

## **A Killer 2861**

Chapter 2861: Ghost cave

"Is it true?"

"Did Shura... Shura betrayed the Demon Race?" The Demon Emperor flopped and sat on the dragon chair, his entire face becoming so ugly and ugly at that moment.

All the illusionists in the entire temple were silent, and the air seemed to be completely frozen at this moment!

No one speaks anymore!

No one dares to speak!

"Asshole! Damn it!"

Suddenly the voice of the Demon Emperor resounded like a bomb in the entire palace! ! !

At the moment when the Demon Emperor roared out, all the masters of the Demon Race in the audience knelt to the ground with a thump.

"The Demon Sovereign, please calm down!" Everyone was calming the Demon Sovereign.

There was endless bloodthirsty feeling in the eyes of the Demon Emperor.

No one can understand the anger in his heart!

"Sura, you dare to betray the emperor!!! This emperor will make you regret..." With a curse of hatred, the demon emperor was full of bloodthirsty feeling at that moment.

...

It was getting darker and darker.

Then the rustling north wind blew from afar, blowing across this black land.

After the black soil struck by the cold wind, a feather-like blizzard began to float in the hazy sky.

It's snowing and it's cold.

Amidst this gloomy and cold wind and snow, a black figure in the sky passed by like a gust of wind.

Extremely fast.

He is the Supreme Asura.

There were also two small figures on the left and right beside that Shura, they were the yin and yang boys on the left and the right.

What about Li Tian? It was at the end that Shura used his breath to float.

Li Tian was ignorant in his head now, he really didn't understand why this Shura rescued himself... He wanted to ask, but unfortunately because the speed was too fast, the cold wind blew his whole body with biting pain, especially Those flying snowflakes stuck to his deep wound, and it made him unable to speak in pain.

Just as there was a mess inside Li Tian's head, the voice of a boy from Yin and Yang came in front of him.

"Master, if we rescue this human being like this, the Demon Sovereign will definitely be very angry, right?" It was Yang Tong who was talking. The little boy blinked bright eyes while looking up and asking the Supreme Asura. Windy.

But seeing that Shura did not answer his words.

It was the little girl next to her "yin girl" who answered.

"Huh, what's the use of being angry?"

"Our master can do whatever he wants, is he in charge of the devil?" The little girl's voice was full of unreasonable feelings.

When the little boy heard this, he giggled and said, "Sister said so! Our master, under the world, who can do anything to him?"

The two of them laughed and talked while following their master "Xura" Yufeng.

Soon, they had already moved away from the capital of the demons, and instead flew all the way to the westernmost direction.

Walking through a dense jungle, I suddenly saw a series of hills in front of me.

Some mountains are extremely high, some are extremely steep, and some are low and continuous...

I saw that Shura was carrying the yin and yang boy, and Li Tian suddenly shot down from the air when he flew over this lofty mountain.

"Hey, we finally got home." A word came out from the little girl "yin girl"'s mouth and laughed.

It turns out that this place is known as the Demon Realm on the Spirit Earth Continent: Nether Ghost Cave!

But he said that when the little girl's words fell, Shura suddenly yelled: "Fall!"

Immediately afterwards, their figures were like flying geese, straight down!

With a swish, he flew down from mid-air.

Immediately afterwards, he saw that Shura took the yin and yang boy and Li Tian already flying to the bottom of the endless mountains.

After they fell, they saw a row of stone forests, which were huge and huge.

Shura brought the yin and yang boy and the suspended Li Tian towards the stone forest.

Li Tian's whole body was suspended, and he could only look around him with his eyes sideways.

"Hey...Where are you taking me?"

"let me go!"

Li Tian suddenly shouted there.

He didn't understand at all now, why this Shura brought himself here, let alone where it was, so he shouted there.

Hearing Li Tian's voice, Shura ignored him.

The yin and yang boy even ignored Li Tian's cry.

Li Tian yelled a few times, but seeing that the other party didn't respond to him at all, he could only give up.

When that Shura and the Yin-Yang boy arrived in front, they suddenly saw a huge stone gate embedded in the mountain stand out.

It also had a few blood-red characters written in \*\*\*\* cinnabar font.

"Netherworld Ghost Cave".

It turns out that Shura really brought Li Tian into this ghost cave.

After reaching the outside of the stone gate of the ghost cave, the young boy ran over quickly, and then suddenly turned with his hand on a raised stone wall on the left side of the mountain. As the raised stone turned, suddenly I saw the nether The huge stone gate of the ghost cave was opened rumbly.

After the huge stone gate opened rumbly, a suffocating gloomy breath suddenly blew out from it.

In the blink of an eye, the inside of this ghost cave was extremely cold and dark.

"go in."

After that Shura finished speaking, suddenly he took the Yin-Yang boy and Li Tian into the Nether Ghost Cave.

But it was said that the space inside this Nether Ghost Cave was huge, but it was so dark that the eyes could not see clearly.

However, after stepping into this ghost cave, one can hear wailing sounds... as if there is something terrible and dirty lurking here.

Occasionally, you can hear the sound of ghost howls.

Such a weird place does make people feel creepy.

No one would have imagined how long that Shura and the Yin and Yang boy lived in this ghost cave.

Walking inside, through the extremely weak light, you can see a crooked stream in front of you, and you can hear the sound of running water.

At this moment, I saw that Shura took the yin and yang boy, his footsteps flew slightly, and then his body style shot past like a shadow.

Soon, they crossed the crashing stream, and then reached the other end of the ghost cave.

When he reached this end, Shura suddenly waved his sleeves, but on the dark icy wall, suddenly one after another bright torches appeared.

The blazing torch ignited all at once, reflecting the entire scene in the Nether Ghost Cave at this moment.

## Chapter 2862: Words of revenge

At the moment that the raging torch illuminates the entire ghost cave, the scene here appears in front of him.

Look carefully, there are several weird and hideous statues standing inside.

Those statues have weird faces and their carvings are gleaming. If you don't look closely, you might think they are real people.

In the foremost place, there are several stone chambers. The stone chambers have a huge space, with a total of 45!

Inside the winding stone cave, there are also some living utensils!

Is this the place where Shura has been living?

Yes.

This is the bottom end of the ghost cave.

When Shura and the yin and yang boy returned to their "home", they saw Shura instructed: "Yang boy, yin girl, first bring this person into the secret room."

After hearing what Shura said, the yin and yang boy nodded quickly and said, "Yes!"

Then the little boy and the little girl quickly led Li Tian into one of the dark caves.

Li Tian shouted desperately, roared...

Unfortunately, this Shura ignored him!

In this way, Li Tian was imprisoned in a stone cave by the yin and yang boy.

But he said that after Li Tian was locked in the cave, he sat limp on the ground.

Due to the severe physical injury, he couldn't stand and walk at all...The biting pain was still tormenting him.

His body did not recover, but only a little bit...Though the blood holes in his body had been condensed, they were not healed.

Li Tian was limp in the stone cave, thinking of all this not only made him angry and angry.

He didn't understand why this Shura brought himself here! ! !

What does this Shura want to do?

"let me out....."

"Quickly let me out..." Li Tiansheng roared hoarsely.

He was also worried about Situ Ningbing, and worried about the old Dean Hollis!

Because the old Dean Hollis was tortured like him, and he was still in that deep prison! Li Tian was still deeply concerned about all this.

So he was roaring there.

It's a pity that no one responded to him in the dark stone room, and no one ignored him.

Li Tian was so tired, he lay slumped on the ground, lying there weakly.

Time passed by every minute.

...

But what about Shura who came back?

At the very end of the cave, there was a closed chamber.

And that Shura is now in that secret room.

In the weird secret room, the stone walls are rough and rough, but the light inside is abundant. I saw a statue of a \*\*\*\*\* hung in the front of the secret room.

There is also this stone table in front of the idol, on which tributes are placed! !

At this moment, Shura was standing motionless in front of the \*\*\*\*\* statue, with a deep sense of respect on the Buddha-like face, looking at the \*\*\*\*\* statue.

If you look carefully, the image of the \*\*\*\*\* is a picture of a person with white hair and beard, like a god, wearing a pale white robe, shining like alive on the portrait.

"Teacher Tian, the disciple came to see you." Suddenly a word came out of the supreme Asura's mouth.

day?

It turned out that no one thought that the spiritual position enshrined was actually one of the legendary three holy heavens.

After the supreme Asura finished saying this, he suddenly slowly drew out three sticks of incense from the \*\*\*\*\* next to him, and then lit it slightly, and then saw strands of aroma emerging from there, covering the entire stone room.

"Teacher Tian, hundreds of years have passed. If there is a god, I hope you will always be in the spirit of the sky and see my Asura kill the temple in this life! Take revenge for the master.

"It is rumored that there are countless strong people in the temple, and they are the domain of God! But I Shura doesn't believe it, because I have found an ordinary human..."

"This ordinary human can use a variety of illusions!!"

"When you were alive, you once said that only the gods in the temple can use multiple illusions, but now? A human being can use multiple illusions!!! I hope you always bless me, let me know how Practice a variety of illusions! In order to set foot on the temple, in order to avenge your old age, I Shura will do everything!"

"Master, I hope you can understand my Shura's intentions!" Shura said these words slightly towards the altar.

After speaking, Shura bowed three times to the idol hanging on the stone wall!

After bowing, Shura left the secret room.

After that Shura left the secret room, he walked directly towards the stone room where Li Tian was trapped.

After arriving at Li Tian's stone room, the closed stone door squeaked open.

Li Tian lying inside was lying limply on the ground. The moment he saw the Shimen opening, Li Tian exhausted his strength and struggled to get up. Li Tian saw that Shura through the dazzling light.

"You...you... why did you bring me here?"

"What do you \*\*\*\* want to do?" Li Tiantian cursed at that Shura!

This Shura took himself out of the deep prison of the Demon Race without a word. He didn't give himself any chance to speak along the way. At this moment, Li Tian finally saw this Shura, and immediately yelled at him.

But just as Li Tian just cursed, Shura suddenly snorted.

"Ignorant child, swear words, dare to fight!"

After the words were spoken, a hostile energy was suddenly shot from Na Shura, directly hitting Li Tian's chest.

Li Tian originally had two extremely terrifying blood holes in his chest. At this moment, after being hit by that Shura's powerful vigor, the wound was so painful that his heart was splitting, and his body flew out directly, and fell to the ground with a thump. !

what!

A scream came out of Li Tian's mouth in pain.

Looking closely, the two blood holes on the left and right sides of his chest began to bleed again... the biting pain was torturing Li Tian there.

After Li Tian was hit hard by Na Shura, it could be said that he was injured.

He endured the pain and got up from the ground, and then leaned against the cold stone wall, panting, and glaring at "Sura" in front of him.

"Asshole, you have the ability to kill me Li Tian now, if not, one day, I will let you devil double the pain and give me back!" Li Tian roared.

Those eyes with endless hatred were full of blood, and Shura, who was looking in front of him angrily, pierced both hands into the hard rock.

When Na Shura heard Li Tian say this, not only was he not angry, on the contrary, he suddenly laughed at Naha.

"Good boy, have a backbone!"

"You are the first person alive today who dared to speak words of revenge to the deity... very good, very good!" Na Shura suddenly said.

Yes, in this world, who would dare to speak to Shura like this?

Even the saint Long Lao did not dare to say that he could defeat the current Shura.

After all, Shura was in the Nether Ghost Cave, and he had been in retreat for almost 200 years.

Chapter 2863: Sanguinary

In these 200 years, no one knows how far Shura's skill has grown!

No one knows who is the real strongest person on the Spirit Earth Continent now!

After hearing what Shura said, Li Tian stared at Shura with blood-red eyes.

"You...you arrested me here, what do you want to do?" Li Tian asked.

Then Shura suddenly said, "Don't worry, the deity is here to tell you."

"tell me?"

"Say, why did you arrest me here?" Li Tian asked anxiously.

He really couldn't understand why this Shura wanted to arrest himself, so he asked now.

Then Shura suddenly smiled and said, "Boy, don't get excited!"

"The deity tells you that the reason why the deity arrested you is to know why you can practice various illusions?" said Shura Dao in front of him.

Then Li Tianyi heard that this was the case.

Then angrily said: "I will practice various illusions, what do you care about?"

Then Shura said, "Hehe, it doesn't matter to me! But the deity wants to know why..."

"Why?" Li Tian asked.

Shura said: "Because, I want to practice a variety of illusions! Because, I want to go to the temple, because I want to be the best in the world!"

When Shura said three reasons in a row, Li Tian was taken aback.

Now I finally understand why this Shura wants to catch himself!

It turned out that he wanted to practice multiple illusions just like himself, and he wanted to improve his skill again.

"Boy, now you should tell the deity why? Why can you practice multiple illusions? What are you relying on?" Na Shura asked.

It seems that he is eager to know why Li Tian can practice various illusions.

After Li Tian heard what Shura said, he coldly replied, "I don't know. Even if I know, I won't tell you."

As soon as Shura heard it, he coldly snorted: "You won't tell me? Ha ha, aren't you afraid of suffering the most painful torment in the world?"

Then Li Tian smiled sadly after hearing this: "Do you think I am afraid?"

Li Tian is indeed not afraid!

In the deep prison of the Demon Race, Li Tian was almost tortured to death! But he didn't yell a word from beginning to end... now? How can you succumb before your eyes?

As soon as that Shura heard this, he couldn't help but burst into anger.

He also knew that this human boy had so hard bones that it was impossible for Li Tian to give in to him by torture!

After thinking for a while, Shura suddenly said: "Even if I don't torture you! I will trap you in this ghost cave forever, so that you will not be able to see the sun in your life! I see if you tell me... .."

Then Li Tian heard that Shura in front of him said so, and immediately yelled, "Why are you doing this to me?"

"I have no grievances or grudges against you, why are you so trapped here?"

Then Shura said: "Because I only want to get what I want! Because I have to get it!"

"For my heavenly teacher, I would rather do anything at all!"

After the words were finished, Na Shura turned and left, and the heavy stone gate slammed down directly at that moment.

What about Li Tian?

The whole person stayed in this dark stone room in despair.

He doesn't know how he should escape...and he doesn't know how to get rid of this Shura's control...

He was just angry, just screaming as hard as he could...

what! ! !

The endless voice of grief and anger echoed from the entire stone room, deeply rooted in people's hearts.

...

Moju, imperial city.

Since that Shura betrayed the Demon Emperor, the entire imperial city was panic, and everyone's face was covered with a gloomy and scared look.

In these few days, the Demon Emperor never appeared again.

No one knows what the Demon Emperor is thinking, and no one knows how angry the Demon Emperor is at this moment.

"Blood Witch King, Demon Sovereign, his old man has been in the palace for 3 days and 3 nights, do you know what happened to his old man?" Outside the imperial palace, I saw that black robe, extremely low. Morodo asked, looking at the Blood Witch King beside him.

The blood witch King Long Jiong glanced at the palace gate, which was tightly closed, and said, "I don't know the old man either."

"The Devil Sovereign must have been severely hit." The Blood Witch King suddenly added at this moment.

As the Blood Witch King said so, Morodo sighed deeply at this moment.

Then he said: "I really don't understand, why did Saint Asura save that \*\*\*\*\* human being? And he betrayed the entire demons! Humph, does he really dare to be an enemy of our entire demons?"

The Blood Witch King said: "He dare! There is nothing in the world that the sage Asura dare not do."

"Even if he dares, I don't believe it, our entire Demon Clan illusionist can't deal with him alone." Morodo said with a bitter hatred in his eyes.

The blood witch king said slightly, "Hey! To be honest, we are really not Shura's opponents..."

"Now, our only hope is that the blood disciples quickly create it!"

"I believe that as long as the blood disciple is created, hey, whether it is the Saint Long of the Spirit Earth Continent or the Shura... they will not be able to withstand the most terrifying blood disciple."

Blood man?

The most terrifying existence.

The blood disciple was made from a living high-level blood illusionist, and then refined. It is said that the first thing to create a blood disciple is the first choice to kill the extremely heavy gods! Then throw these terrible killing illusions into the blood pool, after 7 days and 7 nights of blood soaking, and then use the Sifang Blood Sovereign to \*\*\*\* spirits, after the spirits are absorbed, a blood disciple will be born.

When a blood disciple is born, his body will be immortal, and the illusion ability will be increased several times, which is more than ten times the terrifying power! !

This means that the most terrifying blood man in the legend of the demons.

After hearing what the Blood Witch King said, Morodo gave a slight hint, and then said: "You are right. It seems that our hopes can only be placed on the blood disciple at the moment."

After the two had finished speaking, they didn't say much, turned and glanced at the tightly closed gate of the imperial city palace, and then they both left silently.

The gate of the Demon's imperial city palace was still tightly closed there.

The Devil Emperor hasn't appeared for many days.

What is he doing inside?

Inside the magnificent palace, it was empty at the moment, and no one could be seen.

At this moment, only a figure full of endless anger can be seen sitting motionless on the black dragon chair.

He was wearing a crown of funds and a dragon and phoenix robe, sitting there alone.

Except for hatred, those \*\*\*\* eyes were anger.

Chapter 2864: Puppet

"Sura, you dare to betray the emperor!!!"

"I want you to die!!!" The roaring voice suddenly yelled from the Demon Emperor's mouth. .

He originally invited Shura out to fight for himself, but now? That Shura betrayed him openly, how could he not be angry? How can you not be angry?

After the roar, the Demon Sovereign suddenly stood up from the black dragon chair, and then strode directly toward the outside of the palace.

The gate of the palace, which had been tightly closed, rang open at this moment.

Then the Demon Emperor strode out from inside with an ugly expression.

The moment he walked out of the palace gate, the demon guards guarding the outside of the palace knelt down.

"Knock to the Demon Emperor!"

After they called out all their lives, the guards all knelt before the Demon Emperor.

The Demon Emperor looked at the groups of demon blood illusionists around him, and after taking a look, he said, "Go to the Demon Palace!"

When the guards heard the Demon Sovereign say this, everyone showed a very strange look at the moment.

The magic palace?

The most important place in the Mozu Imperial City.

Moreover, now everyone in the entire imperial city knows that "blood men" are being created in that magic palace.

So when all the demon guardians heard the demon emperor suddenly say this, they were taken aback, and then they all bowed to the ground and said, "Yes!"

Then one by one quickly got up from the ground and followed the demon emperor to the place of the demon palace.

Magic Palace!

The location is at the very end of the imperial city.

It was a palace with many gates, not very big, but it was heavily guarded.

Outside were all Mozu guards wearing silver armors, each of them burly and tall, with cold faces, standing there majestic.

The gate of the magic palace is a black lacquered iron gate. It is said that this iron gate was made by a piece of mysterious iron meteorite falling from the sky in the mountains of Warcraft, and it can withstand the strength of ten thousand catties.

At this moment, the profound iron gate was tightly closed, and two huge hundred catties iron cables were buckled on it.

And just at this moment, I saw the Demon Emperor leading the team here.

After arriving, the silver armored guards around the magic palace all bowed there.

The Demon Sovereign waved his hand slightly, and then said, "Open the Demon Palace."

"Yes!" a tall silver armor guard said.

Then he quickly took out a bunch of huge ancient keys from his arms, and then ran to the mysterious iron heavy lock of the magic palace.

Only hearing a "click", the mysterious iron lock was opened.

After opening, the silver armored guard quickly retreated.

The Demon Sovereign glanced at the opened mysterious iron lock, and then strode directly to open the door of the Demon Palace.

squeak

With a sound, the gate of the magic palace opened.

At the moment when the gate of the magic palace was opened, a very "dark and weird" aura suddenly spread from within the magic palace.

But seeing the Demon Emperor standing at the gate of the Demon Palace, he glanced at the extremely mysterious Demon Palace, and suddenly said: "You are all waiting for me outside! Without my order, no one can enter the Demon Palace, enter, die. !"

A cold voice came from the Demon Emperor's mouth.

At the moment that the Demon King said it, the people of the Demon Race outside all nodded and said, "Yes!"

Then I saw the Demon Sovereign walking into the Demon Palace with strides.

After the Demon Emperor entered the Demon Palace in front of him, the temperature inside the Demon Palace dropped sharply, and there was only one gate in the huge courtyard.

The black door.

I saw the black door closed tightly, but it was not locked.

After the Demon Emperor walked to the door of this room, he slightly stretched out his hand, and then pushed it away.

After the black door was pushed open, only the eyes were filled with smoke and blood.

If you look carefully, you can see that there is a huge blood pool in the middle of the weird magic palace. The water in the blood pool is very scarlet. It seems to be irrigated with countless blood, and the blood in it is still intense. The boiling, as if something was boiling underneath.

In the nearby place, standing 45 naked and burly demon guards, all of them have ugly faces, wearing alien beast helmets on their heads, but the exposed pair of eyes exudes endless terrifying light. .

"Knock to the Demon Emperor."

When the naked and burly demon guards saw the demon emperor, they couldn't help bowing down there.

The Demon Sovereign waved his hand slightly.

"Get up all."

Following the demon emperor's order, the demon guards, shirtless, stood up.

"Yes!"

After they stood up, the Demon King walked into the boiling pool of blood and looked at the pool full of scarlet blood. Suddenly, a strange smile appeared on the corner of his mouth.

"How is the preparation of the blood pool?" The Demon Sovereign asked suddenly.

At the moment that the Demon Emperor asked, the guards around him replied: "Return to the Demon Emperor, the blood pool has been completely purified, and you can create blood disciples at any time."

"Very good!" The Demon Emperor was overjoyed.

"Let me take a look at the puppet!" Suddenly the Demon King said.

puppet?

To be a blood-making disciple, one must first find a living high-level blood illusionist of the demon race. These blood illusionists of the demon race have been purified by the blood pool, and then can become a real blood disciple after using the square blood sacred spirits. These living demon blood illusionists are called: puppets!

When the Demon King said to see the puppets, the guards suddenly said, "Yes!"

Then under the leadership of the shirtless guards, the Demon Emperor thought about the place on the left and walked.

On the left side, there are several black coffins, dark and strange.

5 in total!

Here is a live puppet!

"Open, let the emperor have a look." Suddenly the demon emperor was there.

Then one of the guards opened the first black coffin!

At the moment of opening the black coffin, I saw a guy who was \*\*\*\* all over and covered with a black cloth trapped in the black coffin.

"He is?" Suddenly the Demon Sovereign asked the guy who was covered by black cloth and \*\*\*\* in the coffin.

As he asked, one of the shirtless guards hurriedly replied: "Return to the Demon King, this person is one of the ten most vicious criminals in the Demon Race. He once slaughtered the entire village with the power of one person. , Killed 318 lives, and the blood illusion technique cultivated has reached a high level..."

Hearing what the guard said, the Demon Sovereign in front of him suddenly showed satisfaction.

"Very well, I want this kind of murderous thug!"

"Because only the more crazy the killing, the more powerful the blood disciples created!" The Demon Sovereign said with a weird smile.

Chapter 2865: Situ Ningbing worried

"Tell me, when can these puppets be put into the blood pool?" Suddenly the Demon King asked. .

The subordinate hurriedly replied: "Report to the Demon Emperor, the blood pool has now been purified! As long as you give an order, we can start now."

After the subordinate in front of him said so, the Demon Sovereign suddenly said: "Okay, then start manufacturing now."

"Put all these living puppets into the blood pool."

"The emperor must create the terrible blood disciples as soon as possible, and I want all those who betray the emperor to suffer the blood torture." The demon emperor said endless hostility in his voice.

"Yes!"

After the subordinates received the order, then they saw the headed subordinate, shirtless and wearing a mask of a strange animal, roaring: "Start!"

Then the men over there started to open the black coffins one by one.

Soon, all the five black coffins were opened.

The moment it opened, I saw a living demon illusionist in each coffin.

The five blood illusions of the demons contained in the coffins were all blood illusions who killed extremely heavy and extremely vicious!

Once these demons are made into blood disciples, they will become a hundred times more powerful. At that time, their bodies will become immortal, and their skills will increase ten times, or even twenty times their terrifying power!

"The ceremony begins, prepare to open the blood pool and place the puppets."

With a loud shout, suddenly the five living puppets were removed one by one from the black coffin.

After removing these puppets, then, they began to put these living puppets into the blood pool.

The hot blood pool was still boiling violently.

Braving a puff of white steam, accompanied by the unpleasant smell of blood, it spread into everyone's nose...

The Demon Sovereign stood aside like that, and at this moment, he didn't care about the extremely foul smell of blood, looking at it with his sinister eyes.

For the hatred in his heart, the Demon Sovereign can do anything.

"Start serving!"

When the word fell, there was the first to put a masked and tied puppet into the hot blood pool.

With a bang, he immediately saw the puppet being thrown into the blood pool.

The moment the puppet was thrown in, suddenly the puppet screamed so terribly, and the sound went straight into the sky, extremely unpleasant...

The harsh voice seemed to have suffered endless torture, extremely terrible.

Then I saw the puppet in the blood pool, struggling endlessly and wailing in pain.

The hot blood in the blood pool bathed the puppet.

His whole body was covered with blood... the whole person struggled endlessly in that blood pool...

This is the baptism of the blood pool!

This baptismal day will go through seven days and seven nights.

During these seven days and seven nights, the puppet will be baptized with hot blood, because only in this way can he be completely immortal.

Once the baptism of seven days and seven nights is completed, start to prepare to use the Sifang Blood Sovereign to absorb spirits. After the absorption of spirits, the skill will increase sharply. At that time, the endless blood followers will be truly created!

Now this entering the blood pool baptism is only the second big step!

I saw the Demon Emperor standing next to the blood pool, staring at the puppet soaking in the hot blood pool, not only a weird and insidious smile appeared on the corner of his mouth.

"Continue to put..." The Demon Emperor gave an order.

After the demon emperor gave an order, then the guards shirtless and began to drop the remaining 4 puppets into the blood pool.

Plop, plop!

After the puppets were thrown into the blood pool one after another, the screams began to echo throughout the entire magic palace.

The production of blood disciples has really begun!

The Demon Emperor looked at the blood pool that was boiling hot blood, and suddenly said in a gloomy voice: "Shura, human beings, you \*\*\*\* things, once the emperor's blood disciples are made, you will all perish!!!"

Cursing words came out of his mouth, with an endless taste.

...

The imperial city, the saint's palace.

Na Situ Ningbing had stayed in the palace for this period of time since he was rescued by Yin Yang Boy.

The reason why she stayed in the palace was because after experiencing things with that Li Tian suddenly this time, many weird images appeared in her mind occasionally.

Some of those images are fragments of her being with Li Tian... and some are fragments of being with many strangers...

Those images were both familiar and unfamiliar, making Na Situ Ningbing feel strange all the time.

She didn't know why there were so many weird images in her mind, and she didn't know why the appearance of Li Tian occasionally appeared in her mind...

"Hey, I ask you, that Shura really saved the human kid from the deep prison?" Situ Ningbing looked at a servant girl next to him and asked when he was in Situ Ningbing's bedroom.

It turns out that although Situ Ningbing has been staying in the palace for the past few days, he still knows about the big event that Shura betrayed the demons! So at this moment, I couldn't help asking.

After the servant girl heard Situ Ningbing's question, she hurriedly replied: "Return to the saint, it seems...it seems to be true."

After Situ Ningbing heard this, Liu Mei not only wrinkled slightly.

"How did that happen?"

"Hey, I wanted to go and take a look at that weird human kid..." Situ Ningbing whispered in his mouth.

After all, she really wanted to know what the images that appeared in her mind meant.

When the maid beside him saw Situ Ningbing's dignified brow, she couldn't help saying, "Is the saint still hating that human kid?"

When Situ Ningbing heard the maid say this, he raised his head and asked, "Why do you say that?"

"Because that human kid dared to kidnap the saint, it's really bold and \*\*\*\* it." The maid replied.

After listening, Situ Ningbing didn't say much.

"However, please rest assured, saint. Although the holy monarch Shura rescued the human kid from the deep prison, but I heard the soldiers say that the human body has been abolished, and the tortured person has nine deaths, so the subordinate I feel that even if the human being is rescued by the holy monarch Shura, he will definitely die! He will never live...So, please don't be angry with the human boy anymore, the maid said. Say.

When Situ Ningbing heard the maid say this, she was taken aback.

"what did you say?"

Chapter 2866: Into the Devil's Palace

When Situ Ningbing heard that the maid said that Li Tian is bound to die, he suddenly felt inexplicable.

A strange heartache for no reason suddenly filled her whole heart.

She didn't know why her heartache was at all, and she didn't even know that she suddenly felt a sense of despair that she had lost something important.

"You said...that human kid must die?" Situ Ningbing suddenly asked with her beautiful eyes widening and looking at the maid beside her.

The handmaid replied, "Well, it should be."

"Broken..." Suddenly Situ Ningbing said excitedly there.

There are still too many doubts in her heart...There are still too many puzzles, but if the human kid is really dead, who should he know about unknown doubts?

"Holy woman, what's the matter with you?" The servant girl saw Situ Ningbing suddenly showing a strange expression, and not only hurriedly asked with concern.

Situ Ningbing "Huo" bounced from his seat suddenly, and then shouted, "I'm looking for my foster father."

"Uh? Looking for the Demon Emperor?" The maid asked in surprise.

"Holy Maiden, it is said that the Demon Sovereign's old man is in the Demon Palace...No one can enter the Demon Palace!" The maid said.

Situ Ningbing didn't care about this, and then said: "I don't care about so much, I must go to my foster father."

After speaking, Situ Ningbing suddenly walked out of his bedroom.

The maidservant had not had time to greet Situ Ningbing... It is a pity that Situ Ningbing had already walked quickly towards the place of the magic palace.

...

The magic palace, at this moment, all around is guarding.

The extremely heavy profound iron gate was tightly closed there, and the Demon Emperor ordered that no one can enter the Demon Palace, and whoever enters will die.

Just when these guards were strictly guarding the Demon Palace, I saw that Situ Ningbing had quickly come from a distance.

"Knock to the saint."

When the guards saw Situ Ningbing coming, they all knelt down and called out.

After they bowed down, Situ Ning waved his hand coldly and said: "Get up all the time."

"Thank Saintess." The guards of the demon race quickly stood up from the ground one by one.

"I'm asking you, where is my foster father, his old man?" Situ Ningbing looked at the guards of the Demon Race and asked about the Demon Emperor.

But seeing the guards replied: "Return to the saint, the holy emperor is now in the magic palace."

When Situ Ningbing heard it, he secretly added: It seems that the foster father has really stayed in this magic palace these few days. I really don't know, what exactly is his old man doing here?

Situ Ningbing thought for a while and then said: "Quickly open the door of this magic palace, this saint is going to see my foster father."

When the demon guards heard what Situ Ningbing said, their expressions became weird right now, and then one by one, you look at me, I look at you, everyone's face suddenly showed An extremely helpless look.

I saw that at this moment, a leading demon guard stood up and said: "Return to the saint, the holy emperor has an order, no one can enter the demon palace!! So... please wait again for the saint ..."

"Bold?" Situ Ningbing roared immediately.

The guards of the demon clan saw the anger of the saint girl and hurriedly bowed down, "Holy woman please calm down!"

"You bastards, how dare you prevent this saint from seeing my foster father? It's absolutely damned." Situ Ningbing said angrily.

The demon guardian looked aggrieved and stood there and said: "Subordinates dare not!"

When Situ Ningbing heard this, he said angrily: "Since I don't dare, let me open the gate of the magic palace quickly. I'm going to see my foster father..."

"Holy woman, please don't make it difficult for our subordinates... The holy emperor really has an order that no one can enter the demon palace." The guard of the demon race said.

"presumptuous!"

"I don't believe it, don't my foster father even want to see me?"

Situ Ningbing roared out, suddenly ignoring the guards of these demon races, and strode directly towards the gate of the demon palace.

Seeing that Situ Ningbing was about to break through the gate of the Demon Palace, the guards at this moment saw the situation and could only fly over quickly, and then lined up in front of Situ Ningbing.

"Holy woman, please don't embarrass us!!!" the demon guards said together there.

Situ Ningbing saw that these subordinates were daring to block him, and immediately said angrily: "You dog slaves dare to block me? You are looking for death."

After speaking, Situ Ningbing suddenly shot.

The delicate hand turned, grabbed, and suddenly volleyed towards the head of the guard in front of her.

The tricks are sharp and poisonous enough.

The guard was shocked when he saw the saint's move, his body quickly retreated, then his right hand raised, blocking Situ Ningbing's move.

"Dog minion, dare to fight back? Today, this saint must kill you."

Situ Ningbing yelled immediately when he saw that this subordinate had fought back.

With his right hand raised directly, ice swords suddenly appeared in the palm of his hand. Those ice swords were formed by the condensation of water system illusions.

Then the swish ice sword shot towards the guardian's body.

After all, the guard was just a slave, and he didn't dare to block Situ Ningbing too much, so he could only dodge quickly at this moment.

Those ice swords didn't hit the guard of the demon race, but flew on the heavy gate of the demon palace, and at this moment a sound of "puff...puff...puff."

Just when Situ Ningbing made a move, the guards of the Demon Race hurriedly stopped in front of Situ Ningbing.

One by one, when they looked embarrassed, they shouted, "Holy woman, please don't embarrass us!"

...

Just when Situ Ningbing was making trouble at the gate of the magic palace, the blood pool inside the magic palace was still boiling.

I saw that in the boiling blood pool, the five puppets no longer screamed, and they were standing in the blood pool covered in blood.

The facial features were completely covered by blood, and the whole body was soaked in blood.

Those shirtless guys are still burning the flames in the blood pool.

And the Demon King? He was sitting on a chair, his wicked eyes watching the puppet's changes in the blood pool without blinking.

"Now it has reached the bone washing stage. Once this bone washing stage passes, the bodies of these puppets will be immortal, hahahaha." Suddenly the Demon King looked strangely at the puppet in the blood pool and laughed loudly. .

The guys in the magic palace also showed a smile on their faces.

At this time, a loud noise came from outside the magic palace.

The Demon Sovereign was paying full attention to the changes in the puppets in the blood pond. At this moment, he suddenly heard a noisy noise from outside the Demon Palace, and his face became ugly.

"Asshole, who would dare to make a loud noise here?"

Chapter 2867: The shock of the demon king

After the Demon Emperor roared out, he "Huo" suddenly stood up from his seat.

"Damn it."

The Demon Sovereign said as he strode out of the palace, and then walked towards the gate of the devil palace.

Outside the magic palace, I saw Situ Ningbing still fighting.

She is really angry! A saint herself was really angry when she was stopped by these dog minions.

While Situ Ningbing was still outside, the heavy profound iron gate of the magic palace suddenly opened at this moment.

At the moment of opening, the guards of the demon race outside and Situ Ningbing were all stunned.

Then, they saw the demon emperor wearing a crown of funds and a dragon and phoenix robe.

The moment they saw the Demon Emperor, the guards of the Demon Race were shocked immediately.

Then all hurriedly knelt on the ground: "Knock to the Demon Emperor!"

Even Situ Ningbing at this moment saw the Demon Emperor, with a smile on that face at this moment.

"Foster father." Situ Ningbing called out excitedly.

The Demon Sovereign had originally had an angry face. He wanted to punish the troublemaker outside, but when he raised his eyes, it turned out to be Situ Ningbing, the Demon Sovereign's angry face suddenly eased.

"Haha, this emperor thought anyone had the courage to make noise outside the devil's palace. It turned out that she was the emperor's good daughter!" The devil said while smiling while looking at that Situ Ningbing.

After listening, Situ Ningbing smiled, and then hugged the Demon Emperor tightly.

The Demon Sovereign held that Situ Ningbing gently like a father.

"Good girl, how is your headache? Have you committed it again recently?" The Demon Sovereign asked concerned.

It can be seen that the Demon Emperor is extremely concerned about petting Na Situ Ningbing.

Situ Ningbing heard the Demon Emperor's question, so he said: "Reporting to the foster father, my daughter's headache has improved a lot."

"Well, that's good." The Demon Sovereign said with a smile.

"Foster father, I haven't seen you for several days. I miss you so much." Situ Ningbing said.

As soon as the demon emperor heard it, he laughed and said, "Silly daughter, this emperor is very busy now, so I haven't visited you these days."

"Foster father, what have you been up to these days?" Situ Ningbing asked.

Hearing Situ Ningbing's question, the Demon Sovereign's expression changed slightly, and then he said, "I'm busy with some big things."

"Oh!" Situ Ningbing saw that the Demon Emperor didn't want to say too much, so he didn't continue to ask.

"By the way, adoptive father, it is said that the sage Shura betrayed your old man and betrayed our demons? Is it true?" Situ Ningbing asked suddenly.

As soon as the Demon King heard the name of Shura, the whole person exuded an invisible anger.

Then he said with an extremely ugly face: "Huh, that \*\*\*\* will die sooner or later!!!" A loud roar burst out of the Demon King's mouth.

Situ Ningbing was shocked.

You know, the Demon Sovereign has never had such a fierce temper in front of Situ Ningbing.

"Foster father, don't be angry anymore! Since Shura doesn't know what's good or bad, then just ignore him." Situ Ningbing advised.

But seeing that Demon King said: "No!"

"The one who betrays the emperor has only one end, and that is, death."

"Foster father, why did that Shura rescue that human kid?" Situ Ningbing asked again at this moment.

The Demon Emperor said: "This... even the emperor doesn't know it yet."

"It's weird," Situ Ningbing muttered.

The Demon Emperor turned his head and suddenly looked at Situ Ningbing in front of him and said, "Daughter, why did you suddenly come to the Emperor today?"

Situ Ningbing thought for a while and said: "Actually...actually...it's like this! I have always had some weird pictures in my mind recently...the pictures seem to be...as if they are related to that human kid!!!"

"What?" When the Demon Emperor heard Situ Ningbing's sudden words like this, his face suddenly changed.

"Daughter, there are some images in your mind that you said are related to that human?" The Demon Emperor suddenly asked strangely.

Situ Ningbing said: "Actually, I don't even know about myself... Every time I feel pain, some pictures will appear in my mind... Those pictures are vague, and sometimes I feel those pictures. I seem to have experienced them. After...so I felt so strange that I came to find you the foster father!"

When the Demon Emperor heard this, his heart suddenly shook.

He was faintly lining up there: Could she really start to awaken the memory? Could it be that his daughter was not sent by God? But just from another world? She has a memory? Know that \*\*\*\* human?

Just when the Demon Emperor was thinking so strangely in his mind, Situ Ningbing said: "Foster father, what are your old people thinking?"

Situ Ningbing's words woke the Demon Sovereign from his contemplation, but seeing the Demon Sovereign turned his face, he took a meaningful look at Situ Ningbing, and then said: "Daughter, can you remember anything in your mind? "

Situ Ningbing shook his head and said, "I can't...but I think after a while, I should be able to remember something."

"Foster father, am I really amnesia?" Situ Ningbing asked suddenly.

Just after Situ Ningbing asked, the Demon Sovereign hurriedly said, "No...no..."

"Daughter, the fragments in your mind are only caused by your headache... Don't think about it! You listen to your foster father, stay in your palace, and wait for a while, the foster father will send someone Treat your illness well, and during this period of time, you must never think about the messy things, understand?" The Devil Emperor told Situ Ningbing.

After Situ Ningbing heard what the Demon Sovereign said, although he felt that today's foster father was strange, he still said, "Yes, I listen to the foster father."

When the Demon King heard this, he smiled and said, "That's good!"

"Daughter, the emperor still has many things to do. You should go back to the bedroom and rest first. After the emperor has been busy for this period of time, he will accompany you well, okay?" Situ Ningbing said.

Situ Ningbing said after hearing this: "En! Then I will wait for my foster father."

"En, haha." Demon King said.

After speaking, Situ Ningbing really left here.

After the Demon Emperor watched Situ Ningbing leave, his face suddenly became extremely weird.

His weird eyes were looking at the back of Situ Ningbing, and then he muttered: "It seems that she really has a great relationship with that human kid!!!"

"Come here!" Suddenly the Demon Sovereign shouted loudly.

Following the demon emperor's order, the guards of the demon races around quickly walked over.

"Subordinates are here!"

Chapter 2868: Method

"Let Morodo and the Gorefiend come to see me quickly!" The Demon Sovereign ordered.

The guards hurriedly said, "Yes!"

Then he hurriedly called Morodo of the Chaos Twins and the Blood Witch King.

No one knows why the Demon Emperor suddenly wanted to interrogate the two!

After a while, it was seen that Morodo and the Blood Witch King had been summoned.

The two hurried to the front of the Demon Emperor.

"Subordinates knock on the Demon Emperor."

After Morodo and the Blood Witch King arrived in front of the Demon King, they hurriedly bowed and bowed.

After they saluted, the demon emperor in front of them said coldly: "You two will put your ears up for me now and listen to me. This emperor will give you a top secret mission."

task?

As soon as Morado heard the Blood Witch King, he hurriedly said, "Subordinates, please listen!"

"From now on, this emperor wants you to put down everything in your hands and begin to monitor the saint's palace for twenty-four hours!" A word suddenly came out of the demon emperor's mouth.

Monitor the saint's palace?

No one thought that the Demon Sovereign would suddenly issue such an order.

Even Morodo and the Blood Witch King in front of them not only had a strange change on their faces.

But it said that Morodo and the Blood Witch King heard the command of the Demon Emperor, and when they were in a daze, the Demon Emperor suddenly roared: "Are you two deaf? Didn't you hear from the Emperor? command?"

Na Morodo and the Blood Witch King reacted at this moment, knelt to the ground with a plop, and then said: "Subordinates heard it, I heard it."

"well!"

"Now that I heard it, do it quickly!"

"Remember, if there is something going on in my daughter, and what weird changes will happen, tell the emperor for the first time, do you understand?" The Demon Emperor added.

Then Morodo and the Blood Witch King hurriedly replied, "Subordinates understand."

After speaking, Morodo and the Blood Witch King hurriedly bowed and left.

They started to monitor Situ Ningbing from now on.

...

Nether ghost cave.

That Li Tian has been trapped in the secret room for several days and nights.

In the past few days and nights, Li Tian has been staying in the dark secret room, not seeing the sky, not seeing any light.

Only when eating every day, there will be a gap in the stone room, and then a bowl of water and some food will be brought in from outside to maintain Li Tian's life.

Being trapped in this dark room like this, Li Tian could not live as well as die.

The pain in his body has numb him, and he is paralyzed in that secret room. Apart from hatred, he is still hate.

On that day, after it was time to eat, the gap in the secret room was opened again.

A beam of light shone in from the outside and hit Li Tian's face that was limp in the secret room.

Li Tian gasped in his mouth illuminated by the dazzling light, then slightly raised his eyes to look, but he saw that a bowl of water and two steamed buns came in from the gap.

"It's time to eat."

Suddenly a young boy's voice came in.

Listen carefully to the voice, and when you hear it, you can hear that the voice is from the yang boy among the yin and yang boys.

"You...how long are you going to trap me?" Li Tian yelled there after exhausting all the strength of his body... Even so, his voice was still extremely weak.

After Li Tian's difficult questioning, Na Yang Tong suddenly smiled outside the stone room and said, "Until you say the answer our master wants!"

When Li Tian heard it, he was completely discouraged.

So Shura wants to know why he can Shura multiple illusions?

In fact, Li Tian didn't want to answer this question, but he didn't know how to answer it.

Because from beginning to end, even Li Tian himself didn't know why!

He also didn't understand why he could practice multiple illusions.

So at this moment, Li Tian collapsed in the cave in despair.

"Hey, if you answer our master's question, our master will definitely let you out..." Na Yang Tong said outside the stone room.

Li Tian suddenly laughed bitterly, and the desolate and sad voice echoed in the entire stone room.

"Asshole...I Li Tian won't answer! I won't answer absolutely! Even if it's dead." Li Hao called out from Li Tian's mouth.

The more others force him, the more stubborn he is. This is his character.

After hearing Li Tian's roar, the young boy outside the stone room could only sigh slightly and said, "Hey, since you are so stubborn, then you should continue to stay in this stone room."

After the words were finished, the gap closed again with a bang, and then the only light disappeared again like that!

Ahhhhh!

Li Tian roared like crazy in the stone room... his voice was extremely stern.

Na Yang Tong sighed and left the stone room.

As he walked, he still muttered in his mouth: This human being is simply too stubborn, hum, it really deserves it.

He muttered like this and walked towards another huge cave.

Inside the huge stone cave, I saw Shura, whose hair was half-black and half-white, closed his eyes slightly, sitting cross-legged on a stone couch, and the little girl was standing next to him. Yin girl.

"Yangtong, did that human say it?" Suddenly a word came out from that Shura's mouth.

After hearing the master's words, the young boy hurriedly replied: "Return to master, that human being is very stubborn and refuses to answer."

When Shura heard this, his eyes opened suddenly, and two extremely terrifying rays of light shot out from his eyes.

"This guy really tests my patience! It's really damnable."

"If he doesn't say any more, then it's time for him to die." The Supreme Asura suddenly roared.

It seems that Shura's patience is also limited, he can't wait any longer.

The yang boy and yin girl beside him were slightly startled after hearing what Shura said.

Just listen to the immature young boy saying: "Master, have you decided to kill that human?"

Shura said: "He has no use for anything! The deity has offended even the Demon Emperor for his sake, but he did not expect it to be so futile. He deserves to die and kill."

After hearing what his master said, the young boy closed his mouth and stopped speaking.

But at this moment, the little girl next to her suddenly spoke at this moment.

"Master, I do have a way, I don't know if it's feasible or not?" The little girl said with her beautiful eyes blinking.

When Shura heard the little girl say this, not only her brows wrinkled slightly.

He knows that his yin and yang boys are all gifted, especially this little girl is extremely smart. Hearing what she said at this moment, Shura nodded slightly and said, "Tell me..."

Chapter 2869: he died?

Following that Shura's questioning exit, only the little girl and public girl smiled there and said: "Master, although that guy is extremely hard-mouthed, he always has his own weaknesses!"

"A human always has a lot of emotions, and I can see that the human kid cares about the saint of the demon race."

"Last time, for the saint, he did not hesitate to risk dying to bring her out."

After the little girl suddenly said this, Shura was startled in front of her, and her eyes lit up instantly.

"I see..." Suddenly Shura laughed.

"You mean, although he himself is stubborn and unwilling to say, but I can catch the person he cares about and threaten him! In that case, he will say... right?" Shura suddenly smiled at the little one. Girl said.

That little girl is really small, but she is extremely witty.

At that moment, he smiled and said: "The master said it is extremely true."

"Haha, the yin girl is really smart." Shura praised there.

"This idea is really good, it seems that the deity has to go to the imperial city of the demon clan again." A word came out of that Shura's mouth.

Is Shura really going to the imperial city to hijack the saint of the demon race?

After hearing what Shura said, Yang Tong on one side said, "Master, are you going to the Demon Imperial City?"

"En." Shura said with a slight gratitude.

Na Yang Tong said again; "But this time we betrayed the Demon Race, and the Demon Emperor must be extremely resentful. If the master returns to the Demon Race Imperial City this time, those Demon Race guys will probably be against the master!"

When Shura heard this, he suddenly sneered: "Don't worry, the deity has never put the demons in his eyes."

Yes.

Looking at the entire capital of the demons, it is indeed difficult to find someone who can fight the saint "Sura"!

Including the blood witch king, including Na Morodo.

They are not the opponent of Shura at all.

So Shura's words are very decisive.

"Yang Tong, Yin Girl, I now order you two to guard the Netherworld Ghost Cavern. Remember to take good care of that damned human kid. You must not let him die before the deity returns? Understand?" Shura suddenly ordered there.

After hearing what Shura said, the yang boy and the yin girl nodded quickly and said, "Subordinates understand."

"it is good!"

As soon as the supreme Asura suddenly said the word "good", the entire figure of that Asura suddenly flashed like that, and then the whole person had flown several feet away.

"Take good care of the Nether Ghost Cave, the deity will go."

After the words fell, the figure of Shura had flew out of the ghost cave like a flying light.

The speed is simply too fast, reaching a point where it is completely incredible.

Shura really went to the demon imperial city again, this time, that Shura was to capture the saint of the demon back.

After the supreme Asura left, I saw that Yang Tong pouted and said to the little girl there, "Sister, your idea is really bad... just in case, that human being doesn't care about the saint of the demon race," Didn't you let the master run for nothing? And you angered the Demon King again?"

When the little girl heard this, she suddenly giggled.

"Stupid brother, you are so stupid, I tell you, I can see that the human kid cares about the saint of the demon race, so this time the master must be right." The little girl was confident in her face. Tao said.

When the young boy heard this, he asked in disbelief, "Why are you so sure?"

The yin girl smiled and said: "Just based on my feelings, hehe."

Yang Tong said: "Feeling? I'm afraid your feelings are sometimes ineffective."

"Wait and see... my silly brother." The yin girl smiled and left.

...

When it was time for dinner that day, the two little dolls of the Yang Tongyin Girl took out a bowl of clear water again, and two steamed buns and walked towards the stone chamber where Li Tian was trapped.

After reaching the stone room, Na Yang Tong slightly opened the small gap.

"Hey, it's time to eat." The Yang Tong yelled there in a tender voice.

While talking, he stuffed the bowl of water and two steamed buns in his hand.

But after stuffing it in, there was no reaction at all in the dark and dull stone room.

Seeing that Li Tian in this stone room did not respond, Na Yang Tong suddenly frowned slightly.

"Hey, this guy used to scream, why didn't he react at all today?" Yang Tong muttered there.

The little girl beside her was blinking her beautiful eyes at this moment, and then bent her body to look inside.

It was dark inside. Although she blinked her eyes, she still couldn't see anything.

"Why doesn't this guy speak?" The female woman was also muttering there at the moment.

"Hey, hello, are you inside?" Yang Tong shouted into the gap.

But Li Tian inside still has no reaction at all!

There was no breathing sound inside.

"Why doesn't he speak? He doesn't say anything?" When Yang Tong saw that the imprisoned Li Tian didn't react at all, he asked not only in anxiously at this moment.

The yin girl thought about it at this moment, suddenly staring at her beautiful eyes: "Ah, isn't this guy dead?"

"What? Dead?" Yang Tong's immature face suddenly became ugly.

The yin girl said in that way: "Yes, this guy was injured so badly before, and now we are trapped in this stone room, maybe...maybe...he couldn't bear the pain at all and died? "

When the young boy heard "dead", he yelled right there.

"It's over, it's over, if he is dead, how can we two explain to the master?"

"Before the master left, he personally told you and me that he must live." That Yang Tong said with anxiety.

The little girl panicked at the moment, and yelled at the gap again, but there was no reaction at all in the stone room.

After yelling a few times, the little girl suddenly said to the Yang Tongdao: "Brother, should we open this stone room and see the situation?"

"Uh? Open the stone room?" Yang Tong asked in surprise.

"But...but...the master said, you can't open the stone room! Prevent that guy from escaping." Yang Tong said in a tender voice.

The little girl said: "Oh, people are dead, how can he escape!"

When the young boy heard it, it was right!

People are dead, how can they escape?

After thinking about it, the young boy looked at the yin girl and said, "Sister, let's open the stone room? Take a look at him?"

"En!" The yin girl said there.

"Well, I listen to you." In the end, the young boy finally compromised.

Chapter 2870: The last despair

In order to see if Li Tian in the stone room was really dead, the two children decided to open the stone room where Li Tian was held.

I saw that the yin and yang boy came to the mechanism of the stone room, and first glanced at each other.

Then under the yin girl's nod, then the yang boy began to stretch out two small hands to press the mechanism on the stone wall.

Boom boom boom!

Following the pressing of the mechanism, the heavy door of the stone chamber that had been tightly closed began to slowly open at this moment.

After the stone door was opened for a moment, the stone room began to be filled with light, and the environment inside appeared in the eyes of the yin and yang boy.

Look carefully, this stone room is not very big, only 67 square meters, there is nothing inside, full of dark and humid stench, in the most corner place, I saw Li Tianzheng lying motionless like a dead man. There.

"he died?"

Let's say that when the young boy saw Li Tianping lying on the ground with a pale and fat face, he was suddenly surprised.

What about the pubic girl? At this moment, she blinked her beautiful eyes and looked at that Li Tian.

"It seems...like...really dead." The female woman said.

When the young boy heard it, he yelled at that moment.

"Broken, broken, how could this guy die? If he dies, the master will definitely punish us." Na Yang Tong cried out with worry and fear.

The yin girl was calmer than him, and said at the moment: "Don't worry! Let me see if he is really dead."

The yin girl who said this began to slowly walk towards Li Tian who fell on the ground step by step.

That Li Tian was covered in blood, especially the two legs. At this moment, he was scrapped. The legs were covered with blood, and the body was also bloody. Although the blood holes in the shoulders and elbows were condensed, they could still be seen. The dry blood clot still sticks to it.

The yin girl covered her nose to avoid the smell of blood, and walked slowly towards that Li Tian.

After she finally reached Li Tian's side, she first stretched out a small foot slightly, and then gently kicked Li Tian.

"Hey, hello..."

The yin girl yelled twice, but Li Tian didn't respond at all.

The yin girl was not only worried at the moment, she muttered in her heart: "Is this guy really dead?"

The yin girl who was thinking this way began to bend down slightly, and then pulled Li Tian's face with her hands.

Just as the yin girl just stretched out her fingers, Li Tian, who was originally lying on the ground with a pale face, looked like a dead person, suddenly opened his blood-red pupils.

what?

"Ghost!" After all, the yin girl was still a little girl. At the moment when he saw Li Tian who was "resurrected from the dead" suddenly opened her eyes, she couldn't help but screamed.

At the same time she screamed, Li Tian suddenly exhausted all of his body's strength, and then suddenly used a hand to grab the little girl's throat.

"Don't move... if you move again, I'll kill you." Li Tian said in that weak voice.

His body was still trembling violently...Two legs were limp on the ground, with blood stuck to the little girl's throat tightly.

It turned out that Li Tian had always pretended to be dead. In order to get out, in order to be able to get out of this stone room, he held his breath for a quarter of an hour just now! The reason is to wait for the opening of the stone gate, and now, the stone gate has finally opened... he saw the opportunity!

Having said that, when Li Tian snapped the little girl's neck, the little girl couldn't help but screamed.

And what about the young boy standing in front? At that moment, his immature face was suddenly pale as paper.

"You...you...you...are you a human or a ghost?" Yang Tong suddenly saw that Li Tian was clutching his sister covered in blood, and asked in fear.

What about Li Tian?

He just wanted to leave here at the moment, and didn't want to really kill the yin and yang boy, so he gasped there and said, "Take me out..."

"Take me... out of... this place."

Hearing Li Tian's words, Na Yang Tong reacted.

"You...you...didn't die?" Yang Tong cried out all of a sudden.

At this moment, the restrained yin girl also reacted, because she felt the temperature of Li Tian's fingers pinched on her neck!

The dead have no temperature! So the yin girl already knew that Li Tian was not dead. He just pretended to be dead.

"Idiot, he is pretending to be dead!" The yin girl was there at the moment reminding the young boy.

When the yin girl suddenly called out, Li Tian's fingers pressed hard.

The yin girl was pinched in her throat immediately, and she couldn't speak at the moment.

"Don't force me...Kill her..." Li Tian gasped and said in pain.

Although he is now restraining the \*\*\*\* in front of him, he has also consumed all the strength of his body!

After all, the torture and injuries he suffered were too severe. At this moment, if he couldn't seize the opportunity to leave this \*\*\*\* stone cave, I'm afraid Li Tian would never have a chance again, so he threatened that Yang Tongdao there.

"Don't, don't, don't move my sister." Na Yangtong cried out in horror when he heard Li Tian was about to kill his sister.

Then Li Tian took a hard breath and said with a trembling voice, "If you don't want her to die...just...just...take me out..."

"Take you out?"

"You...your legs are like this...how do I take you?" Na Yang Tong asked depressedly.

Li Tian suddenly felt cold when he heard that Yang Tong said this! At this moment, he turned his head hard and looked at his depleted flesh and blood legs. At that moment, his face suddenly showed endless despair...

Suddenly he laughed strangely, his laughter was worse than crying, and more audible than crying.

Hahahahaha!

A strange and miserable laughter came from Li Tian's mouth.

While he was laughing, he suddenly loosened the neck of the yin girl beside him, and then fell to the ground with a plop.

After the yin girl was released, she coughed and coughed a few times, and then quickly left Li Tian, turned his face, and looked surprised at Li Tian who seemed to be mad in front of him.

He was still laughing, crying and laughing.

There was scarlet blood in the tears, and the tears fell.

"Yeah... My whole body is gone, how can I get out? How can I get out?" While falling into a pool of blood, laughing miserably, he suddenly screamed in despair.

He can't escape!

Even if he pretended to be dead and restrained the \*\*\*\* in front of him, he couldn't escape! Because his whole body has been abolished, and he has no strength to get out of this stone room at all! !
