

A Killer 2611

Chapter 2611: Fragmentation of Vampire Spar

Everyone present never thought that Li Tian would be sober!

And it was still in the case of severely enduring the "Booming Sky Electric Fist".

Even if the average illusionist was hit by the Borg just now, I'm afraid he won't wake up so quickly... and Li Tian was sober.

Borg was stunned, and all the students of the Thunder and Lightning illusionist were also stunned.

After Li Tian was sober, he looked at the students with weird eyes in surprise. He not only secretly lined up in his heart: What happened? Why should these students look at themselves with such eyes?

Correct! I just got a heavy blow from that Borg!

However, why do I feel nothing but a little pain in my abdomen? Moreover, there seems to be a strong warm current in his body... the warm current is constantly wandering up and down his body! This makes Li Tian feel very strange.

"Borg, are you willing to forgive me?" Li Tian suddenly stood up from the ground, wiped the blood from the corner of his mouth, and said while looking at the big Borg.

Borg looked at Li Tian's sober eyes and at his undamaged body. At that moment, he was dumbfounded!

"Forgive... forgive..." Borg said stupidly.

The students around were also looking at Li Tian like a monster.

Hearing that Borg finally forgave himself, Li Tian suddenly felt a sense of excitement.

"Great!"

"Thank you for forgiving me... now we finally resolve the hatred." Li Tian said happily.

Na Borg just stood stupidly, his eyes full of consternation, and the surrounding students were also dumbfounded.

"Since you forgive me, then I won't interrupt your cultivation! I'm leaving."

After Li Tian finished speaking, he was ready to leave.

After all, he is the illusion student of the Qi system, and Naboge and the others are the illusion students of the Thunder and lightning system. It is not a qualified thing to stay in other people's territory like this.

After speaking, Li Tian was ready to leave.

"Hey, wait." Just when Li Tian was about to leave, suddenly the illusion students of the Thunder and Lightning Department stopped Li Tian there.

Li Tian turned his head in surprise, not only looked at the illusion students of the Thunder and Lightning Department behind him and asked, "What's the matter? Is there something else?"

But seeing the illusion students of the Thunder and Lightning Department, they all stared at Li Tian with weird eyes.

"You, you, you, are you all right? There is nothing wrong with your body?" The students looked at Li Tiandao in amazement.

When Li Tian heard these students asking himself, he not only frowned slightly and said, "I'm fine."

"I rub... Didn't you get any physical injuries? Didn't you even have any injuries?" The students continued to ask in surprise.

Li Tiandao: "It doesn't seem to be!"

When Li Tian said this again, they were completely speechless.

Then Li Tian didn't say much, and walked away from the Thunderbolt School of Illusion.

Seeing that Li Tian left, the students of the Thunder and Lightning Department were completely speechless.

"Now, is that kid really okay?"

"My eyes didn't make a mistake... he was hit by Borg's blasting electric fist... and he didn't feel sick at all? Is this true?"

"I can't believe it!"

These students were completely speechless to Li Tian, because none of them thought that Li Tian would be hit by the "Hangtian Electric Fist" without any injury! How can this be believed?

How about even that stupid Borg? The whole person stood there in a daze, looking at Li Tian's back gradually away, he looked at his hands in disbelief.

"My God, how is it possible?"

"Not only did he... not die... but... he hasn't received any injuries yet..."

"No... impossible..."

"He... he... is simply a monster!!!"

In the shock and shock of everyone, Li Tian has already left the thunder and lightning system in front of him.

He silently returned to his dormitory.

Li Tian is happy in his heart now! He apologized for the first time, and for the first time was forgiven by others!

In this other world, Li Tian learned to forgive, learned to tolerate, and even learned the apology that he had never learned before on the earth... All of this was an improvement for Li Tian.

After he returned to the shabby dormitory, he changed into clean clothes.

Looking at the clothes that had been shattered by Borg's "Booming Sky Fist" before, Li Tian couldn't help but lining up in his heart: "That thunder and lightning illusion is really terrifying! I never expected that there would be such a big How hurt!"

"Huh, but how could I not be injured?" Li Tian suddenly became curious.

At the moment when he was hit by Borg, Li Tian almost thought he was going to die! Because of that powerful energy, and when the thunder and lightning illusion came, it was indeed too fierce! However, why would there be no response when a fierce punch hits his body?

This... This is something wrong!

After Li Tian felt that something was wrong at this moment, he quickly opened his chest and took a look, and there was no change in his chest! There is not even a trace of bruises!

When Li Tian saw it, he not only frowned...

Then he reached out and touched his chest, but he still couldn't notice the pain.

"It seems that I really didn't suffer the slightest harm." Li Tian was surprised at that.

Just as he felt this way, suddenly something came to his mind.

"Vampire spar?"

"In my abdomen, there used to be a terrifying cold air... That cold air was caused by the blood-sucking spar!"

"Could it be that Borg's terrifying blow was blocked by the Vampire Spar?"

When he was in a coma, Li Tian noticed that a cold air in his abdomen was suddenly shattered, and then the air began to become vast and turbulent, and then spread all over his body... Now Li Tian, after recalling it, suddenly seems to understand!

Yes!

Li Tian was indeed saved by the Vampire Spar! The blood-sucking spar did indeed endure the terrifying blow of Naborg.

That strange blood-sucking spar exists in Li Tian's body. It can be said to be the most harmful to Li Tian, because that stone absorbs the body's essence, internal strength, and spiritual power!

The reason why Li Tian has no spiritual power is because he was invisibly absorbed by the blood-sucking spar!

Now, the blood sucking spar was shattered...I really don't know, does Li Tian have spiritual power in his body?

He still doesn't know, he only knows that there is a weird and powerful warm current flowing up and down his whole body, and that warm current is constantly swimming around his body like a river.

Chapter 2612: Slave

Li Tian felt the warm breath of his body just like that.

"What exactly is this warm breath?" Li Tian wondered.

After thinking for a while, he secretly said: "Could it be the internal strength of my previous body?"

After thinking like this, Li Tian didn't think much anymore.

He cleaned the room and then rested on the bed.

After resting for a while, Li Tian felt bored, so he sat up from the bed.

He looked at the dilapidated dormitory and then around, suddenly his eyes fell on the elementary knowledge of Qi illusion.

Looking at the practice method of the elementary introductory knowledge of Qi illusion technique, Li Tian not only smiled bitterly.

"Hey, am I still practicing?" Li Tian said thinking about it there.

After thinking about it for a while, he felt that he was really boring, so he started to try to practice.

"Slavery!"

"I will try again."

After thinking like this, Li Tian began to sit on the bed cross-legged, and then began to slowly accumulate the Qi of the Dantian, and then after the accumulation of that Qi, he began to wander around his body non-stop!

After wandering, Li Tian began to pour the breath towards his hands and arms!

Before, Li Tian always failed in this link! Li Tian knew that this was caused by his lack of spiritual power! It is said that only by relying on spiritual power can the Qi slowly be poured into both hands and arms.

After Li Tian arrived at this link this time, to be honest, he didn't have any hope at all!

He just casually guided the breath towards his hands and arms...

Just when Li Tian did this, suddenly something strange happened, and the surrounding air suddenly rushed towards Li Tian's two arms like a river.

what?

After Li Tian noticed this situation, he was shocked!

"How could this be? I can actually guide that anger?" Li Tian exclaimed suddenly there.

Yes, I saw that qi began to continuously pour from his body towards the two arms, and gradually began to flow into the palms of Li Tian's hands!

The natural energy ran across Li Tian's hands and arms.

"Great! I actually made it."

Li Tianwan didn't expect that he could succeed, and he was completely excited at the moment.

Slave Qi: Take the Qi to slave things! What really needs to be done is not to guide the qi, but to use the qi of the body to control or move the surrounding objects! This is the true essence of slavery.

Although Li Tian now controls the Qi in his body, he has not really learned the "Slavery Technique".

He was just filled with indescribable excitement in his heart, excited there.

"Since my hands and arms are already running through the air, then I should try the real secret of this slave air technique! I want to use the air slave!"

After thinking about this in Li Tian's mind, he then raised his eyes, and then began to observe the surroundings of the room. His eyes saw a small wooden block in front of him. The small wooden block was very small. , The volume is not large, how far is it from Li Tian? It is only 45 meters away.

After seeing the small wooden block, Li Tian suddenly said in his heart: "Am I going to use the slave qi technique to try the wooden block? See if my energy can move the wooden block?"

After thinking like this in Li Tian's mind, then with an unknown excitement, he began to prepare to use that slave energy technique.

I saw Li Tian urge the breath in his palm, then spread the breath from the palm of his hand, and then control the small wooden block not far away!

"Hey!"

I saw that the small wooden block suddenly moved when Li Tian's invisible aura was conveyed!

"Moved?" Li Tian couldn't help screaming at the moment when he saw that small wooden block was actually moved by himself.

He never expected that his slavery technique had really succeeded a little bit! It could really move that small wooden block at a distance of 45 meters!

After seeing that small wooden block move, Yang Xie instantly became excited, and then quickly began to continue the experiment.

After he passed the breath in the palm of his hand again, the small wooden block really squeaked...creaked...creaked on the table 45 meters away in front.

Although the magnitude was not very large, it was already extremely shocking to Li Tian.

Li Tian saw how excited he was at the moment when he could actually push the small wooden block!

This is a kung fu he has never seen before on earth... to be honest, it is like a supernatural power! At such a long distance, it is indeed extremely rare to rely on the invisible Qi to push the small wooden block.

After Li Tian was able to push the small wooden block at this moment, he secretly said: "I can already push the small wooden block now, should I try to throw the small wooden block up? Then let it float in the air?"

After thinking this in Li Tian's mind, he continued to use the warm current of his body, and then poured a larger part of his body into his hands and arms.

After the infusion, Li Tian continued to control the small wooden block!

call!

I saw that the small wooden block once again accumulated strong energy in Li Tian directly suspended!

"It's really up! That little wooden block really hangs in the air."

Looking at the small wooden block hanging in the air, Li Tian's eyes widened in disbelief!

But as soon as his breath stopped, the wooden block fell from the air again!

Looking at the small wooden block falling on the table, Li Tian was not only excited there.

"It's great, I can finally be a slave..."

Although Li Tian's current ability can be said to be inadequate even with the elementary Qi illusion, he can achieve the ability to hang objects in the air in just a few minutes... but no one can compare it. of!

So Li Tian began to practice in the shabby dormitory.

So far, the only one that Moore gave him is the basic knowledge of Qi illusion!

Everything else is, what kind of qi...what kind of qi...wait for some knowledge! These are of no use to Li Tian! Because Li Tian has learned it a long time ago! All he has to learn now is that illusion!

In the morning, Li Tian stayed in that room to practice the little wooden block!

At the beginning, Li Tian could not control the qi, nor could he control the small wooden block in the air!

But as he practiced more and more proficiently, gradually, that Li Tian had already begun to be able to control the small wooden block slowly!

Chapter 2613: Ten segments of spiritual power! Full level

Soon the whole morning passed like this!

In this morning, no one thought how exaggerated Li Tian's progress would be!

Inside the dilapidated dormitory, suddenly I saw a small square piece of wood spinning quickly in the air! Not far away, I saw Li Tian'er's five fingers moving slightly!

Li Tian made the small wooden block upward, and it would upward!

Li Tian let the wood block down, and it's down!

Now Li Tian has reached the point where he is so perfect and free to do whatever he wants. .

In this way, Yang Xie played with that little wooden block straight all morning!

His speed would be shocked if he were seen by the academy! Because no genius can never achieve such a terrifying promotion! Who can first learn to guide Qi in a morning? Then began to try to move the animal body? Then start to control the object?

All of this, for ordinary Qi illusion students, at least one month or even two months! For a genius student with a level of spiritual power, it would take at least 1015 days! And now? For Li Tian, he actually only spent one morning!

And he also managed to control this little wooden block as he wanted! You know, this step of doing whatever you want is the most difficult step in the elementary stage of Qi illusion! ! !

Li Tian didn't know his promotion speed at all, he just felt that Qi illusion was getting more and more fun.

Soon, the whole morning passed quietly.

Li Tian was fascinated by the practice of that little wooden block, and even forgot to eat. When he woke up, the cafeteria of the college had begun to close!

Li Tian gazed at the time depressedly, thinking about it, and muttering there, "Forget it, anyway, the cafeteria is closed, so let's go out for a walk. Anyway, after practicing for a whole morning, he feels very tired!"

So Li Tian went out alone.

Li Tian just wandered around the academy by himself... he did not dare to reach the sites of other departments...because the academy had clear rules! Every student can only practice in his own department...

So Li Tian can only move within the narrow range of his Qi system!

Before I knew it, Li Tian had actually come to the square where the Lingshi was measured.

At this moment, the Lingshi Square is empty, only the Lingshi with weird light is standing there!

Looking at the weird and radiant measuring spirit stone, Li Tian felt depressed when he saw it.

"Damn it, this broken stone detected that my body didn't have any spiritual power! And I was mocked by so many students and teachers at Bander College." Li Tian muttered there.

"Is Li Tian really so hard? Does my body really have no spiritual power?"

Li Tian feels unwilling!

At the moment, he stared at the measuring spirit stone that exuded weird light, which seemed to despise Li Tian.

"I will try again!"

Li Tian suddenly decided in his heart to speak there.

So Li Tianxin was stunned, and he walked quickly towards the Lingshi.

Looking at the quick test spirit stone, Li Tian felt depressed! This time, if I test it out that my body doesn't have any spiritual power...I will never practice this illusion again! Li Tian thought about it in that heart!

"It's useless to practice anyway... On this spiritual soil continent, there is no way to practice illusion without spiritual power."

After Li Tian said this silently in his mouth, he walked over, then raised his hand and slowly placed it on the measuring spirit stone.

An icy coolness instantly passed from the test spirit stone.

After the chill came, Li Tian began to look at the measuring spirit stone.

"Dididididi..." Suddenly the measuring spirit stone screamed strangely, sounding like an alarm.

This made Li Tian startled. He hurriedly backed away and said in horror, "What's the matter? Why does this measuring spirit stone scream?"

In the past, Li Tian tested, this test spirit stone was directly destroyed! But this time, there was a strange cry, Li Tian didn't know what happened.

At this moment, he raised his eyes to look at the weird spirit measuring stone...

I saw the test spirit stone exuding extremely dazzling light, the upper one, the second, the third... all the spiritual power was shining there, reaching the top ten! ! !

All ten spiritual powers are on!

When Li Tian saw this scene, his whole person was instantly astonished.

what?

"This, this, how come all the ten segments of spiritual power on this measuring spirit stone are lit up?" Li Tian said suspiciously.

Then he suddenly rang, and he remembered that the old dean Herris once said that any person's hand on this spiritual test stone, as long as the corresponding level of spiritual power is displayed, it indicates that there is in his body How much spiritual power!

But now? Now that Li Tian's palm was placed on the measuring spirit stone, the measuring spirit stone turned on all ten levels of spiritual power.

"Could it be... can it be said that... I have spiritual power in my body? And... and have reached the tenth highest spiritual power?" Li Tian said in disbelief.

Of course he would not know how many people's internal energy, essence, and spiritual power had been absorbed by the blood-sucking spar that had been in his body for a long time! When on earth, everyone has spiritual power in their body, but no one has noticed it! But in this different world, they will use spiritual power... so the blood-sucking spar also absorbs the spiritual power of many people on the earth... and the essence and so on! This led to Li Tian's current spiritual power swelling to an extremely terrifying point, which also led him to learn the "getting things from the air" in the morning and control the small wooden block as he pleased.

Li Tian couldn't believe it at this moment, he couldn't believe this fact that shocked him!

So Li Tian once again walked to the side of the measuring spirit stone, and then continued to put his hands up, but seeing that the measuring spirit stone was put on his hands, he began to groan "didididi" strangely. stand up.

This time Li Tian turned his head to look at the measuring spirit stone, ten paragraphs! Full-level spiritual power!

When he confirmed his physical spiritual power again, Li Tian was completely shocked there.

"Great! I finally have spiritual power in my body!"

"No wonder, I can guide the qi in my body... No wonder, I can learn the slave qi technique. It turns out that all this is because of the spiritual power in my body!" Li Tian thought excitedly.

The haze in my heart was gone!

Li Tian, who almost wanted to give up practicing that illusion, regained his confidence at this moment!

Chapter 2614: Continue studying

Li Tian is full of confidence at this moment!

He stood next to the measuring spirit stone, and there was an indescribable feeling of excitement in his heart. .

At this moment, suddenly an old figure walked over from the front place, and after a closer look, it was the old Dean Heris in the college.

The old dean Khris looked up inadvertently, and then saw Li Tian standing next to the Lingling Stone. At this moment, he was taken aback, and then walked towards Li Tian.

"Student Li Tian."

Suddenly the old dean walked towards Li Tian from a distance.

Li Tian looked up, and when he saw the old Dean Heris, he not only hurried over, but said respectfully to the old Dean Heris: "Old Dean."

The old dean glanced at Li Tian, and then at the measuring spirit stone next to him, he suddenly seemed to realize something.

"Boy, are you here to test your spiritual power again?" Just listen to the old Dean Hollis suddenly looking at Li Tiandao.

Li Tian nodded silently and said, "En."

"Hey, boy, don't be sad...Although your body has no spiritual power! But don't worry so much! The old man will definitely find a way." The old dean Heris comforted Li Tiandao there.

The old dean thought that Li Tian still had zero spiritual power in his body! If the current old dean took a step forward and walked forward to watch the screen showing the strength of the measuring spirit stone, he would definitely be shocked on the spot!

However, the old dean did not walk over to look at the measuring spirit stone!

Because of the two tests, Li Tian's body has zero spiritual power! This measuring spirit stone will never go wrong, even if it is one in ten million wrong, it is impossible to go wrong twice! So the old dean didn't walk over to look.

After hearing what the old dean said, Li Tian not only looked up at the old dean and said, "Old dean, I..."

Li Tian actually wanted to tell the old dean that his body had spiritual power!

But at the moment Li Tian said so, the old dean suddenly stopped Li Tiandao and said, "Child, don't be sad! Your body, the old man knows best."

"Hey, this is all God's will!"

"Child, you go back first...As for your physical and spiritual matters, I will think of a solution at that time." The old dean looked at Li Tiandao and said.

Hearing the old dean say this again, Li Tian, who originally wanted to tell the old dean the truth, fell silent.

He said silently there, "Okay, old dean."

Then Li Tian took his footsteps and left the Measuring Square.

After that Li Tian left, the old dean over here looked at Li Tian's back and couldn't help sighing silently: "Hey, Old Long, how can I explain to you? This kid, how can I teach him? Illusion? He doesn't have any spiritual power in his body." The old dean couldn't help but sighed.

After the old dean sighed, he walked away.

The old dean who walked out a few steps suddenly felt that the spirit measuring stone behind him was a bit weird...At this moment, the old dean not only slightly turned his head and glanced at the strange light measuring spirit stone.

"Hey, the light emitted by today's measuring spirit stone seems... it seems to be more dazzling than before? What's the matter?" The old dean blinked his eyes and looked at the measuring spirit stone in the dark.

Then the old dean thought about Li Tian again, and finally the old dean showed a helpless smile.

"Forget it, I won't report any miracles... That kid just tested it... Could it be possible to show miracles? Testing Lingshi never shows miracles."

The old dean who was saying this stepped away and left here!

He didn't look back at the spirit measuring stone with weird light...

If, at this moment, the old dean chose to look back! He would definitely see a scene that he could not believe in his entire life, because no one could believe that the spiritual power displayed on the measuring spirit stone at this moment was ten-stage full-level spiritual power! !

...

After Li Tian left, he returned to the dormitory.

Li Tian now knows about his physical and spiritual powers, and he wants to start practicing desperately.

Therefore, throughout the afternoon, Li Tian was practising the "slavery technique" there.

When he first started, he only controlled the small wooden block with Qi... When he could control the small wooden block as he wanted, he began to practice using spiritual power to control bigger things!

In the afternoon, Li Tian felt that his body and spiritual power were getting fuller and fuller!

When the whole afternoon passed, he was already able to use his powerful spiritual power to control the tables, chairs and so on!

As soon as he can turn around, he throws a wooden table up casually...and then pauses in the air...

After a day of cultivation, Li Tian finally realized the greatness of Qi illusion.

Now Li Tian can use his body's energy to control everything in the room, whether it is a table or a chair, he can throw those up as he wants, and then control them.

Li Tian, who had been cultivating hard for a day, finally rested in the evening.

This time, he slept very comfortably. It was the first time he slept so soundly after arriving in another world.

On the next day, Li Tian got up early.

He looked at the cup placed on the table not far away, and then waved it with him. When he saw the cup, he flew towards Li Tian's hand with a "swish".

Li Tian stretched out his hand to take it, and steadily caught the water glass, then took a sip of excitement, then breathed again, slowly putting the glass on the table.

All of this is a blink of an eye.

Li Tian's slavery skills can be said to have reached a point that others could not imagine.

After getting up, Li Tian stretched his waist and looked at the dazzling sun outside... He took a deep breath of fresh air.

"Hey, it's a pity that this elementary knowledge of Qi illusion technique only has this slave Qi technique... If there are more illusion techniques, it will be fine." Li Tian said in that mouth.

Now Li Tian has completely mastered the slavery technique, he can control everything in the room as he wants, so he wants to practice other illusions even more.

"I'm going to find my master... see if he can give himself some other illusion secrets." Li Tian in front of him thought to himself.

Following Li Tian's thoughts in his mind, he was going to find the only Qi illusion teacher in that academy: Moore.

After arriving at the place where Moore was living, Li Tian reached out and knocked on the door slightly.

The sound of dong dong dong came in.

Suddenly a very impatient voice appeared inside: "Who?"

Then the door of the room opened!

Chapter 2615: Why are you so fast?

Looking up, he saw that Moore was holding two potions in his hand in a mess, then stared at Li Tian. .

"Boy, what are you doing here?" When Moore saw his "trash" student, he burst into flames all over! As if he didn't want to see that Li Tian.

Li Tian knew that this master was extremely bitter and mean, and at this moment he was not only saying: "Teacher, I am here mainly to...I want you to give me some other Qi illusions to practice illusions."

When Li Tian said so, Moore's eyes widened in front of him.

"Boy, what do you want other illusions? Have you read all the knowledge of the elementary qi illusion that I gave you two days ago?" That Moorben stared at Li Tiandao.

Li Tian replied truthfully: "I did read it all."

"Trash! You have farts after reading... You have to learn! Learn, understand?"

"stupid!"

That Moore had cursed Li Tian.

Listening to this ***** teacher insulting himself, Li Tian accumulated an invisible anger in his heart. He raised his head and glared at Moorben in front of him, telling the truth to this bitter bastard, telling him that he had already had it all. Learned.

But after thinking about it, Li Tian didn't say anything.

"Smelly boy, why are you looking at Lao Tzu?" Moorben saw Li Tian glaring at him, immediately furious.

"Trash student, let me show you what Qi illusion is!"

Molbun, who was talking, suddenly began to accumulate air, and then raised his right hand, and saw a small potion flying in the air from the front place, and then Molbun stretched out his hand and took it in his hand.

Slaveness!

Unexpectedly, Moore used this low-level Qi illusion in front of Li Tian.

Looking at the little potion in his hand... Then Moore was bragging there and said, "Smelly boy, have you seen it? Slaveness! Take things out of space...you understand?"

Li Tian smiled bitterly: "The teacher is really good at it!"

"I can get such a small potion... from there."

That Moore didn't hear Li Tian's irony, and he smiled proudly at that moment and said: "Nonsense! My Qi illusion is the only one in the academy... Hmph, you think I'm like the teachers in other departments, so like showing off. Do you have any skills?"

"Forget it, tell you a trash student, you don't understand!"

"Boy, go back and practice on your own...When you can reach the level of a teacher, you will be able to get out of the mountain! As for you want to see other illusions...huh, wait a few years."

After Na Moore said these words coldly, he closed the door with a "bang" and ignored Li Tian again.

Li Tian was full of anger. Looking at the closed door, Li Tian said angrily: Damn thing! Even a ***** like you deserves to be a teacher?

When Li Tian uttered an angry roar, he suddenly accumulated a strong energy from his body, and then suddenly stretched out his hand to wave all the potions in that Moorben room.

Click, click...

Suddenly, all the potions he worked so hard in Moorben's room soared into the air, and then all fell to the ground and shattered!

"Ah? How could this be?"

"Who? That ***** broke my potion?"

"My potion!"

The screaming sound of Moorburn came from the room!

After Li Tian heard the tragic cry of Morben, not only a cold smile appeared on the corner of his mouth.

"Damn it, you forced me! No wonder me."

After Li Tian crushed all the potions in Moorben's room like this, he left quickly.

On the contrary, that Moore was in the room at the moment, with a completely anguished expression...The medicine he worked so hard to refine, unexpectedly, was completely destroyed in Li Tian's gestures! He roared in pain!

Li Tian finally figured out a bad breath.

After he returned to the dormitory, he became depressed.

"Damn Moore, don't give me other illusions, how should I practice?" Li Tian thought there.

"Forget it, since he doesn't give me other illusions...I will continue to practice this slavery technique first."

In this way, Li Tian continued to practice that slave energy technique.

The days passed day by day.

In a blink of an eye, it has been almost half a month since Li Tian came to this Bander Academy. Since Li Tian learned the "Slavery Technique", he has been practicing this "Slavery Technique" because he only has this one now. Illusion.

Now Li Tian's slavery skills have reached the point of horror. With his gestures, he has been able to suspend everything in the room in the air!

If Li Tian is willing... he can even float the entire house! But Li Tian did not try that.

As for the students of other departments, because the days of the Empire Illusion Contest are getting closer, so the students of other departments are practicing illusion with concentration.

In the entire Bander College, everyone except Li Tian may be busy.

Even the old dean had never seen the old dean's face since he met with Ce Lingshi last time.

Life continued to live, Li Tian lived like that boring life.

Suddenly one day, that Moore was looking for Li Tian.

Li Tian was in the room at the time, playing with slavery skills. After hearing the door of the room knocked, Li Tian hurriedly dropped the empty table and chair, then stretched out his hand and slightly pulled it 56 meters away from him. The door of his room creaked open.

I saw that Moore walked in with a treacherous look.

"Mr. Moorburn." Seeing that Mooreben came in, Li Tian yelled slightly while sitting on the side of the bed.

But Moore was stunned.

"How does your kid move so fast? Didn't you just open the door?" Moorben exclaimed in surprise.

He can't believe his eyes! Because Li Tian is now sitting 56 meters away from the door, but the door just opened suddenly and automatically? Who opened it?

Then Moore would never have thought that Li Tian opened the door of the room with slavery.

But seeing Li Tian smiled there and said, "I opened the door."

"But you...you... why did you get into your seat so quickly?" Moore asked with a look of surprise.

Li Tian touched his head and said, "Maybe...maybe I move fast."

"Forget it, forget it, I don't bother to take care of you, a trash student." Moore didn't think about it any more, and said impatiently at the moment.

Chapter 2616: Black Rock Mountains

"Boy, come here, I have something to do for you." Moorben suddenly said to Li Tiandao in front of him.

After Li Tian heard what Moorben said suddenly, he was not only taken aback for a moment, but looked at Moorben and said, "What's the matter?"

But seeing that Moore was there and said to Li Tiandao: "I want you to go to the Black Rock Mountain Range in the imperial capital and gather some medicinal materials for me."

The Black Rock Mountain Range is located behind the Imperial Capital.

From here, if nothing happens, you can arrive in one morning. It is the nearest mountain range in the Imperial Capital.

It's just that the Black Rock Mountains are extremely dangerous, because anyone knows that there are terrible beasts in the Black Rock Mountains, and there is a terrible wilderness of bones.

Ordinary people would never dare to go to the Black Rock Forest rashly. Even someone who can illusion can not easily enter the Black Rock Forest. Unless a few people travel together, it would be very dangerous.

At this moment, no one thought that this sharp-mouthed monkey-gill Moor would have let Li Tian go to the Black Rock Mountain Range.

Li Tian didn't know the danger level of the Black Rock Mountain Range. At this moment, he glanced at the treacherous Moor Benzai and said, "Black Rock Mountain Range? Where is it?"

"You are too stupid? You don't even know the Blackrock Mountains."

"I'm telling you, just behind the imperial capital, after you walk out of the gate of the academy, walk eastward, and then you will see the Black Rock Mountain Range." Moore said to Li Tiandao.

Then Li Tian didn't just say, "What kind of medicinal materials to pick?"

Moor, who saw the sharp-mouthed monkey's gills, took out a picture and saw a few weird grasses painted on it.

"Just these kinds of grasses," Moorben handed the drawing to Li Tian.

After Li Tian took it over, he took a look. Li Tian didn't know the grass painted on it, so he thought about it and Li Tian accepted it.

He was boring in the academy anyway. Furthermore, his "slavery skills" have now reached an unimaginable level... So when he heard that Moore let himself go out to gather medicine, he replied: "Okay, I will help the teacher gather medicinal materials."

Moore didn't expect his "stupid student" to really agree, and smiled and said, "Very good, very good."

"Kid, remember, you are not allowed to tell the old dean about you to gather medicine! You go directly out of the gate of the college... Don't let anyone see it. If anyone asks, you are not allowed to tell them. Do you understand the matter of going to the Blackstone Mountains to collect medicine?" Moore said to Li Tiandao.

It turns out that this treacherous Moorben is afraid of being seen by Li Tian! If that were the case, Moore would be unlucky because everyone knows in Band College that one can never go to the Black Rock Mountains! Even an intermediate illusionist... dare not rush to the Black Rock Mountain Range! In the past few years, that Moorben once had a missing apprentice, and his missing apprentice was sent to the Blackrock Mountains by this **** Moorburn. Since then, that apprentice has never returned. .

Hearing what the treacherous Moore said, Li Tian turned his head: It seems that this Black Rock Mountain Range is definitely not a good place! This **** kept himself secret so much... I'm afraid that he might get involved.

Although Li Tian thought this in his mind, he nodded there and said, "Okay."

After hearing Li Tian's promise, the Moor in front of him smiled wickedly, and said with a smile, "Really a good student, a good student."

"Go, you can go now." Moorben suddenly said to Li Tiandao in front of him.

Li Tian then said, "Okay, I'll start after packing up."

Then Moore smiled, then turned and left here.

After Li Tian waited until Moorben disappeared, he not only glanced at Moorben's figure coldly, but murmured in his mouth, "Asshole thing."

Then Li Tian sat in the room depressed.

go with? Still not going?

Although Li Tian didn't know how dangerous the Black Rock Mountain Range was, he faintly felt that the Black Rock Mountain Range was definitely not a good place.

Finally, after Li Tian had a ideological struggle, he decided to check it out. Anyway, during this time, he was really boring.

After Li Tian made this decision, he was going to visit the Black Rock Mountain Range.

After taking a package, Li Tian walked towards the gate of the college.

The students in the entire academy are working hard to practice illusion...No one is wandering in the square at all, so it is impossible to see that Li Tian.

In this way, Li Tian reached the gate of the college with ease.

When he reached the gate, he saw the gray-haired "Mr. Ge" guarding the gate of Bander College.

"Hello, Mr. Ge." After Li Tian got there, he said hello to Mr. Ge.

Na Ge glanced at Li Tian, and when he found out that it was him, he was not only slightly startled.

"You... Are you... the only student of that Qi system illusion in the academy?" Old Ge recognized Li Tianzai.

Li Tian smiled and nodded and said, "Yes, it's me."

"Are you going to leave the college?" Na Ge continued to ask.

Li Tiandao said: "Yes."

"Does your teacher allow you to go out?"

Li Tiandao: "Agree."

"Very good, then you can go out." Ge Lao faced Li Tiandao.

So seeing him slightly opened the big iron gate in front of him, Li Tian smiled and walked out of the gate of Bander College in front of him.

After walking out of the gate of the academy, Li Tian took a deep breath and looked at the wide roads around him and the tall and majestic buildings. Li Tian felt comfortable all over.

"It still feels comfortable to come out." Li Tian said in the dark.

Then Li Tian began to walk along the wide road outside towards the east.

On the road, there are many people and many carriages.

The noisy downtown is completely different from the earth...The people here are very strangely dressed, and they are completely different from those of the earth.

Li Tian's walk in this busy city not only attracted the attention of many people.

Because of the bronze mask on Li Tian's face... so many people were there blinking and looking at him.

However, Li Tian didn't mind, he just walked happily towards the east.

Soon, Li Tian crossed the downtown area and then reached the area behind the Imperial City.

Looking up from a distance, I saw that about 30 kilometers away from the imperial capital, a mountain range spanning thousands of kilometers was winding up and down... the mountain range was so scary! Towering and magnificent.

"Is this the Black Rock Mountain Range? It's really big enough." Li Tian raised his eyes and looked at him with horror.

Chapter 2617: Scream

Looking at the huge Black Rock Mountain Range, Li Tian took his steps towards the direction of the Black Rock Mountain Range.

Soon, Li Tian walked out of the gate of the imperial capital. After he walked out of the gate, there was a main road, and this broad main road connected to the Black Rock Mountain Range.

In this way, Li Tian began to walk along this main road.

Along the way, Li Tian found that there were fewer and fewer pedestrians... as if no one went to the Black Rock Mountain Range at all.

After walking for about half an hour, Li Tian finally saw 56 people riding horses and wearing armors rushing up from behind.

All of these 56 people are strong, armed with heavy weapons, and also armed with bows and arrows and other equipment.

After a glance, Li Tian knew that these people were hunters! They probably went to the Black Rock Mountain Range.

"Hello, how are you? Excuse me, are you going to the Black Rock Mountains?"

At the moment when those 56 people were galloping over on horseback, Li Tian couldn't help asking.

One of them, a man with a strong figure and a beard on his mouth, stopped the horse at the moment, then took a cold look at Li Tiandao and said, "So what?"

Li Tian heard the strong man's domineering tone, and said with a smile at the moment: "It's okay, it's okay, I'm just asking."

"Boy, where are you going?" The strong man glanced at Li Tian in front of him and suddenly asked.

After hearing the strong man's question, he only heard that Li Tian replied, "To be honest, I will also go to the Black Rock Mountains."

"You? Are you going to the Black Rock Mountain Range alone? And don't even bring weapons?" The strong man asked Li Tiandao who was looking in front of him with a look of surprise.

But seeing Li Tian replied: "Yes."

"Night! That's awesome!"

"Boy, you are so kind! I admire you!"

Hahahaha.

After speaking, the strong man suddenly laughed, and slapped the steed under the mount with the knife in his hand. He only heard the black steed neigh, and then galloped forward.

The men in front, seeing the big guy coming at this moment, couldn't help asking: "Lao Liu, what are you talking to that kid?"

The man who was called the sixth laughed and said, "I'm talking to a kid who is about to die.

"Lao Liu, what do you mean?" the big guys around asked inexplicably.

"Have you seen that kid? That kid is going to the Black Rock Mountains alone! What do you think he is not going to die?" The sixth man pointed to Li Tiandao.

The brawny guys around heard what the sixth man said, and not only looked back at Li Tian there.

"Yes, he did go to die."

"Forget it, people like to die, take care of us, let's go."

As he said, these brawny men slapped the horses they were riding down... and then directly marched towards the area of the Black Rock Mountain Range.

What about Li Tian?

Just now, seeing a few people looking back at him in the front place, Li Tian was taken aback for a moment, and his heart was secretly lined: What are those people talking about?

Li Tian continued to walk towards the Black Rock Mountain Range.

The closer you get to the Black Rock Mountains, the less you can see a person.

On the broad main road, only Li Tian was walking silently with a monotonous figure.

Finally, he arrived!

He saw the Black Rock Mountain Range ahead.

I saw the Black Rock Mountain Range towering extremely high, one by one, towering old trees growing there...The leaves of those big trees are as huge as banana fans, and their branches are extremely thick...

Li Tian looked at these old trees that he had never seen before, as well as all kinds of strange flowers and plants, and he was not only shocked there.

"What kind of plant is this?"

"Why did I never see such weird plants when I was on the earth?" Li Tian said, looking at bunches of weird flowers.

There are indeed a lot of weird plants on this spiritual soil continent! These weird plants are of course extremely curious about Li Tian, who has never seen him before.

In this way, Li Tian entered the Black Rock Mountain Range.

There are extremely luxuriant flowers and plants everywhere in the Heishi Mountain Range. Those flowers and plants are as tall as a person, and after a person walks in, they can't see them for an instant.

And in the Blackstone Mountains, there are many thorns full of poisonous thorns... coiled among the lush flowers and plants.

Li Tian walked slowly along the way. He walked along the steep mountains little by little.

When reaching the places that are not easy to walk, Li Tian used his slavery skills!

He gathered his breath slightly, and then two breaths quickly reached the palms of his hands. After reaching the palms of his hands, he then said to the dense flowers and plants in front: "Open!"

With a roar, I saw the surrounding lush flowers and plants, as he showed his anger, quickly moved to the side!

A path immediately appeared in the middle.

Li Tian smiled with satisfaction, and couldn't help but lining up in his heart: his slavery skills are still quite effective!

In this way, Li Tian walked towards the front place step by step.

He walked alone in this terrible blackstone forest, occasionally he could hear a few weird beasts hiss...From a distance, those sounds were not wolves or lions, and couldn't hear them at all!

It seems to be a different kind of creature.

Li Tian listened for a while, so he didn't care too much, and started to crawl there at this moment.

He didn't know how high he was crawling now. Looking at the various exotic flowers and plants around him, Li Tian took out the drawing that Moorben gave him from his pocket!

"That **** Moore asked me to find these kinds of flowers...Can I find them?"

"Forget it, because he asked me to come out, I will help him find it."

So Li Tian took out the drawing, and then started looking for the flowers and plants drawn on the drawing.

Soon, Li Tian found the first kind of flowers and plants. He collected several plants and put them in his backpack.

Then he started looking for the second kind of flowers...

Such a search cost Li Tian a whole afternoon!

Gradually the sky began to darken, and Li Tian was almost searching for everything now, except that the last kind of flowers and plants was not found. When he was walking on the rugged mountain road in front, it suddenly came from the dense jungle in front of him. There was a sorrowful scream, and then the strange scream of horses panicked.

Huhulonglong!

It was as if something terrible was happening in the jungle ahead.

When Li Tian heard this, his brows frowned.

"What's the situation? What happened to the front?"

After thinking this way in his heart, Li Tian quickly stretched his figure and flew forward.

Chapter 2618: Fierce beast

After Li Tian flew over quickly, Li Tian took the lead to smell a **** breath.

The **** smell was unusually unpleasant, coming from the dense grass in front.

After Li Tian smelled the **** smell, he suddenly felt shocked, and then cautiously accumulated vitality in his hands and arms, and then began to investigate.

He slowly stretched out his hand and scraped the grass in front of him, and then he saw pools of blood on the ground.

"blood?"

After Li Tian saw the blood, he was taken aback.

He touched the blood with his hand...

"hot?"

"It seems that this has just happened."

After Li Tian thought this in his heart, he hurriedly followed the blood stains and began to slowly move forward to search for it.

After looking around, Li Tian suddenly found a boot. Judging from the size of the boot, it should be a man's boot!

Li Tian picked up the boots, not only frowned slightly...

While he was watching, suddenly in the thick grass ahead, he saw a ***** corpse!

what?

When Li Tian saw the corpse, he was not only taken aback, and hurriedly stepped forward to check the situation, only to see that the corpse in the grass was already bloody.

The whole head of the corpse was bitten off by something...Two arms...One was broken, and the other was holding a broad sword in his hand.

The body seems to be torn apart by some terrifying beast... There are five terrifying claw marks on it!

The body is still wearing armor.

When Li Tian looked at the corpse, he was not only stunned.

"This corpse... isn't it... isn't it... when we came, did you meet those people wearing armor and riding war horses on the road?" Li Tian suddenly recognized it.

He still remembered one of them wearing such armor and carrying a huge sword in his hand!

It's just that this poor fellow has now become a dead man.

Li Tian looked at this bitten corpse, not only thinking in horror in his heart, "What is it that killed this guy?"

Li Tian thought for a while and continued to walk forward. At this time, he saw more corpses.

I saw in the dense grass in front, leaving five... the same flesh and blood corpses.

These corpses are all wearing armor...with weapons in their hands...it's a pity that they have been killed by some terrifying beast.

Their limbs were also eaten to the remaining half...Although they couldn't see their faces clearly, Li Tian still recognized them one by one.

Yes, these corpses are just a few brawny men riding horses before that.

"Hey, why did these people die so soon?"

"What the **** attacked them?" Li Tian thought secretly in his heart.

Just as Li Tian was thinking about it, suddenly there was a rustling movement in front of him! It was as if there was something in the grass.

Li Tian was taken aback, stood up, and then carefully observed the grass in front of him, his eyes widened, and the true energy of his whole body accumulated in his hands.

"Who," Li Tian shouted suddenly.

But among the thick grass, there was still the rustling noise, but no reply was heard.

Li Tian didn't dare to be careless at this moment, and walked cautiously into the grass where there was movement.

Just as Li Tian walked over step by step, with a thud, only a huge beast emerged from the grass!

This beast has a single horn on its head. The whole body is like a rhino. It is strong and terrifying. There are layers of deep scales on top and bottom of his body... The blood basin has a big mouth and fangs. Long, at the moment, I saw this beast gnawing on a corpse.

The corpse of a steed.

At the moment when he suddenly saw such a weird beast pop out, Li Tian was shocked.

"Nima, what kind of beast is this?" Li Tian exclaimed.

He had never seen such a weird beast... Seeing it like this, he was shocked right there.

The beast also spotted Li Tian at this moment, and his blood bowl suddenly threw off the leftover horse leg in his mouth, and then roared and waited for the bloodthirsty eyes, looking at Li Tian.

Li Tian is not only backing slightly at this moment! He is indeed a little scared.

What about that terrifying beast? At this moment, seeing Li Tian retreating, he actually forced him towards Li Tian, his **** mouth roared there...The sharp fangs exuded a deadly feeling, and he approached Li Tian step by step.

Suddenly when Li Tian retreated, this terrifying beast roared fiercely and rushed towards Li Tian.

The action is as fast as a sharp arrow.

Li Tianyi saw the weird beast rushing towards him, he was shocked, and quickly dodged his body, then flipped his hand and hit the beast.

The beast's body suddenly swayed.

With a bang, I saw Li Tian's heavy palm hit the scaly body of the beast...

The armor of the beast was extremely hard, just like the skin of a crocodile.

Li Tian's palm hit it, it was tickling!

When he saw that his palm couldn't hurt this weird beast, Li Tian was stunned.

"Well, what is this strange beast? Why is the skin so thick."

Li Tianxin thought this way, but saw the fierce beast pounce on Li Tian again.

Li Tian leaped and dodged. The fierce beast slammed its head against a huge thick tree, and with a click, a thick tree was directly broken.

The fierce beast didn't hit the Li Tian, and was extremely angry. At this moment, he screamed and suddenly rushed towards Li Tian again.

Li Tian flew up, and then hit the fierce beast with two palms one after another, but after the two palms hit the fierce beast, the strange beast felt no pain at all, and continued to rush towards Li Tian.

Li Tian finally understood why the 56 guys in armor had been killed before that!

Even Li Tian's powerful palm hit the alien beast without any response...not to mention the weapons in their hands!

At this moment, Li Tian dodged while thinking in his mind, how to deal with this strange beast!

"Do you want me to try slavery?" Suddenly a thought came out of Li Tian's heart.

"Anyway, now, with the palm of your inner strength, you can't hurt this beast at all! I'll try slavery."

After thinking about it this way, Li Tian decided to use slavery!

His body flew back, then swept to the side, and then he began to pay attention to the spiritual power of the body, and penetrated the qi into the palm of his hand.

When the strange beast saw Li Tian finally landing on the ground, he couldn't help but screamed, and suddenly rushed towards Li Tian.

Li Tian didn't dodge this time... just stared at the strange beast coldly, and then he began to use Qi illusion.

Chapter 2619: Mayvis

As the fierce beast rushed towards Li Tian, Li Tian suddenly resorted to the "slave air technique."

The two breaths in the palm of his hand suddenly shot at the fierce beast.

"stop!"

With a loud roar, Li Tian raised his hands, and the vast spiritual power inside his body then all emerged.

Look at the fierce beast again? At this moment, it had already rushed in front of Li Tian, but when its two terrifying claws were about to catch Li Tian, its body suddenly stopped in the air.

Roar!

Roar!

The screaming sound suddenly came from the fierce beast's mouth. Its mouth was wide open and grinning, but its entire huge body was suspended in the air.

Li Tian was not only overjoyed when he saw that his "slave aura" had stopped the beast all at once.

I saw the fierce beast roaring, his huge body struggling in the air, but no matter what, he couldn't get rid of the control of Li Tian's "slavery technique".

Li Tian suddenly put his hands down.

Suddenly the huge fierce beast fell heavily from the air, and with a plop, the fierce beast was directly thrown to the ground by Li Tiangi.

Ouch!

With a scream, the fierce beast got up again after being thrown to the ground.

With anger in its bloodthirsty pupils, it suddenly rushed towards Li Tian again, as if it wanted to eat Li Tian.

The moment the fierce beast pounced again, Li Tian used the illusion of Qi again, and then lifted the fierce beast in the air, the fierce beast roaring.

The four sturdy legs were kicking vigorously in the air... but they couldn't get rid of Li Tian's control anyway.

Li Tian suddenly stretched out his hand and waved, that fierce beast suddenly slammed into a huge tree.

With a click, the thick tree was broken by the body of the beast.

The fierce beast screamed horribly and fell heavily to the ground.

This time, the fierce beast did not fall lightly. After falling to the ground, he gasped twice before getting up.

The fierce beast that got up, raised those bloodthirsty eyes and looked at Li Tian here, roaring in his mouth, but never dared to rush towards Li Tian again.

Li Tian stood not far away, looking at this bloodthirsty beast, and shouted in his mouth: "Come, come."

The fierce beast did not dare to pounce on Li Tian again.

Suddenly the fierce beast roared, and then the huge body quickly turned over, and then leaped towards the dense jungle with a "swish".

It escaped!

Looking at the escaping fierce beast, Li Tian didn't chase it anymore.

"This slavery technique is really easy to use!" Li Tian suddenly smiled in relief.

He is now more and more satisfied with this "slavery technique"! Although he has only used this "qi illusion technique" so far, it seems to Li Tian that he has discovered the new world, as if he has entered another ocean of martial arts.

After driving away the fierce beast, Li Tian stayed alone in the thick grass.

He looked at the dead bodies... and not only sighed: "Hey, these people are really pitiful! He didn't expect that he would encounter such a catastrophe as soon as he arrived in the Blackrock Mountains."

In the end, Li Tian kindly piled up all the corpses, and then found some dry wood and placed them on top of the corpses. Then he took out a flint from his pocket, lit it, and burned all the corpses. Finished.

Thick billowing smoke rose from here and floated into the air.

"May you rest in peace." Li Tian said, looking at the blazing fire.

The reason why Li Tian burned those corpses was because he didn't want the beasts of the Black Rock Mountain Range to eat the corpses of these poor people. There were no bones left! That's why he burned these corpses.

After burning these corpses, Li Tian continued to walk step by step toward the depths of the Black Rock Mountain Range.

Along the way, he saw many weird animals, some weird birds like pheasants, and this strange crawling animal with scales!

However, these animals did not attack that Li Tian how.

The night gradually darkened.

So Li Tian found a relatively secluded place, sat down, and then he found some dry wood, and then built a fire by himself.

Li Tian just rested around the fire.

There were strange movements from time to time in the grass, and Li Tian was staring around cautiously.

...

The Black Rock Mountains are like a monster at night, exuding a gloomy atmosphere of terror everywhere.

I saw in the distance, suddenly a few torches flashed light coming from the front.

Look closely, there are several people walking there.

"Mayves, go faster." A man's voice came loudly.

I watched with the sound, but saw a young man in a gray robe holding a torch in his hand and shouting.

Judging from his clothes, he seemed to be an illusion student, because the sign on his chest read: Rock Academy.

By his side, there were two teenagers about the same age on the left and right, wearing gray robes like him, and the sign on his chest also marked: Rock Academy.

After his voice came, I saw a glamorous girl walking cautiously, holding a torch, looking back.

The girl was dressed in white, like a fairy, with two shallow dimples on her tender face. She was extremely charming, and her slender and slender body was dazzling and beautiful in a white skirt.

Her name is: Mayvis.

The sign on the chest also read: Rock Academy.

"I'm tired! I knew I wouldn't come to this Black Rock Mountain Range." Suddenly the girl named Mayvis said with her ***** and rosy mouth.

On her two snow-white slender hands, she wore two red ropes, and one end of the rope was tied with a cute bell. When she walked up, the bells clanged and clanged.

"Hey, Miss Mayvis, we said long ago that you would not be allowed to come to the Black Rock Mountains. You didn't listen, but now you finally understand it?" A fair-faced teenager looked at the beautiful Miss Mayvis and smiled there. Talking.

The beautiful girl cast a blank look at the boy, and said, "I like it, I'm happy."

After hearing this beauty say this, the fair-faced teenager laughed haha.

"Actually, it's good for us to come out and exercise!"

"You also know that the Black Rock Mountain Range is extremely dangerous. I have always felt that only in the most dangerous places can the best illusion skills be trained. So I think it is definitely worth it for us to come to the Black Rock Mountain Range." , Said the young man with extraordinary appearance.

His age looks like 2526, and his stature is tall and straight, and he can be regarded as a kind of talent.

This handsome boy seemed to be the leader of this group of people. After he finished speaking, everyone nodded slightly.

"Edgar is right."

The handsome boy named Edgar smiled suddenly.

Chapter 2620: Rock College-

"Presumably everyone knows that the Empire Illusion Contest will be held in a while. This time, our Rock Academy must win first! We can't be second!" The handsome Edgar continued to say there. . .

The 3 young people around and the beautiful girl Mayvis nodded and said, "Yes."

"Black Shura Academy takes first place every year. It's so irritating. This year, our Rock Academy must defeat all of them." Just listen to that Mayvis said with her round eyes.

The handsome Edgar glanced at Mayvis next to him and said, "Yes! Now in the three illusion schools of the Empire, the once glorious Bender Academy is already vulnerable... It would be better if their academy is long gone. Miaozi, our only opponent is the Black Shura Academy, so I hope that through this trip to the Black Rock Mountains, we can exercise all the potential of the few of us! Defeat the illusion masters of the Black Shura Academy."

Hearing what Edgar said, several students around were not only excited there, they shouted: "Okay! We will definitely defeat Black Shura Academy."

"Cindy, how many snarling giant bears have we killed along the way?" Suddenly the boy who looked at Edgar asked.

The boy's name was Cindy, and he smiled and said, "A total of 8 killed!"

"Very well, there are still two roaring giant bears, even if our mission is completed.

"Miss Mayvis, the remaining two roaring giant bears, it's up to you to do it yourself... You must complete the task." Just listen to Cindy on the other side looking at the beautiful Mayvis. That said with a smile.

That Mayvis smiled slightly, and suddenly two charming dimples appeared on her delicate face, and said: "Don't worry, this lady can definitely kill two roaring giant bears alone."

"Hehe, that's the best!"

"Don't beg Edgar to help again..."

When Mayvis heard Cindy say this, she glared at Cindy and said, "Shut up, this lady doesn't need anyone to help."

Rock Academy, a famous illusion school that existed at the same time as the Imperial Capital and Bander Academy! Rock Academy has maintained a high level of second place in successive Empire Illusion Contests. This is not only because there are so many students in Locke Academy, but there are also very strong illusionists inside! Locke Academy has always believed in actual combat, and their illusion teachers have always believed that only through actual combat can the level of illusion skills be improved, so from the beginning of the students' exposure to illusion, they began to ask them to continue to take risks and exercise! Now, the students of these Rock Academy are specially sent out to train in the Black Rock Mountains!

Only real fear and real danger can exercise the greatest potential of a person's body!

This sentence has always been the dogma and rule believed by Locke Academy.

I saw that these students were sent out by the Dean of Locke Academy, and then began the dangerous mission of massacring the "Roaring Giant Bear".

They have killed eight now, and these eight were killed by Edgar, Cindy, and two other boys!

And the last two remaining will be handed over to the beautiful Mayvis.

They walked silently in this dark black rock mountain range.

Just as they were walking, the grass in front of them suddenly moved "簌簌簌".

The walking Cindy in front suddenly yelled, "Ah, the roaring bear has come out."

He screamed, and he quickly backed away.

Just when he called out the words "Roaring Giant Bear", Miss Mayvis at the back screamed in shock at this moment, and at the same time quickly covered her beautiful eyes... Hua looked pale. .

Hahahahaha!

"Mayves, are you so timid?" Suddenly Cindy, who had just called the roaring bear, laughed.

"I scared you!" Cindy said with a grimace at Mayvis, who was scared and pale.

It turns out that this kid deliberately scared the beautiful lady

When the eldest lady Mayvis suddenly heard that Cindy was playing tricks on herself, she jumped with anger.

"Dead monkey, how dare you fool me? This lady strangled you to death."

Meves who was talking ran towards Cindy. When Cindy saw the lady running towards herself, she ran forward with a smile.

The handsome Edgar looked at the two of them, not only shook his head and smiled bitterly, then followed closely.

The few students from Locke Academy were walking fast in the dense jungle.

Suddenly as they were walking, they saw a thick smoke rising from the dense forest in front.

"Look, there is smoke ahead." Suddenly Cindy said, pointing to the smoke rising in the sky in the distance.

Then Edgar, Mayvis and two other teenagers beside him... looked up, and saw the thick smoke appearing in front.

"There is indeed smoke."

"It seems that there are also people in the Blackrock Mountains." Edgar said there.

Cindy turned her head and looked at Edgar in front of him and said, "Brother Edgar, should we go ahead and see the situation?"

Edgar thought for a while, and said there, "Okay, you can go and see."

"Well, go."

After speaking, they saw a few of them and walked quickly towards the place where there was heavy smoke.

As they walked towards the place where the smoke billowed, they soon arrived.

I saw a pile of scorched fire among the pile of rocks in front, and several burned corpses with only bones.

"Huh, what happened here?"

Cindy blinked and said, looking at the fire that was about to go out.

Edgar also looked at the burned human bones in confusion... and the surrounding weapons, not only frowned at that brow and said, "It seems that someone is handling these corpses."

"What do you mean?" The surrounding students looked at him in confusion and asked.

Edgar pointed at the corpse in front of him and said, "Look, these people are wearing armors and weapons. Obviously they should be hunters! It's just that they should all have been in disaster... So the companions took their corpses It burned."

After the handsome Edgar explained this, the surrounding students also nodded silently.

"Edgar has a good analysis, it should be like this!"

"Look at the bloodstains around here... and the mucus on the ground. It shows that they were killed by wild beasts."

"Hey, it's so pitiful." Beautiful Mayvis sighed there.
