

A Killer 2901

Chapter 2901: Fight the world

Shura affected his internal injuries because of his anger, so his chest began to ache sharply at this moment.

The yin and yang boy saw that Shura coughed up a mouthful of blood, not only was he shocked.

"Master, are you okay?" The two of them yelled with concern, and hurriedly helped Na Shura.

Na Shura stretched out his hand and wiped the blood from the corner of his mouth with difficulty, then said angrily: "Leave me alone, the deity is fine!"

Shura's self-esteem didn't allow him to show a weak side in front of the yin and yang boy, so he strengthened the spiritual power in his body and said in that support.

The yin and yang boy saw that Shura was like this, and he dared not speak, but stood silently and looked at him with worry.

In the end, it was the little girl who suddenly spoke up.

"Master... the demon race aggressively attacked us, presumably it must be a bad person, and the master is now injured again, should we hide first?" The female girl said timidly.

As soon as Shura heard it, his face trembled.

"Hide? What nonsense?"

"Is this deity's first life cultivation base, do I need to hide it?" Shura said angrily.

The yin girl heard the master say so, she could only close her mouth, she did not dare to say any more.

Yang Tong stood on the side and dared not say anything.

Shura supported his body, then looked forward coldly and walked forward step by step.

...

The evil breath is getting closer and closer to the ghost cave.

In the distance, the mighty demon army is marching towards the ghost cave.

I saw the demon emperor wearing a purple and gold dragon crown sitting on the huge sedan chair, his eyes full of murderousness and anger.

"How far is it from the Nether Ghost Cave?" a cold voice asked from the Demon Emperor's mouth.

At the exit of his question, Morodo, the blood illusionist next to him, quickly replied: "Return to the Demon Emperor, there are still 34 kilometers!"

The Demon Sovereign heard: "Speed up and kill Shura."

"Yes!"

After Narodoro finished speaking, he shouted at the army and shouted, "The whole army accelerates and reaches the Nether Ghost Cave as soon as possible."

With an order, the mighty army began to get faster and faster.

In front is the blood illusionist of the demon race riding a horse. These blood illusionists of the demon race are all high-level and above, and everyone exudes a hostile spirit.

In the back, there are more than a hundred half-orcs of the demons.

It's just that these half-orcs of the demon race are like coolies, holding the sedan chair of the demon emperor there, and there are 5 strange black coffins behind them.

The mighty demon army has now arrived in the ghost cave.

When he reached the Netherworld Ghost Cave for a few hundred meters, the Demon Emperor suddenly waved his hand: "Stop!"

Then all the people stopped before the Nether Ghost Cave.

Everyone is waiting for the demon emperor's order.

The Demon Sovereign glanced at the Netherworld Ghost Cave with cold eyes, and suddenly murmured from the corner of his mouth: "He must have known that we are here..."

At the moment that the words of the Demon Emperor just fell, suddenly the thick stone gate of the Nether Ghost Cave rumbling loudly at this moment, when the heavy stone gate of the Nether Ghost Cave rumblingly opened, everyone Not only did they step back subconsciously.

After all, Shura's strength was far beyond their imagination.

After they retreated, the thick stone gate suddenly opened, and then a Buddha-like figure appeared in the eyes of the Demon Sovereign and the others.

Sage of Shura.

"He, finally came out." As the Demon Emperor said, a strange smile suddenly appeared at the corner of his mouth.

Besides, the moment when the holy monarch Shura appeared, the surrounding atmosphere changed drastically.

A strong spiritual energy suddenly burst out of that Shura's body, I have to say that Shura's strength is indeed very strong! Although he was still suffering from severe internal injuries, he was still able to make the whole body reach a terrifying point.

Immediately after that, Shura didn't know how his body flashed, and suddenly he had reached a place tens of meters beside the Demon Emperor.

His appearance so abruptly caused all the Demon Blood Illusionists in the front to lose their color, and they quickly accumulated spiritual power in their palms to prevent that Shura from suddenly making a move.

"Devil Emperor, you are here..." As Shura approached, he suddenly smiled and looked at the Demon Emperor Dao sitting in the sedan chair in front of him.

The Demon Sovereign looked at the sage Shura, his eyes twitched slightly, and then coldly said: "Yes, I am here."

"You brought so many people to my ghost cave, hehe, do you want to kill the deity?" Suddenly, Shura sneered at the Demon Emperor Dao.

When the Demon Sovereign heard what Shura said, not only his eyes trembled twice, then one of his hands was tightly clenched, his face showed a terrible blue vein, and he said, "Yes!"

"You betrayed our demon clan, and you openly taken away the emperor's favorite daughter, how can the emperor not report this hatred?" The demon emperor said in an inexplicable rage.

"If I don't avenge this deep revenge, how can my demons gain a foothold in the world in the future?"

When Na Shura heard the Demon Sovereign say so, he suddenly laughed wildly at Nahahaha.

The terrible sound pierced the ears of everyone present.

"well!"

"The deity's life, the least fear is that others will find me to seek revenge!"

"Hahahaha."

The laughter of that Shura tyrant made all the demon masters present panic, and even the demon emperor was slightly jealous! After all, the strength of that Supreme Asura has indeed reached the peak.

"But, what a pity, what a pity!" Suddenly, Shura sighed slightly.

The Demon King said angrily when he heard it, "What a pity?"

"Unfortunately, these people you brought, are you sure to kill the deity?" Shura suddenly said with a murderous expression.

When the Demon Sovereign heard it, he sneered: "Sura, I know you are great, but you want to deal with my entire Demon Race by your own strength. Huh, I'm afraid you don't have this skill, right? Besides..." The Demon Sovereign Huo Suddenly stood up from the sedan chair, and said murderously.

Shura raised those cold eyes slightly, and took a faint look: "You can try..."

In a word, dominating the world, making all the Demon masters present stunned.

As the emperor of the demon clan, how could the Demon Emperor be so provoked by Shura at this moment?

Therefore, at this moment, he was angry.

"kill!"

"Kill him for me."

A loud shout screamed from the Demon Emperor's mouth.

Immediately afterwards, when he roared out, the more than 30 demon blood illusion masters riding on the horses all roared and flew towards the Shura.

The black crowd directly surrounded Na Shura in the middle.

The masters of these demons formed a circle and surrounded that Shura, and then everyone had a weird look on their faces, and the whole body was urged by spiritual power, and they were hostile to that Shura.

Chapter 2902: Demon Blood Array

Shura was completely surrounded in an instant.

But he didn't have the slightest sense of worry at all. He just glanced at the situation before him coldly, and suddenly said coldly, "Things that do not live or die."

"kill!"

The Demon King gave an order.

Those more than 30 demon masters who surrounded Shura finally took action at this moment.

In an instant, the surrounding blood swelled, and the masters of all demons performed illusions.

In a blink of an eye, the sky and the earth turned blood, and the earth seemed to be wailing, all of them struck Shura.

However, when these blood illusion masters attacked Shura with one blow, Shura suddenly floated up slightly, and his hands suddenly opened.

"Ice Underworld!"

A dull cry like **** suddenly roared from that Shura's mouth.

Suddenly, a black icy air flow suddenly appeared in Shura's body, and then the air flow began to spread out to the surrounding strangely.

After those gloomy ice currents suddenly spread to the bodies of the surrounding masters of the demon race, suddenly the bodies of those masters of the demon race were suddenly rushed into the internal organs of the body by a twisted icy air. Those black breaths passed from their ears, nose, throat, and into their bodies!

After these terrifying dark air entered the bodies of the demon masters, their limbs suddenly began to choke violently.

what.....

A painful scream came out first, and then a demon master suddenly fell to the ground, struggling with endless pain, puff!

After struggling for a while, his body suddenly exploded!

The whole body suddenly exploded into plasma, spraying all around.

The blood is unsightly.

After the first master of the Demon Race blew himself up and died tragically, the second and third...

puff!

puff!

puff!

The blood was flying in the air, the limbs were separating, and the blood gas just now had been filled with the real blood.

Such a scene is simply chilling.

too frightening.

Ice Underworld: It is the most terrifying killing technique among the water system illusions. Because this technique is too cruel, Shura has almost never used it! This time, I was forced to use that terrible illusion.

Seeing this "Ice Underworld" illusion technique pervading the bodies of those masters of the Demon Race, the Demon King over there was shocked, never expected that Shura would be so cruel.

Morodo, the Chaos Dual Demon standing by his side, is still more knowledgeable. At this moment, after seeing that Shura perform such a terrible illusion, he quickly said to the demon masters who were fighting on the field: Get close to those demons...rewind...rewind..."

Following the yelling of Na Morodo, all the masters of the demons hurriedly backed away.

The gloomy "Ice Underworld" aura remained in the air after the masters of the demons retreated.

With this Shura move down, more than a dozen demon masters were killed and injured. For the remaining dozen demon masters, the fear of death appeared in their eyes.

At this moment, Morodo looked at the situation and roared: "Use the Devil Blood Array!"

After Na Morodo uttered an exit, the masters of the Demon Race suddenly began to stand apart, enclosing Na Shura in the middle like a four-direction.

They are going to use the Devil Blood Array.

This magic blood array: It was created in accordance with the law of the four directions, capable of attacking and defending. It is a terrifying blood illusion array.

At this moment, I didn't expect that the master of the Demon Race would actually use that Demon Blood Array.

I saw that after the demon masters used the demon blood formation, the left and right sides of them were using the blood escape protection technique, and the middle part was attacking the blood illusion technique. Such an attack and one defense were really airtight.

In this way, these dozen demon masters began to use a large array of demon blood to attack Shura in front of them.

When they attacked Shura, Shura rolled his hands, and the terrifying ice underworld suddenly swept towards them.

"Quickly block with blood!"

A scream came out, and the demon blood formation instantly changed, and the demon blood illusionists on both sides quickly used the blood escape block technique.

In a blink of an eye, I saw a blood barrier formed by many people, blocking it in front of all the masters of the demons! The dark aura of the underworld of ice was suddenly melted by the blood when it reached the blood barrier.

It was actually blocked by Blood Escape!

The moment that Shura saw that the "Ice Underworld" that he was using was blocked, his expression changed slightly.

Suddenly the body retreated slightly, and at the same moment, the masters of the Demon Race had all rushed towards him.

All of the terrifying attack illusions suddenly flew towards that Shura.

Among them are "Hell's Blood Arrow", "Blood Arsand" and other vicious illusions.

But he said that when they attacked Shura, Shura suddenly roared.

"Ao Jian Shuanghan!"

With a loud shout, Shura finally used his supreme heavenly technique: Aojian Shuanghan!

This Aojian Shuanghan was defeated against Na Long Lao that day, but the power of the tower was enough to shock the world.

So at the moment that Shura displayed Aojian Shuanghan, a terrible and dramatic change occurred in the entire space.

In the suddenly cold air, a dense cluster of terrifying ice swords suddenly began to appear.

Those ice swords are so densely packed that they can't be seen at all.

The master of the Demon Race who was using the Demon Blood Array suddenly saw that there were dense ice swords in the sky, and he was completely shocked.

"Oh my god, this is...this is...what kind of illusion?" There was a cry of fear and horror from their mouths!

And Morodo, the Chaos Dual Demon over there, was also stunned when he saw the Aojian Frost Han Heavenly Art.

"It's this trick again... it's this destroying the world again..." His voice showed a scared tone.

Then he hurriedly called out to the masters of the demon race: "Rewind...retreat..."

The moment he called the exit, it was a pity that it was already too late!

Because that Shura has already launched Aojian Hanshuang!

"kill!"

With a burst of shout, shocked Jiuxiao!

Suddenly, densely packed ice swords flew from the sky.

Whoops whoops!

The endless ice sword shot from the air, pierced the block of the blood escape, and penetrated the body of the demon master.

Ahhhhh!

The endless screams rang out in the audience, and saw those poor demons blood illusionists pierced by the terrifying ice sword one by one, and the whole body was pierced with blood holes.

Some of them were nailed to the ground, bleeding to death, and some were pierced by the ice sword.

The corpse flowed across, and blood splattered.

dead!

All died under Aojian Frost Cold!

Chapter 2903: Mean and treacherous

too frightening.

The power of Aojian Hanshuang is really too powerful.

I didn't understand it from Old Long before, but now I finally understand it.

The sky full of ice swords flew in the air, and everything touched was penetrated.

In a blink of an eye, the dozen or so demons masters were all buried under the sky full of ice swords, and one by one died to the ground.

Blood dyes the earth red.

At this moment, even the Demon Emperor felt a fear that he had never had before! He suddenly felt that he didn't know if he was right or wrong when dealing with Shura this time?

Seeing that all the ice swords in the sky had been shot towards the Demon Emperor... At this moment even Morodo beside the Demon Emperor could not resist.

what?

The Demon Sovereign exclaimed.

Seeing that everyone was going to be buried under the frost of Shura's proud sword, but at this moment, the spiritual energy of Shura's body suddenly suffered some serious setbacks, and then the body shook suddenly, at the moment of shaking. In the meantime, the originally powerful spiritual power was completely dissipated.

boom!

There was a loud noise, and the radiating spirit energy suddenly burst into the air.

Immediately afterwards, those ice swords that were densely packed in the sky all disappeared.

The shocked Morodo, as well as the Demon Sovereign, were all stunned when they saw the dense ice swords all shattered in the air.

"what happened?"

"Where are those ice swords?" The Demon Sovereign exclaimed at that, his face turned pale and ugly because of the shock just now.

Morodo also opened his eyes wide, looking at that Shura in disbelief.

Looking at it, he suddenly found that Shura's face was pale and ugly, and his whole body was trembling slightly in the cold wind... and there was a strange and uncomfortable expression in his expression.

"Huh? How could Shura show such an uncomfortable weird expression?"

"According to the truth, with Shura's skill, he would definitely not be like this when he used the Ao Jian Shuanghan, but how could his expression be so uncomfortable?" Morodo suddenly asked in doubt.

After thinking about it, he suddenly had an idea, and said: "Could it be that he is injured? He himself has a very serious injury?"

After thinking about it suddenly in his mind, Morodo instantly overjoyed.

"Return to the Demon Sovereign, that Shura does not seem to work anymore!" Suddenly Morodo faced the Demon Sovereign Dao beside him with excitement.

When the Demon King heard this, he was surprised and said: "What do you mean?"

He did not understand the meaning of Morodo's words.

"Devil King, please look at Shura's face... his face is pale and ugly, and there is a painful expression in his expression. If his subordinates don't guess wrong, then Shura must be injured! That's why As a result, the Aojian Shuanghan just released only 30% of the power!" Morodo said with a sinister smile.

When the Demon King heard that Morodo said this, his pupils widened, and he shouted: "What are you talking about... Asura... Asura... Is there any injury?"

Morodo nodded cunningly and said, "It should be."

"Are you sure?" The Demon King asked.

That Morodo did not dare to answer decisively, after all, it was just his guess.

After thinking about it, Morodo said there, "Devil Emperor, I will try him, and we will know."

"Good!" The Demon Emperor agreed.

"If that Shura is really hurt, hehe, he will be dead today." The Demon Emperor said with a yin and whistling laugh.

Then Morodo nodded quickly, and then strode towards the pale-faced Shura.

What about Shura?

Standing bitterly in the cold wind at this moment.

No one knows how much pain his body is suffering! No one knows how much perseverance he used to endure the pain of his body, there is no way, just in order to use the Aojian Hanshuang, Shura has already used all the spiritual power in his body!

Now, he is at the end of the crossbow, although he is standing here, his body has been exhausted! All that remains is pain and suffering.

Besides, when that Shura was forced to endure the pain of his body, so as not to be seen through by the Demon Sovereign and others in front of him, that Morodo suddenly stepped forward in a gloomy manner.

"Holy Monarch, your face doesn't look very good?" Suddenly, Morodo smiled at that Asura.

As soon as Shura heard it, he was startled at the moment, and said to himself: Can this guy see it?

After thinking this in his heart, Shura took a deep breath, and then used his dantian aura, and roared in his mouth: "Thief, you are also worthy to talk to the deity? Are you looking for death?"

With a loud shout, Na Morodo's face suddenly changed!

You know, that Shura raised a deep sigh of dantian aura and shouted loudly just now. That kind of power was definitely not from the injured person.

So the sinister Morodo, not only frowned, but also slightly frightened in his heart.

"Could it be, could it be that I was wrong? Is this Shura not injured at all?"

Morodo took a step back subconsciously, and then looked at Shura carefully.

"Shengjun, the Aojian Shuanghan you used just now...what...what...it stopped halfway through? Could it be that the sage didn't work well?" Morodo tried again.

Then Shura shouted angrily: "Does the deity use heavenly arts to deal with you gangsters?"

When Morodo heard Shura say this, he said: This Shura really has a problem! In the past, if he dared to say this, Shura must have already attacked him.

After thinking about this, Morodo suddenly increased his confidence, and said with a sinister smile: "Holy Monarch, I am afraid not? I think your face is ugly, and the spiritual power in your look is obviously insufficient! If I guess right, I wonder if Shengjun is physically injured?"

When Shura heard this, he said angrily: "Do you want to die?"

Morodo already had a certainty in his heart, and sneered at this moment: "Yes, holy monarch is coming to kill me?"

"A dead dog! The deity will kill you!"

That Shura finally couldn't bear the anger in his heart.

Suddenly, the spiritual power was gathered, but the spiritual power in the body suddenly surged from the heart.

Wow!

Before Shura's illusion art was issued, the whole person suddenly spit out a blood from his mouth, black blood!

Then his body suddenly trembled in the wind! Like withered weeds.

Hahahahaha!

Suddenly, Morodo laughed strangely.

"Sure enough, I didn't expect it! Sage, it seems that your injury is really serious..." Morodo finally guessed it!

He now finally knew why Shura could only use half the power of Aojian Shuanghan's extremely powerful heavenly technique! I finally knew why Shura would suddenly stop shooting! It turns out that he really suffered a very serious injury!

Chapter 2904: died

"Shengjun, I think you don't even have the strength to stand there, huh, how do you kill me?" Moro said with a wicked smile.

Shura supported his body with difficulty, then raised his hand to wipe the black blood from the corner of his mouth, and suddenly stared at that Morodo with bloodshot eyes.

"Thief, today the deity vows to cut you with his own hands!"

With a roar, Shura couldn't hold back his anger after all.

He really did it!

He held back his physical injury, then raised his spiritual power in anger, and then suddenly stretched out his palms, two extremely powerful water streams vigorously flowed out, and then turned into icicles.

"Pillar of Ice!"

Two terrifying icicles suddenly extended towards Na Morodo.

Although Morodo knew that Shura was seriously injured, he did not dare to be careless!

I saw his body quickly retreated a distance of more than ten meters, then suddenly waved his hands, shouted, blood escape!

Suddenly a blood-colored barrier rose from the whole body, blocking the attacking icicle.

After Na Morado blocked Shura's move, his right hand suddenly raised, and blood sand suddenly shot towards Na Shura.

Shura gave a cold shout, his left sleeve robe rolled up suddenly, and a gust of wind swept across the blood sand suddenly, with a crash, the blood sand was directly on the ground by Saul, and then reached the ground with a groan sound.

"Shengjun, I see how much spiritual power you still have! Haha."

At the moment, Morodo could see that Shura was barely supporting him.

So at this time, he was not in a hurry to attack, but was consuming the spiritual power of that Shura.

He dodged around the body, and then continuously used long-range illusions to consume that Shura.

Na Shura was really annoyed when he saw the evil thief consume himself so much, and he wished to kill Na Morodo with the palm of his hand.

With an angry cry, Shura suddenly attacked his body!

However, at this moment, the spiritual power of the body can't keep up, boom...

As soon as Shura's body flew out, he immediately fell to the ground with a plop! No way, he is now at the end of the battle! His body and spiritual power are really almost exhausted.

Shura is down!

He fell heavily to the ground!

There was blood in his mouth, and his body fell to the ground, shaking and panting.

Who can imagine that one of the three holy sages of the Spirit Earth Continent has fallen to such a point?

A cold wind blew by, bringing a very sad feeling of sadness.

"Hahahaha!"

Suddenly at this moment, Morodo laughed wildly in front of him, and he laughed wickedly.

"Unexpectedly, I really didn't expect that the famous sage Shura would be defeated by my Morodo!"

"Asura, Asura, you didn't expect such a day, right?" That Moroduo said abominably.

Na Shura fell to the ground, trying to get up, but he seemed to have no strength.

At this moment, even the Demon Emperor never expected that Shura would fall!

He was shocked, and then stood up with a smile.

"Morodo, kill him! Kill him!"

The Demon Emperor's eyes revealed a brutal killing intent.

He can only consolidate his position as the first emperor of the Demon Race by killing the Demon Emperor, so he can't wait to kill the Demon Emperor now.

After Narodoro heard the demon emperor's order, sharp killing intent was also revealed in his vicious eyes.

Then he looked at that Shura disdainfully, and said in that gloomy voice: "Holy Monarch, do you have any last words?"

Na Shura raised his head with difficulty, then wiped the blood from the corner of his mouth, glaring at Morodo at the blood-filled pupils.

When Morodo saw that Shura did not speak, he suddenly sneered: "Since you have no regrets, don't blame my ruthless men!"

"go to hell."

With a sharp roar, Na Morodo suddenly slammed his palms directly at the head of Shura.

The infinite vitality contained between the palms all attacked that Shura.

At the moment that Moroduo horribly struck towards Shura, he saw that Shura who fell on the ground had no resistance at all. He was still coughing, and the blood coughed out from his throat was still Can be clearly seen.

The fierce blood slammed into that Shura.

Seeing that Shura was about to be hit to death by a palm, no one had thought that at this moment, Shura's eyes suddenly burned with an angry flame!

That is a terrible look that a strong man is born with!

Between life and death.

No one thought that Shura's body suddenly rose up, like a big Peng spreading his wings, suddenly soaring into the air, whistling into the sky.

That Moro never thought that Shura still had spiritual power in his body! Never thought that Shura still had a hole card to press the box...

He was shocked, his attacking palms suddenly paused, and then quickly turned around to protect himself! Because he already felt that Shura's extremely cold killing intent!

But this time, he was late!

And he has committed a terrible mistake!

As that Shura suddenly rose into the sky, the entire sky seemed to be blocked by his powerful figure.

Endless spiritual power gushes out from that Shura's palms, and suddenly in that Shura's right hand, it suddenly turns into an ice-bound giant sword!

Ice Great Sword!

"go to hell!"

The bursting sound shook the sky.

puff!

With an unstoppable force, the terrifying ice giant sword directly pierced that Morodo's chest!

Morodo didn't even have time to escape the blood, and the terrible ice giant sword had been pierced into the chest by the terrifying ice giant sword.

The blood flowed down the ice giant sword bit by bit, flowing on the ground, slowly dyeing the entire ground red.

what!

Na Morodo screamed, holding the **** ice giant sword on his chest in both hands, his pupils suddenly began to twist, choke, shrink...

"You...you...you..." Moroduo spit out three words with difficulty!

At this moment, even the Demon Emperor who was behind was shocked! He also didn't expect that Morodo would be pierced in the chest by a sword from Shura, and the whole person looked dumbfounded at the situation in front of him.

"How could you...how could you still have spiritual power?" Finally, Morodo spit out a few words with difficulty from his mouth, his eyes filled with disbelief.

But seeing Shura standing in front of him, that pale face was full of anger and killing intent.

"Thief, you want to kill the deity with your abilities? Humph, even if the deity only has 10% of the skills left, killing a treacherous person like you, it doesn't take much effort!"

Saying these words coldly, Shura turned around without even looking at Moro.

A cold wind blew in, and Morodo behind that suddenly burst into blood from his chest...

Immediately afterwards, his legs softened, and he knelt on the ground with a plop.

died!

A generation of demon finally died under the hands of the holy monarch Shura.

Chapter 2905: Ice break

Morodo of the Chaos Twins finally died.

He died so abruptly that the Demon Emperor did not react at all.

Even the Demon King himself did not expect that Shura, who had suffered a severe injury just now, could explode with such a powerful strength in an instant!

How is this going?

He didn't know how strong Shura should be as a saint!

Although Shura was indeed injured by Long Lao, and his skill was only less than 30%, don't forget that he is the Holy King Shura after all.

Just now Shura endured all the injuries of his body, angered and displayed his last physical spiritual power, and then stabbed Na Morodo with the sword of ice, which was really amazing.

Although Shura killed Morodo at this moment, his body had already reached a state of dryness.

Although the whole person was still standing there, he looked like he could no longer support it.

"The saint is indeed the saint!!! As expected, it is Shura." Suddenly the Demon Sovereign said while looking at his own hands over the ground.

Shura took a deep breath, then looked up at the Demon Sovereign with difficulty: "The Demon Sovereign...Is there any other tricks you can use? The deity sees how you kill me today?"

When the Demon King heard it, he suddenly laughed, laughing evil.

Looking at that Shura suddenly said: "Can you still fight?"

Shura shouted: "Come if you are not afraid of death."

When the Demon Sovereign heard that Shura said, he suddenly laughed wildly: "Okay."

"Since you want to die, the emperor will fulfill you."

The words fell, and suddenly a weird and scorching smile appeared on the Demon Emperor's face, and then he slowly turned around, looking at the standing demon half-orcs behind him, shouting: "Bloodletter !"

With a sound, the half-orcs then began to open all the five coffins they had pulled.

Asura stood there, when he heard the Demon Sovereign say this suddenly, suddenly, he felt an extremely evil aura suddenly enveloped the audience.

As the five black coffins slowly opened, the wind and clouds in the sky changed, and even the cold wind became extremely evil.

The evil appeared.

Shura had already felt that there was something evil around the Demon Emperor, but he never expected that this evil thing was hidden deep in the black weird coffin.

At this moment, a strong and bad premonition suddenly rose in his heart... that feeling... made him feel confused.

The black weird coffin opened with a click.

At the moment that weird coffin opened, suddenly a few terrible thunders suddenly flashed in the sky...

Then a blood-red monster appeared.

Blood man!

This is the extremely evil and terrifying thing created by the Sifang Blood Sovereign, invincible blood.

I saw the created invincible bloodman, his whole body was stained with blood, and the bones all over his body had undergone weird transformation, as if it had become more than twice as big as a normal person, and his entire head was wearing a black pig iron monster helmet. , The black helmet covered the entire face, only a pair of eyes exuding a huge evil air were exposed, and those eyes were purple-brown at the same time!

Like, monster!

At the moment when the blood disciple appeared, the tall half-orcs couldn't help but began to retreat... I don't know if they were frightened by the evil aura on the terrible blood disciple, or they were afraid of something else... anyway. The orcs began to back away with twisted eyes.

1, 2, 3...

Five in total!

All five blood disciples were released.

When the five blood disciples were all released, the entire sky changed.

The five blood disciples stood motionless just like that, looking at the holy monarch Shura not far away with those purple-brown scary eyes.

"Xura, look, what is this?" A strange smile appeared on the face of the Demon Emperor, and he was suddenly looking at the Asura Dao.

Shura naturally knew about the blood disciples of this demon race.

I also know that this blood man is extremely evil, possessing an immortal body.

"Blood disciple?" Shura said coldly.

Although his body is almost unable to support it now, he has never felt afraid of anything.

"Yes, you guessed it right."

"Sura, do you know why the emperor made these terrible blood followers? The emperor created these blood followers to deal with you and against all human beings! From today onwards, I want all people in this world to submit to me... ..Those who violate us will all have to die!" The Demon Emperor Hu Xiao said.

After Shura listened to it, suddenly there was a helpless expression on that face that was not moving like a Buddha.

Then he looked up at the sky, and at that moment, a flash of disappointment flashed in his eyes.

"Does God really want to kill me today?" Shura murmured.

No way, today he has become the end of the crossbow.

If it weren't for the battle with the saint Ryu, Shura would naturally not be afraid of any invincible blood men!

But now, he has no other way, he has reached the limit of his body...

"Sura, die."

The Demon Sovereign does not want to delay any longer!

Because he is afraid of rebirth.

If he wants Shura to die, he must die immediately.

So at the moment he shouted loudly, the five terrifying blood disciples suddenly walked towards that Shura step by step.

When this monster-like blood disciple stepped on the ground, the whole ground shuddered... and the entire footprints that these blood disciple walked over showed a black burning mark... , As if these blood-stained people carried the corrosive atmosphere of oil and sulfuric acid.

Close step by step.

Evil envelops the holy monarch Shura in front of him.

Xiu Luo forced himself to hold back the breath in his heart, staring at the blood disciple now.

Suddenly, he took the lead.

The first time, the first time Shura took the lead.

Not moving like a bell, moving like a gust of wind, at this moment Shura's body suddenly flew like a gust of wind to one of the blood disciples who came first.

"Ice Break!"

Shura displayed high-level illusions among the wind illusions.

At the moment this ice breaking slash was cast, a few smashing slashes suddenly cracked in the sky, and then, carrying a stream of cold ice, it directly slashed towards the leading blood disciple.

Shoo!

But what about the blood man? As still as a stone, the blood disciple didn't stop at the moment that Bingpozhan cut towards him.

boom!

boom!

boom!

The terrifying Ice Breaking Slash was all slashed on the blood disciple, but looking carefully, the blood disciple didn't react at all.

After the **** skin on the whole body was chopped off, a new blood suddenly rose again, and then enveloped the entire skin.

Unscathed!

When Shura saw that his Bingpa Slash had actually been cut on the blood disciple, he didn't even react at all, he was stunned.

"How could this be?" He exclaimed immediately.

Chapter 2906: Cut grass and root

Shura never thought that his Ice Breaking Slash would not harm the blood follower at all. This is simply unscientific.

Although Shura only had less than 30% of the strength left, the ice breaking cut just now could definitely form a very powerful lethality for high-level illusionists.

However, in the face of this blood man, he was unscathed?

Is the legendary undead blood man true?

"Hahaha, Shura, take it to death, now I want you to really see how powerful my blood disciple is."

"Go, kill him."

The Demon Emperor laughed wildly and gave orders.

When he yelled, the blood disciple who had been slashed by "Ice Breaking Slash" just now unscathed, suddenly let out a low roar, that sound was definitely not made by humans, it was like a beast. ! Like a monster.

Then the blood disciple moved suddenly.

The two completely twisted hands turned into skeleton-like claws, and they suddenly grabbed at Shura's body terribly.

As both hands rushed in, a black and **** shadow rushed towards that Shura.

Shura was already eating, his body quickly retreated, and then he performed the water escape technique.

"The technique of water escape!"

Suddenly, a circular water escape protected that Shura's body.

But the blood disciple was not afraid of Shura's water escape at all, but rushed straight towards the water escape.

boom!

Shui Dun was hit by the blood disciple's body, and there was a loud noise, and the swelling water suddenly shook violently.

"It's a powerful breath of blood." Shura said in horror.

Never thought that the water escape technique he used could not stop the blood disciple in front of him.

But he said that the blood disciple suddenly tore his hands to the water, and he snorted, and the whole water was torn by the blood person.

At the moment of tearing, Shura spotted the opportunity, and then used the "big waterfall technique".

The billowing water fell from the sky and directly slammed into the blood disciple in front of him.

The blood disciple's reaction seemed to be a little slow, with a bang, and the terrifying rolling water directly submerged the blood disciple, and the blood disciple was instantly flooded by the flood.

When Shura saw that the blood disciple was finally shocked by his cataract technique, he sighed slightly in his mouth.

But at this moment, a terrible accident happened all of a sudden.

There was a bang, and no one thought that the ***** man who was filled by the waterfall just now suddenly soared into the sky, and the whole person flew up with a scream, and at this moment, the ***** body turned into a ***** shadow. The world suddenly changed, and the terrifying blood color and the blood disciple's body directly hit the Shura.

Shura was taken aback! I didn't expect that his cataract technique would be difficult to trap the blood...

At this moment, he wanted to use the illusion technique to block, but suddenly gathered spiritual power, only to find that the spiritual power of the entire body had been completely used up...His body had dried up.

boom!

The figure of the blood disciple hit Shura's body suddenly.

A crooked blood-colored paw was grasped on Shura's shoulder, and Shura only felt a scorching pain from the entire shoulder.

He snorted, flew with one foot, and kicked on the ***** body.

boom!

The blood man was kicked a dozen meters away, and then landed firmly on the ground.

And what about Shura? At this moment, the whole person suddenly fell from the midair.

With a plop, his body fell heavily to the ground.

Shura fell to the ground again.

"Hahaha, Shura, have you seen how the emperor's blood disciples are?"

"Hmph, to deal with you, this emperor only needs to use a blood disciple to kill you." The Demon Sovereign yelled arrogantly.

Shura fell to the ground, the pain in his body seemed to make him unable to stand up.

He was breathing hard, his eyes were already slightly desperate!

"Kill him! Kill Shura." Finally the Demon King said angrily.

The blood disciple who took the order walked towards Shura step by step, and the **** marks on the ground made people shudder with a terrible feeling.

Seeing that Shura was about to die tragically in the hands of the blood disciple this time, suddenly at this moment, the stone door of the Nether Ghost Cave suddenly opened.

"Master! Let's help you..."

Suddenly the immature voice came, and after a closer look, I saw that the yin and yang boy suddenly flew over there.

The moment the two children flew out, they immediately guarded Shura's side.

"Master! Are you okay?" Both of them looked at Shura who had been so badly injured, not only their eyes red.

But what about Shura?

When he saw the yin and yang boy coming out at this time, he suddenly furiously said:

"Who...who... let you out? I said that without the deity's order...you can't come out!"

It turns out that Shura knows that today's battle will be bad and bad!

That's why he refused to let that yin and yang boy come out to accompany him to death!

But how could this yin and yang boy watch Shura die like this?

They couldn't help but ran out of the ghost cave.

"Master, I'm sorry, we didn't listen to you!" The little girl yin girl said with red eyes.

Na Yang Tong also cried there and said: "Master, to die, the two of us will die with you!"

When Shura heard this, his heart suddenly became sour, and said: "Nonsense!"

"You go...go...hurry up..." Shura knew that the Demon Emperor was extremely cruel! If he killed himself, he would definitely kill the Yin-Yang boy, so he wanted to let the Yin-Yang boy go now.

But no matter what Shura said, the yin and yang boy refused to leave! They just stood silently beside that Shura, and then protected him.

What about the Devil Emperor? At the moment when he saw the yin and yang boy suddenly come out, he couldn't help laughing suddenly.

"well!"

"The people are finally here! The emperors of the province went to look for them one by one. Today, the emperor will cut the grass and remove the roots. Don't want to leave here alive."

After the Demon Sovereign said so cruelly, he suddenly waved his right hand, and a terrifying blood disciple on the left suddenly strode towards the Yin and Yang boy.

When the yang boy and the yin girl saw these monsters coming towards them, their two immature little faces were pale in fright, but they did not back off.

"Master, we protect you." At last the little girl yin girl said.

After speaking, the two children performed water system illusion together.

"The art of water polo."

Four small hands stretched out at the same time, and then a stream of water flowed out from the palm of the hand, and then one after another bright water **** attacked the bloody.

Despair flashed in Shura's eyes, and his heart was broken when he saw the stubborn yin-yang boy.

It's a pity that everything is too late.

However, when the yin and yang boy performed the water system illusion and hit the blood disciple, the blood disciple suddenly screamed, and his whole body suddenly stood up, and a strong evil aura surged from the air, with a bang. That yin and yang boy.

Boom!

With just one move, the terrifying blood apprentice knocked down the Yin and Yang boy.

Chapter 2907: Fighting blood

After seeing the yin and yang boy in front of him fall to the ground, Shura endured the pain of his body and hurriedly protected him in front of the yin and yang boy.

"Silly boy, hurry up..."

"If you don't go anymore, you two will all die here." Shura said with blood-red eyes looking at the Yin and Yang boy in front of him.

I saw the yin and yang boy who fell on the ground trying his best to get up from the ground, and then looked at the Asura with ruddy eyes and said: "Master, if we don't go, even if we die, we will die together."

"Stupid! You are so stupid!" Suddenly, Shura's eyes became wet.

No one thought that this generation of sages suddenly shed tears at this moment.

The Demon Emperor was laughing at that hahaha.

The current scene was completely controlled by him alone.

I saw him laughing wildly there, saying: "Sura, you finally know the fate of betraying my demons, right?"

"go to hell."

"kill!"

At the moment that the Demon Emperor's venomous voice uttered, all of the five blood disciples suddenly rushed towards the Shura and the Yin-Yang boy.

Death was approaching Shura and the Yin-Yang boy step by step.

Evil has left them nowhere to hide.

Shura tried his best to support his body and stood up, and then used the last bit of spiritual power of his body to stop the five blood disciples.

But can he stop it?

Seeing that the five terrifying blood disciples came over step by step, Shura had already done a desperate blow.

At this moment, a stunned dragon chant came from the northern sky.

boom!

Between the heaven and the earth, a ray of blue light suddenly appeared, and then the blue light suddenly penetrated through the heaven and the earth, piercing in front of the five blood disciples with a bang.

The whole earth burst instantly...

Look carefully, the divine object inserted on the ground is exactly the "Kang Long Mace" that Shura gave to Li Tian.

"What is it?" The Demon Sovereign exclaimed at the moment when he saw such a weird weapon suddenly shot down from the sky.

He is not willing to change again today, he swears to kill Shura in front of him.

But said that Shura, there are yin and yang boys?

The moment they saw Kang Long's mace, they were stunned.

"It's the big brother... the big brother is here." Suddenly the little girl yin girl said with excitement.

At this moment, Shura also had an incredibly unbelievable look in his eyes, and suddenly muttered, "That kid...didn't he leave? He...he...how did he come back?"

Just when he uttered a low groan, he suddenly saw a black shadow flying over from the northern sky with a rapid movement.

With a swish, his figure flew over.

Li Tian.

The real Li Tian is here.

When Li Tian arrived, the Demon Emperor was instantly shocked.

"It's you? You, **** human kid, haven't died yet?" The Demon Sovereign said with anger and disbelief.

In the deep prison of the Demon Race, you must know that Li Tian's tortured hands and feet were completely useless, but now only a few days later, the kid in front of him has completely recovered, and The limbs looked intact... so this made the Demon King in front of him feel very angry.

But seeing Li Tian flying over, he glanced at the Demon Emperor at this moment, and then sneered: "Thanks to you, I Li Tian is not dead yet."

"You..." When the Demon King heard this, he was furious.

"Asshole, even if you are not dead, you don't want to leave here alive today." The Demon Emperor whistled.

Then Li Tian didn't pay attention to him, but at this time suddenly turned around and looked at the injured Shura and the Yin-Yang boy.

"Senior, are you all right?" Li Tian asked kindly.

Shura looked at Li Tian who had arrived at the moment, and asked in shock, "You...you... why are you back again?"

When Li Tian heard that Shura said this, he suddenly smiled faintly: "Senior is in trouble. Although the junior is inadequate, he can't escape! This time I came back, just trying to do some Weibo..."

When Shura heard Li Tian say this, his heart suddenly moved.

Fortunately, he had not attacked Li Tian before. If he did, he would regret it all his life.

"Thank you..." Suddenly, a hard word came out of Shura's mouth.

These two words seemed like Shura had never talked about them before, and now it seemed extremely embarrassing to say the word thank you.

Although the voice was small, it was still heard by Li Tian. After Li Tian heard it, a smile appeared on the corner of his mouth.

"Senior, you are injured, so take a good rest here. Let me replace you in this battle." Li Tian said.

That Shura had indeed dried up, and could only breathe in silence at this moment.

"it is good!"

After Shura said a "good", Li Tian suddenly turned his head, and then looked at the Demon Emperor in front of him and the five terrifying blood disciples.

Li Tian has never seen such a weird blood disciple on the Lingtu Continent. At this moment, when he saw the blood disciple exuding evil blood and wearing a strange beast helmet on his head, he was not only slightly startled. .

"What the **** is this?" Li Tian lined his mouth slightly.

Just after thinking this in his mind, Shura suddenly reminded him from behind: "Li Tian, be careful, you are standing in front of you a blood disciple of the Demon Race! This evil thing is extremely weird, and You must be careful if you are invulnerable all over."

When Li Tian heard this, he was not only depressed.

Invulnerable?

real or fake?

If this is the case, then it is really troublesome.

While Li Tian was still thinking about it here, he suddenly saw that the Demon Sovereign had begun to issue orders.

"Kill them, leave none."

At the moment the Demon King yelled out, the five blood disciples suddenly moved.

The five ferocious blood disciples suddenly stretched out their twisted blood claws at the moment their bodies moved, and suddenly grabbed them from the air.

Huh!

The fierce blood claws carried a **** atmosphere, and suddenly grabbed Li Tian's body.

The three blood disciples in the back circled towards Li Tian from the right.

What about Li Tian?

When I saw these five monsters suddenly hit me with one blow, my body suddenly retreated more than ten meters, and then my right hand suddenly stretched forward "Slavery Technique", and Li Tianyong's Slave Technique controlled several huge surrounding areas. With a wave of the palm of his hand, the huge bluestone slammed into the blood disciple who flew over with a howling color.

Boom, boom!

The huge bluestone hit the body of the blood disciples, but saw the shattering of the stone cracks...Stone chips were flying all over the sky, but the blood disciples who were hit on their bodies did not react at all.

These bloodies did not suffer any harm at all.

Chapter 2908: Blue dragon pattern

Li Tian was not only shocked when he saw that these blood disciples did not suffer any injuries. .

What the **** is this?

Just when he was horrified, the two blood disciples in the front had already grabbed him.

The twisted skull's claws drew a few blood marks in the air, and suddenly grabbed Li Tian's body, Li Tian dodged slightly, and then displayed Xuantian's finger strength.

Point out.

The screaming **** fingering shot towards the bloody.

But who knows that the blood disciple didn't avoid or hide at all. Xuantian fingered the blood disciples and all made a muffled sound of puff, puff, and puff, and then all disappeared.

"Can't even martial arts hurt them?" This time Li Tian was truly depressed.

Illusion and martial arts all have no effect on these bloodies. How can this be good?

Just when Li Tian was shocked, one of the blood disciples already roared at him.

A blood shadow suddenly reached Li Tian's side. Li Tian was taken aback, flipped his right palm and shot out a palm.

When the powerful palm force hit the blood qi, there was a muffled sound, and Li Tian was slightly backed by the powerful blood qi.

"Damn boy, just because you want to deal with the emperor's bloody?" When the demon emperor saw that Li Tian was invincible, a vicious and cruel smile appeared on the corner of his mouth.

On the contrary, the Shura and the Yin-Yang boy in front of him were increasingly worried about Li Tian.

Seeing that Li Tian was already a little hurriedly persecuted by the blood disciple.

At this moment, Li Tian suddenly screamed, his right hand displayed the "Purple Thunder Seal" in the thunder and lightning illusion, and suddenly a terrifying purple electric light appeared out of thin air, followed by Li Tian's gesture. The terrible purple electric light suddenly struck one of the blood disciples.

With a click, a thunder exploded! It struck the blood disciple, and at this moment, I saw the blood disciple who was hit, his body swayed twice, and the blood that was permeating his body suddenly disappeared a lot... but never expected, After the blood disciple stood still for about a few seconds, a thick evil blood suddenly increased from all over his body, and then the blood disciple moved again. restore!

The blood disciple can recover in an instant? This is completely beyond Li Tian's imagination.

At this moment, Li Tian was really powerless to deal with five terrifying blood disciples in a row.

No way, his illusions and martial arts can't harm these blood disciples... Since he has the most powerful illusions, what use?

He snorted, just in this indirect effort, Li Tian didn't pay attention, he was already scratched by a blood disciple's skull claw.

I saw the place where I was caught quickly turning into a black terrifying bloodstain... That bloodstain still tinged with corrosive scorching heat... It made Li Tian's arm numb.

"Li Tian, be careful!" After seeing that Li Tian was caught in the shoulder by one of the blood disciples, Shura hurriedly yelled in that concern.

The yin and yang boy around him also said with great concern: "Big brother, be careful."

I saw Li Tian's arm caught by a weird scar, his body suddenly rotated, and then displayed the "Thousand Killing Knife Technique", a phantom blade was condensed in the air, and then he slashed in the air, slashing towards that Blood man.

Although the blood disciple was invincible, he was still shaken by Li Tian's powerful aura.

With a bang, the blood disciple was shaken off and fell to the ground, but in an instant he got up again.

After Li Tian shook one of the blood disciples to the ground, the other four blood disciples suddenly all attacked him.

Suddenly all the blood beams entangled Li Tian, but he said that Li Tian dodged quickly.

If it hadn't been for Li Tian's rapid body technique like "Wind Mystery Step", he would have been slaughtered by those terrifying blood disciples.

However, Li Tian could not always dodge like this.

Seeing that the offensive of the five blood disciples became more and more fierce, and the blood qi of the whole body increased sharply, Li Tian knew that he could only fight today.

But seeing Li Tian spotted the opportunity, displayed martial arts, and then flew and kicked a blood man.

The blood disciple was kicked and fell to the ground, and then a flying vertical jumped up again, but in this indirect effort, Li Tian suddenly performed the "Slavery Technique", followed by a sudden blue light. Flew towards Li Tian's palm.

Kang Long Mace!

But after seeing that Kang Long mace received Li Tian's suction, he swished and shot over.

Kang Long's mace was held in Li Tian's hand, and a weird sound of "buzzing" suddenly appeared.

"It really is a good treasure!" Li Tian said in surprise.

Holding the Kanglong mace in his hand, he could feel a surge of spiritual power from the Kanglong mace, suddenly spreading across his body, and that spiritual power made Li Tian excited and passionate about it.

At the moment when Li Tian got the "Kang Long Mace" in Li Tian's hands, Shura's eyes sparkled for an instant.

"This kid...tame Kang Long's mace?"

"Has his body got a blue dragon pattern?"

Shura was surprised.

Then the eyes flashed with excitement and looked at that Li Tian.

"By the way, he is a full-spirited body, and he should have got the ancient blue dragon pattern!" Shura said suddenly.

The yin and yang boy by his side heard that Shura muttering to himself, and suddenly asked, "Master, what is the blue dragon pattern?"

Na Shura took a deep breath, and then explained: "The blue dragon pattern originated from the ancient century. According to legend, a long time ago, a strong man once got the bronze pattern, but the strength of the blue dragon pattern was too strong and powerful. , The strong man could not control, and finally he sealed the blue dragon pattern in the Kanglong mace!!! Since then, the Kanglong mace has become a peerless weapon. Thousands of years ago, there were countless strong men competing for this Kanglong mace. It's a pity that in the endless years that followed, people gradually began to forget that ancient history!!! Then this Kanglong mace remained in the hands of my teacher... and finally passed it on to me!"

After hearing that Shura explained this way, the yin and yang boy beside him finally knew the truth about "Kang Long Mace"!

"Master, is the blue dragon pattern very powerful?" The little ***** one side was suddenly blinking her slender eyelashes and looking at the Shura Dao.

Shura's eyes radiated light in front of him and said: "Actually... what the deity heard is only an ancient legend... As for the specific use of the blue dragon pattern? I don't know how powerful it is."

After the yin and yang boy heard that Shura said, he not only frowned slightly!

It turned out that even their master didn't know what the powerful effect of the blue dragon pattern in the Kanglong mace was.

Chapter 2909: Fierce beast, blue dragon

The moment they spoke, Li Tian held the "Kang Long Mace" in his hand and displayed it.

This "Kang Long Mace" is not a knife, not a sword, but it can be used as anything.

At this moment, Li Tian was holding this "Kang Long Mace" tightly and performing swordsmanship.

The swordsmanship he used was "Ten Jue Sword Qi".

According to the truth, the "Ten Jue Sword Qi" is a Qi slave sword, but if you get the real "treasure sword", your skill will greatly increase.

At this moment, I saw that Li Tian was holding the "Kang Long Mace" in his hand, suddenly urging his internal force, Kang Long Mace was urged by the internal force, and the whole became more white and translucent.

Howl and wave!

Kang Long's mace brought a whistling sound, and then directly pierced one of the blood disciples with a "Breeze and Willow" swordsmanship.

Seeing Li Tian's attack, the purple-brown eyes of the blood disciple suddenly shook his body, and a ***** afterimage appeared. Li Tian's Kanglong mace quickly swung out, pouch, the blood of the blood kid. The afterimage was instantly defeated.

Then the blood disciple suddenly roared, and suddenly both claws directly grabbed Li Tian.

Li Tian saw the ***** claws grabbed by the ***** claws, and shouted angrily, Kang Long's mace suddenly turned, abruptly blocking the ***** claws.

warehouse!

With a sound, Kang Long mace let out a dragon chant.

Immediately after Li Tian turned his right hand quickly, he used the exquisite sword technique of "Ten Jue Sword Qi".

Suddenly, there was a biting sword aura in the air.

This sword qi was intertwined with the evil blood qi of the blood disciple, making a weird sound.

Suddenly, Li Tian pointed his sword to the sky, and slammed the ***** man in the chest.

With a chuckle, Ling Li's sword directly pierced the blood disciple's chest.

Kang Long's mace deeply pierced the blood disciple's chest, and the blood disciple's mouth suddenly let out a painful roar... Ang!

The sound was terrible, like howling a ghost, and the sound was terrible.

But the blood disciple was not dead! After Li Tian's Kanglong mace pierced the blood disciple's chest, the blood disciple suddenly grabbed Li Tian's body with two paws.

An evil spirit suddenly attacked Li Tian.

This time, Li Tian was speechless.

He never thought that after he pierced the blood disciple's chest with a Kang Long mace, the blood disciple would still have such a strong force to grab him. At the moment his two arms were caught, his body wanted to retreat. Can't retreat.

"Li Tian, be careful!" Shura couldn't help exclaiming when he saw Li Tian was caught by the terrifying blood disciple all at once.

The yin and yang boy around him also widened at the moment, his pupils looked at Li Tian worriedly, after all, Li Tian was their only hope now! If even Li Tian had fallen, they would really have finished playing.

I saw that Li Tian was firmly grasped by the two skeleton hands of the blood disciple at this moment.

Li Tian exhausted his body's strength, but the blood disciple's two arms were like iron tongs, grabbing Li Tian's arm.

At the same time, the four blood disciples behind him suddenly walked towards Li Tian step by step with **** steps.

Seeing that the four blood disciples were getting closer and closer to that Li Tian, Li Tian was completely in danger, but no one could save him.

That Shura was too far away, and the injuries he suffered were so severe, it was impossible for him to come and rescue Li Tian...not to mention the Yin and Yang boy.

Seeing Li Tian was about to be attacked by the remaining 4 blood disciples.

The corner of the Demon King's mouth has shown an extremely cruel smile...

At this critical moment, Li Tian's body suddenly shook, and a strange energy suddenly surged from his right arm.

For some reason, Li Tian's right hand and right arm suddenly began to tremble violently.

And suddenly a faint cyan air transpired from his arm.

That weird cyan aura...how weird it was, it completely surprised Li Tian.

"My arm..." Li Tian exclaimed suddenly.

Because his arm seemed to be numb all of a sudden, as if completely out of control... Then that arm suddenly began to swell.

At this moment, the dragon totem that was originally tattooed on Li Tian's arm suddenly began to float.

boom!

The roar broke through the sky, and no one thought that at this critical moment, a blue arrogance suddenly transpired, and after suddenly reaching the air, it suddenly became a blue dragon.

A long and terrifying blue dragon with a long ten-year-old Xu Ruo, with its teeth and claws, majestic and majestic.

The blue dragon entangled in the air, his eyes burst open, his eyes radiating a terrifying light, like a thousand-year-old beast.

Two dragon claws were caught in the void.

At the moment when I saw the appearance of this blue dragon in amazement, the world suddenly changed dramatically, thunder flickered, and the wind was strong.

Faced with such a treacherous change, even the Demon Sovereign at this moment was stunned.

"Huh? Qinglong?"

The Demon Sovereign exclaimed.

As for the Shura over there, his pupils widened, and he looked at the dragon in the sky in disbelief.

"Is this the fierce beast that has been sealed for thousands of years on the Spirit Earth Continent in the ancient century, Qinglong,?"

The yin and yang boy next to him was completely stunned when he heard what Shura said. At this moment, the two children were staring at the terrifying blue dragon with their bright eyes.

But he said that even Li Tian was still there at the moment.

He never expected that such a huge fierce beast would appear on the blue dragon pattern on his right arm.

At the moment when he was astonished, the Qinglong suddenly let out a roar, shaking the sky and the earth!

Then puff! ! !

A flame spurted out of the Qinglong's mouth.

The entire valley was instantly surrounded by flames... Before the poor demon half-orcs had time to scream, they were swallowed by the raging flames, and even the huge sedan chair of the Demon Emperor was on fire at this moment.

The Demon Sovereign saw his sedan chair suddenly burning up, and in an instant he quickly flew out of the sedan chair and landed on the side of the open space.

At the moment that the Demon Emperor just fell, there was another loud noise.

Immediately afterwards, I saw that the blue dragon rolled directly towards the blood disciple with the force of the wind and residual clouds.

The four terrifying blood disciples who were thinking about Li Tian's coming were suddenly rolled by the dragon's tail of the blue dragon, bang bang bang, all four people were rolled upside down and flew out, banging against the hard mountain wall. ...

However, they did not die, but just got up again.

And what about Li Tian at this moment?

During this gap, he suddenly swept his legs and kicked directly on the bend of the blood disciple's leg. The blood disciple's leg bends, and the whole person kneels on the ground.

Then Li Tian hurriedly backed away...He couldn't be caught by this monster blood disciple anymore!

Chapter 2910: Acknowledge

But he said that when Li Tian retreated quickly, the blood man suddenly and terribly attacked him again. .

The **** color filled by the two skeletons' hands grabbed directly towards Li Tianmao.

And at this moment, Li Tian suddenly received some kind of induction in his right arm...that was a sign of danger. Immediately after that, the blue dragon entrenched in the air suddenly screamed, and the entire huge dragon head directly bit the blood.

With a bang, the blood disciple didn't even reach Li Tian's side, so he was immediately bitten by the dragon's mouth of the Qinglong, and with a scream, suddenly Qinglong bit the **** disciple and flew directly.

With a grunt, the Qinglong swallowed the blood disciple into his stomach.

Devoured!

The alive was swallowed by the blue dragon!

Even though the blood disciple had an immortal body, but this time was swallowed by the ancient fierce beast Azure Dragon, how could he still live?

died!

Finally killed a blood disciple.

What about the Devil Emperor? The moment Li Tian suddenly summoned such a powerful ancient beast, his entire face was shocked.

Although he still has 4 blood disciples, there is an unknown fear in his mind for some reason.

"Withdraw!" Suddenly a word came out from the Demon Emperor's mouth.

At the moment he gave his order, the four blood disciples then stopped attacking Li Tian like robots, but suddenly all flew behind the Demon Emperor.

Immediately after that, the Demon Sovereign said nothing, leading the 4 blood disciples around him, and suddenly the figure flew away.

Several blood shadows flashed from the air and suddenly shot towards the northern land.

The Demon King finally left.

When he saw the Demon Sovereign leading the 4 blood disciples leaving like this, Li Tian felt excited.

He didn't know how the scene of the day ended, but now he was really excited to see the Demon Emperor leading the people away.

"Senior Shura, are you all okay?" Li Tian quickly turned his head to look at Shura.

Shura and the Yin-Yang boy glanced at Li Tian with grateful eyes, and said there, "We...we...okay!"

"Big brother, thank you for helping us." At the moment, the little girl yin girl looked at Li Tiandao with her slender eyelashes.

Li Tian smiled faintly.

"The Demon Sovereign has already left, and I will definitely not come again in a short time," Li Tian said slightly.

Shura paled, then nodded hard and said, "Yes!"

"There is the ancient fierce beast Qinglong here, the Demon Emperor... even if he comes again... I'm afraid he will die by himself." Shura said weakly again.

Li Tianyi was slightly startled when he heard "Ancient Beast: Blue Dragon".

Then he quickly turned his head, and then looked at his right arm in disbelief, and then at the blue dragon entrenched in the air, Li Tian was subconsciously stunned.

"Ancient Fierce Beast: Azure Dragon?" Li Tian murmured in horror.

howl!

Suddenly there was a loud howl, and the Qinglong flew straight towards Li Tian.

Li Tian was shocked when he saw the terrifying beast Qinglong suddenly soaring towards him.

After all, that Azure Dragon was too huge and too fierce.

Li Tianqing couldn't help accumulating spiritual power in his hands, and then cautiously backed away quickly while preparing to take action at any time.

But what about Qinglong? For some reason, he screamed and flew towards Li Tian.

The huge dragon dashed across the sky and rolled towards Li Tian.

Li Tian was shocked, raised his hands unnaturally, just about to make a move, but only heard that Shura suddenly shouted: "Li Tian, don't make a move... Qinglong will not hurt you."

Li Tian, who was already ready to make a move, was startled slightly after hearing Shura's voice at this moment.

Then his raised hands paused in the air.

However, it was said that at this indirect time, the entire huge dragon body of the Azure Dragon had already been wrapped around Li Tian's body, entangled Li Tian's whole person.

However, after the huge body of the blue dragon entangled Li Tian, Li Tian did not feel bound. On the contrary, his whole body felt warm and comfortable, especially when he touched the scales on the body of the blue dragon. There is a very strange feeling.

"This...this...what the **** is going on?" An unknown panic appeared on Li Tian's face. He was entangled by the blue dragon in a daze, because he was so scared. , If this Qinglong takes a bite and eats itself like the blood disciple again, it will be broken.

I saw that Shura dragged his extremely injured body at this time, walked over step by step, smiled and said to Li Tiandao: "Li Tian, don't panic...Don't panic first."

Asura comforted Li Tian, he had already walked over.

Li Tian stood there, entangled by the blue dragon all over.

But seeing the blue dragon holding the huge dragon head, breathing blue breath there...sniffing Li Tian's body with that nose over and over again...as if looking for the smell, the scary dragon eyes widened and flashed With a brilliant and terrifying light.

Shura carefully glanced at the blue dragon's movements, and then suddenly muttered in his mouth, "Could it be that this ancient fierce beast is now acknowledging the lord?"

Li Tian, who stood there dare not to move, heard Shura say this, and asked depressedly: "What is acknowledgment?"

"To recognize the master is to recognize its owner!" Shura explained.

what?

When Li Tian heard this, he was depressed.

"It is rumored that this ancient fierce beast will have its own unique characteristics, and this fierce beast is extremely spiritual. They tend to be grateful for the first human being who released them from the chaos! So they will be grateful... the so-called gratitude is Acknowledge the Lord! They will follow their master for life until they die."

As Na Shura explained to that Li Tian, suddenly I saw that Qinglong began to become manic.

Raising that huge head, suddenly began to whistle in the air, and the cyan aura all over his body began to be full of terrifying killing intent.

Li Tian could feel the blue dragon suddenly become irritable... as if signs of attack would appear immediately, and at this moment, he quickly said to the Shura: "Senior, this blue dragon seems very irritable, what should I do?"

Shura also turned ugly at the moment.

"Presumably this ancient fierce beast must be eager to recognize the lord!" Shura said.

Li Tianyi heard, "Then what should I do?"

"Use your blood, spot on Qinglong's head!" Shura said.

When Li Tian heard this, he was slightly startled, and said, "Does it work?"

Shura said: "I don't know. About this ancient fierce beast, I just heard that Teacher Tian once said...you can try it!"
