

A Killer 2781

Chapter 2781: Strong man

"Haha, what a contingency." Narodoro said with a smile.

The blood demon said: "Although we two got through it this time, but I always feel that it is wrong."

"Morodo, I think, it's better to tell the Demon Sovereign quickly, if the time comes, the saint knows all the previous things, it will be difficult to handle."

After hearing what the blood demon said, Morodo nodded and said, "You are right."

The two who said this quickly left the saint's tent.

Li Tian is about to be killed now.

But he is still trapped in the prison. Li Tian, who was tortured by Na Morado just now, has passed out and is still hanging on the chain.

At this moment, how should he escape?

Now even the only Situ Ningbing thought Li Tian was a liar.

It's a dead end, what should I do?

When the time reached noon, a few tall orcs walked into the prison.

"Pull him out."

Following the roar of a hideous half-orc, several tall half-orcs around him released Li Tian who was tied to the chain.

After putting it down, they dragged the lingering body of Li Tian towards the outside.

Outside, the sun was scorching hot, and the dazzling sun shot down from the sky.

I saw that outside Situ Ningbing's huge tent, it was the glamorous and cold Situ Ningbing standing... Beside her were the Blood Demon and that of Morodo.

Everyone was raising their eyes and looking at Li Tian who was pulled out and passed out.

Situ Ningbing looked at Li Tian with his cold eyes.

I saw that after the half-orcs pulled him out...then they pressed Li Tian on a clearing.

After Li Tian was pulled out, he slowly began to become conscious... He raised his ***** face with difficulty... took a look at the front... At this moment, he saw his lover.

But what about Situ Ningbing? The eyes looking at him were so cold and unfamiliar, as if they didn't know him at all.

"Holy woman, the hour is here, now it's time to execute the sentence." Suddenly, Morodo, who was low in stature, said to Situ Ningbing in front of him.

After Situ Ningbing heard him say this, he glanced at Li Tian coldly, and then uttered a word: "Okay."

"Put him to death."

At the moment when Situ Ningbing's words were uttered, Li Tian's heart was completely broken.

His heart hurts more than his body pain... He never thought that he would end up in the hands of the one he loved the most.

I saw that Situ Ningbing gave an order, suddenly Morodo stood up cruelly, and said to a big orc who was tall... with a giant axe in his hand: "Execution."

A sharp and unpleasant voice sounded, and after his voice sounded, the tall orc suddenly strode forward.

The giant axe in his hand was slowly placed on Li Tian's neck.

Behead.

This great axe would surely be able to chop off Li Tian's head at once.

It seemed that Li Tian's head was about to be chopped off alive, and the surroundings were all demons...Beside that Situ Ningbing, there were two unprecedented demonic blood illusions...

How does Li Tian live at this time?

God is not benevolent, God and man help each other.

At this critical moment, the dazzling sun was suddenly blocked by a strange dark cloud.

At this moment, the entire army of 100,000 demons suddenly saw a thick mist emerging from behind...

Those mists surged like turbulent tides, and immediately following the weird mist, an unbreathable breath immediately condensed throughout the audience.

The demon flag that was originally fluttering in the air... at this moment, it seemed to be frozen and motionless.

The world seemed to be condensed at this moment.

"It's so powerful and weird..." Morodo, who suddenly stood beside Situ Ningbing, exclaimed.

The blood demons around him also showed scary blood all over his body at this moment, and his two hands were already tightly clasped together.

"Like... Qi illusion."

"Morodo, protect the saint."

Following the order of the blood demon, Morodo and the blood demon in front of him protected Situ Ningbing from left to right.

However, at this moment, it seemed that no one could stop the condensed terrifying vigor of heaven and earth.

The breath that followed the gallop spread into the demon army barracks... I saw the half-orcs holding weapons... all of them suddenly seemed to be "frozen"... they couldn't move.

The breath came a little bit from behind... when it reached there, it suddenly stood still.

Whether it was a half-orc, the blood illusionist, or the beast... they were completely controlled by the qi.

Looking from a distance, when the vigorous rush came, I saw a figure walking from a distance step by step in the breath.

His feet did not walk on the ground, but came on the void...as if walking on the ground.

His man was wearing a sloppy and old clothes with a huge wine gourd tied around his waist. When he walked step by step from the air, his head full of silver hair fluttered with the cold wind.

he is.....

As his figure walked step by step in the void, the entire demon army...including the blood demon standing next to Situ Ningbing, and Morodo's pupils widened at that moment. .

I can't believe it.

"It's him.....???" Morodo suddenly exclaimed.

The Gorefiend's eyes widened completely at that moment.

"Seems....."

Just as they said these words in their mouths, a strong breath suddenly rushed from the front.

Immediately afterwards, even their extremely powerful Demon Blood Illusionist, at this moment, felt a huge depressive aura... Then, their bodies...arms...want to move...Unfortunately, they could not move. Up.

They also seem to be "frozen."

The entire army of one hundred thousand demons... all can't move.

But what about the mysterious man who came in the void?

At this moment, when he reached this side, suddenly his right hand was raised, and Li Tian, who had been carrying a giant axe above his neck, was suddenly sucked into his body like a balloon.

In a blink of an eye, that Li Tian had been sucked by the mysterious man.

Then the mysterious man didn't make any stay...and didn't continue to hurt the half-orcs of the demon army...but suddenly stepped on the void again and walked away step by step.

No matter where his figure arrived, it was still there.

Even the birds flying in the sky stopped.

In this way, he took the seriously injured Li Tian step by step and walked away in the void.

Among the thousands of troops, he is walking on the ground.

How brave?

As his figure disappeared in the demon army barracks little by little, the half-orcs of the demon race, as well as the illusionists, have lifted the "freeze" state of their bodies one by one...

One by one was stunned there, panting quickly.

Look at the court again?

What about Li Tian who was almost killed by them just now?

It has completely disappeared.

Chapter 2782: Shura

People are gone.

Everything is back to the way it was before.

But how about the whole army of the demons? But all was stunned there.

I saw that the Gorefiend at this moment, as well as that of Morodo, also awoke from the "freezing" state just now.

At the moment when the two people were relieved of control, they suddenly slid forward...Looking at the turbulent mist in front of them, at that moment, their faces appeared uglier than ghosts.

"It's him, he was born."

"The saint of mankind is born."

A strange word screamed from Morodo's mouth in front of him.

The blood demon in front of him also said with an extremely ugly expression: "Yes."

"He was indeed born."

"Unexpectedly, that old thing that hasn't been born for a hundred years... unexpectedly was born this time to save a human kid?"

"It's really unexpected."

The Gorefiend and Morodo spoke there with extremely ugly eyes open.

And at this moment, that Situ Ningbing woke up from the daze.

"what happened?"

"What happened just now?" Situ Ningbing in front of him only felt that his body was still somewhat depressed, and the air in the air felt a weird sensation... but he couldn't tell what was all about it.

After Situ Ningbing asked, the blood demon in front of him and Morodo hurriedly walked over.

"Enlighten the saint, among the human beings, an unprecedented powerhouse has appeared." A word came out of Morodo's mouth.

After Morodo said this suddenly, Situ Ningbing suddenly frowned and said, "What do you mean?"

"Saint, the extremely powerful guy who controlled our hundred thousand demon army... is a human supreme powerhouse! His strength has already reached the level of a saint..." Blood Demon said.

Hearing what the blood demon said, Situ Ningbing's eyes suddenly widened.

"what?"

"You said... was that a person just now? Controlled our hundred thousand demon army?" In addition to disbelief in Situ Ningbing's beautiful eyes.

But seeing the blood demon and Morodo lowered his head and said silently, "Yes."

When Situ Ningbing heard this, he was speechless.

One person can actually leave under one hundred thousand demon army... just so easily?

And with so many demons just now, no one can do it?

Could it be said that the strength of that person has really reached such a terrifying point.

"Saint, we must quickly convey the news to the Demon King! Tell him the news of the birth of that old human monster..." Morodo suddenly said with an ugly expression.

The Gorefiend on one side also said quickly, "Yes, saint."

"So far, if we don't pass the news to the Demon Sovereign and his elders, I'm afraid... I'm afraid... This time, even if we have a hundred thousand demon army... it will be difficult to resist humans."

The Blood Demon Road in front of him.

When Situ Ningbing heard this, he was taken aback for a while, and then said: "But...but...even if I told my foster father...he...what can he...do?"

Foster father?

Who could have imagined that the Demon Emperor turned out to be Situ Ningbing's foster father?

After Situ Ningbing said so, but seeing the blood demon and Morodo not only showed an ugly look.

Yes.

Who can resist the saint-level Ryu?

Even the chaotic twin demons in front of them, or the blood demons... even they couldn't be the old long opponents of the saint level.

I saw the blood demon in front of me, and Morodo, after thinking about it, suddenly listened to the blood demon saying: "There is only one way to do this."

When Situ Ningbing in front of him heard the blood demon saying this, he was not only a little startled, but he asked, "What is the solution?"

Following Situ Ningbing's question, he saw the blood demon in front of him and replied: "The only way to ask the old man of the Demon Emperor to go to the Nether Ghost Cave to invite Shura."

Shura?

There are three sage realms in the land of spirits.

These three are: Long, Tian, and Shura.

Now, Na Long has been born.

And the other two sage-level existence... still don't know who they are?

At this moment, the blood demon suddenly said another strong man in the saint domain.

His name is Shura.

The human side only knows that Shura is in the realm of the saint, but does not know that Shura is a person of the demons.

He has been living in seclusion in the ghost cave since a hundred years ago, and he has never been born for so many years.

When the blood demon in front of him said the name of "Sura", Morodo's eyes suddenly lit up.

"Yes, Shura is also a powerful sanctuary. If he is willing to come out of the ghost cave, he should be able to stop Nalong." Morodo said.

The blood demon said: "Yes."

After the two people in front of him said this, Situ Ningbing did not understand what they were talking about.

Situ Ningbing didn't know what they said: Long, Shura, and these legendary characters.

After thinking about it, Situ Ningbing said there, "Anyway, you can figure it out by yourself, and hope to get rid of that terrifying human as soon as possible."

The Gorefiend and Morodo said after listening: "Please don't worry, saint, we will notify the demon emperor to his old man immediately! I hope he can personally go to the ghost cave and invite Shura out."

When Situ Ningbing heard the two say this, he said in a convenient way: "Well, it's handed over to you."

After speaking, Situ Ningbing left boredly.

...

wilderness.

The howling wind is blowing.

I saw an invisible energy rushing from a distance.

When the surrounding birds and beasts felt the breath coming over their faces, they couldn't help feeling agitated, and then fled around.

That qi was too strong, and the entire world seemed to be permeating the powerful.

With the strange and powerful breath coming, but seeing a figure appeared from the void.

The figure stepped into the void... and then slowly walked down from the air.

His feet are in the air, as if they were on the ground...invisible suspension.

I saw his figure slowly walked down from the void.

Look carefully, there is still a person dragging on his hands.

That person was Li Tian who was rescued.

After he swept down, he slowly put Li Tianji in front of him on the ground.

He blinked the smiling Long Jiong eyes, glanced at Li Tian, and suddenly his white eyebrows wrinkled slightly.

"This kid... is already pretty good... how can he be injured like this?"

"Hey, it's stupid, stupid, stupid."

The sloppy old man with a huge wine gourd tied around his waist looked at Li Tian and said that.

Chapter 2783: Long Lao

I saw that this weird old man with a sloppy dress and a huge wine gourd tied around his waist was no one else, but the sloppy old man who had met Li Tian in Stormwind.

He is also the strongest illusion cultivator in Lingtu Continent, a strong man who has reached the level of the sanctuary.

Saint, Long Lao.

At this moment, I saw Long Laozai slightly frowned and glanced at Li Tian who was lying on the ground. The white brows were frowning and muttered: "This little baby is hurt so badly, it looks like he needs to drink. A heart-warming wine."

After the words were finished, Na Long suddenly raised Li Tian's head with one hand, and quickly pulled out the huge wine gourd on his waist with the other hand, and then unplugged the wine cork.

After unplugging the wine gourd, Na Long started to pour the wine into Li Tian's mouth.

Grumbling.

In a blink of an eye, Li Tian was poured into a few strong and strange spirits.

After the strong liquor entered Li Tian's body, Li Tian only felt that there was a ball of flames burning vigorously in his chest.

Immediately afterwards, the body that was originally painful gradually became healed.

I have to say that the things in this old wine gourd are indeed excellent things.

But I saw that Li Tian, who had been fainting for a long time, soon recovered almost after drinking the strong wine in the old wine gourd.

After a while, but when he saw him, he woke up.

After that Li Tian woke up, he was taken aback for a moment, and then he stood up from the ground in a flash.

He was shocked.

He was almost put to death by the Mozu, but when he opened his eyes, he found that he was intact, and he was still standing in a deserted and remote place.

"I'm not dead?"

"Why am I here?" Ten thousand questions flashed in Li Tian's mind.

Then he hurried to see his hands, feet, and the iron chains that were originally bound to him all disappeared.

Li Tian has now completely restored his freedom.

Just when Li Tian was very surprised, suddenly a "cough cough cough" voice came from the left side.

When Li Tian heard this, he turned his head in shock and looked carefully, only to see an old man in sloppy clothes and drinking with a huge wine gourd in his hand, standing on the side.

The moment Li Tian saw his figure, he was stunned for a moment, and then quickly asked, "Who are you?"

As he asked, Na Long suddenly put down the wine gourd slightly and looked at Li Tian with a smile.

Then Li Tian could see the face of the sloppy old man clearly.

After seeing the true face of the sloppy old man, Li Tian's eyes widened. At this moment, the sloppy old man in front of him with his fingers pointed in shock and yelled, "Is it... you?"

"You are... the old man in Stormwind City?" Li Tian finally recognized it.

After that Li Tian recognized Long Lao, at this moment Long Lao squinted his eyes and smiled slightly.

"Not bad, I don't think I still remember the old man." I just listened to Long Lao smiling at Li Tiandao.

When Li Tianyi heard that Elder Long admitted that he was speechless at the moment, he never expected that he was actually the legend of the Lingtu Continent: Elder Long.

"Oh my God, how come you are here, old man?"

"And... I... why am I here?"

"What the **** is all this?" Li Tian suddenly thought about it.

Suddenly at this moment, he raised his head and glanced at the old man Long, he was taken aback, and then his eyes sparkled.

"Old man...you saved me, right?"

"Damn, I'm so stupid, I didn't expect Senior to be an outsider!"

"Thank you senior for your life-saving grace." Li Tian said as he hurriedly faced the old man Long.

Now he finally understood.

He knew that he was saved by the sloppy old man in front of him.

After hearing Li Tian understand the truth, Na Long smiled faintly, poured some strong wine into his mouth, and then smiled and waved his hand there: "Don't be polite, don't be polite."

"Senior, how did you rescue me from the demon army barracks?" Li Tian asked curiously.

You know, he was surrounded by an army of 100,000 demons.

The old man in front of this was able to save himself in front of so many demon army... and it seemed to be effortless, which made Li Tian not only extremely curious.

Because he felt more and more that the old Long in front of him was too mysterious and too powerful.

After hearing Li Tian's question, Old Long frowned and said, "Isn't it easy to save people..."

"But, I was surrounded by an army of one hundred thousand demons at the time. Could it be that the senior... alone entered the barracks of the demons?" Li Tian asked in surprise.

Old Na Long touched his beard and whispered his beard and said, "Hundred thousand army? Ha ha, what about even two hundred thousand army? The old man is just walking through, it's no big deal."

Long Lao's tone is domineering and mighty.

Listening to Li Tian's ears, Li Tian only felt shocked.

Li Tian was shocked now, not only blinking his eyes at the sloppy old man in front of him.

He suddenly remembered that when he was at Bander College, the old Dean Khri had mentioned that he was a strong man at the level of a saint.

Then, Li Tian thought about his own business again...think about what Herry's said before.

"Old predecessor... Could it be that you are the legend of the Spirit Earth Continent, that saint: Long?" Li Tian finally recognized it.

After that Li Tian said so, but seeing Old Na Long suddenly laughed.

"Forget it, don't make trouble with your little baby."

"Yes, the old man is Long."

After Na Long finally admitted his identity, that Li Tian was not only extremely excited.

At the moment, I looked at the saint Long Lao in front of him with extremely reverent eyes.

"Thank you Long Lao for his life-saving grace." Li Tian thanked him again.

Old Na Long waved his hand at that, "Little Wawa, how come you have so many mundane rituals."

When Li Tian heard it, he laughed awkwardly.

"Little Wawa, come here, I'll ask you..." Suddenly Na Long was facing Li Tiandao.

Li Tian already knows that this sloppy-looking old man in front of him... is a legendary figure in Lingtu Continent, so he didn't dare to be careless at this moment, and quickly walked over and said, "Old man, please ask... If Li Tian knows, he will definitely answer all the seniors."

Elder Long squinted slightly and smiled, and then said: "Little Wawa, why did you suddenly break into the Demon Clan's 100,000 army barracks alone? Do you want to go and die?"

Chapter 2784: Yin Yang Flame Wine

After hearing what Long said, Li Tian was not only depressed, and then replied: "Old Long, it is true that there is a private matter, so he rushed into the demon army camp."

Old Long heard: "Private matter? Let's listen."

"The reason why I broke into the base camp of the Demon Race is only because I want to find my lover." Li Tian said as he looked into the distance.

Old Long said: "Your love is in the Demon Race?" Old Long was surprised.

I saw Li Tian nodded deeply there.

"Yes."

"She is a member of the Demon Race?" Old Long asked.

Li Tian quickly said: "No, she is not, she is human just like me, but she doesn't seem to remember now."

Old Long said: "Why do I get more and more confused?"

Li Tian smiled bitterly: "This matter was very confused at first... Hey, Senior Long, no matter what, I must rescue my love."

After listening to Li Tian's words, Na Long frowned slightly, and he didn't say much after thinking about it.

"Little Wawa, although you have a lot of affection, breaking into the Demon Race alone... is indeed extremely dangerous."

"If it weren't for the old man's move this time, I'm afraid your little baby's head would never be able to keep it." The old Long said in front of him.

Li Tian smiled awkwardly there.

"So, I want to thank senior Xie Long for his life-saving grace." Li Tiandao.

Old Long said slightly: "Forget it, you don't have to thank me, I just happened to pass by."

Happened to be passing by?

When Li Tian heard this, he asked, "Older Long, you should know that now humans are at war with the demons, and the demons are triumphant all the way. Every battle is victorious, and we humans are about to be unable to resist. Didn't Senior Long come to the front to help us fight?"

Li Tian asked curiously.

He thought that Na Long was always invited by the humans to help deal with the blood illusionist of the demon race.

After hearing Li Tian say this, Na Long suddenly smiled and shook his head: "No, no, the old man is not here to help."

After hearing what Long Lao said, Li Tian suddenly felt depressed.

"Senior Long... Then are you?"

Old Long said: "Didn't I just say that, the old man just passed by here."

Li Tiandao: "But...Senior Long, why don't you help us humans? Do you always watch humans being invaded by demons?"

Hearing Li Tian's words, Na Long's eyes suddenly widened.

"What do you little baby know?"

"Of course the old man doesn't want human beings to be occupied by the demons... but the old man can't violate his oath." Old Long said angrily.

Li Tian not only became curious after hearing what Long Lao said.

oath?

What vow did Elder Long say?

"Does the old man Feilong have an unspeakable secret?" Li Tian continued to ask.

Old Na Long snorted and said angrily: "Nonsense, of course."

"Forget it, forget it, forget it..." Old Long said impatiently at last.

Hearing the impatient look on his old face, Li Tian didn't ask too much in the end.

But his heart was extremely surprised.

"Hey, what is going on with this old man? What is the vow that prevents him from helping mankind?"

Just as Li Tian was thinking about it, Old Na Long had already returned to his previous smile.

He sat cross-legged on the ground by himself, then took the huge wine gourd and poured it into his mouth.

Li Tian looked at him curiously.

"Hey, boy, are you drinking?" After a few sips of wine, Old Long suddenly smiled at Li Tiandao.

Li Tian was taken aback, looking at the huge wine gourd in Old Long's hand, smiling there and saying; "Drink."

"Dare to drink the yin and yang flame wine in the old man's wine gourd?" Old Long smiled and raised the huge wine gourd in his hand.

Yin and Yang Flame Wine?

Li Tianyi felt very powerful when he heard the name, so he said, "Dare."

"Good boy, have the courage."

"Then you try to take two sips."

As Na Long said, he slightly stretched out his hand and tossed it slightly, and the huge wine gourd in his hand flew towards Li Tian lightly.

After Li Tian took the wine gourd, he held it heavily.

Lifting his nose, he first sniffed slightly, and an extremely fragrant scent of alcohol passed into Li Tian's nose.

"Good fragrant wine." Li Tian said with emotion.

Old Na Long laughed and said, "Where is my Yin-Yang Flame Wine? It's a bit strong... Just now, when you were in a coma, I gave you a sip! Now? It's time for you to taste it, remember, Don't be greedy."

Na Long said while looking at Li Tianxiao.

Li Tian knew that the rescue in this huge wine gourd was definitely not ordinary spirits... At this moment, he smiled and said, "Okay."

After speaking, Li Tian suddenly raised his neck, and then he started to pour the huge wine gourd into his mouth.

After drinking two sips, Li Tian only felt that the spirits in the gourd had a gust of heat running down his neck, and the heat seemed to be burning...

After reaching the abdomen dantian, the heat became more and more vigorous.

At this moment, Li Tian only felt his whole body hot, as if his whole body was baked on a stove, even a lot of sweat came out on his head, and his entire face was flushed.

"How is it? Little Wawa, is this wine comfortable to drink?" Old Long said with a smile.

Li Tian in front of him was completely hot at the moment, and he had no time to speak.

As the heat in his body became more and more vigorous, Li Tian seemed a little unbearable.

Helpless, he quickly sat cross-legged, and then used his whole body's internal force... to suppress the heat.

The internal strength of Li Tian's body had already reached the realm of Profound Sky, so after he exerted his internal strength to suppress the heat, after a while, he saw that the heat was completely suppressed by Li Tian.

After Li Tian suppressed the heat, he suddenly exhaled a breath of fire, and then opened his eyes for a moment.

"Good wine, senior Long, this wine is really good wine." Li Tian said with emotion.

Now he has felt the extraordinariness of this Yin-Yang Flame Wine...because the internal power of his whole body has begun to increase little by little...Even the spiritual power of his whole body has also floated tremendously.

Old Na Long couldn't help frowning slightly when he saw that Li Tian could recover in such a short time.

"This kid... can digest my Yin and Yang flame wine like this? Unbelievable."

"Has his strength reached such a terrifying level?"

Old Long was looking at the wine gourd there while muttering in surprise.

Chapter 2785: absorb

Just when Senior Na Long was thinking about it, he saw that Li Tian had already smiled and sent back the "Yin and Yang Flame Wine" in front of him.

"Old senior, here you are." Li Tian said with both hands over the wine gourd.

Old Long looked at Li Tian who had nothing to do, thought for a while, and asked, "Little baby, do you want to drink?"

Li Tian really wants to drink it!

During the demon custody for a few days, he did not drip in... and he hadn't eaten anything. At this moment, although the spirits were extremely weird... but Li Tian couldn't take care of that much anymore. He just wanted to satisfy his hunger. .

So he smiled awkwardly and said, "Old Long, if you don't mind, I'll drink less..."

When Na Long heard Li Tian say this, he suddenly smiled weirdly and said, "Okay, okay, okay."

After uttering three "good" words in a row, suddenly Na Long's right hand touched the bottom of the wine gourd slightly.

Then a gloomy chill came from the palm of his hand into the wine gourd.

After quietly introducing the cold air into the wine gourd, Old Long looked at Li Tian with a smile: "Little baby, here, you have two more sips."

After speaking, he threw the wine gourd in his hand.

Li Tian took it again and said, "Thank you, Senior Long."

After speaking, he raised his head and started to drink.

The taste of the wine suddenly changed this time... When Li Tian just took a sip, he suddenly felt that the smell of the wine came with a very cold temperature... It was as if he was not drinking strong wine at the moment, but ice water. ...Even colder than ice water.

The extremely cold and warm wine was just like that, and Li Tian gurgled several mouthfuls.

In the front, it was hot.

Later, the wine became cold.

Although Li Tian was extremely surprised, he thought to himself, this senior Long shouldn't harm him? So I drank it grumblingly.

After a while, he drank a few big mouthfuls, then put the wine gourd down beautifully, wiped his mouth and said: "It's so refreshing, so ice! It really deserves to be Yin and Yang flame wine, the previous one was flame, this The one behind is ice liquid! It's good, good."

Li Tian said as he put down the wine gourd.

Lao Long frowned and looked at Li Tiandao: "Little baby, don't you feel anything wrong with your body?"

Li Tian patted his body and said, "No, I feel good."

Old Long was depressed when he heard it.

"I...what's going on? Does this little baby have reached the stage of sanctuary illusion? He can completely control the yin and yang combination of this yin and yang flame wine?"

It turns out that this "yin and yang flame wine" was made by Long Lao's life with a pill.

This wine is not ordinary wine, because it can greatly increase the spiritual power of the human body.

It's just that, although this Yin-Yang Flame Wine can increase a person's spiritual power cultivation base, it is not something that ordinary people can drink, because this wine needs a high-level illusionist to be able to drink it, and it can only drink a little. Otherwise, it will be backlashed by the spiritual power in this wine.

But now?

That guy Li Tian drank so much...and also drank yin and yang together.

You know, this Yin-Yang Flame Wine is half flames and half ice liquid. Even a high-level and powerful illusionist can only drink one type at all. They dare not drink two at the same time... But today, Li Tianchi I drank all, and I drank a lot.

This is almost the same as what Long Lao drank in the past.

So Old Long was depressed, and the whole person was depressed there.

Just when Na Long was extremely depressed, suddenly Li Tian over there felt something wrong with his body.

The entire dantian felt a hot current and a cold current colliding fiercely, which caused his stomach to ache.

what?

"It hurts..." Suddenly Li Tian held his stomach tightly.

When Old Na Long saw Li Tian yelling at his stomachache all of a sudden, he quickly turned his head and looked at that Li Tian.

"Finally it worked... What shall I say... Even if this kid has the ability to guard against the sky, it is impossible for the cultivation base to become so fast! Ha ha." But see Long Lao said with a smirking smile.

What about Li Tian?

At this moment, he was so painful that he began to roll violently on the ground.

"Old Long, my stomach hurts...it hurts..." Li Tian screamed, choking there.

But seeing his pubic area, a cold current collided with the heat violently, and Li Tian yelled in pain.

But what about Long Lao?

Hearing Li Tian's painful cry like a pig on the ground, he smiled slightly and said: "Little baby, it hurts, it hurts, it's okay, after you get over, you will know how much benefit your body has gotten. ! The so-called bitterness before sweetness...This is the truth." Old Long said while laughing there.

What about Li Tian?

The whole person was clutching his stomach and yelling there, the pain in his stomach seemed to make him completely unable to bear it.

"Old Long... I can't bear it... It hurts... I feel like my stomach is about to explode..." Li Tian rolled around on the ground, yelling while rolling.

But what about the old man? He sat leisurely on the side and smiled and said: "It's okay, you hold back, just hold back."

In this way, Li Tian endured the intense pain.

He was in pain, he screamed, he was crawling around on the ground, so painful that he cried and cried.

Finally, when the pain in his stomach got worse and worse, Li Tian suddenly jumped up.

"I can't help it..."

With a loud shout, an unprecedented domineering aura suddenly erupted from all around Li Tian's body. When that trembling aura appeared, all around him ten meters away, suddenly everything exploded.

Explosion, explosion, explosion.

The surrounding places seemed to be unable to bear the powerful vigor emanating from his body, and finally all exploded.

And where is Long Lao on that side?

He looked at the two breaths of red and white on his face with satisfaction at this moment. Not only did he tsk in his mouth and said, "Yes, yes, this kid finally absorbed all the effects of Yin Yang Flame Wine Up."

After the old Long in front of him said these words, he saw Li Tian sitting there trembling.

Because of his violent blast just now, the pain in his stomach has gradually subsided.

It's just that there was a hot current and a cold current running back and forth alternately above his body.

After a long time, Li Tian suddenly exhaled from his mouth, and then slowly opened his eyes.

Chapter 2786: There is movement ahead

The pain in his stomach has completely disappeared.

At the moment when both eyes were opened, I only felt radiant, and the spiritual power of the whole body increased sharply for some reason...even Li Tian himself felt it.

"Old Long, my stomach doesn't hurt anymore...I'm all right." Li Tian said in surprise immediately after his body recovered.

Lao Long, who was sitting on the ground leisurely, suddenly smiled when he heard Li Tian say so, and glanced at Li Tiandao: "Little baby, do you feel any changes in your body?"

Li Tian was startled at this moment, and then said: "I feel it."

"How does it feel?" Long asked with a smile.

Li Tiandao: "I feel that the spiritual power of the body has increased a lot..."

Old Long said: "Well, it seems that you have finally absorbed the strength of Yin and Yang Flame Wine, very good, very good."

"Little Wawa, let me tell you, the old man's Yin and Yang flame wine is hard to drink for many people in the entire Spirit Earth Continent. Today you kid has drunk more than half of my wine gourd. You are really greedy!" Old Long laughed while talking there.

It turns out that Li Tian drank too much just now! He actually drank more than half of the wine in the wine gourd...no wonder his stomach hurts.

After hearing this, Li Tian smiled awkwardly, looked at the old Long Dao in front of him and said: "Old Long, what is the effect of your Yin Yang Flame Wine?"

Na Long said: "Efficacy?"

"This yin and yang wine is made by the old man using all kinds of medicinal herbs in his whole life, and it is used to increase the physical and spiritual power."

"Little baby, now, your physical spiritual power has reached an unprecedented level in this continent... At this moment, you have absorbed my Yin and Yang wine... I think there should be no one on the entire continent that has more spiritual power than yours. It's horrible."

"It's just that you have fewer illusions... Little Wawa remembers the words of the old man, you have to learn the qi illusion forbidden technique on your body, and the forbidden technique on it is the greatest for thousands of years in the Spirit Earth Continent The illusion left by the ancestors...Three points of learning, can be dominated! Seven points of learning, you can be holy! Ten points of blood, can reach the sky...Hahahaha."

When Li Tian heard this, he was shocked.

He did know that there were many weird Qi illusions on the Qi illusion forbidden technique.

Last time in the valley of life and death, Li Tian learned one of them because of time: Shenglongquan!

But just a single dragon fist defeated Otis, one of the two chaos demons... If he had learned all the remaining Qi illusions, how violent would it be?

Just when Li Tian was thinking so excitedly in his mind, suddenly, he saw that Long Lao's body slowly "floated".

Li Tian was stunned at the moment, looking at the body of Old Long who suddenly floated, and immediately said in surprise: "Old Long...you...where are you... going?"

Old Long's body has reached the midair, as if walking on the ground. At this moment, he said without looking back: "The old man has passed this era, and this place is no longer suitable for my existence."

When Li Tian heard it, he was stunned.

After thinking about it, he shouted, "What about me? What should I do?"

Old Long said: "Do what you should do, do what you need to do."

"The battle between humans and demons is imminent, little baby, you must take up this responsibility."

After the words were finished, the figure of Old Long suddenly disappeared into the void.

Watching Old Long disappear into the void like this, Li Tian was stunned all at once.

However, Na Long had already disappeared like this.

After Long Lao left, Li Tian stayed alone on the wilderness.

His eyes looked around...He looked at a desolation, except for the high and low hills and some woods, there was no living thing at all.

Thinking of what the old Long said just now, Li Tian couldn't calm down for a long time.

"What should I do now?"

"Should I continue searching for Ningbing...or...should I help humanity first?" Li Tian hesitated in his mind.

In fact, he really wanted to find his favorite again, Situ Ningbing.

But he had to take care of the overall situation, because mankind now needs him even more! And just now when Na Long was leaving, he personally told Li Tian...He must be responsible for his anger.

In the end, Li Tian hesitated for a long time...but seeing him finally made up his mind.

"Ningbing, I'm sorry, I need to help humanity first." In the end, Li Tian chose to take care of the overall situation.

He decided not to look for Situ Ningbing first... Anyway, Situ Ningbing would not recognize him for a while... Even if he finds her now, it is of no use. For the present plan, he has to help humanity first, and then the next step. He then figured out the matter of Situ Ningbing.

After making up his mind in Li Tian's mind, he was ready to do it.

Looking around the deserted surroundings, Li Tian didn't know the south, east and northwest. He looked at the direction of the sun at this moment, and then muttered: "The old dean and the empire's army should be in that direction."

After Li Tian checked the direction, he stretched out his figure and began to fly forward.

In the process of Li Tian's flying, he felt that his internal strength had increased by leaps and bounds again for some reason.

Moreover, even the spiritual power of the body is more full than before.

In one flyby, Li Tian had already swept more than ten meters away, and it didn't take much effort.

"My internal strength has strengthened again, and even my spiritual strength has become higher and higher!!" Li Tian thought secretly in surprise.

"Is it all caused by Long Lao's Yin-Yang Flame Wine?" Li Tian darkly interlined.

Thinking like this, Li Tian said in a pleasant surprise: "I now finally know how wonderful Long Lao's Yin Yang Flame Wine has."

At this moment, Li Tian, who was excited in his heart, accelerated his body skills even more, and quickly swept towards the distant wilderness.

When Li Tian skimmed out of this barren land, he saw a winding stone road, which led to the direction of the dark swamp.

At this moment, he is walking along this stone path step by step.

When Li Tian was marching, his ears suddenly stood up slightly.

"There is movement ahead."

Li Tian's current perception ability has completely exceeded the scope of imagination, especially after the increase in internal strength, his five sense perception ability has reached an astonishing level.

At this moment, he already felt from the wind that there was a team of men and horses rushing towards here quickly.

From the sound of the wind, Li Tianneng could hear that there are definitely no fewer than twenty people.

It's just that he still can't tell whether the opponent is a demon? Or is it human?

Chapter 2787: ask

After thinking about it, Li Tian found a hidden place, and then the figure flew past like a wild goose, and then found a shelter to hide his whole person slightly.

After hiding, he began to wait.

He wants to see who the front team is.

After waiting for a while, I saw that the team was getting closer...I could already see a team of dark figures coming here quickly.

As the team of people got closer and closer, Li Tian not only took a closer look, but with this look, he saw the demon blood illusionist wearing a black robe riding a black steed toward this side!

Behind him was a large group of extremely tall barbaric half-orcs.

"Devil?"

When Li Tian saw this group of demons, he was not only slightly startled.

"It turned out to be a group of ***** members of the demons."

"I just don't know, how did these members of the Demon Race suddenly withdraw to the rear? What are they doing?"

Li Tian thought in his mind.

At this moment, the team of the Demon Race is getting closer and closer.

As they approached here, suddenly Li Tian's figure flew out from the side.

When Li Tian's swift figure flew over...the horses suddenly seemed to be frightened...there was a neigh...Suddenly the two horses in the front roared, and then stopped anxiously.

The two blood illusionists wearing black robes sitting on the horses didn't react at all, and they threw off the horses with a plop.

The other half-orcs were also horrified.

Look carefully, but see Li Tian's voice and shadow standing motionless in the middle of the stone road, blocking the path of these demons.

However, those frightened half-orcs and the two blood illusionists who fell from the horses, raised their eyes and saw that when Li Tian was standing in front of them, they were shocked for an instant.

"Is it a human?"

"A ***** human?"

Just listen to those two illusionists getting up from the ground and shouting there.

At this moment, the tall and barbaric half-orcs also "swiftly" pulled out the giant swords from their waists...then they took a fighting posture, glaring at Li Tian there.

But what about Li Tian?

He glanced at the members of the Demon Race coldly, and said directly: "I don't want to get blood on my hands today, don't force me! I just want to ask you something... If you can answer, I will let go of your life."

The cold words came out of Li Tian's mouth.

When the demon guys heard Li Tian suddenly say this, the two blood illusions headed by him immediately said angrily: "Damn human beings, do you think we are afraid of you?"

"Go on, kill this **** human."

The blood illusionist thought that he could kill Li Tian with a lot of people, so he yelled at this time.

After the orcs heard the blood illusionist's command, they suddenly screamed one by one, then raised the giant sword in their hands, riding their horses towards Li Tian.

Li Tian looked at the half-orcs who rushed over, and not only sighed slightly.

"Why do you want to force me?"

When the words were uttered, a terrifying murderous aura burst out all over his body suddenly.

In an instant, his hands opened slightly, and the powerful spiritual power emerging from the palms of both hands instantly wrapped around his hands.

Immediately afterwards, a purple thunder and lightning appeared on Li Tian's right hand, but what about his left hand? At this moment a golden flame appeared.

The right hand is: Thunder!

The left hand is: Yanhuo.

Suddenly, both hands came out, but seeing the sky suddenly thundering, smashing, smashing, terrible lightning beams shot down from the air.

Those half-orcs who had rushed over on their horses were hit by thunder and lightning from the sky before they could react.

Ah, ah, ah.

Accompanied by the tragic cry, only the half-orcs who rushed over were hit by thunder and lightning, and then died tragically on the ground.

And what about the other side?

As Li Tian sent out his left hand, the flames immediately burned toward the half-orcs.

The extremely vicious flame...burned on the half-orcs, and the half-orcs fell down from the war horse one by one, and then fell into the flames screaming, wailing,

The scene was horrible.

At this moment, Li Tian seemed to have turned into a god.

He controls the thunder and lightning with one hand, and the flame with the other.

It seemed that the whole creature was controlled by him in his hands.

In a blink of an eye, the more than twenty half-orcs were all buried under thunder and lightning and flames.

died.

Looking at this tragic killing, the two blood illusions were already scared.

"Oh my God, this human... actually can double-line illusion?"

"He can use lightning and fire illusion at the same time?"

The two blood illusionists suddenly dared not fight at the moment they screamed, and at this moment they ran towards the rear like crazy.

They want to escape.

Looking at the two escaping blood illusionists, Li Tian suddenly snorted, and the invisible aura in his body suddenly burst out, immediately after his "slave aura technique" was suddenly performed.

One hand suddenly fell down, and on the ground was a sharp huge sword that fell from the hands of a half-orc.

Li Tian stretched out his hand and waved, and suddenly the huge sword "swish", stabbing at one of the escaped blood illusionists.

With a chuckle, the blood illusionist who was still running away only felt a pain in his heart. He lowered his head and saw that there was a ***** giant sword stuck in his chest...

Then with a scream, the whole person knelt on the ground with a thump and died.

Another blood illusionist, seeing his companion being killed, screamed and ran forward.

Li Tian stretched out his right hand slightly, and said coldly, "Come back."

Then an invisible breath dragged the escaping blood illusionist... suddenly the blood illusionist was completely controlled by the aura.

Then amidst his scream, his body was suddenly sucked back from a distance.

When he arrived in front of Li Tian, he plopped, but he saw that the blood illusionist fell at Li Tian's feet.

"Don't kill me...Don't kill me..." Suddenly the blood illusionist of the demon race knelt on the ground, begging to Li Tian, begging and knocking his head there.

Li Tian glanced at him and said, "I don't need to kill you, but you have to answer a few questions."

"As long as you don't kill me...what questions...I answer..." the blood illusionist cried out in fear.

After hearing what the blood illusionist in front of him said, Li Tian smiled slightly.

"well."

"I ask you, what are your team doing? Isn't the base camp of your demons right in front? Why suddenly you retreat?" Li Tian looked at the blood illusionist on the ground and asked suspiciously.

Chapter 2788: Return

At the moment Li Tian asked, the Demon Blood Illusionist who was kneeling on the ground was taken aback, and then he did not answer Li Tian's question.

"Don't you say it?" Li Tian suddenly glanced at the blood illusionist who was kneeling on the ground.

The blood illusionist was afraid of death. He hesitated for a long time before saying: "I said, I said..."

"Let's say, why are you heading in this direction? What are your team doing?" Li Tiandao.

He only listened to the blood illusionist and said: "We are conveying news from the Hui Mozu region."

Hearing what the blood illusionist suddenly said, Li Tian frowned suddenly.

"what?"

"Do you return to the Demon Race to convey news?" Li Tian asked in surprise.

The blood illusionist hurriedly replied, "Yes."

"Tell me, what news are you delivering?" Li Tian asked.

The blood illusionist replied in fear: "We are...we...received the order of the saint to convey the news to the demon emperor..."

"The news is here."

As the blood illusionist said, he suddenly took out a black brocade box from his arms.

Then Li Tian reached out and quickly took it, and then opened the black brocade box. Inside the black brocade box, only a folded note was placed.

Li Tian opened the note slightly, and after opening the note, a line of words appeared on it.

I saw that it reads: "Tian, the sage of human illusion; Long, violated the contract a hundred years ago, has now been born, Wang Demon Sovereign old man prepares as soon as possible! I hope I can go to the Nether Ghost Cave to invite Shura to be born to fight against Nalong.

Only a few dozen words revealed news that shocked Li Tian.

"Damn it, that Demon Race already knows the news of Long Lao's birth." Li Tian held the letter paper in his hand and frowned slightly.

"Hey, who is Shura mentioned on this letter paper? Is it the powerhouse of the Demon Race? He was born to deal with the saint: Long old, can it be said that this guy named Shura can be on the same level as Long old? What else is there in the ghost cave?" Li Tian said in a puzzled way.

Just as Li Tian was thinking about these questions, suddenly the blood illusionist who was kneeling on the ground said to Li Tiandao: "...I have...what should be said...all said...you can let me make a living Huh?"

The blood illusionist raised the pair of frightened eyes at Li Tian who was looking in front of him.

Li Tian glanced at him and said, then without looking at him, he said, "Go away."

The blood illusionist was taken aback for a moment, as if he didn't expect Li Tianzhen to let go of his life... Now he was taken aback, and then quickly said: "Thank you...Thank you for not killing."

After finishing talking, he ran towards the wilderness like crazy.

Li Tian did not kill the blood illusionist.

What he said, he always kept his promises, so since he said he would not kill the person, he would never kill.

At this moment, Li Tian just held the letterhead in his hand and kept wondering in his mind.

"Who is this Shura?"

"Is he good?"

"It should be very powerful, since the demon who can be compared with Old Long...The strength has naturally reached a terrifying level." Li Tian muttered.

Looking at the letter paper in his hand again, Li Tian suddenly said: "Forget it, no matter what that is, I should go and meet the old dean first."

After thinking this way, Li Tian took the letter of the demon clan into his arms, and then slid into the distance.

He is fast.

In the blink of an eye, the body has flew out a distance of tens of feet.

In this way, Li Tian has been sweeping along the direction of the dark swamp.

...

Li Tian flew along the way, thinking about his thoughts in his mind.

"Hey, I don't know how angry the old dean will be when they see themselves this time?"

"After all, the last time I left without saying goodbye... and the last time the attack was because of me, it caused the sacrifice of many innocent soldiers." Li Tian quickly swept forward while thinking.

Soon, he reached the dark swamp.

Li Tian glanced at the dense towering ancient trees and the dense bushes, and said with emotion: He finally came back.

Having said that, Li Tian quickly entered the dark swamp.

After entering the dark swamp, Li Tian speeded up.

Soon, he has reached the middle of the dark swamp.

As he was walking towards the front, suddenly a few arrows "wish, swish, swish" in the dense forest shot towards Li Tian's figure from a dark corner.

Li Tian was taken aback, looking at the flying arrows, waved his hand slightly, a burst of vigor, and then "bang, bang, bang" all blocked those arrows.

"Don't do it, I am a human illusionist... I am an illusionist at Bander College."

After Li Tian quickly dodged those arrows, he hurriedly shouted to the surroundings at this moment.

It turned out that Li Tian knew clearly that there were human soldiers lying in ambush in this dark swamp!

They are afraid of an attack by the demons...so hide in the dense forest of this dark swamp, once someone passes by...they release arrows and kill the other person.

But said that the arrow just now was shot by an imperial soldier hidden in the dark swamp?

At the moment Li Tian called out, suddenly there was a movement of "簌簌簌" in the dense forest ahead.

Take a closer look. Several warriors in armor are holding their bows and crossbows one by one, looking coldly at Li Tian, one by one, full of hostility.

Yes, they are indeed the soldiers of the Empire hidden in this dark swamp.

When Li Tian saw them appear, a smile appeared on his face.

"I am a human... I am an illusionist... Don't do anything." Li Tian yelled there.

After the soldiers looked at Li Tian's appearance, they confirmed it.

"Master Soldier, he is indeed a human being."

I saw a guy holding a crossbow facing a burly man.

The man was more than 190 centimeters wide, holding a battle axe in his hand, and took a cold look at Li Tian at this moment.

"What did you just say? You said you were an illusionist?" Just listen to the captain of the soldier looking at Li Tian and asking.

Li Tian replied: "Yes."

"I am an illusionist at Bander College, and my name is Li Tian."

After hearing Li Tian's self-reporting of his family, the chief soldier thought for a while and said, "You wait a moment... we will check."

After speaking, the chief soldier said to the humanitarians at hand: "You two should go and inform the illusionists of the Bander Academy in the barracks... Ask if there is really a guy named Li Tian in their academy. If so, we will let him in."

After hearing the command of the commander, the two soldiers in front of them quickly nodded and said, "Yes."

Then he ran towards the depths of the dark swamp.

Chapter 2789: he came

Here is the Empire Human Barracks. .

I could only see the rows of soldiers in armor.

There are still many neat teams in the front.

The foremost place is the place where the illusionists of Na Lock College and Band College stayed.

From a distance, I could easily see Dean Anthony of Locke College, and Old Dean Hollis of Bender College, sitting together discussing something.

"Old He, there are more and more soldiers with the curse of blood... Almost a hundred soldiers have died from the first two days to now. If this continues, I am afraid the military will be unstable."

"Even if the demons don't attack us, we will lose without a fight."

It was Anthony, Dean of Narok College.

He frowned tightly there, looking at the old Dean of Bander College in front of him and said.

It turns out that in the past few days, in the human army, soldiers have been cursed by blood.

Once they were hit by the blood curse, they began to bleed from the seven orifices... and then died within a day.

This situation has already formed a huge panic in the entire army. None of the poor soldiers knows the curse in the next meeting... because once they are cursed, there is only one dead end.

Besides, after hearing this, the old dean Hollis couldn't help sighing at this moment: "You are right. Right now, we must stop the curse of blood, and we must find the **** who cast the blood curse. "

"But how do you find it?" Anthony said in a very depressed way.

Nahris said: "As far as I know, this blood curse must be cast at close range...so I can be sure that the **** demon should be near us."

Hearing what the old dean Heris said, then Anthony thought about looking at Heris and asked: "Old He, what can you do?"

Old Dean Hollis replied: "I want our people to search around the army every night! In this way, we can find the **** who performs blood illusion."

After hearing the old Dean Hollis say so, Anthony can only nodded and said: "Okay, I agree."

"Well, then we'll make arrangements like that." The old dean Heris also said there.

After everyone discussed how to deal with the curse of blood, they were silent there.

"Hey, I don't know where Li Tian is right now?" Suddenly a word came out of Anderson's mouth from the side.

When he said Li Tian's name in his mouth, everyone around looked up at him.

"President Anthony, are you sure that the kid who saved you last time was Li Tian?" Suddenly Anderson looked at Dean Anthony and asked.

A few days ago, Anthony and the people from his academy were sniped and killed by the Black Shura Academy in the jungle and almost all died!

If it weren't for Li Tian who rushed to save them, I'm afraid Anthony and others would all die there. Anthony at this moment heard what Anderson said, nodded and said: "Of course it is him... it is Li Tian."

"It's just that after he saved us all, he left..." Anthony said.

Then Anderson said: "Do you know where he went?"

Anthony said: "He just said that he is going to the Demon Race..."

Then Anderson, as well as the old dean, not only frowned deeply when they heard that.

"This kid... I really don't know what the **** he is doing." On the one hand, even the old Dean Hollis could not help sighing.

To be honest, now on the human side, Li Tiannai is their backbone!

Because now everyone knows that Li Tian's Qi illusion skill has reached a terrifying level!

So they all hope that Li Tian can help them win this...hard war.

But no one had thought that Li Tian would have left at that time... and for the saint of the Demon Race... how could this not make everyone depressed.

"The boy Li Tian must be for the woman of the Demon Race." Anderson yelled from there.

Loft on one side widened his eyes and said, "Dean, will Li Tian...because of that woman... will he take refuge in the demons?"

Naloft just said it.

But I saw everyone present, including Anthony, including the beautiful teacher of Evelyn, and the old Dean Hollis, shouting together, "Impossible."

Hearing everyone's words, Na Loft quickly closed his mouth tightly.

"Teacher Loft, no matter what Li Tian does, he won't join the Demon Race." The old Dean Heris said to Teacher Naft in a critical tone.

Anthony over there also said, "Yes! Although Li Tian is not a student of our Rock Academy, I still deeply believe in his character! For nothing else, I saved him by risking his death alone. The lives of all our colleges."

At this moment everyone is speaking for Li Tian, and obviously, everyone still believes in Li Tian's character.

Just as they were discussing here, they saw two soldiers in armor quickly running towards this side from a distance.

These two soldiers were the two who were sent by the commander in the Dark Swamp.

At this moment, when they saw that they arrived outside the tent, they first shouted.

The old Dean Hollis and Anthony inside heard the voice, so they shouted, "Please come in."

Soon, but seeing the two soldiers in armor, they walked in.

"Excuse me, who is the dean of Bander College?" I saw a tall and thin soldier asking there.

After the soldier in armor questioned, the old chief Hollis was not only slightly startled.

"I'm."

"What's the matter?" The old dean Heris asked curiously, looking at the soldier.

The soldier in armor glanced at the old Dean Hollis and said respectfully, "Hello, that's it! Just now we were in the dense forest of the Dark Swamp and intercepted a person, who claimed to be Bander Academy. The illusionist... so we wanted to inquire."

When the old dean heard this, he was stunned.

Even the surrounding Anthony and the beauty teacher Evelyn were slightly startled.

But seeing the old Dean Hollis hurriedly asked, "What? He is the illusionist of our Band College?"

"What is his name,?"

After the old dean asked this, the soldier in armor replied: "He calls himself Li Tian."

what?

"Li Tian?"

When the soldier said Li Tian's name, the old Dean Hollis, and Anthony beside him... and the others all stood up in shock.

One by one, all the soldiers were looking at them with incredible eyes.

Chapter 2790: came back

"Li Tian is back?" When he heard Li Tian's name, the old dean Heris called out.

The others around him also looked at the talking soldier with incredible eyes.

"Where is the person?"

"Where is Li Tian now?" The old dean Heris asked quickly.

The soldier quickly replied, "He is in the Dark Swamp."

"Take us there." The old dean Heris shouted excitedly when he heard it.

The soldier said, "Okay."

The beautiful teacher Evelyn, Na Anderson, and Anthony from Locke Academy all followed.

They all followed the soldier to find that Li Tian.

Everyone was full of excitement... No one thought that Li Tian finally returned at this critical juncture.

Soon, the two soldiers brought the old dean in front of them to the Dark Swamp.

From a distance, you can see a dozen imperial soldiers in armor standing in front, all of them holding bows and crossbows in their hands, facing one person there.

When the old Dean Heris and the others approached, they really saw a familiar figure standing in the front place.

"Li Tian?"

Suddenly the old dean Hollis called out.

When the old dean's voice called out, Li Tian suddenly turned his head and saw the old dean and them, as well as Anthony and others.

"Old Dean." Li Tian shouted.

When the old dean saw that it was indeed Li Tian, he quickly ran over with the people around him.

"Li Tian, you are finally back." After the old dean walked over, he looked at Li Tian and said excitedly.

Li Tian heard the old dean say this, not only felt a little guilty in his heart.

Looking at the old dean there said: "Old dean, I'm sorry, last time I left without saying goodbye..."

Li Tian hadn't finished speaking yet, but saw that the old Dean Hollis had already waved his hands slightly and said, "Forget it, don't talk about the previous things, you just need to come back, just come back."

The old dean held Li Tian's hand while saying.

Anthony and the beautiful teacher Evelyn couldn't help smiling when they saw Li Tian.

At this moment, I saw the soldiers wearing armors over there. When I saw that Li Tian was indeed an illusionist at Bander College, I saw that soldier grow up and said slightly, "Dear illusionists, since your identity is already Confirm...then we won't bother."

After speaking, the soldier waved to the men next to him, and then he saw the soldiers holding bows and crossbows, so they followed him one by one towards the dense woods ahead.

And here?

The old dean looked at Li Tiandao with relief and said, "Let's go back to the barracks first."

So Li Tian followed everyone's footsteps and walked back to the barracks step by step.

...

Soon, they returned to the tent of the military camp.

After just coming in, everyone started asking questions there.

"Li Tian, where did you go this time?"

"Yes, Li Tian, do you know who the demon woman you knew before is? Through our investigations these days, it turns out that the woman is the saint of the demon race? It was she who led the demon army to attack Our humans."

"Li Tian, have you entered the Demon Race?"

...

Listening to so many people's inquiries, Li Tian was slightly embarrassed.

The old dean could see Li Tian's embarrassment, so he said: "Don't worry about asking questions, Li Tian just came back, please let him calm down first."

After the old Dean Heris uttered a word, everyone around him fell silent and did not ask any more questions.

Although they didn't ask anymore, everyone was very curious about Li Tian's whereabouts these days.

Because they all want to know where Li Tian went during this period of time? What did you do?

In the end, it was Li Tian who spoke.

He blinked his eyes and glanced at everyone present, and then said slightly: "The old dean, teachers, and senior illusionists from the Rock Academy... I know that everyone has gone to me during this time. Where, what has been done... I really want to understand it clearly, so what? I will tell you all about it now."

After hearing Li Tian suddenly say this by himself, the old dean Heris smiled.

They thought that Li Tian wouldn't tell what he did during this time... after all, it belongs to others! But he didn't expect Li Tian to speak out at this moment.

At this moment, I just listened to Li Tian and said: "What about me? Now I will tell everyone what I have been there during this time and what I have done..."

"It's true that since I left without saying goodbye last time, I have been all the way to the demons."

Li Tian said suddenly.

what?

When Li Tianzhen said that he was alone in the Demon Race alone, the old dean and others in front of him were slightly startled.

"Presumably everyone knows that I went to the Demon Race because of... she!"

After Li Tian said "she", everyone present knew who he was talking about.

"I met Dean Anthony and the others on the way to the Mozu... These things, presumably Dean Anthony should have told everyone." Li Tian continued.

Anthony nodded there and said, "Yes, I already told the big guy."

Li Tian smiled slightly and continued.

Then he told it... he was alone in the Demon Race... and he also found Situ Ningbing... In the end, all the things he was arrested were told.

When he said that he was caught in the demon prison, everyone present not only breathed a sigh of relief.

"Li Tian... You were caught by the Demon Race?"

"Oh my God, how did you escape?"

At this moment, I saw Evelyn, the beautiful teacher over there, with her beautiful eyes wide open, and a pretty face looked at Li Tian worriedly and asked.

Li Tian smiled bitterly, and said, "Hey, I almost died in fact."

"However, thanks to my fate, I was finally saved by Long Lao."

When Li Tian suddenly said the words "Long Lao", everyone present jumped up.

what?

"Lao Long? Li Tian... You said that Lao Long saved you?" The old dean over there shouted with wide eyes.

Anthony and the other illusion teachers were all staring at Li Tian with a weird expression.

Everyone knows Long Lao's name!

Everyone knows how powerful the Saint Long of the Spirit Earth Continent is.
