

A Killer 2821

Chapter 2821: hide

After Li Tianfei flew over to the "Sifang Blood Venerable".

He first raised his eyes and glanced at the huge "Squared Blood Venerable" in front of him.

Then began to accumulate palm power, the moment the powerful palm power was accumulated in his palm, Li Tian suddenly released a palm.

The domineering palm suddenly hit the "Quadrant Blood Venerable", making a loud "boom".

When Li Tian slapped it up, who knew that the "Square Blood Venerable" didn't move at all, but shook slightly.

"What a hard thing." Li Tian was stunned.

To know the palm just now, Li Tian used at least 60% of his internal strength, enough to open the mountain and break the rocks!

However, hitting this "Quadrant Blood Venerable" hard, there was no reaction at all!

Looking at the "judging" in front of him, Li Tian felt depressed for a moment.

At this moment, the old dean Hollis saw the situation and not only walked over quickly.

"Li Tian, what's the matter?" Old Dean Heris asked quickly there.

After hearing the questioning voice of the old Dean Hollis, Li Tian depressedly said to the "Square Blood Sovereign": "Old Dean, this thing is so hard."

When the old dean heard this, he was surprised: "Really?"

Having said that, he not only walked over quickly.

After arriving here, I saw that the old dean raised his hands slightly, and then a group of beating purple flames appeared in his palm, the technique of underworld fire.

Then the purple flames in the palm of the old dean's hand all slammed up towards the "square blood sovereign".

But his condition was exactly the same as that of Li Tian, the giant cauldron only swayed slightly and it was intact.

"Oh, it's so hard!" After the blow, the old Dean Heris shouted there, completely depressed.

Then Li Tian looked at the old dean and said, "Old dean, it seems that it is impossible to destroy the four blood sages with brute force."

When the old dean Heris heard Li Tian say this, he not only frowned deeply at that moment and said, "What should I do?"

"This Sifang Blood Sovereign must never fall into the hands of people of the Demon Race! Once it falls, if the Demon Sovereign really uses it to refine the blood disciples, then we will be really bad."

The old dean said with an ugly face.

After hearing the old dean, Li Tian thought for a while and said: "Now we can't destroy the four blood sages with brute force, and we can't let this thing fall into the hands of the demons, old dean, according to me It would be better for us to hide the Foursquare Blood Venerable, or throw it into the river. In this case, although we have not destroyed this thing, I believe that the people of the Demon Race will not be able to find it."

When the old dean heard this, he said, "This idea is really good."

"However, there are no rivers in the surrounding barren mountains and ridges. If we want to throw these four blood sages into the rivers, it seems a bit unrealistic." The old dean said.

"It's a good way to hide these four blood sages in the mountains."

When Li Tian heard this, he smiled and said, "Well, then let's do that."

"it is good."

The old dean also nodded and agreed.

"Then we will immediately lift the giant tripod away and hide in this deep mountain." Li Tiandao.

The old dean said at this time: "Wait a minute, there is another member of the Demon Race."

After the old dean finished speaking, he suddenly glanced at the scared blood illusionist over there.

The blood illusionist fell to the ground at this moment, his face as ashes, and he looked at Li Tian and the old dean with his extremely scared eyes.

"Please, please, don't kill me..."

"I've...I've... told you all the things I know... Don't kill me..." The blood illusionist retreated in fear while shouting there.

He was afraid that Li Tian would kill him.

Let me say that the old dean looked at the blood illusionist of the demon race at this moment, and then looked at Li Tian again.

"Li Tian, how do you deal with him?" the old dean Heris asked.

Then Li Tian thought for a while and said, "Old Dean, we promised him not to kill him before! If that's the case, let him go."

The old dean hesitated slightly, but finally listened to what Li Tian said.

"Well, well, since it's so decided, the old man can't say anything more."

After finishing talking, the old dean looked at the terrified Demon Blood Illusionist and said coldly: "Go away! But before leaving, I want to remind you that you must not take things today. Speak out, otherwise, you will definitely be killed by your kind."

Listening to the old dean's words, the scared blood illusionist quickly said: "I know, I know, I promise not to say a word."

"Okay, you can go." The old dean said finally.

The blood illusionist picked up his life from the ghost gate, don't mention how happy he was.

Back there quickly, while saying, "Thank you...thank you for not killing."

After speaking, the blood illusionist ran away.

After watching the blood illusionist ran away, the old dean came back to his senses slightly.

"Li Tian, do you think it is appropriate to hide this square blood cauldron there?" The old dean suddenly asked Li Tian.

Li Tian raised his eyes and looked around.

I saw that most of the surroundings were high hills, and then I looked around.

He found that no place was considered a great position.

In the end, Li Tiandao: "I think it should be fine to find any place!"

"Old dean, you see this is a wilderness area, let's not worry so much! If the Demon Race wants to find it, it will take a long time to find it at least."

After hearing Li Tian's analysis, the old dean Hollis not only nodded there.

"Well, just do what you said."

After speaking, Li Tian suddenly said: "Okay, then we two will lift up the Four Square Blood Venerable, and then find a place to hide it."

After the two of them finished speaking, they then lifted the "Squaring Blood Venerable" together.

Although the four blood sages are extremely heavy, Li Tian and the old dean are by no means general, so there is no difficulty in lifting them up.

The arm was hard, and then Li Tian accumulated internal strength, and then lifted the "giant tripod".

Then the two of them walked towards the mountains and forest step by step.

They put the "square blood sage" on a pile of extremely inconspicuous stones, and also covered it with a special bluestone.

If you didn't look carefully, you would not be able to find this "square blood sovereign."

After hiding it, Li Tian clapped his hands there and said, "I believe this place should be remote enough. Even if the people of the Demon Race find this Sifang Blood Venerable, it will not be so easy."

The old dean also smiled slightly and said, "What you said is extremely true."

"In such a barren land, it is undoubtedly a needle in a haystack to find a square blood sovereign."

"Haha, **** demons, this time, they should be unlucky." Old Dean Heris said with a smile there.

Chapter 2822: Enter the magic city

In this way, under the arrangement of Li Tian and the old dean, they hid the "Squaring Blood Venerable".

After hiding the "Sifang Blood Venerable", Li Tian and the old dean left there.

"Now that the Sifang Blood Venerable is hidden, should we go to the land of the demon race?" Li Tian couldn't help but said.

I saw that the old dean Hollis nodded there and said: "En."

"Let's go, let's go to the demons."

After speaking, he took that Li Tian and set out step by step towards the land of the demon race.

After passing through the canyon, they saw the magnificent capital in the distance.

The capital of the demons?

Looking at the magnificent black building, Li Tian was stunned.

"That is the capital of the Demon Race?" Li Tianman asked in surprise.

The old dean Heris nodded slightly and said, "Yes."

"We have finally reached the capital of the demons." Li Tian couldn't hide the excitement in his voice.

The old dean smiled slightly and said: "Although we have arrived in the capital of the demon race, after entering the capital of the demon race in the next step, we must be careful not to be recognized as humans. Then we are done."

Li Tian nodded cautiously and said, "En."

"Let's go."

The old Dean Heris who was talking led Li Tian to walk step by step towards the capital of the Demon Race.

...

This road towards the demon race is extremely spacious.

Li Tian followed closely behind the old dean.

After walking for a while, Li Tian and the old dean saw a few dark figures slowly coming from the front.

Those dark shadows are not walking very fast, there are 3 in total, coming towards this side.

"Someone is from the Demon Race." Li Tian quickly said after seeing it.

The old dean also saw the situation at this moment.

"Well, it is indeed a demon guy."

"Old Dean, the two of us need to be dressed up, otherwise, if we enter the Demon Race like this, we will definitely be recognized." Li Tian reminded there.

The old dean in front of him smiled slightly and said, "I've already prepared this."

After speaking, the old dean suddenly took out two flesh-colored masks from his arms!
amount?

When Li Tian saw this "mask", he couldn't help being stunned.

"This is?" Li Tian asked curiously.

The old dean smiled and replied: "This is a gift from Dean Anthony of the Rock College when I was leaving...This is a human skin mask. The demons are exactly the same, they will no longer be able to tell that we are humans."

Listening to what the old dean said, Li Tian suddenly looked at the two masks in the old dean's hands with surprise, not only became curious.

"Is it useful?" Li Tian asked.

The old dean replied, "Of course, you can try if you don't believe me."

After speaking, he handed one of them to Li Tian.

After Li Tian took over the human skin mask, he not only felt that the mask was very thin.

When he was curious, the old dean in front of him had already slightly put the human skin mask on his face. After the old dean put the "human skin mask" on his face, his hands were slow. Moved slowly from his face.

Gradually, a face on Mo appeared completely in front of Li Tian.

I saw the old dean suddenly turned into his 40s, his face was extremely smooth, a little pale, and there were no eyebrows at the same time, and he looked exactly like a demon.

"Old Dean? Your face?" Li Tian said there in surprise.

The old dean's face has completely changed at this moment, becoming exactly the same as the demon.

At this moment, the old dean looked at Li Tian and said, "Li Tian, how is it? Can you still see who I am?"

"No, I can't see it." Li Tian said.

The old dean smiled slightly at the moment and said, "Very good."

"Li Tian, you should also try your mask quickly." The old dean said.

After listening to the old dean's words, Li Tian hurriedly put the mask lightly on his face.

After Li Tian put the mask on his face, his face gradually changed to another look, a pale face that was completely strange...

"Li Tian, this mask of yours is also very good, you can't tell that you are a human at all." The old dean looked at that Li Tian and said with a smile.

Li Tian touched his face at this moment, feeling quite satisfied.

"Let's go, our faces have become exactly the same as those of the demon...I believe others will not recognize it."

After the old dean finished speaking, Li Tian nodded.

Then he took Li Tian in front of him and started walking towards the front place.

In the front place, you can see 3 demons walking by from a distance.

The three people, wearing black robes, slowly walked towards them.

Soon, those three demons also saw Li Tian and the old Dean Hollis.

When they saw them, the three demons suddenly crossed their hands slightly at them and placed them in front of their chests...like a salute.

The old dean and Li Tian were not only slightly startled.

Then the two of them were very wise to learn the appearance of the three demons, and then folded their hands on their chests like them, and then saluted in turn.

After the salute, the three demons walked away.

Looking at the three demon people who left, that Li Tian couldn't help being stunned.

"They didn't recognize us?" Li Tiandao.

The old dean smiled and said, "Yes, it seems that our human skin masks are still doing well."

"By the way, the way they crossed salutes just now was like etiquette, right?" Li Tiandao.

The old dean Heris said there: "Yes."

"This is a kind of etiquette of the demons."

After the two had spoken, they then continued to walk towards the capital of the demons.

Getting closer to the capital of the demons, the more magnificent tall buildings can be seen.

The tall black city wall stood tall, carved with hideous patterns of monsters, terrifying and weird.

On that city wall stood all tall and burly barbaric half-orcs, standing there arrogantly, like warriors.

Below this huge city wall is the bustling demons passing by.

Most of those demons were tall and majestic, with very majestic figures, and most of them walked past the gate in black robes.

After Li Tian and the old dean took a look, they only heard the old dean say slightly: "Let's go in too."

Li Tian said: "En." Then he followed the old dean and started walking towards the capital of the demon race step by step.

Chapter 2823: Old acquaintance

The two walked past the thick and sturdy black city wall, and saw barbaric orcs holding weapons, as well as demons soldiers walking back and forth.

Seeing that the old dean Hollis and Li Tian lowered their heads, they walked carefully past the gate.

Because the two of them have changed their faces, they look exactly like the people of the Demon Race at the moment, so those Demon Race people can't tell who they are.

"Yue, we're here." After the two of them walked into the capital of the demon race, they saw the old chief hesitating slightly.

Li Tian not only smiled.

He did not expect that it would be so easy to enter the Demon Race.

After the two of them entered the capital of the demon race, they began to walk step by step along the wide road.

The buildings of this demonic capital are completely different from the imperial capitals of human beings. The buildings are tall and cold, and the black walls give people an extremely strange feeling.

The demons on both sides were also wearing thick robes, walking one by one.

They were lonely, as if they didn't talk very much, walking silently on the road.

Li Tian and the old dean were walking all the way, watching the walking demons around them.

After walking forward for a while, suddenly the old Dean Hollis pointed to the place ahead and said, "Li Tian, we should find a place to settle down first."

After listening, Li Tian nodded and said, "Well, good."

"There seems to be a demon hotel in the front place. Let's go and take a look." The old dean Heris pointed there.

Li Tian took a look, but saw that there really was a small hotel tens of meters ahead.

After seeing it, I saw that the old dean Hollis began to walk over with Li Tian.

After arriving at the small hotel in front, I saw that the hotel was not very big.

After Li Tian and the old dean took a look at the small hotel, they just listened to the old dean saying, "Is it here?"

"Yep."

The two who said this walked in towards the small hotel.

After walking in, I saw a small bar inside this small hotel.

There were also two tables of Mozu people sitting inside, where they drank and ate.

After the old Dean Hollis and Li Tian walked in at this moment, they took a look at the situation here, and then the old Dean looked at Li Tiandao; "Li Tian, are you hungry? Or, let's eat something first. thing."

"Well, good." Li Tiandao said.

He is indeed a little hungry now, so he just said there.

The two people who had finished speaking then sat down on the empty table over there.

Then I saw a wine servant in a black robe coming over there.

Li Tian and the old dean ordered some beef, and then another bottle of spirits.

Then he ate and drank there.

At this moment, no one paid attention to Li Tian and the old dean.

Just when Li Tian and the old dean were eating beef, suddenly there was a mess on the street outside the door.

Li Tian and the old dean froze for a moment, then looked up, but seeing the wide road outside, the people of the demon race who were walking suddenly began to retreat on both sides, as if some big man appeared.

"It seems that something happened?" Li Tian said there.

The old dean in front of him was also frowning slightly at the moment and said: "En, yes."

"Old dean, let's go out and see the situation." Li Tian said in front of him.

The old dean nodded and said, "Okay!"

Then I saw that Li Tian and the old dean walked out quickly.

When they walked out of the small hotel, they saw a group of dark orcs in front of them coming from a distance with pride.

These are the army, the great army of the demons.

When Li Tian and the old dean were seeing such a scene, they couldn't help but frown.

"What's the situation?" the two of them muttered curiously.

As soon as the words were spoken, the brigade in front of them suddenly came over.

Then I saw a man covered in blood, tied to a thick wooden stake, and dragged into the street.

The man was covered in blood and had deep scars. It was obviously tortured. He was tied to a pillar as if he had died, and was dragged by a few powerful and brutal orcs in a parade.

Li Tian and the old dean were stunned when they saw this.

What exactly happened here?

At this moment, suddenly Li Tian looked at the guy tied to the pillar and felt very familiar.

"Old Dean, the guy on the pillar...it's him!!!" A word suddenly came out of Li Tian's mouth.

At the moment when Li Tian said such a sentence, the old dean in front of him was not only taken aback.

"Who?"

But seeing Li Tian opened his eyes wide and said: "He is the blood illusionist of the Demon Race who was let go by us!"

It turned out that the guy covered in blood tied to the pillar was the blood illusionist of the Demon Race that Li Tian and the others let go in that valley.

After hearing Li Tian's words, the old Dean Khri was not only startled, but also quickly fixed his eyes to look at it. As expected, he was really the poor Demon Blood Illusionist.

"Ah? It's really him." The old dean was also surprised at the moment.

Li Tian said there: "It seems that the Demon Race must be punishing his Quartet Blood Venerable for being robbed."

After the old dean listened, he was silent at the moment.

I saw teams of demon army horses passing by, and suddenly Li Tian saw a familiar figure in the back.

One of the Chaos Twins: Morodo!

The moment he saw Morodo, Li Tian was stunned, and quickly lowered his head, and then stretched his hand to the old Dean Hollis in front of him.

"Old Dean, we have met an old acquaintance." Li Tian said in a low voice.

The old dean was startled slightly, then raised his eyes to look, and then he also saw Morodo, the chaos twins.

"Huh? Chaos Twin Demon?" Old Dean Hollis said.

Then the two took a step back subconsciously!

Although they had human skin masks on their faces, they were still afraid that Morodo would recognize them.

Who knows, Morodo, who was riding on the black horse, didn't even notice them, and led the large army of demons toward the front.

After Morodo walked over, the old dean said, "Hey, why did Morodo suddenly take a large army of demons out of the city? It's strange!"

Li Tian looked at the figure of the demon army that was going away, and muttered: "I guess they should be looking for the Sifang Blood Venerable."

"what?"

The moment Li Tian said these words, the old Dean Khris in front of him suddenly showed incredible eyes in his eyes.

Chapter 2824: Looking for the Sifang Blood Sovereign

"Li Tian, why do you say that?" The old dean looked at Li Tiandao with a surprised expression.

But seeing Li Tiandao: "The Sifang Blood Sovereign is very important to the Demon Race. Now they are hijacked by us, they must be very anxious!"

"So, I personally think that Morodo is anxious to leave the city now, and he must be looking for the Quartet Blood Lord."

When the old dean heard Li Tian say this, he felt that what Li Tian said was very reasonable.

Said: "Then can they find it?"

Li Tian frowned and said, "I don't know this. Anyway, you and I have hidden the Sifang Blood Sovereign...I believe that even if they find it, it will take a long time."

The old dean nodded and said, "Well, what you said makes sense."

"Forget it, we don't care about them! If they really find the Sifang Blood Venerable, then we can only consider ourselves unlucky." The old dean finally said.

After speaking, Li Tian followed the old dean into the small hotel again.

After entering the small hotel, Li Tian and the old dean found a guest room to live in.

This small hotel is not very big. There are only 4 rooms in it. Then Li Tian and the old dean settled in the two rooms by the road.

"Li Tian, take a good rest first, and at night, we will act."

After the old dean went upstairs, he faced Li Tiandao.

Li Tian nodded, then turned around and entered his room.

As he entered the room, Li Tian stood at the window and glanced at the capital of the Demon Race. At this moment, his eyes were full of deep anxiety.

"I don't know what happened to Ningbing now?"

"Where is she now?"

Li Tian sighed softly, finally returned to the bed and lay down.

He fell asleep after a while.

...

Outside the Mozu Capital City!

I saw that Morodo was leading a large group of military horses toward the direction of the canyon.

Soon, but seeing them, they arrived at the canyon where the Sifang Blood Venerable had been hijacked.

After reaching the canyon, Namorodo looked at the corpse of the orc killed in the canyon and the blood left on the ground. Then Morodo suddenly showed an extremely ugly look on his face.

"Damn it!"

After speaking, he suddenly stretched out his hand there and said, "Stop!"

Following his order, all the army stopped in front of them.

I saw that Morodo said with a sharp voice there: "This is the place where the Sifang Blood Venerable was hijacked. Now, I want you to find it for me. Get it back! If you can't find it, all of you don't want to live."

At the moment when Morodo's grim and shrill voice spoke, all the half-orcs and the demon army hurriedly shouted, "Yes!"

Then they began to look around! Looking for the Quartet Blood Venerable!

It turned out that Li Tian's guess was right, and Morodo really brought people to find the Quartet Blood Venerable.

At this moment, all the demons had begun a carpet-like search, and they were looking for the Quartet Blood Venerable.

And what about Morodo?

Suddenly a pair of vicious eyes fixed on the guy who was tied to the pillar and covered in blood.

Then he swept his body and quickly reached the guy's side.

Suddenly stretched out a hand, and then suddenly pinched the blood illusionist's neck.

"Asshole, wake up Lao Tzu."

With a roar, a weird blood gas suddenly came from the heart of his hand, and the blood gas then instantly rushed into the nose of the **** fellow.

After the strange blood burst into the **** fellow's nose, the fellow suddenly coughed and woke up.

Then a mouthful of blood came out of his mouth.

"Spare...Spare..." the sober blood illusionist said begging for mercy there.

When Morodo heard him say this, he suddenly laughed gloomily.

"Spare your life? You have a delusion, you **** lost the old Demon Emperor's Quartet Blood Venerable? Think about it, can your life be spared?" Morodo's sharp voice sounded in the valley.

The poor illusionist, covered in blood, begged there.

I saw that Morodo grabbed the poor illusionist by the neck at this moment, and roared there: "Asshole, you tell me now, who on earth dared to hijack the four-blooded square of the old demon emperor? That **** did it?"

Following the roar of Morodo, the poor blood illusionist with blood on his face quickly replied, "Yes, it is two humans."

"What? Human?"

When Morodo heard this, he roared immediately.

"You mean, two **** humans broke into our demons' domain?" Morodo asked angrily.

The demon blood illusionist covered in blood said: "Yes, yes."

"Are you not lying?" Morodo asked angrily.

The blood illusionist quickly replied: "The subordinates absolutely dare not... They are really two humans, and they are two human illusions."

When Morodo heard this, his brows suddenly wrinkled tightly.

"Damn it, how is it possible? Is the human illusionist tired of living? How dare to break into our demons?" Morodo thought there.

Then he asked angrily: "Tell me, what do those two **** humans look like?"

Just listen to the blood-covered illusionist answering there; "One of them... is an old man! The other is a young man..."

"An old man? A teenager?"

Morodo was surprised.

"Yes, the old guy used the fire illusion technique, as for the young man... he used the lost qi illusion technique." The guy covered in blood said.

"what?"

"Aura?"

When the **** guy said so, Morodo was shocked.

"It's him? It's the **** kid! Li Tian?" Suddenly Morodo remembered Li Tian.

Because only Li Tian has used Qi illusion on the battlefield alone!

So when the dying subordinate suddenly said "Qi illusion" in this way, Morodo suddenly thought of Li Tian.

When he thought of Li Tian, Morodo was shocked.

"Could it be that that **** kid dare to invade the capital of the capital?" he muttered that.

The poor blood-stained guy next to him was there begging, "Don't kill me...Don't kill me..."

As soon as the words were spoken, Morodo squeezed his five fingers and directly crushed the blood illusionist's throat tube.

"You trash lost the holy thing, and still want to live? Huh?"

In an instant, the poor guy died there tragically.

Morodo's face was so ugly at this moment, he flew down quickly from above, and then murmured in his mouth: "Asshole Li Tian, I Morodo will kill you by myself."

Chapter 2825: Lurking in

The overwhelming Mozu army is still searching there.

They searched in this canyon bit by bit just like that, searching very seriously.

"Quickly search for me, and you must find the Blood Venerable Quartet. If you can't find the holy relic, you all don't want to go back alive." Morodo's sharp and terrifying voice echoed in the canyon.

When the orcs heard this, they quickly speeded up their search.

The sky gradually became darker.

The half-orcs raised their torches and began to search, as if they must find the four blood sage.

Suddenly when all the half-orcs were searching, the few half-orcs standing on the side of the mountain suddenly yelled.

"Found it, found the holy thing."

A hoarse and unpleasant voice yelled from the orcs' mouths, and the voice cut through the silent valley and came down.

The moment Morodo below heard the sound, he became excited for an instant.

"found it?"

As he said so, then he saw him stretch out and flew towards the mountainside very quickly.

When Morodo flew up quickly, he ran towards this side quickly.

"Where is the Quartet Blood Sovereign?" Morodo screamed while running fast.

The half-orcs in front standing in the thick grass shouted in cheers while shouting at the thick grass with their fingers: "Here, here."

Na Morodo raised his eyes, but saw that among the dense grass, it was the sacred object of the Demon Race, the Quartet Blood Lord!

This is indeed the old dean Hollis and the Quartet Blood Sovereign that Li Tian is hiding here.

Unexpectedly, he was finally found by Morodo, the demon.

But seeing that Morodo was excited at the moment he saw the "Square Blood Venerable".

"Get out of the way and let me see."

As he said that, he walked over quickly and pulled away the thick grass, but saw that the giant cauldron was placed there motionless.

Then Morodo blinked excitedly and looked at the "Square Blood Sovereign" in front of him. After looking up and down carefully for a long time, he suddenly laughed.

"Very good, very good, the Sifang Blood Venerable is intact!" He smiled strangely.

At this moment, those half-orcs all gathered around.

"Fortunately, the Sifang Blood Sovereign has not been damaged. Otherwise, the Demon Sovereign Elder must kill all of us!" Just listen to that Morodo sighed.

The half-orcs of the demon race around, when they saw the Quartet Blood Venerable found, they all cried out in excitement.

That Morodo was also extremely excited. At this moment, he shouted to all the half-orcs there: "Quickly, quickly lift the Sifang Blood Venerable to me! Let's return to the Demon Capital!"

After Na Morodo finished speaking, the half-orcs happily lifted up the Sifang Blood Venerable, and then happily returned to the capital of the demons.

They found the Quartet Blood Lord.

...

Now Li Tian and the old dean had no idea that the Sifang Blood Venerable had been found.

They are still resting in the small hotel in that magic city.

As the night darkened.

Li Tian finally got up.

Pushing open the window and looking at the night outside, Li Tian suddenly found that the whole street was empty, not even light.

"Hey, how come there is no one at night in the capital of the Demon Race?" Li Tian asked in surprise.

Just as he was thinking about it, the door of the room suddenly banged.

"In." Li Tiandao.

As the voice spoke, the door was pushed open.

After the door was pushed open all of a sudden, the old dean walked in from outside.

"Li Tian, are you awake?" After the old dean walked in, he looked at Li Tian and asked.

Li Tian smiled and replied, "En."

"Old Dean, I have something to ask you." Li Tian said at the moment.

After hearing Li Tian's question, the old dean said, "What's the matter?"

"Old dean, look at the streets of the demons... why are they empty at night, without a single figure?" Li Tian said curiously.

The old dean was taken aback at this moment, and he went to the window, raised his eyes and looked towards the street below. After looking down, he really saw that the empty street was empty! There is not even a light in the surrounding houses.

After the old dean looked at it, his brows wrinkled tightly.

"Old Dean, do you know what is going on?" Li Tian continued to ask.

The old dean thought about it for a while, and then muttered: "I once heard that the demon capital has a night ban at night! From the current situation, it should be true."

"No night order?"

Then Li Tianyi was not only curious.

The old Dean Hollis nodded there and said, "En!"

"It is said that after the demon capitals generally arrive at night, no one is allowed to go out! This is the night ban in the demon capitals."

After listening to Li Tian, he thought about it slightly.

"That's it."

"Old Dean, shall we act tonight?" Li Tian said suddenly.

The old dean said: "Do you want to act?"

"Well, I want to find Ningbing as soon as possible." Li Tiandao.

After hearing Li Tian say this, the old dean said, "But we still don't know where the demon's royal family is?"

Li Tiandao: "It doesn't matter, we can ask."

Listening to what Li Tian said, the old dean finally said, "Well, since you want to act, then I will accompany you."

"Go, taking advantage of the demon's night prohibition order at night, we just acted." The old dean said there.

When Li Tian heard the old dean's promise, he smiled and said, "Okay."

The two who were talking prepared a little.

After preparing for a while, they began to act.

They did not walk from the small hotel at the front entrance, but jumped directly from the window. In the dark, but seeing Li Tian and the figure of the old dean flew directly out of the window. After flying out, the two swiftly walked towards the night street like cats.

This extremely wide street is so quiet and terrible at this moment that you can't even see a single figure!

Occasionally I can hear a few dog sounds...

Li Tian and the old dean were walking fast on this dark street.

Soon, Li Tian and the old dean arrived at the center of the Demon Race.

When they reached the center of the city, they saw a very tall building in front of it. The building resembled an ancient Roman church, pointed and towering.

In the outer areas, there are rows of heavy demon soldiers guarding them, and inside are brilliant lights.

"Old dean, do you think this building is the place of the imperial family of the Demon Race?" Li Tian was hiding in the darkness, and at the moment he looked at the towering building and asked.

Chapter 2826: Murderous transpiration

The old dean Heris took a look and murmured, "I'm not sure about this either."

"However, it looks like it is."

Then Li Tian nodded at that moment and said: "Yes."

Just as the two were talking, suddenly a row of demon half-orcs in heavy armor patrolled in front of them.

The half-orcs walked neatly there, wearing armor and carrying heavy weapons.

The old dean Heris and Li Tian went into hiding after seeing them.

After the orcs on patrol had left, Li Tian walked out of the dark.

Then the two looked at the extremely tall building in front.

The building is surrounded by a towering city wall, roughly two feet tall.

Li Tian took a look and suddenly said, "Old Dean, or I will check it out first. You are waiting for me outside here alone."

The old dean was slightly startled when Li Tian said this, "What? You want to go in alone?"

"En." Li Tiandao.

The old dean suddenly said, "But, that's too dangerous..."

Li Tian smiled and said: "Old Dean, please rest assured, I should be fine! Besides, I just go in to check the situation, if there is a problem, I will come out in time."

The old dean knew Li Tian's strength very well, and he heard Li Tian say this again. After thinking about it, he said there: "Well, since you insist on going in alone, then I promised. You! But if you go in, you must be very careful and protect yourself."

Li Tiandao: "En."

"Then you go in, I am here waiting for you." The old dean said.

Li Tian nodded, and then said, "Then I'm leaving."

The words were spoken, suddenly, but seeing his figure moving, at this moment, like a wild goose, suddenly the whole person flew directly to the towering icy city wall!

As he flew up, his feet suddenly stepped on the city wall, and then his body was suddenly raised a few feet, and then the whole person flew up to the top of the city wall.

Seeing Li Tian's light work, the old Dean Hris, who was hiding in the dark, not only said in embarrassment, "This boy, his skills are getting deeper and deeper."

But he said that Li Tian at that moment had already flew over the wall.

Just after reaching the city wall, the two orcs guarding on the left suddenly roared, "Who?"

It turned out that a black shadow flew over the corner of their eyes just now.

At the moment when they just called out in their mouths, Li Tian shot instantly.

Li Tian used Xuantian's ***** "swish, swish" to strike directly.

Two terrible fingers directly penetrated the heads of the two half-orcs, and the two sorrowful half-orcs did not even make a scream, and then both threw themselves to the ground.

After Li Tian successfully solved the two half-orcs, he then observed the situation inside the city wall.

I saw the lights inside the city wall were brightly lit, and there were teams of orcs patrolling there!

Among them, there are many demonic blood illusionists walking back and forth there.

"Is this really the royal powerhouse of the demons?"

"If it weren't, it would be impossible to have so many blood illusions guarded by it!" Li Tian said slightly in his heart.

"But is Situ Ningbing here?" Li Tian thought to himself.

After thinking about it for a while, Li Tian suddenly said inwardly: "Forget it, I can't control that much, I must go down and check the situation."

After Li Tian made such a decision in his heart, he was ready to go down.

The underside at this moment is heavily guarded. Not only are the many half-orcs of the Demon Race patrolling and guarding there, but also the blood illusionist of the Demon Race staying there.

If Li Tian was discovered by any chance, he would be besieged by heavy troops!

But in order to find that Situ Ningbing, Li Tian didn't care about danger or not now.

He even dared to break into the barracks of a hundred thousand demons, wouldn't he dare to break into the place in front of him?

I saw that after Li Tian decided in his heart, his eyes looked coldly at the place below, and then he was looking for a place to go.

After watching for a long time, Li Tian finally decided to fly down the east wall.

Although there were half-orcs of the Demon race patrolling the place to the east, the lights below were relatively dim and there was a hiding place, so Li Tian finally chose this place.

After making this decision, Li Tian saw the right time, and then he slid and flew straight down from the city wall.

At the moment of flying down, Li Tian hurriedly hid in the shadow of a rockery.

Rao was so cautious as he was, but he was still heard by the half-orcs patrolling in front of the demons.

"There seems to be movement over there."

Suddenly a roar came out of the mouth of a hideous orc.

The orc was tall and burly, with 78 orc soldiers yelling there.

"Let's take a look." After hearing what he said, the burly orc beside him roared there.

Li Tian was hiding in the dark at this moment, hearing the words of those half-orcs, his heart was secretly: broken, was found.

Just when Li Tian was worried, he saw that the 78 half-orcs had already walked towards him.

The orcs walked over there with torches in one hand and heavy weapons in the other.

Li Tian saw those half-orcs walking towards him, and at this moment had to take a hard shot.

"There is no way, I can only quickly solve these **** half-orcs." Li Tian thought to himself.

The orcs are getting closer.

Just when their torches were about to hit that Li Tian, Li Tian suddenly shot.

"Slavery!"

Li Tian opened his five fingers on his left hand, and the powerful vigor that erupted from his palm directly controlled the half-orcs in the front.

Then the right hand quickly displayed "Ten Jue Sword Qi."

One hand is illusion, the other hand is martial arts!

The combination of the two has reached an incredible level.

At the moment when those half-orcs were under control, the sharp sword aura suddenly cut from the air!

A cold sword aura slashed at the half-orcs, and those half-orcs were instantly fragmented, and then fell to the ground.

The remaining two tall half-orcs at the back did not understand what was going on. They suddenly saw that all of their companions in front were dead, and they cried out in shock.

what.....

A roar cut through the dark night sky.

Suddenly, Li Tian waved his hands hurriedly and quickly shot out two palms!

Bang, bang,!

The two orcs received two palms on their chests, then they were knocked into the air, and fell to the ground with a plop, and they all died.

Chapter 2827: Something to worry about

Let's talk about Li Tian's hand, although he tried to keep a low profile.

Make sure to keep your movements small, but the deaths of 78 half-orcs still alarmed the Demon patrol over there.

On the huge square on the left, the Demon Blood Illusionists wearing black robes suddenly changed their faces at the moment they heard the movement.

"There is a situation over there, hurry, go and see."

With a roar, all the 56 Demon Blood Illusionists wearing black robes flew over here.

Those patrolling, orcs with torches in their hands also rushed toward this side.

The moment they ran over, they suddenly saw the corpses of the orcs falling on the ground.

"what?"

When they saw the 78 half-orcs killed by Li Tian, they were all shocked.

Then I saw a blood illusionist from the demon clan shouting loudly: "There are assassins, and assassins have broken in."

As he shouted, this voice also alarmed all the demonic blood illusions in the square over there, as well as the half-orcs.

Then, the whole square suddenly became chaotic.

"Quick, search quickly, we must find the assassin and kill him."

Those angry blood illusions shouted there.

However, that Li Tian disappeared here.

In the entire city, the patrolling half-orcs became more and more. They formed a team and started looking for the assassins, and the blood illusions were also looking for them in every corner.

But he said where is Li Tian?

Look carefully, in the dark corner at the front, I saw Li Tian hiding deeply there.

It turned out that after quickly killing the half-orcs, he quickly changed a place to hide. At this moment, seeing his whereabouts have been completely exposed, he not only frowned slightly.

"Hey! I was really careless tonight! Now I have alarmed the soldiers and horses of the Demon Race, so it seems that I can't stay here anymore, I must escape here as soon as possible." Li Tian thought quickly. Thinking of it, while looking at the place in front of him, his eyes rolled there, ready to find a place to leave.

Just when Li Tian was about to leave the shocked Demon Cities, suddenly from the front of a tightly closed bunker-like building, a dozen blood illusionists in black robes burst out.

"What's the matter? Why is it so noisy outside?" A dark and sharp voice suddenly came out of a blood illusionist.

With the sound coming, it was Morodo who came out of the chaos twins!

what?

When Li Tian, who was deep in the dark, suddenly saw Morodo, his eyes widened for an instant.

"It turns out that Morodo is really here."

"It seems that this place should be the center of the Demon Race." Li Tian in front of him said secretly.

Just after Morodo came out with a dozen blood illusionists of the demon race, he only listened to the people under his hand quickly replied: "Tell Morodo, an assassin has broken in."

"what?"

When Morodo heard the words for assassin, his entire face changed drastically.

"assassin?"

The subordinates quickly replied: "Yes, we just found the corpses of 78 half-orcs over there. They were assassinated by the assassins."

When Morodo heard this, his anger suddenly went up and down.

"Bastard, is that **** dare to break into the magic city so boldly?"

"Search it for me! Be sure to find that bastard." Morodo snarled suddenly there.

"Yes."

As soon as the subordinates heard it, they began to search quickly.

Li Tian hid in the dark just like that, watching the situation here.

He can't come out now, facing so many people of the Demon Race, he is undoubtedly stupid to come out.

In this way, Li Tian has been hiding there.

The half-orcs of the demon race and the blood illusionist searched for a long time, but did not find the whereabouts of Li Tian.

Finally, when the half-orcs and the blood illusionists were not paying attention, Li Tian hurriedly showed his figure, suddenly his body went up and down two times in the air, and then flew out of the towering wall in a very fast speed!

He is out!

When Li Tian leaped out of the fence, the old Dean Hollis, who was waiting anxiously outside, was finally relieved at this moment.

Seeing Li Tian's two ups and downs, he flew to the old dean's side.

"Li Tian, you finally came out." The old dean looked at that Li Tian was worried.

Then Li Tian smiled slightly and said, "I'm sorry, I'm worrying about the old dean."

"Li Tian, have you found your lover?" Old Dean Hollis asked there.

But seeing a look of disappointment on Li Tian's face, he shook his head and said, "No."

The old dean looked at it and said: "It's okay. I believe you will find your lover. Besides, we still have opportunities."

Then Li Tian nodded at this moment.

"Li Tian, I heard a lot of movement in the city just now. Have you been spotted?" the old dean asked at this moment.

I saw Li Tiandao: "Yes, when I went in, I was indeed spotted."

"Fortunately, you escaped, otherwise, it would be troublesome." The old dean said slightly there.

Li Tiandao: "En."

"It's not suitable to stay here for a long time, let's go back as soon as possible." Just listen to the old Dean Hollis in front of you.

Li Tian didn't speak too much, so he followed the old dean back.

On this broad road, few people travelled, at this moment only two lonely figures of them were walking there.

As he was walking, Li Tian suddenly remembered Morodo, the chaos dual demons.

"By the way, the old dean, I saw Morodo just now when I was inside." Li Tianbian said to the old dean as he walked.

When the old dean heard Morodo's name, he was slightly startled.

"Didn't this demon go out of the city to look for Fangzun of Four Blood? Why did he come back so soon?"

Li Tian shook his head and said, "I don't know too much about this!"

"Couldn't it be, did the demon find the Sifang Blood Lord?" The old dean suddenly said with an ugly expression.

At the moment Li Tian heard the four words of Sifang Xuezun, his face changed slightly, and he muttered, "No, did they find it so soon?"

"There are many demons! If you find it, it is also very possible." The old dean said.

Then Li Tian frowned and said, "If this is the case, wouldn't it be... the Demon Race is going to create a horrible blood disciple?"

At this moment, the old dean was silent in the dark without speaking.

After a long, long time, only the old dean said: "If the Demon Race really creates blood people... I'm afraid... I'm afraid... Only Elder Long can save us humans."

Chapter 2828: Shura was born

Listening to the word "blood disciple" in the old dean's mouth, even Li Tian was startled slightly.

Although he had never seen a real "blood man", he still had a taboo in his heart.

"Forget it, let's go back to the hotel and rest." Finally, Li Tiandao.

So the old dean followed Li Tian back to the hotel.

This night, just passed.

Although Li Tian entered the heavily guarded imperial city of the Demon Race, it still didn't play any role, because he found nothing, nothing, and the only thing he saw was Morodo, the Chaos Dual Demon.

With a little regret, Li Tian and the old dean returned to the small hotel.

After resting in the hotel for a few hours, the sky lightened slightly.

After daybreak, Li Tian followed the old dean down from the upper floor, and then went to the place below to eat.

After ordering a few meals, they started to eat.

There were also a few demons eating and drinking nearby. Among them were two burly men and a small child.

None of these demons have eyebrows, and their faces are as pale as paper.

Only one of the burly men took the lead and said: "Hey, have you heard that? Someone daringly promised the sky and broke into the Demon Capital City last night."

When another Demon man with a pale face heard him say this, his face suddenly changed slightly.

"Ah? Who is so bold? Don't you want to live?" the man said in shock.

Just listen to the burly demon man whispering there: "I heard it is a human illusionist."

"What? The human illusionist?"

The burly demon man nodded cautiously and said, "Yes."

"I have a friend who works as a patrolman in the Demon Imperial City. This is what he personally told me this morning. He also said that 78 half-orcs died last night. Therefore, the Imperial City has already issued an order and plans to strictly enforce it. Search to find those humans."

"Damn it, those human beings are too bold to break into the territory of our demons."

"Yeah, so bold."

When the two Demon Race men spoke, their voices all passed into the ears of Li Tian and the old dean.

The old dean and Li Tian sat there quietly, and then listened to their conversation.

"However, even if those humans have the courage, they will soon perish." The demon man suddenly laughed.

The demon man on the other side also laughed and said, "Yes."

"Especially today that saint Shura wants to leave the Nether Ghost Cavern." The other Demon Race man said.

When Li Tian on the side and Old Dean Hollis suddenly heard the two Demon Race men say "Netherworld Ghost Cave, Shura", they were not only taken aback.

"What are these two guys talking about?"

"They said that Shura was going to exit from the Nether Ghost Cavern?" The old dean's face turned ugly in an instant, under the low voice.

Then he carefully pricked up his ears and began to listen to the conversation between the two demon men.

I saw the two demon men, and continued to say: "Yes, it is said that Shura will be born at noon! I don't know if we will be lucky enough to see the legendary Shura today."

"I hope we have a blessing, can take a look at Shura." Another demon man beside him said.

After speaking, they began to eat.

Soon after they had some meals, they paid and left the small hotel.

After they left, Li Tian and the old dean came back to their senses slightly.

"Li Tian, did you hear that just now? The two Demon Race guys said that Shura is about to be born, and just today!!!" The old dean suddenly said with an extremely ugly expression.

Li Tiandao said: "They are talking about Shura who is as famous as the saint Long Lao??"

The old dean in front of him nodded his head with his eyes wide open and ugly.

"Definitely is."

Li Tian not only frowned at this time.

Although Li Tian has never seen that Shura, he has seen the saint Long Lao!

The strength of the saint Long Lao has reached the point of intrepidity. To be honest, even Li Tian dare not guess. He only knows that the saint Long Lao has reached the realm of outer space, and his strength has already surpassed his imagination. range.

A terrifying figure who can move in and out of a hundred thousand demon army freely, just imagine how powerful it should be!

And now, that Shura and Long Lao are as famous, so, that Shura's strength must be equal to Long Lao!

If the Demon Race really invites out that terrible demon like Shura, what should we do?

After thinking about it, Li Tian said in a low voice: "Unexpectedly, there are such terrifying figures in the Demon Race."

The old dean in front of him nodded silently and said, "Yes."

Both people are full of thoughts at the moment, and they seem to have no appetite for the rest of the meal!

He didn't even ate another bite, and then Li Tian and the old dean went to the room on the second floor.

When he arrived in the room, Li Tian rested.

The old dean also stayed in his room, not knowing what he was doing.

After taking a long break, Li Tian suddenly heard a noise from the street outside the window.

The sound made Li Tian unable to rest, so Li Tian got up from the bed, and walked over to see the situation.

Through the open window, Li Tian looked down. In this look, he saw many demons standing on the wide street.

There were men, women, and old and young, all with pale faces, standing on both sides of the street, and then looking towards the city gate, as if they were waiting for the appearance of some big man.

When Li Tian looked at it, he was slightly startled, and his heart was filled with words: "What are these demons standing on the street and watching? Why are they so lively?"

"Could it be that they are all waiting to see Shura's birth?"

Li Tian suddenly thought of the words the two demon men said when he was downstairs before.

Just as Li Tian was thinking about it, suddenly the door of the room was pushed open. A closer look revealed that it was the old Dean Heris who walked in.

"Old Dean." Li Tian shouted when he saw the old Dean walk in.

The old dean Heris said right there, "Li Tian, look at the street downstairs...the demons seem to be watching something."

Hearing what the old dean said, Li Tian suddenly understood in his heart that it seemed that the old dean also saw the demons gathered downstairs.

Chapter 2829: Magic Emperor

Hearing what the old dean said, Li Tian already knew that the old dean might have also seen the situation of the demons below.

"Old Dean, are these people all watching that Shura is born?" Li Tian suddenly asked.

The old dean Heris frowned and said: "It is likely to be."

"Maybe, Shura will really be born today."

The old dean who said that followed Li Tian and stood there at the window, looking at the situation below.

On the broad streets, more and more people of the demon race had gathered, and they were arranged in an orderly manner, and then they watched the direction outside the city.

Suddenly at this moment, a "hum, hum" sound came from a distant place.

As the sound came, the demons who had gathered on the street quickly began to step back one by one.

"What sound?" Li Tian asked suspiciously.

As he asked, the old dean also shook his head at the moment, expressing puzzlement.

Looking up, suddenly a dense army of demons came out from the wide street in front.

In the front is an army of half-orcs of the demon race walking, behind is a blood illusionist wearing a black robe, and at the back is a square black dragon sedan chair.

The sedan chair was dark and huge, and looked scary, and its four corners were engraved with weird beast pictures and texts.

Such a weird and terrifying black dragon sedan chair was carried by more than a dozen powerful orcs.

I saw Morodo, one of the two chaos demons, on the left and right sides of the black dragon sedan chair, and the other was a very thin old man who had never appeared before.

When Li Tian and Old Dean Hollis saw this, they were slightly stunned.

"Old dean, look at the black sedan chair, who is sitting in the sedan chair?" Li Tian asked in surprise.

The old Dean Khris also raised his eyes to look at this moment.

At this glance, he saw Morodo and another old man with a slender figure.

"Morodo actually escorted the people in the sedan chair?" The old dean Heris suddenly muttered in surprise.

"It seems that the person sitting in the sedan chair is definitely an extraordinary person." The old dean said again.

Li Tian looked at the black dragon sedan chair carefully, and suddenly said, "Could it be the Devil Emperor?"

"Magic Emperor?"

When the old Dean Khris heard it, his heart swelled.

To be honest, for so many years, the old dean has never seen the supreme figure of the Demon Race, the Demon King!

At this moment, he heard what Li Tian said, and not only his brows were immediately frowned.

"Is it really the Demon Emperor?"

The two of them were standing at the window, raising their eyes and watching carefully.

As the Demon Race's army got closer, I saw the figure inside the black dragon sedan chair really slowly showing up.

Looking closely, I was the first to see a domineering figure wearing a purple shirt and brocade sitting on it. The man was wearing a purple and gold crown on his head. A pale paper face appeared in his eyes, and a line appeared on his face vertically and horizontally. Dao knife carved ancient wrinkles, wearing a black robe, from top to bottom, the two hands exposed from the black sleeves, thin and powerful, the fingers of the right hand with a huge crystal jade finger!

Magic Emperor?

Is he really the Demon Race, the Demon King above 10,000?

I saw that his appearance aroused the cheers of the demons on both sides of the street, and everyone clamored there.

"Knock to the Demon Emperor!"

Then all the demons on both sides of the street all knelt down and gave a big gift!

What about Li Tian and the old dean?

Li Tian not only screamed when he heard the screams of people on both sides of the street bowing and bowing.

"Ah, is it really the Demon Emperor?"

The old Dean Khris beside him was also completely stunned.

"He, he, he is the Demon Emperor?"

I saw the two people wide-eyed looking at the black dragon sedan chair in horror.

Just when the two of them were horrified, they saw that the mighty demon army had already marched towards the gate of the demon capital.

Li Tian and the old dean could not see clearly at this moment because of their limited vision.

"Old Dean, let's go out and have a look." Li Tiandao.

The old dean nodded quickly and said, "Okay."

With that said, he quickly followed Li Tian to the outside of the small hotel.

When they arrived outside, they saw the tide-like demons rushing towards the city gate, and they seemed to be admiring the demon emperor's style.

At this moment, Li Tian and the old dean took a look, and then followed the crowd quickly ran forward.

Soon, they followed the army of the demons.

At this moment, I saw that all the demon army troops had stopped at the huge city gate.

The huge city gate has been pulled up, and the mighty demon army is on both sides of the sub-stations, and the black dragon sedan chair that the demon emperor is riding has also stopped in the middle.

Standing next to the Demon King, it was Morodo of the Chaos Dual Demon, and the other was a thin old man who didn't know his life.

The old man's weed-like hair was drooping on his shoulders, and his eyes were sharp like snakes, staring at the front.

"Everyone stop here!" A dragon roar came from the mouth of the Demon Emperor sitting in the black dragon sedan chair.

The voice pierced through Jiu Xiao, echoing in everyone's ears.

Then just listen to the Demon Sovereign continuing to say: "Today is the day when Shura leaves the customs, let all of us of the Demon Race warmly welcome him.

As he finished speaking, the crowd around him suddenly burst into enthusiastic shouts.

It turned out that they really came to welcome Shura who was about to leave.

Li Tian and Old Dean Heris among the crowd behind were not only stunned after hearing what the Demon Sovereign said.

"Old Dean, it seems that you and I are right... they are really here to welcome that Shura exit."

The old dean in front of him looked extremely ugly and said: "Hey, I didn't expect that terrible Shura would really leave the customs!"

"Furthermore, now the Demon Race has found the Sifang Blood Sovereign again...We humans...human beings...I am afraid we will face an unprecedented disaster." The old dean said there, while sighing deeply.

Li Tian in front of him did not think so much.

He doesn't care about what Shura, what blood disciple, what square blood sovereign!

In his heart, the most worried thing at the moment was his lover, Situ Ningbing.

But Li Tian looked at the demons' army crowd, and there was no shadow of Situ Ningbing at all.

"Where is Ningbing?"

"Why didn't she show up?"

"According to the truth, as the saint of the Demon Race, she has no reason not to appear in such a huge scene? What is going on?"

Chapter 2830: Black cloud over the city

With this in Li Tian's mind, Situ Ningbing was not only worried at this moment.

The old dean turned his head slightly and glanced at Li Tian in front of him. He could see that Li Tian's eyes were full of worry, and he was still looking around.

"Li Tian, are you looking for your lover?" Old Dean Hollis suddenly asked.

Li Tian nodded there and said, "En."

"It's strange, why is she no longer frozen? As the saint of the Demon Race, she should appear on such occasions? But why not now?" Li Tian questioned.

The old Dean Hollis thought for a while and said, "Yes, what you said makes sense."

After the two had finished speaking, they continued to look at them there.

Li Tian felt more and more worried, and he subconsciously felt that Ningbing might be an accident.

With such worry in his heart, Li Tian stayed there.

After all, he can't do anything right now, even though he's worried in his heart is useless.

Li Tian and the old dean were standing there, following the crowd of Demon Race.

I saw the front demon army, and the demon emperor also standing at the front gate.

"When will Shura appear?" This is the most worrying question for everyone.

Time passed by every minute.

The dark crowd of demons were all standing at the gate, waiting.

Just as everyone was waiting, a group of terrifying black aura suddenly emerged from a distance, and the black aura overwhelmed the sky, like a tumbling black cloud, surging toward the city here.

When seeing the black tumbling black aura rushing here, the people of the Demon Race widened their eyes and looked there.

At this moment, even the Demon Emperor wearing a purple gold crown suddenly stood up from the black dragon sedan chair.

His eyes were filled with surprise for an instant, and he suddenly muttered in his mouth: "Here, the saint Shura is out."

As he finished speaking, Morodo and the skinny weird old man beside him also opened his eyes to look at the surging black aura.

I saw that group of terrifying black energy surged toward the city.

At that moment, the world changed suddenly, as if the entire sky was completely obscured by darkness.

Suddenly, a loud shout came from the air.

All the demons were not only taken aback, then looked up and saw that on the sky covered by black air, I don't know when an extremely strange figure appeared.

The figure was sitting cross-legged, and the whole person was floating in the air like that, with the black aura surrounding him. At first glance, he thought he was a monster! Upon closer inspection, I discovered that it turned out to be a person.

What is even more strange is that on the left and right sides of his body, he is actually following two 78-year-old boys!

The two children, one is a boy and the other is a girl.

The boy's eyebrows are pretty, his entire face is very pale, and his eyes are particularly energetic.

As for the little girl, she is even more beautiful, with two pigtails on her head, her bright and beautiful eyes blinking open.

They stood on the side of the strange man's body, and their feet were also in the endless void.

what?

"Sura!!!"

"Sage Shura!"

At this moment, all the demons raised their heads and looked up at the floating figure in the sky.

Is he the saint Shura who emerged from the ghost cave?

At this moment, even Li Tian and the old Dean Khri were shocked there.

"Then, that is Shura?" Li Tian asked in astonishment.

I looked carefully, but I saw that the figure floating in the black mid-air was extremely strange.

His face looked like an old man, and he looked like a middle-aged man. In the black breath, he saw his hair loose, but that hair was extremely weird! Because his hair is half black and half white, one side is black and one side is white.

He closed his eyes slightly, and his whole person was suspended in the air like that.

"Xura, finally exited." Suddenly, the Demon Emperor sitting in the black dragon sedan chair suddenly smiled with satisfaction.

After he finished speaking, all the demons around him bowed down.

"Visit the saint Shura!"

The chaotic dual-mode Morodo, the skinny old man beside the Demon Emperor, and the dense army of Demon Race all knelt on the ground.

Even the demons around them knelt down on both sides of the street.

Then Li Tian and the old dean were slightly startled when they saw this situation, and then followed the crowd to bow down.

Of course, the two of them cannot reveal their identities at this moment.

At this moment, everyone in the audience knelt down at the feet of the saint Shura except the Demon Emperor.

But he said that at the moment everyone knelt down, Shura, who was floating in the air, did not even open his eyes.

But the little **** the right side of Shura suddenly spoke.

She blinked her beautiful eyes, glanced at all the demons present, and then said: "Get up all the time."

The little girl's voice is very crisp, and it is very pleasant to the ears of people.

Following the little girl's voice, everyone present not only stood up.

Just listen to the little girl continuing to say there in a very clear voice: "Today, the holy monarch is the first day of leaving the customs, so don't disturb everything, and please forgive me, the devil king."

As the little girl said, she smiled and looked at the Demon Emperor.

After hearing the little girl's voice, the demon king standing on the black dragon sedan suddenly smiled and said, "Okay!"

"Shengjun, I just left the customs, I really need a rest."

"You wait for everyone to follow the order, no one is allowed to disturb the holy monarch without my order!" The Demon Sovereign ordered his tens of thousands of Demon Race army.

After hearing the command of the Demon Emperor, the demon army in front of them hurriedly said: "Yes!"

Then after the demon emperor gave the order, the little girl floating in the air suddenly giggled and said: "Okay, I have finished what I should say, and now the holy monarch is going to rest."

When the words fell, I saw a sudden black air filled, and for an instant, Shura had a man, a girl, and two boys around him, and then they were all wrapped in black turbulent aura, and then flew violently towards the place of the Demon Imperial City.

And the Demon Emperor here said to all the demon tribe army: "Back to the imperial city!"

With an order, the mighty army began to return to the imperial city.

The people of the Demon Race who had bowed down on both sides of the street at this moment all stood up from the ground one by one, blinking and staring at the Demon Race army that was walking back, there was something in their eyes. The feeling of admiration.
