Chapter 2601: Molburn

Chapter Fifteen

After hearing the introduction of Li Tian from the old dean, Heris, Moorben suddenly screamed.

"what?"

"My student?" Moore looked at Li Tian in disbelief.

I saw the old dean Hollis smiling and saying, "Yes, from now on, classmate Li Tian will follow you to learn Qi illusion."

After hearing this, Moore lifted his eyes and looked up and down Li Tian, as if he had seen a monster.

"Are you learning Qi illusion?" Moorben suddenly looked at Li Tiandao strangely.

Li Tian nodded respectfully and said, "Yes, teacher."

After Na Morbun listened, his eyes flashed.

"Old Dean, then he will be my student from now on?" Moore was suddenly surprised.

The old dean said, "Of course, I have already said it."

"Great, I finally have a student in Moore." Moore said with joy in front of me.

Listening to what Moorben said, Li Tian in front of him was always depressed, and his heart not only murmured: How many years has this teacher Moorben never received a student? How can I see myself so excited.

The old dean then smiled at Li Tiandao: "Li Tian, from now on, Moore will be your Qi illusion teacher. You have to practice Qi illusion skill with Teacher Moore. Do you understand?"

"I understand." Li Tian replied.

The old dean smiled and said, "Very good!"

"Moore, I have already entrusted this student to you, and you teach him psychic illusions!"

Then Moore smiled, showing his yellow teeth and said: "The old dean can rest assured, I must teach him well."

"that's fine."

"I have something to do. Go back to the college first. How about you? Let's talk first... In the afternoon, classmate Li Tian, I want to find you." The old dean said at last.

Then Li Tian was taken aback when he heard what the old dean said. Hey, what did the old dean look for in the afternoon?

But he didn't ask too much, just nodded slightly and said: "Okay."

In this way, the old dean left here with Ge Lao who was guarding the gate.

At this moment, Li Tian and Moore were left.

After the old dean left, Moore looked at Li Tian up and down, as if he looked like a monster.

"Hey, kid, what's your name?" Moore suddenly squinted at Li Tian and asked.

"My name is Li Tian." Li Tian replied respectfully.

After hearing the name Li Tian, Moore murmured, "What a strange name."

"By the way, what kind of stuff are you wearing on your face? Why didn't you take it off?" Moore suddenly looked at the bronze mask on Li Tian's face and asked.

Li Tian replied: "Because my face was ruined by others... my appearance was too ugly, so I chose to wear a mask in order not to scare others."

"Really?" Moore said this dubiously when he heard Li Tian say this.

"Teacher, I tell the truth every word." Li Tiandao.

Then Moore thought for a while and said, "Okay, okay, since you want to wear that ghost thing, just wear it."

"From now on, you are already a student of my Moleburn. Remember, you have to listen to me and do what I do. If there is any complaint, I will punish you." He raised a pair of bitter eyes at Li Tiandao.

After Li Tian heard this guy say so, he couldn't help but conceal in his heart: Why is this Moorben speaking so arrogant and ugly? Wouldn't he really do anything excessive to himself?

Li Tian was thinking this way, but he said, "I see, teacher."

"good."

"Come in, let you visit the site of our Qi illusion." Moorben suddenly opened the door and said.

Li Tian then followed in, and as soon as he walked in, he first smelled an unpleasant smell of medicine!

I looked up and saw that there were all kinds of flowers and plants in that room, as well as all kinds of red and blue weird potions!

Looking at all these things, Li Tian couldn't help furrowing his brows, and said to himself: What is this thing?

Li Tian then looked around the room, and saw that the room was very shabby, like a garbage dump, with everything...The middle place was wide, but there were a lot of cobwebs growing above it.

Li Tianyi looked at the venue of the Qi illusion technique, feeling disappointed in his heart.

"Hey, how could I be reduced to such a place?"

"It seems that my choice of Qi illusion is really wrong." Li Tian said in that heart.

Just as Li Tian was thinking like this in his heart, suddenly that Moore said to Li Tiandao: "Hey, come here."

Li Tian then walked over.

"Are you particularly curious about these things?" Moore said suddenly, pointing to the strange potion bottles around him.

Li Tiandao said: "En."

"Teacher, what is this?" Li Tian asked.

Suddenly, Moore's eyes burst into light and said, "These are the treasures of the teacher."

"These are the potions for enhancing the Qi illusion technique... After drinking these potions, the spiritual power of the body will be improved, and the cultivation of the qi illusion technique will be faster!" That Moore said.

Li Tianyi became depressed at the moment, and not only asked, "Teacher, do these things really work?"

"Nonsense, of course it works!" said Moore coldly.

After listening to Li Tian, he didn't speak, but looked depressed at so many medicines.

"Boy, let me tell you, if you can practice Qi illusion well in the future, how about teacher me? Maybe you will be rewarded with some medicine... so that you can practice quickly." That Moore said to Li Tiandao.

Then Li Tiandao: "Then I thank the teacher first."

"By the way, why did you choose to practice Qi illusion?" Suddenly Moore turned his face there and looked at Li Tiandao.

Li Tiandao: "Because I like Qi illusion."

"Hehe, isn't it?" Moore said.

Li Tiandao: "Yes."

"It seems that your boy has a good vision. If Qi illusion can be successfully cultivated, hehe, it is a peak-level existence! Other lightning, fire and water systems are not opponents of Qi illusion at all!" Said the Tao.

Li Tian smiled slightly after listening.

"However, boy, I can tell you in advance that it is not that simple to practice Qi illusion! This Qi illusion is different from other types of illusion. It not only requires strong spiritual support, but it is also quite difficult to practice! Since you If you have a choice, you have to go step by step, you know?"

"Well, I know." Li Tian replied.

Chapter 2602: Test again

"No matter what, you will be my Moorburn student from now on." Moorburn said with a smile suddenly there.

Li Tian stood there without speaking.

"Let's go, I'll take you to your dormitory to have a look." Moore said suddenly.

Moore, who was talking, left the room with Li Tian, and then walked quickly toward a narrow lane on the left.

Li Tian just followed that Morben silently, and then walked towards this side.

After passing through a narrow alley, I saw a few low and dilapidated houses. These houses looked very old, as if they had not been inhabited for many years.

After Na Moor came to the door of this room, he suddenly took out a bunch of keys from his waist and handed them to Li Tian.

"Here, this is the dormitory from now on, you live here." Na Moor said.

Li Tian took the set of keys, held it in his hand, and then glanced at the dilapidated room.

"You go in and pack up."

After speaking, Moore turned around and left here.

Li Tian stayed here alone.

Li Tian frowned and looked at the dilapidated dormitory. He could only sigh and shook his head... and then took out the key to open the door of the dormitory.

After Li Tian stuffed the key into the rusty chain, no matter how he turned it, he couldn't open it.

"Damn it, it seems that this lock should be too old, so it can't be opened." Li Tiandao said.

With that said, he pulled out the key, then looked at the rusty broken door, and then suddenly accumulated vitality in his palm. With a "bang", Li Tian shook the door in front of him!

He directly violently opened the door of this room.

After Li Tian opened the door in front of him with a palm, a smell of dust came to his nose.

Li Tian hurriedly covered his nose and looked at the dusty room depressed.

I saw the mess in the room, dust and dust everywhere... and layers of spider webs...

"What kind of broken room is this!" Li Tian said depressedly.

The room was very messy, with old and damaged tables and chairs everywhere... There were two beds over there, one of which was lame!

Looking at such a room like a garbage dump, Li Tian was completely helpless.

He stood in the room blankly, and then took a deep breath, trying to calm his heart down.

"Forget it, I chose Qi illusion technique myself! No wonder others!" Li Tian said in that secretly.

Since I have chosen Qi illusion, I have to live such a life of notation by myself.

At this moment, Li Tian glanced at the room, then he found a broom and a wooden bucket outside, and after filling a basin of clean water, he started cleaning.

Li Tian piled up all the old tables and chairs at the back of the room, and then moved the slightly more reliable bed... As for the other bed that was missing a leg, Li Tian hit it with a palm. Broken, and then threw all the broken pieces of wood.

Finally, Li Tian worked in this room alone for a long time. After a long time, he finally sorted out the room.

In this room, he lives in half of the area, and the other half is filled with old tables and chairs...

Li Tian sat on the bed alone, wiping the sweat from his forehead slightly, and he gave a wry smile.

...

"Old Dean, why do you give that student to that guy Moorburn?"

"Everyone knows that Moore is the most useless teacher in the academy! He has no abilities except to develop some weird potions all day long... The old dean, so he handed the kid to Moore. I'm afraid...I'm afraid...will delay that child?"

I saw inside the college, the old Ge who was guarding the gate suddenly said to the old Dean Hollis.

It turned out that in Band College, that Moore was the most useless teacher! Moore was also the only Intermediate Level 1 Qi Illusionist in the academy. From the day he entered the academy, he had taught a total of three students. Of those three students, two dropped out by themselves, and the last one was missing. Up! Since then, Moore never accepted students again

At Band College, everyone knows that Moore is the most useless guy!

But Moore never thought that way. He thought he was an extremely smart person... He made medicine all day long. He felt that medicine could also improve the spiritual power of the human body and also help practice illusion, so this guy has been obsessed since then. Pharmacy, every day and night, refining medicine and making medicine.

The old dean knew that Moore was selfish, greedy, and treacherous, but since he was the only Qi illusion teacher in the college, he didn't do anything to him.

This time, after the old dean handed Li Tian to Namorben, the old Ge, who was guarding the gate, looked at Heris and asked in a puzzled way.

The old dean Heris said slightly there, "Old Ge, there are some things you don't understand! What about that kid? To be honest, it's strange."

"His body has no spiritual power... but he can use Qi illusion!"

When the old dean said this, the old Ge who was guarding the gate was not only taken aback: "Ah? He has no spiritual power in his body, right?"

"It's true! At least when he was in Stormwind City, his body did not show any spiritual power under the testing stone." Old Dean Hollis said.

Na Ge was speechless after hearing this.

"Old Dean, since that kid has no spiritual power? Why should we recruit him into the Illusion Academy?" Ge Lao asked.

The old dean Khris sighed slightly: "Because I promised someone! He must be recruited into the college."

"Who?" asked Lao Ge, who was guarding the gate.

The old dean shook his head and said, "You don't need to know this."

After hearing this, Old Ge knew that he shouldn't ask, so he closed his mouth tightly.

"Let's arrange this first, let that kid follow Moore! For a while..."

"As for his physical and spiritual power, I will personally take the child to the spiritual test stone in our college this afternoon, and test it again! If the child's body still doesn't have any spiritual power this time... then I can only find a reason to expel him at that time." Old Dean Hollis said.

Hearing what the old dean Hollis said, the old Ge who guarded the gate didn't say much.

The empire has clear rules! People without spiritual power are absolutely forbidden to practice illusion, if once known, this is a crime!

So the old Dean Heris didn't dare to take this risk... He decided to take Li Tian to test the Lingshi again this afternoon.

Chapter 2603: waste

Li Tian stayed alone in that shabby dormitory.

The dilapidated dormitory was cleaned up by Li Tian. He looked at the dormitory he was going to live in, and the corner of his mouth showed a slightly satisfied look.

Hey, it is very clean after all!

Just as Li Tian was thinking like this in his heart, suddenly the sharp voice of Morben came from outside.

"Li Tian, Li Tian!" Moore's voice outside called Li Tian.

After Li Tian heard this, he ran out of the dormitory quickly.

"Mr. Moorburn." After he ran out, he saw Moorburn.

I saw that Teacher Moorben looked at Li Tiandao in his eyes and said: "Come here, the old dean is looking for you."

After hearing this, Li Tian replied: "Oh!"

Then he walked over quickly.

As Na Moor walked towards the training ground of the "Qi System", he saw the old Dean Hollis standing there smiling.

"Old Dean." After Li Tian and the others came over, they not only shouted respectfully to the old Dean.

The old dean Heris looked at Li Tian and smiled.

"Li Tian, follow me to the Spirit Testing Square... I will take you to test your body's spiritual power again." A word came out of the old dean's mouth.

When Li Tian heard this, he was not only taken aback, and said, "Old Dean, haven't I tested it in Stormwind City?"

"No, no, that's not accurate! I want to take you to the test again." Old Dean Hollis said.

After Li Tian heard what the old dean said, he nodded there and said, "Okay!"

Then he followed the old dean Hurice forward.

As for the teacher Moorben with the sharp-mouthed monkey cheek behind that?

At this moment, when he heard that his student was going to test the spirit, he also trot over immediately.

"Old Dean, I'll go see it too."

After hearing what He said to Erben, the old dean Heris not only frowned and said, "What are you going to do?"

"Hey, let me see how much spiritual power my student body has! If that's the case, I'll be able to teach in accordance with my aptitude in the future!" Moore with the sharp-mouthed monkey gill said that.

After hearing this sharp-mouthed monkey cheek Moor Ben said so, the old dean in front of him could only smile and said, "Okay!"

Then I saw the old dean walking towards Test Ling Plaza with Li Tian and Na Moorben.

After arriving at the Spirit Test Square, Li Tian saw the same Spirit Test Stone. This stone must be a little larger than the Spirit Test Stone in Stormwind City, and the light emitting from it is also exceptionally dazzling!

Looking at the measuring spirit stone, Li Tian felt depressed!

Last time, after Li Tian tested the spirit, he found that his body had no spiritual power, which made him very uncomfortable! This is another test of the spirit, to be honest, Li Tian in front of him is a little bit excited!

The old dean Hollis took a look at Li Tiandao and said, "Child, don't be nervous, relax!"

"I believe that your body must have spiritual power." The old dean encouraged Li Tiandao there.

Li Tian glanced at the old dean gratefully, and then nodded deeply.

"Go, relax your body, and then gently press your hands on the measuring spirit stone." The old dean Heris said to Li Tiandao there.

After listening to Li Tian, he took a deep breath, and then walked step by step toward the measuring spirit stone.

The measuring spirit stone exudes a dazzling light, and it shows one after another spiritual power level.

One paragraph, two paragraphs, three paragraphs!

Li Tian looked at those spiritual power ranks, and couldn't help but muttered silently: "Please bless my body must have spiritual power!"

With that said, Li Tian began to stretch out his hands slightly, and then slowly pressed it towards the measuring spirit stone.

As Li Tian put his hands on the "Ling Measuring Stone", just like the last time, a cold chill came out of Li Tian's palm.

Li Tian stepped back subconsciously, then opened his eyes wide and looked at the "Lingshi Lingshi" that was radiating at this moment.

And the old dean over there, as well as his teacher Moore, are all looking at Li Tian with their eyes wide open at the moment, they are all waiting for the result of the test!

Suddenly, Li Tian placed his hands on the measuring spirit stone for a short period of two seconds.

"Wow!"

The measuring spirit stone that originally radiated light suddenly disappeared, and no more light appeared.

This time, Li Tian was startled! His heart thumped and it was completely cold!

And the whole face of the old dean over there was also indescribably ugly, and suddenly he only heard the mumbling in his mouth: "It seems that this child does not have any spiritual power in his body, hey!"

After the old dean finished speaking, Moor, who was with a sharp-mouthed monkey cheek in front of him, also screamed.

what?

"He... he... he... doesn't have the slightest amount of spiritual power? Isn't it?" Moorben looked at Li Tian with wide eyes in disbelief.

"Old Dean, this, this, what's going on?"

"This...this kid...why doesn't the body have a little spiritual power?" Moorben in front of him suddenly called to the old Dean Hollis.

But seeing that the old dean didn't pay attention to the annoying Moore at this time, he just turned his head and glanced at Li Tian who was standing there silently, and said, "Forget it, no test."

A word came out of the old dean's mouth.

After Li Tian heard this, he didn't speak, and walked over step by step with his head down.

"You and your teacher can go back." The old dean Khris glanced at that Li Tiandao and said.

Then Moore said with his mouth open: "Old Dean, this kid has no spiritual power in his body? How can he learn illusion?"

"My Qi system illusion...but you need a student with at least 2 levels of spiritual power to practice?" That Moore said originally.

The old dean suddenly looked ugly and said: "Just what is your ability? Are you worthy of a second-level spiritual power student?"

Hearing the old dean's roar, Moorburn suddenly closed his face! At this moment, I dare not say a word anymore.

"Go!" The old dean glared at that Moor Ben coldly.

Na Moore didn't dare to confront the old dean, so he could only stare at Li Tian resentfully, and then led Li Tian to the Qi system illusion technique training ground step by step.

Li Tianwan didn't think that his body still didn't have the slightest spiritual power!

At this moment, there was an indescribable disappointment in his heart!

He was silent along the way, without saying a word.

As for the angrily sharp-mouthed monkey-chicken teacher Moorben, he was filled with resentment along the way.

"Is your kid a waste? Your body doesn't even have any spiritual power?"

"How can a trash like you be my Moorburn student?"

Chapter 2604: Important meeting

"Hey, how did you kid get into our Bander Academy? It doesn't even have any spiritual power in your body?"

That Moore said to Li Tiandao, who was staring at him with a bitter face.

Li Tian stood there, saying nothing.

"Trash! How could I take a trash as a student?"

"Hey, if this were to be passed on to other teachers, wouldn't I be ashamed." Moore said angrily.

Na Moore cursed at Li Tian for a while, and when he found that Li Tian didn't answer his mouth from beginning to end, he finally endured and said: "Forget it, I don't bother to take care of you this trash."

"Go, go, stay in your own broken dormitory." After that Moore spit out these words coldly, he left Li Tian in front of him.

After Na Moben left, Li Tian went back to his dormitory silently.

He sat on the bed, remembering that his body did not have any spiritual power, and suddenly he slammed a fist against the wall next to him.

With a bang, the hard wall was almost smashed by Li Tian's fist.

"How come my Li Tian has no spiritual power?"

"Is it inherently destined that I can't practice that illusion in this different world?" Li Tian yelled angrily.

"Not reconciled! I am not reconciled!" Li Tian roared.

But after his body was tested again, he still didn't have any spiritual power.

I can't practice illusion without spiritual power. What can I do?

The irritable Li Tian could only lie on the bed at once, with an indescribable extreme depression in his heart.

On this day, Li Tian basically didn't get out of that shabby dormitory very much. The only acrimonious teacher Moorburn did not even glance at Li Tian.

He felt that Li Tian was nothing but rubbish, and he didn't deserve to be his student of Moore.

...

In the meeting hall of the college, the old dean held a meeting the next day.

I saw teachers from other departments of the academy also rushed over. There was the Anderson teacher from the Thunder and Lightning department, the Cyril teacher from the Wind department, and the other beautiful water teacher Evelyn, and the fire teacher. Loft waited.

When they arrived at the conference hall of the college, they found that the old dean Heris had not arrived, so they all sat down quietly.

"Old Dean, why are we calling several teachers urgently?" Suddenly Cyril, the wind teacher over there, smiled and asked.

Anderson, the illusion teacher of the Thunder and lightning department, said in a thick voice, "I guess it is probably because of this year's Empire illusion competition."

"Well, Anderson is right. The three-year illusion contest is about to come in 5 months. This time, our Bander Academy can no longer be the bottom. If we get to the bottom, we can never lift it. Started." The beauty teacher Evelyn said suddenly.

"Yes, yes." After hearing the beautiful teacher Evelyn said so, the teachers of other departments nodded in agreement.

Just as they finished speaking, suddenly a figure in a gray robe came in like a mouse.

Look carefully, that is the illusion teacher of the Qi system: Moorben.

"Ah? Who do you think is here?" Suddenly Anderson, the illusionist teacher of the Thunder and Lightning Department, screamed after seeing Moorben's figure there.

Pointing at that Moorben as if looking at a monster.

"Moorben? Why did he come to the meeting room?" Loft, who was wearing a red robe here, suddenly couldn't believe it, looking at that Moorben and asked.

I saw that even the beautiful teacher Evelyn was looking at the wretched Moore with the same curious eyes.

It seems that all the teachers here do not have a good impression of Moore.

It turned out that in the Band's Illusion Academy, this Moore was the most disgusting guy. Not only was he acrimonious, but he also thought he was smart. He always wanted to take shortcuts on the way to practice illusion, so he kept refining that potion... He hopes to improve his level of illusion through medicine! Everyone in the academy knows that Moorburn's Qi illusion is the lowest level illusion. After so many years of cultivation, he can only reach Intermediate Level 1... Never improve! And because he is notoriously acrimonious in the college, every major meeting of the college will never tell him or even let him participate! I didn't expect that this time, Moore actually came

Looking at the teacher Moorburn who walked in, Anderson suddenly laughed and said, "Wow, isn't that Moorburn, teacher of Qi illusionist?"

"Hey, did you go to the wrong room? This is the meeting room? Moore, why did you come to the meeting room?"

Na Moore knew that these teachers looked down on him, and the pointed corners of his mouth sneered.

"Huh, why can't I come to the conference room? Don't forget, I am also a teacher at Bander College." Moore said coldly.

Listening to Moore's words, Anderson suddenly laughed.

"Oh, oh, I'm sorry, I forgot! I forgot that you are still a teacher...haha." Anderson satirized that Moorbun unscrupulously.

Moore snorted angrily at the moment, walked over, and then sat on a chair.

"Moore, did the old dean let you come?" Suddenly Anderson continued to smile at Moore.

Moore said: "Of course."

"Yes, yes! It seems that Mr. Moorburn has advanced a lot of illusion skills during this period. Even the major conferences of the college have started to let Mr. Moorburn you participate. It is really gratifying." Anderson laughed.

That Moore almost wanted to jump up, he really wanted to teach the Thunderbolt Anderson severely, but when he thought about his illusion skills, he could only swallow his anger.

"Damn Anderson, one day, I will let you know how good I am Moore." That Moore said secretly in his heart.

"Teacher Moore, I heard that classmate Li Tian is following you now?" Suddenly Na Anderson looked at Moore.

As soon as Moore heard about his "trash" student, he felt a anger in his heart. He felt that it was a huge shame that Li Tian followed him.

"Yes." Molbun snorted coldly.

"Congratulations to Teacher Moore for accepting a gifted student! Congratulations, congratulations." Anderson suddenly smirked to Moore.

When Moore heard this, Anderson actually called his "junk student" a genius, which was clearly an insult to himself, and he was angry right away.

"Anderson, what do you mean?" He stood up suddenly and said.

Chapter 2605: Teach him illusion

Anderson smiled at Moore and said, "I don't mean anything, I'm just telling the truth..."

"Your only student is indeed very good, haha. He doesn't have any spiritual power in his body... Following you as a teacher... is a perfect match! Haha."

That Moore couldn't help it anymore, and said angrily: "You..."

With a roar, he was ready to fight!

Anderson, the illusionist teacher of the Thunder and Lightning Department, saw that Moore had accumulated a Qi illusion attack ball in his palm, and sneered at the moment: "What? Teacher Moore still wants to learn from me?"

"If I want to, I would like to see Anderson, your Intermediate Level 1 Qi illusion, to see how capable it is."

Anderson, who was talking, also stood up at this moment, and then sneered at Moore in front of him and said, with a provocation in his eyes.

The meeting room was suddenly filled with a flame explosion.

Seeing that Anderson was about to fight with Teacher Na Moorben, the old Cyril of the wind system illusionist here hurriedly smiled and persuaded: "Two teachers, two teachers, don't do it... This is a conference room! The old dean will be here soon..."

"Yeah, Anderson, Moorburn, if we wait for the old dean to see that if the two teachers of our college are fighting in this conference room, it might not look good, right?" At this moment, even the fire teacher Love Special is also there to persuade.

After hearing what they said, Moore and Anderson in front of him just glanced at each other coldly, then snorted in their mouths, and sat back on their seats.

The entire conference room was suddenly filled with a nervous atmosphere.

After these teachers waited for a while, suddenly only a laugh came to the conference room.

Look carefully, but see the old Dean Hollis appearing at the door of the meeting room.

He glanced at all the teachers present, then suddenly squinted and smiled slightly.

"Teachers, all are here," the old dean said slightly there.

After seeing the old Dean Heris, the teachers here all stood up one by one, and shouted respectfully: "Old Dean."

The old dean looked at the teachers, cast his eyes on that Moore himself, and then sat on the large chair in the front.

After sitting down, the old dean began to talk.

"Surely every teacher should know the purpose of me asking everyone to come to the meeting?" The old dean suddenly looked at all the teachers around him and said.

The wind teacher Cyril said there, "Old Dean, is it because of the illusion contest?"

After hearing what Cyril said, the old dean Heris not only smiled and nodded there, saying: "Yes, I am looking for a few teachers over today, it is for this matter."

"Every teacher also knows that the Empire Illusion Contest will be held in another five months. This time, our Bander Academy will send out 5 top-level students as usual, and then replace our Academy to compete! Hope? During these 5 months, every teacher will strengthen the practice of illusion skills for the children, because our Band College must not be able to hold up our heads in front of the other two colleges." The old Dean Hollis was there. Said with a heart and soul.

After hearing the words of the old Dean Heris, the teachers around there nodded silently.

Just listen to Anderson yelling there and saying: "Old Dean, you can rest assured! Our Thunderbolt Department will definitely be at the forefront this time! It will definitely defeat the students of other colleges."

The old dean heard that Anderson said so confidently, so he smiled and nodded and said, "Very good!"

"The content of today's meeting is actually this." The old dean in front of him smiled.

"Right now." The old dean said to the teachers.

After hearing what the old dean said, the teachers nodded silently, and then they prepared to leave here.

At this moment, suddenly the old dean said to the sharp-mouthed monkey-gilled Moor, "Moor, wait a minute."

After hearing the voice of the old dean, Moore not only turned his head with a smile, and looked at the old dean Hollis: "Old dean, what's the matter?"

But seeing the old dean looked at that Moore and said: "Moore, I want to tell you about your student Li Tian."

After hearing what the old dean said, Moore was not only taken aback, blinked his eyes and questioned: "Old dean, that student is just a trash, with no physical strength at all...why should he be admitted to the college? what?"

Just listen to the old dean sighed: "This...this...you don't need to know."

"I deliberately left you today, just to tell you that you have to teach that childish illusion! Although his body does not have any spiritual power, I have seen using Qi Jin before... so I think, That kid can be considered a manufacturable, right?"

When Moore heard this, his brows frowned, and he muttered in his mouth: How can a guy without spiritual power learn illusion?

But Moore changed his mind. After all, he had finally accepted a student, so he will do it! Anyway, I still need to practice some potions in the future. At that time, I can ask that waste student to help me collect medicinal materials on the mountains outside the city of Bander College, or try some dangerous potions for myself, hehe.

After Morben thought this treacherously, he then said to the old dean in front of him: "Well, since the old dean asked so, I will teach him illusion!"

"But, the old dean, I may not be able to teach him... After all, his body has no spiritual power." Moore said in front of him.

When the old dean heard that Moore said this, he just smiled and said, "Well, I won't blame you."

"Ok."

After hearing this, Moore smiled sinisterly.

After leaving the old dean, Na Moore went to the dilapidated dormitory to look for his only "junk" student.

"Boy, are you there?" Moore was standing outside the dilapidated door, shouting into the dormitory.

Li Tian inside was originally staying in the room in a irritable mood, but after hearing Moorben's voice at this moment, he was not only taken aback.

"Why is this guy looking for himself?"

Li Tian thought for a while, and stepped forward to open the door.

After Li Tian opened the door, he saw Moorben with a treacherous smile on his face.

Chapter 2606: Slavery

Glancing at that Moorburn, Li Tian in front of him said, "Mr Mooreburn."

Moore glanced at that Li Tian, couldn't help but snorted, and then walked in towards Li Tian's dormitory.

After walking in, Moore took a look at the clean dormitory, not only he said in his mouth, "Boy, it's pretty good, the room is still very clean."

Li Tian stood there, looking at Moore, and said, "Teacher Moore, are you looking for something to do with me?"

"Nonsense, of course something is going on, otherwise, why am I looking for you this trash?" Just listened to that Morben glared at Li Tiandao.

Li Tian was furious, but he endured it. After all, the guy with the sharp-mouthed monkey cheeks in front of him was his teacher.

"Boy, let me tell you, although your body is very trash, what about me? I still decided to accept you as my student, how about it? I'm not good enough for your boy?" Moore sneered at Li Tiandao there. .

Li Tian sneered at the corner of his mouth: This treacherous guy actually said that! ! !

But he said, "Thank you Teacher Moore."

"However, starting today, your kid wants to listen to me everything." That Moore said in that way.

After Moore finished speaking, he glanced at Li Tian and said, "Here, this is the secret of getting started with Qi illusion. You can practice it yourself."

Talking, Moore took out a booklet from his arms and threw it at Li Tian.

Li Tian took it in his hand, looked up, and saw it read: Introduction to Qi Illusion Technique.

Looking at the pamphlet in his hand, Li Tian not only smiled bitterly, but he secretly said that this **** took a copy of this thing to fool himself! ! !

"I tell you, this is the simplest and easiest introductory knowledge of Qi illusion... What about your qualifications? Although it is very stupid, I believe that after 35 years of cultivation, you should be able to practice the simplest. The knowledge of Qi illusion, once that time, you will become an Elementary Level 1 Qi illusionist." That Moore explained to Li Tian there.

Li Tian glanced at the lowest-level Qi illusion secret in his hand, and not only said, "Thank you, teacher."

"En." Morben snorted coldly.

"Starting from today, you can practice by yourself..."

"Remember, when there is nothing wrong, you are never allowed to enter my refining room, understand?" That Moore said to Li Tiandao.

Li Tian nodded and said, "I see."

"Well, just know it."

"Stay here by yourself and practice well."

After Moore finished speaking, he left Li Tian's room with his hands on his back.

After that Moore left, Li Tian glanced at the introductory knowledge of "Qi Illusion" in his hand, and not only smiled bitterly.

That **** Moore never thought of treating Li Tian like this!

He didn't tell Li Tian anything, and let Li Tian practice by himself... He was not like a teacher at all! In the academy, even the most talented student can't comprehend illusion...So it was obvious that that **** Moore was playing with Li Tian.

Of course Li Tian understood everything, but he didn't say it.

Holding the "Introduction to Qi Illusion Technique" in his hand, Li Tian wondered in his heart whether he wanted to practice!

"Hey, my body doesn't have the slightest amount of spiritual power? I don't understand what illusion is... and no one has guided myself... Am I still learning this qi illusion?"

Li Tian hesitated there!

To be honest, his heart is very contradictory now, he doesn't know whether he should learn this Qi illusion?

But can I give up?

Thinking of the students who laughed at him, the hateful Teacher Moore, and the fellows with strange eyes around him, suddenly a burst of anger emerged from Li Tian's heart.

"I want to learn!"

"I must learn this qi illusion technique! I don't believe it, my body has no spiritual power, and I can't learn this qi illusion technique!"

Li Tian thought firmly in his mind.

After Li Tian thought about it this way, he saw that he started to open the "Introduction to Qi Illusion Technique".

After opening it, I saw that it was densely packed fonts.

Most of them are some of the simplest elementary introductory knowledge of Qi illusion. This knowledge is the same as Li Tian's internal exercises when he was on the earth. It is also necessary to condense the body's energy first, and then walk through the body meridians to achieve unobstructed breath, etc. ...

"These elementary introductory knowledge of Qi Illusion Techniques are exactly the same as the techniques I use to practice internal gong?" Li Tian said thinking there.

Thinking like this in his heart, Li Tian began to roll back.

After flipping through a few pages, Li Tian determined, "This introductory knowledge of Qi illusion technique is indeed the key to cultivating internal strength!"

It's just that there are a few weird mantras in the back.

I saw that in the following chapters it was written: Slave Qi, to Qi slaves.

Looking at these words, Li Tian not only became curious.

Then began to continue to look down: slave qi, first gather qi, and then use spiritual power to guide the body's aura, and then try to control the qi to move the animal body!

Li Tianyi saw that this "slavery technique" cultivation key is not only interesting now.

"Doesn't it mean to use invisible energy to control objects?"

After Li Tian understood, he became interested immediately.

The cultivation method of this slave-qi technique can be said to be not difficult, but a depressing thing caused Li Tian a headache.

"Spiritual power! Damn, this slave-qi technique also needs the cooperation of physical and spiritual power!" Li Tian stayed there looking at the spiritual power.

"My body doesn't have the slightest spiritual power? What should I do? How to practice?" Li Tian thought.

After thinking for a while, he secretly said: "No matter what, I will try this cultivation key first! See if I can manipulate some objects without spiritual power!"

After thinking about it this way, Li Tian began to practice according to the cultivation key of the slave air technique.

Slave Qi technique: first walk the whole body's true qi around the body for 28 weeks, then rely on the dantian to breathe out the breath, and then use spiritual power to slowly guide that qi and infuse it on both arms, once two are sensed When there is a breath flowing in the palm of the hand, it proves that the slave air technique has basically been half successful!

Once that time is reached, you can control some simple little things with the invisible breath in your hand... Use Qi to control!

This slave-qi technique can be said to be the most common illusion technique among Qi illusions. It is the lowest-level illusion technique of the elementary level. Under normal circumstances, people who practice Qi illusion will never spend their kung fu on this, so this is the reason for this. Slave things, such a low-level illusion technique, can't be used in combat at all! But this kind of slavery technique is terrifying once it reaches the intermediate or high-level! Because it relies on powerful spiritual power, it can instantly control a person's body...so that he loses the ability to resist illusions without any defense at all, and once cultivated to a terrible level with Qi slaves, Move a few horrible heavy objects! ! !

Chapter 2607: apologize

Looking at this "slavery technique", Li Tian wondered in his heart whether he should try to practice.

"Try it, anyway, I don't have anything else to do right now." After thinking this in his heart, Li Tian decided to practice this "slavery technique".

For Li Tian, the secret of cultivation above is indeed relatively simple!

Qi illusion is actually very similar to internal force! To be precise, that internal energy qi is the basic knowledge of Qi illusion, but in another world, few people use Qi illusion to strengthen their internal power.

So at this moment Li Tian began to prepare to practice.

He sat cross-legs, and then placed his hands slightly in his dantian. The first step is to begin to accumulate qi, and first gather the energy of his body in the dantian.

This accumulation of energy is of course the simplest thing for Li Tian. He spit out a little, and then accumulated a vast energy in his dantian abdomen, and then he wanted to use this energy in the abdomen. In the meridians of the whole body, travel twenty-eight weeks.

All of this is relatively simple for Li Tian.

It only took Li Tian an hour to finish all the preludes of "Slavery Technique".

Then he started to use his dantian to breathe out that zhenqi, and then rely on spiritual power to urge the zhenqi to infuse his arms.

When he started to do this step, Li Tian's heart not only showed a slight worry, after all, he still doesn't know whether he can succeed?

He does not rely on spiritual power to see if he can practice this slavery technique.

After thinking about it this way, Li Tian began to slowly breathe out that qi, and then he used his body's strength to force the qi to flow slowly toward the two arms.

However, something unexpected happened.

When Li Tian tried to infuse his arms with the power of his body, that infuriating energy simply didn't work!

But seeing the qi in the body seemed to be blocked by something, and couldn't flow into his hands and arms at all.

"Damn, how could this be?"

"Does it have to rely on the spiritual power of the body to infuse that qi into both arms?" Li Tian thought unwillingly.

Then he began to try...

Try once, fail once!

Try again, it still fails!

Failure, failure, failure!

Li Tian spent a total of 5 experiments, but unfortunately every time he failed.

"Hey, it seems that I am destined to not practice this illusion." Li Tian suddenly sighed deeply there.

Then there was a piece of his mouth, and a puff of real qi came out of his mouth, and he spit out the qi just now into the air.

Sitting there blankly, there was a sense of helplessness in Li Tian's eyes.

"I am a waste without spiritual power... even the first-level illusion of this Qi illusion..." Li Tian suddenly laughed at himself in pain.

Li Tian stayed for a while, lying on the bed alone.

He is bored.

...

After all this morning, Li Tian began to prepare to eat in the cafeteria of Bander College.

The canteen of Band College is built in the rear area. The entire canteen is very large. Students from every department of the college will eat in the canteen.

At this moment, it was already time for the canteen to open, so Li Tian came to the canteen alone.

When he arrived at the cafeteria, he saw students from other departments in the cafeteria eating there...but the number was relatively small.

On the left side, there are thunder and lightning illusion students wearing purple clothes in the college. Not far from them, there is also a table of fire illusion students wearing fiery red clothes... In the most corner, there are a few more Wind students.

Most of them are 45 people gathered together, and then joking and eating there.

At this moment when Li Tian came in, the students all saw Li Tian immediately.

"Hey, isn't that a genius student?" Suddenly, only a few thunder and lightning illusion students wearing purple clothes over there were looking at Li Tiandao.

"A genius student? Mao, he is just a trash student." Another white-faced fellow said, looking at Li Tian with disdain.

"Haha, people don't have any spiritual power in their bodies... They can still enter our Bander Academy. What do you think they are not geniuses?" Another ridiculed Li Tiandao in that words.

"Cao, I really don't know why our college enrolls such students? What a surprise."

"Maybe people get in by relationship? Don't forget, going through the back door is also a relationship in this world."

"I despise this kind of person the most... There is no real material! Waste!"

...

Their insulting voices passed into Li Tian's ears, and Li Tian didn't care too much!

To be honest, Li Tian has long been used to the ridicule of these students.

So at this moment, even if he heard their insulting voices, he did not speak, and still strode towards the cafeteria for food.

After finishing the meal, Li Tian began to sit in the corner alone and began to eat.

The illusion students of the Thunder and Lightning Department over there are still talking about Li Tian.

"That trash kid, it's a little weird, **** it, how could he knock that stupid Boge down on his way back last time? It's really unexpected." Just listen to the illusion students of the Lightning Department. .

"Yeah, it's really weird."

"I heard that the boy Boge has changed in the past two days... It seems that the boy defeated him."

"Damn it, Borg is really shameful! I can't think of a dignified elementary 2 thunder and lightning illusion that was defeated by a trash." They said there.

After Li Tian lowered his head and heard them finish these words, he not only suddenly remembered that stupid Borg.

On the way back from Stormwind City before, I did make some heavy moves!

If not, then the old Dean Heris stopped him in time, I am afraid that he would really do something terrible and regrettable.

If by any chance, he really killed Na Borg out of anger, it would be... not good.

After thinking about it, Li Tian said: Should I apologize to that Borg? After all, they are all students!

"Go and apologize! Maybe that stupid guy can forgive himself, even if he doesn't forgive himself, then there is no need to treat these thunder and lightning illusion students... as enemies!"

After thinking like this in Li Tian's mind, he decided to look for the Borg and then apologized to him.

After simply eating some food, Li Tian walked out of the cafeteria, and then walked directly towards the ground of the Thunder and Lightning Illusion System.

The area of the Lightning Illusion Department is in the easternmost area of the college, and their teaching place can be said to be the largest area among the other departments of the entire Bander College.

Chapter 2608: Steal the illusion

You can see the tall teaching building of the Thunder and Lightning Department from a distance.

At this moment, when Li Tian was walking towards the Thunder and Lightning system alone, to be honest, he had a sincere attitude in his heart.

He really wanted to apologize to that Borg.

It's just that he didn't know whether that stupid big Boge would accept his apology.

Li Tianxin thought this way, and at this moment he has reached the training ground of the lightning system.

The sound of thunder and explosion can be heard from a distance.

Li Tian knew that these sounds were made by the thunder and lightning illusion students practicing terrible illusions.

Accompanied by the voice, Li Tian walked forward to look, but saw that in a huge square, one by one illusion students of the Thunder and lightning department were practicing diligently.

"Lightning strike from the sky!" With a loud shout, I saw a thin young boy flying into the air, and then two lightning beams appeared in the palm of his hand, and then he clicked and smashed down from the air.

"Thunder and lightning chain!"

A student over there roared, suddenly a lightning chain as thick as an arm appeared in the palm of his hand, radiating dazzling electric light.

...

Li Tian stood there at the moment, looking at these, he had never seen an illusion, not only an excited light flashed in his eyes.

Just as Li Tian looked at the illusion students of the Thunder and Lightning Department, one by one, only a voice came over.

"Hey, isn't that a trash kid?"

"Why did he come to the place where we practiced Thunderbolt illusion?"

With the voice coming, I saw a tall and lanky boy in the front of the square. At this time, I saw Li Tian standing on the side.

When his voice suddenly uttered, the thunder and lightning illusion students who were cultivating over there stopped at this moment, and then they all blinked to see that Li Tian.

"Yeah, how did this kid reach our training ground?"

"I heard, didn't this kid choose the most useless Qi type illusion technique? Why... how come we come to our lightning type illusion technique training ground?"

Just listen to the illusion students of the Thunder and Lightning Department, and they all looked at Li Tiandao with doubtful eyes at first.

"Damn it, isn't this kid wanting to learn our thunder and lightning illusion!" a student shouted there.

"Grass, it must be!"

"He must think that the Qi illusion he cultivated is useless illusion, so he sneaked into the training field of our Thunder and lightning system, and wanted to learn the illusion of our lightning system..."

"Damn, catch him! Give it to the teacher."

"Yeah, catch this **** kid."

With a roar, I saw the students of the Thunder and Lightning Department, suddenly running towards Li Tian one by one.

Li Tian didn't know what was going on. At this moment, he saw the illusion students cultivating in the square, suddenly running towards him hostilely, frowning immediately.

"Why are these people so hostile to themselves?" Li Tian not only secretly said,

Just as he was thinking about it in his heart, he saw that the illusion students of the Thunder and Lightning Department had surrounded Li Tian.

I saw one of the well-proportioned students with a dark complexion, Li Tian staring in front of him.

"Boy, you are so bold! You dare to break into the illusion practice field of our Thunderbolt Department!" the student roared there.

"Don't you know that there are clear regulations in the college that students in each department are strictly prohibited from entering and leaving other departments?"

When Li Tian heard this, he immediately understood. It turns out that there are strict regulations at Bander College. Students in each department are forbidden to enter the training area of other departments.

Li Tian was very depressed, because he had just come to the Academy of Illusion, he really didn't understand these rules, so he said at the moment: "Sorry, I just came to the academy, and I really don't know these rules."

"I came here today mainly to..."

Li Tian hasn't finished speaking yet, but seeing the other students of the Thunder and Lightning Department illusionist, they have already begun to roar.

"Boy, do you want to secretly learn our thunder and lightning illusion?"

Li Tianyi was depressed at the moment.

Steal the thunder and lightning illusion? how is this possible?

Li Tian immediately explained: "No, I am not stealing your thunder and lightning illusion. I came here this time mainly to apologize to Borg."

"What? Apologize?"

"Who are you lying to?"

"Grass, you clearly want to secretly learn our thunder and lightning illusion."

Those students didn't have a good impression on Li Tian, so they all insisted that Li Tian was here to learn their lightning illusion.

Li Tian explained there, "I really came to apologize to Borg!"

"My body doesn't have any spiritual power...How could I steal your lightning illusion?" Li Tian explained there.

Hearing what Li Tian said, the illusion students of the Thunder and Lightning Department who surrounded Li Tian not only frowned slightly.

"Yes, this trash kid doesn't have any spiritual power in his body! Even if he wants to learn secretly, he can't learn it!"

"Haha, I forgot..."

"It seems that this guy really didn't come to learn our thunder and lightning illusion." Those illusion students of the thunder and lightning department, at this moment, when they heard that Li Tian's body had no spiritual power, they couldn't help but understand.

"Boy, what do you mean, you really came to apologize to Borg?" I only listened to the illusion students of the Thunder and Lightning Department.

Li Tian nodded seriously and said, "Yes."

"Grass, you almost killed Boge last time. You came to apologize this time? The ghost forgave you."

Li Tiandao said: "It was because of my recklessness last time that I came to apologize to him."

"Well, since you want to apologize, we will call out Borg! But Borg can't agree, haha, that's another matter." The illusion students of the Thunder and lightning department said there.

"Go, go and call out Borg, saying that the trash kid came to apologize to him." said the students on the side.

So only one student quickly ran towards the front teaching area.

Li Tian stood here, waiting for Na Borg.

After a while, he saw the sturdy Borg approaching.

When Naboge saw Li Tian, his eyes first showed a sense of shock, and then his eyes were filled with angry hatred.

"Where is that trash boy." I saw the student who brought Borg there, pointing to Li Tiandao.

Li Tian also saw the stupid big Boge at this time, and he saw the anger in his eyes.

"Borg is here." When the students saw Borg coming, they couldn't help giving way.

I saw that the tall Borg walked from the crowd with endless anger in his eyes.

Chapter 2609: Bangtian electric fist

After the Borg came, everyone's eyes were on the big Borg, and even Li Tian not only turned his head to look at the Borg.

There is no doubt that there is endless anger in Borg's eyes.

He was there like an angry tiger staring at Li Tian in front of him.

"Asshole, what are you doing?" A roar came out of Na Borg's mouth. Obviously, after he was almost killed by Li Tian last time, his heart was full of invisible anger at this moment.

But seeing that Li Tian looked at Na Boge sincerely and said: "Student Boge, the reason why I came here today is just to apologize for what happened last time!"

When Li Tian's words came out, all the illusion students of the Thunder and Lightning Department who were present were not only stunned, but to be honest, even Borg was shocked there.

He looked at Li Tian with a pair of unbelievable eyes... His heart lined up: Is this guy really here to apologize to himself?

"Sorry! Last time, I shouldn't have done so hard." Li Tian said there.

Listening to what Li Tian said, the surrounding thunder and lightning illusion students not only smiled secretly and said: "Grass, Borg is too useless... even the elementary level 2 illusion was lost to waste? And they said the shot was too heavy?"

"Hey, yeah, shameful, it's a loss of our thunder and lightning system."

...

The voices of those students passed into Borg's ears word by word, and Borg's eyes suddenly burst into endless anger.

At this moment, Borg looked at Li Tiandao angrily and said: "Asshole, are you here to laugh at me specifically?"

"No, no, I sincerely apologize to you." Li Tian said there.

But Na Borg didn't accept Li Tian's apology at all. He shouted there, "I don't accept your apology! Get out, get out of our territory."

When Li Tian heard that Borg say this, he not only sighed slightly: "Borg, then you said, how can I make you forgive me?"

As soon as Borg heard it, he roared: "I won't forgive you at all, unless you let me give me a severe lesson! Humph!"

Hearing what Borg said, Li Tian suddenly shouted there, "Okay!"

"Come on, I punched you at the beginning, now I will give you a punch! As long as you can forgive me... I will let you return the punch." Li Tian said there.

what?

When Li Tian said this, all the students of the Thunder and Lightning Department present were not only shocked.

"Is that kid kidding? He was going to stand there and let Borg punch him?"

"Yeah, is he crazy?"

"Grass, it was Borg's carelessness that I lost to him last time. He thought he was really a superman! Are you really ready to get a punch from that Borg?"

"Crazy, that kid is clearly looking for death."

I just listened to Li Tiandao who was looking at Li Tiandao from the illusion students of the Thunder and Lightning Department.

At this moment, seeing that stupid Borg also heard Li Tian say this, he was not only slightly stunned.

"Boy, are you kidding me? Are you standing still? Let me fight?" Borg said angrily.

Then Li Tian smiled and said, "I'm telling the truth."

When Borg heard this, he was speechless.

Is there such a stupid guy? Stand and let yourself fight? Borg thought curiously in that heart.

Li Tian just stood there, motionless.

"Borg, since the trash kid asked you to beat him, you just beat..."

"Yeah, anyway, this is his voluntary! Although our college stipulates that no fights are allowed, he sent them to the door automatically. Even if the old dean knew about it, you can't blame you!"

"Yes, yes, Borg beat him! Let him know how powerful our Thunderbolt illusion is."

"Borg, don't embarrass us Thunderbolt, beat him."

Accompanied by the stimulating words of the surrounding students, Borg's ears were heard, and Borg's eyes suddenly opened up, and he stared at Li Tian in front of him angrily.

"Okay! Boy, this is what you asked for! I am going to hurt you today, maimed you, this is your own responsibility." Borg roared at that Li Tiandao there.

But what about Li Tian? He just stood there silently, then looked at the Borg and said: "Come on! Everything is voluntary! I only hope that you can forgive me...because we are classmates after all."

After Li Tian said this, then Borg was ready to actually do it.

He looked at Li Tian angrily, his heart filled with anger.

Suddenly he shouted: "Asshole, I let you see how good I am."

With a roar of Borg, suddenly a fist was stretched out directly, and at the moment that huge fist was stretched out, an extremely strong light of thunder and lightning appeared from his arm.

"Boom Sky Electric Fist!"

When Borg used this terrifying Level 2 illusion all at once, the students around him were all taken aback.

"Borg, this kid actually used illusion skills? And he also used the elementary level 2 Hengtian electric fist!!!"

"Yes, he doesn't really want to kill that trash kid..."

The surrounding students all said in shock.

But that stupid big Boge didn't listen, his heart only wanted to defeat Li Tian, and then wash away the shame before! So he didn't even think about it, so he used this horrible "Booming Tiandian Fist".

This blasting sky electric fist is to gather a powerful thunder and lightning power, and then concentrate that power on the fist, break it out with one punch, and smash the boulder. It is conceivable that this fist is so lethal. powerful.

"Asshole, **** booming electric fist!"

With a roar, Borg had already used this extremely powerful lightning fist, and saw that fist flickered with thunder and lightning, and slammed it directly at Li Tian with a terrifying wind.

Li Tian stood there motionless... In order to be forgiven by Borg and to change the hostile attitude of the illusion students of the Lightning Department towards him, Li Tian had to take the punch.

He raised his zhenqi slightly, and then came to stop that Borg's blast!

The terrifying thunder and lightning fist has been slammed at Li Tian...with a breath of destruction.

"boom!"

The blasting electric fist hit Li Tian's abdomen directly and heavily. Li Tian only felt that the true energy of his whole body was shattered by that terrible fist at this moment, and his whole body suddenly seemed to float. A sharp pain in his abdomen suddenly came from all over his body.

Plop!

Li Tian's body was slammed into the sky by Na Borg's thunder electric fist, knocking out a distance of 56 meters, and then he fell from the air.

OMG, Li Tian actually caught that Borg's blasting electric fist with flesh and blood!

Looking at Li Tianfei's body, everyone present was stunned!

Even the big stupid Borg was stunned there.

Chapter 2610: Sober

"Grass, Boge, you are so stupid! Did you really use the Thunderstorm Fist?"

"Your mother, you beat that trash kid to death, what do you do?"

"Yeah, his grandma's, Borg, your sister's, it's too low-energy! We asked you to teach that kid, but you didn't let you beat him to death... You are now hitting him with a Hongtian electric punch, and they Haven't fight back yet..."

Listening to the students around him suddenly saying this, that Borg looked at Li Tian's motionless body, and at this moment he was also scared!

After all, if people are really beaten to death in the academy, then things will be a big deal!

Borg looked pale at the moment, and said in a scared voice: "You... didn't you say... let me beat him?"

"Hi, you uncle! We are talking about fun, who the **** knows that you used Level 2 thunder and lightning illusion."

"That's right, we thought you beat him with martial arts, but we didn't expect you to use the Hongtian Dianquan." The students around just now were all cursing Na Borg.

Listening to the scolding of these people, Borg was also dumbfounded.

He looked at Li Tian who was knocked out 56 meters away by himself, and watched his body motionless. At this moment, he said in fear, "Well, then, what can we do now?"

"He won't... really be beaten to death by me?"

The students around kept their mouths shut and did not speak. After all, no one wanted to get into trouble by themselves.

At this moment, a handsome young man in his 20s came out from the crowd. The mark on his chest indicated that he was a low-level 3 illusion student of the Thunder Department!

The identity can be said to be higher than the identity of everyone present.

After he stood up, he glanced at the situation coldly, and then said: "Everyone shut up for me now! Let's go and see how that student is going first?"

He pointed to Li Tiandao and said.

When all the students heard him say this, everyone nodded silently there.

So at this moment, everyone's eyes are on Li Tian who is motionless.

I saw that Borg also hurried towards Li Tian, he wanted to see if he really punched Li Tian to death.

According to the truth, the blow that Borg made just now was indeed very powerful!

Hengtian Electric Fist, in the middle level, there are still many illusionists used! Just because his damage is very powerful!

At this moment, Na Borg punched a Hengtian electric fist, and also hit Li Tian who was unprotected. The most important thing was that everyone knew that Li Tian had no spiritual power in his body! Without spiritual power, it means that he has no protection at all...

Now that I have been severely hit by Borg's blasting electric fist, what is it like?

When Li Tian walked over to the ground motionless as if he were dead, they saw Li Tian's face was as gray as death, blood was still bleeding from the corner of his mouth, and the clothes in his abdomen were all shocked by that Borg. Shock all! ! !

He fell there, motionless, as if he was dead.

"died?"

"He won't really be beaten to death by me?" Borg cried out in fear.

The handsome young man with a high status beside him stared at Boge and said, "Shut up!"

As he was talking, he bent down to check Li Tian's breath... he stretched out his hand and probed in front of Li Tian's nose. The handsome young man suddenly said, "No, he is not dead!"

Hearing him say this all of a sudden, Borg screamed excitedly.

"Great, great! He's not dead."

The surrounding students not only breathed a long sigh of relief, after all, although they hated Li Tian, they didn't want to kill Li Tian.

"Then is he unconscious now?"

"seems like it."

"How to do?"

"Help him up first, then carry him in and rest..."

The illusion students of the Thunder and Lightning Department were talking there.

After the students made this decision, they began to prepare to lift Li Tian who had passed out.

Just when they were about to do it, a weird ray of light suddenly spread from Li Tian's chest. Looking carefully, I saw that Li Tian's chest was emitting an extremely weird light for no reason.

And that ray of light seemed to be circular, constantly wandering around him.

"Hey, everyone, look at that trash kid's belly! There is something in his belly...as if it is shining." A student saw the situation in Li Tian's abdomen at the moment, and said in shock.

"Yes, it's weird! What is that?" The surrounding students gathered at the moment and asked with their surprised eyes.

Look carefully, the place that emits light is exactly the place where Boge hit Li Tian with his thunder electric fist.

And what about Li Tian who was in a coma?

After he was hit by Borg's blasting electric fist just now, he was indeed almost beaten to death! I have to say, that Hengtian Electric Fist is indeed too powerful.

As a result, Li Tian was beaten immediately and passed out.

But what he didn't expect was that Borg's powerful blow didn't seem to hurt himself...because he didn't know why, when the punch hit, he just hit the strand in his abdomen. "Cool breath" above!

Li Tian knows that he has a "blood-sucking spar" in his body. That blood-sucking spar is very weird. When on the earth, he often draws on the internal power of others! Sometimes, even backlashing internal power... It's just that the blood-sucking spar hasn't appeared for a long time!

And just now, the Borg's blasting electric fist hit the blood-sucking spar of Li Tian's body accurately, the stone that sucked all the energy, the stone that sucked all the spiritual power, just like That Borg smashed with a punch! It not only withstood Li Tian's injuries... but also released all the internal power, essence, and spiritual power that had been absorbed. Therefore, it exudes a strange light in Li Tian's body... and also Wandering around there!

However, all of this, these Raiden students are not clear! They thought Li Tian was seriously injured! I thought that big stupid Borg had broken Li Tian.

Not only did they not know, but even Li Tian, who was now in a coma, did not know.

Li Tian just felt unconsciously, an infinite aura suddenly emerged from his body, walking up and down the whole body like a warm current flowing through the whole body.

what!

Suddenly Li Tian exclaimed, and he sat upright from the ground! ! !

The surrounding students were shocked when they saw Li Tian's eyes widened suddenly and sitting up.

"Fuck... he woke up?"

"This trash kid is sober?"
