

A Killer 2691

Chapter 2691: draw

That Wallman has been observing Li Tian.

So he could feel that Bander College, both Dean Herris and the students, looked at Li Tian with a pair of weird eyes when Li Tian participated in the competition.

Therefore, Wallman felt that Li Tian might have a great connection with the Band College.

So he said so now.

After he told his thoughts, Li Tian not only smiled bitterly and said, "So the dean, did you see it?"

"Huh? You really know someone from Bender College?" Although Dean Wolman had guessed it in his heart, he was quite surprised the moment Li Tianzhen really said it.

I saw Li Tian say there, "Yes! To be honest, I was a student at Bander College before."

A word came out of Li Tian's mouth like this.

When Li Tian said it, Walman was shocked.

what?

"You... You... were a student at Bander College?" Wallman said in shock.

Li Tiandao said: "Yes."

"Then...why...why... left Bander College?" Wolman asked with a puzzled face.

Li Tian sighed and said nothing!

Looking back on his impulsive decision, to be honest, he also had a slight self-blame in his heart!

However, a man must always be worthy of his dignity! Worthy of what I said! Even if he chose the wrong path, Li Tian will stick to it! No way, he is a man!

Na Walman saw Li Tian's eyes flashed with a complicated look, and he seemed unwilling to tell why he left the Bander Academy. Therefore, Na Walman was also very smart!

He did not choose to continue to ask questions.

"Student Li Tian...what are your plans for the next step?" Suddenly Wolman asked.

"I know that with your strong strength, you don't need to go to a small illusion school like ours. You can join us at the Edrow Academy to help us this time. I am already very satisfied. At the very least, you will do for us. Adro Academy won the honor!" Wallman continued to say awkwardly.

Listening to what Walman said, Li Tian smiled slightly.

But thinking of his next step in his heart, Li Tian was also lost at the moment!

He really won't leave this place with Edrow Academy... so Li Tian at the moment is also depressed.

Li Tian thought for a while and said, "Actually, I am not sure where to go now."

Wolman heard Li Tian say this, and said there: "Li Tian, no matter where you go, I will bless you on behalf of our Adrot College!"

"Thank you." Li Tian looked at that Walman.

Wallman smiled, and stretched out his hand to pat Li Tian's shoulder friendly!

Then Walman left.

In the ensuing time, Na Wolman took their Adrot College students out to go shopping.

They came to the imperial capital for the first time, and they are leaving tomorrow, in order to commemorate, so they have to go to the bustling streets of the imperial capital.

At the moment, Li Tian was the only one in the room staying there.

"I don't know what will happen to the results of the Band Academy and Locke Academy games?" Li Tian was suddenly worried about this question there.

To be honest, although Li Tian left Bander Academy, he is a lover, so he will more or less pay attention to the game at Bander Academy.

At this moment, he was thinking in his mind: "I hope Bander Academy can win the game this time."

Time passed by every minute.

Li Tian stayed alone in the room, it was really boring, and his heart couldn't calm down at all!

He has always wanted to go to the Empire match venue to take a look at the Bander Academy game, but unfortunately, the Edrow Academy he joined has been eliminated, so he can't get in at all.

Li Tian was extremely anxious in his heart, so he tried to find a way to calm himself down.

He was sitting on the bed at the moment, and then urging his whole body's spiritual power over and over again, and then plunged his body into an extremely calm state.

Finally, several hours passed in a long suffering.

From a distance, you can hear the sound of the bell ending in the Empire Illusion Game.

Li Tian couldn't help jumping off the bed when he heard the bell of the empire match ended.

"Is the game over?"

Suddenly thinking about this in his heart, Li Tian quickly opened the door and ran outside.

When he ran to the exit of the imperial meeting place, he saw that many citizens of the imperial capital who were watching came out from there.

As the people walked, they said with compliments in their mouths: "The second half of the game was really wonderful."

"Yes, Bender Academy and Rock Academy are really evenly matched, regardless of their strengths."

"Well, I didn't expect that their two academies would even get tied!!!"

...

As those people walked out, just listen to the voice coming from their mouths.

Li Tian stood there and listened to their words, immediately stunned.

what?

"Band Academy actually tied with Rock Academy?" Li Tianzhen screamed.

"Um, if they draw a tie, how will they play next?"

"Since the two academies have become a tie, they will either advance together or be eliminated together... I really don't know which result it is." Li Tian thought there.

Just as Li Tian thought about it in his mind, he saw the students of the Bander College, the teachers, and the old Dean Hollis walked out of it.

After seeing them, Li Tian was not only slightly embarrassed, so he turned around and deliberately avoided looking at them.

But his figure was still seen by the beauty Isha in front of him.

"Student Li Tian?" Suddenly the beauty Isha saw Li Tian in the crowd.

Then he ran towards Li Tian with a very happy smile on his face.

The old Dean Heris, Anderson, Evelyn and other teachers over there also saw Li Tian standing there.

The old dean Khris glanced at Li Tian, and suddenly smiled at Anderson beside him and said: "Anderson, first take the students back to our area, so that the students can rest and rest.

After hearing the old dean say this, Na Anderson nodded there, then looked back at Li Tian, and then left the place with the students of Bander College.

And what about Old Dean Hollis? It was walking towards Li Tian.

"Li Tian." At this moment, the beauty Isha has already walked towards Li Tian.

After hearing Yisha's voice, Li Tian turned his head slowly, and then glanced at the beautiful woman Yisha.

"Isha." Li Tian called out Yisha's name with a smile.

Chapter 2692: come back

After the beauty Isha saw Li Tian, her pretty face blushed, and she looked at him there and asked, "Li Tian, how did you spend this time... okay?"

Li Tiandao said, "Well, it's okay."

"You...Have you...really joined the Edrow Academy?" Isha asked Li Tian with her beautiful eyes blinking at the moment.

When Li Tian heard Yisha say this, he gave a wry smile, then nodded and said, "Yes."

"But... but... why do you choose which college?"

"I, I know that I may not care about your personal affairs, but I want you to know that our Band College is really not what you think in your heart." The beauty Isha said.

When Li Tian heard her say this, he coughed twice.

Then he changed the subject and looked at Isha and asked: "Isha, how is your game?"

After Isha heard Li Tian's question, she said there: "We drew with Rock Academy! We both won 2 games each, and then tied 1 game."

"Uh, will both of your colleges be promoted?" Li Tian asked curiously.

Then Yisha said, "It should be, but the result hasn't come out yet."

"We are all waiting for the results of the Empire now... Once the results of the game are announced above, we will know the situation."

Li Tian nodded slightly after hearing Yisha's words.

Just when Li Tian was talking to Na Yisha, I saw the old Dean Khris stepping over at this moment.

After the old dean came over, Na Yisha quickly shouted respectfully: "The old dean."

Li Tian also turned his head and saw Na Heris.

Khris smiled there, glanced at Li Tian, and then said to the beauty Isha: "Isha, I have something to say to Li Tian alone..."

After hearing the words of the old dean, Isha, she nodded and said, "Okay."

"Then I won't bother you."

After Isha finished speaking, she finally took a look at Li Tian, and then left here happily.

After Na Yisha left, at this moment, there were only the old Dean Hollis and Li Tian standing here.

Li Tian was silent and did not speak.

It was the old Dean Hollis who spoke first.

"Ahem, Li Tian, how's it going? This game is over, what are your plans for the future?" The old dean Heris suddenly looked at Li Tian and asked with a smile.

Li Tian replied: "I don't know yet, but I want to find my woman."

In Li Tiantian now, there was only Situ Ningbing in his heart.

After hearing what Li Tian said, the old dean said: "Actually, I have also been asked to help find them, and some time ago, I also specifically contacted my old friends and asked them to help them find them. Unfortunately, none of them have seen a girl with the surname Situ."

After Li Tian heard the old Dean Hollis say this, he was not only slightly grateful.

So I said there, "Whether I find it or not, I have to thank you."

"Haha, you are welcome! I promised you this before." The old dean said.

"When will you Adro Academy leave here?" The old dean suddenly looked at that Li Tian and asked.

Li Tiandao: "If there is no accident, I will leave tomorrow."

"Oh." The old dean replied.

Then both of them went silent, not only was there a slight embarrassment in the air.

"Ahem, then are you really going to follow the Edrow Academy in the future?" The old Dean Hollis couldn't help asking in the end.

He raised a pair of earnest eyes and looked at Li Tian in front of him unblinkingly.

But what about Li Tian? After hearing the old dean's question, he not only said there: "No!"

"Actually, I am nothing more than a passer-by for Adro Academy!"

Li Tian told the truth.

When the old Dean Khris heard this, he was not only happy now.

"Child, your decision is right!"

"Although I don't know, why did you choose the Edrow Academy before... But there are some things that the old man still has to say!"

"Adro Academy is not a famous academy, their teaching level only stays at that level! And your illusion skills are already comparable to their teachers and even the dean, so there is no need to go to that academy to waste time... "

"If it is possible, my child, I still hope...you...you...can return..." the old dean said embarrassingly while looking at Li Tian.

Of course Li Tian knew what the old dean Heris meant.

At the moment he said: "Old Dean, I know what you want! But what happened last time has already happened. If I go back to Bander College again? Then what will they think of me?"

When the old dean heard this, he immediately said: "My child, you are worrying too much! You don't have to think about this at all!"

"What you did at Bander College before, to be honest, was all my negligence! The students in our college, although they sometimes speak a little harder to you, they are all young people after all! I hope you can understand! I believe that if you can return to Bander College again, both the teachers and classmates will be very friendly to you."

"Child, come back." The old dean looked at Li Tiandao like an elder.

Li Tian seemed to hesitate at that moment!

He actually knew in his heart that his choice was wrong last time!

Last time, he was too sharp and irrational!

At this moment, listening to the old dean Khris said so painfully, Li Tian suddenly raised his head to look at the old dean Khris and said: "Old dean, would you let me consider it?"

"I will answer you tomorrow!"

With that Li Tian suddenly said this, although the old dean in front of him was a little disappointed, he still couldn't conceal the excitement in his heart.

"Child, good, I'll wait for you!"

"We are waiting for you to come back to Bander College again."

"What we did wrong before, this time, we will all make up for it, as long as you can come back again!"

The old dean excitedly took Li Tian's hands and said.

Li Tian looked at the old dean and smiled slightly.

For the old man in front of him, Li Tian still feels more intimate! Besides, the old Dean Hollis has always treated Li Tian well!

While Li Tian was talking here with the old dean, he suddenly saw the people from the Black Shura Academy come out from inside.

At the moment, he saw the old white beard walking with a group of Black Shura College students in black clothes.

When he saw them, Li Tian frowned slightly.

And all the members of the Black Shura Academy also saw him.

Especially the Dean of the Black Shura Academy, Baibeard Rutov, raised the extremely dark eyes to Li Tian who was staring in front of him.

Chapter 2693: Can't enter

When the people from Black Shura Academy saw Li Tian, their eyes were full of cruel hatred.

Li Tian and the old dean Hollis not only turned their heads to see the students of Black Shura Academy.

"Damn boy, remember, don't leave the imperial venue like a fleeing dead dog, otherwise, even if we chase the end of the world, our Black Shura Academy will kill you." The old white beard suddenly looked at Li in front of him. The sky roared over there.

Li Tian heard the words of the old man with white beard and suddenly sneered: "Old stuff, don't worry, I will stay here to accompany you."

When Li Tian called out the word "old thing", the old white beard snorted angrily, and an invisible murderous aura broke out from his body.

Several old men beside him suddenly roared: "You're looking for death!" Right now, they were ready to attack Li Tian.

I saw that the old Dean Heris standing next to Li Tian suddenly took a step at this moment. The gray robe on his body had no wind, as if the elders of the Black Shura Academy would make a move.

"Rutov, do you want people from your academy to take action here?" the old dean Khris said, sneering at the old man with white beard.

The white-bearded old man waved slightly to the black-robed old men beside him.

"Retreat." Rutov said.

The few black-robed old men in front of them all retreated.

Then I saw the old man with white beard looking at the old Dean Hollis in the dark.

"Heris, it seems that you have guarded this ***** kid, right?" Baibeard said while glaring at the old Dean Heris in front of him.

The old dean Khris smiled slightly: "So what?"

"Okay, very good!" The old white beard sneered suddenly.

"Since your Band Academy wants to protect this ***** kid, hehe, I will make your academy pay the price." The white beard Rutov suddenly showed endless murderous aura in his eyes.

Hearing the words of the old man with white beard, the old dean smiled faintly: "Don't worry, our Bander Academy will wait."

The old man with white beard finally gave Li Tian a fierce look, then stretched out his hand and waved to everyone around him and said, "Go!"

Then the white beard in front of him led all the Black Shura students under him to leave here.

After they left, the old Dean Hollis couldn't help but sighed slightly.

"This Rutov is still so insidious! Hey." Old Dean Khris said.

After speaking, he slowly turned his head and looked at Li Tiandao beside him: "Child, you stay in the room alone tonight and don't come out again...I'm afraid..."

Li Tian heard the caring words of the old dean, not only was he startled, and smiled: "Old dean, are you afraid that Black Shura Academy will deal with me tonight?"

"En! That Rutov is notoriously cruel, you hurt his most beloved grandson this time in the game, so I am a little worried about you." Old Dean Khris said.

"Hehe, don't worry, old dean."

"If they really dare to trouble me tonight, come one, I kill one! Come two, I kill one pair!" Li Tian's eyes suddenly showed a terrible killing intent.

The old dean glanced at Li Tian, his mouth moved slightly, as if he wanted to say something, but in the end he held it back.

"Child, it's getting late, then go back and rest as soon as possible."

"Also, I hope you will consider what I said before tonight. I hope you can return to our Band College again." The old dean finally said there.

Li Tian heard the old dean say so, and smiled slightly: "Okay!"

Then the old dean didn't say much, and walked away.

So Li Tian went back to the room alone at this moment.

When they returned to the room, Walman and the others hadn't come back yet. Li Tian was idle and bored alone, sitting in his room and meditating.

...

Black Shura Academy lives in the northernmost area of the imperial venue.

At this moment, I saw the cold-looking Black Shura Academy members wearing black robes at the gate of the northern area.

I looked inside, but I saw that outside a courtyard, standing black-robed old men from the Black Shura Academy.

I saw them waiting there with a worried look on their faces.

"Master Cole doesn't know what's going on?" Suddenly a black-robed old man said with extreme anxiety.

Another black-robed old man said: "I don't know!"

"But I think the dean will definitely be able to heal Master Cole."

"That **** masked kid... actually dared to hurt our Young Master Kerr seriously, he will definitely die." The black robe old man said in a vicious tone.

"Yes, that kid is dead."

"Shall we slaughter that kid tonight?" Suddenly an eagle-eyed black-robed old man suddenly said angrily.

The other black-robed elders secretly set off and said: "Don't act rashly. After all, this is the imperial venue. We are going to kill people here. I am afraid it will have a great impact on our reputation of Black Shura.

"Forget it, let's wait for the dean and his elderly to come out before we make a decision."

After they said this, all five black-robed elders stood here, and waited anxiously.

After about half an hour passed, the door suddenly opened.

After opening, the five old men hurried forward, but saw the old man with white beard walking out from inside with an ugly face.

"President, how is Master Cole?"

"Yes, Dean."

After a few black-robed elders asked, the white-bearded old man groaned: "Cole was seriously injured! But fortunately, I was cured..."

"It's a pity..." the white beard old man suddenly felt disappointed in his eyes.

When the five elders heard this, not only were they stunned at the moment, they quickly asked: "Dean, what a pity?"

"It's a pity that Cole can't participate in the next illusion competition." The old white beard in front of him suddenly roared.

what?

When the white beard old man said this, all five old men in front of him screamed in surprise.

"The dean...that...that...we only have four participating students." Only the five black-robed old men said.

The old white beard said: "Yes."

"That **** stinky boy, I just want to chop him up by myself, so that I can solve my hatred." The old man with white beard roared.

"President, as long as you give an order, I will go to the Western District now and kill the masked kid." A black robe old man said angrily.

The old white beard said: "No!"

"Killing him now has a great impact on the reputation of our Black Shura Academy. After all, this is the Imperial Academy." The white beard old man said.

Chapter 2694: Continue to participate

"What should we do then? How are we going to deal with that **** boy?" Several black-robed old men looked at the white-bearded old man.

The old man with white beard hated Li Tian 10,000!

He wished to kill Li Tian now.

But for the reputation of Black Shura Academy, he can only endure the hatred in his heart now.

"I thought of a way." Suddenly the old white beard said in that gloomy voice.

When the black-robed elders around heard him say this, they were all taken aback, and said in amazement, "What way?"

"Let him continue to compete, we will kill him in the arena." The white beard old man suddenly said.

"Huh? Let him continue to compete?"

"But, Adro Academy has already lost the game." The black-robed elders around were talking there.

Listening to the black-robed elders around him, the old white-bearded man in front of him frowned slightly, and said, "Although Adro Academy is defeated, I have a way to let that **** kid continue to compete. "

"Hmph, wait and see, I'm going to find the judges of the Empire Illusion Contest."

"Don't forget, I have had a deep friendship with the judges of the Empire Illusion Game for many years." The old white beard showed a grim smile on his mouth.

What he said is not bad.

Rutov, the white-bearded old man, is indeed very familiar with the judges of the Empire Illusion Contest, and he is still an old friend for many years!

If he personally went to find the judges of the Imperial Illusion Contest, this matter should be done.

"Since the dean said so, then we all listen to the dean." Just listen to the five black-robed elders around.

The old man with white beard showed a sullen smile in his eyes, and then murmured in his mouth: "That kid wearing a mask, I will definitely let him die in the ring."

After finishing the words, he saw the old white beard walking towards the center of the imperial venue.

...

Li Tian stayed in the room at the moment, resting.

In his heart, he kept thinking about the words of the old dean Hollis.

"Then the old Dean Hollis has personally persuaded him to return to Bander College? And it has been twice, do you agree?" Li Tian thought there.

To be honest, even though he left Bander College, Li Tian still had a trace of affection for Bander College.

That kind of feeling was the feeling that he had entered into a different world academy for the first time in his life, not the feelings for the people or things in the academy.

Li Tian just sat on the bed and thought quietly.

Decisions were constantly emerging in his mind.

Finally, after Li Tian thought for a long time, he suddenly made up his mind.

"I'll go back! Continue back to Bander College."

When Li Tian made this decision in his heart, he suddenly felt a lot easier.

Although it was a bit embarrassing to return to the Bander Academy this time, once Li Tian decides something, he will continue to do it no matter what.

After making a decision in his heart, Li Tian continued to rest in the room.

When the night came, Dean Wolman brought Adro students back from the bustling streets of the imperial capital happily.

Each of them bought a lot of things... and there were a few classmates who brought back some novel things to Li Tian.

Li Tian looked at them, smiled and said, "Thank you all."

Those classmates said, "Student Li Tian, you are too polite."

"Yeah, you won such a great honor for our Adrot College. We thank you for being too late." Those students looked at Li Tiandao.

Li Tian only smiled when he heard them say so.

Just when Wolman and the others came back, suddenly two staff members of the Metropolitan Hall walked in from outside at this moment.

At this moment, Dean Wallman and Li Tian were not only slightly taken aback when they saw the two staff members of the imperial venue walk in.

Not only secretly lining my heart: Why did the staff of this emperor metropolis suddenly come here?

In everyone's surprised eyes, I saw that the staff of the two imperial metropolises suddenly spoke.

"Excuse me, who is Li Tian?" A thin man suddenly said.

When his words were spoken, the people around couldn't help being taken aback.

When Li Tian heard someone call his name, he not only said in the back: "I am."

While talking about him, he walked over here.

When Li Tian walked out, the staff of the two imperial venues glanced at Li Tian.

Then he said: "Today the jury has just decided that you will continue to participate in the Empire Illusion Contest."

When the staff of these two imperial capitals uttered these words at once, Li Tian in front of him was stunned. Not only was he stunned, but also Dean Wolman of Adro College over there. The students were completely shocked there.

"What? Li Tian still participates in the Empire Illusion Contest? This...this...what's the matter?" Dean Wallman asked with horror.

Even Li Tian was depressed there, and he didn't know what the situation was.

"Why? Why did you suddenly decide to let me continue to participate in the competition?" Li Tian asked.

But seeing those two staff members said: "We don't know these, we only know that tomorrow, you will continue to stay in the empire venue and then participate in the illusion competition."

Hearing what the staff of the two imperial metropolises said, Walman was stunned.

"What about our Adro Academy?" Dean Wallman asked immediately.

Hearing that Dean Wolman suddenly asked, he only heard the two staff members of the Emperor's Metropolis say: "You? Your Edro Academy is still being eliminated! And after tomorrow, you will not be allowed to stay in the Empire Meeting place."

Hearing these two guys say this, Wallman suddenly showed infinite embarrassment on his face.

All the Edro students around were speechless.

"Okay, we have finished talking about it, Li Tian, remember to participate in the competition tomorrow."

After leaving a word coldly, the staff of the two venues suddenly left like this.

What about Li Tian? The whole person stood there speechlessly.

Then Wallman, and all the students of Edro, were there at the moment and glanced at Li Tian... Then they said nothing, they walked away silently.

Li Tian looked at Walman and the others, knowing in his heart that they were disappointed...and embarrassed.

But Li Tian can't help it!

He didn't fully understand the situation just now, and he didn't know why he would continue to participate in the competition.

Li Tian thought for a while, and said: "There must be someone doing a ghost here!"

Chapter 2695: The loss of leaving

Li Tian will continue to participate in the competition tomorrow.

This was quite unexpected to him.

Looking at the Walman and others who were leaving him, Li Tian could only sigh slightly, and then said nothing.

...

Neither Band College nor Narok College knew about Li Tian's upcoming competition.

I saw that since the old dean Heris left Li Tian, he has been in a state of joy and excitement.

Because he can see that the persuasion this time has worked! At the very least, Li Tian has decided to start thinking about it.

After returning to the area where the students of Band College were located, the old Dean Hris hurriedly told the happy news to Anderson and Evelyn and other teachers beside him.

When the teachers heard this, they were all astonished.

"Old dean, do you mean that Li Tian is going to return to Bander Academy again?" Loft, the fire department teacher over there, asked in surprise.

Anderson also widened his eyes and said, "Really? That kid really intends to return to our college?"

Listening to their question, the old dean Hollis smiled slightly: "Li Tian has not decided yet. He should give us a satisfactory answer tomorrow."

After hearing what the old dean Hris said, the teachers in front of him were taken aback.

"It would be great if Li Tian could return to our Bander Academy." The beauty Evelyn over there suddenly said.

The fire illusion teacher next to him also said happily: "Yes, in this case, we can fight Black Shura Academy."

"Well, yes, it should be possible with Li Tian's powerful fantasy." The wind system Cyril over there also said.

Only Anderson of the Thunder and Lightning Department stood there, his mouth closed and silent.

At Band College, everyone knows that Anderson hated Li Tian the most before!

Not only because when Li Tian left, he almost injured Na Anderson with Qi illusion, but also because Li Tian's strength completely exceeded the range of his students...so he was very angry.

At this moment, he has been dull and silent.

The old dean knew that Anderson had great opinions on Li Tian. At this moment, he saw that Anderson was silent. He not only turned his head and looked at Anderson and said, "Teacher Anderson, what are your opinions?" Asked.

After the old Dean Hollis's questioning exit, the beautiful teacher Evelyn and the other teachers not only blinked at Anderson there.

Anderson suddenly hesitated...

"I...I...I..."

Seeing Anderson's hesitation, the old dean not only said, "Anderson, don't you approve of Li Tian's return to our college?"

"No...no...no."

"It's just...just...hey! Forget it...the old dean, it's me too little belly! It's my teacher's fault! Let that stinky boy come back, come back to our Bander Academy." Then Anderson suddenly rose there. Blushing and spit out those words.

Hearing what Anderson said, the teachers over there suddenly smiled.

The old dean here also laughed!

Anderson finally recognized Li Tian, which is really rare.

"well!"

"Since even Teacher Anderson thinks that Li Tian should return to the college, the only thing we have to do now is to wait for Li Tian's reply tomorrow." The old dean said.

Anderson said: "Huh, if that stinky boy doesn't come back to the academy, we will never pay attention to him again! Leave him alone, let him be bullied by the guys from the Black Shura Academy..."

Hearing what Anderson said, everyone laughed.

...

This night, it passed very quickly.

The next day came soon.

When the next day arrived, Walman from Adro College and the students were leaving the imperial venue.

Li Tian got up early and saw Walman and other students who had already packed up and saluted.

Then Wolman and other students also saw Li Tian at this moment, and they all blinked at Li Tian with strange eyes in their eyes.

"Dean Wallman." Li Tian came over.

But when he walked over, Walman suddenly smiled bitterly and said to Li Tian, "Li Tian, why are you here?"

"Haha, are you still participating in the competition today? How come you are here?" Wolman said while he could hear the extremely bitter and strange smell in his voice.

When Li Tian heard that Walman said weirdly, he was very uneasy, but he still smiled and said, "I'm here to send you off."

"Send us...hehe, don't you need it."

"Hey, your strength is very strong! Our Adrot Academy is not worthy of being with you at all."
Wolman said suddenly.

Hearing what Walman said, Li Tian wanted to explain...but seeing that Walman suddenly said: "Li Tian, you should go to the game!"

"We are leaving...Although our Adrot College is small, we always have dignity."

After Wolman finished saying this, he suddenly turned his head and said to the group of Adro College students next to him: "Classmates, we are leaving here. Everyone should pack up and leave."

Following the words of Na Wolman, the students from Adro College hurriedly said, "Dean, we are all packed."

"Okay, let's go."

"Li Tian, goodbye!"

Wallman said these words in a cold voice, and then did not even look back, and left with the students of Adro Academy.

In this way, that Wolman left here with all of Adro's students.

Looking at the classmates of Adro Academy and the bleak figure of Walman and the others, Li Tian suddenly felt a pain in his heart.

He knew in his heart why Walman and those classmates were angry! Why do you feel cold to yourself...

That was all because Li Tian continued to participate in the Empire's illusion competition! But they were kicked out of this imperial college.

Thinking of this in his heart, Li Tian could only give a bitter smile at this moment, and then turned and walked towards the inside.

Li Tian went to find the people at Bander College.

He had made a decision last night, so now he has to return to his real academy.

As Li Tian walked towards Bander College, the students of Bander College saw Li Tian from a distance.

"Student Li Tian?"

"Ah? Isn't that him?" Only two students from Bander College standing at the gate screamed there.

Then one of them said: "Quick, quick, go and inform the old dean and teachers, Li Tian is here."

After he finished speaking, the student next to him hurried to report.

Chapter 2696: Give up

After Li Tian walked over, one of the classmates of Bander College hurried to inform the old Dean Hollis and them.

After a while, I saw that the old Dean Hollis, Anderson, and the beauty teacher Evelyn all ran out. Then he saw Li Tian standing at the gate at a glance.

"Student Li Tian?" They cried excitedly the moment they saw that Li Tian.

Li Tian looked at them with a slight smile on his face.

The old dean Heris walked over quickly at this time, looked at Li Tiandao with relief and said, "How about child? Have you considered it?"

As the old dean asked such a sentence, every teacher around him stared at Li Tian with wide eyes.

They are all waiting for Li Tian's answer.

"Think about it." Li Tian replied.

Following Li Tian's words, the old dean hurriedly asked: "Then what is your decision?"

Li Tiandao: "I'm back."

The three characters are very simple.

As soon as Li Tian said these three words, the old dean and the teachers around him shouted in surprise.

"Great! Great."

"Child, you are finally back." Old Dean Hollis held Li Tian's hands excitedly.

The eyes of the other teachers here also showed extremely excited light.

Even the students on the side were happy there.

After all, Li Tian's strength is obvious to all of them! Besides, it is still an illusion contest of the Empire.

"Child, come, come, come, let's go to the hall first."

As the old dean said, he hurriedly led Li Tian into the hall inside, and all the teachers behind him followed.

After arriving in the hall, the old dean looked at Li Tian's clothes from the Edro Academy, and not only hurriedly said, "Quickly, let someone prepare some clean clothes and change them for Li Tian."

After hearing the words of the old dean, the students nodded quickly.

Then he picked a few brand-new Bander Academy costumes for Li Tian.

Li Tian looked at the Bander College uniform he had brought over, hesitated, but changed it anyway.

After changing his clothes, he slowly folded the Adro Academy dress neatly, and then gave it to a classmate, where he said: "This classmate, please take my clothes away!"

Hearing what Li Tian said, the classmate was taken aback for a moment, but he was still very obedient. He smiled and said, "Don't worry."

After speaking, he took Li Tian's dress and walked inside.

Now Li Tian has changed into a dress of Bander Academy again, and he has completely become a student of Bander Academy from this moment on.

"By the way, dear teachers, now classmate Li Tian has returned to our Bander Academy, I want to let him continue to participate in the competition." A word came out of the old Dean Hollis's mouth.

After hearing the old Dean Hollis say this, the teachers all nodded happily in there.

The beautiful teacher Evelyn on the other side suddenly said: "Old dean, but the five places for our competition have been determined, then...what should I do?"

The old dean Heris smiled there and said: "This is exactly what I want to say!"

"Because you all know that there are only 5 places in the Empire Illusion Contest, so I want your teacher to withdraw one place from your own hands. What do you think?" The old dean said, smiling while watching. Teachers.

When the teachers who participated in the competition heard what the old Dean Hris said, they were all startled.

One by one, I couldn't help but conceal: whose student should withdraw from the competition? Let Li Tian fill in that position?

Among the Band College, there was 1 student from the Fire Department and 1 from the Water Department. Only the Thunder and Lightning Department of Anderson participated in 3 students.

So at this time, everyone was focusing on Anderson.

But everyone knows that Anderson is the student who wants his most to participate... If his students are allowed to withdraw from the competition, it will be more uncomfortable than killing him.

So the scene at this moment not only suddenly became awkward.

The old dean, looked at this and then at that...

Every teacher was silent there.

Just when this scene felt quite embarrassing, no one thought that Mr. Anderson from the Thunder Department would suddenly stand up at this moment.

"I...I...I asked one of my students...to withdraw from one." A word suddenly came out of Anderson's mouth.

A word from Anderson was like a bolt from the blue, which hit the hearts of all the teachers at this moment.

what?

When Anderson personally said that he would let the students of his department withdraw from a student, the teachers all looked at Anderson with incredible eyes!

Is this still teacher Anderson?

This guy who used to like to make his students stand out, has taken the initiative to step back today? It's incredible.

Looking at what Anderson said, the old Dean Khris in front of him was also slightly startled, and then raised his eyes to look at that Anderson with satisfaction, and said in his heart: It seems that the teachers in our college are mature again. Less...not like it used to be.

Li Tian was also surprised!

He knows that Anderson best, because Anderson hates him! At this moment, he didn't expect him to take the initiative to say so.

After Teacher Anderson said this, the old dean here suddenly said happily: "Okay, good, very good!"

"Since Teacher Anderson took the initiative to withdraw from a student, Li Tian will fill the vacancy."

Hearing what the old dean said, all the teachers around not only clapped their hands there.

I saw that Anderson suddenly walked towards Li Tian. After he walked to Li Tian's side, he raised his eyes and looked at Li Tiandao: "Boy, I just gave you the place like a meat cut... You want to give us Bander The academy will win honor! Otherwise...I can turn around and ask you to settle the account."

When Li Tian heard Anderson say this, he smiled slightly and said: "Teacher Anderson, don't worry."

When the teachers around heard that Anderson said jokingly, not only did they laugh all over there.

In this way, Li Tian successfully returned to the embrace of Bander College.

And at this moment, he is about to replace the Bander Academy in the competition!

Just when they were in the hall, there was a sudden "humming" bell ringing.

When everyone heard the bell ringing, they just listened to the teachers around them saying: "We are going to enter the arena and participate in the competition."

"En." The old dean also heard the voice.

"Teachers, start to gather all the students, and we will enter the imperial illusion competition venue."

As the old dean said so, the teachers in front of him hurriedly called up their students.

Chapter 2697: Melee mode

Soon, the teachers at Bander College gathered all the students. .

And at this time, the old dean Heris also walked out with Li Tian.

When Li Tian wore the costumes of the Bander Academy and followed the old Dean Heris out, not only the entire audience was shocked at the moment.

"Huh? Genius Li Tian?"

"Yeah, isn't that him?"

"He...he...returned, back to Bander College?"

I saw that when all the classmates saw Li Tian's figure, they couldn't help screaming in surprise.

Isha, who was standing among the beautiful students of the water system, also blinked her beautiful eyes to see Li Tian.

"Li Tian?"

At this moment, all the students from Bander College were looking at Li Tian with wide-open eyes.

I saw that the old dean was standing in the forefront position at this moment, and after hearing the voices of the students, he suddenly spoke there.

"Dear students, I will announce a good news to you today. Our classmate Li Tian has returned to Bander College!" The old Dean Hollis suddenly said with a smile there.

After hearing the voice of the old Dean Hollis, all the students of the Band College suddenly cheered fiercely.

"Great!"

"Yes, the genius Li Tian has finally returned."

These classmates who had deep opinions on Li Tian in the past have no more contempt at this moment! No more look down on before... some are just gratification!

strength!

No matter in that world, strength is the standard that determines everything!

Li Tian saw the cheers of these students and their changing eyes, and felt this deeply in his heart!

He was just standing there quietly at the moment, and in his heart, he was suddenly thinking about it: It seems that I must make myself strong enough! Whether on the earth or in this world, I have to let everyone respect me! This is strength!

The teachers, as well as the old dean, all smiled after seeing the cheers of the classmates.

"From today, Li Tian will represent our Bander Academy in the Empire Illusion Competition."

After the old dean said this sentence, he went on to say: "Go, let's enter the empire competition venue."

After the old dean's order, all the teachers, classmates, and Li Tian followed the old dean Hollis step by step towards the imperial competition venue.

When Li Tian followed the old Dean Heris into the imperial venue, he saw a sea of people.

And I saw the classmates of Black Shura College and the classmates of Narok College from a distance.

They actually came to the venue of the game early.

At this moment, when the old Dean Heris led everyone in, their college became the focus of everyone.

"The masked kid?"

"Dean, look quickly, why did that ***** kid from Adro Academy suddenly ran to the Bender Academy?" Hearing only from the Black Shura Academy, a black-robed old man sitting next to the old man with white beard suddenly pointed there Li Tiandao in the crowd.

The white-bearded old man, the dean of the Black Shura Academy, heard the old man in the black robe next to him say so. He frowned and turned to look. He saw Li Tian, and he also saw that Li Tian was wearing Bander Academy. apparel.

Under this look, the old white beard was suddenly depressed.

"Damn it, what's going on? That bastard, how did you get to the Bander Academy?" The old man with white beard was also depressed at the moment.

"Yeah, that's weird."

"Look, the clothes that kid was wearing turned out to be Bander Academy clothes?"

"Could it be that he joined Bander College? He became a student of Bander College? And do you want to participate in the competition for Bander College?" said the black robe old man.

Upon hearing what they said, all the people in the Black Shura Academy not only looked at the scene in front of them with extremely gloomy eyes.

"Asshole, Bender Academy seems to be against our Black Shura Academy!" The white beard old man suddenly roared.

"President, what should we do then?" Suddenly the black-robed elders around him asked.

The old white beard roared: "What are you afraid of?"

"Since he joined the Bander Academy, we happened to kill him in the game." The old white beard said grimly.

It seems that he is determined to kill Li Tian and avenge his grandson.

At this moment, not only the people from the Black Shura Academy saw Li Tian, but even the people from the Naluoke Academy saw Li Tian.

The little beauty Mayvis and Edgar not only screamed at the moment they saw Li Tian.

So they all asked in shock, just like Black Shura Academy, but no one knew what was going on.

Soon, Li Tian followed the old dean of Bander College and fellow students into the competition venue.

When they entered the field of the game, the fat judge appeared on the field.

He said loudly there, "Dear viewers, participating colleges, I have competed fiercely for two games yesterday...Adro Academy has been eliminated! The remaining Bander Academy and Rock Academy have been tied. Therefore, we decided to let Band College and Rock College advance together!"

When his words were finished, the audience immediately boiled.

The fat man continued and said: "After yesterday's round of competition, because only one Adro Academy was eliminated, our competition team made new regulations."

"The next game will become a melee mode!"

"The so-called melee mode is that all the players who have won in the first two games will participate in the continued confrontation! Winners, promoted, losers eliminated! Drawers will also be eliminated. This kind of battle will continue until the end. ."

"At the moment, there are 2 winners from Bander Academy, 2 from Rock Academy, and 4 from Black Shura Academy."

After the fat man said so all of a sudden, the surrounding universities were not only stunned.

I saw the teachers of the Bander Academy saying: "How did you change the rules of the game?"

"Yeah, doesn't this mean that we only have 2 contestants at Bander Academy?"

"But there are 4 more from Black Shura Academy..."

I only heard that some of the students from Bander College began to talk unconvinced there.

The situation at Rock College over there is the same as Band College, and the students are also discussing frequently there.

The fat judge said there, "The rules of the game are determined by the empire! If any academy feels dissatisfied, you can quit the game directly."

After the fat man's indifferent voice uttered, the whole audience was silent at this moment.

After all, no one can make the right decision of the Empire.

Chapter 2698: Game 1: Lose!

In this way, the next game will become a melee mode.

At this moment, the old Dean Hurice suddenly stood up from the crowd: "My judge, there is another winner in Band College, and that is him, Li Tian."

When the old dean pointed out that Li Tian in the crowd, everyone here fixed their eyes on Li Tian.

"Um, isn't that guy a student of Adro Academy?"

"Why did you arrive at Bander College all of a sudden?" People around me started to talk puzzledly.

The fat man also felt suspicious. He glanced at Li Tian at the moment, and then at the clothes on his body, and said: "Isn't this kid from the third-rate college of Edro before?"

The old Dean Hollis smiled and said: "Yes, Li Tian was indeed at Adrot College before! But he was not eliminated! I heard that yesterday, the staff at the Empire Hall specifically asked Li Tian Participate in the competition! So, from now on, Li Tian will join our Bander Academy, and replace our Bander Academy in this imperial illusion competition."

After the old Dean Khris said these words, the surrounding colleges all started talking.

The fat judge also hesitated.

At this moment, he not only looked back at the old white-bearded man in Black Shura Academy over there.

But seeing the old white bearded man nodded to the fat judge with gloomy eyes, as if to signal him to agree.

After seeing the old man with white beard nodding, the fat man turned his head and said: "Well, since your Bander Academy wants to accept this kid, then let him also participate in the competition."

After listening to the fat judge finally agreeing, the old dean of Bander College, Hollis not only smiled slightly.

Then he turned his head and said to Li Tiandao beside him: "Child, you can take the place of our Bander Academy in the competition."

Li Tian smiled slightly when he heard the old Dean Hollis say this.

Then the melee match started!

After this decision, I saw that every college came out with the students who had won before.

At Bander College, Li Tian, an illusion student from the Thunder and Lightning Department, and Naisha.

Rock Academy: Edgar, and another young man in a robe.

The Black Shura Academy came out of 4 students, among them the most powerful Kane of the previous year, a woman with a black dress and a venomous face, and two other Black Shura with spiritual power around the body. Classmates.

After all the participating students appeared, I saw the fat judges saying: "Now we will start assigning the game."

"In the competition, all the places for participating students are placed in this box. Whoever I pick up will play the game." The fat judge said.

Listening to what he said, all the participating students including Li Tian glanced at the black box that was brought over.

No one knows who will be drawn!

"I'm starting to smoke now!" The fat man said with a slight smile.

After he finished speaking, he stretched out a hand and reached into the black box. After reaching the box, he took out two white paper balls!

Then everyone was intently looking at the paper ball in the fat man's hand, and the fat man stretched out his hand and slowly opened the two paper balls.

After opening it, he smiled slightly.

"In the first game, Callis of Band College vs. De Damon of Black Shura College!"

After he said it, the whole audience called out in shock.

It turned out that in the first game, it was Teacher Anderson from Bander College, who was the best student, Callis!

This Callis is an Intermediate Level 2 thunder and lightning illusion, belonging to the strongest thunder illusion student in the Band College.

So after reciting his name, the old dean of Bander College and Teacher Anderson were all staring at Nakalis.

"Callis is on the stage!" Teacher Anderson said excitedly there.

This is his most proud disciple, so he seems very excited.

The old dean on one side, Heris, raised his eyes and looked at the black Shura Academy in the distance.

The young man had eagle eyes and a straight nose. Although he was not very tall, his whole body was filled with an incomparable aura.

The old Dean Hollis glanced at the person sent by the Black Shura Academy, not only frowned at this moment.

"Anderson, let Callis pay attention, the students on Black Shura's side are not easy." The old dean Huris reminded that Anderson there.

Anderson said: "Don't worry, old dean, Callis is my most optimistic student. I believe he should be able to defeat the guy in Black Shura Academy."

After the old dean heard what Anderson said, then he didn't say much.

The game started quickly.

Li Tian and other contestants all stood in the back, watching the first battle.

This game started soon.

As Anderson's most proud protégé, Nacalis does have good strength!

When he went up, he first used two intermediate lightning illusions to force the students of the Black Shura Academy back again and again... Then he kept using his own lightning illusions to attack the students of Black Shura.

The students of Black Shura Academy had been evasive at first! There is no offense!

It seemed as if he was deliberately concealing his strength.

In the game, only the purple thunder and lightning rays of Nacalis could be seen, roaring across the court.

"Our Band College seems to have the advantage! Callis should be able to win easily."

The students at Bander College saw that Nacalis made a series of moves, and they were all talking excitedly.

"Yes, Callis Raiden's Intermediate Level 2 strength should be ok."

As the first game, if a victory can be won, it is indeed a morale boost.

At the moment, those Bender colleges are all full of excitement.

But only Li Tian looked at the scene worriedly.

Because he had already seen that the student of the Black Shura Academy didn't use his real strength at all. He was just avoiding it now, as if he wanted to consume the spiritual power in the Calis body before attacking.

The more you look down, the more you can see the weakness of Calis' spiritual power!

When Li Tian looked at it, he immediately shouted: "That's it!"

When the beauty Isha next to him heard him say this, she suddenly said, "What's wrong? Li Tian?"

"Callis may lose!" A word came out of Li Tian's mouth.

After Li Tian said this, Yisha was taken aback.

"Impossible... Now Callis has completely taken the initiative." That Yisha looked at Li Tiandao incredulously at this moment.

Li Tian frowned and said, "Isha, don't you see it? The students of Black Shura Academy have been hiding their strength."

Chapter 2699: Mighty Kane

Hearing what Li Tian said, Yisha was not only taken aback.

At this moment, raising her beautiful eyes to look at the situation, she froze for a moment and said: "Really? But I feel that Callis is about to win?"

Isha hasn't fully seen the situation!

Although in the scene at this moment, Laris of Bander Academy does have a huge advantage, but can he really defeat De Damon of Black Shura Academy?

Li Tian looked at the court and said to Yisha: "Isha, you believe me, if you don't make ten moves, Calis will definitely lose!"

Li Tian had already seen that Calis had completely wasted his body's spiritual power!

And the De Damon of the Black Shura Academy, at least 50% of his spiritual power has not been used, although he has been avoiding in the early stage, but he does retain his strength.

After hearing what Li Tian said in front of her, Yisha not only froze for a moment, then raised her beautiful eyes and looked at the situation in surprise.

Anderson from Bander College was still there and shouted, "Callis, beat him! Beat that guy."

The students from the Thunder and Lightning Department of Band College nearby were also shouting enthusiastically.

They all saw that Callis had the upper hand, so they thought Callis would win!

At this moment, only the old Dean Hollis had a cold face there, and that face became more and more ugly.

"It's lost! It's going to be lost! The opponent used a delaying tactic, and he is consuming the spiritual power of Callis!" The old dean Heris suddenly muttered in his mouth.

The teachers around him did not hear the words of the old Dean Hollis, and they were all looking at the scene excitedly at this moment.

Even if the old dean could now see that the opponent was using tactics, it was already completely late.

Because in the scene, the spiritual power of Nacalis has basically been exhausted!

His attack obviously seems to be much weaker... But what about De Damon from Black Shura Academy? At this time, he displayed his terrifying spiritual power!

"It's time for us to attack!" Suddenly the white-bearded old man from the Black Shura Academy said with a gloomy smile.

Several black-robed elders around also looked at the scene with gloomy eyes.

The situation was reversed suddenly.

Suddenly, Nacalis fell into an extremely passive situation, and the Black Shura Academy De Damon, who had been passively beaten just now, began to attack fiercely.

Everyone around was shocked!

And the students from Bander Academy who had just yelled for Callis were all there in shock.

I saw two huge **** of electric light suddenly rose up on the field, and then banged on the body of Calis, whose body was exhausted.

Calis let out a scream, his body was useless even the thunder shield shield, and then his body was shot down from mid-air heavily.

what?

When Callis of Bander College was hit by the guy from Black Shura College, Anderson exclaimed and stood up from his seat.

"How could this happen? How could this happen? Callis was defeated?" Anderson looked at his defeated student in disbelief with horror.

The students in the Bender Academy around him were all shocked!

As if no one could accept this fact.

But seeing that the defeated Calis fell on the ring, unable to stand up.

"The first game, Black Shura Academy wins!" Suddenly the fat judge terminated the game!

In this way, the first Bander Academy was defeated! The entire college was shrouded in a haze.

I saw the two students quickly help the seriously injured Calis.

Li Tian and Na Yisha looked at the defeated Calis, not only sighed long.

"Lost! Callis actually lost." Isha in front of her said in shock.

Then beautiful eyes looked at that Li Tian.

"Li Tian, how do you know Callis will lose?" Yisha asked Li Tian in surprise.

Li Tian sighed deeply and said: "He shouldn't have been defeated! It's a pity that he was too eager for quick success... He wanted to win so much that he exposed his physical strength just after he played! That's why he will lose in the end."

After hearing Li Tian's analysis, Yisha really understood the reason.

"Isa, in case you are caught in a game, you must not be impatient on the court, you must win steadily." Li Tian warned that Yisha.

After hearing Li Tian say this, Yisha nodded silently.

"The second game of the Empire Illusion Contest begins!" As the fat man finished speaking, all the people in the audience stared intently at the center of the venue in front of them.

At the moment, no one knows who the next game will be!

I saw that the fat guy was the same as in the first game, first drawing from the black box.

Soon, the fat man got two places.

"In the second game, Edgar from Rock Academy vs. Kane from Black Shura Academy!" The fat man said in the lottery.

After the fat man announced the candidate for the game, the court suddenly boiled.

Edgar?

He is the most powerful student in Rock College!

And Kane? It is the most powerful existence in Black Shura Academy! After all, this guy was the champion of the last Empire Illusion Contest.

But when I saw that Rock Academy, when I knew that Edgar had drawn his opponent was Na Kane, his expressions became extremely ugly.

Only the handsome Edgar walked up step by step.

Kane from Black Shura Academy also walked out of the crowd.

When he walked out, he first glanced at Li Tian who was standing next to him with his sword eyebrows: "My opponent should have been you!" Kane whispered while looking at Li Tian.

Li Tian looked at Kane, who exuded infinite spiritual power. He subconsciously felt that this guy named Kane was indeed very powerful! Very strong!

Looking at Kane, Li Tian did not speak.

Immediately afterwards, Kane walked towards Edgar.

Soon, this game began.

As a well-known student of Rock College, Edgar is really good!

His fire system illusion has the superior level of Intermediate Level 2, and a set of fire system illusion is really powerful.

But compared to Kane of the Black Shura Academy, Kane's strength seems to be even stronger!

Kane used thunder and lightning illusions, and every illusion was cast from his hands with a thunderous sound.

On the field, the two masters are competing.

Everyone was watching this gorgeous battle intently.

It can be said that this battle is by far the most powerful decisive battle.

"The Kane of the Black Shura Academy is so strong!" Li Tian looked at the lightning illusion that Kane used, not only in astonishment in his heart.

To be honest, he has seen a lot of lightning illusions, but lightning illusions that can reach the level of Kane are really rare!

Chapter 2700: Li Tian played

After hearing what Li Tian said, Isha not only said, "Kane is the champion of the last Empire Illusion Contest."

"This guy had reached an incredible intermediate level in his last session! Now? I don't even know what kind of terrifying level his strength has increased to." Yisha said.

After hearing what Yisha said, Li Tian understood.

"No wonder this guy is so strong!" Li Tian murmured.

At this moment, I saw him continue to observe the battle.

Edgar of Narok Academy and Kane continued to fight there.

One of the two used: fire, and the other used: lightning!

In the entire game field, the fire was soaring as the lights were surrounded by lightning.

However, in the end Edgar was still no match for Kane of the Black Shura Academy!

No way, Kane's strength is too powerful!

His strength has reached an unimaginable level!

Soon, Edgar of Narok Academy was in the game time for more than 20 minutes, and he was suddenly knotted by Na Kane's hands: Lei Yin!

Then, a huge mark appeared in the palm of his hand, and then it hit that Edgar hard.

Edgar's body flew down in the air after being hit, and then fell heavily to the ground. A huge lightning vortex was hit out of the entire ground.

In the second game, the Black Shura Academy still won! Rock Academy loses!

Facing this powerful Black Shura Academy quickly won two games, the Bander Academy and Rock Academy were demoralized!

Because both of them have lost a game so far!

I have to say that as the largest illusion school in the empire, the Black Shura Academy is indeed very powerful!

Soon, the third game began again!

There is only one contestant left at Rock Academy!

And there are two more from Black Shura Academy!

In Band College, Li Tian and the beauty Isha did not play.

After the fat judge quickly took the place, he spread out the note in his hand, and shouted there, "The third game, Li Tian of Bander Academy vs. Burton of Black Shura Academy!"

Li Tian.

It's finally time for Li Tian to play!

When the whole audience heard Li Tian's name, they all yelled not only there.

I saw the old Dean Heris squinting his eyes, looking at Li Tian on the court, smiling and saying, "It's finally time for Li Tian to play."

Teacher Cyril on one side said, "But what Li Tian has to face is Burton from Black Shura Academy?"

"Burton?"

Maybe Li Tian doesn't know who Burton is!

But the teachers and students at Band College know this name! Because this guy's strength is second only to Kane.

According to legend, his fire system illusion has already been cultivated to the level of "Netherfire"!

After hearing Cyril's words, the old dean Khris not only frowned slightly.

Because he also knew that Burton had extremely powerful strength.

"I don't know if Li Tian can win this game?" Old Dean Hollis suddenly said slightly there.

After Li Tian walked out, a fierce guy with dark skin and the head of a leopard suddenly came out from the Black Asura Academy over there.

His eyes showed red flame light, and he walked out of the crowd of Black Shura Academy.

He is Burton!

A powerful fire illusion guy with strength second only to Kane.

"Burton, remember what I said, slaughter that **** kid." The stern words suddenly roared from the old white beard's mouth.

After Naburton heard the words of the old man with white beard, he not only smiled sullenly and said: "Dean, rest assured! I will definitely avenge Master Cole."

"well!"

"But you have to be careful of that kid's Qi illusion. His qi illusion is very powerful, especially the slave qi technique, and the thousand-kill sword technique. Of these two illusions, the slave qi technique is a low-level illusion. The Thousand Kill Blade Illusion Technique is a high-level Qi Illusion Technique! When confronting him, be careful! Remember to use your fire escape to resist." The old white beard reminded his student there.

After hearing what the old white beard said, Na Burton nodded silently, and then walked up step by step.

After walking up, the game began.

At the moment, everyone's eyes are on Li Tian and Burton.

"Boy, you hurt Master Cole of our Black Shura Academy, right?" After stepping onto the ring, the dark-skinned Burton stared at Li Tiandao with his flame-like pupils.

Li Tian glanced at this guy and said, "Yes!"

"Very well, dare to admit that you are not a coward!"

"However, luckily for you, I ran into Burton today! For the honor of our Black Shura Academy, for the hatred of Master Cole, I will personally kill you today." Burton said.

Li Tian heard Na Burton say this, and glanced at Na Burton coldly, and then said nothing.

"Boy, take it, I want to see how strong your Qi illusion is."

Burton let out an angry roar.

At the moment when he roared out, suddenly, the color of flame appeared in his arms.

Then suddenly he pushed with both hands, and saw two fireballs shot out from the two arms, shooting at Li Tian in terror.

Li Tian can feel that the Burton in front of him is by no means an idle generation. Whether it is the spiritual power radiating from him or his powerful fire illusion, Li Tian can feel it.

So Li Tian didn't dare to be careless at all.

With a sudden wave of his arm, a spiritual force burst out from Li Tian's body, and then, I saw that the two fireballs that had been shot towards that Li Tian were suddenly controlled by the slave air technique!

The two spiritual powers collided, and the two fireballs in the air all burst.

Boom, boom!

Then Burton suddenly flew forward, and then his burning arm swept across Li Tian.

Li Tian didn't dare to touch the flame head-on, and he backed away quickly.

When retreating, he displayed ten jue sword energy.

The swish sword aura suddenly waved from his arm, and the sharp sword aura slashed towards Na Burton.

Burton flew upside down, and then roared: Fire bite!

Suddenly, I saw a huge flame transformed from his hands, and that flame swallowed all Li Tian's Ten Jue Sword Qi.

After Li Tianyi saw that his Ten Jue Sword Qi was swallowed by the strange fire, he was taken aback and said in shock: What kind of illusion is this? Can actually swallow my sword energy?

Just when Li Tian was surprised, Burton suddenly roared, and the turbulent flames in his hands hit Li Tian again.

Li Tian looked at the surging flame, only feeling the enthusiasm of his whole body being roasted by the flame, and he quickly backed away! Then the chain leg kicked a few kicks in the air before it fell back to the ground.
