

A Killer 2741

Chapter 2741: Attack the demons

The tall and thin people in front of him heard it and said, "Yes, General."

In this way, General that Torre was going to send the old principal in front of him to attack the "carriage" of the Demon Race.

"If there are no doubts, you should hurry up and prepare." Just listen to the general Torre to say to them.

Hearing that General Torre said so, they saw the old dean and said, "Okay."

Soon, the old dean and the others returned to their barracks, and Li Tian and the others followed.

I saw the old dean glance at everyone present, and then said: "This time, it is our first mission here at Bander College. I hope everyone will complete it."

After hearing the old dean's words, Anderson and the others nodded and said, "Yes."

"Everyone, get ready. After half an hour, we will gather and set off." Just listen to the old dean.

After the old dean said so, everyone nodded quickly.

Immediately afterwards, everyone began to clean up briefly.

This time, it was the first time they had accepted the task of an imperial general! So everyone is full of confidence!

However, they didn't know who was sitting in the Mozu "carriage" to be attacked this time.

Soon, everyone was almost ready.

Half an hour later, Li Tian and Anderson came to gather in the barracks of the old dean one after another.

The old dean saw that everyone was coming, and said at the moment: "Are you all ready?"

"Ready." Everyone said in unison.

The old dean smiled slightly and said, "Now that we are ready, let's set off."

With the order of the old dean, all of them walked out of the barracks.

Outside, I saw that Tutong Ade had already taken more than a dozen soldiers, waiting outside.

After seeing the old dean and them come out, Addutong in front of him swept down from the war horse, and then looked at the old dean with a smile and said: "Illusors, can we set off now?"

"Yes." The old dean said there.

After hearing the old dean's words, Ad Dutong smiled and said, "Then let's go."

Following an order, they saw the old Dean Heris and they also rode on the horses brought by the soldiers.

Then one by one vigorously rode up.

Under the leadership of Na Addutong, everyone rode their horses and galloped towards the distance.

Along the way, everyone almost didn't speak much, they were all following the Addutong silently. They marched in the northwest direction.

Soon, after crossing a barren wilderness, Na Addutong suddenly signaled everyone to stop first. The old dean and they straightened the reins and stopped.

"Dutong, what's the matter?" After stopping, the old dean looked at Addutong in surprise and asked. But seeing that Ade was all there and said: "We are about to get close to the team of Demon Race." Everyone was slightly startled when he heard that Ade said all of them.

I saw that Addu pointed to the wasteland ahead and said, "If there is no accident, the carriage of the Demon Race will definitely pass by here!"

The old dean looked at it.

At this moment, Li Tian suddenly spoke, and he said there, "Since the Demon Race's carriage is going to pass here, why don't we sit here and wait for them."

Hearing what Li Tian said, Ade was all startled, and then smiled and said, "This little brother makes a lot of sense!"

The old dean also smiled slightly.

"Well, let's find a place to hide, and then wait for the arrival of the Demon Race's carriage! Once it comes, we will attack them." Addu reunified.

After listening to all Adedu saying this, everyone nodded.

"Let's go, let's find a place to hide first." Addu said in that way.

"Dutong, there is a small forest in front... we can hide there first." A soldier in armor suddenly said there, while speaking, he pointed his finger at the forest over there.

Then Adedu glanced at the place in front of his left, and suddenly saw the dense small forest. After seeing it, he said in a way: "Okay! Everyone follows me and enters the forest."

After Na Adedu said so, everyone followed him to the small forest.

The grove is not very big, but the trees are indeed extremely lush.

When Li Tian and the old dean entered the woods, they thought it was indeed a good hiding place.

Then, they swept off the horses, and asked the soldiers to take the horses to the back, and then they sat in the woods and waited!

The cold wind was blowing, and in the endless wilderness, one or two huge eagles could occasionally be seen flying in the sky.

"Old Dean, fellow Rock Academy guys, why didn't you come with us?" Anderson, who was sitting next to the old Dean, suddenly asked at this moment.

But seeing the old Dean Hollis frowned slightly and said: "Maybe, the general has other arrangements for Rock Academy."

"Is it?"

"Yep."

Anderson continued: "I don't know who is in the Demon carriage we are going to attack this time! Haha, isn't it the highest commander of the Demon race?"

Cyril on one side laughed and said, "Teacher Anderson, you really think! Haha, if that's the case, that would be great!"

The other people around him also laughed at this moment.

Only Li Tian sat quietly in the corner.

He was leaning on one side, thinking little by little in his mind about the "Thunderstorm" illusion that Anderson had practiced yesterday.

Li Tian can only use two qi illusions, one is the slave qi technique and the thousand-kill sword technique. The other illusions are not at all! There is no chance to learn! Last night I suddenly saw the thunder and lightning illusion practiced by Anderson, which made Li Tian suddenly feel happy! So at this moment, he is still thinking in his mind.

Just as Li Tian was thinking of the thunder and lightning illusion in his mind, a sudden low voice came from Teacher Na Cyril's mouth.

"Here is someone."

As he said it, Li Tian quickly turned his head to look, while the old Dean Heris and the other people around him also turned their heads at this time and looked at the distant place.

Look carefully, but see that in the vast wilderness, a very tall orc is riding a white snow wolf, quickly riding from a distance.

Chapter 2742: The battle begins

"Why is it a half-orc?" At this moment, when they saw a half-orc riding a white snow wolf appearing in the open wilderness, Anderson was not only surprised.

The old dean and Li Tian not only frowned tightly.

But seeing that well-informed Addutong said, "That is the outpost of the demons!"

"Outpost?" When the old deans here heard it, they were not only slightly startled.

Then Adedutong explained: "Yes, in general, before the big figures of the demons appear, they usually let the orcs rush to the forefront, and then observe the situation first, and after they ensure safety, the rest Talent will come."

"If, I guess it's correct, the Demon Race's carriage will arrive here soon." All that Addu looked at the half-orc riding the snow-white wolf.

After everyone heard that Addu said this, they didn't speak, and began to observe the situation in the wilderness.

I saw the orc riding the white snow wolf, arrived in the wilderness and looked around, then suddenly turned back on the white snow wolf.

When everyone saw the half-orc turning back, they were all waiting quietly.

Suddenly, in a distant place, they saw a group of people walking towards this side mightily.

"Come! It's really here." Just listen to the excited voice of Anderson.

Following his words, everyone was there and looked at the place with their eyes raised.

I saw that team of people gradually began to appear in the wilderness. I looked carefully, but there were more than 20 people in total.

Among them, a dozen tall and burly orcs rode white snow wolves in the front, and there were several blood illusionists in black robes behind them.

The blood illusionists looked more terrifying one by one, all in black, tightly surrounding a huge and gorgeous sedan chair, as if the sedan chair was an extremely important person.

But seeing that gorgeous sedan chair, there are a total of 6 snow wolves pulling, the huge sedan chair is covered with golden paint, and there is a door curtain at the front...

Because it was blocked by the curtain, no one could see who was sitting inside.

Just as the group of demons were moving forward, suddenly a cold and sweet woman's voice came from the sedan chair.

"Where are you now?"

The sound was cold, icy, and rocky.

The moment this sound came out, I saw a blood illusionist with a pair of eagle eyes on the left side of the sedan chair, and quickly replied: "Return to the saint, now has reached the dark swamp... Surprisingly, in two more hours, we will be able to rendezvous with our large forces."

Saint?

After the eagle-eyed blood illusionist said so, the cold woman in the sedan said again: "Hurry up and meet the troops."

"Yes."

Just listen to the eagle-eyed blood illusionist said quickly.

Immediately afterwards, I saw these Demon Race guys speeding up their pace and quickly walked towards the direction of the Demon Race army to the south.

...

Just as these demon guys came here, the old dean and the people around them watched with a sullen expression.

"Twelve half-orcs, six blood illusionists..." The old dean murmured while observing the situation.

"Anderson, Cyril... You listen to my orders, and when you attack later, you two will deal with the two blood illusions on the left side of the sedan, Evelyn and Loft, you attack the two blood on the right side of the sedan. Illusionist! Give me the remaining two at the top. As for the others, they are dealing with the half-orcs." The old dean suddenly ordered while watching the situation.

After listening, everyone said quickly, "Yes!"

Only Li Tian was depressed there...

Everyone has assigned characters, but why didn't you assign them? Are you going to deal with those half-orcs?

"Old Dean, what about me?" Li Tian suddenly asked.

Following Li Tian's questioning, but seeing the old dean Heris suddenly smiled there: "You? Of course I have a more important task for you... Hey, Li Tian, you are responsible for dealing with the demon guy in the sedan chair. , See who he is? No matter who it is, you must catch him."

It turned out that the old dean left the characters in the last sedan chair to Li Tian.

No wonder the old dean has not assigned Li Tian tasks.

After hearing what the old dean said, Li Tian also smiled slightly and said: "Old dean, please rest assured, I will definitely live up to my trust."

"Very good." The old dean said after hearing this.

Then he turned his head to look at all the people in Bander Academy, and said there: "This time, it is the first time that we have contended against the Demon Army on the battlefield. I hope everyone will not fail our Bander Academy's reputation."

After hearing this, everyone said, "Please rest assured, the old dean, we will definitely complete the task."

Listening to everyone saying this, the old dean smiled with satisfaction.

"Everyone, get ready, the demon guys are getting closer and closer, listen to my order..." The old dean was lying in the woods at the moment, watching the demon guys who are getting closer and closer there. Say.

I saw the luxurious sedan chair and the blood illusionists slowly approaching here!

They were completely unaware of it, and never thought that someone would secretly attack them at this time, they were just walking peacefully at this moment.

Suddenly when the team approached the woods, the old dean suddenly rushed out first.

"kill."

A roar came out of the old dean's mouth.

Immediately afterwards, I saw Naisha, several other students from Bander College, and Naad all rushing out of the woods with his soldiers.

When these people of them rushed out, the half-orc of the demon clan let out a roar.

The blood illusionists of the Demon Race who were tightly surrounding the sedan chair also frowned at this moment.

"There are humans! There are humans!"

"Protect the saint."

I saw the demon blood illusionist with eagle eyes roaring there.

Here, Isha and Ade have all rushed out. When they rushed out, the dozen orcs riding the white snow wolf in the front of the Demon Race suddenly roared and all rushed over. .

They held huge swords in their hands, then screamed at Isha and the others.

The blood illusionists of those demons were still there, guarding the sedan chair.

Soon, Yisha and Addutong had brought soldiers to fight with the half-orcs of the demons.

At this moment, Anderson and Nasiril suddenly flew over from the woods.

"Leiguang Movie."

Anderson yelled, cast a lightning illusion in his hands, and then hit the blood illusions on the left side of the sedan chair.

Teacher Nasiril also displayed the Blade of Wind, the wind illusion, and hit another blood illusionist.

Chapter 2743: Li Tian shot

When suddenly I saw two illusions on the left side attacking their sedan chair.

I saw that the blood illusionist with eagle eyes suddenly said grimly: "There is an illusionist."

"Everyone, be careful."

With a low drink, he saw the two blood illusionists in black robes standing on the left side of the sedan chair making a joint shot.

The two waved their hands, and a **** energy suddenly swelled from their bodies, and then attacked against Anderson and Cyril.

After Anderson and Cyril smoothly led away the two blood illusionists on the left side of the sedan chair, they saw the beautiful teacher Evelyn and the fire illusion teacher Loft, also shot Up.

Their target is the two demonic blood illusions on the right side of the sedan chair.

I saw that Evelyn used water-type illusion, while Na Loft used fire-type illusion.

One water, one fire, two illusions were used together, and then they hit the two demon illusions on the right side of the palanquin.

The two blood illusions on the right side of the demon sedan chair suddenly saw two more human illusions attacking them, and the two of them hurriedly shot.

After the four demonic blood illusionists on the side of the sedan chair were all attracted to the past, the old principal here also suddenly shot.

"Scorching Qilin."

The old dean's hands shook in the void, but saw a huge golden flame emerging from the palm of his hand, and then the golden flame turned into a terrifying fire dragon.

The fire dragon howled and attacked the two demon blood illusionists in the middle.

The terrifying flame fire dragon was attacking the two demon blood illusion masters.

The Demon Blood Illusionist with a pair of eagle eyes, at the moment when he saw the old dean's high-level fire system illusion of the "flaming Qilin", his eyes suddenly became extremely dark.

"Second, protect the saint, I will deal with this guy."

With a roar, I saw the demon blood illusionist with eagle eyes, and shouted: "Blood Shadow Gangsha."

Suddenly, Wudao Xuesha distraction appeared from his whole body. These bloodshadow distractions were exactly the same as his body. At the moment when they were transformed, all the five bloodshadow distractions suddenly shot.

A series of terrifying blood suddenly attacked the fire dragon.

But seeing the blazing fire dragon flying in the air, it roared and was entangled by layers of blood, the fire dragon struggling violently in the air.

The old dean never expected that this demon blood illusionist with eagle eyes could be so powerful, and when he moved his body, he suddenly shot two fireballs from the palm of his hand.

The eagle-eyed black-robed blood illusionist snorted coldly, raised his right hand, and a ***** wind suddenly rose.

With a bang, I saw that the two blazing fireballs that the old dean flew over were all crushed in midair.

The old dean screamed at this moment, and shot at the black-robed old man of the demon race extremely fast.

The fire technique illusioned by his left hand suddenly hit the Eagle Eye Blood Illusionist.

But seeing the eagle-eyed blood illusionist, his left hand was lifted, and his blood surged, and he immediately blocked the move of the old chief, then flipped his right hand and quickly attacked.

The old dean backed away and avoided.

The illusion skills of the two are evenly divided.

At this moment, after the old dean suddenly retreated, he heard the blood illusion of the demon in front of him suddenly coldly snorted; "Just because you gang of weak humans want to attack us?"

The old dean didn't pay attention to him, but suddenly flew up and flew toward the open land on the left.

The eagle-eyed blood illusionist saw that the old dean wanted to go, and suddenly angrily said, "Want to run?"

There was a loud shout, but the demon blood illusionist who saw the eagle eye suddenly chased after him.

The old dean finally seduce this powerful demon blood illusionist away.

At the moment when the old dean lured the eagle-eyed blood illusionist to run away, there was a roar in the woods, and a figure flew towards the demon sedan chair at the speed of light.

The speed is amazing.

Li Tian finally made a move.

At the moment of the demon sedan chair, only one demon blood illusion was standing there coldly, guarding the sedan chair.

Suddenly seeing the terrible attack from Li Tian's figure, this demon blood illusionist was startled, and then shouted angrily: "Blood barrier."

Suddenly, he used his blood to form a huge barrier around the sedan chair.

But seeing the body shot by Li Tianfei, and seeing the blood illusionist of the demon race forming a blood barrier around the palanquin, Li Tian suddenly raised his right hand and used the "slave air technique", and then Suddenly control the two huge bluestones on the left.

Then he stretched out his hand and waved, only to see two huge blue stones, flying directly in the direction of the sedan chair.

With a bang, two huge bluestones hit the blood barrier created by the blood illusionist, and with a click, the two huge bluestones were shattered, but the powerful force also caused the blood barrier to suddenly disappear. There was a trembling.

The Demon Blood Illusionist was taken aback, and stared at Li Tian with his fierce eyes.

"Things looking for death."

With a loud shout, the Demon Blood Illusionist suddenly accumulated his hands on his chest and quickly formed a blood mark.

"Earth Magic."

Following the anger of the Demon Blood Illusion Art, one of his Jieyin hands suddenly pressed to the ground.

The whole ground suddenly made a rumbling noise, and then cracked and hit Li Tian.

Li Tian was taken aback, looking at the cracked ground, as if something was rushing towards him on the ground.

Right now, he hurriedly flew, and then used the Thousand Killing Sword Technique, an invisible blade was directly accumulated in the air, and then slashed in terror, slashing towards the cracked ground.

With a bang, I saw the invisible blade slashed on the ground, and a **** energy shot out from the ground...Li Tian retreated quickly, and then quickly slapped out a palm. The strength of the strong palm shattered the **** energy.

Then Li Tian quickly displayed the Xuantian fingering, and shot at the blood illusionist with sharp and sharp fingers.

The blood illusionist dodged his body, and his whole person was tightly guarding the palanquin.

Just when the blood illusionist of the demon race was avoiding Li Tian's Xuantian fingering, suddenly Li Tian quickly performed the slave energy technique.

His slavery technique has now reached the point where he wants to do whatever he wants. Once it is used, the opponent is completely unaware of it.

"stop."

At the moment when Li Tian inadvertently performed the "Slavery Technique", he suddenly controlled the Demon Blood Illusion Technique guarding the sedan chair.

The blood illusionist of the demon race was suddenly controlled by the invisible slave-qi technique, and was shocked at the moment.

A pair of eyes widened, looking at Li Tian unbelievably there.

Chapter 2745: Lost

Just after Li Tian was stunned by a punch from Anderson, the old Dean Khri hurriedly said, "Go, take Li Tian and leave here."

Anderson and Loft didn't dare to stay for a moment. At this moment, he quickly dragged the stunned Li Tian, and then slid towards the woods.

The old dean here backed away while dealing with the terrifying demons blood illusionist.

After a while, I saw that all the soldiers led by Addutong were killed.

"Withdraw, let's go into the woods." The old dean exclaimed.

He had already seen that they weren't the opponents of these demonic blood illusions at all, and could only retreat at this moment.

Fighting, retreating,

One of the slow retiring students of the fire department illusionist of the Bander Academy... was killed by the eagle-eyed demon blood illusionist.

The whole blood penetrated the student's chest, and the student screamed and fell to death in a pool of blood.

And what about the old dean? Although my heart ached, I couldn't take care of that much anymore. At this moment, one by one fled to the jungle in embarrassment.

Just after they all fled to the woods, the blood illusionists of the demons suddenly stopped chasing.

"Stop!" The eagle-eyed blood illusionist who was headed suddenly said.

The blood illusionists in black robes around him all stopped.

"Boss, aren't you chasing?" He only heard the anger of another blood illusionist who was tall and thin, and his face was as pale as a ghost.

The eagle eye's blood illusion said: "At the moment, the protection of the saints is the most important. These human illusions will one day kill them."

After speaking, the blood illusionists around them nodded silently.

"Go, let's go back."

After speaking, under the leadership of the eagle-eyed blood illusionist, they all retreated again.

I saw Situ Ning standing in the wilderness coldly, watching the blood illusionist by his side return.

After the blood illusionists of the demon race came back, they hurriedly said to Situ Ningbing: "Holy woman, I'm sorry, I was frightened."

Situ Ningbing glanced at the blood illusionists of these demons, and said coldly: "There is another time, you all deserve to die."

When the blood illusionists of the demon race heard her say this, not only did they chuckle all in their hearts, then they quickly said in fear, "Yes, yes, yes."

Situ Ningbing gave a cold snort, then ignored the blood illusionists, and walked towards the south.

The blood illusionists of these demons behind her hurriedly followed her.

...

In this battle, the old dean lost.

And the loss is quite large.

Not only was the dozen or so soldiers led by the Adedu Commander killed, but even one student was lost to Bander College.

Even the wind teacher Cyril was injured.

I saw them fled into the jungle embarrassedly.

Na Anderson and Loft dragged Li Tian who was knocked out. After a long escape, they finally found a place and put Li Tian down.

Looking at the stunned Li Tian, Loft, the illusionist teacher of the Fire Element, roared there, "What the **** is Li Tian doing?"

"I clearly saw that he was about to control the Demon Race woman, why did he not start? And let the other party hurt him?"

Then Anderson was also blank, looking at the unconscious Li Tian, and said: "I don't know either."

"I'm so angry! Li Tian is to blame for this defeat, he is blamed." Loft said angrily.

Just as they were talking, the old dean led the others and fled in embarrassment at this time.

At this moment, everyone came over with strange expressions on their faces.

"Our mission failed this time." Old Dean Hollis walked over and said with an extremely ugly face.

Everyone bowed their heads sadly.

I saw the old dean silently walked over and glanced at the unconscious Li Tianzai: "Anderson, how is Li Tian?"

Anderson replied, "He's okay, he was just knocked out by me."

"Wake him up, I have something to ask him." The old dean suddenly said in a severe voice.

At this moment, everyone came over and looked at Li Tian dizzy.

Seeing that Anderson heard the old dean say this, he nodded, then walked to Li Tian's side, and then used one hand to hold Li Tian's people, press hard, Li Tian suddenly fell out of a coma Woke up.

"Ningbing...Ningbing..." Li Tian was still calling his favorite name when he was sober.

Everyone was looking at him wonderingly at the moment.

It was also at this moment, but when he saw that Adedu Tong suddenly jealous and walked towards Li Tian.

"Asshole, I blame you! I blame you for killing so many brothers... I want you to pay for my life."

Seeing that Ade was all mad, he grabbed Li Tian, who had just woken up, and hit Li Tian with a punch.

Fortunately, he was hurriedly held by Anderson beside him, and Anderson said there, "Adedutong, please calm down! Li Tian didn't mean it."

"Isn't he intentional? He is a **** who can clearly catch the Demon woman in the sedan chair... Why didn't you catch it? Why was she injured by the other party? If it weren't for him, my brothers would not die! Blame him, blame him." Adedu shouted angrily.

Everyone present heard the angry voice of Adedutong, and at this moment they not only sighed deeply, and then looked at Li Tian.

Everyone knows that Ade is all right!

Indeed, it was indeed because of Li Tian that this scene caused such a tragic result.

If it weren't for Li Tian's sudden dumbfoundedness...suddenly he was stunned...It is estimated that a dozen soldiers would not have sacrificed.

I saw that when everyone was looking at Li Tian, Li Tian seemed to be desperate and shouted straight in his mouth: "Ningbing...Ningbing..."

Everyone was surprised when he heard a weird name calling him.

"Li Tian, who the **** is the name you shouted?" The old dean suddenly asked.

Others were also looking at Li Tian at this time.

Li Tian didn't know if he heard the voice of the old dean... just stood there blankly with pain in his eyes, without speaking.

"Li Tian, do you know? This time, because of your mistake... we have lost a lot of innocent lives." The old dean sighed there.

Li Tian still didn't speak, standing there sadly.

As if in his heart, at this moment only his lover, Situ Ningbing.

"Li Tian, why don't you speak? The Ningbing that you shouted...who is it?" the old dean continued to ask.

Chapter 2746: Find her

But no matter what the old dean said, Li Tian never answered his words from beginning to end.

Just standing alone in pain, endless hesitation appeared in his eyes.

"Old dean, let Li Tian be quiet first." The beauty teacher Evelyn saw Li Tian's appearance, not only distressed there.

The old dean looked at Li Tian who was desperate, couldn't help but sighed, and then walked away.

At this moment, everyone not only looked at Li Tian there, and then walked away without saying much.

Only Li Tian stood here alone.

"Ningbing, why are you in the Demon Race? Why? What is all of this?" Suddenly a word came out from Li Tian's mouth in pain.

"Also, why do you seem to not recognize me?" Li Tian continued to think in that mind.

He recalled the face of Situ Ningbing just now... There were a thousand in his heart, ten thousand were sure, that woman was the Situ Ningbing he had been looking for.

Unexpectedly, the moment she finally saw her, she seemed to not know herself at all!

What is all this?

...

On the other side, the old dean and others were sitting depressed.

"What the **** is going on with Li Tian? Is he crazy? Why is it screaming at a woman of the Demon Race?" Na Loft said angrily there.

Anderson on one side said at the moment: "Well, it's a bit strange."

"Have you noticed that Li Tian's appearance is as if he knows the woman of the Demon Race. When you see him before leaving, he has been yelling a name to the woman of the Demon Race."

"Anderson was right... Maybe, Li Tian knew that woman... That's why he showed a horrified expression at that time." The teacher Cyril next to him also said.

Listening to them, the old dean sighed deeply there, "Hey, no matter what, this time, we have lost a lot."

"Especially Adedutong!"

As the old dean said, he turned his head and looked at the Addutong.

I saw Addutong, his mouth roared: "The illusionist in your college, what is going on? I have killed so many brothers. I will not let this account go."

"Especially that bastard, after I go back, I must report to the general and military law will deal with him." Addutong still hates Li Tian there.

Everyone heard that Ade all said so, and they were speechless and did not speak.

In the end, the beautiful teacher Evelyn stood up and said to the old dean, "Old dean, how about that? Let me ask Li Tian to see what's going on?"

The old dean thought for a while and said, "That's fine... I hope you can ask the reason."

The beauty teacher Evelyn smiled slightly and said: "Okay."

Then the beauty teacher Evelyn quickly walked towards Li Tian.

Soon, she saw Li Tian sitting in the woods with a painful expression.

Looking at Li Tian, Evelyn walked over slowly.

"Li Tian, how are you doing? Are you okay?" Evelyn's gentle voice passed into Li Tian's ears.

But Li Tian just ignored her and ignored her.

Evelyn saw that Li Tian ignored herself, and said: "Li Tian, I know something is in your heart...but I still hope you can tell it! Although you say it, I may not be able to help you, but you After opening your heart... always feel better."

Listening to that beautiful teacher Evelyn said this again, Li Tian, who had been silent from beginning to end, suddenly spoke.

"She, she is my love." A strange word came out of Li Tian's mouth.

When Li Tian suddenly said such a strange sentence, Evelyn was taken aback.

what?

"Your love? Li Tian, what are you talking about?" Beautiful teacher Evelyn suddenly surprised.

Then I saw Li Tian turned his blood-red eyes and looked at Evelyn before him.

"The woman in the sedan chair...she, she is my love! She is the most loved woman in Li Tian's life. She is called Situ Ningbing." Suddenly Li Tian said.

When Li Tian said this sentence, Evelyn was stunned.

what?

"That...that...the demon woman...is your lover?" Evelyn opened her beautiful eyes and looked at Li Tian incredulously.

But seeing Li Tianhong with his eyes open: "Yes, it's her."

"The reason why I came to this strange world... is to find my love... to find her!"

"Now, I finally found it, finally found her."

After hearing Li Tian say this, Evelyn was completely stunned.

His face was full of horror and surprise.

"Li Tian, did you admit the wrong person?" Evelyn said in shock.

Li Tiandao: "No, I didn't, I absolutely didn't admit that she was wrong, she must be Ningbing, definitely Ningbing." There was no doubt in Li Tian's voice.

When the beauty teacher Evelyn heard this, she was astonished at the moment: "Well, even if I believe you, I believe that the demon woman is your lover! But since she is your lover, why would you take action against you? And she hurt You... How do you explain this?" Evelyn suddenly asked Li Tian.

As soon as Li Tian heard it, he felt a little bit inside.

Yes, this is what Li Tian doesn't understand most now.

He didn't understand why Ning Bing would suddenly attack himself.

Moreover, looking at Situ Ningbing's glamorous beautiful eyes at the time, it seemed that she did not know herself at all. What was going on in the end?

How could she not recognize herself?

"I don't know, I don't know what happened to Ningbing." Li Tian suddenly said in pain.

The beauty teacher Evelyn looked at Li Tian's painful appearance, and said distressedly: "Li Tian, maybe you have read it wrong... that demon woman is not your lover."

"No, no, I would never be wrong, she is definitely Ningbing, but I don't know what happened to her now."

"From the earth to here, too many weird things have happened, even I don't know now, whether all these are dreams or facts. But I am convinced that what I see today is definitely my love." Li Tian suddenly raised his head and looked at the endless sky.

When the beautiful teacher Evelyn heard Li Tian talk about the earth, not only Liu brows suddenly wrinkled.

At the same time, I couldn't help but secretly said in my heart: What on earth is Li Tian talking about? What earth? What dream?

Just when the beautiful teacher Evelyn thought this way, suddenly Li Tian stood up from the ground.

The beautiful teacher was taken aback and looked at Li Tiandao in surprise: "Li Tian, what are you doing?"

But seeing Li Tian suddenly said, "I'm going to find her, to find Ningbing."

Chapter 2747: go away

When Li Tian said these words all of a sudden, the beautiful teacher Evelyn in front of her was suddenly shocked.

"Are you going to find her?"

But seeing Li Tian said there, "Yes."

"I finally found Ningbing. This time, I absolutely can't lose her again." Li Tian said suddenly.

When the beautiful teacher Evelyn heard it, she was shocked.

"But, are you just going to leave like this? Don't tell them the old dean?" Just listen to the beautiful teacher Evelyn suddenly saying there.

Li Tiandao: "Sorry, I'm too late."

"I must go to Ningbing now... because if I don't go to her, if she disappears again, then I will feel guilty for the rest of my life."

After Li Tian finished speaking, he suddenly turned around and was about to leave.

There is only one thought in his heart now, that is to find that Situ Ningbing quickly and find his lover!

He can ignore everything, for his love, he would rather abandon everything.

Just when Li Tian was about to leave, the beautiful teacher Evelyn suddenly reached out and held Li Tian there.

"Li Tian, don't go... Our Band College needs you... If you leave like this? What should we do?" Just listen to that beautiful teacher Evelyn said.

Li Tian suddenly felt a pain in his heart when Evelyn said this.

Yes, if Li Tian left like this, it would be a bit unjust!

But how could he just lose his favorite like this?

He came to this world of different worlds, he had no other ideas at all, he only had one, and that was to find his favorite Situ Ningbing.

Now, Situ Ningbing may be not far away, so Li Tian can only make up his mind at this moment.

"Sorry, I have to go, I have to find her."

After speaking, Li Tian suddenly broke away from that Evelyn's hand, then slid, and then shot into the distance.

"Li Tian, Li Tian..." Seeing that Li Tian left like this, Evelyn yelled there.

Unfortunately, Li Tian has already taken away.

Evelyn stared blankly at Li Tian and left like this, and she was completely stunned.

Then she hurriedly went to find the old Dean Hollis and them.

But seeing that the old dean Hollis and others were still closed, they didn't know about Li Tian's departure, and they were still sitting quietly on the side of the woods.

Suddenly I saw that Evelyn ran over.

"Old Dean, it's not good, it's not good." Evelyn yelled while rushing over here.

Hearing that Evelyn's scream, the old Dean Hollis and others who were sitting in the jungle were not only taken aback at the same time.

Immediately afterwards, one by one quickly stood up from the ground, looking at Evelyn with a surprised face and asking, "Evelyn, what's the matter?"

"what happened?"

After the old dean asked them, they saw the beautiful teacher Evelyn hurriedly saying: "Li Tian...Li Tian, he is gone."

"what?"

When Evelyn suddenly said this, the old Dean Hollis and others couldn't help screaming together.

"Evelyn, what are you talking about? Where did Li Tian go?" Old Dean Heris quickly walked over, looking at Evelyn in shock and asked.

But I saw that Evelyn said: "Li Tian went to find the woman of the Demon Race."

what?

When the old dean heard what Evelyn said for a moment, all the people present were totally astonished at this moment, looking at Evelyn with extremely shocking eyes. .

"What? Li Tian go... to find the woman of the Demon Race?" The old dean Hris suddenly shouted loudly.

Evelyn nodded quickly there.

Immediately after that, Li Tian said what he had said before to all the five to ten people.

After that Evelyn had spoken all the words, the old dean was shocked.

"This...this...child...how could this happen!!!" The old dean suddenly sighed deeply.

I saw that the other illusion teachers on one side also showed extremely disappointed expressions on their faces.

They originally hoped that Li Tian could be alone in dealing with the demons... But they didn't expect that Li Tian would choose to go by himself under the extremely complicated situation now...

...

Li Tian did leave.

But the moment he made up his mind, no one could stop him anymore.

So he left.

Li Tian quickly swept out the woods in front of him, and then he reached the wilderness just now.

Above the wilderness, Li Tian saw the imperial soldiers killed in the battle just now... and the corpses of those brutal orcs...

However, he did not see the Situ Ningbing, and the blood illusionists of the Demon Race.

"Where are the people? Have they left?" Li Tian said secretly, staring at the surroundings.

Looking around, Li Tian was a little confused at the moment.

He didn't know that Situ Ningbing... and the blood illusionist of the Demon Race actually went in that direction... So at the moment he was a little at a loss.

Looking around, Li Tian suddenly thought, "Ningbing is already in the Demon Race, so if they are going, they must go to the base camp of the Demon Race."

"If this is the case, I will follow the direction of the base camp of the demon race, and I believe I will be able to find Ningbing."

Li Tian thought.

After thinking about it in my mind, but seeing Li Tian, he decided to go to the base camp of the demons.

The base camp of the demons, Li Tian heard the general Torrey talk before.

Just 30 kilometers southwest of the Dark Swamp! So at this moment, Li Tian followed the route and began to move forward in the southwest direction.

He was going to find his favorite woman Situ Ningbing.

Along the way, Li Tian moved his figure and flew quickly while thinking about his thoughts in his mind.

"Why doesn't Ningbing recognize herself?"

"In her eyes, when she sees herself...why is she so cold and unfeeling?"

"And most importantly, how can Ningbing be in the Demon Race?"

What is going on all this? Li Tian is not clear at all now, so he must figure out everything now.

Li Tian, who was thinking this way in his mind, flew forward quickly.

After moving and flying for a while, Li Tian suddenly saw a barren land a few hundred meters ahead.

The soil there is all black, and all the thick trees have dried up, and there is not even a single weed in it...some are just messy stones, and those weird crows are screaming there.

Chapter 2748: Weird place

What a desolate and weird place.

When Li Tian was about to reach the place, he stopped and looked curiously from a distance.

This deserted place, I don't know why, it's gloomy, giving people a shuddering feeling.

And when Li Tian was standing outside, he could feel the sound of golden and iron horses echoing in this deserted place...

Just as Li Tian looked at the deserted place in front, he suddenly saw that there were two huge stone tablets carved there.

Li Tian was stunned for a moment, then he slid his body and flew towards the two huge steles.

When Li Tianfei flew over the two huge stone steles, Li Tian took a closer look, but saw the two huge stone steles, one is white and the other is black.

The two steles stand in opposite directions!

And it was covered with dust and weeds.

Li Tian looked at the two weird stone steles, and suddenly walked to one of the black steles closest to him. The moment he walked past, Li Tian slowly squatted down, and then stretched out his arms to wipe the steles.

After wiping, he suddenly found a row of small words on the stele.

Li Tian couldn't help being stunned when he saw that there were words on the stele. Then he looked down and took a closer look, but he saw that it read: "The top ten blood illusion masters of the demons are buried here and the stele is erected. For Ji, respect the power of the demons!"

After seeing this row of small words, Li Tian was stunned.

"The top ten masters of the demons?"

Li Tiantian was startled.

"Did the top ten blood illusion masters of the Demon Race ever die here? Is this inscription erected by the Demon Race?" Li Tian's mind flashed one by one.

Just as Li Tian was thinking this way in his mind, he suddenly saw the white stele on the left again.

"What the **** is on this white inscription?"

Thinking of this, Li Tian ran over quickly.

Immediately afterwards, he squatted down and wiped the dusty stele with his arm. After wiping it, he saw a row of texts that were the same as the black stele, but the content on it was complete. Different.

It actually reads: "The top ten illusionist masters of mankind are buried here, to commemorate the ancestors who died in the Second Demon War!"

Talking about two dozen words, it tells the past scene after scene.

When Li Tian saw the words on the white inscription, his heart suddenly shook.

"It turns out that this white inscription was made by humans? The black one was made by demons?"

"Also, this inscription says, The Second Demon War? Isn't that a thing of the past a hundred years ago?"

Li Tian looked at two black and white stone steles, and his mind quickly turned around, thinking about these questions.

Could it be said that this is the battlefield of the second demon war?

Li Tian clearly remembered that at the time, the old Dean Hollis briefly talked about the Second Demon War.

He said: Back then, the blood illusion masters of the demons and the human blood illusion masters were buried in the same place in a great battle. That battle was extremely tragic.

However, the old dean never mentioned the name of that place.

After Li Tian thought of this in his mind, he suddenly muttered in his mouth: "Unexpectedly, in the tragic battle a hundred years ago, I could not imagine that the super illusionist of humans and the blood illusionist of the demons were all buried there. Here!"

Li Tian stared at this deserted place while blinking his eyes, and now he finally understood why when his eyes saw this deserted place, he would have that gloomy feeling... and The sound of the golden horse and iron horse.

Looking at these two weird steles, Li Tian finally stepped into this weird place step by step.

After walking into this barren place, Li Tian felt the Xiao killing breath in the air!

The more you go inside, the more you can hear the screams from the wind... and the sound of the golden horse and iron horse of the war, as if the souls who died here are still staying here.

Li Tian walked step by step. When he walked to the front, he could see a lot of bones left on the black ground... Some of those bones were still holding weapons that had been rusted for a long time...

Seeing all this, Li Tian couldn't help sighing slightly.

As Li Tian walked toward the front, he suddenly felt that there was someone in front of him.

At the moment when he noticed it, Li Tian was startled, and he quickly found a thick, withered tree to hide there.

Then he blinked his eyes quickly and looked forward.

I looked carefully, but suddenly a tall figure in a black robe appeared in front of the deserted place.

"Devil?"

When Li Tian saw the weird person wearing a black robe, Li Tian suddenly felt a bit in his heart.

He never thought that he would meet a demon guy in such a barren place.

It can be seen from the tall and thin black-robed man that he should be the blood illusionist of the demon race...because his appearance is exactly the same as those of the blood illusionist of the demon race.

Li Tian was hiding in a withered tree and watching the situation.

I saw the very tall Demon guy, a black robe covering his body, I saw him squatting on the ground, holding a pile of fire paper in his hands, and burning in front of a dead tree.

It's as if you are worshiping someone.

After looking at such a weird situation, Li Tian was astonished: What is this demon guy doing?

I saw that demon guy, burning the pile of fire papers, whispering in his mouth: "Caso, Belos, you old things died here a hundred years ago... Hey, I'm here today. Visit and visit you!"

"It's a pity that you old guys died, it's a pity, it all comes down to those ignorant humans."

"This time, the war between demons and humans has begun again. Otis, I swear, will make humans pay ten times the price of blood to pay homage to you."

This weird man in a black robe murmured in his mouth while burning the fire paper here.

His words passed into Li Tian's ears word by word.

When Li Tian heard that the guy who claimed to be Otis suddenly said this, he couldn't help being stunned.

"This guy is really the blood illusionist of the demons!"

"Unexpectedly, he appeared here... to pay tribute to the masters of the demons who died here a hundred years ago!!!"

After Li Tian thought about it this way, he was not only shocked there.

Chapter 2749: Blood Seal

I saw the weird man who claimed to be "Otis" burned the fire paper little by little, and then he squatted beside the dead tree.

A gloomy cool breeze blew the fire paper slightly away.

This is the place where the most sacrifices were made in the second demon war. It is also the place where the masters of the demon race and the illusionist masters of the human race will die in their lives.

It's a pity that all the people here died.

None of them survived.

Even the ten blood circle masters of the demons and the ten human illusion masters were buried here.

Li Tian just hid behind the dead tree like that, and then observed the situation here.

He could feel this extremely tall, extremely thin Demon guy, his body covered with extremely powerful spiritual power.

This feeling was encountered by Li Tian once before! That was when Li Tian had this feeling when he encountered Morodo, one of the two chaos demons, during the last glacier.

Unexpectedly, this time, Li Tian had the same feeling again.

Therefore, Li Tian did not show up easily at this moment. He could feel that the strength of the opponent had already exceeded his imagination.

Just as Li Tian was thinking like this, suddenly the black-robed weird man squatting on the ground and burning paper suddenly spoke.

A ghastly voice suddenly came from the front.

"Don't hide, come out, the old man from the province will slaughter you personally." The gloomy voice suddenly came out of the black robe weird.

Li Tian was hiding behind the dead tree, and when he heard these words, he was shocked there.

"Damn, I was discovered!"

After being discovered, Li Tian reluctantly walked out of the dead tree.

Then he stared at the black robe Otis warily.

But seeing that Otis, who was squatting on the ground, was still burning the fire paper there, turning his head slightly at this moment, it was an extremely pale face with a very high nose and big eye pupils, but his face did not eyebrow.

Mo zu!

It is indeed a demon guy.

After seeing the face of Otis, Li Tian suddenly recognized it.

And that Otis at the moment also glanced at Li Tian coldly.

"Humanity?"

"Unexpectedly, a human kid would dare to come to this valley of life and death..." Na Otis suddenly grinned with a weird smile.

But seeing Li Tian looking at the strange smile, Na Otis said: "Hey, I don't want to cause trouble today, just passing here, if you can, you follow your way and I cross my bridge."

In Li Tian's mind at this moment, he just wanted to find Situ Ningbing quickly, so he didn't want to fight against this Demon Race guy.

Besides, the two originally had no hatred, just because of the different races.

Hearing what Li Tian said, the black robe Otis suddenly laughed strangely.

"You human boy are so brave... to dare to speak such a madman in front of the old man... you really want to kill yourself." Na Otis said.

When Li Tian heard this, a wave of anger rose in his heart.

This **** guy, he didn't want to fight him against him! Helplessly, he spoke acrimoniously, so clearly he wanted to make himself an enemy.

How to do?

Do I have to fight him today?

"What do you want?" Li Tian looked at that Otis and suddenly asked.

But seeing that Otis suddenly stood up, Li Tian was startled by his extremely tall figure.

Is this guy a giant? Why is it so high? High deformity.

Look carefully, that Otis is not more than two meters tall... and she is extremely thin... If he were not covered in a black robe, he might be blown down by a gust of wind.

He is so strange.

At the moment that Otis stood up, he looked at Li Tiandao gloomily: "I can only say that you are unfortunate today, who let you meet me? Ha ha,"

Li Tianyi became angry.

"You **** demon, do you want to fight?" Li Tian accumulated the spiritual power of his body.

Then Otis said: "Yes, I want to fight, and I want to kill you."

As Na Otis uttered cruel words, Li Tian yelled angrily: "Asshole."

After the roaring voice uttered, Li Tian suddenly used the slave-qi technique, and saw two withered trees beside him suddenly uprooted by Li Tian's slave-qi technique...

Rumbling.

The two thick dead trees were controlled by Li Tian's breath, and then they were pulled out of the black soil.

Seeing that Li Tian could actually use the "Qi illusion technique" to lift two big trees up from the ground, that Otis not only frowned slightly, but looked at Li Tian.

"Aura?"

"interesting."

When his words were uttered, Li Tian yelled out loudly, and immediately afterwards, he saw the two sturdy trees that had been pulled out of the ground and slammed into Otis suddenly.

The momentum is like a rainbow.

Facing two extremely sturdy trees, he sneered at the corner of his mouth in that black robe and extremely slender Otis. Suddenly, with a wave of his right hand, a dignified blood suddenly rose. Immediately after that, seeing that Otis' right hand shook, the blood quickly formed a blood web.

When Li Tian controlled the two sturdy trees, they smashed at the moment, but saw two extremely sturdy trees slam on the surface of the blood net, and then made a pop. ... Then two thick trees shook to the ground.

What about Li Tian? My hands were numb by the strong elastic force... I was shocked there.

"Why is this Demon guy so powerful?"

"If nothing else, his strength... is even more terrifying than the last time the Chaos Twin Demon Moroduo..." Li Tian was secretly surprised.

At this moment, the whole person is not only chilling.

"This is how to do?"

"I'm not this guy's opponent at all." Li Tian turned his mind extremely fast, thinking about how to deal with the situation in front of him.

As Li Tian thought, he quickly shot.

I saw him display the Thousand Killing Knife technique, an invisible blade was transformed into the void, and then he slashed towards Otis.

The thin and tall Demon Otis didn't even look at it, and dodged with his body slightly dangling. After dodging, Li Tian went on to perform the second sword again.

But still dodged by Na Otis.

"The disparity is too big, I am not the opponent of this demon at all." Li Tian thought about these issues with an ugly expression.

Just as Li Tian was thinking about countermeasures in his mind, Otis suddenly shot.

I saw a blood mark on his hands quickly, and then a blood pattern with the word "卍" suddenly appeared in the void.

This move is the Heavenly Seal of Blood, a terrifying blood illusion in the forbidden spell of the Demon Race.

Chapter 2750: Trapped

As a "swastika" blood pattern suddenly appeared in the void, all of a sudden, the whole sky seemed to turn into blood in an instant.

Li Tian was stunned and raised his eyes to look, but saw that the blood-colored pattern of the word "卍" was completely covered on his head.

The scary blood color gave Li Tian a feeling of suffocation... He only felt that he could not breathe after being enveloped by the blood color.

Under the horror, Li Tian quickly dodged.

To be honest, Li Tian has never seen such a domineering, such a huge range of blood illusion.

At this moment, the whole body was enveloped by the "swastika" pattern, and Li Tian exhausted all his body's strength, trying to avoid it.

However, when Li Tian wanted to dodge and avoid, Otis suddenly sneered: "Boy, just because you want to escape from the old man's blood seal, after speaking, suddenly I saw Otis' right hand slightly. Lift up, then swish, shoot out a few terrifying blood cells.

These blood cells flew towards Li Tian like bullets.

When Li Tian saw these blood cells shooting at him, he was shocked immediately, and then quickly showed Xuantian fingering.

Whoosh whoosh!

Immediately afterwards, one after another burst of fingerings shot out suddenly, and then hit the blood ball.

Puff puff,

One by one, the flying blood cells collided with that Jin... and then shattered in the air.

Just when Li Tian used Xuantian **** to hit the blood cells, he saw that the blood pattern of the word "卍" on his head was pressing more and more toward his body.

Li Tian felt that he was almost unable to breathe... the body wanted to avoid it, but unfortunately the range of the blood seal was too huge, and the whole area of the eye was filled with blood.

Li Tian saw that he had already used all his illusions!

He can only use these two illusions, one is the slave-qi technique, and the other is the thousand-kill sword technique.

At the moment when he saw the blood seal suddenly covering the top of his head, Li Tian suddenly remembered that he had secretly learned that Anderson's thunder and lightning illusion in bed two days ago.

Li Tian, who was impatient, suddenly yelled: "The death of thunder and lightning."

Suddenly, two lightning rays as thick as the stump appeared in the palms of the two palms... Then there was a whistle, and two lightning bolts struck towards Otis at the same time.

The Otis of the Demon Race never expected Li Tian to be able to perform thunder and lightning illusions.

At this moment, he was stunned there.

"Dual system?"

"You kid can not only use Qi illusion... but also thunder and lightning illusion?" But seeing that Otis yelled in surprise.

Just when he was speaking, he saw the two purple rays of thunder and lightning suddenly shot towards him.

Seeing that the two purple rays of thunder and lightning were about to hit that Otis, but seeing Otis suddenly yelled: "Blood barrier."

Then a protective barrier suddenly formed from above and below the whole body!

Boom, boom!

Two purple rays of thunder and lightning hit the blood-colored barrier at once, and then they were completely blocked.

Just after that Otis blocked Li Tian's thunder and lightning illusion, suddenly, he saw that the blood seal on the top of Li Tian's head had been completely suppressed.

Li Tian held his hands, his face was completely pale.

He displayed the spiritual power of his whole body, and then supported it bitterly... but he couldn't stop the powerful force of the blood seal at all.

His arms began to tremble violently!

The legs also began to weaken, and the whole person was completely unable to support it.

At this moment, Na Otis suddenly flew over, and the black robe rolled up, suddenly a blood rushed to that Li Tian.

Li Tian only felt a rush of blood coming towards him... the whole person fainted immediately, and then his body fell to the ground with a plop.

After all, Li Tian couldn't resist this extremely powerful demon.

He was fainted by the demon.

After Li Tian fainted, Na Otis suddenly glanced at the "Blood Sky Seal" above Li Tian's body, then waved his right hand, and a seal was displayed in his hand. Then, he saw the blood The sky seal was collected by Otis.

At this moment, Otis looked at Li Tian who had fainted, his forehead wrinkled slightly.

"Kill, or not?"

"This kid can actually use dual-system illusion? It's so strange!"

"The illusion he used for the first time just now was obviously Qi illusion... But then he used lightning illusion again... It's really incredible." Otis thought there while wondering.

Looking at the entire Lingtu continent, no matter whether it is a demon or a human, no one can practice two illusions at the same time!

Except for faraway legends...I have never seen a true dual-cultivation illusionist!

But today, today, Na Otis was surprised there.

He looked at Li Tian with those gloomy eyes and hesitated for a long time.

In the end, I saw him saying: "Forget it, I will spare the human kid's life first... After he wakes up, the old man must ask clearly... After the question is clear, it is not too late to kill."

After Na Otis made the decision in his mind, he saw his black robe curled up. Suddenly, Li Tian's fainted body was rolled up by him. Then, Otis shook his body, but saw his body turned into one The black shadow... disappeared in this deserted place in an instant.

...

Li Tian was in a coma.

He never thought that he hadn't been killed yet.

When Li Tian gradually began to have consciousness in his mind, he only felt his hands... feet... soft and weak! This is because when he was resisting the blood seal, his body and spiritual energy were overexhausted.

And he also felt his body, as if being bound by something!

Li Tian worked hard to open his weak eyes... the moment he opened his eyes... he suddenly saw the deserted scene before him.

I don't know why, but I am on the edge of a canyon... A few meters in front of him, it is a terrifying canyon that is bottomless!

The place behind is a sign of barrenness.

When Li Tian saw this scene, he was stunned.

"Oh my god, why am I here?"

Li Tianxin thought this way, and then tried to stand up with his body... But when his body moved, he suddenly found that his hands and feet... were bound.

Looking down, I saw that there was a blood line all over his body binding his body.

When Li Tian saw this scene, he was stunned, and then struggled vigorously, trying to get rid of the control of the blood line... But the more he struggled, the tighter the blood line was tied!

"Boy, just rely on you to break the blood **** line, ha ha, it's simply irrelevant."

Just as Li Tianjin was struggling, a gloomy voice suddenly came from the side.
