

A Killer 281

Chapter 281: Sick Scholar

When Li Tian heard the sick scholar Chen Qiaozhi next to him say this, he smiled slightly: "It's okay, I didn't care, I just think that some things can be clarified to everyone..."

"Okay, let's take a break first. Since you will follow me in the future, this is your home from now on. You can live here, and you can take a look."

After speaking, Li Tian left the hall and walked straight to the second floor.

To be honest, Li Tian didn't have much favor with the brothers Ouyang Zhengtian found for him, and the three obviously resisted him to a large extent... and they were also stingy.

This made Li Tian feel very annoyed.

He is a strong man, how can he hear those words without getting angry? A fool will not be angry.

Therefore, Li Tian did not communicate too much with the three of them again, and walked straight to the second floor.

After he left, the three people in the hall looked a little strange.

The sick scholar Chen Qiaozhi glanced coldly at Tang Xiaolong with sharp eyes.

Tang Xiaolong felt wronged by his own thief.

"What's wrong? What's up with me? Could it be that I said the wrong thing? The **** sentence I said is not true..." Tang Xiaolong said aggrievedly there.

Chen Qiaozhi gave Tang Xiaolong a cold look: "Don't you know, sometimes the truth is more terrifying and hurting than a knife?"

"What do you mean?" Tang Xiaolong asked without understanding the words of the sick student Chen Qiaozhi.

"Fool!" Chen Qiaozhi cursed Tang Xiaolong in a low voice, then lifted his luggage on the floor and walked to the next room.

"Hey...you idiot, if you have something to say clearly..." Tang Xiaolong almost jumped up behind and said to his mother.

But Chen Qiaozhi ignored him, and walked to a house over there alone.

And here, Ah Qiu, who was wearing black clothes and sunglasses, did not even look at Tang Xiaolong and walked toward the room over there in the same way.

Only Tang Xiaolong sat there very bitterly, sighing inwardly, "What's wrong with me? Is it guilty to tell the truth... I poke your uncle..."

Although he scolded so much, Yeha lifted his luggage like them and walked to the room on one side.

There are a total of 4 empty rooms downstairs.

The three chose one each, and the room upstairs belonged to Li Tian himself.

Chen Qiaozhi, Ah Qiu, and Tang Xiaolong lived with Li Tian under the same roof with negative emotions like this, because they will stay together in the future...so they stay together.

Although everyone currently doesn't know anyone, what's more, Tang Xiaolong is still very unconvinced with Li Tian...

But in short, they are now brothers, although the word brother has many connotations.

After Li Tian went upstairs, he closed the door tightly and lay on the soft Simmons bed thinking about his thoughts.

These three guys are obviously very resistant to themselves. Although they are their own people in name, how about they actually?

When the time comes, if they really have to deal with the Duanmu family, will they not help themselves?

Li Tian was thinking there.

What method should I use to make them truly convince myself? Really stand on the same front with yourself?

After thinking about it for a long time, Li Tian didn't think of a way, but he had no choice but to slowly open his backpack and take out the "Book of Heaven Scroll" from inside.

The current "Tianshu Danjuan" has completely become something of Li Tianjing's heart.

Whenever he encounters something extremely upsetting him, Li Tian will take out the "Book of Heaven" and watch it carefully.

Every time he opened the "Book of Heaven", his eyes could not help but plunge into those tadpole texts, and those weird tadpole texts began to wander in his body constantly, whenever those After the tadpole has wandered in his body for a week, he will feel his body seems to be more powerful than before.

Although he doesn't even know why this is? I don't even know how much my body will improve after reading the "Book of Heaven"?

And he? Just watching.

And those tadpoles were walking side by side in his body.

——

The place downstairs is the house where the three guys live.

The first room is the room of the sick scholar: Chen Qiaozhi.

Chen Qiaozhi, who had just moved here, not only put his luggage in the closet, but started to organize his black leather suitcase.

Open the black leather box, but saw a row of medicine bottles in the box.

A whole row of large and small.

No wonder this guy is nicknamed the sick scholar, he is really a patient.

Take so many medicines with you.

He coughed twice, and grabbed a black medicine bottle next to it. There was no name on the medicine bottle. Then he poured out two white pills in the palm of his hand, and then gently stuffed it in. Inside the throat.

Guru swallowed, then found a glass of water to drink.

He slowly put the medicine bottles on the table, neatly arranged one by one, and it can be seen that he is a well-stripped character who does things well.

While the medicine bottle was being placed there, the door of the room suddenly creaked open.

As the door of the room opened for an instant, Chen Qiaozhi's sharp eyes suddenly became dark, and his body moved abruptly. Regardless of his thinness, he often coughed, but when his body moved, it was like that. So fast, so vicious.

The two horrible fingers dug out the eyes of the guy pushing the door.

If the opponent can't avoid it, he has to get his eyes gouged out, a vicious and pungent trick.

Just when he dug a hand fatally into the opponent's eyes, the opponent screamed: "What the **** are you doing?"

Following the screaming sound, the opponent suddenly turned around and kicked out his feet faster and harder.

At the same time, he avoided Chen Qiaozhi's deadly claws.

Tang Xiaolong?

The guy who hurriedly opened the door turned out to be special soldier Wang Tang Xiaolong.

At this moment, Tang Xiaolong's face was furious and ugly, standing at the door, with a pair of fists clenched tightly.

And what about Chen Qiaozhi, who shot viciously just now? Then he glanced at Tang Xiaolong, his arms dropped.

"White-faced sick ghost, why did you and his uncle do it for no reason?" Tang Xiaolong, who was violent, roared very angry.

He is not afraid of anyone in fighting.

Then Chen Qiaozhi turned around and didn't even look at him.

"I will break in without knocking on the door in the future, I will still do it!" Chen Qiaozhi said coldly.

Chapter 282: Tang Xiaolong

"Fuck!" Tang Xiaolong shouted angrily.

"What kind of temper? Who keeps your door unlocked?" Tang Xiaolong said very depressed.

"Because you don't follow the rules, you still rely on me? Hey..." Chen Qiaozhi was too lazy to explain to people like Tang Xiaolong, turning around slowly and continuing to place his medicine bottle.

Then Tang Xiaolong was leaning against the door, and the corner of his mouth smiled evilly and said, "Hey, are you really going to live here?"

Following Tang Xiaolong's words, Chen Qiaozhi slowly turned his head and coughed slightly.

"What do you mean?" Chen Qiaozhi raised his sharp eyes and looked at Tang Xiaolong.

Tang Xiaolong pointed his finger up, "That little boss upstairs, are you going to follow him?"

Chen Qiaozhi snorted coldly: "Nonsense, I took the money from boss Ouyang, don't you want to do it?"

Tang Xiaolong scratched his head with his hand, thought for a while and said, "But I really feel aggrieved... Damn, who is it not good to follow? Follow a guy who used to work as a security guard? This is going to be spread, I What the **** is it? My name as a special soldier king shouldn't be ashamed."

Then Chen Qiaozhi sneered: "Always remember not to look at people in the cracks of the door."

"Oh, you mean I still underestimate which of our little bosses upstairs?" Tang Xiaolong said with a face full of dissatisfaction.

Chen Qiaozhi in front of him ignored him.

In fact, even Chen Qiaozhi himself is not sure what role Li Tian is upstairs.

However, he is an extremely principled person in doing things. Since he has received money from his boss, Ouyang, he has to do things for him. Boss Ouyang asked him to be Li Tian's younger brother, so he would be a younger brother without any complaints... This kind of people.

But Tang Xiaolong is not. He is the kind of reckless and vulgar person who likes to cause trouble, but he is definitely a first-class hot-blooded man.

If this kind of man doesn't let him admire you, he can only make him hate you.

And now Li Tian is in a position that he hates, especially when this guy heard that Li Tian was just a security guard before.

"Anyway, I leave it here. If I don't like it by then, I would rather not have the money, and I will not stay here again." After Tang Xiaolong finished speaking, he turned and walked out of the room.

Seeing the kid walking away, Chen Qiaozhi chuckled lightly, and didn't pay much attention to that guy.

In the afternoon, suddenly Ouyang Shiqing came.

The arrival of Ouyang Shiqing was undoubtedly the most exciting for Tang Xiaolong. This guy had already heard of Ouyang Shiqing, the number one beauty in Jinghai City.

No, after Ouyang Shiqing came to their villa, his eyes never left the pretty face of Ouyang Shiqing.

Like a nympho.

Of course, Ouyang Shiqing also noticed that boy's hot gaze, but she didn't react at all, just smiling there.

The sick scholar Chen Qiaozhi also walked out of the door at this moment, saw the eldest lady of the Ouyang family, and said hello with a smile.

"Where is Li Tian?" Ouyang Shiqing looked at the two with a smile and said.

Tang Xiaolong heard that Ouyang's poetry came to Li Tian, his face felt a sense of loss, he sighed, secretly sighed: Fate is bitter, his sister, why is that little boss so charming? Is it more handsome than me?

However, the sick scholar Chen Qiaozhi smiled and said, "He is upstairs."

"Oh, I want to find him for something." Ouyang Shiqing said.

Then she was about to step upstairs. At this moment, Li Tian suddenly opened the door from upstairs and saw Ouyang Shiqing.

"Poetry, you are here." Li Tian smiled and walked downstairs.

Ouyang Shiqing smiled slightly: "I want to tell you something."

Li Tian said.

In a blink of an eye, I looked at Chen Qiaozhi next to him and Tang Xiaolong.

"Then let's go out first."

After speaking, Li Tian followed that Ouyang Shiqing to the outside.

Tang Xiaolong who stayed behind looked bitter.

He snorted in that mouth and said, "I'm dying... Is the eldest lady of the Ouyang family still in love with the little boss who used to be a security guard? After coming here, we didn't even take a look at our brothers... Too sad ."

Chen Qiaozhi glanced at that guy.

"Only people like you have such a dirty mind."

Listening to Chen Qiaozhi's words, Tang Xiaolong almost jumped up.

"What's wrong with my uncle...Who doesn't like beautiful women? Don't you like it? Gay..." Tang Xiaolong smiled and despised Chen Qiaozhi.

Chen Qiaozhi ignored him and walked toward his room, leaving Tang Xiaolong himself unhappy and chilling.

After Li Tian followed Ouyang Shiqing out, the two did not go far, but stood on one side.

"Is there something to do with me?" Li Tian said while looking at Ouyang Shiqing, who was parked nearby.

After he asked, Ouyang Shiqing turned her head with a smile, looking at Li Tian with her beautiful eyes unblinking.

"How about the brother I found for you?" She said, looking at Li Tian's expression carefully.

Li Tian couldn't help smiling helplessly when he heard Ouyang Shiqing's question.

But he said: "It's okay..."

How clever Ouyang Shiqing is, of course he can see the change in the expression on Li Tian's face, and can't help asking: "Are they arrogant and uncomfortable for them to follow you at first?"

Li Tian nodded silently.

"Indeed." Li Tiandao said.

"They may feel that following me is a bit detrimental to their identity." Li Tiandao said.

Ouyang Shiqing smiled softly.

"I knew that you would definitely not get along for a while."

"I came here today to tell you these things." Ouyang Shiqing said in front of her.

"These things?" Li Tian was taken aback.

Ouyang Shiqing smiled and nodded.

"Among the three following you, I think I love to make trouble the most. Perhaps the most unconvinced is the burr in the army...Tang Xiaolong." Ouyang Shiqing really guessed accurately.

Li Tian did not deny it either, and nodded there.

"That guy is indeed a little arrogant, and it can be seen from his resume that he is indeed qualified to be so arrogant... But I hope you don't take it to heart." Ouyang Shiqing said, looking at Li Tian.

Li Tian smiled slightly, and said nothing.

"What about Tang Xiaolong? The family in the northern cities is considered a good family, and they have a good relationship. Since childhood, they have not suffered any loss or suffered any hardships. He likes to fight and is a person who refuses to admit defeat. He has never been the only one to defeat others. When no one beats him down..."

After listening to Ouyang's poetry and telling Li Tian's detailed information about Tang Xiaolong, Li Tian stood there and said nothing.

"If this person can be tamed, he will definitely be a first-class fierce general, and he is a man of flesh and blood with respect to love and justice." Ouyang Shiqing said.

Chapter 283: You don't accept me! !

Li Tian said softly.

"As for the other two people? Sick scholar Chen Qiaozhi, you can rest assured." Ouyang Shiqing said with a slight smile.

Li Tian's mind came to mind, the pale sick man with sharp eyes, as if he could see through people's hearts.

"Chen Qiaozhi followed the Ouyang family very early, so you can rest assured that as long as my father asks him to do it, he will do it for you!"

Li Tian did feel that Chen Qiaozhi was not bad, at least he looked much more pleasing to the eye than the arrogant Tang Xiaolong.

"Where is Aqiu?"

"I think this person is always mysterious? It seems that there are many things on his body." Li Tiandao said in front of him.

When he first saw that Ah Qiu, Li Tian felt the cold and murderous aura he carried on his body. His terrifying aura seemed to be born with him, coupled with his coldness His face, disliked the exposed eyes, and looked even more mysterious and terrifying.

When Ouyang Shiqing heard Ah Qiu, she seemed to frown slightly.

"This person... To be honest, we don't have a lot of news. We only know that he was very famous in the Northeast, and we can conclude that his name is definitely not the real name... So you must be a little wary about this person."

As Ouyang Shiqing said so, Li Tian nodded slightly.

That Ah Qiu does have an unknown side, but Li Tian and Ouyang Shiqing in front of him can't guess what the unknown side is?

"Anyway, these three are handed over to you." Ouyang Shiqing said with a slight smile.

"If you can tame the three of them, I can guarantee that you will definitely not only do this in the future."

Li Tian smiled bitterly in front of him: "I will try my best."

Now he doesn't know how to establish relationships with those three guys...

There seemed to be a gap between them.

"Okay, I'm leaving now."

After speaking, Ouyang Shiqing turned and left.

Li Tian stood there thinking for a while, and then slowly walked towards the villa.

When I arrived at the villa, I saw Tang Xiaolong sitting in the hall very danglely, with one leg up, and when he saw Li Tian coming in, he snored and turned over and stood numbly from the sofa. Up.

"Hey, little boss, brother, can I ask you something?" Tang Xiaolong looked at Li Tian and said.

Li Tian looked at him lightly: "What's the matter?"

"I want to ask you a security guard, why suddenly wanted to deal with the Duanmu family, one of the four big families? Don't you be afraid of them? Don't you know that Duanmu family is extremely powerful, you can find someone in Jinghai City. Ask, I all know the brutal history of that family. It's absolutely indescribable to describe that family in terms of fear and fear. Moreover, the little boss, they kill people by unscrupulous means. Once you let them know who should deal with him? Maybe he is sleeping at night. The head will be gone, little boss, aren't you afraid?" Tang Xiaolong said there.

Listening to Tang Xiaolong's words, Li Tian could of course hear the meaning.

Wu Zi sneered: "Really?"

"If the Duanmu family is really that powerful, I must have insights."

Li Tian said coldly that at present, Li Tian has also developed annoying emotions for this kid, facing the provocation of this kid many times, and even his tone of voice is cold.

"Oh, and also, although I used to be just a security guard, I am your boss anyway, don't forget, you are following me, if you don't want to, you can tell Mr. Ouyang anytime..."

When Li Tian finished these words coldly, Tang Xiaolong's expression was a little ugly.

"Little boss, what do you mean by this? We didn't look down on you..." Tang Xiaolong said from behind.

Li Tian didn't respond to him again, and walked straight upstairs.

Looking at Li Tian walking upstairs, Tang Xiaolong's mouth curled a little: "Poke... I didn't expect this guy to have a bad temper. I will really meet him if I have a chance."

He said, humming and walking towards his room.

This whole day of getting along, seemed to be spent in a silent gunsmoke war.

It seems unlikely that Li Tiankan will get along well with these three people, especially Tang Xiaolong and the sick student Chen Qiaozhi. Although Aqiu is indifferent and speechless, he did not do anything extraordinary. Only the boy was unconvinced.

When Li Tian came down from the upper floor the next day, he saw his three brothers sitting in the hall.

And it seemed to be saying something, once he appeared, he immediately became silent, as if afraid Li Tian would hear it.

Li Tian, who walked down the stairs step by step, glanced at Tang Xiaolong and the others, he didn't mind.

And Tang Xiaolong and Chen Qiaozhi also watched Li Tian walking down.

"Little boss, what do we have today?" Tang Xiaolong was the first to look at Li Tian and ask.

Li Tian lay in bed all night yesterday, thinking over and over how to make a good relationship with these three people.

So he smiled and said, "There is nothing else to do today, just want to talk to you."

Tang Xiaolong was taken aback and glanced at Chen Qiaozhi next to him.

"Talk to us?"

"What are you talking about?" Tang Xiaolong said.

Li Tian in front of him smiled and said, "Talk about something that everyone likes. In this case, let's get to know each other. After all, we will work together in the future, what do you think?"

Li Tian said while looking at the three people in front of him.

Then Chen Qiaozhi held the glasses on the bridge of his nose with his white hands and nodded slightly, expressing his approval.

Ah Qiu on the other side still had no words.

Only then Tang Xiaolong said, "So that's the case! It's a pity, I don't seem to have much in common with you, the little boss."

Listening to the boy's words, Li Tian was not angry, but said slightly: "Then what topic do you want to talk about?"

Tang Xiaolong said: "I want to talk about more topics..."

Chen Qiaozhi next to him coughed and coughed twice: "Don't listen to him, ignore him, let's talk about us."

Li Tian thought for a while and stood up slightly.

Looking at the three of them suddenly and slowly saying: "There are some things that I thought about for a long time. I shouldn't have said them, but I think it won't work if I don't say them now."

Following Li Tian's words, the three of them couldn't help but stare at his face.

Just listen to him continue to say: "I know that the three of you were not simple characters before... Although it was Mr. Ouyang who asked you to follow me this time, it really felt flattered for me. I want to treat you as big brothers. When friends are treated the same, I just hope that we can help each other in the process of working together in the future. To this point, I did not expect it before. I know you don't accept me in your heart and look down on me because I have Just a security..."

Listening to Tang Xiaolong's words, Li Tian smiled slightly: "I am different from you! I let you convince me, just want to be friends and brothers with you!"

"Do you want our brother to serve you three times? At least you have to show some real skills? Don't just practice your tongue." Tang Xiaolong said.

Chen Qiaozhi on the other side also looked at the scene with interest, and did not interrupt.

And Ah Qiu over there was even more like an indifferent stone, without saying a word, just wearing the sunglasses and looking at the situation in front of him.

"it is good."

"You said, how can you convince me? Be a brother with me?" Li Tian said, standing there.

Then Tang Xiaolong laughed suddenly.

"I like simple things the most. As long as you can beat me, I will convince you." Tang Xiaolong said, looking at Li Tian with cold eyes.

Listening to Tang Xiaolong's words, Li Tian couldn't help laughing.

"What are you laughing at?" Tang Xiaolong looked at Li Tian's smile, a little awkward.

"Well, since this is the only way I can be your brother, I will fight you."

A word suddenly came out of Li Tian's mouth.

"Refreshing." Tang Xiaolong said with a laugh.

So the two decided to practice alone.

Tang Xiaolong was once the king of soldiers in the army, and he was the champion of three total combats in the army. He beat people into severely injured men in the army. Now he wants to practice with Li Tiandan, who was just a security guard?

In Chen Qiaozhi's eyes, Chen Qiaozhi couldn't help but worry a little bit for Li Tian.

Chen Qiaozhi knew that Tang Xiaolong was so arrogant, and the reason why he was so awesome was because he had the capital, because the kid was indeed a good kid.

What about Li Tian? Chen Qiaozhi didn't know.

He only knew that Li Tian was a security guard...

Can such a person compete with the former army king?

To be honest, he was really worried about that Li Tian.

"This place is too small, let's go out." Tang Xiaolong said as he took off his shirt for a hundred years, only a black short sleeve was exposed under the bronze skin, which was tightly wrapped around the strong and robust body.

His body is not like the flashy muscles of the gym, but with explosive muscles, piece by piece.

The skull and double-knife tattoos on the shoulders looked mighty and domineering.

This is a symbol of pride in the army, and it is also a tattoo that every soldier in the army wants to hold.

When Tang Xiaolong arrived in the empty courtyard outside, Li Tian also walked out, and Chen Qiaozhi and Na Aqiu also stood in the courtyard.

Tang Xiaolong stood aside and looked at Li Tian with a smile and said, "If you can beat me today, Tang Xiaolong will persuade you from now on, and I will accept you as the elder brother with all my heart, and promise that you will say one is one and you say two It's two. If I don't count, I'm a bitch."

"You two can testify for me."

Tang Xiaolong said, smiling at Chen Qiaozhi and Aqiu Dao next to him.

Then Chen Qiaozhi frowned slightly when he saw that they were playing real games.

"I suppose..." He tried to stop it.

But Li Tian interrupted his words with a smile.

"it is good."

"If I am really lucky enough to beat you today, you will be my brother." Li Tian said with a smile.

Then Tang Xiaolong laughed and said, "A word is a deal."

Chen Qiaozhi looked at the two of them really wanting to do something, knowing that it would be useless to dissuade him, he couldn't help frowning there, and walked slowly toward Tang Xiaolong.

"It's better for you kid to converge and don't make too much effort." Chen Qiaozhi who walked over said in a low voice while looking at Tang Xiaolong.

Tang Xiaolong turned his head and smiled: "You think I'm stupid, I know how to measure it. Anyway, this is our little boss."

"That's good."

After speaking, Chen Qiaozhi retreated to one side and looked at the scene with interest. To be honest, Chen Qiaozhi in front of him didn't know why Ouyang Zhengtian would let Li Tian be their boss. He wanted to look at that Li Tian. What excel in the end.

Ah Qiu, who was wearing sunglasses on the other side, also watched the situation coldly.

Tang Xiaolong stood on one side with an indifferent smile on his face: "Little boss, come on."

As he said, Li Tianhan walked towards him step by step with a smile.

"I'm going to do it." Tang Xiaolong said evilly with a smile on the corner of his mouth.

He suddenly moved, a fierce cheating, and he was the first to attack Li Tian.

Whirlwind legs in taekwondo.

Lie down the dragon is a master of taekwondo black belt.

The time when he was seriously injured in the army, he kicked the opponent with the current kick and was admitted to the hospital, and now he used the whirlwind leg as soon as he came up.

After the fierce leg struck, Li Tian shook slightly, and his steps seemed to hide without moving.

"Wow? Unexpectedly, the little boss really has two kids." Tang Xiaolong, who was flashed by his leg, said with a smile.

Obviously, his move just now was to try Li Tian's virtual reality. He didn't really intend to use more powerful killer moves. He did not expect that Li Tian's avoiding posture was so relaxed, even more relaxed than him.

"However, you have to be careful now." As Tang Xiaolong said.

The body suddenly rushed towards him, the bronze-skinned muscles condensed into one piece, two fists clenched, and two fists rushed towards Li Tian.

Li Tian raised his arm and easily blocked him.

After being blocked, Tang Xiaolong was taken aback. To be honest, he never thought that Li Tian in front of him was unexpectedly powerful.

Although he didn't use his full strength at all, looking at Li Tian, he seemed to be completely calm and composed, 10,000 times more relaxed than himself. This made him depressed right now, can it be said that he is really real Is it hidden?

Chapter 285: What is this move?

Chen Qiaozhi, the sick scholar on the other side, frowned and looked more and more interested, staring at Li Tian.

Ah Qiu over there was still expressionless, standing there, watching the battle.

"Little boss, not bad, but I really want to do it."

As soon as the words came out, Tang Xiaolong's muscles suddenly seemed to condense in an instant, and then he slammed Li Tian's chest with a punch.

The tricks are not fancy at all, and the movements are unusually fierce, which are rare moves among the hardcore.

Li Tian's footsteps turned quickly, and his two hands slightly lifted to block.

The moment he touched Tang Xiaolong's bronze-colored skin, Li Tian felt a huge intensity from Tang Xiaolong's arm, and that intensity made his arm a little numb.

Then Tang Xiaolong swept his legs violently and quickly kicked towards Li Tian's head.

Fast and agile.

Li Tian relied on the flexible pace of his feet, and fought him with the fist on the top of the Tianshu Dan scroll.

His moves are weird, completely different from Tang Xiaolong. If Tang Xiaolong's boxing is a real fight, then Li Tian's moves are weird.

But the effect was great, and it had a depressing effect on Tang Xiaolong.

Tang Xiaolong even held a few punches and was easily blocked by Li Tian. He suddenly shouted, his body suddenly increased in momentum, and his fists suddenly changed.

The formal boxing technique of opening and closing just now suddenly became more choppy in an instant.

The huge momentum that surged over made Li Tian startled, and his body quickly backed away.

Tang Xiaolong's expression was serious, and he no longer had the feeling of a hippie smile that he had just started. In addition to the strength and agility of every leg, every punch and leg was almost breathless. Then, without Li Tian paying attention, Tang Xiaolong banged his right hand and hit Li Tian on the shoulder.

With a bang, Li Tiandeng, who had been punched, stepped back three steps, shaking his body.

After hitting Li Tian in a boxing, Tang Xiaolong didn't give Li Tian a chance to breathe, so he threw up again, like a tiger.

The fist of the left hand is close to Li Tian's cheek, and the right hand is a bag from below to attack Li Tian's vitals.

Li Tian was indeed shocked.

It seems that he was really not built by the special forces king.

He dodges quickly at the moment, but Tang Xiaolong's body is too fast, and don't look at this kid laughing and joking all day, but once he starts, it really seems to be a different person, serious and serious.

After a few punches, Li Tian was forced to retreat.

Li Tian seemed a bit passive, his body kept retreating, and he was a little breathless from Tang Xiaolong's airtight offensive.

With a bang, I saw that Tang Xiaolong was originally attacking swiftly and fiercely with his fists. Just after a loud noise, his body suddenly jumped up, and a domineering and fierce kick hit Li Tian's chest directly. on.

With a bang, even Li Tiantie's body was kicked to the ground and fell to the cold floor.

"Tang Xiaolong, your kid is crazy..." Chen Qiaozhi, the sick scholar standing there, said suddenly angrily.

Because he could feel that the old Tang Xiaolong kid really used his full strength, and Chen Qiaozhi was still telling this kid not to be cruel? But now? He actually knocked Li Tian to the ground?

A Qiu next to him wore sunglasses and glanced at Li Tian who was lying on the ground. Suddenly, his face wearing sunglasses slowly turned to Tang Xiaolong.

Tang Xiaolong, who kicked Li Tianfei's legs, heard Chen Qiaozhi's curse, and couldn't help turning his head, with a bitter smile on his mouth.

"I'm **** mad...I don't have to do my best, I can't let him down." Tang Xiaolong replied.

While Chen Qiaozhi was scolding Tang Xiaolong, the aura of the entire space suddenly changed, and it felt like he was in a tomb of ten thousand bones.

As the gloomy breath of death came, Chen Qiaozhi dignified his brows and turned to one side, and then saw Li Tian lying on the ground slowly standing up after lying on the ground for a few seconds. .

He who was kicked just now is indeed heavy enough, and at this moment there is still some severe pain in his chest.

As he stood up, Tang Xiaolong couldn't help turning his face, because he also felt the chill of death, and that dark aura radiated from Li Tian in front of him.

Looking at Li Tian who stood up from the ground again, Tang Xiaolong frowned slightly.

"My day, little boss, don't you want to fight anymore?" Tang Xiaolong said silently.

Tang Xiaolong didn't use all his strength in front of him just now. Only in the end did he use his true level. Do you think a special soldier king who was once in the army? Isn't it great?

But Li Tian actually stood up again? Could it be that he is not convinced?

After Li Tian stood up, he slowly spit out the words: "Come again."

"Don't fight anymore?" Tang Xiaolong didn't want to fight Li Tian anymore, he was afraid of hurting Li Tian in front of him.

Chen Qiaozhi over there also frowned, looking at the scene.

But Li Tian said, "Fight!"

"If I don't beat you, how can you convince me? How can you be my brother?" As Li Tian said.

Tang Xiaolong smiled at the corner of his mouth.

"You all heard... This is the little boss who wants to fight me, not me, Tang Xiaolong is not the one who can do it, if I am seriously injured by the little boss, this is a ***** thing.

As this guy said so, he slowly turned his eyes to look at Li Tian.

"Well, I want to see how you beat me today."

At the exit of his words, two fists greeted us again. This time he did not hesitate anymore, but wanted to put Li Tian down in the shortest time, so Tang Xiaolong used his whole body energy as soon as he came up. Tao.

The airtight fist, in conjunction with his attack, was truly ferocious, forcing Li Tian to retreat again and again, and at the same time, he received two punches even though he could not fight back.

Just as Tang Xiaolong was preparing to knock Li Tian down with his legs, Li Tian suddenly roared madly.

Then his person seemed to have turned into something terrible in an instant, two hands weirdly drew a circle on his chest, his right hand suddenly protruded, like a ghost, his left hand attacked sharply.

Like a ghost, like a devil.

Tang Xiaolong was taken aback for a moment, and then he was suddenly tightly surrounded by the horrible feeling of suffocation.

Tang Xiaolong's face suddenly changed, and the hairs all over his body couldn't help standing up. Looking at Li Tian's ghostly moves, he couldn't help being stunned for an instant. The whole person seemed to be deep in the darkness... and became helpless.

"What kind of trick is this?" He stood there as if silly in horror.

And Chen Qiaozhi, who was worrying about Li Tian just now, couldn't help being taken aback, because even he felt the invisible hostility and the terrifying changes in the surrounding space.

Chapter 286: Reincarnation

Dissemination in the air makes people feel as if the entire space is black, surrounded by that invisible hostility.

When Li Tian suddenly used such a move, Tang Xiaolong and the others would naturally not know what kind of brutal move it was.

Rashomon with hell-like moves: nine styles,

Tang Xiaolong desperately wanted to get rid of the powerful breath of the package, and suddenly shouted, desperately rushing towards Li Tian, he didn't believe that he would lose? Not even that he would be knocked down?

But Li Tian's whole person was completely like a devil. When Tang Xiaolong punched him, Li Tian gathered his hands together in front of his chest, and then pushed out.

With a bang, Tang Xiaolong's fist froze in front of Li Tian.

The immense strength is like a big bang that bursts a bank and spouts out, and that infinite dark power swallows directly towards Tang Xiaolong's whole body.

Like a terrible demon in a blood basin and swallowing Tang Xiaolong.

Tang Xiaolong was completely stunned, stunned... and watched that invisible hostility hit his whole body.

If that dark power really swallows Tang Xiaolong in front of him, there is no doubt that Tang Xiaolong will die on the spot.

Seeing that at this critical moment, A Qiu and Chen Qiaozhi, who stood quietly on the other side, changed their expressions greatly.

Then the two of them cut into the battlefield quickly, and rushed towards Tang Xiaolong.

How could they watch the death on the spot?

Tang Xiaolong only felt that his whole body was surrounded by that dark power. The huge power was devouring his body bit by bit. He seemed to feel that death was threatening him step by step.

His feet, his hands, began to lose intuition...

He suddenly felt the only sense of death before.

Just when the feeling of death was swallowing towards him bit by bit, Chen Qiaozhi and Ah Qiu had already quickly cut to the scene.

The two of them went to rescue Tang Xiaolong together.

When the two quickly cut into the scene, the terrifying force directly swept them both, but if so, Chen Qiaozhi and Ah Qiu still stretched out their hands, and one took Tang Xiaolong's arm.

Then a terrifying scene happened, with a boom.

The surrounding air seemed to explode, and the bodies of Tang Xiaolong, Chen Qiaozhi and Na Aqiu suddenly seemed to be shaken out by invisible strength.

With a bang, all three of them were knocked to the ground.

The horrible aura just disappeared gradually.

What about Li Tian? But the terrifying hostility that was like the devil in Abi Hell began to disappear little by little.

Tang Xiaolong, who fell to the ground in front of him, and Chen Qiaozhi, and Na Aqiu were all stunned.

Fortunately, Li Tian took the horrible aura back in time, otherwise the three of them might have been swallowed by the unprovoked dark power. At this moment, all three of them opened their eyes and looked at Li Tian, whose aura was weakened.

"My mother...what was the trick just now?"

Tang Xiaolong fell to the ground, his eyes widened and he couldn't believe it.

Chen Qiaozhi on the other side also wrinkled those sharp eyes, frowning tightly without saying a word.

Although Aqiu over there couldn't see the shock in his eyes, Yi Ran could see clearly that his face became pale and ugly...

At this moment, Li Tian was slowly taking back the terrifying aura from his body, opened his eyes and saw all three of them fall to the ground.

"Sorry, brothers..." Li Tian hurried over to help his brothers.

"Are you injured?"

He just used Rashomon's move in desperation just now. That move was Rashomon, the eighth of the nine forms: reincarnation.

The so-called reincarnation is to bring people into ***** and declare death.

Most of this Rashomon relied on not only the weird and evil moves, but also the destruction of a belief. It is the most terrifying realm of Rashomon that one person enters the realm of death.

Li Tian was forced to use Rashomon that he didn't even dare to use: Nine Types, I can't help but regret it at this moment... This is his brothers! Although they are not convinced by themselves, but they can't do that...

So at this moment he couldn't help but blame himself.

Then Tang Xiaolong couldn't help but stepped back. For some reason, he now felt that Li Tian was a little scared and scared.

Especially when Li Tian just now, he completely changed into another person, no, it should be a devil to be precise, he is completely like a devil.

"I just couldn't control it..." Li Tian said the truth.

Chen Qiaozhi slowly stood up from the ground, and Ah Qiu also stood up from the ground, silent and silent, and helped the silly Tang Xiaolong on the other side.

"We're all right..." Chen Qiaozhi glanced at Li Tian and said slightly, but at the same time he was shocked. Is this his true strength? Could this be the reason why boss Ouyang asked him to take the three of us? What kind of trick was the scary breath just now?

All the questions in his head came to Chen Qiaozhi's heart, and at the same time he felt that Li Tian in front of him had a darkness he could not imagine.

For the first time, Li Tian shocked Chen Qiaozhi deeply, and also stunned the silent Aqiu.

And what about Tang Xiaolong who stood up? He was even more bitter, looking at Li Tian with a pair of unbelievable eyes.

"Too awesome, too powerful..." Tang Xiaolong said to Li Tian, turning his eyes.

"You beat me, **** me, you are the first person to knock me down." Tang Xiaolong shouted there.

What does he think in his heart? Maybe Li Tian can't guess at this moment, but the facts are indeed as Tang Xiaolong said, Li Tian really defeated Tang Xiaolong and defeated the former special forces king.

Seeing Tang Xiaolong is fine.

Li Tian said, "Can you be a brother with me now?"

He really looked at the three of them.

Tang Xiaolong smiled suddenly.

"Of course my words count. Tang Xiaolong will serve you from now on and recognize you as the eldest brother." He said.

Although he still has some unwillingness in his heart, he is indeed the kind of person who does what he says, what's more, he said it himself.

Listening to Tang Xiaolong's words, Li Tian smiled.

Holding Tang Xiaolong's wrist tightly, his two hands were held together.

After today's events, Tang Xiaolong was completely convinced. To be honest, he really used all his strength on the court just now, but he didn't even knock Li Tian down.

This made him depressed besides being depressed. He no longer said that Li Tian was a security guard, and he no longer said that he was not convinced.

Except for hiding in his own small room and depressed, he can no longer see his arrogant figure.

Chapter 287: The first action!

And after this incident, Chen Qiaozhi also looked at Li Tian differently, and he suddenly felt that Li Tian in front of him was much more powerful than he thought. He could not understand that a living person could use such terrifying moves...

The feeling of being there was like being in hell, dark and suffocating.

This may be the real reason why the Ouyang family let him lead the three?

"I lost. Hey, do you believe it? I will be defeated."

"What kind of tricks does the little boss use? To be honest, I have lived for so many years and have never seen that kind of tricks?"

"I suspect that the little boss and his sister are not individuals, and they are not really human." Tang Xiaolong kept muttering in Chen Qiaozhi's ear downstairs.

He can't believe it?

Chen Qiaozhi gave him a white look: "It's normal for you to be knocked down as a brash man."

"Your uncle." Tang Xiaolong scolded as he went up.

This guy has been glum and hate since he was knocked down.

He, who had never been beaten down by anyone, was just put on the ground by Li Tianji, and if it hadn't been for Chen Qiaozhi and A Qiu to help him, the consequences would be really unimaginable.

Li Tian's mood today is exceptionally happy. He can now clearly feel that Tang Xiaolong's attitude towards him has changed obviously...becoming that kind of awe and fear.

To be honest, Li Tian didn't want to be like this. In his heart, he just wanted to be brothers with Tang Xiaolong and Chen Qiaozhi, brothers for a lifetime.

So even if he defeated Tang Xiaolong, he would still talk to him with a smile.

In the afternoon, Li Tian was called away by Ouyang Shiqing because Ouyang Shiqing said that there was something important to tell Li Tian.

Outside, only Ouyang Shiqing was speaking to Li Tian.

"The last time Baotong Company exploded, you must have known that someone was behind the scenes... It was preliminarily determined that it should be a member of the Duanmu family. We checked the real legal person boss of Baotong Company through the Administration for Industry and Commerce. The boss behind the scenes is indeed from the Duanmu family."

"It seems that my guess is not bad." Li Tian said slightly.

"Ok."

"If you want to find the Duanmu family, you should start with that Baotong company first." Li Tiandao said in front of him.

"You are right. We think so too." Ouyang Shiqing said with a slight smile.

Li Tiandao: "Don't worry about this. I want to find the Duanmu family more than you. If I can, I will monitor the Baotong company tonight, and I must find out who was behind the explosion last time." Li Tiandao said.

"That's good."

Ouyang Shiqing smiled.

"By the way, how are you getting along with them?" Ouyang Shiqing asked Li Tian, turning her pretty face.

Of course she was more worried about Li Tian getting along with those three fierce people.

Li Tian smiled faintly and said: "We get along pretty well, at least they have started to be friends with me slowly now."

"Really?" Ouyang Shiqing said in surprise.

"Ok."

"I can't see you, there is a way." Ouyang Shiqing smiled.

Li Tian smiled.

Of course Ouyang Shiqing didn't know what method Li Tian used to convince the three of them? However, she firmly believed that Li Tian must have this strength, because she was very optimistic about him from the beginning.

After Li Tian left Ouyang Shiqing, he quickly returned to the villa.

The three guys in the villa saw Li Tian coming back happily. Except for the helpless Tang Xiaolong's expression a little ugly, the others stared at Li Tian.

After Li Tian walked in, he said: "Let's start working tonight."

"What are you doing?" Tang Xiaolong became interested when Li Tian said that, and asked with bright eyes.

So Li Tian told his brothers about the kidnapping, explosion, and assassination of Baotong Company last time.

Just listen to Chen Qiaozhi holding the glasses on his white face with his hands, and coughing gently and saying: "So, now we are going to investigate from the Baotong company first?"

Sure enough, he was a smart sick scholar, and he guessed Li Tian's plan of action at once.

Li Tian smiled and nodded.

"Yes, tonight I think we will monitor the Baotong Company to find clues."

"it is good."

This is the first time I am so intent! The four people made a unified decision for the first time.

After the four had no objections, they decided to do it.

This is their first cooperative operation and the first time that four brothers work together.

Time flies quickly, and it soon arrives at night.

A brand new Audi A6 parked outside was specially arranged by Ouyang Zhengtian for the four.

The car key is in Li Tian's place. Unfortunately, Li Tian can't drive.

So he threw the car key to Tang Xiaolong.

"Little dragon, go on."

Then he threw the car key to the guy.

Tang Xiaolong was taken aback: "Little boss, you let me drive?"

Li Tian smiled and nodded: "Yes, I heard from them that your driving skills are good, not to mention that I can't drive."

Tang Xiaolong chuckled, "Hao Le, as long as the brothers are not afraid of death, I will dare to drive."

Then he jumped into the car,

A Qiu was sitting in the co-pilot. Then Tang Xiaolong turned his head and glanced at the indifferent A Qiu who was wearing sunglasses next to him. He frowned slightly and said, "A Qiu, your sister wears sunglasses every day, so what a cool look? ?"

"I **** want to see, do you still wear sunglasses in the middle of the night? Be careful to hit the wall when you can't see it, I won't..."

Before he finished speaking, A Qiu suddenly turned his face and looked at him blankly.

Although he couldn't see his eyes, the face that revealed the coldness of the forest still stunned the hippie smiling Tang Xiaolong.

"Just kidding, kidding, Brother Chou... don't care, don't care."

After speaking, Tang Xiaolong made a domineering U-turn, the car turned a big spin, then stepped on the accelerator, hummed and rushed towards the front.

But I was cursing secretly in my heart: Your grandma's Chou, one day I will have to take off your sunglasses. If you don't believe it, wait.

This kid's posture and skills are really not good. He used his bragging words: Back then, when I drove the To-212 tank in the army, I was so violent, let alone the car in front of him?

Night has come down quickly, and the bustling streets of Jinghai City are brightly lit, like daytime.

The sound of music and the crowd flickered strangely under the neon lights.

People are wandering in the city full of sex.

The car quickly drove towards the Baotong Company.

After the last explosion, Baotong Taxi Co., Ltd. has been dealt with almost there, except for the surrounding buildings blackened by heavy smoke and the faint traces on the ground.

Chapter 288: Lurking in

The bombed office has been completely razed to the ground.

Except for the taxis parked on the square, the rest are the buildings with lights on.

When Tang Xiaolong drove the car quickly to the door of Baotong Company, Li Tian pointed to the place in front of him and said, "This is Baotong Taxi Co., Ltd., and the office that was bombed was here."

He pointed to the trace over there and said.

The three put their heads out of the car window and took a look.

"That's it." Tang Xiaolong said with a glance.

"Little boss, do you have any plans?" Tang Xiaolong turned his head and looked at Li Tian and asked.

Li Tian thought for a while and said: "My plan is like this. Since the boss behind the Baotong company is from the Duanmu family, he can only know the truth if he is found out. So I want everyone to pretend to be from this company. People, lurking in, first, you can easily find out who their boss is behind the scenes, and second, you won't be stunned, and if necessary, just take the chairman of the board."

"In my opinion, the four of our brothers rushed in directly, just grab one and ask?" Tang Xiaolong vomited an idea.

But Chen Qiaozhi glared fiercely.

Obviously his stupid plan was rejected by one of Chen Qiao.

Chen Qiaozhi glanced at the Baotong office building in front of him.

"Just do it."

"Aqiu, you stayed in the car, observing the surroundings. Li Tian and I lurked into the company." Chen Qiao said as he stretched out his hand and opened the car door in front of him.

"Then what about me?" Tang Xiaolong squeezed his head out of the car very aggrieved. They have all done things, but he hasn't assigned them yet.

Then Chen Qiaozhi didn't even look at him and said directly: "You stay in the car too."

After speaking, he followed Li Tian and walked towards the office building of Baotong Company.

"Fuck! I look down on people so much... I look down on people too much..." Tang Xiaolong muttered angrily there.

But when Chen Qiaozhi followed Li Tian and walked towards the Baotong company building.

There were a few taxi drivers who were about to change shifts in the front place. They looked at those people and found that they were not paying attention, and then walked forward step by step.

In front is the office building of Baotong Company, but there are security guards guarding it, and there are electronic gates for entry and exit.

I saw a few office workers in suits who had just come down from the office building of Baotong Company, and they still carried their certificates around their necks.

Everyone who comes out of the building has to swipe his ID card on the electronic door guarded by the security guard before entering the office building, and then walk out.

"I'll get some passes." Chen Qiaozhi said with a slight smile.

It seems that if you want to get into this Baotong company's office building, you must have the company's certificate.

Chen Qiaozhi, who was not in front of him, had already walked in front of the white-collar workers who had just stepped down from the Baotong office building.

Li Tian looked at Chen Qiaozhi's back with interest. This person gave Li Tian the feeling that he was extremely calm in his work, and very scheming. It is definitely not an exaggeration to describe Chen Qiaozhi with the word military.

You must know that Chen Qiaozhi was a post-planner of several large-scale bank robberies in China. There has been a saying from the outside world that if you find Chen Qiaozhi for anything, then it is estimated that the chance of winning is at least half, and this can be seen from this person. How awesome it is!

Li Tian stayed there for a minute, and Chen Qiaozhi walked over with a smile.

There were two more badges in the white hand.

Li Tian looked at Chen Qiaozhi in astonishment: "How did you get it?"

Because Li Tian watched Chen Qiaozhi walk over, he didn't say a word at all, and didn't make any movement. He turned around and came back with two more documents. Of course, Li Tian was shocked.

I saw Chen Qiaozhi handed one of the ID cards to Li Tian, and hung the other one around his neck. Then he looked at Li Tiandao with a smile and said, "I borrowed it."

"Let's go."

Speaking of Chen Qiaozhi, he walked step by step towards the office building of Baotong Company in front.

Li Tian in front of him was shocked at the moment. It seems that the brothers Ouyang Zhengtian found for him are indeed dragons and phoenixes.

Wearing the certificate obtained by Chen Qiaozhi, hung it around his neck, and then followed Chen Qiaozhi to the Baotong company building.

The two security guards at the gate looked at them with their eyes open when they saw Li Tian and Chen Qiaozhi walking here.

One of the security guards wondered how these two people's faces were so strange.

Just when Li Tian and Chen Qiaozhi smoothly swiped the ID card they wore on their necks in front of the electronic door, the security guard who looked at the two strangers just now suddenly said, "Two people, Wait."

As he blocked Li Tian and Chen Qiaozhi in front of him, the two of them slowly grabbed their heads.

"What's the matter?" Chen Qiaozhi asked while gently supporting his glasses there.

Li Tian also frowned slightly, looking at the security guard, wondering in his heart, could this security guard see the difference?

Just listen to the security guard staring at Chen Qiaozhi and Li Tian, and then said, "Are you employees of Baotong Company? Why have I never seen you?"

As he said, Chen Qiaozhi immediately said: "We are new here. Of course it is very strange that you haven't met."

"Oh... new here?" the security guard murmured.

"Can you leave?" Chen Qiaozhi asked the security guard with a smile.

Although the security guard was suspicious, he was only a security guard after all, and he dared not say anything, and nodded.

Chen Qiaozhi and Li Tian turned their heads without looking at the security guard in front of them, and walked towards the elevator.

After the two people got to the elevator, they saw two white-collar workers from Baotong Company coming from the side.

One man and one woman, the man is wearing glasses, tall and thin, wearing a black suit, and the woman is also wearing a black short skirt suit, with big waves of scalded hair, round cheeks, very pretty.

After Li Tian and Chen Qiaozhi came over, the two, a man and a woman, came over with a smile.

Seeing Li Tian and Chen Qiaozhi, he smiled slightly and stood at the elevator entrance waiting for the slowly descending elevator.

Chen Qiaozhi and Li Tian also stood quietly in front of the elevator door.

After the elevator descended slowly, it opened. After the two company employees in front of them stepped in, Li Tian and Chen Qiaozhi followed.

The two men and women who entered pressed the 7th floor button on the elevator.

Li Tian and Chen Qiaozhi took a look. The two did not press the elevator button but followed them.

As the elevator quickly reached the seventh floor, the man and woman walked out of the elevator door quickly.

Chapter 289: Strange call

Li Tian and Chen Qiaozhi glanced at each other and quickly followed them out. After they got out of the elevator door, they opened their eyes and saw that there were really a lot of office people in front of them.

It's almost 7 o'clock in the evening, and I don't think there are so many people in the office.

Li Tian and Chen Qiaozhi wore the ID cards on their necks, pretending to be employees of Baotong Company and walking slowly toward the corridor.

The employees on both sides of the corridor were busy there and did not notice the two strangers coming in.

Just listen to Li Tian whispered: "Look for the chairman's office."

Chen Qiaozhi nodded.

The two of them walked slowly while observing the name sign on the door of the office.

In the front place, Chen Qiaozhi finally saw the chairman's office, just around the corner.

The sign above says: Chairman's Office.

"Here." Chen Qiaozhi said in a low voice.

Li Tian glanced, then glanced at the office crowd around him.

Then Li Tian followed Chen Qiaozhi to the front.

"I'm watching here, you go in." Chen Qiaozhi looked at Li Tian and said.

Li Tian glanced around and nodded.

The light in the office was off, and there was obviously no one.

Li Tian stretched out his hand and gently pushed open the door of the chairman of Baotong Company. He shrank and quickly flashed in, while Chen Qiaozhi outside was staring around.

After Li Tian stepped into the office of Baotong Company, he slowly observed the house. The office was big enough and grand enough.

It's just that the light inside is not very good, and Li Tian didn't turn on the light either, but walked directly to the desk.

Opening the drawer, Li Tian looked at the contents. Except for some documents and company information, there was nothing else. He didn't find anything related to the Duanmu family.

But Li Tian was still very clever to pick up the signatures on the file folders, because the signatures on the backs of these files would be signed by the chairman. He wanted to see if the chairman of Baotong Company was really named Duanmu.

Taking a look at the signatures behind those documents under the not-so-bright light, the words Duanmu were written on them as expected.

A smile appeared at the corner of Li Tian's mouth.

He hurriedly took the documents into his arms, ready to continue searching for something powerful.

But just after he stuffed the file into his arms, he heard Chen Qiaozhi's iconic coughing sound outside, and coughing coughed.

Li Tian was taken aback, and then he quickly hid to one side. He could hear that Chen Qiaozhi outside might be abnormal, so he coughed.

As Li Tian quickly hid, he heard a voice outside.

"Hello, Chairman."

"Why does the chairman come to the company so late?"

With those voices coming, I saw a middle-aged man in his 40s wearing a Kolb brand suit, walking in red from the front corridor.

Behind him followed a very beautiful secretary lady.

This person is the chairman of Baotong Taxi Company?

Yes, he is.

After seeing him, Chen Qiaozhi hurriedly coughed just now. At this moment, he quickly left the door of the chairman's office and stood on the other side.

The chairman of Baotong Company who entered, and Chen Qiaozhi passed by gently.

Those eyes stared at Chen Qiaozhi's face suddenly, Chen Qiaozhi's face remained unchanged, and he still walked forward slowly.

The chairman of Baotong Company looked at Chen Qiaozhi who was walking past, and was slightly taken aback.

The beautiful secretary behind him looked at the chairman and asked, "Chairman, what's the matter?"

The chairman of Baotong Company squinted slightly and said, "Why is this employee's face so unfamiliar? I have never seen it before..."

The beautiful secretary also glanced at Chen Qiaozhi and smiled slightly and said, "Maybe it is a newly recruited employee."

"Oh..." The chairman replied softly, and Chen Qiaozhi, who didn't care too much about walking past, turned and walked towards his office.

Soon after walking into the office, the beautiful secretary at the back also followed in.

The office door was closed with a slam, and the two of them walked in.

Li Tian was hiding in a bookcase in that office at this moment, looking at the Baotong company's chairman and the beautiful woman who came in, not only slightly startled.

However, the chairman who walked in did not directly turn on the office lights, but slowly turned around, facing the stylish and beautiful female secretary behind him.

The beautiful secretary's wavy and curly hair is matched with that delicate face, it is really beautiful, but the makeup on the face is a bit rich and looks a little dusty.

The chairman hugged the beautiful female secretary behind him. "Baby!" The man seemed impatient.

The female secretary groaned: "Don't..."

Seeing this scene in Li Tian's eyes, he was depressed at the moment. Grandma's, actually cheating in the office?

Suddenly the jingle of the cell phone rang.

It's the chairman's cell phone.

The chairman who was making love at the moment had to take out the phone in his arms without being depressed.

This guy has two mobile phones in total, one in his car and the other kicked in his arms.

After the phone in his arms rang, his face began to change slightly. He quickly picked up the phone in his hand and checked the number.

The beautiful female secretary next to her was blushing, with a pair of delicate boneless hands touching the chairman's face, he couldn't help saying: "Don't disturb me, I'll take an important call."

When the beautiful female secretary heard him say this, she couldn't help losing her interest, turned around and stood on the side like angrily.

As the chairman picked up the phone, he quickly picked it up.

"Hey....."

After he answered the phone, the other party heard a very cold voice.

"Your whereabouts have been exposed, the Ouyang family already knows your details, you'd better leave there quickly."

Chapter 290: Kidnapped

The other party is a man with a very cold voice.

As the voice rang on the phone, the chairman's face suddenly changed.

"What happened?"

"Don't ask too much, you can just leave!"

"Also, I have sent someone from the Anbu, you should leave that company now, and it's best to never show up again."

As the other party spoke, he hung up the phone coldly.

After the call was hung up, the chairman in front of him couldn't help but was speechless. He paused for about two or three seconds before he finally woke up.

The half-undressed female secretary next to Yingya came over to hug him at the moment, but was blocked by one of his hands and quickly tidied up her clothes.

"I'm in a hurry, you can go home first."

"Huh?" The pretty face of the female secretary suddenly became extremely ugly.

"Don't you understand what I'm saying?" With the angry voice of the chairman, the beautiful secretary could only put on his clothes obediently, and then walked outside reluctantly.

And all of this was seen and heard in Li Tian's ears.

Especially the call that guy just received. Although Li Tian didn't know what the other party was saying, he could feel that the call was definitely not made by ordinary people.

At this moment, seeing the chairman nervously tidying up his clothes, and then directly opened the door of the office and walked anxiously outside, Li Tian was taken aback and quickly walked out of the hidden bookcase.

Then he opened the door of the office quietly, and his body appeared from inside in a flash.

Chen Qiaozhi in front of him has been observing the movement of the office here. When he saw that the chairman walked out of the office quickly with a panic expression, he couldn't help frowning, then continued to look, and soon saw Li Tiancong I also felt it inside.

Li Tian winked with Chen Qiaozhi and motioned to follow the chairman.

Chen Qiaozhi understood, and the two followed the chairman silently.

The chairman stood at the elevator door, holding the phone tightly in his hand, with an anxious and ugly expression on his face.

Li Tian and Chen Qiaozhi also came over at this moment and stood at the elevator entrance.

With the arrival of the elevator soon, the chairman walked into the elevator, followed by Li Tian and Chen Qiaozhi.

Press the first floor, and the elevator will slowly descend.

In the elevator, besides Li Tian, Chen Qiaozhi is the chairman.

The chairman's eyes were placed on Li Tian and Chen Qiaozhi's faces, and he couldn't help being startled, but he didn't say much, waiting for the elevator to go downstairs.

"You are the chairman of Baotong Company?" A word suddenly rang in the slowly descending elevator.

The words were spoken by Li Tian, and his eyes were fixed on the guy at the moment.

The chairman was stunned right now,

"Who are you? Not an employee of my company?"

As he said this, Li Tian suddenly smiled, and then his hand moved directly.

The chairman hadn't realized what was going on, suddenly his eyes went dark, and the whole person fainted.

The elevator had reached the first floor at the moment. As the elevator door slowly opened, one of Li Tian and Chen Qiao, from left to right, supported the chairman of Baotong Company and walked anxiously towards the door of the office building.

"The chairman is sick..."

"Quickly open the door, we are going to take the chairman to the hospital."

Chen Qiaozhi asked the security guard who was about to ask what happened at the door with an anxious face.

When the security guard heard that the chairman was sick, he quickly opened the electronic door without daring to delay at all.

In this way, Li Tian and Chen Qiaozhi took the chairman of Baotong Company out of the office building of Baotong Company.

Tang Xiaolong, who was sitting in the car outside, saw Chen Qiaozhi and Li Tian in a blink of an eye, as well as the person supporting them.

Can't help but froze slightly.

"Open the door." Tang Xiaolong said quickly.

A Qiu quickly opened the car door, and then Li Tian and Chen Qiaozhi had rushed over quickly, and the chairman of Baotong Company who was supporting him was stuffed into the car at once.

"Who is this?" Tang Xiaolong asked, puzzled.

Li Tian and Chen Qiaozhi had no time to explain to him, and jumped into the car directly: "Drive."

Then Ah Qiu, who was sitting in the driver's seat in front of him, immediately started the car, and the car quickly drove forward.

Sitting in the car, Tang Xiaolong looked depressed at the fainted man, then turned to look at Li Tian and Chen Qiaozhi behind him and asked, "Little boss, who is this guy?"

"The chairman of Baotong Company." Li Tiandao said.

"Ah? I intervened, you two actually fainted him?" Tang Xiaolong said in surprise.

Chen Qiaozhi ignored Tang Xiaolong in front of him, turned his face to look at Li Tian and asked, "Where are we going now?"

"Anyway, it's right not to bring him to the Ouyang family." Li Tian said smartly.

He understood in his heart why the Ouyang family let him be an outsider to deal with the Duanmu family, so as not to involve the Ouyang family. Now he brazenly hijacks this person who suspects the Duanmu family. If he wants to bring it to the Ouyang family, it will be troublesome. So Li Tian didn't decide to bring this guy in front of him into the Ouyang family, but to another place.

Chen Qiaozhi thought for a while and said, "I know a place."

"Aqiu, the car turns north at the intersection ahead and goes to Xin'an Street." Chen Qiaozhi said.

The Aqiu in front drove the car without words, but soon after reaching the intersection in front of him, he turned to the north and drove quickly on the road pointed by Chen Qiaozhi.

Xin'an Street is a block in Jinghai City, where most of them are gangster sites, especially at night.

When the car is driving all the way, you can see groups of **** characters on the street, laughing and cursing.

As the car reached the less busy area in front, Chen Qiaozhi signaled the car to stop.

"I'm going to find someone to say hello...you are here for a while." Chen Qiaozhi got out of the car and walked towards the crowd in front of him.

Looking at Chen Qiaozhi away, Tang Xiaolong in front of him couldn't help asking: "Little boss, how do you deal with this rich man?" He said while pointing at the dizzy chairman in front of him and asked.

Li Tian smiled and said, "Just catch him and ask for some news."

Tang Xiaolong said oh, and didn't ask too much.

After a while, I saw that Chen Qiaozhi had walked over quickly, and there was a sturdy bald head behind him. The bald head was naked, and a domineering blue dragon tattooed on his back followed behind Chen Qiaozhi.

Li Tian took a look at them.

But seeing Chen Qiaozhi said: "Get off the car, he will find a good place for us."

Listening to what Chen Qiaozhi said, Li Tian and Tang Xiaolong in front of him glanced at the strong man.
