

A Killer 2701

Chapter 2701: Advanced Fire Illusion

But even as Li Tian retreated at such a speed, the corners of his clothes and the top of his hair were still burned by the flames. .

At this moment, Li Tian is not only a little embarrassed, especially his own hair has a smell of burnt.

The old dean of the Bander College here, Hollis, not only frowned slightly when he saw that Li Tian was actually burnt by Burton's fire illusion.

"Dean, is that kid okay? Why do I watch him lose?" Anderson, who just listened here, suddenly raised his worried eyes and looked at Li Tiandao.

The other teachers also pin their hopes on Li Tian at this moment.

In case Li Tian is going to lose! Then there is only Na Yisha left in Band College, and there is no chance of winning at all!

Hearing what Anderson said, the other teachers frowned deeply.

The old Dean Khris had even more solemn eyebrows, as he watched the situation on the court in his eyes, he didn't say a word.

And the white-bearded old men of the Black Shura Academy already showed extremely treacherous smiles.

The black-robed elders around them all laughed at the moment when Li Tian was embarrassed by Burton's flames.

"That kid looks dead!"

"Yes, he is not Burton's opponent at all!"

"Burton's fire system illusion is at the level of Intermediate Level 2. The dark fire art he cultivated has already reached the level of Intermediate Level 3. Huh, that brash kid is waiting to be burned into coke. Right."

It turned out that Na Burton's strength had already broken through Intermediate Level 2! Moreover, the fire illusion he is now practicing is an intermediate level 3 underworld art! No wonder his strength is so powerful!

Although Li Tian's physical and spiritual power is extremely powerful, he can only help two illusions, one is the slave-qi technique, and the other is the thousand-kill sword technique that has not yet been completed! How should Li Tian fight this game?

Above the ring.

I saw Li Tian standing there in embarrassment.

But the dark-skinned Burton, with a grim smile on his face, looked at Li Tian coldly.

"Boy, take your life."

With a loud roar, suddenly Na Burton attacked again, his hands suddenly turned in the air, and then two dark fire flames appeared from the palm of his hand.

The two purple underworld flames suddenly hung in the air for a moment, and then wrapped straight towards Li Tian.

Li Tian retreated suddenly, and then quickly used the supreme palm technique, slamming against the purple flame with his strong palm.

There was a boom.

After Li Tian's palm hit the underworld flame, the power of his palm was immediately swallowed by the underworld flame!

what?

"How could this be?"

As soon as Li Tian saw that his palm was swallowed, he was shocked at the moment, and he wanted to evade as soon as his body was vertical.

But at this moment, the two underworld flames that Burton had turned into his hands suddenly entangled Li Tian's body.

The two purple flames entangled Li Tian like a rope.

Li Tian only felt fiery pain and burning pain from his body...Two arms wanted to move, but unfortunately they couldn't move because the two flames had completely wrapped Li Tian's body.

Li Tianjin tried harder, but the harder he got, the dark fire flames became tighter and tighter!

Faced with this weird situation, Li Tian was suddenly shocked there.

"Fire chain trap technique? High-level illusion technique?" When the old dean in front of him saw that Burton displayed the two underworld flames, he couldn't help but screamed out completely.

When the old dean screamed in surprise, Anderson and the other teachers around him all stared.

It turns out that the old Dean He Lisong is practicing fire illusion! So when he saw that Burton was performing this "chain of fire technique", he not only screamed.

"High-level illusion?"

"Oh my God, that Burton from Black Shura Academy turned out to be using high-level fire illusions?" The teachers at Bander Academy here suddenly exclaimed.

"What can I do? Li Tian is going to lose?" Evelyn, the beautiful teacher on one side, hurriedly shouted.

Just listen to that Anderson sighed deeply: "The opponent uses a high-level fire system illusion, I'm afraid... I'm afraid... that boy Li Tian is going to lose!"

"Don't talk, watch the battle!"

Suddenly a roar came out from the mouth of the old Dean Hollis.

At the moment I saw his face extremely ugly.

After the old Dean Hollis's roar, Anderson and the teachers closed their mouths, and everyone continued to observe the battle.

I saw that Burton had completely controlled the situation.

At this moment, Li Tian was bound by the fire-type high-level illusion "Fire Chain Spell". He was struggling there at this moment, but no matter how he struggled, he couldn't break free of those two flames.

"Hey, **** kid, do you want to break free from my chain of fire?"

"court death!"

Na Burton screamed, suddenly his body vacated, and a huge fireball quickly turned out of Na Burton's palm, and then a terrible "bang" hit Li Tian's body in front of him.

Li Tian was trapped by the "chain of fire technique" at this moment, and it was impossible to avoid it!

Seeing a huge fireball of Netherfire hitting him, Li Tian couldn't dodge it.

boom!

With a loud thunder, the huge ball of dark fire directly hit Li Tian's chest.

With a scream of ah, Li Tian's entire body flew upside down ten meters to the body hit by the ball of dark fire, and then fell to the ground with a plop.

With a wow, three mouthfuls of blood spurted out of his mouth, and he fell heavily to the ground.

"Li Tian!"

The moment I saw Li Tian was seriously injured, Isha not only exclaimed there.

The students of the entire Bander Academy also stood up in shock, looking at Li Tian at this moment with incredible forehead.

"Did you lose?"

"Is Li Tian defeated?" All the students blinked and looked at the scene in front of them.

And what about Burton?

Suddenly burst into laughter on the court.

"Boy, against our Black Shura Academy, now you know the end, right?" Burton laughed wildly.

Just as Burton was laughing wildly, suddenly there was the gloomy voice of the old man with white beard.

"Burton!"

The old man with white beard suddenly called Na Burton.

After Na Burton heard the voice of the old man with white beard, he turned his head slowly, then glanced at the old man with white beard, and saw that old man with white beard Rutov made a gesture of "killing" with his hands.

After Na Burton looked at it, he immediately gave a cold smile on his face and nodded to the old man with white beard.

Then he turned around that fierce face and looked at Li Tian who was vomiting blood on the ground.

Chapter 2702: Full state

"Is Li Tian defeated?"

At this moment, the eyes of the entire Bander Academy were all focused on Li Tian.

Even the old Dean Khris couldn't help worrying.

Li Tian is still lying on the ground, the "chain of fire technique" on his body is still trapping him there.

But at this time, Na Burton had cruelly walked towards that Li Tian step by step, as if he was about to kill that Li Tian.

"Boy, who made you offend our Black Shura Academy? Who made you dare to hurt our Master Cole seriously, it's you **** it, no wonder I'm cruel." Na Burton walked towards Li Tian with a murderous face while in that mouth. Said gloomily.

However, at this moment, Li Tian, who had been seriously injured on the ground, suddenly let out a low growl.

The sound is like a beast being awakened!

Then he looked up and saw that a guy with infinite spiritual power all over his body slowly stood up from the ground, and the spiritual power of his body was extremely weird, exuding a strange light, covering his whole body.

Spiritual power is revealed!

If this is not a full-level spiritual power, whose spiritual power can show color?

Who else but Li Tian!

Although his hands were still bound by the "chain of fire technique", his legs stood up on the ground.

Kacha, at the moment Li Tian stood up, suddenly, the bronze mask he was wearing on his face broke to pieces at that moment!

Then an extremely handsome face appeared in everyone's eyes!

what?

When the bronze mask on Li Tian's face fell down, all the people in the audience exclaimed.

It turned out that Burton's Underfire Orb was very powerful, and when it hit Li Tian's body, the tremendous power emitted directly shattered the bronze mask on Li Tian's face! That's why the Li Tian mask will drop at this moment.

His true face was revealed in everyone's eyes.

At this moment, everyone in the audience, everyone's eyes are on Li Tian's face! Na Yisha, the beautiful teacher Evelyn, and all the beautiful students of the water department of Bender College... When they saw the bronze mask on Li Tian's face fell off, they were all surprised. Cried.

Then a handsome face appeared in their beautiful eyes.

That face is so handsome, with thick sword eyebrows, and the charm of an oriental face. Only the two cold lights from those eyes make people feel cold when they look at people. a feeling of.

"Oh my God, Li Tian's face... is not ruined?"

"His face... is so handsome!"

Suddenly Isha looked silly there like a nympho!

In her impression, she always thought that Li Tian's face was disfigured, and for this reason, she still sympathized with Li Tian!

But now when she saw Li Tian's true face appearing, she couldn't help being stunned.

Even the teachers of the Bander Academy and the beautiful teacher Evelyn were all stunned, looking dumbfounded at that Li Tian's face.

"Wow, Li Tian is so handsome!"

"But why did he wear a mask before? He claimed that his face was ruined?"

"Yeah, that's weird!"

"But, who cares about this? Hey, I like such a handsome guy."

The beautiful water students in Band College who wore white skirts suddenly said one by one.

Only the old dean ignored Li Tian's handsome face at the moment, and he looked at the scene with worry on his face.

"Hey, what can I do?"

"That Burton would actually use a high-level fire-type illusion? Li Tian... Li Tian... can't deal with him at all!" The old dean sighed.

High-level fire illusion, possesses incredible lethality!

This is also the real reason why Burton is second only to Kane in the Black Shura Academy!

At the moment when Li Tian's face was exposed, Burton, who was standing in front of him, was not only taken aback, and then sneered: "So there is a little white face under your ugly mask?"

"Hehe, it's a pity, you are dying!" Burton suddenly smiled and sulked in front of him.

But when he was laughing out loud, Li Tian suddenly raised his pupils that exuded weird rays, and at the same time a radiant spiritual energy burst out of his whole body.

"Who is dead? I'm afraid it's not necessarily." A voice from **** roared from Li Tian's mouth.

When Burton heard this, he sneered immediately: "Boy, still stiff? It seems that I have to kill you myself before you know the result."

After the words were spoken, he wanted to attack that Li Tian again.

But at this moment, Li Tian suddenly roared, and the powerful spiritual power of his entire body suddenly burst out at this moment.

The endless spiritual power formed a violent tornado, and then whizzed and revolved around Li Tian's body.

"Oh my God, what is that?" Every academy outside the court exclaimed.

"It's spiritual power! It's spiritual power!!!" Suddenly the Dean of Locke Academy exclaimed.

The old dean of Bander College, his eyes widened at this moment, suddenly stood up, looking at the spiritual power that appeared under his body, and said in an unbelievable way: "Hey, Li Tian's spiritual power has appeared... Has his spiritual power really reached an unprecedented level? Full of spiritual state?"

The white-bearded old man at the Black Shura Academy suddenly changed his eyes. He looked at Li Tian and suddenly said, "How is it possible? How is it possible to have such a powerful spiritual power?"

In the horror and consternation of everyone, Li Tian suddenly roared: "Broken!"

The "chain of fire technique" that was originally entangled with the whole body suddenly banged, banged, banged, and the chains of the underworld fire were broken alive!

He actually broke away from that "high-level fire system illusion."

This kind of rare strength suddenly made the whole audience boil over.

Thousands of viewers stood up one by one. Even the classmates and teachers from Rock College and Band College could not help standing up, looking at Li Tian in disbelief.

At this moment, after Li Tian broke free from the high-level Fire Element "Chain of Fire Technique", his whole body was exuding endless rays of light, and those rays were the powerful spiritual power of his body.

Burton, who was standing in front of him, was shocked at this moment.

"How is it possible? Your kid... how could... break free of my chain of fire spell?" Burton was shocked.

Just when he was shocked, Li Tian suddenly stretched out his hand and waved, a radiant aura directly directed towards Burton.

"Slavery!"

Naburton was still in shock.

"Burton, be careful!" Suddenly the white beard old man from the Black Shura Academy exclaimed.

Only then did Burton woke up and saw that strange light suddenly shot towards him, and immediately roared: "Fire escape!"

Then a protective cover shaped like a ring of fire wrapped Na Burton's entire body.

He wanted to block Li Tian's tricks.

But he didn't know how terrifying Li Tian's slave-qi technique should be when he was full of spirits! ! !

At the moment when he performed Huo Dun, that Li Tian's powerful slave-qi technique still controlled Na Burton and the Huo Dun protective cover surrounding his body in the air! !

Chapter 2703: A legend

"Is that slavery?"

"Yes!"

"My goodness, that kid Li Tian can actually cultivate the most common qi illusion technique, the most common slave qi technique, to such an incredible level?"

"And... and... can you break through the protection of Huo Dun? Controlling that Burton?"

"Too...too...too incredible!"

"What level of spiritual power has he reached? How can he be so strong?"

Cyril, the wind teacher at Band College, and Loft, the fire teacher, said silently.

At this moment, even Anderson, who had always been hostile to Li Tian, was completely astonished.

Muttered in that mouth: "This kid...boy...too...too surprising!"

The old dean on one side Hollis also smiled.

This is what he wants to see!

This is the genius that "Long" really introduced!

"Genius! This is the real genius!!!" The old dean Heris exclaimed with emotion.

As for the beautiful water students at Bander College, they cheered even more.

I saw the situation on the ring has become an overwhelming situation!

Li Tian had already completely controlled the "Burton" with a slavery technique.

Suddenly Li Tian's right hand fell violently, and the "Burton" who was controlled by the slave qi technique immediately exclaimed, and his whole body slammed straight toward the hard ground!

With a bang, Burton took his "Fire Escape" protective cover and slammed it against the hard ground.

The entire huge game venue was knocked out of a huge hole!

Although Naburton was protected by a fire escape shield, the heavy blow still made his head dizzy and his whole body was in pain!

Li Tian threw Na Burton to the ground heavily, causing an uproar in the audience!

And the old white-bearded man from Black Shura Academy screamed at that moment.

"That **** boy, is it a monster? Or a monster? How can there be such a powerful Qi illusion? And it can also defeat Burton's high-level fire illusion?"

The black robe elders around were all speechless!

All the excitement just now disappeared! Everyone was looking at the mutant Li Tian in disbelief.

Of course these elders would not know how terrifying the burst of spiritual power in Li Tian's body was!

And now, they finally saw it!

I have seen what is called a full-level spiritual power cultivation base!

On the field, Li Tian continued to use the slave energy technique to control Na Burton's body severely, and then rammed around!

Naburton is like a monkey being teased at the moment, being played by Li Tian!

Every time he hits the ice-cold rock hard, Na Burton felt his head make a dumb sound...

All over the court, seeing that Burton was thrown by Li Angel Jin like a ball, smashed...they burst into laughter.

The Black Shura Academy has lost face this time!

Throughout the Black Shura Academy, everyone's face was covered with an expression of wanting to kill!

But what can they do?

Just when Burton was thrown to the ground like a ball by Li Tian, Burton finally couldn't help it! He can't stand the laughter from all around... can't stand the insults he is being like!

At the moment he burst out: "I'm fighting with you."

As soon as his roaring sound came out, suddenly, his body rumbling, canceled the fire escape that had originally protected him, and then roared, and a mark was formed in his palm: "The sea of fire is buried!"

Advanced Fire Illusion!

And it is a fire illusion with great lethality!

When Na Burton tried his best to use the "fire sea burial", suddenly a huge circle of fire appeared on the top of the field about a dozen square meters. As Na Burton's hands were sealed, the whole More than ten square meters of ground has all become a sea of fire!

The raging flames blazed into the sky, as if in this sea of fire, anyone and any object would be burned to ashes.

"Fire Sea Burial" is a high-level fire-type illusion with a large range. Because this fire-type illusion has a large range, it has a very powerful effect on the battlefield! And the lethality is also great! Anyone or any object will be burned to ashes as long as it is shrouded in flames! "

No one thought that Burton would have such a cruel and large-scale fire illusion in order to deal with that Angel Li!

At the moment when the "Sea of Fire Burial" was on display, the entire ground became a sea of fire!

The sky was burning with flames, and Li Tian's figure was completely enveloped in the endless fire.

He could not be seen.

"Where is Li Tian?"

"Yes, where is Li Tianren?"

Everyone around was screaming!

At this moment, not only the people in the Bander Academy were stunned, even everyone in the Black Shura Academy was staring at the fire, looking at the fire!

Everyone is looking for Li Tian.

Suddenly, just as this sea of fire was violently spreading and burning, a figure broke through the area of the fire at the speed of light.

"Thousand-killing knife, mercilessly cut!"

He shouted out, and saw a light curtain in the air suddenly condensed into a giant blade in the air!

Then accompanied by the sound of the air being torn apart, the giant blade suddenly slashed and slashed towards Burton.

Burton never imagined that Li Tian could actually break through his own sea of flames... At the moment he saw that Li Tian used the technique of the Thousand Killing Swordsman, he stayed!

His body wanted to use "Fire Dunge" to block, but it was completely useless!

Because his body was suppressed by the powerful breath of Qi illusion... he couldn't breathe completely...

Just like that, he watched, that terrifying giant blade fell from the sky and slashed towards his head!

Relentlessly cut! Cut the sky, cut the ground, cut the people!

"Burton..." The white-bearded old man and the black-robed elders around him couldn't help exclaiming when they saw that Burton was about to die by Li Tian's ruthless knife.

The entire Black Shura Academy was also completely stunned...

But, who can stop Li Tian?

No one can stop it!

With a merciless cut, it directly slashed towards Burton's head.

Burton knew he was going to die, his eyes closed at that moment, and he didn't want to make senseless resistance.

Just as everyone watched Li Tian's terrifying Thousand Killing Knife mercilessly slashing and was about to chop off Na Burton's head, suddenly Li Tian's giant blade came to a halt in front of Na Burton's head!

And the powerful sword energy directly shattered all the hard ground around Na Burton! ! !

The crackling sound of the ground cracked, stunned the audience.

This is the power of the Thousand Killing Sword, the terrifying power of the high-level Qi illusion technique.

Li Tian didn't even kill Na Burton!

Instead, he stopped the blade in his hand in front of Burton's head!

The audience suffocated.

Everyone was staring at Li Tian there, and no one thought that Li Tian would not attack him.

Burton was also stunned. The traces of cold sweat left on his face flowed down from his black cheeks, and then his trembling eyes broke away, looking at Li Tian who was like a **** of death.

"You...you...you... didn't kill me?" Burton questioned.

The voice was shaking.

Li Tian glanced at Burton coldly, then ignored him, waved his right hand, and the Qi-shaped blade that had been transformed with Qi suddenly disappeared into the air.

Then Li Tian turned around, never looking at Na Burton again, and strode down the court.

All the people stayed!

Then everyone screamed again.

"Li Tian! Li Tian! Li Tian!"

Everyone enthusiastically called out a name, and this name was flying around the venue of the imperial capital like an immortal legend.

And Bander College cheered enthusiastically at this moment.

"We won! Li Tian won!"

"Great!"

All the students in the entire Bander College were calling Li Tian's name there!

Only the people of the Black Shura Academy showed a very disappointed look on their faces. Everyone was clenching their fists tightly, watching this scene...

shame!

A real shame!

Chapter 2704: This is an order

A successful battle!

The audience was crazy about it. .

This battle established Li Tian's position and laid the beginning of his legend.

In the thousands of audience seats, the citizens of those imperial capitals were cheering and shouting for Li Tian.

They all called a name "Li Tian."

The students at Bander College screamed wildly, and Li Tian seemed to become a hero in their hearts at this moment.

Those beautiful girls from the water system screamed crazily, as if they couldn't wait to go up and agree.

Although Li Tian's battle was not the ultimate battle, it was a counterattack battle!

In this world, there has never been a lack of strong, but there is a lack of that kind of counterattack.

Burton, a Black Shura student who can use high-level fire illusions, is only as strong as the previous champion Kane, but he was defeated, and he was almost killed by Li Tian.

Had it not been for Li Tian to control the giant blade in his hand, I am afraid that Burton's body would have already become two halves.

While cheering on all the courts, the only side of the Black Shura Academy was very dark, but everyone's face was covered with an extremely shuddering gaze.

The old white beard was even more angry.

Looking at Li Tian who was walking down the ring with staring, cannibalistic eyes.

"What the **** is that **** kid?"

"Check, have you found it out? Who did you tell me, where did that **** kid come from? When did Band College recruit such a monster student?" The old white beard roared.

After hearing the roar of the old man with white beard, the black-robed elders around them all fell silent.

Because they didn't understand the situation either, and didn't understand where Li Tian came from.

"President, that kid... kid...'s spiritual power is actually revealed?"

"Dean, does his spiritual power have reached the legendary full level?" The black robe elders around them all said in shock.

They still can't forget the terrible performance of Li Tian just now on the court.

Of course, the old man with white beard also clearly saw the manifestation of Li Tian's spiritual power on the court just now... He had a strange and ugly face at the moment.

"Full level? Full level spiritual power?"

"Impossible, I absolutely don't believe that there is such a big power in the world."

"Even the saints of the year: Long, Tian, Shura, these three sanctuary powerhouses have not reached the full level of cultivation... he... he... how is it possible for a wild boy?" The old man with white beard was deceiving himself. Snarled.

The black robe elders around him opened their mouths, as if they wanted to say something, but in the end they closed their mouths.

At this moment, everyone here in the Black Shura Academy is holding a hatred towards Li Tian!

There was only one person looking at Li Tian with appreciative eyes.

He has a handsome face, and those radiant eyes are looking at Li Tian like a friend.

Kane!

He is the champion of Black Shura Academy! A genius boy who reached elementary level 1 at the age of 13.

"Kane." Suddenly this time the old white beard called to Kane.

Kane heard the voice of the white-bearded old man Rutov and slowly turned his head around, looking at the white-bearded old man in front of him: "The Dean." He cried respectfully.

The old white beard said: "Kane, how do you feel about the strength of that **** wild boy?"

"Very strong!"

"Especially his incredible Qi illusion." Kane said truthfully.

The old white beard suddenly asked, "I want you to kill him next time! How about? Are you sure?"

The old man with white beard said these words and looked at Kane without blinking.

Kane glanced at Li Tian's back, and then said, "Yes."

"Very well, as expected to be the first genius of my Black Shura Academy." The old man with white beard suddenly said when he saw Kane, he not only laughed suddenly.

As the dean of the Black Shura Academy, White Beard Rutov is the genius student Kane who knows him best.

Because Kane has always been a person who never talks nonsense, so far he has never failed to say anything.

So when Kane said that, the old white beard smiled.

"Kane, I will arrange for the next game to let you deal with that **** kid."

"I want you to be on the court and kill him directly." The old white beard roared.

When Na Kane heard the old white beard say so, his thick sword eyebrows wrinkled slightly:

"Dean, I don't like killing."

"This is an order? You understand?" The old white beard suddenly roared.

Kane opened his mouth, as if he wanted to say something more, a woman in a black robe by his side suddenly walked over, grabbed Kane, and quickly said to the old white beard: "Dean, Senior Kane will definitely defeat that kid, dean, please rest assured."

After the beautiful woman in the black robe said so, the old white beard snorted coldly.

"That **** kid hurt my grandson and insulted my Black Shura Academy. If I don't kill him, what's the face of our Black Shura Academy?" The old white beard roared.

Then Kane didn't say anything in the end, but backed away silently.

At this time, Li Tian returned to his position.

His handsome face attracted thousands of young girls at the moment it was exposed.

At this moment, when Li Tian returned to the beauty Isha, Yisha blinked her beautiful eyes and stared at Li Tian's handsome silhouette blankly, as if dumbfounded.

"Li...Li Tian...?" That Yisha suddenly called out.

Li Tian turned his eyes and said, "What's the matter, Isha?"

"Your face...face...face...isn't ruined? You lied to me!" Isha said suddenly.

When Li Tian heard Yisha say this, he suddenly smiled bitterly and said: "I actually just know it, my face is a long story, so..."

Yisha heard Li Tian say this, and said, "You lied to me anyway!"

"Well, I lied to you." Li Tian smiled bitterly.

Isha blushed suddenly.

When Li Tian was talking to Yisha, he saw a beautiful **** the other side with her red mouth, stomping her feet vigorously, and humming and saying, "I'm so angry. I'm dead!"

Take a closer look, this is the little beauty of the Rock Academy: Mayvis.

It turned out that when Mayvis saw Li Tian talking to the beauty Isha, the girl suddenly became jealous.

"What's wrong? My daughter."

The dean of Rock Academy saw his daughter suddenly roared, with an angry look on Qiao's face, and hurriedly asked in that concerned.

"I'm very angry, very angry... I want to get angry, I want to punch someone, ah ah ah ah." That Mayvis screamed with a small cherry mouth.

Chapter 2705: the real reason

Seeing his daughter look like this, then the dean of the Rock Academy looked at Li Tian over there. .

Suddenly he seemed to understand something.

"Hey, young people now." The Dean of Rock Academy finally sighed slightly, and then said nothing more.

The audience was very lively.

At this moment, the fat judge stood up from the crowd.

"Today's game ends here, and tomorrow we will continue to play." Fatty judges said.

Hearing the fat judges say so, there was a "hush" sound from the audience.

But there is no way.

According to the truth, this competition should continue. I don't know why the fat judge suddenly terminated the competition.

However, the three colleges did not speak much after hearing the fat man's voice.

They all accepted it silently.

Now in the entire Bander Academy, only Li Tian won, and Isha was pending, and Locke Academy had only one place left.

Black Shura Academy is two wins and one loss, and there is a cold woman who did not compete like Yisha.

After the game was over, Li Tian followed the students from Bander College and left the game.

Along the way, the beauties of the water system behind were all on their toes and looked at the handsome Li Tian in front.

"He's so handsome." A plump girl said, looking at Li Tian's back.

"Yes, this is my material, I think he suits me quite well." A ***** beauty said there.

"Hey, that's not necessarily."

"People are interested in Isha if they want to."

"Huh, Isha again!"

"I think that our entire Bander Academy is beautiful, talented, mature and sexy. No one can compare to our teacher, Evelyn." A girl with a shorter stature suddenly said there.

When the girl's words were uttered, the beauties around them suddenly became speechless.

What she said was really good, indeed! In Bander College, there are so many beautiful women from the water system, but no one can compare to that beautiful teacher Evelyn.

Even Isha can't match it!

Because she lacked the mature and charming taste of Evelyn.

The beauties behind them were chatting like little sparrows, and Li Tian silently followed the old dean and them in the front.

Soon, they returned to the resting hall.

"Li Tian, it's great, thank you for winning the most crucial game for us at Bander Academy." When he just returned to the hall, the old Dean Hollis smiled from ear to ear and looked at Li. God said.

Cyril and Loft beside him also said, "Yes, yes."

"Our Bander Academy hasn't been in the Empire Illusion Contest for a long time. It has been so prestigious! This time, Li Tian, you helped us do it."

"Yes, look at the face of Rutov from the Black Asura Academy... When Li Tian wins, his face is uglier than pig liver! I guess that narrow-minded Rutov will definitely be angry dead."

"Haha, maybe you will be ***** off."

Facing the praise from the teachers around, Li Tian stood there modestly.

At this moment, Anderson also slowly walked over, and then patted Li Tian on the shoulder.

"Good boy, you are good!"

"I'm sorry for what Anderson did in some places before... But this time, you helped us to win such a big honor for Bander College. Please accept my previous reckless behavior."

Li Tian looked at that Anderson and said, "Teacher Anderson, you are serious! Before, to be honest, I was very confused before acting like that."

"Haha, okay, okay, okay, I have never admired anyone in Anderson in my life. I admire you kid this time."

"Where is your spiritual power?" Anderson asked suddenly.

At this moment, the beautiful teacher Evelyn also blinked her beautiful eyes and looked at Li Tian. To be honest, they are now very curious about the spiritual power of Li Tian's body.

Li Tian touched his nose and thought for a while and said: "Actually, I can't say for sure! In the first two tests, you all knew it was 0, but the last time, when I went to test, all the test spirit stones suddenly It's bright!"

"How far?" Anderson asked, his eyes widened.

Li Tiandao: "It seems...it seems to be ten stages!"

what?

"Full of spirits?"

"Oh my god, this kid is at the full spirit level? Higher than...than...than...our sanctuary powerhouse Long Lao back then?" Anderson exclaimed suddenly.

All the teachers were shocked at this moment.

I saw that the old dean Heris laughed there and said, "Everyone, everybody, it's time for me to announce a news."

After everyone heard the old dean say this, they all raised their eyes and looked at the old dean Heris, not only did Li Tian turn his face.

I just listened to the old dean taking a look at Li Tianzai and smilingly said: "In fact, it is our saint Long Lao who introduced Li Tian! It is Li Tian recommended by Long Lao, this legendary genius!"

"what?"

"Old Long?" Li Tian frowned when he heard it.

The rest of the teachers smiled, because they all knew it before, so they called Li Tian a genius.

But Li Tian didn't know all this.

"Who is Elder Long, I... why don't I know?" Li Tian said in surprise.

The old Dean Khris said: "Hehe, I don't know about this, but I know that Old Long has been secretly watching you!"

"It is precisely because of Old Long that I knew your name at the beginning, so I sent someone to find you." The old Dean Heris said.

After hearing that Old Dean Hollis said so, Li Tian finally understood everything!

It turns out that everything is like this!

But who is Long Lao?

Li Tian thought about it, and suddenly he remembered the scruffy old man in his mind.

"Could the sloppy old man be Long Lao?" Li Tian suddenly recalled.

He still remembered that it was the sloppy old man who sold him a book of Qi illusion and a bottle of potion, and then he had persuaded him to practice illusion.

Li Tianyi thought, excited now.

"It must be him! It must be the old man! It turns out that he is deeply hidden." Li Tian thought in shock.

"I finally know who Long Laonai is." Suddenly Li Tian said with a smile there.

After hearing Li Tian's words, the old dean Hollis and other teachers around him were not only taken aback.

"You know?" They looked at Li Tian curiously and asked.

Li Tian smiled there and nodded, "Yes, if I guess it's good, the old man I met in Stormwind should be him."

Chapter 2706: Late night visit

Hearing what Li Tian said, the old Dean Hollis thought for a while and said, "It should be."

"Li Tian, I think you should be tired this time, let's take a good rest." The old dean Hollis looked at Li Tiandao caringly.

Li Tian was indeed a little tired, and he suffered a lot of injuries when he was playing against Burton, so Li Tian's nodded there and said, "En."

After speaking, Li Tian turned around and went back to the room to rest alone.

This victory is very morale for Bander College!

Now everyone in Band College is in a state of great joy.

...

But the Black Shura Academy is extremely angry.

Back at the Black Shura Academy in the North District, I saw that the old white beard seemed to want to kill.

The Black Shura students around did not dare to speak too much.

In the dull room, the old white-bearded man suddenly yelled: "Who told me what should I do now? How to deal with that **** kid?"

The black robe elders around were all standing there in embarrassment.

Suddenly, a black-robed old man on the left said: "Dean, that **** kid can see that he has a very powerful Qi illusion."

"I really don't know, where he cultivated his Qi illusion."

When the black-robed elders on one side heard him say this, they nodded and said: "Yes, that kid's Qi illusion technique has incredible power.

"I can't imagine that such a useless Qi illusion technique has such a powerful strength in the hands of that **** kid." The black robe elders around him all said.

"By the way, Dean, I suddenly thought of a way to deal with that stinky boy. I believe I can definitely put him to death this time." Suddenly a black-robed old man with a gloomy look on the left said with a treacherous smile.

Hearing the treacherous black-robed old man said so, the white-bearded old man and several other old men not only turned their heads, looked at the guy and said, "What can be done?"

"Dean, I can see that, in fact, that **** kid is only good at Qi illusion! And it seems that he can only use two Qi illusions, one is slave Qi, and the other is a high-level Thousand Killing Sword Art, so I was thinking, if we discuss with the judges of the Empire Illusion Contest, in the competition, the use of Qi illusion is forbidden. In that case, that kid will not have a little ability. At that time, we can kill him easily, wouldn't it be great? ?"

what?

Is the use of Qi illusion prohibited?

The black-robed elders around them not only frowned in depression.

But the old man with white beard was thinking fiercely about the words of the treacherous old man in black robe.

"Does this work?"

"If we forbid that **** kid to use Qi illusion... I am afraid it will provoke a lot of criticism! After all, Qi illusion is also one of the five element illusions used by our spiritual land continent." The black-robed elders around were there. Worried.

The treacherous black-robed old man sneered and said: "What are you afraid of? Everyone in the empire knows that Qi illusion is a useless illusion! So when we let the game, it is only natural to prohibit the use of Qi illusion! What's more, it is even more so. It's easy to kill that kid."

Hearing this treacherous black-robed old man said so, the black-robed old man in front of him stopped talking.

Everyone is looking at the white beard Rutov now.

Suddenly Rutov spoke. He raised his gloomy eyes and said, "Yes!"

"In order to kill that **** kid, I gave it up this time."

When the old white beard suddenly said this, everyone in the room was stunned.

The old man with white beard said viciously, "I will deal with this matter now. Tomorrow, it will be the death of that kid!"

After speaking, the old man with white beard suddenly stepped towards the outside of the room.

He is going to tell the judges about this.

If tomorrow, Li Tian is really allowed to ban the use of Qi illusion, it will be a thunderstorm for Li Tian!

The current Li Tian only uses Qi illusion, and only two illusions. If it is banned tomorrow, Li Tian will definitely lose!

The night is getting deeper and deeper.

Li Tian was still resting quietly in bed.

While he was lying on the bed and resting, suddenly there was a sound of strong wind outside the door.

Although Li Tian was lying on the bed, he still felt the fierce breath. At this moment, he jumped up from the bed and said, "Who?"

Then his right hand raised, and a wave of spiritual power radiated from his palm, and he saw that the door of the room that had been tightly closed was suddenly pulled open by his slavery technique.

I looked in amazement, and saw a handsome figure standing motionless in front of Li Tian's door. He was wearing a black robe, looking at Li Tian at that moment with bright eyes.

Kane!

It turned out that he turned out to be the number one master of Black Shura Academy, Kane.

"Good technique!"

"Unexpectedly, you can use the most common Qi illusion technique to such a degree!" Na Kane looked at Li Tiandao a few meters away.

Li Tian knew this Kane, and also knew that he was the champion of the last illusion contest.

At this moment, seeing Kane suddenly standing outside his door, Li Tian was taken aback, blinking a surprised look at Kane and said: "I know you! You are the first illusion master of Black Shura Academy, Kane, Right?"

"Not bad." Kane smiled suddenly.

"I don't seem to be familiar with you, what are you doing for me?" Li Tian looked at Kane coldly and said.

Kane glanced at Li Tian and said, "I am here because I want to say a few words to you."

Hearing that Kane said that, Li Tian was startled slightly, and said to himself: What the **** is this guy doing?

Then said: "Okay, you say, I listen."

Then Kane heard Li Tian say this, so he said, "Is your name Li Tian right?"

"Yes."

"You are practicing Qi illusion?" Kane continued.

Li Tian went on to say: "Yes."

"I have seen your strength, if nothing happens, you will be my last opponent." Kane looked at Li Tiandao there.

Li Tian looked at Kane in front of him. He knew that Kane was indeed a strong one!

At the very least, Li Tian is still not sure how strong this Kane is! Although in the arena, Li Tian saw Kane made two shots and defeated the opponent twice, but Li Tian could feel that Kane did not use his true strength at all!

His true strength is definitely still hidden.

Therefore, after Li Tian heard what Kane said, he suddenly said: "Since you and I will eventually become opponents, then we can only compete in a showdown on the court."

Kane suddenly laughed!

"well!"

Chapter 2707: He is nice

"It's a pity that I Kane always likes to fight people fairly and don't like taking advantage of others." A word suddenly came out of the handsome Kane.

When he said this suddenly, Li Tian was not only taken aback for a moment, but now raised his eyes to look at Kane in front of him and said, "What do you mean?"

Li Tian did not understand Na Kane's words.

Just listen to that Kane, so he said: "It seems that you still don't know what will happen next."

"Let me tell you, our academy has decided to kill you, and in tomorrow's game, they will also ban you from using Qi illusion." Then Kane told all the real situation to the person in front of him. Li Tian.

When Kane said something, Li Tian in front of him was stunned.

"what did you say?"

"It is forbidden to let me use Qi illusion?" Li Tian said in shock.

Kane nodded silently and said, "Yes."

"Impossible! Impossible, why did they prohibit me from using Qi illusion?" Li Tian yelled depressedly.

If Li Tian is not allowed to use the Qi illusion competition, isn't it to force Li Tian?

This is completely cheating that Li Tian.

Kane smiled and said, "Not why."

"If you have to find the reason, it is only because you have posed a threat to our Black Shura Academy, so the dean decided to get rid of you! And desperate to get rid of you." Kane said.

When Li Tian heard this, an extremely angry killing intent emerged from his body.

Recalling the old white beard in his mind, an incomparable hatred suddenly grew in his heart.

That Kane just blinked and looked at Li Tian at this moment.

"Hehe, it seems that your Black Shura Academy is trying hard to kill me, right?" Li Tian suddenly raised his eyes and looked at Kane in front of him.

Kane was surprised at Li Tian's expression!

He originally thought that Li Tianhui was very angry and extremely irritable, but he didn't expect Li Tian to laugh.

At this moment, Kane looked at Li Tiandao: "En."

"I don't understand, what can your Black Shura Academy have to prevent me from using Qi illusion?" Li Tian continued to ask.

Then Kane told the truth.

"Our dean is familiar with the judges of the Empire Illusion Contest, and the empire also needs our Black Shura Academy to provide strong reserve talents, so they will definitely agree to our dean's request." Kane said.

After listening to Kane's words, Li Tian finally understood what was going on.

It turns out that all this is the ghost of the old man with white beard.

After thinking about it, Li Tian suddenly sighed helplessly.

Kane only sighed when he looked at Li Tian, and then there was no more movement. He was not only surprised: "Should you not say a few angry words? For example, cursing the dean of our college for sinister and cunning things?"

Li Tian smiled bitterly and said, "Is it useful?"

Kane said: "It seems useless."

"That's not enough, since it's useless, I need to say something." Li Tiandao.

When Kane heard Li Tian say this, he seemed to think it made sense, so he took a look at Li Tian there, and then said, "You are such a weird person."

"Is it?"

"Hehe, in my opinion, you are even more weird than me!" Li Tian suddenly looked at Kane.

Kane said: "Why?"

"You are my opponent, and you are still the most powerful student of Black Shura Academy. I don't understand, why did you tell me these words?" Li Tian suddenly looked at Kane.

To be honest, Li Tian is very strange!

He didn't know why this Kane would tell him these things.

After Kane heard Li Tian say this, he smiled slightly and said: "I have already said that I don't like taking advantage of others! If tomorrow, you are really forbidden to use Qi illusion on the field, you can rest assured, I Kane will never use any illusions against you! I do what I say."

Hearing what Kane said, Li Tian suddenly had a slight affection for Kane in front of him!

He felt that Kane's heart was quite good.

After Kane said those words, he suddenly raised his head and looked at the dark sky. "It doesn't seem to be early, I won't disturb you. See you on the court tomorrow."

After Kane finished speaking, he suddenly turned around and left Li Tian's room step by step.

Li Tian looked at the back of Kane leaving, his mouth seemed to want to say something, but when the words reached his lips, he held back.

Finally, Kane left.

Li Tian closed the door alone, and then lay on the bed with a frown.

"Tomorrow, will the Dean of the Black Shura Academy really ban him from using Qi illusion? If that's the case, what should I do?"

"It seems that the **** old man with white beard is trying to kill himself!"

"It's just that he didn't expect that he had a kind student." Li Tian thought silently in his mind.

Li Tian just thought about it, thinking about it, and fell asleep quickly.

The next day, when the sun just rose, Li Tian woke up from bed.

After a brief wash, he came to the hall of Bander College.

The old Dean Heris and other teachers arrived early, and at this moment everyone looked at Li Tian with a smile on their faces.

Li Tian just walked to them quietly, he didn't say much!

Did not say that Kane came to him last night, nor did he say that the Black Shura Academy made him ban the use of Qi illusion.

Li Tian concealed all this deeply in his heart.

"Li Tian, in today's game, I am afraid that you will continue to face the masters from Black Shura Academy."

"Yeah, Li Tian, if you encounter that Kane, try to be careful! After all, that Kane's illusion is very powerful." I saw that the teachers around him were kindly reminding Li Tiandao.

Li Tian heard the words of concern from these teachers, smiled there, and said: "Teachers, rest assured! I will definitely go all out."

When the teachers around him heard Li Tian say this, they not only patted Li Tian on the shoulder.

Soon, the bell of the game rang.

After the bell rang, the old dean Heris walked out from inside and said with a smile: "Everyone, we are going to the game venue."

I saw everyone else nodded there.

"Let's go, let's go to the game."

After speaking, everyone in the Bander Academy, under the leadership of the old Dean, Heris, walked towards the competition venue step by step.

Li Tian silently followed behind him, during this period he didn't speak much.

Soon, they arrived at the game venue when they saw them.

Chapter 2708: Want to fight?

When Li Tian and the others arrived, the students from the Black Shura Academy and the Narok Academy had already arrived.

I saw that there was only one remaining contestant in the Rock Academy already standing on the playing field, and Kane from Black Shura Academy and a beautiful woman with an enchanting figure in black clothes were also standing on it, beside another young young man. people.

After watching them all stand on the stage, I saw that the old dean here also slightly said to Li Tian and Na Yisha: "Li Tian, Yisha, you guys go up too, the game will soon It's about to start."

Hearing what the old dean said, Li Tian and Yisha walked onto the stage.

Everyone's eyes were on that Li Tian.

Li Tian walked to the field like the focus.

When he arrived on the field, the fat judge slowly walked up.

He glanced at Li Tian with a smirk, then glanced at everyone present.

"Hello everyone! Welcome everyone to watch the third Imperial Illusion Contest."

"Today may be the last game, or it may be the most intense one. Which college will be the champion this year? I must know today!"

Listening to the fat judges saying so, all of a sudden the whole audience shouted enthusiastically.

They all want to see which college is the winner of this year's championship, so the enthusiasm is much higher than the previous few games.

"It's about to enter the final game! But before the game, I must first announce one of the latest game rules decided by our referee team." The fat judge suddenly said.

When he said these words, the surrounding universities were not only slightly taken aback.

"New game rules?"

"What is it? Why don't you play directly?"

"Yeah, are the rules of the game changing again?" Everyone at Bander College had a puzzled look on their faces.

Only Li Tian was alone in that heart.

"It seems that what Kane said to himself last night was not wrong at all!"

"The ***** white beard is really trying to harm himself...the new game rules they must have announced are forbidding him to use Qi illusion." Li Tian knew these things clearly, and he muttered in his mind at the moment.

Just as Li Tian thought about it in his mind, he saw that the fat judge was ready to announce new rules.

"According to the constant decision of our judges, we feel that in the Empire Illusion Contest, only the Thunder, Fire, Water, Wind, and Four illusions will be allowed to participate! In other words, every student participating in the competition will only Can use the illusions of these four elements... and the rest of the illusions are not allowed to be used! Once used, they will be regarded as illegal.

what?

Only the four elements of Thunder, Fire, Wind, Water, and Water are allowed to participate in the competition, and the Qi illusion is not allowed to be used.

Hearing what the fat judge said, the old dean of Bander College, Hollis, was the first to roar from his seat and stood up.

"Why?"

"Why don't our students use Qi illusion? Isn't Qi illusion one of the five illusions?" The old dean Khris never expected that the judges would make such a decision. Live angrily.

The Anderson teacher beside him also burst out at the moment.

"Asshole, is this clearly harming Li Tian?"

"This is all to resist our Bander Academy?"

When Anderson said so, all the students of the entire Bander College stood up all at once.

"We are not satisfied! We are not satisfied."

The students at Bander College certainly knew why the judges made this decision, obviously to deal with Li Tian, who possesses a powerful Qi illusion.

That's why they did it despicably!

Hearing that there was a mess on the Bander Academy, the fat judge sneered there: "This is the decision of our judges. If your Bander Academy is not convinced, you can withdraw from the competition."

When the fat judge said so, the old Dean Hris let out an angry roar.

"Asshole, are you bullying?"

The whole figure suddenly swished and shot onto the game field like an electric light...The fat judge only felt an invisible pressure hitting him, and his face paled with fear, and his body quickly backed away.

But how could his speed be as fast as that of the old Dean Hollis, when he saw the old Dean Hollis suddenly grabbing the fat man's neck with one hand like a ghost.

"You despicable and shameless villain, who do you think you are? Do you think you can tamper with the illusion system of the empire?" Hold him.

The fat man only felt that his neck was about to break, and he could not stop gasping for breath, and almost died with a pinched face.

"You...you...what do you want to do?" The fat man was pinched to death, and said with his eyes protruding.

Old Dean Harris said: "I want justice."

"Tell me, did you **** have been instigated by someone to do this?" Old Dean Hollis asked immediately.

The fat man was pinched and was about to die, and said quickly: "No...no."

At this moment, a vicious laugh came from the other side of the court.

"Heris, this is the empire competition venue. Do you dare to take action against the judges? Ha ha, your Bander Academy is really amazing." With the voice of the sly laugh, the old man with white beard suddenly curled up like a gust of wind. 'S fell in front of the old dean Heris.

Khris, Whitebeard Rutov.

The deans of the two academies were truly standing face to face at this moment.

The old dean Khris looked at Narutov angrily: "Rutof, people don't do dark things. If I guess right, these **** judges must have been instigated by some treacherous person. Dare to tamper with the rules of the game so boldly, right?"

The old white beard listened to the old Dean Khris secretly scolding himself, and immediately sneered: "Don't worry about this! If you have the ability, you can participate in the competition according to the system... Haha, if you don't have the ability, just take it with you. Your trash students go."

"Hehe, I have seen shameless people in my life, but I haven't seen anyone like Rutov."

"Hey, you really bothered to deal with my students." The old dean Khris sneered at Narutov and said.

Rutov was scolded and snorted angrily: "The old man doesn't bother to talk to people like you! Still the same sentence, if you have the ability to continue the game, if you don't have the ability, get out!"

"Do you think your Black Shura Academy is really capable?"

"Come on, the old man would like to meet you for a while to see how good you are." The old dean Hris suddenly stared at the old man with white beard.

The old white beard also said, "Why, want to fight? Okay, my old bone hasn't moved for many years. If you want to fight, I want to accompany you."

Chapter 2709: Demon invasion

At this moment, I saw that the old dean Khris was going to fight the old white beard.

The whole audience was shocked there at once.

The two will not let anyone!

I saw that the fat judge was also depressed.

He did not dare to stop the situation in front of him... the scene suddenly became embarrassing.

...

When there was an awkward situation at the imperial competition venue, but in the city of the imperial capital, suddenly a dozen galloping horses were galloping forward.

I saw a dozen warriors sitting on warriors wearing heavy armor. They were wearing thick armor and armor on their heads. All of them were panicked and rushed. Rushed towards the imperial venue.

"Quick! Quick!"

The man in the front with a giant broadsword slapped the warhorse with the broadsword while speaking to the armored warriors behind.

So the soldiers followed quickly one by one.

The war horse ran on the bustling streets, and the passers-by quickly dispersed when they saw the war horse galloping.

I saw those passers-by looking at the horses galloping past quickly, and those warriors in armor, and they couldn't help feeling depressed right now.

"Hey, these fighters seem to be guardians of the frontiers of our imperial capital?"

"Yeah, why did these fighters suddenly enter the imperial capital?"

"it's wired."

The residents of the imperial capital city suddenly started talking there.

The empire has clear regulations that warriors are prohibited from entering the city-state area! On the Continent of Spirit Earth, soldiers generally guard the frontier fortresses... to resist the invasion of the demons! But now, they suddenly saw a dozen galloping war horses driving towards the center of the imperial capital, which of course made them feel extremely curious.

But it was said that the direction of the dozen or so warriors in armor was the location of the Imperial City Hall.

I really don't know what they are going to do.

Soon, a dozen war horses had all galloped to the gate of the imperial venue at this moment.

hiss!

There was a long scream, but a dozen soldiers were all swept down from the battle horses.

After they all swept off the horses, the tall man in front with a burly figure, a masculine face and a broadsword in his hand glanced coldly at the big characters of the imperial venue, and suddenly shouted there, "Yes Here! The three major illusion schools of the empire should be here to compete."

The dozen soldiers behind him all looked up at this moment.

"walk into."

Following the order from the man carrying the broadsword, he saw a dozen warriors following him, and then walked quickly towards the interior of the empire venue.

At the imperial venue, the situation was still embarrassing.

The old Dean Khris was extremely angry. He was furious and unfair, angering the judges in the imperial venue to persecute Li Tian.

The white beard Rutov was extremely treacherous, and he refused to give up at this moment, facing the old Dean Khris there.

Seeing that the two were about to fight, at this moment, a wild voice suddenly came from the side.

"make!"

"Emperor Order!"

The roar came from the side.

Along with the voice, he saw a dozen soldiers wearing heavy armor and hand-held weapons suddenly appeared in the eyes of everyone from the front.

All the onlookers who were watching the game, as well as the people of a large illusion school, suddenly saw a dozen warriors in heavy armor appear in the crowd, not only were they all stunned.

"warrior?"

"These are the soldiers guarding the frontier fortress? How could they suddenly arrive here?"

This is the surprised and questioning voice of everyone present.

I saw the old Dean Khris here, the old man with white beard, and the colleges and universities not only blinked and looked over there, but suddenly saw the warriors in armor.

At this moment, not only were they wondering, but everyone was wondering how these soldiers could suddenly arrive here.

Just when everyone was curious, the man with the heavy broadsword had already strode forward with a dozen warriors.

The moment he walked to the venue, the man with the broadsword suddenly yelled, "Are the three major illusion schools of Bender Academy, Black Shura Academy, and Rock Academy?"

As he roared out a word, everyone present nodded slightly and said, "Yes!"

"Very good." As the people present uttered, the burly man with a broad sword called out.

Then he stretched his hand into his arms and suddenly took out a military order made of animal skins.

"Emperor Order, order the three academies to follow the order." The burly soldier suddenly shouted.

Have a military order?

When the burly warrior yelled out, everyone in the audience looked at the warrior with surprise eyes.

No one knows what military order will be issued next.

I saw the old Dean Khris, Whitebeard Rutov, and the Dean of Narok College at the moment, all three came up together.

After walking over, the three said in unison: "Listen to orders."

"The imperial decree, because the barren frontier has been severely attacked by the demons. Now we will call on ten outstanding illusionists from each of the three illusion schools to rush to the frontline battlefield to fight the demons together Invade!" the burly soldier in front of him said loudly.

When his words were uttered in this way, the audience suddenly let out an exclamation sound.

"Devil?"

"The demons invaded?"

When the surrounding crowd heard the terrible news, their faces changed suddenly.

What about the three major colleges at the moment? When I heard the news, everyone was shocked.

The face of the old dean Heris suddenly became ugly.

"Devil?"

"Does the demon army that have disappeared for nearly a hundred years really made a comeback?"

The old Dean Khris was suddenly thinking there terribly in his mind, and at the same time recalled the demon war in his mind! At that time, he was still young... he still remembers the terrible war of slaughter!

Their Bander Academy, the original strongmen, were sacrificed together with the masters of the Demon Race in that Demon Race battle!

Unexpectedly, after a hundred years, the Mozu made a comeback again...

At this moment, the whole audience was not only talking there, but everyone's expression became so ugly.

The war between humans and demons was almost slaughtered. If it hadn't been for the use of the greatest Qi illusion technique by the sage to hold the breath... Maybe the current imperial capital has long been in ruins!

The people of the imperial capital will never forget that terrible war! And this time, the real war has come again.

Chapter 2710: Dispatch support

The audience was in an uproar.

Everyone's face was filled with infinite fear and shock.

Li Tian was the only one standing there, and he also heard the conversation of the soldiers just now. At this moment, when he heard the word "Mozu", his heart suddenly shook.

"It seems that the demons I saw a few days ago should have entered the imperial capital to spy on news."

"Unexpectedly, the Demon Race's army has already attacked." Li Tian thought secretly.

At this moment, everyone was looking at the deans of the three major illusion schools.

Even the dozen or so warriors in armor were looking at the three of them.

"Three deans, you are the hope of the empire. This time, the demons have committed a large-scale attack. Our brothers have fallen down countless corpses... I hope you can send elite illusions to help us win this. A victory." Just listen to the burly soldier looking at the old Dean Hollis and the white beard.

After listening to them, the old dean asked, "The demon army has been crushed?"

"Yes, and we are almost unable to hold the barren frontier. Our 30,000 army, currently only half of the army is left, and the remaining brothers have all died in battle."

"The general has ordered us to exit the barren frontier as soon as possible..."

The burly soldier said these words with an ugly face.

After hearing this, the old dean Heris not only frowned deeply.

"The empire is in trouble. As illusionists like us, of course we are obliged to take part in the battle. Our Band Academy will definitely cooperate with you immediately."

Hearing what the old Dean Khris said, the burly warrior showed a grateful look there.

"Bender Academy!"

"Your academy's contribution to our army during the Second Demon War will never be forgotten by us as soldiers in this lifetime! This time, we still have to thank you." The burly soldier was grateful. Looking at the old dean Hollis.

The old dean Khris smiled slightly: "This is what we should do as citizens of the empire."

After the old Dean Khris said this, the Dean of the Rock Academy and the old man with white beard also expressed their opinions.

They are all willing to send elite talents from their academy to participate in the battle against the demons.

Faced with such a major disaster, no one dared to be presumptuous.

After the deans of the three major illusion schools here decided, it was the fat judge who walked over quickly.

"What about the game? What about the Empire Illusion Game?" The Fatty shouted there.

Just as his words were just uttered, the burly warrior suddenly pressed a broadsword against the fat man's fatty neck: "Asshole, the frontiers are almost too much to guard, what more games do you need?"

The fat man heard the warrior's roar, put a broadsword against his neck, swallowed deeply at that moment, and then he dared not speak too much.

Yes!

The demons have invaded aggressively, who cares about this game?

If the entire emperor were to fall, it would be equivalent to saying that the Spirit Earth Continent would be completely occupied by the demons. By that time, it would definitely be filled with corpses.

After the deans of the three major illusion schools here agreed to support, there was Li Tian blinking his eyes and looking over there.

Suddenly, only a voice came from the other side.

Take a closer look, it happened to be that Kane.

I saw him smiling at Li Tiandao and saying, "It seems that this time, we can't tell the difference."

When Li Tian heard Kane say this, he just smiled faintly, and then said nothing.

"Now that the demons are aggressively invading our humans, I believe we should still have a chance to meet again." Kane said suddenly.

Li Tiandao: "Hope."

"I can't be an opponent, I hope I have a chance to be an ally with you." Kane said at last.

After speaking, Kane slowly retreated.

I saw the soldiers over there still talking to the deans of the three major academies.

"Three deans, I hope you will select your illusionist immediately, and then go to the battlefield outside the Great Wall to help us." The burly soldier in front of him said.

The old Dean Hollis said there, "Okay, don't worry! We will send elite illusionists to support you as soon as possible."

"good!"

"The military order, I have already communicated, we must rush back to the barren frontier quickly!" said the burly soldier.

The old dean is inconvenient to stay more!

Therefore, at this moment, I saw the burly soldier, and left the competition venue with his dozen or so fighters.

After they left, the deans of the three major illusion schools looked at each other.

I saw the old man with white beard suddenly glanced at Na Khris grimly and said, "This time I count your Bander Academy lucky! If it weren't for the empire's troubles, huh, your Bander Academy would be defeated again.

Hearing the old white-bearded man said this, the old dean Khris sneered and said, "Is that right?"

"How do I feel that some people are despicable and shameless, using some inferior methods..."

As soon as the white beard heard the old Dean Hollis yelling at himself, "You..."

The old dean Khris laughed and said: "Rutov, I won't quarrel with you! Now that the empire is in disaster, I must arrange for manpower to help this war as soon as possible."

After speaking, the old Dean Khris did not worry about Narutov again, and then said to all the students at his Bander College, "All the teachers and students of Bander College, follow me, and quickly return to the college. ."

The students of Band College heard an order from the old dean, so they gathered quickly.

Even Li Tian and Yisha ran over quickly.

Then under the leadership of the old dean, they left the competition venue!

They gave up the game! Because there are more important and scarier things to do now.

Like Bender Academy, Narok Academy quickly assembled its students, and then led them to leave the imperial venue!

Only the people from the Black Shura Academy are still stranded in the Imperial City Hall.

Seeing Band College and Rock College leaving the arena, the old white beard grunted angrily.

"Damn it, this empire illusion contest is in vain." Whitebeard said in an aura.

The black-robed elders around him quickly walked to the white-bearded old man and asked: "Dean, what should we do now?"

The old man with white beard frowned and said: "The empire's disaster is now, and now I can't worry about that much! I want to send you to the deserted frontier for support."

"Otherwise, if the Demon Race really captures the frontier...By then, our Spirit Earth Continent will be overwhelmed." The white beard old man Gu Dajun said.

He doesn't dare to play his treacherous conspiracy anymore.

Now, everything is focused on resisting the demons.
