

A Killer 2671

Chapter 2671: Black Shura College

I saw Dean Wolman, taking Adro's students and Li Tian quickly through the crowded and prosperous Imperial City.

Then they walked directly to the imperial post.

The inn is the area for receiving VIPs, sitting in the Dongcheng District of the Imperial Capital.

At this moment, I saw that Walman had arrived here with Li Tian and the students.

"The post is in front." Walman said with excitement and excitement.

As Wolman said so, Li Tian raised his eyes and looked at the station not far in front.

I saw that the post was very huge, and there were special reception staff at the door.

"Let's go, let's go to the post." As Wolman said, he led Li Tian and the others towards the post.

When I arrived at the gate of the post station, I saw two reception staff wearing black costumes standing at the gate.

One of them is tall and thin, and the other is very short. There is a significant difference in height between the two, which looks a little cute.

After Walman and his team arrived here, they saw the tall and thin goalkeeper, and looked up at Walman and Li Tian in front of them.

"You are?" The tall and thin guy suddenly asked.

After the tall man at the door asked, Wolman hurriedly replied, "Hello, we are the southernmost Edrow College. My name is Wolman. We are all here. College students! We received a letter from the Empire, and this time we are here to participate in the Empire Illusion Contest."

After that Walman said so, the tall and thin janitor in front of him not only frowned, he glanced at Walman and the group of students behind him.

"You are from Adro Academy?" He couldn't believe it in his voice.

Then Walman said immediately: "Yes, yes."

"I don't believe it... you have a dignified academy, why... how... it looks so sloppy?" The short man in front of him suddenly said.

It turned out that Walman and the group of students behind him were all in a panic after experiencing a battle between the grove and the masters of the Demon Race!

In order to get to the post as soon as possible, they have no time to freshen up and dress up. At this moment, they are all humiliated, just like rural people arriving in the big city. So even the gatekeeper at the moment treats them coldly, and the tone is With a mouthful of contempt.

"We are really people from Adro Academy." Wolman explained hard there.

I saw the little one coldly said: "Since you say you are from Adro Academy? Then take out your school ID and let us see..."

Na Wolman heard the gatekeeper say so, and now quickly took out the school badge of Adro Academy from his arms.

It was a bronze school badge with Adro Academy engraved on it, and then quickly handed the school badge to the two guarding the gate.

"This is the school badge of our college."

As Wolman said, he handed over the school badge.

After handing it over, the gatekeeper reached out and took it, and then took a closer look.

"Well, it is indeed the school badge of Adro Academy."

"In that case, you are really from Adro Academy." The two gatekeepers finally admitted at the moment.

But seeing that Walman smiled and said: "Yes, yes, now two of you believe it?"

The short man sneered: "I have always said that this year's Empire Illusion Contest is different from previous years. He said he would join a third-rate illusion school. Unexpectedly, your college is not as good as a third-rate college. Hey, I really don't know why the Empire Let an academy like Adro you participate in the illusion competition..."

The gatekeeper said bitterly there.

Listening to the two guys who were just guarding the gates saying so, the students of Adro Academy not only groaned suddenly, but unfortunately, they are in a strange imperial capital, and it is also an imperial post in their hearts. Very angry, but there is no way.

At this moment, even Wallman, who was the dean, had a complicated and ugly look on his face.

At this moment, two handsome young men in black clothes suddenly walked out of the inn.

The faces of the two of them were icy, like stones. When they walked out of the inn, the two doorkeepers looked back and suddenly showed a pug-like smile on their faces. The two handsome and cruel boys in black clothes said, "Is there anything going out for you two?"

However, after hearing what they said, the two teenagers in black clothes suddenly turned their heads and glanced at them coldly: "What the **** do you care?"

When the two doorkeepers heard this, they suddenly closed their mouths and stopped speaking.

However, the two cold-hearted teenagers walked past Li Tian and Adro students at this time, and then walked step by step towards the center of the imperial capital.

Li Tian blinked his eyes and looked at the two teenagers in black carefully.

Invisibly, he felt the two handsome and cold teenagers, full of aura.

"Master of illusion technique?" Li Tian suddenly said in that secret.

Then I subconsciously saw the chests of the two cold-hearted boys, and saw their school badge pinned on their chests: Black Shura Academy!

what?

When Li Tian saw the three characters "Black Shura Academy", Li Tian was taken aback.

It turned out that these two students were students from the prestigious Black Shura Academy in the empire, no wonder they exuded such a powerful aura.

It seems that the students of Black Shura Academy have already arrived at the post in advance.

Just as Li Tian was thinking this way, he saw the two gatekeepers in front of him, and suddenly said to Walman and them impatiently: "Go in."

After hearing the words of the two goalkeepers, Walman smiled and said, "Thank you."

After speaking, Wolman led Li Tian and other students into the inn.

"Hey, you live in the lower room, on the far left of the post." Suddenly, the voice of the two gatekeepers heard.

Then Wolman was not angry, just smiled awkwardly there, and said to the students: "Let's go..."

When Nawallman took the students into the inn, he found that in the row of luxurious rooms in the middle of the inn, he saw a few teenagers in black costumes standing, all of them handsome and handsome. His eyes flickered coldly, and the school badge on his chest read: Black Shura Academy.

With envious eyes, Walman and other students glanced at the students of the Black Shura Academy... and then silently walked towards the easternmost room.

Chapter 2672: no Zuo no Die

After Wolman brought everyone to the leftmost room, he realized that the room was so dilapidated.

After pushing open the old wooden door, I found that it hadn't even been cleaned, it was dusty, and the old furniture was still placed inside.

Is this like a lounge? It's like a garbage room.

Looking at such a dilapidated and messy room, the students around were suddenly angry.

"How can we live in such a shabby room"

"Yeah, and it's so dirty here? It's such a bully."

"Dean, we are not convinced. Although our Adrot Academy is indeed inferior to the other three famous academies, it is somehow invited by the Empire to participate in the illusion contest. Why do we live in such a shabby room?"

...

The students around me not only got angry there.

Even after Li Tian looked at the room, he couldn't help but muttered to himself: "It seems that this other world is exactly the same as the earth. It's a dogged situation and likes to laugh at the weak."

Hey, no way, who made Adro be just a faint illusion school?

After hearing the angry voices of the students, Wolman smiled slightly and said, "Classmates, bear it, bear it."

"Anyway, we will be participating in the Empire Illusion Contest in a few days... In these few days, we will just do it."

"This room is actually pretty good, but is it a bit dirty...just a little cleaning." Wolman was there to comfort his students.

After hearing the Dean's words, the Adro students were 10,000 unconvinced, but in the end they were silent.

When these students went in to clean up, Li Tian suddenly turned his head and said to Walman, "Dean, I think I'm alone in this inn, and you're ready to go in."

After Dean Wallman heard Li Tian say this, he nodded there and said, "Okay."

Then, seeing Li Tian, he left here alone.

He walked to the east side of the post station alone, and glanced at the housing of the Black Shura College in the middle, and the student wearing a black robe standing at the door, Li Tian said: It seems that the students of Black Shura College really Different! From their bodies, Li Tian could feel that they had extremely strong spiritual power in their bodies.

Such a powerful spiritual power is definitely incomparable to that Bander Academy!

It seems that the Black Shura Academy can maintain the first place in the Empire Competition every year. It is indeed very strong!

Li Tian took a look at the few students standing at the entrance of the Black Asura Academy, and then continued to walk towards the place inside.

He was going to find the Narok College and the students at Bander College.

When Li Tian came to the last place of the post station alone, he found that the last room was empty and there were no people living at all.

This surprised Li Tian.

"Hey, why don't you see Na Rock College? And the students from Band College?"

"It's strange." Li Tian said in that secret.

Of course Li Tian would not know, because Locke College and Bender College are two colleges in the Imperial Capital, but one is in the East City and the other is in the West City. They are only ten minutes away from the post station, so they Did not come to this station at all!

They just stayed in their respective academies, and then practiced their illusions there.

Li Tian searched for a while, but couldn't find Bander College or the students of Rock College, so he was anxious to leave.

At this moment, suddenly a cold voice came.

"Hey, boy, who told you to run behind the inn?" As the voice came, I saw the "two dogs" who just watched the door just standing in front of him.

Li Tian raised his eyes and glanced at the two of them. He ignored them and walked straight forward.

"Boy, we're talking to you, stop." Suddenly the little guy rushed over.

Li Tian suddenly stopped.

After the little one ran over, he suddenly pointed to Li Tianzai and said: "Oh, I recognize you, you are just the student of the lower third-rate college Edrow College..."

At this moment, the tall and thin guy also ran over and recognized Li Tian at a glance.

"Boy, didn't we warn you just now? Your residence is in the lowermost room on the far left! Who asked you to come to the back of our post?"

The little one looked at Li Tiandao with contempt.

Li Tian suddenly turned his cold and gloomy face and glanced at the two watchdogs, and said coldly, "I don't want to get blood on my hands today! You two dogs, before I lose my temper, Get out of here! Don't let me hear your voices."

The moment when Li Tian said cruel words like a knife.

The two watchdogs suddenly became angry.

"Grass, you **** from a third-rate college, how can you talk to us like this?"

"Damn, are you looking for a beating?"

The two "dogs", one tall and one short, were holding their fists as if they were about to beat Li Tian.

Suddenly a cruel smile appeared at the corner of Li Tian's mouth: "Things looking for death."

There was a roar, suddenly his arms raised, and then a burst of invisible energy suddenly radiated from the air.

Puff, puff!

I saw that the two guards were all lifted in the air by Li Tian's slavery skills.

With a wave of Li Tian's arm, suddenly the tall and thin guy slammed directly into the cold wall over there, with a bang, blood splattered, and the tall and thin guy's head was hit by the wall and shattered. , All the brains flew out in the air, and he screamed, killing him immediately!

What about the other short one? With his eyes wide open, he was stunned at the moment when he saw his companion was killed by Li Tian in an instant.

He screamed in surprise...

While shouting, yelling there: "Don't... don't kill me... don't kill me..."

Unfortunately, everything is too late.

Who made them offend the most terrifying **** of death now.

"Just let you live, you are arrogant like a dog! Let you die now? You begged me? What a **** thing!"

I saw Li Tian uttering such a sentence, and the corners of his mouth gave a grinning smile, and then suddenly controlled the breath in the air, and then saw that the small two arms suddenly seemed to be dragged by something. Tear it out there.

Puffed out.

The huge traction force directly broke the two small arms.

Puff, puff, two **** arms flew down from the air.

The two arms were torn from the body alive.

what! ! !

A tragic cry of pain came from the little man's mouth.

Then, seeing Li Tian waved his right hand, the small fleshy body floating in the air flew directly out, slammed into a thick tree, and instantly died tragically.

Chapter 2673: murdering case

Li Tian slaughtered the two watchdogs in front of him between his gestures. .

I can only say that those two dogs are looking for death!

Who let them provoke Li Tian?

After killing the two bully and hard-working bastards, Li Tian didn't even look at their corpses, and then walked towards the most lateral place with strides.

Soon, Li Tian returned to the room where they rested at Adro College.

When he returned to the room, Walman had led the students to clean up the dilapidated and dirty room.

The moment Dean Wallman saw Li Tian walk in, he quickly greeted him with a smile and said, "Li Tian, are you back?"

Li Tian nodded slightly and said, "En."

"What did you do just now?" Wolman asked curiously.

Li Tian smiled faintly: "I saw two dogs biting people just now, so I took a shot and gave a lesson."

"Two dogs that bite?" After hearing Li Tian's words, Walman and the students around him were not only taken aback.

But seeing Li Tian hurriedly turned off the subject and said, "I'm not talking about this..."

"Dean Wallman, there are some things I want to ask you." Li Tian said suddenly there.

Then Wolman heard Li Tian say this, and said there quickly: "You can talk about anything."

But seeing Li Tian asked: "I want to know why the Empire's Illusion Contest is advanced? Didn't it say that it will be 2 months later? Why is it now advanced?"

It turned out that Li Tian was going to ask this question.

After Li Tian asked, he only heard that Walman replied: "Actually, I don't know much about it. I came here only after receiving a letter from the Empire."

Li Tian heard that Walman said so, nodded there and said, "Oh, that's it."

"En." Wallman replied.

Then Li Tian didn't ask any more.

I saw the entire Adro College students staying in this dilapidated room.

Some were sitting there to rest, while others were practicing illusion in the corner.

Li Tian found a free bed and lay there alone to rest.

While resting Li Tian, he was still thinking about Bund College and Locke College.

Time just passed by one minute after another.

Soon an hour passed.

Li Tian, who was resting on the bed, suddenly heard a knock on the door at this moment.

Then Wolman hurriedly asked one of his classmates to open the door, and with the creak of the door, there were three cold-faced teenagers in black robes standing by the door.

Look carefully at the school badges on their chests, it is shocking that it is the students of the Black Shura Academy!

How could they suddenly come here?

When Li Tian saw these three Black Shura College students suddenly came here, he was not only taken aback, but a wheel was turned over from the bed, and then he blinked his eyes to observe the situation.

I saw the students of Adro College, and the teachers were not only taken aback, but looked at the three Black Shura College students in surprise at the door.

Wolman walked over at this moment and said with a smile: "Hello three classmates, what are you doing here?"

Wallman knew that these cold students were students of the most powerful Black Shura Academy in the empire, so there was a lot of respect between them.

But seeing the three Black Shura College students and hearing that Wolman said so, he didn't respond to him directly, but suddenly raised his cold eyes and glanced around the room, and then one of the leaders The handsome young man suddenly said coldly: "Are you from Adro Academy?"

"Yes, yes." Wallman quickly replied with a smile.

He only listened to the teenager from the Black Shura Academy, continuing to say coldly: "Just now, two corpses were found in the back of the post...As far as we know, the two corpses were the two subordinates guarding the post... They died It's cruel and killed by illusion! I ask you now, do you know these things?"

When the student from Black Shura College suddenly said this, Walman and the other students were stunned.

"what?"

"The two servants guarding the gate were killed?" Wolman suddenly couldn't believe it.

What the students of the Black Shura Academy said were the two **** who were bullying, bullying and fearing hardship just before entering the station?

How...how could I be killed in such a short time.

The students of the other Adro College were all stunned there, and no one expected such a thing to happen.

Only that Li Tian stood on the side, and said secretly: It turns out that the three Black Shura students came here for the two dogs.

The Black Shura students, suddenly one of them said coldly, "I ask you, do you know who killed the two subordinates?"

Wolman said quickly there, "I don't know!"

"We just came to the station."

After hearing that, the students of Black Shura said, "The two servants also just died! They died after you entered the inn."

When Wollman heard this, he was taken aback.

Looking at the black Shura student, "You...what do you mean?"

"Could...could you...you still suspect that we can't make it?" Wallman said angrily.

The Black Shura student said coldly: "You're right! We do have reason to doubt you... Because your Adrot Academy just entered the post, the two subordinates were killed!"

Hearing what the Black Shura student said coldly, Walman's face flushed.

"You...you...you can't wrong our college."

I saw that Black Shura student was about to speak, and a teenager behind him suddenly whispered to him: "Brother, look at the appearance of these Edro students...huh? They don't have the courage to guess. Kill those two men! Inferior colleges like them don't have the guts yet."

The handsome Black Shura student heard the boy behind him say so, and suddenly glanced coldly at each student of Edro in front of him.

Finally, he suddenly said, "You are right! Presumably, they don't have the guts!"

"It seems that someone else should have killed those two gatekeepers!"

"Let's go."

Then the three Black Shura students wearing black costumes all left here.

After they left, Walman took a deep breath.

"These guys...obviously came to wrong us! How could we kill at the post? We just arrived at the post!"

"Yes."

Just listen to the surrounding students talking there.

Chapter 2674: Empire venue

After the students of Black Shura Academy left, the Edro students in front of them were very angry.

Because they feel that those guys are obviously wronging them.

After all, they just came to this station.

Only Li Tian was lying on the bed as always, and a cruel smile appeared on the corner of his mouth.

I don't know why, now Li Tian has become murderous.

There is only anger and hatred in his mind.

Those who stand in his way and provoke him will not end well.

Soon, one day passed, and during that day, almost nothing happened.

The students of Adro Academy, apart from staying in this shabby room to rest, the rest of the time is there to practice.

On the other hand, Li Tian seemed to be very leisurely. He stayed there alone and sometimes went out to wander around.

As for the other college in the post, Black Shura College, it was even more mysterious and cold.

Basically, they don't care much about people.

All day long, I rarely saw the students of Black Shura Academy come out, but Li Tian could still feel that the students of Black Shura Academy were by no means general.

Time passed day by day.

Finally, the time for the Empire Illusion Contest is approaching.

The time is set on the 18th.

There are still two days before the game.

On this day, the staff of the station suddenly came and said, let all participating colleges go to the imperial venue of the game.

When Wallman and Li Tian heard them, they all began to prepare to go to the imperial venue.

"Where is the imperial venue?" Li Tian looked at Dean Wolman and asked.

Dean Wallman smiled and replied: "It is the venue for the illusion contest, located in the center of the Imperial City."

"And this time the other three academies will also arrive at the imperial venue in advance."

When Li Tian heard this, his brows suddenly frowned, and his heart lined up: Do you want to go to the imperial venue? That said, the people from Rock College and Bender College are also going.

Thinking of this in his heart, Li Tian smiled at the corner of his mouth, and then said nothing, and followed Wallman and other students out of the station.

When they just arrived at the gate of the post station, Li Tian and the others saw the member of the Black Shura Academy wearing black robes.

There are more than 30 people in total, and each of them is cold-faced, walking there coldly.

The one walking in the front is a gray-haired old man with extremely high cheekbones, a pair of piercing eyes, and a few elders with terrible spiritual powers around him.

Obviously, these should be the teachers of Black Shura Academy.

"Wow, this is the Black Shura Academy where the Empire has won the first place in the competition every year?" The students in the crowd at the Adro Academy not only said in surprise there.

"Yes, it deserves to be the first academy, so impressive."

"Well, much better than our Edro looks."

These students seemed to be a little bit ashamed in that one by one.

Where is Li Tian? He just blinked his eyes and looked at the person from the Black Shura Academy. After a careful look, he didn't say much, followed behind and walked forward silently.

Black Shura Academy is obviously going to the Nadi Metropolis too!

They walked ahead, mighty.

On the contrary, the third-rate academy, Edrow College, followed like a gangster.

Soon, after crossing several crowded streets, they arrived at the imperial venue.

From a distance, you can see a huge round building in front of it. The huge round building is as tall and majestic as the Colosseum in ancient Rome.

This is the first venue in the empire, so it can definitely be said to be extremely vast.

And two days later, the Empire's Illusion Contest will also be held in this huge venue.

When they arrived at the gate of the imperial venue, a special person had been sent there to receive them.

I saw the reception staff, first after receiving the famous Black Shura College people in, and then began to receive the people from Adro College.

"People from Adro Academy will live in the Westfield area. During this period, if you have any questions or needs, you can contact the people in our venue at any time." Just listen to a fat man there. Said with a smile.

After hearing this, Wollman smiled and said, "Thank you, thank you."

As he said, he led the people of Adro and walked into the venue.

Li Tian did not follow up directly, but suddenly walked towards the fat man who was talking just now. After reaching his side, he only heard Li Tian ask there and say: "Hello, may I ask Bander Academy? Has anyone from Rock Academy come?"

The fat man turned his head and glanced at Li Tian, then squinted his eyes and said, "Come! The students from Bander College came early in the morning. They live in the East Court, while Rock College is in the South Court. Area."

After hearing the fat man in front of him say so, Li Tian not only smiled slightly, but said, "Thank you."

Then Li Tian followed that Wallman and others into the venue.

As he walked, Li Tian said in the dark: The people at Band College and Rock College had never thought that they had already arrived at the imperial venue! It seems that I can see them soon.

At this moment, but seeing that under the leadership of Na Wolman, they walked towards the west court area.

As they were walking, a few beauties in white robes suddenly walked out from the east court area. Those beauties were beautiful female students of the water system illusion of Bender Academy.

They were joking and walking out from the east court area.

Look carefully, one of the girls with the most beautiful looks at the front turned out to be the beautiful student Isha.

Suddenly when they came to this side, their eyes saw Wolman and the others.

"Sisters, look over there, are those Adro Academy that participated in the Empire Illusion Contest for the first time this year?" Only a slender girl said there.

As she said, she pointed at Walman and the others.

Wallman, Li Tian and the others, because they were facing the beautiful Isa and the others, did not find the beautiful Isa and the others behind, they were still walking there.

"Well, it should be." Just listen to the beauty Isha nodded and said.

"Hey, this academy looks...it looks...it's not so good? Look at their students...dressing up like that...it really is a third-rate academy." The slender girl muttered Tao.

"Siqin, don't talk about other colleges! They are little illusion schools after all!" Beautiful Isha said.

Chapter 2675: Something big

After hearing what the beauty Isha said, the slender beauty hurriedly closed her mouth and stopped talking.

What about that beauty Isha? He raised his eyes and looked at the back of the Walman group.

Suddenly, her beautiful eyes fell on the back of one of them, and then her heart suddenly slammed.

"Why, why is that back figure so familiar..."

"So like him?"

When the beauty Isha suddenly recognized that figure, she was taken aback.

"Li Tian?"

"Oh my God, wouldn't it be Li Tian?" Isha, the beautiful woman at the moment, recognized it.

The beautiful classmates around that suddenly heard Isha muttering in that mouth, and her expression was dull, so they quickly asked, "Isha, what's the matter?"

But what about Isha? After staying for two seconds, he suddenly chased the Adro Academy team in front of him like crazy.

"Isha."

"Isha, what are you doing?"

The voices of the girls behind sounded there.

It's a pity that the beauty Isha has chased the place of Adro Academy in front of her like crazy.

While chasing, Yisha suddenly shouted there, "Li Tian! Classmate Li Tian..."

With the voice coming, Li Tian who was walking in the front place suddenly seemed to hear someone calling him, not only turned his head slightly.

At the moment he turned his head, he saw that beautiful girl Isha was chasing after him.

Li Tianyi was taken aback.

"Isha?"

And what about the beauty Isha? The moment I saw Li Tian turned his head, I saw Li Tian and the strange bronze mask on Li Tian's face.

"It's really Li Tian, it's him."

At this moment, when Li Tian saw Li Tian, he didn't say anything. Following Walman in front, they suddenly walked in toward the west court.

Since each field was not allowed to enter from other colleges, Yisha stopped depressed after chasing to the door of the west field.

"Oh my God, Li Tian, how could Li Tian be with the students of Adrot College!"

"What the **** is going on?" Na Yisha stood at the door of the west court, staring at the disappearing back of Li Tian and Wallman and others, and was shocked there.

She is confused now.

She couldn't understand how Li Tian would stay with the students of the third-rate college Edro College! And the most depressing thing is that Li Tian's dress is obviously exactly the same as that of the Edro student... Could it be said that... Li Tian became a student of Edro College?

When I thought of this in my heart, Yisha suddenly widened her eyes.

"I want to tell all the teachers and the old dean of this matter quickly."

After making this decision in her heart, Yisha suddenly turned around and ran to the east court quickly.

When the girls over there saw Yisha running back in a hurry, they were not only taken aback, they looked at Yisha and said, "Isha, what did you do just now?"

"Yeah, why are you chasing after those students from Adro College?"

Listening to these girls asking this, Yisha showed an ugly look on her face and said: "Sisters, I'm sorry, I can't go shopping with you anymore. I have a major event and must report to the old dean. , There are other teachers, sorry."

After that Yisha finished speaking, she suddenly ran towards the east court area.

However, the remaining beautiful students were stunned there one by one, and no one knew what Yisha was doing!

...

East field area.

As soon as I walked in, I could see the familiar faces of Bander College.

There are students from the Thunder and Lightning Department wearing purple clothes, and those from the Fire Department, walking back and forth, talking and laughing.

I saw the old Dean Hollis sitting in the middle of a huge living room.

I don't know why, the old Dean Hollis who has not seen him for a few days now looks a little haggard...At the same time, there is also some sadness in his eyes.

Sitting next to him were the teacher of the Thunder and Lightning Department, Anderson, and other teachers.

"The old dean, the Black Shura Academy, and the people from Adro Academy, I heard that they have all arrived." At this moment, I heard Anderson in front of him saying that.

The old Dean Hollis said with a slight graciousness: "This year, the game is ahead of schedule. Everyone must be prepared."

The teachers around also nodded slightly.

"It is said that this year the students of Black Shura Academy have increased the intensity of illusion skills." Loft, the fire illusion teacher over there, said with a worried expression on his face.

When he said this, the other teachers also sat there frowning.

"In the past, three academies participated in the competition. This year, another Edrow Academy was added...Although we have no contact with Edrow Academy, we still have to be careful." Cyril said over there.

"I don't worry about that Edro third-rate college, I only worry about Black Shura Academy." Anderson said there.

The old dean listened to the discussion of the surrounding teachers and smiled calmly and said: "I only hope that the students in our college will do their best!"

Listening to the old dean's words, all the teachers were silent at this moment.

At this moment, suddenly an extremely anxious voice came from a distant place.

"Old dean, old dean."

With the voice coming, the old Dean Hollis not only frowned slightly, but the other teachers also said depressedly: "Which student is yelling here?"

After the voice came, I saw the beautiful classmate Yisha in white, who looked like a fairy, running in from the front with an anxious expression on her face.

Evelyn, who was sitting in the hall, couldn't help but frown when she saw Isa rushing in in a panic, "What is Isa doing? Why is she so worried?"

The rest of the teachers, as well as the old Dean Khris, also saw the beauty Isha at this moment.

"Old Dean." Isha panted and yelled after running into the hall in a panic.

Then Anderson said with a cold face, "Student Yisha, how did your teacher teach you? Why is it so rude?"

Evelyn heard that Anderson said about herself, and immediately snorted: "Teacher Anderson, you said I am a student, there is no need to involve me, right? What do you mean?"

"I..." Anderson still wanted to speak, and at this moment, the old dean smiled.

"Calm down everyone."

Then the old dean Hollis looked at the panting Isha and said, "Isha, what happened? Why are you so panicked?"

But seeing that Yisha was panting, she exclaimed in her mouth: "Old Dean, it's not good, something has happened."

Chapter 2676: Fury

When Isha suddenly said such a word, the old Dean in front of her eyes frowned.

The rest of the teachers are also there looking at Isha.

"Student Yisha, don't worry, you say slowly, what's the matter?" the old dean asked.

But seeing that Yisha took a deep breath, and then said: "Old Dean, I saw Li Tian, I saw Li Tian classmate."

When Li Tian's words came out of Na Yisha's mouth, they suddenly hit everyone's heart like a bolt from the blue sky.

Li Tian!

A genius who was once a true and true genius, but unfortunately was mistaken for a waste by Bander College, and expelled from the college.

For this matter, the old Dean Khris stayed up all night, always blaming himself deeply!

He blamed himself for losing not only a talented student, but also the confession of Na Long to himself. In these few days, no one knew the pain and confession that the old dean endured.

At this moment, when the beauty Isha suddenly said the name of Li Tian, the old dean Heris suddenly trembled slightly.

"What Li Tian?" The old dean exclaimed.

At this moment, even the surrounding teachers showed their shocked names.

No way, the current name of Li Tian has become a pain point in every heart of Bander Academy, so when Li Tian's name was said, everyone present was not only stunned.

When the shocked voice of the old dean was speaking, Isha in front of him quickly replied, "Yes, yes, it is Li Tian!"

Just when Yisha was about to say it, it was when she saw Li Tian at the imperial venue. Suddenly, Anderson said angrily, "Yisha, how did you mention the name of a rebellious student? Don't you know That student, have we completely expelled it?"

Hearing a loud shout from Anderson, Isha was startled.

It can be seen that this Anderson is quite angry with Li Tian! No way, Li Tian almost hurt that Anderson at the beginning, and Anderson belonged to a character with a small belly, and it was not surprising that he hated Li Tian.

Just when Yisha was standing in the middle of the living room with great embarrassment, Evelyn suddenly said: "Isha, it's okay, just say... You said you saw Li Tian, where did you see it?"

With that Evelyn said this, the beauty Isha mustered up the courage and said: "I was... just saw him just now."

"what?"

"Where?" The other teachers here also asked in surprise.

The beauty Isha said: "I am in the imperial venue."

"What? The imperial venue? How could Li Tian enter the imperial venue?" Old Dean Khris asked with horror on his face.

"Yes, Isha, are you wrong? Li Tian is no longer a student in our college, how could he enter the empire's venue?" Evelyn said there too.

I only heard that beautiful girl Isha said there: "Old dean, teachers, you all understood it wrong."

"Li Tian has indeed entered the imperial venue, but he didn't come in because of our Bander Academy, but followed the people from the Edlow Academy." Yisha said.

what?

When Isha said so, the old dean Hollis and several other teachers suddenly bounced from their seats.

Everyone's pupils widened!

shocked!

After staying for a few seconds, they reacted.

"What? Isha, what did you say? You said Li Tian followed Adro Academy into the venue? What do you mean?" Old Dean Hollis suddenly said in surprise.

Then Yisha said there: "Actually...I don't know. I just saw him just now. He followed the students of the Edro Academy and entered the West Field! And...and..."

"And what? Say it quickly." Old Dean Hollis asked impatiently.

But seeing that Yisha bit her lip, she thought for a while and said: "And Li Tian seems to have joined the Edrow Academy...because...because...he wears exactly the same clothes as the Edrow Academy students!"

When Isha said so, her words undoubtedly became a heavy bomb!

Suddenly fell into the hearts of the old Dean Heris at the moment.

what?

Li Tian entered the imperial venue, and also became a student of the third-rate college Adro College?

This...this...this...How can the old dean accept it?

At the beginning, he regretfully fired Li Tian! But I didn't expect that Li Tian would follow the third-rate college, Edrow College...

And also entered the imperial venue.

Could it be that he also wants to participate in the rhythm of the Empire Illusion Contest?

Is he here to prepare for revenge?

"How...how...this will happen!" The old dean suddenly sighed with emotion.

At this time, the rest of the teachers were all there in a daze.

"Isha, did you really see it clearly? Are you really sure that Li Tian has entered Adro Academy?" Evelyn quickly asked again.

But seeing Yisha there quickly nodded and said: "Teacher, I will never lie!"

"I saw Li Tian just now. In order to confirm that it was him, I deliberately chased him up and called him! And he turned his head back... It's just that he didn't pay attention to me and went straight. Turned around and left." When it came to this, Isha not only had a sense of loss.

After Isha said so, everyone was silent in the entire living room at this moment.

The dull atmosphere was filled with embarrassment, and every teacher was thinking about complicated things in his mind.

"It seems that it is really Li Tian."

"He really came to the imperial venue."

"Did he really join that third-rate college, Edro College? He has only been away for a few days... why... how could he join which college so quickly?"

Amid the surprise of all the teachers, Suddenly, Anderson said angrily: "Damn traitor! He just left our academy and joined another academy!"

"Hmph, such a rebellious student, really deserves to be destroyed!"

"The illusion he studied at our Bender Academy, but now he works for the third-rate academy Edro... the old dean, I personally think that we should abolish that kid's illusion! After all, his illusion is from our academy. Yes." Then Anderson suddenly angrily said.

Hearing that Anderson said so angrily, that Evelyn suddenly dissatisfied and said: "Anderson, although I am also surprised by Li Tian's move, it is too much for you to abolish Li Tian's illusion skills. After all, when he was in Bander College, no one had taught him the illusion skills he practiced."

"Huh, who said no one taught him illusion? Isn't Moore his teacher?" Anderson backed back angrily.

Then Evelyn suddenly sneered: "Moore? Go and ask him yourself, ask Li Tian, did that guy teach Li weather illusion while he was at Bander College?"

When Evelyn said this suddenly, Anderson groaned in anger.

Yes, why does Anderson waste Li Tian's illusion skills?

After all, Li Tian's illusion skills are basically self-taught.

Chapter 2677: Late night conversation

Seeing that the teachers of Bander College were arguing there at this moment, all of a sudden, only the old Dean Hollis yelled.

"Shut up all to me." A roar yelled from the mouth of the old Dean Hollis.

After the old Dean Hollis yelled out, all the teachers immediately closed their mouths and stopped arguing.

I just listened to the old dean continuing to say: "This matter ends here. From now on, no one is allowed to mention Li Tian's name to me again. Do you understand?"

After the old Dean Hollis roared, the teachers in front of him nodded and said, "Yes."

"The meeting is over."

After the angry old dean yelled one last word, he got up and strode out of here.

After the other teachers saw the old dean left, they didn't speak any more, and then one by one got up and left.

...

Li Tian had already followed Na Wolman to the west court at the moment.

There are already prepared bedrooms in the west field area, as well as a lounge and so on.

After Walman and the others came in, they both happily rested in the hall.

Li Tian also found a corner and sat down quietly, then recalled what had happened.

"Unexpectedly, I was seen by Isha as soon as I arrived at the imperial venue... Hey! If nothing else, the kind-hearted girl should have told the old dean about this matter?" Li Tian Thinking about it there.

There is nothing wrong with Li Tian's guess.

Isha had indeed told the old Dean Khris about seeing him.

Li Tian sat there in silence for a moment.

At this moment, suddenly I saw Walman from Adro College walking towards Li Tian.

After he walked over, he was small, then looked at Li Tiandao and said, "Classmate Li Tian."

Li Tian glanced at the Dean Wallman in front of him, turned his head and said faintly: "Dean Wallman is looking for me?"

"Haha, it's actually nothing, but when we entered the court just now, I seemed to hear someone calling your name... and it seemed that a girl was calling you. I wonder if you heard that?" Suddenly said.

It turns out that this Walman also heard the voice of Yisha called Li Tian just now, so he couldn't help but look at that Li Tian and asked.

But seeing that Li Tian heard that Walman said so, he nodded and said, "You got it wrong."

Wolman saw that Li Tian didn't admit this, so he smiled there and said, "Well, I might have heard it wrong."

Then after Wolman finished speaking, he left Li Tian's side.

What about Li Tian? He stood up at the moment, and then he found a free room and rested there.

After watching that Li Tian left, Walman's brows wrinkled slightly, and he couldn't help but secretly said: Why didn't this Li Tian admit it? I clearly heard someone calling him just now, and he looked back...Why didn't he admit it?

After thinking about it, Wallman said: "Forget it, don't care about your own affairs anyway! Besides, people may have private affairs."

After Dean Wollman comforted himself, he did not continue to question too much.

But he said that Li Tian found an empty room to rest for a while, but he did not expect that he slept for a while and then slept all afternoon.

When he was awake, it was already night.

The sky outside was completely dark, but in this empire venue, there were indeed sparkling lights shining there.

Li Tian got out of bed, then glanced at the dark night sky outside, then opened the door and Li Tian walked out alone.

After going out, Li Tian wanted to wander around in this imperial venue alone.

Because this empire was very big, after Li Tian walked out, he walked alone under the night sky.

Occasionally a slight cold wind blew through, and Li Tian felt comfortable all over.

In this way, Li Tian walked forward step by step.

I don't know how long I left...Suddenly Li Tian felt as if someone was following him.

When he felt it, Li Tian was suddenly full of extremely powerful spiritual power, and then roared: "Who? Who is following me?"

Li Tian turned around coldly and asked.

Through the dark night, a figure was standing tens of meters ahead.

When Li Tian saw that figure, he immediately accumulated strong spiritual power in his hands, and looked at the voice coldly and said, "Who are you? Why follow me?"

Following Li Tian's words, suddenly I saw the figure walking towards him step by step.

Li Tian is ready to attack at any time.

He was looking at the figure with extremely cold eyes.

When the black figure approached him more and more, Li Tian could see his face clearly through the sparse moonlight.

"Old Dean?" When Li Tian saw his face clearly, he not only called out in shock.

I took a closer look, but saw that it was not someone else who followed Li Tian, but the old dean of Bander College, Herris.

Unexpectedly, he turned out to be following Li Tian.

When Li Tian saw that it was the old Dean Heris, he was not only slightly relieved, but he was extremely surprised.

But seeing that the old dean Heris came over step by step, there was a smile on his face, and when he came over, he looked at Li Tian and smiled.

"Child, I didn't expect you to actually enter the empire venue!"

"I thought it was the classmate Yisha who had read it wrong, but I didn't expect it to be you." The old dean Heris smiled and said while looking at Li Tian at the moment.

Especially when he saw that Li Tian was wearing Adro Academy costumes, the old Dean Hollis' brows wrinkled not only for an instant.

But seeing that Li Tian heard the old dean say this, he not only smiled slightly, but did not speak.

"Child, there are some things I want to ask you." Old Dean Hollis suddenly said.

Li Tiandao said, "Please speak."

"I want to ask you, did you really join Adro Academy?" the old dean asked straightforwardly.

When Li Tian heard the old dean say this, he did not continue to conceal it, so he said: "Yes."

"Why? Why did you choose this college? Instead of choosing our Band College?" the old dean suddenly asked.

Li Tiandao: "Not why!"

"Is there no reason?" the old dean asked.

Li Tiandao: "If you want to talk about the reasons, I think at least there is one Bander College that will never be able to compare to this third-rate Edrow College, that's popular!"

"Human heart?" The old dean was not only taken aback after hearing this.

Chapter 2678: Worst enemy

Li Tiandao: "Yes, it's the human heart!"

"At the very least, I, Li Tian, stayed at Edro College, and I was not despised or looked down upon! Old Dean, I also have dignity, and I am also a human! Besides, I am not the same type of person as you!"

Listening to Li Tian roaring these words, the old Dean Hollis sighed there: "Hey, boy, I know you have suffered a lot of grievances at Bander College! But not all young people Is it that way? They laugh at you and despise you because they may not know you well!"

When Li Tian heard this, he sneered immediately.

"Is it?"

"But, I don't think it is like this."

"I think they look down on me from the bottom of their hearts... They don't want to accept me from the bottom of their hearts! So instead of staying in an unacceptable college, I might as well change to another college."

Hearing what Li Tian said, the old Dean Heris in front of him was not only depressed.

"Then you are really ready to join Adro Academy in the future?" Old Dean Hollis asked.

Li Tiandao said: "Yes!"

"Not only that, I will also participate in the Empire Illusion Contest on behalf of Adro Academy."

When the old dean heard Li Tian say this, his mouth suddenly muffled.

He wanted to keep Li Tian, but unfortunately, the deal was done and he couldn't keep him. Now he heard that Li Tian said that he would replace the students of Adro Academy in the Empire Illusion Contest. How could he not be depressed as the opponent of the old Dean of Bander Academy.

"It seems that the old man can't persuade you?" The old dean Khris sighed.

Li Tian did not speak, standing under the night.

"Hey, since you insist on doing this, the old man can't help it."

"Now, we can only meet at the Empire Illusion Contest." The old dean finally said.

Li Tian watched the old dean spit out a word and said, "Okay!"

Then the old dean didn't say anything, just raised his head and glanced at that Li Tian, and then a person turned his head silently and walked into the darkness.

What about Li Tian?

Standing there looking at the back of the old Dean Heris... not only did he feel that his decision seemed too cruel!

At least when he was at Bander College, this old man treated himself well!

When thinking of this in his heart, Li Tian not only blamed himself, but he quickly changed his mentality.

"Forget it, I made the decision myself! Now that I have made a choice, I can only do this."

After Li Tian murmured these words in such a mouth, he suddenly stepped towards the darkness step by step.

When Li Tian went back, it was already midnight.

After returning home, Li Tian didn't think too much about any problems. He lay on the bed and rested.

On the next day, there was nothing big.

Li Tian continued to stay in the room alone.

...

On the contrary, after meeting Li Tian, the old dean Hollis was more depressed.

Early this morning, the old dean summoned the teachers from Bander College.

Anderson, Evelyn, Cyril, and Loft all rushed over early.

After rushing over, they saw the anxious face of the old dean.

"Old Dean, calling us so early in the morning, is there something big?" Just listened to that Anderson and the others, blinked at the old Dean Hollis and asked.

But seeing the old dean Heris frowned and said, "Yes!"

"Last night, I went to see that Li Tian." A word suddenly came out of the old Dean Heris's mouth.

Hearing what the old Dean Heris said in front of him, the teachers in front of him were not only taken aback.

what?

"Old Dean, have you seen that Li Tian?" The teachers exclaimed.

The old Dean Khris nodded and said, "Well! Besides, I also know that the kid has indeed joined Adro Academy."

As the old Dean Khris said so, Anderson yelled, "Traitor!"

I saw the old dean continue to say there: "As far as I know, Li Tian will represent the Adro Academy in this time the Imperial Illusion Contest."

When the old dean suddenly said this, all of the teachers present suddenly showed an extremely ugly expression on their faces.

what?

"That kid actually wants to participate in the Empire Illusion Contest? And it also represents the Adro Academy?" They exclaimed at once.

Then there was an extremely ugly look on everyone's face.

Because they all know how powerful Li Tian is! Especially that terrible Qi illusion!

The shocking scene of Li Tian last time at Bander College is still deeply imprinted in the hearts of every teacher!

And now, Li Tian will represent the Adro Academy in the Empire Illusion Contest...

At this moment, all the teachers are speechless! An extremely ugly look appeared on everyone's face.

Just listen to the old Dean Hollis saying there: "Presumably everyone knows how powerful Li Tian is...so I called you over early in the morning to discuss this matter."

"Old dean, that kid's strength has reached the point of perversion... If he participates in the illusion competition... then... it is really difficult to handle." Just listen to the arrogant Anderson who was not only panicking at the moment. Extremely Tao said.

But seeing the old Dean Hollis said there: "What you said is not bad!"

"It is for this reason that I called you together quickly."

"Before, we always regarded Black Shura Academy as the number one enemy. Now, it seems that we are about to shift our target! I believe that the strength of that child is definitely more terrifying than the students of Black Shura Academy." Long Hollis spoke out.

When he said this, every teacher showed shock on his face.

"I think our biggest enemy now is that child!"

"If our students from Bander College meet Li Tian on the playing field, there will definitely be only one result, and we lose!!!"

The old dean said.

Listening to what the old dean said, every teacher present was silent here, because they knew this was the truth.

"Then what should we do?" Just listen to Anderson asking anxiously.

The old dean Heris sighed deeply and said: "There is no way now!"

"For the current plan, we can only look at luck! I hope that when we are in the competition, we will never play against Li Tianfen!" The old dean said at last.

Chapter 2679: Before the illusion contest

The illusion contest will be held tomorrow.

At this moment, every illusion school is waiting for the next day.

Only Li Tian stayed in the room leisurely at this moment.

While Li Tian was staying in the room, a knock on the door suddenly came over.

Li Tian heard someone knock on the door and said, "Come in."

After the room door was pushed open, I saw a student from Edro College wearing a gray robe. When the student saw Li Tian, he looked at Li Tiandao with a look of respect in his eyes; Classmate Li Tian, the dean asked us to gather."

Hearing what the student said, Li Tian nodded and said, "Okay, I get it."

He said that he walked off the bed, and then followed the student in front of him step by step towards the front.

When he arrived at the living room, Li Tian saw that all the students in Adro had assembled, and that Walman was standing alone in the front.

When seeing Li Tian coming at this moment, Walman not only smiled and shouted: "Classmate Li Tian."

Li Tian responded slightly, and then walked over.

"Dean Wallman, is there anything wrong with gathering so urgently?" After Li Tian walked over, he looked at Walman and asked.

But seeing that Dean Wolman smiled and said, "Yes."

"Just now, the staff at the Empire Hall has already conveyed the news that the contestants and teachers from each of our colleges are going to visit the competition site." Na Wolman said.

When Li Tian heard this, he secretly said: So that's what happened.

After listening to Dean Wolman, he looked at Li Tiandao with a smile and said, "Student Li Tian, this time the Imperial Illusion Contest, we at Adro Academy really shouldn't participate in it... Hey, ours Students, because of the attack of the demons, three died, so far there are only two beginner level 2 illusion students...so this time, we can only rely on you."

Li Tianyi not only frowned.

Elementary Level 2?

This level is a bit too low!

This kind of strength is everywhere at Bander College! It seems that this Adro Academy is really weak enough.

Although Li Tian thought this in his mind, he did not directly say it. He just smiled there and said, "Okay, I get it."

"Don't worry, I will definitely try my best." Li Tiandao.

Listening to Li Tian's words, not only did Wolman become happy, but the students of Adrot College beside him all smiled.

"Well, with your words, we are relieved."

Wallman said last.

Now they are gathered together and waiting, waiting for the personnel of the imperial venue, because they are going to visit the venue of the game.

After a while, I saw two imperial meeting personnel wearing black costumes approaching.

After walking over, he said to the crowd: "Please line up in order, and then follow me, we will enter the venue of tomorrow."

After the venue staff finished speaking, Na Wolman said in that way: "En."

Then let each classmate line up, and then one by one followed the staff of the venue to the front.

After walking a few roads, I saw a huge stone gate standing in front. The staff took out the key to open the stone gate, but saw a huge circular square appear in everyone's eyes. In the eyes!

The square is very big and big, with audience seats around it.

Just like the Colosseum in ancient Rome.

"Here is the venue for your game tomorrow." The staff at the venue said to Wolman.

Wallman, as well as the students behind him, looked at the huge square, and everyone felt a little timidity! After all, these students have never shown their strength in such an occasion.

"The place on the east side in front is the audience seat of your Edro Academy! Tomorrow, you can sit there and watch the game if you don't participate in the illusion competition."

After listening to them, Wolman nodded there.

After a brief introduction, the people at the venue said, "Is there anything you don't understand now?"

Wallman said, "No more."

"Very well, then you can go back. At 8 o'clock tomorrow morning, gather at the venue on time! Participate in the game." The venue staff said.

After speaking, they took Wolman and left the field.

After Walman and Li Tian came back, they all felt shocked.

Those students were all talking with laughter: The empire's game venue is really big and magnificent!

Hearing what the students said, then Wolman said there: "Dear students, don't practice anymore tonight, take a good rest! Tomorrow, you will represent us at Adro Academy! Although our Adro Academy is a small academy and cannot be compared with those big illusion schools, I still believe in you, I believe you will win dignity in the arena!

Listening to what Walman said suddenly, all the students in front of him were not only excited.

After Dean Wolman said a few words of encouragement, he asked the students to take a good rest and welcome the next day's competition.

At this time, Li Tian also left and went to his small bedroom to lie down and rest.

Lying on the bed, Li Tian thought in his heart: "The game will start tomorrow. I really don't know who the first opponent I will meet will be!"

Li Tian thought about it for a while, and then lay down on the bed to rest.

This night, Li Tian slept very soundly. In his sleep, he dreamed of his favorite Situ Ningbing.

It's a pity that Situ Ningbing didn't seem to know him. Li Tian kept chasing and shouting there, but Situ Ningbing ignored him from beginning to end.

"Ningbing...Ningbing..."

With an exclamation, Li Tian suddenly woke up from the bed.

When I was sober, I saw Li Tian's face in cold sweat!

Li Tian wiped the cold sweat from his face before realizing that he had a nightmare.

Lifting his eyes, Li Tian looked at the dark room, muttering in his mouth, "Ningbing, where are you?"

Then Li Tian lay down on the bed again.

In the middle of the night, Li Tian didn't fall asleep again. He kept thinking about his favorite Situ Ningbing. He didn't know where she was.

I thought about that silently, and in a blink of an eye, it dawned.

Chapter 2680: Where is Li Tian?

The time for the Empire Illusion Contest is coming. .

Early in the morning, I saw Li Tian wake up early. After opening the doors and windows, a fresh air came in, and Li Tian took a deep breath.

Looking at the clear sky outside, Li Tian suddenly muttered in his mouth: "The game is about to begin."

After speaking, Li Tian quickly walked out of the room and walked towards the courtyard on Walman's side.

When he arrived at the courtyard, he saw that the students of Adro College got up earlier than him, and they were all dressed neatly, standing in the courtyard.

Even Dean Wallman changed into a nice dress and sat smiling in the hall.

"Li Tian, you are here." At this moment, Wolman saw Li Tian walking in from outside, not only hurriedly said there.

Li Tian smiled and walked in.

Looking at Wolman, they said, "Dean, why are you all up so early?"

Wallman smiled and said: "It's true that this is the first time we Adro participated in the Empire Illusion Contest, so every student, including me, was a little excited."

Li Tian smiled slightly after hearing Wolman's words.

To be honest, Li Tian also has a faint excitement in his heart now, but he rarely expresses it.

After saying this, Li Tian followed every student of Adro Academy, waiting for the start of the Empire Illusion Contest.

Finally, after waiting for an hour in the torment, the personnel from the imperial venue finally arrived.

The man is not tall, but his eyes look piercing.

Following his arrival, I listened to him and said: "Adro Academy, now entering the competition venue."

After listening to the man, they saw that under the leadership of Wolman, they followed the man step by step towards the venue.

Li Tian followed closely behind.

When they were about to enter the competition venue, they suddenly saw students from another college walking towards the competition venue in an orderly manner.

Look closely, that college is Bender College.

The leader is the old Dean Hollis.

When the two colleges met, Li Tian was not only slightly embarrassed.

And the old dean of the Band College, Khris, and the teachers such as Anderson, Evelyn, all saw Li Tian and the students of Adro College at this moment.

"Look at it... Is that Li Tian?"

"Yes, it's him!"

"Oh my god, he actually joined the Edrow Academy?"

"I heard that he will also participate in the Empire Illusion Competition?"

"His strength is very abnormal. If the contestants of our academy meet him, it will be over."

"Hope... I hope... we don't meet that pervert."

After seeing Li Tian, the students of Bander College not only showed their shocked eyes.

Standing among a group of female students, Yisha was also looking at Li Tian with her beautiful eyes blinking like water.

But what about Li Tian? Hearing their voices, they were indifferent.

It's as if he didn't know the Bander Academy. He didn't even look at the classmates and teachers of Bander Academy. He walked straight along with Walman and the others towards the imperial competition venue. go with.

But after seeing that the old dean of Bander College saw Li Tian and the others stepping into the venue, he not only sighed for a long time, then turned his head and said to the students of Bander College behind him: " Go, go in."

After speaking, he took the students from Bander College into the venue.

It was said that Li Tian was not only stunned after following the Walman and the others into the game venue.

I saw there was already a lot of people inside, and crowds of onlookers were everywhere.

It turned out that in the imperial illusion contest, the rich and famous people in the capital would come to watch it, and the tickets were quite expensive.

I saw the citizens of Imperial City sitting all around on the vast square.

On the side, you can see the members of the Black Shura Academy who are dressed in black and have a cold look.

The Black Shura Academy has the largest number of members, sitting there in rows, headed by an old man with snow-white hair. The old man's eyes are as cold as electricity, sitting motionless, looking at Ai who walks in. Member of Dro College.

"That's the third-rate college, Edro?" Hearing that the white-haired old man suddenly looked at Walman in his eyes, they asked,

Sitting beside a man with a hooked nose, the man in a black robe said, "Yes."

"They don't seem to have much strength in this academy." The white-haired old man suddenly muttered.

The eagle-eyed man sneered: "A third-rate academy can just ignore it."

The white-haired old man suddenly smiled faintly, and then said nothing.

Next to them is Narok College!

Li Tian could see the members of the Na Rock Academy from a distance, as well as the little beauties I knew before: Mayvis, and the handsome Edgar and them.

Li Tian saw them from a distance at this moment.

But seeing Mayvis, they didn't seem to pay attention to the Edro College side. They blinked and looked at the back place, as if they were looking for the classmates of the Bander College.

"Why haven't the people from Bander College come in yet?" Mayvis said anxiously, blushing.

Sitting next to him was the dean of the Academy of Sciences, Mayvis's father. He looked at Mayvis and said: "Daughter, you will tell me later, that guy who saved you before?"

"I want to see what that guy looks like with such a powerful strength." The Dean of Rock Academy said there.

Mayvis nodded and said, "Okay!"

Then Mayvis continued to observe with her beautiful eyes.

After a while, I saw students from Bander College enter the venue one by one.

After entering the venue, Na Mayvis blinked her beautiful eyes and looked for Li Tian's figure. She didn't know that Li Tian had left Bander Academy, so she was still looking for it at the moment.

Looking at everyone in the Bander Academy, Mayvis not only frowned at once.

"Hey, it's weird, why didn't you see that classmate Li Tian?" Mayvis said suddenly.

The Dean of Locke Academy sitting next to him, when he heard his daughter say this, he suddenly said: "Daughter, what do you mean?"

"Dad, something is wrong, why didn't I find Li Tian before that."

When the dean of Rock College heard this, he raised his eyes and looked at the students of Bander College at this moment.

"Daughter, did you read it carefully?" the Dean of Rock College asked.

Mayvis took a closer look there again, but still didn't find the figure of Li Tian, not only was she stunned right now.
