

## A Killer 2811

Chapter 2811: Secret letter

When he heard that Moroduo said that he had not rescued the blood demon, Situ Ningbing was startled for a moment, and then suddenly became furious.

"Asshole."

"I sent you so many illusionists...You didn't even rescue the Gorefiend?"

"Molodo, are you too useless?" Situ Ningbing suddenly angry.

You know that the blood demon is one of Situ Ningbing's two great protectors, but now that Morodo says the blood demon has not been rescued? So Situ Ningbing was very angry.

After hearing the saint's sudden anger, Morodo hurriedly bowed and said, "Saint, the subordinates are not incapable of saving the Gorefiend... just..."

"Just what?" Situ Ningbing asked angrily.

Then Morodo told the truth.

"It's just that the blood demon has been abolished, one of his hands has been abolished by a \*\*\*\* human being, and his whole body has been forbidden by the other party with weird kung fu to stop the blood demon's power, so... so... the blood demon There was no way to escape, so the blood demon finally chose to die."

"He also said that he is useless now. If he insists on being rescued by us, it will definitely drag us down... Therefore, he chose to die."

After Situ Ningbing heard Morodo say this all of a sudden, the whole person was shocked.

what?

"You mean... the blood demon is dead?" Situ Ningbing asked in surprise.

Morodo nodded there and said, "Yes."

When Situ Ningbing heard this, he suddenly became angry.

She never expected that the two great illusionist Gorefiends who were close to her would be killed by humans in this way?

She is angry, she hates.

"Damn human."

"This saint will kill them all!"

"I want to kill all humans."

Listening to the roar of Situ Ningbing, Morodo didn't say much other words in front of him.

"Molodo, I ask you, who is it that killed the blood demon? Who abolished the blood demon?" Situ Ningbing asked immediately.

When Morodo thought about it, he suddenly said, "The saint, that's the human kid who broke into our demons last time."

what?

"Is it him?" Situ Ningbing asked incredulously.

At this time, Morodo stared at the expression on Situ Ningbing's pretty face unblinking, as if he was looking at something.

When Situ Ningbing heard that he was "him", he suddenly became angry.

"It turned out to be that human \*\*\*\* kid... Hmph, last time, we didn't chop off his head. We didn't expect that he would kill the blood demon this time... It's really hateful." Situ Ningbing said angrily. Tao.

Morodo did not speak.

"Tell me, before the blood demon died, did he say anything?" Situ Ningbing asked suddenly.

Hearing Situ Ningbing's question, Morodo was taken aback.

Of course Morodo is not a fool! It is even more impossible to tell the big secret!

So at this moment, after being silent for a while, Morodo quickly said: "Blood Demon, only said a word."

"What are you talking about?" Situ Ningbing asked.

Morodo said: "The blood demon said, please saint must avenge him and kill that \*\*\*\* human kid!"

When Situ Ningbing heard it, he said: "Don't worry, I will definitely satisfy the blood demon's wish and kill that \*\*\*\* human kid."

When Morodo heard Situ Ningbing's words, suddenly a grinning smile appeared on the corner of his mouth.

"Holy Maiden, if there is nothing else, I will withdraw first." Only Narador said suddenly.

When Situ Ningbing heard Morodo say this, he said with a gratitude: "Well, you can withdraw."

Namorodo said, "Yes."

Then he was ready to exit the tent.

After Morodo suddenly stepped back two steps, he suddenly remembered something, and then paused there again, looking at that Situ Ningbing and asking: "By the way, saint, you have a headache recently. Are you committed?"

I didn't expect that Morodo would suddenly ask such a question.

After hearing Morodo's question, Situ Ningbing said, "No..."

"As long as I don't recall the past, I won't have a headache." Situ Ningbing muttered there.

After hearing Situ Ningbing's words, Morodo said, "The saint must not think about other things...you must take care of yourself."

After hearing Morodo say this, Situ Ningbing said lightly: "Don't worry."

"Well, the subordinate is relieved."

After Morodo finished speaking, he slowly withdrew from the tent of Situ Ningbing.

After exiting the tent, a strange expression appeared on his face.

Then, I saw him walking very quickly towards the Demon Barracks on the left.

On the left side of the Mozu is his guards.

After he arrived, two illusionists in black costumes were standing on the left and right at the door, lowering their heads and calling them: "Master Morodo."

Then Morodo glanced at the two of them and suddenly said, "You two, come in with me."

After listening to the two men, they said, "Yes!"

Then followed Narada into the tent.

After the two subordinates followed the Morodo into the tent, he saw that Morodo looked around for a while, and when he was sure of safety, he whispered to the two subordinates and said: "You Both of you listen to me. Now I want to tell you something important, and you must remember it to me."

After hearing Morodo say this, the two men hurriedly said, "Yes!"

Immediately after that, Morodo began to say: "I want you two to leave the barracks overnight tonight and return to our demons! Send a secret letter to the demon king and his elders."

The two subordinates not only frowned slightly when they heard Morodo suddenly say this.

"Shall we leave tonight?"

Morodo said: "Yes, it should not be late, the sooner the better."

"Well, should we tell the saint?" The two men said there.

When he heard his subordinates suddenly say this, Morodo suddenly said: "No! I can't tell the saint."

Looking at Morodo's weird expression, the two men were not only slightly startled.

"We listen to Lord Morodo." The two men finally obeyed Morodo's orders.

I saw Morodo smile slightly.

"well."

"Yes, this is a secret letter."

The talking Morodo took out a secret letter wrapped in black tissue from his arms and handed it to the two men in front of him.

The two men reached out and took it.

"Remember, you must hand over the secret letter to the Demon Sovereign, his elder...There must be no mistakes."

After hearing that Morodo said so, the two subordinates nodded quickly and said, "Yes!"

Then he picked up the letter.

Chapter 2812: Words from the old dean

Human barracks.

After the attack of the blood illusionist of the demon race tonight, although a hundred human soldiers were lost, a dozen of the blood illusion skills of the demon also died.

Generally speaking, it is neither profit nor loss.

At this moment, Li Tian and the old dean were all in the same room.

"It's so strange, didn't the blood illusionists of the demon race come to rescue the blood demon? How could they kill the blood demon?" Anderson asked in surprise in the room.

"Yeah, I also feel puzzled."

"What the \*\*\*\* is going on?" Loft, who was beside him, asked curiously.

The old dean here frowned deeply and shook his head there and said, "This...this...I really don't understand the thoughts of the demon people."

Suddenly, Li Tian finally spoke.

I saw him thinking about it and saying, "I personally think that the blood illusionist of the demon race should be unwilling to drop the blood demon in our hands, so they killed the blood demon. You know, the blood demon's My whole body has been controlled by me, and I have also abolished the two arms of the blood demon... It is not a possibility to rescue the abolished blood demon in the tens of thousands of military camps. ...So they have no choice but to kill the Gorefiend."

Li Tian told all of his thoughts there.

After Li Tian said his thoughts, everyone thought about it, and then they all said in line with the Tao: "Li Tian said it is right, it should be that way."

"Well, I also think what Li Tian said makes sense."

After everyone heard what Li Tian said, they finally understood.

"No matter what, this time, the loss of the Demon Race is quite heavy! A dozen blood illusionists died..." Na Anderson said there.

"Well, it's true." Even the old Dean Hollis agreed there.

"Listen to the guards under General Torre, General Torre is going to send troops tomorrow to attack the demons." Suddenly Anthony over there said.

After hearing what Anthony said, Li Tian and other people in front of him were not only shocked.

"Really?"

"General Torre will send troops tomorrow to attack the demons?" The old dean over there quickly questioned.

Dean Anthony of Narok College nodded silently and said, "Yes, this news should be accurate."

"Because, tonight, we can be regarded as extinguishing the arrogance of the Demon Race, so General Torre felt that we should take advantage of the victory and send troops to attack the Demon Race tomorrow morning." Dean Anthony said.

After everyone listened, they were all gearing up there at the moment.

"Okay, great."

"Damn demon... we will pack them up on the battlefield tomorrow." Anderson over there clenched his fists tightly and said excitedly.

"Since tomorrow morning, everyone is going to attack the demons, at this moment everyone should hurry up and take a good rest."

"Hopefully, tonight, each of us will nurture our spirits, and then we will defeat the demons tomorrow." The old dean Heris said there.

After the old dean said so, the others nodded there.

"Okay, then let's all go to rest."

The people who said this, left the tent in front of them, and went to rest one by one.

Li Tian is also ready to go back to his tent to rest.

Just as he was about to leave, suddenly the old dean Heris stopped Li Tian.

"Li Tian, wait."

When Li Tian heard the old dean call to stop him, he was not only shocked.

Turning his head to look at the old Dean Hollis and asked, "Old Dean, is there anything else?"

I saw the old dean at the moment looking at Li Tiandao with a smile: "Well, yes, I want to have a chat with you alone."

After Li Tian heard the old Dean Hollis say this, he nodded there and said, "Okay."

Then Li Tian turned around and returned to the tent.

"Old Dean, what's the matter?" After returning to the tent, Li Tian blinked at the old Dean Hollis and asked.

In the tent at the moment, he and the old Dean Heris are the only two, and they don't know what the old Dean Heris has to find Li Tian.

I saw the old dean looking at Li Tian with a smile and asked: "Li Tian, how are you doing with the secret Qi illusion forbidden technique I gave you before?"

Hearing the old dean's question, Li Tian said awkwardly: "Old dean, I'm really sorry, I only learned a small part of the book."

In fact, to be precise, Li Tian learned the above illusion.

L Dragon Fist.

During this period of time, things have been constantly going on, so Li Tian has no free time to practice...but the last time he was in the valley of life and death, Li Tian cultivated Nasheng in order to deal with the chaotic dual-mode Otis. Dragon fist.

However, after hearing what Li Tian said, the old dean said slightly, "Li Tian, that book is the supreme soul treasure of our Spirit Earth Continent. You must practice hard!"

"You have seen this war too. Only you can deal with the powerful blood illusionist of the Demon Race."

After hearing what the old dean said, Li Tian nodded there and said, "En."

"Old dean, please rest assured, I will definitely make time during this period, and then learn the illusion above."

After hearing this, the old dean smiled slightly.

"that's fine."

"By the way, there is one more thing..." Just listen to the old Dean Hollis suddenly asked.

"What's the matter?" Li Tiandao.

The old dean turned his head and looked at Li Tiandao: "About the demon saint."

After the old dean said so, suddenly his eyes were looking at Li Tian's face.

When Li Tian heard the word "saint", he was not only shocked.

Then the expression on his face changed, "Old Dean...I..."

Before I finished speaking, I just heard the old Dean Hollis suddenly smiled and said: "I have heard Teacher Evelyn told me about the demon saint."

After hearing the words of the old dean, Li Tian finally understood.

It turned out that Evelyn told the old dean. It seems that the old dean already knew that Situ Ningbing was the matter of her lover.

"Li Tian, I already know everything, and I also know that the saint of the Demon Race is the lover you have been looking for..."

Li Tian was silent and did not speak.

"Li Tian, now I just want to ask you one thing, I want to know, about your lover...what are you going to do? I heard that she is in a state of amnesia and doesn't know you at all..." While talking, he blinked his eyes while looking at Li Tian in front of him.

Chapter 2813: The demon army disappeared

Hearing what the old dean said, Li Tian made a secret, and then he raised his head to look at the old dean and said, "Old dean, you must also know that I, Li Tian, have been looking for her! From me When I first entered Bander College, I already said...I am in this world just to find my favorite, to find her!"

"Now, I finally found her, although she has amnesia...Although she is in the Demon Race now, I swear by Li Tian that no matter what method I use, I will get her back..."

"After all, Ningbing made too many sacrifices for me!"

"Old Dean, I know you are worried about me, worried that I may be in trouble because she is the saint of the demon clan... If this is the case, then I can leave the human army now, Li Tian." Li Tian was there. Tao.

When Li Tian said this, the old Dean Heris quickly said, "No...no..."

"Li Tian, you misunderstood the old man."

Li Tian thought that the old dean was worried because Situ Ningbing was a demon saint.

But the old dean didn't mean that.

I saw the old dean Heris quickly explained there, "Li Tian, I didn't mean that."

"I mean, how do you make your lover regain her previous memories."

After hearing what the old dean said, Li Tian realized that he had just understood it wrong.

After thinking about it, Li Tian said there: "I don't know yet...but I believe that Ningbing will recover his memory one day."

The old dean said slightly, "Well, I understand."

"No matter what, Li Tian, I hope you will take care of this matter! Your lover is currently the saint of the Demon Race. If she can restore her memory, this is also a good thing for us humans... After all, Her every move affects the entire Demon Race's 100,000 army."

When Li Tian heard the old dean say this, he nodded and said, "Well, I understand."

"Well, I have said everything that should be said."

"It's getting late, go back and rest." The old dean finally faced Li Tiandao.

Li Tian nodded and said: "En."

Then he left here.

After leaving, Li Tian kept thinking about Situ Ningbing in his mind.

To be honest, he also has a headache now, although he found Situ Ningbing... but Situ Ningbing didn't know him at all!

And she treats herself as an enemy!

What can I do?

Li Tian thought about this and returned to the room.

It was already late at night, and when Li Tian returned to the room, he simply scrubbed and then rested!

...

The next day, when the sky was getting light, the sound of the "buzzing" horn suddenly came out of the army.

This trumpet sound is the sound of the assembly of the army.

It's not too late for Li Tian to get up in the morning. After getting up, he first practiced his internal strength, and then quickly pushed out the door at this moment.

"Li Tian." Li Tian, who had just walked out of the room, heard the voice of the old dean over there.

After a closer look, he saw the old dean, Anderson, Anthony and others all walking towards this side.

They all changed into light clothes, and some even had weapons in their hands.

"Old Dean, is the army going to leave?" Li Tian asked.

Li Tian knows that today is the day to attack the demons! So I can't help asking at this moment.

Just listen to the old Dean Hollis replied, "Yes."

"The army has been assembled... Li Tian, let's go, and hurry up to meet General Torre and the others." The old dean Heris said there.

After hearing this, Li Tian quickly said: "Okay!"

Then he followed the old dean and other people toward the front.

The neatly organized army of humans is already ready to go.

Standing in front of them were dense rows of human soldiers... and those cavalry on horses.

General that Torre had put on a suit of armor at this moment, holding a huge battle axe in his hand, and then riding a blood-red horse on that majestic horse, with a dozen lieutenants standing beside him.

"General Torre."

Following the old Dean Hollis and the others quickly came over, they shouted respectfully to General Torre.

General Torre, who was carrying the battle axe, saw that the old principal and them were coming, and smiled slightly: "Herris Illusionist, are you ready? If you are ready, we will start to attack the demons."

The old dean Hollis replied: "Ready."

"Very well, the army starts to set off."

With the order of General Torrey, the neatly organized army of tens of thousands began to move forward violently.

The infantry was in the front, the cavalry was in the back...the mighty human army began to march towards the demon army barracks.

The old dean Heris, Li Tian and the others rode on the horses and followed closely behind them.

Today's battle is the first time that mankind has taken the initiative to attack!

It was also the war with the largest number of human beings.

The number of people alone has reached 50,000 troops!

Although there is a huge difference between the 50,000 army and the 100,000 army of the demon race, the combat effectiveness of humans is relatively much stronger than that of the half orcs of the demon race! So what will happen to this battle? No one knows.

As the army began to pull out, they soon passed through the dark swamp, and then they began to attack the demon camp.

When the human army was about to reach the demon barracks, suddenly the spies in front rode back quickly from a distance on a war horse.

"Report!"

The cry of the spy can be heard far away.

Soon, but saw that the spy had reached General Torre's side riding a war horse.

After arriving, he quickly swept off the horse, then knelt on the ground with a plop and said:

"General."

"What's the situation with the demons in front?" General Torre asked.

The spy hurriedly replied, "Return to the general...The front demon army barracks disappeared."

"what?"

The moment the spy said it, General Torre was there all of a sudden.

Then he swept down from the war horse, then grabbed the spy by the collar, and said angrily: "What are you talking about? What is the disappearance of the demon camp?"

At this moment, even the surrounding Li Tian, the old dean and others were not only puzzled there.

I only listened to the spy who was caught by General Torre, and he was afraid to say there:

"General, it's true... The front 3 kilometers is the demon army barracks! But all the demon army disappeared... a figure nothing."

When everyone heard it, they were all speechless.

Chapter 2814: Happy things

How could the army of the demons suddenly disappear?

At this moment, I saw General Torre shook off the spies around him, and then said to the people around him: "Go, let's go to the demon army camp now to see the real situation."

Following the order from General Torre, the mighty army followed the General Torre and began to set off towards the barracks of the demons.

Li Tian was riding on a war horse, very curious.

"Is it true? The army of the demons really disappeared overnight? It should be impossible..."

Li Tian thought secretly, and followed the army and quickly set off toward the demon army camp.

After a while, I saw that the mighty 50,000 human army had reached the barracks before the demons.

At first glance, there was an open space above the wasteland in front of him.

Except for a few tents that have not been taken down, there is nothing left...

The 100,000 army of the demons really disappeared like this.

"Ah? The 100,000 army of the demons is really gone?" General Torre looked at the situation and was completely speechless.

Even the old Dean Hollis and Li Tian and others around him were stunned.

"What about people?"

"What about the people of the Demon Race? Why are they all gone?"

At this moment, even the lieutenants around General Torre were not only shocked.

Looking at the extremely empty wilderness, at this moment, the old chief, Li Tian and others all swept down from the war horse, and then hurried forward to see the situation.

After walking to the wilderness and looking around, Li Tian and the old dean were also there in a daze.

"The demon army really disappeared." The old dean exclaimed there.

Anderson beside him said in shock: "This, this, what is going on?"

Everyone is depressed at the moment!

Everyone looked at the empty wilderness one by one, completely stunned there.

At this moment, General Torre was also speechless.

"General Torre, what should I do now? The demons have all disappeared?" Just listen to the lieutenants next to General Torre asking.

General Torre also looked very depressed. Originally, he wanted to fight the Demon Race this time, but he didn't expect that all the Demon Race's army had disappeared!

After thinking about it, General Torre replied there, "Damn the demons."

"Forget it, we retreat and go back to the army barracks first."

General Torre said in the end.

Now, there is no way to shine the shadow of the demon army... There is no other way except to retreat.

Thus, at the order of General Torre, the entire human army retreated.

Although Li Tian, the old dean and the others were very depressed, they finally retreated with the army.

After returning to the army barracks, the soldiers looked dejected!

I was confident that I was going to fight the Demon Race, but unfortunately, after I went there, I couldn't see the shadow of a Demon Race! what's the problem?

"What the \*\*\*\* is this damned demons playing? How come so many troops disappeared for no reason?" The Anderson who only heard back cried out in a gloomy voice.

The old dean standing beside them also looked depressed.

"Should the Mozu retreat?" Suddenly Dean Anthony over there said.

Hearing what Dean Anthony said, everyone said: "Impossible!"

"The Demon Race was so arrogant before...How could it be possible to retreat after retreating? Besides, the Demon Race has always been in a favorable situation, how can they retreat?" The beauty teacher Evelyn analyzed there.

"Well, Evelyn is right. The Demon Race really has no reason to retreat." The old dean also said there.

"But, what about the 100,000 army of the Demon Race?"

"Except for retreating...Are they hiding here?" Anthony said depressed.

Anthony also makes sense!

The demons will definitely not hide away with an army of one hundred thousand!

After thinking about it, the last Li Tian said, "I think, maybe something happened to the Demon Race, that's why I suddenly withdrew troops."

When everyone heard Li Tian say this, they were slightly startled.

"But what can happen to the Demon Race?" The old dean over there couldn't help asking.

Li Tian didn't know why, he suddenly thought of his favorite Situ Ningbing in his mind.

He suddenly felt a little worried about Ningbing.

Because now Situ Ningbing is the saint of the Demon Race, and he holds the Demon Race's 100,000 army! If the Mozu retreated, it must have been ordered by Situ Ningbing...So when Li Tian thought about this, he was not only worried about Situ Ningbing.

...

On this day, everyone in the human army appeared low morale.

Even the old dean and Li Tian looked listless.

At noon, news came from the spies ahead.

After Li Tian and the old dean heard them, they all hurried to go to the tent of General Torre.

I saw a dozen lieutenants in armor standing inside General Torre's tent.

"General Torre, how are the spies ahead? Have you found the demon army?" The old dean quickly asked after entering the tent.

Li Tian and the others also blinked at the moment and looked at General Torre.

General Torre sat on a chair, frowned and said: "Found it! It's just that the demons seem to have retreated..."

what?

When the General Torre said so, everyone was not only surprised.

"What? The demon army really retired?" The old dean Heris couldn't help being surprised.

General Torre said: "Yes! I also feel very strange."

"It's weird." The old dean whispered in his mouth.

I saw General Torre suddenly smiled and said, "Anyway, since the demons have retired, this is a great thing for us!"

indeed!

The demons have always had the upper hand on the battlefield... and they almost defeated humans with an army of 100,000 demons! But now at this point, they suddenly retreated?

The old dean not only smiled when they heard this.

"Yes, if the demon army really retreats... then we don't need to have another war." The old dean said.

The demons have retreated, which is undoubtedly good news.

Everyone is excited about the news that the demons have retreated!

Only Li Tian was depressed there.

"If the demon army retreats, doesn't Ningbing want to return to the demon clan? If he wants to find Ningbing again... wouldn't it be impossible?" Li Tian was entangled there now.

Li Tian, who was in a mess, left the barracks of General Torre, and then returned to his tent alone.

Chapter 2815: Decide

After returning to the tent, Li Tian looked a little restless.

"What to do? What should I do?"

Li Tian walked around in the tent while feeling depressed.

Suddenly, an extremely bold idea sprouted in his mind.

Go to Mozu!

Go to Mozu!

When this thought burst out of Li Tian's mind for an instant, he suddenly became agitated.

"Now Ningbing has returned to the land of the demon clan... Then only after reaching the demon clan can you find your favorite!"

"Yes, it seems that I can only do this!" Li Tian suddenly determined in his heart.

In order to find his favorite, to find Situ Ningbing, Li Tian dared to go anywhere!

After Li Tian made up his mind, he was going to the Demon Race alone!

After thinking this in his heart, a question suddenly flooded Li Tian's heart.

"Where is the demons?"

"I only know that the Demon Race is in the northernmost cold place... As for the specific location, I don't know... what should I do?" Li Tian asked around.

After thinking about it, Li Tian felt that he seemed to have to ask the old dean after a while!

After thinking about it this way, Li Tian began to organize things in the room.

Without further ado, he wanted to set off to the demons now.

Just as Li Tian was packing up things there, suddenly, the old dean suddenly appeared in Li Tian's tent at some point.

"Li Tian..." Suddenly the old dean called out Li Tian's name.

After hearing the sound, Li Tian was slightly startled, turned his head and saw the old dean in front of him.

"Old Dean."

"Li Tian, what are you doing? Why are you packing things up?" The old dean not only asked in surprise when he saw Li Tian packing things up there.

But seeing Li Tiandao: "Old Dean, I'm going to the Demon Race!" Li Tian directly expressed his thoughts.

what?

The moment Li Tian said his thoughts, the old dean in front of him was suddenly surprised.

"You, are you going to the Demon Race? Why are you going to the Demon Race?" The old dean looked at Li Tian in horror.

But seeing Li Tian nodded there and said, "En!"

"Old Dean, you must know my love too... She went to the Demon Race... so I must go to the Demon Race to find her." Li Tiandao.

After hearing what Li Tian said, the old dean suddenly understood.

Now he finally knew what Li Tian was going to the Demon Race, it turned out to be for his lover.

"So it's like this!" The old dean said silently there.

I saw Li Tian looking at the old dean and said, "Old dean, I'm sorry, I know I'm sorry for doing this, but I can't help it, I must find Ningbing back."

When the old dean heard Li Tian say this, he smiled and said, "Silly boy, I understand your intentions!"

"It's just that the land of the Demon Race is extremely dangerous, and the temperature is cold... You are alone in the Demon Race alone, I am afraid... I am afraid... It is very dangerous!" The old dean looked at Li Tiandao worriedly there. .

Li Tian smiled bitterly: "It doesn't matter, as long as I can retrieve Ningbing, I am not afraid of any danger!"

After hearing this, the old dean only sighed slightly.

"By the way, old dean, where is the devil's lair?" Li Tian asked suddenly.

He still doesn't know where the real lair of the demons is.

After hearing Li Tian's question, the old dean Heris said: "The Demon Race is in the cold mountain in the north! Starting from here, going north, you should be able to see it in less than 5 days. Go to the Demon's castle! Their castle is said to be able to block sunlight, and their capital is large enough to cover the entire glacier. The terrible demon guys grow in that place."

Li Tianyi was not only slightly shocked when he heard the old dean say this!

It turns out that the demons are in such a weird place! Li Tian thought.

"Li Tian, are you really determined to go to the Demon Race?" the old dean suddenly asked.

Li Tian nodded seriously and said, "Yes."

"Well, since you have decided, the old man won't persuade you!"

"However, you are not familiar with the Demon Race... if you go alone, it must be extremely dangerous, so the old man decided to go to the Demon Race with you." Suddenly a word came out of the old dean's mouth.

what?

"Old Dean, are you going to the Demon Race with me?" Then Li Tian was stunned when he heard the old Dean say this.

Just listen to the old dean smiling and saying: "Yes! You are a student of my Bander College... The old man is also the dean of Bander College, how can you watch you alone at this moment? "

Then Li Tianyi quickly said: "Old Dean...this...this...this is not good...the Demon is so dangerous, how could I keep you in danger with me for my own private affairs?"

The old dean Khris laughed loudly there, "My boy, since you know how dangerous you are, don't you dare to go?"

"but....."

Then Li Tiangang wanted to persuade something, he just listened to the old dean already saying: "My child, don't say it again!"

"If you want to go to the Demon Race to save your lover, then let the old man go with you!" The old dean finally said.

Li Tian saw that the old dean had made his mind, and finally had no choice but to gratefully watch the old dean Khris there and said, "Thank you Li Tian, the old dean."

After Li Tian finished speaking, he suddenly bowed down with his legs.

The old dean hurriedly helped Li Tianzai and said, "Don't be so polite! To be honest, the old man hasn't been like this for many years...hahahaha." The old dean Hris laughed loudly there.

"Li Tian, when do you decide to leave?" Just listen to the old dean looking at Li Tian and ask.

But seeing Li Tian said there: "As soon as possible! If possible, I want to leave early tomorrow morning."

When the old dean heard Li Tian say this, he said: "Well! Okay, if this is the case, let's go and explain to Anderson first!"

After listening, Li Tian nodded and said, "Okay."

After that, I saw that the old dean Hollis and Li Tian went to find Anderson, and the beauty teacher Evelyn and them.

Soon, the old dean took Li Tian to find Anderson and others!

It just so happened that Teacher Anderson from the Thunder and Lightning Department, Teacher Loft from the Fire Department, and Teacher Cyril from the Wind Department were all here!

After seeing the old dean and Li Tian coming, not only did he say: "Old dean, Li Tian... are you here?"

The old dean responded slightly.

"Everyone happens to be here, what about me? There is just one thing I want to announce to everyone." Only the old dean looked at everyone with a smile.

Chapter 2816: set off

Everyone present was not only surprised when they heard the old Dean Hollis say this.

"Old Dean, what's the matter?" Just listen to the teacher Anderson over there looking at the old Dean Hollis in doubt and ask.

The other teachers were also blinking at the old Dean Hollis at this time.

The old dean coughed twice, and then said, "Yes, there is something."

"What is it?" everyone asked.

Hearing only listened to the old Dean Heris said: "That's it, what about me? I have to do something with Li Tian, so... I am going to leave the barracks for a while.

When the old dean suddenly said this, Anderson and the other teachers were not only taken aback, then looked at the old dean one by one, and then turned around to look at Li Tian.

"Old Dean, where are you going?" Loft, the fire illusion teacher over there, asked curiously.

"Yeah? Where are you going?" The beauty teacher Evelyn here also asked with blinking beautiful eyes at the old dean and Li Tian.

After hearing the people's questions, the old dean told the truth.

"Let's go to the demon powerhouse."

what?

When everyone present heard what the old Dean Heris suddenly said, they were all stunned.

"To the demons?"

"Old Dean, why are you going to the Demon Race with Li Tian?" Teacher Anderson asked with a surprised look over there.

Cyril here also asked puzzledly: "Yes, isn't the Demon Army retreated? Why are you still going to the Demon Race?"

Then Li Tian said at the moment: "Because of my personal business."

When everyone heard Li Tian suddenly say this, they not only frowned slightly at Li Tian.

"What do you mean?"

Li Tian then opened his mouth and said: "Everyone should know that my love is in the Demon Race...so, I must go to the Demon Race."

When Li Tian said this, everyone suddenly seemed to understand.

"I understand, Li Tian, you are because of that demon saint, right?" Anderson over there suddenly understood that he was facing Li Tiandao there.

Li Tian nodded there and said, "Yes."

After hearing Li Tian's words, everyone at this moment finally understood.

The old dean said at the moment; "So what? I'm going to go to the Demon Race with Li Tian."

After the old dean said so, Na Anderson said, "However, the land of the demon race is very dangerous, do you want to enter the capital of the demon race?"

"Well, if there is no other way, we can only get into the capital of the Demon Race." Old Dean Hollis said.

"That's too dangerous." Suddenly, the beautiful teacher Evelyn over there said.

The old dean Heris sighed slightly there, "Even if it is dangerous, there is no way, you say, right? Li Tian."

Li Tian nodded cautiously and said, "Yes."

"If this is the case, let us all follow you together. In this case, we can still have a little care for each other." Suddenly Anderson over there was facing Li Tiandao.

"Yes, Anderson is right! Since the old dean has decided to go, we will all go to the Demon Race to help Li Tian." Loft over there also said.

After that Anderson said that, he only heard Li Tiandao: "No, no..."

"Teacher Anderson, dear teachers, Li Tian has taken your thoughts, but this time, I definitely can't hurt everyone." Li Tian said.

When everyone heard it, "What does it mean to be involved? This is our voluntary."

"Yes, we all go together, things will be better." They said there.

"Teachers, I really don't need to trouble everyone, Li Tian."

"Because this time, there are a lot of difficulties in going to the Demon Race... and I don't know what will happen on the road... So, you better not go!" Li Tian said.

The old dean also spoke there at the moment: "Yes, Li Tian said it right!"

"We are going to the Demon Race this time. I don't know the situation will happen...If you all follow me to the Demon Race, who will manage our Band College then?" The old Dean Heris said there.

"but....."

Teacher Anderson seemed to want to say more, but when the old Dean Hris went there, he said slightly: "Anderson, don't say it, I have already decided that! Everyone stay here! Follow the army."

After the old dean uttered these words with a strong attitude, Anderson and the teachers of Evelyn were all depressed.

Although they still want to say something, they all know the old dean's stubborn temper!

Finally, helpless, they could only silently agree.

...

Li Tian and Old Dean Hollis decided to leave the army barracks early tomorrow morning! Then go to the Mozu!

From here all the way north, in about five days, they will be able to see the capital of the demons.

Now Li Tian returned to his tent, and after a brief cleaning, he lay on the bed.

When he remembered that he was going to the Demon Race's territory tomorrow, he felt a sense of excitement in his heart.

The land of the demons!

In the extremely low north, extremely cold...there is a lot of danger, this time, can he and the old principal Heris successfully enter the capital of the demon race? It's really hard to say.

That night, Li Tian lay on the bed alone, thinking a lot, a lot!

I thought of Situ Ningbing in his heart... He didn't know how Situ Ningbing was now, okay? Still bad?

With such thoughts, Li Tian fell asleep unconsciously.

Li Tian got up early the next morning.

After getting up, Li Tian picked up the salute he had packed up in the morning, and then walked out of the tent.

Outside, the blue sky was like washing and extremely sunny.

The soldiers also stood there one by one.

After Li Tian picked up the salute, he went directly to the old dean.

When he arrived at the old dean Hollis's room, the old dean had already got up early.

In the room there were also Mr. Anderson who came to see him off, and the beauty teacher Evelyn, as well as Dean Anthony of Narok College and others.

"Li Tian, you are here." After seeing Li Tian here, the old dean smiled and said hello.

Li Tian nodded.

Anthony over there looked at Li Tiandao and said, "Li Tian, you must be very careful when you go to the demons this time! I heard that the land of the demons is extremely strict, and they hate humans! Once you enter the demons After the clan capital, you must be careful."

Li Tian looked at Dean Anthony gratefully and said: "Thank you Dean Anthony for reminding!"

At the end, after everyone chatted for a while, he and the old dean decided to leave.

Chapter 2817: Demons and humans

Then Anderson and the beauty teacher Evelyn still wanted to follow, but in the end, under the persuasion of the old dean, they could only stay.

"Anderson, Evelyn...Bender Academy is now handed over to you!" The old dean finally looked at them and said.

Then Anderson and the beautiful teacher Evelyn looked extremely disappointed, nodded at the last one and said, "En!"

After hearing their promise, the old dean Khris looked at Li Tian slightly: "Li Tian, we should almost leave."

Li Tiandao said: "Okay!"

In this way, the two are ready to go to the demons.

After stepping out of the tent, the teachers behind them were all reluctant!

"Everyone, go back! I believe that Li Tian and I will be back soon." The old dean smiled there and turned his head to say to everyone.

Everyone who heard what the old dean Heris said could not help but say: "Old dean, you must be careful! Protect yourself!"

"Yes, you must come back!"

Amidst the blessings of everyone, Li Tian and the old Dean Hollis left like this.

They did not tell General Torre, nor did they say goodbye to the men in the army!

Instead, he left the barracks directly.

After Li Tian left the barracks with the old dean, they quickly passed through the dark swamp.

Along the way, neither of them spoke very much, so they walked silently!

north! It is the land of the demons.

And now Li Tian and the old Dean Hollis are following the road, all the way north.

"Old Dean, is the capital of the demon clan?" Li Tian couldn't help asking when suddenly on the way.

After hearing what Li Tian said, the old dean Hollis smiled slightly and said, "Big, big! Even bigger than the emperor."

When Li Tian heard this, he was slightly surprised!

Bigger than the imperial capital? Really?

"Haha, you'll know when you look at it." Just listen to the old Dean Hollis whispering there.

"Old Dean, if there is something you don't know, should you ask?" Li Tian asked while looking at the old Dean Heris while walking forward.

The old dean said: "Ask?"

"Old Dean, what kind of hatred do we humans have with the Demon Race? Why do wars have been erupting all the time?" Li Tian asked.

After hearing Li Tian's sudden question, the old dean was startled.

Then he let out a long sigh and said, "Hey...this matter is a long story!"

"It doesn't matter, anyway, we have time, I can listen to your old saying slowly..." Li Tian smiled.

When the old dean Heris heard Li Tian say this, he laughed and said: "Well, then I will tell you the story between our humans and the demons."

After the old dean said so, Li Tian began to listen with interest.

Just listen to the old dean touching his beard and saying: "In fact, there were no demons on the Spirit Earth Continent a long time ago...only humans! It's just..."

"Just what?" Li Tian quickly asked curiously.

The old dean then said: "It's just that a huge change happened later! That's why the demons appeared!"

"What great change?" Li Tian asked.

The old dean said: "If this matter is said, it has to be traced to a long, long time ago... Legend has it that long, long ago, the Spirit Earth Continent was extremely prosperous. At that time, the entire human empire covered the entire Spirit Earth Continent. ! The king at that time was the most powerful person! What about this king? He had two sons, the boss was fierce, brave, and liked illusion, the second child? He was resourceful and good at writing. The king at that time liked this second child very much, so he was old After the death of the king, he passed the throne to his second child! From then on, the second child became the king of the Continent... After the king passed the throne, the eldest son was very angry! He hated his father's injustice and hatred He didn't get the throne... So he practiced illusion and prepared to seize the throne... He practiced illusion and reached the stage of enchantment, and learned the most taboo blood illusion on the land of the soul. Since then, he has been planning revenge. Event, in the winter of one year, he finally couldn't restrain his desire and rebelled! He took his subordinates and some brave fighters to start a war... That war lasted for decades... ..Unfortunately, he did not get the throne! Years of wars made him more and more ruthless...more and more sinister and vicious... But in the end, he was defeated! After he was defeated, he took the remaining troops with him. I fled to the northernmost place of the Spirit Earth Continent... and built my own capital there and became a Demon Race! Hey, after that, the Demon Race began to slowly appear... Then, it continued There is a war... this war has lasted from a very old age to the present."

Listening to the old dean uttering such a big speech, Li Tian was not only slightly shocked.

"It turns out that everything is like this!"

The old dean laughed and said, "Yes, this story can be heard at any time in the streets and alleys, pubs and restaurants on the Spirit Earth Continent.

Li Tiandao: "The old dean meant that humans and demons are in the same family?"

"Well, in theory, this is the case!"

"It's just that the demon clan ruled the brutal and powerful half-orcs in the north... Since then, the demon clan has become stronger and stronger. Those barbaric and inhuman half-orcs... have become the demon's war products.

After hearing the old dean said this, Li Tian nodded clearly and said, "I finally figure it out now."

The old dean smiled slightly there.

"It would be great if the Demon Race could work together with humans to say good things one day." Li Tiandao.

The old dean laughed and said: "I am afraid that this idea will not be realized in a lifetime! Hey, the war between humans and demons may continue in this lifetime."

After listening, Li Tian smiled slightly and didn't speak any more!

He couldn't help muttering in his heart: So-called, there is nothing impossible to do! I hope that one day, the demons can reconcile with humans! It is the same root after all!

Li Tian, who thought so in his heart, followed the old dean and began to march toward the north.

A day and a night passed quickly.

This day and night, apart from a simple rest, the two of them were on their way!

Sometimes flying lightly... sometimes walking slowly...

When you are tired or hungry, sit down and eat!

Along the way, it can be considered leisure.

In this way, they walked for two more days and two nights!

Chapter 2818: Scary

The more north, the colder the temperature!

On the third day, when Li Tian and the old dean had a brief rest, they set off again.

The two crossed a frozen river and then entered a stone forest.

In the place in front, there are many rocks, extremely hideous, some as big as a hill, and some as small as a rock.

When Li Tian and the old dean were about to enter the stone forest, suddenly Li Tian whispered to the old dean and said, "Old dean, have you felt it in these two days? , As if someone is always following us?"

It turned out that within these two days, Li Tian always felt that someone was following, intentionally or unintentionally.

When the old dean heard this, he was startled for a moment, then nodded there, and whispered: "I feel like this...but, I have observed it carefully, and there is no one behind!"

When Li Tian heard the old dean say this, he muttered: "It seems that my feeling is not wrong!"

"Li Tian, do you mean that someone is really following us?" Suddenly the old dean in front of him asked.

Li Tian nodded seriously and said, "En! I have this feeling..."

The old dean frowned and said: "If someone is really following us, then, then, how strong should the other party be? How can they not show any clues in such a long time?"

Li Tiandao said: "Yes! If there are really people, then the strength of the other party should be higher than you and me."

"Well, old dean, we will enter this stone forest and find a place to hide and observe." Li Tiandao.

After hearing Li Tian say this, the old dean nodded and said, "Okay!"

After the two said this, the two quickly entered the stone forest!

After entering the stone forest, seeing Li Tian and the old dean hurriedly searched for a huge natural rock and concealed it.

"Old Dean, we are here." Li Tian whispered after hiding himself.

The old principal nodded quickly, and then the two of them hid under the huge rock.

Then the two began to wait!

The two of them paid attention to the place in front. They were still not sure if someone was following them, so they did not show up easily at this moment.

Time passed by every minute.

The two are hiding behind the rock...waiting.

After the two of them waited for about ten minutes, there was no shadow at all in the back! No one followed them at all.

Looking at the empty place behind, the old dean frowned slightly at that moment: "Li Tian, are we too nervous? No one seems to follow us at all!"

Li Tian was also depressed at the moment, raised his eyes and glanced at the place behind...

Yes, there is indeed no one behind! Not even a ghost!

Li Tian, who glanced at it, couldn't help but muttered in that mouth: "It seems that the old dean and I did feel that something was wrong. There seems to be no one behind."

"Forget it, don't be suspicious of both of us." The old dean laughed there, ready to come out from the hidden rocky place at this moment.

At the moment when the old dean Heris was about to come out of the hiding rock, Li Tian suddenly caught a glimpse of it, and a raging and terrifying black air rushed toward his face from behind!

Then Li Tian was shocked there!

"Old Dean..."

Li Tian suddenly grabbed the old dean's arm.

The old Dean Heris, who was about to walk out of hiding in the rock, was screamed by Li Tian and suddenly stopped, and he was slightly startled, and then said: "What's wrong?"

"Old Dean, look at it...?" Li Tian suddenly said in surprise at the place behind him with his fingers.

The old Dean Khris quickly turned his head and looked up. With this look, he saw the turbulent black air rushing toward his face from a distance.

I saw the old dean's eyes widened at this moment.

"Then, what the \*\*\*\* is that?"

The old dean also said with horror on his face at this moment.

But seeing Li Tianye's eyes full of horror and astonishment, standing there, staring at the surging black air.

I saw that the surging black air became more and more powerful...At this moment, it was flooding towards Li Tian and the old Dean Hollis.

Li Tianyi saw the huge black magic energy attack, and was shocked immediately.

"Old Dean, be careful!"

After finishing speaking, Li Tian quickly accumulated extremely powerful spiritual power in his hands... and then carefully looked at the black energy that was coming toward him!

The old dean was also very nervous at the moment...because no one of them could see what the weird thing was that black magic energy! But they could feel that the black demon aura possessed extremely powerful aura.

At the moment when the two of them were extremely panicked, that group of black and terrifying devilish energy had already hit their faces!

When the terrifying black air hit, the entire sky seemed to be blocked... The dazzling sunlight was also blocked by the black air at this moment! The whole sky seemed to darken all at once!

Li Tian and the old dean had extremely powerful spiritual power accumulated in their hands... and then stared at the black energy that had struck.

The black energy blocked the sky, Li Tian and the old dean's figure!

Li Tian and the old dean are deeply trapped in black energy, they can't shout, can't use their skills...

Just when the two of them were extremely anxious, suddenly that group of terrifying black aura passed through them, and then flew towards the northern sky!

At this moment, the old Dean Hollis and Li Tian couldn't help sighing when they saw the horrible and weird black air all at once!

"It's gone... the weird black magic energy has passed." The old dean patted his chest there.

The terrible black devilish energy just now made the old dean feel suffocated!

But what about Li Tian?

For some reason, he stared at the black magic energy flying away with wide eyes.

"Old Dean, have you seen it?" Suddenly a word came out of Li Tian's mouth.

After Li Tian said it, the old Dean Heris in front of him couldn't help being taken aback.

"See what?" The old dean could not help but ask in surprise.

Li Tiandao: "There is someone in the black horror! There is one!"

"what?"

"Did you see people?" The old Dean Khris screamed when he heard Li Tian suddenly say this.

Li Tian nodded there and said: "Yes, I saw it, I saw a black shadow in the black air...like floating there! It flashed past..."

The old dean said, "I didn't see it!"

Chapter 2819: tripod

Li Tian was not only depressed when the old dean said that he had not seen it. .

Just now, he clearly saw a figure floating in the black and terrifying devilish energy. Although the figure could not see clearly his appearance, Li Tian could definitely tell that it was a person.

"Li Tian, do you really see a figure in that devilish energy?" The old dean Khris asked with horror on his face.

But seeing Li Tian nodded there and said: "Yes, there are definitely people."

"Oh my God, why didn't I see it?" the old dean said in horror.

Li Tian didn't speak, he raised his cold eyes and looked at the place where the black magic energy disappeared, looking from a distance.

"Old dean, look, that weird group of terrifying black energy has drifted towards the place of the demon?" Li Tian suddenly pointed to the strange group of black energy.

Indeed, I saw that group of extremely strange demonic energy floated straight to the north, overwhelming the sky.

The old Dean Hollis not only frowned slightly at this moment.

"Is it possible that the black devilish energy just now was a master invited by the Demon Race?" the old dean whispered in his mouth.

Li Tian didn't hear the words of the old dean clearly. At this moment, he not only asked, "Old dean, what did you say?"

The old Dean Khris shook his head slightly at this moment and said: "No, nothing."

"Forget it, Li Tian, let's continue on our way."

Old Dean Hollis said last.

Since the black weird gas poses no threat to the two of them...the two of them don't need to panic too much.

Then Li Tian said after thinking about it, "Okay."

Immediately afterwards, the old dean led Li Tian to continue walking towards the north.

...

The whistling north wind is blowing, and the more you go north, the colder the temperature.

Icy hills, glaciers, wasteland.

There seems to be no sun here, only cold.

The north wind mixed with flying snow was floating in the air... At this moment, the old dean Hollis had already taken Li Tian away for almost 5 days.

"Li Tian, we are almost here! We are about to reach the area of the Demon Race."

In the wind and snow, I saw the old Dean Hollis shouting to Li Tian there.

Then Li Tian heard the voice of the old dean and asked, "How far is it?"

"Climbing over this snow-capped mountain, you should be able to see the capital of the Demon Race." The old dean in the wind and snow pointed to the snowy mountain in front.

After listening, Li Tian raised his eyes and looked at the Daxue Mountain in front, then silently nodded.

In this way, the two people began to march forward in the endless wind and snow.

They soon came to the foot of the snow-capped mountains.

The snowy mountain is not very high, but it is extremely steep. It seems a little difficult to climb up.

"Old Dean, shall we climb this snowy mountain?" Li Tian asked at the moment, looking up at the snowy mountain in front of him.

The old dean Heris shook his head and said, "No, no need to climb... There seems to be a canyon in front of us, and we pass through it."

After hearing what the old dean said, Li Tian nodded.

"Go, let's go to the canyon over there."

The old dean who was talking led Li Tian towards the canyon.

There are tall snow-capped mountains on both sides of the gorge, and the north wind blows through, and the sound of ghosts screams from the entire canyon.

Just as the old Dean Heris and Li Tian walked towards the canyon, they suddenly saw a group of demons marching there.

"Devil!"

Suddenly when he saw that group of half-orcs, Li Tian said in surprise.

The old dean Heris also saw the group of half-orcs of the demon race at this moment, and immediately concealed from the side.

"Are those half-orcs?" Old Dean Hollis said.

Li Tian nodded.

Look carefully, but there are more than a dozen half-orcs in the team, and there is a blood illusionist wearing a black robe at the front. They carry a huge "cauldron", and then step by step toward the canyon. Go there.

"Old dean, look quickly, what are those half-orcs carrying?" Li Tian couldn't help but ask when he saw the "ding" at this moment.

The old dean looked up, frowned and said, "It looks like a tripod!"

"tripod?"

Li Tian was slightly startled.

"Old Dean, shall we go and see the situation?" Li Tian said with a smile.

Old Dean Hollis thought for a while and said: "Yes."

After hearing the old dean's words, Li Tian smiled slightly, and then stretched his figure, and flew straight toward the canyon over there like a wild goose.

In a blink of an eye, Li Tian had already reached a few meters in front of the walking half-orcs.  
what?

When those a dozen half-orcs and the Demon Blood Illusionist standing in front saw a human being flying by, they all screamed.

"Humanity?"

Then the half-orcs all raised their bloodthirsty eyes and stared at Li Tian angrily.

At this moment, even the old dean had already flew over.

The moment the half-orcs and the blood illusionist saw two humans suddenly appeared in front of them, not only showed great hostility.

"kill."

Then the blood illusionist in the black robe called out.

At the moment he yelled, the tall and savage half-orcs rushed towards Li Tian and the old dean.

Li Tian sneered, and said: "I'm looking for death."

Immediately after the figure flashed, his hands suddenly swayed slightly, and a hostile energy erupted from his palms.

boom! boom! boom!

With three palms in a row, the terrifying palm power directly shook the chests of the three orcs who leaped over.

what!

The screams and the sound of blood splashing flew out, and the three half-orcs were instantly shaken to death by Li Tian's heavy palm, and then fell to the ground.

All three half-orcs died on the ground in a blink of an eye.

The old dean over there, Khris, has also taken action at this moment.

The old dean used the fire illusion technique, and the underworld flames accumulated in his hands exploded against the half-orcs who rushed over.

The fireball of Netherfire draws a perfect arc in the air, and then hits those half-orcs, puff...ignite and explode!

Then the tall orcs fell to the ground, howling miserably.

It can be seen that these half-orcs are not the opponents of Li Tian and the old principal at all.

In a short while, a dozen orcs all died tragically on the ground.

As for the blood illusionist?

Seeing all the half-orcs died so quickly, they were stunned, and then they started to escape.

Just a few steps away, Li Tian suddenly performed the "Slavery Technique".

"come back."

Immediately after that, the blood illusionist's body was controlled by a breath, and he suddenly "swish" and flew back.

Then the whole body thumped and fell to the ground.

Chapter 2820: Blood man

After the blood illusionist fell to the ground, Li Tian in front of him suddenly stepped on the blood illusionist's chest with one foot.

"Don't move, if you move again, you will definitely die." Li Tian looked at the blood illusionist coldly.

The blood illusionist was severely stepped on by Li Tian with his feet, his face pale at this moment, and he looked at Li Tian with a pair of extremely frightened eyes.

"You...you...what do you want to do?" he said in fear.

But seeing Li Tian sneered: "When I ask you something, you must answer me honestly. If you don't, hum, you will know the consequences."

The captured Demon Blood Illusionist heard Li Tian say this, and then nodded in fear and said: "Yes, yes, yes."

"I ask you, how far is it from the capital of the Demon Race?" Li Tian asked first.

When the blood illusionist heard this, he was taken aback, and then replied, "You can see it through this canyon."

Hearing what the blood illusionist said, Li Tian met the old dean and smiled slightly.

They are finally almost there.

"I'll ask you again, has the 100,000 army of your demons come back?" Li Tian asked.

The blood illusionist replied: "I'm back, I just came back two days ago."

After Li Tian heard this, he couldn't help but secretly lined in his heart: It seems that Ningbing has indeed returned to the Demon Race with the demon race's large forces.

"Very good." Li Tian said after hearing the blood illusionist say so.

Now he knew the answer he should want.

I saw Li Tian turned his head and looked at the old dean in front of him and said: "Old dean, I have finished asking what I should ask, you can ask him..."

After hearing this, the old dean Hollis nodded and said, "En."

Then the old dean walked forward again, looking at the demon blood illusionist who had been arrested and said: "Let me ask you, is your Demon Emperor already out of the barrier now?"

When the blood illusionist heard the old dean suddenly mention the Demon Emperor, his eyes widened, "How do you know?"

When the old dean heard him say this, his brows wrinkled slightly; it seemed that the Demon Sovereign had really come out.

"Why did you carry that thing?" The old dean suddenly asked with his finger at the "giant cauldron" that was previously carried by the orc behind him.

The "giant cauldron" is more than one meter high in total, completely dark, looking weird and gloomy.

After the old Dean Khris suddenly asked about the "giant cauldron", the blood illusionist was not only startled.

Then his mouth froze, as if there was something unspeakable and unwilling to disclose.

"Say?" The old dean couldn't help but see that the blood illusionist seemed to have some secret.

The blood illusionist was a little scared, and looked at the old dean and said, "I can't say... if I say it... I will definitely be killed."

After hearing this, the old dean said coldly: "If you don't say it, you will have to die now."

"Do you want to die early? Or late? Do you figure it out?"

"How about it, do you decide now? Or not?"

The blood illusionist finally sighed helplessly, "I said... I said..."

After hearing the words of the blood illusionist, the old dean in front of him said: "Okay, let's talk."

"The giant cauldron...the giant cauldron...is the four-blood Fangzun." The blood illusionist said.

When he heard the words "Sifang Blood Sovereign", the old dean suddenly felt his heart.

what?

"It turned out to be the Sifang Blood Lord?" The old dean in front of him suddenly exclaimed.

At this time, Li Tian beside him had heard the name of "Sifang Blood Sovereign". Not only was he curious, he looked at the old Dean Heris and asked, "Old Dean, what is Sifang Blood Sovereign?"

I saw that the old dean's face was extremely ugly and said: "This Sifang Blood Sovereign is the supreme thing of the Demon Race! According to legend, this Sifang Blood Sovereign can increase the blood illusion ability, and can refine the most terrifying blood followers of the Demon Race. As soon as the blood disciples appear, the world will be shrouded in darkness."

"Uh? Bloody? The old dean, a student is dull, what is a bloody?" Li Tian couldn't help asking at this moment.

Hearing Li Tian's question, the old dean suddenly sighed deeply: "Li Tian, you haven't heard that it is normal! Because even Anderson, Evelyn and others... have never heard of The \*\*\*\*\* thing."

When Li Tian heard this, he was shocked at the moment, why didn't even Anderson and Evelyn have heard of the "blood man"?

Is this blood man really terrifying?

"Hey, let me tell you..." The old dean suddenly said silently there.

After the old Dean Hollis said this, he just listened to Li Tian and quickly pricked his ears.

Just listen to the old dean saying: "This blood disciple is actually, the old man has never seen him before. He just heard the seniors of the previous generation explain things about blood disciples."

When Li Tian heard this, he was slightly shocked.

It turned out that even the old dean Hollis had never seen a real blood man.

I just listened to the old Dean Heris continuing to say: "The last time this blood man appeared was 500,600 years ago... Legend has it that when the demons fought against humans for the first time, the blood man was After refining, the blood disciple at that time was extremely terrifying, a ten high-level illusionist who could withstand humans, and it was said that he could not kill him."

When Li Tian heard this, he was stunned.

what?

"A blood disciple can actually withstand ten high-level illusionists of human beings? So powerful?" Li Tian said in shock.

But seeing the old dean Hollis said silently there, "Yes."

"This blood disciple is refined from the blood illusionist of the demon race. They turn this blood illusionist into a monster that is not human, ghost or ghost... and then uses these monsters as killing machines." Saying these words, there was a slight trembling sound in the voice.

Li Tianyi said, "I didn't expect this \*\*\*\* to be so terrible."

The old dean nodded cautiously and said, "Yes."

"At the moment, the Demon Sovereign has found Sifang Blood Sovereign, the supreme thing, and must refining that blood follower." The old dean said while watching the dark and strange Sifang Blood Sovereign.

Li Tianyi said: "Huh, since the blood disciples are so terrifying, then we must destroy the four blood sages first."

Li Tian looked at the weird black giant Dingdao.

The old Dean Heris in front of him also nodded cautiously, "Yes, it must be destroyed!"

"If it is, the Demon Sovereign has really refined a blood disciple, I am afraid that we humans are really going to be over..." the old dean sighed there.

When Li Tian heard it, he hurriedly said, "Then I will go and destroy the strange tripod first!"

Li Tianzhan, who was talking, left and flew to the side of the Sifang Blood Cauldron. He wanted to destroy the Sifang Blood Sovereign.
