

A Killer 2871

Chapter 2871: Saintess's awareness

Li Tian couldn't escape.

Even if he pretended to be dead and subdued the yang virgin, he could not escape, because he was now a useless person.

The yang virgin girl who was still scared just now saw that Li Tian suddenly threw a weird smile on the ground, and the two of them were stunned for a moment.

"What's wrong with him...?" Suddenly the immature young boy blinked and looked at Li Tian and asked.

The little girl was also at a loss, stood there blankly, shook her head and said, "No... I don't know."

"He looks crazy?"

"Sister, look at him crying and laughing, like a lunatic." Na Yang Tong pointed to Li Tiandao.

The yin girl also said, "Well, it's a bit like..."

"Forget it, elder sister, we should stay as far away as possible from this lunatic..." Na Yang Tong listened to Li Tianguai's crying cry at the moment, not only in fear.

The little girl nodded quickly and said, "En, en, let's go."

The yang boy and the yin girl who had finished talking so quickly left the cave.

After reaching the outside of the stone cave, the two of them looked back at the miserable and weird Li Tian in the cave, and then quickly pressed the mechanism button on the stone wall, and then the heavy stone gate closed with a thud.

Li Tian was once again imprisoned in the dark stone cave.

...

Moze, imperial city.

Ever since that Situ Ningbing met the Demon Emperor, she has returned to her bedroom alone again.

It's just that when she returned to the bedroom, some weird pictures would still occasionally appear in her mind...

Situ Ningbing stretched out his hand and touched his head, and said depressed: "What the **** is going on with me? Why do some bizarre images appear in my mind?"

Situ Ningbing, who was talking so depressed, stayed in that palace.

A maid in a black dress came in from the outside, holding a bowl of washed fruit in her hand.

"Holy woman, you can eat a little bit of the freshly cleaned fruit." The maid put down the plate and said slightly.

Situ Ningbing gave an "en" in his mouth, and then said, "I see."

"By the way, saint, when I was washing the fruit just now, I saw Morodo and the blood witch king at the entrance of the two illusionists. Are they here to find the saint?" said the maid.

It turned out that when the maid passed by just now, she happened to see Morodo who was monitoring Situ Ningbing and the Blood Witch King.

He said that Situ Ningbing didn't know that the Demon Emperor had sent Morodo and the Blood Witch King to monitor him. At this moment, he heard his handmaid say this, and suddenly Liu eyebrows wrinkled slightly.

"what did you say?"

"Morodo, Blood Witch King, are they here in my bedroom?" Situ Ningbing asked all of a sudden.

The maid quickly replied, "Yes, when the subordinate was washing the fruit just now, they happened to see the two of them at the door of the saint!"

"Hey, why did those two guys suddenly come to me?" Situ Ningbing suddenly wondered.

Then asked the maid: "Are they there now?"

The handmaid replied: "Should be still outside."

When Situ Ningbing heard this, without saying anything, he walked quickly towards the door.

After reaching the door, Situ Ningbing directly pushed open the door of the room in front of him. With a squeak, the door was pushed open. I saw that the place outside was empty. I couldn't see the Morodo and the Blood Witch King. Shadow.

"Where are people?" Situ Ningbing glanced at the faintly dark surroundings.

The handmaid stepped out to take a look at this moment. When Morodo and the Blood Witch King were not visible, her overseas Chinese alliance suddenly turned pale.

"Why didn't you see them?"

Situ Ningbing thought for a while, and suddenly she looked around with her beautiful eyes and yelled with her neck up there, "Morodo, the Blood Witch King, get out of this saint!"

A roar came out of her mouth.

The empty courtyard, without any echo.

Situ Ningbing called out when he saw him, the two guys still didn't show up, and immediately said angrily: "Hmph, you two came here sneakily, don't think that this saint doesn't know if you hide now... ...!"

"Okay, you won't come out? Then I will tell my foster father his old man, and you two ***** overhearing and monitoring me.

Situ Ningbing said he was going to tell the Demon Emperor.

Just when Situ Ningbing said this, he saw that from the dark corner of the place in front, two figures suddenly swooped in front of Situ Ningbing.

Look carefully, these two people are Morodo sent by the Demon King to monitor Situ Ningbing and the Blood Witch King.

But it was said that after Morodo and the Blood Witch King showed up like this, the two of them hurriedly threw themselves and knelt down in front of Situ Ningbing.

"Saint, please calm down! The subordinates are out."

Morodo and the Blood Witch King knelt on the ground together.

That Situ Ningbing was just a threat just now. In fact, even she didn't know if Morodo and the Blood Witch King were really around her... I didn't expect that the explosion just happened just now. The two guys exploded.

At this moment, Situ Ningbing saw the two appearing, and immediately his face became cold.

Beautiful eyes widened, Morodo and the Blood Witch King who knelt on the ground in front of the glaring.

"What are you two **** doing sneakily in this saint's bedroom?" Situ Ningbing roared.

Na Morodo and the Blood Witch King were stunned for a moment, and then he said in his mouth: "We...we..."

"talk?"

"Not to mention, I'll let people drag you all out and kill them!" Situ Ningbing said angrily.

When Morodo heard this, he lied there immediately: "The saint calms down! I waited for the two to protect the saint's safety, and I am here to protect the saint."

Situ Ningbing was very clever. When I heard it at the moment, of course he didn't believe it: "Nonsense!"

"You two dare to say to protect me? If you protect me, why would I not know? Besides, you two are sneaking around my bedroom, how can you protect me? I think you two **** are bold and have a heart. Other plans, right?" Situ Ningbing said angrily.

When the blood witch king heard it at this moment, he quickly said: "Saint, you have misunderstood, misunderstood, we two are really here to protect you."

"Because a lot of things have happened in the imperial city during this period of time... so... so... the old man of the Devil Emperor was worried about you, so he sent us two guards here to protect you! It's just that we are afraid Excuse me, the saint, so I didn't show up directly." The blood witch king lied to the editor.

It can be said that the blood witch king lied is reasonable, after all, there have been many conditions in the Demon Imperial City during this time!

Chapter 2872: The expert is coming

At this moment, Situ Ningbing heard what the Blood Witch King said again, and he secretly said: Are these two guys true?

Then Situ Ningbing thought carefully about the successive events that happened in the imperial city recently. First, Li Tian and the old dean Heris lurked into the imperial city... Then they both hijacked Situ Ningbing... It's the Shura betrayal again... It can be said that one storm after another!

So far, there have been constant disturbances.

So after Situ Ningbing thought about it this way, her beautiful eyes flickered twice, and then she muttered, "Should I believe them?"

"Holy woman, the subordinates should have informed you in time to avoid misunderstandings. If you told the holy woman earlier, I am afraid that such misunderstandings would not have occurred." The Blood Witch King continued there.

The low Morodo in front of him also said in a sharp and unpleasant voice: "Saint, we both know that we are wrong."

Situ Ningbing was sincere when seeing these two guys answering questions. After thinking about it, she said, "Forget it, since you were sent by your foster father to protect me, then I won't punish you."

"It's just that you two must never sneak around outside of my bedroom, do you understand?" Situ Ning said coldly.

When Morodo and the Blood Witch King heard at this moment, he quickly said, "Subordinates know."

"it is good!"

"Also, you guys should listen to me. You can't get within 5 meters of this saint's bedroom. If you are seen by me, huh, be careful of your legs, do you understand?" Situ Ningbing said.

After that Morodo and the Blood Witch King listened, the two of them were slightly startled, but they still said, "Subordinates understand."

"Now that you understand, let's get out of here." Situ Ning left a sentence coldly, and then took a big step and turned around and returned to her bedroom.

The maid who was wearing a black dress next to her also hurriedly followed in at this moment.

After Situ Ningbing walked into his bedroom, Morodo and the Blood Witch King sighed lightly.

"Damn, we were actually seen by the saint." Only the blood witch king said in an angry voice.

Na Morodo looked at the palace of Situ Ningbing with gloomy eyes and suddenly said, "It must be that ***** wild girl!"

When the blood witch king heard this, he was taken aback for a moment, and then said, "You are talking about the maid beside the saint?"

"Yes, that ***** girl!"

"You forgot, she saw our whereabouts a while ago... I guess she must have told the saint! If not, how could the saint find you and me?"

The Blood Witch King suddenly said with an extremely ugly face when he heard it, "Well, your guess should be good."

"That ***** girl is really looking for death." The Blood Witch King roared.

"Do you want to kill that mean-mouthed girl?" Morodo said in that gloomy voice at this moment.

This Morodo has a gloomy personality and a bloodthirsty personality. At this moment, when he guessed that it was the maidservant next to Situ Ningbing who was suing, the extremely cold killing intent was revealed in his heart.

Just when he said he was going to kill the maid, the blood witch king next to him slightly stopped.

"No, you can't kill it yet."

"If you kill now, the saint will definitely be suspicious, and then you and I will be in trouble." The blood witch king said.

After thinking about it, Morodo nodded in favor: "Huh, then let that cheap girl die first."

"Let's continue to monitor the saint." Just listen to the blood witch king.

After the two of them had finished saying this, they suddenly slid and flew directly to reach the roof of Situ Ningbing's bedroom. Their light skills were extremely high, and there was no sound at all when they landed on the roof, so they stayed in the bedroom. Situ Ningbing in it didn't even notice that she was being watched.

...

The night came gradually.

Tonight's night is extraordinarily dense, mixed with the icy north wind blowing from the dark sky.

I saw that Situ Ningbing was lying on the bed in the palace, tossing about and couldn't sleep.

I don't know why, as soon as Situ Ningbing lay down, the shadow of Li Tian would appear in her mind.

Especially when she heard that the maid said that Li Tian must die, she felt strangely nervous for some reason?

What is the actual cause? Situ Ningbing didn't know.

She was just lying on the bed over and over, trying to stop the images of Li Tian in her mind... But the more she stopped, the more those pictures were, as if they were her memories.

"Why is this?"

"Why does that human face appear in my mind?" Situ Ningbing was extremely depressed, and at this moment sat up from the bed.

Her beautiful eyes were slightly red, and she held her head in her hands.

"Damn, stop thinking, stop thinking." Situ Ningbing shouted while stopping herself.

However, when this happened to Situ Ningbing, Morodo, who was monitoring Situ Ningbing on the roof, and the Blood Witch King could see clearly.

They both saw Situ Ningbing's irritable state.

"Morodo, what's wrong with the saint?" Suddenly the blood witch king asked in a suspiciously low voice to Morodo, who was watching him.

Morodo looked strange and said: "The saint seems to have a headache again."

"Really? Then, shall we go and help?" the Blood Witch King asked.

Morodo stretched out his hand to stop him: "No!"

"Let's continue monitoring here, now, the saint will definitely be furious." Morodo said.

The Blood Witch King thought for a while, then nodded, and then stayed there without saying much.

The two continued to monitor Situ Ningbing.

While the two of them were monitoring the Situ Ningbing, suddenly black air enveloped the dark sky, and the icy north wind that had blown from the sky was suddenly full of weird killing air at this moment.

That Morodo and the Blood Witch King are all masters. At this moment, when they suddenly felt the cold wind blowing from their back with a knife-like weird spirit, the two of them attacked for no reason. There was a chill.

"What a murderous spirit!"

Suddenly, a cry of surprise came out of the blood witch king's mouth.

That Morodo also turned that extremely ugly face at this moment, and then stared at the strange changes in the dark sky.

"An expert is here."

Suddenly a word came out of Morodo's mouth.

Then the Blood Witch King suddenly turned his head and looked at Morodo: "Go, go and take a look."

Then he and the Blood Witch King no longer monitored Situ Ningbing, and the two of them slammed into a vertical position and flew directly towards the strong murderous aura.

Chapter 2873: Supreme Heaven

After that Morodo and the Blood Witch King drew up and flew to an extremely empty place here, suddenly the strange aura on the dark sky became more and more solemn. .

That Morodo and the Blood Witch King's face suddenly changed.

"Who?"

A loud shout came out of Morodo's mouth first.

At the moment when he coldly called out, he saw that the blood witch king also opened his eyes wide at the moment, staring at the weird sky without blinking.

Suddenly the black air in the air began to rotate violently, and the entire air seemed to be condensed.

Then I saw a figure descending directly from the sky like a Buddha.

Look carefully, it is the half-black and half-white hair that is floating in the air, Holy Monarch Shura.

"Sura?" When seeing the figure that appeared from the darkness turned out to be "Sura", Morodo and the Blood Witch King in front of them couldn't help screaming.

"It turned out to be him?"

The two had a huge chill for no reason, and then stared at the Asura Saint Monarch with their horrified eyes unblinking.

But they said that at the moment when they saw that this person turned out to be the sage Shura, Shura floating above suddenly opened his extremely bright pupils, and then shot out a terrifying and extremely transcendent light from those pupils. .

When Na Morado and the Blood Witch King looked at Shura at that moment, they not only felt a sense of fear in their hearts.

After all, they all knew that Shura was extremely powerful and was someone they couldn't provoke.

After thinking about it, Moroduo raised his eyes slightly, then looked at the respectful opening of Shura and asked: "Holy Monarch, I don't know what do you mean by coming to the Mozu Imperial City late at night?"

After Morodo asked and exited, Shura, who was suspended in the air, suddenly said with a very loud voice: "Your saint."

what?

When Na Morado and the Blood Witch King suddenly uttered the word "saint" in Shura's mouth, they were shocked.

I saw that Moro asked very suspiciously: "Holy woman? What does the holy king say to our holy woman?"

Na Shura replied: "The deity will take her away."

"Take the saint?"

Morodo and the Blood Witch King's expressions suddenly changed.

I saw that the blood witch king stood up and said at the moment: "Holy Lord, you...take away the human illusionist imprisoned in the deep prison...Neither of our demon king will pursue it! Now you are taking away our demon again The saint of the clan? Huh, maybe this is not good, right?"

After the Blood Witch King suddenly said this, Shura suddenly shot a very hostile light in his eyes.

"You dare to stop me?" Shura's words were like death.

That Morodo and the Blood Witch King are indeed afraid of the Supreme Asura in front of them, but this is the Demon Imperial City after all! And the two of them were ordered to protect that Situ Ningbing!

At this moment, that Shura said to take the saint away? How could they not stop?

Therefore, at this moment, just listen to the words of Narada: "Holy Lord, if you insist on taking our saint away, then the two of us can only be welcome!"

The Blood Witch King coldly snorted at this moment: "Yes!"

"Although your strength is terrible, this is after all the imperial city of our demons! Does the holy monarch want to destroy our entire imperial city with one person?"

Of course not!

Shura is not a **** after all!

How could he destroy this huge Demon Imperial City alone?

When the Blood Witch King suddenly said this, Shura let out a roar of dragons.

"Are you waiting for this to intimidate the deity?" Shura said angrily.

Morodo still has the blood witch king said: "We dare not! But whoever dares to oppose our demons, our demons will definitely fight to the end."

When Shura heard this, he suddenly laughed wildly: "Very good!"

"The deity has to see how you people block the deity."

After speaking, suddenly Shura's body shot straight down from the suspended air.

Like a ray of light, thinking about swooping down below.

When Na Morodo and the Blood Witch King suddenly saw that Shura made a move, the two of them did not dare to be careless.

"Blood Witch King, let's join hands to deal with him! We must not let him take the saint away." Morodo roared there.

The Blood Witch King nodded quickly.

Then the two shot at the same time at this moment.

As the two powerhouses of the Demon Race, the blood illusion of Morodo and the Blood Witch King are naturally not weak.

I saw that Morodo shouted "Blood Shadow Tribulation!"

In an instant, a blood-colored shadow appeared from within his body, and then the shadow attacked the Shura who was directly shooting down like a ghost.

And at the same moment, the Blood Witch King displayed the "Witch and Ghost Poison".

I saw his hands cast a spell imprint quickly, and then the whole ground suddenly shook for it. With a loud bang, the crust in front suddenly cracked open, and 35 from **** appeared from the crack. Dark creatures.

Those dark creatures smelled abnormally, resembling human beings, but they were completely different, and they were enveloped in a weird purple-black poisonous gas.

This is the poison of witchcraft.

Besides, when the blood witch king suddenly summoned the poison of the witch ghost, he muttered the formula, his eyes closed, and with the rapid movement of his lips, the witches were enveloped in poisonous gas. The ghost, then horribly grabbed towards that Shura.

The action is extremely fast.

When Na Shura saw Morodo and the Blood Witch King perform illusions together, he suddenly sneered.

"Only with you two, still dare to perform illusions in front of the deity?"

After speaking, Shura suddenly opened his hands.

"Water escape heaven technique!"

Suddenly, water-colored shields emerged from Shura's body!

Those shields were a hundred times more powerful than the ordinary "Water Escape" technique, completely impervious to the wind, and the rushing water flow just blocked the illusion arts of Morodo and the Blood Witch King.

I saw that Morodo's "Blood Shadow Tribulation" was directly blocked by the terrifying water shield, and what about the "Witch" of the Blood Witch King?

At this moment, when they reached the edge of the "Water Escape", one after another weird screams, blocked by the terrible water flow, came out, and then these witches began to back away in fear.

"Heaven Skill?"

"He...he...he...has already cultivated the water system illusion to the supreme level?" Suddenly, an exclamation screamed from Morodo's mouth.

On the Spirit Earth Continent, each system of illusion is divided into several major stages!

Except for the low-level, middle-level, and high-level, what is left is the supreme level. The illusion technique practiced at this supreme level is called the heavenly technique!

However, looking at how many people on the Spirit Earth Continent can practice illusion to the peak level?

I am afraid that if you really want to look for it, there will never be more than five!

However, now that Morodo and the Blood Witch King have encountered a monster, Shura, who has cultivated the "water system" illusion to the supreme level.

Chapter 2874: Jian Ao Hanshuang

When Na Morado and the Blood Witch King saw that Shura had actually performed the "Heaven Spell", they were immediately shocked.

The two quickly stepped back.

The moment they stepped back, the Supreme Asura suddenly rolled his sleeves: "The Fall of the Waterfall!"

With a roar, a tyrannical stream of water from the void suddenly swept towards the Morodo and the Blood Witch King with a terrifying force.

The terrifying current rushed directly to the two men.

The moment that Morodo and the Blood Witch King saw this terrible illusion attack coming, they suddenly displayed "Blood Escape" to block them.

A blood-colored protective barrier quickly spread out around the two of them, rushing to block the terrible water impact.

Rumble!

The terrible water force of the Supreme Asura directly impacted on the blood escape of Morodo and the Blood Witch King. The rolling water force made Morodo, who was under the protection of the blood escape, and the Blood Witch King's heart angry. The blood was tumbling, and even the protective blood escape at the periphery began to tremble.

The rolling water is still constantly impacting.

Morodo, who was under the blood escape, and the entire body of the Blood Witch King had already begun to tremble, and they seemed to be completely unable to bear it.

"Blood Witch King, I can't bear it anymore..." Suddenly a gasping cry came out of Morodo's mouth.

He really couldn't bear the terrible water pressure!

What about the Blood Witch King who is under the protection of "Blood Escape"? At this moment, he was already shaking violently.

"I...no more..." the Blood Witch King cried.

Both of them could no longer withstand the terrible impact of the rolling water, and at the moment they only heard that Morodo shouted: "Fight...If you don't fight, we will be consumed here alive."

The Blood Witch King had nothing to do at this moment, he could only nod his head at this moment.

"Fight!"

A roar came out of his mouth.

Then I saw that Morodo and the Blood Witch King screamed, and the two of them removed the blood escape from their bodies, and then suddenly flew up and flew over the billowing water, and then they both palmed out, sullenly. The terrifying blood and energy directly hit that Shura!

Final blow! This is the blog of life and death...

Seeing that Morodo and the Blood Witch King exhausted all their energy and made the last fight, Shura suddenly yelled, "Things that do not live or die!"

With a roar, suddenly his hands were slightly waved, and suddenly a prismatic ice sword flew out of the sleeves!

Wan Jian sent together.

When those ice swords that were transformed by water flew out, there was a biting cold wind.

The ice swords all over the sky horribly shot towards the bodies of Morodo and the Blood Witch King.

When Morodo and the Blood Witch King suddenly saw the flying sword shooting at them all over the sky, they were immediately shocked.

"Oh my God, what kind of illusion is this?" Just listen to Morodo exclaimed.

The Blood Witch King who was walking alongside him was also stunned at the same time.

Because he doesn't know what terrible illusion is!

They have all seen water illusion, but they have never seen so many ice swords in the sky that can be urged in an instant. After all, water is used to condense ice. This requires a profound skill and a powerful force. Spiritual power to support.

But now Shura is able to release so many ice swords in the sky between gestures. Can you imagine this skill?

Of course they wouldn't know that this was the second greatest illusion sword Ao Shuang Han Tianshu of that Supreme Asura.

This is Shura's fame.

After performing this trick, Na Morado and the Blood Witch King quickly backed away.

But under the sky full of ice swords, can they avoid it?

After shooting at them with ice swords with biting cold winds, Morodo and the Blood Witch King had no choice but to bite the bullet and wave their blood to block these ice swords.

Bang bang bang!

Countless ice swords were shattered by the two of them with their blood...The broken ice swords fell from the air, and then instantly turned into water!

Although Na Morodo and the Blood Witch King shattered many ice swords, the ice swords that filled the sky continued to shoot at the two.

The dense ice swords finally made the two of them unable to bear it.

what!

A tragic scream came out of the blood witch king's mouth at first, and when he looked carefully, a terrible ice sword pierced into his right arm... the bone-piercing pain made him scream.

Then several other terrifying ice swords pierced other parts of his body.

Shoo!

Countless ice swords suddenly filled the entire body of the blood witch king, and his whole body was nailed to the cold wall by dense ice swords, which was terrible.

he died.

His body was poked into countless ice holes, and his whole person was nailed to the cold wall.

The blood mixed with the ice sword water in the body, flowing down from above, the scene was **** and ugly.

"Blood Witch King..."

Morodo glanced sideways, and after the Blood Witch King was killed in this way, there was a sudden fear of death in his heart.

Whoosh!

An ice sword happened to be stuck in Morodo's leg at this moment, Morodo snorted in pain, and then waved his hand to cut off the ice sword directly.

After Na Morodo cut off the ice sword stuck in his leg, he flew into the sky, and then his whole body passed through the dense ice swords and fled directly into the darkness on the left.

He escaped.

After watching that Morodo escaped with his injuries, Na Shura sneered slightly, then raised his right hand, and then all of the sky-filled ice swords fell from the sky with a whistling, and then fell to the ground, turning into liquid water. .

Supreme Asura did not go to chase and kill Na Morodo.

In his eyes, killing Na Morodo was just a breeze! But he didn't need to do this now, because he came to the Demon Race Imperial City this time not to kill him, but to take Situ Ningbing away.

So at this moment, after seeing that Morodo escaped, the Supreme Asura didn't even look at it. Suddenly, his figure flashed, and he flew towards the palace of Situ Ningbing quickly and absolutely.

Situ Ningbing was still staying in his own palace at the moment, lying in bed unable to sleep, because those weird fragments always appeared in his mind, which made Situ Ningbing feel very annoyed.

She didn't know that the terrifying Supreme Asura had already arrived.

Suddenly, while Situ Ningbing was still lying quietly on the bed, a biting cold wind was suddenly blown from the dark night sky... The terrible cold wind suddenly opened the closed windows and doors. .

With a snap, the window was blown open by the cold wind, and it hit the wall with a loud noise! ! !

Chapter 2875: Blood advancement

Situ Ningbing, who was originally lying on the bed, suddenly heard such a sound and was startled.

"What?" She screamed and quickly got up from the bed.

I saw a cold wind coming in from the window, blowing on the body of Situ Ningbing, not only made Situ Ningbing shiver for no reason.

"It's so cold! What a strong wind!"

Situ Ningbing said as he hurriedly closed the window.

But when Situ Ningbing walked to the window, he suddenly saw a strange figure with half black and half white hair floating in the void outside the window!

what?

"Ghost..."

In such a dark night, at such a moment, Situ Ningbing saw another figure floating in the void. It would be a strange thing to not call out a ghost.

This terrible Situ Ningbing was so scared.

At the moment she screamed, the figure floating in the void suddenly rolled up, and then an invisible suction suddenly attracted the delicate body of Situ Ningbing.

Then the delicate body of Situ Ningbing instantly floated, and then was sucked out of the window in a "swish".

what

A series of screams came out from Situ Ningbing's mouth.

Unfortunately, as soon as she called her exit, she saw her Quchi and the dumb acupoints being lightened by a silent breath, and then she could no longer scream.

"Follow me..." A dragon chant sounded in her ears.

Then Situ Ningbing's entire body was dragged by the invisible suction, and then followed the figure in the sky, shooting directly towards the dark sky in the distance.

Situ Ningbing was really taken away!

She hadn't even figured out whether the other party was a human or a ghost, so she was taken away.

...

"The saint is missing!"

"There are assassins, and the saint is missing."

About ten minutes after that Situ Ningbing disappeared, he suddenly heard an exclamation from the imperial city.

Then I saw a team of demons quickly rushed to Situ Ningbing's bedroom... It's a pity that Situ Ningbing in the bedroom has completely disappeared.

On the outside, I saw a huge square, but I saw a ***** corpse nailed to the wall.

Take a closer look, the corpse is the Blood Witch King...

His two ***** eyes were still open, as if staring at him.

The body was nailed to the wall, and the ice swords slowly fading away from the piercing on his body could still be seen vaguely.

When the demon guards who rushed to see the blood witch king's corpse, they all screamed.

"That...that...is that the Blood Witch King?"

"Who...who...who killed the Blood Witch King?"

"do not know!!!"

Every one of the guards of the Demon Race was looking pale and looking at the body of the Blood Witch King. At this moment, no one knew who actually killed the Blood Witch King, one of the four magic kings of the Demon King.

...

Magic Palace!

Since the last time the Demon King came out, he has never reappeared.

At this moment, I saw the demon palace, it was vaguely dark, and the demon guardians who had guarded the surrounding of the demon palace did not know what was going on, they were gone!

The whole magic palace was surrounded by yin air, and a horrible and evil aura filled all the surroundings of the magic palace.

At this moment, a black shadow flew over from a distance.

There was a plop, and then I saw that figure fell heavily to the profound iron gate of the magic palace.

His body is full of blood, red blood...

The whole person fell to the ground, panting miserably, the blood flowing from the legs and chest quickly stained the entire ground red.

Look carefully, who is this seriously injured person?

It turned out that it was Morodo who escaped from the hands of Shura.

Unexpectedly, he actually came to the magic palace.

At this moment, Morodo was covered in blood. He climbed up from the ground with difficulty, and blurred blood flowed out of his body.

"Devil Emperor..." a painful cry came out of his mouth.

As he shouted, he held on to the wall to push the thick mysterious iron gate of the magic palace.

It turns out that Morodo came to find the Demon Emperor.

I saw that Morodo walked forward with difficulty while pushing the profound iron gate of the magic palace.

As he reached out to push, the mysterious iron gate of the magic palace was suddenly pushed open by him.

It turns out that this mysterious iron gate is not locked! ! !

When he saw that he had pushed open the gate of the magic palace, even the badly injured Morodo couldn't help being taken aback. He didn't seem to think that he could push the gate of the magic palace all at once.

"The Demon Emperor... is your old man in?" Morodo shouted in pain while walking towards the Demon Palace at this moment.

For some reason, when Narodoro walked into the magic palace, he felt an extremely evil aura enveloping the entire magic palace.

That Morodo couldn't help feeling a panic of fear.

While Morodo was strange, he walked towards the innermost part of the Demon Palace.

As soon as he walked into it, a huge smell of blood suddenly hit his face, and then Morodo saw blood...the blood stuck to the ground...then he saw the corpses, one by one. Lie down inside the entire magic palace.

These corpses were all the guards who had guarded the outside of the magic palace... It's a pity that no one thought they would all die here.

Their deaths are extremely terrifying and ugly. Some have their entire chests hollowed out, their intestines shed blood all over the ground, and some have their limbs separated, and even their heads are crushed alive by some monster... The whole body was cut off from the upper body directly...

Extremely bloody.

"Devil Emperor?" When seeing such a **** scene, Morodo couldn't help but screamed out.

He never thought that so many people died in this Demon Palace... But what about the Demon Emperor?

Just as Morodo dragged the bleeding leg forward with difficulty, a boiling sound came from inside.

Then what greeted Narodoro was a huge pool of blood, and what was boiling was the red blood in that pool of blood.

Looking ahead, he suddenly saw a supreme man wearing a crown of funds and a dragon and phoenix robe sitting motionless on the black dragon chair, with an extremely evil smile on his face. Sitting there.

He is the Demon Emperor.

"The Demon Emperor... his subordinates... See the Demon Emperor."

The moment Morodo was covered with blood, he knelt on the ground with a splash.

At the moment when the Demon King heard the sound, he suddenly raised the extremely strange eyes and looked at Morodo.

"Morodo? You came just right, and the emperor is about to show you the ultimate blood disciple we have created."

The Devil Emperor suddenly laughed strangely.

"Subordinate... Subordinate..." Morodo just prepared to report the saint's abduction, but the Demon Emperor seemed to have no intention of listening.

He just sat up suddenly from the dragon chair and walked towards the back.

Chapter 2876: Shura is back

The extremely injured Morodo wanted to tell the Demon Emperor that the saint was kidnapped by Shura. .

But the Demon Sovereign didn't give Morodo a chance at all, but walked towards the inside. He wanted to take Morodo to watch the ultimate blood disciple created.

I saw that Morodo could only limp on the **** leg at this moment, and then silently followed the Demon Emperor in front of him.

After the Demon Sovereign arrived in front, he suddenly opened a door stained with scarlet blood. The moment he opened it, he saw five monsters with blood all over there.

Blood man.

This is the ultimate blood disciple created.

Look carefully at these blood disciples. They can no longer see the skin all over their bodies, only the blood on their bodies can be seen. The entire face of their heads has been completely ulcerated, wearing a bronze helmet of alien animals, except The exposed pupils were black, exuding the light of killing people.

When Morodo approached, all the blood disciples suddenly stared at Morodo, and Morodo felt that his whole body seemed to be frozen for a moment, and even the blood seemed to be not smooth.

monster.

This is the complete monster.

Looking at the blood disciple that was created, Morodo just felt a great chill suddenly appeared all over his body.

"Morodo, do you see it?"

"This is the emperor's blood disciples, they have completely manufactured it."

"Look at their bodies? They are completely immortal."

As the Demon King said, he suddenly grabbed a giant sword beside him, and then pierced the blood disciple's chest with a chuckle, but when he saw the giant sword pierced into the body of one of the blood disciples, The blood disciple didn't even move, but suddenly stretched out a ferocious claw, grabbed the blade at once, and pulled it out of the body directly.

Unscathed! There was no damage at all.

When Morodo saw such a horrified scene, he not only hurriedly gasped and said, "Congratulations to the devil..."

"Hahahaha, from now on, who else dares to disobey the emperor?"

"Who dares to die."

The Demon Emperor laughed loudly there like he was crazy, and the fierce and terrifying voice filled the entire Demon Palace.

Na Morodo stood aside, not daring to speak, but his body was seriously injured, but he couldn't help but cough, cough and cough.

At the same time, a mouthful of blood was spit out from the mouth.

The Demon Emperor only noticed that Morodo. At this moment, he closed the door of the blood disciples with a "bang", then looked at Morodo and suddenly asked, "Morodo, what's wrong with you? Why was it so badly injured?"

As the Demon King asked, Morodo in front of him knelt on the ground with a plop.

"The subordinate is guilty... the subordinate is guilty..." Morodo said there.

When the Demon King heard this, he was taken aback and asked: "What's your sin?"

"Return to the Demon Emperor, his subordinates... subordinates... did not protect the saint." Narodoro suddenly lowered his voice and said in pain.

Besides, when the Demon Emperor heard the word "saint", his face changed drastically.

"What did you say?" The Demon Emperor asked angrily.

Then Morodo knelt on the ground and replied: "The saint... the saint... was kidnapped by Shura!"

"Asshole, you say it again? Who? Who robbed my righteous daughter?" The Demon Emperor roared and asked.

Then Morodo quickly replied: "It's Shura...It's Shura..."

"he?"

"Sura?" The Demon Emperor was stunned when he heard it.

Then Morodo hurriedly told all the terrible things tonight.

"...The **** Shura killed the Blood Witch King and shook his subordinates. In order to convey the news to the Demon King, the subordinates managed to escape with humiliation..." Words said.

After hearing Moroduo's words, the Demon Sovereign was furious.

"Sura!!!"

"It's Shura again...!!!"

"This bastard, I'm going to kill him, I'm going to kill him."

Morodo stood aside without saying a word.

.....

Nether ghost cave.

After experiencing Li Tian's incident, the virgin yang girl never dared to enter the secret room where Li Tian was held.

Both of them were scared.

So in the rest of the time, they just stuffed some clean water and some food into the secret room, and then they didn't care about Li Tian again.

"Master should be back soon, right?" Inside the stone room, I saw the young boy blinking and looking at the entrance of the ghost cave.

The little girl sitting on the other side, with her red cheeks in her hands, said, "It should be soon."

After hearing the little girl say this, the young boy did not speak any more, and then continued to wait in silence.

Time passed by every minute.

Unknowingly, the yang, virgin and yin girl lay on the cold stone bench and fell asleep.

Just when the two children were sleeping soundly, a strong wind suddenly blew in from the outside hole.

Then only a dragon chant came from the entrance of the cave.

"The deity is back."

After the words fell, I saw a flash of light and shadow, and then saw that Shura had reached the stone room.

However, they said that the yang virgin girl who was sleeping soundly awakened after hearing a dragon chant from Shura.

"the host?"

The moment they opened their eyes, the yin girl screamed excitedly.

Then he saw that Yang Tong ran towards that Shura with excitement.

"Master, you are finally back."

Yang Tong said with a smile on his face as he ran over.

Na Shura smiled slightly, then made an "en" in his mouth, and then slightly waved his right hand, and then saw a female body suddenly floating in from outside the hole.

The body was floating in the air, flying in slightly from the outside, extremely strange.

"this is?"

"The saint of the demon!" Suddenly the little girl yin girl recognized the floating female body and shouted.

Na Yang Tong also hurried to see at this moment. At this time, he really saw that it was Situ Ningbing.

"It's her, she really is the saint of the demon race! Master, you really brought the saint of the demon race back." Na Yang Tong said with a smile.

Shura smiled indifferently, and said, "Is there anything that the deity can't do?"

While speaking, while waving his sleeves, Situ Ningbing's suspended body suddenly flew towards the corner stone wall, and then quietly landed on the ground.

It's just that the current Situ Ning Bing Dumb acupoint and other acupoints were controlled by Na Shura, so although she was put down, she still couldn't move.

"Yang Tong, Yin Girl, the deity asks you, how is that kid?" Suddenly a word came out of Shura's mouth.

Chapter 2877: seen

After that Shura asked, the young boy in front of him quickly replied: "Back to the master, that guy is still imprisoned in the stone room."

"good."

"In the past few days, he hasn't caused anything, right?" Shura asked again.

The young boy replied, "No."

After hearing this, Shura nodded in satisfaction.

"Take me to see him." Suddenly, Shura said there.

After that Shura finished speaking, the yin and yang boy in front of him did not dare to delay. At this moment, he quickly led the Shura in front of him to see Li Tian.

Soon, under the leadership of the yin and yang boy, that Shura came to the stone room where Li Tian was imprisoned.

After reaching the stone room, I saw the young boy touch the mechanism on the stone wall. After the mechanism was pressed, the massive door of the stone room suddenly opened rumblingly.

After opening it, I saw Li Tian who was decadent and limp in the corner.

He looks so pitiful, so embarrassed.

He just fell on the rocky ground, and he was no longer like before.

But he said that the moment that Shura saw Li Tian at that moment, not only did his brows frowned slightly.

"How did this guy become like this?" Shura murmured in that mouth.

The yin and yang boy stood still without speaking or saying a word, just blinking at Li Tian at that moment.

"Drag him out." Suddenly a word came out of that Shura's mouth.

At the moment that Shura said it, the yin and yang boy quickly replied, "Yes!"

Then Yang Tong and Yin Girl ran over quickly, and then walked to Li Tian's side. A person took Li Tian's arm and dragged Li Tian out like a dead dog.

When Li Tian was dragged out, his whole body showed a stench.

The wounds on his lower body had begun to rot, and the blood holes on his body had long been rotten to a disastrous appearance, and the whole person looked so miserable.

After the yin and yang boy frowned and dragged Li Tianji out of the stone chamber, the two of them threw the Li Tianji onto the ground with a plop.

The light shone on Li Tian's paper-white face, and Li Tian at the moment was like a zombie.

"Master, this guy... seems to be crazy." Suddenly the little **** the other side frowned and said to the Asura Dao.

When Shura heard it, he didn't speak.

Just suddenly walked towards that Li Tian.

"Hey, kid."

A word came out from that Shura's mouth.

After yelling, but that Li Tian didn't react at all.

After seeing that Li Tian had no response, the little girl beside him looked at Shura and asked, "Master, what happened to him?"

Shura shook his head slightly, saying that he didn't know.

"Boy, don't pretend to be dead! Don't pretend to be stupid, you haven't told the deity the secret!"
Suddenly Shura said to Li Tianan.

After finishing speaking, he suddenly said to the young boy beside him: "Yang boy, go and bring that woman over! I don't believe it... Is he still pretending to be stupid?"

After hearing the master's order, the young boy quickly replied, "Yes!"

Then the young boy quickly ran over there.

After a while, he saw that Yang Tong dragged Situ Ningbing over.

Situ Ningbing was forbidden to hold acupuncture points all over his body, so he could only stare at the moment and couldn't speak.

At the moment that Yang Tong dragged Situ Ningbing over, Shura suddenly pointed his fingers at the Quchi of Situ Ningbing and Shaoyang acupoint very quickly.

After tapping the acupuncture point of Situ Ningbing, Situ Ningbing's body shook violently, and then he called out "Ah".

She can speak.

She was unlocked by that Shura.

Just after that Shura unlocked Situ Ningbing's acupuncture point, that Shura suddenly said coldly, "Boy, see who this is?"

At the moment when Shura's words were suddenly uttered, Situ Ningbing suddenly saw the tortured inhuman Li Tian.

"It's you?"

"That human kid?" Situ Ningbing suddenly recognized Li Tian.

She screamed in surprise and unbelievable.

She couldn't believe that this Shura brought herself here... and she also saw that Li Tian, so she couldn't help but scream at the moment.

But what about the stupid Li Tian?

He was completely demented. The moment he heard Situ Ningbing's familiar voice, suddenly his rotten and ugly and ugly body trembled...

He heard it, heard the voice of Situ Ningbing.

At that moment, Li Tian's chapped lips suddenly trembled.

Um...

Suddenly, there was an extremely hoarse voice in his throat.

Then the whole body began to turn hard towards Situ Ningbing.

When that Shura and the Yin-Yang boy saw Li Tian suddenly reacted, they couldn't help but cried out in excitement.

"Master, he has reacted... this guy has reacted..." Suddenly the little girl in front of her yelled and said happily.

At this moment, Shura's two sharp eyes slowly became brighter, and then he looked at Li Tian with interest.

I saw that Li Tian had already turned the entire head with difficulty, and saw that Situ Ningbing.

His eyes were already bleak and dead like a dead person, but at the moment he saw Situ Ningbing, suddenly there was light in his eyes... and vitality.

Then his body fell forward with a plop, and he crawled on the ground... While crawling hard, he stretched out his hand and stretched forward.

"Ning...Ning...Ningbing..." His voice was weak and weak, and if he didn't listen carefully, he couldn't hear it at all.

What about Situ Ningbing at that moment?

When she saw that Li Tian had become like this, her heart suddenly shook.

Then she turned her head to look at that Shura.

"Asshole, why are you torturing him? Torture him like this?"

When Situ Ningbing saw Li Tian being tortured into this way, she suddenly felt heartache. At this moment, she was not afraid of Shura, looking at Shura and shouted insults.

When the yang tong yin girl beside Xiuluo heard Situ Ningbing's insulting the holy monarch, she was furious.

I saw the little girl yin girl angrily said: "Do you dare to insult our master? Looking for a fight."

When the words were spoken, her little hand stretched out, as if she wanted to hit Situ Ningbing.

As soon as she was about to take a shot, Shura suddenly reached out to stop it.

After the yin girl saw that the master had stopped, she put her little hand down and gave Situ Ningbing a cold stare.

Chapter 2878: Ghost cave

"He, we were not tortured! It was you!"

"It was the Demon Emperor who tortured him like this." Suddenly, Shura said in front of him.

When Situ Ningbing heard this, he was stunned.

That Li Tian was indeed tortured like this by the Demon Emperor. When he was in deep prison, they turned Li Tian into a waste.

So after Situ Ningbing heard the Demon Sovereign say that, not only did he understand everything.

After thinking about it, Situ Ningbing not only turned his face to look at Li Tian.

Suddenly there was a pain in her heart... the pain couldn't tell why.

"You...how are you?" Situ Ningbing asked Li Tian suddenly, looking at him.

Besides, Li Tian, who was wriggling his rotting body with difficulty, had already begun to have some vitality the moment he saw Situ Ningbing.

"Ning... Ning... Ningbing...?" He was still calling Situ Ningbing in a hoarse voice.

When Situ Ningbing heard him call himself Ningbing again, he did not speak.

Then Shura glanced at Li Tian, who was extremely weak now, and suddenly said, "This kid needs treatment. If he doesn't treat him, he will definitely die."

"Yang Tong, Yin Girl, take this kid into the ghost cave, and the deity will heal this kid." Suddenly a word came out of Shura's mouth.

After that Shura finished speaking, the yang maiden nodded quickly and said, "Yes!"

Then, they helped Li Tian, who was limp on the ground, from left to right, and then dragged his body toward the "ghost cave".

After seeing the Yin-Yang boy dragging Li Tian away, Situ Ningbing not only stunned, "What are you going to do? Where are you going to take him?"

"Save him!" Suddenly, Shura said coldly.

"What? You save him? Didn't you catch him? Why save him?" Situ Ningbing asked suspiciously.

She really didn't expect Shura in front of her to save Li Tian.

I saw that Shura suddenly said, "Because I want to know many secrets about him."

"Secret, what secret?" Situ Ningbing asked.

Shura sneered: "You don't need to know this."

After speaking, he took a big stride and left, not even looking at that Situ Ningbing.

Although Situ Ningbing's acupuncture points were unlocked, the inside of this ghost cave was intricate and complicated, and the gate was guarded by institutions, so if she wanted to escape from this ghost cave, it would be impossible. thing.

...

But he said that Li Tian was brought into the "ghost cave" by the yin and yang boy.

The so-called "ghost cave" is the innermost place of this ghost cave.

They saw through the gloomy stone cave, and then they saw a thick stone gate covered with green trees and canes.

The stone gate weighed more than a thousand jin, and after the yin and yang boy arrived, he saw the yang boy in the recessed place on one side, and then stretched out his hand and stuffed it in.

With a sudden pull, the stone gate weighing more than a thousand catties opened rumbly at this moment.

Following the opening of the stone gate, a strange and gloomy breath blew out from the "ghost cave".

Then suddenly I heard the sound of ghost cry and wolf howling from the "ghost cave".

There was something dark in this cave, and a ghost sound could be heard clearly in it.

It was said that after the Yin-Yang boy dragged Li Tian here, a slight fear appeared on the faces of the two children. Then the two of them put Li Tianji on the ground, and then the young boy hurriedly said: " Sister, let's go out quickly."

The yin girl also nodded at that speed and said: "Okay, okay, okay."

After speaking, the two of them didn't even look at Li Tian, and then walked away quickly.

But he said that the dying Li Tian was thrown into this "ghost cave" and heard a weird whistling sound in his ears. Then Li Tian was not afraid, just lying there...

There are many human skulls in the dark and dim ghost cave...Those people don't know why they died in this ghost cave, they only feel that the evil spirit inside this ghost cave is extremely heavy.

With the sound of ghost calls around, Li Tian's eyes on the ground began to become slightly blurred.

It turns out that the ghost cave is the most mysterious and strange place! This is also the place for Shura to practice in retreat! It is said that people with low skill will get confused when they come to this ghost cave, and then they will be swallowed by things of darkness!

And what about the dying Li Tian now?

He was lying on the ground, and suddenly his head became confused, especially after the ghost roar, which made his whole person groggy.

"Brother Tian... Brother Tian..." Suddenly a lonely voice sounded in the ghost cave.

Look carefully, but in the dark and misty ghost cave, suddenly a ghost appears.

That ghost... turned out to be... Li Tian's brother, Tang Xiaolong

Tang Xiaolong was killed in battle on the top of Tianshan Mountain when he was on earth! No one thought that his lonely soul would emerge in this ghost cave at this moment.

"Brother Heaven..."

There was another miserable and weird voice.

Li Tian's blood-filled eyes widened in an instant.

"Little...Xiaolong...my brother..." Li Tian cried out.

The ghostly Tang Xiaolong looked at Li Tianxiao... after laughing for a long time... and then suddenly disappeared.

Then came the lone soul of the evil god.

"Tian'er, son." Cthulhu's lonely soul rose beside him.

Li Tianyi looked at his father, his eyes blurred with tears.

"Father..." He cried out in pain.

The lone soul of the evil **** was floating on it, looking at Li Tian: "Tian'er, cheer up...you can't die! You must live, you must live!"

A misty voice came into Li Tian's ears.

Li Tian looked at the faces of his dead brothers and relatives, and his heart was broken at that moment.

what.....

There was a long roar to the sky, and suddenly a ***** "poof" shot out from the mouth, and then with a plop, the whole person fell into this ghost cave, as if dead.

Besides, at this moment, the stone gate of the ghost cave was suddenly opened rumbly.

Then I saw that Shura's figure suddenly flashed and flew in from outside.

That Shura heard Li Tian's miserable whistling sound just now, and at the moment he frowned slightly, then went to see Li Tian who was vomiting blood on the ground.

Then he muttered: "This kid's mind was affected by the foreign objects in the ghost cave... It seems that the deity must save him immediately, or he will die."

After speaking, he suddenly raised his hand to support Li Tian's body, then clamped his body, and then his figure flashed, and flew towards the deepest part of the ghost cave.

Chapter 2879: Do I really know him?

But said that Shura took Li Tian to the deepest part of the ghost cave.

Look carefully, the deepest part of this ghost cave is surrounded by yin, without any signs of vitality.

The surrounding stones are all black, and there are many skeletons scattered on the ground that cannot tell whether it is a human or a beast.

After Na Shura brought Li Tian here, he suddenly placed Li Tian in front of him on the ground, and then raised his eyes to examine Li Tian's rotting body.

"This kid's hands are useless and both legs are broken...what should I do?"

"Does the deity still have to fix his muscles and bones for him?" Shura thought there.

Originally, Shura was really unwilling to rescue Li Tian.

However, in order to obtain the secret of practicing various illusions, Shura can only save now.

"Smelly boy, this deity will save you this time, I hope you will never fail me... If you dare to fail me, the deity will abolish your hands and legs again!" Shura muttered.

It seems that Shura is really ready to save Li Tian.

After that Shura said so, he began to rescue that Li Tian.

"All limbs are broken, it seems that only bones can be molded with ice." Shura muttered.

When the words fell, Suura raised his hands slightly, and then saw a layer of suspended water enveloping Shura's whole body.

"Extremely cold!"

Suddenly Na Shura shouted, and the water surrounding him suddenly began to wrap around Li Tian's whole body. Gradually, Li Tian's whole body was completely covered by layers of flowing water.

After wrapping it up, Shura thought of the formula, and his hands quickly formed a "watermark" mark on his chest!

Then suddenly pushed with both hands, the water that wrapped around Li Tian suddenly began to flow quickly, and then it seemed to enter Li Tian's body.

Li Tian, who was originally in a coma and dying, suddenly shook his body after the water flow entered his body, and then began to tremble.

It seemed that the water flow reacted.

After all those water currents entered Li Tian's body, Shura began to use ice to shape his bones.

He wants to use hard ice to reshape all Li Tian's bones.

During this period, there can be no interruption!

Inside the gloomy ghost cave, Na Shura was healing Li Tian from his injuries.

...

After that Shura went to heal Li Tian, the Yin and Yang boy outside was watching Situ Ningbing.

Situ Ningbing can't escape from this ghost cave at this moment, fight? He couldn't beat this yin and yang boy again, so he could only sit on the ground and get angry.

"Hey, I ask you, why are you arresting me?" Situ Ningbing suddenly raised her beautiful eyes and looked at the yin and yang boy coldly.

The little girl yin girl suddenly laughed when she heard it.

"I won't tell you!" the little girl said, giggling.

The horrible Situ Ningbing in front of him was irritating.

"Little girl, you...you..."

The yin girl saw that Situ Ningbing was so angry with herself, she immediately slapped her hand there and smiled and said, "Are you angry? She's so angry, right?"

When Situ Ningbing heard it, he was even more annoyed! Right now, I wanted to get up and beat her, but after thinking about it, I was not someone's opponent, so I could only give up in the end.

"Well, I'm not angry with you anymore, let me tell you." Who knew that the yin girl at that moment suddenly smiled and said to that Situ Ningbing.

Situ Ningbing could only be speechless when facing this changeable little girl.

At the moment, he said: "Then tell me, why are you arresting me?"

The yin woman replied, "Because of that human kid."

"Because of him?" Situ Ningbing asked not only in surprise.

How could it be because of that human kid? Situ Ningbing really didn't understand.

"Why? Why is it because of him?" Situ Ningbing asked angrily.

The yin girl laughed and said, "Because, that human kid likes you... He loves you, so we caught you!"

When Situ Ningbing heard this, he was speechless.

What's this all about?

What the **** is this little girl talking about?

"You nonsense." Situ Ningbing said angrily.

The yin girl smiled and said at the moment: "I am talking nonsense? Don't you feel it yourself? That human loves you very much! He has been calling your name since we brought him here."

When Situ Ningbing heard this, he said angrily: "Nonsense, I don't even know my name, why would he call my name?"

"Aren't you called Situ Ningbing?" The yin girl asked in surprise.

"I'm not... not this name." Situ Ningbing called.

Because she hasn't recovered her memory now, she doesn't even know the name.

"Hey, this is weird!"

"You mean, you don't even know that human kid?" The yin girl blinked and said with her bright beautiful eyes looking at Situ Ningbing in front of her.

Situ Ningbing replied: "Yes! I don't know him at all! I don't know him at all."

"Then why do you still care about him?" the yin girl asked.

"When did I care about him?" Situ Ningbing roared.

The yin woman said: "Your heart, your eyes, I can see it, but you don't want to admit it yourself."

After the yin girl finished speaking, Yang Tong, the little boy next to the yin girl, suddenly said in a tender voice: "My sister is not bad at all. Although I am not as smart as my sister, I can see it too! You care That human kid."

When Situ Ningbing heard this, he was completely speechless.

Is it true?

Does my heart really care about the kid surnamed Li?

To be honest, even Situ Ningbing himself didn't know it.

He also couldn't understand his feelings, why did it become like this? According to the truth, as the saint of the demons, he should hate him! It should have killed him! But every time she saw that Li Tian, she would inexplicably feel like a family member... That feeling was reflected from her heart, and she couldn't control it at all.

Situ Ningbing was sitting on the stone ground blankly at the moment, thinking...

The yin girl glanced at Situ Ningbing for the last time, and then slightly said, "I have finished what I should say...No one knows your heart better than us!!! You follow your heart, and you will know the answer. Up."

The little girl shed an inscrutable word like an adult, and then took the hand of the young boy next to her and said, "Brother, let's go, let her think about it all by herself."

After speaking, the yin and yang boy Binguo really left. At this moment, only Situ Ningbing was left sitting there alone.

After sitting alone for a long time, Situ Ningbing muttered, "Do I really know him?"

Chapter 2880: restore

Inside the ghost cave, there was a wave of chill.

I saw that the stone wall of the ghost cave suddenly condensed into layers of white frost.

Some dripping water was also frozen into ice cubes! ! !

All of these were frozen by Na Shura using the "extreme ice cold".

And look at Li Tian, and Shura?

He looked at him in amazement, but saw that Li Tian's body was completely covered by the white snow and frost, his whole body was frozen into ice bones, and his whole body was covered with layers of snow-white frost.

That Shura is nothing! It's just that there is a white breath on the top of his head.

Suddenly with a light boo, Shura's hands were slightly retracted from Li Tian's back, and Shura gently spit out a pale white gas from his mouth.

"That's it."

Four words came out slowly from his mouth.

After speaking, his body slowly floated up, and then settled on the ground safely.

Then he took a close look at Li Tian's body covered in ice and snow.

Then a smile appeared at the corner of his mouth, and said to Li Tiandao, who was covered with snow and ice, "Boy, come out."

After that Shura finished speaking, suddenly Li Tian, who was covered in frost, suddenly exploded with a thud.

Immediately afterwards, I saw the frost burst open, and then a figure stood out from the ice and snow!

With a swish, it flew out! ! !

He is exactly Li Tian after being shaped by Shura.

At this moment, Li Tian was completely radiant. Although his body was still stained with a lot of blood, the whole person's spirit had been completely restored!

The most important thing is that the original blood holes on his body suddenly healed at this moment...Although the wounds can still be seen, the pain inside is not so painful anymore! The muscles and bones on the two legs became the same as before, hard, as if there was some iron inlaid inside the leg bones.

No one thought that Li Tian could recover so quickly! !

And the speed of recovery at this moment is almost astonishing.

It turns out that Shura's ice therapy is the strongest illusion therapy among all illusions. This kind of therapy quickly penetrates the body with water, and then penetrates into the body in a short time, and then uses the illusion again to freeze the ice with water. , Causing the fracture of the broken bone, so this is the real key to Li Tian's recovery so fast.

"Thank you, senior, for your life-saving grace." Suddenly, Li Tian held his fist there and said to Asura.

He is now fully able to speak, and the bones of his body have been further strengthened.

Yes, Shura indeed saved Li Tian's life!

If it weren't for Shura to use ice to mold bones for Li Tian, I'm afraid Li Tianzhen would be a waste forever.

Na Shura glanced at Li Tian's body, with a slight expression of satisfaction at the corner of his mouth, and suddenly waved his hand there: "Boy, don't thank me first. The deity saved you because I want to know your secret. !"

"But, if you refuse to tell me, the deity will abolish your hands and feet again!!! Let you restore the situation where life is better than death before." Na Shura said.

Then Li Tianyi said, "No matter what, I have to thank you first."

Shura was noncommittal and ignored.

Looking at the Li Tiandao, he said, "Since you want to thank me, why not tell me your secret? What method do you use to practice various illusions?"

Shura still wanted to know Li Tian's secret.

This time, Li Tian didn't decisively reject that Shura, but only slightly underlined it, then raised his radiant eyes to look at that Shura and said, "Does senior really want to know?"

"Nonsense, of course!"

"Do you think the deity is playing?"

"The deity offended the entire demon race first, and then hijacked the saint of the demon race a second time. Do you think the deity is joking?" Shura suddenly said angrily.

After listening, Li Tian said calmly: "Okay! Since the predecessors want to know the answer, I will tell you!"

"Quickly, how do you practice multiple illusions?" Just listen to that Shura asked.

He seemed impatient to know the answer.

Just after he said this, Li Tian said in front of him: "Senior, don't worry! I promised to tell you, and I will tell you."

"It's just that, now I want to see Ningbing... As long as I see her, I will tell you right away." Li Tiandao.

When Shura heard this, he suddenly roared: "Do you dare to bargain with the deity?"

Then Li Tiandao said: "I didn't mean that!"

That Shura stared at Li Tian in front of him, then thought about it.

Does this kid surnamed Li dare to play with me? Of course he dare not!

Since I have been waiting for such a long time, why not wait for a few more days?

After thinking about it, Shura suddenly looked at Li Tiandao in front of him and said, "Okay, the deity will promise you."

"But, the deity speaks first, if you kid dare to play with me? Or, if you don't tell me the secret after you meet the woman, hehe, don't blame me at that time! I will let you taste the world The most painful way to die, let you know what happened to me."

Then Li Tiandao said: "Don't worry, Li Tian does what I said."

After hearing Li Tian's promise, Shura said, "Okay, you go see her."

Shura really agreed.

Li Tian laughed after hearing Shura promised in front of him.

Then he glanced at Shura gratefully, and then stepped forward.

...

Situ Ningbing was still alone in that ghost cave at this moment.

There are still too many questions in my heart.

Suddenly at this moment, footsteps sounded behind.

"Who?" After Situ Ningbing yelled, he suddenly turned around and stared at him. With this look, he saw Li Tian walking in at that moment.

But he said that even though Li Tian's body was still stinking at this moment, it was much better than before, especially the vitality and vitality exuded in his eyes.

When Situ Ningbing suddenly saw Li Tian recovering and standing in front of her, he was shocked.

"Huh? Is it you?"

"You...you...you... unexpectedly...recovered so soon?" Situ Ningbing blinked at Li Tiandao with her beautiful eyes unbelievably.

Li Tian looked at Situ Ningbing with eyes full of expression at the moment.

"Ning Bing..." A call came out of Li Tian's mouth.

There was love in his voice.

Na Situ Ningbing was completely unfamiliar with Li Tian at this moment because he was full of eyes to restore his memory.

"You, you, why do you keep pestering me?"

"Why do you keep calling me... Situ Ningbing?" She asked depressedly at this moment.
