

A Killer 2621

Chapter 2621: Roaring Giant Bear-

"This Black Rock Mountain Range is indeed extremely dangerous! If you don't have the ability, don't enter here." Edgar finally looked at the corpses and said.

The students around also nodded silently.

They stayed for a while, then Edgar said there, "Forget it, let's go."

Several classmates around him also nodded silently at this time, and then followed Edgar towards the distance of the jungle.

...

"There are the last two roaring giant bears, we're done." Just listen to Cindy muttering in his mouth while walking towards the dense jungle.

"Yeah, kill two more and we can go back to the college."

"Hey, the teachers said that the roaring giant bear is pretty powerful, but it's not so good...I only need to use a few fireball skills to kill a roaring giant bear." Cindy said arrogantly there.

"Cindy, don't be so boastful!"

"I'm telling you, roaring giant bears are really easy to deal with during the day! That's because their eyes are blind during the day... Their pupils are extremely small, so they can hardly see anything during the day. thing!"

"However, once the night comes, this roaring giant bear is powerful! Because their pupils are the brightest in the dark! Their eyes are better than human eyes in the dark." Na Ai Degas reminded Cindy there.

Cindy turned pale when he heard Edgar say this.

But he did not refute! Because he knew that Edgar was telling the truth.

This snarling giant bear is indeed an extremely cruel and cruel beast. In the daytime, when Cindy and the others deal with the snarling giant bear, the snarling giant bear is indeed like a blind man, running around! One of them was a roaring giant bear, because he couldn't see the road ahead, one end fell down the cliff, and then unfortunately fell to his death. This is also the reason why a few of their students can kill eight roaring giant bears so easily.

Now after hearing Edgar tell the facts, Cindy closed her mouth tightly in front of her, and didn't dare to show off anymore.

On the contrary, the beautiful Mayvis looked at Edgar and said, "Edgar, is the roaring giant bear very powerful at night?"

Edgar nodded cautiously and said, "Yes."

"At night, the strength of the roaring giant bear will at least double." Edgar said truthfully.

what?

"Doubled? So scary?" Mayvis exclaimed.

Edgar said truthfully there, "It is true."

When the eldest lady Mayves heard that Edgar said this, her handsome face turned pale.

Everyone could see Mayvis's fear.

I saw that Edgar looked at Mayvis with concern and said, "Don't worry, as long as there is me, nothing can hurt you."

When he said this, anyone could see the friendship in Edgar's eyes.

But the eldest lady Mayvis said, "I'm not afraid."

After speaking, she stubbornly walked forward alone.

Edgar behind him followed closely at this time.

After they walked for a long time, they suddenly saw an extremely dense jungle in front of them. Just as they were about to pass through that jungle, a "groar" suddenly came from the jungle.

"Roaring giant bear? Be careful, everyone."

After hearing a "groar" suddenly, Edgar called out first.

When Cindy and the beauty Mayvis heard Edgar's roar at the moment, they couldn't help but froze for a while, and then they all stared at this side with their eyes raised.

Edgar recognized the roaring giant bear because he heard the low growl just now.

The sound was indeed made by the roaring giant bear.

Because the sensory organs of the roaring giant bear are very sensitive, once it detects movement, it will first roar in its throat.

At the moment when it felt that it was a roaring giant bear, the surrounding Rock Academy students looked at the dense jungle in front of them with their eyes wide open.

As the low growl became louder and louder, a huge bear suddenly emerged from the grass for a hundred years.

That bear was as tall as a person, with strong and violent limbs, sharp fangs stretched out of its mouth...brown fur, staring at Edgar and May with bloodthirsty eyes. Wei Si them.

"This...this...how could this giant roaring bear be so huge?" Suddenly Cindy over there said in surprise.

It turned out that the average roaring giant bear was not so big, but the one in front of him was surprisingly big.

"Bear King?"

"Damn, we met the bear king!" Hearing that Edgar's face changed in shock.

Bear King?

When the students of Rock College in front of them heard Edgar say so, they were all amazed there.

Cindy looked at Edgar with a pale face and said, "Then what shall we do now?" There was a slight sense of timidity in his voice.

Just listen to Edgar saying there: "Don't panic! Remember don't move around... This roaring giant bear is the first to attack the moving object... So don't move.

Hearing Edgar's words, a few students at the Rock College stood there silently.

Then everyone stood there with extreme caution.

"For today's plan, we can only do it first! Kill this bear king." Edgar said suddenly there.

After hearing what Edgar said, the surrounding students nodded quickly and said, "Okay!"

So after Na Edgar gave an order, they began to act.

"Do it!"

Edgar roared, and the whole person took the lead.

I saw his right hand stretched out, and then a ball of flames quickly emerged from the palm of his hand, a fire illusion.

"The Art of Fireball."

With a burst of shout, two huge fireballs phantom out of Edgar's palms, and they flew directly towards the roaring giant bear.

Several students around, also shot at this time.

Cindy is also practicing fire illusion, and at this moment, two fireballs are quickly transformed from the palm of his hand, but his fireball art is obviously not as proficient as Edgar... the action is a little slow.

Where are the two students over there? They were students of thunder and lightning illusion, and saw that they used thunder illusion.

"Thunder strike!"

The screaming lightning thunder shot from the air towards the roaring giant bear.

But said that with so many terrifying illusions hitting the roaring giant bear, the roaring giant bear suddenly looked up to the sky and roared with a strange whistle in its mouth...

Then the huge body suddenly leaped forward, avoiding the lightning strike that day, and the entire bear body slammed into the big fireball that was shot at it.

Puff, puff!

When the fireball hit the terrible roaring giant bear, the roaring giant bear didn't react at all, and couldn't even feel the pain.

There was a wild roar, but they saw the roaring giant bear leaping straight toward Cindy here.

Chapter 2622: Close-up

The speed of this roaring giant bear has reached an unimaginable level!

As it rushed towards Cindy very quickly, classmate Cindy was startled, and then shouted: "Fire escape!"

Then his hands quickly drew a circle on his chest, and a circle of flames instantly appeared around Cindy's body, like a shield.

This fire escape is a defensive illusion, which is similar to the "thunder shield" in the thunder and lightning illusion.

I saw that after Cindy quickly used "Huo Dun", the roaring giant bear was suddenly blocked by "Huo Dun".

Although the giant bear was blocked by Huo Dun, it was still roaring, and two huge paws slapped the Huo Dun in front of Cindy vigorously.

The fire escape in front of Cindy began to weaken slowly, which shows that the bear king is still quite powerful.

Seeing that Cindy was in danger, Edgar here hurried up to help.

His fire illusion seems to be of a high level, and the fire illusion he has made is also very proficient. After a while, he cast a few big fireballs again and then smashed towards the bear king.

That bear king used a powerful body to block!

In this way, the students of Narok College fought against the bear king.

...

In the black night, I saw Li Tian still staying beside the fire.

He just caught a rabbit in the grass, so he grilled the rabbit, and the fragrant rabbit meat spread out and passed into Li Tian's nose.

Li Tian was eating the rabbit meat alone in this dark night.

While he was eating, he suddenly heard the sound of "puff, puff, puff" in the jungle not far away.

The noise is as if no one is hitting it.

"Hey, how come there are fighting sounds?" Li Tiantian was puzzled, so he quickly stood up from the place in front of him and looked up.

On the left side, firelights flickered there, and people yelled vaguely.

"Someone! Really someone."

After thinking about it this way, Li Tian quickly put down the fragrant rabbit meat in his hand, then leaped, and quickly swept toward the left side, he wanted to see what happened in front of him.

As Li Tian swept past quickly, he saw flames flying in front of him.

Li Tianyi was taken aback, surprised and said: "Fire illusion?"

"Is there still an illusionist here in the Black Rock Mountain Range?" Li Tian's mind was spinning at that speed.

Just as he was thinking this way, suddenly he heard a loud shout in front of him.

"Edgar, we can't resist...what should I do?" The voice was filled with panic.

"Run! Quick, get out of here, this bear king is too powerful." Then a man's voice came out among the dense grass in front.

After Li Tian heard these voices, he was not only shocked there.

Not only did he secretly say in his heart: It seems that someone is in danger.

Then I heard a roar from the dense jungle, and then heard a man's painful cry.

When Li Tian noticed that someone in front of him was in danger, he didn't even think, he flew over directly. After flew past, he saw several panicked young people fleeing towards him. .

Their faces were scared and shocked, and they ran in a panic. It was obvious that something terrible was chasing them behind.

There is also a beautiful girl... running there in panic.

There was a plop, but after running a few steps, the beautiful girl suddenly inadvertently tripped under a thick tree vine. She screamed in pain and wanted to get up quickly.

But at this moment, there was a wild roar, and from behind her, a huge brown bear snarled out of the grass.

Its pupils are blood-red, and inside a large mouth of the blood basin, fangs are stretched out there, looking at the prey in front of it.

"Mayvis." Edgar, who was running fast in front, suddenly screamed when he saw the lady Mayvis trip over suddenly.

Then he saw the bear king appearing behind Mayvis.

"Mayvis, be careful!" Edgar ran towards Mayvis frantically!

Unfortunately he is already late! And his speed is not as fast as that of the bear king.

And what about Miss Mayvis? At this moment, after hearing Edgar's exclamation suddenly, he turned his head and saw that the huge roaring bear was biting towards her with its fangs.

what!

Mayvis exclaimed, and immediately stretched her hands there, and then quickly made a mark on her chest.

"The law of water mist."

As Na Mayvis quickly used this illusion technique, a layer of mist soon filled her body.

The method of water mist: the elementary skills of the water system illusion.

When Mayvis used the water mist method in front of him, the roaring giant bear suddenly screamed, and the breath of violent roar from his mouth directly lifted the water mist floating around Mayvis. The qi dissipated all.

Then the gigantic head of the roaring giant bear directly bite towards the beautiful body of Mayvis.

"No...no...don't..." Mayvis exclaimed there.

At that moment, she was frightened, so she closed her beautiful eyes!

And where is Edgar over there? Also horrified there, shouted: "Mayvis!"

"Miss!" Cindy here and two teenagers not far away also exclaimed together.

However, everything is too late.

I saw the terrible fangs of the violent and bloodthirsty roaring giant bear biting towards Mayvis's head!

Obviously, I wanted to bite off that beautiful head of Mayvis in one bite!

At this critical moment, no one thought that a figure flew over very quickly.

"Slavery!"

Following the arrival of his figure, he suddenly snorted from his mouth, then stretched out his palms, and a huge attraction suddenly spread from the palm of his hand.

"Suck here!"

Then I saw him shoot at that Mayvis with slavery.

Mayvis, who had already been so frightened with her beautiful eyes closed, never thought that someone would come to save herself at this moment, she was taken aback for a moment! Then the whole body suddenly floated automatically... into the air.

Then at the moment when the roaring giant bear bit her, a huge suction suddenly came to her delicate body.

"Wow!"

That Mayvis flew past the terrible fangs of the roaring giant bear.

Then with a pop, Mayvis's body fell into the chest of a broad man.

Chapter 2623: Master of Qi illusion? -

what?

The moment that Mayvis was sucked in a breath of energy, she screamed.

Then she opened her beautiful eyes, and suddenly she saw a weird man wearing a bronze mask, looking at him with blinking eyes.

"You..." Mayvis exclaimed a word.

I saw the man wearing the mask, and suddenly put her delicate body down.

Mayvis was stunned, she was placed on the ground blankly, and then she looked at him in front of him with a pair of incredibly beautiful eyes.

Li Tian.

It turned out that it was Li Tian who used the slave air technique just now, and then sucked that Mayvis's body over, which made her escape from the danger.

Edgar, Cindy and other Rock Academy students over there, they all froze for a moment when they saw Mayvis was rescued by a strange guy wearing a mask, and then all turned towards May. Weis ran over.

"Mayvis..." Edgar and the others quickly ran towards the pale face of Mayvis.

After running over, they first glanced at that Li Tian in horror, then looked at the frightened Mayvis and said, "Mayves, how are you? Are you injured?"

"Yeah, Miss, you must not be injured. If you are injured, we go back, the dean must kill us." Cindy in front of him was also breathing heavily.

But what about the Mayvis girl? She shook her head dumbly and said: "I...I...I'm fine."

"Great!"

"Mayves, you're okay, we can rest assured." Cindy couldn't help screaming happily when he heard Mayvis say it was okay.

I saw that Mayvis didn't pay attention to this Cindy, she was just looking at Li Tian in front of her with incredible eyes.

Not only did Edgar and Cindy in front of them all turned their heads, they looked at Li Tian in front of them incredible.

"You...you...are you?"

Li Tian heard the voice from behind, and suddenly looked back at Edgar and others in front of him, and then said, "Go away! It's dangerous here."

Edgar and the others were stunned when they heard Li Tian say this.

"Then...then...what about you?"

"what would you do?"

Li Tiandao: "Don't worry, I will stay to deal with this beast."

what?

"You...you...you want to deal with the bear king alone?" Cindy exclaimed there.

Li Tian didn't know that this huge roaring giant bear was the bear king. He felt that this beast was similar to the unicorn beast before, so he was not afraid at the moment.

"No, we can't leave you behind! We are definitely not greedy and fearful of death... let alone ungrateful! You saved Mayvis just now, and we all thank you! Now we will work with you to deal with the bear king." Seeing Edgar who speaks of righteousness suddenly said to Li Tiandao.

Li Tian glanced at Edgar, and said in a slight voice: "Well then, whatever you want."

While Li Tian was speaking, he saw the roaring giant bear rushing towards them angrily.

Two terrible paws were waving there, as if to slap Li Tian's head all at once.

When Li Tian saw the roaring giant bear leaping towards him, he immediately sneered, and then suddenly used the "slave energy technique", and then a mass of aura gushed from his body.

"Get up!"

Suddenly Li Tian stretched out his hands, and his two hands each controlled two huge stones on the ground. The two huge blue stones were instantly lifted by Li Tian, and then Li Tian raised his hands again.

Two huge stones smashed directly at the roaring giant bear that was coming.

Bang, bang!

The huge stone hit the body of the roaring giant bear and broke apart.

The roaring giant bear suddenly roared in its mouth, and his body moved back slightly.

"what?"

"Aura?"

"He's Qi Illusion...Master?" Cindy here was shocked when he saw Li Tian could move things in the air.

The other two Rock College students around him and Edgar were all shocked! ! !

You know, no one chooses to practice Qi Illusion on the Spirit Earth Continent!

Of course, no one will ever see how powerful a Qi illusion master is.

And now, the few students of Locke Academy in front of them saw that they had never seen Li Tian who could use Qi illusion so powerfully... so they couldn't help but screamed.

Moreover, after Li Tian's stunning display of this awesome Qi illusion, the roaring giant bear was smashed by two huge bluestones.

At the moment, roaring there, suddenly with a loud scream, the giant bear grabbed a sturdy tree root beside him, and then swung towards Li Tian with a "sudden" sound.

The roots of the tree were extremely thick and rock-like, and it was absolutely unpleasant to hit people.

But as soon as he swung over, Li Tian moved his hands slightly, and saw that the huge tree root that was thrown over suddenly stopped in the air!

He was controlled by Li Tianyong's slavery skills.

Then Li Tian gave a sneer at the corner of his mouth, and said, "Smelly bear, **** power!"

After he finished speaking, his hand moved slightly, and the huge tree roots suddenly turned, and in turn smashed towards the giant bear's body.

boom!

boom!

boom!

After smashing the snarling giant bear three times, the screaming bear was screamed.

Watching Li Tiangen play against the terrifying Bear King, at this moment, the students of the Rock Academy in front of him were completely stunned!

They couldn't imagine that the weird guy wearing the bronze mask in front of him had such a powerful "Qi illusion".

Who is he! ! !

The students of the Rock Academy in front of him were looking at Li Tian speechlessly.

But what about Li Tian? With his palm stretched and pushed, a huge traction hit the roaring giant bear.

With a bang, I saw that the huge body of the roaring giant bear fell heavily from the air on top of a bluestone, and its head was smashed with blood in all directions... Then the terrible bear king rolled on the ground and hissed several times. , Finally can't move anymore!

died!

A terrible bear king was easily killed by Li Tianji.

Looking at the slain Bear King, Cindy here, and the students of the Rock Academy around him are already stupid...stay!

Looking at Li Tian in front of him as if looking at God.

"It's solved." Li Tian said with a smile, clapping his hands slightly.

After speaking, Li Tian suddenly turned his head there, smiling at Edgar in front of him, and Mayvis, whose beautiful eyes were full of admiration, and said: "Okay, now There is no danger here...you leave here soon."

Chapter 2624: Why save us? -

After Li Tian finished speaking, Edgar here, and the rescued Mayvis and other Rock College students all raised their incredible eyes at Li Tian who was looking in front of him.

"Benefactor, thank you for saving us and saving Mayvis." Suddenly a word came out of Edgar's mouth first.

After speaking, Na Edgar used the greatest etiquette in Lingtu Continent, and then bowed deeply to Li Tian.

Cindy and other classmates were looking at Li Tian and gratefully said, "Thank you."

Li Tian looked at these people in front of him, and not only smiled indifferently: "You're welcome, I just happened to hear that you are in danger, so I just took a look."

"It's okay now, you can go." Li Tian looked at Edgar and the others said.

"But, don't we know the name of the benefactor?" The beautiful Mayvis suddenly blinked her beautiful eyes and looked at Li Tiandao.

Li Tian glanced at this stunning beauty, not only a little startled.

Then he smiled and said, "You don't need to know my name, right?"

Then Mayvis suddenly said there, "I want it, I want it."

"Benefactor, please tell us your surname and name, so that we can repay you in the future." Mayvis said in front of her with her beautiful eyes.

When Li Tian heard her say this, he not only smiled faintly: "If the road sees unevenness, everyone will help you, so you still don't repay me."

After Li Tian finished speaking, he was ready to leave.

Just after Li Tian took two steps, the beautiful Mayvis walked up quickly, and suddenly stretched out a slender hand to hold Li Tian's arm.

"Benefactor, wait." Mayvis said while looking at Li Tiandao in front of her with her beautiful eyes.

Li Tian looked at the beautiful Mayvis in front of him, and then at her delicate hands.

Then Mayvis felt her gaffe, so she hurriedly sent her delicate hand away.

"Benefactor, we are students of Rock Academy. Since you don't want to tell us the name, we don't force it! If there is anything that Rock Academy can help you in the future, please don't hesitate to speak." Mayvis looked at Li there. God said.

"Yeah, benefactor! We at Rock Academy have always known for grace and must repay." The handsome Edgar over there also said not only that.

Li Tian was stunned when he heard Mayvis and Edgar say this about Rock Academy.

"Hey, are you a student of Rock Academy?" Li Tian in front of him suddenly asked curiously.

When Mayvis saw that Li Tianwen suddenly spoke out, she smiled and said, "Yes, my benefactor, my name is Mayvis! I am an illusion student at Level 2 of the Water Department of the Rock Academy. This is my senior. Edgar! He is an illusion student of the elementary level 3 of the fire department of our college, this is Cindy..."

I saw that Mayvis smiled and said to that Li Tian introduced one by one.

When Li Tianyi heard that these people were illusion students in the "Rock Academy", he was not only stunned.

Because he had heard people talk about the names of the three great illusion schools in the empire, one of which was "Rock Academy".

And also in the imperial capital with the "Band College"... only one in Dongcheng District and one in Xicheng District.

Although the two great illusion schools are in the same city, their illusion students never interact with each other!

This is not just because they are both the Illusion Academy...There are many stories in it!

In any case, whether it is at Band College or at Narok College...Any student is forbidden to interact with students from another college!

Li Tian didn't know this. Not only did he hear that Mayvis and the others admitted that they were Rock Academy, he smiled and said, "Great! So you are students from Rock Academy... It seems that we are classmates!" Then Li Tian suddenly smiled.

what?

The moment Li Tian said this sentence, Mayvis, Edgar, and Cindy screamed at the same time.

"Benefactor, what did you say?"

"Classmates?"

"Isn't it?"

"how is this possible.....?"

This is all the screams of the students in Narok College.

After they said so surprised, Li Tian smiled and said, "It's true!"

"I am an illusion student from Band College... You are an illusion student from Locke College... Although we are not in the same college, we are indeed classmates." Li Tian said there.

When Li Tian said these words, that Mayvis, Edgar and their eyes widened in disbelief one by one, looking at Li Tian.

"What? Benefactor, you...you...you...a student of Bander College?"

"No...no... isn't it?" Cindy exclaimed.

The beauty Mayvis in front of her also widened her eyes, staring at Li Tian in front of her.

"Benefactor, don't be kidding...!" Li Tian, who was also looking at him in front of Mayvis, was shocked.

But seeing Li Tian heard these Rock College students with an attitude of disbelief, he said depressed there at the moment: "Hey, what I said is true! I really am a student of Bander College!"

"If you don't believe me, you can look at my school badge!"

As Li Tian said, he suddenly took out his school badge from his left pocket.

I saw a silver school badge taken out of Li Tian's hand. After taking it out, I saw it read: Bender College, four words.

When Mayvis and Edgar in front of them saw the four words "Bender Academy" at the same time, they all couldn't help being stunned.

One by one, they raised their eyes in shock, looking at Li Tian before him in disbelief.

The mouth was open...no one spoke, as if all were dumbfounded.

"How about? Now you believe it? I am a student of Bander College, exactly like you." Li Tian looked at Edgar and the others said.

After hearing what Li Tian said, Edgar looked at Li Tiandao with his extremely puzzled eyes: "Benefactor, say so...you...you...are you really an illusionist at Bander Academy?"

Li Tian smiled and nodded and said, "Yes."

Edgar was suddenly depressed...

"But...but...Since you are from Bander College...why do you want to save us?" Edgar in front of him suddenly looked at Li Tiandao in surprise.

It turns out that Band College and Rock College have always been incompatible! Although they are not enemies, they are also enemies. Although the two illusion schools are in the same city, they also

have a deep and ancient history! It's just that Band College and Narok College have always been the biggest rivals. They can say that they will never help students from another college like Li Tian! ! ! This is also the real reason why Edgar and Mayvis were suddenly shocked after hearing Li Tian say this.

Chapter 2625: do not trust me! ! -

But Li Tian didn't know these things. .

He just kindly saved that Mayvis and Edgar and the others.

At this moment, Li Tian, after hearing Edgar say this, not only froze for a moment, then looked at Edgar in surprise and smiled and said, "Why can't I save you?"

"Also... why do you feel unhappy when you hear the four words of our Bander College? Did your Rock College have a holiday with our Bander College?" Li Tian looked at Mayvis and they asked.

When he heard Li Tian say this, Edgar was slightly startled and looked at Li Tian there.

Secretly: Is this benefactor acting stupid? Still doing? How could you ask such a dull question?

In the imperial capital, every illusion cultivator knows the ancient history of grievances and grievances in the two illusion schools... Even ordinary people... all know the incompatible things between Band College and Rock College!

However, the benefactor in front of him... even said he didn't know? And also asked them why?

This made Edgar very depressed and puzzled.

"Benefactor, you really don't know?" Edgar in front of him suddenly looked at that Li Tian and asked.

But seeing Li Tian smiled bitterly and said, "Of course I don't know."

"This is the first time I have seen your students from Rock College...how did I know?"

Listening to Li Tian saying this again, Edgar in front of him was depressed, looking at Li Tian's eyes for a long time...a long time.

Suddenly he secretly lining in that heart: The benefactor's eyes are full of puzzles and doubts. Is it true that what he said is true? He really doesn't know the ancient historical grievances between Rock College and Band College?

After thinking about it, Edgar looked at Li Tiandao and said, "Well, since the benefactor said that, I will tell you."

"Actually, our Rock Academy and your Bander Academy are rivals!"

"Although we are in the same imperial capital, we also practice illusions, but our two colleges are absolutely forbidden to have any contact!"

"We at Rock College have regulations... as long as you dare to personally contact your students at Bander College, as long as they find out, they will all be expelled. I believe that your Bander College's school rules will definitely have this." Edgar was there to face Lee. God said.

what?

When Li Tian heard Edgar say this, he was stunned.

He finally knows now why Edgar said that just now! I understand even more that at this moment, these Locke College students saw their eyes... They became weird... Even the expression of the beauty Mayvis has changed dramatically, looking at Li Tian as if seeing a monster.

"It turns out that there is such a thing! No wonder, during my time at Bander College, I have never heard anyone talk about your Rock College." Li Tian muttered in front of him.

Just listen to Cindy over there looking at Li Tian and asking: "Benefactor, are you really from Bander College?"

Li Tian nodded.

Tao said: "Yes."

"Since you are from Bender College...why...you don't even know these things everyone knows?" Cindy continued to ask.

But seeing Li Tian helplessly smiled and said, "It's true that I have heard of what you just said for the first time! I have only been at Bander College for half a month during this time. Inside, no one has ever told me about the grievances between these two colleges."

"Benefactor, you just said...say...you only got to Bander College for half a month? What do you mean?" Cindy over there suddenly looked at Li Tian in surprise and asked.

Li Tian replied, "It's not interesting! I was originally in Stormwind, but I was recruited into Bander College... and then I arrived at Bander College for 15 days."

When Li Tian said this sentence, Edgar and the others were speechless.

Then they looked at Li Tiandao with completely disbelieving eyes and said, "No! Benefactor, are you kidding us? You mean...you are a student of Bander College? And...and...just now Students who have only been in school for 15 days?"

All the students of Narok College looked at Li Tiandao with completely speechless eyes there.

After hearing what they said, Li Tian smiled helplessly and said, "This is a fact!"

"I did just arrive at Bander College for fifteen days...just fifteen days as a student."

When Li Tian said this, of course there were 10,000 Rock College students who didn't believe it! ! !

"Benefactor, don't tease...How can you be at Bander College for fifteen days?"

"You learned such a powerful qi illusion in fifteen days? And can you use qi illusion to defeat the bear king in the Black Rock Mountains?"

"Yeah, I heard that in order for the Qi illusion to hurt people...you must be an intermediate illusionist! And even an intermediate illusionist... will not kill the bear king so easily. But you, benefactor...you killed the Roaring Bear King with your gestures...how could you be a student of Bander College?"

Hearing these people do not believe his words at all, Li Tian shook his head helplessly and said, "Hey, why doesn't anyone believe what I said?"

Edgar said, "Benefactor, you save us! We are grateful to you, but you can't be treated like a fool."

"You must be an expert, because there are very few people who practice Qi illusion on the Continent of Soul Land... There are very few people who can have such a terrible Qi illusion skill as your benefactor! Even though the benefactor, You don't want to tell your true identity, and our younger generations can't bother you... But please benefactor, next time I will never fool our IQ by being a student of Bander College." Edgar looked there. Li Tiandao said.

Li Tian was completely speechless after listening!

I couldn't help but say, "Hey, do whatever you want!"

"I have already told the truth anyway. As for whether you believe it or not, I will not force it!"

"Forget it, I'm leaving! You guys do it for yourself."

After Li Tian said these words, suddenly his body quickly swept toward the dense jungle!

His speed was very fast, and he disappeared in the blink of an eye.

"Hey, benefactor...you haven't told us...your name?" Seeing that Li Tian's figure swiftly ran away...the beautiful woman behind that suddenly shouted there.

I saw that Li Tian's figure had already swept a distance of two feet away. After flying out quickly, he didn't know if he heard Mayvis's voice... the figure flashed "swish" and disappeared directly. Up!

Disappeared in the endless darkness and the dense jungle.

Chapter 2626: Master master

Seeing that Li Tian left so quickly, Edgar from the Rock Academy and Cindy all stood here stupidly. .

"he's gone?"

"He just disappeared like this?" The Cindy in front of him not only exclaimed when he saw Li Tian flying into the jungle like this.

Edgar and Mayvis beside him didn't bother to pay attention to him. They just looked at the place where Li Tian disappeared and stood silently.

Their hearts were filled with confusion and shock, and at the same time they became more and more curious about the identity of Li Tian.

After standing for a long time, I only heard that handsome Edgar suddenly sighed deeply: "The teacher has been telling us...there is a sky outside, and there are people outside the world. This time, I can truly understand it!"

After Edgar said so in his mouth, the beautiful Mayvis, Cindy and other classmates not only nodded together.

"Yes, he is really a master of masters!"

"Furthermore, he is still a master of Qi illusion!" Cindy said with an expression of admiration in his eyes.

"Qi illusion technique, originally the weakest illusion technique on the Spirit Earth Continent... But when it reached the hand of the guy just now, it was completely changed! It was a terrifying existence!" Edgar suddenly said there.

"I know the trick he used to deal with the Roaring Bear King... He used the elementary 1st level illusion in Qi illusion: slave qi! To put it bluntly, it means fetching things from the air... This kind of illusion is very cheap, without any The value of, in the trading market of the empire, as long as you pay 3 gold coins, you can get the cultivation formula of slavery!!! But did you see it? His first level 1 most useless slavery technique , What kind of horror did he reach just now? Actually... even... the Roaring Bear King was controlled by his slavery technique! It was terrifying and shocking." Edgar suddenly A long series of words were uttered.

"I remember the dean once said that in the eyes of a real master, there is no difference between high and low illusion! There is only a difference in strength. A real master, even using the lowest illusion, can reach the terrifying degree of high illusion. Today, I finally realized what a real master is." Edgar suddenly added at the end.

Suddenly, the beautiful Mayvis blinked with a pair of affectionate eyes, and said in the place where Li Tian was looking at Li Tian's disappearance: "Yes, I really don't know who the benefactor is,!!!"

"Hey, didn't he say he was from Bander College?" Cindy said suddenly.

The tall and thin students around him suddenly said, "Impossible! How can there be such a terrifyingly capable master at Bander College?"

"Yeah, don't we have any idea about the illusion of Bander Academy? They can see through the thunder and lightning illusion... all the rest are scum! And I also heard that the illusion of the air element of Bander Academy , There is no teacher, no student, how could such a terrible Qi illusion master appear now?"

Listening to the thin tall man next to him saying this, Cindy blinked and said, "Yes!"

"That's weird. What's the source of that benefactor? Why don't you tell us his true identity?" Cindy asked.

"Could it be from Black Shura Academy?" A student on one side suddenly widened his eyes.

Suddenly Edgar said, "No, it's impossible."

"Although the Black Shura Academy is indeed an academy of Crouching Tiger, Hidden Dragon... but there will never be such a powerful Qi illusionist." Edgar said decisively in front of him.

"Well, Edgar is right! Black Shura Academy can't have such a powerful character, if there is, they would not let him hide in the illusion contest the year before." The thin and tall student said there.

"That's weird...Who is this benefactor in the end?"

"If you really want to say the identity of the benefactor, I think there is only one possibility." Edgar in front of him suddenly flashed a strange light in his eyes.

"What's the possibility?" Cindy and Mayvis were there quickly looking at Edgar and asked.

"Devil!"

"He may be a master of magic skills!" Edgar suddenly said a terrifying word!

what?

Demon? When Mayvis and Na Cindy in front of them heard the words of the Demon Race, they couldn't help being shocked. Everyone could see the horrible eyes flashing in their eyes.

Obviously, this "devil race" is a terrifying existence like a nightmare in their hearts.

"No, it won't be the demons! That benefactor is definitely not the demons." Suddenly the eldest lady Mayvis denied Edgar's words there.

"Miss, why do you say that?" Cindy over there suddenly looked at Mayvis.

Mayvis said: "The demons have an innate smell...and...their people are majoring in the most cruel blood sacrifice illusion technique in the Spirit Earth Continent. The most important thing is that the demons are miserable. Inhumanity, addiction to killing, you have all seen the benefactor just now, he used Qi illusion, and he saved me when I was about to die. How could he be a member of the Demon Race? So I It is concluded that the benefactor is definitely not a member of the Demon Race."

Blood Sacrifice Illusion: It is an evil illusion that is absolutely forbidden to practice in the Spirit Earth Continent! The power of this kind of illusion is beyond the scope of human imagination, but it has a very bad end. Therefore, within the scope of the empire, it is absolutely forbidden to practice. Apart from the demons, no one can practice this kind of extreme. Horror illusion

After the eldest lady Mayvis said so, Cindy and Edgar around them all fell silent one by one.

"The eldest lady seems to make a lot of sense!"

"That's weird...what the **** is that benefactor?"

They were all thinking about it.

"Forget it, don't think about it, everyone! Let's go back to college as soon as possible... I think we should tell our teachers about this matter quickly. I believe that the teachers are well informed and should be able to know the benefactor. Identity."

After hearing Edgar in front of him say so, Cindy and Mayvis in front of them all nodded quickly and said, "Okay!"

"Then let's return to the academy," Edgar said.

After speaking, he took the lead in leading the way, and then the remaining Rock Academy students followed Edgar closely, and then walked towards the foot of the Black Rock Mountains.

Chapter 2627: Unlikely thing

Li Tian was very depressed.

He saved the students of Narok College, but he didn't expect them to doubt his identity.

"Hey, how did I come to this other world, have been questioned by these people all the time?"

In the black jungle, I saw Li Tian walking there thinking and saying.

"No matter what, I now finally understand the grievances between Bender College and the Rock College. It turns out that the two colleges are incompatible! And it is forbidden to have any communication between students, and if they find out, they will be expelled. "

Thinking of this in Li Tiantian's heart, he not only smiled helplessly: "It seems that no matter in that world, there are strengths and weaknesses and jealousy."

Li Tian thought about it this way and walked towards the dense jungle alone.

In this Black Rock Mountain Range, Li Tian saw too many weird and terrifying beasts, and many inexplicable plants.

But all this is not so dangerous for Li Tian now.

The sky was finally slightly brighter.

Li Tian has now reached the halfway position of the Black Rock Mountain Range alone. He raised his head and glanced at the faint bright color of the eastern sky. Not only did he say in the dark, that it was dawn!

"I should go back to college." Li Tian whispered.

After speaking, I saw Li Tian unfolding his figure and began to rush towards the bottom of the Black Rock Mountain Range.

His light power is so high that when he swept down from the Black Rock Mountains, he looked like a wild goose.

After a few ups and downs, Li Tian's figure has disappeared in the endless ancient forest.

...

Its daybreak!

It has been two days since Li Tian left Bander College.

In the past two days, except for the harsh Moorben of the sharp-mouthed monkey cheeks, no one at Band College knew about Li Tian's journey to the Black Rock Mountains. It is estimated that if the students at that college knew that Li Tian went alone. The Black Rock Mountain Range would be surprised and crazy.

However, they did not know the truth.

Because they don't have a lot of affection for Li Tian...In addition, they have to step up their illusions during this period in order to demonstrate their skills in the Empire Illusion Contest a few months later, so every student works hard there. As he cultivated, he had no time to worry about Li Tian.

Even the old Dean Hollis, as well as the illusion teachers of various departments, were totally ignorant of Li Tian.

After all, in their eyes, Li Tian is equivalent to a "waste man", a man with no "spiritual power" at all.

Outside the dilapidated training room of the Qi-type illusion, Moore, who had the sharp-mouthed monkey cheek, was touching the goatee, squinting his eyes and muttering in his mouth, "Isn't the trash student sure how?"

"I hope he doesn't die. If he does, I will have to go to the terrifying Blackrock Mountains to pick medicinal materials." Morben sighed.

"Damn, but that trash student is really stupid. If he dies, it's okay... save me Moorbun." Moorbun said suddenly in his mouth.

"Huh, it's really embarrassing to be a trash that doesn't even have any spiritual power in the body."

After speaking, he went into the training room by himself and began to develop his medicine.

Time passed by every minute.

When Li Tian returned to Bander College, it was almost noon.

I saw that Bander College was still very quiet, and there was no student in the open square.

Li Tian looked at the areas of the Thunder and Lightning Element, the Fire Element, and the Wind Element, and so on, and there was a burst of illusion casting sounds.

Hearing these voices, Li Tian not only felt a sense of envy.

He wanted to be like those students...and also to practice some illusions!

Hey, it's a pity that those students don't have a lot of affection for them... and they have such a useless teacher.

After thinking about it, Li Tian gave a wry smile, and then walked towards the Qi system cultivation place.

When he reached the place where the Qi system illusion technique was practiced, Li Tian walked over quickly and knocked on the door slightly.

"Who?" Moore's harsh, sharp voice came from inside.

Then the door of the room opened with a "creak".

After the door of the room opened for an instant, Moorben, who was dressed in medicine, walked out of the room.

"Teacher Moore, I'm back." Li Tian said slightly while looking at Moore.

Na Moore could not help screaming when he saw that he was his "trash student".

what?

"It's you? Your kid... kid... unexpectedly... came back safely?" An unbelievable voice appeared in Moor's voice, looking at Li Tian in surprise.

In his mind, that Li Tian might have been eaten by the beast of the Black Rock Mountain Range...!

But now I didn't expect that Li Tian would stand in front of him safe and sound, and still smiling at him.

Is this true? Isn't it a dream?

Accompanied by that Moorben exclaimed, Li Tian not only raised his eyes and glanced at Moorben coldly, then suddenly said, "Mr. Moorben, listening to your tone, it seems that I don't want me to come back alive, right? "

When Moore heard this, his face suddenly became embarrassed.

"Boy, what are you talking about? As your teacher, how can I not want you to come back safely?" Moorben hurriedly changed the subject and said.

Li Tian sneered in his heart: This **** treacherous bastard! Now he is still pretending to be in front of him.

"Boy, I ask you, did you really go to the Blackstone Mountains? Have you stayed there for a full two days?" Morben still has some doubts about Li Tian!

Because he really didn't expect Li Tian to come back safely and without any traces of injuries on his body, this is not right! Namore thought to himself.

"Yes."

"Then I asked you to gather medicinal materials?" Moore continued to look at Li Tian coldly and asked.

Li Tian suddenly took out a small bag from his pocket, and then threw the bag to Moore.

"Here are some weird flowers and plants you want."

When Moore heard this, he hurriedly took it, and then quickly opened the bag. After he opened the bag, he saw that there were a few flowers and plants that Moore needed.

Moore's eyes widened unbelievably, looking at the strange plants in the bag. At this moment, Moore could be said to be completely shocked.

"This kid has collected all these extremely precious medicinal materials!!!"

"Impossible? How could he collect it in the extremely dangerous Blackrock Mountains in such a short time?"

Chapter 2628: Recovered

"Boy, I ask you, how on earth did you collect these precious medicinal materials? Also, how could you have done such a difficult thing in just two days?" Moore had a mean look on his face. Looking at that Li Tian asked.

Li Tian sneered immediately after hearing this: "Mr. Mooreben, what do you mean?"

"Are you not satisfied with me collecting medicinal materials for you?"

Listening to Li Tian suddenly saying this coldly, Moore snorted suddenly, but he didn't know how to say it, so he could only stand awkwardly.

"Mr. Moore, if you are really dissatisfied, I hope that I won't let me do these things for you next time."

"I'm tired, I'm going back to rest." After Li Tian said these words coldly, he suddenly turned around and walked away from here.

Moorbun who left the black line on his face.

Moore wanted to kill Li Tian, but he finally held back.

He really felt that it was too surprising that Li Tian could come back safely, completely beyond his prediction range.

Standing there, looking at Li Tianyuan's back, Moore thought and said sinisterly, "Smelly boy, dare to make a face with Lao Tzu. Lao Tzu will definitely kill you when I turn around."

After speaking, Moore continued to get into the room, and then began to refine the medicine!

I have to say that this Moore is really too bastard.

Li Tian worked so hard to collect all the medicinal materials for him. Not only did he not appreciate Li Tian, he hoped that Li Tian would die!

Thinking of all this, Li Tian hated it in his heart.

"Moore, I will make you pay a huge price one day!" Li Tianzai said fiercely.

After returning to the room, Li Tian cleaned his body first, and then began to sit there and rest briefly.

This time, Li Tian was very satisfied with the trip to the Black Rock Mountains.

Although he hated that Morben, he has to say that Li Tian's trip this time made him see many things he hadn't seen before, and he also knew about the Rock Academy and remembered the few he had saved. A student of Rock College, Li Tian not only laughed.

"The students of Rock Academy are simply too weird... They don't even believe in their identity." Li Tian said depressed.

Li Tian, who stayed in the room for a while, was about to start resting.

When he was in bed, he suddenly found a huge mirror in the corner of the wall.

The mirror was covered with dust. When Li Tian saw the mirror, his heart suddenly moved.

Since his face was damaged, Li Tian has never looked in the mirror again. To be honest, he doesn't even know what scary look his face has turned into... Looking at the corner that is full of dust Li Tian's heart slammed suddenly in his mirror.

"Would you like me to look in the mirror to see my damaged face?" Li Tian suddenly had an idea in his heart.

After this thought suddenly popped up in his mind, Li Tian hesitated there.

To be honest, Li Tian was very scared! He was a little afraid to face his damaged face.

Looking at the dusty mirror, Li Tianxia finally made the decision.

I saw Li Tian quickly jumped off the bed, then walked to the corner of the wall, he slowly took out the quick mirror.

After taking it out, he wiped off the thick dust with his arm.

After the mirror was wiped clean, Li Tian's weird face wearing a bronze mask appeared in the mirror.

Looking at his weird and hideous face in the mirror... Li Tian not only smiled bitterly.

"My face... to what extent is it damaged?" Li Tian muttered to himself.

After speaking, he put down the mirror slightly, and then began to prepare to take off his bronze mask.

He wants to take a look... his face!

As his hands slowly moved up, he finally touched his cold bronze mask... After touching it, his hands not only trembled! He didn't know whether he should take off the mask...

After a pause of about 34 seconds, Li Tian finally made his decision.

He took off the bronze mask with his hands.

Immediately, a fat face appeared in the mirror.

The face in the mirror...has a handsome outline, and his firm skin is not damaged at all.

His face, straight nose, mouth, forehead... all intact! And the heroic spirit is pressing.

Isn't this the same Li Tian from before?

His face is not damaged?

When Li Tian opened his eyes and looked at his intact face in the mirror, Li Tian couldn't help but scream.

what?

"My face..." suddenly he called out in disbelief.

Oh my God, is that really your own face?

Hasn't his face been damaged? How... how... will it get better?

Li Tian looked at his face in the mirror in disbelief, then quickly raised his hands and touched his cheeks.

That's right, that is his face! A face intact! There is no trace of injury at all.

"How could this be? My face...how...how could it automatically recover?" Li Tian exclaimed in an unbelievable way.

He felt that he was dreaming, but everything told him that the current situation was not dreaming, it was a fact!

Li Tian's face is really completely restored!

"Could it be that...I came to a different world?" Li Tian suddenly thought of it in his mind.

He thought of his previous vampire body... thought of his own inner strength...

After all of him came to this spiritual land continent, everything has changed!

It seems that his face has recovered because of coming here.

When suddenly remembering all this in his heart, Li Tian couldn't help but yelled happily.

"Great! Great! I always thought that God was unfair to me, Li Tian... Today, it doesn't seem to be the case!"

"At the very least, after coming to this other world, my own destiny seems to have changed drastically." Li Tian said thinking there.

Looking at the handsome silhouette of himself restored in the mirror, Li Tian smiled at that moment.

Just when Li Tian looked at his lonely self-admiration in the mirror, suddenly a sweet and beautiful woman's voice came in from outside the room.

"Student Li Tian... are you there?"

The sound is very pleasant, very beautiful!

Chapter 2629: justice

Li Tian guessed who the voice was when he heard it.

Isha! In the water system illusion, that extremely beautiful girl.

"Why would she come here?" Li Tian in front of him said in his heart.

Then he glanced at his handsome face in his glasses, where he hesitated whether he wanted to show his true colors?

Looking at the bronze mask on the table, Li Tian finally decided to put on the bronze mask.

After this decision, but seeing Li Tian, he quickly put on a bronze mask there, and then resorted to "Slavery Technique", and then he used the Slave Technique to control the door, and the door squeaked. Got out.

"Student Li Tian."

As soon as the room opened, I saw that beautiful girl Isha's voice changed.

Looking closely, I saw that the beauty of Yisha was wearing a snow-white skirt, standing Yingying at the door, smiling at Li Tian.

When Li Tian saw this beauty Isha, he not only showed a smile, looked at Isha and said, "Isha, why are you here?"

"I'll come to see you, can't it?" The beauty of Yisha suddenly smiled and said to Li Tiandao.

Hearing that Yisha said so, then Li Tiandao said, "Of course."

Isha laughed and stepped in.

After walking in, I saw the beautiful girl Isha looking at Li Tian's broken room with her beautiful eyes, and then she took a look there, and then said, "Yes, that's right, I didn't expect Li Tian to dress up his dormitory. It's so clean, it's comparable to what our girls' dormitory has."

When Li Tian heard this, he immediately said, "I have nothing to do all day...so I clean up the room."

After Isha heard this, she smiled slightly, turned her head and looked at Li Tiandao and said, "Student Li Tian, since the last time we came back from Stormwind, I have not seen you, don't you know your lifestyle habits at Bander College?" The beauty Isha looked at Li Tian and asked kindly.

Listening to Yisha's question, Li Tian replied, "Get used to it."

"Well, just get used to it."

"I'm still afraid that you are not used to it." Isha said.

When Li Tian heard that Yisha cares about herself, he not only said gratefully, "Thank you, Yisha."

Isha showed a sweet smile and said: "You are welcome, are we classmates?"

"By the way, Classmate Li Tian, have you practiced Qi illusion during this time? Did Teacher Moorben teach you?" Just listen to Yisha looking at Li Tian and ask.

Li Tian heard Isha say this, so he lied: "Teached! Teacher Moorburn taught me some basic Qi illusions."

"Oh, I taught it!" Yisha seemed shocked when she heard Li Tian say this.

"Unexpectedly, that acrimonious teacher Morburn would be nice to you... We have always thought that Morburn was very weird, and the yin and yang are weird and difficult to get along with. I didn't expect him to treat you well. That whispered.

Li Tian not only gave a bitter smile when Isha said Moore's original face!

He really wanted to tell Na Isha that Moore was a jerk! He didn't teach himself anything at all... Except for throwing himself a shabby "Introduction to Qi Illusion Technique", he didn't give Li Tian any tips on the Qi Illusion Technique and cultivation method.

To put it bluntly, everything was realized by Li Tian himself now.

"Student Li Tian, what kind of Qi illusion have you learned?" Suddenly the beauty Isha blinked at Li Tiandao with her beautiful eyes.

Li Tian is not only a little embarrassed at this moment...he hasn't learned any Qi illusion in the first place! Except for the only elementary knowledge of Qi illusion, he didn't learn anything at all.

So after the beauty Isha asked, Li Tian froze...I didn't know how to answer.

"I...I...I learned...storing Qi...collecting Qi...and entraining Qi...and so on! And Teacher Moorben gave me a basic knowledge of Qi illusion." Li Tian thought for a long time before uttering such a sentence.

Hearing what Li Tian said, the beauty Isha was depressed and said: "Isn't she? You have been here for so many days, so teacher Morburn will learn this for you?"

Li Tian nodded and said, "En!"

"Too disgusting! Too bad... How could Teacher Mooreben be like this?" The student Yisha in front of him said suddenly for Li Tian.

Li Tian looked at Isha and said, "Isha, Teacher Moore is still good! At least he gave me a basic knowledge of Qi illusion."

When Yisha heard Li Tian say this, she said, "Oh, Li Tian, you are so stupid! Did you know? At Band College, every new student recruited must have the first three Yue wants the teacher to teach the secrets of illusion in person... and he has to constantly guide and assist him... After all of this is done, he also needs to tell the secrets of cultivation, know-how and so on! This is great for future cultivation. There are things to improve."

"Student Li Tian, tell me, did the teacher Moorburn tell you about illusions?" Isha asked.

Li Tian said depressed: "No."

"Did he help you learn Qi illusion?" Isha continued to ask.

Li Tian still replied: "No!"

"Then he should... tell you some of the most basic knowledge of Qi illusion?" Isha was about to collapse.

But Li Tian still shook his head and said, "Neither."

...

"Halo! That's equivalent to saying that Teacher Moorben didn't teach you anything!!!" Yisha widened her eyes and looked at Li Tiandao.

Li Tian nodded helplessly and said, "You can also say the same..."

"However, Moore has given me at least an elementary knowledge of Qi illusion," Li Tian said while pointing to the book on the table beside him.

Then Yisha jumped up angrily when she heard it.

"Too hateful, too bullying, he didn't teach you anything? He even gave you such a useless book?"

"...Damn Moore! I thought that Moore was good to you? I didn't expect him to be so despicable and shameless... even to treat his students like this!" The beauty Isha scolded suddenly.

Her pretty face flushed with anger, and her eyes were full of anger.

Li Tian didn't know the teaching rules for freshmen at Bander College. At this moment, after hearing the beautiful girl Isha finished saying this, he not only secretly said in his heart: It seems that the **** Moore really didn't intend to teach himself. Learn illusion.

"No, I absolutely can't tolerate that **** Moore bullying you like this, Li Tian, I'm going to tell the old dean... to let him pay you back for you." Isha in front of me said angrily.

Chapter 2630: Lost

When Li Tian heard that Yisha said that he would tell the old Dean Hollis, he said depressed: "Isha, this little thing... don't tell the old Dean."

When Yisha heard it, she stared at Li Tiandao with her eyes widened: "Small things? Can this kind of things be small things?"

"Student Li Tian, if he doesn't teach you the tricks of cultivation, how can you learn the Qi illusion? That Moore is clearly harming you." Isha was facing Li Tiandao there.

When Li Tian heard this, he smiled slightly and said: "Isha, forget it! Anyway, I have already learned the basic knowledge of this elementary Qi illusion by myself."

what?

"Have you learned it by yourself?" Isha in front of her heard Li Tian say so, and looked at Li Tiandao in disbelief.

Li Tian nodded there and said, "Yes."

"Impossible... You learned it yourself?"

"Could it be that you have comprehended the secret of Qi illusion technique?" Yisha looked at Li Tiandao with her beautiful eyes open.

Li Tian smiled and said, "Maybe, anyway, I think I have learned the most basic knowledge of Qi illusion."

Hearing what Li Tian said, Yisha suddenly looked at Li Tiandao and said, "I...I... I don't believe it!"

"Student Li Tian, do you know that the Qi illusion technique is the most difficult illusion technique in our spiritual soil continent...especially when you are just getting started... it is the most difficult! Under normal circumstances, there is no teacher's guidance...no teacher's guidance ...It's impossible to learn the contents of gas storage, venting gas, etc."

What Isha said was right.

In this world, they did not comprehend the inner strength! Therefore, it is very difficult for them to practice "Qi illusion".

But Li Tian is different. He has a very strong internal force in his body, and he is extremely proficient in all knowledge of Qi accumulation, Qi gathering, and so on.

So he doesn't need to practice the "basic knowledge of Qi illusion technique", he only needs to practice illusion technique.

Hearing what Yisha said, Li Tian smiled slightly and said, "Perhaps."

"Forget it, don't talk about this topic."

"By the way, Isha, I want to ask you a question." Li Tian in front of him suddenly blinked his eyes and looked at the beautiful Isha.

Isha said, "What's the problem?"

"I want to ask about that Rock Academy." A word suddenly came out of Li Tian's mouth.

what?

When Li Tian asked this question suddenly, the beauty Isha in front of her couldn't help being taken aback.

"Student Li Tian, what are you asking about Locke Academy?" The beauty Isha suddenly widened her eyes and said to Li Tiandao, who was looking in front of her.

Then Li Tian thought for a while, then smiled and said, "It's okay, I just ask casually."

When Yisha heard Li Tian say this, she sighed and said, "Student Li Tian, I can tell you that it is forbidden to talk about the four words Rock College in our college."

Li Tian frowned and said, "Why?"

"You may not know it yet, forget it, let me tell you, our Band College and Rock College have always been rivals!" Isha said.

"Especially in the past few years, Narok Academy has defeated our Band Academy in the Empire Illusion Contest every year, so now our college is even more reluctant to mention Narok Academy."

"In Band College, any student who mentions Rock College will be taken seriously! What's more, he will be expelled." Yisha looked at Li Tiandao.

When Li Tian heard this, his whole body became depressed.

Not only did I say in the dark in my heart: It seems that when I was in the Blackstone Mountains, I couldn't tell the things about the Rock Academy that I encountered! If you tell it, I'm afraid you will really be expelled. After thinking about it, Li Tian looked at Yisha and said, "Forget it, since the college prohibits mentioning Rock College, then I won't ask."

Then Isha nodded in approval and said: "Yes, it's better not to ask, and don't mention Rock Academy."

After hearing that, Li Tian smiled slightly and said, "Don't worry, I won't mention Rock Academy again."

After hearing this, Yisha showed a sweet smile.

Isha, who stayed in the room for a while, said, "Student Li Tian, I can't stay with you for too long. I should go back to our water system illusion practice."

"The Empire Illusion Contest will begin in a few months...I'm going to practice well."

Isha stood up as she spoke.

When Li Tian heard the beautiful girl Isha say this, he not only said slightly: "Okay! In this case, you should hurry up and practice."

Then Isha nodded.

"Then I'm leaving." Isha said, walking towards the outside room.

Li Tian smiled and escorted her to the door.

"Student Li Tian, can I have a request in the end?" Suddenly, after two steps, the beauty Isha suddenly turned back to look at Li Tiandao in front of her and asked.

Then Li Tiandao said: "Yes!"

"what?"

Then Yisha raised her beautiful eyes and looked at the bronze mask on Li Tian's face, and suddenly asked, "Can you take off the bronze mask on your face? Let me see..."

After saying this, the beauty Isha suddenly blushed slightly.

The moment Li Tian heard that beautiful woman Isha asked so, he was not only slightly startled.

"Um? You want to see my face?" Li Tiandao.

Then Yisha blushed and nodded there and said: "I'm very curious about your face...Can you take off that weird mask?" Yisha asked again.

Li Tian looked at the traces of affection in Isha's beautiful eyes. At that moment, his heart suddenly hurt.

"Do not!"

"My face is too ugly...I'm afraid to scare you!" Suddenly Li Tian lied there.

After hearing Li Tian's sudden refusal, the beauty Isha felt cold and said: "Okay... In this case, then treat it as I didn't say it."

"I should be going."

After speaking, Yisha walked towards the outside of Li Tian's dormitory step by step with a slight sense of loss.

Li Tian watched Yisha leave, looking at her back with a sorry look in his eyes.

"Hey! Isa, I'm sorry, I didn't let you look at my face... It's just... It's just... I'm in this world, I don't know how long I will stay, I came to this world just to find my favorite woman , Situ Ningbing!!!"

After speaking, Li Tian sighed deeply, then waved his arm, and an invisible breath spread towards the wooden door.

Then the wooden door of the dormitory closed.
