

## A Killer 2751

Chapter 2751: Tortured

As soon as Li Tian heard it, he could tell that the voice belonged to Na Otis. .

At this moment, he turned his head to look with angrily glaring eyes. In this look, he saw the black robe Otis sitting cross-legged on a blue stone.

His pale face was exposed, with a grim and cold smile, his eyes were tightly closed...

After seeing this demon, Li Tian was extremely angry at the moment.

"Damn devil...what do you want to catch me for?" Li Tian shouted angrily.

While struggling with all his strength, he yelled at him.

But seeing that black robe Otis suddenly said with a grimly smile: "Human kid, you'll know later."

Li Tian was very surprised, he really didn't know why this demon wanted to arrest him.

There is only one word in his heart now: anger!

Being caught by this \*\*\*\*\* demon this time, Li Tian not only delayed himself from searching for his lover... but also, now that he is still trapped here, how could Li Tian not be angry?

"Asshole, have the ability to kill Xiaoye." Li Tian shouted.

When Otis heard Li Tian say this, he said grimly: "Don't worry, the old man will satisfy you after a while."

"Bastard, bastard, you \*\*\*\*\* devil." Li Tiantian cursed with a throat.

But Otis was as if he hadn't heard it at all.

Close your eyes completely there, pretending not to hear.

Li Tian yelled for a while, and finally got tired...he also rested.

At this moment, his mind is spinning there quickly, and now he is trapped here alive...I can't escape, what should I do?

And what does this terrible monster want to do to himself?

Li Tian looked around while thinking.

Right now, where they are staying is a canyon.

When he saw this scene, Li Tian suddenly felt inwardly: Could this be the valley of life and death that the demon said before?

The Valley of Life and Death was once the second demon war, where the human illusionist masters and the demon blood illusion masters died together.

Li Tian thought this in his mind at this moment, then blinked his eyes and looked around...

Suddenly he muttered in that mouth secretly, "It seems that this place should be the valley of life and death!"

"It's just that I don't know a hundred years ago, those human masters... and those masters of the demon clan... where they were buried." Li Tian thought to himself.

Li Tian thought silently in his mind.

Just as Li Tian was thinking like this, suddenly I saw that Otis suddenly drank slightly, and then Li Tian quickly turned his head to look.

.

I saw that Otis spit out a breath of blood... and then the whole person's eyes opened for an instant.

It was a pair of cold-blooded eyes.

After opening it, he looked at Li Tian and smiled gloomily.

"Human kid... now it's time to clean up you." Hearing that Otis sneered there, stood up from the ground and looked at Li Tiandao.

Li Tian was trapped there at the moment... his hands and feet couldn't struggle at all, he could only stare at that Otis with anger.

"Damn devil, what do you want to do?" Li Tian asked at the moment.

Then Otis smiled sullenly and said, "I don't want to do anything, I just want to ask you one thing."

After listening to Li Tian, he was slightly startled, and his heart secretly asked, what the \*\*\*\* is this demon doing.

"The old man asked you, why do you use two different illusions? Would you practice dual illusions at the same time?" Otis asked, blinking at Li Tian with those ghastly cruel eyes.

When Li Tianyi heard that Otis asked this, he suddenly felt a little in his heart.

It turned out that this demon was asking about this!

"Asshole, why should I tell you?" Li Tian shouted angrily.

When Otis heard Li Tian's words, a cruel expression appeared on his face.

"Don't you dare to say it?"

When the words were spoken, Na Otis suddenly stretched out a hand, and then he pressed Li Tian's shoulder, and a wave of blood invaded Li Tian's body, Li Tian only felt his entire body He was about to be shattered... endless pain was tormenting him deeply like a knife.

pain!

Pain deep into the bone marrow.

"Say it?" Otis sneered cruelly while increasing the strength in his hands.

Li Tian's painful teeth bit out blood... The whole body was shaking constantly... But he didn't say, even if he was killed, he didn't say!

Then Otis saw that he was about to torture Li Tian to death, but this kid insisted on not saying it, and at this moment he not only frowned slightly, "You human kid's bones are quite hard... Under the painful torture of bones and hands, I can persist...not bad, not bad."

"It's a pity that you are a \*\*\*\* human being! And you ran into me... If you don't tell me, the old man will use a thousand, ten thousand painful methods to torture you."

Na Otis said in that extremely cruel way.

"No one can live under my Chaos Twin Demon: Otis's hands." A word suddenly came out of Otis's mouth.

Although Li Tian was in pain, he was about to faint.

But the words of Otis still clearly passed into Li Tian's ears.

what?

He, he turned out to be another demon of the Chaos Twins...Otis?

No wonder this demon is so powerful!

It turns out that he is another terrifying demon of the Chaos Twins!

The two chaotic demons are inherently deformed, one tall and one short. Looking at this Otis at this moment, the tall and deformed appearance... Li Tian finally knew that this guy is the same as Morodo who he saw on the glacier The same terrible monster! It turned out to be another fellow of the Chaos Twins.

"You bastard... deformed... devil... even if I die... I won't tell you." Li Tian said, biting his bleeding teeth, bloodshot in his eyes.

When Otis heard Li Tian scolded himself for being deformed, he yelled immediately.

The palm of his hand was raised, and a terrifying blood energy suddenly hit Li Tian's head.

"Your kid is looking for death."

He burst out, seeing that Otis was about to smash Li Tian's head with a single palm...At this moment, when the palm of Otis reached Li Tian's head, he paused.

"Hey, human boy, the old man won't let you die so comfortable! I will definitely let you taste the most painful way of death in the world... I'll see how hard your bones are."

That Otis finally did not start! But sneered in that gloomy way.

This cruel demon would not kill Li Tian so easily, he would torture him, torture him severely.

Chapter 2752: Sucking spirit?

When Li Tian heard this extremely cruel demon say so, he felt a little bit in his heart.

It's over.

He knew he was over today.

At this moment, the sky is not working, the ground should not be called! No one can save him at all.

Even if he died, Li Tian couldn't choose how to die.

He sat there blankly, his hands and feet still tied tightly by the blood \*\*\*\* on his body.

But I saw that Otis was turning around Li Tianzai, and said in the dark, "How can this kid be a dual-line fellow practitioner? It's incredible, it's incredible."

"I must know the reason! I must know this \*\*\*\*\* human kid... why can he practice two illusions at the same time."

Then Otis suddenly showed a fierce light in that way.

As he finished saying this, he suddenly grabbed Li Tian's chest with one hand.

Li Tian stunned, and glared at Otis there and said, "Asshole, kill if you want to kill. If Li Tian told you today...I am not a human being."

Listening to Li Tian's words, Otis suddenly smiled cruelly: "Do you think I don't know if you don't tell me?"

Hearing what Otis said, Li Tian was taken aback.

Then Otis suddenly sneered, and suddenly stretched out a hand and pressed it on Li Tian's chest.

After that Otis suddenly pressed a hand tightly on Li Tian's chest, Li Tian suddenly felt the spiritual power of his body... suddenly it evaporated, as if being pulled by some weird force. It seems.

"What happened?"

"How did the spiritual power of my body accumulate automatically?" Li Tian was surprised.

He does not accumulate the spiritual power of his body at all now! However, the spiritual power of his body still continuously emerged from the whole body.

What is going on here?

Then Otis suddenly sneered: "Boy, don't be surprised, it's the old man who is mobilizing your spiritual power."

A word suddenly came out of Otis' mouth.

"You...you demon... can you mobilize my spiritual power?" Li Tian suddenly horrified!

He never thought that the reason for the ups and downs of his body and spiritual power turned out to be because the demon was mobilizing! !

Just when Li Tian was shocked, he saw a strange light radiating from his body.

That light is undoubtedly caused by spiritual power!

When seeing Li Tian's whole body glowing with spiritual power, then Otis was suddenly shocked there.

Li Tian's body and spiritual power were all mobilized.

"You human kid... spiritual power... can you show your body?"

"Are you in a full-level spiritual power state?"

Then Otis suddenly yelled. He is the demon leader, but he has never seen such a weird situation. Now when he sees Li Tian's physical and spiritual power turned into a physical shape, he Zi was shocked and stunned there.

Because this is something he never thought of.

"It's incredible."

The demon Otis looked at Li Tian's physical manifestation and said with excitement.

"For thousands of years in the Spirit Earth Continent, I have never seen a person manifesting spiritual power... and never heard of a person's spiritual power reaching a state of full spirit... Didn't you think that you, a human kid, could actually reach it?" Otis Said silently there.

What about Li Tian? Now that Otis knew that his body was full of spirits, he was not only secretly worried.

This demon now knows about his body full of spirits... It seems that he can't survive this time!

Because he knew that his full-spirited state would definitely pose a big threat to the demon, and this demon was determined not to let Li Tian go.

"No wonder, no wonder you, this kid, can fully cultivate both elements. It turns out that your body is in a state of full spirit." Then Otis suddenly understood that all the truth was there.

Li Tian hadn't spoken all the time, but he looked at Otis in front of him with his angry eyes.

Then Otis saw Li Tian's fire-breathing eyes and said with a grimly smile: "Boy, don't hate me, even if you hate it again, there is nothing you can do."

"Now, I finally know why you can practice two illusions at the same time, and also know the state of your body full of spirit."

"Hehehehe, this time, I Otis really picked up a huge bargain." Suddenly Otis said with a grinning grin.

Then Li Tianyi heard Otis say this, and said angrily: "What do you \*\*\*\* want to do?"

"Hey, I want to \*\*\*\* your spiritual power." That Otis suddenly said.

When Otis suddenly said this, Li Tian was stunned.

"what?"

"You want to \*\*\*\* my spiritual power?" Li Tian was shocked.

Then Otis sneered cruelly: "Of course."

"You are in a state of full spirit, it is too wasteful to put it on your \*\*\*\* boy, it is better to put it on the old man, in that case, I can dominate the spiritual land continent."

"Hey, once you arrive at that time, the so-called Saint Realm... and the old immortal Ryu, they will all be my opponents." Then Otis laughed cruelly and was there. Tao said.

When Li Tian knew that this cruel guy was going to \*\*\*\* his own spiritual power, his heart was completely cold.

This \*\*\*\* wants to absorb his own spiritual power, how can this be good?

If the spiritual power of his body is absorbed cleanly, he will undoubtedly die, and what is even more frightening is that the strength of this demon will be unfathomable by then.

Li Tianxin thought so, and shouted there, "Asshole, I won't \*\*\*\* you my spiritual power."

Then Otis listened to Li Tian's yelling and sneered: "Really?"

"I want to see, why don't you let me \*\*\*\*\* your spirit."

As Na Otis said, he began to prepare to absorb Li Tian's spiritual power.

Li Tian saw that Otis was about to absorb his spiritual power... He didn't know what to do at this moment, his head was about to explode, but unfortunately he couldn't think of any way.

How to do?

What should I do?

Just when Li Tiantian was anxious, suddenly his eyes saw the deep canyon.

The moment he saw the deep canyon, Li Tian suddenly made a determination.

"You bastard, even if I die, I won't let you absorb the spiritual power of my body." Suddenly, he shouted out from Li Tian's mouth.

When Li Tian called out those words, Otis was taken aback.

Then I suddenly saw that Li Tian, exhausted his body's strength, and suddenly, his body rolled forward.

Because his hands and feet were \*\*\*\*\* by the \*\*\*\*\* of blood, he couldn't move at all, and he could only roll with his body at the moment.

When Otis saw that Li Tian had rolled to the side of the canyon, he was immediately shocked.

"Hey....."

When he called out, Li Tian's body had already rolled towards the canyon.

Immediately afterwards, he did not hesitate at all, and his whole body plunged into the deep canyon.

He committed suicide!

Chapter 2753: I want revenge

Li Tian committed suicide?

Looking at the moment when Li Tian had planted his head into the canyon, Otis of the Chaos Dual Demon suddenly screamed.

what?

But everything is too late.

He never thought that Li Tian would choose to "suicide", and he chose to plunge into the deep canyon.

The moment that Otis reacted, Li Tian's figure had completely jumped down, and then disappeared into the cloud-shrouded canyon.

"This bastard... actually jumped down." A roar came out of Otis' mouth.

"No, I must find him, and must absorb all the spiritual power in his body."

Otis said cruelly.

The spiritual state of Li Tian's body is too attractive.

That Otis must obtain Li Tian's full spiritual power, because if he can get that full spiritual power, he can cross the entire spiritual land continent.

After Otis finished speaking so cruelly, he then glanced at the deep canyon, he did not dare to jump.

No way, this canyon is too deep.

Otis thought for a while, and could only turn around and swept away in the other direction.

As far as he knows, there is still another way to go down this gorge, so now he has to drive down quickly.

But what about Li Tian?

The whole body has been completely planted into the cloud-shrouded canyon.

He only felt that the cold wind cut his face with fiery pain... Because his hands and feet were entangled by the blood binding thread, Li Tian could not move at all.

At this moment, he has only one heart: death.

In the process of falling, he suddenly remembered his lover and Situ Ningbing in his mind...and the Duanmuying who didn't know what happened to the earth...Ouyang Shiqing...and so on girls They.

When thinking of all this, a drop of tears suddenly appeared in Li Tian's eyes.

Then his body fell suddenly.

I don't know how long his body has fallen. Suddenly, he only felt his body fall into the extremely cold deep water with a thud... The powerful gravity directly blasted Li Tian's mind, and he suddenly The whole person fainted suddenly.

...

Inside a deep canyon surrounded by clouds.

I saw the sound of the falling waterfall pouring from top to bottom.

Here is simply a world outside the cave.

Surrounded by green trees and surrounded by clear water, there is a huge reservoir in the front...

Take a closer look, and with the highlight of the water, suddenly a body that looks like a "dead man" emerged from the reservoir.

Upon a glance, that person turned out to be Li Tian.

It turned out that the moment Li Tian's body fell from the gorge just now... unexpectedly fell into the reservoir.

However, no one knows how deep this reservoir is... and no one knows, Li Tian is dead now? Still alive?

The only thing that can be seen is Li Tian's body floating there... the whole person is lying on the water as if dead.

Is he dead?

what!

Suddenly at this moment, Li Tian, who was originally floating on the surface of the water, yelled, and then spit out a few salivas from his mouth with a "wow"... Then his body vigorously began to wriggle toward the cover.

He is alive.

Li Tian is still alive.

It's just that he is more uncomfortable to be alive than he is to die. His face is pale and full of water. He exhausted his last bit of strength there, moved his body hard, and then crawled towards the shore.

"I want to live."

"I want to survive."

While struggling violently in the water to survive, Li Tian warned himself secretly there.

After disdainful efforts, Li Tian's will to survive finally defeated everything, his body finally surfaced, and his whole person finally reached the shore.

When Li Tian finally moved his body to the shore, he fell there all of a sudden, and then spit out a few salivas of water from his mouth crying...The whole person was panting hard.

The hot sun was on his face... His eyes were blurred, his head and clothes were full of cold water!

The whole body hurts even more like a knife cut.

However, Li Tian laughed wildly at that moment "hahahahaha".

"I live!"

"I finally survived again."

Li Tian's laughter had a strange smell, and tears of his laughter flowed out.

Then, endless hatred began to fill his mind.

Thinking of the \*\*\*\* of the Demon Race just now... Thinking of everything, Li Tian's eyes became blood red.

He tried to move his body, and found that his body was still entangled by the blood's \*\*\*\* thread.

It's just that because of time, the blood \*\*\*\* line is not as tight as before.

At this moment, Li Tian tried to accumulate the powerful spiritual power of his body, and then struggled to break free.

When the spiritual power of the body was accumulating, Li Tian shouted: "Broken!"

With a click, he saw the blood binding thread that was originally wrapped around Li Tian's body and was completely broken by Li Tian at this moment.

Li Tian finally got rid of the shackles.

Get rid of the control of that blood illusion.

When Li Tian was free all over, he got up from the ground in a reel. Although the pain of his whole body was extremely unbearable, he still resisted the pain and got up.

After getting up, Li Tian gritted his teeth and looked at his hands.

"I want revenge."

"The chaos twins, I swear by Li Tian, I will definitely give you a taste of the pain of life is worse than death." Li Tian is full of powerful hatred.

Li Tian looked at his trembling hands. At that moment, no one could stop his hatred.

Because Li Tian's whole body was very painful, he could only sit quietly at this moment, and then healed with luck.

After sitting in the quiet canyon for a long time, Li Tian felt his body recover a little.

After he recovered a little bit, Li Tian stood up, and at this moment he opened his eyes and looked at the surrounding environment.

"where is this place?"

Li Tian looked there suddenly curiously.

I saw that this place seemed to be a paradise, surrounded by faint green trees.

There are even strange-shaped stones around...Occasionally, one or two weird birds can be seen falling on the green trees and chirping.

As Li Tian looked around, he suddenly discovered that there was a huge stone cave not far in front.

The entrance of the hole is about two meters...i is hidden in a patch of green weeds. If you don't look carefully, it's hard to see.

At this moment, Li Tian couldn't help but secretly line up after seeing the weird stone cave: Hey, why is there a stone cave?

Chapter 2754: Mysterious cave

With curiosity, Li Tian walked over step by step.

When I reached the entrance of the cave, I suddenly saw a few words engraved on the cave.

It's not like carving with a knife or sword...but with a very powerful "finger-strength". Li Tian is proficient in Xuantian fingering, so he saw it at a glance.

"Valley of Life and Death!"

When Li Tian saw these "three characters", his heart was shocked.

"It really is the valley of life and death!"

"This is the place where, in the legend, the top ten human illusion masters...and the top ten blood illusion masters of the demon clan died at the same time in the second demon war.

"Unexpectedly, I came here by chance."

Li Tian secretly lining up, while slowly walking forward.

Soon, Li Tian arrived in front of the entrance of the cave and stood there. I don't know why, Li Tian could feel that the cave was filled with extremely powerful spiritual power.

"Why is there such a powerful spiritual power coming out of this cave?"

"Could it be possible that there is still a powerful illusionist in this cave?" Li Tian wondered there curiously.

While thinking about it, Li Tian blinked his eyes and looked at the dark stone cave carefully.

"Go in?"

Li Tian hesitated there.

He didn't know whether he should go into this mysterious cave.

After hesitating for a long time, Li Tian finally summoned his courage and said, "Since I can fall from such a high canyon this time, I won't die... Can I still enter this mysterious cave?"

After thinking this in his heart, Li Tian was ready to go in.

It's just that the inside of the cave was so dark that Li Tian couldn't see clearly, so at this moment he took out the "Flint" from his wet body.

This "Flint" was prepared when Li Tian and the others came to find the empire army, and it was unexpected that it would come in handy at this moment.

After Li Tian dried the flint in the sun, he found some dry firewood, and made a torch at random, and then lit it with a "flint". With a bang, the simple "torch" was completed.

Li Tian took the torch and slowly entered the dark cave.

Following Li Tian's footsteps into this mysterious cave... a strong energy suddenly hit his face... almost blowing out the "torch" in Li Tian's hand.

Fortunately, Li Tian quickly covered the torch with his hand.

"How come this cave is so weird?"

Li Tian made a secret while slowly walking forward.

Walking slowly, Li Tian looked at the situation in the cave with the light of the fire.

Through the light of the torch, Li Tian could see that the cave was very deep... and the more inside, the larger the space.

The most weird thing is that the extremely powerful terrifying spiritual power can be felt more and more inside.

Just as Li Tian was walking, he suddenly kicked something tough... Li Tian was taken aback, took the torch in his hand and took a photo, and then went to look at it. Li Tian was not only shocked by this look.

what!

I saw a skeleton body in a black robe lying beneath his feet.

"Corpse?"

When Li Tian saw the skeleton body wearing a black robe, he was not only shocked there.

Then he quickly squatted down to take a closer look, but saw that the corpse had already become a skeleton frame because it was too old...but the black robe he was wearing... can vaguely distinguish clearly. His identity.

"This... this... seems to be the blood illusionist of the Demon Race?"

After seeing the black robe, Li Tian suddenly called out.

Then Li Tian subconsciously reached out to touch the black robe on the corpse, but he reached out and touched... the black robe suddenly turned into ashes.

Li Tian was slightly startled.

"It seems that this corpse has been in this hole for too long...Unexpectedly, even the black robe he was wearing... has decayed into such an appearance."

Li Tian looked at the skeleton corpse in that mouth silently.

"Is this corpse... the corpse of the blood illusion master of the Second Demon War?"

Li Tian concealed in that mind.

Li Tian glanced at the miserable and desolate corpse, and couldn't help but sighed: "The suffering in the world, no matter how high a person's skill is, he will never escape death."

After Li Tianchang sighed, he ignored the corpse and walked forward.

As Li Tianyue walked into the cave, he saw several bodies one after another.

It's just that these corpses are all the corpses of the demon blood illusion...These corpses are exactly the same as the first corpse, the corpses have already turned into skeletons, and the black robe on them is completely decayed.

All that was left were the piles of dry corpses...and their weapons.

As he walked further inside, Li Tian suddenly discovered that there were still a few corpses elsewhere in the cave.

It's just that these corpses are a little different from those of the blood illusion masters of the Demon Race, because they are dressed in other colors!

"Human? Master illusionist?"

Li Tian was startled, and quickly lowered his head to look.

I saw a corpse that he first saw. The skeleton was tall... and there was a sign tied around his waist... Look carefully, the sign read: Bender Academy, Fire Illusionist, Chi Lei !

When Li Tian saw the vague fonts on the sign, he couldn't help being stunned.

what?

"Bender Academy? This corpse turned out to be an illusionist from Bender Academy?"

Li Tian looked at the sign in his hand astonished.

Li Tian didn't know the identity of the deceased, only that he was called Chi Lei! If he could tell the old dean this name... it would definitely shock the old dean!

Because Chi Lei was the senior of the old Dean Horis, when Chi Lei participated in the Second Demon War, his skill had already surpassed that old Dean Horis.

It's a pity that no one thought that today's masters would be buried here.

Just when Li Tian was extremely surprised, he saw the next corpse again, dressed exactly like this corpse, with a sign tied around his waist, and saw the words "Band College, Lightning Department" Illusionist, Parana!"

Looking at the two bodies, Li Tian was completely shocked.

Now he finally knows where this is...

This is really the place where the masters of the demons and the masters of human illusion were buried here.

One after another, Li Tian saw the bodies of all the victims.

Inside, Li Tian saw the corpses of several other "Bender Academy illusion masters" in succession... and also saw the corpses of two illusionists from Locke Academy... and a illusionist from Black Shura Academy.

Chapter 2755: Purple Thunder Seal

Li Tian finally reached the deepest part of the cave entrance.

He also found all the bodies.

Twenty corpses, twenty full corpses.

Ten corpses of demon blood illusion masters... and ten human illusion corpses.

Li Tian then carried these corpses to a place and arranged them in a row.

As far as I can see, they are all hideous skulls.

At this moment... Li Tian no longer disliked the demons... no longer cared about their identities... In Li Tian's eyes, they are all dead now.

Looking at these dead, Li Tian murmured: "Hey, you so-called masters... I didn't expect that a war would kill you all here, why bother?"

"Perhaps, you don't even know each other, or even know each other... But you kill each other here, so that you are all buried here. How sad?"

Li Tian murmured these words, and then sat alone in the cold stone cave.

A gloomy cold wind blew... Li Tian didn't know why, a deep feeling of sadness suddenly rose in his heart.

Li Tian just sat like this.

I don't know how long he has been sitting, when Li Tian suddenly reached out and touched the ground, he suddenly felt that there were scratches on the ground...like words.

what happened?

Li Tian was taken aback at this moment, and then quickly picked up the torch to look, only to see that there were indeed dense fonts on the ground.

Li Tian was shocked at this time.

"A word?"

Immediately afterwards, Li Tian hurriedly wiped the dust on the ground with his arms, rubble...After clearing the rubble and dust away, it was true, but he saw a dense row of fonts appearing in Li Tian's eyes.

Li Tian was astonished at the moment, and then quickly took a torch to look closer.

But see a few words carved on the ground.

"Humanity Message."

Then it read: "I waited for the illusionist, trapped in the valley of life and death for seven or seventy-nine days. Within these forty-nine days, we and the top ten masters of the demon race tried their best with their physical and spiritual power to cause both defeats. , Helpless, in the end can't survive the hunger and cold, so I left a last word, hope those who are destined can see these words, and tell the empire that we and the illusionist have done our best!

The hard handwriting tells the terrible things that happened a hundred years ago.

Looking at these handwritings, Li Tian couldn't help feeling a sad emotion in his heart.

Then Li Tian continued to look down, but saw the words on the cold ground continue to write: "I have consumed all the spiritual energy of the body, knowing that I will definitely die. I have no choice but to perform illusions, but there is no heir. It is really a pity. Therefore, I After a few people decide, engrave all the illusions that they have learned on this ground...I hope those who are destined to find this place, and then practice these lost illusions to serve the empire."

When Li Tian saw these words, he couldn't help being stunned.

"Eh? What the senior said... he carved all the illusions he learned in his life on the ground?"

After thinking this way, Li Tian hurriedly looked down, but in the places below, there were really small figures of people. Those figures were not only extremely vivid, but also accompanied by annotations.

"Raider High-Order Illusion: Purple Thunder Seal!"

"Fire High-Order Illusion: Fire Tyrannosaurus!"

"Wind High-Order Illusion: Mysterious Wind Step!"

...

Looking at the dense patterns and the text annotations on the ground, Li Tian was surprised at that moment.

"Oh my God, there are so many long-lost illusions painted on this ground?" Li Tian asked in shock.

Li Tian clearly remembered that the old dean once said that the Bander Academy was the number one illusion school in the spiritual world, but because of the powerful illusion skills of the Bander Academy after the Second Demon War a hundred years ago Teachers, all went to the battlefield, and

since then, they have never come back! This of course also led to the fact that Bander College has been in a weak position for so many years, not as brilliant as before.

Li Tian was thinking in his mind, while blinking his eyes and looking at the bodies of so many of the ancestors of the Bander Academy who had already dried up on the ground...

At this moment, Li Tian finally understood.

Looking at the corpses of the ancestors of the Bander Academy, Li Tian was not only in awe at that moment.

Then he knelt down and bowed his body slightly, and then respectfully knocked his heads in front of the corpses of the human illusionists.

He said in his mouth: "Dear ancestors... Although I am not from this world, Li Tian entered this mysterious cave by chance... I met the corpses of all the ancestors. No matter what, I am right. You feel extremely admired for your heroic feat a hundred years ago."

While talking, Li Tian knocked his head a few times.

Then he stood up slowly.

At this moment, Li Tian blinked, looking at the high-level illusions drawn with pictures on the ground, as well as text annotations... Li Tian was not only excited at that moment.

Li Tian is actually very interested in illusion.

It's just that no one has ever taught him, except for his self-taught slavery technique and the thousand-kill sword technique...He doesn't know any illusion technique at all!

Oh, by the way, and he "stealed" the teacher Anderson: The Death of Thunder!

At this moment, seeing so many high-level illusions left on the ground, Li Tian not only burst into blood in his heart.

"So many illusions! This time, I have to practice well." Li Tiantian said happily.

After thinking about it this way, Li Tian hurriedly went to see the high-level illusions painted on the ground.

The first illusion he saw first was the illusion of the lightning system.

He found that the illusionist in this cave did not have a Qi illusionist...most of them were teachers of the Thunder and Lightning Element, as well as the Fire Element and the Wind Element!

Therefore, at this moment, Li Tian began to study the first high-level illusion.

"Purple Thunder Seal!"

This purple thunder seal is a terrifying illusion of high-level 3 level.

Once it was displayed, the sky thunder was alarmed, and the electric light was everywhere, and the power was infinite.

Li Tian looked at the purple thunder seal illusion technique at this moment, and then tried to start practicing.

On the ground, there were paintings of cultivation moves, as well as annotations.

Li Tian then followed the above moves, and then put on a shape... with his hands supporting the sky, then his body gently breathed out, and then guided his body's spiritual power through his body.

Then he quickly learned the "Purple Thunder Seal" technique on the ground in his hands. After all the preludes were prepared, Li Tian suddenly made a "mark" with his hands on his chest, and then shouted: But see A purple-surrounded electric light appeared from the palm of his hand, resounding there.

"Yes..." Li Tian exclaimed in surprise.

The moment he saw the electric light accumulated in the palm of his hand, he suddenly screamed.

Li Tian is able to practice a variety of illusions because his body is full of energy and spiritual power.

At this moment, once he was knocking on the door, and he had the powerful spiritual power in his body as a backing... So Li Tian was not so difficult to cultivate this high-level lightning illusion.

Chapter 2756: The devil came

Li Tian just sat in the stone cave and practiced.

At the beginning, Li Tian could only accumulate a little electric light, but when he arrived later, a terrible purple light could accumulate in his palm.

After Li Tian became more and more familiar with this electric light, he began to display the true mark of the purple thunder seal.

I saw the left thunder board gesture in both hands, and then the right hand quickly drew a "thunder mark" on the chest, and then shouted, and suddenly, amazing purple thunder and lightning appeared in the air. .

Those thunder and lightning surrounded Li Tian's body. Li Tian wanted to test the power of these lightning and lightning, so he suddenly pushed forward with both hands, and these lightning rays instantly shot towards the hard rock wall in front.

Click, click.

But at the moment when those amazing lightning shot out, the entire cave was instantly reflected with purple electric light...

The terrifying electric light hit the hard rock wall directly, and with a bang, the hard rock wall was cracked...all the stones on it rolled down.

Watching the crushed boulders fall, Li Tian was taken aback.

"Such power?"

Li Tian's eyes widened, thinking.

He was looking at his hands in disbelief. At that moment, he was completely shocked.

He never thought that the purple thunder seal he had cultivated had such power!

But Li Tian didn't know that the purple thunder seal he had cultivated hadn't reached the point of full maturity... The real purple thunder seal was far more powerful than he is now.

However, Li Tian said that after seeing the power of the purple thunder seal he had cultivated, he was extremely surprised and hurriedly doubled his practice there.

Time passed by every minute.

Even Li Tian himself forgot how long he had cultivated.

During this period, when Li Tian was hungry, he went out to shoot some birds down with Xuantian fingering, and then had a barbecue to satisfy his hunger. When he was thirsty, he would drink some water from the reservoir.

Live like this.

Even Li Tian himself didn't know what kind of power he had cultivated in the illusion.

During this period, Li Tian forgot about time and everything.

In his mind, he just wants to make himself stronger.

Finally, Li Tian practiced the "Purple Thunder Seal".

When he cultivated that purple thunder seal, Li Tian only felt that the spiritual power of his entire body was boiling...

Then Li Tian began to practice other illusions.

The second illusion technique he cultivated was the illusion technique of the fire element.

This fire-type illusion technique, Li Tian did not cultivate fruit... so when he started to practice, he was cautious.

The name of the fire illusion he chose was called: Fire Qilin.

This fire unicorn is also a terrifying illusion of the high level 3 fire system.

The fire unicorn uses spiritual power to penetrate the whole body, and then uses the art of fire to turn the whole body into flames and become a unicorn! During this period, no illusion can harm the Qilin itself... His body will be immune to all illusions from the outside world

Li Tian looked at the handwriting engraved on the ground and commented, so he began to cultivate hard.

This fire unicorn is more difficult to cultivate than the purple thunder seal... At this moment, Li Tian sat in that dark cave day and night to practice.

At first, he could only turn his hands and arms into flames, but then he gradually turned his entire legs into flames... At the end of his cultivation, Li Tian could turn his whole body into a red flame.

"Practice it."

Li Tian cultivated the second illusion fire unicorn.

After cultivating the illusion of the fire element, Li Tian then began to practice the mysterious wind step of the wind element.

No matter what illusion technique he is now, he is practicing.

This mysterious wind step is an extremely advanced step in the wind system. Once it is used, the body is as light as a swallow, and the whole person will become the speed of the wind. It can be said that it can produce huge effects in a battle.

Li Tian looked at the explanation of the mysterious wind step, so he began to practice little by little.

...

In the deep gorge, while Li Tian was practicing, suddenly the birds chirping on the trees outside seemed to be frightened, and they flew away one by one.

At this moment, a figure in a black robe suddenly swept over from the depths of the cloud-filled canyon in front.

Look carefully, this person is not one of the two chaos demons: Otis.

This tall and thin demon couldn't think of chasing down the canyon.

I saw Otis at the moment wearing that black robe, looking around with those cruel eyes, and murmured in his mouth: "Damn human boy, the old man has been looking for you for almost 5 days. Time can't be found... Did that human kid really fall to death?"

"But even if you fall to death, what about the corpse? Why can't you find a corpse?"

"Could it be eaten by jackals, tigers and leopards?"

Na Otis said sullenly while blinking his eyes sullenly looking around.

It turned out that Otis had been looking for Li Tian for five days.

It's a pity that this gorge is very big. After searching for it for a long time, Otis couldn't find Li Tian.

Finally, this demon came here.

I saw the demon looking at this place, and then murmured: "This is the last place... If you can't find the trace of that human boy... I can't help it."

Otis, who said this, suddenly swept towards the front.

After Na Otis swept over, he saw a huge reservoir here.

Looking at the reservoir, Otis took a cold look, then raised his eyes and began to observe the surroundings.

Surrounded by green trees, the bluestone is ferocious, and there is no shadow of Li Tian at all.

After looking around, there was a trace of disappointment in Otis' eyes.

"Hey, it seems that I have no luck to \*\*\*\*\* the spirit of that kid... His body may have been eaten clean by the beasts in this canyon."

Otis said slightly there.

After thinking about it this way, Otis was ready to leave here.

After all, he has been looking for five days... but in five days, he has not found any trace of Li Tian, and now he can only give up.

Just when Otis was about to leave here, a breath suddenly spread from the side.

That Otis is extremely sensitive... At the moment when he suddenly sensed that spiritual energy, he was slightly startled, and then suddenly turned his head. At the moment he turned his head, his pair of ghastly eyes saw a gloomy stone cave.

And the aura of aura that I sensed just now... it radiated from this cave.

Chapter 2757: Game

"There is a cave here?" The moment Na Otis saw the cave, his eyes suddenly became gloomy.

Then he felt a breath of spiritual power exuding from the stone cave.

"Spiritual power?"

"There is spiritual power in the stone cave...Is it someone?" Otis suddenly murmured in a low voice with extremely cruel eyes.

"Could it be that \*\*\*\* human kid... not dead?"

Otis suddenly thought about it in his mind.

After thinking about this, he suddenly became excited.

Otis thought, if Li Tian is not dead, then he can absorb all the spiritual power of his body, if he can absorb all the spiritual power of Li Tianmanling, then Otis Will become the number one demon of all time.

With such an excited thought in his heart, after thinking about it, suddenly I saw that Otis walked towards the stone cave step by step.

He is going to find Li Tian.

Absorb the spiritual power in Li Tian's body.

When Na Otis walked to the entrance of the stone cave, he suddenly felt Li Tian's spiritual power growing stronger.

"It seems that the \*\*\*\* human kid is really in this cave." Otis was secretly lining.

Looking at the dark cave at this moment, Otis did not go directly in, because it was too dark... He just looked at the cave with those cruel eyes.

After a while, I saw Otis yelling loudly at the cave.

"Human kid, I know you are in this cave...hehehehe, if you come out obediently, the old man may make you die more comfortable."

"If you dare to stay in this cave again, hiding like a tortoise with its head shrunk... Hmph, waiting for the old man to enter will make it impossible to survive, or to die."

However, as soon as the cruel voice of Otdi spread in, Li Tian, who was cultivating there, was suddenly shocked.

"No, that demon is chasing him."

Li Tianhuo suddenly stood up from the ground and said in surprise.

He never expected that Otis of the Chaos Twins would chase here!

At this moment, when Li Tian remembered the demon in his mind, he felt a raging resentment all over his body.

Li Tian clenched his fist, suddenly wanted to rush out at this moment.

But Li Tian, who calmed down, did not decide to rush out in the end.

He just stood in the cave thinking about countermeasures.

"The demon must feel that the cave is too dark...so he didn't dare to come in, so he shouted at the door." Li Tian thought cleverly.

Now, Li Tian is in the dark, and Otis is in the light. If Otis does come in, no matter what, it will definitely be beneficial to Li Tian.

After thinking about it, Li Tian suddenly yelled to the outside of the cave: "Asshole, you can come in if you have the ability? Master, I am waiting for you in the cave."

Li Tian now tells the truth, he is not afraid of Otis.

Not only is it because Li Tian is advantageous in the dark, but also because Li Tian has already practiced three types of illusion skills at the highest level!

And there are three illusions of different lines.

Thunder, fire, wind.

These three high-level illusions were only used by Li Tian during cultivation. As for actual battles, Li Tian had never actually used them.

Therefore, now Li Tian also wants to try his skills, so he called out.

The moment Li Tian's voice suddenly spread... Then Otis was shocked.

"Damn human boy, really isn't dead? Really in this cave,"

At this moment, Otis was shocked and angry.

What is shocked is that Li Tian is still alive, and what is angry is that this kid dares to speak to himself like this after five days of not seeing him? Are you impatient?

Thinking of this, but seeing that Otis said angrily: "You dead boy, it seems that you are really impatient to live, you wait, the old man will immediately let you taste the pain of death than life."

When Otis said so, he wanted to rush into this cave.

He thought to himself, even though Li Tian possesses full-level spiritual power...but his illusion skills pose no threat to him at all!

Even if it is, that Li Tian is now in a favorable position... it may not necessarily hurt himself.

Therefore, after Na Otis thought so, he suddenly saw him walking towards the cave.

What about Li Tian? Listening carefully, I suddenly heard the faint footsteps coming from the darkness ahead.

"Come in, that demon has really come in."

Li Tian lining up in secret, suddenly he slid towards the entrance of the cave.

After reaching the entrance of the cave, Li Tian suddenly saw the entrance of the cave. A very tall black figure was groping towards the cave.

Li Tian knew that this was the \*\*\*\* devil, Otis.

After seeing the figure of Otis, Li Tian suddenly became angry.

"kill!"

With the "killing intent" rising in Li Tian's heart, he suddenly displayed the "Xuantian Fingering" in the dark and shot at the incoming figure of Otis.

Although Otis couldn't see the movement in front of him, as a terror demon of the level of the Chaos Twins, his strength was definitely not a blow.

But seeing his ears pricked, he suddenly heard the sound of strong wind shooting towards him. Then Otis immediately waved his right hand, and a burst of blood suddenly surged, bang, bang, bang.

I saw the flying \*\*\*\* of Xuantian, all hitting the blood gas barrier, and then blocked.

"Damn boy, you still want to deal with me with your little bit of carving?" Na Otis sneered there.

While sneering, he continued to stride towards the dark hole.

Just as Otis relaxed his vigilance and continued to walk towards the dark hole, suddenly only a figure flashed past him at an alarming speed.

When this figure flashed by, then Otis was stunned... the whole person hadn't felt what was going on, and suddenly he was slapped "violently" on his cheek.

Snapped!

The crisp and vicious slap hit the pale face of Otis heavily.

Otis was stunned for a moment, and then hurriedly shouted, displaying the "Blood Barrier" with both hands to protect him.

Then he shouted: "Who? Who dares to beat the old man?"

Why didn't Otis expect that he would slap in public, something he had never dreamed of.

As the boss of the Chaos Twins, Otis possesses the level of illusionism second only to the Three Saints of Humans... But now? He was actually slapped on the face with a cruel face.

Chapter 2758: power

That Otis never expected that he would be slapped in the face in this cave.

This is simply insulting.

He couldn't think of who was the figure that was so fast just now.

"Asshole, who is it? Who hit me just now?" Otis yelled at him suddenly.

His cruel eyes burst open there, revealing endless murderous aura.

But said, who was the figure just now?

Of course there will be no one else except Li Tian.

It turns out that what Li Tian just displayed was the mysterious wind step he had just cultivated.

To be honest, even Li Tian himself never expected that the mysterious wind step he had just practiced could reach such a fast and astonishing speed.

He just swept his figure, and then suddenly floated under his feet, and then Li Tian's entire body flew out inadvertently...

At this moment, Li Tian was also completely astonished.

"Oh my God, this mysterious wind step has such a fast speed? It's incredible." Li Tian said with excitement.

But what about Otis of the Chaos Twins?

It was roaring in the cave at this moment.

"Asshole, come out, come out." He screamed loudly.

Just when he screamed, Li Tian wanted to beat that Otis again.

At this moment, Li Tian suddenly displayed a mysterious wind step, and then the whole figure suddenly struck Na Otis from the darkness like a gust of wind.

At the same time, the already charged palms suddenly attacked when the extremely fast stamina reached Na Otis.

Seeing that Li Tian's extremely fast body technique was about to attack Otis.

But seeing that Otis suddenly shouted.

"Asshole, you want to attack me?"

This demon is worthy of the chaos twins.

At the moment when he heard the sound of the strong wind coming towards him, Otis suddenly waved his hands, a \*\*\*\* gas suddenly poured out from his body, and then shouted: "Blood buried sand."

Suddenly, densely packed blood sand, like quicksand, flew towards that Li Tian.

Li Tian was stunned. He didn't expect that this \*\*\*\* demon could hear his own mysterious wind. At the moment, his body was an upside-down, light-following body, instantly avoiding the terrifying "blood buried sand."

Just after that Li Tian avoided the \*\*\*\* sand, he was furious when he saw Otis.

In a flash, he had already seen the opponent clearly, yes, that Li Tian was the one who attacked him quickly just now.

Thinking so inwardly, Otis screamed.

"It turns out that you, a \*\*\*\* human kid, attacked me... asshole, the old man will definitely make you regret it." Otis said angrily.

Although Otis said that, he was completely surprised in his heart.

Because he clearly saw just now that what Li Tian was using was a high-level illusion of the wind system.

Thinking of this, Otis was secretly surprised: How did this \*\*\*\* human kid suddenly learn the wind illusion? It's incredible.

Just when he thought so in his heart, he saw that Li Tian's voice had been heard from the cave.

"Old demon, don't you want to absorb the spiritual power of my body? Have the ability to come!" Li Tian said in the cave.

When Otis heard Li Tian's voice, he almost exploded.

A few days ago, he was like a lamb to be slaughtered in front of Otis, but now? He dared to yell at himself openly.

"Boy, the old man is going to kill you."

"This time, I will not only absorb all the spiritual power of your body... I will also twitch your muscles, peel your skin... I will thwart you."

Otis yelled.

While shouting, stepping forward, he suddenly walked into the cave.

He was angry.

Just when he walked into the cave, he saw that Li Tian quickly shot.

He had already tried his own "Mystery Wind Step" just now and was shocked.

At this moment, seeing that Otis stepped forward again, Li Tian displayed his "Purple Thunder Seal".

When Li Tian displayed the purple thunder seal, his hands quickly formed a "thunder seal" on his chest, and then he shouted, and suddenly, in the dark stone cave, two terrifying and thick thunder and lightning The light suddenly appeared in the air.

The whole cave suddenly turned purple!

"Purple Thunder Seal."

Li Tian suddenly launched the "Purple Thunder Seal" illusion technique, but saw the two terrifying purple electric lights spinning rapidly in the air... Then, with the momentum of thunder, he suddenly shot towards the Otis who was walking into the cave.

Otis saw two amazing purple thunderbolts shooting at him, and immediately shook

"Raider High-Order Illusion?" He exclaimed, then his body retreated suddenly and quickly.

But seeing those two terrible purple thunders and lightnings, they followed and shot towards Otis.

Otis saw these two purple rays of thunder and lightning and was still able to track him... immediately yelled: "Blood escape."

Suddenly, a thick blood barrier suddenly rose up and down his whole body.

But seeing the two purple thunders and lightnings summoned by Li Tian hit the "Blood Escape" with a thump, thunder, and thunder, making a heaven-shaking sound.

Even though Na Otis possessed the "Blood Escape" to block Li Tian's "Purple Thunder Seal" illusion, his entire body trembled slightly when hit by the extremely powerful amount of lightning.

At that moment, Otis' entire face became so ugly and ugly.

"Bastard boy."

At this moment, after seeing that Li Tian had finished displaying the purple thunder seal, Otis suddenly waved his right hand, and a wave of blood rushed towards Li Tian.

But what about Li Tian? But it is not against this demon.

At this moment, the "Mystery Wind Step" was displayed again, and then the figure disappeared into the darkness with a swish.

Na Otis wanted to fight, but couldn't keep up with Li Tian's figure... Coupled with the extreme darkness in the cave, he yelled angrily.

"Asshole, you \*\*\*\* kid, come out for me."

"Head-shrunk tortoise...has the ability to fight Lao Tzu."

...

Otis was so angry that he was going mad, and shouted there.

The \*\*\*\* air waved from his hands suddenly began to continuously hit the surrounding stone walls.

But seeing "bang, bang, bang", the hard rock wall was hit by the blood of Otis, making a boom, boom, boom.

But what about Li Tian?

Just standing in the dark with a sneer at the moment.

"This \*\*\*\* demon, this time I want to make you suffer." Li Tian said secretly in the darkness.

"Want to \*\*\*\* my spiritual power? I see how you \*\*\*\* this time?"

When Li Tian thought of this \*\*\*\* demon cruelly absorbing his spiritual power, he was extremely angry.

Li Tian secretly lining up in his heart, while spotting the opportunity.

He has now used two newly learned illusions, one is the "Mysterious Wind Step" of the wind system, the other is the "Purple Thunder Seal", and the last fire system illusion, Fire Qilin.

Chapter 2759: Li Tian's surprise

At this moment, Li Tian saw that Otis screamed in the dark cave like crazy.

Suddenly his right hand raised, and a flame came out of his palm.

Immediately afterwards, Li Tian waved his hand, and the flame suddenly shot into the darkness ahead.

The stone cave suddenly lit up, and at the moment it lit up, Li Tian suddenly performed the Thousand Killing Sword Technique, and the invisible sword energy suddenly slashed towards Na Otis.

The Otis people were in the darkness, and their eyes were pierced by the sudden fire light just now. At this moment when they felt the terrifying energy slashing towards them, they were shocked, and their body quickly backed away. .

With a bang, at the place where he stood just now, a deep knife mark appeared there.

It's also fortunate that Otis retreated in time...If it weren't, I'm afraid his body would be split in half by Li Tian's invisible blade.

At this moment, Otis looked at the "fire" that just appeared, and the whole person was truly shocked.

"This \*\*\*\* human kid...how...how...in a short period of time, suddenly he has so many illusions?"

"Wind? Fire? Thunder?"

"And it's all high-level terrifying illusions...what the \*\*\*\* is going on?"

Otis felt more and more shocked in his heart.

At this moment, he not only looked at Li Tian more and more with admiration.

"No, I can't stay in this cave anymore."

"This \*\*\*\* human kid is too treacherous."

But after seeing that Otis thought so in his heart, he suddenly turned around and swept away from the cave.

He dared not come in again.

Because the light in the cave was insufficient, and combined with Li Tian's extremely fast and mysterious wind steps, this caused Otis in front of him to suffer, so he could only go out at this moment.

I saw Otis figure out of the dark cave.

Standing outside the cave, Otis scolded.

"Bastard boy, come out for Lao Tzu... Do you have the ability to come out? Do you see if Lao Tzu can pull your muscles and peel your skin." Otis roared angrily.

But what about Li Tian?

After seeing that Otis actually swept outside, he not only secretly lined up: This demon is so smart, he went out by himself?

Listening to the devil yelling outside the cave, Li Tian didn't bother to pay attention to him, and then sat quietly in the cave.

Li Tian didn't want to go out now, because he wasn't sure yet, his own strength must be able to kill Na Otis now.

So he continued to stay in this cave.

Outside, Otis had been yelling and cursing for a long time, and finally stopped.

When Li Tian heard that the demon stopped screaming, he secretly said: Has the demon gone?

Li Tian, who was thinking so in his heart, walked slowly to the entrance of the cave, and after a sharp glance, he saw Otis standing outside the entrance of the cave.

"It's still at the entrance of the cave?"

"It seems that he wants to absorb his spiritual power very much." Li Tian said secretly.

Then Li Tian turned around and walked into the cave.

But what about Otis outside?

After suffering from Li Tian, he did not leave.

Because he still wanted to absorb Li Tian's spiritual power, for Li Tian in a full-spirited state, Otis tried his best to absorb that Li Tian's spiritual power.

Because once Li Tian's spiritual power is absorbed, then Otis will definitely become the first person in the Spirit Earth Continent.

Therefore, Otis was guarding outside the cave.

"Asshole boy, I don't believe you will never come out." Otis said gloomily as he sat outside the hole.

Now one is waiting outside the cave, and one is inside the cave.

For Li Tian, he is not afraid of anything.

He was in this dark stone cave now, and there was no threat.

At this moment, Li Tian is sitting in the cave, thinking of countermeasures.

"This demon, if you have been waiting outside, it will be bad for you after all!"

"After all, staying in this cave can only take care of it for a while, but not the whole life. After all, I still have to eat and drink?"

Now there is nothing in this cave, even the water is pitiful... So Li Tian not only frowned slightly when he thought of this.

After finally thinking about it for a while, Li Tian decided that he had to quickly practice the illusion skills left by his ancestors.

Only by making himself stronger... he can go out and kill the \*\*\*\*\* demon.

After thinking this in Li Tian's mind, Li Tian quickly used the fire illusion to create a flame, and then observed the illusion left by the ancestors on the ground.

On this icy stone surface, I saw that the next engraved was still the fire illusion, the name was: flame explosion.

When Li Tian was about to watch the illusion technique practice patterns of this flame explosion technique, he suddenly discovered that the illusion technique behind this was all due to the

age...plus the extremely wet ground...there are the cultivation patterns. The text annotations were all blurred.

Looking at the vague pattern of cultivation, Li Tian was suddenly depressed.

"Damn, these cultivation patterns can't be seen clearly...how can this be good?" Li Tian slid back while wiping the marks on the ground forcefully.

He hopes he can see clearly.

It's a pity that Li Tian has spent a long time...it was all in vain!

Because the bottom part of the terrain is pits and bumps, and there is more water...so those patterns have been completely destroyed.

Li Tian found that all the remaining illusion arts could not be practiced.

Because these illusions can only see a part of the incomplete...

This made Li Tian completely depressed there.

"Hey!"

Li Tian sighed deeply.

Looking at the incomplete illusion patterns, Li Tian sat on the icy ground disappointed.

"What should I do?"

"I thought I could learn some more illusions... I didn't expect that I learned three illusions! But all the remaining illusions are not clear..."

"Now, although I have three illusions...but I still can't deal with that demon Otis." Li Tian was thinking about these questions in his heart.

Li Tian sat on the ground thinking depressed.

At the same time, he was still thinking about how to deal with the monster Otis.

Just as he was thinking hard in his mind, he suddenly reached out and touched it inadvertently, and he felt the toughness in his arms.

Li Tian was taken aback, and then quickly reached out his arms and went to take out the hard thing.

After taking it out, Li Tian found that it turned out to be a book with a black cover.

It's just that the books are full of water.

Li Tian was stunned, and then he thought of it in his mind: "Oh my God, isn't this the secret of the magical forbidden technique that the old Dean Hollis gave him?"

Chapter 2760: impossible

To be honest, if not for this "cheat book" suddenly, Li Tian would have forgotten it.

This was handed to him by the old dean, Herris himself.

He also said: This qi illusion forbidden technique secret book is that the saint of the year: Old Long has personally read it.

At this moment, Li Tian looked at the cover of this black magic forbidden technique, not only his eyes brightened.

Looking at the Shuize on this Qi Illusion Forbidden Technique Cheats, Li Tian quickly wiped it with his hands.

"Don't get wet inside."

Li Tian murmured in his mouth as he quickly opened the secrets of Qi Illusion Forbidden Technique.

After reaching out and turning it over, I saw that although there were water marks inside, it did not affect reading, and Li Tian's graphic text could still be seen clearly.

After seeing that this Qi Illusion Forbidden Technique Cheat Book was not damaged, Li Tian became excited.

"Now I must quickly learn this qi illusion forbidden technique...only in this way can I defeat the demon at the entrance of the cave."

After Li Tian thought this in his mind, he quickly started reading.

Turning to the first page of the secret book of Qi illusion forbidden technique, but seeing that there are four big eye-catching fonts written on it.

"The benevolent is invincible."

The four short words are sonorous and powerful.

Li Tian looked at these four words, and the corner of Li Tian's mouth not only showed a bitter smile.

Then he turned the page and started to read the following.

But after opening it, Li Tian saw the rows of text on it.

"The illusion of qi, using the way of qi to control everything."

"High-level illusion of Qi illusion: Rising Dragon Fist."

After looking at those words, Li Tian's eyes suddenly let out light.

"L Dragon Fist?"

What kind of illusion is this Qi illusion?

Li Tiantian was full of endless curiosity.

Then I began to look at the following text annotation: Shenglongquan, first gather the whole body with Qi, press the dantian, and penetrate the whole body with spiritual power, and then use spiritual power to stimulate the body to perform the tricks of Shenglongquan.

There are a total of seven forty-nine strokes of Shenglong Fist, each of which infuses breath into the fist breath. The last move: Flying Dragon ascends to the sky. Once it is performed, everything will be exhausted.

After Li Tian looked at the explanation of the Shenglongquan, he suddenly became excited in his heart.

"It seems that the power of this Shenglongquan is very overbearing."

After thinking this way, Li Tian began to look at the following graphic introduction.

The above graphic introduction is very detailed, every move and every style is clear... It's just that it is extremely difficult to extradite spiritual power with Qi.

Although the fist technique is easy to cultivate, the most difficult thing is to gather the breath of the whole body in that fist technique.

This is also the ultimate meaning of Qi illusion.

Li Tian is a very smart person. After thinking this in his mind, he quickly sat cross-legged...

He was not in a hurry to cultivate the dragon fist technique first... but to cultivate his own breath... and then use his spiritual power to overdo it little by little.

In this way, Li Tian began to practice.

...

Time passed by every minute and every second.

In the process of Li Tian's practice, Otis outside looked extremely depressed.

He didn't know that Li Tian was cultivating in the cave. At the moment, he just stood outside the cave and shouted angrily.

"Asshole, brat, come out?"

"I don't believe you won't come out?"

"Huh, there is no food or drink in the cave. I don't believe how long you can hold on?" The demon caught Li Tian's weakness in the cave, not only shouting there.

In a blink of an eye, a day passed like this.

During the time of this day, Na Otis didn't leave the stone cave mouth even one step.

When he was hungry, he would eat those flying birds...If he was thirsty, he would drink the clear water in the reservoir.

In this way, he is at ease.

But what will happen to Li Tian in the cave after experiencing Li Tian?

One day passed.

Li Tian did not come out.

The time of the next day passed quietly.

On this day, Li Tian still did not come out.

Faced with this situation, Otis couldn't sit still.

Looking at the dark stone cave, Otis suddenly felt inwardly: What's the \*\*\*\* kid? Didn't you stay in this cave for two days without eating or drinking?

"Could it be that there is another way out in this cave? Did that kid escape?"

Otis thought so, and suddenly became angry.

He managed to defend this cave... and was about to trap Li Tian to death. If there were other exits in the cave, then Otis would be really depressed.

He can't let his prey... just like this.

So at this moment Otis hurriedly walked toward the entrance of the cave, he wanted to go in! In order to absorb Li Tian's full-level spiritual power, Otis now can be said to have ignored everything.

Even if there is danger in the cave, he can't take care of that much.

Just as Otis in front of him was about to enter the cave suddenly, a loud noise erupted from the entire cave.

Then Otis was stunned, standing at the entrance of the cave... for a moment, and then stopped leaving.

"what sound?"

"Is that the \*\*\*\* kid?"

"Could it be that he was still in this cave and didn't escape?" Otis suddenly thought there.

It was also at this time, but seeing the "rumbling" sound in the stone cave getting louder and louder... followed by a strong and extremely powerful breath, suddenly surging out directly from the stone cave.

Otis was shocked, and his body quickly backed away.

At the moment when he backed away, he saw a figure flying at a speed that was invisible to the naked eye... suddenly flew out from inside.

Otis stepped back more than ten meters... he took a sharp look, but the person who saw it was that Li Tian in shock.

"Buddy, is it you?" Otis was completely shocked.

He never thought that Li Tian would dare to walk out of this cave.

But what about Li Tian who is out of the cave at this moment?

One of his hair was draped all over his head... the breath of the whole body was flowing around him... every move was filled with terrifying spiritual power.

He has transformed.

The whole person seems to have completely changed at this moment.

It was completely different from Li Tian before, especially the terrifying spiritual power that appeared all over his body.

"Devil, don't you want me to come out?"

"Don't you want to absorb the spiritual power of my Li Tian?"

"Now, I give you this opportunity." Li Tian suddenly said these words coldly from his mouth.

He stared at Otis in front of him without blinking.

But what about Otis? The moment he saw Li Tian appear, the whole person was completely stunned.

Especially when he saw Li Tianhun's body, that kind of natural aura, he couldn't help but chuckle.

"What the \*\*\*\* is going on with this human kid...how is he getting stronger and stronger?"

"It's only two days...impossible...impossible..." Otis said in horror.
