

A Killer 2651

Chapter 2651: scold

Since the outbreak of the Second Demon War, Bander College has fallen into decline.

This also directly led to the sudden drop of the Bander Academy from the first position in the empire.

Since then, Bander Academy has never won the first place in the Empire Illusion Contest. Every time, they are bottom.

Thinking of all this in my heart, I saw that the old Dean Hollis not only sighed there, but also a heavy sadness appeared in his eyes.

All the illusion students present at this moment also calmed down one by one, and they all closed their mouths and never spoke again. Everyone was thinking about that ancient sad history.

After the old Dean Khris uttered these words, he suddenly coughed and laughed, and then continued to say in a strong voice: "No matter how big disasters our Bander College has encountered, I believe, Our Band College will once again reach a glorious position one day, shaking the entire Spirit Earth Continent once again."

Listening to the voice of the old dean's grandeur, the students around not only screamed there.

Their voices resounded like thunder, and echoed in the audience.

"This time, the Empire Illusion Contest, I hope that our Band College can achieve good results!"

"For our great ancestors...for the glory of our Band College, salute!"

The old dean's voice sounded.

After listening to the surrounding students, they called out one by one.

"Now I'm starting to announce the list." Old Dean Hollis said there.

After the old dean said so, all the teachers and students in the square closed their mouths tightly, and then waited for the old dean's words.

Everyone stared at the old dean with a deep breath.

I saw the old dean Khris paused slightly, and then began to say: "This year's candidates for the Empire Illusion Contest, of which 3 are in the Thunder Department."

As soon as the words came out, all the people were shocked.

The surrounding students looked at the Thunder and Lightning Department with wide eyes.

Teacher Anderson heard what the old Dean Hris said, not only was he stunned: "Old Dean...we only have 3 in our department?"

Obviously, there is some unwillingness in his voice! He thought that this time there would be 4, and even all the places would fall to his Thunderbolt department, but now there are only 3, of course he is not willing!

But when I saw the old dean Hollis said, "Yes, there are three!"

"These 3 classmates, you can choose by yourself, and then participate in the Empire Illusion Contest." The old Dean Heris repeated it again.

After hearing this, Anderson groaned in his mouth, and his eyes were full of unconvinced.

However, this is the order of the old dean, and he has no special methods.

Just listen to the old dean's continued words: "The remaining two places, one in the fire system and one in the water system."

After the old dean spoke again, the illusionist beauties of the water system suddenly shouted, and they were excited.

Even the beautiful teacher Evelyn could not help but exclaimed.

"What? Old Dean, are you really going to let their students of the water department participate in the competition?" Anderson said unconvincedly, suddenly jumping up.

The old dean Khris turned his head slightly to look at Anderson and said, "Teacher Anderson, do you have any objections?"

"I...I...unsatisfied!" Anderson exclaimed suddenly.

"Why?" The old dean looked at Anderson and said.

Anderson said angrily: "In the Empire Illusion Contest for so many years, our academy has never sent female students of the water system to the field because of their poor strength... This time, why should we send them to the field? What if we lose? Our class Is the German Academy still at the bottom?"

When the female students of water system illusion art over there listened, they all screamed there.

"Teacher Anderson, are your students in the Thunderbolt Department very good?"

"Yeah, you're good at bragging! Have the ability to compete..."

"Hmph, just because you still look down on our female students. In the last illusion contest, some of your students from the Thunder and Lightning Department were still beaten up by the water illusion girls of the Black Shura Academy? Are you still here to laugh at our girls? Student? Really shameless."

...

The surrounding water-system illusion beauties began to bombard that Anderson.

It turned out that in the last Empire Illusion Contest, a cold and glamorous woman from Black Shura College, once angered two students from the Thunder and Lightning Department of Band College with her own power... The scene at that time shocked four!

"you....."

Anderson was brought up with the scars of the past, and immediately roared in his mouth.

At this moment, the old Dean Khris suddenly spoke, looking at Anderson and said: "Anderson, if you really care about the girls of the water system, then I can promise you that I promise to cancel the qualification of the water system illusion. I will give you the Thunder and Lightning Department!"

"But, I have a condition. Can you ensure that you can win the illusion contest? If you agree, I will cancel the qualification of the water illusion contest and give you that place. How about?" Reese suddenly looked at Anderson with a cold face and said.

When Anderson heard the old dean say this, he was speechless.

How can he guarantee?

Although the students under his hands are outstanding at Bander College, what about other colleges? For example, the powerful Locke Academy? And the Black Shura Academy far in the north? Is he comparable?

When the girls of the water department heard the old dean say this, they all booed there and said: "Yes, Teacher Anderson, aren't you very good? We will give you the place, and you will let your students compete! The victory you can win..."

"If you lose, don't go back to Bander Academy, you are ashamed!"

"Yes, we give you a place."

Listening to those harsh sounds, Anderson had a black line on his face at the moment, standing there, not knowing what to do.

The old dean glanced at that Anderson, and suddenly said silently: "Anderson, I know you have made a lot of effort in the past two years, and you have been very diligent in teaching your students, but you have to know, What we are going to participate in is the Empire Illusion Contest. When we competed in previous years, the Rock Academy and the Black Shura Academy knew our thunder and lightning illusions very well, so this time, if I send you all thunder and lightning students, It must have been clearly touched by the other party... so I am going to change my strategy. We need to let the other two colleges see the strength of our other departments."

After hearing the words of the old dean, Anderson suddenly understood.

Although there was still some dissatisfaction in his heart, he didn't speak much anymore, just silently said there: "The old dean was thoughtful! Sorry, I was rash..."

Chapter 2652: Burning with anger

After seeing Anderson's confession, the old dean Herris smiled slightly.

"The Empire Illusion Contest is about to be held in two months. I hope that during this time, each of our students will redouble their efforts."

After hearing what the old dean said, everyone shouted in excitement.

The quota for the illusion contest can basically be determined.

Among them, 3 places are students from the Lightning Department, 1 is from the Fire Department, and the other is from the Water Department.

The beautiful students of the water department were so happy when they finally won a qualification, even the beautiful teacher Evelyn laughed from ear to ear.

However, among the many beauties, there was only one girl with a pretty face looking at her surroundings with her beautiful eyes worried.

This person is the beauty Isha.

As the only intermediate-level illusion student in the water system illusion, Yisha is not as happy as she imagined now. On the contrary, she does look at the back with a worried expression, as if looking for someone.

"Isha." Suddenly at this time, the beauty teacher Evelyn saw Isha with a worried face.

She came over.

After hearing the teacher's voice, Isha not only turned her head slightly, and said, "Teacher."

"Isha, what's the matter? Why do you look upset on your face?" The beauty teacher Evelyn asked as she looked at that Yisha.

Isha hurriedly said there, "I...I didn't."

"Isha, it's okay, you can tell me what's the matter." The beauty teacher asked with blinking beautiful eyes at that Yisha.

Isha thought for a while, and bit her lip with her teeth, as if hesitating to say.

After a few seconds in the dark, Isha finally couldn't help but speak.

"Teacher, I want to ask you a question."

After the beautiful teacher Evelyn heard Yisha suddenly say this, she was not only taken aback for a moment, but looked at Yisha and asked, "What's the problem?"

Yisha said: "I want to know, our college's advanced assessment... why all the students participated, but the Qi system illusionist Li Tian was not named."

When Yisha suddenly said Li Tian's name, the beautiful teacher Evelyn was suddenly startled.

"he?"

Isha nodded deeply and said, "Yes."

"Teacher, I think Bander College is really unfair to Li Tian. Isn't he a student of our Bander College? Why is our college holding such a major advanced competition, but not calling that Li Tian?" Isha asked the teacher.

After the beautiful teacher heard Yisha suddenly say this, she not only frowned slightly.

To be honest, according to the truth, such an important competition must be called Li Tian to participate, but except that Yisha was thinking of Li Tian, no one at Band College thought of Li Tian at all.

This is really unfair to Li Tian! ! !

The beautiful teacher Evelyn thought for a while, looked at Yisha and said, "Isha, maybe...maybe...the old dean didn't ask him to come here for the sake of the student's face."

"Isha, you also know that the classmate Li Tian doesn't have any spiritual power in his body... If he asks him to test, he will definitely not be able to test it. Besides, he will be ridiculed by other students. I think maybe the old dean That's why I made such a decision."

After hearing Evelyn's words, Isha said unwillingly: "But, but this must give Classmate Li Tian a reasonable explanation, right?"

"Although his body does not have spiritual power, everyone can't ignore him like this..."

"We ignore him so... so indifferent to him... what would he think in his heart?" Yisha said unfairly for that Li Tianming.

After the beautiful teacher Evelyn heard Isha say this, she not only sighed deeply and said, "Hey, what you said makes sense. We are indeed a little sorry for that student."

"Well, Isha, after the matter here is over, I will go and tell the old dean... OK?" the beauty teacher Evelyn said.

Isha thought for a while. Although she was very sad for Li Tian, she could only nod silently at this moment.

"Ok."

"Teacher, I have a few words that I want you to convey to the old dean." Yisha said suddenly.

The beautiful teacher Evelyn said, "You can tell."

"Teacher, I want you to tell the old dean that classmate Li Tian is also human and has self-esteem. Although he did not have any spiritual power during the test, since we have recruited him as a student of our Band College, we cannot You can't treat him so indifferently if you are so isolated! Don't forget that at the beginning, the old dean and the teachers personally went to ask Li Tian to come to Bander College... But now, he treats Li Tian like this How can they do this?" Isha said these words angrily.

The beauty teacher Evelyn not only took a deep breath after hearing her say this.

But I know that what Isha said is not wrong at all!

Indeed, when I first came to Bander College, it was the old Dean Hollis and the teachers who personally invited Li Tian.

But how do they treat Li Tian now?

Treat Li Tian completely as air! Ignore his existence completely.

"Don't worry, Isha, I will pass your words to the old dean." The beauty teacher Evelyn said at last.

Just as the beautiful teacher Evelyn and Isha were talking here, suddenly the wind students over there screamed.

"Hey, look, that's not the qi-type trash students?"

"Yeah, why did that waste student come here?"

"Could it be that his kid also wants to advance the test?"

"Hahaha, don't be funny... Just rely on him? He has been in Bander Academy for less than two months... and there is no spiritual power in his body at all, he advanced test? Test a fart!"

Suddenly, laughter and discussion sounded from the crowd.

Looking at them with their mocking voice, but seeing a lonely figure walking towards this side step by step.

There is no doubt that he is the only student who practices Qi illusion, Li Tian.

When Li Tian's figure appeared on the court, the surrounding teachers and students cast their eyes on him.

"Classmate Li Tian?" Yisha and her beautiful teacher Evelyn not only yelled out in surprise.

Look closely at that Li Tian, all around him is filled with flames of anger.

His eyes, with unwillingness, with anger...with all the bloodthirsty sense of destruction, step by step towards the field.

Chapter 2653: Outbreak

Who can know Li Tian's pain?

Who can understand Li Tian's anger?

He originally wanted to stay at Bander College, but the people at Bander College treated him that way! ! !

They ignored Li Tian, were indifferent to Li Tian, and laughed at Li Tian. Li Tian tolerated all of this, and they were working hard to tolerate it. However, today, no one of them told even such a big advanced thing. Li Tian... even regarded Li Tian as an air-like existence.

He was angry.

All the suppressed anger in the body is about to erupt like a volcano.

He just walked step by step with endless anger.

"Classmate Li Tian?" When Li Tian's figure was walking, the old Dean Hollis was not only taken aback, but looked at him.

The teachers around, as well as the students from Bander College were also looking at Li Tian in surprise.

Some even laughed there and said, "Why did this trash student come here?"

"Yeah, why did he come here?"

...

Their words came to Li Tian's ears word by word, like boiling oil igniting little anger in Li Tian's heart.

Finally, Li Tian came over.

Standing alone in the middle of the field.

Suddenly he raised his head, the face wearing the weird bronze mask exuded a swell of cold air, and his devastating angry eyes stared at the front-most old Dean Hollis.

"Why? Why do you treat me this way?"

"Why don't you treat me as a student of Bander College?" The words of suffocation like a knife suddenly came out from Li Tian's mouth coldly.

When his words were being spoken, the old Dean Hollis didn't know why, and a slight chill came out in his heart.

He is indeed ashamed of Li Tian.

At this moment, not only smiled awkwardly and said: "Student Li Tian, you think too much, we didn't treat you as a student of Bander College...just..."

Before the old dean's words were finished, Li Tian suddenly showed a weird smile on his face, and suddenly said harshly to the old dean, "It's just because I don't have spiritual power? Just because I'm a waste. ?Right?"

When his words were uttered, the old dean suddenly shook his heart.

At this moment, Anderson suddenly spoke.

"Smelly boy, how do you speak to the old dean?" Anderson said angrily at Li Tiandao.

He had always looked down on Li Tian. Hearing Li Tian speaking to the old dean with such a cold attitude, he immediately stood up and said.

After hearing Anderson's words, Li Tian suddenly turned his terrifying eyes and glared at him.

"Student Li Tian, you have just arrived at the academy and you have only been practicing illusion for two months, so the old man feels that you don't need to come for this advanced test, so he didn't notify you." The old dean looked at that Li Tiandao and said.

"Really?" Li Tian suddenly sneered.

Then Anderson looked at Li Tian's contemptuous attitude and said, "Smelly boy, get me back! What is your identity? How dare you talk to the old dean like this?"

"Furthermore, your body doesn't even have the spiritual power of the fart point...what use is it for you to come here?"

"Huh, trash, go back."

Teacher Anderson suddenly shouted angrily, and the students of the Thunder and Lightning Department behind him immediately echoed and shouted: "Yes."

"Go back! Go back."

Words word by word stimulated Li Tian's nerves.

The anger in his whole body was violently rising, and the anger in his heart could no longer be suppressed at this moment, and his fists clucked loudly.

He couldn't help it! He finally broke out.

Roar!

A roar suddenly came out from Li Tian's mouth.

Accompanied by a terrible roar from him, a huge energies suddenly spread from his body, and with a bang, everything in his body was stunned into the air.

The few students standing close to Li Tian... were shocked by the huge breath and took two steps back!

"It's so powerful!" A sudden scream came from the old Dean Hollis's mouth.

His eyes flashed suddenly, and he looked at Li Tian in disbelief.

"How...how... I sensed that child... the body... the body... the extremely powerful spiritual power?" The old dean Heris suddenly said in horror.

That powerful spiritual power was something that the old Dean Hollis had never seen before after so many years of living!

Even to see the legendary old man: Long! He hadn't sensed such a terrifying spiritual energy... but he had sensed it in Li Tian's body just now!

"Oh my God, what is going on? Could it be that... Could it be that... this kid already has spiritual power in his body? And it is terrible spiritual power?"

Just when the old dean was shocked, Anderson, the teacher of the Thunder and Lightning Department, suddenly roared.

He just saw a few of his students who were shocked by Li Tian's outburst and backed back again and again...At the same time, each of them turned pale, and immediately roared: "Smelly boy, what do you want to do? Do you want to rebel?"

With a roar, he moved forward.

I saw that Li Tian suddenly turned his face, a pair of extremely dark eyes suddenly coldly betting on Anderson's body.

Anderson just felt cold all over, a fear that he had never had before, suddenly surged from his heart.

"You all look down on me... don't you?"

"You all think I'm trash, don't you?"

"You all think that I am a superfluous person at Bander College, right?"

Suddenly Li Tian raised his head, looking at God, and suddenly murmured a few words.

As Li Tian suddenly said these three words, he suddenly lifted his body, swished like a light, and flew towards the three huge stone cauldrons in the center of the field.

what?

"What is that guy doing?"

When Li Tianfei flew past and reached the test stone cauldron, the surrounding students couldn't help but exclaimed.

"What does he want to do?"

"Is he crazy?" The surrounding students looked at Li Tiandao with eyes wide open.

But seeing Li Tian, he was standing alone in the center of the field, facing the three test giants of beginner, intermediate, and advanced.

Even at this moment, the old dean Hollis couldn't help being stunned when he saw Li Tian flying towards the three huge stone cauldrons all of a sudden.

"Boy, what are you doing?"

The old dean Khris was shocked, and at the same time, he accumulated extremely powerful spiritual power! He is going to do it! Stop that Li Tian.

He was afraid of something terrible Li Tian would do. After all, there are only three test stone dings in the Bender Academy... These three stone dings were found in the deep ice cave of the Warcraft Mountains in Als hundreds of years ago... ..If Li Tian was crazy to destroy these three test stone tripods, it would cause a huge damage to Bander Academy, so the old Dean Hollis was ready for everything at this moment.

Chapter 2654: Li Tian's rage

But what about Li Tian?

After hearing the exclamation of the old Dean Heris, he suddenly turned his head and looked at the old Dean Heris with a weird smile.

The old Dean Khris looked at the weird smile that suddenly appeared at the corner of Li Tian's mouth, not only was he stunned for a while.

I saw Li Tian suddenly stretched out his hands, and then accumulated terrible spiritual power in his whole body, and slammed toward the first "beginner" Shiding.

"Li Tian..."

The beauty Isha below watched Li Tian make such a move and not only cried out in surprise.

The other students and teachers at Bander College also saw the moment when Li Tian suddenly raised his hands, not only their eyes widened, and they were completely stunned.

No one knows what Li Tian is going to do!

No one knows what terrible things he will do next!

With a "boom", Li Tian's hands full of terrifying spiritual power slammed heavily on the "primary" giant cauldron.

At the moment when the giant cauldron weighing more than a thousand pounds was hit by Li Tian's hands, the entire giant cauldron suddenly made a loud "puff", and the entire giant stone cauldron shook violently at this moment.

Everyone was stunned!

Everyone is dumbfounded!

Then something strange happened, and the three rays of light on the "giant cauldron" all lit up.

"what?"

"He... the elementary level is full!!!" Suddenly, an exclamation burst out from the crowd.

Then everyone looked at Li Tian with unbelievable eyes.

"Impossible...impossible..."

"He...he...isn't his body lacking spiritual power? How...how could...reach the elementary full level?" The students of the Thunder and Lightning Department suddenly raised their eyes in disbelief. Said Li Tiandao.

Not only those students at Bander College were all shocked! Even the teachers in the surrounding Bander Academy were all shocked there.

"Oh my God, when did classmate Li Tian practice the illusion technique? His elementary level turned out to be full?" At this moment, the beauty teacher Evelyn not only opened her beautiful eyes and looked at Li Tian in disbelief.

"He just entered the Bander Academy... less than two months!!! And... he is... he doesn't... has no spiritual power? How could it be possible?" She was horrified.

Everyone was horrified there.

Of course, there was nothing more shocking than the old Dean Hollis.

When he saw that Li Tian's "Beginner Level" was at full level, his eyes flashed in an instant.

"This...this...the child has reached the elementary level?" But seeing the old Dean Heris also said in surprise, rubbing his eyes in disbelief.

However, what his eyes saw was real.

Then Li Tian has indeed reached the "Elementary" level.

"genius?"

"Now I finally know... Sage Long Lao... Why did I recruit him into Bander Academy... I was wrong... I was really wrong..." Suddenly a long sigh came from the old Dean Hollis Said it from his mouth.

Then, in the horror of everyone, Li Tian suddenly pressed his palms on the top of the "primary" stone cauldron, and applied force again.

Click!

The huge stone cauldron for advanced assessment was actually shattered by Li Tian.

boom! ! !

Immediately afterwards, the whole stone tripod exploded.

what?

When seeing the "beginner" stone tripod exploding, the students and teachers of the surrounding Bander College all opened their eyes in horror.

"Li Tian, don't do this." Suddenly the beauty of Yisha was there to stop Li Tiandao.

"Oh my god, that **** actually shattered the elementary stone cauldron?"

"Is he crazy?"

... the students around screamed there.

But now who can stop Li Tian?

But seeing Li Tian shattered the first advanced elementary stone cauldron, he suddenly smiled strangely, and suddenly flew towards the "intermediate" stone cauldron.

Then both hands accumulated palm power again with a "boom" and hit the "middle-level" stone cauldron.

When his palms full of spiritual power hit the "intermediate" stone cauldron again, the "intermediate" stone cauldron also burst out with the same roaring sound as the "beginner" stone cauldron. The three rays of light on the "Intermediate" stone cauldron all lit up.

"what?"

"Mid-level full level...His mid-level has also reached full level...!!!"

If Li Tian's elementary full level is considered a genius! So at this moment, what kind of shocked expressions will the students of Bender College have when they see Li Tian's "Intermediate" full level?

This can no longer be completely described in words.

All the people from Bander College stayed there, and everyone's pupils were shrinking violently.

"No, no, it's not true."

"He... how could he... still be human? He is simply the devil!!!"

"How could a person...in less than two months... just... enter the middle level full level!!!" the students exclaimed.

Yes!

These students have worked so hard in Band College for so many years, and they have only reached the level of Intermediate Level 1, and some have not even broken through Intermediate... But what about Li Tian? Before, a person who had no spiritual power in his whole body broke through the elementary level in just two months, and now even the intermediate level is full! My God, could it be that Li Tian has...had reached the level of a high-level illusionist? This is simply incredible.

In the shock of everyone, Li Tian smashed the huge "medium-level" stone cauldron with a palm.

The exploding stones were scattered around.

After watching that Li Tian destroyed the "intermediate" stone tripod, at this moment, the surrounding teachers could no longer tolerate it.

The first to roar was Anderson, the teacher of the Thunder and Lightning Department.

"Asshole!"

"This **** guy, dare to do such a big treachery to destroy the Bander Academy... and dare to destroy the test stone tripod. I will kill him by myself."

With a roar, Anderson suddenly exploded.

Two purple lights suddenly appeared in his hands, and then his whole body shot towards Li Tian like an electric beam.

"Flying lightning strike." Among the thunder and lightning illusions, the terrifying illusion of intermediate level 2 is extremely lethal.

This flying lightning strike relied on the spiritual power of the whole body, and then poured it into the whole body, and the whole body instantly turned into a shocking thunder and lightning, and then it shot a terrible attack in an instant.

At this moment, seeing that Teacher Anderson made a sudden move, that Li Tian suddenly turned his head and stared at that Anderson coldly.

Then he shouted angrily: Thousand Killing Sword Art!

Suddenly, an invisible aura surged from all around Li Tian's body, and then a blade transformed with Qi suddenly appeared in the air.

Chapter 2655: The power of destruction

"A Thousand Killing Sword Technique?"

"Qi illusion high-level illusion?"

When Li Tian was performing the "Thousand Killing Knife Technique", the old Dean Hollis stayed there completely.

He still remembered in his mind that the saint Long Lao relied on the invincible Qi illusion technique "The Art of Thousand Killing Knives" to kill the elite of the Demon Race.

Unexpectedly, after many years, the "Thousand Killing Sword Technique" has been used again.

It is a pity that this time the use of this "high-level" illusion of Qi illusion is no longer the legendary old man of the year: Long Lao, but an obscure Li Tian.

How can this not make Na Long be shocked?

Not only he was stunned.

Even the students of the surrounding Bander College opened their eyes.

To be honest, they have never seen a powerful "Qi illusion", let alone the power of the "High-level Qi illusion".

In their impression, that Qi illusion was nothing but a useless illusion.

But when Li Tian was performing this high-level Qi illusion technique, the "Thousand Killing Knife Technique", all the students' pupils were violently enlarged.

I saw that teacher Anderson had already performed his triumphant illusion.

"Flying lightning strike."

His body had merged into one with the thunder and lightning, and then swiftly struck Li Tian.

What about Li Tian? At the moment when the "Thousand Killing Knife Technique" was displayed, his arm was suddenly horizontal, and the blade made of Qi in the air suddenly slashed straight towards the body of Anderson Thunder.

"Invisible knife." The first move of the Thousand Killing Knife.

Then I saw that the blade formed by condensing Qi suddenly divided into two and two into four, and several blades suddenly spun in the air.

Then Li Tian waved his hands, and a spiritual force burst out of the sky.

Shoo, swoop, swoop!

Suddenly, the infinite sword energy burst out from all the four blades, and then from four different angles, it hit Anderson, whose whole body was wrapped in thunder and lightning.

Then Anderson was stunned when he saw that Li Tian had actually used such a high-level Qi illusion.

"How is it possible...this kid...how...how...would use such a powerful Qi illusion?"

Then Anderson suddenly dodged, avoiding one of the blades, but the second, third, fourth, and blades were horribly hit at that Anderson.

Teacher Anderson, don't care about attacking at this moment.

He suddenly flew back, yelling angrily in his mouth: "Lei Dun!"

Suddenly, his whole body formed a lightning protection shield like a tortoise shell.

Bang, bang, bang.

The three terrifying invisible blades all slammed into the body of Teacher Anderson, and then slammed on the Thunder of Teacher Anderson.

Although Teacher Anderson resisted Li Tian's terrible attack, he was shocked by Li Tian's extremely powerful spiritual power, and his body was shook, kicked, kicked, and backed for several large steps before he grasped his steps.

"Teacher Anderson." When the students of the Thunderbolt Department saw their teacher being shaken back by Li Tianji, they couldn't help yelling, and then hurried to the teacher Anderson.

"Ms. Anderson, are you okay?" The thunder and lightning students looked at their teacher in shock and asked.

But seeing that Anderson endured the blood boiling chest, and said with a pale face like paper: "I...I...nothing."

The students breathed a sigh of relief when they heard Teacher Anderson said it was all right.

Then they all raised their angry eyes and looked at the crazy Li Tian.

"Boy, how dare you do something to the teachers of the academy? It's a rebellious thing!"

"Such a **** who doesn't respect his teacher should be killed."

"Kill him."

Suddenly the students rushed towards Li Tian.

But he said that with so many students rushing towards Li Tian, the situation suddenly became chaotic.

The beauty Isha wanted to stop it from being too late... the girls of the water system were also looking at the situation in shock.

Seeing so many students of the Thunder and Lightning Department rushing towards Li Tian like a tide, Li Tian suddenly burst into infinite hostility in his eyes.

Then he roared wildly, and suddenly raised his hands.

Suddenly all spiritual power burst out from the body.

"roll!"

A roar of heaven and earth dragons roared from Li Tian's mouth, and then a huge vigor in his air, with the shaking of his body's spiritual power, suddenly shocked the thunder and lightning illusions that rushed towards him. students.

"Slavery!"

This is how powerful Li Tian is now.

He had already cultivated his slave-qi technique to the point where it was sublimated into the air... and then used the breath of the air to perform his slave-qi technique.

There was a boom.

Immediately afterwards, from around Li Tian's body, a huge breath suddenly broke through.

Ah, ah, ah.

Suddenly, all the thunder and lightning students who rushed over were shocked by Li Tian's terrifying aura and flew back.

Plops, plops, and students were all shaken to the ground.

Some low-powered illusion students were shocked to the point of bleeding.

terrible!

too frightening!

No one had thought that Li Tian's strength had already progressed to such an incredible level of terror.

At this moment, the corner of the old Dean's eyes suddenly twitched.

"Hey, it seems that I must stop this kid."

"Old Long, I'm sorry...It seems that I have let you down." The old Dean Khris suddenly sighed to the sky.

After sighing this sentence, the old dean's Heris suddenly drifted towards Li Tian.

"Child, don't want to make another move to hurt people." A low drink came out of the mouth of the old dean Hollis.

Li Tian suddenly turned his icy, suffocating face, then looked at the old Dean Heris, and sneered: "It's not that I want to hurt them... It's all they forced me!!!"

"Your Bander Academy forced me." Li Tian's cold voice passed through everyone's ears like a knife.

When the old Dean Heris heard Li Tian say this, he couldn't help but sighed there: "Plant the cause for the cause, plant the fruit for the fruit, my child, all the fault lies with me, let go of your hatred."

"Huh? You say let it go? Who forced me? Who let me learn illusion? It's you! It's you!"

"Now, you brought me into the academy, and then looked down on me one by one... laughed at me... ridiculed me... why? Why did you do this to me?" The violent roar suddenly came out from Li Tian's mouth.

The ferocity in the deepest part of his heart rose up.

This aura of ruining the heavens and the earth was like when he had become violent and enchanted when he was on earth.

Chapter 2656: Flame, Secret Art

The moment the old dean Heris heard Li Tian's roar, he suddenly felt a pain in his heart.

"Child, it seems that you are trying to force the old man to take action." The old dean Khris said with a deep sigh.

That Li Tian suddenly turned his fierce eyes, staring coldly at the old dean in front of him.

"come on!"

With a roar, Li Tian suddenly burst into extremely powerful and endless spiritual power.

The old dean Khris could no longer tolerate it, after all, he was the head of the first house.

For the Bender Academy, for the safety of all students, he can only do it now.

I saw the old Dean Hollis sighed, and suddenly his right hand grabbed slightly, and a group of purple flames suddenly condensed in the void.

"Sorrow of the Dark Fire!" The high-level fire system illusion is a very powerful and domineering illusion in the fire system.

When the old dean suddenly condensed a group of purple flames in the void with one hand, suddenly his right hand shook, and the group of purple flames suddenly began to bloom like fireworks.

Puff puff.

Countless strange purple fireballs suddenly appeared in the air.

These are all fireballs of Underfire.

Then the old dean raised his right hand, and then lightly flicked his fingers in the air, suddenly the sound of breaking the wind came out, and the purple **** of dark fire shot towards Li Tianfei like electric shots.

Sure enough, he is the old dean of Bander College.

This trick "Sorrow of Underworld Fire" is so ingenious and precise.

But what about Li Tian? At the moment when he saw the old Dean Khris made a sudden move, he suddenly roared.

Then he accumulated extremely powerful spiritual power all over his body, and then he wanted to use slave energy to control the flying **** of Underfire.

Whoosh, whoosh, whoosh!

When the ball of dark fire came towards Li Tian, suddenly the powerful aura of Li Tian's body suddenly stopped the "ball of dark fire" that was flying over in the air.

Li Tian actually controlled it, and he was able to control the "ball of dark fire" that the old dean flew over with his "slave aura".

But seeing all the students of the Bander College in the audience was astonished... all of them stared.

At this moment, even the old dean Khris was not only slightly startled.

"This boy, what a powerful slavery!"

"He actually... can... be able to use the most common illusion of Qi illusion... to such a terrible level? Can he use the ordinary illusion of Qi illusion... to block my high-level fire illusion?" Old Dean Hollis Suddenly became speechless.

After thinking like this in his heart, the gray robe on the old Dean Heris suddenly struck again with a powerful spiritual force.

Then all the remaining "balls of dark fire" all over his body shot towards Li Tianfei.

Li Tian saw those "balls of hellfire" shooting towards him, and now he controlled those **** of hellfire with his hands, and then suddenly pushed forward with both hands... Then he saw all the **** of hellfire controlled by him. All of them slammed into the ball of Netherfire shot by the old principal.

Boom, boom, boom!

The **** of underworld all collided in the air.

The entire sky burned suddenly, forming a weird and beautiful picture.

When the surrounding students saw that Li Tian's current strength was able to fight the old dean's, they couldn't help being stunned, all of them staring at the scene with their eyes wide open.

The old Dean Hollis's gray robe was agitating at the moment, and there was an ugly look on his face.

To be honest, even he didn't expect Li Tian's advancement speed to reach such a terrifying level.

At the moment, I saw the old dean roared: "Child, it seems you are forcing me to use flames."

Among the fire-type illusions, there are three terrifying fire-type illusions, namely, Agni, Netherfire, and Yanhuo. Among them, the illusion of Yanhuo is the strongest, which is even stronger than Netherfire! A terrible illusion of high-level 2

At this moment, after the old Dean Hollis screamed in anger, his hands suddenly condensed two very strange golden flames again.

"Fire!"

"The old dean unexpectedly displayed the fire technique in the illusion of the fire element..." The surrounding students were all in shock.

It turns out that this fire technique hasn't appeared in many years.

I remember that it was only during the second demon war that the strong teachers of the Band College used flames to deal with the terrifying masters of the demon... After so many years, the flames in this fire system were Basically, it is rarely seen on the Spirit Earth Continent, and I did not expect that the old Dean Hollis at this moment would show a terrible flame.

At the moment when the old dean showed the "flaming fire", both of his arms were suddenly burning with fiery golden flames.

Suddenly the old dean's gray robe body shot towards Li Tian like an electric light.

At the same time, two arms with golden flames were seen, and with a sudden wave, a blazing flame immediately attacked Li Tian.

Li Tian saw the golden flame hit, and immediately stunned, when the flame reached a few meters from Li Tian, Li Tian felt a pungent scorching sensation.

At this moment, Li Tian was not only shocked: What kind of illusion is this? Why is the heat of this weird flame even higher than the purple fire of the dark fire!

Li Tian, who was horrified in his heart, dodged quickly.

I saw the golden flames flying over Li Tian's body, with a bang, and hit the hard ground on the square. The whole ground exploded in an instant, bursting out more than one meter. Deep giant pit.

Li Tianyi looked at the deep pit that exploded behind him, and was immediately shocked.

The body quickly dodged, but it was too late at this time.

I saw that the old Dean Hollis held his hands again for a while, and suddenly, two terrifying golden fire dragons appeared in his hands, and then with a howl, the two fire dragons entangled towards Li Tian.

"Fire Tyrannosaurus?"

It turns out that the old dean Heris not only used the terrible flame, but also used the "secret technique" in the fire illusion, the flame tyrannosaurus! Mystery, refers to a powerful illusion that can only be practiced after reaching a high level

At this moment, seeing the two fire dragons violently attacking Li Tian... Li Tian was shocked.

He wanted to escape, it was completely too late at this moment.

At this moment, he raised his eyes and looked angrily at the two fire dragons that were hitting him. With a roar, he suddenly displayed the ruthless knife from the "Thousand Killing Sword Technique".

Ruthless knife!

The air quickly condensed a huge blade with Qi, and then slashed at the two fire dragons.

But seeing that the giant blade slashed towards the two red dragons, the two fire dragons also directly pounced on the blade.

There was a loud bang, but seeing the ruthless knife slashed on one of the fire dragons, puff! There was a loud noise, but the fire dragon was cut to pieces... the flames of flame fell from the sky.

However, the second fire dragon hit Li Tian's body.

boom!

There was a loud noise, but Li Tian's chest was suddenly hit by the other fire dragon.

Chapter 2657: Shocking truth

what!

A scream came out from Li Tian's mouth.

After all, Li Tian was not the opponent of the old Dean Hollis.

The moment Li Tian was hit by the fire dragon, he only felt the bones of his whole body shattered.

There was endless burning pain in his whole body.

With a plop, Li Tian's body was knocked down straight from the air, and then fell heavily to the ground. The extremely hard floor tiles were smashed by Li Tian's body.

At this time, the old dean Heris flew directly from the air.

"Old dean, don't... don't kill Li Tian." An exclamation came from the beautiful classmate Yisha.

But seeing Yisha in that snow-white dress, ran forward like crazy, and her whole body was suddenly blocked in front of Li Tian who fell on the ground and was injured badly.

She looked at the old Dean Heris in front of her tearfully, and interceded for Li Tian there.

The old dean Hollis didn't attack him.

He just slowly fell to the side of Li Tian who was seriously injured.

But what about Li Tian? The whole person's mouth was spitting blood... The whole body was burnt by the terrible flames. If he hadn't been wearing a long robe and had a powerful spiritual body, I'm afraid that the old dean just showed it. The fire tyrannosaurus will directly scorch Li Tian's whole body!

But at this moment, the students of the entire Bander College were looking at the situation before them in shock.

No one knows how the old Dean Heris will punish the current Li Tian.

"Old Dean, don't kill Li Tian. Although he did a mistake, he ruined the test stone cauldron... but he was forced to be like this after all!"

"Old Dean, think about it, from the day Li Tian entered Bander College...our Bander College...who treats Li Tian well? Who accepted him once?" Then Yisha said unfairly for Li Tianming there. .

Li Tian, who was lying on the ground seriously injured, not only trembled in pain in his heart after hearing Yisha's grievances for himself.

Listening to Isha's words, the entire Bander College students bowed their heads in guilt at this moment.

Even the illusion teachers of each department not only showed guilt on their faces.

Yes, they did treat Li Tian too unfairly.

All of this is now theirs.

After hearing the words of that Yisha, the old dean Hollis suddenly raised his head and looked up at the boundless sky, and suddenly sighed heavily.

"Hey!"

"Old Long, I'm sorry...I'm ashamed of you, such a genius who has seen it in a thousand years has been ignored by my Hollis! I was wrong, I was really wrong." Suddenly the old dean Hehe Rees said in a self-reproach, and suddenly laughed bitterly.

After speaking, the old dean Heris suddenly raised his guilty eyes and looked at the seriously injured Li Tian on the ground.

"My boy, I didn't want to hurt you... It's a pity... What you did is too much! You shouldn't damage our college's test stone tripod." The old dean Heris murmured at Li Tiandao there.

Li Tian was in severe pain at this moment, and a mouthful of blood spurted out of his mouth.

He looked at the old Dean Khris with blood-red eyes and said: "This...this...you...forced me."

Hearing Li Tian said this, the old dean Hollis said slightly: "My child, I ask you, who did you learn your illusion art from? And what is the spiritual power of your body?"

The old Dean Hennis does not understand these conditions so far! He wants to figure it out now.

He wanted to understand why Li Tian had such a terrifying advancement in just two months.

To be honest, if the old dean had not personally seen Li Tian's strength, he would have never believed that such a miraculous thing happened in the world.

Following the question of the old Dean Hollis, the students of the surrounding Bender College and the teachers of various departments also blinked and looked at Li Tian.

Because they also want to know the answer, why Li Tian has become so powerful.

But seeing Li Tian suddenly smiled strangely, he raised his hand with difficulty and wiped the blood from the corner of his mouth and said, "Illusory? Study?"

"Hahaha, you guys are so funny!"

"You, let me study with a despicable, mean-spirited **** teacher Moore. Do you think I can learn any illusions?" Suddenly Li Tian spit out blood in his mouth and pointed at the old Dean He angrily. Lisdao said.

"Do you think I Li Tian is a fool? I don't know? You thought I was a trash from the beginning...that's why you threw me to that useless Moore and let me practice! Right?" Li Tian Suddenly roared.

Accompanied by his roar, the old Dean Khris suddenly showed a trace of guilt on his face!

Because this was indeed what he thought at the beginning, and now that in retrospect, he regrets so much.

"It's a pity, it's a pity that the **** Moore didn't teach me any illusions... on the contrary he wanted to hurt me! It's just that my life is too big and I shouldn't die, so I survived in the Black Rock Mountains."

When Li Tian said this, the surrounding teachers and students were suddenly astonished.

what?

"It turns out that you really went to the Black Rock Mountains?"

"It turns out that the benefactor that those Rock College students said last time was really you?" The students yelled out in surprise.

But seeing Li Tianzhe smiling angrily, the blood in his mouth was flowing with his sorrowful laugh.

"Child, do you mean that these illusions... illusions... are all you learned by yourself?" The old Dean Hollis suddenly dilated his pupils and looked at Li Tiandao.

Li Tianxue said with red eyes, "So what!"

"Your Bander Academy...no one is willing to teach me...no one is willing to tell me...if I don't practice by myself? What else can I do?" Li Tian roared.

Hearing that all the illusions were actually made by Li Tian himself, everyone in the audience was speechless.

What is genius?

This is the real genius.

But seeing the old Dean Hollis widened his eyes and looked at Li Tian and asked: "Child, but you...your body...has no spiritual power at all? What's the matter?"

Li Tian suddenly said: "Who said I have no spiritual power?"

The old dean Khris said: "Tested twice...Your body is without spiritual power. Did you make a mistake in measuring the spiritual stone?"

Li Tian said angrily, "I don't know."

"I only know that my body is full of spiritual power." Li Tian laughed wildly.

Cough cough cough cough, accompanied by Li Tian's laughter, suddenly a mouthful of blood spurted out of his mouth.

Chapter 2658: Extremely stubborn

Li Tian's injuries were too serious.

It is undeniable that the damage caused by the old dean's blow to the "Tyrannosaurus" just now was terrifying.

At this moment, Li Tian spit out a mouthful of blood, and his whole body trembled violently.

Na Yisha looked at Li Tian, who was trembling and badly injured. She not only yelled with concern, "Student Li Tian, you must hold on, you must hold on..."

After speaking, Isha suddenly turned her face to look at the old Dean Hollis.

"Old Dean, let Li Tian go. Although he did something wrong this time, I hope you will let him go..." Yisha begged the old Dean Hollis there.

Li Tian destroyed the arguably crucial testing giant of Bander College.

This is absolutely unforgivable if you put it in the past.

Moreover, Li Tian hurt students and teachers. This serious crime was enough to reach the point where the old dean would execute Li Tian.

After hearing what Isha said, the old dean remained silent and did not answer.

And that Yisha was begging the old Dean Hollis in front of her over and over again.

Suddenly at this moment, the beautiful teacher Evelyn in front of her also walked over.

"Old dean, although this classmate Li Tian is guilty, but the crime is not dying, I hope the old dean will consider it as appropriate..."

After the Evelyn teacher of the water system came to intercede at this time, the teacher of the wind system Cyril also touched his nose at this moment, and said: "Old dean, this child is a rare wonder in a century. It would be a pity to kill like this... I hope the old dean will think twice before doing it."

Even the Cyril teacher spoke.

After the two major illusion teachers of the water system and the wind system had spoken, all the students present also interceded for Li Tian.

"Old Dean, let Li Tian go." Their voices spread from the audience.

These Bender classmates who had despised and despised Li Tian in the past have now begun to plead for Li Tian.

There is guilt and regret in their hearts.

After all these voices reached the ears of the old Dean of Bander College, Heris, the old Dean suddenly sighed deeply and said: "Don't worry, I won't kill him."

After the old dean suddenly said such a sentence, Yisha, as well as the surrounding teachers and classmates were all excited.

They were originally afraid that the old dean would kill Li Tian, but they didn't expect that the old dean didn't do it, and they were all happy now.

"It's just..." Suddenly the old dean said another sentence.

At the moment he said so, all the teachers and students of the school were all taken aback.

"Old Dean." Everyone blinked and looked at the old Dean Hollis in front of him.

I saw that the old dean looked at Li Tian's injured body, and suddenly said with a heavy sigh, "It's just that death and sin cannot sleep, and living sin cannot escape."

After speaking, the old dean suddenly turned his face and looked at the seriously injured Li Tiandao and said: "My child, I ask you, do you still want to stay at Bander College? If you want to stay at Bander College If you do, you have to recognize your mistakes and accept my punishment... If you are unwilling to stay at Bander College, then I will expel you!!!"

After listening to what the old dean said, all the teachers around not only sighed lightly!

What do they think the old dean is going to say? It turned out to be just the simplest punishment.

Anyone at Bander College knows that the old Dean Hollis is the most soft-hearted. Under normal circumstances, the so-called punishment of the old Dean is just to stay in a black room and face the wall for a few days.

So when all the teachers and students at this moment heard the old dean say this, their faces became happy.

But what about the old dean Hollis? He also secretly said with joy in that heart: Do these guys really think I'm always confused? This kid is such a genius, how can I kill him! Hey, I want him to lead our Bander Academy to the first place in this year's Illusion Contest. From now on, our Bander Academy will no longer be allowed to fall into the bottom of other colleges.

Everyone at this moment is looking at Li Tian, waiting for his answer.

The beauty Isha looked at Li Tian in surprise and said: "Student Li Tian, the old dean has forgiven you like this...you quickly tell the old dean that you are willing to accept punishment."

"Yes, Li Tian, let's admit your mistake."

"After you admit your mistake, the old dean will forgive you."

...

At this moment, all the teachers and classmates were there and said to Li Tiandao.

They hope Li Tian can admit his mistakes and stay.

When all the students and teachers said this, Li Tian suddenly raised those cold eyes. He wiped the blood from the corner of his mouth with difficulty, and suddenly a word came out of his mouth.

"Why should I admit that I was wrong? I was not wrong at all. You forced me to do all this." The cold words suddenly came out of Li Tian's mouth stubbornly.

His words pierced into the hearts of everyone present like a cold blade.

When the old dean Hollis heard Li Tian say this, he screamed angrily.

"You..." The old dean stared at Li Tian with wide eyes.

When he heard that Li Tian refused to admit his mistake, the classmates in the audience were dumbfounded, and they were all in the shadow that could not help: Is this guy crazy? Why refuse to admit your mistakes!

When Yisha heard Li Tian say this, she was horrified and looked at Li Tian, "Li Tian, how can you talk to the old dean like this? You are about to admit your mistake, and the old dean will forgive you after you admit your mistake."

"Yes, classmate Li Tian, hurry up and admit your mistake." The surrounding students were also persuading Li Tian hard.

But what about Li Tian?

He is stubborn.

His people have been honed into a knife when they were on Earth, and now in this other world, he doesn't want to succumb or admit his mistakes.

So just listen to him roaring: "No, I won't admit my mistake."

Listening to Li Tian's roar, the whole audience was suddenly embarrassed there.

The old Dean Khris even blows his beard and stares angrily, glaring at that Li Tian, and his heart is secretly: What the **** is this stinky kid doing? The old man asked you to admit your mistake today, just to save the face of Bander College, but why is this kid so stubborn? How can this be done? Do I have to force the old man to fire you? Are you satisfied?

Old Dean Khris thought so in his heart.

But can it be expelled?

Such a peerless genius who has been rare in a century, how could he give up like this? Li Tian, but so far, the real key to Bander Academy winning the first place in the Illusion Contest!

Chapter 2659: End

"Child, if you don't admit your mistake, I will expel you. You will never be a student of Bander College in the future. Think about it yourself." There is really no way for the old Dean Hollis to intimidate you at this moment. Li Tian.

He now hopes that Li Tian can admit his mistakes and let him save some face.

In this case, the face is saved, and this genius can be retained.

After the old dean Heris finished speaking, he saw that Li Tian stood up from the ground stubbornly.

There was still blood in his mouth, and his whole body was still trembling.

The whole body looked extremely injured.

"Expelled?"

"Okay! From now on, I, Li Tian, will leave Bander College." A word came out of Li Tian's mouth.

The moment this sentence came out of Li Tian's mouth, it hit everyone's heart like a thunder in a sunny day.

Li Tian really wants to leave the Bander Academy!

When Li Tian said that, the teachers and students in the school were speechless.

The old dean Heris almost jumped up with anger.

"Boy, you are forcing me to expel you! Well, since you are so stubborn, from now on, get out of Bander Academy." The old Dean could not bear it anymore, and suddenly roared at this moment.

The teachers and students at Band College hadn't seen the old Dean Hollis get angry for so many years. At this moment, they couldn't help being taken aback when the old Dean was screaming with anger for Li Tian.

One by one looked at the old Dean Hollis with incredulous eyes.

But what about Li Tian? Without saying anything, he suddenly dragged his seriously injured body and walked towards the gate of Bander Academy with difficulty step by step.

He really wants to go?

"Li Tian..." Yisha watched Li Tian stubbornly about to leave, and shouted there at the moment.

Ran over and took Li Tian's trembling arm.

"Li Tian, why, why are you leaving the college?" Yisha looked at Li Tiandao with tears in her eyes.

But seeing Li Tian slowly turned his head, looked at the only one who was good to him at Bander College, Isha, and said: "Isha, I have already decided, I don't want to stay here anymore."

Listening to Li Tian suddenly saying this, Yisha looked at Li Tian in disbelief, "Why? Why?"

"No why!"

After saying these words, Li Tian suddenly walked towards the gate of Bander College step by step.

He is really ready to leave.

Seeing that Li Tian walked out of Bander College step by step, every student in front of him stood there blankly.

The old dean was even more mad with anger, he stared at Li Tian's back.

When Li Tian walked towards the gate, he suddenly fell to the ground with a plop because of his body injury.

Na Yisha saw Li Tian fell to the ground and hurried over to help him up.

But at this moment, the old dean Khris suddenly roared there: "Isha, you are not allowed to help him! Whoever dares to help him today, I will fire anyone." An angry roar came from the old dean's mouth. The inside roared out.

"Isn't he very capable? Since he is very capable, then get out of Bander Academy by himself." The old Dean Hollis roared again.

Everyone could see the endless anger that came out of the eyes of the current old Dean Hollis.

After hearing the angry voice of the old dean, Isha, who originally wanted to help Li Tian, could only stand there blankly.

At this moment, the entire Bander College students were looking at Li Tian sympathetically.

I saw Li Tian lying on the ground severely injured, his body trembling in convulsions.

No one dared to help him at this moment, Li Tian just lay down like that... as if he could never get up again.

The old dean Heris looked at Li Tian who was difficult to get up, and couldn't help but roar in his mouth: "Smelly boy, you are asking for this pain, no wonder I am."

Li Tian just lay there.

After lying down for a few minutes, he seemed to be dying in these few minutes, and he remained motionless there.

The students around were looking at Li Tian with great worry.

Just as they blinked their eyes and looked at Li Tian, suddenly Li Tian's body moved again.

Then he saw his bleeding hands propped on the ground, and then slowly climbed up.

Looking at Li Tian who got up again, the teachers and students of the Bander Academy around at this moment not only exclaimed: This kid is really stubborn.

Finally, Li Tian's trembling body stood up in the horrified eyes of everyone.

His body was shaky, but he didn't fall.

After he stood up like that, he walked out of the gate of Bander College step by step.

From the moment he left the gate of Bander College, from now on, Li Tian is no longer a student of Bander College.

Everyone was there looking at Li Tian's figure, and everyone had a very complicated expression in their hearts.

As for the old Dean Hollis, his eyes were full of anger and unwillingness.

Finally Li Tian left.

Li Tian's figure disappeared into the sight of everyone.

After that Li Tian disappeared, the old dean in front of him, Heriston Shi, said angrily to all the teachers and students, "Disband..."

"From now on, no one is allowed to mention that stinky boy's name to me again. He has no contact with our Band College anymore."

After hearing the old dean utter these words angrily, the old dean took a stride and left directly.

What about the students around? Everyone stood there blankly with a strange expression on their faces.

"Disband, disband all of them." In the end, the teachers in each department dominated their students and left.

Among the crowd, only the white-clothed Yisha was watching Li Tian's disappearing figure with her misty eyes blinking with tears.

"Isha." Suddenly a clear voice came over, and I looked carefully, it was Evelyn, the illusion teacher of the water system.

Isha wiped the tears from the corner of her eyes, turned her head and looked at Evelyn and said, "Teacher."

"Isha, don't be sad, he's gone." Evelyn said, taking her sister's hand.

Isha tears down like pearls, and said there, "But...but...the result shouldn't be like this."

Evelyn sighed deeply and said, "Hey, things are unpredictable! It has already happened, so don't be sad anymore."

"To be honest, our Bander Academy regrets no more than the old dean...because we all misunderstood that Li Tian, no one thought that Li Tian would have such a powerful spiritual power... And can be self-taught!!! We are to blame for all this, we are sorry for him." Evelyn said in that guilt.

Chapter 2660: Encourage students

After hearing what the beauty teacher Evelyn said, Isha in front of her nodded silently.

She turned her head and looked at the direction where Li Tian had disappeared, and suddenly sighed deeply and said: "He left like this... It will be a huge loss for us at Bander College."

When Evelyn heard her say this, she could only sigh slightly, and then said nothing, stretched out her hand to hold the arm of Isha, turned and walked into the Bund Academy.

In this way, Li Tian left.

He left Bander College.

I have to say that the old dean's "Fire Tyrannosaurus" hurt Li Tian too much, after all, the extremely powerful "High-Order Fire Illusion" is not a joke.

When the painful Li Tian walked out of Bander Academy step by step, he only felt that his whole body was about to be broken. At this moment, he was only walking with his perseverance.

I don't know how long I have been walking, suddenly a cold wind blew, and after a while, clouds of dark clouds appeared in the sky.

After a while, the icy rain fell.

Those pouring rain just covered Li Tian's body. Li Tian only felt that his head had been separated from his body, and his eyes were completely blurred... the whole person was walking numbly there.

Step by step.

I don't know how long it was in the end, but suddenly Li Tian couldn't hold it anymore.

His severe injury caused him to plop and fell into the cold rain.

The rain is still there.

But Li Tian passed out completely.

...

Since Li Tian left Bander College, the entire Bander College has plunged into an extremely dull atmosphere for an unprecedented time.

In the past few days, the old Dean Heris barely left his room, and no one knew what the old Dean Heris was doing all day hiding in the room.

As for the teachers and students in other departments? It also seemed very listless.

Lightning Department.

Since Li Tian's incident happened, the thunder and lightning students who were originally in the college, the hardest and most diligent, were all in the field at the moment.

But seeing the students with weird looks on their faces, they did not practice, just sat decadently on the court.

At this moment, suddenly I saw Teacher Anderson walked into the martial arts ground from outside.

"What are you doing? Why don't you practice?" Teacher Anderson couldn't help yelling when he saw his students sitting there with a decadent expression.

But after seeing that the students saw Teacher Anderson coming, they all quickly got up from the ground.

"Don't hurry up to practice? It's about to enter the Empire Illusion Contest, do you want our Bander Academy to continue to be the bottom this time?" Just listen to the teacher Anderson shouting in angrily.

After hearing the roar of Teacher Anderson, the students not only stood up silently.

Some of the students muttered dissatisfiedly in their mouths: "What else are you practicing?"

"Hey, what we have practiced at Bander Academy for a few years...but it's not as good as two months of practice at Bander Academy."

"Yeah, we are so useless."

"Don't mention it, talk about that kid again. I can't wait for the knife to commit suicide."

...

Just listen to the murmur of the surrounding Thunder and lightning students.

Obviously, the person they were talking about was that Li Tian.

Then Anderson's ears were very good, and he heard the voices of these students at the moment. After hearing them, he not only groaned in his nose.

To be honest, he was really hated, angry and shocked at that Li Tian.

"That stinky boy, let himself be embarrassed in front of all the teachers and students of the entire Bander Academy... and he almost hurt me, it is really damnable."

"Boy, it's not a human, but a monster."

"In less than two months, how can he practice such a powerful Qi illusion technique? It's incredible."

Thinking of Li Tian in his heart, Anderson felt less and less feeling in his heart. At this moment, he heard his students still discussing Li Tian's affairs there, and immediately shouted.

"What are you guys talking about nonsense?" Anderson suddenly raised his angry eyes and looked at his thunder and lightning students angrily.

The students of the Thunderbolt Department saw that Teacher Anderson was so angry, they didn't dare to speak any more, they all began to practice one by one.

He only heard that Anderson continued to say to his students, "I know what's in your heart, is it because of that stinky boy Li Tian?"

"Do you think that kid is very good at practicing illusion? So there is a sense of frustration in your heart?"

Anderson's words happened to be in the minds of these students.

After these students heard what Teacher Anderson said, they were dull and silent.

"Students, that Li Tian is not a human at all, he is a devil, think about it, how can a person practice such a powerful illusion in just two months? What's more, he also cultivates the most difficult Qi illusion technique?"

In order to encourage the morale of his students, Teacher Anderson had to fabricate extremely absurd words at this moment.

After hearing what Anderson said, the students all frowned and looked at Teacher Anderson with depressed brows.

But seeing that Anderson saw the students raised their eyes, he was happy, and continued to say: "Classmates, do you know the reason now?"

"So I think you shouldn't feel frustrated at all, you should work hard, work hard! Only by defeating that stinky boy can you be truly strong."

The students of the Thunder and Lightning Department were all depressed. At this moment, after hearing the lies of Teacher Anderson, not only did they slightly rise in momentum.

"Teacher, we trust you."

"Yes, teacher, please believe us, one day, we will defeat the kid named Li Tian, and we will become truly strong."

...

Listening to the students regained their morale, Anderson in front of him was secretly happy, boasting that he was too smart.

"Well, everyone will continue to practice from now on. Remember, you must work harder." Teacher Anderson said to all his students there.

After hearing what Teacher Anderson said, the students all said in unison, "Yes!"

Then I saw that these decadent students started to train hard one by one.
