

A Killer 27

Chapter 27: Angry old fast

When Feifei returned to the sixth floor, Li Tian had almost cleaned the room, at least the floor was clean.

Looking at the clean small room, Feifei praised and said: "Wow, what a typical good man."

When Li Tian went up, he gave the girl a blank look, and sat down quietly on one side, took a cigarette from his pocket, lit it, and took a deep breath.

"What do you do tonight?" Li Tian suddenly looked at Na Feifei and asked.

"What do you mean?" Feifei was taken aback.

Li Tian's finger with the cigarette pointed to the small bedroom inside and said, "There is a bed there."

Feifei was stunned for a moment, and then said: "Are you a man, of course I should be the only one."

"What can you say?" Li Tian said with a puff of smoke from his mouth.

"Handsome man, you can't let me a weak woman sleep on the sofa? How cold at night." Feifei pretended to be pitiful.

In addition, she looked like a little princess in her original appearance, and her little cherry mouth at this moment made her look even more lovely.

On the way, to be honest, Li Tian didn't really look at this little beauty in order to be angry with this girl, and blinked at the moment Feifei before him.

I suddenly felt that it was so beautiful.

A delicate face with melon seeds, a straight nose, red cherry lips, the figure may be due to long-term yoga practice, tall and slender, plus those two slender legs, it looks really attractive.

Li Tian didn't think it was a bit silly.

Where is Feifei? Suddenly seeing that Li Tian's fiery gaze fixed on his body, he couldn't help feeling a little scared in his heart, and quickly hid himself: "What are you looking at?"

When Li Tian said this, she turned her head quickly: "No, no."

"I want to sleep on that bed tonight." Feifei said.

"You want to sleep?"

"Yeah." Feifei nodded and said.

"Well, if you want to sleep, then sleep. The bed is big enough anyway." A certain man said with a wretched smile.

Feifei heard something wrong, and quickly asked: "What do you mean?"

"Hey, such a big bed, we should have no problem sleeping." Li Tian said shamelessly.

"rogue....."

Feifei yelled suddenly.

"You just know?" Li Tian scared her.

Feifei blinked, tentatively looking at Li Tian and asked, "I know you are joking with me."

"Who is joking with you? Try it if you don't believe me. Let's sleep together tonight. Anyway, there is only one bed. Besides, you are so beautiful. That man wants to see you and is not tempted. That man must be a fool."

When Li Tian said this, Feifei was scared at the time.

"Are you serious?"

"Is there a fake?"

Feifei was shocked. What if this guy really messes her with a girl at night, besides, this guy is still a master.

Suddenly his face became extremely ugly.

Seeing her nervous and scared look, Li Tian was secretly excited and happy.

"Well, let's not quarrel with you, who made me Li Tian born kind, you can go to bed tonight." Li Tiandao said.

Feifei, who heard Li Tian say that she let herself go to bed, was so happy that she wanted to hug Li Tian and kiss him fiercely, and said excitedly, "Thank you handsome guy."

Li Tian was also quite satisfied. Even though he said that he would have spent all his money on his first day in Kyoto, he at least met someone, and he was still a little beauty, so he was quite happy.

For the rest of the time, Li Tian cleaned up the sofa in the room, then slowly took out the contents of his backpack, and then went to the small city downstairs to buy some necessities.

So my first nest in Kyoto City was finally settled.

And what about Feifei? She didn't do anything. She didn't know if she knew how to do housework or was unwilling to do it. She was chatting online with her mobile phone in the small bedroom alone.

"Hey, girl, it's not a way for you to follow me like this. I'm also a poor man. Besides, I don't have much money in my pocket. I can tell you in advance that if you plan to let me support you, I can't afford it. Besides, I have a (wife) brother." Li Tian thought of his (killer wife) who hadn't gotten through the door and was happy in his heart.

Tang Feifei, who suddenly heard Li Tian say so, became interested, and blinked at Li Tiandao with watery eyes and said, "You have a wife?"

"That is." Li Tian said proudly.

"Really? Fake?" Feifei didn't believe it.

Li Tiandao: "I lie to you? I tell you, my wife is not an ordinary person, she is..." The word killer almost came out of his mouth.

"Who is your wife?" Feifei said unconvincedly.

Women always like to be jealous, even if it is an irrelevant person, as long as she is stronger than her, she will be jealous.

Li Tian smiled and said: "My wife's head is called a beautiful woman. I can guarantee it is the most beautiful woman in our small county."

"Even in a big city like Kyoto, there are few women as beautiful as my wife."

Feifei couldn't help but feel angry when she heard Li Tian praise her beautiful wife.

At this moment, with two thin arms inserted in the waist, Xingyan angrily said: "A ghost believes what you say. You are as poor and ignorant as you, and regard Iphone5 as a copycat machine. How could it be possible to marry such a beautiful woman? ."

When Li Tian heard Feifei say this, he was immediately angry.

"Girl, do you look down on me?"

"What's wrong with looking down on you? I'm telling the truth." Feifei said.

Li Tian suddenly became angry.

Li Tian, who has lived on his own since childhood, hates that others look down on him most.

Then he said angrily: "You still say me? You don't have a penny on your body now, and you are ashamed to say that I am a pauper? You say that I am a dumpling? I don't know who is a dumpling."

"You...you think Miss Ben really has no money?" Feifei almost flew off when Li Tian said so.

I want to go home and take the money to kill Li Tian.

"You have money? Take it out, show it to me? If you take it out today, Li Tian will believe you."

Feifei was depressed.

She really wished to call her dad, and then went to the bank to take out a sack of banknotes and smashed the rubbish. It is a pity that Feifei couldn't get a penny at this point. She was angry and felt wronged, but she said Coming out, she felt like she was going crazy.

Ah ah ah ah, Feifei, who couldn't help it, almost collapsed and shouted.

A certain man laughed there and said, "Don't worry if you don't have money. It's not ashamed to be a poor person. Who dares to say that you are ashamed if you are poor? Are you?"

Feifei ignored him angrily and turned away.

"What's wrong, angry?" Li Tian looked at Feifei and said.

Feifei turned her pretty face and glared at Li Tian: "I am too lazy to be angry with people like you."

"It's good if you don't get angry. It can be said in the book. If a woman is angry, wrinkles on her face are prone to grow old.

"You're getting old fast."
