

A Killer 271

Chapter 271: Killing (5 more)

They had just found out the clues, and now the manager was killed alive...Impossible, there is definitely something strange in it, is it because someone deliberately killed someone? To cover up the truth? It's the same as when Li Tian almost found clues at the garbage station before? Those people were killed?

While thinking in Li Tian's mind, he suddenly heard two policemen over there running towards Director Zhou.

"Director, it was found out at the scene. The name of the deceased was the manager of the product department, and his name was Cheng Zihao. However, through the confirmation of the deceased's body, the deceased was not killed, but had been killed before and was used by the other party. The knife stabbed into the heart and suffocated to death. This bomb exploded after his death, obviously man-made." The police said there.

Hearing what the police said, Li Tian immediately confirmed the idea in his mind.

Sure enough, it killed people.

The other party definitely wanted to use the bombing to cover up his motive for killing, but he didn't expect the police to find it out.

In this way, it can be proved that his inference is indeed correct.

The other party clearly wanted to conceal the truth, so as not to let Li Tian and Ouyang Lie find out, that's why they killed them.

"Really cruel." Director Zhou said slowly.

"Okay, I see, you can go ahead." Director Zhou said to the two policemen.

Then he turned his head and looked at Ouyang Lie in front of him and said, "Brother Lie, I will go there for a bit first, and then I will visit you at Ouyang's house in person."

Ouyang Lie laughed and said with a big grin, "Okay."

"However, Lao Zhou, you say hello to your subordinates, I want to go in and ask the relevant person in charge of Baotong Company... After all, this cooperation has not yet been negotiated." Ouyang Lie said with a smile.

That week, the director knew that Ouyang's family wealth was in great shape, and even moreover knew that their business network runs through the entire Jinghai City, so he smiled and nodded.

"Okay, it's okay, just ask, I'll order them right away." Director Zhou said with a smile.

When he said so, Ouyang Lie laughed.

With Li Tian, he entered the cordon and walked inside.

The cordon was originally forbidden for outsiders to come and go in order to fear that the scene would be destroyed, but now Ouyang Lie and Li Tian walked in in a frightening manner.

After walking in, Li Tian glanced at the house that was blown up and there was still heavy smoke, and the forensic doctor over there was doing the autopsy. He just glanced at it slightly, and then he took a look at the people who were interrogated over there. The person of the company driver.

"Let's ask them!" Li Tian turned his head and said.

Ouyang Lie turned his head, looked at the drivers who were being questioned, and nodded likewise.

Then the two ran over quickly, and two of them were taking confessions to the drivers present, looking for clues.

When Li Tian and Ouyang Lie came over, the policeman turned his head and glanced at the two of them.

"What do you do?" one of them asked sharply.

As soon as he said it, Ouyang Lie said: "Your Director Zhou asked me to come over, you should avoid it first."

Hearing that it was the two people sent by Director Zhou, the two police officers looked back at Director Zhou who was standing in the distance, but saw that Director Zhou also turned his head at this moment, and then waved at the two police officers. With a hand gesture, the two police officers glanced at Ouyang Lie and Li Tian, then put down the drivers in front of them, and walked quickly towards the director of that week.

Ouyang Lie turned his head and smiled at the helping Director Zhou, then turned his head and looked at the drivers who were there at the time.

These drivers, Li Tian are a little familiar, because when they were on the scene just now, they were still talking to the guys who were talking to the liar manager.

At this moment, when these drivers saw Li Tian and Ouyang Lie, they didn't expect it to be them. At this moment, they were all standing there in shock, blinking their eyes and staring at them.

"You **** continue to make up, continue to lie to Lao Tzu." Ouyang Lie suddenly spit fire in his eyes and said viciously at the drivers in front of him.

The drivers all looked a little scared and couldn't help taking a step back.

The so-called guilty conscience may be the truth.

Who knows that Ouyang Lie, the fire fighter in front of him, suddenly took a step forward, grabbed one of the pale-faced drivers, grabbed his neckline, and lifted him in front of him.

"Say, why lie to Laozi? The **** who pretended to be your manager just now is there now?" Ouyang Lie said angrily.

Li Tian on one side stood quietly and listened.

The driver was full of fear, frowning and reluctant to admit, "You...what did you say? I don't understand."

"Asshole, you still want to lie to me!"

With a roar, Ouyang Lie pressed one knee against the driver's abdomen in front of him, and a scream of wow came out of the driver's mouth.

The driver opened a pair of blood-red eyes and gritted his teeth and said, "There are police officers here... I think what can you do to me?"

He thought there was a policeman here, so Ouyang Lie didn't dare to move him.

Unfortunately, he was wrong.

I saw Ouyang Lie grinning: "Police..."

"Do you think they care about you bastards?"

Ouyang Lie punched the driver's nose directly, and the guy's nose was bloody. He tightly clutched his scarlet blood-stained nose, screaming.

He even lied on the ground and shouted hoarsely: "I hit someone... I hit someone..."

It is a pity that the police there, after seeing this situation, all stepped forward one by one.

Only the director of that week was smiling and continuing to direct the scene.

The driver was stunned...

He was killed without expecting that even the policemen would ignore such a thing and immediately castrated.

"Asshole, if you don't say anything, I will kill you alive!" Ouyang Lie roared.

Mention the blood-stained driver on the ground.

The driver completely collapsed. Looking at Ouyang Lie and Li Tian, he said helplessly: "Don't fight...Don't fight...I said, I said."

"Quickly, who is the **** who pretended to be your manager? Is he there now?" Ouyang Lie roared.

The driver wiped the blood stains on his mouth with his hand, and whimpered, "We don't know him either..."

"Nonsense!" Ouyang Lie roared angrily.

"If you don't know him, just pretend that he is the manager? If you **** dare to lie, I will kill you."

The man couldn't hide it, so he could only say: "Who is he? We really don't know. We only know that he is the leader of the company. As for who is he? We have never seen him before. What we say, our subordinates can't help but agree."

Chapter 272: Dire consequences

"What about the previous manager? Where is the guy with the surname Cheng?" Li Tian interjected.

"He...he..." The driver became hesitant to speak.

"Hurry up." Ouyang Lie roared in front of him.

The driver saw that there was no way to hide it, but he could only say: "Our manager has disappeared after meeting someone this morning... I never thought he would be killed."

"Who did you see?" Li Tian couldn't help asking.

He was basically able to guess who the fat manager met at that time? If he guessed right, it should be the mysterious gunman at the garbage dump.

The driver shook his head and said, "We really haven't seen that person. What I said is true... We have never seen anyone here except our manager, but we all know that it's a very powerful one. He is very mysterious, and no one dares to talk about him."

Hearing what the driver in front of him said, Ouyang Lie cursed in disbelief, "Do you still dare not say?"

Li Tian said to Ouyang Lie, "Presumably he really doesn't know."

"Do you believe these bastards?" Ouyang Lie raised his eyes and looked at Li Tian.

Li Tian didn't nod or shake his head, saying, "If I guessed correctly, that person should be the gunman who shot at the garbage dump today, and I suspect he was the one who killed the fat manager."

Ouyang Lie frowned slightly when Li Tian said this.

"Then why did he kill all of his own people?"

"Murder and kill." Li Tian slowly spit out four words.

"It's so that we can't find any clues."

Ouyang Lie snorted and didn't speak. Obviously he thought Li Tian should be right.

"There must be a huge conspiracy hidden here." Li Tian said again.

"And I believe this matter is definitely not that simple. Now that the other party has arranged everything, there will definitely be another action. People like them are just tools to use at any time. Once they lose the value of use, it's going to be like rubbish, you can just keep it."

"Including the fat manager and the drivers who were killed at the garbage station."

Li Tian said in his mouth, but at the same time he was secretly surprised, these people are really cruel.

Do not leave any troubles!

Li Tian and Ouyang Lie, who did not ask the driver for the clues they burned, had to leave.

Because they can feel that what the drivers are saying is not like a lie.

They seem to know so much.

After leaving the scene and saying goodbye to the director of that week, they got in the car, and the car drove quickly towards the Ouyang family.

This time and return shocked the two people again. One shocked the viciousness and thoroughness of the people behind the scenes, and the second shock: they were all killed by their own people.

Li Tian remained silent along the way. He guessed in his heart, who was behind the killing of these people?

Is it really the Duanmu family called the Dark Family? Li Tian had a suspicious suspicion in his heart.

After Ouyang Lie came back, his face became extremely ugly.

A pair of blood-red eyes stared out of the window. Without saying a word, no one knew what was thinking in the mind of this raging guy.

As the car quickly returned to the Ouyang family.

Then Ouyang Zhengtian was sitting in the back garden, and Ouyang Shiqing was also there. She had sent away the girl who came to play with her, and stayed with her father at the moment.

Seeing Ouyang Lie and Li Tian coming back, Ouyang Zhengtian slowly put down his teacup and looked at them.

"How's it going?" he asked.

Ouyang Shiqing beside her was also looking at Li Tian with her beautiful eyes.

Just listen to Ouyang Lie's sudden long sigh.

"Boss, I want to talk to you alone." Ouyang Lie said suddenly.

When Ouyang Zhengtian heard Ouyang Lie's words, he couldn't help but frown, then nodded, "Okay."

"Come to the study with me."

Then he got up from the bamboo chair and walked inside.

Ouyang Lie followed from behind.

Outside, the two people of Ouyang Shiqing and Li Tian were left.

Ouyang Shiqing frowned slightly, then raised her beautiful eyes and looked at Li Tiandao and asked, "What happened?"

Li Tian then told Ouyang Poetry in front of him about everything that happened.

After listening to Ouyang Shiqing, the delicate and pretty face also showed a slightly surprised look.

"It seems that the other party's plan is detailed enough, and the work is vicious enough." Ouyang Shiqing said slightly.

"I suspect it was the hands of the Duanmu family!"

"Maybe they are detrimental to your family." A word came out boldly from Li Tian's mouth.

When he said it, Ouyang Shiqing's face became a little unsightly.

He didn't speak directly.

Her expression was almost exactly the same as that when Ouyang Lie heard Li Tian say this. It was also ugly, as if something bad happened when he heard that the real murderer behind the scenes was the Duanmu family.

She slowly raised her eyes and looked at Li Tian: "This matter is not as simple as you think."

Li Tian stared at Ouyang Shiqing, and after thinking about it, he finally asked, "Why don't you want to believe that all of this is done by the Duanmu family? From my current understanding and

control, it's a big deal. To a certain extent, this dark family did it. Why do you all unwilling to believe when I say Duanmu family?"

Li Tian did not understand the truth.

The Duanmu family is obviously dealing with the Ouyang family, but why does the Ouyang family seem a little unwilling to believe it? Is it because of fear? Or because of something else...

But according to the truth, how can the first family of the four major families in China be afraid of the Duanmu family?

After Li Tian said this, Ouyang Shiqing in front of her suddenly said: "Since you asked so, I will tell you everything. It is not that our family is afraid of the Duanmu family, and it is not that we do not want to believe this fact. Just do you know? If this matter is true, then an earth-shaking change will take place in Jinghai City."

"At that time, blood will flow into a river, with countless casualties."

As Ouyang Shiqing said so, Li Tian was slightly startled.

"Why did an earth-shaking change happen? Why did blood flow into a river?"

Ouyang Shiqing said: "Because once the truth is really the Duanmu family, the armistice agreement that the four big families set up ten years ago will be invalidated, and the four big families will be in conflict again."

Chapter 273: Ouyang Zhengtian's thoughts

Listening to Ouyang Shiqing's words, Li Tian finally understood what happened.

It turned out to be like this.

In order not to have the same **** crimes as ten years ago, the four major families have jointly established an armistice agreement. Whoever breaks the armistice agreement will be pursued and killed by the other three families, and the whole family will Slaughtered!

This was a promise that the four major families kept together.

No one wants this promise to be broken one by one now.

Therefore, the Ouyang family is unwilling to face reality. If everything is really caused by the Duanmu family, there is no doubt that the armistice agreement has been broken.

What about the consequences? It must be that the four big families are once again caught in a **** battle.

No wonder Ouyang Lie and Na Ouyang Shiqing looked so ugly and shocked when they heard that they were behind the orders of the Duanmu family.

They certainly don't like **** killings, they don't want to cause trouble, but they don't want to kill.

But now? Now that the Duanmu family has broken the armistice agreement, how should the current Ouyang family respond?

In Ouyang Zhengtian's study, Ouyang Lie also told Ouyang Zhengtian, the head of the Ouyang family, all of today's affairs.

Ouyang Zhengtian knew that something big had happened, especially after hearing it, his brows wrinkled slightly.

After thinking about it silently for a long time, he suddenly said: "The Duanmu family seems to be really unstoppable."

The voice of Ouyang Lie Rulei also sounded: "Boss, don't care about the truce agreement in my opinion. Now that the Duanmu family has broken the rules, you should pay some responsibility! Others are afraid of this Duanmu family. But we are not afraid. We did not get rid of the dark family ten years ago, and I must get rid of that family ten years later."

Facing the roar of Ouyang Lie in front of him, Ouyang Zhengtian remained silent.

His thick eyebrows frowned, and no one knew what was thinking in his head.

"Brother, just give the order!"

"If you give the order now, I will take someone to kill the Baotong Taxi Co., Ltd. now." Ouyang Lie roared in front of him.

However, Ouyang Zhengtian gave him a stern look.

"Have you caught someone else's handle now?"

"Why do you say that Baotong's behind-the-scenes messenger is from the Duanmu family?" Ouyang Zhengtian said angrily.

Ouyang Lie turned his head for a moment.

Yes, all of this is Li Tian's association and speculation, is it really instigated by the Duanmu family? The current Ouyang family hasn't caught the slightest handle? Of course Ouyang Zhengtian will not start the war at this time, let alone break the armistice agreement that year. In that case, it will not be the armistice agreement broken by the Duanmu family, but the armistice agreement broken by the Ouyang family.

Hearing what Ouyang Zhengtian said in front of him, Ouyang Lie, the fire fighter, also knew that he was impatient and easily impulsive.

Ouyang Zhengtian said faintly: "Anything can be reckless, but this is the only thing you must not be arrogant. Neither you nor the youngest can be led into the ditch by mistake. Remember, whoever broke it. With the armistice agreement, the other three families will do everything possible to deal with us."

Ouyang Lie thought for a while, nodded silently, raised a pair of big bull-eye-like eyes and looked at Ouyang Zhengtian and said, "Then what should I do now? I guess, this time it is definitely a ghost from the Duanmu family! They must have done something secretly..."

Ouyang Zhengtian sneered.

"Since they want to play insidious things, let's accompany them to play insidious things. Are we still afraid that he will fail?"

"The old fox Duanmu Heiming, I will let him know the consequences soon."

Ouyang Zhengtian sneered.

As the head of the Ouyang family, of course he has extraordinary courage.

Coupled with the strong influence of the Ouyang family, the real swords and guns are indeed even more powerful and mighty than the Duanmu family.

That dark family ten years ago was ambitious and wanted to dominate Jinghai City and devoured the Ouyang family, but it was a pity that they would lose out in the end?

Although the Ouyang family has been determined to do business for so many years, as long as the elders in the family are called back by Ouyang Zhengtian's order, they are definitely a powerful force. (This is something).

Ouyang Zhengtian in front of him is just preparing to retaliate and play insidiously.

Since it is impossible to break the armistice agreement explicitly, the only way is to use it secretly.

I just listened to Ouyang Zhengtian thinking about it and said: "You forgot that kid didn't mean that he wanted us to help find the Duanmu family? He said he wanted to help his friend."

After hearing Ouyang Zhengtian suddenly say this, Ouyang Lie was taken aback for a moment, turned her cheeks and looked at Ouyang Zhengtian and said, "Boss, what do you mean?"

"I mean, since we Ouyang family can't do it clearly, but he can do it as an outsider! In that case, even if the Duanmu family knows, they can't say anything...After all, it's not our hands." Ouyang Zhengtian said very evilly.

When Ouyang Lie heard Ouyang Zhengtian say this, his eyes widened.

"Boss, do you mean to let Li Tian do it for us?" Ouyang Lie asked.

Ouyang Zhengtian smiled slightly in front of him: "It is true."

"That...that...Aren't we using him?" Ouyang Lie heard Ouyang Zhengtian say this, and his face showed some dissatisfaction.

I saw Ouyang Zhengtian waved his hand slightly: "No!"

"This is not called exploiting, it's just helping each other. He originally wanted to find the Duanmu family to relieve his friends from the Sanshengmen's poison. Without us, I believe he would never find the antidote for the Sanshengmen in his life, do you believe it? ?" Ouyang Zhengtian said.

Ouyang Lie paused and did not speak.

But he knew in his heart that this was the truth, the truth was true.

How could Li Tian alone deal with the dark Duanmu family here? How can you get the antidote to the Sanshengmen from other people's hands? It is completely impossible.

Therefore, he can only rely on the Ouyang family to get the antidote to the Sanshengmen, and only rely on the Ouyang family to have hope...

So according to a certain theory, this is a mutual utilization relationship, and it cannot be said who is more insidious, because this is often the case in reality.

Hearing Ouyang Zhengtian say this, Ouyang Lie nodded silently.

"Well, since the boss has decided so, let that kid be the spokesperson of our Ouyang family... Now let him deal with the Duanmu family."

A smile appeared at the corner of Ouyang Zhengtian's mouth.

Is this bad for Li Tian? Still good?

Perhaps in a sense, neither of these are considered.

Chapter 274: Li Tian's decision

Although Ouyang Zhengtian used Li Tian indirectly, why didn't Li Tian borrow the power of the Ouyang family? Therefore, in this more realistic society, there is no sinister, only the value of existence.

And Li Tian now has this value.

He can't help but have good skills, and now he just wants to meet the Ouyang family, so there is nothing to lose for him.

When Ouyang Zhengtian and Ouyang Lie walked out of the hall, then Li Tian and Ouyang Shiqing were still in the hall.

After Ouyang Zhengtian walked out, he looked at Li Tian with a smile on his face.

He didn't conceal his intention to use, but straightforwardly said to Li Tiandao: "Li Tian, I have something to tell you."

As Patriarch Ouyang said so, Ouyang Shiqing next to her was taken aback for a moment, looking at her smiling father.

Li Tian also looked at that Ouyang Zhengtian: "Mr. Ouyang, please say..."

"Now I want you to help my Ouyang family. What about this? It is to deal with the dark Duanmu family... If you agree, now in the Ouyang family, except for a few people, inside and out. You can mobilize anyone at will. To put it bluntly, I want you to be the spokesperson of our family."

When Ouyang Zhengtian suddenly said this sentence, Li Tian was of course shocked.

This unprecedented treatment came too early...it was too abrupt, making him a little at a loss.

Even Ouyang Shiqing over there looked at her father in surprise.

"I know that you want to find the Duanmu family, and you want to relieve your friend from the poison of the Sanshengmen... If our Ouyang family helps, it will be easier than you? What do you think?"

With Ouyang Zhengtian saying this, Li Tian was willing to agree to it.

And it can be described in four words overjoyed. He never thought that he was an ordinary person who was nothing. A minute ago, he was nothing but now? He is already the spokesperson of the Ouyang family, one of the four most powerful families in the country... and the characters in the Ouyang family follow him!

What kind of glory is this!

"Really?" Li Tian said in surprise.

Then Ouyang Zhengtian smiled slightly.

"Of course it is true, but I have to tell you the truth. I am a little selfish in doing this. There are many external factors. Our Ouyang family cannot directly come forward... I won't tell you why we can't come forward. Let me tell you, I'm doing this to you. On the one hand, I use you a little bit. On the other hand, I really want to help you and help your friend solve the poison of the Sanshengmen."

Ouyang Zhengtian did not hide his heart, but told Li Tian everything.

Even using these two words came out of his mouth.

"Dad..." Ouyang Shiqing over there was obviously surprised when she heard her father say this, and her clever head quickly understood everything and why her father wanted to let her Li Tian come forward as the spokesperson of the Ouyang family, why let him deal with the Duanmu family...

Li Tian was also taken aback.

He certainly understood what Ouyang Zhengtian meant.

Standing there, he slowly raised his eyes and looked at Ouyang Zhengtian: "I agree."

A word came out of his mouth.

Since the Patriarch of the Ouyang Family has explained everything to him, why didn't he agree? What's more, he originally wanted to rely on the Ouyang family. For Li Tian, this was a time for him to change himself, and it was also an opportunity for him to begin to understand to climb up...

So he said the words categorically.

Ouyang Zhengtian smiled. He saw fiery ambition in Li Tian's eyes, so he understood what he would say before Li Tian didn't agree.

"Okay! From now on, you live in my Ouyang family. Although you are not surnamed Ouyang, you are now a member of our family."

Listening to Ouyang Zhengtian saying this, Li Tian smiled slightly.

Ouyang Lie was also smiling, only Ouyang Shiqing frowned slightly, and when she looked at Li Tian in her beautiful eyes, she appeared worried.

Perhaps only she understands why her father asked an outsider to let Li Tian face the dark and evil Duanmu family. Of course, it was the contract of the armistice agreement ten years ago. She knew in her heart that if Li Tian was allowed to deal with it. The Duanmu family would be in great danger... but she couldn't stop it. She is a little worried about Li Tian now.

The moment Ouyang Zhengtian's decision came out, everyone in the entire Ouyang family was discussing the shocking news.

Members of the Ouyang family surname are all wondering, why did the Patriarch make such a decision?

They didn't understand, but no one dared to ask Ouyang Zhengtian.

Because Ouyang Zhengtian is the soul of the entire Ouyang family!

What about Li Tian? After getting the unprecedented glory, he was also excited in his heart. In addition to his ambition to climb up in his heart, more Li Tian just wanted to use the power of the Ouyang family to quickly find the Duanmu family and help himself. The wife Situ Ningbing, who was found, solved the poison of the Sanshengmen in her body.

Li Tian was invited to live in the villa of the Ouyang family.

This flattered Li Tian, who had only lived in a three-bedroom house in his life.

Carrying his luggage with only a torn backpack, when he stepped into the mansion of the Ouyang family, Li Tian suddenly felt like a dream.

But when he saw the real people in front of him and the real luxurious buildings, he suddenly understood that all this was real, all of it was real.

Li Tian now lives in a two-story luxurious villa of the Ouyang family.

The villa is not very big, but it is like heaven to Li Tian.

This villa is closely connected to Ouyang Zhengtian Villa, separated by a large back garden.

The room where Ouyang Shiqing lived was just opposite Li Tian's villa.

Moving into such a villa for the first time made Li Tian crazy about it.

European-style architectural style, the door is made of oak, and when you walk in, you will see a huge crystal chandelier, followed by a wooden circular staircase, winding up.

It leads directly to the second floor.

Standing in such a villa, Li Tian only felt as if he had entered heaven.

Standing next to him, Ouyang Shiqing looked at Li Tian with a smile on his face: "How about this place? If you don't like it, I can change it for you."

Li Tian quickly said: "I like it, I'm flattered here."

Ouyang Shiqing smiled slightly.

"Well, you should familiarize yourself with the house first, and I will come to you later.

Chapter 275: Pain, poison!

Ouyang Shiqing said, and walked towards the door after speaking.

Li Tian turned his head and looked at her shadow. The slender curve looked so beautiful from behind...like a fairy in the legend.

Suddenly Ouyang Shiqing turned her head back, causing Li Tian, who was staring at her from behind, to look a little hot.

I saw Ouyang Shiqing smiled and said: "You are now a member of our Ouyang family..."

After saying this, she drifted away, leaving a scent of fragrance.

This woman with a high IQ of 180 and an overwhelming appearance, in this world, who would have such a blessing to marry? Li Tian couldn't help but think about it.

This two-story villa currently lives by Li Tian alone.

Ouyang Zhengtian originally wanted to give Li Tian two servants, but Li Tian didn't dare to ask for it. Li Tian, who had been self-reliant since he was a child, didn't have the idea of using servants.

Now he is alone in this villa, and he can feel free.

There are a total of three houses on the second floor, the largest in the middle, with a soft Simmons sofa bed inside, a separate bath and bathroom, and a separate bedroom, making Li Tian feel more excited than ever.

There is also an exquisite business laptop, ThinkPad T430 at the desk next to it.

Li Tian, who has never touched a computer, felt very novel when he touched that thing, and fumbled there.

This will be his room from now on, and he will also become the spokesperson of the Ouyang family. This is a thankful thing.

In a dark room, the low light makes people feel like hell.

There is only a dimly swaying light that emits light slightly.

Suddenly, he saw a person sitting quietly in the room, a person whose half of his body was completely blocked by the gloomy light, his face was completely invisible, only his body was exposed to the light, gloomy and terrifying.

In front of him stood a man, a sharp and dazzling man with a pair of eagle eyes, his nose was in the shape of a hook, his lips were thin as a sharp edge, and he was standing there, covered in a black robe.

"Patriarch, the Ouyang family has discovered the clues so far. If I am not mistaken, the Ouyang family has guessed that we are dealing with him."

The hoarse, hook-nosed man said silently to the man half in the dark in front.

The man who was plunged into the darkness remained motionless like a dead man... It took a long time to slowly say, "Okay."

It simply spit out a cold word.

"Your Anbu continues to monitor the movement of the Ouyang family." After saying a word again, the man stopped speaking.

As if his words are as precious as gold.

"Patriarch, now I think now is the best time to attack the Ouyang family." The man with a hooked nose said coldly.

"Do not!"

Said the man who was trapped in the darkness.

"Remember, no matter when it comes, we can't take action. We must force them to do it first. Don't forget the armistice agreement ten years ago..." said the man in the darkness.

The eagle-nosed man standing next to him heard him say this and slowly said, "Yes."

"Black Hawk, this time you have to rely on your Anbu to exert its strength... We must force the Ouyang family to destroy the armistice agreement... In that case, we will go to war again and annex the Ouyang family."

Black Hawk? The man with a hooked nose in front of him is really as his name suggests.

Who is he? If you know the name of the organizer of Anbu, you know the name of Black Hawk.

He is the leader of the dark part of the Duanmu family, Black Eagle.

And You are his subordinates.

There are not many people in the Anbu, but those who can enter the Anbu of the Duanmu Clan are definitely first-class masters. Both spying on news and assassinating are first-class methods.

"In addition to the Ouyang family threatening us recently, there is one more thing that is a bit troublesome." The dark head leader Hei Ying said hoarsely.

When his expressionless face, like a zombie, said something, he didn't even move the muscles of his cheeks.

The man sitting in the dark moved his body slightly and asked, "What's the matter?"

"A woman." Black Hawk said coldly.

"She seems to have been poisoned by our family's Sanshengmen... Now she is constantly searching for clues about our Duanmu family." Black Hawk continued.

The man in the dark snorted, "Does these little things bother me?"

The black hawk hurriedly said with a low voice: "The clan owner does not know that this woman is a killer...a first-rate killer. According to our investigation, this woman is still the killer that the International Terrorist Killer Organization (Qisha) is looking for.

"Oh? Qisha?" When the man in the dark heard the word (Qisha), his voice moved slightly.

"How could the killer of (Qingsha) have a holiday with us?" He asked slowly.

"This is still unclear!"

"The patriarch... that woman is in Jinghai City now." Black Hawk continued.

"Leave her alone, a little fish can hardly make a big wave, let her fend for herself." said the man in the dark.

"Well, I got it."

After the black eagle in front of him finished speaking, he turned his head away from the dark room.

Who is the woman they are talking about?

Could it be Situ Ningbing who had been poisoned by Sanshengmen?

——

Jinghai City, in a dark basement, only heard the sound of rapid breathing.

The voice seemed to be dying.

I followed the sound and saw that this dark basement was less than 30 square meters, and the space was very small and narrow.

There was a dimly yellow light bulb in that dim light.

On a small rusty iron window next to her, she was seen lying curled up.

She originally had a face as beautiful as a fairy, but at the moment that delicate face was as pale as paper, like a dead person.

The originally **** lips were shaking slightly at the moment.

She held her chest tightly with one hand, and the other hand grasped the small iron bed next to her, clenching her teeth as if she was enduring some great pain. The heart-wrenching pain made her body Unbearable convulsions, choking.

But she has been working hard to endure it.

Suddenly looking through the gloomy light, who is she?

Isn't she the Situ Ningbing that Li Tian is looking for? Isn't she the one who has been chased by Qisha?

She turned out to be here.

Why is she so painful now? Presumably, the Sanshengmen poison in the body had attacked.

Yes, she did happen because of the Sanshengmen poison in her body, although she didn't know that she was the kind of Sanshengmen poison? But she knew that the poison in her body would happen once a day at this time, and every time it happened, her chest was like a sharp blade cutting her heart, painful and painful.

Chapter 276: Life is better than death

The pain is even more painful than the bones of all insects.

It's more painful than being hit by a real knife.

This is more painful torture than death.

Situ Ningbing finally realized a kind of real pain...that is, life is better than death.

After coming to Jinghai City for almost a month, she has been renting in this dark basement. Every day at this hour, she will suffer from the poison of the Sanshengmen in her body. This kind of heart-piercing pain will occur every other day. The more pain, the longer it lasts.

A month ago, the pain Situ Ningbing could tolerate, but now she could not bear it, she had to go back to this dark basement, then hide by herself, and then walk out of the basement after the pain in her body disappeared.

Each episode of toxicity in the body now lasts for more than an hour, compared to only a few minutes a month ago. It is conceivable that this pain is constantly increasing.

After coming to Jinghai City for a month, Situ Ningbing kept looking for clues, coming out at night and day.

I caught a lot of gangsters asking for news, but every time they returned without success.

No one knew the news of the Duanmu family, which made her increasingly desperate.

She even felt death approaching her step by step.

She is fearless, and there is no fear in her beautiful eyes. Except for the warmth when she was a child, the rest of her life was spent in blood and killing. When she was taken away at the age of 8, this life It seems to be doomed.

Cold blood and killing seemed to be born with her.

Only I met him in a small remote county, Li Tian.

This made her feel emotion for the first time...feeling that human nature seems to have a kind side.

And his smile, his words, flashed over and over in her ruthless mind, perhaps because of the increased pain of the Sanshengmen in the body, which led to her coma, perhaps because of other things, anyway. At this moment, Li Tian's smile and Li Tian's face were filled in his mind.

The man who rented her basement was a native of Jinghai City in his 40s.

He was a single man. The man opened a small supermarket around him. He was single.

The once wretched person wanted to be close to Situ Ningbing, but there was no way. Seeing such a superb beauty, whoever didn't want to be close would be a fool.

And this man is still a single middle-aged man.

Several times when this man wanted to come close to Situ Ning Bing, she was scared by her cold gaze.

The landlord's single man was also quite surprised to be honest. He couldn't understand why such a beautiful woman would be wronged and live in a dark basement, and she often went out at night, like a night owl... This made him very suspicious. , And at one point wondered if this woman was a lady in the Red Light District of Jinghai City?

Is it the idea of hiding in the basement and taking drugs?

Isn't this? Today's landlord man didn't know that he had a drink with that friend. Maybe the male hormone reacted, making him bolder, and he even walked towards the basement rented by Situ Ningbing.

Holding a bottle of beer in his hand, he drunk and walked towards the basement while drinking. He was in his 40s with some pockmarks on his face, and his drunken eyes were filled with blood.

After he reached the basement rented by Situ Ningbing in a daze, he stretched out his big hand and started knocking on the small iron door.

"Hey... open the door... open the door."

His drunken voice sounded from outside.

There was no movement inside.

"Open the door... If you don't open the door, I will go in directly."

As he said, he lifted his foot and kicked the door forcefully.

The little iron gate was kicked and banged.

Just hearing a bang, the drunk guy kicked the door open.

After he kicked away, he saw the shivering Situ Ningbing who was curled up on the small iron bed. Her eyes were full of endless killing intent, but her hands were trembling, and she gritted her teeth tightly. It was obvious that she wanted to kill, but it was a pity that her body was suffering from the Sanshengmen Poison.

When the drunk came in, he seemed much more sober.

When he looked at Situ Ningbing, who was shivering and pale, with blood-red and hideous eyes, he suddenly laughed evilly.

"I just...say...you woman, you are definitely a drug addict!" Unbearable words came out from his smoky mouth.

He looked at the trembling and pale Situ Ningbing who mistakenly thought it was the lady in the red light district?

"How much do you cost a night?" the drunkard said wretchedly.

"As long as you take care of my bed, I will exempt you from rent for a month, how about it?"

While holding the wine bottle, he said with a smile, and those blood-red eyes were even more dishonestly looking down on Situ Ningbing's body.

"Don't speak? If you don't speak, it's acquiescence...Come on, let me kiss first."

Speaking of this, the man actually moved his drunken mouth towards the corner of Situ Ningbing's mouth.

Just when the drunk was doing these acts stupidly, suddenly Situ Ning Bing gritted his teeth and moved.

Then she raised the trembling hand and pinched the drunk man's neck... Then she pressed her fingers, and the five fingers pierced the drunk man's throat like a blade.

The blood flowed slowly along the finger she had pierced in.

The tingling of the body made the drunk completely awake, and then his pupils began to dilate violently, and at this moment, mouthfuls of blood spurted out from the mouth that was just snorting...

With a plop, the body fell directly to the ground and died.

Simply and neatly.

When Situ Ningbing killed the drunk in front of her with one move, she moved her body slowly, her hands stained with blood, she did not hesitate to sit on the small iron bed, enduring the Sanshengmen poison in her body, sitting quietly.

A **** corpse was still lying in front of her, and in front was a beauty who looked like a fairy.

Such a weird and enchanting picture is put together into a very dramatic picture, like a lens transition of violent aesthetics.

When Li Tian slept in the villa of the Ouyang family the first night, he stayed up all night.

Excited and stayed up all night.

Such a soft Simmons bed made him feel a little awkward to fall asleep, and he didn't fall asleep all night.

Compared with the rigid bed that he used to sleep before, Li Tian felt that this was the difference between heaven and earth.

That night, although he was happy in his heart, Situ Ningbing's beautiful face was constantly emerging in his mind. When he thought of that cold and stubborn woman, Li Tian was worried about it. He didn't know now. How on earth is Situ Ningbing?

Chapter 277: Fierce general

I don't even know if the Sanshengmen poison in Situ Ningbing's body has attacked?

Li Tian, lying on the bed like this, thought aimlessly.

When I got up early the next day, I felt that everything in front of me was real.

He has indeed lived in the villa of the Ouyang family, and has successfully taken part in the current Ouyang family.

The sun of the rising sun shines on the villas of the Ouyang family.

Early in the morning, I saw Ouyang Shiqing approaching Li Tian's villa.

When Li Tian came out rubbing his red and sour eyes, he saw Ouyang Shiqing at a glance.

Today, Ouyang Shiqing unexpectedly wore a light purple long skirt with a white silk shirt with lace on her upper body. Her black hair draped over her tender shoulders looked both beautiful and refined, but also immortal. beauty of.

Looking at Li Tian with a smile: "Did you not sleep last night?"

Ouyang Shiqing saw Li Tian's embarrassment all at once, and said with a smile.

Then Li Tian smiled awkwardly and nodded, he did not deny it.

For Li Tian, living in such a luxurious villa for the first time really made him a bit uneasy.

"Let's go, I'll take you to meet a few people." Ouyang Shiqing said with a smile.

Li Tian was taken aback for a moment.

"Meeting people? Who are you meeting?"

Ouyang Shiqing turned a beautiful face and said, "See the people who will follow you in the future."

Who will follow you in the future?

Hearing Ouyang Shiqing's words, Li Tian was shocked.

What do you mean? Is it to find someone for yourself?

He guessed well. Don't forget Li Tian's identity now. He is the spokesperson of the Ouyang family, let alone what he is about to do because he can become what he is now. The family dealt with the Duanmu family who played yin.

So of course Ouyang Zhengtian would not allow Li Tian to do so brutally alone. Of course he would find some awesome characters to assist Li Tian.

And now Ouyang Shiqing took Li Tian to meet those fierce men who were about to follow Li Tian. (According to later in the arena, this was the beginning of Li Tianchengxiong... the beginning of a generation of heroes!)

In the main hall of Ouyang Villa, only one voice came out first.

"I heard that the brothers are going to follow a little boss this time? Is this true or false?" It was a guy with a smile on his face.

The man has a pretty face, and he is definitely a handsome type, but there is an evil atmosphere between his brows. He is wearing a very lazy shirt and a pair of blue jeans. . ,

Judging from the current outfit, he would think that he is a bastard.

But if you take a closer look at this guy's arm and see that this guy's arm is occasionally exposed with a domineering tattoo with a skull and double knives, you can feel that he is definitely not an ordinary character.

Because everyone in Jinghai City knows that this is a tattoo specially held by a member of the 33rd Field Army of the Liaoshen Military Region and a member of a special force.

Obviously this guy who was talking with a smile turned out to be a special soldier.

After he uttered that sentence, evil eyes pleaded at a guy in black clothes beside him.

The man standing next to him said nothing, it was cool!

He was wearing black clothes and wearing sunglasses on his face... the facial features were clearly outlined, standing there straight, without saying a word, the face with little expression was like a stiff stone.

To be honest, the weather today is not very good. Although the sun is out there, it looks a little hazy, but this guy still wears sunglasses. Does this guy like to wear sunglasses? Do sunglasses make him more handsome?

No one knows the answer, but no one dare to provoke him easily.

Because the first feeling he gave people was a terrible person, and that terrible feeling was deep into the bones.

"Why don't you talk? You guys are so boring..." The guy who just spoke was very depressed at the moment looking at the somewhat rigid guy around him.

"Cough cough, don't care about anyone, anyway, boss Ouyang calls us over, there must be something to do."

This guy who was talking while coughing was a thin man with glasses. His skin was as pale as a leukemia, and he could even see the blood vessels on his hand. Only those sharp eyes seemed to be able to see people's hearts. It's like that.

This kind of person looks like an extremely scheming role.

And these three weird guys appeared in the hall of the Ouyang family right now.

In the hall, the servant respectfully brought tea.

They were asked to sit down, but none of the three sat down, nor did one drink water.

While the three of them were staying, suddenly a loud laughter came out from inside. After the voice came, the expressions of these three immediately became respectful.

Then I saw Ouyang Zhengtian, the Patriarch of the Ouyang Family, strode out from inside, followed by the second fireman, Ouyang Lie, and the third Ouyang Hua.

At the moment Ouyang Zhengtian walked out, all three of them couldn't help but bow slightly: "Hello Boss Ouyang."

"Everyone is here..." Ouyang Zhengtian smiled and waved, "Sit, sit, you're welcome."

Although he said so, none of the three sat down.

Ouyang Zhengtian watched the three people not sit down, and didn't care. He sat down slightly on the side.

Awe-inspiring glances glanced at the three of them, and suddenly said, "Where is Elder Ge? Why didn't he come?"

Listening to Ouyang Zhengtian's words, the guy with the evil spirit in his eyes smiled and said, "That old fox heard that he likes tomb robbers some time ago, isn't he? He might still be in the tomb now. Playing inside..."

Listening to this guy, Ouyang Zhengtian laughed haha, his eyes fixed on his face.

Ouyang Lie, who was next to him, approached Ouyang Zhengtian's ear and whispered: "This kid is Tang Xiaolong, whom I mentioned to you before. He used to have the title of king of soldiers in the special forces of the 44th company of the Liaoshen 33 Field Army. Later, he was forced to retire because he played heads-up in the army and was beaten directly into the hospital..."

Listening to Ouyang Lie's words, a smile appeared at the corner of Ouyang Zhengtian's mouth.

It turned out that this person was the fierce general that Ouyang Lie found in front of him.

After listening to Tang Xiaolong's awesome deeds, Ouyang Zhengtian cast his gaze slightly on the cool and indifferent guy wearing sunglasses.

"This is?" Ouyang Zhengtian asked with a smile.

And he became more and more curious about this indifferent man who would not even take off his sunglasses when he saw him.

"A Chou!"

Suddenly the two words came out indifferently from his own mouth, his voice was as cold as his own, like ice.

"Immediately enter the second volume: blood and sea love! This volume is full of enthusiasm, I hope my brothers can still hold it up! Some readers said that Li Tian has never had a brother? Presumably now dear readers should be able to see what kind of Niu Cha brothers are around Li Tian...Look, hold up!)

Chapter 278: he?

"A Chou?" Ouyang Zhengtian muttered these two words with curiosity, and then turned his attention to Ouyang Hua.

It turns out that this cool man wearing sunglasses was found by Ouyang Hua.

I only heard Ouyang Hua whispered to Ouyang Zhengtian: "I don't really know the details of this person. I don't know much about him, but his name is spread in the Northeast. I heard that This guy once offended the gang of thugs who lived in the northeast of the tiger, so his relatives and his wife were killed. Three days later, the screams of Hysteria came from the land of the tiger and he was a policeman. When the earth tiger was found, his eyes and head were all cut off alive. The death toll on the scene was as high as 17 people, but the murderer did not know who it was? This desperate murder that shocked the Northeast. I heard that it was his revenge personally, but no one alive saw him at that time."

Hearing what Ouyang Hua said in front of him, Ouyang Zhengtian frowned slightly, and couldn't help but look at this fellow named Aqiu again.

The faint breath of death emanating from him did make people feel uneasy.

After thinking about it, Ouyang Zhengtian didn't say much.

Then he finally turned his gaze on the face of the guy who seemed to be sick, the man who covered his mouth with a pale hand, seemed to have asthma, coughing constantly, on his sick face Give people the possibility of falling down at any time.

Who is he?

Nickname: The sick scholar is his name, real name: Chen Qiaozhi.

His name on the road may be better than the previous two. It is said that the 112 bank robbery that shocked the country was planned by this guy, but he has been put on the A-level wanted list by the police in the past few years. , But suddenly no news in the past two years.

He is not on the current A-level wanted warrant at all, and he is beginning to emerge again like a free man.

So he suddenly disappeared on the national A-level police wanted list? Maybe no one can do it except for the power of the four major families, the Ouyang family?

But few people really know the truth.

The only thing everyone knows is that this unconstrained fierce man suddenly listened to the words of the Ouyang family two years ago and became a part of the Ouyang family power.

The three of them now have a general understanding, Ouyang Zhengtian raised his eyes slightly to look at the three.

"Presumably when I asked you to come here, you should all know what it was for?" Ouyang Zhengtian looked at the three of them and asked.

The three nodded silently.

"That's good."

Ouyang Zhengtian smiled.

"I have allowed everyone to credit 500,000 in cash in your bank account. You can use that little money first and tell me when it runs out."

The three people in front of them all said thank you.

"Boss Ouyang, I want to ask, where are the people you let us follow now?" The special soldier Wang Tang Xiaolong, who used to be from the Liaoshen 33 Field Army, smiled and looked at Ouyang Zhengtian.

This kid is the kind of character who never convinces anyone, because no one is stronger than him.

In the army, if anyone is not convinced, he will practice alone!

As a result, the army shot too hard and severely wounded people, which was forced to discharge.

Now he asks like this, just want to see who is worthy of bringing them such awesome three people? And still be the younger brother of others?

If it weren't for Tang Xiaolong who is really busy now, and is just short of money, he would not have come here to be the younger brother of others.

But even though he is here, it does not necessarily prove that he will take it.

That's why this meeting couldn't help asking, who on earth is worthy of his willingness to be a younger brother?

Listening to Tang Xiaolong's words, Ouyang Zhengtian laughed and said, "You will see him soon."

As the voice finished speaking, but saw a sweet voice coming in towards the hall.

"dad....."

Following the sound, I saw the poem of Ouyang who was all over the country.

Her appearance first aroused Tang Xiaolong who had just questioned.

Tang Xiaolong, whose mouth was about to grow into a zero shape, was really excited when he first saw the daughter of the Ouyang family.

"It's like a rumor, the daughter of the Ouyang family is so beautiful." Tang Xiaolong said with a tut.

A Qiu, who was ruthlessly wearing sunglasses, glanced at Ouyang Shiqing who walked in, but put his face on his body behind Ouyang Shiqing.

Li Tian.

Li Tian followed Ouyang Shiqing.

When Li Tian walked in, in addition to this cool, awesome, A Qiu wearing sunglasses staring at him, there was another sick student: Chen Qiaozhi was also watching with his sharp eyes blinking. he.

"Speaking of Cao Cao, Cao Cao will be there." Ouyang Zhengtian laughed haha.

Following his words, the sick scholar Chen Qiaozhi frowned slightly, staring at Li Tian with sharp eyes that could see through people's hearts.

And Tang Xiaolong, who had been watching the beauty of Ouyang Shiqing just now, couldn't help but set his sights on Li Tian.

"Just him?" Tang Xiaolong almost collapsed.

"Just this kid in front of me? I will be his little brother in the future? No?" His head turned quickly, and he couldn't believe it.

Only Ah Qiu, who has not moved like a bell, stood there without any expression.

Since Li Tian came in, he saw three strangers in front of him.

Could it be that Ouyang Shiqing asked herself to come here to meet them?

Why should these three weird guys let themselves see? Li Tian felt very strange. Of course he didn't know that the three people in front of him would become his people in the future, and they would all become his little brothers.

He just thought that these three people were weird. The first feeling Tang Xiaolong gave him was a bit cynical, and the eyes that looked at him had an unbelievable, very surprised and disdainful look...

And what about Aqiu? Because this guy was wearing sunglasses and there was no expression on his face, Li Tian couldn't tell what his expression was.

And what about the other Chen Qiaozhi, who looked pale and seemed to be seriously ill? Li Tian only felt that this guy had to go to the hospital quickly. Seeing how he coughed, he was worried for Chen Qiaozhi... afraid that he would vomit blood.

This is the first impression of the three people and Li Tian.

Li Tian knew how powerful these three monsters would be on his later road to the hero?

Of course, the three immediately expressed dissatisfaction with the current Li Tian. The three people who disdain will know how awesome the people they are following and how brothers they are when they are about to follow Li Tian. Later).

Chapter 279: Not convinced?

After Ouyang Shiqing brought Li Tian in, then Ouyang Zhengtian said haha, "Li Tian, you are here."

Li Tian was quite surprised at the scene before him.

Because he still didn't know that the three weird people in front of him were the subordinates that Ouyang Zhengtian had found for him. At this moment, he was taken aback and smiled at Ouyang Zhengtian.

Then he looked at Tang Xiaolong and the others curiously.

"Now Li Tian is here, I'm starting to announce one thing." The domineering voice of Ouyang Zhengtian in the hall slowly spread from the room.

After the voice came, no one in the whole hall spoke, and they were quietly waiting for Ouyang Zhengtian's words.

I just listened to Ouyang Zhengtian squinting and smiling slightly and said: "From now on, Li Tian will be handed over to you...and these three will help you with everything you need in the days to come. Will help you deal with the dark Duanmu family."

When a word came out of Ouyang Zhengtian's mouth, Li Tian couldn't help but startled slightly.

Looking at the three people in front of him again, Li Tian was puzzled.

Although he had guessed 7-8 points before, he didn't expect that Ouyang Zhengtian would actually find him a subordinate, a younger brother.

And the three people in front of them turned out to be his subordinates in the future?

When Tang Xiaolong heard Ouyang Zhengtian say this, they all focused on Li Tian, surprised and depressed.

Who among them is not a great character?

One used to be the King of Special Forces in the 33rd Field Army of Liaoshen, another one is cool and has no background to kill countless enemies, and the last one is even more incredible, the mastermind behind many large-scale robberies...

Such three people actually want to recognize the boy Li Tian as the boss? Is this funny? Is it funny to them?

So the three of them couldn't help putting all their gazes on Li Tian's face, looking all over.

"Li Tian, you are now the spokesperson of our Ouyang family, so you just let go and do it...whatever happens, we will help you with it." Ouyang Zhengtian smiled.

Li Tian still got rid of the surprise completely. At this moment, he muttered, "Oh."

"You three will follow him from now on." Ouyang Zhengtian also said to the three Tang Xiaolongs.

It can be seen from the expressions of the three of them, their faces are full of unwillingness.

Yes, they used to be awesome characters, but now they want to follow Li Tian? How can they be convinced in their hearts?

But although everyone is unconvinced, they have already collected the money from the Ouyang family. They can't collect it in vain, right?

So they all nodded silently and agreed.

"Well, since you have met now, Li Tian, I will leave these three tigers to you in the future..."

Having said this, Li Tian nodded slightly without saying too much.

He didn't know much about the three people in front of him. When he blinked his eyes and looked at the three of them at the moment, he could feel that the three of them were somewhat hostile towards him... but Li Tian didn't care too much.

From now on, Tang Xiaolong, the sick scholar Chen Qiaozhi, and the cold A Qiu followed Li Tian. After they bid farewell to Ouyang Zhengtian, they followed Li Tian to the villa where Li Tian lived.

After they left the main hall of Ouyang Villa in front of them, that Ouyang Zhengtian narrowed his eyes slightly.

While standing, Ouyang Shiqing, who hadn't spoken anything from beginning to end, couldn't help but look at her father, with a worried look between her reputation and asked, "Dad, what are these three people from? I see them. He looks unconvinced? Especially when it comes to following Li Tian."

How smart is Ouyang Shiqing, how can he not even see the ability to observe words and colors?

Ouyang Zhengtian laughed haha when his daughter said so.

"These three characters are not simple characters,"

"One of them is the Special Force King of the 33rd Field Army in Liaoshen..."

Ouyang Zhengtian in front of him told his daughter all the details of the three.

After listening to Ouyang Shiqing, a look of horror appeared on her pretty face, and it turned out to be three tiger generals.

"Dad, you said these three people were so good before? Will they disagree with Li Tian? After all, Li Tian..." Ouyang Shi stopped talking again.

Didn't Ouyang Zhengtian think of this problem?

He only said slightly: "If Li Tian doesn't even have the ability to conquer the three, it proves that Ouyang Zhengtian has misunderstood the person... Then of course he certainly cannot deal with the dark Duanmu family."

"So, is he a dragon among people? Or an ordinary person? I will see it soon." Ouyang Zhengtian said.

Yeah, someone who can't be tamed by three people like that? How can you fight the dark Duanmu family that is more dangerous than the three? Isn't it looking for death?

So this time it can be said that it is not only a test for Li Tian, but also a chance to rebirth from the blood.

When Li Tian led the three fierce men to his villa step by step, the three following followed him staring at his back, and Li Tian only felt awkward when he was watching.

The three of them didn't say a word, and Li Tian didn't say a word either, just like that, slowly walked towards the villa.

When he got inside the villa, Li Tian turned his head and looked at the three of them with a polite smile.

"Sit anywhere....."

Then Tang Xiaolong glanced at the house in front of him, threw a military-green travel bag on the ground at random, and sat down generously.

Where is Ah Qiu? I didn't bring anything.

He was dressed in black, wearing sunglasses, and sat down quietly.

What about the sick scholar Chen Qiaozhi? He sat down slightly, his sharp gaze never left Li Tian's body from beginning to end.

"My name is Li Tian, and I am honored to work with everyone in the future." Li Tian introduced himself with a smile.

The three guys in front of him looked at him with frowning eyes.

But when Li Tian introduced himself, the three of them didn't react at all, and the scene suddenly seemed a bit awkward.

Tang Xiaolong turned his head to the side with a disdainful expression, his eyes gurgling, as if he hadn't heard Li Tian's words.

A Qiu next to him was wearing sunglasses, coldly like a rock in the winter, and he didn't say a word.

In the end, the sick scholar looked at the somewhat embarrassing scene. He coughed slightly, and a slight smile appeared on his pale face: "My name is Chen Qiaozhi..." He said to Li Tian.

After he took the lead in speaking, the cool guy wearing sunglasses spit out three words coldly: "I, Aqiu."

Chapter 280: Brother discord

After speaking, he closed his thin mouth and stopped speaking.

Only Tang Xiaolong still looks like a fool, with Erlang's legs tilted up there, as if he hadn't heard him.

"Ahem!" Chen Qiaozhi noticed the embarrassment on Li Tian's face, and couldn't help coughing twice at Tang Xiaolong who was once the king of special forces in the army.

Then Tang Xiaolong turned his head slowly and glanced at Li Tian with contempt.

"What about me? My name is Tang Xiaolong."

"He was born in the Liaoshen 33 Field Army, three times the Liaoshen Military Region fighting championship, two first-class team achievements, people, apart from being handsome and able to fight, there is no other advantage." This boy is there. Niubi said coaxingly.

After hearing these words, Li Tian smiled slightly.

On the contrary, the sick scholar Chen Qiaozhi almost burst out laughing.

Only that Aqiu is not moving like a bell.

"Nice to meet you." Li Tian said politely.

He just wants to make the atmosphere of the three people become more harmonious. Although he can feel that these three people feel the same as a stone to him, and with a sense of resistance, he still smiles to others. .

"Little boss, this time Boss Ouyang asked the three of us to follow you. Do what you say, you must be unique... Or tell our brothers about your previous glorious deeds, and let some brothers Wisdom and knowledge, I think in that case, it would be better for us to be familiar with each other?" Tang Xiaolong said suddenly and very evilly.

When he first saw Li Tian, he was not convinced.

Especially seeing that Li Tian is younger than himself? How about letting the king of special forces in a former army follow him as his younger brother? Who would be convinced, so he wanted to see what kind of awesome Li Tian had in front of him? Can you get such trust from the Ouyang family?

Of course Li Tian could hear his words with layers of thorns in the middle, but Li Tian didn't care.

Chen Qiaozhi next to him was also looking at Li Tian slightly at this moment, waiting for his answer.

Because he can't guess even his character who often studies people's minds, why does the Ouyang family reuse the boy in front of them so much?

The heavy sword has no edge, and the talent is hidden, but no matter how Chen Qiaozhi looks at Li Tian, he can't see any special advantages in him? Could it be that I have been studying people all my life, this time I made a mistake?

Yes, Chen Qiao has never misunderstood the wrong person in his life. The first time he misunderstood the wrong person, it was Li Tian, his eldest brother and one of his closest eldest brothers. In later life, Chen Qiaozhi wrote in his autobiography: When I first saw Li Tian, I felt... (this is something later).

After Tang Xiaolong's very prickly words were asked, Li Tian said slightly: "I have nothing extraordinary, and I have never done anything beautiful before. If I have to tell me what happened before, then Let me tell a few people, what happened before? I was a farmer in a small remote county in the north. I made a living by working. Then I met a big city because of the opportunity and worked as a security guard... and then I came here."

Li Tian simply told his own process once. Most of what he said was the truth, but he ignored all his adventures and the vendettas such as seeing Qiu Si.

Hearing what Li Tian said, Tang Xiaolong laughed impolitely for the first time.

"My grandma...Little boss, are you kidding me?" Tang Xiaolong said.

Chen Qiaozhi, who was next to him, frowned more and more, and secretly guessed: "No... Boss Ouyang actually let us follow such a person? Are you kidding me?"

But Li Tian smiled and said, "I'm not joking, everything I said is true."

"Little boss, if you are not joking, then I definitely think you are crazy...Do you know why our third brother is following you?" Tang Xiaolong said very depressed, after listening to Li Tian's self After talking about his own deeds, Tang Xiaolong almost jumped up.

"I know." Li Tian continued with that painful smile.

"Let's deal with the dark Duanmu family together."

"Brother, so you know!!" Tang Xiaolong originally thought Li Tian in front of him didn't know, but he called out excitedly when he said that.

"Since you know that our third brother is following you to deal with the dark Duanmu family, aren't you afraid? Are you afraid that someone from the Duanmu family will kill you?" Tang Xiaolong scared Li Tian.

He really thought Li Tian was crazy.

A character like Li Tian turned out to be their boss, and what was even worse was that after Li Tian talked about his previous things, he almost made him want to hit the wall.

In Tang Xiaolong's heart, let's not say how awkward it is, at least like the sick scholar Chen Qiaozhi, right? At the very least, he had done a few vigorous events that shocked everyone in the country. Only then can Tang Xiaolong be convinced.

But Li Tian in front of him told him that he was working as a security guard and almost knocked him down.

However, Li Tian shook his head slightly and said, "Don't worry, I've met people from the Duanmu family twice... and if I was really killed by someone from the Duanmu family, that can only prove I am so unfortunate that I have nothing to do with you."

"One more thing, I want to make it clear. It's an honor to work with you. I also know that the three of them are all the most powerful people before. What about me? Maybe nothing, but please rest assured, I It will definitely not drag you down."

When Li Tian said these words indifferently, Tang Xiaolong was taken aback. He who wanted to open his mouth to speak, closed his mouth, because when Li Tian said those words, he could It felt like he was not joking.

And after carefully observing Li Tian, Tang Xiaolong suddenly felt that Li Tian didn't seem to be as simple as he thought. He shook his head quickly, Tang Xiaolong felt that he was cranky.

Where is Chen Qiaozhi over there? He also blinked his sharp gaze.
