

A Killer 2731

Chapter 2731: be surprised

Li Tian saw the terrible blood light hitting him, and quickly dodged his footsteps.

A terrible blood light rubbed Li Tian's body and shot behind him. A tragic soldier standing behind Li Tian was directly pierced by the armor by the blood light, and then he screamed and died.

Li Tian looked back at the poor soldier, and hurriedly hit the blood wall of the square blood prison technique with his palm again.

With a bang, accompanied by Li Tian's palm.

The terrible palm force directly broke that blood wall.

broken!

Li Tian actually used his palm to shake open the imprisonment of the square blood prison.

"Broken! Li Tian cracked the blood cell art of the Quartet." Seeing Li Tian smash the blood wall imprisonment with a palm of his hand, only listened to Anderson here and the old dean not only screamed there.

"Quick, everyone, get out of here."

Just listen to what the old dean said quickly.

Then I saw everyone starting to run towards the broken blood wall.

They can only use illusions to resist if they leave the range of the blood wall.

I saw that soon the old Dean Hollis, Anderson and all the people in the Bander Academy left the control of the Sifang Blood Prison Technique.

After they left, the spiritual power of their bodies began to recover little by little.

"My spiritual power is restored." Anderson over there shouted in surprise.

Evelyn, the beautiful teacher here, also said, "I've recovered too."

After hearing everyone say that his spiritual power had been fully recovered, the old dean smiled with satisfaction.

At this moment, after everyone regained their spiritual power, everyone looked at the Chaos Dual Demon Morodo with hostile eyes.

The real battle is about to begin.

I saw the terrible Morodo, with gloomy eyes, looking straight at Li Tian in front of him.

"Boy, I didn't expect you to be a little bit capable! You can crack my blood cell art..."

"It's a pity, you are still going to die today."

After that Morodo spoke this sentence in a sharp voice, he suddenly saw his hands stretched out, followed by a rumbling, and his two palms struck the ground strangely.

The whole ground made a puff, puff, and puff sound instantly.

Immediately after that, Morodo quickly made a mark with both hands, and then pressed it on the ground, shouting: "Embraced with earth and wood."

As the explosion sounded, I saw the ground suddenly jumped up, as if something was crawling on the ground.

Li Tian and the old dean, after seeing this weird situation, hurriedly shouted: "Hide, hurry up."

I saw them quickly dodge.

The poor soldiers couldn't dodge at all.

I saw that two of the imperial soldiers were about to flee, but a huge blood burst out of the ground, and then wrapped around everyone's ankles like a rope.

what!

They wanted to break free, but the blood lines followed the entangled ankles one by one and began to spread to the whole body.

After a while, they saw that their bodies were entangled by the terrifying bloodline, and then the bloodline began to tighten fatally... After tightening, the bodies of the two poor soldiers were strangled and bleeding ...The blood is also spitting out in the mouth.

The last two people were strangled alive by the terrifying bloodline.

Seeing that two more soldiers died tragically in the hands of Morodo, the old dean and Li Tian and others were angry.

"You cruel bastard."

The old dean yelled, and his body soared into the air. The flame technique that had already been condensed in his hands suddenly attacked the Morodo.

Whizzing.

I saw two golden flames shooting towards Na Morodo.

Morodo sneered, and dodged slightly, then avoided the attack of the old dean.

Then his right hand raised, and a **** paw print was grabbed towards the head of the old dean.

The old dean was upside down, avoided this trick, and then used the fire technique again.

After Anderson and other teachers here saw the old dean attack the demon, they also launched an attack.

"Thunder Shadow Art." Anderson displayed thunder and lightning illusion.

"Water mist marbles."

Evelyn on one side also joined the battle at this moment.

I saw all the illusions of each department smashed at that Morodo.

Morodo looked at these illusions, and there was no fear at all on his expression, but he smiled coldly and said: "The torrent of blood."

As Na Morodo displayed a supreme level blood illusion technique such as the torrent of blood, suddenly, a terrifying blood flow suddenly turned out of the void, and then swallowed all the illusions that had flown over.

Evelyn, Anderson, Cyril and the others were all taken aback when they saw the illusion skills they had cast, all being swallowed up by the strange blood flow.

Then I saw the terrifying blood stream, continuing to rush towards them.

They were shocked and backed away embarrassed.

The blood stream poured down, and then towards the old dean and Li Tianyong.

The old dean waved his hands, and a flame of fire blocked the ***** torrent.

And at this moment, Li Tian suddenly displayed his "Thousand Killing Sword Technique."

"Shadowless knife."

The breath exploded from the whole body instantly turned into the air with several blades, and then several knives flew towards the Morodo at the same time.

Morodo took a cold look and suddenly said, "Thousand Killing Sword?"

After saying this, Morodo suddenly raised his right hand, and a blood-colored barrier was raised, and Li Tian's phantom blades were all cut on the blood-colored barrier, and then they were crushed one by one.

"Boy, you still use high-level Qi illusion? It seems that I must get rid of you today."

Morodo felt more and more shocked by Li Tian.

At this moment, I thought in my heart that this kid might cause trouble to the demon clan's great cause, so he had a vicious killing intent at this moment.

I saw Morodo's harsh words exit, and the whole figure flashed, and he had reached Li Tian's side.

With five fingers like claws, he suddenly grabbed Li Tian's front door terribly.

Li Tian stunned slightly, quickly dodged his body, and then shot out a palm, but seeing that Morodo was unavoidable, his right hand was raised, and a burst of blood suddenly poured out.

Boom, Li Tian's palm power hit the blood.

A huge rebound force came towards Li Tianzhen, and Li Tian was shocked to retreat several steps, standing there in shock.

"How could this demon be so powerful?" Li Tian asked in shock.

In Li Tian's shock, Morodo had already attacked again.

His two arms had become blood red...Suddenly, one hand was quickly sealed, and a blood-colored ball hit Li Tian at an astonishing speed.

Li Tian couldn't avoid it at the moment.

He watched the blood ball hit his body.

With a bang, Li Tian was hit by the **** ball. At this moment, he felt severe pain in his chest. Then his body was knocked down and flew out, and then he fell heavily to the ground.

Chapter 2732: Rescue

"Li Tian."

Seeing that Li Tian was attacked by Na Morodo, the old dean at the moment and Anderson quickly came to help.

I saw the old dean cast the fire technique, and golden firelights shot towards Na Morodo.

Anderson next to him uses thunder and lightning magic.

When the two of them attacked Morodo, Morodo yelled, and suddenly his hands were wrapped around his chest, and then he saw the force of the blood escape suddenly rebounding.

The old Dean Hollis and Anderson, the illusion they used, was actually bounced back at the moment they hit.

Suddenly, two people were shocked.

Immediately afterwards, the illusion technique rebounded and hit them hard.

Ahhh!

I saw the old dean was injured by his own fire technique... his body fell from mid-air.

And what about Anderson? Just like the old dean, at this moment, he was also bounced and hurt by his lightning illusion, and he screamed, and he fell to the ground, wailing and trembling.

In an instant, the old dean Hollis and Na Anderson were injured by Na Morodo.

"Old Dean, Anderson." Cyril and Evelyn over there ran over in panic after seeing the two injured.

I saw the old dean got up from the ground with a pale face, and vigorously lifted his arm to wipe the blood from the corner of his mouth.

And what about Anderson? At this moment, he fell to the ground and trembled, as if he was unable to fight anymore.

"Old Dean, how are you?" Cyril looked at the old Dean Hollis in panic and asked.

The old dean wiped the blood from the corner of his mouth and said, "I'm fine."

"You are hurt, old dean." Evelyn said aside.

But seeing the old dean taking a deep breath there, he said with a pale face: "Evelyn, while I can resist this demon now, you go quickly... take everyone."

Evelyn said: "Old Dean, we won't leave! We must not leave you behind!"

"Stupid, so stupid." The old dean said in pain.

Just listen to the cruel Morodo sneered there: "Want to leave? Today, none of you will leave here alive."

Following the cruel words of Na Morodo, he saw that Morodo suddenly emptied his hands with a **** hostility, and then everyone in front of him shot at him.

Evelyn and the others hurriedly used the illusion to block.

At the same moment, Li Tian performed slavery skills, then controlled a few huge stones around him, and then smashed towards Na Morodo.

Morodo sneered, and then waved his hands, a wave of blood flew out, hitting the stones, and the stones were shattered one by one.

It can be seen that none of them add up to Morodo's opponent!

Seeing, everyone will be buried under the terrible Morodo.

At this moment, suddenly there was a sound of energy breaking through the air from behind.

"Bender College, we're here to help you."

There was a call, but a few gray-robed figures flew over here.

I saw a few gray-robed figures who were all illusionist masters and fire illusionists.

Look carefully, these gray-robed old men turned out to be teachers from Rock Academy!

It turned out that the illusionists from Locke Academy arrived.

"Rock Academy?"

"Old Dean, it's from the Rock Academy who is here." Only Na Cyril yelled excitedly.

Although Band College and Rock College are opposed! But in the matter of jointly resisting the demons, human beings have always stood on the same front, so at this moment when they saw the illusionist gate of Locke Academy arrived, they were not only excited there.

At this moment, even Li Tian not only turned his head to look, but immediately saw the beautiful young lady Mayvis, and Edgar,

When he saw the people from Rock College coming, the old Dean Hurston was startled.

I saw the Dean of the Rock Academy, who had already taken the lead at this moment to fly over, glanced at the situation, and looked at the pale and ugly old Dean Hollis and said: "Old He, how is it? You are not injured, right?"

Old Dean Khris said, "I'm fine."

"Haha, it's fine."

After speaking, the Dean of Locke Academy raised his eyes to look at Morodo, the Chaos Dual Demon opposite.

"Chaos twins?"

"You demon is still alive?" The Dean of the Rock Academy, like the old Dean Herry, couldn't help but screamed out suddenly.

I saw that Moro glanced at the illusionists of the Locke Academy who had arrived, and sneered at the moment: "Who am I here? It turned out to be the non-climate humans of the Rock Academy."

"Devil, Hugh Kyogen!"

"Go on, deal with this **** demon."

With a roar, I saw the illusionist door at Locke Academy started to do it.

Immediately afterwards, I saw the gray-robed elders, suddenly displaying the fire-type illusion, and then one after another fierce underworld fire shot towards the Morodo.

Morodo roared: "Blood barrier."

Then a blood-red barrier was born in front of his body.

The big fireballs that were flying over hit the blood-red barrier one by one, making bangs, bangs, and bangs.

After Na Morodo blocked the combined attacks of those fire-type illusions, I saw Li Tian wailing over here, and at the same time displayed the terrifying Thousand Killing Sword technique, and attacked Na Morodo again.

But seeing that Morodo faced the siege of so many masters alone...he finally felt a little guilty.

He yelled, and bursts of blood burst into his hands.

"Despicable and shameless, what else do you humans have in addition to bullying the less?"

"Hmph, today, I will let you despicable humans go! One day, I will let you die under my hands one by one."

Amid the sharp roar of Morodo, he saw his figure suddenly flashed, and then faded towards the endless blood.

"That human boy, wait for the old man... One day, I will let you kneel on the ground and beg me! Hahahaha." Morodo said to Li Tiandao in his last voice.

After speaking, suddenly his body just disappeared into the endless blood.

In a blink of an eye, his figure disappeared in full view.

"That demon escaped?" The illusionists of Locke Academy who listened only said there.

"Yes, he ran away."

"Damn, this time I finally got the chance to kill him again, I didn't expect that the demon would run away..."

Just listen to the illusionists of Locke Academy sighing and saying one by one.

Chapter 2733: Contradiction between two women

However, thanks to the people from Locke Academy who arrived in time, they finally saved the old Dean Hollis.

I saw that the old Dean Hollis at the moment looked pale, looking at the Dean of the Rock Academy, and other people said: "Anthony, why are you here?"

Dean Anthony of Narok College smiled and said: "We were going to rush to the Dark Swamp. Just now we heard the sound of fighting here, so we rushed over and just saw you."

"Oh, it turned out to be like this." The old dean not only said when he heard Dean Anthony say this.

"It seems that you also know the news of the imperial army's defeat and retreat in the barren frontier?" the old dean said.

Then Anthony suddenly sighed deeply: "Yes! I do already know it."

"It's just that, I didn't expect that you would encounter one of the two chaos demons here!" Anthony said.

The old dean Heris also sighed deeply and said: "Yes, even we ourselves did not expect to encounter that terrible demon."

"The rumors say that the two chaos demons are dead?" Anthony said.

The old dean Khris said: "I don't know... I only know that the current chaos twin demons are still alive... and the strength is even more terrifying than before."

Anthony, Dean of Rock College, frowned deeply after hearing this.

He murmured in that mouth: "This time the Demon Race actually has a terrifying demon of the level of the Chaos Twins to help out... It seems that this war, we will have a ***** battle."

Hearing what Anthony said, Old Dean Hollis nodded deeply.

"Hey, this time, without Li Tian, I'm afraid... I'm afraid... all of us would have already died tragically under the demon's hands."

The old dean said while looking at Li Tian who was standing not far away.

Anthony of Narok College not only blinked at Li Tian at this moment.

"Is it him?" Anthony said in surprise.

Seeing Li Tian, he is of course very familiar!

In the Empire Illusion Contest, Li Tian's amazing performance has already shocked the audience!

Anthony looked at Li Tian, and said in his mouth: "Old He, your Bander Academy is really lucky! It is enviable to receive such amazing students..."

Anthony was telling the truth there.

Every college wants to improve its strength! Of course, the same is true for Rock Academy.

Hearing that Anthony said that, the old dean laughed coughly.

"Old He, are you hurt?" Anthony was not only surprised when he saw the old Dean Heris coughing up blood.

The old dean Heris smiled bitterly there: "Hey, I'm old, my body is out of use."

"Do you want me to help and heal you?" Anthony looked at the old dean.

The old dean said: "No, no need."

"I just need to rest for a while, and I will be fine soon." The old dean said.

Listening to the old dean's words, Anthony in front of him nodded and said: "Okay, you are here to rest and heal your injuries. We are here waiting for you! Anyway, we will all go to the Dark Swamp.

After Anthony said this, the old Dean Hollis' eyes showed gratitude.

"Thank you." The old dean said sincerely.

Anthony laughed and said, "You are polite."

In this way, the old dean and Anderson are recuperating their injuries here.

They relied on the healing function of illusion to heal themselves!

The others are resting here! I saw all the people in Narok College sitting on the glacier.

At the moment Li Tian was sitting alone not far away, thinking of the terrible monster Morodo in his mind.

"What level does the demon's strength have reached? How could it be so terrifying?"

"It seems that my own strength is simply a drop in the ocean, too small." Li Tian said mockingly there.

He originally thought that his illusion skills were pretty good... but now seeing a real master... he suddenly realized that he was still very small!

Li Tian, who was sitting here thinking, suddenly heard a clear voice coming from behind.

"Hey!"

As the voice came, but saw a beautiful woman wearing a mink fur standing motionless behind him, blinking her beautiful eyes looking at Li Tian there.

She is the daughter of the Dean of Narok College, Mayvis.

When seeing that beautiful Mayvis, Li Tian not only smiled at her slightly.

"Hello, I saw you again." Li Tiandao said.

That Mayvis smiled and sat down beside Li Tian.

"The mask on your face is finally taken off?" Mayvis said, looking at Li Tian's handsome face.

Li Tiandao: "Yes."

"Hehe, I finally saw your true face, very handsome." Mayvis said.

Li Tian smiled awkwardly: "Thank you."

"By the way, when did you arrive here?" Mayvis asked.

Li Tiandao: "It has just arrived soon too!"

"Oh."

"Remember, what I gave you back then?" Mayvis suddenly blinked her beautiful eyes and looked at Li Tiandao.

Li Tian was taken aback, and he didn't think of it for a while.

"What?" Li Tiandao.

Looking at Li Tian, she didn't know, that Mayvis was a little disappointed suddenly, her little cherry mouth not only pouted, she said: "You, you, you, how can you forget the gift I gave you so quickly?" She said with an unhappy expression.

When Li Tian heard this, he immediately understood.

"Oh, are you talking about this?" Li Tian said as he suddenly took out a small golden bell tied with a red string from his arms.

When Mayvis saw that the little golden bell she gave to Li Tian was still on Li Tian's body, she couldn't help being happy again.

Saying there: "You still remember... I thought you had already lost it."

Li Tian smiled and said, "No! This is a gift from Miss Mei... How could I lose it."

"Hey, that's the best." Mayvis laughed happily when Li Tian said that.

"This little golden bell was given to me by my mother. There is only one pair! So you must keep it well." Mayvis blinked at Li Tiandao.

Li Tian smiled lightly and said, "Don't worry, I will save it well."

While Li Tiangen was talking with the eldest lady of Na Rock Academy, suddenly I saw Na Yisha coming over at this moment.

"Student Li Tian..." After Yisha came over, she blinked her beautiful eyes and looked at Li Tiandao.

Li Tian raised his eyes to see Yisha, and said, "Isha, what's the matter?"

Isha glanced at Mayvis beside her, and then didn't say anything directly.

Then Mayvis saw Isha at this moment, and not only a depressed expression appeared on her pretty face, then she saw Mayvis stand up and said to Li Tian: "Hey, since someone is looking for you, I won't bother you. You, I'll look for you again when I look back."

Mayvis said, turning and leaving.

Chapter 2734: Dark swamp

Watching that Mayvis leave, Li Tian didn't say anything, but turned his head and looked at Yisha.

I saw Yisha walked up to Li Tian's eyes with loss, and whispered there, "Are you injured?"

After Yisha asked her concern, Li Tian's heart warmed, and he turned around and said, "I'm fine, thank you for your concern."

"Oh, then I can rest assured." Yisha lowered her head and bit her lips.

After speaking, both of them became embarrassed.

No one knows what to say.

In the end, I saw that Yisha said, "I'll go there first, I won't disturb you."

After speaking, Isha suddenly walked toward the front with extreme loss on her pretty face.

Li Tian opened his mouth. He wanted to call Na Yisha, but in the end, he did not shout.

Looking at the back of Yisha, Li Tian could only sigh deeply there at the moment.

The old dean of Bander College, Hris, and Anderson, who rested here for about half an hour, then recovered some.

I saw Old Dean Hollis stood up and said, "Anthony, we can go."

After hearing the voice of the old dean, Dean Anthony of Narok College hurried over with the students of Rock College.

"Old He, your body recovered?"

Anthony, who came by, looked at the old dean and asked.

The old dean Heris replied, "It's all right."

"Well, let's go." Anthony said.

In this way, I saw the two teams of Bender College and Rock College marching towards the dark swamp together.

Everyone took care of each other along the way.

In the current situation of the demon enemy, their two academies have chosen an unprecedented cooperation.

They passed through the vast glacier and continued to march northward.

On the way, I saw that Anthony asked the old dean Heris: "Old He, this time the demons are invading, do you think our imperial army can stop it?"

After hearing Anthony's question, Old Dean Heris sighed deeply and said, "Hey, I don't know."

"However, this time, the Demon Race heard that a hundred thousand demon army was dispatched, a full one hundred thousand! And there are also those terrifying blood illusionists to help out." Old Dean Heris said.

Listening to the old dean's words, Anthony also showed an extremely ugly look on his face.

"Hey, the army guarding the frontier has lost almost half of its army! It is estimated that there are only more than 10,000 troops left! With a difference of 1 to 10, we have no chance of winning at all." Just listen to Anthony there. Worried.

The old dean Heris also nodded there and said: "Yes, now we only hope that the empire will quickly reinforce the army! Otherwise, the demons will capture the border."

Anthony nodded in favor.

"Now, we are not only worried about the army, but also about the demon blood illusionist."

"Unexpectedly, even the horror monsters like the Chaos Twins are still alive." Anthony said with an ugly expression on his face suddenly.

The old dean Heris also said, "Yes, I didn't expect it either."

"Moreover, there are other masters among the demons... this battle seems to be difficult to fight." Anthony said.

Old Dean Harris said: "Yes."

"At the moment, we can only turn around with the army as soon as possible to see what their plans are." Old Dean Hollis said finally.

Then Anthony can only nod his head at this moment.

...

I saw that their two academies followed the deserted road and began to march towards the dark swamp along the way.

Finally, they were about to reach the Dark Swamp.

A few kilometers ahead, there is a huge dense primitive jungle, where there are tall and tall old trees growing, the whole jungle is gloomy and weird.

"Here, we are finally here, and the dark swamp ahead." Just listen to that Anthony not only said excitedly after seeing the primitive jungle.

The old dean and the people behind him not only raised his eyes to look at him at this moment.

Li Tian also saw it at this time.

"I don't know, where is the imperial army?" Anderson asked suddenly in surprise.

The old dean said: "It should be stationed behind the Dark Swamp. As far as I know, there is a small town behind the Dark Swamp! Unsurprisingly, the empire's army should be stationed there."

After the old Dean Heris said that, then Anthony also said: "Old He said that is not bad, there is indeed a small town behind the dark swamp."

"Come on, we should be able to find the Empire's army through this dark swamp."

After saying this, I saw that the old Dean Hollis and Anthony walked towards the ancient virgin forest one by one with the illusionists of their own academy.

Soon, they reached this virgin forest.

Standing outside, you can see that this ancient forest is huge, and the trees inside are lush, one by one, and occasionally you can hear the roar of some wild animals.

The old dean said to everyone: "When you enter here, you must pay attention to your feet! This forest used to have a terrible title, the name is Devil Forest, because this forest has countless silt swamps. If you are not careful, you may get caught in it. Once you get caught in the swamp, you will be sucked in and you will die.

Hearing the old dean said this, everyone present nodded there.

I saw that Anthony over there echoed and said, "Lao He is right! If you want to live, you must see your feet clearly."

After both deans reminded their subordinates, they only listened to them saying: "Go."

Then, under their leadership, everyone began to enter this dark swamp.

I saw lush trees inside, and even the weeds growing on the ground were almost as high as one person. They just walked carefully toward the depths of the jungle step by step.

The more we walked inside, the more weeds inside, and some strange beasts lurking in the jungle.

Li Tian had been observing his surroundings with blinking eyes, and everything around him was clearly heard in his ears.

After they walked for more than ten minutes, they suddenly saw a thick fog deep in the dense forest in front.

When seeing the thick fog, Li Tian here not only frowned.

"Be careful, everyone, we have reached the dark swamp... This thick fog is the most terrifying dark swamp! Everyone must pay attention to your feet! Don't fall into the mud flat." The old dean hurriedly was there. Remind everyone to say.

Chapter 2735: Imperial army

It turns out that the place shrouded in thick fog is a dark swamp.

Li Tian thought about it there.

Immediately afterwards, I saw them starting to get into the dense fog one by one.

Li Tian also quickly followed.

Moving cautiously, Li Tian could see through the thick fog that there were many quacks on the ground... and there were deep water in some places.

"That should be the terrible mud swamp, right?" Li Tian thought secretly there.

Everyone at this moment, in order to prevent anyone from falling into the mud flat, everyone is holding hands and walking cautiously,

They lined up in a line, and then the old dean and Anthony led the team at the front, and the people behind them stepped on their footprints and walked slowly along the dense fog step by step.

As he walked along the way, Li Tian could still see a lot of bones and corpses scattered on the ground. Some bones were beasts and some were humans.

I have to say that there is a gloomy atmosphere in this death swamp.

Just when all of them reached the middle of the death swamp, Li Tian suddenly felt something movement around him.

He faintly heard someone around him peeping at them.

"Everyone, be careful, there seems to be people around." Li Tian suddenly said to everyone there.

When he suddenly said a word, everyone not only turned their heads and looked at him there.

I saw the people from the Rock Academy, because they seldom come into contact with Li Tian, they all showed surprised eyes at this moment. Even the Dean of the Rock Academy, Anthony, frowned and said in doubt: "Why didn't I feel it? "

But everyone at Bander College believed Li Tian's words very much.

Because they know Li Tian's formidable strength better than anyone else.

"Anthony, listen to Li Tian, he said that there are people around, so there are definitely people." The old dean Heris suddenly said at this moment.

Anthony looked puzzled and said, "Really?"

The old dean Heris nodded there with a serious face and said, "Absolutely."

At this moment, Li Tian suddenly said something.

"They are here, they are coming to us, everyone is ready." Li Tian suddenly heard a rustling voice in his ears, and hurriedly said to everyone at this moment.

Everyone was taken aback at this moment, and then everyone quickly looked around.

Because of the dense fog surrounding here, they couldn't see clearly, and no one knew whether Li Tian was really talking.

Just when everyone was puzzled, suddenly I saw a rustling movement around him.

Then amidst everyone's surprise, a loud shout came from there.

"Don't move! Whoever moves will die."

Look carefully, the voice of speaking appeared in the thick fog on the left.

Everyone present was shocked when they heard it.

Then they quickly turned around to look, but they couldn't see anything in the thick mist.

When everyone was surprised, they suddenly saw a row of messy footsteps approaching them. As the footsteps got closer and closer, through the thick fog, they suddenly saw more than twenty bodies Soldiers in armor and crossbows in hand were facing them one by one.

There are people!

And it's an imperial soldier in armor.

When they saw the soldiers aiming at them with bows and crossbows around them turned out to be soldiers of the empire, the old dean Heris and Anthony were stunned.

"Imperial soldiers? It turned out to be the army of our empire?" Hearing the old dean exclaimed excitedly after seeing these armored soldiers.

But seeing everyone not only looked at the more than twenty soldiers in shock.

The soldiers were not only shocked when they saw that the old dean were human.

"Hey, who are you? Why did you appear in this dark swamp?" one of the tall imperial soldiers suddenly asked.

After the soldier asked and exited, only listened to the old Dean Hollis saying: "I am the Dean of Bender College. These are my students and teachers."

Anthony said on the other side: "I am the dean of Rock College."

When the soldiers heard the old Dean Heris and Anthony suddenly say this, they were not only stunned.

"Bender College? Rock College?"

"Oh my God, you are the illusionists of the empire, right?" Only those soldiers were excited.

Hearing the old Dean Hollis and Anthony nodded and said, "Yes."

After the old dean and the others confessed, the tall soldier's eyes suddenly burst into light.

"The illusionist?"

"You are finally here, great." The tall and burly soldier said suddenly.

After speaking, he hurriedly said to those soldiers who were wearing armors and holding bows and crossbows beside him: "Hurry up and put the crossbows away...This is our savior and the illusionist of our empire. "

After he finished speaking, the soldiers who had been facing Li Tian and the others with their bows and crossbows hurriedly put away their weapons.

"Sorry, we thought you were the invaders of the demons, so we just misunderstood you..." I only heard that the soldier said apologetically to the old Dean Heris and Anthony.

Of course the old dean would not mind.

Just listen to them saying: "It's okay."

"Our academy, as well as the Rock Academy, got the battle reports two days ago, so we came here to support them quickly." The old dean said.

"I don't know, where is our imperial army base camp now?" the old dean continued to ask.

Just listen to the soldier hurriedly said: "Our army is stationed in Wumeng Town, and you can see it through this jungle."

"Oh."

After hearing this, the old dean secretly said: It seems that his guess is correct, and the imperial army is stationed in the small town behind it.

"My great illusionists, when you come, we soldiers can have hope to live!" Just listen to the words of those soldiers looking at Li Tian, and others with excitement.

"You may not know that during this period of time, our army was brutally slaughtered by the blood illusionist of the demon clan... The number of soldiers slaughtered by the blood illusionist alone was almost 5,000!" Those soldiers clenched their fists. Then, his eyes were filled with endless hatred.

At this moment, the old dean and others were shocked when they heard the soldier say this.

what?

"So many died?" The old dean asked in disbelief.

But seeing the soldiers say: "It's true!"

"The blood illusionists of the demons are terrible on the battlefield...We soldiers can't do anything with them! Whoever approaches, who is dead! Hey." They sighed.

Chapter 2736: They are illusions

When the old Dean Hollis and Anthony heard about this, their hearts suddenly shook.

Even Li Tian, who was standing on his side, was not only surprised.

"Is the blood illusionist of the Demon Race really that cruel? It slaughtered humans like this."

Li Tiantian thought so, and suddenly an invisible anger grew in his heart.

Just listen to those soldiers still saying: "Now your great illusionist is here, we no longer need to be afraid of the blood illusionist of the demon race!"

After listening to them, the old dean smiled bitterly, and everyone didn't talk too much.

"Hello, we want to see your general now, don't know if you can take us to see him?" Just listen to the old dean talking to the soldiers there.

The soldiers hurriedly said, "Of course."

"Our generals are looking forward to the arrival of your great illusionist day and night! Because your arrival will definitely help us humans turn the tide of war."

"Let's take you to see our general now." Only the soldiers said happily.

The old dean then smiled and said, "Okay."

"Well, then we will lead the way."

While these soldiers were talking, they hurriedly led the old dean.

As I walked forward, I just listened to the old dean asking and saying: "Just ask, have you seen the illusionists from Black Shura Academy coming?"

When the old dean suddenly asked this, the soldiers were not only taken aback.

"Black Shura Academy? Are they also illusions?"

The old dean nodded and said, "Yes."

"It seems that I haven't seen them. So far, we have seen you illusionists." The soldiers said.

Hearing what the soldiers said, the old Dean Hollis's brows not only frowned.

He turned his head to Anthony and said, "The guys from Black Shura Academy haven't arrived yet? Why are they so slow?"

Then Anthony thought for a while and said, "Will they go to the barren frontier first, like us, and delay,"

Hearing that Anthony said so, he just listened to the old dean thinking about it: "Maybe."

"Forget it, leave them alone, let's go and see the general as soon as possible."

The old Dean Heris, who was talking, accompanied the Anthony, and followed the imperial soldiers to the front.

Under the leadership of those soldiers, the old dean and others made it easier to walk through this thick misty swamp. They only followed the footprints of those soldiers, so there was no fear of falling into the mud flat.

Soon at this moment, they walked out of this dark swamp, then through a dense jungle, and then out of this ancient forest.

After walking out of this forest, they saw the small town ahead.

The town is big, but there are not many houses.

From a distance, you can see that there are tall watch towers built around the town! And you can see the soldiers walking back and forth standing on the watch tower.

And you can vaguely see the rows of neatly armored armies standing outside the town!

There are a large number of people, and it looks roughly like several thousand people.

When Li Tian and the old dean finally saw the large army, their mood suddenly brightened.

"Great, I finally saw the empire's army." Just listen to the old dean's excited expression.

Anthony here also said, "Yes, we have worked so hard all the way and finally found the big team."

I saw the imperial soldiers leading the way saying: "Great illusionists, go here, I will take you to see the general."

"OK."

After everyone agreed, they followed the soldiers and started walking towards the front.

Passing by a group of neat soldiers, I saw the soldiers wearing armors, and the old dean was full of emotions in each of them.

But when they passed a huge square in front, they heard a miserable howling.

Look carefully, but in the huge square in front, there are densely wounded soldiers lying down.

Some of the arms were broken, some of the legs were broken...and others were wailing in blood all over.

"These... these... are they?" But when they saw the tragic scene of the old dean, they called out in shock.

At this moment, everyone stopped, and then stared at the more than a thousand wounded and screaming soldiers on the square in disbelief.

I just listened to the soldier who led the way and sighed: "Hey, it's not a secret, this is the **** illusion of the **** demons two days ago, and I don't know what weird illusion was used to attack our camp... The tragic injuries of more than a thousand soldiers."

Hearing what the soldier said, everyone in front of him was shocked.

"Ah? Is it a blood illusionist?" Anthony said in shock.

I saw the soldier lowered his head and said, "Yes!"

"Those illusions are so powerful, we can't beat them at all."

When the soldier said so, Anthony clenched his fists tightly.

"Asshole demon! Actually using a blood illusionist to deal with us ordinary warriors...shameless! Too shameless." He roared angrily.

But seeing the old dean also roared there and said, "Yes, the demons are simply too despicable."

"My great illusionists, you are here now, and our soldiers finally have their support." The soldier over there said.

The old dean did not speak, looking at the poor and wounded soldiers, everyone felt a trace of sadness.

Then they turned and left.

After following the soldier, passing through a few barracks, then he saw a huge two-story building in the forefront. This building looked like an attic, and should be the largest building in the town.

I saw two rows of neatly armored soldiers standing in front of that tall building. Everyone stood motionless with their eyes cold.

"The front is our general's command camp." Just listen to the soldier leading Li Tian and the old dean while introducing them there.

The old dean and they all nodded silently, glanced at the tall building in front of them, and then walked over.

When I was about to get to the front of the barracks, I saw two rows of cold soldiers standing at the door, suddenly blocking their way.

"stop."

"Who dare to trespass into the general's heavy ground?" Only one of the warriors in golden armor roared there.

The soldier who led the old dean and them quickly replied: "Return to all, these are the great illusions of our empire!"

"Illusor?" When the soldier revealed the identity of the old chief, his eyes widened when he saw the soldiers in golden armor.

Chapter 2737: General Torre

When they heard the word "illusionist", the soldiers in golden armor were all there in shock.

Then they blinked their eyes in disbelief and looked at the old Dean Hollis and Anthony.

After taking a look, I only heard the golden armored soldiers hurriedly said: "Great, great illusionist, you are finally here."

"The general is in the barracks all day, and he is not looking forward to your arrival all the time. I didn't expect you to finally come." He only heard the armored soldier said.

After hearing these soldiers in golden armors say so, the old dean and Anthony all secretly said: It seems that the army of the empire is really bullied by the blood illusions of the demons! If not, they would not look forward to their arrival so much.

"My great illusionists, I will take you to see the general." I heard that the tall soldier in golden armor suddenly said there.

After listening to the old Dean Hollis and Anthony, they nodded quickly.

Then, under the leadership of the golden armored soldier, their group began to walk towards the barracks.

When all of them entered the barracks, they saw that there were several commander-level figures wearing armors surrounding a battle map, discussing war.

"Report!" The soldier in golden armor bowed slightly and said after he walked in.

"What's the matter?" Only a rough voice sounded.

He watched with the voice, but saw a man standing in the center of those all screaming out.

He was tall and mighty, he was wearing a bronze armor, and he had brown hair on his head. In that mess, his eyes were bloodshot.

"General, the great illusionists sent by the empire are here." Just listen to the soldier saying there.
what?

When the soldier's voice was yelling, the general over there was originally discussing war with his subordinates. At this moment, hearing the three words "illusionist", everyone was stunned.

Then all turned their heads.

I saw that the man in the bronze armor was obviously their general.

The lieutenants standing beside them were all staring at Li Tian and the old dean, blinking in horror.

"The illusionist?"

"Are you a illusionist?" The burly general, with eyes radiating suddenly, walked towards Li Tian and the others from there.

But seeing the old dean Hollis smiling and bowing there: "Dean Hollis in the Lower Band Illusion Academy, see the general."

Anthony on the other side said: "I am Anthony from the Locke Academy of Illusion, see General."

After the old Dean Hollis and Anthony showed their identity together, the tall general was suddenly excited.

"Band College? Rock College? My God, you are finally here." I saw the general saying excitedly there.

The old dean in front of them all smiled slightly.

"Sit down, sit down quickly." The general said with excitement.

The soldiers hurriedly arranged seats for the old dean and others.

Li Tian followed everyone in the barracks.

"Do you know who I am?" The general suddenly looked at the old Dean Hollis and said.

Just listen to the old dean saying: "If you guess right, the general should be the first **** of war in the empire, General Torre."

When the tall general heard what the old dean said, he laughed bravely.

Torre!

Yes, the general in front of him is General Torre.

Torre is a well-known general in the empire. He once beheaded hundreds of members of the demon clan in the empire in the battle of the empire... so he became famous in the first battle! It was also from that time that they were called the **** of war by the empires! Since then, Torre has been

promoted to the position of general. For so many years, he has been guarding the frontier... to prevent the invasion of the demons! Unexpectedly, this time, the demons really invaded

"Hey, I have been guarding the frontier fortress by Torres for almost 30 years. I didn't expect that this time the demons attacked...under my leadership, I was defeated! I am really ashamed of the people of the empire." Seeing that God of War Torre said while he sighed slightly.

The old academy heard this from General Torre, and they hurriedly said in comfort: "General Torre don't blame yourself! The demons have dispatched so many troops this time, and there are terrible blood illusions on the battlefield, so , This defeat, General Torre doesn't need to worry about it."

Listening to the old dean's comfort, but seeing General Torre said: "No, in the eyes of soldiers, victory is victory, defeat is defeat!"

The old dean and the others were embarrassed to speak again after hearing General Torre said this.

Li Tian not only glanced at this burly general Torre, he felt that this general was a little bold.

"Mozu, those bastards, I, Torrey, will let them pay for it one day."

General Torre clenched his fists tightly there and roared with blood-red eyes.

"Now, you illusions are finally here! Our army will be bloodbathed before the shame." General Torre pinned his hopes on the old dean and Anthony.

After hearing what General Torre said, the old Dean Hennis and Anthony of Narok College not only said together: "We must follow the general's arrangements and are determined to fight the demon."

"good very good."

Listening to the old dean and them saying this, only General Torre was happy.

Then he said there: "I have not been interested in illusion since I was a child... so I don't understand the terrible extent of illusion! Here, I only hope one thing, I hope you can help our army resist on the battlefield. Those blood illusionists of the demon race! As long as you can resist the blood illusionists of the demon race, Torrey can promise to take my brothers to kill the **** half-orcs of the demon race." Just listen to General Torre there. Said with the momentum like a rainbow.

Yes, every time the emperor team fought against the demons on the battlefield, the blood illusionist of the demons was beaten to pieces!

It was precisely because of those blood illusionists that caused serious casualties to the emperor team.

So now General Torre is most afraid of those blood illusions in the Empire.

After the old Dean Hollis and Anthony heard what General Torre said, they also knew deeply that they said they had a great responsibility!

At the moment, he said: "General, we must use our lives to stop the blood illusionists of those demons! Even death."

After hearing what the old dean said, General Torre not only smiled slightly.

Chapter 2738: reconciliation

When General Torre heard this, he was immediately happy.

I saw everyone talking there for a while.

Torre, the general who guards the frontiers of the empire, seemed very cordial, and the old dean Hollis, Anthony and others were also talking cordially.

"General Torre, don't know where the demons are now?" Just listened to the old chief inquiring.

Just listen to General Na Torre frowned and said, "The Demon Army is stationed 30 kilometers outside the Dark Swamp."

"How many of them are there?" Old Dean Hollis continued to ask.

General Torre sighed and said, "As far as I know, their army of half-orcs has reached one hundred thousand troops."

"A hundred thousand army!!!" When General Torre said so, everyone felt cold.

Although they had heard that the demons had an army of 100,000, after all, it was what the soldiers said, and there was no accuracy! Now when they heard that General Torre personally said that the demons had a hundred thousand army, they were not only shocked there.

"Hey, it seems that this battle will be very difficult to fight." Old Dean Hollis whispered in that mouth.

General Na Torre said: "Yes."

"But you can rest assured that I have asked the empire for help, and the empire has promised to send another 30,000 troops to support us within these two days. If this happens, our army will reach 50,000 troops by then! Even though we are still very different from the Demon Race, I believe that under my leadership, we should be able to fight against the Demon Race's one hundred thousand army." General Torre's voice was full of confidence.

"The only worry is the blood illusionist." General Na Torre said.

After listening to the old dean and Anthony, they hurriedly said: "General Torre, don't worry, the blood illusionist of the demons will leave it to us! We will definitely resist them desperately."

"it is good!"

The old dean and Anthony have been chatting with General Na Torre.

Li Tian was thinking about things in his mind.

After they talked to General Torre for a long time, they only heard General Torre finally said: "You guys came here all the way, presumably you are all tired..."

"I will arrange for you to have a good rest."

The old Dean Hollis and Anthony are indeed a little tired!

After driving for so many days, they have been sleeping in the wilderness, the temperature is cold, the sleep is not good, and the food is not good. At this moment, I heard General Torre said that, and nodded and said: "Thank you General."

I saw General Torre smiled slightly, and then said to his men: "You guys, go and arrange a good barracks for our great illusionist, so that they can rest."

The soldiers in golden armor heard the general say this, and immediately said, "Yes!"

Then they led the old dean out of the barracks.

After the old dean said goodbye to General Na Torre, they followed the soldiers in golden armor out of the barracks.

Along the way, under the leadership of the soldiers, they soon reached their resting place.

I saw a total of 6 huge military camps in the rest place.

The people of Rock College lived in 3 barracks, and the people of Bander College lived in 3 at the moment.

"Old He, get tired all the way, I will take the students to take a good rest." Just listen to Anthony looking at the old Dean Heris.

After hearing Anthony's words, the old dean Hollis smiled and said, "Okay."

Immediately afterwards, the two deans took their own students, and then went to the barracks to rest.

"Li Tian, you can live with Anderson in the same room." Just listen to the old Dean Heris in front of him suddenly speaking to Li Tiandao.

After hearing this, Li Tian was stunned, and glanced at the lightning teacher Anderson.

Because Li Tian and Teacher Anderson had a small holiday before, the two have been a little embarrassed! At this moment, the old dean unexpectedly wanted Anderson to arrange for Li Tian together...

Just when Li Tian was embarrassed, he suddenly heard that Anderson grinned and said, "Okay!"

"Hey, I'm just about to chat with Li Tian alone." Hearing that Anderson looked at Li Tian and said with a smile.

Li Tian didn't expect Anderson to be willing to live in a room with him, and he was slightly startled at this moment.

But seeing the old dean smiled at Li Tiandao: "Li Tian, is it okay?"

Li Tian said of course: "No problem."

The old dean then said, "Okay, just arrange it like this. It's getting late, you hurry up and take a good rest."

After speaking, the old dean left.

I saw that teacher Anderson of the Thunder and Lightning Department suddenly walked to Li Tian's side with a smile, and suddenly stretched out his arm on Li Tian's shoulder, just like a brother, grinning there and saying: "Go, Let's have a good chat."

Li Tianyi heard it and said, "Oh."

Immediately afterwards, seeing that Anderson entered the barracks with his arms around Li Tian.

But the barracks were very spacious, and there was a desk inside, with two wooden beds on the front and back.

After arriving inside, Li Tian first cleaned up briefly, and then sat on his bed.

After Anderson cleaned up, he sat down.

"Li Tian, how about before? Although we have had conflicts, but me? It's a dog temper, how about you? Don't take some things to your heart." Anderson looked at Li Tiandao there.

When Teacher Anderson suddenly said this, Li Tian was not only slightly embarrassed.

At the moment he smiled and said: "Mr. Anderson, you are too polite to say that, in fact, I was wrong before!"

As soon as Anderson heard this, he laughed and said: "Forget it, our elders, no matter who is right or wrong, right? From now on, we will be together well."

Li Tian was also a man of temperament, so he smiled and said, "Yes."

"To be honest, I have never served anyone in Anderson since I was a kid, but I admire you as a kid! Your kid is my Anderson in so many years, the first time I have seen such an outstanding genius!" Anderson looked at Li Tiandao there.

Li Tianqian said humbly: "Isn't it?"

"it is true."

"I really didn't expect you to be able to master it without a teacher... and you can practice the most difficult Qi illusion technique by yourself! Hey, what a genius, a true genius," said Anderson.

Li Tiandao: "Actually, I am also lucky..."

"Hehe, you kid just pretend...Anyway, in my heart, no one can compare to you." Teacher Anderson said there.

"Forget it, it's late, Li Tian, take a good rest." Anderson was facing Li Tiandao there.

Li Tian said "Oh", and then he was about to rest.

Chapter 2739: Double repair?

Just when Li Tian was about to take a rest, he saw that Teacher Anderson did not rest. .

Instead, he got off the bed, then walked to a wide area, and then sat down cross-legged.

Then Li Tian saw that Anderson didn't take a break, and asked in surprise, "Teacher Anderson, don't you take a break?"

But seeing Anderson raised his head and said: "I'm not tired."

"Then...what are you going to do?" Li Tian asked curiously.

But seeing Anderson said there: "I want to practice."

"Cultivation?" Li Tianyi felt depressed at the moment.

Just listen to what Anderson said: "Yes, now the Demon Race's great enemy is now, and you have also seen that the Demon Race's blood illusionist is far more powerful than us! If I don't practice hard, I'm afraid I will be on the battlefield. It's hard to beat those hateful blood illusionists of the Demon Race... so I must practice diligently."

Listening to what Anderson said, Li Tian finally understood it!

It turns out Teacher Anderson meant this.

But seeing that Anderson looked at Li Tiandao: "Li Tian, just leave me alone, take a good rest."

Li Tian heard that Anderson said that, so he smiled and said, "Okay, then I will rest first."

"Yep."

Li Tian was lying on the bed while talking.

I saw that Anderson sat on the ground alone, so he began to practice.

But seeing that Anderson first put his hands on his chest to accumulate spiritual power for a while, then began to quickly form a "thunder mark" with his hands, and then whispered in his mouth: "Thunder and lightning!"

Immediately afterwards, his hands drew an oval shape in the air, and then saw a purple lightning beam slowly spread between his hands, and then quickly formed an elliptical lightning shield, but then saw a series of lightning Light began to flood the oval shield.

It turns out that this thunder and lightning is a high-level 1 thunder and lightning illusion, and its power lies in the shield!

All the lightning rays are accumulated on that shield, and then rely on the shield to emit huge power.

I saw that Anderson was practicing diligently there.

Rays of thunder and lightning were absorbed by the oval shield.

In the meantime, Li Tian was lying on the bed, watching Mr. Anderson's every move.

At this moment, I saw that Anderson was practicing high-level thunder and lightning illusion... Li Tianqing's head couldn't help learning it.

He also followed Mr. Anderson's every move, and then slowly operated in his mind, and then made a gesture with both hands on the bed...

At this moment, suddenly a little lightning spark appeared in his right hand!

Can Li Tian also summon thunder and lightning?

Yes!

Even Li Tian never thought of this!

He never thought that lightning sparks would appear in his hands... Just now, he was just carefully operating every movement of Teacher Anderson in his mind! Then he used his spiritual power slightly, but he didn't expect that lightning sparks would appear in his right hand!

This suddenly made Li Tian excited.

"I can even summon thunder and lightning?" Li Tian asked in shock.

Seeing how thunder and lightning sparks could be summoned by himself, Li Tian didn't mention how excited he was.

Then his mind suddenly thought of the words of the old Dean Hollis.

He still clearly remembered that the old dean once said: It is impossible for one person to practice two illusions!

"But why can I summon this thunder and lightning firework?" Li Tian thought in his astonished heart.

"Is it an accident? Or luck?"

Li Tian thought in that heart.

"Maybe it's my luck." Li Tian said secretly.

"Forget it, I can't manage that much now... I'll try it first to see if I can really summon this lightning illusion."

Li Tian thought this secretly in his heart.

After Li Tian thought so, he continued to focus on Anderson.

I saw that Anderson was sitting there slowly practicing...At this moment, every move and every movement he made was recorded in Li Tian's mind.

Anderson sat on the ground to practice, Li Tian was lying on the bed, using his brain to remember, and then constantly repeating those actions.

After staying for the next ten minutes, Li Tian suddenly used the corpse's spiritual power, and then a purple thunder and lightning appeared in his right hand again! And this time the accumulated lightning rays are much thicker than the lightning rays just now!

When Li Tian looked at it this way, he was excited there.

"Oh my God, I can actually summon a lightning illusion?" Li Tian thought in shock.

"It seems that I should also be able to practice this thunder and lightning system illusion." Li Tiandao.

Li Tian thought so excitedly.

Although the old dean once said that on the Spirit Earth Continent, almost no one can double-line fellow practitioners! But this time Li Tian did it.

At this moment, Li Tian didn't tell the amazing news to Anderson who was still cultivating, but he silently "learned" that Anderson's lightning illusion.

In a blink of an eye, Li Tian had already remembered all the high-level "Thunder and Lightning Sorrow" cultivation techniques and essentials in his mind.

After writing down all the training essentials, Li Tian did not continue to look at that Anderson, but lay on the bed alone, and then recalled those moves in his mind over and over again.

Then began to slowly accumulate the spiritual power of the body, cooperate with those moves, and start practicing!

Before he knew it, Li Tian practiced for a few hours!

At this moment, he lifted his body slightly and took a look at that Anderson, and saw that Teacher Anderson was also tired, and he had already lain down early to rest.

Seeing that Teacher Anderson rested Li Tian, Li Tian began to practice.

I don't know how long after the practice, Li Tian finally fell asleep.

When dawn came the next day, Li Tian was still sleeping.

At this moment, I heard that Anderson yelled out.

"Li Tian..."

An exclamation came from that Anderson's mouth.

Li Tian was taken aback, and a squirrel turned up from the bed, and said quickly there, "What's the matter? Teacher Anderson."

But seeing that Mr. Anderson opened his eyes there, looking at Li Tian's bed, and said on that: "You...you...your...the quilt? How...how did it become like that?"

Li Tian was taken aback, looked down, and saw that his quilt was actually scorched!

If you look closely, there are still purple electric lights on it.

When Li Tian saw it, he jumped off the bed and shouted, "How could this be?"

Then Anderson pointed to the charred quilt, and said depressed: "Li Tian, your quilt...why is there electric lights on it? What happened?"

Chapter 2740: task

Teacher Anderson looked at Li Tian's quilt, full of thunder and lightning sparks, and cried out in astonishment.

As for Li Tian's quilt, it was completely scorched by the electric flower.

Li Tian was depressed there, and suddenly remembered in his heart that he was "stealing" the thunder and lightning illusion of Teacher Anderson in the bed, and he was not only shocked at this moment.

"Could it be that I burned the quilt myself?" Li Tian thought.

As for Teacher Anderson, I don't know that Li Tian was practising thunder and lightning magic while hiding in the bed last night. At this moment, he said in the dark, "Weird, weird, how come your quilt was burned by lightning... ..Is it because I accidentally made it yesterday?"

Anderson, who was thinking this way, was depressed.

Both of them stayed silently in the room.

In the end, Anderson murmured, "Forget it, as long as people are okay."

Then Li Tian put the burnt quilt between them and threw it out.

"Let's go, let's see if the old dean have gotten up?" Anderson was facing Li Tiandao there.

"Okay." Li Tian nodded.

Then the two of them walked towards the barracks where the old dean lived.

The old dean Hollis lives with Cyril, the illusion teacher of the wind system.

At this moment, after Li Tian and Anderson walked in, the old dean saw them.

"Li Tian, Anderson, you all got up." Just listen to the old dean smiling and looking at the duo said.

Li Tian and Anderson walked in, smiled there and said, "Yes."

"How about it, how did you rest last night?" The old dean looked at the two with a smile.

But seeing that Anderson said there; "Okay, good, very good."

"Old Dean, what are our plans today?" Just listen to Anderson looking at the old Dean Hollis and ask.

The old dean replied: "Not yet! We must wait for the general to order."

"Oh."

After hearing what the old dean said, Anderson didn't ask too much.

Li Tian and Anderson stayed in the old dean's barracks tent. After a while, they saw the beautiful teacher Evelyn, Isha, and others all rushing to the old dean's barracks tent. inside.

Everyone is staying here now, chatting.

After all, the general has not given any orders.

Time passed by every minute, and when it finally reached the morning, only a few soldiers in golden armor came here.

After arriving, a few soldiers were heard saying: "The general has an order, and all the illusions from Bander College have arrived at the headquarters."

After hearing the soldiers say so, the old dean and all of them not only stood up.

"The general let us pass?"

"Yep."

"It seems that there should be some major discussions." They only heard the old dean secretly.

I saw the soldier in golden armor looking at the old dean in front of them and said: "Illusors, if you have no doubts, please go to the general's command with me now."

"Okay." The old dean nodded quickly.

Immediately afterwards, the old dean Heris, Li Tian and others all followed the soldiers in golden armor, and then quickly walked towards the general's headquarters.

No one of them knows what the General Torre is looking for, and they are now walking towards the general's command in doubt.

Soon, but seeing them, he arrived at the general's headquarters.

When he arrived, I saw that General Torre was lying on a battle map with Du Wei, nervously discussing war.

At this moment, after the arrival of the old dean and the others, they only listened to the soldier's hurried report saying: "Report to the general, the illusions from Bander College are here."

After General Torre heard the sudden words of his soldiers, he quickly raised his head.

"You are here." After General Torre raised his head, he smiled and said to the old dean and them.

The old dean Khris also said respectfully: "General."

"Why did you rest in the barracks yesterday?" General Torre asked caringly.

Just listen to the old dean replied: "Very good."

"That's good."

"I don't know the general, what can I do for us?" Just listen to the old dean here inquire.

General Torre then laughed and said: "It's true that I am calling you here so urgently because there are important things to discuss."

When the old dean heard them, they were not only stunned, but they also secretly lined up in their hearts: What is it?

The old dean was about to ask, but he saw that General Torre had already spoken out.

"At 3 o'clock in the morning this morning, we received a letter from the Flying Pigeon, and our spies on the front line spied an extremely important piece of news." Only General Torre said suddenly.

When General Torre said that, the old dean and them were not only taken aback.

"what news?"

General Torre said: "Our spies spied on the path, 50 kilometers northwest, there is a team of blood illusionists from the demons protecting a gorgeous carriage, approaching the army of the demons."

"The blood illusionist of the demons protects a gorgeous carriage?"

After hearing that General Torre said so, everyone was not only slightly startled.

But seeing that General Torre said: "Yes."

"According to our spies, the people sitting in that carriage are absolutely extraordinary!"

"Because there are several demon blood illusions around the carriage protecting it."

Listening to General Torre said that, the old dean in front of them were not only surprised.

"What does General Torre mean?" Just listen to the old dean quickly ask.

But General Torre said with a smile: "I want to send you illusionists... to attack the carriage of the Demon Race! I want you to grab the people in the carriage with your own hands... and see who he is! "

Attack?

Hearing that General Torre said so, the old dean was taken aback.

I saw General Torre looked at the old dean and said, "What's the matter? Do you have any questions?"

The old dean quickly replied: "No problem."

"It's just that I don't know where the Demon Race carriage is now?" Just listen to the old dean's question.

General Torre said, "You can rest assured, I will let Addu take you all."

After speaking, General Torre suddenly turned his head and said to a tall, thin, armored man next to him, "Ade!"

After hearing the general's call, Naad quickly turned his head: "General."

"Ade, I now send you to lead our great illusionist to find that Demon Race carriage... and attack it."
