

A Killer 2771

Chapter 2771: Want to give birth? wanna die?

Morodo thought his brother Otis was still alive.

Little did he know that the demon had already died tragically under Li Tian's hands?

But what about Li Tian?

Since leaving the Anthony and the others, Li Tian has been walking towards the base camp of the demons.

Now he is getting closer and closer to the base camp of the demons.

He was eager to find his lover in his heart, and he became even more impatient.

But seeing Li Tian's body stretched, he flew away in that direction.

As soon as the body reached there, I saw a group of half-orcs walking forward quickly.

There seemed to be as many as 78 of these half-orcs, each with a hideous face, wearing armor and carrying an epee in their hands, walking step by step.

They seem to be patrolling.

Among them, there is a blood illusionist wearing a black robe in the front, leading these half-orcs to patrol there.

At the moment when Li Tian saw this team of half-orcs, he suddenly hid himself in a tree, and then observed these half-orcs.

After a few glances, he found that these orcs should be patrolling.

After thinking about it, Li Tian suddenly felt that he should make a move.

After making up his mind, he saw Li Tian's body flew down from the tree in an instant.

"There are humans."

"There are humans."

Suddenly the half orcs over there... and the leading blood illusionist couldn't help screaming when they saw Li Tian suddenly appear.

But seeing Li Tian was already on the ground at this moment.

Those half-orcs and the leading blood illusionist couldn't help but be stunned when they saw Li Tian suddenly appear.

Then one by one he surrounded Li Tian with heavy swords.

The half-orc showed a hideous face, roaring there... the blood illusionist of the demon race headed by him was also looking at Li Tian angrily.

Li Tian glanced coldly, these half-orcs...and the blood illusionist headed by them, suddenly said: "I don't want to kill you, I just want to ask you something, if you can honestly tell me ...I will let you go."

The cold words came out of Li Tian's mouth.

When Li Tian's words were being spoken, the half-orcs...and the demon blood illusionist headed by them were not only furious.

"Damn human being, don't you have a small tone?"

"Only you... want to kill us? Haha, you can really joke."

The blood illusionist in the black robe said to Li Tiannu.

Li Tian suddenly turned his gaze, and then stared at the blood illusionist's face.

"You don't believe it? I will kill you all?" Li Tian said suddenly.

When the blood illusionist heard Li Tian say this, a huge chill suddenly appeared in his body for no reason...especially when he felt Li Tian's breath.

The tall orcs around him roared.

The blood illusionist looked at the large number of people on his side, so he boldly said there: "Kill this human... first kill him."

After yelling, the tall orcs suddenly roared towards Li Tian.

They held heavy swords in their hands, and then waved them one by one, slashing towards Li Tian.

When Li Tian saw these orcs rushing over, his brows couldn't help but frown.

"Hey, this is what you forced me."

After he finished saying these words, Li Tian suddenly stretched out his hands, but he saw golden flames glow in both hands.

Flames?

After Li Tian's two hands appeared golden flames, his hands suddenly surrounded, and then one after another fireballs suddenly began to turn out of his palms.

The fireballs that flew past one by one, puff, puff, and puff hit the bodies of those half-orcs who jumped over.

Although those half-orcs are huge...but they move slowly...now facing the extremely fast fireball...they can't avoid it at all.

In a blink of an eye, the four half-orcs were already being burned by fire...

They screamed and wailed in the flames.

The other 34 half-orcs, seeing their companions being burned by the flames, roared and continued to pounce.

It seems that these beasts are not afraid of death at all.

When they pounced, Li Tian suddenly performed the Thousand Killing Knife technique, and suddenly a giant blade was transformed into the air... Then when the 34 half-orcs pounced, the giant blade Suddenly, the terrifying sword energy directly cut over the half-orcs.

In a blink of an eye, those half-orcs fell to pieces in a pool of blood.

The blood illusionist in the black robe saw that several half-orcs were killed by Li Tian so quickly. Shocked at the moment, quickly cast illusion.

"Blood mist sand."

He read from his mouth, and then a ball of blood sand shot at Li Tian suddenly.

Li Tian looked at the flying blood sand, and suddenly sneered in his mouth. He had already seen the blood sand illusion of this demon race. At this moment, he saw this guy cast his right hand quickly.

A thunder and lightning suddenly appeared from the air, and with a click, it directly hit the arm of the black-robed blood illusionist.

The blood illusionist never expected that Li Tian could perform thunder and lightning illusions... and the speed was so fast... At the moment the whole arm was hit by thunder and lightning... Ah, a scream, his arm seemed to give It fell to the ground as if it was scrapped.

Just when the blood illusionist was hit by the arm and fell to the ground, Li Tian quickly flew over.

Before the blood illusionist of the demon race got up, Li Tian suddenly stepped on his body.

"Don't move, if you move again, you are dead."

A cold voice came from Li Tian's mouth.

The blood illusionist of the demon race was restrained by Li Tian... at this moment, he dared not move any more, fell to the ground and trembled uncontrollably.

"You...you...what do you want?" Suddenly the blood illusionist of the demon race was gasping and asked.

But seeing Li Tian stepping on the blood illusionist of the Demon Race and said: "I don't want to be anything, I just want to ask you a few questions... If you are willing to answer, I will spare your life."

When the blood illusionist of the demon race heard Li Tian say this, his eyes flashed with an unbelievable look.

"Will you spare me? Really?" he cried with a sharp breath.

Li Tiandao: "I, Li Tian, never lie."

"How? Do you choose to die? Or choose to live to answer my questions?" Li Tian looked at the Demon Blood Illusionist on the ground.

Who is not afraid of death?

The blood illusionist of the Demon Race coughed and coughed twice, and finally said with his timid eyes: "Okay...you tell me...what do you want to know?"

After hearing that the blood illusionist of the Demon Race finally compromised, Li Tian smiled slightly.

Chapter 2772: Demon Barracks

"Tell me, who is your saint? What is his name?" Suddenly Li Tian looked at the Demon Blood Illusionist on the ground in front of him and asked.

The Demon Blood Illusionist who was controlled by Li Tian couldn't help being taken aback after hearing Li Tian's question suddenly.

"Saint?" His pupils stared at Li Tiandao.

Just listen to Li Tiandao: "Not bad."

"Why do you...ask...ask...our saint?" The blood illusionist of the demon race suddenly faced Li Tiandao.

Li Tian said coldly; "Don't worry about this, you only answer what you should answer."

"Tell me about your saint." Li Tiandao.

The blood illusionist of the demons had no choice at this moment.

With a pale face there, he gasped and said, "Okay, I'll tell you."

"Our saint was personally appointed by the demon emperor... before, the saint had never appeared! But one day, the demon emperor suddenly brought her out... and announced that from now on, she is our demon. The saint of the clan, also from that day, all of our demons began to call her saint."

After Li Tian heard the Demon Clan's blood illusionist suddenly say this, he not only frowned.

So he hurriedly asked: "You mean, you have never seen Ningbing before...no...a saint? Right?"

The blood illusionist nodded his pale face and said, "Yes."

"Then have you ever heard others talk about... where did your saint come from?" Li Tian continued to ask.

Li Tian wants to know the answer now.

He wanted to know why Ning Bing joined the Demon Race... and how did she suddenly become the saint of the Demon Race? And what made him most depressed was that when Situ Ningbing saw him, and didn't know him at all?

But seeing that blood illusionist shook his head and said, "This...I don't know.

After listening to the blood illusionist saying this, Li Tian stood in the dark.

Then he didn't ask too much.

"You go!" A word suddenly came out of Li Tian's mouth.

The blood illusionist who fell on the ground heard Li Tian say this, and immediately said, "You let me go?"

"nonsense."

"Don't you leave?" Li Tian said coldly.

When the blood illusionist heard this, he hurriedly said, "I'm going, I'm going."

Having said this, he hurriedly covered his painful arm... and fled into the dense forest in front.

"Wait." Suddenly after the blood illusionist took a few steps, Li Tian suddenly shouted.

The blood illusionist was startled, and quickly turned his scared face away and looked at Li Tian: "You...what do you want?"

"Let me ask you one last thing. Tell me, where is the base camp of your demons?" Li Tian asked suddenly.

The blood illusionist originally thought that Li Tian was going to kill him. At this moment, after hearing the last question he asked, he quickly replied, "Go ahead in this direction...you can see within ten kilometers. To the base camp of our army."

Li Tian suddenly smiled after hearing this.

"You are dismissed."

The blood illusionist didn't dare to stay at all, and at this moment hurriedly ran away.

After the blood illusionist left quickly, Li Tiancai flew away from the base camp of the Demon Race.

He has become more and more certain that the woman claiming to be the "saint" he saw before is his lover Situ Ningbing.

It's just that he still doesn't understand why Ning Bing didn't recognize herself... and how did she become the saint of the Demon Race?

"It seems that when Ningbing entered this world, something must have happened!"

Li Tian thought secretly in his heart while flying forward.

"Forget it, I can't manage that much now... I can only find Ningbing as soon as possible... Ask about everything."

After thinking this way, Li Tian hurriedly walked towards the base camp of the demons.

The base camp of the demons is getting closer.

When Li Tian approached the demon army barracks, he saw many patrolling troops one after another. Among them, Li Tian dodged by relying on extremely fast body skills...He did not show up.

After walking forward for a while, Li Tian suddenly saw the demon army barracks.

Far away, I saw a wilderness, all of them were army of orcs!

And the dense glacial snow wolves...

At this glance, it was truly spectacular. The army of 100,000 demons looked so mighty.

Li Tian hid in the dark, and when his eyes saw the one hundred thousand army of the demon race, his brows couldn't help but wrinkle slightly.

"The number of Mozu's troops is so large! No wonder these few big battles were human defeats..." Li Tian muttered in his heart while looking at the Mozu army in the distance.

"Where will Ningbing live?" Li Tian muttered secretly while observing those military camps.

Finally, after looking at his eyes for a while, he saw a huge tent in the middle of the dense army.

Outside that tent, all the blood illusions of the demons wearing black robes.

After seeing the blood illusionists, Li Tian immediately said: "Will Ningbing be in the biggest tent? There are so many demonic blood illusionists guarding it...it must be her. "

Li Tian thought smartly.

But another question immediately stunned Li Tian.

"Since Ningbing is in the middle of the army... and there are so many powerful demonic blood illusions guarded by the door... How do I get in? How do I find Ningbing?"

Li Tian thought this way and fell into depression.

Li Tian, who was thinking of a solution, looked around with his eyes.

Suddenly his gaze fell on the blood illusionists in black robes.

"Yes, if I dress up as a demon blood illusionist...maybe I can get close to the iced tent." Li Tian immediately thought about it with joy.

After thinking about this, Li Tian then started to act.

He is now looking for a goal...

After watching for a while, I suddenly saw two demon blood illusionists appearing from the front.

The blood illusionists of the two demons seemed to be very young, coming from the front side at this moment.

After seeing the blood illusionist of these two demons, Li Tian immediately began to act.

"It's them both."

After saying this, Li Tian suddenly stretched his body and flew towards the blood illusionists of the two demons.

The two young Demon Blood Illusionists were still coming here, and they hadn't noticed Li Tian at all.

Chapter 2773: Original Demon Barracks

Whoosh!

Just when the two blood illusions wore black robes came, a shadow suddenly flashed past them. .

The two blood illusionists in black robes were taken aback.

"Who?" The two of them exclaimed immediately.

As soon as their voices called out, an invisible breath in the air suddenly spread towards the bodies of the two of them.

Then the two blood illusions wore black robes and couldn't move at once.

Their bodies seemed to be controlled by something.

The pupils of the two of them widened for an instant, and they were completely shocked... their mouths wanted to move... they wanted to scream loudly... Unfortunately, they couldn't open their mouths and couldn't make a sound.

At the moment when the two guys were under control, Li Tian's figure suddenly appeared.

But seeing his figure suddenly swept down from above.

At the moment it swept down, Li Tian's left hand was slightly open there, and then he looked at the blood illusionists of the two demons with a smile on his face.

The two Demon Blood Illusionists who were completely under control wanted to move...Unfortunately, they couldn't move...At this moment, when they watched Li Tian approach them step by step, they were all stunned.

"Sorry, although I don't know you, I have to borrow the clothes on both of you to use it."

Li Tian said with a smile, while controlling these two people with slavery... Then step by step he approached the two blood illusions.

The two blood illusionists saw Li Tian getting closer and closer... their pupils began to dilate violently.

The moment Li Tian walked past, he suddenly stretched out his hand, and then hit the heads of the two blood illusions with "bang, bang", and then the two blood illusions all fell down. To the ground. fainted.

After Li Tian knocked out the two blood illusions, he quickly dragged the two blood illusions into the dense forest, and then began to take off their clothes.

Then Li Tian began to put on their black robe.

Soon, he saw Li Tian walking out of the dense forest wearing the black robe of the blood illusionist.

The black robe stretches from the top to the foot...There is also a hat on the head...If you don't look carefully, you can't tell Li Tian's identity.

Looking at what he was wearing, Li Tian muttered to himself: "I wonder if I can be recognized like this?"

The guys of the demons are actually like humans!

Except for the extremely pale face...and their eyebrows...the other characteristics are undoubtedly human.

After thinking about it, Li Tian said there, "Forget it, I will try."

After making up his mind, Li Tian decided to go to the barracks of the demons.

I have to say that Li Tian is quite bold.

After all, in the front demon army barracks, there is an army of 100,000!

If discovered, even if Li Tian has the ability to reach the sky, he will not escape.

However, Li Tian can't think about that much anymore. In order to find his favorite Situ Ningbing, Li Tian can only take risks at this moment.

I saw Li Tian wearing the black hat on his head, and then wearing the black robe, walking slowly towards the front of the Demon Army camp.

The army garrisoned in front is a legion of orcs.

The half-orc legions stood there with spears and bucklers in their hands one by one.

There was an incomparable stench from their bodies...No way, they themselves were half-human and half-beast monsters.

Li Tian lowered his head and walked towards them. He could smell the stench from the half-orcs in his nose... and he could see the tall and rough skins of those half-orcs...

To be honest, Li Tian was still very nervous when he walked over.

However, he suppressed the excitement in his heart, and then slowly approached here.

When Li Tian walked over, those extremely tall orc legions didn't even look at him... as if he didn't exist at all.

"Hey, these half-orcs have no feeling for themselves?" Li Tian was overjoyed.

This is the barracks of the demons!

And it's a huge army of 100,000 demons.

Who can imagine that someone who is not afraid of death would dare to get in?

So those half-orcs didn't care about Li Tian at all.

When Li Tian saw that he easily got into the base camp of the demon clan, he was excited and nervous.

While walking silently to the front, while observing the surrounding situation.

Over there, the standing army of orcs is training...On the left side, there are also glacier snow wolves one after another. Those glacier snow wolves have bloodthirsty and red eyes, with their fangs outstretched, standing there. .

Li Tian walked forward cautiously step by step.

Because he was wearing the clothes of the blood illusionist of the demon race, there was no hindrance to his journey.

It turns out that the blood illusionist of the demon race has extremely high treatment in the barracks... This is also an important reason why Li Tian can be unimpeded.

Just as Li Tian passed through the dense military camp and walked forward, a rough voice suddenly came from the side.

"Hey, from your team?" Li Tian glanced at it as the voice came.

Suddenly I saw a blood illusionist in the same black robe standing there...behind him were two identical blood illusionists.

Li Tianyi saw the blood illusionist asking himself, and he shook his heart: It's awful.

"I don't even know... what team... what should I do now?" Li Tian stood there with his head down suddenly, turning his mind quickly while thinking about emergency plans there.

At this moment, when the blood illusionist saw Li Tian not speaking, he suddenly became puzzled.

"Hey, what should I ask you? Which team are you from?"

As the blood illusionist said so... he then took the two men and walked towards Li Tian, Li Tian turned his eyes to the fact that the guy was walking towards him, and terrible spiritual power emerged from his body.

He now has no other options.

If the opponent gets closer to him, he must make a move...because if he does not make a move, he will be recognized by the opponent sooner or later.

Seeing that the blood illusionist of the demon race had approached Li Tian step by step, Li Tian was already ready to take action.

At this critical moment, suddenly, a "buzzing" horn sounded from the front.

The sound resounded extremely, accompanied by a rumbling sound.

When the horn sounded, suddenly, the entire demons began to mess up.

"The human army has attacked from the flanks."

"The whole army is ready to fight."

There was a roar of orcs from the front.

After the voice called out, the blood illusionist who was originally close to Li Tian was taken aback.

"The human army has attacked...Let's go over and take a look." The blood illusionist said to the two men under his hand, no longer caring about Li Tian, and then quickly swept away.

Chapter 2774: you do not know me?

As the voice came, Li Tian squeezed a sweat and almost made a move, but now the other party ran away...he suddenly relaxed a lot.

"Damn it, scared me to death."

Li Tian sighed softly, and then said.

Then he quickly raised his eyes and looked at the place ahead, but saw that the dense army of orcs had moved closer to the left.

One third of the mighty demon army went over there.

After seeing such a situation, Li Tian said to himself: "It seems that the human army has attacked."

"Hey, in this battle, I don't know how many innocent lives will be killed or injured."

Li Tian sighed while looking at the distant place.

However, under such circumstances, it is the best time for Li Tian, who is now mixed into the demon barracks.

Because in the barracks of the demons, a part of the orc army has already fought...Although the other part of the army is still stationed here, the whole barracks are extremely relaxed.

At this moment, Li Tian took advantage of the chaos and hurriedly ran to the front and middle tent.

He is going to find Situ Ningbing and find his lover.

Soon, it was seen that Li Tian had successfully arrived outside the largest tent in front.

I saw 67 blood illusionists in black robes standing outside the tent, one by one guarding the largest tent.

There were still many orcs guarding there around.

Li Tianyi looked at the situation, not only frowned.

"What can I do? There are so many blood illusions guarding the tents... and there are army of orcs guarding them around. It seems a little unlikely to want to rush in."

Li Tian was observing the situation while murmured in the background.

Suddenly he saw that there were fewer people guarding behind the huge tent...only a few half-orcs were guarding there.

After thinking for a while, Li Tian said, "It seems that he can only enter this tent from that place."

After thinking about this, Li Tian quickly swept his body and reached the back of the tent.

Because the war was breaking out on the wasteland on the left, none of the guards here focused their attention here... Li Tian swept over smoothly at this moment.

After swept over, he saw the 67 half-orcs guarding behind the tent.

After looking at them, Li Tian lowered his head slightly and started walking towards the tent.

As soon as he approached the tent, he heard a roar from the mouth of a tall orc.

"stop."

The roar was hard to hear and piercing... it came out of its mouth.

When he just called the exit, Li Tian immediately shot.

Unexpectedly, the action reached the speed of a shadow.

Then Li Tian hit the half-orc's head with a palm...The tall half-orc hadn't even had time to make a screaming sound, and the whole person had died instantly to the ground.

And at the same moment, Li Tian suddenly displayed the "Ten Jue Sword Qi"

The terrifying Ten Jue Sword Qi was combined with the Qi illusion that he had cultivated in the very extreme of the soil. Once it was used at this moment, the entire space was completely enveloped by the sword aura.

But seeing the invisible sword aura, it pierced the bodies of the other half-orcs.

Puff puff.

Those half-orcs couldn't stop the terrifying Ten Jue Sword Qi...One by one, the terrifying sword aura pierced their throats... and then their tall bodies fell into a pool of blood.

In the blink of an eye, all the 67 half-orcs behind the guard tent were killed by Li Tian.

After Li Tian successfully killed the 67 half-orcs, he was ready to enter the tent quickly and look for Situ Ningbing.

Although he is still not sure if Situ Ningbing is in this tent, he has no choice but to go in and try.

After making this decision, seeing Li Tian quickly came to the back of the tent, then opened a corner, and got in with a "swish" of his body.

After Li Tian got into the military camp tent, he saw that the tent had a huge space for a hundred years...There was a gauze curtain in the front place, and there seemed to be someone moving behind the gauze curtain, but there was no one outside.

When Li Tian saw someone behind the gauze curtain, he became nervous immediately.

"Is that Ningbing? Is it my love?"

With that thought in his heart, Li Tian began to approach that gauze step by step.

As he approached the gauze curtain, the gauze curtain was lifted up suddenly, and a familiar figure came out from the gauze curtain.

The moment that shadow appeared, Li Tian saw her all at once.

"Ice ice?"

A cry of surprise came from his mouth.

He looked at the figure of his lover in front of him with excited eyes.

What about Situ Ningbing who came out? Suddenly, I heard someone calling "Ningbing", and he was taken aback.

Immediately after turning his glamorous face, he saw Li Tian breaking in.

"Who are you? How dare to break into this saint's tent?" a cold voice suddenly called out from her mouth.

She seemed to not know Li Tian at all.

The moment I saw Li Tian, there was no other feeling besides surprise and anger.

Li Tian suddenly felt cold after Situ Ningbing said so suddenly.

"Ningbing, don't you know me? I'm Li Tian... Li Tian."

But seeing that Situ Ningbing heard Li Tian say so, Liu brows frowned.

"You **** blood illusionist, dare to trespass here, and dare to talk nonsense... come here... kill him." He shouted, but when he saw that Situ Ningbing, he was ready to call someone and kill him. Li Tian.

Seeing that Situ Ningbing's voice called out, Li Tian hurriedly shot at this moment.

With the "Mysterious Wind Step" under his feet, the whole person reached the front of Situ Ningbing as quickly as a blast of wind.

Seeing Li Tian suddenly attacked, Situ Ningbing hurriedly stopped Li Tian with his right hand...Unfortunately, Li Tian's speed was too fast.

The speed was beyond anyone's expectations.

At the moment when Situ Ningbing's hand just stretched out, Li Tian's whole body has reached behind Situ Ningbing, and then one hand suddenly grabbed Situ Ningbing's arm, and the other hand was tight. She tightly covered Situ Ningbing's cherry lips.

"Ningbing, don't shout... I'm Li Tian!" Li Tian covered Situ Ningbing's mouth and said to her there.

However, it was said that Situ Ningbing was covered by Li Tian's hand with his mouth, and could not scream at the moment, gritted his teeth angrily and suddenly bit on Li Tian's hand.

Li Tian's pain was unbearable... the fingers were bitten and bleeding... But he didn't yell out of pain.

Chapter 2775: Ecstasy Blood Curse

"Ningbing, this is Li Tian."

"Why don't you know me?" Li Tian said to Situ Ningbing with anguish.

At this moment, Situ Ningbing's mouth was full of blood from Li Tian's fingers. When Li Tian's words reached her ears, Situ Ningbing suddenly stopped biting Li Tian's fingers.

"Ningbing, I don't know what happened to you... I don't know why you joined the Demon Clan... But I have been looking for you..." Li Tian looked at Situ Ningbing with red eyes.

Situ Ningbing was originally struggling violently, but after hearing Li Tian's words at this moment, she calmed down a little.

There was a pair of surprised eyes staring at Li Tian's face.

But no matter how she looked at it, she couldn't tell that she knew Li Tian.

She seems to have lost her memory completely, and she doesn't know Li Tian at all.

When Li Tian saw that Situ Ningbing seemed to be no longer struggling, he also slightly let go of his hand at this moment.

His eyes were red as he stared at Situ Ningbing in front of him.

And Situ Ningbing? At this time, the body was backing back, looking suspiciously at that Li Tian.

"Are you a human?"

"Who are you?" Suddenly Situ Ning asked coldly.

Li Tiandao: "I am Li Tian."

"Li Tian? I don't even know Li Tian..." Situ Ningbing said.

Hearing that Situ Ningbing suddenly said this, Li Tian suddenly felt cold.

She really doesn't recognize herself.

"Ningbing, what happened to you? How come you don't even know me?" Li Tian said in a very uncomfortable heart.

He had been looking for Situ Ningbing for a long time, but he didn't expect that he finally found it at this moment, but she didn't recognize herself.

How can all this not make Li Tian feel hurt?

Situ Ningbing suddenly sneered and said: "You ***** human being...you trespassed into my demon army barracks and talked nonsense...what Ningbing... I tell you, I am a demon saint."

After Situ Ningbing finished saying this, Li Tian was suddenly confused.

"Did I really admit the wrong person?"

"Isn't she Ningbing?"

Li Tian was suspicious.

But how could he admit the wrong person? She was that Situ Ningbing in front of her.

"Ningbing..."

Li Tian seems to want to say something.

But at this moment, there was a loud shout of anger.

"Asshole, dare to break into the saint's tent without permission."

With a loud shout, a blood illusionist wearing a black robe with a "blood" pattern on the back suddenly flew in.

The blood illusionist was extremely terrifying, and with a flick of his right hand, a terrifying and hideous blood skull hit Li Tian directly.

Li Tianzai was suddenly attacked, his body suddenly moved several meters away, and then he slapped his backhand with his energy mixed with spiritual power and directly hit the blood skull with a bang, making a "explosive" sound.

Immediately afterwards, he saw that the blood illusionist had reached the side of Situ Ningbing.

"Holy girl, are you okay?" The blood illusionist raised his extremely cold eyes while looking at Li Tian here, while asking Situ Ningbing there.

But Situ Ning said coldly, "I'm not dead yet."

"Damn your subordinate...someone broke into the saint's tent without permission." The blood illusionist said.

He is the terrifying blood illusionist of the Demon Race: Blood Demon.

Have a powerful curse of blood: Gorefiend.

The "Blood Demon" who was saying this suddenly caught Li Tian in his eyes.

"Who are you bastard? You have the courage to break into the saint's tent? Are you looking for death?" the blood demon roared.

Li Tian suddenly raised his head at this moment.

"I just want to find my lover today, find her, who dares to stop me, who I kill." Li Tian's breathless words came out.

When the blood demon saw Li Tian's face, his brows were not only frowned.

"Humanity?"

"This guy is actually a human?"

"You human being who is not afraid of death... dare to break into our demon barracks? Today, you are dead."

The words said, the blood demon suddenly, the body quickly deceived Li Tian.

The ghost with one hand grabbed Li Tian's face, and the other hand grabbed Li Tian's heart.

The tricks are insidious and cruel.

Li Tian saw the attack of the blood demon, slapped his right hand and shook the blood demon's claws, and then suddenly flew up and kicked his feet.

The blood demon bounced off for several meters, and then shouted loudly, one hand flickered, and a blood shadow suddenly hit Li Tian.

Li Tian performed the "Slavery Technique" and then controlled a chair on the left, and then hit the "blood shadow" with a bang. The chair was shattered and the blood shadow was blocked at the same time.

"Haha, yes, it turned out to be a human illusionist."

"However, you met my blood demon today, you are unlucky."

The Gorefiend said, suddenly his hands made a strange mark on his chest, and then he suddenly muttered some spells that he didn't understand.

At the moment he chanted the spell, blood qi suddenly rushed to Li Tian from all directions.

Li Tian was not only taken aback when he saw this "Blood Demon" cast such a weird illusion.

Immediately afterwards, the body began to retreat, and at the moment of retreating, it also cast a lightning illusion.

"Purple Thunder Seal."

Suddenly, two rays of thunder shot down from the air.

The Gorefiend dodged quickly, his mouth still chanting weird spells.

For unknown reasons, Li Tian suddenly began to hallucinate his entire head... and even his limbs became faint.

"what happened?"

"Why is my body hallucinating?"

Li Tian said in shock.

Then he pressed his mind quickly, and then controlled his head.

But as the blood demon chanted the spell quickly, Li Tian's head became more and more dizzy.

Of course Li Tian would not know that the terrifying blood illusionist in front of him was a "blood demon". The blood illusionist he used was the most terrifying, an invisible illusion technique.

What the Gorefiend had just cast was the "Blood Curse."

Once this blood illusion is cast, the opponent will have hallucinations in his head... and then feel a splitting headache, and finally return to the Qi Orifices to bleed and his head burst and die.

The current Li Tian, with a big intention, was actually hit by this "blood curse", and his head began to have hallucinations more and more, and it was accompanied by pain.

Li Tian was already trembling at this moment, and he was holding his head with a splitting headache in both hands... and he called out a painful "ah".

But the "Blood Demon" didn't mean to stop at all.

As the "Blood Demon" chanted more and more spells, Li Tian's body suddenly hurt and fell to the ground with a thud.

He held his head with his hands... as if his head was about to break, screaming and rolling.

The "Blood Demon" here continues to chant spells there.

Chapter 2776: Being held

Li Tian has never encountered this blood illusion technique.

At this moment, being firmly controlled by that blood demon's "blood curse", it is simply painful.

The whole person fell to the ground, twisted in pain.

And what about the Gorefiend? But he didn't mean to stop at all, he seemed to be about to kill Li Tian.

Seeing the pain on the ground was covering Li Tian's nose rolling and barking around his head...ears...and also his mouth...he was about to die soon.

At this moment, Situ Ningbing who was standing next to him suddenly called out.

"Stop it." A word suddenly came out coldly from her mouth.

The moment her voice was uttered, the Gorefiend was taken aback, and the lips that had originally chanted the spell paused slightly.

"Holy woman?" The blood demon was not only startled when he heard the holy woman's voice.

Turning his face to surprise, the Gorefiend who was looking in front of him felt extremely surprised.

He couldn't understand why the vicious saint in the past suddenly stopped herself at this moment?

"Holy woman, don't you kill this **** human illusionist?" The gorefiend in front of him suddenly looked at the saint and asked.

But seeing Situ Ning glanced at the **** Li Tian lying on the ground... and then said: "Kill."

"But, don't kill now."

The blood demon said depressed: "Why?"

"Because it is useful to keep him, I want to know why he broke into our Demon Clan's barracks. I want to know that the **** sent him." Situ Ningbing said coldly.

After hearing what the saint said, the blood demon thought for a while, he felt that what the saint said was reasonable.

After all, this man has now been taken down, he is dead.

"Blood Demon, you put him in the jail first." Situ Ningbing ordered.

"Remember, no one can approach him without my order, and offenders, kill." Situ Ningbing finally repeated.

After hearing the saint's order, although the blood demon was extremely suspicious, he couldn't help but listen to the saint's words.

So he nodded quickly and said, "Yes."

Then the Gorefiend called two people from outside... and then put the dying, blood-stained Li Tian into the "prison".

Soon, Li Tian was taken down by two half-orcs and imprisoned in the "prison" of the demons.

After imprisoning that Li Tian, the Gorefiend also left the barracks tent of Situ Ningbing.

At this moment, Situ Ningbing was alone in the huge tent.

But seeing her sitting there quietly...I thought of Li Tian who had just barged in in my heart.

"That human...why does he keep calling himself frozen?"

"What the ***** is going on? How dare he create our own demon army camp? And with his strength, it seems that he can easily take himself? But why didn't he do it... Instead, he kept saying that he knew himself?"

Situ Ningbing thought of these questions in her mind.

"Could it be...Do I know him?" Situ Ningbing was thinking there.

But no matter how she searched the memory in her head, she couldn't find the shadow of Li Tian.

She only knew that she was a saint... She only knew that she was a demon... The rest of her memories seemed to be completely blank.

She couldn't even remember what her name was, what she had done before...

At this moment, Situ Ningbing was thinking back hard.

But Situ Ningbing who thought for a while... suddenly his head started to ache... the pain was unbearable.

She does this every time.

As long as she remembered the past in her mind... she would have a headache.

So Situ Ningbing hurriedly didn't dare to think again.

"Forget it, whether you know him or not, he is a human after all. Since he is a human, he is the enemy of our demons. Only death." Situ Ningbing said coldly.

...

But what about Li Tian?

At this moment, he has been imprisoned in the "prison" of the demons.

It was a gloomy and damp cell.

Outside the cell, standing tall half-orcs, shirtless and upper-body, locked Li Tian with cold chains.

Li Tian's hands... both feet were tied by chains, and then hung there.

At this moment, there is still blood on his face... However, the pain in his head has been reduced a lot.

Li Tian tried to keep his head awake... and then slowly opened his eyes and looked around.

Except for the cold and damp stone walls, all that remained were the hideous orcs guarding them.

"What kind of illusion does that **** blood illusionist use?"

"How can I chant a spell in an instant...so that my head is so painful?" Li Tian thought about it after he was sober.

He still couldn't figure out how he was hit by the "blood curse".

If Li Tian knew that the opponent's "Blood Curse" had such power, then Li Tian must have used the "Fire Qilin" he learned to immunize the opponent's illusion...Unfortunately, even if he knew it, it was too late. .

Because he has been arrested.

Looking at the icy iron chains with his hands and feet clasped, Li Tian accumulated his internal strength and then made a hard effort.

The icy iron chain rattled a little...

Can't break free.

Li Tian tried it out as soon as he tried it.

After realizing that he couldn't get rid of it at all, Li Tian was also depressed.

"What can I do? Do I want to be trapped here alive?" Li Tian thought in his mind.

Li Tian, who was thinking about this, suddenly thought of his lover Situ Ningbing in his mind.

"What's wrong with her? Why doesn't she recognize herself?"

"Did she have amnesia?" Li Tian thought painfully.

Facing one's lover... But the other party doesn't even know oneself, this is the most painful thing.

But now no matter what Li Tian thinks, he can't think of the reason.

After Li Tian was imprisoned in the "prison" of the Demon Race... almost no one came to see him.

Except for the half-orcs of the demon race who guarded him... there was no one at all.

This is also because of Situ Ningbing, because Situ Ningbing once said: Without her order, no one can enter this prison, offenders, kill!

So now no one is in charge of Li Tian at all.

Time goes by day by day.

Li Tian didn't know how long he had been imprisoned. The only thing he knew was that during this time of imprisonment, the half-orcs of the demons had never given Li Tian a little water...a little food! No one among them has ever seen him again.

Li Tian's lips are already chapped...

He became weak because of not drinking water for a long time.

Chapter 2777: who am I?

Day by day passed.

In a blink of an eye, Li Tian had been trapped in the "prison" of this demons for 3 days.

In the past 3 days, Li Tian had never drunk a drop of water... His mouth was dry and cracked with blood.

The whole person also began to have hallucinations...

On this day, the door of the "prison" was suddenly opened.

Then a shadow came in from outside.

As the shadow walked in, the half-orcs who had been standing suddenly knelt down there.

"Holy Woman."

The half-orcs roared there one by one.

Look carefully, the figure who walked in was the same Situ Ningbing.

She actually came!

When Situ Ningbing approached this "prison", she said to the half-orcs who were guarding the prison: "You all go out."

After the extremely tall orcs heard the saint's words, they nodded quickly, and then all walked out.

After the tall half-orcs left, only Li Tian and Situ Ningbing were left in this gloomy prison at this moment.

I saw that Situ Ningbing stepped forward, step by step from the front.

When she walked over, that Li Tian was still hanging by the iron chain...with his head down there...as if he was in a coma.

After Situ Ningbing approached, he slightly raised his head and glanced at Li Tian.

"Hey, are you dead?" a cold voice suddenly came out of Situ Ningbing's mouth.

As her words spread, Li Tian, who seemed to have been completely unconscious, suddenly opened his weak eyes slightly at this moment.

Immediately afterwards, his head lifted up with difficulty.

The moment he raised his head, his bloodshot eyes saw Situ Ningbing in front of him.

"Ningbing...Ningbing...is it you?" When Li Tian saw Situ Ningbing, suddenly, he seemed to be awake, his body struggling forward suddenly, and the iron chains tied to him There was also a "clap" sound.

When Situ Ningbing saw Li Tian awake, he suddenly sneered: "Huh, you ***** human being, you can support it. I didn't expect...for three days without eating or drinking...not dead yet. !!!"

Hearing Situ Ningbing's words, Li Tian looked at her with pain in his eyes.

"Ningbing...you...why... why don't you recognize me?" Li Tian said weakly.

Situ Ningbing said: "Nonsense, this saint doesn't even know who Ningbing is in your mouth... let alone you."

Li Tiandao: "No, it's impossible, you are Ningbing, you are Situ Ningbing."

Situ Ningbing said: "Asshole, if you dare to call me Ningbing again, I will cut off your tongue."

Li Tianyi heard her say so viciously, and at that moment, he was suddenly disappointed.

It seems that she really doesn't recognize herself anymore.

"Tell me, why do you keep saying that I am the Situ Ningbing? Do I look a lot like the person you are talking about? And, why are you looking for her all the time?" she asked.

After she asked, Li Tian suddenly smiled bitterly at the corner of his mouth.

"Say, why are you looking for the one named Situ Ningbing?" she asked.

Li Tian suddenly raised his blood-red eyes, and then said: "Because she is my favorite woman, she is my love of Li Tian."

"I, Li Tian, swear that in this lifetime, no matter how far you go, you will find him."

But he said that Situ Ningbing suddenly moved after hearing Li Tian suddenly say this.

I don't know why, at that moment, when she looked at Li Tian, she always felt so familiar.

What about Li Tian?

At this moment, the blood-red eyes were also looking at the beautiful eyes of Situ Ningbing without blinking.

Finally, after the two watched for a long time, Situ Ningbing said: "Hmph, I can't tell, you are still a passionate seed..."

"It's a pity, you are going to die soon!"

"Also, let me tell you, I am not Situ Ningbing what you said..."

After hearing that Situ Ningbing refused his identity again, Li Tiandao in front of him suddenly said, "Well, since you said you are not Situ Ningbing... Then tell me, who are you?"

Situ Ningbing said: "I am the saint of the demon race, don't you know?"

"Even if you are the saint of the Demon Race, you should always have a name? You said, tell me, what is your name?" Li Tian asked suddenly.

Following Li Tian's question, Situ Ningbing was taken aback.

Yes indeed?

"What's my name? What's my name?" Suddenly, Situ Ningbing stood there stupidly as if he was stunned, and then thought of his name in his mind.

she does not know.

She seemed to only know that she was called a saint, except for this title, she didn't know her name.

Situ Ningbing stood there blankly thinking about his name.

But no matter what she thinks, she can't seem to remember.

Just as she tried to think of her name, her entire head suddenly ached... and her "old wound" suddenly reappeared.

what!

Situ Ningbing cried out in pain, her hands were tightly covering her head, and endless pain appeared on that pretty face.

Li Tian saw that Situ Ningbing suddenly covered his head with both hands...The moment he screamed, he quickly shouted: "Ningbing, Ningbing, what's wrong with you? Don't you scare me?"

Li Tian yelled, while struggling with the iron chains on his body like crazy.

However, he couldn't escape.

But what about Situ Ningbing? A pretty face was painful and pale as paper, and it fell to the ground for an instant... the headache feeling made Situ Ningbing extremely uncomfortable.

"Ningbing...Ningbing, what's wrong with you?"

Li Tianji's tears flowed out.

Both arms... were stretched out of "blood", but he could not get rid of the shackles of the iron chains.

Seeing that Situ Ningbing's pain became more and more severe, her delicate body fell to the ground and trembled...

Suddenly at this moment, two figures in black robes flew outside.

When the two black robe figures flew in, they suddenly exclaimed.

"Saint?"

Following the exclamation, he saw a very short figure in black robe flying in. Upon closer inspection, the opponent turned out to be one of the chaos twins: Morodo.

The other is the blood demon with the "blood color" tattooed on the back.

The moment the two black-robed men flew in, they heard the blood demon's face ugly and said: "The saint's old wounds have happened again."

"Quickly, move the saint to the tent... and heal."

As the blood demon finished speaking, Na Moroduo quickly helped Situ Ningbing, and then the two swept away, without even looking at Li Tian, they flew out directly.

Chapter 2778: Tortured

But what about Li Tian?

Seeing Situ Ningbing being carried away like this, his heart seemed to be broken.

Looking at the empty prison, the whole person was dumbfounded, and muttered silently: "What the **** happened to Ningbing...What happened to her?"

Li Tian still didn't know the situation of Situ Ningbing.

Maybe even Situ Ningbing didn't know his own situation.

Li Tian stayed in this prison.

Outside the prison, but seeing that Morodo of the Chaos Dual Demon and the Blood Demon had already controlled Situ Ningbing's condition.

At this moment, Morodo walked out of the tent and frowned and said, "Damn, how come the saint's old wounds are getting more frequent?"

The blood demon said at this moment: "I don't know this too well."

"No matter what, you and me, we must protect the saint, and we must conceal the illness of the saint." Morodo said suddenly.

After hearing what Morodo said, the blood demon suddenly smiled strangely, nodded there and said: "Of course I know."

"that's fine."

"Why would the saint suddenly go to the prison alone?" The short and extremely small Morodo suddenly asked eerily.

After Na Morodo asked, suddenly the blood demon said, "Maybe it's because of that **** human kid."

"Human kid? What do you mean?" Morodo still didn't understand Li Tian's arrest, so he couldn't help but ask curiously.

Just listening to the blood demon, he told the whole story about Li Tian breaking into Situ Ningbing and becoming fat a few days ago.

After he said that, Morodo was suddenly there.

"what?"

"A human illusionist broke into the saint's tent?" Morodo exclaimed.

The blood demon said: "Yes, we fought against humans a few days ago. You happened to go to the front line, so you don't know these things."

Then Morodo quickly asked: "Tell me, why did that **** human illusionist break into the saint's tent? Does he want to assassinate our saint?"

"Do not!"

The blood demon said suddenly.

Hearing the "Blood Demon" suddenly uttered a word: No, Morodo was not only taken aback.

"What do you mean?" Morodo asked quickly.

Just listen to the blood demon in front of him saying: "Actually, I was very strange about what happened that day... According to the words of that human kid... he seemed to know our saint... still there. There was a strange name in his mouth."

"What's the name?" Morodo asked.

The blood demon said: "He has always called our saint... Situ Ningbing."

"What? Situ Ningbing?" When Morodo heard this, his brows wrinkled slightly.

The blood demon said: "Yes."

"Weird, really weird."

"It seems that if we want to figure out the truth of the matter, we must now go to that **** kid and ask it clearly." Morodo said suddenly there.

When the blood demon heard Morodo say this, he not only frowned slightly and said: "You mean, let's go find that human kid?"

Morodo said: "Yes."

"But the saint said that without her order...no one is allowed to enter the prison." said the blood demon.

Morodo, who was short in stature, suddenly snorted coldly: "Really?"

"Don't forget, just now our saint had a headache because we were in prison...! Let's check that kid now, it's for the saint's sake. I believe that even if the saint knows about it, he won't blame you. Mine." Morodo said treacherously there.

After hearing what Morodo said, the blood demon in front of him nodded and said, "Okay."

"Then let's go find that **** human kid now and ask everything clearly."

After the two said that, they saw the two of them and quickly walked towards the prison.

They are going to ask Li Tian.

Soon, Morodo, who saw the blood demon and the chaos twin demon, came to the prison.

After the two of them entered the prison, Li Tian, who was hung on the iron chain, heard the movement.

He quickly raised his blood-red eyes and looked forward...At this sight, he saw the Gorefiend and another Morodo.

"Chaos twins?"

When Li Tian saw Morodo, he recognized him instantly.

Last time at the glacier, Li Tian had fought against this demon... and he knew the terrifying extent of his strength.

At this moment, when he saw the blood demon and Morodo enter the prison, he was not only taken aback.

"Why did these two monsters suddenly come in?"

Li Tian looked at the two demon heads...At the same time, he couldn't help but quickly asked:
"How is Ningbing? How is she?"

He was still caring about Situ Ningbing.

As soon as he said this, he saw that Morodo and the Gorefiend stared at Li Tian's body with gloomy eyes.

"Morodo, have you seen it? This human kid... has always called our saint Situ Ningbing?"

After the blood demon said so, Morodo, who was in front of him, suddenly walked towards Li Tian. With cruel killing intent in his eyes, he looked at Li Tian unblinkingly.

"Why do I look at you so familiar?" Suddenly Morodo said while looking at Li Tian's face!

He seemed to recognize it.

But what about Li Tian? After hearing Morodo say this, he didn't respond to him, but shouted, "Tell me, what happened to Ningbing?"

"You ***** human kid... you're dying, so you dare to talk nonsense?"

"Lao Tzu asks you, why do you always call our saint Situ Ningbing?" Na Morodo suddenly asked in a gloomy voice.

After Na Morodo asked this, Li Tian said angrily: "Because she is Ningbing..."

"nonsense."

Morodo suddenly yelled in anger.

"What ***** Situ Ningbing... I don't understand what nonsense you are talking about." Morodo suddenly smiled grimly.

When Li Tian heard this, the demon dared to slander his favorite, and an endless murderous aura emerged from his body.

"Asshole, I don't allow you to insult Ningbing." Li Tian roared.

When Morodo heard this, he burst out laughing.

"How about I just insulted? Do you still want to hit me?" Morodo said, laughing wildly there.

But what about Li Tian?

His entire body trembled. He wanted to get rid of the iron chains on his body to kill the nasty demon in front of him... But when his body moved, the iron chains tied to his hands and feet shook loudly.

Seeing Li Tian struggling there, Morodo suddenly had a vicious and cruel meaning in his eyes.

"You ignorant human kid... It seems that if you don't suffer a bit, you won't know the truth."

At the exit of the words, Morodo suddenly grabbed Li Tian's chest with five fingers.

A strange blood qi emerged from the palm of his hand, which suddenly penetrated Li Tian's body.

Chapter 2779: question

After the terrifying blood flow entered Li Tian's body, Li Tian only felt that his whole body seemed to be cracking.

The pain was as if someone was holding a knife and scratching his flesh, heart-piercing.

"Asshole boy, can't you tell me?" Morodo said gloomily.

Li Tian gritted his teeth, trembling all over.

A pair of eyes seemed to be bleeding, and insisted there, "Don't tell me."

"Okay, tough."

"I want to see if your bones are hard or if I am ruthless."

After finishing speaking, he saw that Morodo increased the strength in his hand, and a wave of blood flowed into Li Tian's body. Li Tian only felt that his whole body seemed to explode.

The bones all over his body seemed to be broken.

what.....

With a scream, Li Tian finally couldn't bear the bone-piercing pain, and he fainted directly.

Seeing that Li Tian fainted, the cruel Morodo stopped his hand.

After he stopped, the gorefiend asked, "He's dead?"

Morodo said: "I haven't died yet, but it seems that only half of my life is left."

"Forget it, don't kill him."

"If he dies, let's not explain it to the saint." The blood demon said.

Morodo in front of him gave a gloomy look at Li Tian who had fainted... after thinking about it, he said, "En."

"Since we can't ask anything, let's go." The blood demon said last.

Morodo nodded.

In this way, the blood demon and Morodo left the prison.

...

Situ Ningbing was now in a coma due to a headache.

After the blood demon and Morodo's treatment, although Situ Ningbing no longer had a headache, he still lay in the tent in a coma.

While she was in a coma, strange scenes suddenly appeared in her head.

In the picture, for some reason...she actually saw Li Tian...and many "unfamiliar" faces.

Among them were women...and men...and so many faces that were familiar but unfamiliar to her.

Those faces were shouting at her: "Ningbing...Ningbing..."

As those voices spread into Situ Ningbing's ears, she suddenly woke up from the nightmare.

what

With a loud shout, Situ Ningbing woke up from the bed with a cold sweat on his face.

At this moment, she was covered with cold sweat... and she was also wet with sweat.

After taking a couple of breaths, Situ Ningbing raised his arm and slightly wiped his sweaty face.

"I had a nightmare just now." Situ Ningbing said silently there suddenly.

Thinking of the nightmare she had just made in her mind, Situ Ningbing only felt surprised in her heart.

"Why, I saw so many strangers in my dream just now? And that human guy..."

"Why, those people are calling the name Situ Ningbing at themselves?" Situ Ningbing said silently there.

"Situ Ningbing? Situ Ningbing?"

She repeated her name silently like that, and after repeating it several times, she felt more and more strange.

Then he walked down from the bed.

"Who am I?"

"What the **** is my name?"

"Why don't I remember anything in my mind? I only know that I am a saint? What happened before, why is there no impression in my mind?"

Situ Ningbing yelled all of a sudden, and suddenly she grabbed the things in the room and began to smash it towards the ground.

The sound of crackling, crackling, and cracking came out of the tent.

There are many demonic blood illusions standing outside.

After hearing the sound of something being broken from inside the tent, the blood illusionists of the Demon Race not only frowned slightly.

One by one couldn't help but secretly said in his heart: "What is the matter with this saint today?"

After a long time, Situ Ningbing suddenly turned pale, and walked out of the tent, panting.

After she walked out, the blood illusions on guard outside all hurriedly bowed their heads and called her name.

"Blood Demon and Morodo?" Situ Ningbing suddenly asked the blood illusionist outside.

After hearing the saint's question, the blood illusionists quickly replied: "Return to the saint, the blood demon, and Lord Morodo are now inspecting the team on the east side of the barracks."

"Let them come and see me quickly." Situ Ningbing coldly dropped a word from his mouth.

After the blood illusionist standing outside heard Situ Ningbing say this, he quickly said: "Yes."

Immediately afterwards, Situ Ningbing walked into the tent alone.

After a while, I saw the blood demon and Morodo rushing over.

"Why did the saint see us so anxiously all of a sudden?" Morodo, the short stature, walked from the front at this moment, while blinking at the blood demon asked.

But seeing the blood demon there shook his head and said, "I don't know."

"When I see the saint, I will understand."

The two who said this quickly came to the tent of Situ Ningbing.

After they reached the tent of Situ Ningbing, the two said in unison: "Subordinates, see the saint."

Sitting on a huge chair not far away, Situ Ningbing looked at the two with cold eyes and said, "Come here, I have something to ask you."

At the moment when Situ Ning's cold voice said, the blood demon and Morodo were not only taken aback.

The two looked at each other, but they walked over step by step.

"Holy woman, what's the matter?" Morodo asked first.

Situ Ningbing glanced at Morodo, and then said: "You two are also the elders of the Demon Race. Now, I want to ask you one thing, and you must answer me honestly."

After Morodo and the Gorefiend heard this, they said, "Yes."

"I ask you, what is the cause of my headaches? Why do I have heart-piercing pain in my head whenever I recall past events?" Situ Ningbing suddenly asked.

As soon as Situ Ningbing suddenly asked, Morodo and the Gorefiend in front of him were not only slightly startled.

The two seemed to have something to hide... Suddenly they looked at each other weirdly, and then Morodo said: "Holy girl, why are you asking this question suddenly today?"

As Na Moruo said this, but seeing that Situ Ningbing suddenly Liu Mei slanted: "What? Shouldn't I ask?"

"No...no." Morodo quickly smiled and said, lowering his head.

Chapter 2780: deceive

"Then don't talk nonsense, answer me..." Situ Ningbing angrily said to Morodo.

Na Moruo hesitated, but did not immediately answer Situ Ningbing's words.

When the blood demon on one side saw that Morodo didn't know how to answer, he quickly took it.

"Saint, in fact, your headache is caused by...severe damage to your head before." Blood Demon said.

When Situ Ningbing heard his doubts, he said, "Break hard?"

The blood demon said: "Yes."

"Then why... can't I remember? Why don't I remember that my head was severely injured?" Situ Ningbing questioned there.

The blood demon said: "This is because your previous memory was confused after your head was hit hard... temporary amnesia."

"Amnesia?" After Situ Ningbing heard this, her beautiful eyes widened.

"You mean, I am amnesia?" Situ Ningbing said quickly.

The blood demon nodded silently and said, "Yes."

When Situ Ningbing heard this, he was astonished at the moment.

Amnesia?

No wonder I can't remember the past.

Situ Ningbing was thinking there suddenly.

"Then tell me, how can I restore my memory?" Situ Ningbing asked urgently.

The blood demon frowned, and said there, "This...this...it's still unclear...but please don't worry, saint, I will definitely try to cure the saint's amnesia and restore the saint. before."

Situ Ningbing was silent for a long time when he heard the Gorefiend say so.

"Then tell me what I was like before? And what is my name? What have I done before?" Situ Ningbing asked suddenly.

Since she can't remember the past, she has to ask now! She must know who she was before... and what she had done before.

When the blood demon heard what Situ Ningbing said, the whole person was slightly startled, as if there was something unspeakable.

Seeing the blood demon not speaking, Situ Ning asked coldly, "What's wrong? Don't you know?"

"No, no, no... how could we not know?" The Gorefiend said with an awkward smile.

Situ Ningbing said: "Then why don't you answer?"

The blood demon was asked by Situ Ningbing and couldn't help it. At this moment, he not only thought about it, but said there.

"Cough cough cough, saint, you were also our saint before, you have always been in the demon clan... you have always followed the demon emperor's side, from childhood to adulthood." The blood demon said.

Listening to the blood demon saying this, Situ Ningbing always felt that his words were awkward, as if they were telling lies.

After thinking about it, Situ Ningbing continued to ask, "Okay."

"Then I will ask you again, what was my previous name? Except for the title of saint..." Situ Ningbing asked.

The blood demon had a headache when he heard it, and said in his heart: Damn, why is the saint so strange today? Could it be that she recalled the past?

"Say, what was my previous name?" Just when the blood demon was stunned, Situ Ning's cold voice suddenly came over.

The blood demon casually made up a name and said: "Saint, your previous name was Natasha."

When Situ Ningbing heard this, he was immediately puzzled.

"You said... my previous name was... Natasha?" Situ Ningbing questioned.

Morodo on the other side hurriedly said: "Yes, the blood demon is not bad at all, saint, your previous name is indeed: Natasha."

Situ Ningbing was muttering "Natasha" in her mouth, but she didn't have the slightest impression in her mind.

She could feel that this name was not her name at all, because it was too unfamiliar, and even if it was her, she would not have taken such a name.

"My name is Natasha?" Situ Ningbing asked in confusion.

After thinking about it, she said, "Then why didn't you tell me before?"

The blood demon and Morodo quickly replied, "Because...because...this is the order of the demon emperor! Because he is worried that after telling you your name, you will recall the past... It caused you to suffer from headaches, so the devil king and his elders asked us not to mention the previous things as much as possible."

After Situ Ningbing heard what the two of them said, he frowned and said: Is this true?

"Holy girl, the reason why the Devil Emperor and his old man do this is all because he cares about you, I hope you can understand his old man's mind." Morodo said on one side.

The blood demon also said, "Yes, saint, please don't disappoint the old demon emperor's heart."

Situ Ningbing thought for a while, and said with emotion: "Okay, I finally understand everything now."

"It turns out that that **** human kid really lied to me...huh, he also said what Situ Ningbing I am...and that he knew me before...he used to be lying!" Situ Ningbing suddenly said angrily.

She seemed to no longer believe in Li Tian at all.

When the blood demon and Morodo heard that the saint said that, they murmured there at the moment: Damn, it turned out to be that human kid! !

Just listen to Morodo saying: "Holy woman, the **** human kid must be trying to deceive the holy woman! That's why he made up a lie to deceive you... The subordinates think it is better to kill this person as soon as possible."

The blood demon also said: "Yes, that kid is a human illusionist, treacherous and insidious. He must know the saint's amnesia, so he took the opportunity to break into our barracks and fabricate an absurd reason. I want the saint to believe...Fortunately, the saint is smart and wise, without the tactics of the human treacherous."

After listening to the words of Morodo and the Gorefiend, Situ Ningbing believed it to be true.

At this moment not only said angrily: "It's really despicable and shameless, fortunately I didn't fall for him."

"Okay, I will order you now to kill him." Situ Ningbing ordered there.

After hearing what Situ Ningbing said in front of him, the blood demon and Morodo suddenly smiled strangely.

"Yes, saint, we are going to kill the human kid now."

Situ Ningbing let out an "um" in his mouth, then turned around and stopped looking at the two of them.

Immediately afterwards, Morodo and the Gorefiend in front of them also exited the tent.

After the two arrived outside, they saw the short stature Morodo suddenly let out a long sigh.

"Damn it, you and I, I almost missed it today..."

The blood demon chuckled and said, "Yes, fortunately I got back in time..."

"Hehe, you are quite capable of composing it. We actually said that our saint's name was Natasha, Gorefiend. I ask you, where did you come up with such a bad name for a woman?" Morodo said to the Gorefiend. Said with a smile.

The blood demon said: "I am acting on the fly."
