

A Killer 26

Chapter 26: the truth

Li Tian ignored her and walked slowly towards the fifth floor with his broken bag on his back.

Feifei, who was behind, saw Li Tian walking towards the top, and followed with a sigh of helplessness.

The difficulty finally reached the 5th floor, Feifei panted, holding the wall next to him tiredly, looking at Li Tian there.

Li Tian had knocked on the door of the room, and after a while, he saw the iron door opened.

A woman in her 40s walked out from inside. After she walked out, she glanced at Li Tian and Feifei in front of her.

"You rent a house?"

"Yes." Li Tian replied.

"The house is on the sixth floor. It's upstairs. Go, I'll show you." The woman in her 40s said as she walked upstairs with Li Tian and Feifei in front of her.

"There is another layer?" Feifei was completely depressed.

Li Tian in front of him had followed the woman upstairs.

Opening the door, the woman in her 40s pointed to a house decorated by Jane and said, "Look at the house, 1,000 per month."

"1000? So expensive?" Li Tian couldn't help but hesitate.

The 40-something-year-old woman suddenly turned her head and said, "1000 is still expensive? This is already considered the cheapest house in Kyoto."

Li Tian heard the woman say so and glanced at the house. There was nothing but a broken table and a bed in the house, and because there was no one living for a long time, it was covered with a layer of dust. You have to pinch your nose.

"You still can't live? To be honest, my house is already the cheapest house in Kyoto. If you don't believe it, you can look for it again." The woman in her 40s said impatiently.

Li Tian suddenly felt distressed.

I thought I would rent it. It will be dark soon. If I don't rent it, I will really sleep on the street.

So Li Tian agreed.

Then he took out 1,000 yuan from his pocket and handed it to the woman in her 40s.

After the woman took the money, she couldn't help laughing, and she said to Li Tian there, "This room is actually pretty good. You can clean it up, how comfortable it is for the young couple to live with Yongti."

"Young couple?"

Feifei, who was behind him, almost fainted when she heard the woman say that.

"Isn't it? Hehe, they are all living together, they are not young couples, but yes, young people nowadays like to live together in advance."

The woman said as she walked out of the room.

It makes Feifei extremely embarrassed.

Li Tian didn't think much. After walking in, he put his backpack on a table and started cleaning.

Feifei walked in, frowned and glanced at the bedroom: "Can people live in this place?"

Li Tian gave her a blank look.

"Girl, you don't have a penny, it would be nice to have a place to live, and you are picky."

"You..." Feifei pointed at Li Tian viciously.

But he endured it, there was no way Li Tian was telling the truth, and indeed he did not have a penny in his pocket now.

"You are packing here now, I'll go make a call." Feifei ran out quickly as she said.

Li Tian was left alone in the room to clean up.

This place is finally Li Tian's first residence in Kyoto. Although it is relatively rudimentary, it is considered good for Li Tian, who has been an orphan since he was a child. Unfortunately, this house costs 1,000 yuan a month, so he doesn't have much money. There is not much left of him at this moment. It seems that he has to find a job quickly, otherwise he can't starve to death in this big city.

Feifei, who ran outside, hid on the fourth floor of the stairs and made a phone call.

"Hello, my little baby." Feifei said to the phone.

"Feifei, my God, you finally called me." A very **** girl's voice came from the other side and said in shock.

"What's wrong? Girl, miss me?" Feifei said with a smile.

"Dizzy, smelly girl, did you get there today? Your dad came over to find me in person and asked me if you were here with me?"

Feifei looked a little unhappy when she heard about her father.

"Don't worry about him, make him anxious."

The girl over there called Su Ke said on the phone: "Feifei, is it because you made a baby kiss with that playboy?"

"Yeah. My God, Su Ke is now in the 21st century. I can't stand my dad, baby boy, he can think of it. And that guy is still a playboy, so terrible, if I marry like that in this life People, I might as well die." Feifei said angrily.

"I also think that Uncle Tang didn't do this well. That man is really unreliable." Su Kedao said.

"Then where are you now?" Su Ke asked Feifei.

Feifei said: "I live with a (master) now."

"What (master)?" Su Ke asked in confusion.

Feifei smiled and said, "I'm a very good hitter, and he's still a handsome guy. Today, you don't know, I was almost pulled back by two followers sent by my dad. Fortunately, that (master) drew a knife to help. , The hero saves the beauty."

"Dizzy, save the beauty as a hero."

"Do you know anyone? You know what that guy does?" Su Ke asked worriedly.

Feifei was taken aback: "It seems that I just arrived in Kyoto."

"What? People who have just arrived in Kyoto, you dare to be with him, I really convinced you, Feifei, or I will drive over to pick you up, you can come and live with me." Su Ke said worriedly.

Feifei said, "No, don't worry about me. I'll be fine. This person is very funny. I don't think he looks like a bad person."

"Feifei, you are a girl, besides, you are still a beautiful little beauty. You live with a strange man now, how can you make me feel at ease. Now this society knows more about others, just in case that If the guy thinks something bad, it will be troublesome."

"Besides, you are the daughter of a Tang company in Kyoto. No, you tell me the address. I will drive to pick you up. You live with me."

"Su Ke, don't worry about me anymore. Really, I can't think of people wrong. This **** is definitely not a bad person."

"Okay, I won't tell you anymore." Feifei hung up the phone after speaking.

Su Ke's call came from the other end of the phone, but Feifei had already hung up the phone and turned it off on purpose.

What is going on with this girl?

It turned out that Feifei's real name was Tang Feifei, who was the daughter of a Tang company in Kyoto. In Kyoto, few people don't know about the Tang company, but how about Tang Feifei's father? It is the leader of Down's enterprise. Why did Tang Feifei suddenly run away from home today?

It turned out that as early as 20 years ago, when Tang Feifei's father Tang was at the lowest point in his business, he got help from the Wang family in Kyoto, so the business turned around. In order to express his feelings, Tang Zheng ordered a baby kiss for the Wang family since childhood. Twenty years have passed, and Tang Feifei has grown up. Where is the eldest son of the Wang family over there? It is a famous carrot.

Because the royal family is also very rich, the guy from the royal family doesn't know how many girls cheated in Kyoto...

Tang Feifei never knew that she still had a baby kiss. She only recently learned about it. When she knew it, she became angry, especially when she heard that it was the **** from the Wang family.

How could she be willing? So Tang Feifei ran away from home in a rage, and met Li Tian.
