

A Killer 2801

Chapter 2801: story

One of the blood demon's fingers was severed again by Li Tian.

The blood demon was so painful that he didn't want to live, and died of pain.

But the blood demon with a hard tongue still didn't say anything.

So Li Tian cut off a finger of the blood demon again.

Three fingers.

The left hand of the Gorefiend had been completely abolished... His hand was bleeding, shaking constantly.

The whole person fainted due to excessive pain.

After seeing the blood demon's body spasm and fainting, Li Tian suddenly grabbed a bucket of cold water next to it, and then poured it all over the head of the blood demon in a "wow".

The Gorefiend suddenly became sober.

The damp cold water restored the blood demon to his sanity.

Li Tian held the blood-stained blunt knife and looked at the blood demon coldly.

"You demon, today, I want to see how hard your body is!"

"I want to see if your mouth is hard, or my knife is hard..."

The blood demon was panting violently, and his whole person had become dying, as if he might die at any time... His head was hanging there, and his eyes were filled with endless despair and pain at this moment. Looking at my broken finger...

At that moment, his eyes were full of pain.

"How? Blood demon, are you ready to answer my question?" Li Tian took the **** blade in his hand and looked at the blood demon coldly.

The blood demon has lost the arrogance it had before...At this moment, when he looked at Li Tian in his eyes, he was full of horror and fear.

For the first time he saw someone crueller than him.

"Don't tell me yet?"

As Li Tian finished speaking, suddenly the blade in his hand cut towards the blood demon's fingers.

"Wait..." Suddenly a weak voice came out of the blood demon's mouth at this moment.

After Li Tian heard the blood demon suddenly say so, a smile suddenly appeared at the corner of his mouth.

Because he knew that he had basically succeeded.

"Start answering questions?" Li Tian looked at the blood demon.

The Gorefiend raised those bloodshot eyes, glanced at Li Tian, and then nodded weakly there.

"I said..." In the end, the Gorefiend finally gave in.

When Li Tianyi heard it, he smiled and said, "Very good."

After speaking, Li Tian suddenly threw away the blunt blood-stained knife in his hand.

After throwing away the blunt knife, Li Tian turned his head to look at the succumbing Gorefiend.

"Tell me, what is the real name of your saint...?" Li Tian asked.

The blood demon lowered his head and said with difficulty, "I... don't know."

Li Tianyi was furious at hearing \": "You **** still refuse to say? "

The blood demon said: "No...no...I really don't know the name of the saint..."

Li Tian looked at the blood demon's expression angrily...At this moment, he could see that the blood demon didn't seem to lie, what he said seemed to be true.

Because the whole pupil of that blood demon was already full of fear.

"Okay, I won't ask this question for now." Li Tian thought for a while and said last.

"Then I ask you, have your saints always grown up in the Demon Race? Since childhood?" Li Tian asked.

The blood demon replied weakly: "No...no..."

Li Tian was taken aback after hearing the blood demon saying so suddenly.

"Tell me, tell me the truth quickly." Li Tian asked anxiously.

The blood demon suddenly said: "Actually...actually...No one in the demons knows about the life experience of the saint, even the old man of the demon emperor is not clear about it.

When the blood demon said this, Li Tian suddenly shook his heart.

"Why?" Li Tian asked quickly.

The blood demon replied, "Because...because...no one knows the life experience of the saint."

"What do you mean?" Li Tian asked.

The blood demon said: "Because the saint is not a person in this world at all! Because she suddenly appeared in this world."

When the blood demon's words came out all of a sudden, Li Tian was stunned as if struck by lightning.

His eyes were full of excitement...At that moment, he finally knew that he had not mistaken his lover.

She is really Ningbing.

Just when Li Tian was completely taken aback, the blood demon spoke out again.

"One day a year ago... I remember that we were worshipping the Demon Sovereign at the Demon Clan's heavy ground... Suddenly a light flashed in the sky... Then, the entire sky curtain changed strangely at that moment, and the whole sky lit up! Bright and dazzling... As the light suddenly became dazzling, suddenly the saint appeared in front of us. At that time, I still remember that the

saint was in a coma... She just appeared in our place suddenly. In front of him, when she appeared, all of us were shocked, including the demon emperor and his elder. Later, we hurriedly helped her up... and then under the demon emperor's order, we healed the saint... After some healing, the saint began to become conscious, but all her memories disappeared! She didn't know where she came from...and who she was before...we asked her what she was Do not know at all."

"Since then, the Demon Sovereign has been with him! The Demon Sovereign has no children and no daughters. After seeing the saint, he is even more affectionate. He said, this is a gift from God! Therefore, from that After that, he took the saint and became his goddaughter, and she also became the saint of our demons."

"Since she became our saint, she still can't remember the past. Every time the saint recalls the past, she will have a headache! The headache is like an explosion, and the pain is piercing. The old man of the Demon Emperor did not want to see the saint suffer this pain, so he ordered the entire demon clan to not mention the saint's amnesia again... whoever dares to mention it, kill without mercy, from then on, Throughout the entire demons, no one dared to mention the saint's amnesia, and the saint started to get better from there... Until this time she came to the battlefield, she had a headache. Several times..." The blood demon finally told the truth.

When Li Tian in front of him heard everything about the "saint", his whole person was suddenly shocked.

"Ningbing... my love..."

"I finally found you."

Li Tian's eyes suddenly turned red at that moment.

After hearing all the words the blood demon said, Li Tian suddenly knew in his heart that he did not admit the wrong person and that the saint was his lover.

At this moment, no one can understand how excited his heart should be, and no one can know the joy in his heart.

Chapter 2802: Li Tian's words

Li Tian now finally knew that the "saint" was Situ Ningbing. .

She must have come to this other world from the void with herself.

But why did Situ Ningbing suddenly lose his memory? Why can't she remember all of her previous things? why?

Li Tian was thinking about these questions carefully.

At this moment, the blood demon had three fingers cut off by Li Tian, and the blood flowed down his fingers, as if it was about to drain.

The blood demon also became dying, his head hanging there.

When Li Tian saw that the blood demon was dying, he suddenly stretched out his hand and slammed it against the blood demon.

"Hey, you can't die now." Li Tian said suddenly.

As the words finished speaking, an internal force poured out from the palm of Li Tian's hand, and then the blood demon slowly became conscious.

After the blood demon was rescued by Li Tian, the blood demon raised the bloodshot eyes with difficulty and looked at Li Tian at this moment.

"Boy... don't you... don't you... want me to die? Why... how did you save me now?" The blood demon suddenly showed a bitter smile.

Li Tian glanced at the blood demon coldly and said, "I saved you because you can't die here. If you want to die, you should die in front of thousands of imperial soldiers."

Hearing Li Tian's words, the blood demon suddenly smiled bitterly.

Then I saw the blood demon weakly opening and asking: "Boy... I ask you... Why do you always want to ask about our saint?"

When the blood demon asked so weakly and weakly, Li Tian in front of him suddenly turned his head and looked at the blood demon there.

"Because she is my love, she is the one I have been looking for."

After hearing Li Tian's words, the blood demon in front of him suddenly widened, and a pair of unbelievable eyes was on Li Tian who was looking in front of him.

"what?"

"What nonsense are you talking about?" The Gorefiend asked in surprise.

He couldn't believe the fact that Li Tian said.

But seeing that Li Tian sneered: "It doesn't matter if you believe it, or you don't believe it, dad, anyway, for you demon, what matters is no longer important."

When the blood demon heard this, a look of despair suddenly appeared in his eyes.

"So...Do you really know our saint?" The blood demon in front of him was shocked.

He could see now that Li Tian definitely didn't mean to be joking.

But seeing Li Tiandao said: "Nonsense, how can I not know her?"

The blood demon said: "But...but...our saint comes from another world...she is not from this world at all...you...how can you know her?"

The Gorefiend asked in astonishment.

The blood demon with a sudden turn of his head suddenly widened and stared at Li Tiandao in front of him: "Could it be that...your boy...is not a person in this world at all? You are just like our saints. From another world"

The Gorefiend finally guessed it.

At this moment, he looked at Li Tian with a dull and speechless expression.

But what about Li Tian? With a cold smile: "You're not stupid yet, I didn't expect you to guess it."

"Oh my God, you, you, you, you are also from another world!!!"

When Li Tian really said his identity, the blood demon was truly stunned.

Although he had almost guessed it just now, he was still shocked when he heard Li Tian's own mouth saying this.

"Devil, do you want to know the truth?" Li Tian suddenly looked at the blood demon.

The blood demon nodded there and said, "I want to..."

"Okay, then I will tell you before you die."

"Yes, I'm not from this world... I came here with Ning Bing from a world called Earth... But I didn't expect that Ning Bing would become amnesia... And why I stayed? In this world, it is to find my love, to find Ningbing."

After hearing Li Tian's words, the blood demon finally understood everything.

At this moment, he looked at each other...

Muttered in horror in his mouth: "Oh my God, the saint is actually the lover of this **** boy?"

When the blood demon said this, Li Tianzai coldly said to him: "Devil, for the sake of your answer to my question, I will not torture you again."

"But tomorrow, you will still die."

After Li Tian said these words coldly, he suddenly turned around and left like this.

He didn't even look at the blood demon again.

What about Gorefiend? He didn't say anything more...Stay alone in the dark cave dwelling.

When Li Tian walked out of the cave, he happened to see the old dean Hollis and other people staying outside the cave.

"Li Tian..." When they saw Li Tian walking out of the cave dwelling, they all were slightly startled and looked at Li Tian curiously.

"Li Tian, are you going to see that **** Gorefiend?" The old dean came over quickly, looking at Li Tian and asked.

Li Tian nodded silently and said, "Yes."

"What's the matter?" Old Dean Hollis continued to ask.

But seeing Li Tian embarrassed for a while, then he said: "Sorry, old dean, I am looking for the blood demon to ask some personal matters."

The old dean immediately understood what Li Tian meant when he heard what the blood demon said, so at this time, he didn't ask too much.

"Tomorrow's time, that demon should be beheaded." The old dean thought for a while.

"Li Tian, have you finished asking everything you should ask?"

Li Tian smiled and replied, "Well, I have finished asking."

"Good." The old dean said.

"Tomorrow, that **** Gorefiend will get what he deserves."

The Anderson teachers here are all talking happily.

At this moment, Li Tian suddenly said to the old dean, "Old dean, send more people to guard this place tonight."

When the old dean Hollis heard Li Tian say this, he was not only shocked.

"What's wrong? Li Tian? Are you afraid that this blood demon will run away?"

Li Tian shook his head and said, "No, I'm not afraid that he will run away! Because he has become a useless person and can't escape at all. What I am afraid of is people from the Demon Race to save him."

Li Tian spoke out the thoughts in his heart little by little.

After Li Tian said this, everyone was not only slightly startled.

"Li Tian, do you think someone from the Demon Race will come to rescue this Gorefiend tonight?" Old Dean Heris asked with a frown.

Li Tiandao: "This blood demon is an important figure in the demon clan... This time, he was caught by us. I believe the people of the demon clan must already know the situation!"

Chapter 2803: Night visitor

"If the Demon Race knows that the Blood Demon is arrested, I believe they will never sit idly by and will definitely want to deal with it! So I personally think that the Demon Race should send a master to rescue the Blood Demon." Li Tianjiang himself All his thoughts were spoken out.

After hearing Li Tian's analysis, the old dean suddenly condensed his brows for a moment.

"Li Tian seems to be right... The blood demon is an extremely important figure in the demon clan..." The old dean suddenly agreed with Li Tian's statement at this time.

After hearing what the old dean said, everyone present immediately asked, "Old dean, what shall we do?"

Just listen to the old Dean Hollis turning his head to look at Li Tiandao: "I think we should listen to Li Tian."

"Tonight, we will send more manpower to guard this cave dwelling."

After the old dean said so, everyone in front of him nodded quickly.

"Okay, let's listen to the dean."

Then the old dean was there and said to Anderson: "Mr. Anderson, you will guard this cave tonight... and then take turns with Loft, Evelyn, and Cyril."

The beautiful teacher Evelyn and the others nodded in approval after hearing the old dean's words.

Then they left here first.

Li Tian is now ready to leave alone.

Suddenly I heard someone calling him from behind.

"Li Tian..." Seeing the voice, I saw that it was the beautiful teacher Evelyn who called him.

Li Tian looked back and saw the beautiful teacher Evelyn wearing a **** skirt. Her plump body was exposed and her round face revealed endless charm. She was looking at Li Tian in front of her with a smile.

After seeing her, Li Tian moved slightly in his heart.

To be honest, he has a vague affection for this beautiful teacher Evelyn.

"Teacher Evelyn." Li Tian said after seeing the beautiful teacher Evelyn.

I saw that glamorous Evelyn walked over quickly.

"Li Tian, I have something to say to you." Beautiful Evelyn suddenly blinked at Li Tiandao with her beautiful eyes like water.

When Li Tian heard this, he smiled and asked, "You said."

I saw that Evelyn walked quickly to Li Tian's side, then paused for a while, and then asked, "Li Tian, how have you been recently?"

After Evelyn asked this sentence, the whole pretty face became embarrassed in an instant.

Because she thinks what she asked is really stupid.

When Li Tian heard that beautiful teacher Evelyn suddenly asked, he was slightly startled, but he still replied, "I, I'm fine."

Evelyn lowered her head and asked: "Did you...did you find your lover?"

This time, the beautiful teacher Evelyn's voice was very small, becoming like a mosquito... If you didn't listen carefully, I'm afraid you won't be able to hear it.

However, thanks to Li Tian's extremely sensitive ears, he still heard the question from the beautiful teacher Evelyn.

After hearing Evelyn's question, Li Tian thought for a while, and then replied, "I have found it."

what?

After hearing Li Tian say this, the beautiful teacher Evelyn suddenly showed a vague disappointment on her charming face.

"You, you, did you find it? Find your lover?" Evelyn looked at that Li Tiandao in surprise.

Li Tian has indeed found it.

It's just that Situ Ningbing still didn't recognize herself.

So I just listened to that Li Tian nodded silently, and then said: "En."

"How did you find it? Who is she? Where is she?" Beautiful Evelyn asked quickly there.

But seeing Li Tian smiled bitterly and said: "It's true that she is in the Demon Race."

"Mozu...Could it be...Could it be...your lover is really the saint of the Mozu?" The beautiful Evelyn was stunned for a while.

After the beautiful teacher Evelyn asked, Li Tian answered truthfully.

Because he felt there was no need to hide it.

Seeing that Li Tian said, "Yes."

When Li Tian told the truth, the beautiful teacher Evelyn in front of her was stunned.

She never thought that it was the woman of Li Tianai who led the demon army to attack humanity...

This, this is simply incredible.

"Oh my God... Li Tian, your lover... turned out to be the saint of the Demon Race!!!" The beautiful teacher Evelyn was stunned.

Li Tian looked at the surprised expression of Evelyn, so he explained there, "Yes, although she is currently the saint of the demons, there is a reason for this."

"Reason? What's the reason?" the beautiful teacher Evelyn asked.

Li Tian then said, "It was because she had forgotten the past, she had lost her memory,...so she doesn't recognize me now."

"Amnesia?" After Li Tian said so, Evelyn became even more depressed.

Just listen to Li Tian nodding his head and saying: "Yes."

"Ningbing is indeed amnesia, I have already checked it out from the blood demon." Li Tiandao.

Teacher Evelyn thought about it, and suddenly said, "So...you just went to the cave to find the blood demons...for this?"

Li Tian nodded and said: "En."

At this moment, Evelyn finally understood everything.

Now she finally knew that Li Tian was not joking, but what he said was the truth.

At this moment, Evelyn had mixed feelings in her heart, and she didn't know what to say... Li Tian also stood there, blinking at her.

In the end, the beautiful Evelyn spoke there. She looked at Li Tian and smiled awkwardly: "No matter what, since you found your lover, I have to congratulate you."

"Thank you." Li Tian said sincerely looking at the beautiful teacher Evelyn before him.

Evelyn looked a little embarrassed for some reason at this moment, so she stayed there for a while and said: "It's getting late, I have something to do, Li Tian, then I'll go."

When Li Tian heard Evelyn say this, his mouth suddenly opened, as if he wanted to say something, but when the words reached his mouth, he swallowed again, and finally did not say it.

So, I saw that beautiful Evelyn left like this.

That Li Tian looked at the bleak figure of Evelyn leaving... For some reason, a sour feeling was born in his heart.

In the end, Li Tian didn't say much, just sighed slightly, then turned and left.

After leaving, Li Tian returned to his room.

Lying on the bed alone, thinking about Situ Ningbing.

"How can Ningbing lose his memory?"

"Ning Bing traveled here from the void together with herself...Why didn't she have amnesia? But Ning Bing had amnesia... Is this God teasing herself?"

Li Tian, who was thinking in his mind, fell asleep unconsciously.

The night came soon.

In the dense forest near the Dark Swamp, I saw a group of dozens of silhouettes wearing black robes and moving extremely fast flying towards here, like ghosts in the night.

Chapter 2804: Demon Strikes

These people are the blood illusionists of the demons.

It can be seen from their physique that these people are all masters among masters.

There were more than a dozen people in the group, and they quickly swept towards the gloomy dark swamp in the dark.

When he was about to reach the dark swamp dense forest, suddenly a hoarse and sharp voice sounded in the darkness.

"stop."

Following that order, a dozen illusionist masters all stopped at that moment.

Then he looked closely with the faint moonlight, but it was Morodo who was short in stature and dressed in a black robe, one of the chaos twins.

After Morodo gave an order, the dozen or so illusionists around all stopped, and then quickly surrounded him.

After they surrounded the Morodo, they saw Morodo raised his gloomy eyes and looked at the dark swamp in front of him and suddenly said, "There are humans in this dark swamp. Be careful, everyone. Take care of these guys. Kill it."

After hearing what Morodo said, the dozens of blood illusion masters around him nodded silently.

Then they began to sneak into the dark swamp one by one.

These blood illusion masters were extremely agile, and quickly all entered this dark swamp.

Indeed, in this dark swamp, there are human warriors with hidden guards...

In order to prevent the invasion of the demons, they have been guarding in this dark swamp.

However, now these extremely powerful demons illusions are lurking in... Can they resist it?

The night is getting more and more solemn.

Suddenly in the dense forest of the Dark Swamp, a very miserable cry was heard first.

what!

As the miserable cry cut through the black night sky, a terrified cry of extreme panic also appeared immediately thereafter.

Then, I saw a poor human warrior being killed by that powerful demon blood illusionist.

No way, these fighters are not the opponents of the powerful Demon Blood Illusionist.

What's more, there is one of the two chaos demons: Morodo.

After a while, I saw that in the dark swamp dense forest, the human soldiers who had been hidden before were killed one by one in the darkness.

They died unjustly, they died pitifully...

The blood illusion master of the demons, after eradicating the hidden human dangers in the dark swamp, saw Morodo with a cruel smile on his mouth, looking at the brightly lit human army barracks not far in front, muttering: "From now on , We are divided into three teams."

"A team of six people, the first team attacked the human army barracks and caused chaos. The second team followed me in search of the Gorefiend. The third team was responsible for covering and dealing with the human illusionist. Do you understand it?" Namo in the dark Rodo's voice suddenly sounded.

After the extremely cruel Morodo said so, the demon blood illusion masters around him nodded quickly.

"Yes."

Morodo raised his gloomy eyes and glanced at the brightly lit human military camp over there, and suddenly said, "Start to act."

The well-trained and highly skilled demonic blood illusionists behind him suddenly and quickly lurked towards the human army barracks.

...

Here is the human army barracks.

The soldiers at this moment are still standing there one by one.

Looking at the place where the Gorefiend was guarded, only Teacher Anderson and Teacher Loft were watching.

No one knew that darkness was approaching them quietly.

I saw the soldiers standing at the outermost part of the army barracks, all standing cautiously at the moment, everyone staring at the front with wide-eyed eyes.

Suddenly at this moment, a strong blood suddenly shot towards this side.

The soldiers, when they smelled a blood rushing towards their faces, were shocked and looked up...

Then I saw terrifying **** arrows shot from the darkness densely.

When they saw the **** arrow flying over, the human soldiers screamed for an instant.

"Huh? Blood arrow?"

"The Demon Race is here, the Demon Race has attacked..."

The soldiers screamed one by one.

The voice just yelled, and those **** arrows shot from the darkness pierced their bodies.

Puff puff,

Groups of soldiers were stabbed into hornet's nest by the terrifying blood arrow, and then fell to death in a pool of blood.

Immediately afterwards, I saw 56 black scary figures suddenly burst out of the darkness.

Blood Illusionist!

This is the blood illusionist of the first team of the demons.

When these monster blood illusions wearing black robes suddenly appeared, the human soldiers suddenly fell into panic.

Then I heard a yelling voice.

"The blood illusionist of the demon race is here... they are the blood illusionist of the demon race..."

After hearing the blood illusionist of the Demon Race, the soldiers were shocked first, and then ran towards the other side one by one.

At this time, the entire army also heard the sound of killing here, and then quickly rushed towards this side.

The scene suddenly fell into chaos.

...

But he said that when the scene here was in chaos, he suddenly saw a few black scary figures rushing to the left.

Look carefully, they are the second team of the Demon Race personally led by Na Morodo.

After they swept over, there were two warriors in armor standing here.

That Morodo took the lead, and suddenly a ***** gas appeared in his right hand, and then the ***** gas slammed into the chest of a soldier who had not reacted.

Then the soldier screamed and wailed, and he fell to the ground and died.

Another hideous head that had just turned around was suddenly pressed by Na Morado with a hand on the head.

Then I saw that Morodo didn't directly kill the soldier, but suddenly a strange blood appeared in the palm of the soldier's head, and then suddenly invaded the soldier's head.

Immediately after that, the soldier's entire face suddenly turned into a strange blood color... even the entire pupil became bloodshot at that moment.

"Say, where is the Gorefiend?" Suddenly a gloomy word came out from Morodo's mouth.

The soldier under control was completely unaware. At this moment, following Morado's question, he replied with a dumbfounded expression: "In the cave dwelling on the left front..."

After the soldier said the place where the blood demon was imprisoned, suddenly there was a grinning smile at the corner of his mouth.

Then the five fingers pressed hard, the soldier's entire head suddenly overflowed with blood, and then his body fell to the ground with a plop and died.

After Morodo cruelly killed the soldier, he suddenly raised his eyes and glanced at the cave dwelling on the left front.

"The Gorefiend was really caught."

"Go, let's save him."

Moroduo said.

Chapter 2805: Fierce battle

Under Na Morodo's order, but under his leadership, the blood illusionists of the demon race behind him quickly swept towards the cave dwelling in front.

But he said that Li Tian, who was sleeping in the tent, had heard the movement just after the attack by the blood illusion master of the Demon Race.

"The sound of fighting... something happened outside."

Just after hearing these sounds, Li Tian went straight out of the bed, then quickly opened the door and rushed out.

After rushing out, I saw a chaos in the barracks outside, full of imperial soldiers in armor running toward the front.

As they ran, they shouted in their mouths: "The demons have invaded, the demons have attacked."

Li Tian frowned, and when he saw the situation, he suddenly flew forward.

After reaching the front, he blinked to take a look at the situation in front of him, and now he saw the blood illusions of the demons in black robes, fighting with human soldiers there.

After taking a look, Li Tian didn't directly go to support him, but suddenly looked back at the place where he was watching the "cave dwelling".

"The blood illusionist of the Demon Race is really here."

"It seems that they must have come to rescue the Gorefiend."

Li Tian thought about it in his mind, and then quickly flew towards the cave dwelling behind him.

He knew that the blood illusionist of the demon race must have come for the blood demon, so as long as the cave dwelling where the blood demon was imprisoned was guarded, the blood illusionist of the demon race would have nothing to do.

So at this moment Li Tian quickly swept towards the cave dwelling.

When Li Tian flew towards the "cave dwelling", I saw the old dean Hollis and Anthony and others also heard the situation.

"The demons are coming."

With an exclamation of the old dean, Heris quickly flew out of the tent.

Who knows, as soon as he flew out of the tent, there was a "swish, swish, swish" horrible hidden weapon sound.

Take a closer look, it turned out to be the "Shadow Blood Arrow" released by the blood illusionist of the Demon Race.

The deadly shadow blood arrows were shot like dense raindrops at the old principal Hollis who had just left the tent.

The old dean Hurice exclaimed immediately when he saw the dense rain-like "shadow blood arrows" shot.

"Be careful."

As he exclaimed, he immediately displayed "Fire Escape."

Suddenly, a protective wall of "Fire Dun" emerged up and down all over the body. Then, all the "Shadow Blood Arrows" that flew from were banged, banged, and blocked on the Fire Dunk, and then one by one. Shattered.

And the other Evelyn and other illusionists who followed also quickly performed the block technique, and then all blocked the surging shadow blood arrow.

Just after they blocked all the "shadow blood arrows", a few dark shadows suddenly attacked them quickly.

These shadows are undoubtedly the powerful blood illusionists of the Demon Race.

One of them quickly rushed towards the old Dean Hollis.

With a volley, he grabbed the Tianling Gai of the old Dean Heris with terrifying power.

Seeing the attack from the other side, the old dean turned around and dodged, then quickly slapped out a palm.

The other hand suddenly accumulated flames, and with a sudden sound, a dark fire rushed directly to the blood illusionist.

The blood illusionist was also extremely powerful. Seeing the old dean's underworld flame attack, he immediately shook his right hand, and a blood qi suddenly hit the old dean's flying over the underworld fire.

With a boom, the two energies collided together and exploded.

The old dean Khris looked coldly at the black-robed blood illusionist in front of him. He knew that these blood illusionists were masters. At this moment, he urged the beautiful teacher Evelyn behind him, as well as Isha, and Anthony, and others. : "Anthony, these are the blood illusion masters of the demons, you have to be careful."

After Anthony and others heard the old Dean Hollis say this: "We know."

"Old He, you go to the cave first... Don't let the **** of the demon race save the Gorefiend." Anthony reminded the old Dean Heris there.

The old dean Heris should let the situation clear, and nodded quickly at that moment and said, "Okay."

"I'll leave it to you here."

Following the utterance of the old Dean Hollis, his figure suddenly flew up and flew towards the cave dwelling over there.

The masked blood illusionists of the Demon Race, seeing the old Dean Heris suddenly looting, immediately roared: "Stop him."

As the words uttered, two blood illusionists from the demon race flew out together on the left and the right, and then jointly performed the blood illusion to stop the old dean Hollis.

Seeing that the two demon masters were about to stop the old Dean Hollis, at this moment, Anthony and the beautiful teacher Evelyn flew together.

"Bastard of the demon, stop for me."

Anthony yelled, his palms suddenly moved forward, and then two flames poured out from his palms...The raging fire suddenly rushed towards the front demon blood illusionist.

And that beautiful teacher Evelyn used the "water system illusion technique", a trick "water shock technique", and suddenly saw a "water column" shooting directly at the blood illusionist of the other demon race.

Although the two blood illusionists were powerful, they had to turn around to block the illusion that came from behind.

Seeing that the two had no choice but to step back and block the illusion of Anthony and Evelyn.

And what about the old dean? It took advantage of this gap time, and quickly flew away.

...

There is the cave dwelling.

I saw Anderson and the fire teacher Loft still guarding there.

There were more than a dozen soldiers in armor nearby.

They have already seen the fighting situation ahead.

I saw that Anderson said with an ugly face, "Loft, it seems that the demons have really come! They must be for the blood demons imprisoned in the cave."

Loft in front of him also nodded cautiously and said, "Yes, we must keep here."

"En." Anderson nodded quickly.

As the two of them had just finished speaking, they suddenly shot towards them in the darkness.

When Anderson and Loft saw the blood of the Demon in the darkness shooting out, they were shocked immediately, only to hear that Anderson hurriedly exclaimed: "Be careful everyone."

After speaking, he quickly displayed "Thunder Dun" to block.

And Na Loft also immediately displayed "Fire Escape."

Just when the two of them blocked the flying blood, the dozen or so soldiers in armor next to them were not so lucky.

I saw a wave of fierce and poisonous blood, directly piercing the bodies of the dozen or so armored soldiers.

Ahhhhh!

After a while, I saw that the poor dozen soldiers were all fallen into a pool of blood...There were blood holes bleeding all over the body...

The death was terrible, and he fell in a pool of blood.

Chapter 2806: Sky Thunder Slash

As soon as Teacher Anderson and Teacher Loft saw that so many Imperial soldiers had died, a huge chill appeared in their hearts.

Immediately afterwards, six Demon Blood Illusionists wearing black robes and black face masks appeared from the darkness.

Everyone exudes extremely powerful spiritual energy.

When Teacher Anderson and Teacher Loft saw the appearance of these 6 Demon Blood Illusionists wearing black robes, their eyes widened at the same time.

"Mozu...blood illusionist." They exclaimed.

I saw that the 6 terrifying demons blood illusionists had swarmed towards them.

The leader is the shortest figure, looking at the weirdest blood illusionist, he is the chaos dual demons Morodo.

At this moment, Morodo gave a grimly grin when he saw Anderson and Na Loft who were guarding the cave with a cold eye.

"Kill these two people, I'm going to find the Gorefiend." A sharp and ugly word came out of his mouth.

Accompanied by his ugly voice, the other Demon Blood Illusionist by his side nodded together.

Then the 5 terrifying demons blood illusionists suddenly attacked Anderson and Loft in terror.

Teacher Anderson, his eyes widened at this moment, yelled angrily: "Asshole, I'm fighting with you."

The words roared, and suddenly thunder and lightning accumulated in both hands, and then a "sky thunder strike" attacked the two demon blood illusionists who pounced first.

But seeing one of the blood illusionists with a pair of venomous eyes, he suddenly smiled gloomily.

"Little bugs, do you still want to stop us?"

When the words were spoken, his hands suddenly waved strangely, and a light of thunder and lightning that was stronger than Anderson suddenly bounced back towards that Anderson.

Anderson was shocked at the moment when he saw the other party actually used the thunder and lightning illusion.

"Ah? Thunder illusion... you can actually use thunder illusion?"

"You...you...you are not from the Demon Race?" Anderson exclaimed suddenly.

You must know that all the blood illusionists of the Demon Race practice blood illusion... they will not practice human illusion at all!

So when Anderson saw the masked Demon guy performing thunder and lightning magic, he suddenly screamed.

Just as he screamed, he saw the weird man in black robes and suddenly smiled coldly: "Go to hell."

A huge thunderball hit the Anderson suddenly with a sense of destruction.

Anderson was taken aback, his body retreated quickly... he was obviously not the opponent of that weird guy.

Then Anderson quickly displayed "Thunder Dun" to block the opponent's tricks.

But the blood illusionist in the black robe, as if not caring about Anderson's "Thunder Escape", suddenly shouted "Tian Lei Zhan."

Sky Thunder Slash: It is a high-level illusion of the Thunder and lightning system, and this illusion is extremely overbearing.

But he said that the moment the guy in the black robe displayed the "Sky Thunder Slash", that Anderson was stunned.

Because he couldn't catch the terrifying blow of Thunder Slash this day.

Then he quickly dodged to avoid.

And what about the weird guy in the black robe? The body turned into a light of thunder and lightning, and then the whole person accumulated into a sharp thunder blade, and then fell from the air and slashed it.

Anderson tried his best to avoid this terrifying blow... But helpless, his cultivation level was limited, and he couldn't avoid it at all.

The speed of the opponent reached an unimaginable point.

Seeing that Anderson was about to be slashed by the sky thunder, Loft on the other side screamed in surprise.

"Anderson..."

But everything is over.

At this critical moment, a domineering aura suddenly descended from the air in the void.

"Get up!"

With a loud shout, Anderson's entire body was suddenly dragged by an invisible breath, and then the whole person suddenly rose from the ground! Flew several feet high.

This one frightened that Anderson.

He never thought that his body would fly so high... so far...

who is it?

Who controlled his body just now? Who saved him?

Just when he was stunned, a figure suddenly passed over his head. Then Anderson heard the sound of the strong wind, raised his eyes and saw that he saw a familiar figure.

"Li Tian?"

Suddenly, an exclamation came out of his mouth.

Look carefully, the person who flew to rescue him quickly was Li Tian who arrived in time.

However, it was said that at this moment, the demon guy who had just performed the "Sky Thunder Slash" suddenly raised his eyes coldly and saw Li Tian's figure.

"Damn, it's this **** again." His mouth yelled.

As if he knew Li Tian.

And the other demon blood illusionists beside him all raised their cold eyes and saw Li Tian who had arrived.

But he said that Morodo, who was covered in a black robe at the moment, also coldly saw Li Tian.

"Asshole, it's him again!!!"

When they called for the exit, Li Tian had completely blocked the entrance of the cave, as if he were the same husband.

Now Anderson and Loft are no longer the opponents of these demons' blood illusions.

The two of them can only stand beside that Li Tian and sweep the formation, but what about Li Tian? It coldly glanced at the blood illusionists in front of him.

Although Narador was covered with a black cloth on his face, Li Tian recognized him as soon as he saw him.

"Chaos twins, Morodo?" Li Tian called out coldly.

It's no surprise that Morodo knew that he was unique in appearance and was recognized.

At this moment, after being recognized by Li Tian, he suddenly saw that Morodo said in that gloomy voice: "Smelly boy, your injury has recovered quite quickly..."

"Last time, you were rescued by the old man Long... this time, I see how you live!" Morodo's voice was full of fierceness.

And what about Li Tian?

After hearing Morodo say this, he suddenly laughed.

"Is it?"

"Okay, today I want to see, who of us is dead and who lives!" Li Tiandao.

When Morodo heard that Li Tian was so arrogant, he yelled, "Fuck me, kill this **** kid."

After his words were spoken, the other five blood illusionists of the demons around him rushed to Li Tian terribly together.

The five people used five different blood illusions, and the other illusionist who had just attacked that Anderson used a high-level thunder and lightning illusion. Such a terrifying combination of blows was really scary.

But what about Li Tian?

Watching a few people rush together, they suddenly turned their heads to Anderson and Loft beside him and shouted: "Two teachers, let me give them a hand, I will deal with them."

Chapter 2807: Words of the Gorefiend

Na Loft and Anderson moved back quickly after hearing Li Tian in front of them say this. .

I saw that Anderson said to Li Tian caringly: "Li Tian, the demon of the chaos twins is very powerful...you must be careful."

They didn't know how terrifying Li Tian's current strength was, so they asked Li Tian's concern at that moment.

After hearing Anderson's reminder, Li Tian smiled slightly, then didn't say anything, turned his head, and looked at the few Demon Illusionists who rushed towards him quickly.

When the blood illusionists attacked Li Tian in a terrifying blow, Li Tian suddenly displayed the "Mysterious Wind Step".

Immediately afterwards, his body suddenly disappeared like a wind.

Teacher Anderson and Mr. Loft who were present at the moment saw Li Tian's body disappear like a wind. At that moment, they were stunned.

"Oh my God, Li Tian... Li Tian... What you just performed... Is it... Wind illusion?" Teacher Anderson's pupils suddenly widened.

Looking at Li Tian who had disappeared with those incredible eyes.

They still don't know that Li Tian has many kinds of illusions.

Na Loft looked at it and was stunned at the moment.

"Yes Yes....."

"It seems to be a high-level illusion of the wind system! The wind body technique..." Na Loft said in shock.

At this moment, both of them were stunned.

At this moment, Li Tian was already fighting fiercely with the five terrifying illusionists of the Demon Race.

The illusion masters of the five demons are also extremely powerful, and they are all strong.

The fierce battle with Li Tian at this moment can be described as comparable.

As for Morodo?

Seeing that Li Tian was so strong, he didn't want to entangle with Li Tian at the moment, he just wanted to quickly rescue the blood demon.

So at this moment, he ignored the fighting here, and suddenly slid towards the cave dwelling.

Seeing that Anderson and Loft saw Morodo flying into the cave, they were shocked and hurried over to stop them.

Anderson displayed the thunder and lightning illusion, and Na Loft used the fire illusion, and soon shot to stop the chaos dual demons Morodo.

It is a pity that the two of them are not the opponents of Morodo at all.

boom!

Seeing Morodo a move, a horrible blood suddenly shook Na Anderson and Loft.

Anderson and Loft screamed and fell to the ground.

Then Morodo looked at the two injured by the shock, and suddenly sneered at the corner of his mouth: "Just because you two want to stop me?"

After speaking, suddenly Na Morado flew into the cave dwelling.

At this moment, when Li Tian saw that Morodo entered the cave, he was shocked and screamed, using a purple thunder seal to shake one of the blood illusionists to death.

The terrifying light of thunder and lightning fell from the sky... with a click, it directly hit the head of the demon blood illusion technique. The blood illusionist did not even react at all, and then died tragically to the ground.

The other four blood illusionists of the demon race were slightly startled when they saw Li Tian killed one of them, and then the four blood illusions attacked Li Tian again.

Li Tian had no choice. At this moment, he was entangled by the blood illusionists of the four demons, and he couldn't pull out his body to stop Na Morodo.

...

But he said that Morodo had entered the dark cave dwelling.

He is looking for the blood demon.

Walking quickly to the front, I saw four guards standing in the cave.

The soldiers of the empire were shocked when they saw someone coming in.

"Who?"

Just as the words were just spoken, Morodo shot instantly, his right hand swayed slightly, and suddenly, a few blood energy suddenly wrapped around the necks of the four soldiers.

what!

I saw that the faces of the four fighters instantly began to twist...then they fell to the ground with a choke, and finally fell to the ground with a scream in their mouths, and died instantly.

After Narodoro solved the 4 soldiers in front of him, he quickly walked forward.

"Blood Demon? Where are you?" Na Morodo quickly entered the cave while shouting with that sharp voice there.

After the voice of Morodo entered the cave, a weak voice suddenly came from the dark corner in front...

"I...I...I am here."

The voice is weak and weak.

The moment Morodo heard the sound, he was shocked, and then quickly passed by.

I took a closer look, but saw that not far in front, the blood demon was in pain trapped on the iron chain.

"Blood Demon?" When Morodo saw the blood demon becoming like you, he was shocked and hurried over.

"Oh my God, blood demon, why are you tortured like this?" Morodo quickly reached the blood demon's side...for a moment, he was stunned.

I saw that the Gorefiend was covered in blood at the moment, and his right hand was drooping there. A closer look at his right hand showed that it was bloody...Especially the whole palm was cut off with three fingers.

Looking at the moment the Gorefiend was tortured into such an appearance, Morodo was shocked there.

He never expected that such a powerful role as the Blood Demon... was turned into this way, which was beyond his expectation.

I saw a bitter smile on the corner of the Gorefiend's mouth, his eyes no longer had the previous light...but they became dim, as if they were about to die at any time.

"Blood Demon, that **** made you like this?" Morodo asked in horror.

I saw that blood demon suddenly said bitterly: "It's... it's... that human kid."

"It's him?" After Na Morodo heard the blood demon suddenly say this, he suddenly remembered that Li Tian in his heart. Of course there would be no other people besides him. Because of the strength of others, Morodo was the most It is clear though.

"Isn't your gorefiend that **** human opponent?" Morodo asked incredulously.

I saw the blood demon suddenly said: "He is not a person... He is not a person in this world... Do you understand? And... He will use multiple illusions by himself... The reason why I am defeated is because I am too It's careless."

When Moroduo heard this, he frowned and said, "Blood Demon, what are you talking about? He can do multiple illusions alone? It's impossible."

"It's true, I saw it with my own eyes." The Gorefiend yelled with his eyes widened.

When Morodo heard this, he was immediately depressed, because as far as he knew, he hadn't appeared in this world... the kind of powerhouse who could practice multiple illusions by one person!

"So, you were defeated?" Morodo asked quickly.

The Gorefiend sighed deeply, hung his head there, and then said bitterly, "Yes...yes."

Chapter 2808: It turned out to be him?

After hearing the news of the defeat of the Gorefiend, Morodo was shocked. .

At this moment, Morodo thought for a while, and said to the blood demon: "Forget it, I'll save you from here first."

As Morodo said, he began to figure out a way to unlock the iron chain tied to the blood demon.

But seeing that blood demon suddenly raised those desperate eyes to Morodo and said, "No...no...I can't live anymore."

A word suddenly came out of the blood demon's mouth.

After hearing what the Gorefiend said, Morodo was startled.

"how?"

The blood demon said weakly and weakly: "My whole body has been destroyed by that **** human kid... and my right hand is also broken, I can't escape at all."

When Morodo heard what the blood demon said, he raised his eyes to see Morodo's situation, and his entire head was stunned.

"So, are you not going to leave here alive?" Just listen to Morodo suddenly asked.

The blood demon nodded and said, "En."

"Before I die, I just want to tell you a shocking news." The blood demon said suddenly.

Then Morodo was taken aback, and asked: "What news?"

"About the identity of the saint." The blood demon suddenly spit out a mouthful of blood.

When Morodo heard the word "saint", his brow frowned and he quickly asked, "What happened to the saint?"

"The saint... the saint... turned out to be in a gang with that human kid... and... and... she's still that **** kid's lover." The blood demon in front of him suddenly said.

When Morodo heard this, he was shocked.

"Blood Demon, what are you talking about?"

The blood demon said: "I'm not talking nonsense, I'm telling the truth."

"Morodo, do you remember how the saint appeared back then... Do you remember the day of the sacrifice a year ago?"

"I'm telling you, the saint came from another world! She is like that **** human kid... from other worlds... it's just that the saint's head has amnesia, she remembers everything now Can't get up...so she doesn't know that **** kid!"

When Morodo heard what the blood demon said, the whole person was stunned for a moment, and his sinister pupils went wide.

"You...who did you hear?" Morodo asked in surprise.

The blood demon said: "It was the **** kid who admitted it himself."

"He also said... The saint was his lover before! The reason why he broke into the demons was because he was looking for the saint."

But he said that the moment that Morodo heard this, he suddenly felt a little in his heart.

Then I recalled how Li Tian broke into the Demon Race alone... and heard that Li Tian kept calling the saint to call her: Situ Ningbing...

"Goodbye, is it all true?"

"The saint is really the lover of that **** human boy? She... is she... really called Situ Ningbing?"

The blood demon said weakly: "Yes, there is absolutely no falsehood in all of this."

After Morodo heard this, the whole person was completely speechless.

The blood demon said to Morodo, "Morodo, now I have told you the news... I hope you can convey the news to the demon emperor and his elders as soon as possible! Ask him not to pay attention to the holy Female... and remember to avenge me."

After hearing what the blood demon said, Morodo raised his eyes and looked at the blood demon and said, "Don't worry, I will convey your words to the demon king and his old man! And, I swear I will avenge you. "

When the blood demon heard this, a cruel smile appeared on the corner of his mouth.

"Very well, remember to help me kill that **** human kid... In this case, I can be regarded as staring under Jiuquan."

Morodo said: "I will definitely carry that kid's head to pay tribute to you."

A smile appeared on the corner of the Gorefiend's mouth, and then his eyes closed slightly.

"Morodo, give me a good time... Even if my blood demon dies, I won't die in the hands of those **** humans." The last blood demon said.

Morodo took a look at the gorefiend, then thought for a while and said, "Okay."

"I'm sorry."

As Na Morodo spoke, one of his skinny hands suddenly grabbed the blood demon's head... and then as the five fingers pressed hard, the whole head of the blood demon suddenly convulsed.

what!

A scream came out of the blood demon's mouth, and then the blood demon's seven orifices bled, and then his head tilted and died there.

After Morodo killed the Gorefiend, he didn't even look at it again, and suddenly flashed away and flew outside.

...

But what about the battlefield outside?

Li Tian did not show weakness with one enemy five.

Two of the blood illusionists have died tragically under Li Tian's hands.

The blood illusionists of the other two demons had also been seriously injured by Li Tian...Only the remaining guy who used the thunder and lightning illusion was still fighting with Li Tian.

"You are not from the Demon Race at all...Who are you?"

Li Tian had already seen that the man in the black robe was not a demon, so he asked coldly at this moment.

But seeing that guy cast a high-level thunder and lightning illusion in his hand, he said in a cold voice: "Smelly boy, stop talking nonsense."

Li Tian heard this guy say this and yelled: "It seems you are forcing me!"

After Li Tian said it, he suddenly performed the technique of the Thousand Killing Knife, and suddenly an invisible blade appeared from the air.

However, he said that the masked black-robed man not only sneered after seeing Li Tian's performance of the Thousand Killing Sword, "Is this kind of tricks wanting to deal with me?"

Just as he said so, suddenly Li Tian's other hand suddenly accumulated a purple flame.

One hand is Qi Illusion, the other hand is Fire Illusion.

At this moment, the masked black robe man was shocked there.

what?

"You...you...you can actually double-line illusion?"

Just when he was screaming, Li Tian had already rushed over.

The air condensed into a blade, suddenly slashed at the masked guy... and the fire-type illusion in his hand attacked the masked black-robed man from the side.

Although the black-robed man was powerful, he could hardly resist Li Tian's dual-system illusion.

Soon, he was forced into the corner by Li Tian.

At this moment, Li Tian's right hand raised to the sky, and the invisible blade fell from the sky.

The masked man in black robes quickly displayed the "Thunder Dun" block.

It is a pity that even the masked black robe man used "Thunder Dun" to block it, but it was still difficult to block Li Tian's tricks.

With a bang, Li Tian's Thousand Killing Knife directly pierced the opponent's "Thunder Dun", but immediately after seeing the black robe man groan, his body was knocked out.

puff!

His body fell to the ground all of a sudden... and then the black cloth on his face fell all of a sudden.

Taking a closer look at his face, it turned out to be an extremely pale face, and the most obvious thing is his snow-white beard...and gray hair.

Old man with white beard!

Dean of Black Shura Academy? Rutov...

Chapter 2809: Burn him

When it was clear at a glance that this Demon guy who had been using thunder and lightning illusion was actually the Dean of the Black Shura Academy, Rutov, everyone was not only shocked.

"Old man with white beard? Is it you?"

"Rutov, you bastard... it's you?"

I saw teacher Anderson and Loft over there already screamed.

But seeing that Narutov was seriously injured by Li Tian, he got up from the ground at this moment, and looked at Li Tian and other people with those gloomy eyes.

Then he said: "What if I betrayed? Hmph, the general trend of humanity is gone, I am abandoning the dark."

"Asshole." When Narutov heard Narutov's words, Anderson clenched his fists tightly.

They now finally understand why this guy can perform thunder and lightning illusions... It turns out that he is the Dean of Black Shura who has taken refuge in the demons.

"Rutov, you treacherous and shameless old thing, let's see how you go today." Na Loft stood up and said.

Anderson beside him also gathered around at this time.

The white-bearded old man glanced at the Demon Blood Illusionist who was severely injured by Li Tian beside him, and suddenly his steps not only retreated...

He seemed to be a little scared.

Two of his current helpers were killed by Li Tian, and two blood illusions from the demons were also seriously injured by Li Tian.

He is the only one left...

Can he leave alive?

After watching the scene, Rutov suddenly turned and prepared to flee.

When his black robe was rolled, his body suddenly turned into a violent wind, and then he was ready to take away.

It's a pity that just as he swept away, a gray shadow shot over.

"Old thief, still want to leave?"

Accompanied by a loud shout, two purple underworld flames suddenly appeared in the air, and then they struck the white beard Rutov in terror.

Narutov was taken aback, and quickly stepped back, being forced to fall from the air.

As his body fell, a figure in a gray robe flew over at once.

Look carefully, it was the old Dean Heris who had arrived. He didn't expect that he rushed over in time at this moment.

Narutov's brow frowned when he saw that the old dean Khris arrived.

"Heris?" Rutov called out.

I saw the old Dean Khris staring at the Rutov of the Black Shura Academy with angry eyes, and said angrily: "Old thief, I really didn't expect you to betray mankind! Today, I Khris must save you. This beast in human skin."

When Narutov heard it, he sneered and said, "It's up to you?"

"Heris, I'm afraid you are not my opponent."

When the old dean Heris heard this, he said angrily: "Try it."

When the words exited, the old Dean Khris suddenly attacked.

At the moment of the attack, he quickly said to Li Tian: "Li Tian, leave it to me, you go and see the blood demon... don't let him be rescued."

After Li Tian heard what the old dean said, he took a look at the scene, and now only the injured Rutov was left, and the old dean should be able to deal with it.

After thinking about it, Li Tian nodded quickly.

"it is good!"

Then Li Tian slid his body and quickly swept toward the cave dwelling.

As soon as Li Tian arrived at the cave dwelling, a sudden surge of blood burst out of the cave dwelling.

Facing this sudden horror and blood, Li Tian was taken aback, his body turned upside down in the air, and he backed back.

At the moment he retreated, he saw a dark shadow suddenly passing over his head, and then he slid and flew forward.

Li Tian looked back and saw that the dark shadow was Morodo who was the chaos dual demons.

"Devil..." Li Tian yelled angrily, and was about to chase him.

But at first glance, Morodo is alone...

"Hey, didn't Morodo save the Gorefiend? Why did he leave alone?" Li Tian was slightly curious.

Originally wanted to chase after Li Tian of Morodo, after thinking about it, he stopped.

Because he wanted to go to the cave to see the situation of the blood demon.

Thinking of this, Li Tian stretched out his figure and quickly swept toward the cave dwelling.

After arriving in the cave, he saw the figure of the Gorefiend at a glance...

"Fortunately, the blood demon was not rescued."

After seeing the figure of the blood demon, Li Tian let out a sigh of relief.

Li Tian thought so, while walking towards the blood demon.

But when he approached the blood demon, he suddenly saw that there was something wrong with the blood demon, and saw that the blood demon's whole head was hanging there... the whole body was cold and motionless, and the whole person didn't even breathe. Up.

"Blood Demon?"

After seeing this situation, Li Tian was not only surprised.

But when Li Tian called out, the blood demon didn't even move.

Li Tian was stunned at this moment, and then hurriedly went to help the blood demon's head. When he lifted the blood demon's head, he suddenly saw the blood demon's face full of blood... Qiqiao died in bleeding. There.

what?

"The blood demon is dead? Was killed?" When Li Tian saw this scene, he was shocked there.

Looking at the claw marks on the head of the blood demon, Li Tian confirmed that the blood demon had indeed been killed.

Was killed by Morodo, the two chaos demons.

"Damn, why didn't that demon save the blood demon? Instead, he killed him...why?" Li Tian said without understanding.

Li Tian thought about it for a while, and then left the cave dwelling angrily.

...

The fierce fighting outside continued.

Since Namorodo left, most of the demonic blood illusionists have also stood out.

Some unlucky blood illusionists were killed alive by human soldiers...

And Rutov, the Dean of the Black Shura Academy in this place, could have escaped, but was entangled by the old Dean Heris at this moment.

He can't escape even if he has great abilities now.

Because the imperial army here has completely surrounded him.

Rutov fought fiercely with the old Dean Khris while observing the surrounding situation. When he saw that most of the blood illusionists of the demons had escaped, his heart suddenly froze.

"It's over, I might really be over today..."

Rutov said desperately.

Just at the moment his mouth was so desperate to scream, I saw that the old principal Hollis had already used the technique of Tyrannosaurus.

Suddenly a tyrannosaurus covered with golden flames appeared above the sky, and then the tyrannosaurus slammed towards Narutov in a twisted manner.

Rutov knew how powerful this tyrannosaurus was, so he didn't dare to take this trick, and immediately retreated, trying to avoid it.

But at the moment he was evading, the tyrannosaurus with flames all over suddenly spewed a flame from his mouth.

With a bang, the flames swallowed Narutov.

what.....

With a scream, Narutov screamed from the flames.

Then he took a closer look and found that Narutov was burned all over by the fire...

Chapter 2810: Back to Mozu

The endless screams screamed out of Morodo's mouth.

His whole body is full of burning flames...

Old Dean Hollis, Anderson, and others were all there watching the final fate of this wicked man.

The flame finally went out.

Narutov was burned all over, and he fell to the ground and died.

"The wicked have their own retribution, and this despicable ***** is finally dead."

After watching Narutov's death, I saw Anderson and others in front of him saying exasperatedly.

The old dean Khris also glanced at Narutov's corpse lightly, and then said nothing.

At this moment, suddenly the figure of Li Tian swept out of the cave dwelling.

At the moment Li Tian got out of the cave, the teacher Anderson beside him, as well as the old Dean Hollis all ran over quickly.

"Li Tian."

Li Tian glanced at the field full of burnt meat, then glanced at Rutov's corpse over there, and asked, "That old white beard is dead?"

"Well, I was killed by the old dean himself." Anderson beside him hurriedly faced Li Tiandao there.

Li Tian looked at Narutov's corpse and said, "Well, this treacherous man, where he died."

After Li Tian said this, the old dean next to him suddenly looked at Li Tian and asked, "Li Tian, how is the inside of the cave? The blood demon was not rescued, right?"

They all saw that Morodo left by himself! He didn't save the blood demon at all... so I was looking at Li Tian and asked.

After hearing the old dean's questioning, Li Tian was not only slightly depressed, but replied, "The blood demon was not rescued..."

"Great." When everyone heard that the blood demon had not been rescued, they were immediately happy.

"This time, those ***** demons are finally in vain..." Anderson over there said.

Just after Anderson in front of him said so, Li Tian suddenly said, "But..."

"But what?" The old dean hesitated when he heard Li Tian's words, and not only asked curiously.

After listening to Li Tian, he told the truth.

"The blood demon was killed." A word came out of Li Tian's mouth.

what?

When Li Tian suddenly talked about the killing of the blood demon, the old Dean Hollis, Anderson, Naloft and others in front of him were all shocked there.

"Li Tian, you said... the blood demon was killed?"

"What's the matter?" The old dean in front of him asked with a look of surprise.

The others were also looking at Li Tian with a confused expression.

Seeing Li Tian, he told the actual situation.

"Yes."

"When I went in, the blood demon had already been killed. If I didn't guess wrong, the blood demon should have been killed by Morodo of the Chaos Twins." Li Tian said slightly.

what?

After Li Tian said this, the surrounding old deans were all there in a daze.

"Morodo actually killed the blood demon? What's the matter... didn't they come to save the blood demon? How could they kill the blood demon?" the old school chief asked with a puzzled face.

The faces of the other people also showed a completely unaware look.

I saw Li Tian shook his head and said: "I don't know too much..."

Everyone was depressed there at the moment.

They never thought that the blood demon would die in the hands of the people of the demon clan. Why was all this? At the moment, everyone does not quite understand.

At this moment, I saw soldiers over there sorting the bodies of dead soldiers.

Tonight, the demon blood illusion masters attacked... Although more than a hundred imperial soldiers were killed or injured, they also killed a lot of demon blood illusionists.

Among them, most of the blood illusionists brought by Morodo were buried here.

...

In the dark night, among the dense forest of the dark swamp, only a few dark shadows flew over there quickly.

After reaching the front, they all stopped suddenly.

Look carefully, these people are the demons who escaped from the imperial army.

The leader was Na Morodo, and there were still a few blood illusions from the demons around him.

"Click on the number of people, how many people do we have?" Suddenly a grim voice called out from Morodo's mouth.

After he finished speaking, those blood illusions, you look at me, I look at you, and then said: "We have 6 left."

When Narodoro heard this, an invisible anger suddenly appeared in his eyebrows.

"Sacrificed so much?" Moroduo asked angrily.

The rest of the blood illusionists were silent there, without much utterance.

"Forget it, although we sacrificed so many illusionists' lives this time, we finally got a shocking news."

"Everyone, hurry up and leave this human range, and we will go home."

In the last words of Morodo, a group of six of them quickly swept towards the demon race in the dark night.

About two hours passed.

The 6 demon blood illusions led by Morodo finally returned to the base camp of the demon race.

You can see the tall half-orcs of the Demon Race from a distance...

"I'm back, Lord Morodo is back."

In the distance, only a few blood illusionists could not help staying in the excitement after seeing Morodo and the others return.

But what about Morodo and the others? Everyone had a few ugly and weird looks on their faces.

They came from the front to this side silently.

"See Lord Morodo." I saw several illusionists who came quickly, kneeling on the ground and saluting Morodo.

Morodo waved his hand slightly, then said, "Get up."

Then I saw the illusionists stood up one by one.

"Master Morodo, the saint is waiting for you in the tent."

"She also said that after letting you come back, immediately go to see her..." the illusionists beside them said.

When Morodo heard the words of his subordinates, he said "good", and then walked directly towards the "saint" tent.

Soon, Morodo came to the outside of the "saint" tent.

He knocked on the door frame lightly, only to hear her sweet and cold voice from inside.

"Come in."

Immediately afterwards, Narador opened the door and walked in.

After walking in, I saw "Situ Ningbing" sitting on the chair in front.

At this moment, Situ Ningbing glanced at Morodo after seeing him coming in, and then said: "Are you back? Is the time fast?"

An awkward smile appeared at the corner of Morodo's mouth.

"How is it? Has the blood demon rescued?" Situ Ningbing asked.

Following Situ Ningbing's questioning, Morodo was silent for a while, then shook his head and said, "No..."
