

A Killer 2711

Chapter 2711: Personnel selection

Mozu.

A nightmare in the minds of humans in the Spirit Earth Continent.

People living in this world, everyone knows that the demon guys are brave and cruel, they are like wild beasts, growing in the glaciers of the demon mountain range.

The "blood illusion technique" cultivated by the demons is the most terrifying illusion technique.

The guys of the Demon Race have a cold body temperature that is different from ordinary people, and their blood is cold, so their entire faces are pale. They wear black robes all the year round and walk in the dark, like cold walking dead.

The demons are bloodthirsty and murderous. In their world, there is only hatred and coldness.

Think that in the second Demon War that year, mankind was hit harder than ever.

I saw inside Bander College, the old Dean Hollis was telling all his assembled students about the Demon Race little by little.

Li Tian is also standing in it at the moment.

After hearing the old dean talk about these Demon Race things, Li Tian had a lot of understanding of the Demon Race guys.

Just listen to the old Dean Heris continuing to say: "After the second war of the demons, the demons have disappeared for a long, long time... at least within the scope of the empire, they rarely see their activities. ."

"Now, this time the demons are invading, it must have been planned."

"Hey, I really don't know what kind of major consequences this catastrophe, catastrophe, and this time will cause." The old dean Heris said while sighing slightly.

All the teachers and students present heard the old dean say this, not only a slightly worried look appeared in everyone's eyes.

Although most of the people here have not experienced the second Demon War, but they have heard the older generations tell about the **** war that year, so at this moment everyone has a strange look on their faces. look.

"This time the empire has been attacked by the demons. As citizens of the empire, we have an obligation to participate in this war." The old dean Heris suddenly said there.

"Over there, let us send 10 illusion elites to participate in support. Who of you is going to fight this war?" Just listen to the old Dean Hollis looking at everyone there and saying.

Hearing what the old Dean Khris said, he only heard passionate voices from the crowd.

"I go, I go!"

"Yeah, we all go."

Just listen to the words of those students who are scrambling.

Looking at the group of students, the old dean not only smiled in relief.

However, he still said: "Classmates, I understand your intentions, but only ten students are allowed to be sent. Therefore, the remaining students must continue to stay in the college."

After hearing what the old dean said, the students were not only slightly disappointed.

Mr. Anderson, who was only listening to one side, suddenly said to the old dean, "Old dean, this time we will go to the deserted frontier to fight against the demons. I hope we will send some capable people to it. Otherwise, it will cause serious problems. casualties."

Anderson is not wrong at all.

This is actually the true thought in the heart of the old dean.

He had to send some capable students to fight this war, because during the Second Demon War, the old Dean Hollis had personally seen those extremely powerful Demon experts.

So he set it back and said, "Mr. Anderson is right! This time, I will personally select ten capable classmates."

After he said so, Anderson beside him, beautiful teacher Evelyn, and Nasiril and other teachers said together: "Old Dean, as teachers of Bander College, we are obliged to participate. This war! Lead our students to resist the invasion of the demons."

After listening to them, the old dean nodded silently.

"OK!"

"Anderson, Cyril, Loft, and Evelyn, each of you is selecting a student in your department, and then you go to the deserted frontier."

After hearing what the old dean said, every teacher in front of him yelled hello!

Immediately after that, the old dean Hollis raised his eyes and looked at Li Tian on one side, then smiled slightly, and looked at Li Tian said: "Child, what about you?"

After hearing the old dean's question, Li Tian said: "Old dean, I will go too."

Hearing that Li Tian would also participate in the team resisting the demons, Anderson and the other teachers not only showed a slight smile on their faces.

"it is good!"

"One more Li Tian." The old dean said with a smile there.

So after the old dean's personal decision, the quota of ten powerful figures was quickly determined.

Among them are the old dean Hollis, the teachers of the wind department, the water department, the lightning department, and so on, as well as the students selected from each department.

This quickly formed a team of ten people.

After forming a team of ten, then Anderson asked the old Dean Hollis who was looking in front of him: "Old Dean, then when shall we start?"

Just listen to the old Dean Hollis saying: "As soon as possible."

"If nothing happens, I want to leave tomorrow morning."

After listening, the teachers on one side nodded silently.

"Since everyone has no objections, then go back and prepare something first! Tomorrow morning at 6 o'clock, gather on time and set off." The old dean Heris said there.

Listening to the old Dean Hris saying this, the teachers in front of him nodded quickly.

Li Tian also walked outside silently.

As he was walking outside, the old dean Khris suddenly called out: "Li Tian, wait."

Li Tian was taken aback, turned around, and looked at the old Dean Hollis in surprise.

"Old Dean, what's the matter?"

But seeing the old dean Hollis smiling there and saying, "Yes."

"I want to say a few words to you alone." Just listen to the old dean looking at Li Tiandao in front of him.

When Li Tian heard the old dean say this, he nodded there, and walked into the room again.

I saw that the old dean Heris was there and said to Li Tiandao: "Child, come to the study with me."

Li Tian didn't know what the old dean was looking for. He just nodded silently at this moment, and then followed the old dean to the study room.

Soon, Li Tian followed the old dean through two corridors, and then arrived in an antique room.

Inside are all kinds of ancient books, as well as piles of documents.

After the old dean walked into the room, he smiled at Li Tiandao in front of him and said, "Sit down, kid."

Li Tian was not polite, just found a spot and sat down.

Chapter 2712: Forbidden Qi

After finding a place to sit down, Li Tian nearly asked the old dean who was looking in front of him: "Old dean, what's the matter?"

Faced with Li Tian's question, the old Dean Khris suddenly smiled there.

"Child, I want to ask you something."

The old dean Heris took a sip of the fragrant tea on the table, then squinted at Li Tiandao.

Li Tian was taken aback for a moment and said, "What's the matter?"

"I want to ask about your physical qi illusion." Old Dean Hollis suddenly said.

Hearing that old Dean Hollis asked, Li Tian was not only taken aback, and said, "Huh?"

Just listen to the old Dean Hollis continuing to say there: "Child, you may not be very clear. Although this Empire Illusion Contest did not go to the end, it is undeniable that your astonishing

performance this time is still terrifying. The forehead illusion technique has made your name surely already resounding in the illusion world!"

"So, there are some things that I need to ask clearly."

After listening to the old dean said this, Li Tian knew that the old dean Hollis was telling the truth.

This time, Li Tian's performance was indeed outstanding.

"My child, your Qi illusion technique, the slave qi technique, and the high-level illusion technique Thousand Killing Knife Technique, are all you painstakingly cultivated, right?" The old Dean Hollis in front of you looked at Li Tian and asked Tao.

Li Tian nodded silently, and then said honestly: "Yes."

Then Li Tian explained all the things about how he had practiced the slave-qi technique and how he had practiced the thousand-kill sword technique.

After hearing what Li Tian said, the eyes of the old dean glowed with relief.

"Genius, what a genius!"

"You really deserve to be a genius rare in a thousand years!"

"Unexpectedly, after the most difficult Qi illusion technique to cultivate on our Spirit Earth Continent reaches your hands, you will be able to teach yourself!"

Old Dean Herris said awkwardly there.

After Li Tian heard what the old dean said, he actually wanted to explain, because he once had a blood-sucking spar in his body... But after thinking about it, Li Tian finally didn't explain it. He just sat there slightly. Smiled.

"Child, you can only use these two illusions, right?" The old dean finally said the most important point.

Although Li Tian's spiritual power is terrible, don't forget that Li Tian can only use these two illusions!

Moreover, one of the "Slavery Techniques" was still the most common low-level illusion technique, and only the Thousand Killing Sword Technique was quite lethal for Li Tian.

After hearing the inquiries from the old Dean Heris, Li Tian smiled bitterly and said, "Yes."

"Because no one taught me... So as of now, I can only use these two illusions." Li Tiandao.

Hearing Li Tian's bitter words, the old dean Heris suddenly blamed himself extremely.

"Hey, blame me, blame me!"

"I wasted you this piece of jade!"

"I'm really ***** it, I really shouldn't have handed you over to that Moorburn and that trash." The old dean suddenly blamed himself extremely.

Listening to the old dean's self-blaming words, Li Tian said there: "Old dean, don't blame yourself, this is actually part of my reason..."

"No, no, no... I'm all to blame..."

"Child, I actually saw it a long time ago, you only know these two illusions! So this time, I will let you stay alone." The old dean Heris suddenly said there.

Li Tian was not only taken aback after hearing this, but he didn't understand the meaning of the old dean.

I saw the old dean Heris suddenly smiled mysteriously, then stood up and said to Li Tiandao: "Child, I will give you a book! Maybe this book will have such a great effect on you."

The old dean who was talking suddenly walked towards the end of the ancient bookshelf step by step.

Soon after reaching the last position of the bookshelf, the old dean stretched out his hand and took out a book with a red cover...

There was a lot of dust on the old book. It can be seen that this book has not been read for a long, long time.

After the old dean slightly took out this ancient book, Li Tian not only raised his eyes and looked at the book in surprise.

He didn't know what this book was.

I saw Old Dean Heris walking towards Li Tian after taking out the ancient book.

"Child, here."

The old dean who was talking passed the weird book in his hand to Li Tian.

Li Tian was taken aback, then frowned slightly, then stretched out his hands and took it.

After taking it over, he raised his sleeve slightly and then gently wiped the dust on the book, and then saw several ancient fonts appear on the cover.

"Aura forbidden technique!"

The four characters were printed on the strange cover like a soldering iron.

When Li Tian saw the four words "Qi Illusion Forbidden Technique", he subconsciously stunned for a moment, and then looked at the old Dean Hollis in astonishment and asked, "Old Dean, this, this ,what is this?"

"This is a strange book that has been circulating on our spiritual soil continent for many years, many years!"

"This book contains the secrets of Qi Illusion Techniques that have been lost for thousands of years in our Spirit Earth Continent... The Qi Illusion Forbidden Techniques recorded above are all secret techniques that were once forbidden to practice! Except for the only Sage Long Outside the old, until now, no one has read this ancient book." The old dean Heris said to Li Tiandao with a smile.

Li Tian was immediately taken aback after hearing this.

Qi illusion forbidden technique?

Listening to this name, it seems that the illusions above are terrible illusions that are forbidden to use! Li Tian thought this in his mind, and then observed the book in front of him.

"Old Dean, since all the powerful Qi illusions recorded above are lost, you, why don't you practice?" Li Tian suddenly asked a question.

Listening to Li Tian's question, the old Dean Khris suddenly smiled awkwardly there.

"Hahaha, kid, have you forgotten? I am practicing fire illusion technique, and I can no longer practice this Qi illusion technique."

Li Tianyi heard this and continued to ask: "Old Dean, do you mean that in this world, it is impossible for one person to practice two illusions at the same time?"

The old dean Heris thought about it with a slight frown, and then said: "According to the truth, it is absolutely impossible! Because a person's physical and spiritual power is limited, it is not possible to practice two illusions at the same time."

"But, I remember, a long, long time ago, a legendary character appeared on the Spirit Earth Continent, he tried to repair the two elements!"

Chapter 2713: set off

After hearing what the old dean said, Li Tian was not only slightly stunned.

"Dual system full repair?"

Li Tian thought for a while, and then he didn't ask too much.

Because he hasn't planned to do this after all.

The old dean Heris continued to say to Li Tiandao: "This Qi Illusion Forbidden Technique will be handed over to you from today."

The old dean smiled as he said.

Li Tian glanced at the Qi illusion forbidden technique in his hand and said, "Old Dean, how many qi illusions are in this book?"

The old dean frowned slightly and said: "To be honest, I am not very clear, because I have never seen it."

"But I believe that the Qi illusion technique here will have a huge effect on you in the future." Old Dean Hollis smiled.

Listening to the old Dean Hollis saying so, Li Tian didn't say much.

So Li Tian put away the Qi Illusion Forbidden Technique.

Then the old dean said: "Li Tian, you go take a rest, tomorrow morning we are going to the deserted border."

When Li Tian heard the old dean say this, he nodded silently and said, "En."

Then a person inside left the old dean's study.

Li Tian did not live in the previous place, but was assigned a very exquisite elegant room by the old dean.

After returning to the room, Li Tian simply washed, and then lay on the bed silently.

After lying on the bed, Li Tian was thinking about the next thing in his mind.

"Devil?"

When Li Tian thought of the Mozu in his mind, he would think of the "back view" of the lover he had seen before.

Situ Ningbing.

He still clearly remembered the few demons he saw in the Imperial City last time. Among them was a woman whose back was so similar to Situ Ningbing...

However, Li Tian is still not sure whether it is his love or not.

With such complicated thinking in his heart, Li Tian gradually fell into a deep sleep.

...

The next day, when the sky was faintly bright, Li Tian got up from the bed early.

Then after a simple tidying up, he opened the door of the room, and then walked out.

When he arrived at the main square of Bander College, he saw that the other students of Bander College had arrived early, and he also saw the old Dean Hollis and Anderson and other teachers.

After seeing Li Tian, the old dean Heris smiled there and said, "Li Tian, you are up."

"En." Li Tian came over.

I saw the old dean said to everyone present: "Dear students, this time, the demons have invaded our borders, so I will bring some people to the border to support... The remaining students, I hope to work hard in the college. Continue to practice diligently, waiting for us to come back."

After those students who stayed at Band College heard what the old dean said, they all said there: "Relax dean, rest assured teacher."

Hearing what they said, the old dean Khris smiled slightly.

Then I just listened to the old Dean Heris in front of him, taking a look at the already bright sky, and then suddenly saying: "Alright, time is almost there, we are ready to go."

With the order of the old dean, and immediately under his leadership, Anderson, the teachers, and several other students followed the old dean Hurice towards the gate of Bander College. .

The 10 people who went to Bander College this time were Li Tian, Herris, Anderson, Evelyn, and Yisha, and other teachers and classmates.

After they arrived at the gate of Bander College, they saw that Anderson ordered several classmates to bring ten handsome horses.

Because it takes a long journey to reach the deserted frontier from here, I can only find a means of transportation!

The tool is the war horse.

Ten people, each holding a war horse in their hands.

The war horse that Li Tian was pulling was full of maroon red, and looked very energetic.

Li Tian gently touched the soft fluff on the horse's back, not only filled with a sense of novelty, but this was also the first time he came into contact with a war horse in this spiritual land continent.

"Let's go." The old dean suddenly ordered that.

As he finished speaking, the old principal leaped, and then he saw him riding vigorously on the horse.

The rest of the others also jumped on horseback at this moment.

Li Tian was the last one to go up.

When Li Tian rode on the horse's back, the maroon horse that was riding down let out a "neighing" cry, Li Tian swayed a little and almost fell down.

He held the reins tightly with both hands, and then clamped the horse back firmly.

Obviously, Li Tian is not good at riding!

Just when Li Tian was embarrassed, suddenly the beautiful teacher Evelyn next to him, riding a snow-white war horse, walked towards Li Tian.

"Student Li Tian..." Suddenly the beautiful voice of the beautiful teacher Evelyn came into Li Tian's ears.

After hearing the voice of the beautiful teacher Evelyn, Li Tian not only turned his head and glanced at Evelyn.

Evelyn was wearing a white dress, her black hair dangled from her tender shoulders, and her delicate melon face had a pair of soothing eyes, which made her heart throbbing.

At this moment, she was looking at Li Tian with her beautiful eyes like water.

Li Tian saw the beautiful teacher Evelyn, not only pulling the reins tightly, but also embarrassingly said: "Evelyn... Teacher Evelyn..."

The beautiful teacher Evelyn saw Li Tian's embarrassed expression, not only smiled and said, "Student Li Tian, have you never ridden a horse?"

Li Tianshi was a little embarrassed, because this is indeed a fact.

When I was on the earth, there was no need for horses to travel...but to rely on vehicles, so Li Tian was very depressed, and said: "Yes."

"No wonder."

"However, riding is actually quite simple. For you, first try to relax your body, and then don't pull the reins hard..." The beautiful teacher taught Li Tiandao there.

Li Tian listened carefully, and after trying to relax his body, the irritable steed just now became much gentler in an instant.

"Look, in this way, your horse is very gentle." The beautiful teacher Evelyn smiled to Li Tiandao.

Li Tian smiled slightly and looked at Evelyn and said, "Thank you."

Teacher Evelyn said: "Actually, treating a horse is the same as treating a girl, you need to be gentle, that's it..."

Li Tian laughed after hearing this.

What about Evelyn? Suddenly, he found that what he said was a little gaffe, and the beautiful face suddenly blushed.

Being shy and shy is simply beautiful.

Chapter 2714: Escapee

"It's time to go."

At this moment, just listen to the words of Teacher Anderson over there.

After Li Tian and Evelyn, the beautiful teacher beside him, heard that Anderson's words, they not only nodded together.

Then the two rode on their war horses and began to follow.

When Li Tian first started riding a horse, he was a little uncomfortable to be honest.

However, he was very quick to get in touch with new things, so it didn't take long before Li Tian mastered some techniques.

In this case, when he rides this horse, he doesn't have to waste too much effort.

Under the leadership of the old dean Heris, I saw ten mighty horses, one by one, galloping towards the outside of the imperial capital.

Run all the way.

Soon, they left the capital of the empire.

After leaving the capital, the old dean Heris rode on a war horse and looked at the deserted northern area and said: "The land of the demons is in the northern hills, and the deserted frontier is also in the north, because the road is too far. I hope everyone will suffer more!"

After listening to the old dean's words, everyone present nodded silently.

Then one by one, riding a war horse, followed behind the old principal Heris, and drove quickly to the north.

Li Tian rode a horse along the way and saw beautiful scenery that he had never seen before.

All the way to the north, I passed through rivers and lush forests.

Soon, they rushed a day's journey.

After a day's journey, the sky darkened and everyone was a little tired.

When he reached a river, the old dean slid down there and said: "Everyone has been on the road for a day, and I must be tired. Today we will camp here and rest."

After listening to the old dean's words, everyone nodded in agreement.

Then one by one they swept down from the horse, and then they started to set up simple tents and ate some food.

Li Tian was sitting by the river, and after simply eating some things, he was resting there. At this moment, I saw the beautiful Isha walking towards him.

"Li Tian." After Yisha came over, she looked at him with a smile on her face.

Li Tian also saw Yisha at this moment, smiled and said, "Isha."

"After a day's journey, how are you, tired?" Yisha blinked her beautiful eyes and walked to Li Tian and sat down and asked.

Li Tian shook his head and said, "Not tired.

"How about you?" Li Tian looked at Yisha at the moment.

Isha said, "I'm fine."

"This time, we are going to resist the demon army, how do you feel in your heart?" Yisha blinked her beautiful eyes and looked at Li Tian suddenly.

When Li Tianyi heard Yisha say this, he was not only startled slightly: "Feeling? Same as usual."

"Hehe, aren't you afraid?" Isha said.

Li Tiandao: "What are you afraid of? The demons?"

"Yes!" Isha said.

"It is said that the cruel guys of the Demon Race are extremely bloodthirsty and cold, especially their terrible blood illusion, which is the most heretical existence in the entire Spirit Earth Continent... I heard from the seniors that the terrible scene a hundred years ago In the war, many illusion masters in our Band College were buried in the hands of the demons." Yisha said slightly in that.

Hearing Yisha's words, Li Tian smiled faintly: "I know the demons."

At that, Yisha suddenly heard Li Tian say this, and was shocked there.

what?

"You know?" Yisha stared at Li Tiandao with wide eyes.

But seeing Li Tian smiled slightly: "Yes."

"Actually, I have met those masters of the Demon Race in the Imperial City some time ago... and I also met those blood illusion figures of the Demon Race not long ago." Li Tian said truthfully.

Then Yisha was completely shocked when she heard Li Tian talk about encountering the demons, her pretty face was full of shock.

"My God, you really...really...fight against the demons?" Na Yisha asked curiously.

Li Tian touched his nose and said, "Yes, and I have killed the demon guys."

When Yisha heard it, she looked at Li Tian with horrified eyes.

He was completely shocked by Li Tian's words.

To be honest, she never thought that Li Tian had already come into contact with the masters of the demons, and she was completely speechless at this moment.

So Li Tian told Na Yisha about his encounter with the master of the Demon Race, and also told everything before.

Isha looked at each other.

Li Tian looked at Yisha and said, "So, Yisha, don't be afraid! In fact, the demons are not as scary as they thought."

After hearing Li Tian say this, Yisha smiled slightly.

"Well, with these words from you, I will feel at ease." After Isha finished speaking, a beautiful smile appeared on Qiao's face.

This night, it was quiet!

The stars in the sky are very bright... Li Tian was lying beside the river, looking at the blue stars in the sky and the black sky. He kept watching like that.

The others were lying in the tent and resting one by one.

Soon, the night passed.

After the night had passed, the next day, as the sky was just getting light, everyone began to pack up and set off.

Then the journey began again the next day.

The temperature in the north is relatively cold, and Li Tian and the others can feel the sudden drop in temperature as they go north.

And along the way, they could see some poor people carrying their luggage, rushing to the south like a disaster.

Press one after another, and see many victims along the way.

Li Tian was riding on the horse, looking at the people with big bags, small bags with children and family members on their backs, not only was he surprised and said, "What happened to these people?"

Anderson in front of that suddenly turned around and said, "It must be a fleeing person... Don't forget, the closer you go to the north, the closer you get to the area of the Demon Race! A terrible war is going on there now."

After hearing this, Li Tian was slightly taken aback and said: It turned out to be so.

I saw that the old Dean Heris in front of them also slowed down, raising their eyes to look at the people who fled.

Suddenly the old dean in front of him asked a few people who had fled.

"Hello, may I ask, are you the residents of the north?" Old Dean Hollis snatched down from the horse and asked.

I saw a thin woman holding a baby who was probably in her arms, and a little girl in her hand, nodding silently there.

"What happened in the previous place?" Old Dean Hollis continued to ask.

With a look of sadness on the woman's face, she said slightly, "It's all ruined."

When the poor woman said this, the old dean Hurston was taken aback, and even Li Tian and the others were surprised there.

Chapter 2715: Dead village

All ruined?

The woman raised her desperate eyes and continued saying: "Yes, the village is destroyed, everything is gone..."

"The **** of the demons, captured the strong man in the village, and killed the women in the village...burned all the houses."

Hearing what the desperate woman said, the old dean and the crowd's hearts shook.

"Where is the army of the empire? Didn't they protect you?" The beautiful teacher Evelyn on one side asked in surprise.

The desperate woman suddenly sneered: "The army? They can't even take care of themselves... how can they care for us poor people."

After the desperate woman said these words, she took the children in her hand and walked forward.

The old dean could not help sighing deeply as they looked at the woman's back.

"Hey, it seems that our empire's army in the frontier fortress is about to be unable to resist." The old dean in front of him suddenly said in that disappointment.

"Everyone keep on hurrying!" Following the order of the old dean, everyone immediately mounted their horses and started to hurry.

Along the way, they saw many poor people fleeing disasters!

Most of them escaped from the north, carrying heavy salutes.

Looking at those poor people, Li Tian not only sighed deeply: It seems that this world is exactly the same as the earth! Whenever there is a war, the poorest people will always suffer.

This day will soon pass.

According to the map of the old dean, they had already walked almost three-quarters of the distance.

If nothing else, they will arrive at the deserted border fortress tomorrow.

When it was about to get dark, they suddenly saw a small village.

"Old dean, look quickly, the front is like a village." After seeing the village, Anderson pointed and said.

The old dean Heris lifted his glasses slightly, then glanced at a village about 56 miles away, then looked at the darkening sky, and said to everyone: "Everyone, go to that village. ! After two days of driving, our horses are too tired...tonight, we will be repairing in that small village."

After listening to the old dean's words, everyone nodded.

Then they rode horses towards the small village.

That small village is not very big, one after another it seems that there are only dozens of people...

When the old dean led everyone to the front of the village, they didn't even see a living person along the way!

"Why is this village so quiet? Can't even see a living person?" I saw the beautiful teacher Evelyn suddenly frowning and said in surprise.

The old dean Heris and other people have also noticed this situation, and everyone not only blinked their eyes and looked at this strange and silent village.

The old dean Hennis glanced at the weird village and said, "Let's go, go to the village to see the situation."

As he said, he led everyone to the village.

The houses in the village are constructed very regularly, most of which are close to each other.

It's just that the houses seem to have been destroyed, and some doors and windows have been cracked...and some have all the glass broken.

Although these houses are different, they have one thing in common!

That is: there is no living person.

"Why is this village so lifeless... and people?" Anderson yelled depressedly.

"Dismount, let's go into the house and have a look."

Following the order of the old principal Hollis, everyone immediately jumped off their horses, then tied the horses to the side, and then they walked towards the silent houses.

When he walked to the door of the house, Li Tian was the first to smell the smell of corpses, and he not only frowned.

The rest of the people had already pushed open the door at this time. After the door was pushed open, a corpse leaning on the door fell to the ground with a plop.

A strong smell of rancid corpses suddenly came to everyone's noses.

"stinky."

"There are dead bodies."

In the exclamation of everyone, they saw a moldy woman's body lying inside the house...

If you look carefully, you don't know how long the corpse has been dead. The whole body is already moldy, and a lot of worms have been born. It looks very sick.

Everyone looked at the corpse, not only was they depressed there at once.

"died."

"Are all the people in this village dead?" The old dean said in the uncontrollable shadow with a pair of surprised eyes.

Then he hurriedly sent Anderson and Cyril to see the other houses.

After Anderson and Cyril ran to another room to see, they also found 3 moldy bodies.

"It's all dead."

"The people in this village have all died." After Anderson came back, he said to the old dean Heris depressed.

After hearing that Anderson's voice, everyone was not only depressed there.

"Oh my god, who killed the people in this village?" Isha asked with wide eyes.

The old dean Heris sighed there: "It's close to the barren frontier...presumably it was killed by the **** of the demons."

"It's pitiful!" everyone said with emotion there.

The old dean looked at the dead village, and finally said: "Don't be sad, everyone, wars have been like this since ancient times."

"Anderson, Cyril, you find a few students, then clean up a few rooms and come out. We are staying here tonight." The old dean Heris ordered.

After hearing the old Dean Khris said this, Anderson and the others nodded.

Anderson, with three students, went to find the room to clean.

After a while, I saw Anderson and the others came back.

"Old Dean, there is a small tavern in front, and the space inside is not bad. We have cleaned up the corpses inside...Tonight, we all will stay in that tavern to rest." Anderson was running over there. Tao said.

After listening to the old dean Heris, they nodded and said, "Okay."

Then under the leadership of Anderson, everyone walked towards the front place, and soon they saw a room in a two-story building.

That place is a tavern.

After arriving at the tavern, the old dean instructed the two classmates to tie all the horses to the stable outside the tavern, and then they entered the empty tavern.

After finishing the inside, it is relatively clean.

The tables and chairs are all neatly arranged, but there is still some dust on them.

Chapter 2716: Evelyn

After entering this tavern, they cleaned the tables and chairs, and everyone rested. .

Anderson searched the inside of the tavern, and suddenly he found two jars of good wine sealed, and walked out of it with a smile.

"Old Dean, fellow students, what do you think I found?" Anderson said with a smile while carrying the two well-potted spirits.

When everyone saw that Anderson came out with two bottles of wine, they all laughed.

The haze atmosphere dissipated for a while.

"Everyone has a drink at the bar...I've been tired for two days." Anderson said as he took out a few bowls from the wine cabinet and said to everyone there.

The old dean smiled and said to them: "Don't drink too much, we have to hurry tomorrow."

After hearing the old dean's words, everyone nodded slightly and said, "Don't worry."

So, I saw that they drank wine leisurely in this tavern.

The sky outside is getting darker and darker.

The whole small village suddenly fell into darkness and silence.

Only the small tavern where the old dean and them stayed was still emitting a faint light.

Everyone in the room had a drink...Even Li Tian also drank a few sips of strong alcohol.

After drinking, some people have already started to rest.

The old dean Heris also found a room and went in to rest.

Outside, at this moment, only Li Tian and the beautiful teacher Evelyn were sitting there.

The beautiful teacher Evelyn had just drunk two glasses of strong alcohol. At this moment, a pretty face was red and hot due to the effect of alcohol... how beautiful and beautiful the whole person looked.

Li Tian glanced at the beautiful teacher Evelyn inadvertently. At this moment, he was almost fascinated by her beauty!

I have to say that Evelyn does have amazing beauty.

Especially her beautiful eyes, like water, exuded seductive eyes.

"Student Li Tian, what are you looking at?"

When Li Tianzheng looked at the beautiful teacher Evelyn, suddenly the beautiful teacher Evelyn was blushing and pretty face facing Li Tiandao.

Li Tian was embarrassed!

At this moment, he quickly turned his gaze away from the beautiful face of the beautiful teacher, and then said inwardly: "I...I... didn't see... anything.

Evelyn suddenly smiled.

Then I saw Evelyn walked towards Li Tian slowly.

Although Li Tian didn't look at Evelyn, he could smell the charming body fragrance from Evelyn from his nose.

At this moment, not only was my heart throbbing.

It's been a long time since Li Tian had a heart for a woman! Including Isha, including Mayvis from Narok College... When Li Tian and the two girls, there was never a feeling of rapid heartbeat!

But at this moment, when the beautiful teacher Evelyn walked towards Li Tian, Li Tian's heart suddenly jumped.

He subconsciously moved his body slightly, and then took a deep breath. He couldn't help but lining up in his heart: Damn, what's wrong with me?

At this moment, the beautiful teacher Evelyn had approached Li Tian's side, and then slowly sat down beside Li Tian.

"Student Li Tian, how old are you?" The beauty Evelyn suddenly held her delicate chin with her hands, and looked at Li Tiandao with her beautiful eyes.

Li Tian was taken aback for a moment, and then said embarrassingly: "I...I...25."

"Oh, so small!"

"I'm older than you..." Evelyn suddenly laughed there.

"You should call my sister."

Li Tian heard the beautiful teacher Evelyn say this, and his heart thumped even more.

He is a man after all.

It is not normal for a man to meet such a plump and mature beautiful woman if he is not tempted.

Li Tian is normal, so he is also tempted.

"My sister asks you, what did you do before? And what city did you belong to?" The beauty teacher Evelyn looked at Li Tiandao with drunken eyes.

Li Tian not only gave a bitter smile after hearing her question.

Should he talk about his past? Besides, can Evelyn believe him if he talks about himself on earth?

After thinking about it, Li Tian said there, "Actually, I was just an ordinary person with a sea of blood on his back!"

Hearing what Li Tian said, Evelyn was stunned, blinking her beautiful eyes and said, "A **** hatred?"

"Yes, but I have already reported the grievance." Li Tian was not only embarrassed when he thought of the past.

When Evelyn heard Li Tian say this, she said, "Hey, I didn't expect you to have such an experience before."

Li Tian gave a wry smile.

"Li Tian, according to your current age, should you find a girl and get married?" The beauty teacher Evelyn suddenly asked a question.

As soon as Li Tian heard it, he was embarrassed right now...be silent and did not answer.

"What's the matter? You're shy? You don't have a girlfriend yet, do you?" Evelyn giggled suddenly.

Li Tiandao said, "Well, it's almost the same."

"Ah, do you really have no girlfriend..."

"Well, do you want my sister to introduce a few for you? There are many beauties in my students..." Evelyn said with a smile there.

After listening, Li Tian shook his head and smiled: "This... don't need it."

"Haha, are you? Are you in love with Isha?" Evelyn asked suddenly.

When Li Tianyi heard it, he said, "No, no, no, teacher Evelyn, you misunderstood."

"What? Don't you like Isa?" Evelyn asked in surprise.

Li Tian was embarrassed for a moment, and then said: "As for Isha, only the feelings between friends and brothers and sisters...there is no relationship between children." Li Tian said truthfully.

He always thought that Isha was like a little girl! He has a kind and innocent heart, so in Li Tian's heart, he just treats Na Yisha as his sister.

When Li Tian said so seriously, Evelyn frowned Liu's eyebrows slightly.

"I always thought that you like Isha and wanted to match the two of you... Unexpectedly, you originally thought so in your heart." Evelyn said secretly.

Li Tiandao: "It's impossible for me and Yisha."

The beauty teacher Evelyn suddenly raised her slender hand and stroked the hair in front of her forehead, then blinked her beautiful eyes and said: "Aren't you a mature and plump woman?"

"Like me?" The beauty teacher Evelyn looked at Li Tiandao suddenly with a provocative look.

Li Tian heard that Evelyn said that, and instantly his whole body felt hot.

He turned his face to look at Evelyn, at her beautiful red lips, at her exquisite face...and the plump and mature body...at that moment, Li Tian almost had control Can't help it!

Chapter 2717: Orcs

Looking at Evelyn's charming beauty and her proud breast...

At that moment, Li Tian seemed obsessed.

And what about the beautiful teacher Evelyn? With her eyes blurred, she stared at Li Tian's handsome face unblinkingly, her white hands pressed against her delicate chin! The little red cherry mouth...It's slightly open there.

But at the same moment, the war horse outside in the stable suddenly made a weird "neighing" sound.

When he heard a weird horse barking from inside the stable outside, Li Tian suddenly became sober.

"It looks like something has happened to our horses."

Li Tian suddenly stood up from his seat and said.

What about the beautiful teacher Evelyn next to you? At this moment, he also stood up, staring at the beautiful eyes and looking at the dark outside.

"I'll go out and take a look." Li Tian said suddenly.

Evelyn said: "I will go with you."

Li Tiandao: "No, I can do it alone."

After hearing Li Tian say this, Evelyn nodded silently.

Then Li Tian walked out alone.

Pushing open the wooden door of the tavern, Li Tian subconsciously shivered with a chilly wind blowing on him.

Then he walked out of the room and walked towards the stable.

The horses tied in the stable seemed to be frightened. At this moment, they were screaming constantly... and they were still holding the reins.

Looking at the frightened horses, Li Tian subconsciously felt that something bad was about to happen.

Then, Li Tian raised his eyes and looked around.

The darkness around him was like a demon... he couldn't see everything at all.

Just as Li Tian blinked his eyes and looked at the darkness around him, suddenly a strong murderous intent rushed from all around. The moment Li Tian felt the murderous intent rushing toward his face, he suddenly lined up: No!

Immediately afterwards, seeing the darkness, suddenly dozens of wind breaking sounds shot towards Li Tian from the darkness.

Whoosh whoosh!

Look carefully, but in the darkness, dozens of terrifying and deadly arrows have all shot towards Li Tian.

The moment Li Tian saw these sharp arrows shooting towards him, he roared immediately, and suddenly all the spiritual power in his body burst out from his body.

"Slavery."

With a loud shout, Li Tian's two hands suddenly rose, and the surrounding air was suddenly completely controlled by Li Tian's extremely powerful slave air technique.

The deadly and sharp arrows that were originally shot at him were all fixed around Li Tian's body by Li Tianyong's slavery skills!

The dense arrows stopped in front of Li Tian just like that.

Immediately afterwards, Li Tian shouted: "Broken!"

I saw the arrows shot around Li Tian, suddenly puff...puff...puff...

One by one, everything was shaken to pieces!

Just when Li Tian smashed all these arrows, he suddenly heard a strange whistle of "Oh" coming from the front.

The sound was like an offensive sound.

With the sound of the sound, dozens of dark figures suddenly emerged from the surrounding darkness...Those figures rushed towards Li Tian and this tavern at a speed like a beast.

...

At the same moment, the old Dean Hollis who was resting inside, Anderson, and the illusion students all heard the movement.

I saw them all quickly ran out of the tavern.

"what happened?"

"What happened outside?"

As they ran out and took a look, they saw a black figure attacking them from all directions, and there were deadly and poisonous arrows in the air.

"Everyone is ready for the battle, someone attacked us." The old dean Heris exclaimed.

Then the body flew up quickly, and saw a few bows and arrows shooting at him in the air, and a strange purple flame rose inexplicably in the hands of the old dean, and then stretched out his hand, a fire formed around him, but saw those terrible After reaching the top of his fire escape, his arrows banged, banged, banged, and flew down.

And Anderson, Na Cyril, and the beautiful teacher Evelyn all flew down at this moment.

They stood side by side with Li Tian.

Li Tian raised his cold eyes at this moment, looking at the beast-like guys rushing around and said, "What the **** is this?"

Anderson looked carefully, but saw the things that rushed over, each with extremely ugly faces. Although their bodies were like humans, their heads were beasts!

"Orcs Legion?"

After taking a closer look at the half-human and half-beast monsters, Anderson couldn't help screaming.

Li Tianyi was stunned when he heard the "Orc Legion", but he still didn't understand what happened to the Orc Legion.

Just listen to the beautiful teacher Evelyn leaning against Li Tian, and quickly explained: "Li Tian, these are the half-orc army of the Demon Race...There are two most terrifying things in the Demon Race, one of them, It's a blood illusionist! The second is this half-orc army."

Hearing the explanation from that beautiful teacher Evelyn, Li Tian suddenly understood.

"It seems that our whereabouts have already been discovered by the demons." Li Tiandao.

Evelyn nodded there and said, "It should be."

I saw the half-beasts and half-human monsters that rushed closer and closer!

Their body size is more than half that of normal people...Each one is huge and incomparably huge...With a thick and sharp giant sword held in its claws like a beast, they leapt towards the court at an extremely fast speed.

There was still a terrible roar in his mouth,

Seeing all this, the old dean shouted immediately: "Ready to fight!"

With an angry shout, the old dean took the lead and flew up, and then two purple flames appeared in the palms of his two hands, and then he waved his hands violently.

I saw two purple flames shooting terribly into those half-beasts, half-human monsters.

Boom, boom, and two terrible explosions.

Among them, 45 tall orcs were directly shattered and screamed and died on the ground.

But the half-orcs in the back rushed toward here like a tide.

I saw everyone fighting.

Teacher Anderson, at this moment, shipped out the extremely lethal thunder and lightning illusion.

"Thunderstorm Ball!"

With a loud shout, I saw an extremely thick electric glow falling from the sky, suddenly falling from the sky.

There was a bang, and the electric light was blasted into the crowd of half-orcs, and then immediately saw the unrecognizable half-orcs screaming.

The fire teacher, wind teacher, and Evelyn each used illusion skills, fighting stubbornly.

Chapter 2718: Brutal killing

Soon, I saw a few students from Bander College and Isha also joined the war. .

The scene suddenly became chaotic.

I saw those tall and terrifying half-orcs pouring over like a tide.

These half-orcs do not know how to illusion, but rely on powerful forces to fight!

So for a while, when the old Dean Hollis and the others used illusions, the Bander Academy was still at an advantage.

After a while, I saw that the half-orcs of the Demon Race had killed and injured more than 20 members.

But the number of these half-orcs was increasing, coming from all directions in the darkness.

And because the speed of this half-orc was so fast that it could be compared to the beast, so soon those tall and mighty half-orcs had broken through the scope of illusion and directly killed the old principal and their side.

The illusionists of Band College, although illusion skills are more powerful, but the most fatal weakness is that they are afraid of getting close to the enemy!

Because the Illusion Academy, under normal circumstances, majoring in illusion, martial arts rarely practice!

The urging of illusion depends on a delay time!

If these half-orcs get close, it will cause a lot of trouble.

But, facing the turbulent tall half-orcs, they couldn't stop all the half-orcs.

I saw that the gap on the left had been opened, and 45 orcs holding epees had rushed towards a student of the Thunder and Lightning Department and a student of the Fire Department.

The tall half-orc waved the epee in his hand, and the epee made an afterimage in the air, and then horribly chopped off the head of the thunder and lightning student over there.

The student of the Thunder and Lightning Department was shocked and retreated quickly.

The ball of thunder and lightning in his hand burst out suddenly, and with a bang, he saw the ball of thunder and lightning hit the half-orc's body. The half-orc screamed, and the whole person was hit by the ball of thunder and flew upside down.

But at the moment when the student of the Thunder and Lightning Department just shook the half-orc into flight, a tall half-orc with a hand-held epee on the left suddenly ran into him.

With a plop, the student of the Thunder and Lightning Department didn't react at all, and then the whole body was directly knocked out.

Wow, spit out a mouthful of blood!

Immediately afterwards, two terrifying orcs from the side leaped towards him together.

In a blink of an eye, the poor thunder and lightning student was torn to pieces by the orc... his chest was torn by the brutal claws of the orc... the intestines... the blood... all from his stomach. Flowed out.

died.

"Callis..."

When Anderson looked back, his eyes blushed when his student was killed by a half-orc.

"Asshole."

With a burst of shout, Anderson flew into the air, his two arms focused on spiritual power at the same time, and then his two arms were all wrapped up by purple lightning.

Bang, bang, bang.

After his arms were wrapped in thunder and lightning, Anderson waved to several half-orcs around him.

Those half-orcs were hit by this terrible thunder and lightning, and suddenly roared one by one and fell to the ground.

And Anderson? He quickly picked up his students.

"Callis... Callis..." Anderson shouted, looking at the student whose stomach was torn with red eyes.

It's a pity that the student had already flowed out of his intestines, and his blood seemed to be drained, lying on the ground and died motionless.

"Beast, you beasts."

Seeing his student being killed, Anderson seemed to be mad at the moment, and rushed towards the orc.

With the thunder and lightning technique of both arms, wherever you go, you can hear the screams of those half-orcs.

Look here again?

Isha, the fire student, and Evelyn are fighting here.

Yisha's water system illusion is also quite powerful.

I saw that she used the water system illusion to repel a few half-orcs...Evelyn was like a female hero in the area.

It was the illusion student of the fire department who was at a disadvantage.

He was surrounded by a few half-orcs, and he didn't have the time to use fire illusion... the scene was very dangerous.

One who didn't pay attention, was suddenly slashed in the back by a leaping half-orc... The fire student screamed in pain and rolled to the ground.

Immediately afterwards, another half-orc raised a heavy sword and slashed at his head terribly.

That fire student, at this moment, has no power to fight back!

Seeing that he was about to be hacked to death by that terrifying half-orc, at this moment, suddenly an invisible energy flew... that half-orc hadn't felt what was going on, suddenly his entire body was out of control and flew suddenly. He got up, and then slammed his body against the huge rock in front of the tavern. In a blink of an eye, his head was smashed.

died.

The fire student escaped from the ghost gate, and now looked at the person in front of him who saved his life in shock...

Take a closer look, it was Li Tian.

"Thank you..." The fire department student glanced at Li Tian gratefully...then he got up from the ground and continued to fight.

But what about Li Tian?

At this moment, people have already reached the forefront position.

Li Tian used the powerful enslavement technique, as well as the Thousand Killing Knife Art. At this moment, with one enemy ten, the orcs who charged towards him fell one by one under his powerful Thousand Killing Knife Art.

But seeing those terrible half-orcs, seeing Li Tian's brutal killing, there was no fear, on the contrary, more and more half-orcs rushed towards Li Tian.

Soon, Li Tian was surrounded by a dozen orcs.

After the orcs approached Li Tian's body, they suddenly carried a terrible giant sword in their hands and slashed towards Li Tian... But they didn't know that Li Tian's martial arts were terrifying.

I saw Li Tian's body suddenly moved horizontally, avoiding the attacks of the half-orcs in the past at an incredible speed, and immediately after raising his hands, a surge of true energy accumulated from his palms.

"Broken Soul Palm!"

The domineering palms blasted out directly, and the 56 half-orcs were directly shocked by Gang Lie's palms and flew out, screamed, and then died.

The half-orcs behind him wanted to pounce towards Li Tian, and Li Tian suddenly flew up and down, and then used Xuantian **** from the air, swishing through the air and shooting down from the air.

Like a bullet!

The powerful fingers directly penetrated the tall bodies of those half-orcs...

I saw one by one half orcs fell to the ground and died in the screams.

In a dark place tens of meters away from the battlefield, I saw a few monsters wearing black robes, pale faces and no eyebrows staring at Li Tian unblinkingly.

Blood Illusionist!

They are the most terrifying blood illusionist of the demons.

"Who is that guy?" Suddenly a ghastly voice asked from the mouth of one of the lanky, black-robed blood illusionists. His fierce eyes were staring fiercely. Look at that Li Tian.

Chapter 2719: get away

In the dark corner, several demon blood illusionists with pale faces stood motionless, looking at the battle scene at this moment.

Their gazes were gloomy and terrifying, and they urged Li Tian together.

"Who is that guy?" Suddenly a hoarse voice roared from the mouth of one of the lanky illusionists.

Following his words, the other blood illusionists around him not only turned their heads.

They are all there looking at Li Tian.

I saw that Li Tian used extremely powerful martial arts and Qi illusion to kill the half-orcs who rushed over. Looking at this scene, these blood illusionists showed ugly expressions on their faces.

"do not know!"

"However, it seems to be a guy from Bander Academy." Another blood illusionist said.

Hearing him say this, the blood illusionists around him did not speak.

"When did the Bender Academy appear such a tricky character? In the intelligence, there is no such a character?" Another blood illusion said.

The blood illusionist beside him did not speak.

"His martial arts skills are very high! And the use of Qi illusion skills!!!" The blood illusionist with a hoarse voice suddenly said at this moment.

"Yes, what he did use was the long-lost Qi illusion technique on the Spirit Earth Continent."

"And it seems that the power is very strong." The blood illusionist beside him said.

The tall and thin blood illusionist suddenly said coldly: "Unexpectedly, we would meet a guy with Qi illusion here!!!"

"That guy has killed a lot of our half-orcs...Should we make a move?" The blood illusionist by his side suddenly said with gloomy eyes.

Hearing the blood illusionist next to him say so, only the lanky blood illusionist said: "No!"

"The saint has ordered that we'd better not show up." The tall and thin blood illusionist said.

When several blood illusionists in black robes around heard the word "saint", they all closed their mouths silently, and then stopped talking.

"Retreat."

"Tonight, first spare the lives of the guys in Bander Academy." Suddenly the lanky blood illusionist ordered in the dark.

Following his hoarse voice, a strange noise came out from here.

After the weird voice sounded, I saw the half-orcs who rushed towards Li Tian and the old dean like wild beasts, suddenly stopped their attack!

Stand in place one by one!

Immediately afterwards, they roared, then suddenly turned their heads and fled into the darkness!

Booming and rumbling, in a blink of an eye, all the half-orcs who had been densely packed just now retreated.

Looking at the half-orcs who had retreated away, the old deans left from the Bander Academy here, they looked at each other.

"Fuck, bastard... don't run if you have the ability!"

"Asshole demon!"

That Anderson was yelling angrily.

He was covered in blood, his eyes were red, and his body was covered with orc blood.

Seeing Anderson so excited, Loft, the fire teacher over there, hurried over to comfort him.

Anderson was so emotionally fluctuating because of the tragic death of his student. At this moment, his eyes were red, and his fists were clenched in anger... His eyes looked at the student who fell in a pool of blood with endless grief.

Loft, who came by, saw Anderson's grief, and didn't know how to persuade him.

Where is this place?

The old dean Heris had walked over quickly, and he frowned deeply and glanced at the situation on the court.

In addition to dozens of corpses of half-orcs on the ground, there are still two corpses of a student from the Thunder Department and a student from the Wind Department!

Among them, the fire student was also seriously injured.

Looking at this situation, the old dean sighed in pain.

"The orc ran away?" Cyril said in astonishment when he saw him running over.

"Yes." The beauty teacher Evelyn over there also came over.

"How can these **** of the demons attack us here?" Just listened to Na Cyril's angry voice.

Evelyn said: "Our whereabouts must have been noticed by the demons."

"Then what to do next?" Cyril said.

"I personally think that we should leave here as soon as possible... to prevent the demons from attacking us again." Evelyn said.

While they were talking, they saw Li Tian walking step by step from the front place.

Just now, everyone present saw Li Tian's heroic performance! I saw him rushing to the front.

Not only relied on the powerful Qi illusion to kill a lot of half orcs... but also used more terrifying martial arts to slaughter half orcs there.

"Li Tian, if it wasn't for you to kill so many demon half-orcs, the consequences would be really unimaginable." Yisha said suddenly while blinking at Li Tiandao.

Li Tian just smiled faintly.

Then he spoke, looking at the darkness and said: "Here, we can't stay! We need to leave as soon as possible..."

"Li Tian said that, I think so too." Beauty teacher Evelyn said in approval.

"Let's go and tell the old dean."

As they were speaking, they ran towards the old Dean Heris.

I saw the old Dean Hollis squatting sadly in front of the dead bodies of the students of Bander College, and there was endless sadness in his eyes.

After everyone came over, they saw the corpses of the two students who had died tragically on the ground, and there was not only a sad expression on their faces.

"Old Dean..." Evelyn glanced at the old dean worriedly.

The old dean let out a long sigh, then stood up straight.

"These two students were fine ten minutes ago. I didn't expect that they would die so soon..." the old dean said with a heartache.

When everyone on the side heard the old dean say this, they not only comforted: "Old dean, don't be sad!"

The old dean did not speak, stood up straight there, and then said to the people around him: "You can bury their bodies first."

When the old dean said so, they nodded quickly.

Then, with a heavy heart, everyone found a place in the deserted location behind the tavern, dug a grave, and buried the bodies of the two poor students.

After burying the body, everyone stayed in the tavern.

On the table, a small oil lamp emits a flickering light, shining on everyone's face.

Everyone sat silently in the room. Because of the death of two students, the atmosphere in the room was still sad and dull.

Everyone was silent and did not speak.

Chapter 2720: Internal strength

"Old Dean, what should we do now?" Just listen to the teachers around me looking at the old Dean Hollis and ask.

The old dean slowly raised his head and said: "Our whereabouts were undoubtedly discovered by the demons."

"They definitely want to prevent us from going to the frontline battlefield to help..."

"These shameless bastards!"

Evelyn next to him said: "Then let's leave here as soon as possible. Anyway, this place is not far from the frontline battlefield..."

"Once we turn with the imperial army on the front line, these **** demons, even if they want to attack us again, it's useless."

Listening to Evelyn's words, the old Dean Hollis nodded slightly there.

"Yes."

After speaking, the old dean suddenly stood up, and then said to the people: "Pack things, we will set off now."

After hearing the old dean had finished saying this, everyone in front of him quickly began to pack things.

Immediately afterwards, they left the tavern, mounted their war horses, and faced the night, continuing to march northward.

In the dark night, the cold wind howled, the old dean and the others were riding their horses and galloping toward the north.

As we go north, the temperature drops sharply.

However, fortunately everyone had prepared several sets of cold protection clothing when they arrived early.

Run wild overnight.

They don't know how far they have gone... Everyone only felt their hands and feet numb by the freezing temperature... The hair, clothes, and eyebrows also left cold frost. .

It can be seen how cold the temperature here should be.

Among them, Li Tian was the only one who seemed not to be attacked by the cold.

He still looks the same as before, no trace of frost can be seen all over his body.

It turned out that Li Tian relied on his inner body to protect his body. He only needed to use his internal force to slowly protect his heart, and then flow the true energy throughout his body. Those sudden cold temperatures would not be able to reach his body. This is also Li The real reason why the sky is not cold.

Hurrying on the road all night, everyone was exhausted, especially when the cold wind was icy, everyone suffered all this night.

Finally, the sky lightened slightly.

Although it was dawn, the temperature was still very cold and cold.

When the old dean arrived at a forest on a horse, they said, "Everyone, take a break."

After speaking, everyone swept off the horse.

Everyone shrank their arms, their numb hands tucked inside their sleeves.

"Ignition fire... I will fire soon... freezing to death."

Just listen to that Anderson shouting in that gloomy voice.

After he called out, he saw Loft, the teacher of the fire department, instructed the students to quickly find some dry firewood, and then use the fire illusion technique, swish, and a lot of flames were born.

Everyone hurriedly leaned over and burned there.

After all, the weather is too cold.

When they were on fire, Li Tian stood alone in front, blinking his eyes and looking in the direction of the north.

Just as he was looking towards the north, a voice suddenly came over.

"Li Tian."

Turning around, it happened to be the beautiful teacher Evelyn.

Her glamorous face was a little pale from the cold, and her watery eyes looked at Li Tian curiously.

When Li Tian saw that it was the beautiful teacher Evelyn, he not only smiled and said, "Teacher Evelyn..."

"Why are you not cold?" Evelyn suddenly looked at Li Tiandao in surprise.

The others were trembling with the cold at the moment, warming up around the fire, but Li Tian did not react at all, and showed no signs of cold at all! This surprised the beautiful teacher Evelyn very much.

After Li Tian heard that Evelyn asked, he immediately smiled and said: "I'm fine, I have internal strength protection, so the low temperature can't get close to my body."

"Huh? Internal strength? What is internal strength?" The beautiful teacher asked curiously with her beautiful eyes blinking.

Li Tian accidentally uttered the term "internal strength", which of course the beauty teacher Evelyn did not understand.

At this moment Li Tian didn't know how to explain to her... Li Tian, who was embarrassed for a moment, thought about it and said: "Well, Teacher Evelyn, give me your hand..."

"Hands?" The beauty teacher Evelyn was stunned.

Li Tian smiled and nodded and said, "Yes."

Hearing that Li Tian said to let the beautiful teacher Evelyn stretch out his palm, the beautiful teacher Evelyn blushed slightly.

But he slowly stretched out his white palm.

"Okay, here."

As Evelyn said, she stretched out her slender hand.

After seeing that beautiful teacher Evelyn stretched out his slender hand, Li Tian lifted his palm slightly, and then closed the palm of the beautiful teacher.

Soon, the two palms were so tightly attached together! The palm of the hand!

At this moment, the beautiful teacher's palm was tightly attached to Li Tian's palm, and her pretty face was not only quite shy and flushed...After all, this was the first time she had such close contact with a boy.

As for Li Tian, he seemed serious.

I saw that his palm was slightly merged with the palm of that beautiful teacher Evelyn, suddenly urging his dantian innocence, and then a warm current rose from the dantian, and then quickly towards his arm Came.

Just when the warm internal force came, the beautiful teacher Evelyn only felt the center of her palm suddenly heat up, and then the heat quickly spread across her arms, and then toward her body Passed over.

"Heat! I feel the heat..." the beauty teacher Evelyn cried out in relief suddenly.

Li Tian looked at the excited Evelyn and smiled slightly: "This is what I call internal strength."

When Evelyn heard Li Tian say this, she was not only surprised: "How did you learn this internal force? And how did he emit it from the body?"

When Li Tian heard Evelyn's question, he not only frowned, and said: "This...this...it's actually very simple. You only need to open up the Ren Du Meridian, and then use Zhen Qi to penetrate the whole body, and then there will be a continuous flow Internal force appears."

Evelyn didn't understand the Ren Du two channels of the human body at all, let alone the true Qi, she blinked her beautiful eyes at this moment and said: "What is the Ren Du two channels? What is Zhen Qi?"

Li Tian can only be speechless!

This is not a person of the world, it seems that these martial arts things cannot be communicated.

At the moment when Li Tiangen's beautiful teacher's palms were warm against the palms of her palms, Na Yisha suddenly saw them.
