in his department fall behind! That's why I couldn't help it.

After Anderson finished saying this, suddenly the beautiful teacher Evelyn snorted coldly there: "Mr. Anderson, do you have a problem with your eyes? How could it be Lost Wind Step?"

As soon as the teacher heard this, Anderson was angry and prepared to refute, but the beautiful teacher Evelyn spoke again.

"Cyril, do you think the illusion that the classmate used is your wind illusion?" The beauty teacher suddenly smiled at the wind illusion teacher, and Cyril asked.

After the beauty teacher Evelyn asked, Na Cyril frowned slightly and said, "No, it's not a wind illusion! What he uses is martial arts..."

After hearing the wind system illusion teacher say this, the beauty Evelyn smiled at Anderson and said, "Anderson, did you hear that? This is what the wind system teacher Cyril said!!!"

That Anderson was said by Evelyn, not only his face was extremely embarrassed, his mouth groaned, but he didn't know how to refute it!

When they were talking, all the students over there suddenly screamed.

Looking up, I saw that the big man Boge didn't know when he was kicked to the ground by Li Tian.

All those students... just screamed! ! !

Borg is not Li Tian's opponent at all with pure martial arts.

After knocking down Naboge, Li Tian politely reached out and prepared to go to pull Naboge, but he did not expect Naboge to roar: "Smelly boy, I have to clean up you today."

With a roar, suddenly in his left hand, a group of purple thunder and lightning accumulated from the palm of his hand, and then struck Li Tian in terror.

"Lightning strike!"

This is the elementary lightning illusion, a powerful illusion.

No one thought that Borg would use the thunder and lightning magic to deal with Li Tian!

At the moment that Borg used the thunder and lightning illusion, the old dean and other teachers here not only frowned, and then took a step forward, as if they were ready to help Li Tian at any time.

Chapter 2596: you wanna die?

The illusion students in the surrounding Bender Academy were not only surprised when they saw Borg's "lightning strike" illusion.

"That boy Borg turned out to be true."

"He really used illusion." Some students said in shock.

The students here also said in shock: "It seems that the genius boy is going to be unlucky."

"Yes, although his martial skills are very high, it is certainly impossible to withstand that Borg's illusion."

...

As their voices uttered, I saw that the big Borg's "lightning strike" illusion had already struck Li Tian entirely at this moment.

The terrifying "lightning strike" illusion, at this moment, struck Li Tian with a bang.

Li Tian stepped back quickly. He deeply knew the terrible "Thunderbolt" illusion. He had tried it personally when he faced the Red King, so he didn't dare to be careless at the moment.

Following Li Tian's footsteps retreating, I saw those two lightning strikes horribly towards Li Tian, Li Tian suddenly retreated, and then a backflip dodged the terrible two lightnings.

"Pretty!"

After Li Tian dodged the "lightning strike", the surrounding students couldn't help but exclaimed.

Although they all had a disgusting attitude towards Li Tian in their hearts, they were not only amazed when they saw that Li Tian escaped the "lightning strike" of Borg by virtue of martial arts.

After all, most people cannot escape this blow at all.

After that Li Tian escaped the "lightning strike" of Borg, the whole body of Borg had stood up.

"Smelly boy, try another trick if you have one."

With a roar, Na Borg once again used thunder and lightning magic.

"Electric thunder tornado."

Summon lightning and spin to create a tornado to attack the enemy

After Na Borg performed this trick, he quickly drew a finger in his hand, and then a huge thunder light flashed out, and then those electric lights quickly rotated in the air, gradually forming a line. The shape resembling a tornado, the whole terrifying swept towards that Li Tian.

Li Tian had never seen such an illusion before, and he was not only taken aback at the moment.

The electric thunder tornado had already hit Li Tian overwhelmingly at this moment, and the surrounding sand and stones were all swept away by the electric light and hit Li Tian directly.

"He actually used the illusion of elementary level 2?" At the moment, the old dean Heris said in that ugly face while looking at the scene.

The beautiful teacher Evelyn stared coldly at the Anderson beside him and said: "Anderson, your students are really long-faced? To deal with a student who hasn't learned illusion...Lian 2 Level illusion is used."

Anderson was irritated by the words of that beautiful teacher Evelyn, his face was blue and white. He clenched his fist tightly there, looked at that Borg viciously, and couldn't help but anger in his heart: This stinky boy, wait a minute, I must teach him well.

At this moment, everyone was looking at Li Tian worriedly.

Because everyone knows the terrifying extent of the elementary level 2 thunder and lightning illusion.

When the electric thunder tornado struck towards Li Tian, it was too late for Li Tian to escape, because the electric thunder tornado's range was too large.

But he said that Li Tian was watching the thunder and lightning ray with his eyes wide open. He suddenly condensed the internal strength of his whole body, and then protected his whole body. An invisible vigor enveloped his whole body, and then filled his body Defend against that electric thunder tornado.

The electric thunder tornado whizzed towards Li Tian.

Li Tian's body was instantly caught in the purple electric light.

Zi Zi Zi's electric light was spinning all around...A lightning bolt struck terribly in the whirlpool.
boom!

With a loud noise, the electric thunder tornado finally disappeared.

I saw a pit more than one meter wide on the ground where Li Tian was standing! One can imagine the terrible power of that electric thunder tornado.

The dust was flying, and there were sand and rocks all around.

At this moment, all the students in the audience were stunned, because no one knew what happened to Li Tian.

"Student Li Tian!" Isa, who looked at Li Tian's beauty, said in shock.

The illusion students here not only whispered there, "It's over, that genius student, this time must be seriously injured..."

"Hey, yeah, getting hit by an electric thunder tornado is definitely not good."

...

The students around were not only talking in that mouth.

Even the old dean here and the surrounding teachers not only showed a slight worry about Li Tian on the field.

But what about Li Tian? With the disappearance of the dust on the field, suddenly only a figure stood up from the field.

Look carefully, Li Tian is covered with dust all over his body, and the clothes on his left arm are also scorched... Obviously this is because the lightning illusion made his clothes like this, his expression is embarrassed... There was blood flowing out drop by drop.

Li Tian was injured.

Watching Li Tian's injury, Borg, who was standing on the court, laughed.

"Smelly boy, do you know how good I am?" Borg said to Li Tian arrogantly.

As soon as his words were uttered, Li Tian's terrifying faces lifted up in an instant.

Two ferocious gazes appeared on the face wearing the bronze mask, and the terrifying killing intent instantly condensed all over his body.

"you wanna die!"

Suddenly a loud roar came out from Li Tian's mouth.

His whole person suddenly turned into a devil's appearance, and even the students around him felt the terrifying killing intent that appeared all over his body!

All the students were stunned at this moment.

The moment Li Tian was yelling, his body suddenly jumped into the air, and then his right hand suddenly used the terrifying "Broken Soul Palm!"

The energy of Gang Jin instantly focused on his entire arm, and a group of invisible suppressed energy attacked the Boge straight.

"Qi illusion!"

When Li Tian was performing this trick, the old dean standing far away suddenly screamed.

He saw Li Tianzai exerting his inner strength qi, he thought it was Qi illusion.

The beautiful teacher Evelyn around was also stunned...

"Ah? Classmate Li Tian knows illusion? Does he know Qi illusion?"

"Impossible, his body has no spiritual power at all?"

In the exclamation of all the teachers, I saw that Li Tian's broken soul palm had already attacked that Boge.

The big man Borg is not a fool, and at this moment he also felt an invisible energy attacking him. He didn't dare to be careless at the moment, and his two hands quickly showed a gesture: "Thunder shield!"

Then quickly formed a protective shield of thunder and lightning all over his body!

Chapter 2597: Mozu

When Na Borg used the "Thunder Shield" to block Li Tian's broken soul palm.

At this time, Li Tian's figure had already flown.

The terrifying soul-breaking palm power accumulated in his right hand directly hit the top of that Borg's "Thunder Shield" with a palm.

With a bang, all the surrounding areas of Borg burst open, and endless dust flew up. I saw that the "Thunder Shield" shrouded all over Borg at this time just blocked Li Tian's blow.

However, anyone saw that Borg's face suddenly turned pale at that moment...The hard ground under his feet had begun to crack completely, and the light of the thunder shield began to weaken.

But what about Li Tian's palm? It is getting stronger and stronger.

There was endless anger in his eyes, as if to tear this Borg apart.

"Go to hell." With a roar, Li Tian's left palm suddenly hit the entire Borg's "Thunder Shield".

With a bang, the "Thunder Shield" that Borg was originally covered by his body was suddenly broken by Li Tian at this time. Li Tian's horrible left palm power directly hit the Borg on the head!

This palm was extremely angry, if it really hit the head of Borg, Borg would definitely die on the spot.

Borg looked at Li Tian, who was full of murderous intent at this moment, with difficulty suffocating. His eyes widened at that moment... But Li Tian's palm power had already hit his head in terror.

what?

"Borg..."

When the surrounding students saw that Borg was about to kill Li Tian, they all screamed.

At this critical moment, suddenly a gray shadow shot directly at that Li Tian.

"Fire, the death of dark fire!"

After an old voice uttered, a purple flame suddenly struck Li Tian's palm.

Li Tian was planning to kill Na Borg with a palm, but at this moment he suddenly saw a purple flame shooting towards him, and then he turned his palm and directly attacked the flame.

With a bang, Li Tian's palm power hit the underworld fire, but he did not expect that his palm power not only failed to repel the underworld fire, but was shocked by the terrible underworld fire and suddenly flew upside down.

Boom, Li Tian's body was shaken to the ground all of a sudden, and he almost fell to the ground. His footsteps held back a few large steps before he squeezed his footsteps.

All of a sudden there was silence.

But seeing that it was the old dean who saved the life of that big man Borg when it was in danger! The old dean shot.

"Old Dean?"

"It was the old dean who rescued Borg!" The surrounding students exclaimed.

No wonder, that old dean could use a high-level fire illusion like the "Netherfire"!

All the students were staring at the scene at this moment. What about Borg? He sat on the ground speechlessly, his face pale as paper.

And look at that Li Tian?

His murderous aura, the moment he saw the old dean, began to slowly fade away.

I saw that the old dean Heris suddenly squinted at Li Tiandao and said, "My child, that's the end of your test today."

After speaking, the old dean Heris suddenly turned his head and said to all the illusion students: "Okay, everyone can leave."

After hearing the words of the old dean, the students not only looked at Li Tian one by one, then they all retreated.

The thunder and lightning illusion students over there quickly dragged Na Borg away. When Borg left, he looked pale and terrified at Li Tian.

Li Tian stood on the court, motionless like a clock.

The old dean here took a look at Li Tian, and then said nothing, and walked far away.

Only the beauty Isha suddenly ran towards Li Tian at this moment.

"Student Li Tian, are you okay? Are you hurt?" Yisha asked Li Tian with concern.

Li Tian shook his head and said, "I'm fine."

After he finished speaking, he turned coldly and walked to one side.

"Your hand is bleeding..." Then Yisha suddenly noticed Li Tian's left arm bleeding there, not only caring about it all at once.

"I'll help you bandage."

The beauty Isha said as she took out a white handkerchief from her arms to help Li Tian bandage her.

Li Tian just sat on the cold ground like that, his face was heavy, and no one knew what he was thinking at the moment.

...

"Old Dean, that genius boy can actually use illusions? And can he use Qi illusions to hurt people?"

"Yeah, it's weird! Isn't his body lacking a little bit of spiritual power? How could it be possible for Qi illusion?"

"Teachers, have you seen it? His Qi illusion technique seems to be very different from the previous qi illusion technique! The energy of his Qi illusion technique seems to be all condensed in the body?"

Not far away, several teachers from Bander College were all there talking to Li Tian.

They all showed a very surprised attitude towards Li Tian's astonishing action just now.

What about the old Dean Hollis? At this moment, I frowned deeply, looking at the back of Li Tian in the distance, and couldn't help thinking.

"How could that kid show such a terrifying murderous aura just now?"

"How could he commit a murder to his classmates?" The old dean looked really depressed.

To be honest, he was shocked and angry at Li Tian's performance just now!

What was shocking was that Li Tian could actually use Qi illusion, and the level of Qi illusion could reach the point of hurting people! This is totally unscientific...

What's angry is that Li Tian actually hurt the student Boge just now! If he hadn't saved Na Borg in time with the "Underworld Fire" just now, I'm afraid Borg would have died in the hands of Li Tian!

Thinking of all this, the old dean felt depressed.

"Old Long, Old Long, how did you give me such a weird student!!!" The old dean Heris sighed deeply there.

"Old Dean." Teacher Anderson who was beside him suddenly said there.

The old dean slowly turned his head from his thoughts, looked at that Anderson and said, "What's the matter?"

"Old Dean, that student is a little weird! I don't know if you always see it? He seems to use Qi illusion." Anderson said there.

The old dean nodded slightly and said, "It seems like this."

"But isn't his body lacking a bit of spiritual power? How can he practice Qi illusion?"

"Also, where did he learn his Qi illusion?" Anderson continued.

The old dean was not only embarrassed there, because the old dean also didn't understand.

"Old Dean, I think that classmate named Li Tian is very weird...Could it be... from the demons?" Anderson in front of him suddenly spit out the word "uncommon".

Demon?

Chapter 2598: secret

After the teacher Anderson said so, the beautiful teacher Evelyn was not happy at the moment.

"Ms. Anderson, what do you mean?"

"How could classmate Li Tian be a member of the Demon Race?"

"Your classmates from the Thunder and Lightning Department first bullied Li Tian and couldn't beat him? Just slander him as a member of the Demon Race? Huh? Teacher Anderson, are you afraid that's bad?" Tao said.

Teacher Anderson was said by Evelyn, and immediately snorted and said: "Evelyn, then tell me, how can a student with no spiritual power be able to get angry?"

"Also, his Qi illusion technique looks weird? How did he practice it?" Teacher Anderson also said at the moment.

The beautiful teacher Evelyn sneered there, "You are in charge of classmate Li Tian cultivating there! Why do they tell you when they are cultivating? You are not his Qi illusion teacher."

"you....."

Teacher Anderson suddenly quarreled with Evelyn.

Listening to the quarrel between the two of them, the old Dean Heris suddenly said there: "Okay, okay, everyone, stop arguing."

After hearing what the old dean said, Anderson and Evelyn stared at each other, and then closed their mouths.

"Actually, I also feel that that child is a little weird." The old dean in front of him suddenly sighed.

"Anderson is right. It is absolutely impossible for a child without spiritual power to learn illusion... but what he had just used was Qi illusion... This is really strange." The old dean continued to mutter there. Tao said.

Cyril, the wind system illusion teacher standing on the other side, suddenly said there at this moment: "Dean, did that child have spiritual power before? So he learned Qi illusion?"

"Cyril's guess is right, it's probably the situation." The old dean Heris suddenly said.

The beauty teacher Evelyn said in surprise: "Then how can he not have any spiritual power in his body now?"

The old dean frowned and said, "I don't know this."

"Forget it, let's wait until we return to the imperial capital, and then we will take the child to the Lingshi to test it again!" The old dean finally said.

The college teachers around nodded one by one.

"Did you feel that just now, that kid suddenly showed a terrifying murderous aura in his body at the last time?" The old dean suddenly said.

After he said this, the surrounding college teachers all said, "I feel it."

"That murderous look is terrible!"

"I don't know, how could such a powerful murderous intent burst out of him?" The old dean was deeply worried there.

The teachers around also showed ugly faces.

After all, Li Tian was just a game with his classmates just now! Even if that Borg is wrong, Li Tian can't hurt the killer! ! !

"It seems that we all pay more attention to that child." The old dean finally muttered.

...

In the distance, Li Tian stayed silently.

By his side, only the beautiful classmate Yisha was by his side. After Yisha helped Li Tian tie the arm wound, she sat beside Li Tian.

"Student Li Tian, you used to be able to illusion." The beautiful student Yisha suddenly blinked at that Li Tianwen.

Li Tiandao said: "No, I don't know how to be mad."

"Uh? Impossible? When you dealt with that big Borg just now, didn't you use Qi illusion?" Isha asked.

Li Tian smiled bitterly: "No, that's not Qi illusion, that's my previous martial arts."

"Martial arts?" Na Yisha felt very surprised when she heard an unfamiliar vocabulary. She blinked her beautiful eyes and looked at Li Tian.

Li Tian knew that on the Spirit Earth Continent, they called martial arts martial arts, so at the moment they explained to Yisha, "Yes, that is indeed my previous martial arts!"

When Yisha heard Li Tian say this, she did not continue to ask, she just hugged her arms, and put her beautiful face on it.

"Isha, did I? I did something wrong just now?" Suddenly Li Tian raised his eyes and looked at Yisha.

When Yisha heard this, she was not only taken aback, she blinked her beautiful eyes and looked at Li Tiandao: "What's wrong?"

Li Tiandao: "Should I... put such a heavy hand on that classmate?"

Of course Li Tian said it was Naborg! He also realized now that he was a bit heavier just now... and at the end of the day, he didn't hold back the anger in his heart and almost beat Borg to death. Looking back now, Li Tian not only regretted it! He regretted that he started a little harder.

When Yisha heard Li Tian say this, she not only said slightly to Li Tiandao: "To be honest, you were really fierce just now!"

"If it weren't for the old dean...you might really... hurt that Borg."

Li Tian was not only ashamed when he heard Yisha say this.

"I'm sorry! I really didn't mean it! I didn't control the anger in my heart." Li Tian apologized.

Looking at Li Tian's painful expression, Yisha not only said there, "Student Li Tian, it's okay."

"At that time, you can go and apologize to Borg... After all, are we classmates? I believe he will forgive you."

After hearing Yisha say this, Li Tian nodded silently and said, "It seems that I can only do this!"

Then Yisha looked at Li Tiandao: "Student Li Tian, do you have something in your heart?"

Isha is smart! He could see that Li Tian's anger on the court at the time was not only because of being bullied by Borg, that he would be such a heavy killer... He must have something in his heart, so Yisha couldn't help asking.

After hearing Isha's question, Li Tian's eyes suddenly flashed with extremely complicated feelings.

"Isha, I tell you a secret, can you keep it for me?" Suddenly Li Tian looked at that Yisha and asked. After Isha listened, she smiled and said, "Of course!"

After hearing this, Li Tian said: "Okay, then I will tell you."

"Did you see the blue planet in the Eastern Sky?" Suddenly Li Tian pointed at the blue planet in the Eastern Sky.

Na Yisha was taken aback, raised her beautiful eyes and looked towards the eastern sky. Under this look, she really saw a shining star.

At this moment, I only heard Isha say there: "I saw it."

Li Tiandao said: "I used to live on that planet." A word came out of Li Tian's mouth.

what?

When Li Tian said so, Isha in front of her suddenly screamed, her face full of surprise.

Chapter 2599: Back to the imperial capital

"Student Li Tian, are you kidding? You said you belonged to that planet?" The beauty of Yisha looked at Li Tiandao in front of her with wide-open eyes, with a surprised expression on her face. .

But seeing Li Tianzai smiled slightly and said, "Yes."

"Maybe what I said, you can't believe it, but it is true." Li Tian said there.

The beauty of Yisha opened her beautiful eyes at the moment, looking at the azure blue planet in the eastern sky... Then she looked at Li Tian... She stayed there all of a sudden.

At this moment, the old dean over there said to all the classmates: "Gathered!"

With the voice of the old dean, the noisy students gathered quickly.

"Let's go, the old dean asked us to gather." Yisha heard the voice facing Li Tiandao.

Li Tian nodded, and ran over quickly.

When they ran over, the students from other departments had already assembled.

Just listen to the old Dean Heris saying in the front place: "The students are all resting. Now that we are resting, we can set off."

After speaking, I saw the teachers of each department and their students started on the way.

Li Tian still walked alone in the last place, and then followed the team, step by step towards the imperial capital.

...

"Is that guy capable of psychic illusion? It's incredible."

"And how can his qi illusion technique hurt people? Isn't the elementary qi illusion technique unable to hurt people?"

"Yes, it's strange, his body doesn't have any spiritual power, how can he learn Qi illusion?"

"That boy Boge, but a student of the Elementary Level 2 of Thunder and Lightning Magic... he was defeated? My God, it's incredible."

"Could it be said that the genius boy's Qi illusion technique has reached the intermediate level?"

I saw that in front of Li Tian, those fire school illusion students in red clothes were muttering to Li Tian.

Their words came into Li Tian's ears word by word. Li Tian didn't say a word, just walked silently with his head down.

Li Tian was really depressed.

"Why do these guys use the inner strength energy they use as qi illusions? Hey, it seems that they really don't understand themselves." Li Tian thought silently in his heart as he walked.

But now Li Tian has also realized the terrible degree of illusion in this world.

He just fought against Borg... it was all because Borg was too careless.

Borg thought that to deal with a guy like Li Tian who can't illusion, he could subdue Li Tian with some simple thunder and lightning illusions... But he didn't expect Li Tian's skill to be so powerful! This led to the depressing loss of Na Borg.

Thinking of all this, there was only a fluke mentality in Li Tian's heart.

He knew that if he wanted to be free from bullying in this world, he could only learn that terrible illusion!

"Hey, it's just that my body doesn't have spiritual power... How can this be good?" Li Tian thought depressed.

On the way, he was silent like that, and he thought of a lot of things in his heart...think of his lover, and his former relatives! These memories are like movies, with scenes echoing in his heart.

...

Walked day and night.

At noon the next day, they had already reached the jurisdiction of the imperial capital.

On the wide road, you can see some galloping horses and some carriages passing by. These must be people from the imperial capital.

"Finally back." I saw the students say excitedly within the geographical jurisdiction of the imperial capital.

At this time, Li Tian not only raised his eyes and looked at the huge city in front of him, but he saw huge buildings like ancient medieval castles there.

These castles are majestic and majestic, for Li Tian is simply a spectacle! !

"Is this the imperial capital?" Li Tian blinked his eyes and looked there.

They crossed the smooth road and then reached the border wall fortress of the Imperial Capital.

After walking in, he came to this prosperous imperial capital city.

On the street, there were bustling crowds everywhere, among them were warriors in armor and beautiful women in gauze.

Li Tian just blinked his eyes and looked at him excitedly.

This city is obviously very different from the previous Stormwind... Whether it is from the flow of people or from the aspect of trade imports... Stormwind is far more than god.

I have to say that this emperor is an extremely prosperous city.

Of the three illusion schools that are famous in the empire, two of them fall within the imperial capital.

Band College is one of them, and its location is in the western part of the Imperial Capital.

Rock Academy is another highly prestigious illusion school, and its location is in the eastern part of the imperial capital.

Although the two top-level illusion schools in China are in the same prosperous city, there are very few contacts! Except for the three-year illusion contest, they basically did not have any communication.

As for the students in each college? Even if they meet on the street, they never talk to each other.

This is the imperial capital!

I saw Li Tian following the students of Bander College towards the Western City area of the Imperial Capital. Li Tian was looking around curiously along the way.

"Student Li Tian, we are going back to the college soon, are you excited?" Suddenly at this moment the beauty Isha ran from the front and said to Li Tian with a smile.

Li Tian smiled faintly: "A little bit."

Ha ha.

"You will see our great Bander College soon." The beauty Isha said with a smile there.

At this moment, Li Tian walked forward step by step with a slight expectation.

After walking for about ten minutes, I saw a huge wall suddenly appeared in front of it. The wall was more than two feet high in total, all made of granite stones. Inside this wall, you can see ancient buildings. The fort-like building is vigorously there.

Look carefully, in one of the tallest buildings, there are four characters written: Bender College!

"Is this the Bander Academy?" Li Tian was shocked when he saw it.

Just as Li Tian was thinking about it in his heart, all of a sudden, all the students were cheering like wild horses running out of their arms.

"Come back, come back, we are finally back."

While talking, he ran towards the gate of Bander College.

After the old Dean Hollis returned to Bander College, he saw the relaxed expressions of the students one by one, without too much restraint, just smiling there.

Chapter 2600: The only apprentice

The gate of Bander College is as solemn and mighty as a city gate. .

There was also a low house at the door, and there was an old man in his 60s sitting inside. The old man was wearing a shabby shirt and his hair was gray, but the whole person looked vigorous.

He is guarding the gate of Band College: Old Ge!

The students in the college are in awe of this old Ge, not only because Ge old guards the gate of the college, but also manages the dormitory situation of the college.

"Old Ge!"

After returning, the students of the college greeted the old Ge who was guarding the gate of Bander College.

What about Elder Ge? At this moment, seeing so many students come back, I also squinted and laughed.

"You are back?"

"Yes." The students said back.

"Where is the old dean?"

"It's behind."

"Okay, okay, okay, I'll open the door for you." The old Ge, who was talking, opened the door of the huge college.

The moment the gate of the academy opened, I saw a huge cultivation square with a flat stone road in the middle.

The Bund College is built as a circular building, and the entire circular building is divided into five departments.

Thunder and lightning, fire, wind, water, and gas.

Each department has its own practice place, its own dormitory, and its own teachers.

Under normal circumstances, each department can't rush into other departments... This is strictly stipulated by the college.

I saw the students who ran in had already ran towards their respective departments.

The students of the Thunder and lightning department went to their department, and the students of the wind department also ran towards their own department...Only at this moment Li Tian stood depressed.

He is the only Qi illusion technique, Qi system.

Of course Li Tian, who had just arrived at Bander College, didn't know where the Qi system was, so he could only stand blankly.

"Student Li Tian." Suddenly the voice of the old dean came over.

Turning his head and looking, he happened to see the old Dean Khris coming over with a smile, and the old Dean was also following the old Dean Ge who was guarding the gate of the college.

When Li Tian saw the old dean Heris and the old Ge who was guarding the gate, he not only said in that respectful way: "Old Dean."

"The old man takes you to the Qi Department now! Find your teacher." The old dean suddenly said.

When Li Tian heard this, Shanxia was excited.

He was finally about to meet his Qi system illusionist teacher and his students who were studying illusion together.

After speaking, the old dean stepped forward and Li Tian followed closely.

"By the way, classmate Li Tian, I want to tell you one thing in advance, don't be disappointed." The old dean in front of him took a few steps and suddenly said to Li Tiandao.

Li Tian was stunned for a moment, then blinked at the old dean and said, "Old dean, what's the matter?"

"Ahem, I've told you before, what about our academy? Qi illusion is not very popular... To be precise, the illusion students of the Qi system in every academy are not very popular! So your Qi illusion students Very rarely..."

After hearing this, Li Tian was depressed, and asked, "How many students will learn Qi illusion with me?"

"amount!"

"So far, you are the only one in the college." The old dean said.

what?

Li Tianyi screamed: "I'm the only one to learn Qi illusion?"

The old dean touched his nose helplessly and said, "Yes."

Li Tianyi heard that the egg broke! He originally thought that although the Qi illusion technique was very poor, someone should practice it! At this moment, I didn't even think that in the huge Bander Academy, Li Tian was practicing Qi Illusion alone!

This, this, how can this not make Li Tian depressed?

"Then...what about my teacher?" Li Tian asked with his eyes wide open.

The old dean said, "Teachers, don't worry! We still have a Qi illusion teacher at Band College."

"I'll take you there now, just to meet your Qi illusion teacher." The old dean said.

Li Tianyi finally found a little comfort in his heart!

gosh!

Fortunately, there is still a teacher of Qi illusion at Bander Academy. If there is not even a teacher, Li Tian would have come in vain!

After thinking about it, Li Tian felt that it is not bad to practice Qi illusion by himself, after all, he has a teacher! Although I don't know in my heart who the teacher of the Qi illusion is, it is better than nothing!

After thinking about it this way, Li Tian followed the old dean step by step towards the Qi system illusion area.

The so-called Qi system illusion area is just one of the most garbage places in the college.

Because there is no one to practice Qi illusion, most of the Qi illusion field is used as the storeroom of the college, where piles of trash from other departments are piled up... There are also some discarded tables, chairs and so on in the college. object.

After following the old dean through a row of buildings, he saw an old house with a huge font "Qi" hanging on it!

Obviously, this old house is the place of the Qi illusion.

"This is the site of your Qi system illusion." The old dean whispered to that Li Tiandao.

Li Tian blinked his eyes and looked at it. After thinking about it, he didn't talk too much, just a simple "en" in his mouth.

"I'm looking for your Qi system illusion teacher: Moore!" The old dean smiled.

Moore?

Li Tian finally knew the name of his teacher, and now he just wants to see that teacher as soon as possible to see what he looks like.

At this moment, the old dean had already walked towards the old house. After reaching the door, he gently raised his hand and knocked on the door.

"Who?" a sharp voice suddenly sounded inside.

The voice was sharp and unpleasant, like a duck screaming.

"It's me, Herris," the old dean said, standing at the door.

Then Li Tian heard a mess of footsteps, accompanied by the sound, and then the door of the room opened with a "creak".

Then I saw a very thin, yellow-faced guy coming out.

His jaw was sharp, like a monkey, his eyes had a bitter look, he had a small beard under his beard, and he was wearing an old, yellowish gray robe.

Is he the teacher after Li Tian?

Li Tian looked at the guy who came out, not only frowned slightly.

At this time, the guy who came out also saw Li Tian and the old dean.

"Old Dean, are you back from Stormwind City?" The guy looked at the old Dean Khris and smiled.

The old dean smiled and nodded and said, "Yes."

"I came back quite early..." the guy smiled there.

At this time, the old dean suddenly pointed to Li Tiandao and said, "Moore, let me introduce you to this student? His name is Li Tian, and he is a student we specially recruited from Stormwind City! What's next! He will follow you to learn Qi illusion."
