

## **A Killer 2681**

Chapter 2681: Draw lots

"Dad, I really didn't find that Li Tian." Mayvis said there with a surprised look.

After finishing speaking, but seeing that Mayvis suddenly looked at Edgar beside him and asked, "Edgar, how about you? Did you see Li Tian?"

The handsome Edgar frowned at the moment and shook his head and said, "No,"

"Strange, isn't the Bander Academy not allowing the terrifying Li Tian to participate in the Empire Illusion Contest this time?" Edgar said in confusion.

They don't understand what is going on.

As the dean of Locke Academy suddenly laughed.

"well!"

"At first I thought that kid was a threat... Now he hasn't participated in the Empire Illusion Contest. This is of course a happy thing for us. Don't forget, if he participates, he will be our enemy." The Dean of Narok College said with a smile.

At the moment, Mayvis looked disappointed, sitting there restlessly.

She really couldn't understand why Li Tian didn't come to participate in the Empire Illusion Competition.

And when the Rock Academy thought that Li Tian did not participate in the Empire Illusion Competition, he saw that Li Tian had already followed the candidate of the Edro Academy and sat in their area.

And Bander College also sat in its place.

"Are all the people from the academy here?" Suddenly a very loud voice came from the center of the field.

Look carefully, but in the center of the venue, a chubby man in a Chinese suit smiled and said.

He is the owner of the Imperial City Hall.

Along with his voice, I only heard the lively calls coming from around.

"It's all here,"

The chubby man smiled when he heard it.

At this moment, I continued to use a loud voice to say: "Today, it is the illusion contest held every three years in our Spirit Earth Continent. On behalf of all the citizens of the Imperial Capital, I welcome the arrival of the four colleges.

As his voice sounded, there were thousands of citizens of the imperial capital sitting around, so they all applauded warmly.

Vigorous applause echoed all around.

After the ringing, the fat man continued to say: "When the bell of the imperial capital rings, our illusion contest will begin."

"Now, I want to announce the rules of this year's illusion contest."

When the fat man said so, the surrounding crowd fell silent and listened carefully.

"This year's illusion contest is different from previous years, because this year there is one more academy, there are four academies in total, so we have to implement the elimination system!"

When the fat man said that, the surrounding major illusion schools not only said in a surprised way: "elimination system?"

"This hasn't happened in previous years!"

"What is the elimination system?"

"do not know!"

Just listen to the voice coming from the crowd.

The fat man smiled slightly and said in the middle of the scene: "Be quiet, everyone, now let me introduce the rules of this elimination system."

"The so-called elimination system is that the four colleges must first draw lots. The selected side will play against the other side, and then the game will be played. If there are 5 students participating in each college, as long as 3 students win, then they will be promoted. , And the loser will be eliminated! Then the winner will compete with the winner of the other group for the final match!"

The fat man introduced.

After the fat man finished the introduction, the four colleges basically understood.

I saw that Li Tian not only frowned deeply.

"How could a match like this?"

"If this is the case, then Adro Academy will definitely be eliminated first!" Li Tian thought there.

Yes!

If the Adro Academy played in this way, it would definitely be a lot of good luck.

Because the members of their academy are really too weak!

There is no way to win, except for Li Tian! So no matter how Li Tian wins, then Adro Academy will eventually be eliminated! Because their remaining four participating students will definitely not be worth the other three colleges, and it is even more unlikely that someone will win.

Thinking of this in his heart, Li Tian in front of him suddenly became depressed.

But seeing that Wolman was sitting there as a whole lost.

He originally wanted to rely on Li Tian's powerful strength to get a chance to qualify, so it seems that such an idea is simply wishful thinking! Therefore, at this moment, all of Adro's students are not only disappointed in their faces.

At this moment, I suddenly heard the fat man start to say: "Now the contestants of Adro Academy will draw lots! They will draw one side to fight, and the remaining two academies will also hold competitions."

As the fat man said so, all the people in the Illusion Academy raised their eyes and looked towards the Edro Academy.

Seeing that as the dean of Adro Academy, Wolman was suddenly embarrassed.

But he still made a reluctant choice, and saw him facing Li Tian next to him and the remaining four contestants: "Dear students, go and draw lots!"

"Regardless of the outcome of the game this time, I will be proud of you."

After hearing Dean Wollman's words, the students not only nodded.

So he walked out of the crowd, and Li Tian, as Adro's student, not only walked out slightly at this moment.

When Li Tian and four other students all stood up and walked towards the center of the venue, Mayvis, the Rock Academy over there, not only screamed.

"Li Tian... Li Tian classmate?"

Suddenly she called out from the crowd.

She suddenly saw that Li Tian.

The handsome Edgar beside him also blinked his eyes and looked here, and he also saw Li Tian at this moment.

"It's him, it's really him."

"Dean, we have seen that guy... He is in Adrot College." Edgar said in shock.

When the dean of Narok College heard his daughter and the students say this, he turned his head and looked at the meeting place, and said, "Who?"

"The Dean, that's the guy wearing the mask. He is the one who saved us in the Blackrock Mountains before." Edgar said.

The dean of Narok College saw Li Tian at this moment.

"That's him?" the dean of Rock College asked curiously.

Mayvis said, "It's him, it's him."

"But, don't you say that he is a student of Bander College? Why is he now at the third-rate college Edrow College?" The Dean of Rock College asked speechlessly.

That Mayvis also said blankly: "I don't know either!"

"He was obviously at Bander College... how come he suddenly arrived at Edrow College? It's so strange," Mayvis exclaimed there.

Chapter 2682: Game start

Mayvis and Edgar of Rock College were all depressed.

No one thought that Li Tian would join the third-rate college Edrow College.

"Hehe, great." Suddenly the Dean of the Rock Academy laughed loudly there.

When Mayvis heard her father's sudden smile, she couldn't help asking, "Dad, what are you laughing at?"

"I originally thought that kid at Bander Academy... would pose a threat to us, but now he has reached the third-rate Edrow Academy... Haha, even if he is very strong, he can only win one. All of the students of Edro are \*\*\*\* and will definitely lose! So of course I am happy."

"I really hope that this time they can draw our Rock Academy by drawing lots. In that case, our Rock Academy can be promoted smoothly." Only the Dean of the Rock Academy said excitedly.

The students of Rock College in front of him agreed with him after hearing him say this.

At this moment, Li Tian and the other four Adro College students who participated in the competition had already reached the center of the venue.

After seeing Li Tian and the others coming, the fat man not only smiled slightly, then took out a black porcelain box from the side, and placed three pieces of paper inside the black porcelain box.

"Here are the names of the other three academies. Let's start the lottery!" The fat man passed the black porcelain box over and said while looking at Li Tian and the others with a smile.

A young man standing in front of Li Tian looked back at Li Tian and the others nervously, but heard the students behind him say to him, "You smoke."

The boy took a deep breath, then nodded, then reached out and stuffed the black porcelain box.

I saw that the young man quickly reached out and touched a note and took it out.

After taking it out, Li Tian and other classmates were looking at the note in the hand of the lottery teenager with his eyes open.

"Very well, you have already drawn."

"You can open it now to see which college you selected." Just listen to the fat man smiling and looking at the boy.

The boy was a little nervous. After hearing the fat man say so, he nodded there, and then slowly opened the note in front of him with trembling fingers.

After opening, the boy's eyes widened suddenly, and his fingers trembled more severely.

Li Tian and three other classmates standing behind didn't know which college the guy had drawn. At this moment, they couldn't help asking, "Which college did you draw?"

The young man's face was pale, and he turned his head silently on that face, and stammered: "Black...black...Black Shura Academy!!!"

what?

When the boy said these words, Li Tian and the remaining three classmates couldn't help being stunned!

Oh my God, they actually won the "Black Shura Academy!" who is the strongest and won the Empire Illusion Contest every year!

When Li Tian heard that the student said that he had drawn the "Black Shura Academy", he not only shook his heart, but also said in the dark at the same time: That's it! This is really over!

A third-rate academy like Adro is actually going to face the Black Shura Academy, which is the number one in the Spirit Earth Continent. Isn't this looking for death? Looking for abuse? What is it?

The fat man in front of him also heard what the young man said at this moment, and laughed at that moment.

Then he raised his voice and said, "The academy selected by Adro Academy is Black Shura Academy!"

When he said a word, the whole audience was in an uproar!

At this moment, even the other three colleges sitting around were not only shocked.

"What? The guys from Adro Academy selected Black Shura Academy?"

"Are they looking for death?"

"It seems that this person from the Adro Academy is really unlucky... actually selected the strongest Black Shura Academy in the Spirit Earth Continent?"

"Hey, I can guarantee that Adro Academy will lose all of them, and will be eliminated instantly."

...

Discussions from various colleges and universities sounded around.

But seeing the old Dean of the Bander College sitting opposite, Heris, not only frowned when they heard that Li Tian and the others had actually drawn Black Shura College.

The other teachers sitting next to them were also speechless!

No one thought that Li Tian and the others would be so unlucky, so they picked up the Black Shura Academy.

"Hey, it seems that Adro Academy will definitely lose this time."

After the lottery of the students of Adro College was completed, but the fat man said in the middle of the court: "Now, the lottery is over! Adro College will play against Black Shura College, and the rest of Band College will face off. Rock Academy!"

Adro Academy vs. Black Shura Academy! Band College vs. Locke College.

When the result of the lottery was finalized, I heard the fat man on the court, saying: "Now, ask each college to send its own contestants, and then all stand on the square."

Following the fat man's words, I saw that each college sent its own students.

I saw the students sent by Band College, three of them were from the Thunder Department, one from the Fire Department, and Isha from the Water Department!

What about Locke Academy? It was sent: Edgar, and four other handsome boys!

The last ones to appear were students from Black Shura Academy.

There are 4 extremely cruel teenagers at the Black Shura Academy. Among them is a woman in black. The woman's face is very cold, and her eyes are full of viciousness.

After all the contestants stood up, they just listened to the fat man saying: "Now start the competition!"

"The first game is from Adro Academy vs. Black Shura Academy!"

Just listen to the fat man.

When the fat man suddenly said that the Empire Illusion Contest began, the crowd around him suddenly cheered.

At the same time, the major colleges were watching the game with eyes wide open.

"A student from Adro Academy is now sent to participate." Fatty introduced there.

Then the Adro students here, one by one, you look at me, I look at you, Li Tian is standing in the back, just standing coldly.

"The first scene, I am coming."

Suddenly a thin and tall student stood up.

After he stood up, the Black Shura Academy over there also sent a student.

It was a student wearing a black robe with eagle-like eyes. He was not very tall, but he was full of terrifying spiritual power.

After each of the two parties sent a student out, the fat man said: "Now I announce the rules of the game. This year's Empire Illusion Contest will still defeat the other side until the other side surrenders or falls to the ground."

Chapter 2683: defeat!

Down with the opponent? surrender? Only when the game is over. .

When Li Tian heard this at this moment, not only his brows frowned, but he couldn't help but said in the dark, "Why is this imperial illusion contest so harsh? You have to defeat the opponent to win it?"

Just as Li Tian was thinking about it, the fat man suddenly gave an order: "The Empire Illusion Game officially begins now!"

As his voice sounded, there was a burst of thunderous applause around the audience.

Then everyone's eyes were cast on the two players in the center of the field.

One is a thin and tall student from Adro Academy, and the other is an eagle-eyed student from Black Shura Academy.

After the two students walked to the middle, the tall and slender student of Adro had obviously lost a point in aura. His eyes were panicked at the moment, not only standing tremblingly on the court.

On the other side, the Black Shura student looked at the student from Adro Academy with a cruel smile on his lips.

"Boy, if you don't want to get hurt, I advise you to surrender as soon as possible!" Suddenly the eagle-eyed student from the Black Shura Academy spoke, and he looked at Ed, who was fighting against him with extremely cold eyes, Luo student said.

But after hearing the black Shura student finish this sentence, the thin and tall student from Adro College said there, "I...I will not surrender."

"Huh, don't surrender? There is a kind, then don't blame me for being polite."

A roar came out from the black Shura student's mouth.

At the moment of yelling, his right hand suddenly made five fingers into a grasp, and then a purple lightning ball accumulated in the palm of his hand.

And what about the Adro College student?

He was cultivating fire-type illusions. At this moment, seeing members of the Black Shura Academy cast illusions, he suddenly quickly displayed his own fire-type illusions.

The two hands suddenly activated spiritual power, and then two beams of flames jumped out of the palms of the two hands.

This flame is an ordinary flame, and it can be seen that his fire system illusion ability should be below the middle level! Because once you reach the middle level, you will begin to cultivate the underworld, and after reaching the high level, you will start to practice the flame.

Accompanied by his incitement of his own fire illusion, the Black Shura Academy suddenly sneered: "Novice guy?"

"To dare to fight with me is really looking for death."

There was a roar, but seeing the Hawkeye student of Black Shura Academy, took the lead, and his right hand suddenly moved forward. The purple thunder and lightning illusion ball in his hand suddenly flew towards the Edro student at an incredible speed.

The Edro student didn't dare to be careless at all, he quickly dodged, and then the flames in his two hands suddenly pushed forward, and a raging fire "boomed" toward the Black Shura student.

But he said that the Black Shura student didn't even dodge, and shouted directly: "Thunder Dun!"

Immediately afterwards, I saw the burning flames, all blocked by a layer of purple electric light.

At the moment of being blocked, the Edro student suddenly used fire illusion to attack the opponent again, but the Black Shura Hawkeye student no longer gave him a chance.

"Lei Yan Tian Punishment!" Thunder Illusion: Intermediate Illusion

With a loud roar, the Black Shura student suddenly opened his hands, and suddenly thunder formed in the air above his palm.

"broken!"

With a loud shout, the terrifying purple thunder and lightning suddenly all shot towards the Edrow student.

The Edrow student saw the terrible thunder and lightning illusion that the other party had used, and immediately backed away, and at the same time, his face suddenly became tense, shouting there, "Fire escape!"

Then a fire escape shield rose around!

However, his fire escape shield could not stop the terrible blow of the Black Shura student.

Just listen to the terrible loud noise of "Boom"!

Suddenly, a terrifying thunder and lightning slammed on the Edro student's "Fire Escape", and then screamed "Ah", and saw the Edro student's Fire Escape shield directly shattered, and then the terrible lightning directly hit the Edro student's chest.

With a horrible cry, the Edro student was directly shocked to fly, with a bang, and fell heavily to the ground.

what?

Seeing that the Edro student couldn't support even two rounds, he was directly beaten by the Black Shura student and fell to the ground. The surrounding imperial capital people watching the illusion match made a "hush..." sound.

"too weak."

"A student of Adro Academy, can't even handle the two tricks of Black Shura Academy?"

"Yeah, what kind of broken academy is this Edro Academy? Are such useless students participating in the competition, aren't they afraid of being ashamed?"

"Hey, really! This game looks really boring."

...

Suddenly the mocking voices of those watching citizens rang out in the surrounding area.

The other colleges were also speechless. Everyone felt that Edrow College was really vulnerable!

At this moment, on the court, the Edro College student had been knocked down to the ground and vomited blood... and the Black Shura Hawkeye student was standing there with a sneer.

"Boy, can you still stand up?"

"If you can't stand up anymore, then your Edro Academy will lose! And you still broke the record of losing the Empire Illusion Contest over the years..." The fat man as a judge sneered there!

No one looks down on the weak!

It's the same no matter in that world.

I saw Wolman, the Dean of the Adello Academy sitting on the court, and when he saw that his student could not support even two rounds, his face showed an extremely pale expression, and he whispered there Tao said: "Get up! Get up and hold on!"

The eyes of everyone in the audience were on the student who fell to the ground at Adro College!

It's a pity that the injury suffered by that student was too serious. Although he wanted to get up at this moment, he couldn't get up!

"defeat!"

"The first game, Adro Academy lost!" The fat man finally called out the result impatiently when he saw that the guy couldn't get up.

Accompanied by his cry, the audience was in an uproar.

Those citizens who paid for watching the Empire Illusion Contest complained one by one.

"Getting Adro Academy out of the game...it's too ugly."

"Yes, the students of Adro Academy are too weak, I suggest that they terminate the game!"

There were overwhelming ridicule voices on the court.

I saw that Wallman, the dean of the Adro Academy, was extremely embarrassed, sitting there with his arms folded...The students beside him also showed shameful expressions one by one!

Chapter 2684: Martial arts?

Adro Academy has become the object of group ridicule at this moment!

Faced with the unpleasant sound, Li Tian was the only one standing there alone on the court.

He observed the battle carefully just now, and he found that the student of the Black Shura Academy had at least reached the intermediate level of thunder and lightning illusion!

And the student of Adro Academy who just played, the strength is only the strength of Elementary 2! So his defeat was already within Li Tian's expectations, but Li Tian did not expect that he would lose so quickly.

Looking at the student who lost the game, the student in front of him could only sigh helplessly.

"The second game begins!"

At the moment, only the fat man on the court yelled out one sentence.

Following the completion of this sentence, I saw an extremely handsome and ruthless young man walked out of the Black Asura Academy.

At the moment he walked out, the students of Locke College and Bander College, including the teachers, opened their eyes wide.

At this moment, Anderson, who only listened to the Bander Academy, suddenly raised a pair of unbelievable eyes and looked at the cold boy of Black Shura: "He... he... is Kane?"

The old dean Hennis also showed an extremely ugly look on his face at this moment.

"It's him, it's him."

"Oh my God, the people in Black Shura Academy are crazy? Why send him out?"

...

It turns out that this Kane appeared in the last illusion contest! His strength shocked all the academies present at the time, and he also won the champion throne of the last Empire Illusion Contest!

But this year? Why does he come to participate in the competition?

"That guy was the champion of the last illusion contest, Kane?"

"Oh my God, he actually participated in the Empire Illusion Contest this year?"

"I'm also surprised. In the last session, this guy's strength has reached the level of horror at Intermediate Level 2... After three years, how strong should he be now?" Just listen to the Rock Academy at this moment. The dean of, and the contestants who participated in the competition were also discussing with their eyes widened.

"Kane, end the battle as soon as possible. I don't want our dignified Black Shura Academy to compete with this third-rate academy Edro. This is an insult to us, understand?" I saw the black Shura Academy, that white The old man suddenly said to the cold boy.

The cruel boy showed a slight smile, then nodded and said, "Okay!"

After speaking, he stepped onto the court!

When he appeared on the stage, the surrounding crowd made exclamations.

Li Tian subconsciously glanced at the Kane of the Black Shura Academy who was out of the way. After taking a look, he immediately felt that this cold young man had abundant and terrifying spiritual power in his body!

This is a situation that Li Tian has never seen before. So far, he has seen such a sturdy spiritual power on Kane alone.

"This guy is definitely strong! Very strong!" Li Tian said in the dark.

Not only looked at Kane more at this moment!

With the "champion" Kane of the Black Shura Academy on the field, I saw that at this time, Edrow Academy also walked out of a thin yellow student.

When he was just about to play, Li Tian suddenly walked over.

"This classmate, the player you are about to deal with is very strong! I can feel it, so I am a little worried about you!"

"Or, this time, let me deal with him for you?" Li Tian said suddenly.

Li Tian wants to play this game for this student.

But what? After he said so kindly, the thin-faced student said, "No! I must finish my game personally, even if I lose!"

Hearing what the student said, Li Tian could only smile bitterly and said, "Well, then I can only wish you good luck."

After speaking, Li Tian retreated.

Li Tian was the last one to play, so he was very, very depressed.

After he retreated now, he could only watch the battle.

"Game start."

With the fat man's order, the game was about to begin.

Kane, the last "champion" of the Black Shura Academy, stood coldly on the field at the moment, and took a look at the opponent of the Edro Academy.

However, seeing that the student with a thin face of Adro Academy cast his own fire illusion at the moment, and then suddenly two fireball arts were accumulated in his hands, and then seeing him drink hard, the fireball in his hand suddenly shot towards Na Kane. go with.

What about the "champion" Kane?

He raised a pair of cold eyes and looked at the two fireballs flying over, and then suddenly a ghostly smile appeared at the corner of his mouth.

Then his body flashed suddenly, and at an incredible speed, he slammed forward, dodges the two fireballs, and then directly kicked a shadowless leg towards the head of the Edro student!

"What? Kane didn't use illusion skills? He used martial skills?" Suddenly, an exclamation came from the mouth of the academy.

Looking up, he did see that "champion" Kane, who did not use illusion skills, but used the most common martial arts on the Spirit Earth Continent!

But no one thought that his martial arts were so high, and his speed was so fast!

The figure flickered, and he reached the Edro student's side!

The student of Adro never expected that his opponent did not use illusion, but used martial arts!

At this moment, the whole person did not react at all.

With a bang, Kane directly kicked the Edrow student's head with a shadowless leg!

But when I heard a scream, the student from Adro Academy was kicked upside down and flew out, and then a mouthful of blood spattered out of his mouth with a "wow", his body fell heavily to the ground, and then fell to the ground. Up!

one move!

Just one move!

Moreover, the opponent didn't even use illusion, using the most common martial arts, and even defeated a student of Edro Academy!

At this moment, the audience was in an uproar again.

"defeat!"

"The second game, Black Shura Academy wins!"

At the moment the fat man announced the result of the game.

At this moment, the whole audience was boiling, and there were scolding and insulting voices at the Adro Academy.

As the students of Adro College, there is no room for self-confidence.

"Then Kane didn't use illusion skills????? He defeated the students of Edro Academy only with martial arts?"

"Oh my god, it's terrible!"

"Yes, it seems that Kane didn't bother to use illusions when dealing with the students of Adro Academy! He only used martial arts, and with one move, he defeated the students of Adro Academy." Only listen to that class. The teachers of the German Academy were all talking in shock.

At the moment, only the old Dean Khris had a cold face.

"Huh, Black Shura Academy, it's a bit too arrogant! As far as I know, there is another person who is more powerful than Kane!!!" Suddenly a word was said from the mouth of the old Dean Hollis come out.

When the Anderson teachers next to him heard, the old Dean Khris said so, and immediately said, "Who?"

"Li Tian!" The familiar words came out of the old Dean Hollis's mouth!

Chapter 2685: Last scene

In the second game, Adro Academy lost again.

And it was even more embarrassing to lose this time. As an illusion school, it was defeated by the opponent with martial arts! And the other party only used one trick!

This is completely unacceptable to the people in the imperial capital who are watching the illusion competition.

At this moment, the crowd of onlookers began to mock at the people of Adrot College, violently cursing,

What's more, some crowds grabbed the rocks on the ground, and other things, and threw them at the Walman.

"Shame!"

"Get out of the imperial venue! Get out."

"You Adro Academy is not worthy to enter this imperial venue."

Facing so many discussions, ridicules, and insults, Walman lowered his head in shame!

He didn't expect to lose so badly, so shamelessly, he just wanted to find a place to sew down!

The Adro students around him were all there with their heads down, and then they did not dare to watch the game on the court!

"Hey, Adro Academy is so weak!"

"They shouldn't have participated in the Empire Illusion Contest!"

"Yes, it seems that they will be played like a plaything by the Black Shura Academy." Just listen to the surrounding Rock Academy and the teachers of Bander Academy who are pitying the Adro Academy.

The current Adro Academy has become a laughing stock!

Li Tian may be the only one in the audience to maintain a calm posture!

He wanted to say unfair for the Adrot Academy, because the strength of Adrot Academy should not be so weak!

The reason why they are so weak now is not only because their elite members were attacked by the demons when they came to the game! And also because the Edro student who had just participated in the competition just never thought that Kane would use martial arts! So he did not react!

If he knew in advance that Kane would use martial arts, he would definitely not be defeated by a single move! Although that Kane is very strong, he will never lose so badly!

Looking at this situation, Li Tian could only sigh deeply at this moment.

"Hey, it seems that Adro Academy will be eliminated soon..."

"So, with the elimination system of 5 in 3, it seems that I don't even need to play..." Li Tian suddenly smiled bitterly.

Because Li Tian's serial number is in the last place, if nothing else, when the 3 students of Adro College are eliminated, the remaining 2 students will not even have the chance to compete...maybe directly Be eliminated!

Therefore, this is currently Li Tian's most depressing question.

Looking at the game, soon, the third game will begin.

When the game was about to begin, the crowds around who were watching began to curse.

The sound is terrible.

"The third game begins now."

With the start of the third game, there is no doubt that this game is still the loss of Adro Academy!

lose!

lose!

lose!

Lost three games in a row.

This third game is still very fast!

And it was also criticized by the surrounding audience.

After losing the third game, the fat man, who was the only judge, sneered there: "Adro Academy, all three games!"

"Stop the game, let Adro Academy get out of the imperial venue."

"Yeah, let them go."

The surrounding crowd began to shout.

The other colleges here have also seen that Adro College has been eliminated! Because they lost all three games after all! In the next two games, even if a miracle is to win, the 5-in-3 elimination system will eliminate Adro Academy.

So when the game was over, Wolman, who was the dean of the Adro Academy, suddenly sighed deeply.

"Hey, our college is really shameful!"

"Forget it, let's leave here as soon as possible."

Wolman, who was talking, was about to get up and take his students away.

At this moment, the fat man suddenly sneered and said, "Hey, Edro Academy, don't leave, you have two games!"

Wolman heard the fat man say this, and immediately stunned: "But...our college has lost three games, we have already lost..."

"Hehe, I know you have already lost! But the game is a game after all! Although you don't want to be ashamed, the rules of the game are here, so you must participate in the game."

The fat man said coldly.

Hearing that fat man said this, Wollman suddenly felt a pain in his heart. He knew that the fat man clearly wanted to insult them Edro Academy.

Now that they have lost the game at Edro Academy, according to the truth, the next two games need not be compared at all! But the fat guy still let Na Edro Academy participate in the game... It was clear that he wanted to insult Na Edro Academy even more.

At this moment, after the fat man said so, suddenly a cold voice came out.

"well!"

"Dean Wallman, let's continue the game! There are two more games." Suddenly a word came out of Li Tian's mouth.

After Li Tian said this, Na Wolman glanced at Li Tian. He knew that Li Tian was very powerful, so he thought about it at this moment. Maybe Li Tian can save a little face for Adro Academy by then, that would be great. Up!

So Dean Wolman glanced at Li Tianzai and said, "Well, classmate Li Tian, I beg you for the last game. We must earn a little bit of face for our Adrot Academy."

When Li Tian heard that Dean Wolman said, the corner of his mouth just smiled faintly.

And what about the fat judge here? Then he said disdainfully and contemptuously: "Just him? Still want to earn face? Haha, that's ridiculous."

Li Tian heard the contemptuous voice of this fat man, and did not pay attention to him.

He just watched the game coldly.

The fourth game began.

In the fourth round of the Black Shura Academy competition, a woman was dressed in black, with a delicate melon seed face, but there was a vicious feeling in her beautiful eyes.

The woman's strength is terrifying, and she uses water system illusion.

After she was on the court, a "water shock" severely wounded Adro Academy, then vomited blood and fell to the ground, defeating her!

The fourth game was lost again!

Adro Academy lost four games in a row!

When the last game was lost, it was finally time for Li Tian to play!

"The fifth illusion contest begins!"

Following the fat man's order, he saw Li Tian walking out in full view.

He still wore that weird bronze mask on his face, and the moment he walked out of the audience, he undoubtedly became the focus of everyone.

But I saw that the old dean of the Band College here was also looking at Li Tian with his eyes raised.

"Finally it's time for him to play." Old Dean Hollis said suddenly.

Anderson, Evelyn and other teachers beside him were all staring at Li Tian unblinkingly.

Chapter 2686: Blockbuster

When Li Tian stood on the court, the Rock Academy over there stared at Li Tian with wide eyes.

"He's on the stage." I saw the eldest lady Mayvis looking at Li Tiandao excitedly.

At this moment, even the Dean of Narok College could not help looking at Li Tian.

"Daughter, is this guy really strong?" The Dean of the Rock Academy suddenly looked at the eldest lady Mayvis.

Mayvis said: "Very strong, very strong, Dad, his Qi illusion has reached an incredible level."

"Hehe, isn't it?"

"Then I want to see how this kid wearing a weird mask is against the sky! I want to see how he defeats the extremely powerful student of Black Shura Academy." The dean of Rock Academy smiled and looked in front of him. Road on the field.

But seeing that eldest lady Mayvis's pretty face was full of excitement, looking at Li Tian there, and at the same time saying in my heart for Li Tiandao: Come on! Come on!

At the moment when Li Tiandang appeared on the stage, I saw a middle-sized teenager walked out of the Black Shura Academy here.

The young man's eyebrows were raised, and his eyes were venomous and sinister. At the moment when he walked out of the Black Shura Academy, he suddenly heard the white beard old man behind him, and suddenly said, "Cole, this is the last one. It's a game, and win something pretty."

Na Kerr turned his head and smiled at the white beard old man: "Grandpa, don't worry, I will soon let that third-rate college get out of the imperial venue."

When the old man with white beard heard him say this, he smiled slightly, and his face was extremely relieved.

It turns out that this Cole is the grandson of the old man with white beard!

As the most powerful role of the new generation in the Black Shura Academy, Cole deserves to be the first.

When Cole stepped onto the stage, he saw Li Tian.

After staring at Li Tian with disdain, Na Kerr suddenly spoke. He slanted his eyes and looked at Li Tiandao and said: "Boy, I advise you to roll down and surrender quickly, save Ben Shao and do it."

Then Li Tian sneered when he heard this guy say so.

Suddenly a pair of suffocating cold eyes stared at Na Cole: "Are you talking to me?"

When Cole heard that, Li Tian actually said so, and immediately snorted, his eyes flashed endlessly, and he looked at Li Tian said: "Okay, okay, okay! Boy, you have the ability, how dare you follow this young man like this? speak."

"Hehe, I can tell you responsibly, you are dead today." Suddenly, a murderous intent flashed in that Cole's eyes.

Li Tian noticed the murderous intent of this kid, and stared at that Cole coldly.

I saw the Black Shura Academy, the last champion standing next to the old man with white beard: Kane, suddenly said to the old man with white beard: "Dean, the young man Cole is so murderous! So heavy!"

Hearing what Kane said, the old man with white beard not only frowned slightly and said, "Hey, this kid, it seems that he is going to get into trouble again."

"Dean, do you want to stop the young master, after all, if there is a life in the game venue, I am afraid it will not be good." Then Kane looked at the old man with white beard.

The old man with white beard smiled faintly and waved his hand: "No need."

"Is there always someone injured in the illusion contest... If that third-rate college Edro student is really beaten to death by my good grandson, hehe, he can only be blamed for his poor academic skills! No wonder someone else!" That smiled.

Hearing what he said, Kane could only shut his mouth and stopped talking.

At this moment everyone is watching the situation on the court.

"Boy, since you are looking for death, don't blame me for being impolite!" Suddenly Na Cole sneered and said, the murderous aura exuding from his body became more and more serious.

With a roar, Na Cole suddenly started.

What he practices is thunder and lightning illusion.

He suddenly stretched out his hands, and his right arm was suddenly wrapped in purple electric light: "Lei Qing!"

With a loud roar, Na Kerr instantly hit Li Tian like an electric flash.

The light from that arm was dazzling and dazzling, and it was so fast that people could hardly see clearly.

"Master Cole actually used Thunderbolt Illusion? It seems that he was trying to solve the unrelenting kid in Adro Academy." Only listen to the students at Black Shura Academy seeing that Cole is taking action. At that moment, I couldn't help but said.

The students around me also said: "Yes!"

"The kid from Adro Academy must be very weak, and he will definitely not be able to resist Master Cole's trick."

Just listen to the students of Black Shura Academy who started to talk there at this moment.

But what about Li Tian? Seeing that Cole used a thunder and lightning illusion to hit him, standing there motionless, his eyes looked at Cole coldly.

The moment his "Lei Qing" illusion hit Li Tian, Li Tian's body suddenly moved.

His speed is faster than Cole's! Quickly it was almost impossible to see how he moved.

He only saw his body sway slightly, and he swished out a distance of more than ten meters.

what?

At the moment when Li Tian was easily evading the illusion of Cole's "Lei Qing" illusion, everyone around could not help but scream.

No one thought that Li Tian could avoid it!

And the speed just now was so fast that no one in the room could see how Li Tian's body moved.

"That... that... kid escaped?"

"He... how did he... avoid it?"

"Gosh, do you see his figure clearly?"

"No, no!"

"It's strange... how can that kid's figure be so fast?"

...

The Black Shura Academy students who were still yelling at Li Tian's weakness just now were completely astonished, rubbing their eyes and staring at the situation on the court in disbelief.

At this moment, even the old man with white beard frowned.

"This kid... how can I avoid the lightning shock of my dear grandson?" the old white beard suddenly called out in a depressed mouth.

Li Tianyi is a blockbuster!

At this moment, all the eyes of the audience were on Li Tian's body, feeling both shocked and weird.

It was the old dean of Bander College, Khris, who narrowed his eyes slightly, and said with relief in his mouth: "This kid's strength has improved again!"

"Black Shura Academy...hehe, this time, it looks like you are going to be shocked." Just listen to the old Dean Hollis.

The teachers around him are all watching the situation in front of them.

But he said that after that Li Tian avoided the terrible blow of Na Kerr, Na Kerr also looked at Li Tian ten meters away from him in disbelief...

"You...you...you kid, can you avoid it?" Cole looked at Li Tian in surprise.

He felt that in terms of the strength of the Adro Academy, it was absolutely impossible for Li Tian to avoid his lightning electric shock in the past, but...but...he actually avoided it!!!

Chapter 2687: remind

This simply made Cole couldn't believe it.

But the facts proved that Li Tian did avoid the past.

Na Cole was extremely depressed at the moment, and he roared and said angrily: "Smelly boy, I see how you hide this time."

With a roar, he directly attacked that Li Tian again.

Lei Qing's electric shock is to stimulate the body's spiritual power, and then urge it, then use extremely strong speed, and then send a fatal blow.

So this time when Na Kerr once again horribly performed the Thunder Qing electric shock towards Li Tian, his speed was even faster than the last time.

However, just when Na Kerr hit Li Tian with great confidence, Li Tian suddenly flashed again, and then quickly avoided the past!

Hidden again!

If it was lucky last time, then it was not lucky this time.

Everyone in the audience was dumbfounded, they were all looking at the court stupidly.

"That... that... kid actually avoided the electric shock of Lei Qing from Master Cole again?"

"This... this... is incredible." The students at the Black Shura Academy opened their eyes one by one.

Even Na Cole's grandfather, the old man with white beard, frowned tightly at this moment.

He already felt something was wrong!

Suddenly he only heard him coldly shout: "The masked guy in Adro Academy, who of you knows him?"

The old man with white beard turned his head and looked at several old men around him.

When the old men heard him say this, they all shook their heads speechlessly and said, "No...no...too clear."

When the old man with white beard heard them say this, he snorted and looked at Li Tian on the field at the moment, and muttered in his mouth: "Look back, you guys will check that kid's information for me!... ..Unexpectedly, in a low-level third-rate academy like Edrow, a tricky character appeared at the end, which really made the old man not expect."

"President, Young Master Cole will definitely defeat that kid." The elders around him said there.

The old white beard said: "Nonsense! My dear grandson, of course, can beat that third-rate college student... I'm just curious about the masked kid."

After the white-bearded old man shouted angrily, the elders around him hurriedly did not dare to speak any more.

When Cole on the court saw Li Tian avoiding again, he was going crazy immediately.

"Damn boy, how can you avoid it?"

"I must kill you this time."

Cole roared.

After the words were finished, he suddenly grabbed his hands in the void, and saw a few rays of thunder and lightning hit Li Tian from the air.

Li Tian moved slightly to avoid him, and then suddenly saw his right hand lifted up, and an invisible breath came out of his palm.

"Slavery."

With a loud shout, Li Tian suddenly stretched out his hand to control Na Kerr.

Na Kerr was originally about to attack Li Tian, but the air around him didn't know what was going on, suddenly it seemed to freeze.

Then he raised his hands in the air and suddenly stopped! It seemed to be frozen by an invisible air. what?

"How could this be?"

"My body... why can't it move?" Cole was shocked for a moment.

He certainly didn't know that Li Tian used the slave Qi technique in the Qi illusion technique to control Na Kerr's body.

At this moment, all the students at Black Shura Academy were shocked.

Even the old white beard was stunned.

"Aura?"

"That kid actually used the Qi illusion technique?" The white beard old man suddenly exclaimed.

All the eyes of the Black Shura Academy here are also lit up at this moment! They only remembered now, it turned out that Li Tian used Qi illusion technique!

"Impossible! Impossible! What the \*\*\*\* is going on with that \*\*\*\* kid? Can he use such a powerful Qi illusion?" The white beard old man in front of him was suddenly shocked.

"Adro Academy, such an inexperienced academy, how can there be powerful students who can illusion?" he roared.

The elders around them also showed horror on their faces.

But when they were shocked, Nakar had been completely controlled by Li Tian.

Although Na Kerr struggled violently, he was unable to break free of Li Tian's slavery control.

Li Tian yelled, suddenly reached out his hand to levitate Na Cole's body, and then threw it to the ground fiercely.

There was a plop, in everyone's eyes, but he saw that Cole was severely fallen to the ground by Li Tian!

Looking at the young master Cole of Black Shura Academy, he was thrown to the ground, and the audience was in an uproar at this moment!

And the entire Black Shura Academy here screamed.

The old man with white beard stood up from his seat suddenly, his face became extremely ugly, as if he wanted to kill.

"Cole, be careful of that guy. He uses Qi illusion and slave Qi. Hurry, use Conversion illusion to transfer his illusion control." Suddenly the old man with white beard raised his voice to the grandson on the court. Cole reminded.

It seems that he really loves his grandson very much!

Originally such a game scene, it is absolutely not allowed to remind, but the old man with white beard actually stood up to remind the controlled Cole.

"Ah? The Dean of Black Shura College actually stood up and reminded his students? Is there anything like this?" I only listened to the surrounding Bander College students and the Rock College students over there saying contemptuously.

"Huh, as the No. 1 Black Shura Academy in the empire, reminded the students on the spot? What a shame." A voice of laughter came from the crowd here.

But what about that old man with white beard? But he ignored these voices, and stared at Li Tian coldly with those venomous eyes, as if he wanted to eat Li Tian!

Now, Li Tian has obviously become the threat target of the Black Shura Academy! So he became angry.

At this moment, the Cole on the court was stunned after hearing his grandfather's reminder.

"Slave Qi technique? Is this \*\*\*\* kid using Qi illusion technique?"

After thinking this way in his heart, he quickly urged the spiritual power of his body, and then a spiritual power emerged from his whole body, and then began to transfer that Li Tian's control aura!

Convert illusion!

It is a high-level evasion illusion technique. This illusion technique is the most restrained technique of slavery, because it can transfer the control of that slavery technique in an instant.

Na Kernai is an Intermediate Level 2 illusionist with a powerful lightning system. At this moment, after using the Conversion Illusion, he suddenly transferred Li Tian's Slave Qi technique.

Then with a loud shout, his body flipped back from the suspended air and landed on the ground.

He got rid of, got rid of Li Tian's control!

Li Tian only felt that Cole, which he originally controlled, suddenly disappeared like a misty thing. The moment was stunned: This guy can get rid of my slavery skills?

Chapter 2688: Seriously injured

Seeing Cole got rid of the control of "Slave Qi", Li Tian was slightly surprised. .

He had never seen anyone who could escape the control of his "slavery", so he was quite surprised at the moment.

But he said that after Na Cole got rid of Li Tian's "slavery" control, he was full of killing intent at the moment.

"Boy, it turns out that you used a useless Qi illusion technique? Huh, I'm almost taken care of, Master."

"Asshole, I see how you died in my hands this time."

With a loud roar, Cole suddenly formed a thunder mark with his hands between his chest, and then gathered a lightning-shaped wolf head from the chest of that Cole.

"Thunder-printed wolf shape." Intermediate high-explosive illusion of the lightning system, terrible power

When Na Kerr displayed the "Thunder-printed wolf shape", he suddenly "wailed" a wolf howl, and then he saw Na Kerr suddenly hitting Li Tianfei.

With a wave of both hands in the air, they quickly turned into huge wolf claws, and they grabbed Li Tian's head with one move.

Li Tian had never seen such a thunder and lightning illusion before, and his body flashed quickly, and then he suddenly displayed his "Maha Boundless" magic in his hand.

A burst of internal energy erupted from the surrounding body, and then pushed with both palms, and a powerful palm force attacked Na Kerr.

Cole sneered and yelled: "Thunder Shield!"

Suddenly, a purple electro-optical shield came out from the boundary!

And Li Tian's powerful Maha's immeasurable palm strength made a muffled sound at the moment it hit the "Thunder Shield", but it did not hurt Na Kerr at all.

The two lightning wolf claws of Cole at the moment have been horribly grabbed towards Li Tian. Li Tian has no choice but to dodge it physically.

The moment he dodged, he suddenly pinched his fingers, swish, and Xuantian \*\*\*\* broke out of the wind.

The moment a few powerful fingers shot at Na Kerr suddenly, Na Kerr's body was blocked by the "Thunder Shield" protective cover.

Xuantian \*\*\*\* shot on the thunder shield, making a muffled sound of "Puff, Puff, Puff".

Seeing that his Xuantian \*\*\*\* couldn't break through the "Cole" thunder shield shield, Li Tian was a little depressed now.

"Why is the protective shield of a Thunder Shield so strong? It seems that it is difficult for me to defeat this Cole by martial arts." Li Tian's mind quickly rotated.

When thinking like this in his mind, that Cole had already jumped over again.

The fierce wolf claws slammed down.

But seeing Li Tian dodge his body quickly, he pushed out a palm vigorously, and the fierce palm power shocked Na Kerr's offensive half a beat.

At this moment, Na Kerr also felt that Li Tian's strength was beyond his imagination.

He thought that Li Tian's strength was exactly the same as those of the third-rate Adro Academy, but he did not expect that he could be so strong now?

After thinking about this in his heart, Cole let out a roar, and then he sealed his hands again, and then shot a few electric lights from his palms towards Li Tian.

Li Tian can no longer avoid it at this moment.

He knew in his heart that such avoidance was not the answer after all.

"It seems that I must use the Thousand Killing Sword Art."

A high-level illusion of Qi illusion.

After thinking about it in his heart, Li Tian suddenly urged all the spiritual power in his body, and suddenly his whole body aura revolved, and then a huge blade was transformed by him with Qi.

At the moment when the Thousand Killing Sword turned out, Li Tian suddenly raised his hands, the giant blade whirled in the air, and then directly slashed towards Na Kerr's body.

Kerr was protected by a "Thunder Shield" shield. He sneered when he saw Li Tian slashing at him with a gasification knife, "I don't believe it, just because you kid can cut it. My Thunder Shield protection?"

With a roar, I saw that Cole flew towards the gas-shaped blade of Li Tian without avoiding it.

Seeing Na Kerr rushing towards his Thousand Killing Sword Technique, Li Tian was overjoyed immediately, and then added the powerful spiritual power of his body!

As Li Tian urged his body to burst out of spiritual power, he suddenly saw that his whole body was enveloped with a faint spiritual light.

"What a powerful spiritual power!" Suddenly, he shouted in surprise from the old man with white beard from the Black Shura Academy over there, as well as several elders around him.

"Spiritual power is invisible, shadowless, but...you see...that kid wearing a mask... actually the spiritual power of his body has reached the point of manifestation? Too...too...unbelievable." The surrounding Black Shura Academy The elders screamed there.

"Could it be that the spiritual power of his body...is...is...full?" The old man with white beard suddenly widened his pupils and looked at Li Tian with a pair of unbelievable eyes.

But at this moment, I saw that Na Kerr was about to collide with the blade of Li Tian's qi magic.

The old white bearded man subconsciously felt an inexplicable cold in his heart, and then saw his body swish suddenly to stand up again.

"Cole, be careful! Be careful of that gas-shaped blade." The old white beard said in shock, and he looked at his grandson with worried eyes.

It is a pity that his voice is too late.

Because Na Kerr had already hit Li Tian with full of killing intent.

With a bang, in everyone's astonished eyes, suddenly Na Cole's body with Thunder Shield collided with Li Tian's giant blade.

The surrounding air seemed to explode in an instant, but seeing that Cole's thunder and lightning protection shield became weak in front of Li Tian's giant blade. With a click, the entire protective shield began to completely crack! Shattered!

Looking at the moment when the protective shield around him was crushed to pieces by the invisible energy, Cole suddenly felt an unprecedented sense of fear in his heart!

Thunder Shield is the most powerful protective illusion among all illusions!

But I didn't expect that at this moment, even Thunder Shield was crushed to pieces by Li Tian's vigor.

Immediately afterwards, a loud shout came out from Li Tian's mouth, and he once again increased his spiritual power.

The blade that was pressing on the Corley shield suddenly glowed with a weird light.

With a click, the Thunder Shield was instantly shattered!

The protective cover is broken!

In the moment it shattered, the invisible blade slashed straight towards Cole.

boom!

Shocking!

But seeing a horrible scream from Na Cole, a mouthful of blood spurted from his mouth, and then his body fell heavily from mid-air.

"Cole, my grandson!!!"

At the moment when Cole fell from the air, suddenly several black figures flew out of the Black Shura Academy... One of them was the old white beard.

I saw a few figures flying onto the field like lightning.

The old man with white beard swept his body and turned into a black energy, and then caught the defeated Cole.

Chapter 2689: hatred

"Cole..."

But after seeing the white beard old man from Black Shura Academy catching his grandson, he called out.

The elders around him all ran over at this moment.

Look carefully, but see that Cole's face is covered with blood, and his whole body is trembling. His originally handsome face is now pale and ugly. His mouth is trying to open, trying to talk, but the whole body seems to have no strength, and can't even say a word.

The old man with white beard almost broke his heartache when he saw his grandson seriously injured like this!

I quickly felt the pulse of my grandson there, and then said: "Cole, my good grandson, you must hold on!"

Speaking of words, I saw the old man with white beard suddenly stretch out a hand, but saw a strange thunder and lightning mark appeared in the palm of his skinny palm, and then healed Naker!

And how about the elders of the Black Shura Academy here? Seeing that Master Cole was so badly injured.

Suddenly all of them roared and flew towards Li Tian.

"Damn boy, dare to hurt our young master Cole and take his life."

With a roar, the five elders attacked Li Tian at the same time!

Everyone was shocked at the moment in the audience!

Isn't this a game? How come the five elders of the Black Shura Academy want to work together to attack Li Tian?

Seeing that the old man of the Black Shura Academy is a strong one, they work together to strike Li Tian! Really unstoppable.

Just at this critical moment, a dragon roar suddenly came from the direction of Bander Academy, and then I saw a gray robe figure rushing over.

"The Art of Fire."

A loud shout came out from the gray-robed old man's mouth.

Along with the sound, a golden fire light soaring into the sky suddenly attacked the five old men in black clothes from the side.

Those five elders are all extremely powerful illusion masters. At this moment, when they felt the terrifying "fire art" attack coming from behind, they immediately roared, and the five elders shot together, and then five rays of thunder and lightning, directly Hit the terrible golden flame.

boom!

There was an explosion, but saw a purple thunder and lightning ray intertwined with the golden firelight suddenly rising up.

Looks terrifying!

It was also at the same moment, but seeing that the gray-robed old man didn't make another move, but suddenly he slid and flew towards that Li Tian.

"Dear elders of the Black Shura Academy, this is an illusion competition. Several of you elders attacked a student together. Isn't it good for this to spread?" Suddenly a voice called out from the gray-robed old man's mouth.

Look carefully, it turned out that it was the old dean of Bander College Hollis who helped Li Tian resolve this crisis.

It turned out that Heris really couldn't see the elders of the Black Shura Academy attacking Li Tian, so he had to come out.

At this moment, even Li Tian who was standing there was not only slightly startled.

He raised his eyes and looked at the old Dean Hollis in front of him.

The old men of the Black Shura Academy not only groaned when they saw the Dean of the Bender Academy, Heris, taking the lead for Li Tian.

"Heris, what are you doing about our Black Shura Academy?"

"Yeah, this \*\*\*\*\* kid hurt our young master Cole seriously. Of course he has to pay the price of his life." The five old men said unreasonably to Heris there.

Khris suddenly sneered: "The price? A joke!"

"This is a game, have you forgotten it?"

"What's more, you hurt the first few students in the competition at Edro College, who should they pay the price?"

Following the dean of Bander College, Khris, the five elders were speechless. At this moment, they looked at Khris with endless anger in their eyes.

Among the people watching around, they were also in the right place to be unfair to Li Tianming.

"Hey, this is the Empire Illusion Game!"

"What are you old immortals doing? You even beat up that student in a group, it's shameful! Are you still the largest illusion school in the empire?"

"Yes, isn't this a student who is clearly bullying Adro?"

...

After the noisy crowd suddenly made a condemning sound, the expressions of the black Shura elders became extremely ugly, but they did not dare to make another move.

At this moment, the old white-bearded man who had taken care of Corliao suddenly stood up.

"Heris?" Suddenly he looked at the old Dean Heris with fierce eyes.

Khris also turned his head at this moment, looking at the old man with white beard.

"Rutov, it's been a long time since I saw you." The old dean Hris suddenly faced the old white beard.

It turned out that the name of the white-bearded old man Rutov was the dean of the Black Shura Academy.

In the Imperial Academy, everyone knows that this Rutov is a famous little belly chicken intestine, and it is sinister and vicious! His academy is the strictest in the entire empire, and the training is extremely cruel! This is also the real reason why the students of the Black Shura Academy have cold faces and cruel hearts.

"Heris, why do you want to make an appearance for a third-rate student of Adrot College?" The white-bearded old man suddenly looked at the old Dean Heris and asked angrily.

The old Dean Hollis smiled slightly and said, "No, I just want to be fair."

"Rutov, your college is also a well-known college in the empire. Wouldn't you really gang-fight a student today? And how many elders in your college were dispatched? I'm afraid it will affect the reputation of your Black Shura Academy, right?" Old Dean Hollis looked at the white beard old man and said with a smile.

Narutov groaned angrily when Hearing said this.

Then he lifted those extremely vicious eyes and glared at that Li Tian angrily.

"Hehe, of course our Black Shura Academy will not bully a nameless bastard!"

"However, this \*\*\*\* kid hurts my grandson of Rutov! This hatred, the old man must repay!"

After speaking, I saw the old man with white beard looking fiercely at Li Tiandao: "Boy, you are very kind! You dare to hurt my Rutov's grandson. I'll take down this grudge! Just wait. ! I will make you pay several times the price to repay my grandson."

With the old man with white beard speaking these cruel words viciously, he saw the old man with white beard stretch out his hand and waved at several old men in black robe beside him: "Go!"

Hearing a roar from the old man with white beard, several old men in black robes raised their eyes and glanced at that Li Tian, and then all of them retreated.

Chapter 2690: go away

After looking at the people from the Black Shura Academy who had retreated, the old Dean Hollis turned his head slightly to look at Li Tian.

"Child, the game is over! I advise you to leave the imperial capital as soon as possible."

"That Rutov is a well-known short-term guardian, and he is vicious! You hurt his grandson this time, he will definitely get revenge.

"So if you continue to stay in the imperial capital, he will definitely pose a huge danger to you!"

Listening to the advice of the old dean Hollis, Li Tian smiled faintly: "Thank you for reminding me."

"You're welcome."

Old Dean Harris smiled.

Then he glanced at Li Tian again, his mouth moved, as if he wanted to say something, but in the end the old dean Hellis held back.

He sighed slightly, and then said nothing. At this moment, he stretched himself and left the playing field.

At this moment, everyone in the audience was blinking and looking at that Li Tian.

Li Tian won!

He represented that Adro Academy actually defeated the most powerful Black Shura Academy in the empire in the last game!

Faced with this unexpected result, but seeing Dean Wolman of Adro College, and the students behind him, all screamed happily.

They are all happy for Li Tian and proud of Li Tian.

Even the fat man who was the judge was completely stunned at this moment. He never expected that a third-rate academy like Adro would win the last game? This is simply unexpected.

At the moment he was standing on the court, an embarrassed expression of the result.

"The fifth...the fifth...Adro Academy wins!"

"Black Shura Academy is defeated!!!"

When this sentence was uttered, the students from Narok College and Bender College not only screamed there.

In the past, the Black Shura Academy was self-reliant, so it never put another academy in the eyes. At this moment, it was defeated by the third-rate academy Edro, and it was the grandson of the old white beard who was tortured. Of course, the college must gloat!

It's just that in the Black Shura Academy, everyone's face is filled with endless anger!

They were all staring at Li Tian, as if they wanted to kill Li Tian.

"Damn boy, my Black Shura Academy must make you pay the price of blood! You will definitely die." The old white beard suddenly roared a cruel word from his mouth.

In this game, Li Tian finally earned his face for that third-rate college Edro!

Although Li Tian won the last game!

But the result of their match against Black Shura Academy is still: a 4-1 ending!

This is still hard to escape the fate of being eliminated.

So at the moment, I just listened to the fat man in that game announcing the result and saying: "Now I announce the result of the first round! Black Shura Academy wins 4 games, and Adro Academy wins 1 game, so the result of the game is of course clear 4:1, Adro Academy was tragically eliminated."

After the fat judges announced the results, the students of Adrot College didn't show any sad expressions. On the contrary, they all ran towards Li Tian, and said happily around Li Tianzai.

Even the Dean Herman looked happy.

"Student Li Tian, although our Adrot Academy was eliminated, you have won back the dignity for our Academy, thank you!" Wolman said gratefully, looking at Li Tiandao in front of him.

Li Tian smiled faintly, looked at that Walman and said, "You are welcome."

Because the eliminated academy will be driven out of the empire venue, so after the Edro Academy lost the game, they were led to leave the competition venue.

When Li Tian was taken away from the venue, he not only turned his head and looked back at the Bander Academy, which was still on the court.

He saw the kindly elderly dean Hollis, the eyes of the students at Bander College, and the reluctant look of the beautiful girl Isha...

Finally, after Li Tian looked back, he turned and left!

Following Walman in front of them, they once again returned to the rest area of the empire venue!

I just listened to the people from the Imperial Arena and said to Wolman, "You have been eliminated. According to the rules, you can rest in the Imperial Arena for one day, and then leave the Arena the next day, understand. Is it?"

After hearing the staff member say this, Wolman in front of him said slightly, "Well, we know."

"Very good! Then I won't bother you."

After speaking, the staff left here.

After the staff member left here, Wolman smiled and said to his students: "Students, do you want to leave the imperial venue now? Or do we leave after a day off?"

Those Adro students came to this prosperous imperial capital for the first time, so at this moment everyone had an expression that they didn't want to leave.

But no one dared to speak.

Dean Wolman saw that his students had that expression on their faces, and he smiled and said, "Stunky boys, do you still want to stay here for one day?"

"Hehe, although you don't say anything, I can see it too! Forget it, since you want to stay in this empire venue for one more day, then as the dean, I will satisfy you once... this time, we will stay in the empire. One day off in the venue! The next day, we will set off again."

After hearing that Dean Wolman had promised to stay for a day, the surrounding students suddenly screamed excitedly.

"Great, great! Dean, thank you!"

The students said happily there.

Na Wolman looked at his group of students and smiled slightly, turning his head to look at Li Tian who was standing on the other side.

Li Tian stood alone in the corner, his eyes sluggish, as if thinking about something in his heart.

Wolman glanced at Li Tian and couldn't help walking over.

"Student Li Tian?" Suddenly Wallman called out.

After hearing the sound, Li Tian turned his head slowly and saw that Walman.

"The dean.

"Are you thinking about something?" Dean Wallman asked Li Tian, looking at him.

Li Tian was really thinking about something. After hearing that Dean Wolman said this, he said "good" in his mouth, and then he didn't say much.

"Student Li Tian, there is a question, I want to ask you, I don't know if it can be?" Dean Wallman suddenly said.

Li Tiandao: "Ask."

"I want to know... Do you... Do you... know the teacher at Bander College? Student?" A word suddenly came out of Dean Wolman's mouth.

When Walman in front of him asked, Li Tian was taken aback, turned his head and looked at Walman and said, "President, why do you ask?"
