

## **A Killer 261**

Chapter 261: (quiet)

After Li Tian hid in the window, Xiao Liao, who had just entered the room, was standing there with another taxi driver.

The man with glasses who brought them in quickly walked out.

Li Tian hid himself, watching the man with glasses leave, and then quietly observed the movement of the room.

There was still a door inside. After the door was gently pushed open, a man in his 40s came out from inside.

The man's hair was sparse and shiny, the top of his head was bald, he was short and chubby, and his beer belly was pouted.

At first glance, it looks like that kind of blessed guy.

After walking in, Xiao Liao and another taxi driver stood there in awe.

The pudgy man in front of him said that the manager of Baotong Taxi Co., Ltd., after he came, he swaggered down on that seat.

"Brother Cheng, what's the matter?"

A word suddenly came out of a taxi driver's mouth.

He did not directly call this short and fat man the manager, but directly called him his brother.

I can't see it, I thought these guys were the role of a gangster.

The manager called Chengge slowly lifted his chin, and then said, "A Sen and they have an accident."

A word suddenly came out of his mouth.

After the manager who called Cheng Ge suddenly spoke out, Xiao Liao and another taxi driver were stunned.

"What's the matter with them?" the driver named Xiao Liao asked hurriedly.

Li Tian listened outside, wondering in his heart: Who is Asen?

"Asen, Ahai and the others are dead." The chunky manager in front of him suddenly whispered.

When this sentence came out, the atmosphere in the office suddenly became unprecedentedly tense.

"what?"

Then Xiao Liao and another driver screamed.

"A Sen is dead? No way... I saw him get out of the car with my own eyes this morning." Xiao Liao said in shock with a face in front of him.

It turns out that the one named Asen is his friend, and their relationship has always been good... but I didn't expect that the friend I saw early in the morning suddenly died like this.

"He is dead."

"He asked for his death, no wonder someone else." The chunky manager in front of him suddenly said coldly.

Hearing what the chunky manager in front of him said, Xiao Liao was shocked.

"Brother Cheng, what do you mean? What happened to Ah Sen? How...will he die?" Xiao Liao asked anxiously.

"Who makes him unfavorable!"

"Moreover, I almost said the big thing we are going to do in the near future..." The chunky manager in front of him said with an ugly face.

Li Tian, who was hiding outside by the window, heard this pudgy manager say so clearly.

Who is Assen that they are talking about? Could it be...

Could it be the taxi driver who kidnapped him today? The guy killed by an inexplicable gunman?

Li Tian guessed, and at the same time listened carefully to their conversation.

"Brother Cheng, what's up with Assen?"

"Isn't he monitoring the Ouyang family all the time?" Xiao Liao said in front of him.

When he said these words, Li Tian outside had already guessed most of his points! Sure enough, what they said was the guy who kidnapped him today...

It turns out that Baotong Company is really a den of thieves, Li Tian thought to himself.

"He is monitoring the Ouyang family, but he did a stupid thing today..."

"To tell you the truth, today they kidnapped a kid from the Ouyang family. It is a pity that instead of kidnapping, the kid was beaten on the ground. If (you) hadn't appeared in time, I guess they will say everything..."

When listening to the short and fat manager say this, the expressions of Xiao Liao and the other driver suddenly became miserable and ugly, especially after hearing (Yun)'s name.

"Brother Cheng...then what do you mean?" Xiao Liao said, looking at the pudgy man with his pupils wide open.

"They were all killed by (you)."

When the chunky manager said so, Xiao Liao and the other driver's face suddenly turned pale.

"Listen to me... Even if you are caught by me once unfortunately, anyone who dares to talk nonsense will be a dead end then, you know the rules." The short fat man said coldly. The voice echoed in the office.

Xiao Liao and another taxi driver in front of him were pale and scared, and nodded quickly.

"I asked you to come over, one is to tell you what happened to Asen and the others, and the other is to let you quickly dispose of their bodies."

Said the chunky manager in front of him.

"Where are their bodies?" Xiao Liao asked.

"It's where Chengwei's \*\*\*\* is." The short fat man said.

Xiao Liao and another driver nodded quickly.

"Okay, brother, we will deal with this as soon as possible."

"Ok."

"Go on, get rid of this matter as soon as possible, don't cause trouble again."

The chunky manager inside said there.

When he said so inside, Li Tian stood outside in shock.

Basically, he has already listened to the conversation and knows what's going on...First of all, the guy who kidnapped him today is called Asen. They must have gone for the Ouyang family, and they also know the name of the gunman who killed himself It's called (you).

It's just that Li Tian hasn't figured it out yet, is the Baotong Taxi Co., Ltd. in front of him behind the Duanmu family? Is everything really instigated by the Duanmu family behind the scenes?

Li Tian is still not quite clear.

Just as he was wondering, suddenly a driver walking towards the office over there saw Li Tian sneaking outside the office window.

I couldn't help shouting, "Hey, what are you doing?"

As the voice roared, Li Tian suddenly screamed badly.

Seeing that the driver was already running towards him, Li Tian drove off quickly.

There are so many people here, and Li Tian hasn't grasped all the clues, so of course he can't mess around here...so he turned and ran to the other side quickly.

Xiao Liao in that office, the already short and fat manager heard the movement of the window at this time, and hurried out.

He blinked his eyes to look, but saw that Li Tian's figure had run far away.

The chunky manager looked ugly there, his fists clenched tightly.

"Damn, who is that guy?" he cursed.

The driver who called out just now ran over and said, "I don't know, I only saw him hiding in the window of your office."

Chapter 262:

Next to Xiao Liao, there was another driver who frowned as he watched Li Tianyuan's walking figure, frowning slightly.

"Fuck, it's that kid..." a sudden word came out of the little Liao driver's mouth.

The chunky manager beside him frowned and asked, "Who?"

"It's the kid who came just now."

"He said he was here to apply... Damn, he didn't expect to come over and listen to us."

The chunky manager said so, looking at the back of Li Tian running fast, he suddenly said angrily: "You guys quickly grab the kid back to me, I want to see what the \*\*\*\* heard."

Following his roaring voice, Xiao Liao and several other drivers in front of him hurried to the parking lot.

Then a man drove a taxi to quickly chase the rushing Li Tian.

Suddenly, behind the short fat man, a man in black suddenly appeared.

His silhouette was like a knife, a long and thin chin, and his whole face was more cold like a stone, appearing behind the chunky man like a ghost.

There is an ominous feeling in the eyes.

A tall and thin body, one opponent shrank inside his sleeves, and his entire body was covered by a black robe. If you see him at night, you might think he is a ghost.

He suddenly appeared behind the chunky manager.

The chunky manager suddenly felt a feeling of cold suffocation coming from behind him.

Slowly turned around and looked at the black robe man behind.

You)..." The chunky manager yelled in surprise.

Is he (you)?

The man called (You) had no words, but just glanced at the pudgy manager in front of him with cold eyes, then suddenly turned around and walked silently to the office just now.

The pudgy manager at the back seemed to be afraid of the cold man in the black robe before him, and walked into the room step by step following the pace.

Then he looked around and quietly closed the door of the room. Even the windows were closed tightly, as if there was some hidden secret.

"You are in trouble."

Suddenly a very cold, harsh voice came out of (You)'s mouth.

When he said this, the chunky manager in front of him frowned.

"What do you mean?" the chunky manager asked.

"The kid I didn't kill today is the one who eavesdropped in front of your window just now." (You) said suddenly.

As his cold language came out, the pudgy manager in front of him suddenly changed his face.

"You are... You mean the kid at my window just now turned out to be the kid that Assen didn't kill today?" The chunky manager asked in disbelief.

That (you) didn't speak, of course it was already a default.

"He heard everything you just said in the room."

"I hope you can solve this matter as soon as possible, otherwise we (anbu) will solve it."

The (you) in front of him suddenly said coldly.

When he said these words, there was a chill in his eyes, a kind of icy chill.

Anbu?

It turns out that Yu belongs to (Anbu)?

What kind of organization is Anbu?

To the outside world of Jinghai City, this organization may be an illusory organization, but for those who know the Duanmu family, they will know what kind of organization (Anbu) is.

(Anbu) A mysterious organization belonging to the Duanmu family.

There are not many members of this (Anbu), but those who can enter the Anbu are all masters like ghosts and monsters, and they are also the awesome masters trained by the Duanmu family themselves... (Anbu) Duanmu family was established.

To protect the Duanmu family from external threats.

To put it bluntly (Anbu) is a secret organization that often conducts secret investigations and searches for everything in Jinghai City.

Once they find that someone is unfavorable to the Duanmu family, or threatens the Duanmu family and their business, (Anbu) will take action.

They will promptly resolve all threats and even all troubles in a budding state... In order to prevent the dark Duanmu family from being threatened, they can directly kill the characters threatening the Duanmu family at any time... Collectively, assassination.

This (anbu) is actually an assassination organization that secretly collects information from the outside world.

And the thin tall and cold man (you) in front of him is one of the members of the (anbu) organization.

No wonder that when the taxi drivers who kidnapped Li Tian were about to tell their secrets, they would be directly killed by (he).

The current (you) appeared here again, and he couldn't help making the pudgy manager's face pale and bloodless.

He knows the level of terror of the (Anbu) organization, no matter who it is...no matter who it is, as long as it threatens the Duanmu family, these cold-blooded demons will kill trouble without blinking their eyes... People...

So even the chunky manager is scared at the moment.

The Anbu organization is directly under the command of the head of the Duanmu family!

They can arbitrarily put all threats to the Duanmu family's people or things, solve them in advance, and then report to the Duanmu family's clan leader. This is also their horror.

The chunky manager in front of him swallowed deeply, and said, "Don't worry, I will solve this matter as soon as possible."

That (you) expressionlessly said: "It's better to be so."

After speaking, his thin and tall figure walked towards the door, and then disappeared into the room like a ghost.

After the ghostly ghost disappeared, the chunky manager in front of him couldn't help taking a long hiss.

It was a breath of complete relaxation.

Every time he faced that cold-blooded figure (you), he felt uncomfortable all over.

But there is no way, that guy is just like a ghost, may exist anytime, anywhere, and he will appear next to you whenever you don't expect it, this is the Duanmu family (Anbu).

---

Li Tian ran for a long time before finally getting rid of the chauffeur chasing him.

Now he doesn't even dare to hit a taxi at will, because basically all the drivers on that street are the drivers of Baotong Taxi...He is afraid that these people will recognize him.

Li Tian, who was walking on the street, thought silently in his heart, everything that happened today.

He felt it was best to tell the Ouyang family about this matter.

So he hurried to the villa of the Ouyang family again.

Li Tian didn't take a taxi this time, but stopped a black car on the side of the road and got in.

Although the price of a black car is 10 yuan more expensive than that of a regular taxi, Li Tian now really doesn't care.

After getting in the black car, he drove quickly towards the villas of the Ouyang family.

Chapter 263: See you again

When he arrived in front of the Ouyang family villa again, the security guard looked at Li Tian in wonder.

"Why are you here again? Tell you, except for members of the Ouyang family, no one can enter here, don't care who you find, unless someone takes you in." The security guard at the door of the Ouyang family blocked Li Tian viciously. Said the Tao.

Li Tian couldn't help frowning and said: "Then please find Ouyang Shiqing, just say Li Tian is looking for her. If she knows my name, she will definitely come out."

Unfortunately, after Li Tian said this, the security guard said, "Ouyang Shiqing?"

Then he glanced at Li Tian's dress with a very disdainful gaze, poked his nose and said: "Brother, do you know that you are looking for the daughter of the Ouyang family? Who are you? If you ask me to call Miss, I will call..."

Listening to the words of the security guard in front of him, a wave of anger rose in Li Tian's heart.

The security guard looks down on people too much, right?

Just as he was about to get angry, suddenly a bright pink mini Beetle drove over here.

With its bright red color and cute car lines, this car is undoubtedly driven by a beautiful woman.

As the car honked the horn behind, Li Tian couldn't help frowning slightly and looked back.

But seeing that the black car window glass also shakes down at this moment.

Then he revealed a beautiful face as delicate as a fox.

is her!

Ya Ya!

It was the girl who was in love with Ouyang Shi on the train.

When he suddenly saw Yaya, Li Tian was taken aback.

And the girl sitting in the car, did not expect to meet this guy here again at this moment, and suddenly screamed.

"It's you..." There was excitement and excitement in the voice.

After opening the car door quickly, Yaya came out in a beautiful dress.

Wearing a short leather Youk skirt, wrapped around the plump buttocks, revealing a large section of snow-white thighs...The upper body is a pink GLOBT shirt...The little fox face is looking there Li Tian.

"Why are you here?" Yaya stared at Li Tian excitedly.

After Li Tian's stunning blow at the train station last time, this girl said that she met a real master, especially after returning from Kyoto City, her circle and friends almost all knew about the train station.

Yaya, who saw Li Tian again at this moment, was of course excited.

Li Tianwang was surprised and surprised when he saw Yaya.

Tao said: "I wanted to go in to find Ouyang Shiqing, but was stopped by the security guard."

Yaya turned her eyebrows and said, "Oh, that's how it is."

"What are you looking for Shiqing for? Have you been in contact since the train station?" Yaya asked.

Li Tian didn't feel a little embarrassed, so he said quickly: "No, it's just two days before contacting."

Yaya snickered, and her fox-like face turned and said, "Okay, I won't make you anymore, I happen to be looking for her too."

"This guy won't find me once after he comes back..." Yaya said as she walked to the car next to her.

Li Tian was still standing there.

"Why are you still standing there? Come here, get in the car. I'll take you in." Yaya in front of me said to Li Tiandao, who was standing there in a wooden frame.

Li Tian was taken aback, and then he hurriedly sat in the bright red beetle mini car.

Sitting next to that girl, a fragrance came from her body.

Of course the security guards dare not stop him? Of course he knows who Yaya is? I also knew the relationship between Yaya and the daughter of the Ouyang family, so I quickly opened the electronic door.

The red girly Beetle drove quickly towards the inside.

In the car, Li Tian sat there quietly, not daring to look at the little fox.

But Yaya turned her charming little face while driving and looked at Li Tian and asked, "Hey, since the last time the train station left, where have you been?"

"Why are you here suddenly looking for Shiqing? By the way, how do you know that Shiqing's family lives here?" Yaya asked curiously.

Li Tian didn't know how to answer this girl. If he talked to her from the beginning, he might not be able to finish it all morning.

Just said slightly: "This matter is a long story."

The girl gave Li Tian a white look: "Don't tell me, it's still mysterious."

"Don't think you can fight...whatever... My lady, I'm starting to learn taekwondo now." Yaya said with a smile on the side.

Li Tian smiled bitterly and ignored the lady.

The car quickly drove towards the largest villa in the front.

Of course there is the villa of the Ouyang family.

As the mini-Beetle car drove to the front of the villa, it was stopped by security.

Even Yaya can't enter this mansion of the Ouyang Family Patriarch at will.

"Let's go, get out of the car."

Yaya happily jumped out of the car while talking, and Li Tian quickly followed from behind.

After Yaya got off the car, the security guards recognized her.

"Miss Yaya is here."

Yaya smiled and nodded.

"Look for our eldest lady? She's in the backyard, I'll call her for you..."

As the bodyguard said, he quickly ran towards the inside.

Yaya was pacing, looking back and forth at Li Tian in front of him, but Li Tian stood there awkwardly, frowning at this girl.

"What are you looking at?" Li Tian couldn't help looking at my girl and asked depressedly.

After Yaya glanced at Li Tian for a while, she smiled and said, "Yes, not bad."

Listening to the girl's inexplicable words, Li Tiandao said, "What's good?"

"You're good."

Li Tian felt that this girl was a little mad, so he ignored her.

After a while, I saw that Ouyang Shiqing really came out of it.

When I saw Li Tian actually following Yaya again, he was taken aback and smiled and walked over.

"Yah, why are you two together?" Ouyang Shiqing said in shock.

Yaya smiled and said: "This guy said he wanted to come to you, but was stopped by your bodyguard. Fortunately, I met this lady. If it weren't for me, he wouldn't even be able to come in."

Listening to Yaya, Li Tian did not refute.

But Ouyang Shiqing knew in her heart that Li Tian had just left this morning, and now he suddenly went back. Isn't something happening?

At this moment, Mei Mou turned to look at Li Tian.

"Shiqing, how does this guy know the address of your home? Did you tell him?" Yaya asked, blinking there.

Ouyang Shiqing responded gently.

Turning his beautiful eyes to look at Li Tian: "Did something happen?"

Li Tian nodded cautiously.

Ouyang Shiqing frowned slightly.

"Poetry, what's the matter? You are talking weirdly, it seems that you have known each other for a long time... depressed." Yaya muttered aside.

The Ouyang Shiqing in front of her had no time to pay attention to the girl and said, "Ya, some things are a little inconvenient now."

"Let's go, go to the room."

He said that Li Tian and Yaya two people came towards the house.

Chapter 264: Is something wrong?

After entering the main hall with Ouyang Shiqing in front of him, that girl was chattering all the way.

Li Tian didn't even have a chance to tell Ouyang Shiqing what happened today.

"Shiqing, let me tell you a fun place. There is a new club opened in Dongcheng District. I heard that it is very good. Should we go crazy once?"

"Also, there were a few brand-name chain stores in the last century city. I think the styles of clothes there are more suitable for you..."

Yaya in front of me said that.

Ouyang Shiqing smiled and looked at Yaya: "Yaya, I want to talk to Li Tian first, and I will talk to you later, okay?"

Yaya was taken aback when Ouyang Shiqing suddenly said this.

Turned her head and glanced at that Li Tian, although her face was full of reluctance, since Ouyang Shiqing said so, she couldn't help it, isn't it? So after staring at Li Tian fiercely, he said, "Well..."

Li Tian felt very wronged.

When Ouyang Shiqing heard Yaya say this, she said to Li Tiandao: "You come with me first."

"Yah, you play here by yourself first, and tell Ma Liu what you want to drink."

After speaking, he walked towards the inner hall.

Li Tian followed and walked inside.

Yaya who was outside was depressed.

"What's going on? When did the kid get so close to Shiqing... Didn't he help Shiqing once at the train station? Shiqing wouldn't be so good to him, right?" Yaya tilted her head. Thinking outside, his face was incredible.

But he said that Li Tian followed Ouyang Shiqing and walked in quickly.

Li Tian said straightforwardly: "Something big happened."

Listening to Li Tian who walked in suddenly said this, Ouyang Shiqing frowned slightly.

"What do you mean?"

"Your family is being watched." Li Tiandao in front of him said.

Ouyang Shiqing raised her eyebrows and asked, "Why do you say that?"

"I was kidnapped after I left your house today." When Li Tian said these words, Ouyang Shiqing's heart suddenly shocked.

"What? You were kidnapped?" asked Li Tian in surprise.

Li Tian nodded: "Yes."

"Why? Who kidnapped you?" Ouyang Shi asked inexplicably.

She really couldn't understand why Li Tian suddenly had so much trouble.

But I only heard Li Tianzai shook his head and said, "They hit me by accident and kidnapped me."

"What do you mean?" Ouyang Shiqing was even more puzzled.

Li Tiandao said: "Because I came from the Ouyang family, they mistakenly believed that I was a member of your family... That's why they hijacked me. To put it bluntly, they actually came for your Ouyang family."

After Li Tian said this, Ouyang Shiqing understood what was going on. She closed her eyebrows and looked at Li Tiandao after thinking about it: "What is the origin of those kidnapping you? Have you asked? "

Ouyang Shiqing can basically guess that the people who hijacked Li Tian are definitely not his opponents. Since Li Tian can now come back unharmed and tell him the news, it explains everything. Of course, I figured it out after thinking about it.

"They are dead." Li Tiandao said.

"Dead?" Ouyang Shiqing was slightly startled. It was obvious that Li Tian didn't look like a cold-blooded killer in her heart, so she was surprised.

Just listen to Li Tian continue to say: "It's just that I didn't kill it."

Hearing Li Tian say this, Ouyang Shiqing became even more puzzled.

"You mean there are other people?" Ouyang Shiqing asked.

"Yes, after the guys who kidnapped me were knocked down by me, they were shot to death by a mysterious gunman when I was trying to question them. If I hadn't been hiding in time at the time, it would probably even be me. Was killed there."

Listening to what Li Tian said, Ouyang Shiqing could imagine how thrilling the scene was.

"But I have found a little clue." Li Tian said with a smile.

"Those who hijacked me were a driver called Baotong Taxi Co., Ltd., and the guys who hijacked me in partnership with him were all drivers of that company... After I discovered this clue, I went to Baotong alone. The Automobile Co., Ltd. took a trip. After I went there, I heard their conversation in a room... I heard a low fat man say that they did it this time! And I also knew that it was hidden. The name of the gunman who killed people in the dark was called (You), but I didn't see this person called (You)."

Li Tiandao in front of him said.

Listening to Li Tian's words, Ouyang Shiqing remained silent. After Li Tian finished speaking, she looked at Li Tiandao with beautiful eyes and said, "Thank you."

The three words came out of her \*\*\*\* red lips.

How clever Ouyang Shiqing is, of course he understands that everything Li Tian does is for the Ouyang family.

People risked their lives to help their family so much, of course Ouyang Shiqing must say thank you.

Li Tian smiled and said, "Actually, it's nothing. You guys are so helpful to me. I should do this little thing."

Ouyang Shiqing did not speak.

"It seems that you are right. Someone really wants to move our family." Ouyang Shiqing said suddenly.

"I have to tell my dad about this immediately." Ouyang Shiqing said.

"Yeah." Li Tian nodded.

So the two went to Ouyang Zhengtian's study together.

Ouyang Zhengtian is currently on his lunch break, and no one will be disturbed at this time of day.

When the two bodyguards of Ouyang Zhengtian standing at the door saw Ouyang Shiqing approaching, they all shouted respectfully: "Miss."

"My dad is inside, right?" Ouyang Shi asked as soon as she went up and down.

The two bodyguards nodded.

"The boss is resting."

"Oh, it's okay with you here, you can withdraw first." Ouyang Shiqing said to the two bodyguards.

The bodyguard was stunned for a moment, then didn't say much, nodded, and then stepped away from the door in front of him.

After the two bodyguards left, Ouyang Shiqing was about to open the door, and heard Ouyang Zhengtian's voice from inside.

"come in."

Ouyang Shiqing smiled slightly, turned her head and said to Li Tiandao: "Go, go in."

After speaking, he gently opened the door of the study.

After pushing open the study door, he saw Ouyang Zhengtian sitting on a dragon chair at a glance. He was wearing a pair of gold-rimmed glasses on his face and he was reading a newspaper in his hand.

Seeing Ouyang Shiqing and Li Tian coming in, he smiled and put down the newspaper in his hand, and then slowly took off the gold-rimmed glasses from the bridge of his nose.

"What's wrong? Is something wrong?" Ouyang Zheng asked when he went up to the sky

Chapter 265: Baotong

Of course he knew in his heart that his daughter would never bother him at this time, because it was his lunch break. This time he came to see him. Obviously, something was looking for him.

After Ouyang Zhengtian asked, Ouyang Shiqing said: "Dad, someone wants to deal with our family."

After Ouyang Shiqing said this, Ouyang Zhengtian, who had thought it would be shocked, didn't even move his face. As if he had heard an extremely plain thing, he smiled slightly: "Oh? Did you find out who it was?"

"Not yet, but Li Tian has helped us find out a lot of clues." Ouyang Shiqing said.

Ouyang Zhengtian's eyes were placed on Li Tian, and he let out a slightly curious voice.

Then Ouyang Poetry in front of him told all the things Li Tian had said to Ouyang Zhengtian.

After hearing this, Ouyang Zhengtian looked at Li Tian with great relief.

"So it is.

"Baotong Taxi Co., Ltd.?" Ouyang Zhengtian said with a slight frown.

"Dad, what is the origin of this company? Are we in touch?" Ouyang Shiqing asked.

Ouyang Zhengtian shook his head slightly.

"This company really hasn't gotten in touch."

"But I heard that this company is not very clean. There have been several vicious fights and murders that have been related to this company several times... It seems that this company is indeed suspect."

Hearing Ouyang Zhengtian saying this, Ouyang Shiqing said: "Dad, or I will take someone to see..."

Ouyang Zhengtian thought for a while.

"I think it is because his taxi company does not have the guts to move my Ouyang family... I am afraid that someone else really wants to move our family." Ouyang Zhengtian said slightly.

"I think so too." Ouyang Shiqing said.

After thinking about it, Ouyang Zhengtian said: "Well, you don't have to go. I will ask your second uncle to take a few people to that company... to find out the truth."

"Let me go together." Li Tian suddenly interrupted.

Ouyang Shiqing and that Ouyang Zhengtian was slightly startled.

Just listen to Li Tian continue to say: "Anyway, I also know the appearance of those people. If I follow along, it will be better. They can't deny them."

As Li Tian said so, Ouyang Zhengtian smiled.

"Also."

"Then you can go with my no-home cock..."

"Shiqing, call your second uncle and ask him to come over immediately."

Following Ouyang Zhengtian's words, Ouyang Shiqing nodded quickly, and then made a call to Ouyang Lie, the fierce fellow of the Ouyang family.

In less than ten minutes, Ouyang Lie arrived here aggressively.

After hearing Ouyang Zhengtian talking to him about everything, he immediately roared.

A pair of big eyeballs like leopards stared fiercely and roared: "Baotong Company? Has the \*\*\*\* eaten the ambitious leopard? They dare to attack us... I think they are impatient."

"I'm going to clean up those \*\*\*\* now." Ouyang Lie roared and prepared to take people to Baotong Company.

But Ouyang Zhengtian stopped him a bit.

"Second, don't be so angry, this time you will go with him."

"Because he knew the way those people were..." Ouyang Zhengtian said while looking at Li Tiandao.

Ouyang Lie turned a fiery face and looked at Li Tian: "Then what if we find those bastards?"

Ouyang Zhengtian didn't answer but just smiled.

Of course Ouyang Lie understood the boss's intentions.

"Go!" The momentum was magnificent, and then he strode outside.

Li Tian followed Ouyang Lie and led people to the Baotong Company to settle accounts.

They drove 3 cars. Apart from Li Tian and Ouyang Lie in the front, they were sitting in the same car, followed by 8 agile bodyguards, and they were all sitting next to the two cars in turn. Inside, they drove aggressively towards Baotong Taxi Co., Ltd.

After they left, Ouyang Shiqing also returned to the main hall.

Yaya who came to find her to play with.

When Yaya saw Ouyang Shiqing coming out alone, she couldn't help wondering slightly, and asked there, "Shiqing, where is that guy?"

Ouyang Shiqing smiled slightly: "He's out, go to do something with my second uncle."

"Um? Shiqing, why is that kid suddenly so familiar with your family? How could something happen?"

Yaya asked puzzledly.

Ouyang Shiqing smiled faintly: "Ya, there are some things you don't know well, you will understand in a few days."

With a yuck, a pair of big shining eyes blinked there.

"But I'm quite strange, after all, how could he suddenly come to your Ouyang's house as a poor boy? Is it because he helped you last time..." Yaya asked, tilting her head.

In the eyes of such wealthy ladies, most of them feel that the help of others is justified. People who come from their little clothes to reach out and open their mouths feel that everything is taken for granted.

But Ouyang Shiqing is different from Yaya.

They are just like a phoenix in the sky and a sparrow on the ground.

---

For the first time, Li Tian followed the Ouyang family to work.

Sitting next to Ouyang Lie fully understood why outsiders call the second child of the Ouyang family a blatant fire guy.

Along the way, Ouyang Lie stared at a pair of big copper bell-like eyes, his fists were tightly clenched, and his nose was muffled.

His fiery breath is like a bomb about to be ignited, and it may explode at any time.

Li Tian didn't speak but just sat quietly beside him.

Three aggressive cars drove quickly towards Baotong Taxi Company, and in a short while they arrived at the Baotong Company's square.

There are still many taxis parked there, hundreds of tael.

Some drivers were chatting and talking in the front place.

However, he said that Ouyang Lie took the car and drove directly towards the gate of Baotong Taxi Co., Ltd.

At the door, there was a hissing sound, and the sound of tires rubbing against the ground came over. When the drivers of the Baotong Taxi Co., Ltd. standing there saw these three awesome vehicles suddenly stopping at the door, they couldn't help being taken aback for a while, turning their heads to look here.

As their eyes turned, the doors of all three cars opened simultaneously with a bang.

Then he saw several healthy men in suits and a blushing hunk with a beard and cheeks coming out of the car.

The momentum is bold.

The people from Baotong Taxi Co., Ltd. couldn't help but froze slightly, whispering and asking, "Who are these people?"

"do not know."

"Why are they here?"

Chapter 266: Suspense

However, Ouyang Lie, who came out of the car, swept his eyes around the Baotong Group in front of him, and snorted in his nose.

Then his gaze fell on Li Tian.

"Do you still know those people?" Ouyang Lie asked.

Li Tian nodded, his eyes betting on the door of an office over there.

"That's the office! There is a short and fat manager who is their person in charge... I heard what he said at the time, and there are two drivers... One is Xiao Liao, and the other is tall. , A very thin man."

As Li Tian said this, Ouyang Lie in front of him strode directly towards the office over there.

Li Tian also followed closely.

As they swaggered towards the office door, the security guards over there and the Baotong company driver were all taken aback, but these people were not vegetarians, so they all hurriedly ran away. Come here.

Because they also felt that Ouyang Lie had a feeling of being unkind.

There were quite a few people who ran over at once, with 7-8 drivers, plus the security guard at the door, not a dozen people.

"Hey, what do you guys do?" He only heard a brave driver go up and asked Ouyang Lie, who came over aggressively.

Ouyang Lie's two big copper bell-like eyes, who was walking in the front, stared suddenly.

"Go away!"

A thunderous roar came out of his throat, which made the drivers and security guards of the Baotong Company in front of him stunned.

There is no way that the people of the Ouyang family are born with an intimidating temperament, especially in such a big family, and these taxi drivers and security guards are basically two grades of people.

So when he roared, the group couldn't help taking a step back.

"Are you looking for something?"

"I think it might be!"

"Call someone, hurry up... someone is making trouble!"

...

The group of drivers suddenly made a noise, and they all felt that something was wrong, not to mention the fierce and violent people in front of them.

After a while, I saw 5-6 drivers coming from there again.

At this time, Baotong has 10-20 drivers and security guards.

Ouyang Lie and Li Tian brought 8 people.

"What do these people do?" The drivers who came over looked at Ouyang Lie with imperfect eyes and asked them.

The driver next to him replied, "I'm here to find something."

"Dare to look for things here, I think it is impatient to live."

...

At this moment, it can be said that the sword slave is arrogant, and he has to do it at any time.

The 10--20 drivers and security guards here are all gearing up to come up. Ouyang Lie over there didn't even glance at them. The eight bodyguards standing behind him had no expression on their faces with cold eyes.

It's not surprising that they have experienced this situation one hundred and eight thousand times.

"I'll say it again, if you don't want to die, get out of me quickly." Ouyang Lie roared again.

The blazing eyes suddenly lifted up, causing the 10-20 drivers in front to take a step backwards.

After speaking, he walked straight ahead in front of the 10-20 drivers.

The drivers were all stunned for a while, the blushing hunk in front of him came straight in and couldn't help but was stunned, and then one of the guys who seemed to take the lead said grimly, "I see how you passed today..."

He stood in front of him as he said, clenched his fists, as if ready to shoot at any time.

But at the moment his words were just uttered, he suddenly regretted it.

Because he had seen the fierce man in front of him suddenly took out a dark pistol from his arms.

The cold muzzle was aimed at his forehead motionlessly.

"Are you still blocking?" Ouyang Lie said suddenly angrily.

The pistol in his hand seemed to end that kid's life at any time.

When Ouyang Lie suddenly pulled out his gun, the drivers behind were all stunned.

Then one after another showed horror, and the eight cold-faced bodyguards behind Ouyang Lie also took out the guys at the same moment, guns!

The cold and deadly gun was in his hand.

Who dare to move? It's definitely dead.

The drivers and security guards of the Baotong Company, who were still arrogantly reliant on the crowds just now, were all stunned, and they couldn't help being shocked.

"Who the \*\*\*\* are these people? How dare you bring guns here in broad daylight? What are they doing?"

You should know that Jinghai City began to strictly quit guns two years ago, and the guns in the black market were basically seized by the police... It is difficult for ordinary people to get a gun even if they spend more money on the black market.

And the current group of people dared to openly march here with guns, really making Tianmen extremely scared.

The few guys who were arrogant just now suddenly looked like dogs with their tails between them. They were stunned and did not speak.

Then Ouyang Lie stretched out a huge palm and suddenly grabbed the man who just yelled. The man's face was as pale as death, his breathing started to become rapid, and his eyes looked at Ouyang Lie in fear... He exclaimed at the same time: "You...what are you doing?"

"Where is your person in charge?" Ouyang Lie roared.

There was fear in the eyes of the man in front of him, his neckline was held tightly by Ouyang Lie's big hands, and he hesitated, "I don't know..."

"roll!"

With a roar, Ouyang Lie flicked his arm, and the tremendous force caused the man in front of him to stagger, and his body fell to the ground without the center of gravity.

Then there were more than 20 people in Baotong's offensive, and no one dared to come up.

Ouyang Lie strode towards the office that Li Tian pointed to just now.

With a bang and kicking the door open, Ouyang Lie walked in.

Li Tian followed closely from behind.

After walking in, the office was empty and empty.

"Where are people?" Ouyang Lie roared loudly.

Li Tian also saw that there was no one in the room and walked towards the front. He knew that there was an office door on the inside.

When he hid here in the morning to eavesdrop on, the short and fat manager walked out from the other door there. At this moment, when Li Tian was walking towards the side door, suddenly the side door opened slightly. .

Then only a smiling man came out from inside.

The man was about 40 years old, dressed in a dark gray suit, with a sickly white face, and walked out with a smile.

After walking out, he glanced at Li Tian and Ouyang Lie at the moment.

Then he opened his mouth and said, "Why do you guys come to our company?"

After he asked, Li Tian was startled, because he had never seen this guy before, and the pudgy manager in this room was not there?

Chapter 267: quiet

Ouyang Lie also turned his head and looked at the man, then looked at Li Tian: "Is that him?"

Li Tian shook his head.

The man in his 40s with a sickly white face smiled and said, "I'm the manager of Baotong Company, what can I do?"

He asked again.

Li Tian walked over: "I want to ask the original manager of your office? A low fat man?"

The man was quite surprised when he heard Li Tian say this. He was taken aback and said with an embarrassing smile on his face: "I am the only product manager in our company? This office belongs to me! Who is the chunky manager you are talking about? "

Hearing what the fair-faced man said, Li Tian was taken aback.

Then Ouyang Lie also felt something was wrong.

"No! I clearly saw another manager in this office this morning, a guy with a relatively short stature." Li Tiandao said.

Listening to Li Tian's words, the man in his 40s smiled: "Sir, you must be mistaken. I am the manager of our product department. If you don't believe me, ask my subordinates."

When the drivers standing at the door heard the pale-faced man say this, they nodded and said, "Yes, this is the manager of our company. There is no one but him."

Listening to these people saying this, Li Tian felt that something was getting wrong.

Where is that pudgy manager today?

"No! Absolutely impossible!" Li Tian said decisively.

"You also have two drivers here, one named Xiao Liao... and a tall, thin man, I saw him this morning..." Li Tiandao said.

He wanted to find out the clues he found, but he didn't know what happened. These people didn't know him.

And even the pudgy manager in the morning suddenly disappeared.

Ouyang Lie, who had been standing quietly on the other side, suddenly said rudely: "Beng was playing tricks with me... He saw it with his own eyes today, that fat guy hurry up and hand it over to me!" Of course Ouyang Lie believed in Li Tian. His eyes glared at the man in the suit over there.

The man in the suit smiled faintly.

"I think some of you must be mistaken... I am a product manager at Baotong. If you don't believe me, you can ask my subordinates... Why should I lie to you?"

As he said so, the drivers over there also catered to one by one and said: "Yes, this is the Manager Wang of our product department."

"There is no second manager...not to mention the person you mentioned."

Facing the voices of these people, Ouyang Lie waited until he stood there.

And Li Tian frowned deeply, and couldn't help thinking to himself: What the \*\*\*\* is going on? In such a short period of time, what about that chunky guy? What about the other Xiao Liao and the driver?

There must be something wrong here.

"Do you know who I am?" Ouyang Lie's eyes suddenly swept across the audience.

The manager in his 40s smiled slightly, but shook his head.

"I heard that someone from Baotong Company wants to be unfavorable to our Ouyang family"?" When Ouyang Lie said a word, the taxi driver outside the door suddenly exclaimed.

One by one looked at Ouyang Lie with unbelievable eyes.

"It turned out to be the Ouyang family."

"The Ouyang family, one of the four major families in China, no wonder they dare to hold a gun in broad daylight..."

...

The drivers outside began to talk.

But in this room, the white-faced manager in his 40s stood there with a smile on his face.

Li Tian has been staring at the pale-faced manager in his 40s. He always looks calm and composed at all times, especially his two hands, two very stable hands, which are always inside the sleeve. Shrink.

Li Tian vaguely felt a weird aura from this guy posing as a manager. The aura seemed to be hidden by him as hard as possible, but it was still noticed by Li Tian. He was now looking at that intently. Guy posing as a manager.

The manager suddenly turned his eyes and realized that Li Tian had been staring at him, turned his head and looked at Li Tian and smiled, revealing a row of white teeth.

Then slowly said to Ouyang Lie, "It turns out to be from the Ouyang family."

"It's a good time..."

"But you must have misunderstood... Who in Jinghai City doesn't know about the Ouyang family, let alone our small company, who dares to provoke the Ouyang family... I believe it must be a misunderstanding this time." The guy posing as the manager suddenly smiled Say.

Ouyang Lie slowly turned his head and stared at the manager, staring angrily and said, "It's best to be like this."

"If you let me know who dared to have an idea about our family, I can put the words here... play yin, play hard, come casually... but remember, don't let me catch your handle, If I find it out, don't you want to live in Jinghai City."

The roaring words roared from Ouyang Lie's mouth.

None of the people present dared to question his words.

The power of the Ouyang family cannot be ignored by anyone.

The guy posing as the manager said with a false smile on his face: "That is, that is!

Ouyang Lie glanced at the entire office and murmured, "Baotong Company...I can remember."

"go!"

Following his words, he turned around and strode outside.

The bodyguards behind followed one by one.

Only Li Tian took a deep look at the guy posing as the manager, and then quietly walked out.

Although he knew that something was wrong today, and he also knew that he had seen the pudgy manager, he couldn't find any evidence now.

The chunky manager is gone, and even the drivers say there is no such thing as a chunky manager...

Of course, Li Tian and Ouyang Lie could not stay there anymore, if they stay there, it would become unreasonable.

No, when Li Tian and Ouyang Lie left the office, the man in the office who said he was the only manager of Baotong's product department, slowly took off the glasses on the bridge of his nose.

And the face that had been smiling just now also instantly became extremely cold.

After his smile disappeared, his expression became pale and stiff!

Then he raised a hand and gently touched the puppet-like face, and then a soft and delicate skin was peeled off his face.

If anyone saw it at this time, he would definitely be scared to death, because he had completely removed the epidermis of his face.

As he peeled off a layer of skin, his face showed another look.

A cold and merciless face.

Chapter 268: Find clues

He turned out to be a member of the dark department of the Duanmu family (you), the murderer who talked to the pudgy manager in the morning.

The thin face he held in his hand was a fake human skin.

Disguise!

No wonder, this guy kept a smile on his face just now, in order not to be seen by Li Tian and Ouyang Lie on his stiff expressionless face after the disguise.

Now he suddenly showed the prototype, his eyes gloomily betting outside the window... Then he slowly turned and walked towards the inner room.

Slowly pushing open the door on the inside of the room, a \*\*\*\*\* smell came over.

The strong smell of blood smelled suffocating, but the smell in his nostrils seemed to be familiar with the smell of blood, and he walked into it without any expression.

Take a closer look at the smell of blood coming, my God.

There was a cold body lying in the room.

The corpse was the corpse of a fat man, his pupils were wide, and his eyes were full of unbelievable... lying on the ground staringly.

There was a bright dagger stuck in his chest... The blood ran down his chest and stained the ground red.

He is the chunky manager Li Tian saw.

He was actually killed here.

It turned out that just a few minutes before Li Tian and Ouyang Lie and the others arrived, this pudgy guy had already died and was brutally attacked by Anbu (you) of the Duanmu family.

No wonder Li Tian didn't find this pudgy guy, no wonder Ouyang Lie and the others were so empty.

After You walked in, he slowly took out a cell phone from his pocket.

Five fingers pale and forcefully pinched the phone, and skillfully dialed a phone number.

"This has been processed, the Ouyang family members have already left."

His hoarse and low voice sounded slowly in the \*\*\*\*\* room.

The other party's phone snorted, and then a powerful voice said in the phone: "Clean up the mess..."

It was just an intermittent word and hung up the phone with a bang to the convenience.

The (you) in front of him slowly pressed the phone off, and then walked towards the inside blankly.

—

After Li Tian and Ouyang Lie left, they were full of resentment.

Angry and angry.

Because they knew that there was a problem with the Baotong taxi company, but they couldn't find any evidence to prove it, they were all holding the anger in their hearts at the moment.

On the way, Ouyang Lie's eyes widened, and the fire-breathing eyes in his eyes looked like eating people.

He didn't say a word to Li Tian, and didn't ask Li Tian why he didn't find the pudgy manager.

Only Li Tian was sitting in the car alone, frowning tightly about what happened.

He knew there must be some tricks here, but he couldn't prove that the tricks were there now.

And he could feel the weird aura emerging from all over the guy who was posing as the manager just now... the more he thought about it, the more something went wrong.

Li Tian looked out the window, the streets were full of traffic, and the taxi driver of Baotong Company was pulling goods back and forth.

When he glanced at the Baotong taxis inadvertently, Li Tian suddenly felt a bright light in his head.

"Stop." Li Tian exclaimed suddenly.

Ouyang Lie, who was sitting quietly in the car, and the bodyguard driver who drove could not help being taken aback.

"Quickly stop." Li Tian shouted.

The driver was taken aback, hissed his foot on the brakes, and the car stopped on the highway immediately.

Ouyang Lie turned his head to look at Li Tian who suddenly yelled and frowned slightly and said, "What's the matter?"

An excitement appeared on Li Tian's face and said: "I finally know how can I know what happened today? Can I know if the person who admitted that he is the manager today is true or false?"

His crazy words made Na Ouyang Lie frown slightly.

Before Ouyang Lie asked him what was going on, Li Tian quickly opened the door and jumped out of the car.

Ouyang Lie quickly followed, and even the cars of the two bodyguards who followed came to a stop on the street with a hiss.

However, after getting off the car, Li Tian quickly ran to a taxi parked on the roadside.

The company sign on the taxi parked on the side accurately read Baotong.

What is Li Tian doing?

How can he be sure that the guy who admitted to being the manager in Baotong's office today is true or not?

Did he really figure out a way?

As Li Tian quickly ran over, Ouyang Lie and Lie followed.

However, after Li Tian ran over, the taxi driver who was sitting in the car waiting to be pulled alive had seen him in the rear mirror.

The driver who thought it was a taxi slowly opened the door.

"Take a car?"

As soon as he said a word, Li Tian had already run over, and then did not get in the car, but pulled the driver in front of him from the driving seat.

The driver was stunned immediately, and then yelled.

"You...you...what are you doing?" The driver was a little panicked and frightened.

Li Tian grabbed the driver's neckline all of a sudden and pressed his body against the door of the car.

Ouyang Lie, who followed closely, was full of wonder, what is this kid doing?

But he said that after Li Tian pressed the innocent driver to the car door all at once, he asked coldly, "Are you a Baotong taxi driver?"

The driver was taken aback, and then quickly said: "I am... I am."

"You...what do you want to do?" The driver looked at Li Tiandao like a lunatic in horror.

But Li Tian asked coldly: "Then tell me now, what does your manager look like? The manager in the office on the first floor of Baotong Company?"

Following Li Tian's question, the taxi driver was slightly taken aback.

"You...what did you ask our manager for?" the kid said with a puzzled face.

"Don't talk nonsense, hurry up, what does your manager look like?" Li Tian asked coldly.

The taxi driver felt that Li Tian was a lunatic, and then slowly said: "The office on the first floor you mentioned should be the manager of our product department... His surname is Cheng, and everyone calls him brother... He is fat, not tall Very high."

Li Tian was suddenly ecstatic when he said word by word from the driver in front of him.

Because his words completely proved that Li Tian's guess was correct! The guy who pretended to be the manager in the office just now is definitely a fake. He is tall and thin... not the product manager of the driver at all!

Chapter 269: Everything behind the scenes

And Ouyang Lie, who came to ask Li Tian about his madness, frowned when he heard the driver portray the appearance of their product manager.

Li Tian suddenly released the driver's hand, and at the same time he couldn't help muttering happily: "That's right... That's right... That guy must be a fake!"

"The real manager is definitely not him, but the fat guy I have seen."

Faced with what Li Tian said, the driver who had been questioned just stepped back quickly, and at the same time, he didn't even dare to ask for a taxi. While thinking about the street, he ran while shouting: Madman, really he is a madman... "

"Boy, good job."

Suddenly behind Li Tian, a burly and powerful hand slapped Li Tian's shoulder, and then a wild voice laughed haha.

Of course he is Ouyang Lie.

Obviously Ouyang Lie also understood what happened.

From the driver's mouth, it was obvious that the manager was impersonating.

"That manager must be an impersonation." Li Tian said with a smile.

"Go, let's go back."

"The \*\*\*\* dared to fool me... to see how I deal with him."

With a roar, Ouyang Lie turned around and walked towards the parked car over there.

The bodyguards who ran over didn't even understand what was going on, they heard Ouyang Lie wave his hand in front of him: "All follow me back."

The bodyguards froze one by one, but they got into the car one by one.

After Li Tian got in the car, the car made a domineering U-turn directly on the highway and drove directly towards the Baotong Company.

The vehicles stranded on the road couldn't help but thrust their heads out of the car window and shouted.

Following a domineering U-turn of several cars, they drove quickly towards the Baotong Company.

On the way, Ouyang Lie was angry and roared in the car.

Now he can't wait to pinch the guys who fooled him to death one by one.

"What a courage, such a broken company dared to show off so much...!" Ouyang Lie said angrily.

Li Tian thought for a while, looked at Ouyang Lie and said, "Do you know who the boss behind this company is?"

Ouyang Lie turned his head: "How would I know."

"Like this kind of broken company, I don't bother to deal with them." Ouyang Lie said disdainfully.

Li Tian frowned slightly, thinking of what the driver had told him before...

So he said: "I heard people say that the boss behind this company seems to be from the Duanmu family."

Following Li Tian's words, Ouyang Lie turned angrily and stared at Li Tian.

"what did you say?"

Li Tian repeated the words again.

"Who did you listen to?" Ouyang Lie looked at Li Tian cautiously and asked.

Especially when he heard the four characters of Duanmu Family, his expression changed dramatically.

"I heard what someone told me before, but I don't know if this is true or false." Li Tiandao said in front of me.

After all, the driver just said so smoothly, and he just said so smoothly, is it true or not? Li Tian is certainly not sure.

He is the kind of person who only speaks out after he is confident in his heart, so Li Tian kept concealing what the driver told him in his heart.

Ouyang Lie's expression was solemn, and he murmured: "What you'd better say is false! Otherwise, it would be bad..."

When a word came out of Ouyang Lie's mouth, Li Tian couldn't help but wonder.

What do you mean? Why does Ouyang Lie think that the boss behind the scenes is from the Duanmu family?

"There is something I haven't told you... I didn't think it was necessary to tell you before, but through this matter I think I have to tell you." Li Tian said suddenly.

Ouyang Lie slowly turned his eyes to look at Li Tian.

"What's the matter?" Ouyang Lie asked, he suddenly discovered that this kid knew quite a lot.

Li Tian hesitated for a moment, wondering if he should say it.

Especially when her mind came to mind... That alluring face had a pair of \*\*\*\* red lips like top-grade rouge... A beautiful and dark woman like a black poppy.

Thinking of her, Li Tian had a strange emotion in his heart.

He still deeply remembered that poppy-like beauty, looked at him and said to him: "Don't forget my name... My name is Duan Muying..."

After shaking his head lightly, Li Tian finally decided to tell the story.

"Last time Tu Wei died, you all thought it was me who killed it, but I didn't actually kill it." A sentence suddenly came out of Li Tian's mouth.

After Li Tian suddenly said this, Ouyang Lie's eyes trembled, and said dully, "What did you say? You didn't kill Tu Wei?"

"Yes, when I arrived at the scene, Tu Wei had already been killed by her... It's just that she left later, you didn't see it." Li Tiandao said.

As Li Tian said so, Ouyang Lie in front of him felt more and more confusing.

"Who is she?"

"A woman named Duanmuying." Li Tian said slowly.

After Li Tian said this, Ouyang Lie's eyes trembled deeply.

"A member of the Duanmu family?" He said in disbelief.

Li Tian nodded.

"Why didn't you say it earlier?" Ouyang Lie suddenly looked at Li Tian seriously.

Li Tian did not speak.

Actually, what does his heart think? Why did you keep telling these people? Maybe he only knows the real thing. To be honest, maybe he doesn't even know what happened... In his heart, he doesn't seem to want to confess her. The subconscious feeling seems to want to protect Like her.

Perhaps this strange feeling even shocked him, but it was the case.

Could it be said that Li Tian liked that weird girl? Duanmu Ying? So a subconscious mind burst out of her heart that wanted to protect her... So in the later incidents, the death of Tu Wei was not revealed?

"Sorry... I didn't tell you the truth in time." Li Tian apologized.

Ouyang Lie sighed deeply.

"You are not to blame for this matter, I just didn't expect the Duanmu family to actually dare to do something to us!" Ouyang Lie suddenly widened his eyes and said, endless hatred burst into those eyes.

Listening to Ouyang Lie's tone, it seemed that he was extremely unwilling to believe that the Duanmu family would really do something to the Ouyang family.

This makes Li Tian wonder slightly, why is this happening?

Chapter 270: Explosion (4 more)

"If we go back this time and really find out that the boss behind Labaotong is a member of the Duanmu family, then the trouble will be great." Ouyang Lie said suddenly.

"What do you mean?" Li Tian wanted to ask for a moment.

"Some things are not clear to you, because these things are about the four major families. If it is really found out that the Duanmu family is the first to move us, then the armistice agreement will be invalidated... A \*\*\*\*\* battle seems to be there. It's inevitable." Ouyang Lie said.

With what he said, Li Tian obviously didn't listen too clearly.

Armistice agreement? He certainly does not know the armistice agreement of the four major families ten years ago.

It turns out that Ouyang Lie has been unwilling to believe that Baotong's behind-the-scenes boss is a member of the Duanmu family, because he is worried that the armistice agreement will be broken ten years ago, because he understands that once the armistice agreement is broken, the consequences will be disastrous.

At that time, Jinghai City might become a sea of blood.

The \*\*\*\*\* battle ten years ago is still vivid...

Although Ouyang is as fierce as a fire and has a grumpy temper, he knows what makes big things important.

Hearing what Li Tian said at this moment, he kept silent all the time, with an embarrassed expression on his face.

Li Tian didn't ask too much about the armistice agreement mentioned by Ouyang Lie. Since it was about the four major families, he didn't need to be an outsider to know, and he didn't talk too much while sitting in the car.

When the car in front of us quickly drove towards the Baotong Company in front, a traffic jam suddenly occurred in front of us.

Many people's cars are jammed there.

The streets that were okay just now suddenly became blocked in such an instant.

Li Tian and Ouyang Lie couldn't help frowning, stuffed their heads out of the window and looked out. The front was really blocked, and rows of cars were all blocked there.

Looking at such a mighty blocked vehicle, it seems that it will be difficult for a while.

Ouyang Lie snorted, opened the door with a slam, got out of the car, and Li Tian followed him.

"Hey, what's going on in front?" Ouyang Lie turned and walked to a man who got out of the car not far in front and asked.

The person in front replied: "It seems that there was an explosion and the police cordoned there...so the road was blocked."

"The explosion?" Ouyang Lie frowned slightly.

"Yes, I heard that a taxi company had an explosion."

The man said casually.

"What? Taxi company?" Ouyang Lie was suddenly shocked.

The man said, "It seems to be Baotong Taxi Co., Ltd..."

The expressions of Ouyang Lie and Li Tian both changed in shock.

The two of them never thought that they had just come out of Baotong Company, and now there was a sudden explosion.

Ouyang Lie, who was at this meeting, glanced at the congested road. It is estimated that it will not be cleared for a while, so he glanced ahead and said: "Let's go, let's run over to see what happened."

Following Ouyang Lie's words, the two of them weren't in the car, and ran towards the front place quickly.

From here, it's not very far from the Baotong Company. No, after the two of them ran for more than ten minutes, they could already see that the place in front was really thick with smoke, and there were all policemen around. Along with the cordon, many onlookers were also stretching their heads to see what happened.

The place where the smoke billows is inside Baotong Company.

The fire is basically under control now, and the police on the scene are investigating important clues there.

As Li Tian and Ouyang Lie rushed to the scene, the two of them looked at the situation. Oh my God, the place where the explosion happened was the office they had just entered. In addition to that office, the building nearby was also indirectly affected. Sexual damage, but that office was obviously the source of the explosion, because only this office was completely horribly bombed.

As soon as the two of them saw the situation, Ouyang Lie wanted to get closer to see the situation.

But he was stopped by the police in front of him.

Ouyang Lie glanced at the scene, and suddenly his eyes were placed on a policeman in uniform over there. The policeman was probably in his 30s and was relatively thin, but with a shrewd and capable face, he was commanding the scene there. There is no doubt that he is the leader of this group of police.

"Lao Zhou!" Rulei's voice shouted from Ouyang Lie's loud voice.

Then the commanding policeman turned his head and saw Ouyang Lie.

He came over with a smile on his face.

"Brother Lie, why are you here?" The policeman who was still commanding the scene just now saw Ouyang Lie with a smile on his face.

Ouyang Lie laughed.

He patted the shoulder called Lao Zhou and said, "I have something to discuss with the boss of this company, isn't it? I just came here and saw something like this happening here..."

The policeman called Lao Zhou said, "What a coincidence."

Then his gaze fell on Li Tian.

"Oh, I forgot to introduce it to you. This is my world nephew. This is the director of the filming house in the Chengxi District of Jinghai City, director Zhou." Ouyang Lie Rulei said in that voice.

He deliberately referred to Li Tian as his world nephew.

When the director heard that Li Tian was Ouyang Lie's world nephew, he hurriedly stretched out his hand with a smile on his face: "Happy meeting, happy meeting."

Li Tian also stretched out his hand awkwardly: "Good Director Zhou."

That Lao Zhou knew about the Ouyang family. The power of the Ouyang family in Jinghai City was definitely the target of the police station directors like Lao Zhou. So when he saw the fire of Ouyang Lie, he always flattered his face.

"Lao Zhou, what happened here?" Ouyang Lie turned around and asked the old Zhou Dao.

Director Zhou said quickly: "A vicious bombing happened."

"Artificial?" Ouyang Lie asked with a frown.

Director Zhou nodded.

"Well, I asked someone to check it just now, and it was indeed man-made, and there were plastic glue on the scene, as well as traces of bombs, using C4 explosives." Director Zhou said.

"Death?"

"1 dead and 5 wounded..." said the director of that week.

"Who died?"

"The product manager of this Baotong company." Director Na Zhou said.

When Director Zhou said so, Li Tian and Ouyang Lie were both stunned.

manager?

"The manager?" Ouyang Lie asked in astonishment.

Director Zhou was startled slightly. He did not expect that Ouyang Lie had such a huge reaction, but he still said: "Just a manager, Baotong's product manager surnamed Cheng, he is a fat man..."

"Huh?" Ouyang Lie frowned upon hearing Director Zhou's words suddenly.

Li Tian on one side also turned his head quickly.

What happened to all this? How could it be so coincidental.
