

A Killer 2661

Chapter 2661: Third-class school

Outside the office of the old dean of Band College, standing at the moment are the beautiful teacher Evelyn and the wind teacher Cyril.

The two teachers had weird looks on their faces. Among them, the beautiful teacher Evelyn also held a "letter" in her hand.

"Is the old dean still in this office?" Suddenly the beautiful teacher Evelyn asked in there.

The wind teacher Cyril replied there, "Yes."

"The old dean hasn't left this room for 3 days." Cyril said again.

Hearing what the wind teacher Cyril said, the beautiful teacher Evelyn suddenly sighed there: "Hey, it seems that the Li Tian incident this time has dealt a great blow to the old dean."

"Yes." Cyril sighed there too.

"What about the letter from the empire? Do you still want to hand it to the old dean?" The beautiful teacher Evelyn said to Cyril with the white letter in her hand suddenly.

It turned out that this letter was just sent from the empire, and it was specifically addressed to the old dean, so at this moment Evelyn and Cyril came to the old dean Hollis

Hearing that beautiful teacher Evelyn suddenly said so, I saw Cyril frowning in front of him, thinking about it, and then said, "I'll leave it to the old dean."

"After all, this is a letter from the Empire! Maybe there is something big."

Cyril made a lot of sense.

After hearing what Cyril said, the beauty teacher Evelyn nodded.

"Okay, let's call the old dean now."

After the beautiful teacher Evelyn had finished saying this, she suddenly walked towards the office of the old dean Heris.

After arriving at the door of the old dean's office, Evelyn raised her hand and knocked on the door.

The sound of knocking on the door went inside.

"Old Dean." Evelyn called out as she knocked on the door.

Unfortunately, no one in the office answered.

After Evelyn heard no answer from inside, she hurriedly knocked on the door again.

The hand had just been raised, but the door was suddenly opened, and then the old Dean Hollis with the tangled hair came out of the room.

"Huh? The old dean."

Evelyn and Nasiril were not only taken aback when they saw the old dean walk out of the room.

I saw that the old dean at this moment was haggard, his face turned yellow, and even the twinkling eyes were full of bloodshot eyes at this moment.

Everyone can see that the old dean has suddenly become haggard a lot during these three days.

But he said that after the old dean suddenly walked out of the room, he only heard the old dean growl with a black line on his face: "What's the matter? Is there something to do with me?"

His voice was cold, as if he didn't want murlocs to talk.

After hearing that Evelyn and Nasiril hurriedly said there: "Old Dean, this is the case. This morning, a letter from the Empire mailed to you, so we brought it specifically. here you are."

After the old dean heard this, he suddenly raised his bloodshot eyes and coldly glanced at Evelyn beside him and said, "Where?"

"give!"

So Evelyn hurriedly took out the white letter in her hand, and then quickly handed it to the old Dean Hollis.

After the old Dean Heris took it over, he tore the envelope in his hand with a "hiss" sound, and then looked there with the bloodshot eyes open.

After reading it, the old dean's bloodshot eyes trembled slightly, and the expression on his face changed strangely.

Evelyn and Cyril were all staring at the expression on the old dean's face. After seeing the old dean's weird expression, she couldn't help being taken aback.

"Old Dean, what's the matter? What does the letter from the empire really mean?" Evelyn hurriedly asked.

She faintly felt that the letter from the empire was very problematic.

I saw Cyril on the other side staring at the old Dean Heris with blinking eyes at this time.

But seeing the old dean looked ugly, he suddenly said, "The Imperial Illusion Contest has changed the date."

After the old dean suddenly said this, Evelyn and Na Cyril in front of them couldn't help being stunned.

what?

"Is the date of the illusion contest changed?" Evelyn asked in surprise.

The old dean Hollis nodded cautiously and said, "Yes."

"The letter said that this year's Empire Illusion Contest will be a few months in advance, and the Illusion Contest will start in fifteen days."

After the old Dean Khris suddenly said this, Cyril and Evelyn not only screamed at the same time.

"So fast?"

"It's going to be held in half a month?" The two people in front of you called out together

But seeing the old Dean Hollis nodded and said, "En."

"How can this be? Why is this year's Empire Illusion Contest so advanced?" Cyril asked at the moment with a puzzled look.

But seeing that beautiful teacher Evelyn looked at the old Dean Hollis at this moment and asked: "Old Dean, have other colleges also received notice?"

"Yes, all have been notified! Except for our Band College, Rock College, and Black Shura College have all been notified." The old dean replied.

After hearing what the old dean said, both Evelyn and Cyril were not only shocked there.

"And there is another big event." The old dean suddenly said again.

"What's the big deal?" the two teachers asked quickly.

The old dean frowned deeply and said: "In addition to our three colleges participating in the Empire Illusion Contest this year, I heard that there is another college to participate in the competition."

"Huh? There is another college?" The two teachers were not only depressed at the same time.

Can't help asking together: "Which college?"

"Adro Academy." The old dean suddenly said a strange name.

what?

When the old dean Khris said so, Cyril and Evelyn were not only shocked at the same time.

"Impossible... Adro Academy? A low-level third-rate illusion school... even going to participate in the Empire's illusion contest?" Na Cyril exclaimed suddenly.

The beautiful teacher Evelyn also blinked her beautiful eyes with an expression of disbelief.

Adro Academy, located in the southwest of the Spirit Earth Continent, belongs to the third-rate illusion school in the Spirit Earth Continent! In the past, the Empire Illusion Contest only allowed the Empire's most powerful Bender Academy, Rocco Academy, and Black Shura Academy to participate. For some inferior academies, there was no such opportunity, but this year Never imagined that a third-rate illusion school like Adro would come to participate in the Empire Illusion Contest

Chapter 2662: He can illusion?

"It's incredible, how can the Empire let a third-rate college like Edrow participate in this year's illusion contest?" I just listened to the beautiful teacher Evelyn in front of me in surprise.

The wind teacher Cyril also looked suspicious and shocked.

But the old dean said silently: "I don't know."

"Forget it, don't think too much, everyone, let's pass this matter to your students quickly, and tell them that in fifteen days, the Empire Illusion Contest will begin." The old dean Heris suddenly said.

After hearing the old dean say this, Evelyn and Mr. Cyril in front of them quickly nodded and said, "Okay."

In this way, the day of the Empire Illusion Contest came ahead of schedule.

The illusion contest that was originally expected after February, no one thought it would be advanced to 15 days later.

When all the teachers told the students of Bander College these news, every student was shocked.

They are all surprised, why this year's illusion contest will be advanced?

And they also heard that the third-rate Edrow Academy will participate in the Empire Illusion Contest this year.

Although they were terribly shocked in their minds, they still hurriedly practiced. Every student was preparing for the upcoming illusion contest.

...

Li Tian was seriously injured and was in a coma.

When Li Tian wakes up, he only feels that his whole body is about to explode, and even his head is suffering from a splitting headache.

Opening his eyes with difficulty, Li Tian suddenly found himself in a simple hut.

I also found that I had a clean and hot towel on my head, and some herbs were applied to the wounds on my chest.

Li Tian was stunned, his heart secretly lined up: Where am I? Who helped me apply the herbs?

Just when Li Tian was very puzzled, suddenly an old voice came over.

"Child, you're awake." With the voice coming, I saw a rickety old man in a coarse cloth gown smiling on the left side of the simple hut while burning a fire there.

"You? Are you?" When Li Tian opened his eyes and saw the old man, he was not only slightly startled.

I wanted to move, but it was a pity that I moved and found some pain.

"Child, you can't move around. You have suffered a very serious injury, and you have a fever, so it is best to take a good rest." The old man saw that Li Tian wanted to move and hurriedly said.

After Li Tian heard this, he continued to lie there, but he looked at the old man in surprise at this moment.

"Old man, may I ask, did you save me?" Li Tian asked.

He still remembered in his mind that he was in heavy rain, and then suddenly fell into a coma...

"Yep."

"I saw you in a coma on the road yesterday, so I brought you back. After I brought you back, I found that your body was severely injured and you had a fever." The old man said with a smile.

After hearing the old man say this, Li Tian came to realize that everything was like this.

After thinking about it, Li Tian looked at the old man and said, "I thank you, old man."

The old man smiled indifferently and said, "Your fever has basically gone, but your physical injury is more serious. I suggest you take more rest."

After the old man finished speaking, he crouched and walked outside.

Li Tian looked at the old man after he left, then blinked and looked around the room. He found that the whole room was indeed very dilapidated.

After thinking about it, Li Tian climbed up from the ground with difficulty. His head pain was better at this moment. After standing up hard, he carefully observed the surroundings of the room and walked out slowly. room.

The weather outside was clear, but the small room he lived in was very lonely, as if it was not within the scope of the imperial capital.

Li Tian frowned and looked into the distance, only to see the imperial capital in the distance.

After a glance, Li Tian said in his heart: It seems that I have indeed left the imperial capital.

Thinking of what he had experienced at Bander College in the Imperial Capital, Li Tian's mouth exuded an inexplicable bitter smile.

"Illusion? Haha, I am not interested in illusion. I am here just to find my favorite Situ Ningbing." Li Tian muttered in that mouth.

During the time at Bander College, unfortunately no one helped him find Situ Ningbing.

During that time, apart from "illusionism" in their words, there was only illusionism.

Thinking of all this, Li Tian's heart aroused anger.

Li Tian was thinking about staying alone outside in the sun.

Just when Li Tian was in deep thought, he suddenly saw the rickety old man walking from far away carrying a bundle of firewood. After seeing Li Tian, the old man smiled and said, "Child, are you up?"

Li Tian looked at the kind old man and said, "Yes."

"Old man, let me help you carry firewood." Li Tian walked over and wanted to help.

But seeing the old man smiled, his face showed dense wrinkles and said: "No need, boy, your injury has not fully recovered, you still have to rest."

After the old man finished speaking, he walked into the dilapidated house alone with the firewood on his back.

Li Tian then followed into the room.

After arriving at the room, Li Tian looked at the old man and asked, "Old man, what is this place?"

The old man drank a glass of water, and then replied there, "This is the suburb of the Imperial Capital."

"Oh."

Li Tian said slightly after hearing it.

Then Li Tianbian did not ask too much.

I saw the old man pile up piles of dry wood in the room. It was noon at the moment. I saw the old man saying: "I'm going to cook, boy, take a rest first. When the meal is finished, I Call you."

After the old man finished speaking, he reached out and took out some dry wood, and then slowly stretched out his right hand, and then slowly shook his right hand, imagining a beam of flame from the palm of his hand, and then lit the dry wood.

"Illusion?"

"Fire illusion?"

When Li Tian saw the old man cast this ordinary fire magic illusion, his eyes suddenly brightened.

"Old man, do you know how to illusion?" A shocking word suddenly asked from Li Tian's mouth.

Let's talk about the old man, after hearing Li Tian's question, he was slightly startled, and then a wrinkled face looked at Li Tianzai with a smile and said, "Hehe, my little trick is not worthy of calling it an illusion. , It's just to provide me with a little help in my life." The old man said there,

Chapter 2663: Adro College

Li Tian heard the old man humbly say this, not only said: "Old man, you are humble..."

But seeing the old man said: "I am not humble, what I say is the truth."

"Child, you may not be clear, these illusions that I have practiced are a long time ago." After the old man said, his eyes suddenly fell into a wave of hesitation.

Li Tian didn't interrupt the old man's words, but just listened intently.

"I think back then, I was a student of Adro College. Later, because of my low physical and spiritual power, I only practiced at Adro College for a year and then dropped out. Looking back now, it was decades ago. That's something." The old man suddenly recalled there.

When Li Tian heard this, he became strange now.

Adro College?

Li Tian has never heard of these things about Adro Academy in the Spirit Earth Continent. He has only heard of the famous Rock Academy, Black Shura Academy, and the Band Academy where he stayed before, so not only Suddenly there was stunned.

"Old man, why have I never heard of this Adro Academy?" Li Tian not only asked in surprise at this moment.

When the old man heard Li Tian say this, he laughed and said: "Adro Academy is a low-level illusion school in the southernmost part of the Spirit Earth Continent. It is not well-known, so it is normal that you have not heard of it. ."

Listening to the old man's words, Li Tian not only understood immediately.

It turns out that there are not only the three illusion schools of Bender, Locke, and Black Shura on the Spirit Earth Continent, but there are many, many small illusion schools.

It's just that those illusion schools are not very well-known, so it is extremely normal that they have not heard of it on the huge land of Spiritual Earth.

"I believe that Adro College should be a good college." Li Tian said with a smile and politely.

After hearing this, the old man not only smiled and said, "To be honest, although Adro Academy is very small and not well-known, it is indeed a very good college."

"Remember, when I was in the college, every classmate respected each other and helped each other so much. When we encountered difficulties, teachers and classmates would come to help! In short, I was only at Adro College for one year. It's like entering a big big family in the last time! Very warm."

As the old man said, the old face full of wrinkles not only showed a trace of nostalgia and sentimentality.

Li Tian looked at the old man and said so, not only in the dark, he said: It seems that the Adro College should be a good college, after so many years, the old man recalled that the school had only been in for a year. In the academy, there can be such emotions in the sound and emotion, which shows that the academy should be worthy of nostalgia.

Li Tian, who thought of this in his heart, not only thought of the Bander Academy he had stayed in before.

Thinking of everything he had encountered at Bander College, thinking of those hateful Mooreburn, Anderson, and those students who despised and despised himself in the past, Li Tian not only invisible a huge anger in his heart!

"However, Adro Academy is still very competitive."

"Child, do you know the Empire Illusion Contest?" Suddenly the old man in front of him said with bright light in his eyes.

Li Tian was taken aback, not only frowned suddenly.

Of course he knows the Empire Illusion Contest. When he was at Bander College, people talked about the Empire Illusion Contest every day.

At this moment, after hearing the old man say this, he not only asked in surprise, "I know."

"I'm telling you, our Adrot Academy can also compete for the place in the illusion contest this year with the three famous illusion schools of the Empire." Just listen to the expression of the old man in front of him showing immense pride and excitement. feel.

Hearing what the old man said, Li Tian was taken aback.

It's not only in the dark: Didn't the Empire Illusion Contest say that there are only those Bender Academy, Rock Academy, and Black Shura Academy? Why is there an Adrow Academy suddenly appeared this year?

Li Tian couldn't help asking, "Really?"

The old man replied excitedly: "Yes."

"This is just decided by the Empire."

"Although I have been away from Adro Academy for many years, and only practiced fire illusion for one year in Adro Academy, as a former student of Adro, I still feel very proud."

Hearing the old man in front of him say so, Li Tian suddenly understood.

It turned out that the Empire had just decided, no wonder I didn't hear about it when I was at Bander College.

"Child, do you know how to illusion?" Suddenly the old man looked at Li Tiandao with his bright eyes.

After listening to Li Tian, he not only smiled and said, "Well, I know a little bit."

"Oh, let me just say, you should be able to illusion." The old man laughed.

Li Tian looked at the old man in surprise and said, "Old man, how do you know that I can illusion?"

The old man smiled and said, "The injury you have suffered is caused by the fire illusion..."

Hearing what the old man said, Li Tian suddenly understood.

This old man was also practicing the fire illusion, and the injury on his chest was injured by the "fire tyrannosaurus" of the old dean Heris, he could see that it was not unexpected.

So Li Tian smiled at this moment.

The old man did not ask too much about Li Tian's words, nor did he ask why Li Tian was injured or who was injured by these silly topics.

The old man said for a while, then suddenly looked at Li Tiandao there and said, "Son, do you want to meet the students of Adro College with me?"

Suddenly hearing the old man in front of him say this, Li Tian was taken aback.

"amount?"

Just listen to the old man saying there: "It's true that we, Adro Academy, have come from the south, just to participate in this imperial illusion contest."

"If nothing happens, I will arrive in the Imperial City tonight! So what about me? As a former student of Adro College, I must go to receive my former alma mater."

"Child, if you wish, you can pick up our students and teachers from Adrot College this afternoon."

Listening to the old man saying this, that Li Tian originally wanted to refuse, because he is no longer interested in illusion.

When I was about to reject the old man, I just listened to the old man continuing to smile and say, "Child, go, it's boring to stay here anyway."

After hearing the old man's invitation again, Li Tian thought about it and said, "Okay."

"Very well, in the afternoon we will pick up the teachers and students from my alma mater." The old man smiled there.

Chapter 2664: problem occurs

In this way, at the invitation of the old man, Li Tian was going to follow him to meet the students of the third-rate college Adro in the afternoon.

Although he didn't want to go very much, but helplessly under the gracious invitation of the old man, he still agreed.

After resting in that simple room for a while, Li Tian learned that the old man's name was Sairs.

This Sails had only practiced illusion for one year at Edrow Academy. He had practiced fire illusion, and he had only reached elementary level 1.

And also learned that Sails has been living outside the imperial capital for so many years.

Li Tian just chatted with Nacells like that.

Soon, the afternoon came.

He only heard that Sairs buckled his back, walked into the room, first changed into a brand new dress, and then walked out with a smile.

"Child, we can go." Just listen to Na Sairs looking at Li Tiandao.

Li Tian smiled slightly and said, "Okay."

So he followed Nasirs and left this simple little room.

Sails led Li Tian all the way north.

On the way, I just heard Li Tian asked and said: "Old man, may I ask, does Adrot College know that you are going to pick them up?"

Sairs smiled and said, "I know."

"Because Adro Academy is in the south, they have never been to the imperial capital, so this time, they asked me to act as their guide." Na Sairs said with a smile there.

When Li Tian heard this, he immediately understood.

"Then where are we going to pick them up?" Li Tian asked.

"It's in the grove not far ahead." Nasirs Road said.

After Li Tian heard it, he said "Oh", so he didn't ask too much.

I saw Na Sails leading Li Tian, and quickly crossed a stream, and then saw a dense forest not far away.

Looking at the woods, Na Sairs pointed and smiled and said: "We are there waiting for the teachers and students of my alma mater."

Li Tian raised his eyes and glanced at the small forest in front of him, then did not speak, and followed that Sairs step by step to the front.

After arriving at the grove, Nacells said there, "Let's just sit here and wait. If nothing happens, the teachers and students of Adro College will arrive soon."

Li Tian nodded and said, "En."

So they found a quiet place and sat down.

The air here is clear and surrounded by greenery. It is indeed a good place to rest.

Li Tian sat on a rock and looked at the surrounding scenery and the extremely blue sky. He not only praised his mouth and said, "The scenery here is really good."

"Child, I want to ask you a question, can you?" Suddenly, Sails blinked at the resting Li Tiandao.

Li Tian smiled, looked at the Sals Road and said, "Old man, please tell me."

"Child, do you know how to illusion? Ask, what kind of illusion do you practice? What level have you reached?" Just listen to Na Sairs looking at Li Tianxiao and asked.

Li Tian heard that Sairs said so, so he replied: "Me? I practice Qi illusion."

Wow?

"Aura?"

"You actually practice Qi illusion?" Sairs said with his mouth open.

Li Tian smiled faintly, he knew why Sails showed such a surprised expression, but he didn't say anything, just smiled there and nodded and said: "Yes, I practice Qi illusion."

"Qi illusion is very powerful...I heard that once the qi illusion reaches a high level, it will have incredible power, and it will be much higher than similar illusions." Na Sairs said in that way.

Li Tian smiled indifferently after hearing this: "I haven't reached that level. My current skill is still very weak."

After hearing this, Na Sairs comforted Li Tiandao: "You are still young, I believe you can."

Li Tian smiled slightly.

Then Seles didn't say much.

The two of them just sat on the ground and waited, waiting for the arrival of the Edro College students and teachers.

After waiting for a long time, but they did not wait for the arrival of the Adro students.

This made Li Tian a little depressed now. Looking at the old man Sairs now, his wrinkled old face not only showed an anxious look.

"Why haven't you come yet?"

"It was agreed before, this time should arrive." Just listen to Na Sairs muttering in his mouth, while standing up there and looking into the distance said.

After Sails stood up, he raised his eyes and looked at the dense forest in the distance.

Li Tian not only stood up at this moment, and then glanced at the place ahead.

"Old man, is there a problem?" Li Tian couldn't help looking at Sairs and asked.

But seeing that Sairs said there: "No problem, no problem, wait a minute, they must be coming soon."

Hearing what Sairs said, Li Tian answered his mouth, then said nothing, and continued to wait there.

After waiting for dozens of minutes, there was still nothing.

In this barren grove, no one can be seen at all.

The old man Sairs has already begun to be anxious. At this moment, he is walking back and forth anxiously, and he is still muttering in his mouth: "Impossible? Why hasn't it arrived yet? It shouldn't be a delay on the road." ?"

At this moment, Li Tian saw that the old man Sairs showed an extremely anxious expression, not only stood up, frowned and looked toward the deserted grove.

After Li Tian looked towards the small forest, he didn't know why, and suddenly he smelled a faint blood in the air from his nose.

That breath is very familiar! It was as if Li Tian had smelled the weird breath there.

After suddenly smelling such a strange breath in his nose, Li Tian suddenly felt a bad premonition in his heart.

"Old man, I feel like something has happened." Suddenly a word came out of Li Tian's mouth.

After Li Tian suddenly said such a sentence, Na Sairs was taken aback, turned his head and looked at Li Tiandao and said, "It's impossible...impossible...you think too much."

"I guess they must have been delayed on the road, how could something happen," Nasirs said.

When Li Tian heard that Sails didn't believe it, he said, "Really! I have already smelled the ***** smell coming from the woods."

"Ah? The smell of blood?" Na Sairs was shocked when he heard it.

Then he said: "I...I...how can I not smell it?"

Chapter 2665: Fierce battle

After Sails finished speaking, Li Tian did not continue to speak. .

Because he knew that it was useless to explain to this old man, the more he explained, the more complicated he became, so he might as well just not explain.

At this moment, Li Tian continued to look at the extremely dense grove with his extremely cold eyes, and he could feel the ***** air approaching more and more.

I don't know why, Li Tian always feels that ***** air is so familiar, but he can't think of it for a while.

"Where did I smell the familiar ***** smell?" Li Tian said curiously.

Just when he was standing there feeling the ***** odor coming over his face, the air from the front suddenly came with a killing aura.

After Li Tian felt the murderous aura, he immediately cried out: "Old man, follow me."

When the old man Sairs was taken aback, and wanted to ask Li Tian why, but Li Tian rushed towards the dense woods.

When the old man Sails saw Li Tian rushing to the front, he not only wrinkled, his mouth was secretly lined: What the ***** is this kid doing?

Although I thought so in my heart, I saw that Sails still chased Li Tian quickly.

Li Tian ran wildly in front, and the more he ran forward, the more he could feel what seemed to be a fight ahead.

Suddenly Li Tian walked out several tens of meters, and suddenly found a huge fireball in front of him flashing out in the air.

With the appearance of the fireball, it exploded in the air with a bang.

"Fire illusion?"

After seeing the fireball bursting out of the sky in front of him, Li Tian couldn't help shouting.

"It seems that I really guessed right, there are indeed people fighting here." Li Tianyan said.

Then he didn't come forward directly, but stood not far away and watched the fighting situation in front of him.

Just as Li Tian was watching, he saw that the old man Sairs had already run over with breathlessness.

After he ran over, he stared at the Li Tian and said angrily: "Child, what the **** are you doing? What are you running?"

After Li Tian heard what the old man said, he quickly turned his head and said to him: "Shhh, the old man, be quiet, there is a fight ahead."

Suddenly when Li Tian said this, the old man was taken aback and exclaimed, "Where?"

"Look, it's in front." Li Tian said in the place not far ahead, pointing his finger.

Look carefully, but see a group of people fighting fiercely.

There are about 30 people on the field, and the battle is fierce.

Everyone is using illusions there.

On one side are figures in black weird costumes, and on the other side are illusion figures in taupe robes.

I saw that the number of people wearing black weird costumes was not many, it looked like there were only 67, but everyone was extremely powerful, and it was more than enough to deal with the young man in the beige robe on the other side.

"The Art of Blood Python."

With a cry of surprise, I suddenly saw a weird man in a black robe yelled, and then his right hand suddenly stretched out. A terrifying **** air emerged from his arm, and then the **** air turned into a **** python, and then The sound of "Oh" swallowed directly at the body of a young man in a gray robe.

what!

With a scream, the young man in the gray robe was not the opponent of the weird man in the black robe. With a scream, the whole body was swallowed by the blood python.

With a plop, the corpse was directly thrown into the grass ten meters away, and died in an instant.

When Li Tian saw the weird man in the black robe, after displaying the weird illusion of the "blood python technique", he was immediately taken aback there.

"Blood Illusion?"

"This...this...isn't this the terrifying blood illusion technique that I saw in the Imperial City some time ago?"

"Why does it appear here?"

"Moreover, when I was at Bander College, I heard that Moore once said that this blood illusion was used by the horror guys of the Demon Race. Could it be that these 67 guys in black robes are all Demon Race people?"

When Li Tianxin thought of this, he was not only shocked.

Then I quickly raised my head to look at the faces of the weird people in black robes. Look carefully. Those weird people in black robes have extremely pale and terrible faces, and they have no eyebrows and their entire faces are white. Like a piece of paper, the lips were purple and black, and the whole face looked strange and terrifying.

"It really is them! It really is the guys of the Demon Race." After seeing the faces of these guys, Li Tian suddenly said in the dark.

Then Li Tian became curious again.

"How can these demons attack the group of people in gray robes?"

"What are they doing?"

"And who are those guys in gray robes?"

Judging from the strength of illusion, it is obvious that those young people in gray robes are not very strong. Some of them use lightning illusion, some use fire illusion, and some use wind illusion, but generally speaking, those People are not very strong.

Just when Li Tian was curious about the identity of the group of people in gray robes, suddenly the old man Sairs next to Li Tian's eyes widened.

"Adro College..."

"Adro Academy! That's a student of our Adro Academy." An exclamation screamed from Nacells' mouth.

Li Tian felt depressed when he heard the call from Sails.

what?

Could it be that the weaker party who was attacked and killed 56 people turned out to be members of the third-rate college Adro College?

But what about Sails? After a shout, he suddenly ran out like crazy. While running, he yelled: "Asshole, dare to attack the students of my alma mater? I'm fighting with you."

Regardless of the danger, Nacells suddenly jumped out of the woods, and then attacked a member of the Demon Race wearing a black robe.

But seeing that there was a small flame accumulated in Na Sairs's palm, he shouted, "Fireball."

Then a small fireball the size of a fist slowly attacked the Demon clan member wearing a black robe.

After he attacked the Demon Clan member, the Demon Clan member immediately gave a cold snort, then turned around abruptly, and then raised his right hand, a terrifying blood directly smashed the small fireball of Sairs, and then shouted angrily : "Looking for something to die."

One kick flew up and kicked directly on Na Sairs' body.

With a scream of wow, but seeing that the old man Sairs was kicked and flew out, he fell heavily to the ground.

Chapter 2666: Master appears

"Dean Wardman, we can't resist it anymore..." A weak cry came out from the mouth of a young Edro student over there.

I saw that their three students were unable to withstand a blood illusionist from the demon race.

Soon, one of the students of Adro Academy was killed by the demons.

The other two also backed back... as if they were about to die under each other's hands soon.

The guy called Dean Wardman is a middle-aged man who seems to be only over 40 years old. He is now trying to use thunder and lightning magic to deal with one of the powerful demons.

While performing thunder and lightning illusions, he said to his students there: "Fight, fight with these demon bastards."

"Even if our Adrot Academy is wiped out today, we must fight these cruel bastards."

With a roar, he fought against the blood illusionists of the demons there.

On the field, I saw that 78 of the students of Edro College had died, and the remaining dozen people were already exhausted, struggling there.

Seeing that the students and teachers of Adro Academy were about to be wiped out, at this moment, a figure suddenly shot out of the jungle.

This figure is of course Li Tian.

After Li Tian knew that the weaker party was the teachers and students of Adro Academy, he was ready to rescue him at this moment.

The moment he leapt out, he stretched out his right hand, and an invisible aura turned out from the palm of his hand, and then attacked a demon in a black robe.

Then his mouth roared: "Get up!"

The demon guy wearing a black robe was tall and thin. He heard the hissing wind behind him, and he turned his head quickly.

That pale face immediately stared at Li Tian.

There was a burst of shout in his mouth: "Blood escape!"

Then a blood gas protective barrier was formed around his body.

But when he used this "blood escape" technique to block, that Li Tian suddenly used his enormous spiritual power again.

Then a huge energy directly controlled the demon guy's whole person, and his body instantly floated in the air.

The demon guy was also shocked at the moment. He never thought that he would use the "blood escape" technique, and he couldn't stop this weird masked guy. He couldn't help being stunned.

But it was too late.

But seeing Li Tian throwing his right hand fiercely, he used the "Slave Qi Technique" to directly control the body of the demon guy, and then slammed it heavily towards a big blue stone.

With a bang, the body of the demon clan member hit the huge and hard blue stone heavily.

Ouch!

He screamed, but saw that the demon guy hit his head directly and died tragically on the big bluestone.

died.

In this way, Li Tian was killed by Li Tian's slave qi technique in an instant.

After Li Tian killed one of the blood illusion masters of the Demon Race, the other Demon Master masters who were fighting with Adro Academy at this moment turned their pale faces to see Li Tian.

Their eyes were full of fierce rays, and they looked at Li Tian angrily.

And the Adro students over there were also shocked looking at the sudden lifesaver, and each one was stunned.

"Who is that person?"

"Why does he want to save us?" The badly injured Adro students cried out in surprise.

Even Wallman, the Dean of Adro Academy, was stunned at that moment.

He had already held the determination that he would die today, but he didn't expect that someone would come to help them at this time, and he was stunned.

"That person... seems to be very powerful."

"He just killed a master of the Demon Race with just one move? My God, what kind of master is he?"

The students of Adro Academy seemed to have never seen such a master before, and they couldn't help but froze there.

At this moment, even the old man Sils, who was knocked down to the ground, could not help being stunned when he saw that Li Tian had killed a demon master in such a quick effort.

"This...this...this kid...is so amazing?"

"It turned out to be a master?" Sairs said, growing up there.

But seeing the exclamation of these people, the six masters of the Demon Race saw that their companion was killed by Li Tian, and suddenly all of their bodies flew over Li Tian.

They became a semi-enclosed shape and surrounded Li Tianqi in the middle.

"Asshole, dare to kill our demon? You are looking for death!" One of the burly, like the leader of the demon master suddenly stared at Li Tiandao with his extremely brutal eyes.

Li Tian glanced coldly at the master of the Demon Race, and sneered at the moment: "Who is going to die today is not certain."

The 6 blood illusion masters of the Demon Race heard Li Tian say this, and immediately roared.

"Go, kill him."

With a roar, all the blood illusion masters of the 6 demons attacked Li Tian.

"Blood Blade!"

Following the explosion of the mouth of the 6 demon clan, the six masters of the demon clan formed a seal in the hands of the same hand, and then a swell of blood emerged from their right hand, and then quickly transformed into a sharp and extremely sharp Scarlet Blade.

Blood Blade Knife: Blood Illusion Art Intermediate Illusion Art. This illusion art transforms spiritual power and blood energy into an extremely sharp blade. The blade is extremely aggressive and can produce powerful attacks with the flow of blood. force

After all the right hands of the six masters of the demon clan conjured an extremely sharp "Blood Blade", Li Tian couldn't help being taken aback.

Not only secretly in that heart: What kind of weird illusion is this?

Then when he was shocked inside his heart, he saw that the six masters of the demons had quickly flew towards him.

"cut!"

6 Scarlet blades from various positions in the air suddenly pierced the air and slashed towards Li Tian.

Powerful.

Li Tian stood there and felt the terrifying blood and sword aura in the air.

He didn't dare to be careless at the moment, his body quickly dodged, avoiding the past.

As Li Tian's body quickly flew back to avoid the terrifying blow, the six blood-colored blades suddenly turned, suddenly changed their direction and slashed towards Li Tian again.

A bloodblade knife, a knife that can only be collected when you see blood!

When Li Tian saw the six blood-colored blades slashed towards him again, he not only secretly lining up in his heart: It seems that I can't avoid it like this!

The 6 masters of the Demon Race are obviously masters. He blindly dodges like this, but the 6 opponents will not be able to consume them. If this happens, he will lose! When thinking of this in his heart, Li Tian suddenly decided not to hide.

He is going to have a real battle with these demons masters today.

Chapter 2667: Reincarnation of blood, endless

When all the six masters of the Demon Race were slashing towards Li Tian again, Li Tian suddenly roared, and then stretched out his hands, the spiritual power of his whole body was suddenly stimulated.

Then Li Tian used the slave air technique to control the dozens of huge bluestones around him, and the dozens of huge bluestones that were controlled suddenly all floated from the ground.

"Flush!"

Then Li Tian suddenly moved forward with his hands, and dozens of huge bluestones floating in the air suddenly shot at the six masters of the demons like arrows.

The six masters of the demons were stunned when they saw that Li Tian could control the surrounding boulders suddenly, and then hit them.

"Aura?"

They screamed in surprise.

Then they saw a dozen huge bluestones flying straight towards them.

Only six masters of the demons saw those big blue stones flying towards them, and they waved the "blood blade" in their hands. The "blade" that was transformed with blood gas was indeed extremely powerful, bang, bang, bang.

The 6 masters of the demons instantly chopped up all the huge bluestones that were flying over, and then all flew down from the air.

After they flew to the ground, their pale faces showed a sense of shock.

"This kid actually uses Qi illusion technique?" Suddenly the leading demon master said coldly.

Another master of the demons next to him said: "And it seems that his skill is very strong."

"Could it be that you have already cultivated to a high level?" Suddenly someone among the masters of the Demon Race said.

When they heard the words "high-level" Qi illusion, the demon masters not only showed strange expressions on their faces.

It turned out that during the second battle of the demons, the masters of the demons were defeated because of the master of Qi illusion: Shengzhe Long. They looked down on Qi illusion, but after that battle, the demons were very Illusion has an inexplicable fear...especially when they see a powerful Qi illusionist like Li Tian, they are even more shocked.

The shock in their eyes made Li Tian feel a little strange.

Li Tian is not only in the background: Why are these demons so weird?

Why did their expressions become so surprised after seeing their use of Qi illusion? Are they afraid of me? Ha ha.

Just as Li Tian was thinking like this in his heart, he just listened to the burly fellow among the Demon Race saying: "Everyone, be careful."

"on."

There was a roar, but the six masters of the demons pounced on Li Tian again.

The "Blood Blade" in his hand also became more fierce, and the blood on his face became more and more prosperous.

Li Tian saw the six masters of the demon race again, and this time their blades exuded a fierce aura. Li Tian immediately burst out with powerful spiritual power.

"Invisible knife."

With a loud shout, Li Tian suddenly displayed the "Qi Illusion Technique High-level Thousand Killing Sword Technique".

This Thousand Killing Knife Art and the Demon Clan's Bloodblade Knife Art have some imagination, both of which are imaginary blades from the illusion, but the Qi Illusory Thousand Killing Knife is much more powerful than the Demon Clan's Bloodblade Knife.

But after seeing Li Tian after displaying the Thousand Killing Sword, the air suddenly condensed into a giant blade, and then the blade quickly decomposed into 6 small blades, and then rotated in the air towards the 6 demon masters. Block the past.

The six masters of the demons saw Li Tian suddenly transformed into a few blades, and then hurriedly waved the blood blade in his hand to block.

Bang bang bang.

The blood-colored blade and the gas-shaped blade violently collided in the air.

Every collision will produce a huge shock.

What about Li Tian? He controlled the blade with both hands, and then played against the 6 masters of the demons.

Boom, boom, boom.

After the violent cracking sound rang, all the blood blade knives were crushed by Li Tian's gas blade.

The bloodblade knives in the hands of those masters of the Demon Race were smashed.

Li Tian seized the opportunity and suddenly turned his arm, and the gas-shaped blade suddenly slashed towards the bodies of the demon masters.

"Be careful." A burst of shout came from the mouth of the demon master.

Then I saw the demon master roared: "Blood escape, block!"

boom!

Li Tian's Thousand Killing Sword slashed on the blood escape of the demon master, and made a loud noise, and then saw that the demon master was shaken by the powerful sword energy and suddenly fell from the air.

Bang, his body fell heavily to the ground.

Another master of the Demon Race was not so lucky. He hadn't used the bleeding escape yet, but Li Tian's Thousand Killing Sword directly slashed his head.

Ah screamed.

On the head of the demon master, blood splashed, and then the whole body flew down from the air.

With a plop, his body fell to the ground, and died to the ground in an instant.

After this demon master died on Li Tian's Thousand Kill Sword Technique, the other four masters also retreated one after another.

Looking at the companions who died again on the ground, there was a light of horror in their eyes.

Several people were there looking at the leading demon master.

I saw the leading master of the Demon Race, and looked at Li Tian fiercely: "Smelly boy, you are cruel! How dare you kill our Demon Race people? This hatred, we are considered to be settled!"

"If you offend our Demon Race, you will definitely die, **** reincarnation, endless death!"

"You wait, one day, one of our demons will come and kill you."

After the demon master left a few words fiercely, he suddenly said to his companions: "Go."

Then the five demon masters shook their bodies, then all flew up, and then flew towards the dense woods.

What about Li Tian? Looking at the demon masters going away, I couldn't help but secretly lined up: I seem to be in trouble in the future! These demons will definitely follow themselves like bone-corroding corpses.

Looking at the demon masters who left, Li Tian couldn't help sighing softly.

Look at the surrounding students of Edro College... at this moment all of them are completely stunned.

They were all staring at Li Tian with horrified eyes that couldn't believe it.

"He saved us..."

"Oh my God, he defeated 6 middle-level Demon masters alone?" Only those students from Adro Academy exclaimed there.

It turns out that the demons masters just now are all masters above the intermediate level, no wonder they are so powerful.

"benefactor!"

Suddenly a shout came out of Walman's mouth over there.

Li Tian turned his head to look, and saw Wolman, who was the dean of Adro Academy.

Chapter 2668: The grief of Adro College

When this Wallman walked over quickly, the remaining students and teachers of Adro College who were still alive also rushed over.

They all looked at Li Tian with blinking eyes of worship.

"Adro Academy, everyone thanks the benefactor for his life-saving grace." Wolman said suddenly looking at Li Tiandao in front of him.

The surrounding students who survived also gave a big gift to Li Tian and said there.

But seeing Li Tian smiled slightly there, and then said: "You are welcome! I was just doing a small favor."

"Benefactor, no matter what, all of us at Adro Academy owe you a life! If the benefactor needs our help from Adro Academy in the future, please feel free to speak up, and we will be obliged."

When Li Tian heard them say this, he just stood there smiling, and didn't say much.

For him, today's shot was also quite unexpected.

If it hadn't been for some time ago, that the **** Demon Race had attacked him, so I wouldn't deal with these Demon Race people this time.

After thinking about it, Li Tianbian didn't say anything too much.

What about Dean Wallman? After thanking Li Tian, he quickly walked towards his students.

Among his students, 45 suffered extremely serious injuries, and 67 all died in battle!

Looking at the Adro students who were killed by the demons on the field, Dean Wolman sighed deeply: "Unexpectedly, when we came to participate in the Empire Illusion Contest, we encountered the **** demons. !"

"Is this a disaster for our Adrot College?"

Wallman, with a long sigh in his mouth, showed an expression of pain in his eyes.

The surrounding students also stood there with a sad expression, looking at their bodies.

"Clean up the corpses and count how many people we have sacrificed." Just listen to that Wallman said to the students who are still alive here.

After Na Wolman finished speaking, only those students who survived began to clean the corpses of their companions.

They said that the corpses were all moved to a place and piled there.

"Dean, 6 classmates died, and a teacher from the fire department, Benson." Only a lanky student said sadly.

After Wollman heard the student say so, not only did his eyes show pain.

He didn't speak, just stood there blankly.

I saw the old man Sairs coming over at this moment.

"Dean Wallman." As Na Sairs came over and shouted.

I saw Dean Wolman turn his head quickly.

"Old Sai?" Dean Na Wolman said, looking at Syers Road, obviously he knew Na Syers.

Sails smiled and said to Walman there: "Dean Walman, I didn't expect that you would be attacked by the demons here." Sairs sighed with a squat on his back. .

Dean Wolman looked ugly, and sighed deeply.

"Hey."

"Neither did we expect it! We arrived here all the way, and unexpectedly we were attacked by the demons!" Wolman said suddenly.

When they said that, Li Tian also rushed over and listened.

He also wanted to hear about the demons.

I just listened to Nasirs Road saying: "The Demon Race has not invaded our Imperial Capital for many years... I really don't know, why did the Demon Race invade here this time?"

Wallman said, "I don't know! Very strange."

"Do they have any purpose?" Just listen to them standing here and guessing.

There were strangely complex expressions on each face.

After discussing here for a while, they stopped talking about the demons.

Seeing Li Tian coming over, Wallman said in a respectful way: "Benefactor, thanks to you this time."

At this moment, Sails also opened his eyes and looked at Li Tian who was standing on one side: "My child... I didn't expect that you actually possess such a powerful Qi illusion."

Wolman heard Sairs say this, and immediately said, "Old Sai, do you know each other?"

Sairs, who leaned back, said, "Of course I do."

"I took him with me. I originally picked you up, but I didn't expect you to be attacked by the demons." Sayles said there.

Hearing what Nassels said, Na Wollman was taken aback.

Then Nassels told Li Tian was seriously injured and unconscious.

After listening to it, Wolman understood it all at once, and said, "So it's like this."

"Yep."

At this moment, everyone's eyes were on Li Tian's face, and there was a sense of silent respect and admiration towards Li Tian.

They have never seen such a terrible illusion. Even as the dean of the Adro Academy, Wolman may not be able to reach the level of Li Tian, so they can all have such a powerful ability to Li Tian at such a young age. Qi Illusion was shocked.

"Are you here to participate in the Empire Illusion Contest?" Suddenly asked from Li Tian's mouth.

After Li Tian asked, Na Wolman quickly replied, "Yes, benefactor."

"Hey, it's a pity... This time, I'm afraid that we at Adrot College... I'm afraid... can't participate." A sad word came out of Walman's mouth.

When Wallman said this, his eyes were not only red.

Those classmates behind him, as well as two teachers, not only showed extremely sad expressions on their faces.

Then Li Tian heard Wolman say so sadly, and couldn't help frowning at the moment, and asked, "Why?"

Wallman opened his mouth, his expression pained.

Then he turned his head and looked at the 67 corpses on the ground, and said there, "Benefactor, it is true that among the few students who died, 3 of them were students from our Edro College who were preparing to participate in the competition. ...They are considered to be the elites in our academy...It's a pity...I didn't expect...We were actually attacked by people of the Demon Race!!!

"The **** demons killed our three participating students." Wolman said, with endless hatred in his eyes.

This is the first time that they have participated in the Empire Illusion Contest.

It is also the most glorious thing in the entire Adro Academy, but I did not expect that the students who participated in the competition would be killed by the demons in the middle of the road. As the Dean of the Adro Academy, Walman, of course, is heartbroken!

Li Tian heard that Walman said so, not only understood it immediately, but was silent there without speaking.

Chapter 2669: revenge

When Wallman said so, the surrounding students all showed a very sad expression.

No one expected such a terrible thing to happen.

Now only two of their surviving Adro students can participate in the illusion competition, and the remaining students are too weak to be worthy of the game, so everyone in the Adro Academy stood there in pain.

Sairs, the old man, was also stunned at that moment.

"Dean Wallman, is it true that our Adrot Academy can no longer participate in the Empire Illusion Contest?" But seeing that Sairs's old eyes had already revealed an incomparable disappointment.

Just listen to what Wolman said: "How to play? We now only have 2 contestants left!"

"Originally, our Edro belonged to the lower academy... This time we sacrificed three elite students in this disaster. How can this competition continue? No matter how shame I am, I cannot let the weak students go. Participate in the game... Did you get beaten to the ground by other college students as soon as you came on the court?" Wolman said with a heartache.

Listening to Wolman's words, the old Sails also closed his mouth tightly at the moment.

"Scourge!"

"This is the natural disaster of our Adrot College!" Old Sails said in a sad voice suddenly.

In the godless eyes, not only a few tears appeared.

He originally thought that his alma mater would be honored this time, but he never expected that it would end up like this in the end.

Just when the old Sairs and all the teachers and students of Edro were in great grief, suddenly Li Tian spoke on the side.

"Actually, you can still participate in the competition." A word came out of Li Tian's mouth.

At the moment when Li Tian said such a sentence, the old Sails and Dean Wallman were not only stunned.

They all looked at Li Tiandao in surprise and said: "Benefactor, you...what did you just say?"

But seeing Li Tian smiled, then looked at the shocked Dean Wallman of Adro Academy and the students behind him and said: "I said, you can still participate in the competition."

When Li Tian said this again, all the teachers and students of Edro in front of him were not only taken aback.

Just listen to that Walman smiled awkwardly and said: "Benefactor, you may not understand the situation... Our college really can no longer participate in the competition... Hey!"

He only heard that Li Tian shook his head and said, "If I say I can participate, I will definitely be able to participate."

"How to participate?" Wolman not only asked when he heard Li Tian say this.

"If you believe me, I can join your Edrow Academy from now on and become a student of your academy... and then take the place of the students who died in the Empire Illusion Contest!" A shocking word came from Li Tian's mouth Said it.

what?

When Li Tian said this all at once, they all screamed.

The Wallman in front of him, the students remaining behind him, and the old Selce were all stunned!

All looked at Li Tian in disbelief.

what? Li Tian wants to join this third-rate Edro Academy?

And to replace this lower academy to participate in the Empire Illusion Competition?

After hearing what Li Tian said in front of him, all the teachers and students of Adro looked at Li Tian unbelievably.

No one believed the facts just heard.

"Benefactor...you...you...you said...you want to be a student of our...Adro Academy?" Wolman asked Li Tian with his pupils wide open.

Li Tian nodded and said, "Yes."

"How about it? Didn't you know that your Adrot College accepts me as a student?" Li Tian asked with a smile.

Then Wolman stayed for a while!

Then he exclaimed: "Come! Of course!"

"It's just... just... benefactor, we can't afford it!!!" Wallman said with an extremely ugly and embarrassing expression on his face.

How can they put it away?

Li Tian's strength alone has already resisted Dean Wolman, and now he is going to be a student of Adro Academy? As the dean, Wallman certainly can't afford it!

What's more, the lives of all their Edro students were saved by Li Tian!

Now Li Tian is going to participate in the competition for them Adrot Academy? Of course, the Edrow Academy dare not accept this gift!

After Na Wolman said so, I just listened to Li Tianzai saying: "It doesn't matter, you can accept me as a student."

"As long as I can become a student of your Edrow Academy, I can take the place of your Edrow Academy to participate in the competition...Such a thing that kills two birds with one stone does not seem to be a loss for your Edrow Academy, right?" Li Tiandao.

Then Wallman said: "Yes, yes, but benefactors, we...we... why are we embarrassed to trouble you so much? And also want you to participate in the competition for us at Adrot College?"

Li Tian smiled slightly and said: "It's true that I want to be a student of your college and participate in the Imperial Illusion Contest for another reason!"

"It's just that this time your college is short of this opportunity...so I think I should do this,"

Hearing Li Tian's words, Walman understood instantly.

It turns out that this benefactor really has another purpose! No wonder, he wants to be a student of our Adrot College, Wolman thought to himself.

However, he finally saved the lives of all the teachers and students of our entire Edro, even if others had a purpose, it was nothing!

After thinking about it, Wolman said there: "It turns out that the benefactor has a reason. In that case, I will agree to the benefactor's request! Then help the benefactor. In this way, our Adro Academy can both participate in the competition and It's great to help the benefactor."

After hearing what Walman said, Li Tian smiled and said, "Very good! Then from now on, I will become one of your Edro students!"

"Yeah." That Wallman agreed at the moment.

He is extremely happy now! Such a real master joins them in the Adrot Academy to participate in the Empire Illusion Competition... What a glorious thing it will be!

And, maybe, with the help of the benefactor, Adro Academy might be able to win the Empire Illusion Contest!

After all, the strength of that benefactor is so powerful!

Then Wolman thought of it happily in that heart.

What about Li Tian? I was also thinking about my own things in my heart.

"Bender Academy, it's not me, Li Tian, sorry for you! You are the one who sorry for me first! This time, see you at the Empire Illusion Contest."

The cold words came out of Li Tian's mouth.

A vengeful glance flashed in his eyes.

Chapter 2670: Re-enter the imperial capital

In this way, Li Tian chose to join Adro Academy and became a student.

This is undoubtedly an extremely exciting thing for the third-rate college Adro College where many students have died.

They can participate in the Empire Illusion Contest again.

This of course makes each of them excited.

Under the command of Dean Wolman, the students who survived buried the students who died one by one.

After burying the bodies of the poor students, I saw Dean Wolman happily looking at Li Tiandao and saying: "Benefactor, we at Adrot College are blessed by you. Here, I represent Ai All the teachers and students of Dro College thank you for joining our big family."

After Li Tian heard what Walman said, he smiled slightly and said, "Dean, please don't call me benefactor anymore. My name is Li Tian. From now on I am your Ed. Luo's student."

After hearing this, Dean Wallman quickly said, "Okay, good."

After this decision, Li Tian formally joined the third-rate Adro Academy.

That Wallman also specially sent Li Tian a gray robe worn by the Adro students, Li Tian didn't mind, and put it on directly.

After everything is ready, just listen to Na Wolman saying to everyone in there: "Go, let's go to the imperial capital."

Accompanied by that Walman's voice uttered it, but when he saw them, he walked towards the capital.

Along the way, Li Tian didn't speak much.

Those young Edro students who were with him did not dare to talk to Li Tian. In their minds, Li Tian was a "god" existence! Such a powerful illusion ability, everyone must admire it! What's more, the students of this third-rate college?

"Benefactor, may I ask, are you practicing Qi illusion?" On the way, Wolman suddenly looked at Li Tian and asked.

He wouldn't dare to call that Li Tian directly for a while, so he could only call him the benefactor again.

Then Li Tian heard Wolman say this, and replied: "Yes, I do practice Qi illusion."

"It's too powerful, too powerful." After hearing Li Tian's answer, Walman not only exclaimed in surprise.

"Qi illusion has always been the most difficult illusion in our empire, but once it can be cultivated to a high level, it will have incredible terrifying power! Benefactor, where on earth are you?" Walman blinked in shock. Li Tiandao said with his eyes.

Li Tian touched his nose and said, "To be honest, I don't know what level I have reached." amount?

When Li Tian said this, Walman was suddenly depressed.

Looking at Li Tiandao: "Benefactor, don't you know?"

Li Tian smiled bitterly and said, "Yes, I only practiced some simple illusions... so I don't know how far I am."

Li Tian is telling the truth.

So far, Li Tian has only practiced two illusions, one is the most basic elementary: slave-qi technique, and the other is the high-level thousand-kill sword technique.

Li Tian now seems to be great, but what is the real degree?

Do not!

He is not that good at all!

For example, when he played against the master of the Demon Race, in fact, if he really fought, Li Tian might not be able to fight the master of the Demon Race's blood illusion! The reason why the blood illusion masters were defeated by Li Tianshou and escaped because of their shock! That's surprising.

They looked at Li Tian so young, and as soon as he came up, he displayed a high-level Qi illusion: The Thousand Killing Sword Art. How could this not shock them?

They all thought that Li Tian was a peerless illusionist! But they didn't know that Li Tian actually only knew this high-level illusion... and this high-level illusion had not yet been fully learned! Because he hasn't learned the last trick yet.

If those Demon masters were smarter and insisted on resisting the first two tricks of Li Tian's Thousand Killing Swordsmanship, then they would find that Li Tian was actually not their opponent at all!

No way, Li Tian learned too little illusion.

But what about Walman? After hearing what Li Tian said, he said: "The benefactor is really too humble. From my guess, the benefactor's illusion skills have definitely reached a high level."

Then Li Tian smiled bitterly, without explaining.

Because he knew that even if he explained one day today, these people could not believe it.

In that case, it is better not to waste your tongue.

In this way, Li Tian followed the dozens of people from Adro Academy and walked toward the imperial capital again.

When he stepped into the city gate of the imperial capital again and caught fire, Li Tian not only felt a strange feeling in his heart.

"Hey, when I stepped into the imperial capital last time, I was a student at Bander College!"

"Who would have thought that this is only two months...I have changed." Li Tian could only feel a bitterness in his heart for his changes.

In this way, Li Tian stepped into the imperial capital again.

Only this time he followed a third-rate college, Adro College.

After entering the imperial capital, I just listened to the students of Adro Academy, slurping praise.

"Wow, this is the imperial capital?"

"It's really prosperous!"

"Yes, it's several times comparable to our Southern County... It really deserves to be the first capital of the empire."

"It's a great honor to be in such a big city."

...

The students of Adro Academy were like terrapins, praising them in their mouths. They all looked at the magnificent buildings of the imperial capital and couldn't help talking.

Even Wallman, the dean of Adro Academy, not only blinked with amazement, he looked at the magnificent building of the imperial capital with a look of envy in his eyes.

Li Tian didn't feel much, after all, he had lived in this imperial capital for almost two months.

"President, where are we going now?" Li Tian looked at that Walman and asked.

After hearing Li Tian's question, Wolman hurriedly replied, "We arrived at the Imperial City Station!"

"There will be people dedicated to receiving us for the Empire Illusion Contest."

Listening to Wolman saying this, Li Tian said "Oh".

He was thinking there: I wonder if the people from Bander College will go to the post? And the people from the Rock Academy?

If they are also in the post, then it is likely that they will recognize themselves!

Once they see that they have now become students of Adro College, they will definitely be surprised, Li Tian muttered in that heart.
