

## **A Killer 2841**

Chapter 2841: save him

The deepest words came out of Li Tian's mouth.

There is no affectionate money, no unforgettable, and some just talk about more than 20 words, but it is so direct.

Situ Ningbing heard his words and stayed there.

Lifting those beautiful eyes and focusing on Li Tian's eyes at the moment.

For some reason, she saw pain, sadness, and love and attachment in his eyes.

At that moment, Situ Ningbing's mind suddenly appeared scenes like movies...

Among those pictures are the shadow of the human in front of him, and some familiar but unfamiliar faces. Those faces are with themselves, experiencing life and death, and experiencing everything.

Thinking, thinking, and suddenly Situ Ningbing had a headache all over her head.

"My head hurts..."

Suddenly, Situ Ningbing screamed in pain.

When she called out, the whole head seemed to be pierced in by a sharp awl, pain, pain deep into the bone marrow.

She fell to the ground for an instant of pain. Because she couldn't bear the piercing pain, she screamed, and the whole pretty face began to violently twist, and drops of cold sweat fell from her face.

The demon blood illusionist who protected Situ Ningbing behind saw the saint falling to the ground in pain. At that moment, they all ran over in panic.

"Saint, Saint..."

While screaming, they quickly ran towards Situ Ningbing.

But what about Li Tian?

Seeing Ning Bing's pain in that way at the moment, it was even more heartbreaking.

"Freezing ice."

Li Tian yelled, and then flew towards Situ Ningbing quickly.

The blood illusionist of those three demons saw Li Tian approaching, and immediately said angrily: "Evil thief, don't want to approach the saint."

The words fell, and the blood illusionists of the two demons jointly shot.

I saw that the blood illusionist of one of the demons used it: Blood Shadow Hand! Amidst the endless blood, invisible ghost claws suddenly caught Li Tian.

Another blood illusionist of the Demon Race uses this: Blood Sand Burial!

As the blood illusionists of the two demons jointly shot, Li Tian, who was worried about Situ Ningbing, shouted angrily: "Get out."

At the moment he burst into mouth, the terrifying aura from all around him suddenly released from all around him.

With a bang, an invisible light wave erupted from Li Tian's body.

Boom, boom, boom,

The two high-level demonic blood illusionists hadn't displayed their illusions, and they were all shocked by the extremely powerful Qi Lightwave.

Bang, bang.

The two blood illusionists were shaken together more than ten meters away, and then fell heavily in midair. After falling to the ground, the blood illusionists of the two demons jointly spewed a mouthful of scarlet blood from their mouths, and then again It is also difficult to get up.

After the two blood illusions were severely injured by Li Tianzhen, the remaining blood illusionist was completely astonished.

Except for fear in his eyes... all that was left was fear.

"Who dare to stop me?"

The murderous language burst out from Li Tian's mouth.

He has changed his whole body, becoming like an unsheathed sharp blade, which can kill people anytime and anywhere.

As he walked towards the Situ Ningbing step by step, the scared Demon Blood Illusionist couldn't help but retreat.

"You...you...what do you want to do?" The blood illusionist looked at Li Tiandao with a trembling voice.

Li Tiandao: "I think you are protecting Ningbing. I don't want to kill you... Don't force me to shoot!"

The blood illusionist heard Li Tian say this, although he wanted to retreat, but his duty was to protect the saint! If the protection is not good, it would be a disaster to destroy the Nine Clans!

So he could only bite the bullet and said there: "Even if I die, I can't let you, a \*\*\*\* human being, get closer to the saint."

When Li Tian heard this, his anger rose.

He was anxious about that Situ Ningbing now, and didn't want to kill the blood illusionist of this demon race.

Reluctantly, this person refused to give in. An angry Li Tian shouted: "Okay, you are looking for death by yourself, no wonder I am."

When the words were exited, the right hand was directly blurred out of the palm.

The moment the palm strength gushes from the palm of the hand, there is an invisible domineering.

The entire palm force rushed directly to the blood illusionist of the demon race.

The blood illusionist didn't even have time to protect the "Blood Escape" and was directly hit by Li Tian's palm on his chest.

Click!

The palm strength smashed on his chest, and the sound of the bones in his chest was clearly heard.

Then the blood illusionist of the Demon Race screamed to the sky, and scarlet blood splattered from his mouth, then fell to the ground with a plop, and died.

The death can be described as clean and neat.

After Li Tian shot and killed the blood illusionist of the Demon Race with one palm, he didn't even look at his body, and ran directly towards the Situ Ningbing.

Holding the painful Situ Ningbing, who had a headache, Li Tian shouted with great worry, "Ningbing, Ningbing, what's wrong with you?"

Situ Ning died in pain.

That glamorous and flawless face finally started to choke...fainting.

The moment Situ Ningbing fainted in pain, Li Tian's heart was about to break.

"Ningbing, don't have an accident, don't have an accident."

At this moment, Li Tian was in a state of confusion. He picked up Situ Ningbing who had fainted, and then raised his eyes to look around.

"I want to save her!"

"We must save her."

After the words were finished, Li Tian suddenly picked up Situ Ningbing as if mad, quickly stretched out his figure, and then swished into the distance.

No one knew where he was going to take Situ Ningbing.

...

In the capital of the demons, in that small hotel.

Since Li Tian left, the old dean has been standing at the window and watching.

"This kid doesn't know if he found that woman?" Old Dean Hollis murmured while standing at the window watching.

While muttering in his mouth like this, he suddenly saw a dark shadow flying from a distance.

The old dean raised his eyes and saw that the flying black shadow was Li Tian.

"This kid, finally came back." Seeing the figure of Li Tianfei flying back, the old dean said with a slight smile.

As the speedy figure of Li Tian got closer, the eyes of the old Dean Hollis were not only slightly startled, because he not only saw Li Tian, but also saw that he was still holding him in Li Tian's arms. Another person.

"Why is this kid holding a person in his arms? What's the situation?"

The old dean Heris didn't know who Li Tian was holding in his arms. At this moment, he was slightly horrified when he saw it, and then quickly moved back.

Chapter 2842: Decide

Soon, I saw that Li Tian's extremely fast figure had already shot in with the figure he was holding in his arms.

Whoosh.

Li Tian jumped in directly from the window.

"Li Tian, who are you...in your arms?" The old dean looked at the unconscious human in Li Tian's arms in horror.

I saw that Li Tian ran towards the bed while holding her unconscious, while saying: "She is Ningbing."

"Ningbing?" The old dean was startled slightly, and blinked forward to look.

With this look, he saw Situ Ningbing's pale and sick face.

what?

"Sage of the Demon Race?" The moment the old dean saw Situ Ningbing's face, he couldn't help but cried out.

"Li Tian, you, you, you, how did you bring the demon saint here?" the old dean Khris in front of him said in shock.

Don't forget, they are still in the capital of the demons.

What about Li Tian? He even brought back the saint of the Demon Race. If the Demon Sovereign knew the situation, would it be worth it? If it is discovered that their identity is human, even if they have the ability to reach the sky, it may be difficult to escape the Demon Capital.

That's why the old dean called out in shock.

What about Li Tian? After hearing what the old dean said, he said: "Old dean, Ningbing is very sick now, I must save her immediately."

After Li Tian finished speaking, he began to prepare to heal Situ Ningbing who had fainted.

Just as he was about to heal that Situ Ningbing, the old Dean Heris in front of him suddenly grabbed Li Tian.

"Li Tian, you wait."

Li Tian wanted to heal his beloved Situ Ningbing as soon as possible. At this moment, after being held by the old dean, he was not only a little startled, but looked at the old dean and asked, "What's wrong? The old dean?"

I saw that the old dean looked nervously at Li Tiandao who was looking in front of him and said, "Li Tian, do you know who she is?"

Li Tian said after hearing: "I know."

"She is the saint of the demons!" The old dean in front of him suddenly reminded Li Tiandao.

Li Tiandao: "But, she is still my woman."

After hearing this, the old dean Heris sighed and said to Li Tian: "Li Tian, I understand your current mood, and at the same time I understand that you care about your lover! But, what about her?"

Suddenly the old dean Khris was pointing at the fainted Situ Ningbing lying on the bed.

Li Tiandao: "What do you mean?"

The old dean Heris said: "I mean, does she know who you are now? Does she know that you are his lover?"

After Li Tian heard this, he was a little disappointed in his heart, saying: "Ningbing still doesn't know me...has not recovered his memory."

"If that's the case, then you can't let her stay here!" said the old dean in front of him.

Then Li Tianyi said, "Why?"

"Because she is the saint of the Demon Race! Because she is the most favored righteous daughter of the Demon Emperor!"

"Li Tian, think about it, now you have brought the demon emperor's most favored righteous daughter here for no reason. After the demon emperor knows the truth, how will he react?" Old Dean Hollis said there. .

Li Tian didn't think too much about Situ Ningbing's safety just now.

Now when I think about the words of the old dean Hollis, it is indeed very reasonable.

When he was in the maple forest outside the city, Li Tian did not kill him, but left two living demons blood illusionists! Although the blood illusionists of the two demons were seriously injured by Li Tian, they were not dead!

The most important thing is that the blood illusionists of the two demons also know Li Tian's human identity... and they also know that Li Tian took Situ Ningbing away.

Thinking of this, Li Tian didn't just worry about it.

"Old dean, what do you mean?" Li Tian looked at the old dean Hollis and asked.

The old dean Hennis glanced at the Situ Ningbing who was lying on the hospital bed, and said: "I think the best way is to get her away quickly... it's best to have a relationship without knowing it. Give them to the Demon Emperor."

"No!" Li Tian said decisively when the old dean just said it.

When the old dean Heris heard Li Tian say "no", he not only sighed slightly: "Then what do you want?"

Li Tian looked at Situ Ningbing who was lying on the hospital bed and said, "The reason why I got into the Devil is to Ningbing. Now that I have finally found her, how can I send her away?"

After hearing this, the old dean couldn't help but let out a "hey".

"At the moment, I think there is only one way!"

"This method not only allows us to quickly get out of danger, but also, I can also carry the ice." Li Tian's eyes suddenly flashed, looking at the old Dean Hollis there.

When the old Dean Hollis heard Li Tian say this, he not only questioned: "What is the solution?"

"That is, I will leave the land of the demon race as soon as possible with Ningbing! Let's return to the human domain." A word came out of Li Tian's mouth.

When the old dean heard this, he said in shock: "Leave now?"

Li Tiandao: "I'm afraid it won't work right now, I must first rescue Ningbing! She is in pain now... I can't bear to see how much pain she suffers."

The old dean Khris raised his eyes and looked at Situ Ningbing, who was lying on the hospital bed with a pretty pale face. After thinking for a while, he said, "Okay."

"Since you have made this decision, try to heal this girl as soon as possible... and then we will leave this dangerous place in time." The old dean Heris said at last.

Li Tian's current method is only a helpless method.

Only now!

Because if they don't, they will all fall into an extremely dangerous situation.

After making the decision, I saw that Li Tian walked quickly to the side of Situ Ningbing's bed, and his caring eyes glanced at Situ Ningbing, while the old dean Hollis went out to organize in another room Own stuff.

Li Tian immediately began to heal Situ Ningbing who had fainted.

He first supported that Situ Ningbing slightly, and then put his palms behind that Situ Ningbing...Strong of internal force kept pouring into that Situ Ningbing's body.

As Li Tian's extremely deep internal force poured into Situ Ningbing's body bit by bit, Situ Ningbing, who was already pale, began to slowly improve his complexion.

That face that was distorted and choked... began to blush slightly.

After seeing his internal force reacting, Li Tian increased his internal force again, and then poured the internal force into Situ Ningbing's body little by little.

Ningbing, you must get better quickly!

This is now the most urgent thought in Li Tian's mind.

Chapter 2843: Escape to heaven

Li Tian was treating Na Situ Ningbing's injuries.

What about the demons?

The Mozu imperial city is heavily guarded and is full of masters.

At this moment, I saw a terrible roar from the largest building in the imperial city.

"You rubbish, someone has kidnapped my righteous daughter! I want to destroy your \*\*\*\* nine tribes." An angry whistling voice came from the mouth of the demon emperor wearing a purple gold crown.

I saw the Demon Emperor with murderous expression facing the two Demon Blood Illusionists who were kneeling in the hall.

Look carefully at the two Demon Blood Illusionists kneeling on the ground, they are the Illusionists who were seriously injured by Li Tian and returned.

"Devil Emperor, spare your life! Spare your life!"

Two poor demons blood illusionists knelt on the ground begging.

"Spare you? You \*\*\*\* are of no use? If the emperor's righteous daughter is kidnapped in broad daylight, can I spare your dog's life?"

As the Demon King yelled out, he went on to say: "Come here, pull out these two wastes and cut them all."

Under the command of the Demon Emperor, a few tall and savage half-orcs suddenly walked in outside, and then dragged the two soft-legged Demon Blood Illusionists out.

In the hall, magnificent and magnificent, but at this moment there is a layer of invisible suffocating murderous aura.

In the hall, apart from the Demon King, there are also several illusions wearing black robes standing beside them.

But none of them dared to speak, no one dared to provoke the current Demon King.

"Asshole, who is so desperate! He dared to hijack this emperor's righteous daughter!!!" An endless roar roared from the demon emperor's mouth.

At the moment he called out, he saw a short blood illusionist suddenly stepping forward.

He is the Morodo of the Chaos Twins.

"Return to the Demon King, the two guys just said that the kidnapping of the righteous girl is a human, and it is still a human being who can illusion." Morodo said in front of him.

"Humanity?"

"Among human beings, when did such a bold and presumptuous \*\*\*\* dare to get into my magic city," the Demon King said angrily.

Then Morodo said with sinister eyes: "If the subordinates are right to guess, the human who kidnapped the saint should be Li Tian, whom I told the Demon Emperor before."

"what?"

"Is that \*\*\*\* named Li Tian again?" Demon Emperor said.

Morodo said: "Yes."

"Even though this person is young, he is cultivating human qi illusion. He has deep skill and many tricks. It must be him who has hijacked the saint woman this time." Morodo said there.

After hearing Morodo's words, the Demon Sovereign was almost furious.

For a long time, humans have feared the demons.

However, this time, a human illusionist broke into the magic city, and in broad daylight, killed two high-level blood illusionists, wounded two blood illusionists, and robbed the saint of the demons. ! How can this not make the Demon King feel angry

"I'm going to kill him."

"I'm going to kill that \*\*\*\* named Li Tian."

The Demon Sovereign shouted angrily.

"Morodo, the Blood Witch King, I order you two to quickly lead the men and horses to rescue the saint! And catch that \*\*\*\* human Li Tian for me. The emperor will take his skin and drink his blood."

The Demon Sovereign gave an order and said angrily.

At the moment the Demon Sovereign issued the order, Morodo of the Chaos Twins and the thin old man called the "Blood Witch King" nodded slightly and said, "Subordinates take the command! "

Then the two turned and walked out.

After they left, the Demon Sovereign clenched his fist tightly, his sullen eyes were filled with endless anger, and he said: "Damn human beings, I must make you die. dead."

Cursed words came out from the Demon Emperor's mouth.

...

But what about Li Tian who is still healing Situ Ningbing in the Demon Capital?

At this moment, Situ Ningbing was almost treated.

Look carefully, that Situ Ningbing's face has completely recovered, but unfortunately, her person is still in a coma.

Li Tian looked at the familiar face of Situ Ningbing on the bed, and at that moment, a feeling of love and pity rose in his heart.

Just when Li Tian had just treated Na Situ Ningbing's injury, the door of the room was suddenly pushed open.

Looking closely, it was the old Dean Hollis who opened the door and entered.

After the old Dean Heris walked in, he quickly asked: "Li Tian, how is it? Now the time is almost up, I believe the Demon Race must have known about the saint being taken away by us. , After a while, the gates of the Demon Capital City will definitely be closed immediately...We must leave here now."

Hearing what the old dean said, Li Tian hesitated slightly! After all, Situ Ningbing was not sober yet.

But for the sake of safety, Li Tian finally decided to say: "Okay, we will leave now."

"Then what should she do? Still in a coma?" The old dean looked at Situ Ningbing on the bed.

Li Tian glanced at his beloved woman and said, "Don't worry, I will carry her."

"Well, it can only be so now."

After the old dean Heris finished saying this, the two of them were ready to leave the demon capital.

Although it was already afternoon at the moment, the sky outside was very bright, and there were still some demons coming and going on the streets of the demons.

Looking through the window at the extremely wide road, Li Tian said, "Let's go!"

The words fell, and suddenly, he picked up Situ Ningbing on the bed with both hands, and then displayed his extraordinary power of uniqueness in the world.

Whoosh!

I saw Li Tian's figure like a meteor, shooting down from the window at a very fast speed, and then hit the ground with his toes, and suddenly rose into the air, two successive ups and downs, and people had reached a distance of several feet away.

The old dean saw Li Tian's speed so fast, he was not only a little startled, but he also hurriedly stretched out his figure. The gray robe all over his body was suddenly full of vigor, and then his figure swept out and followed him. Li Tianyi swiftly swept towards the capital of the Demon Race one after another.

The two of them swiftly flew over the street with such shadow-like physiques, causing the demons on the street to scream in shock.

Those demons thought they had seen "ghosts."

Their body skills are getting faster and faster, and soon you have reached the wall of the demon capital.

There were a dozen guards standing on the city wall. At this moment, they saw two dark shadows shooting from afar, and they couldn't help but scream.

"Quickly, close the city gate!"

"Stop those two dark shadows..."

As the words fell, the huge mysterious iron city gate began to "squeak" shut, and the dozen or so armored demon guards rushed towards Li Tian and the old dean.

Chapter 2844: Canyon decisive battle (1)

Seeing that the giant gate of the magic city wall was about to close.

Li Tian couldn't take care of that much anymore, he suddenly accumulated his strength, and then he flew directly.

In the instant that the shot passed, the dozen or so demon guards wearing armor rushed over, and just before Li Tian's figure, Li Tian suddenly swung his right palm.

The terrible palm wind whistled out.

Ahhhhh!

Then I heard a miserable howling voice.

I saw 56 members of the demon guards were knocked to the ground and then died tragically.

The remaining few did not see Li Tian's figure clearly, only feeling a strong wind passing by them, and then they saw Li Tian's figure holding a knife flying out of the city wall.

Afterwards, the old Dean Khri also flew out very quickly.

Those demon guards who guard the city can't stop them at all, and whoever stops will die.

In this way, Li Tian held that Situ Ningbing and left the Demon City and the city of the Demon Race.

They flew all the way to the south.

...

In the evening, suddenly dozens of vigorous horses galloped across the streets of the Mozu.

All riding on the steeds were high-level blood illusionists of the demon race, among them, Morodo, the two chaos demons, and the weird and skinny old man called the "Blood Witch King" were the leaders.

The two rode horses galloping at the forefront, and behind them were more than twenty black blood illusions in uniform costumes.

The mighty and swiftly rushed towards the gate of the demon capital city.

Seeing from a distance, there was a group of armored guards surrounding the gate of the Demon Race Capital, as if something was going wrong.

After Na Morodo and the Blood Witch King looked at the situation in front of them, their brows frowned, and then they galloped past.

"What's the matter?" A cold cry came from Morodo's mouth.

His voice was sharp, and when he said this, it shocked the demon guards who were surrounding him.

The guards suddenly turned their faces and saw Morodo, the Blood Witch King and the others, who were riding on the horse and wearing the robes of the blood illusionist, all knelt on the ground quickly.

"See Master Blood Illusionist."

Then Morodo glanced coldly at the armored demon guards, and asked, "You don't guard the gates, why are you all around here?"

I saw that the leading demon guard hurriedly said: "Return to your lord, we were attacked in a strange way an hour ago, and several of our companions were killed and injured."

"What?" When these demon guards suddenly said this, Morodo's face changed suddenly.

Then the guard of the demon clan said all the things that had happened an hour ago.

"...The two figures are extremely fast...The subordinates are not opponents at all. They crossed the gate and ran away." Only listen to the humanity of the guard.

When Morodo heard this, his expression suddenly changed, and he suddenly turned his head to look at the skinny old man beside him and said, "Blood Witch King, what do you think? Is it the \*\*\*\* who hijacked the saint?"

The skinny old man called the Blood Witch King suddenly giggled grinningly.

Then he looked at Morodo and said, "No matter who it is, he is dead."

Morodo did not speak after hearing this.

Turning his head to look at the gate guard of the Demon Race: "Are those two figures flying towards that?"

"Towards the south." The guard replied quickly.

Morodo glanced at the south direction, and suddenly said: "Human direction! It seems that it is really that \*\*\*\* boy Li Tian."

"How long have they been away?" Morodo asked again.

The guard replied, "It has been an hour."

When Morodo heard it, he muttered in his mouth: "An hour? From north to south all the way to the deserted hills, that \*\*\*\* kid must not find a place to hide!"

"Blood Witch King, we took advantage of the \*\*\*\* boy not to go far, we caught up with him as soon as possible, killed him, and rescued the saint."

Just listen to that Morodo turned his head and said to the thin old man behind him.

When the skinny old man heard it, he nodded slightly and smiled and said: "What the old man likes to play is the cat and mouse game. It's very good and interesting. Let's go."

Immediately after that, under the leadership of Morodo and the skinny old man, a mighty army of Demon Blood Illusionists drove the horses and galloped out of the Demon Capital.

They are chasing after Li Tian and the old Dean Hollis.

...

Li Tian and Old Dean Hollis fly lightly at this moment.

Although the speed can be regarded as very fast, it is very difficult to walk with light power to defend the wind.

Especially the old dean Hollis.

Although he is the old dean of the Bander Academy, to be honest, his illusion skills are only at the level of the high-level fire department.

So after skimming a few kilometers with light effort, he began to suffer from physical exhaustion, and his speed became very slow.

Li Tian, who walked in front of the wind, did not show any exhaustion. Although he was still holding the comatose Situ Ningbing in his arms... But he still had the same face, no breath, and nothing. Feeling a little tired.

After Li Tian saw that the old Dean Hollis slowed down at this moment, he not only slowed down.

"Old Dean, are you tired?" Li Tian looked at the old Dean Hollis.

The old dean Khris smiled bitterly: "Hey, people are getting old and they are not useful."

When Li Tianyi heard it, he said, "Old Dean, there is a canyon in front of me. Let's go there and rest. Anyway, I'm a little tired."

What Li Tian said was polite.

In fact, he is not tired at all, but for the sake of the old dean's face, he has to say so.

After Li Tian said this, the old dean smiled with satisfaction, and of course he could hear what Li Tian meant.

So he said there, "Okay."

Then the two of them stretched out again, and then flew towards the deep canyon in front of them.

After reaching the canyon, Li Tianguo really stopped, and the old dean had already rushed over at this moment.

"Old Dean, let's rest in this canyon." Li Tiandao said.

Old Dean Hollis nodded while panting.

"This canyon is the place where we stayed when we hijacked the Quartet Blood Venerable Demon Race. Unexpectedly, you and I will come back here again now." The old dean said while looking at the deep canyon while staying there. Smiled.

Li Tian didn't pay attention. He heard the old dean say this at this moment. He looked up and found that, as expected, this gorge was exactly the gorge where Li Tian and the others had hijacked the Quartet Blood Venerable.

It's just that the canyon is deep and shallow, and if you don't look carefully, you really can't see it.

Glancing at the gorge in front of him, Li Tian didn't know why, a strange feeling arose in his heart... the feeling was as if something bad was about to happen.

Chapter 2845: Canyon decisive battle (2)

In this way, Li Tian and the old dean chose to rest in this canyon.

Li Tian slightly put Situ Ningbing on the ground, and then looked at the expression of Situ Ningbing worriedly.

"Why is Ningbing still not awake?" Li Tian said worriedly there.

The old dean looked back at Situ Ningbing's recovered complexion, and then said slightly: "Don't worry, her complexion is obviously much better now. I think after a while, she might wake up. ."

Li Tian didn't speak, just watching Situ Ningbing there.

The old dean sat on the ground and started to rest after speaking.

Because of the flight all the way, the old dean was too physically exhausted. After sitting on the ground, he closed his eyes slightly and began to rest.

Time passed by every minute.

Li Tian and Old Dean Hollis stayed in this canyon like this.

After a long time, just as Li Tian was taking care of the unconscious Situ Ningbing patiently, Situ Ningbing suddenly made a babble.

"Woke up?"

"Ning Bing is awake?" Li Tian couldn't help screaming excitedly at the moment when he heard a voice suddenly coming from Situ Ningbing's mouth.

Then quickly went to see that Situ Ningbing.

But seeing Situ Ningbing did start to slowly wake up.

Her beautiful eyes slowly opened.

The moment she opened her eyes, she saw Li Tian in front of her at a glance.

"Ningbing?" Li Tian called out with excitement the moment he saw Situ Ningbing open his eyes.

But at the moment he just called out, Situ Ningbing's beautiful eyes widened, and then with an "Ah" cry, he pushed Li Tian away, and then quickly backed away.

"Evil thief, it's you again! It's you again a \*\*\*\* human being." After Situ Ningbing was sober, he backed away while glaring at Li Tian in front of him.

When Li Tian saw Situ Ningbing's expression, he knew that she still hadn't recovered her memory and didn't recognize herself.

There was a disappointment in my heart right now.

"Ningbing, don't get excited, you just woke up and you still need a good rest." Li Tian said concerned.

But seeing that Situ Ningbing stepped back there and said, "This saint doesn't need you to care about it, you should leave me quickly and you are not allowed to approach me."

Situ Ningbing, who was talking, backed away.

As she retreated, her beautiful eyes were also looking at the surrounding environment.

"Damn, where am I?"

"Could it be that you, a human being, hijacked this saint here?" Situ Ningbing glanced at the barren surroundings, and then after looking at the situation in front of her, she suddenly understood.

What about Li Tian?

Listening to what Situ Ningbing said, she could only smile bitterly.

"Ningbing, no matter what I say now, you won't believe it...but I still want to tell you that I won't hurt you, so you don't need to be afraid at all." Li Tian looked at that Situ Ningbing.

Situ Ningbing glanced at Li Tian vigilantly.

After thinking about it, this guy has extremely high skill, and he can kill his blood illusionist guards with every gesture...If he wants to hurt himself, I am afraid he would have attacked himself long ago! In this way, he should not pose any threat to himself.

But he said that after Situ Ningbing became sober, the old dean Hollis opened his eyes slightly at this moment.

"Hey, he has a deep friendship, is it too late to protect you? How could it hurt you?"

The moment the old dean Hollis opened his eyes, he suddenly narrowed his eyes and said slightly.

After the words spread into the ears of Situ Ningbing, Situ Ningbing frowned slightly, turned his pretty face to look at the old Dean Heris in front of him, and asked in surprise, "Who are you again?"

Hearing Situ Ningbing's question, the old dean suddenly turned his face with a smile and said there, "The old man is the dean of Bender College, Heris."

"Human illusionist?" After hearing that the old dean had reported his name, Situ Ningbing suddenly noticed it and cried out in surprise.

The old dean Khris smiled there and said, "Yes."

When Situ Ningbing heard this, he said angrily: "You daring human illusionists, if you dare to hijack this saint woman, you will definitely not die! My foster father will definitely break your corpses."

After hearing this, the old dean suddenly laughed.

"Hey, where are we kidnapping you, we are saving you."

Situ Ningbing said: "Save me? You humans are really shameless. You kidnapped this saint here, dare you say to save me?"

The old dean said depressed: "If we hijacked you, why are your hands and feet not chained? If we hijack you, why would we treat your headaches? If we hijack you, why do we treat you Persuading so painstakingly?"

The words of the old principal's questioning pierced Situ Ningbing's heart, leaving Situ Ningbing speechless at the moment.

Because what the old dean said was the truth.

Situ Ningbing turned his head and glanced at Li Tian, who was not threatening him, then looked at the old Dean Hollis, and thought for a while and said, "Well, I believe you for the time being."

"Even if you didn't hijack me, why did you bring me here?"

"What do you humans want to do to this saint?" Situ Ningbing asked angrily.

The old dean Heris smiled and pointed to Li Tiandao: "You should ask him."

Then Situ Ningbing turned his head to look at Li Tian in front of him.

I saw Li Tian staring at the lover in front of him with anguish. Even though it was his love, he couldn't recognize each other. This was really painful.

"Hey, why do you come to me over and over again? What do you want to do?" Situ Ningbing suddenly turned his face and looked at Li Tiandao.

Li Tiandao: "I just want to take you away."

"Take me away? Who do you think you are? Where are you taking me?" Situ Ning said angrily.

Li Tian's voice trembled slightly: "Take you home! Back to the world that belongs to us."

"Joke...what are you talking about? I don't understand what you are saying." Situ Ning said with a sneer.

Li Tiandao: "Although you don't understand now, I believe you will understand one day."

"Ningbing, for you, I, Li Tian, would rather abandon everything...because you did it for me back then!"

The moment the words came out of Li Tian's mouth, Situ Ningbing not only moved slightly in his heart.

She didn't know why she trembled suddenly at this moment...as if it touched something deep in her heart.

At the moment when Situ Ningbing wondered why there was a strange change in his heart... Suddenly, a howling cold wind came from the back of the canyon, and the sound of the wind was mixed with extremely strong murderous aura.

Chapter 2846: Fight to death

"Murderish, murderous."

Li Tian suddenly felt a huge murderous intent hidden in the howling north wind.

At the moment he called out, the old dean suddenly "swish" from the ground.

"Li Tian, did you feel it?" Old Dean Hollis asked in surprise.

Then Li Tian said with an ugly face: "Yes."

"It must be someone from the Demon Race chasing it."

"Li Tian, let's go quickly...take her out of here..." The old dean Khris changed his face suddenly.

After the old dean said it, Li Tian suddenly said there: "No, we can't leave anymore, because they have already come."

Following Li Tian's words, but seeing in the back, more than twenty figures riding black horses suddenly appeared.

Facing the howling north, they rushed here from the front like terrible ghosts.

The old dean Heris turned his head and took a look at the moment, and his entire face became ugly now.

"Devil Blood Illusionist?"

"I really didn't expect... they would chase so fast!" Old Dean Hollis sighed there.

Just when Li Tian and the old dean were talking, Situ Ningbing suddenly turned around and saw the blood illusionist of the Demon Race.

Then she burst out laughing.

"You two human beings who do not live or die... now regret it?"

"Hmph, dare to hijack this saint, this time, I see how you can escape!!!"

When Situ Ningbing said this, Li Tian suddenly pointed his finger at Situ Ningbing's "Tiantu Point".

After quickly tapping his finger on Situ Ningbing's "Tiantu Point", Situ Ningbing was stunned, and then he couldn't even move.

Acupuncture!

She was acupunctured by Li Tian.

"Ningbing, I'm sorry, in order to save you, I can only do this." Li Tian looked at Situ Ningbing's acupuncture point and said.

Situ Ningbing couldn't move at all at this moment. Although her mouth was open, she couldn't make a sound. She just turned her eyes in surprise and anger, but she couldn't say anything in her mouth. .

In this way, after Li Tian clicked on the acupuncture point of Situ Ningbing, Li Tian picked up the delicate body of Situ Ningbing, and then placed Situ Ningbing on a big rock behind him.

Then he glanced at the old Dean Heris in front of him, and suddenly said: "Old Dean, it seems that today we two have a battle."

The old dean Khris laughed against the whistling north wind and said: "The old man hasn't had a good fight for a long time. Of course I am extremely happy to have this opportunity today, hahahaha."

There was a sense of heroism in the voice.

After the two had finished speaking, they stood in the canyon, waiting for the blood illusionist of the demon race who came after them.

I saw more than twenty black and vigorous horses galloping from a distance.

On the steed, there are demon blood illusionists wearing black robes. Everyone is full of energy and has sharp eyes. At first glance, they are masters.

At the moment when these twenty-odd horses were about to gallop, suddenly all of them flew up from the horse.

The whole sky was instantly blocked by the black robe figure, and they all flew over.

"Bold madman, dare to hijack the saint, and come to death."

There was a sharp whistle, and suddenly I saw a short black robe figure that had fallen 5 meters away in front of Li Tian and the old dean.

One of the chaos twins: Morodo.

At the moment Morodo flew over, suddenly another skinny old man in black robed flew over at an extremely fast speed.

This person is the one who has always guarded the Demon King: the Blood Witch King.

Behind them are the more than twenty high-level blood illusionists of the demons.

But after saying that Li Tian and the old Dean Hollis glanced at the person in front of him, Li Tian suddenly sneered: "Who am I? It turns out that the chaos twins came."

Na Morodo had already seen Li Tian at this moment, and he also saw the saint, Situ Ningbing, on the stone wall behind Li Tian.

"Damn human kid, last time you escaped in the demon army barracks, today, I see how you live!!!"

After Li Tian heard this, he suddenly sneered: "Is that right? Who is dead or alive today, I'm afraid it's not necessarily true, right?"

"What a big tone!" After Li Tian finished speaking, suddenly the skinny "Blood Witch King" beside Morodo spoke.

After he said this, he suddenly raised his shadowy eyes and looked at Li Tian unblinkingly.

"What a murderous spirit!"

The moment Li Tian was betting on him by the sullen eyes of the "Blood Witch King", he suddenly felt a terrifying vicious murderous aura! There is no doubt that this murderous aura is exactly what came from the skinny old man in front of him.

Who is this skinny old thing? How could such a huge cold and murderous aura spread all over?

Just as Li Tian was thinking about it, suddenly the old dean standing next to Li Tian whispered in a low voice: "Li Tian, it seems that we are really in trouble today."

"What's wrong?" Li Tian asked in a low voice.

The old dean raised his extremely ugly eyes, looked at the skinny "Blood Witch King" in front of him, and said in his mouth: "Did you see this skinny old ghost in front of you?"

"He?" Li Tian glanced at the "Blood Witch King."

The old dean nodded silently and said: "Yes, it is this person."

"If I'm not wrong, this person is the Blood Witch King, one of the four demon kings who survived the Second Demon War."

Li Tian had never heard of a "Blood Witch King", and at this moment he was not only shocked.

"Blood Witch King?"

"Yes, this person was already very famous hundreds of years ago. He was as famous as the other three kings of the Demon Clan at that time, and he was always the four great mage kings next to the Demon Emperor. His blood illusionist was terrifying, gloomy, and practicing It is the blood witchcraft. If you oppose him, you must be careful of his illusion, because if one is not careful, he will take his life."

Li Tian frowned slightly after hearing the old dean's reminder.

Then he took another look at the Blood Witch King in front of him, and he discovered that the Blood Witch King was showing a very strange aura.

His aura was completely different from that of the Chaos Twin Demon Morodo, but a very distorted and ferocious witchcraft aura.

But he said that while Li Tian was observing the Blood Witch King, Morodo under the chaos twins suddenly spoke.

"The kid surnamed Li, I really didn't expect that you would dare to get into the Devil City? You are really not afraid of death." Morodo said, while glaring at Li Tian in front of him.

Li Tian laughed and said, "Afraid of death?"

"If I, Li Tian, were afraid of death, I wouldn't stay here."

Chapter 2847: Assault

"good very good."

Suddenly, Morodo said with a grinning sharp voice.

"You are not afraid of death, are you? Today, I will let you taste what it means to be better than death."

"I want you, a \*\*\*\* human being, to know the painful end of running into my demons."

Morodo said with a smirk.

Li Tian said coldly: "Come on, I want to see today, who can take me down."

"What a crazy kid."

"Go on! Take him down."

A stern shout came out of Morodo's mouth, and the moment he said it, his hand waved to the more than twenty high-level blood illusions behind him.

Immediately after the blood illusionist masters of more than twenty demons, all rushed towards Li Tian and the old principal.

The war has begun.

This battle is life or death, and no one knows the consequences.

The howling sound of strong wind came from the bodies of the demon blood illusionist masters flying by.

Then he was the first to see 3 high-level blood illusionists of the Demon Race wearing black robes, attacking Li Tian together.

"Blood fog lore."

This is a high-level assassination technique in the blood illusion technique.

When they performed this superb illusion, the entire canyon was instantly filled with blood, and the entire space was suddenly entangled by layers of blood fog. Li Tian and the old Dean Hollis's sights were suddenly severely affected. Obstacles.

"Li Tian, be careful, this is the assassination technique of the blood illusion technique! Be careful." The whole body of the old dean has been filled with \*\*\*\* mists, and he is facing Li Tian nervously at this moment. Reminded.

Li Tian was standing in the dense blood mist. At this moment, his eyes could no longer see things around him clearly, and all his eyes were covered with scarlet blood mist.

Since the eyes can no longer see, don't use eyes.

Suddenly Li Tian closed his eyes tightly. The moment Li Tian closed his eyes, his ears suddenly stood sideways, and then he listened to his surroundings.

Huhuhu, the terrifying wind suddenly hit Li Tian's front door.

I blinked and looked, but when I saw a high-level demon blood illusionist, suddenly his five fingers were like lightning and grabbed Li Tian's Tianling Gai.

The tricks are ghastly and vicious.

This terrible blow was extremely fast, and it reached Li Tian's Tianling Gai in a blink of an eye.

Just when the blood illusionist of the Demon Race thought he was about to succeed, he suddenly heard a cold drink from Li Tian's mouth.

"court death."

When the words fell, Li Tian's right hand did not know how to turn, and suddenly lifted up.

Then he grabbed the hand of the Demon Blood Illusionist at an incredible speed.

After the blood illusionist of the Demon Race was grasped by Li Tian, he was shocked. He never expected Li Tian's reaction speed to be so fast, and immediately attacked with his right hand, but saw a layer of blood attacking Li Tian.

But seeing that Li Tian dodge in footsteps, avoiding the \*\*\*\* attack, and then grasping the arm of the blood illusionist hand suddenly hard.

With a click, the entire arm of the Demon Blood Illusionist was instantly broken by Li Tian.

what!

A scream came from the mouth of the Demon Blood Illusionist.

Just as he screamed, Li Tian flew a kick and kicked the chin of the Demon Blood Illusionist. With a bang, the Blood Illusionist was kicked and his chin was broken. Then he spouted a mouthful of blood to the sky and flew upside down. Going out for a distance of five or six meters, then he fell to the ground with a heavy thump, making it difficult to get up again.

When Li Tian solved the demon blood illusionist, suddenly two terrifying winds hit the left and right sides.

Taking a closer look, on the left and right sides of Li Tian are two high-level blood illusionists of the demon race, using the cover of blood fog to perform superb illusion techniques.

Li Tian heard the movement with his ears, and at this moment he burst out, suddenly the light of thunder and lightning accumulated in his hands.

The light of thunder and lightning rang in the palms of his hands.

Then at the moment when the two strong winds hit, Li Tian suddenly soared into the sky, and then "Purple Thunder Seal" with his palms down.

A huge purple spell mark accumulated from the purple electric light in Li Tian's hands.

Then a "boom" fell from the sky, hitting downward.

The two demon blood illusionists who attacked saw a group of purple thunder and lightning suddenly attacking them, and immediately backed away.

"Blood escape!"

The moment the two retreated, they quickly displayed blood escape to block.

boom!

That shocking purple thunder-printed electric light bombarded the ground.

puff!

The powerful energy produced by the explosion directly sent the two high-level blood illusionists of the two demons who used the bleeding illusion technique to Zhenfei, and then both fell to the ground.

Soon, Li Tian had already brought down the blood illusionists of the three demons.

Li Tian's terrifying performance attracted the attention of the "Blood Witch King".

I saw the skinny "Blood Witch King" suddenly glanced at Li Tian, and suddenly said in a gloomy voice: "This human kid is a bit interesting! I didn't expect to be able to cultivate to this young age... Wait for the realm."

However, the moment Morodo in front of him saw Li Tian's "Purple Thunder Seal" illusion, his face became extremely ugly.

Then he said in his heart: Isn't this \*\*\*\* human kid always using Qi illusion? What...how...he can also use thunder and lightning magic? This, is this incredible?

Just as Morodo was thinking like this in his heart, he saw that two more blood illusions from the demons were killed by Li Tianji.

Li Tian's is really too strong.

Although the blood illusionists of those demons used blood fog to interfere with Li Tian's sight, they were still not Li Tian's opponents.

Li Tian now feels a little bit like God is blocking and killing God, and Buddha is blocking and killing Buddha.

Just when Li Tian killed 56 high-level blood illusionists of the demon race, Morodo suddenly saw the opportunity to attack.

"Smelly boy, take my trick."

As the words exited, Morodo's entire figure suddenly turned into a violent wind, and then a blood-colored phantom appeared on his body, and the blood-colored phantom directly hit Li Tian's back with a silent air.

Li Tian closed his eyes and listened to the surrounding movement with his ears.

But when the silent breath from behind suddenly attacked his back, Li Tian didn't notice.

When he suddenly felt it, it was completely late.

"boom!"

Suddenly the \*\*\*\* phantom of that Morodo hit Li Tian's back hard.

Li Tian was hit in the back by the sudden attack, and the whole person only felt a puff of blood pouring out of his chest.

Wow!

With a bang, a mouthful of blood shot out from Li Tian's mouth, and then he staggered and struck forward several large steps, almost falling to the ground.

Chapter 2848: Blood witchcraft

"Li Tian."

At the moment when he saw Li Tian being hit by a sudden attack by Na Morado, the old dean over there exclaimed in surprise.

Then he hurriedly flew over and held Li Tian, who was trembling slightly.

But seeing Li Tian's mouth overflowing with blood, he stood there.

"Li Tian, how are you doing?" The old dean looked at Li Tian and asked with concern.

If Li Tian really fell at this moment, then they would definitely die here this time, so the old dean was extremely worried about Li Tian.

After the old dean Hollis asked, he saw Li Tian stretch out his hand to wipe the blood from the corner of his mouth, and then said, "I'm fine."

Hearing that Li Tian said that he was all right, the old dean was slightly relieved.

That Morodo attacked just now, to be honest, it was extremely powerful.

But fortunately for his profound internal skills, coupled with his extremely powerful and full-spirited state, so even though the terrible blow just now, Morodo still didn't seriously injure that Li Tian.

At this moment, after wiping the blood from the corner of his mouth, Li Tian suddenly raised his eyes angrily at the Morodo and the blood illusionist of the Demon Race.

"Asshole, come again." An angry shout suddenly came out of Li Tian's mouth.

He saw endless anger and murder in his eyes at this moment.

He was ready to start the murder.

When Morodo saw that Li Tian had taken one of his own tricks, he could still show such murderous aura all over his body, not only frowned slightly.

"This stinky kid does have some strength." He said slightly in his mouth.

"kill!"

"Kill this \*\*\*\* human kid."

Suddenly that Morodo roared.

After speaking, the high-level blood illusionists of the demons behind him once again rushed towards Li Tian.

The high-level illusionists of these demons are all masters, and each of them has performed terrifying blood illusions.

The whole space was instantly filled with \*\*\*\* breath.

"Blood Sand Burial!"

"Blood Shadow Dark Arrow!"

"Shadow Blood Technique!"

...

One by one, all the illusions hit that Li Tian, this scene was magical and wonderful.

Just when all these illusions were hitting Li Tian's figure, Li Tian suddenly opened his five fingers, and suddenly spit out a pale white innocence from his mouth. Then he burst out, and suddenly the wind and sand blew around him. The stone flew.

This violent breath is breath!

A breath that originated from Li Tian's body, once it was displayed, the surrounding air seemed to be frozen.

boom!

Suddenly there was a hissing sound, and the whole world seemed to be torn apart at this moment. I suddenly saw that a huge gas mask transformed from qi suddenly rose from all around.

Then the illusions that flew over were blocked by the air cover one by one in the outer space.

All the illusions, all the vitality, were all blocked at that moment.

At the moment when Li Tian blocked all the illusions, his hands suddenly pushed out.

The breath of terror suddenly spread to the surroundings.

burst!

Suddenly, all the blood illusions that were blocked were all bounced back by Li Tian's "Slavery Technique".

Immediately afterwards, they saw the blood illusionists of the demons who were completely astonished.

Seeing all the illusions they cast bounced back, they didn't even have the effort to escape.

Ahhhhh.

In the \*\*\*\* screams, they were backlashed by the illusion that they had cast, and then they hit themselves.

Among them, three unlucky blood illusionists were stabbed by their own "Blood Shadow Dark Arrows" with blood holes in their bodies, and then fell to the ground and died violently.

The rest of the high-level demon blood illusionists were all seriously injured by their own illusions and fell to the ground.

Blood, screams, came from all directions.

With his own power, Li Tian used the most inferior "slavery technique" in Qi illusion, and then controlled those illusions to bounce back against the opponent, which is completely beyond the imagination of those demon masters.

They really didn't expect Li Tian to be like this!

At this moment, Morodo and the Blood Witch King on the other side were shocked when they saw that their subordinates were suddenly severely wounded like this by Li Tian.

Then his face became extremely ugly.

"Damn boy, I can't think of some strength."

"Let the old man come and meet you."

With a loud shout, a very thin figure suddenly flew towards Li Tian from the front.

Look carefully, the figure that quickly flies by is the skinny old man in black robe: the Blood Witch King.

The Blood Witch King is one of the four magic kings of the Demon Emperor, and his strength is comparable to that of the Chaos Dual Demons. Once he is shot at this moment, it is truly extraordinary.

Li Tian didn't dare to be careless at the moment when he saw the skinny "Blood Witch King" suddenly flying towards him.

Then carefully looked at the figure of the "Blood Witch King".

When the old Dean Heris next to him saw that the Blood Witch King took action, he hurriedly reminded Li Tian, "Li Tian, be careful, then be careful of the Blood Witch King's witchcraft."

Li Tian heard the reminding voice of the old dean, that "Blood Witch King" had already rushed towards Li Tian.

With illusory hands, one left and one right suddenly grabbed Li Tian from two different directions.

Li Tian quickly dodged when he saw him attacking.

But seeing the "Blood Witch King" two terrifying hands rubbing Li Tian's skin flashed past, with extremely cold wind.

Immediately afterwards, the "Blood Witch King" turned upside down, and then kicked a few feet in the air with his flying legs. Li Tian dodged these feet again.

"Smelly boy, I didn't expect your martial skills to be good." The Blood Witch King suddenly praised Li Tiandao there.

After the words were finished, suddenly the "Blood Witch King" sneered there, "Unfortunately, you are going to die!"

At the moment he fell, he suddenly saw the "Blood Witch King" smile weirdly, then suddenly put his hands in front of his forehead, and then quickly changed a few weird fingers.

"Tian Lei Bureau, Earth Yin Que!"

At that moment the "Blood Witch King" suddenly said these weird incomprehensible spells.

Suddenly, he saw the ten fingers of his hands suddenly fold together, and then a faint scarlet blood came out from the five fingers.

"Soul witch curse."

Suddenly, the blood coming out of the ten fingers shot at Li Tian strangely.

The terrifying blood and energy shot directly at Li Tian's facial features, eyes, nose, ears, mouth...

Li Tian had never seen such a weird illusion. At first glance, he was not only taken aback.

"Li Tian, be careful! Be careful of his blood witchcraft."

The old courtyard chief drank aside to remind that Li Tian.

Li Tianyi heard that although he had never experienced the power of this "blood witchcraft", he still didn't dare to be careless at the moment.

I saw him quickly display the "Mystery Wind Walk" and then avoid the weird scarlet blood.

Chapter 2849: They fell

After displaying the "Mysterious Wind Step", Li Tian avoided the strange tricks of the "Blood Witch King". .

After Li Tian avoided, his right hand suddenly clenched, and then urged the spiritual power in his body, and a group of "flaming flames" instantly rose from the palm of his hand.

Then, Li Tian displayed the "Fire Element" illusion, and then two fireballs shot directly at the "Blood Witch King."

"Fire illusion?"

The Blood Witch King was slightly startled, and then used "Blood Escape" to block Li Tian's fireball.

After the "Blood Witch King" blocked Li Tian's "Fire Illusion", he just wanted to prepare to do something with Li Tian again, and suddenly, Morodo behind him flew over.

"Blood Witch King, this kid is a bit tricky, you and I should kill him first." Morodo said suddenly and gloomily.

When the Blood Witch King heard Morodo suddenly say this, he frowned and said, "Join together?"

"En! Why, don't you want to?" Morodo looked at the blood witch king with cold eyes.

The Blood Witch King was originally extremely unwilling!

After all, his identity is one of the four guardians of the Demon Emperor.

But just now he saw Li Tian's terrifying strength with his own eyes, and looked at Morodo for a moment.

"Okay! For the sake of the overall situation, I will join hands with you." A word came out of the blood witch king's mouth.

When Morodo heard this, a cruel smile appeared on his lips.

Then Li Tian glared at him.

"Boy, die."

When the words fell, he attacked Li Tian.

"Blood Seal."

Suddenly Na Moro used the supreme illusion of blood illusion.

This "blood seal" is the top illusion technique of blood illusion, once it is used, its power is not small.

I saw that after Na Morado displayed the "Blood Seal", suddenly, a giant blood cell suddenly swelled.

As the blood cell swelled more and more, it suddenly frightened towards Li Tianmao.

Li Tian was stunned, stepped back quickly, and then displayed Xuantian \*\*\*\*\* with his right hand, trying to break the blood cell.

Whoosh, whoosh, whoosh!

The flying fingers hit the blood cell, making a puff, puff, and puff sound.

It was all swallowed by the blood cells.

Li Tianyi saw that his Xuantian's fingers couldn't break through the blood cell, and he was shocked.

Just when Li Tian was startled, the huge blood cell barrier suddenly covered Li Tian's head.

While retreating Li Tian's body, he displayed the "fire technique", the sizzling flames of flames flew towards the blood cell one by one, hit the blood cell, and then made a loud noise.

When Li Tian faced the terrifying attack from Morodo, the Blood Witch King suddenly smiled gloomily.

He is also going to shoot.

"Soul witch curse."

The Blood Witch King once again cast the "Soul Recovering Witch Curse", but when he saw him starting to read the formula, then the bloodshot among his ten fingers suddenly shot towards Li Tian.

Li Tian faced the terrorist attacks of two masters alone, and he couldn't bear it at the moment.

But seeing Li Tian's body upside down, he quickly displayed the "Purple Thunder Seal."

The terrifying light of thunder and lightning shot straight down from the air, and the blast of lightning hit the two blood illusions.

When Li Tian's Purple Thunder Seal touched the "Blood Knot Seal" of that Morodo and the "Soul Collecting Blood Curse" of the Blood Witch King, suddenly the whole space trembled violently.

Then suddenly filled the audience with incredible blasting power.

Boom! ! !

The sand and stones around the canyon were all shaken up, and the terrifying aura even the blood illusionists of the demons around and the old dean who was fighting fiercely on the side shook all their bodies back.

As soon as the terrifying auras dissipated, they saw that Morodo and the Blood Witch King retreated together.

The faces of the two were slightly pale, and there was a gloomy murderous look in Ling Li's eyes.

Look at Li Tian again?

Facing the two high-level blood illusions alone, he still stands there at the moment.

It's just that Li Tian's face is very ugly.

What happened to Li Tian, who was facing the two high-level blood illusions?

At this moment, suddenly Li Tian wowed a mouthful of scarlet blood from his mouth.

I have to say that he is still injured.

Facing the "blood knot seal" and the "soul witch curse" just now, Li Tian was also inevitably hit by internal injuries.

After that Li Tian was injured, he saw that Morodo smiled viciously.

"How about brat? You know it's great, right?"

"Now if you kneel on the ground begging for mercy, maybe we will make your death more comfortable, how about it? Would you like to kneel down and begged?" Morodo said, looking at that Li Tian with a strange smile.

Hearing that Moroduo said that, Li Tian's body trembled slightly and raised his head, and the blood-red eyes were shaking.

"Even if I die, Li Tian will never ask for mercy." Li Tian said while wiping the blood from the corner of his mouth.

When Moroduo heard this, he suddenly smiled fiercely and said, "Well, since you want to find death, then you will be perfect."

"go to hell."

The moment he burst into mouth, he once again displayed the "Blood Knot".

The Blood Witch King on the other side also attacked Li Tian.

Seeing that these two extremely terrifying monsters were about to hit Li Tian again, Li Tian suddenly had an idea in his mind at this moment.

Anyway, he has been so badly injured today! Even if it is death, he will let these two \*\*\*\*\* monsters not end well.

After Li Tian thought about it in this way, he suddenly saw him condense the spiritual power of his whole body, and then suddenly the spiritual energy spread all over his body...The air in his face seemed to gather his spiritual power.

"Boy, go to hell."

Seeing that Morodo and the Blood Witch King had already made the final move! They clearly want to take the life of Li Tian!

When the terrifying illusion technique hit Li Tian, Li Tian's whole body suddenly circulated, his right fist suddenly clenched, and then he used a very strange fist move to rush into the sky.

Like a flying dragon in the sky.

"Fist of Rising Dragon, break the sky, cut the dragon! This is: Fist of Rising Dragon."

This "Rising Dragon Fist" is a unique trick of the Qi illusion secret technique in the Qi illusion forbidden technique. At this moment, Li Tian used it for the second time, and the power must be even greater for the first time! And the fist moves are more natural and smooth.

I saw his body turned into a golden fire dragon, and then directly rose.

boom!

The golden flying dragon was wrapped in two illusion arts, directly breaking out of its pupils.

Then the whole sky seemed to be reflected by the golden fire dragon.

Then I saw that Morodo, the Blood Witch King, and the two of them were completely forced by a powerful punch.

Then the two bodies were hit by the extremely powerful energy at the same time, bang, bang.

The two of them only felt a sudden pain in their chests, and then their bodies were involuntarily shaken by that powerful fist force and flew back.

Bang, bang!

Both of them fell heavily to the ground, and they actually fell.

Chapter 2850: Yin Yang Boy

After Na Morodo and the Blood Witch King were shaken by Li Tian, the two of them fell to the ground with a thump.

They were defeated and fell.

Morodo, with a pale face, looked at the fallen Blood Witch King beside him with unbelievable eyes. Suddenly a mouthful of blood came out of his mouth, and with a wow, he covered his chest in pain.

The blood witch king was in the same situation as Morodo, he was also holding his painful and trembling body with that thin hand.

"How could this be?"

"The \*\*\*\* human...boy...can beat you and me?"

Morodo said in disbelief that the blood witch king's gloomy eyes also contained extreme unwillingness, but now there is no way.

But what about Li Tian?

I just spelled out the power behind me, and used the "Rising Dragon Fist" in the Qi Illusion Forbidden Technique to hurt the enemy and himself.

Because of his excessive consumption of the spiritual power of his body, at this time, after smashing the Morodo and the Blood Witch King, his body suddenly softened, with a plop, and his legs knelt on the ground.

Obviously, he was also injured, and suffered a very serious injury.

After seeing Li Tian fall, the old dean Heris was not only extremely concerned, but also used the art of underworld to shake a blood illusionist next to him, and then exclaimed towards Li Tian.

"Li Tian, how are you doing?"

While supporting Li Tian slightly, he asked in that caring question.

But just when the old dean Heris wanted to support Li Tian, Li Tian suddenly said, "Don't, don't move me..."

"What's the matter?" The old dean was taken aback and asked.

But seeing that Li Tian's body was trembling there, a layer of light was still shrouded in his body, that layer of light was like spiritual power.

"My body was severely injured, and now I can't move my body..." Li Tian said in pain.

The old dean understood it instantly.

It may be that when Li Tian faced Na Morodo and the Blood Witch King just now, he was so injured that he was unable to move at all.

The old dean said after hearing this: "Okay! Since you can't move now, the old man is here to protect you."

After speaking, he stood in front of that Li Tian...and then protected that Li Tian.

However, when Li Tian, Morodo, and the Blood Witch King were all seriously injured, the only ones who could fight now were the old principal Hollis and the 56 demons who survived. Order blood illusionist.

After seeing this situation, the high-ranking blood illusionists of those demons not only surrounded the old principal Heris.

They seem to want to solve the old dean together.

As long as the old dean Heris is dealt with, then the remaining Li Tian will definitely wait for death.

Therefore, the high-level blood illusionists of the 56 demons began to surround the old principal in front of them.

"Come on, you \*\*\*\*\* of the demon race, today the old man is fighting with you." The old dean was there to prepare for the final \*\*\*\*\* battle.

The blood illusionists have slowly moved closer to the old principal Khris.

Sitting cross-legged on the ground, Morodo, who was badly injured, and the Blood Witch King were full of endless anger at Li Tian's heart at this moment. The two of them were famous in the Demon Clan and were respected by thousands of people, and they have never been so. Has been defeated, and today's battle is simply endless humiliation for them.

So they can't wait to kill Li Tian at this moment, and then erase this humiliation.

At this moment, only the badly wounded Morodo roared, "Go up and kill them all...Kill them."

After the blood illusionists of those demons heard the order, they were all ready to act on the old principal Hollis.

At this moment, a crisp and tender voice suddenly came from the air.

That sound is...like...a child! ! !

"People say that the Chaos Dual Demon is extremely powerful, and the blood witch king next to the Demon Emperor's witchcraft is the best in the world. When I saw it today, it is a well-deserved reputation. No more."

The voice shot straight down from the air, deeply rooted in the hearts of the people.

Although the voice was childish and childish, it was extremely powerful, and there was an extremely strong shock in everyone's ears.

At the moment when this immature child's voice suddenly came from the air, Morodo, who was sitting cross-legged, and the Blood Witch King's expressions instantly changed angrily.

Not only did they change, but even the old Dean Heris and Li Tian were surprised.

Who

"Is that \*\*\*\* talking bad about me behind?" Morodo was grumpy, and when he heard the words that hurt them in the air, Morodo was extremely angry.

At this moment, he suddenly turned his ugly face and looked into the air.

The "Blood Witch King" and other demonic blood illusionists also looked up.

At this look, they were all shocked there.

I saw two 78-year-old children in the air.

Of the two children, one was a sunny and handsome boy, and the other was a beautiful girl with beautiful eyes and crystal clear eyes.

The appearance of the two children on the left and the right is really weird.

But when Morodo and the Blood Witch King saw these two children, their faces changed in an instant.

what?

"Yin and Yang boy?" Suddenly an exclamation came out of Morodo's mouth.

"They are... are... the yin and yang boys of Demon Lord Shura?" Suddenly the thin "Blood Witch King" beside him called out in disbelief.

It turns out that when you look carefully, these two children suspended in the air are the two children that Shura was carrying around when he was born.

I didn't expect them to appear here! !

At this moment, Li Tian, who was seriously injured, and the old dean also saw the two children called "Yin and Yang Boys".

At this moment, even Li Tian's face changed slightly.

"It's them! It turned out to be them?"

The old dean Khris also opened his eyes wide at this moment, and said in horror: "They are the two boys by Shura..."

But he said that after the yin and yang boy appeared, Morodo, who was scolding just now, suddenly felt a bit dry in his throat, and his mouth seemed to want to say something, but at this moment he couldn't say anything.

On the contrary, the "Blood Witch King" beside him saw the appearance of the Yin-Yang boy, not only looked up in the air there and said: "Two boys, I don't know, what's the matter with you here?"

Hearing the words of the "Blood Witch King", just listening to the little boy among the yin and yang boys, suddenly smiled immaturely, and said: "The devil king is afraid that you will delay things and will not be able to save the saint, so I let my sister Brothers will help you..."
