

A Killer 2881

Chapter 2881: Four illusions

"Why do you keep pestering me?"

Situ Ningbing's words stuck into Li Tian's heart like a knife. .

Pester her?

After listening to Li Tian, a bitter smile appeared on the corner of his mouth.

"Because I have promised you, no matter where you are in this life, I will find you and protect you."
Li Tian looked at Situ Ningbing silently.

When Situ Ningbing heard it at this moment, he stood there blankly.

She didn't know that she was moved by Li Tian's words? Or did something come to mind?

She just looked at Li Tian there without saying a word.

Li Tian didn't persecute her anymore!

He just said silently there, "Ningbing, I know you can't remember anything now... But don't worry, you will get better one day! Even if you can't remember me for the rest of your life, I Li The sky will always be by your side..."

After Li Tian finished speaking, Situ Ningbing's lips suddenly moved twice, as if he wanted to say something.

But Li Tian suddenly turned around, then paused, and walked away.

Situ Ningbing looked at Li Tian's back, suddenly a feeling of wanting to cry in his heart...Unknowingly, her beautiful eyes were rosy at that moment, and crystal clear tears suddenly fell from the bright eyes. Coming down and then getting wet on the ground, it was hot.

...

After Li Tian said those words, he left alone.

After leaving, he went straight to find that Shura.

He is an extremely trustworthy person, so at this moment he is going to fulfill his promise.

When I came to the ghost cave, I saw that Shura was sitting cross-legged.

"senior."

Li Tian walked into this ghost cave while shouting to Shura.

After hearing Li Tian's voice, Shura's sharp eyes suddenly opened at this moment.

"You are here..." Shura suddenly said slightly.

Li Tian nodded, and then strode in.

"You boy is really good, much more powerful than the deity imagined... I really don't understand, how can there be a talent like you in the world." At this moment, Shura looked at Li Tian's recovery intact, not only himself. They all sent out emotions there.

After listening, Li Tian smiled slightly and said, "Thank you for the compliment, senior."

Then Shura said, "The deity didn't praise you, but just told the truth."

"Well, the deity will not talk other nonsense with you, the deity only asks you, have you seen that woman?" Suddenly, Shura asked.

Li Tian said truthfully: "I saw it."

"Well, since you have already seen her, shouldn't you fulfill your promise?" Shura said again.

Li Tian replied, "En."

"Okay, go ahead and tell the deity, how do you practice various illusions?" Shura blinked sharply like a knife and looked at Li Tiandao suddenly.

After listening, Li Tian smiled helplessly.

"Actually, if I say it out, I'm afraid Senior will be disappointed." Li Tiandao.

As soon as Shura heard it, his brow furrowed and said, "Disappointed? Why is the deity disappointed?"

"Because I don't even know the real reason." Li Tian replied.

what?

As soon as Shura heard it, he was furious! This kid said that he didn't even know the reason? Isn't this playing him?

"Smelly boy, do you dare to play the deity?" Shura roared, and the entire space was suddenly filled with terrifying killing intent.

Then Li Tian saw Shura furious, and hurriedly explained: "Senior, please calm down, I didn't mean to play you, I just told the truth."

"Asshole, you'd better give the deity a reasonable explanation, otherwise, I won't let you die." Shura furiously said.

It can be seen that Shura is really angry at this moment.

Then Li Tian was silent for a while, then raised his head and said: "Okay, I said."

"Actually, I practiced a variety of illusions by chance. At the beginning, I only practiced Qi illusions! But another day, I suddenly saw Teacher Anderson from our college practicing thunder and lightning illusions... Then I was curious. I tried to practice for a while, and then I learned the thunder and lightning illusion!!! From then on, I found that I could practice many illusions." Li Tian told the truth.

After hearing this, Shura couldn't believe it, and said angrily: "You kid can't even lie! Do you know that the illusion technique on the Spirit Earth Continent is impossible to cultivate without strong spiritual power? And you Or dual-system illusion?"

"Do you think this deity is stupid? Do you think that this deity will think that you can practice thunder and lightning illusion with the naked eye?" Shura roared.

Li Tian knew that Shura would not be unbelievable when he said it, so he said helplessly: "Senior, what I said is really the truth."

"nonsense."

"For thousands of years in the Lingtu Continent, there has been no human being able to practice multiple illusions at the same time!!! Even my Master Tian can't, but you kid said, you can learn a kind of illusion after reading it? Are you talking?" Shura simply couldn't accept this fact.

But seeing that Li Tian saw that Shura didn't believe him, he had no choice but to smile and shook his head: "Senior, you are wrong! I don't only know two kinds of illusions... Actually... I can also fire and wind. Illusion! I can use four illusions at the same time."

what?

When Li Tian said such a sentence, Shura almost jumped up.

This, this, this is beyond belief in Shura.

"You, you, what did you say?"

"Do you still...fire? You can also wind illusion?" Shu Luo suddenly fell from the void, and suddenly reached the front of Li Tian and asked in surprise.

Li Tianzai shook his head faithfully and said, "Yes."

"No, no, it's impossible!"

"Your kid is talking nonsense...how could you...how could it be?" Shura said in disbelief.

Then Li Tian saw that he didn't believe it, so he could only say: "Senior, you are optimistic."

After Li Tian finished speaking, he suddenly saw his right hand rise suddenly, and then a ball of flames suddenly steamed from the palm of his hand.

The golden flame beats in the heart of his palm.

The Art of Fire!

Fire illusion...

When Na Shura saw that Li Tianzhen really used the high-level fire technique in the fire-type illusion, he was completely stunned... His sharp eyes began to choke violently at that moment. , The whole person stayed there as if seeing a ghost.

Just when he was startled, Li Tiandao: "This is a fire illusion."

"Now, I'm showing seniors to take a look at the wind illusion."

The words fell, and suddenly, Li Tian's body skills suddenly disappeared completely, and his whole body quickly wandered through the dark ghost cave like a gust of wind!

Sometimes the wall crosses the wall, sometimes like a ghost and phantom..... The speed is simply unparalleled.

"Mysterious Wind Step!" This is also a high-level technique in the wind illusion.

Chapter 2882: Suction

That Shura originally didn't believe Li Tian.

But now? He saw with his own eyes two different illusions performed by Li Tian, one is fire and the other is wind illusion!

This situation left Na Shura completely speechless.

He stood there blankly, looking at Li Tian in surprise.

"How could it...how could it...?" Shura asked dully.

Then he rubbed his eyes vigorously, and then went to see Li Tian again, only to realize that everything was not illusory, but real!

Everything just now is true.

"Senior, do you believe what I said now?" Li Tian used the mysterious wind step to reach behind that Shura suddenly, and smiled at the Shura Dao in front of him.

Shura turned his head slowly, and then stared at Li Tian in front of him unbelievably.

"Boy, are you... or a god?" Shura asked Li Tian in surprise.

After Li Tian heard this, he almost laughed, but he held back, and then said: "Senior, I am just like you, but an ordinary person."

"No... you are not an ordinary person... It is absolutely impossible for an ordinary human being to practice four illusions at the same time! Absolutely impossible!"

"If you want to practice a variety of illusions, you can only use it unless you have strong spiritual power!"

"Boy, how much spiritual power do you have?"

After that Shura suddenly murmured like this, suddenly Shura's body moved instantly.

Then, with Li Tian unsuspecting, Na Shura grabbed Li Tian's right hand vein, and then a strange energy came out of that Shura's palm directly, and then toward that Li Tian body Swim past the seven meridians and eight meridians inside.

The Shura in front of him suddenly buckled Li Tian's veins, and then after that energy burst into Li Tian's body, Li Tian was taken aback.

"Senior, what are you doing?"

Li Tian immediately raised his left hand, a flame suddenly surged from the palm of his hand, and he wanted to shoot.

As soon as he shot, Shura said coldly: "Don't worry, the deity won't hurt you! If I wanted to hurt you, you would have died thousands of times."

The moment the cold words passed into Li Tian's ears, Li Tian was startled, then the flames in his left hand, and then slowly extinguished, he held it back and did not make any more moves.

At this moment, Shura was holding Li Tian's veins, and that energy began to wander in Li Tian's body!

After that energy wandered through Li Tian's body once, Shura suddenly stretched out his hand and retreated.

Then his eyes widened, staring at Li Tian in front of him.

"You...you...you...are in a state of full spirit?" Shura said in horror, staring at Li Tian with wide eyes.

It turned out that Shura, who was under probing, suddenly discovered that the spiritual power in Li Tian's body was in a full spiritual state!

That's why he was shocked there at this moment.

After hearing what Shura said, Li Tian nodded slightly and said, "Yes."

"Manling?"

"Tenth-level spiritual power?"

"Is there really such a person in the world?" Asura said blankly there, his eyes widened.

Li Tian stood aside, looking at Shura's surprised expression, he could only be speechless at the moment.

"The deity finally understands now...I finally understand why you can perform multiple illusions at the same time!"

"It turns out that your spiritual power is so terrible! So powerful." Shura suddenly blinked his eyes there.

Li Tiandao: "Maybe it is indeed related to my spiritual power."

At this moment, Shura looked at Li Tian with weird eyes, then said nothing, suddenly his figure flashed out of the ghost cave.

"Hey, senior..." Li Tian seemed to want to say something to Shura, but it was a pity that Shura didn't give Li Tian a chance at all, his figure flashed, and the whole person suddenly disappeared into the ghost cave.

he's gone.

...

After Na Shura left, he returned to his secret room alone.

I saw the secret room, extremely small, with an ancient spiritual position inside. Looking carefully, this spiritual position was the spiritual position of the teacher of Shura.

That Shura was standing motionless in front of the spiritual position that day.

"Teacher Tian, I finally saw a god-like guy today! He could have a tenth level full of spiritual power!!! This is simply unimaginable!"

"I never thought that among the human beings of the Spirit Earth Continent, such a peerless genius could be hidden!"

"Teacher Tian, is this happy for us? Or is it worry?"

"I have always felt that I can practice various illusions with hard work, and then I can go to the temple to avenge you! But now I find that I am wrong. Some things can not be obtained simply by hard work! I am Shura even if it is. You can't get a full spirit without exhausting your life's ability!" Suddenly, Shura said with emotion on the other side of the day.

Shura stayed alone in that secret room, standing for a long time.

It took a long, long time, but saw that Shura walked out of the secret room.

When he walked out, the yin and yang boy was standing outside.

When the two of them saw the disappointed expression on Shura's face, they couldn't help but yelled in concern: "Master..."

But Shura ignored the two of them and went straight out.

After arriving outside, Shura found a place to sit down slightly, and then stared at the front blankly.

"Master, what happened?" Suddenly the yin girl next to her looked at Shura with concern and asked.

Shura did not speak.

So the yin girl asked again: "Master, did the **** kid didn't tell you?"

After the yin girl asked, Na Shura suddenly replied, "No, he told the deity."

When the yin girl heard it, she was suddenly surprised.

Now that he told the master, why is he still so disappointed? The yin girl really can't understand.

"Then the master... why is his face so unhappy?" Yang Tong on one side suddenly asked.

Shura shook his head helplessly and said: "Because, I know it's useless!!!"

"I now finally understand why that kid can practice multiple illusions! It turns out that his body has a state of full spirit! That's why he can practice multiple illusions." Shura said unwillingly.

amount?

When the yin and yang boy heard Shura say this, he was slightly startled.

Then I saw the little girl looking at the Shura, "Master, can't you practice multiple illusions with your powerful spiritual power?"

"No! No! Although the spirit power of this deity has reached level 7, it is not a tenth level full spirit, so I can't practice multiple illusions at all." Shura disappointed.

After hearing this, the little girl thought about it, and then she suddenly understood.

"So it is!"

"Master, how can you make your body's spiritual power reach tenth level?" Suddenly the little girl blinked and looked at Shura Dao with her bright beautiful eyes.

When Shura heard it, her sharp eyes suddenly burst into a weird light.

"Spirit sucking!!!"

"By the way, I can absorb all of that kid's spiritual power into my own body! I can absorb all the spiritual power in his body into my own body." Suddenly a shocking word came from that Shura's mouth Screamed out.

Chapter 2883: The living dead

Sucking spirit?

When that Shura suddenly said this, the Yin and Yang boy was slightly stunned.

On the Spirit Earth Continent, there is indeed a spirit absorption.

However, this method of absorbing spirits can only be achieved by relying on strong strength! Because it is impossible for ordinary people to absorb the physical and spiritual power of others.

Therefore, the absorption of spirits at this moment is not so difficult for that Shura.

But he said that the yin and yang boy was startled when he heard the master talk about inhaling spirits.

Then blinked at Shura and asked, "Master, do you really want to absorb the spiritual power of that human kid?"

Shura did not speak, a very strange expression on his face.

Does he really want to absorb the spiritual power of Li Tian?

After the yin and yang boy saw that Shura was silent at the moment, the yin girl not only asked, "Master, what will happen to him if he absorbs the spiritual power of that human?"

When the yin girl suddenly asked, Shura suddenly turned his eyes, and then looked at the yin and yang boy in front of him and said: "I will become a living dead forever."

"Living dead?" The Yin-Yang boy was shocked when he heard it.

"Uh, what is the living dead?" Just listen to the yin and yang boy asking.

Although these two children are extremely skilled, they are still children after all! There are some things that I don't understand... For example, what does the living dead mean by Shura? They didn't quite understand, so they couldn't help asking at that moment.

At that moment, Shura said: "The living dead is the living dead! Once he is absorbed, his body will lose consciousness forever, and the whole person will be like a dead person for a lifetime, unable to move or speak. ."

"what?"

The yin and yang boy was stunned when he heard that Shura in front of him suddenly said what a "living dead" was.

I saw the young boy saying there, "Master... Isn't that... Isn't it... completely abolishing that human being?"

That Shuro nodded silently and said, "In theory, it should be like this."

"A person can neither move... nor speak... Lying there all day... This is totally worse than death!" The yin girl suddenly shouted on the side.

Shura suddenly sighed long.

Sucking spirits can be called the cruelest exercise on the Spirit Earth Continent.

This kind of heretical illusion technique was originally strictly forbidden on the Spirit Earth Continent, and it was also forbidden to use it.

Is the current Shura really going to use this extremely cruel method to abolish Li Tian?

Shura hesitated there.

The yin and yang boy also stood there without speaking, just blinked at that Shura.

"Master...you...you...are you really going to turn that kid into a living dead?" Suddenly the little girl looked at the Shura timidly and asked.

In this young girl's immature heart, there is still a very kind element.

So she couldn't help asking at that moment.

The young boy was also looking at Shura with his bright eyes wide open.

Shura was silent for a long time... Suddenly he said coldly: "Don't bother about this matter! The deity has its own plans."

After that Shura finished speaking coldly, he really left.

After the yin and yang boy watched his master leave, the two of them stood there blankly.

"Sister, do you think the master will really absorb the spiritual power of that human? Will it really turn that human into a useless person?" Yang Tong suddenly looked at the little girl and asked.

The little girl shook her head and said, "I don't know either."

"The Lord is a kind-hearted person. Although there are rumors that our host is a demon and is cruel, you and I know the host best!"

"I think the master wouldn't kill that human for no reason." The little girl said.

Na Yang Tong said: "But, I feel that the master really wants to absorb the spiritual power of that human being...After all, the master will do anything to go to the temple."

When the little girl heard it, her brows were not only frowned.

She has become uncertain now! She didn't know whether the master would really attack that Li Tian.

...

What about Li Tian?

Since Na Shura cured his crippled body, he has stayed in that ghost cave.

Seeing that Situ Ningbing, but Situ Ningbing didn't even know him... All he can do now is to guard Situ Ningbing! Even for a lifetime.

In the ghost cave filled with gloom, resentment was enveloped, and the sound of whistling ghosts could be heard all around.

And Li Tian, sitting cross-legged and staying quietly in that ghost cave.

The whistling sound from the outside world... and the weird ghost that occasionally appeared, completely unable to disturb Li Tian's body.

Li Tian closed his eyes slightly at the moment, and then adjusted his body's true energy.

Although Shura cured Li Tian's body, Li Tian suffered too much during this period, so his spiritual power was lost a lot...Even the physical qi was lost too much, too much. , So now he must adjust his interest rate. Only in this way can he fully recover as soon as possible.

At the moment when Li Tian was sitting quietly and adjusting his breath, a figure suddenly appeared behind him.

Supreme Shura!

No one thought that Shura would appear behind Li Tian inexplicably.

What about Li Tian, who is meditation adjusting his breath? When that Shura reached behind him, he couldn't even notice it! No way, that Shura's strength is really too strong.

Li Tian was still adjusting his breath quietly.

Shuluo stood motionless behind Li Tian with a gloomy face, and there was a strange complex color in his eyes... sometimes cold and cruel, sometimes extremely melancholy...

Standing straight behind Li Tian for a few minutes, Shura did not make any moves in the end!

Just a sudden "hum".

Li Tian, who was originally meditating, was shocked when he heard a "hum" sound suddenly appeared behind him.

"Who?"

Then he quickly turned his head, blinked, and saw that the Asura Saint was standing at a close distance of one meter behind him, standing motionless.

"Huh? Senior?"

The moment Li Tian saw Shura, he couldn't help crying out.

Chapter 2884: The story of Shura

He never expected that Shura could stand behind him silently! And he didn't even notice it at all! ! !

If this is what Shura wanted to harm him, he would have no power to fight back!

Thinking of this in Li Tiantian, not only did he let out a cold sweat on his back.

When Li Tian turned around and called out the word "Senior," Shura coldly raised his eyes and stared at him, without saying a word or speaking.

A suffocating strange feeling enveloped his whole body.

"Senior...you..." Li Tian looked at Shura at this moment and couldn't help asking in surprise.

He didn't know why Shura suddenly asked himself this time.

Just when Li Tian asked, Shura suddenly said coldly: "Boy, the deity wants to tell you something. From now on, you have to listen carefully to me."

Then Li Tian not only frowned when he heard Shura suddenly say this.

What the **** is this Shura doing?

After thinking about it, Li Tian said, "Okay, I will listen."

Na Shura suddenly said: "The deity asks you, do you know the legend about the Temple of the Spirit Earth Continent?"

"Temple?" Li Tian shook his head when he heard it, saying he didn't know.

"I haven't heard of it." Li Tian said.

After Li Tian finished speaking, Shura suddenly said: "Since you don't know, the deity will tell you! The temple is the most mysterious place in the world of Spirit Earth. For thousands of years, there are legends about the temple...Where Rumor is the place where the strongest in the whole world enters and exits, where is the territory of God."

When Li Tian heard this, he was shocked.

"God's territory?" Li Tian murmured.

That Shura said coldly: "Yes."

"This...is it just a legend?" Li Tian asked.

After all, Li Tian doesn't believe in ghosts.

When Shura heard Li Tian say this, he said angrily: "How is it possible?"

"What the deity said is not false?"

Li Tian saw that Shura was so furious, not only was it slightly faint, why he suddenly became so angry, even though he thought so in his heart, Li Tian did not speak.

After thinking about it, Li Tian asked again: "Since it is true, how to prove it?"

"No need to prove! Because the temple really exists! Because my Tian teacher once died in the temple!!!" The roaring words suddenly burst from that Shura's mouth.

When Li Tian heard that Shura suddenly said his teacher Tian, he was astonished at the moment.

"day?"

The three sages on the land of the soul: Long, Tian, and Shura!

Isn't this day one of them?

When Li Tianzeng was with the old Dean Heris, the old Dean Heris talked about some things about Shura and the sky! He also said that it was Shura's mentor that day. At this moment, when Shura called out Teacher Tian like this, Li Tian suddenly realized it! It seems that what the old dean Heris said at that time was true!

That saint is really Shura's teacher.

"Senior, your... your... mentor died in the temple?" Li Tian suddenly asked in surprise.

A deep sadness suddenly appeared in that Shura's eyes.

Hundreds of years ago, that Shura was just an orphan!

His family all died in the war. He was begging and lonely since he was a child, but one day, he met Enshitian, and from then on, he was taken away by God.

He taught Shura the supreme illusion that day, and raised him to admit that, to put it bluntly, he even kissed Shura's relatives that day!

However, in order to have broken into that temple, and to prove his strength, Tian chose to enter the realm of God!

After entering the temple that day, he never appeared again, as if his whole person suddenly disappeared from the world...

"Yes! My teacher, his old man has already died in the temple." Suddenly, Shura said sadly.

There was anger and resentment in his voice.

Li Tian questioned: "What kind of powerful people live in the temple?"

Na Shura shook his head and said, "For thousands of years, no one has ever known!!!"

"The only thing I know is that if there is a No. 1 in the world, it will be taken away by the **** of the temple!"

Li Tianyi felt depressed at this moment.

"what?"

"The number one in the world? Will be taken away by the **** of the temple?" Li Tian puzzled.

Then Shura replied, "Yes!"

"Over the past few thousand years, it has been rumored that there were 6 first-class wizards in the entire Lingtu Continent who were taken away by the temple! My mentor heaven was one of them! Only after they were taken away by the temple, Never came back..." Shura said this, suddenly a shock of anger appeared in his eyes.

"I believe that they were all killed by the temple!!!" Shura suddenly said angrily.

After Li Tian heard this, he suddenly understood.

It turned out that that day was taken away by the **** of the temple at that time!

After thinking about it, Li Tian said there, "Senior, although your mentor has disappeared... but this does not mean that he is dead! Maybe, he is alive in the temple."

Li Tian's words are like the finishing touch, and they are just right.

But his words did not convince that Shura.

I saw that Shura became furious when he heard Li Tian suddenly say this.

"nonsense!"

"how is this possible?"

"Hundreds of years...My Enshitian has been in the temple for hundreds of years. If he is still alive, why doesn't he come out to see me? Why is he not born?" Shura roared.

You know that the feelings with Shura that day were the same as father and son! And at that time, before entering the temple, he personally promised that Shura would never leave him, and would definitely come back to him...

But now, hundreds of years have passed in a flash, but that day never appeared again! So Shura's inference is also correct.

Unless, it was already dead that day.

After hearing what Shura said, Li Tian remained silent.

The word temple has been circling in his mind at this moment.

What is this mysterious place? What kind of powerhouse is there? Is there really a rumors of God in this other world?

Li Tian mumbled there thinking.

As Li Tian was thinking about it, Shura's sharp eyes suddenly stared at Li Tian's body.

"Boy, do you know why this deity told you this?" Suddenly, Shura said gloomily.

Of course Li Tian didn't know, so he shook his head there at the moment.

Chapter 2885: Start to suck

After Li Tian said that he didn't know, Na Shura suddenly said: "Because I want to be the number one strong in the land! Because I want to enter the temple to avenge my heavenly teacher!"

Hearing what Shura said, Li Tian was stunned.

It turns out that Shura actually did this for this! !

But now Li Tian doesn't quite understand.

"Senior, what does all this have to do with me?" Li Tian asked.

When Li Tian asked, Su Luo laughed, and the laughter made Li Tian feel very strange.

When Shura laughed out loud, he suddenly said there, "Because only you can make the deity the number one power in the Spirit Earth Continent!!"

"I?"

Li Tian was stunned after hearing what Shura said in amazement.

He can't understand what Shura is talking about now?

"Senior, I...I...how can I make you the number one powerhouse? I really don't understand." Li Tian asked silently.

But seeing that Shura suddenly stared at Li Tiandao with cold eyes and said, "You will understand."

Just as Shura said weirdly, his body suddenly moved.

His speed is so fast, so fast that Li Tian is defenseless.

"Pupa of Ice Soul!"

Suddenly, four words burst out from that Shura's mouth.

Immediately after that, Shura's whole body began to spin around Li Tian suddenly like a phantom, and then an ice wall instantly surrounded Li Tian's whole body.

Li Tian was shocked when he saw that Shura shot himself instantly.

He would never have thought that Shura would rush to himself.

Suddenly, he then shouted: "Senior...you...?"

With a horrified voice, Li Tian hurriedly used the fire illusion, and then wanted to break the ice that was tightly wrapped around his body.

But it was a pity that it was too late, and as his fire system illusion had just been displayed, the extremely fast cooling ice suddenly extinguished the flame in his palm.

What about Li Tian? The whole person instantly frozen his body in the extreme cold.

Except for the entire head, Li Tian's whole body was completely covered by ice, completely unable to move.

He tried to use force...try to extract the spiritual power from his body...but no matter how hard he tried, it was in vain.

At this moment, Li Tian was completely dumbfounded.

But when he said that Shura attacked Li Tian all at once, and frozen Li Tian under the ice, he spoke coldly at this moment.

"Boy, don't blame the deity!"

"Although the deity can't bear to hurt you, but for the sake of my heavenly teacher, the deity must do so." Shura was looking at Li Tiandao who was frozen in the ice at the moment.

When Li Tian heard it, he was confused at the moment.

There was angrily said: "You...what do you want to do?"

Then Shura suddenly said: "Didn't you just ask the deity that question? You want to know how the deity can get No. 1 in the world?"

"Okay, the deity tells you now! As long as I absorb all the spiritual power in your body, that deity can practice many kinds of illusions! Once I can practice many kinds of illusions, then the entire spiritual land continent will never No one is my opponent! Including Long! At that time, hahaha, the deity will be the number one in the world! The gods of the temple will naturally come to me!" Shura said.

After Li Tian suddenly heard that Shura's words, the whole person stayed there for an instant.

It turned out to be like this... It turned out that Shura wanted to absorb the spiritual power in his body!!!

He finally understood.

"You want to **** my spiritual power?" Li Tianxue said with red eyes.

The body began to exert constant force, trying to break free from the shackles of the ice.

But seeing that Shura said with a weird smile: "Not bad!"

"The tenth-level full spirit of your body is simply too tempting to me! If this deity can absorb all the spiritual power in your body... then I can practice various illusions." Shura said.

As soon as Li Tian heard it, he let out an angry roar.

He hates, he is angry.

He wanted to break free of the control of the ice, but no matter how hard his body was, he couldn't break free.

"Boy, don't waste your effort, no one can break free from the ice pupa of the deity." Shura said coldly.

After struggling hard, Li Tian found that he couldn't escape at all, and he could only give up at this moment.

Staring at Shura in front of him, Li Tian said: "I thought you were kind to save me... It seems that you, like other demon bastards, want to **** my spiritual power!"

As soon as Shura heard it, Haha laughed and said, "This deity is forced!"

"Haha, forced to do it?" Li Tian said sarcastically.

Suddenly, Shura quickly reached out and touched Li Tian's dumb acupuncture point, and said: "Smelly boy, I have already said that the deity is forced! Although it is indeed a bad thing to **** your spiritual power, the deity is now There is no other choice."

After that Li Tian's dumb acupoint was tapped by Na Shura at once, he could only open his mouth at this moment, and couldn't say a word at all.

"In order to be able to kill the temple, in order to be able to avenge my heavenly teacher, the deity will do everything."

After the words were finished, Shura's vicious eyes suddenly fell on Li Tian.

At this time, Li Tian had no choice.

Facing the supreme-level Shura in front of him, Li Tian had no resistance.

"Boy, please forgive me for doing this!"

After that Shura finished speaking, suddenly his palms stretched out and then pressed on the Li Tian's heavenly spirit cover. The moment that Shura touched it down, that Shura really started to absorb Li Tian's spiritual power!

Although Shura's eyes still carry infinitely complex emotions...but his hands have indeed been pressed on Li Tian's heavenly spirit cover.

"sorry!"

After that Shura finished saying that, he began to prepare to use his skills to absorb Li Tian's spiritual power.

What about Li Tian? I just felt that the spiritual power in my chest was suddenly stimulated by something, and suddenly all began to beat violently, and began to surge upward from within the dantian.

He wanted to stop, but his body was controlled, but he had no way.

Right now, I can only watch my spiritual power being awakened bit by bit, and then it starts to surge upward.

boom!

An extremely powerful force spread from Shura's palms, and then began to spread continuously into Li Tian's body, and then began to explore the spirit in Li Tian's body like a blood-sucking bug force.

This power is the power of spirit absorption. Once he has searched for all of Li Tian's spiritual power, it will begin to absorb the spiritual power in Li Tian's body.

The inhalation began.

Chapter 2886: Qihou Gong

The whole ghost cave is full of strange grievances!

No one knows what terrible things are happening in the ghost cave.

The vast wilderness is barren.

In the vast plain, two figures suddenly shot from the sky.

The speed was too fast, and it was impossible to tell whether it was a human or a bird. You could only see the two figures flashing away, and then flying towards the ghost cave.

Is it a human? still is.....?

Suddenly, two figures flew down from a high altitude, and when they reached mid-air, they suddenly stopped there.

A protective cover like a gas mask was wrapped around their bodies, and they just floated in the air.

"Old He, are you sure that Shura took the kid away?" An old powerful voice suddenly said a word in the midair.

Look carefully, the speaker has white hair, beard, and sloppy clothes, but his faint white hair is flying in the air...like an old **** outside the world.

Especially the huge wine gourd stuck in his waist looked the most conspicuous.

he is.....?

Long!

Saint Long!

But when Na Long said a sentence, the person watching him was protected by the gas mask was the blood-stained old Dean Hollis!

Isn't this old principal Heris in the prison of the demon? Why are you with Long Lao now?

But seeing that at that moment, following the old saint Long's question, the old Dean Khris coughed a few times, and then said in a weak and tired voice: "Yes... Long old!"

"I saw with my own eyes... Shura... took Li Tian away!!!"

After Na Long heard this, Xue Bai's eyebrows wrinkled, and then he muttered: "Why did this monster take that kid away? Does he want to...?" Old Long suddenly thought of something A terrible thing, and then the whole face changed suddenly.

"impossible!"

"Does that monster really want to do such a cruel thing?" The old saint Long before him suddenly said in a weird voice.

The blood-covered old Dean Khris glanced at the extremely weird expression of Old Long, and hurriedly asked at the extremely weak, "Old Long, are you worried that Shura will kill Li Tian?"

"No! I'm not worried about him being killed!"

"I'm worried about something more terrifying than killing him." Na Long said.

When the old dean Heris heard it, he was speechless.

what?

"What is more terrible than killing him?" Old Dean Hollis didn't understand at all.

Suddenly an extremely weird look appeared in Na Long's eyes, and then he looked at the void and suddenly muttered in his mouth: "Spirit sucking!!! I am afraid that the monster will use that kid's full spirit Suck it away."

"what?"

"Spirit sucking?" The old dean in front of him suddenly exclaimed after hearing this.

Na Long murmured there: "Yes!"

"Between the world, maybe I know why the monster took that kid away! I know, he was for the sky, for a public case hundreds of years ago." Old Long murmured.

When the old Dean Heris heard this, he said in shock: "Spirit Earth Continent absolutely does not allow such cruel illusions like spirit absorption! Does that Shura really want to be so cruel?"

The saint Long always said, "That monster will!"

"He can do everything for the sake of heaven." Old Long said there.

When the old Dean Khris heard it, his face became so ugly and ugly now.

Cough cough cough cough!

Then the old Dean Khris suddenly coughed again, and this time he coughed up a lot of blood in his mouth. Obviously, he was still suffering from extremely serious internal injuries.

After seeing the old Dean Hollis coughing up so much blood, Na Long suddenly said there: "Old He, your body is too weak! Although I have taken you from the deep Rescued from prison, but your body still needs to be recuperated!"

"Well, you first find a secluded place to recuperate by yourself. I will first go to the Nether Ghost Cave to find the monster of Shura." The saint Long said.

It turned out that the old dean Heris in front of him was rescued by the saint Long Lao.

After the old Dean Khris heard what Long said, he looked at his injuries, and he could only nod his head.

No way, he was really injured too badly.

"Well, Old Long, I will listen to you!"

Old Na Long nodded slightly.

"I'll send you down."

The words fell, and suddenly the old Long's right hand stretched out slightly, and then a breath suddenly emerged from the palm of his hand, and then suddenly the old principal's body began to fall from the midair.

The old Dean Heris's body dropped continuously, and suddenly shouted there, "Old Long, please be sure to save that Li Tian!"

After the words were finished, his whole person had been shot towards the land below.

After Na Long sent the old Dean Heris in front of him, he saw his gray robe shook, and his whole person was flying towards the mountains of the Nether Ghost Cave.

Among the vast white clouds, the speed of the old man was so fast, he had reached the nether ghost cave in an instant.

Among the towering mountains, but seeing that ghost cave exudes endless gloomy breath.

What about Long Lao?

At this moment, the whole person was already spinning above the ghost cave.

With his beard and white hair flying in the wind, Na Long blinked his eyes, and suddenly muttered in his mouth: "The second time, I didn't expect that I would come to this ghost again after hundreds of years. Ku! Haha." Old Long in front of him suddenly smiled strangely.

No one thought that Old Na Long had come to this ghost cave hundreds of years ago! This time is the second time.

After Na Long sighed slightly, he moved his dantian qi and used the "Qihou Gong".

Suddenly, his whole body began to swell violently, and then he shouted: "Sura!!!"

Endless voices shot out from the mouth, with the energy of opening mountains and rocks, shooting directly into the ghost cave.

The loud and thunderous voice suddenly shot down from the air, and then passed into the Nether Ghost Cave in front of him, with an extremely harsh and harsh energy in the voice.

But he said that at the moment that Long Lao's "Qi Hou Gong" called out, the yin and yang boy in the nether ghost cave suddenly heard a biting pain in his ear.

what?

The two children cried out in pain...then both small hands hurriedly covered their ears.

"What sound?"

Yang Tong cried, covering his ears in pain.

The yin girl was also covering her ears tightly at the moment, and said loudly: "It seems...as if...this strange sound is coming in from outside."

Chapter 2887: Long Lao is here

From outside?

"Is there an enemy coming?" The little girl yin girl suddenly said there. .

The yin and yang boy was covering his ears tightly at this moment, and then quickly ran to the outside of the ghost cave. They wanted to see who was making the weird howling sound just now?

After they arrived outside the ghost cave, they were shocked to see an old man with a gray robe like a fairy, floating in the air.

After the two of them took a look, their pupils suddenly widened.

"Who is that?"

"I don't know, but the one who came is definitely not good."

"Could it be the strong man sent by the Demon Sovereign to deal with our master?" Na Yang Tong asked there.

The little girl yin girl shook her head and said, "I'm not sure either."

"Then what should we do now?" Just listen to the young girl hurriedly looking at the little girl and asking.

But seeing the yin girl thinking about it, she quickly said: "I think we should find the master as soon as possible."

"it is good!"

The yang boy and the yin girl who said this hurried to look for that Shura. Both of them were extremely clever. At this moment, seeing the old man Long floating in the air, and a roar could hurt their eardrums. Naturally Knowing that this person is very powerful, it is simply not something they two can handle.

So at this moment they can only rush to find that Shura.

I saw the yin and yang boy at this moment, quickly running towards the ghost cave, while running, still exclaiming over there: "Master...it's not good...Master..."

...

Inside the ghost cave.

I don't know if Shura has really absorbed Li Tian's whole body spiritual power?

Inside the gloomy ghost cave, the lights were lit up strangely at this moment.

The originally black stone walls are now reflected brightly.

Inside that ghost cave, I saw Shura sitting quietly...and Li Tian sitting cross-legged on the other side.

The situation of the two of them was very weird, as they looked at each other, no one moved.

what is happening? Wasn't Shura absorbing Li Tian's spiritual power before? Why are you looking at Li Tian suddenly now?

At this weird moment, suddenly, Li Tian spoke up.

"Senior... Why did you let me go? Why didn't you absorb my spiritual power suddenly?" Li Tian's weird words suddenly came out of his mouth.

Is it? Didn't Shura absorb Li Tian's spiritual power?

It turned out that Shura was only good by nature and made up his mind to absorb Li Tian in the midst of contradictions, but he couldn't do anything! ! ! He cannot kill a human being! Even more unable to attack Li Tian in front of him... Therefore, he who hesitated at last finally let go of Li Tian, he did not absorb the spiritual power in that Li Tian's body! !

"Don't ask me." Suddenly Shura said angrily.

To be honest, Li Tiantian was extremely surprised, and he became more and more weird about the weird Shura in front of him.

This Shura is both evil and righteous, sometimes fierce and terrible! Sometimes it's like a gentleman, really grotesque.

At this moment, after hearing what Shura said, Li Tian thought for a while and said: "No matter what, senior, your kindness and your kindness to me, I will always remember Li Tian."

After hearing this, Shura suddenly sneered: "Stop flattering with the deity."

Then Li Tiandao: "I'm just telling the truth."

"shut up!"

"Smelly boy, the deity let you go, just because the deity disdains to **** your spiritual power...Do you think I am kind? Hahaha, you are wrong." Shura said there.

Li Tian heard that Shura said about himself, and shook his head and smiled at the moment: "No matter what seniors say about yourself, anyway, Li Tian will remember your kindness."

When Shura heard Li Tian say this, he blew his beard and stared.

Just as the two were talking, suddenly, there was a yelling voice outside the ghost cave.

"Master, it's not good...Master..."

As soon as the voice came, Shura's entire Buddha-like face showed a sense of coldness.

Then his body flashed, and he had reached the door of the ghost cave.

After a glance, I saw the Yin-Yang boy running over in panic.

"Don't the yang boy, the yin girl, and the deity let you guard the cave? What are you two shouting here?" When Shura saw the yin and yang boy screaming and running towards this side, he not only said suddenly .

At that moment, the yin and yang boy ran over quickly, and while running fast, he shouted there, "Return to the master, there is a powerful enemy here."

When Shura heard this, he immediately said, "A powerful enemy?"

After that Shura finished speaking, the yang boy and the yin girl nodded quickly.

Then he said: "Yes, yes, that powerful enemy is outside the cave!"

As the two of them finished speaking, Shura was dubious.

Suddenly, a roar came.

"Sura..."

The billowing sound, like Lei Guan'er, came directly from the Nether Ghost Cave, and shot into the ears of the Yin-Yang boy, and Shura and the others.

The voice was so powerful that it was truly peerless, and when the terrifying roar power spread into the entire Nether Ghost Cave, everyone's ears were buzzing.

Even Li Tian, who was in the ghost cave, was not only horrified at the moment he heard the sound of the vast and powerful force.

"What kind of skill is this?"

"You can even pierce through a rock hole with a sound... and can it cause severe pain in your ears?"
Li Tianzhen horrified.

Just as Li Tian was thinking like this in his heart, suddenly Shura laughed wildly.

Hahahahahaha!

After Li Tian in front of him and Yin Yang boy suddenly saw that Shura's weird smile, they not only looked at Shura depressedly.

All of them are in that uncontrollable shadow: What happened to Shura?

Just as they were thinking about it in their hearts, Suura in front of them suddenly said, "He's here... that old guy is finally here."

"Hundreds of years... the deity has been waiting for him for hundreds of years, but he was finally born!"

"Very well, this time, as long as the deity defeats him, he will be number one in the world!"

Suddenly, Shura laughed wildly there.

When Li Tian in front of him heard that, Shura said so, thinking to himself, old fellow? No. 1 in the world?

To say that the whole Spirit Earth Continent can be compared with that Shura only...Long Lao! If you want to fight for the number one in the world, you must compete with Lao Long for the number one in the world!

Could it?

Could it be that Old Long is here?

"Senior, is the saint Long Lao here?" Suddenly Li Tian called out in horror.

Just as Li Tian asked at the exit, Shura suddenly turned an ugly face, and Li Tiandao, who stared in front of him, said, "Yes! It's him! It's the old thing here."

Chapter 2888: World first

Long?

The saint is here. .

When Li Tian heard the old saint Long coming, his eyes suddenly lit up at this moment.

"Old Long, why did he suddenly come here?" Li Tian said excitedly.

To be honest, Li Tian didn't understand, he didn't know why Long always came to this ghost cave.

After Li Tian finished speaking, the Shura in front of him suddenly turned his head and said with a big smile, "Are you really stupid or fake? Don't you really know?"

Li Tianyi said in a daze, "I really don't know! I haven't seen Long Lao for a long time."

But seeing that Shura coldly snorted: "If the deity guesses well, that old thing must be to save you!"

"For me?" Li Tianyi felt depressed.

Na Xiuluo laughed and said, "Although the old thing hasn't appeared for hundreds of years! But he likes to be nosy. You once said that Old Long taught you some psychic illusions. I think this deity will abolish you, so he was born to save you. Don't forget, that old thing is the most cherished talent."

After Li Tian heard that Shura suddenly said this, there was an instant rumbling in his head.

Really?

Is Lao Long really here to save himself?

After thinking about it, Li Tian hurriedly said there at this moment: "If this is the case, then I have to say hello to Old Long and explain this clearly, so as to avoid misunderstanding between Senior and Na Long."

Li Tian was afraid that if Na Long was trying to save himself, it would be bad if he fought Shura in front of him.

Just when Li Tian was about to do this, Shura suddenly shouted, "No!"

After that Shura shouted loudly, Li Tian was stunned.

"What's the matter, Senior?" Li Tian blinked suspiciously while looking at that Shura and asked.

He didn't understand now, why Shura wanted to stop himself.

Then Shura said: "The deity will never allow you to stop this today!!!"

When Li Tian heard that Shura suddenly said this, he was stunned.

what?

"Why? Senior, do you want to fight against Na Long?" Li Tian asked inexplicably.

But seeing that Shura laughed all of a sudden, he said: "What you said is not bad! The deity has waited for hundreds of years to wait for the old thing to fight!"

"Hmph, hundreds of years ago, the deity had the opportunity to fight that old guy... It's a pity that that old guy refused to fight with me!! Now, the time has finally come, how can I miss this opportunity?"

It turned out that several hundred years ago, Na Shura had found Na Long once, but that time, the two of them didn't really do it! Hundreds of years later, I didn't expect that Old Man Long would come here in person this time...

Then Li Tianyi heard that this was the case.

At this moment, he said quickly: "Senior, Long Laozhai's kindhearted heart will definitely not fight with you!"

Li Tian didn't want Na Long to fight against Shura! After all, the two have no grievances at all, and both of them can be regarded as masters of the world! Why do we need to fight?

But at the moment when Li Tian said this sentence? That Shura was furious.

"nonsense!"

"Boy, what do you know?"

"This time, the old thing has to fight against the deity!"

"Besides, there are you? Hehe." Shura suddenly looked at Li Tianguai and laughed.

Li Tianyi stunned: "Me?"

"What's wrong with me?"

But seeing Shura grinned and said: "This old thing actually came to the ghost cave of the deity in person this time, he must be to save you, hum, so he will definitely fight with me."

Then Li Tianyi heard that this was the case, and he said: "Senior, I don't want you to fight against Lao Long... I will explain it clearly to Lao Long."

"Explanation?"

When Shura heard that Li Tian said he wanted to explain to Old Long, he sneered immediately.

"Do you still have a chance to explain?"

The words fell, and Shura quickly shot.

An ice wall rushed towards Li Tian in an instant. Li Tian was shocked, turned his left hand, and then used a fire illusion to block it.

In a blink of an eye, the terrifying ice wall was slowly melted by the flames.

"Boy, the reaction is pretty fast?"

"I think you can still catch my trick?"

With that Shura shouted, all of a sudden, the entire space was quickly covered by ice... The terrifying sudden drop in temperature caused the surrounding cold stone walls to be covered with a layer of extremely white frost.

Then Li Tian had never seen such a wide range of illusions, and he was a little at a loss.

Just when Li Tian was panicking, but seeing that the terrifying cold temperature had all flowed towards Li Tian, Li Tian's feet were gradually frozen.

what?

Li Tian saw that his feet were frozen by the ice, and he was shocked, and then hurriedly used the fire illusion to crack the ice.

It's a pity that the ice was freezing too fast, and the swift ice temperature instantly numb Li Tian's legs... and then began to spread towards Li Tian's upper body.

Li Tian wanted to use the illusion technique, but it was a pity that his whole body was completely weakened by the freezing...At this moment, he could only watch the ice quickly freeze his body.

Soon, Li Tian's whole body was frozen by the cold ice.

"Boy, can you go out and explain? Hahaha." After seeing that Li Tian was completely frozen, Shura suddenly laughed wildly.

Li Tian was frozen under the ice, unable to speak at all.

After that Shura laughed, suddenly, he never looked at that Li Tian again, turned his head, and said coldly: "Today, the deity will fight the old thing!"

After the words were finished, all of a sudden the whole figure swept away from the ghost cave.

At this moment, the yin and yang boy also followed out very quickly.

After arriving outside, I saw that Shura suddenly stopped. He turned his head and glanced at the Yin-Yang boy next to him, and then muttered: "Yang Tong, Yin Girl, this deity must give special instructions now. A few things about you...you will listen to me carefully from now on, and you must not violate the slightest intention, understand?"

When the yin and yang boy heard what Shura said suddenly, he not only frowned, but at the moment he blinked at the weird Shura, and said, "Master, what's the matter?"

Shura looked at the Yin-Yang boy in front of him with weird eyes, and then said: "This deity has a battle today, you two will never allow half a step out of this ghost cave! You are not allowed to watch the battle."

amount?

"Why? Master?" the yin and yang boy asked.

But seeing Shura suddenly saying coldly there: "There is no why! You just listen to the deity's orders."

Chapter 2889: Immediately

However, when the yin and yang boy heard what Shura said suddenly, the two children were stunned.

The two immature faces instantly revealed a pitiful and sad color.

"Master, we have been with you for so many years...we want to guard by your side." Just listen to the little girl's vulva, while she said, there are shining tears on her slender eyelashes.

At this moment, the round eyes of the young boy were ruddy, and he looked at Shura and said, "Yes, Master, no matter whether we live or die, we must be by your side."

After the yin and yang boy suddenly said this, Shura suddenly trembled slightly.

Then he suddenly turned the face that was not moving like a Buddha, his voice became cold and said, "Do you two dare to disobey the deity's orders?"

"We... we... don't dare." Hearing that Shura's anger, the yin and yang boy in front of him could only hang his head and cry.

But seeing that Shura didn't look at them, he continued to coldly said: "The deity must fight the old thing! This battle is about life and death, and none of you are allowed to intervene! Remember, no one can do without my order. Out of the ghost cave!"

The cold words fell, and Shura's body suddenly turned into a wisp of blue smoke, and then floated directly out of the ghost cave.

The yin and yang boy in front of him stood there blankly with tears in his face.

"Master..." Suddenly the little girl cried.

The yang boy next to him was also teary, and turned his head to look at the little girl, and said: "Sister, is the master in danger?"

"I don't know, I'm very worried about him." The little girl **** said hoarsely.

...

When the two children were crying, Shura had already left the Nether Ghost Cave at this moment.

Under the endless vast world, I suddenly saw a blue shadow flying out of the Nether Ghost Cave like a light smoke.

Then it flew directly into the sky, with endless evil spirits.

"Old thing, you are finally born...hahahaha." Accompanied by a thunderous laughter, but seeing that Shura suddenly showed his figure, he flew directly into the air like a big Peng spreading his wings.

I saw that in the void, Na Long's old face was smiling, and his beard was flying, smiling and watching Shura flying up from below.

"Sura, we met again." Suddenly, a word came out from the old Long's mouth.

At this moment, the two most powerful saint-level people on the Spirit Earth Continent were holding each other.

A layer of pale white aura shrouded Na Shura's whole body, and that aura was like a stream of water, billowing continuously.

And what about Long Lao? The whole body was enveloped in a light curtain-like aura expansion, and the flowing aura in the air also fluctuated strangely with his breath, as if this old man could make the surrounding aura do it with just one move. Flowing.

"Old thing, 300 years, almost 300 years ago... This time, should we really tell the difference?" Suddenly, Shura looked coldly at the old Long Dao in front of him.

When Elder Long heard what Shura said, he smiled bitterly and shook his head.

"Do not!"

"The old man came here, not trying to compete with you, the old man just wants to take someone away!" Old Long is not willing to fight the Shura in front of him.

As soon as Shura heard it, he immediately shouted coldly: "Huh, old thing, is the ghost cave you think of as the deity a bazaar market that you can enter and exit casually? Do you want to take people away when you say you take people away?"

When Na Long heard it, he sighed, "Then what do you want?"

Shura said: "Competition!"

"Three hundred years ago, I should have had a showdown with you, but it's a pity that you old fellow refused to fight with me... Now three hundred years have passed. This time, do you still want to escape?"

Old Na Long shook his head and said, "Hey, what if the old man refuses to fight with you?"

Old Long who was talking, blinked cunningly at that Shura and said with a smile.

When Shura heard this, he furiously said: "Hmph, if you don't fight me, I will absorb all the spiritual power of that kid named Li Tian!! Let him become a useless person in this life!"

When Old Long heard what Shura said, his brows wrinkled tightly.

"Shura, why bother?"

"What about you and me, why should it be difficult for an irrelevant child?" Old Long sighed slightly.

As soon as Shura heard it, hahahaha laughed wildly.

"The deity does not want to embarrass an innocent human!"

"But, old things you have to compare with me, if you compare with me, I will let the kid go." Shura said.

Old Long felt completely helpless.

It seems that today's Shura has to force himself...

Old Long who thought about it, suddenly raised his eyebrows and looked at Shura in front of him and said, "Shu Luo, why do you have to force the old man to fight you?"

When Shura heard this, he suddenly said, "Do you really know? Pretending to be confused..."

"Do you want to be number one in the day? Do you want to really take revenge for the sky? Do you want to really set foot on the temple?" Na Long suddenly asked three consecutive words there.

When the words exited, Shura burst out howl: "Not bad!"

"The deity must step on the temple to avenge Teacher Tian!" Asura said, an angry flame shot from his eyes.

Elder Na Long looked at Shura and said, "Hey, it's appropriate to report the injustice, let alone, it has been hundreds of years..."

Suddenly, Shura laughed wildly and said, "What happened for hundreds of years? I have to wash the temple in blood for hundreds of years."

Old Na Long shook his head helplessly and said, "Well, since you have to fight the old man today, the old man will do you well."

Old Na Long suddenly agreed.

He didn't want to fight Shura in front of him! But now he was forced to have no choice.

After hearing Elder Long suddenly say this, Shura suddenly laughed wildly.

"Old stuff, did you agree? Did you really agree?" Shura said with excitement.

But seeing Old Long nodded silently, stood in the void and said: "Since you have to persecute me like this, what else can I do?"

"However, for today's battle, I hope you keep your promise and must let go of that innocent human kid, okay?" Long old road in front of him.

As soon as Na Shura heard it, he laughed wildly: "Don't worry, the target of the deity is only you! After the comparison is tried, I will let the kid go."

"Okay! It's a deal." Na Long said.

"A word is settled!"

The sky was sensational, the surrounding dark clouds were tumbling, and above the sky, I saw Na Long and Na Shura facing each other...Two powerful forces collided violently together.

"The old man hasn't taken a shot for many years. This time, the old man will come to teach you Shura's Aojian Shuanghan... It's amazing." Na Long suddenly stood in the void and said.

Chapter 2890: Who wins and who loses?

Aojian Shuanghan?

Among the water illusions, the supreme heavenly skill! It belongs to the illusion that has completely reached its peak among the water system illusions.

After the old Long uttered a word, Shura in front of him suddenly smiled strangely, looked up at the sky, and suddenly muttered in his mouth: "Teacher Tian, I will soon defeat the old guy in front of me. Then seize the number one in the world! You are always the spirit of heaven, please wait for me, wait for me to wash the temple in blood."

The tyrannical words fell.

Suddenly, Shura's cold eyes turned around for a moment, and then stared at the face of Old Long in front of him.

"Old stuff, do it!"

A roar came out from that Shura's mouth.

Then he saw his hands suddenly lifted up slightly. As his hands slowly floated up, the air of water within a few meters of his body began to slowly flow out of his body, and the invisible air of water appeared on Shura's. Within the scope of the whole body, then but saw that Shura's whole body began to emerge one by one water balls, and those weird water **** were densely packed in the air.

"Shui Yu Qianshu!"

A loud shout came out violently from that Shura's mouth.

He really did.

Water Feather Thousand Art: It is the heaven art of the water system illusion. This illusion and the seal art of the blood illusion have the same effect. They both seal the opponent's illusion. Once the situation changes, it uses water vapor. Mixing one's own spiritual power to display, after the display, the entire space will be closed for a short time, and then within this short time, the opponent will be emptied of physical spiritual power, and then Shura will launch a terrible attack

I saw that after Na Shura performed the "Water Feather Thousand Art", the dazzling bubbles around his body began to gradually increase, and suddenly the entire air was blocked by these bubbles, covering the sky.

Then these bubbles all went towards the Long Old Mantle that appeared in the air.

After seeing that Shura performed the Thousand Water Feather Thousand Skill, the gray robes all over his body suddenly swelled up, and then he muttered, "It looks like he's really going to make a move."

After he finished speaking slightly, he suddenly saw a gas mask covering his body.

He hadn't moved his hands at all, the only thing that could be seen was that after the air envelope covered the whole body of the old Long, and then it was covered by the Shura water ball.

After Na Shura covered Na Long Lao with the Water Feather Thousand Skill, he suddenly began to use the ice knife technique.

The water flowing around quickly turned into a terrifying waterjet, and then with a sharp aura, all flew towards Na Long Lao.

Old Long didn't move, but stood slightly with his back on his back, and then all the ice skates within the range of his body were shaken open and shattered by the gas shield.

When Shura saw that his ice blade technique could not harm Na Long Lao at all, he snorted and turned his right palm up, suddenly a purple lion totem burst out of his palm.

"The Fury of the Mad Lion."

Immediately afterwards, he saw the mad lion roar, and the entire lion head swallowed towards Old Long.

Long Lao's body rotated slightly, and then his left palm suddenly turned and stretched out for unknown reasons, and then a powerful force of traction burst out, and then aimed at the surging lion totem suddenly launched.

In the cracked air, there was a sudden explosion.

Then I saw that the wild lion totem was directly shattered, and the cyan aura rose into the air.

The earth-shattering illusion continued continuously.

Rolling thunder, accompanied by a terrifying illusion, fly through the air...

The duel of the saints is by no means that simple.

In this battle, no one knows who is the best in the world.

...

Inside the Netherworld Ghost Cave, Li Tian couldn't move at this moment because his whole body was frozen by the ice.

He can only rely on the consciousness in his mind, and then continuously gather spiritual power, he wants to try to break the shackles of the ice.

Just when Li Tian wanted to break free from the shackles of the ice, suddenly the yin and yang boy came into this ghost cave.

After the yin and yang boy entered this ghost cave, he saw the completely cold Li Tian.

"Sister, what do you do with this guy?" The Yang Tong who walked in held a childish face there, and then looked at the frozen Li Tiandao.

The yin girl glanced at Li Tian with her slender eyelashes, and said, "Don't worry about him, the master said, you just need to hold him."

"Okay." When the yang boy in front of him heard the yin girl say so, he could only nod silently.

Li Tian, who was frozen in the ice, heard these two little guys say so at this moment, he was really anxious to die...

He wanted to hope that these two little guys could release him... let him stop the duel between Asura and Long Lao! But his mouth was unable to speak, and his body was frozen and unable to move at all.

At this moment, he can only rely on the spiritual power in his body to melt the ice in his body bit by bit.

Only in this way can he hope to get rid of the shackles of this ice and stop the duel between Asura and Long Lao.

boom!

At this moment, there was a huge explosion sound from the ghost cave.

After hearing the horrible explosion sound, the yang boy and the yin girl were not only stunned at the same time.

"What sound?" Suddenly the young boy said with an ugly face there.

The yin girl blinked her eyes and looked at the top, and said, "It seems to be...like... the sound of the master fighting the enemy."

When the young boy heard this, there was a touch of concern in his eyes.

He suddenly sat on the ground: "Hey, I'm really worried about the master."

When the yin girl heard this, she said, "What are you worried about?"

"The master has ever been defeated in this life? This time, he will definitely not be defeated."

Although the yin girl said so in her mouth, she could still hear a hint of confidence in her words.

After seeing the yin girl say this, Yang Tong lowered his head and sat on the slate floor, and then said nothing.

They are waiting...

boom!

boom!

boom!

The sound of explosions came continuously, and when you look carefully, in the vast world, two black and gray figures are intertwined like light.

"The Great Waterfall Technique!"

With a burst of drink, the whole space turned into an endless stream of water, and the rushing water rushed down from the air, and the terrible water rushed directly to the old man with the force of turning the river and the sea.

Lao Long waved his sleeves, and suddenly a wall of gas emerged out of thin air.

After the billowing water hit the top of the air wall, it instantly rose a terrifying distance of more than one foot.

Old Long suddenly used his strength, using the power of the airflow to block him, and then a strong spiritual force rushed out, puff!

The terrible tumbling water flows directly back towards Na Shura.
