

## A Killer 2931

Chapter 2931: The shock of the old dean

But they said that after the yin and yang boy in front of him suddenly ran over, they also saw the old dean Heris at this moment.

"Huh, is it you?" The little girl yin woman blinked and said with her beautiful eyes looking at the old Dean Hollis.

Obviously, this little girl also recognized the old dean Hollis.

The old dean Hollis looked at the female woman in front of him and said, "Little girl, do you still know the old man?"

The female girl giggled and said, "Of course I do."

"Big brother, is this old grandfather your friend?" Suddenly the little girl yin girl looked at Li Tian and asked.

Li Tian smiled and nodded and said, "Yes."

Then I saw the little girl, the yin girl, looking at the old Dean Khris seriously at this moment, and said: "Grandpa, how disrespectful I was to you before, here I am sorry to you... I hope you are not a man and a small man. People, don't be as knowledgeable as my little girl, hehe." The yin girl smiled as she said.

It looks so cute and cute.

The old dean, Herbert, is not a person with a small intestine. At this moment, he saw that little girl is so cute. He laughed there and said, "How can I be angry with such a cute little girl?"

Hearing that the old dean Hollis forgave herself, the pubic girl laughed happily.

Looking at the old Dean Khris there at the moment, he said, "Thank you, grandpa."

After speaking, the yin and yang boy walked behind Li Tian.

The old dean Heris saw the yin and yang boy following Li Tian, and not only curiously asked: "Li Tian, why are these two children following you?"

Li Tian then replied, "Because Senior Shura once told me... to take good care of them both! So..."

When the old dean Heris heard this, he nodded and said, "That's it!"

"Hey, that Supreme Asura is also a hero I, I didn't expect...now that he will end up like this."

Old Dean Hollis sighed slightly there.

When Li Tian and the Yin-Yang boy next to him heard about that Shura, there was a slight sadness in their hearts.

"Old Dean, let's set off soon! I hope to find Lao Long as soon as possible!" Li Tian said anxiously at the moment.

Li Tian is now worried about the safety of Na Long!

Especially when he heard that the old dean said that the people in the temple were so terrifying, he was even more worried.

Of course the old Dean Heris also wanted to quickly rescue the old Long, so he said: "Okay, let's go now!"

"Old Dean, do you know, where did the people in the temple take Elder Long?" Li Tian asked.

When the old dean Heris heard Li Tian's question, his brows couldn't help but frowned, and then he shook his head and said, "I don't know the exact location."

"But I know that they took Long Lao to the north!"

Li Tian heard him say this, raised his eyes, looked at the hazy sky and said, "Northern? Is it the direction of the Demon Race?"

"Old Dean, let's go quickly! Find Old Long." Li Tian suddenly said at this moment.

"Okay," Old Dean Hollis also called out now.

Then after Li Tian said so, they set out.

"Yang Tong, Yin Girl, Old Dean, wait a minute! I'll summon something out and take us to find Old Long..." Suddenly Li Tian said there.

Suddenly, when the old dean Heris heard Li Tian say this, he was not only stunned: "Uh? Summon something? Li Tian, what are you talking about?"

Of course, the old dean Heris didn't know how powerful Li Tian became! I don't even know what weird treasure Li Tian now has on his body.

At the moment, Li Tian just smiled mysteriously at the old Dean Hollis, and suddenly raised his right arm, and then an arm tattooed with a weird dragon totem appeared.

The old Dean Khris looked at him and was startled at the moment.

"Li Tian, what is this?"

Li Tian smiled and said, "This is my pet beast!"

Pet the beast?

The old dean was suspicious.

Just when he was shocked, Li Tian suddenly said to the dragon pattern on his right arm: "Xiaoqing, come out quickly, the master needs your help now."

After Li Tian said such a sentence, his arm suddenly became hot.

The blood in the entire arm quickly began to flow quickly.

Immediately afterwards, a cyan breath suddenly transpired and went straight into the air.

The old dean's eyes widened, staring at the turbulent cyan aura without blinking, he didn't understand what this strange thing was.

Just as he watched, the blue aura suddenly twisted in the air, and suddenly a loud howl of the world burst out from the blue aura.

The sound was like a loud thunder, shaking the old dean's ears.

Then I looked again, I saw that as the cyan aura transformed, suddenly in the faint cyan aura, two giant claws suddenly appeared out of thin air...and then a huge ancient giant that was two feet long and covered in scales. The beast appeared in the blue qi.

Long!

An ancient blue dragon that is more than two feet long!

The moment the ancient fierce beast blue dragon appeared, the wind rolled and the wind was strong.

The huge dragon's tail rolled into the air, bringing up a terrifying hurricane, and immediately after the ancient fierce beast Qinglong, the huge body flew directly down from the air.

Then it fell in front of Li Tian's body... Its dragon body was in that tray, and the entire huge dragon head was floating above that Li Tian like a pet.

"Long... Qinglong..." The old dean Khris stood there, his legs softened in fright. At that moment, he almost fell to the ground.

There is no way, anyone will be afraid when they suddenly see such a terrifying ancient beast in the sky!

But he said that the moment Li Tian summoned the ancient beast Qinglong out, he smiled and said to the Qinglong, "Xiaoqing, the master now wants you to help me carry some of my good friends. Can it?"

After the ancient fierce beast heard Li Tian's order, the huge dragon eye suddenly blinked twice, looking scary and cute.

Li Tian saw the ancient fierce beast Qinglong blinking, smiled slightly and said, "Very good!"

Then turned his head to the old Dean Khris, whose legs were trembling in fright, and said, "Old Dean, we can go!"

The old dean Heris said in a trembling voice, "Go... how... how to go?"

"Take it!" Li Tian pointed at the ancient fierce beast Qinglong Road entrenched beside him.

what?

The moment the old dean Khris heard that Li Tian wanted to ride the dragon, he couldn't help but sit on the ground.

Chapter 2932: Demon come

what?

Riding on such a huge ancient beast? Old Dean Hollis sat on the ground and said nothing.

When has he seen such a huge Azure Dragon behemoth?

Then Li Tian saw that the old Dean Khris' eyes were full of horror and fear. He not only smiled there and said, "Old Dean, don't be afraid of this giant dragon, it is my favorite beast."

After speaking, suddenly the whole person pulled the Yin-Yang boy next to him, and then leaped directly onto the body of the huge ancient fierce beast Qinglong.

Besides, what about the old dean Hollis?

At this moment, after seeing Li Tian riding the two children so steadily on the body of the green dragon behemoth, he was not only slightly startled.

"Li Tian... this behemoth... can it really be mounted?" It was obvious that the old dean still couldn't believe it.

I saw Li Tian smiling and saying, "Of course! Old Dean, don't worry about it, come up soon."

The old dean Heris hesitated for a long time, looking at the weird two huge blue dragon behemoth, in the end he had no choice but to strengthen the courage, and then flew over.

Then the body steadily landed on the back of the ancient beast Qinglong.

After the old dean suddenly rode on the back of the ancient fierce beast's blue dragon, his face was still a little pale.

Both hands tightly grasped the dragon scale armor on the Qinglong body.

Then Li Tian smiled slightly after seeing that the old dean was already riding on this Qinglong at the moment, "Everyone is seated!"

After speaking, he suddenly patted the body of the ancient fierce beast Qinglong with his hand, and said: "Xiaoqing, we can go now and go to the north, the land of the demons."

After Li Tian finished speaking, suddenly the huge fierce beast Qinglong riding down let out a scream.

The voice shook the sky, rolling like thunder.

Immediately after that, the Qinglong jumped directly into the air, and his huge body suddenly flew up.

The yin and yang boy sitting on the blue dragon, as well as the old dean Khris, had a weird expression at the moment, clinging to the dragon scale armor that was riding down tightly, and their faces were full of horror.

I saw that the Qinglong was very fast, flying through the clouds, whistling extremely.

Hearing the strong wind in the ear, in a blink of an eye, the Qinglong had already taken Li Tian and several people to fly towards the northern hill.

...

In the gloomy sky, a blue dragon dragged Li Tian and a few of them to speed, sprinting.

"Li Tian, how did you... how did you tame this ancient fierce beast?" Amidst the air, the old courtyard chief looked at Li Tian in horror and asked.

Li Tian turned his head and smiled and said, "Actually, I don't know, but this blue dragon fits me well and I like it very much."

The old dean opened his mouth when he heard that Li Tian said, and did not continue to ask too much.

Qinglong was still dragging Li Tian and they continued to fly.

"Quickly, we are about to reach the capital of the Demon Race." Li Tian, who was riding on Qinglong's back, said suddenly.

At this moment, through the thick clouds, Li Tian had already seen the dark and overwhelming capital of the Demon Race below.

"Li Tian, are we going to the capital of the Demon Race?" The old dean Heris asked inexplicably.

Li Tian replied: "Yes, I want to find Ningbing first, and then we will go to rescue Na Long Lao together."

The old dean Heris knew that Li Tian had a deep affection for Situ Ningbing, and after hearing what he said at this moment, he did not say much.

I saw that at this moment they had reached the top of that demonic capital.

Below is the black and overwhelming demonic capital...

After taking a look, Li Tian suddenly said, "Xiaoqing, go down."

After the Qinglong heard Li Tian's voice, he whistled, and then flew straight down.

In the boundless world, I saw a huge blue dragon whizzing down from the sky.

The people of the demons who were walking on the streets of the capital of the demons were not only slightly shocked when they suddenly saw that the sky became obscured by something.

Then they all raised their heads and looked at the sky.

As they raised their eyes, my God, they only saw a blue dragon flying in the sky suddenly flying down from the sky.

"That...that...what is that?"

"It seems to be...is...a dragon?"

"Dragon! My mother!"

...

The demons on the streets suddenly saw a flying dragon flying down from the sky, all of them screamed.

Then began to flee in Sichuan.

While running, shouting there: "Dragon...There are dragons..."

The shouts and fears rang out in the entire Demon Clan's capital.

Panicked voices rang around, and in a flash, the streets of the Demon Race began to mess up.

But what about Li Tian?

At this moment, after flying down on the blue dragon all at once, I saw the blue dragon falling on the tall wall of the demon clan.

The green dragon was entrenched on the wall, and the dragon's claws gripped the hard wall like steel tongs.

After the blue dragon fell on the high wall of the demon clan, the soldiers of the demon clan wearing armor on the wall suddenly yelled in horror.

Then some soldiers fell off the high walls, and some were so scared that they began to fall apart and retreat...

Who is not afraid to see such a huge ancient blue dragon?

Looking at all the noise, Li Tian was not only a little depressed.

Originally wanted to come to Situ Ningbing in a low-key manner, but unfortunately, there has been such a big disturbance now.

"Big brother, we are so cool! Look at those demons... are all scared away by our Qinglong..." The little girl said with a smile there.

Li Tian smiled bitterly.

The old dean Hollis said: "Li Tian, where is Situ Ningbing now?"

Li Tiandao: "I don't know, but I think she must have returned to the Demon Palace."

"Oh, that's good! I think we have made such a big noise, and we should be able to alarm the Demon Emperor and see that girl soon." The old dean Heris said slightly there.

Li Tian also nodded.

He knew that Situ Ningbing was a curious person. If he really heard about a giant dragon entrenched on the wall of the demon clan, he would definitely come out and take a look.

Therefore, Li Tian and the old dean were sitting on the dragon waiting.

After a while, I saw that the army of the demons had really come.

Those mighty demon army rushed over from the street violently, holding heavy shields and fire bows in their hands, rushing towards the wall here.

While running, he yelled there, "Quick, quick..."

"The dragon is there!"

Suddenly someone in the crowd yelled.

Immediately after that, the soldiers who came from the Demon Race saw the ancient beast entrenched on the Demon Race's wall: Qinglong!

Chapter 2933: Breath of Fire Dragon

After the soldiers of the Demon Race saw Qinglong, they all surrounded them. .

"Here, the army of the demons is here." Old Dean Heris said there.

At this time, Li Tian also glanced at the Demon soldiers who had arrived, then patted Qinglong gently with his hand and said, "Xiaoqing, let's go down."

After speaking, the Qinglong suddenly understood Li Tian's meaning, and then flew straight down.

The moment the huge body flew down, the stone walls of the Demon Clan's city wall collapsed.

With a bang, the boulder fell from the air and hit the ground.

And at this moment, the Qinglong flew down from the three-foot-high city wall.

"what?"

When they saw the dragon flying off the wall, the Demon soldiers who came over all exclaimed, and then they all quickly raised their shields.

Then one by one exclaimed loudly: "Back...Back..."

All the Demon soldiers began to retreat.

After retreating for a certain distance, suddenly the soldiers of the demons began to shout: "Offensive...kill the dragon."

As they said, the soldiers of the Demon Race suddenly began to take up the fire bow and began to fly towards Li Tian and the others.

Whoops whoops!

His fire bow and arrow slaves flew at Li Tian and the others.

Just after those fire bows came, Qinglong suddenly let out a loud howl.

It is angry.

There was a sudden roar, and then suddenly a flaming flame was ejected from the huge dragon's mouth!

Breath of Fire Dragon!

puff!

With a spit out, those fire bows that flew were not only swallowed by the powerful breath of the fire dragon, but even the unlucky Demon soldiers were burned by the flames!

what

The screams of screams resounded in the field, and soon I saw those poor Mozu soldiers buried one by one in the sea of fire.

Li Tian didn't expect the fire dragon to have such a big temper!

If one didn't pay attention, the fire dragon caused dozens of people of that demons to be buried in flames!

I have to say that the blue dragon in front of me is really a cruel beast!

At this moment, Li Tian was unwilling to be killed. After all, these Demon Clan soldiers had no grievances with him. He came here only to find Situ Ningbing, so he quickly stopped the Qinglong beside him.

"Xiaoqing, don't want to make another move." Li Tian ordered the Qinglong.

After the Qinglong heard Li Tian's words, his huge head let out a "roar", as if responding to Li Tian's words, and then the Qinglong stepped back slowly!

It really listened to Li Tian's words and stopped attacking.

After the Qinglong stopped attacking, Li Tian suddenly jumped up from the dragon's back and flew towards the panicked Demon soldiers.

After the soldiers of the Demon Race suddenly saw a figure flying from the back of the giant dragon, they quickly picked up the weapon in their hand, raised their scared and panicked eyes, and stared at the flying Li Tian.

Let's say that after Li Tian flew over, then he landed firmly on the ground.

After falling, the soldiers of the Demon Race looked at him in fear.

"Don't panic, I'm not here to ask your demons..." Li Tian said as he watched the scared demon soldiers.

Among the demon soldiers, one of them was a tall man wearing golden armor and holding a broad sword. He said, "That...that...what do you want to do?"

"I just want to find one person." Li Tiandao.

"Who are you looking for?" The Demon warrior with a broad sword in his hand and golden armor asked there.

"Look for your saint!" Li Tian replied.

When the soldiers of the Demon Race heard that Li Tian was actually looking for their saint, he couldn't help being stunned.

"Who are you, dare to find our saint?" said the soldier in golden armor.

Li Tiandao said: "It doesn't matter who I am. The important thing is that you tell me where is your saint?"

After hearing what Li Tian said, the demons were not only silent...then they all raised their eyes to look at Li Tian.

"How about it, tell me?" Li Tian asked slightly there.

The people of those demons are conflicting there...Although they don't want to be led by a human being by Li Tian, seeing the terrifying dragon behind Li Tian makes each of them courageous. Zhan is chilling.

Finally they compromised, and saw the warrior in golden armor answering there and saying, "We...our saint...not in the palace!"

When Li Tian heard this, he frowned and said, "Where is she?"

"The saint has gone to the sea of death." The demon warrior replied.

When Li Tian heard this, he was not only puzzled: "The Sea of Death?"

Li Tian has never heard of the sea of death! At this moment, hearing this Demon Warrior say so, not only felt a little depressed.

"Really? She went to the Sea of Death?" Li Tian asked.

The soldier of the Demon Race replied: "Every sentence is true."

"Why did she go to the Sea of Death?" Li Tian asked.

The soldier of the Demon Race was silent for a while, without answering! There seems to be something unspeakable.

Li Tian saw that the man did not answer, and said, "What? Is there any secret?"

The warrior of the Demon Race thought for a long time before replying, "Our saint...is going to avenge our Demon Emperor..."

"What? Revenge for the Demon Emperor? You mean that the Demon Emperor is dead?" Li Tianyi was shocked when he heard the shocking news.

The warrior of the Demon Race said, "Yes."

Upon hearing the news of the death of the Devil Emperor, Li Tian was almost shocked.

The devil is dead?

Is this news true or false?

How could it be possible? The day before yesterday, he was still fighting with the five big blood disciples under the hands of the Demon Emperor, but now he suddenly heard the news that the Demon Emperor was dead.

"Who killed the Demon Emperor?" Li Tian asked quickly.

The warrior of the Demon Race shook his head and said: "We don't know, we only know that the Demon Emperor... was killed on the sea of death! Therefore, our saint took the army to avenge the Demon Emperor. ."

When Li Tian heard this, he secretly said: That's it!

After hearing the result he already wanted, Li Tian didn't even look at the warriors of these demons, and suddenly he flew back.

Whoosh!

His body had already fallen on the back of the Qinglong.

After seeing Li Tian's return, the old dean Heris couldn't help asking: "Li Tian, how is it? Is there news about that girl?"

After the old dean's question, Li Tian replied with a solemn expression: "Listen to the Demon Race and they said that Ningbing has gone to the Sea of Death."

"What? The Sea of Death?" When the old dean heard this, that face instantly became extremely weird and ugly.

Chapter 2934: The trouble is coming

When Li Tian saw the old dean suddenly showed such a "shocked" look, he not only frowned, and asked, "Old dean, do you know that place called the sea of death?"

The old Dean Hollis nodded silently with a pale and ugly face.

"Where is the sea of death?" Li Tian questioned.

For Li Tian, who is not in this world at all, he is not very familiar with the sea of death.

Following Li Tianwen's exit, the old Dean Heris in front of him said with a weird look: "That...the sea of death...is a forbidden zone! It is the most fierce and mysterious place on our spiritual land continent. ."

Li Tianyi frowned when he heard it, and said nothing.

Just listen to the old Dean Heris continuing to say there: "The Sea of Death is at the far north! It's further north than the Demon Race's north... The temperature there is abnormally cold, dripping into ice, and people can freeze to death alive! Even the birds. When the beast stays in that cold temperature, it will freeze to death alive, so there is no living thing at all."

"In addition, the sea of the Sea of Death is black, and there is dense fog on the Dead Sea... So no one knows what is in the depths of the Sea of Death! No one knows that it will be to the north. What a dangerous place."

Li Tianyi heard the introduction of the old Dean Hollis, and at this moment, he felt more and more suspicious about the sea of death in his heart.

"In this case, let's go to the Sea of Death as soon as possible." Li Tian said impatiently.

The old dean Hollis heard Li Tian say this and asked, "Is that girl in the sea of death?"

Li Tian nodded and said, "En."

"Why would she go to that kind of ghost place?" Old Dean Hris asked again.

But seeing that Li Tian replied, "Ningbing is here to avenge the Demon Emperor!"

"Vengeance? For the Demon Emperor?" The old Dean Khris was puzzled.

Obviously, he didn't understand the situation.

After the old Dean Heris showed a puzzled look on his face, Li Tian then told the truth.

"Yes, the Demon Emperor is dead."

what?

When the old dean Heris heard this, he was almost depressed.

"What? The Devil Emperor is dead?"

Li Tiandao: "Well, it seems to be dead."

"How is it possible? How could the emperor of the demon clan die easily? How did it die?" the old dean Heris asked in disbelief.

His situation is exactly the same as Li Tian just now.

I saw that Li Tian said there, "I don't know. The soldiers of the Demon Race don't seem to know. The only thing I know is that the Demon Emperor was buried in the sea of death."

After hearing Li Tian say this, the old dean Hollis not only frowned deeply in that way.

"Oh my god, what happened to the sea of death?"

"Why did the emperor of the demon clan die?"

While the old dean was still muttering in horror, that Li Tian was already ready to set off.

"Sit down, everyone, we rush to the sea of death, and then go and see for ourselves."

After Li Tian finished speaking, the old dean Heris and the Yin-Yang boy in front of them nodded quickly, and then they tightly grasped the scales on the body of the blue dragon, and the blue dragon soared into the sky. ...Leaving behind a terrible hurricane, then the Qinglong took Li Tian and the old dean in front of him and flew towards the north.

After the soldiers of those demons saw Li Tian and the giant dragon flying away like this, they awakened from panic one by one!

...

The sea of death!

The biting cold wind was still whistling there.

But seeing that on the way to the sea of death, that Situ Ningbing was personally leading the demon army to the sea of death.

Facing the cold wind, the mighty demon army marched slowly there.

Although they moved slowly due to the cold temperature, this did not shake Situ Ningbing's revenge in the slightest.

She was about to avenge the Demon Emperor.

"Report to the saint, the temperature in front is too cold... Our men and horses are no longer able to move forward." Amid the cold wind, a blood illusionist wearing a heavy weight reported to Situ Ningbing there. Military situation.

Obviously, they couldn't bear the huge cold at all.

When Situ Ningbing heard him say this, he said at the moment: "No, we must go over! We must avenge my foster father."

"Tell the soldiers, everyone must work together to overcome this difficulty." Situ Ningbing cheered for the people around him.

The illusionist wearing the heavy extremely animal skin heard Situ Ningbing's words, so he could only sigh deeply in the cold wind, and then turned his head and ran into the cold wind.

The army is still moving forward slowly.

...

Above the foggy sea of death, the "ghost ship" from the mysterious land is still looming on the sea.

The black sails fluttered in the cold wind.

I saw that on the ghost ship, all standing were handsome talents in white shirts and black shirts.

These people were expressionless, just standing there coldly.

The biting cold wind blew on them, as if it had no effect on them! They only wore a thin gown, but it was weird that they didn't feel cold.

Suddenly at this moment, a black-shirted man walked onto the deck, then looked at the hazy sky, and whispered in his mouth, "The trouble is coming soon..."

After he finished speaking, he suddenly turned around and said: "Come three people, go with me and solve the trouble first, and the rest of you, wait here for Xuantian and Xuandi."

After the black-shirted man finished speaking coldly, two young men in white shirts and a black-shirted man suddenly walked out from behind him.

"Let's go!"

After speaking, the black-shirted man suddenly stood up, like a bird, flying directly into the dense fog-filled air.

The other three also flew by with him.

In a blink of an eye, these four people flew toward the shore of the sea of death.

Soon, I saw that these four people had reached the shore of the Sea of Death.

After they reached the shore of the sea of death, they stood straight in the cold wind, silent, silent, just waiting there in silence.

...

Situ Ningbing led the army of the demons still marching towards the direction of the sea of death.

Although they were cold all the way, they survived in the end.

In the cold, the army of the demons was already looming.

"Here..." Suddenly the Heishan man standing on the shore of death murmured a word in his mouth. Suddenly, the sharp, knife-like pupils stared at the looming demon army in front. .

Chapter 2935: The generation of ants

The demon army finally arrived.

"Saint, we are here! We finally reached the sea of death."

After the demon army reached the sea of death, I saw the surrounding demon soldiers talking in excitement.

Situ Ningbing also showed joyful eyes there.

It was just that when she opened the sedan curtain and saw a wave of Xiao Sha and a biting cold wind, her eyebrows wrinkled deeply for an instant.

"What the \*\*\*\* is this place!!!"

Even Situ Ningbing at this moment was not only astonished.

"I really don't know, what kind of attack my foster father and his elders encountered here." Situ Ningbing thought secretly in that heart.

Just as Situ Ningbing was thinking this way in the icy world, suddenly the sentry in front heard a scream.

"Saint, there is movement ahead!"

"Someone was found ahead."

With the yelling, two sentries dressed in animal skins ran over from the cold wind, panting and screaming, while ran to the Situ Ningbing and said.

When Situ Ningbing heard the sound, he quickly walked out of the sedan chair, and then ran over quickly.

"Someone? Where is it?"

Situ Ningbing rushed over and asked quickly.

The sentry under him replied in the cold wind, "It's just ahead..."

Situ Ningbing said, "Go, let's go over and take a look."

Under the order of that Situ Ningbing, she immediately led the mighty Mozu army to the front.

Soon, they rushed over, and through the gray fog, they really saw four motionless figures standing a few hundred meters ahead.

There really are people.

When Situ Ningbing saw the four shadows, he was immediately startled.

"Enclose them all!" A loud shout came out from Situ Ningbing's mouth.

Immediately after that, the mighty demon army ran forward, holding weapons in their hands, and began to surround all the four people who were standing still.

After the demon army surrounded the four mysterious people at once, Situ Ningbing led people to walk quickly.

"Get out... get out!"

Situ Ningbing walked over while letting the surrounding soldiers make way.

After the soldiers of the Demon Race stepped aside, Situ Ningbing saw the mysterious four people who were motionless.

Those four were wearing thin white shirts and black shirts! They just stood like that, there was no trace of emotion on their cold faces, and no weapons in their hands...just stood motionless.

Weird and strange.

Situ Ningbing felt strange after seeing these weird four people.

Who are these four? How could it appear in such an ice world? Do they have anything to do with the person who killed their foster father? These are the questions that Situ Ningbing had in mind at the moment.

Looking at the four of them, Situ Ningbing suddenly spoke.

"Who are you? How come you are here?"

Following Situ Ningbing's question, the black-shirted man with a cold complexion standing in front suddenly spoke.

He glanced at Situ Ningbing coldly and said, "We are waiting for you."

"Wait for me?" Situ Ningbing was taken aback when he heard the black-shirted man suddenly say so strangely.

Even the army horses of the demon group around him were all startled at that moment.

"You...wait for me?" Situ Ningbing asked in surprise there in disbelief.

The black mountain man still had that cold expression on that mountain and said, "Yes!"

"Why?" Situ Ningbing asked puzzled.

The black-shirted man suddenly replied, "Aren't you here just to find us?"

When Situ Ningbing heard this, her heart suddenly moved, and then she said, "You...you...are the \*\*\*\* who killed my foster father?" Situ Ningbing was smart and heard the man in black say so. , I understand now.

The man in black shirt just stood there, and then said, "We did kill a bunch of ants!"

His words are like gods!

Ants!

In his eyes, the Demon Sovereign, as well as the great masters that the Demon Sovereign brought before, are all like ants.

After the black-shirted man said something like this, all the surrounding demons were shocked, and even Situ Ningbing couldn't help being slightly startled.

it's him! They killed their adoptive father!

Thinking of this, a sudden anger and hatred rushed directly onto Situ Ningbing's heart.

"Asshole, I want to kill you all! I want to avenge my foster father."

Situ Ningbing suddenly burst out.

Then she rushed over, a gust of water suddenly rose from her two slender hands, transformed into a water knife, and then attacked the man in black who had spoken before.

The black-shirted man didn't even look at that Situ Ningbing. He said coldly, "Troublesome people are dead!"

The moment the cold words were uttered, his right hand suddenly lifted, and a gust of wind suddenly swept towards that Situ Ningbing!

With a bang, Situ Ningbing's body had not yet rushed in front of the black-shirted man, and immediately after the whole body had been shaken by the powerful hurricane, he flew back upside down.

Jiao Chu slammed into the frozen ground with a plop!

Wow!

She squirted blood out of her mouth.

When the demons' men saw that Situ Ningbing was seriously injured, they immediately exclaimed.

"Holy Woman!"

Then a dozen subordinates hurriedly helped Situ Ningbing up.

Situ Ningbing was held up with difficulty, wiped the blood from the corner of his mouth, and bit her teeth there and said: "Kill...kill them...revenge the foster father...!"

Under the order of that Situ Ningbing, the war began.

The army of the demons suddenly took their orders, and then rushed toward the black-shirted men and the white-shirted men surrounded by them.

The cold wind is blowing... the billowing clouds are floating.

Here is a battle of slaughter.

When the turbulent demon army rushed towards the four people, all of them suddenly flew up.

"He who disturbs the gods, kill!"

"Anti-God, kill!"

"God obstructor, kill!"

"The ants, kill, kill, kill!"

The terrifying and suffocating words were uttered from the four people, and suddenly, the four people shot together.

I saw a light curtain suddenly appeared in the entire floating space, and that light curtain was always caused by the four people performing strange illusions together!

Then, as the light curtain spread violently, it exploded in the middle with a bang.

The huge energy suddenly began to burst...

Boom boom boom!

The people of the demons in the range were all shocked by the terrible energy.

Ahhhhh!

The miserable howl and the sound of death are endless.

Chapter 2936: Who dares to move her?

The wind seemed to be crying.

The earth was trembling and bleeding.

Those poor demons fell into a pool of blood one by one.

Their death was bleak and painful.

After a wave of death, another wave rushed up.

Although the people of this demon race were extremely hot in the past, they are also flesh and blood, and they also have strong feelings. At this moment, they are falling into a pool of blood, which really makes people look desolate.

And what about the four men in black and white shirts from an unknown place?

They are punishing these demons.

Every attack caused the soldiers of the Demon Race to die a lot...

In the squally wind, blood was permeated.

Situ Ningbing watched, so many of her subordinates died tragically in the hands of the four, at that moment, her heart seemed to be bleeding.

"You... demons..." Situ Ningbing roared with tears in the cold wind.

Now she finally understood why the Demon King died! It turned out that they met such a cold-blooded and ruthless horror.

At the moment when this cruel and heinous scene was staged, a blue light suddenly appeared in the sky.

I saw that in the high sky, a green light was flying towards this side with the momentum of thunder.

Look carefully, the green light in the air turned out to be a huge ancient blue dragon.

And on the back of the Qinglong were naturally Li Tian who rushed to the sea of death, and the old dean.

"Li Tian, there seems to be movement below."

Suddenly at this moment, the old Dean Hollis who was riding on Qinglong's back said in shock.

Li Tian has already seen the situation on the land below the floating sky...

Then he frowned deeply and said, "It seems that someone is fighting."

"Xiaoqing, go down and take a look." Li Tian quickly said.

He still doesn't know what the situation is underneath, so he hastened to let the blue dragon down at this moment.

After the Azure Dragon got the order, he suddenly churned from the sky, and then flew straight down.

As the blue dragon flew down, Li Tian suddenly saw the people of the demon race fighting there... densely packed, many, many.

"People of the Demon Race?" Li Tian was slightly horrified when he saw the Demon Race soldiers wearing black armor.

"Could it be that Ningbing is here?" Li Tian thought in surprise, blinking his eyes and carefully watching the situation.

The old dean Khris and the yin-yang boy were also blinking strangely at the situation.

I saw that the place below was still fighting.

Those demon soldiers who died were piles upon piles... and there were also demon soldiers who died tragically under the hands of the four white-shirted men and the black-shirted men.

Situ Ningbing stared at this situation, and suddenly she stood up with difficulty.

"I'm fighting with you."

Then she rushed towards one of the men in black shirts.

The black-shirted man saw Situ Ningbing pounced towards him, suddenly a strange air current condensed in his hand, and then blasted a blow, hitting Situ Ningbing hard.

Situ Ningbing certainly couldn't bear this powerful blow!

If this weird air current really hit that Situ Ningbing's body, then Situ Ningbing would definitely die.

Seeing that Situ Ningbing was about to die under the hands of the black-shirted man, Li Tian, who was riding on Qinglong's back, saw at this moment.

"Ningbing..."

Suddenly at the moment when he saw Ningbing, Li Tian couldn't help calling out excitedly.

Then he saw a huge air current suddenly attacked the frozen ice,

At the moment when he saw that the deadly breath threatened Situ Ningbing, Li Tian instantly became furious.

"Who dares to hurt her?"

With a wild roar, Li Tian didn't care about that much, and his body fell directly from the back of the Qinglong. He already felt that Qinglong's speed was not enough! So he must fly down personally.

Whistling and flying, Li Tian's figure shot straight out like a meteor.

The moment the black-shirted man was about to kill Situ Ningbing with that terrifying aura, a ray of light suddenly came, Li Tian! He is here.

Immediately afterwards, Li Tian's right hand was surging out, and a surge of vigor flowed out, facing the breath of the black shirt man, and directly hit it.

Boom! Big explosion!

The two air currents collided together and made a loud noise.

Everyone was taken aback by the huge loud noise, and then not only turned their heads to look...

Even the other man in black shirt and two other men in white shirt over there turned their heads.

The huge explosion exploded the hard ground into a deep pit more than two meters wide!

What about Li Tian? At that moment, he hugged Situ Ningbing's slender waist, and then hugged her to the side.

"Ningbing, are you okay?" Li Tian asked with his arms around Situ Ningbing's slender waist.

That Situ Ningbing's whole person was held by that Li Tian at the moment...In his arms, at that moment, her heart suddenly became warm.

Then she shook her head innocently and said: "I...I...I...I'm fine."

After Li Tian heard that Situ Ningbing was fine, he flew down from the air.

I saw that Situ Ningbing was still sluggish, staring at Li Tian at this moment.

"You...you... why are you here?" Situ Ningbing asked Li Tian questioningly.

Then Li Tiandao: "I'm looking for you!"

"Look for me?" Situ Ningbing said.

"En! I said, I will definitely find you, even if you go to the end of the world." Li Tian said affectionately to Situ Ningbing in front of him.

When Situ Ningbing heard Li Tian's words, at that moment, she didn't know what she should say!

At this moment, a loud "roar" suddenly appeared in the sky!

Then I saw a huge blue dragon flying down from the floating air.

what?

All the soldiers of the Demon Race...the moment they saw a huge blue dragon flying down from the sky, they all couldn't help but screamed there.

"Long....."

"Qinglong...?"

These people screamed and backed away in fear.

Only the two men in black shirts over there and the man in white shirts were watching Li Tian coldly at this moment.

After falling from the sky, the huge blue dragon suddenly flew towards that Li Tian.

On the blue dragon, it was the yin and yang boy and the old dean Hollis who were still riding.

"Big Brother..." After seeing Li Tian, the Yin and Yang boy who rode down on the blue dragon laughed and shouted.

The old dean also looked at Li Tian in front of him with relief.

On the contrary, at that moment, Situ Ningbing beside him was completely shocked...

"This...this...this...what kind of monster?" She exclaimed, while looking at the Azure Dragon behemoth in front of her in fear.

Chapter 2937: Temple of War

Seeing that Situ Ningbing was extremely frightened, Li Tian in front of him quickly said: "Don't panic, this blue dragon is my favorite beast, it won't hurt you."

Situ Ningbing in front of him couldn't help being stunned when he heard Li Tian suddenly say "petting the beast".

"Pet the beast?" Situ Ningbing asked in horror.

But seeing that Li Tianzhe smiled slightly and said, "Yes."

Situ Ningbing's eyes widened for an instant, looking at the huge blue dragon in front of him.

But he said, just after that Li Tian used his breath to stop the black man in front of him.

The black-shirted man's face was as cold as a knife suddenly showing a vicious and cruel killing intent.

"God obstructor, kill!"

A scream came out of his mouth.

The moment he called out, he was suddenly ready to take action against that Li Tian.

Just at the moment he took action against Li Tian, the huge blue dragon standing beside Li Tian suddenly roared, and the two huge dragon claws suddenly opened, facing the black-shirted man with his teeth and claws.

It can be seen that this Qinglong is extremely protector!

Once Li Tian was threatened, the Qinglong would preemptively attack the opponent.

Seeing this ancient fierce beast Qinglong screamed and opened its huge dragon claws, the black-shirted man from the temple suddenly stared at the Qinglong strangely.

"The first fierce beast in ancient times... Azure Dragon Beast?"

He called out.

There was a slight shock in the voice, and a slight sense of surprise! It seems that he knows this ancient beast Qinglong!

When he said this, the other three from the temple suddenly all flew by his side.

"Yes, this beast is really the first fierce beast in ancient times, the Azure Dragon Beast!"

The powerhouses in this temple actually recognized the Azure Dragon.

After they recognized the blue dragon, suddenly a white-shirted youth said coldly, "Who is that person? How can I have the first fierce beast in ancient times?"

"It is said that the first fierce beast of the ancient times has long been lost in the Spirit Earth Continent. It hasn't appeared for nearly a thousand years... How could it fall into the hands of a mortal?" The white-shirted youth beside him continued.

The man in black shirt standing beside him suddenly said coldly, "I don't know!"

"But he dared to stop us, he should be killed." A cold voice called out from his mouth.

The white-shirted man beside him said in the dark, "However, this ancient first fierce beast is extremely cruel, we made such a move... I'm afraid... something is wrong?"

After the white-shirted youth finished speaking, the black-shirted youth suddenly said coldly, "Are the people in our temple still afraid of these ants?"

"This ant man, kill, damn!"

A venomous voice came from the mouth of the man in black shirt.

After he said it, suddenly he was ready to attack that Li Tian.

Seeing that the man in the black shirt was about to make a move, suddenly the old Dean Heris in front of him screamed there.

"Li Tian, be careful!"

"These people... these guys... are the people in the temple!"

Suddenly a word came out from the mouth of the old Dean Hollis.

It turned out that when the old Dean Heris saw these people also wearing white shirts and black shirts, and their kilometer high, he suddenly remembered that Xuantian. The second old Xuandi!

Their dressing is exactly the same as that of the two old men in Xuan Tian Xuan Di!

So the old dean at this moment recognized it all at once.

"Temple?"

When Li Tian heard the word "temple", suddenly, an anger rose in his heart.

He has always had a bad impression of that temple!

After all, he had heard from Shura before that Shura's master Tian was killed by the strong man in the temple! And now the people in the temple have taken away the old man Li Tian respected most!

Therefore, as soon as Li Tian heard the word "temple", an invisible anger suddenly rose in his heart.

"Yes, they took Elder Long away." Old Dean Hollis's voice was also full of anger.

At this moment, Li Tian suddenly stared at the four cold guys in the black shirt and the white shirt with angry eyes.

"Asshole!"

"It's you guys who call themselves gods... took away Elder Long? And you killed the master of Senior Asura before?" Li Tian yelled.

Those powerhouses from the temple, after hearing what Li Tian said, suddenly the black-shirted man said coldly: "A mortal man dares to blame the temple and seek death."

After the man in black had finished saying this, he actually shot directly.

When he stretched out his hands, a vast breath suddenly burst out of his body.

That powerful air current was something Li Tian had never seen before, not like the illusion before Spirit Earth Continent! It's not wind, lightning, water, air, or fire! It is a totally different kind of airflow.

The moment Li Tian saw the black-shirted man suddenly make a move, he suddenly yelled in his mouth, and extremely powerful spiritual power suddenly emerged from his palms.

Then his palms burst out suddenly.

He wants to compete with the strong in this temple!

The two terrible strengths suddenly slammed into each other directly.

Boom!

When two powerful forces collided, the whole world seemed to shake at this moment.

Even the ground shook violently.

Then, the hard ground cracked in an instant.

Since the hard ground could not withstand the extremely powerful force, a series of terrifying huge cracks were directly cracked...

And at the same time, I saw a powerful force coming out of the force, directly spreading to the surroundings.

boom!

The black-shirted man suddenly felt unstable under his feet. Suddenly, he was shaken by Li Tian's powerful force, "stomping, kicking, kicking," retreating several steps in a row before he squeezed his steps!

And look at that Li Tian?

At this moment, not only did one of his legs withdraw half a step back, but the other leg stood motionless.

One trick is the winner!

One trick to know!

Li Tian undoubtedly won by a few points.

The black-shirted man's face was overcast at this moment. He never expected that a mortal would defeat him? Is this true?

Not only that, even the other 3 powerhouses from the temple around him were completely shocked.

"Who is that person?"

"Can you have such strength?" Suddenly a man in white shirt asked Li Tian with a look of surprise on his face.

But at this moment, the black-shirted man who was taken several steps back by Li Tianzhen suddenly shouted: "Damn ants, I will kill you."

He seemed unwilling to admit defeat, and with a sharp roar at this moment, the whole figure suddenly flew up.

Fight Li Tian.

Chapter 2938: No bones

But he said that when the black-shirted man suddenly flew up, he suddenly grabbed his right hand and grabbed it directly in front of Li Tian.

The claws were so strange that they drew a bright light from the air, and then grabbed Li Tian.

When Li Tian saw the other party grabbing him, he gave a cold cry, and suddenly he directly performed the "Slavery Technique" with his right hand.

Then I saw that a cracked soil layer on the ground was controlled by Li Tian.

Then Li Tian waved his right hand, and the huge soil layer directly hit the strange claw marks of the black shirt man.

boom!

The strange claws of the black-shirted man directly hit the soil, and the hard soil was shattered.

Immediately after that, the black-shirted man's body rotated for a while, and then his mouth burst out: "Cold Light Heaven Technique!"

Then his hands suddenly condensed a curse seal on his chest, and then after the curse seal was formed, suddenly the extreme rays of light shot towards Li Tian.

That light is like the sun's rays, dazzling!

"What kind of weird illusion is this?"

Li Tian couldn't help being shocked the moment he saw the other party using a "light illusion technique".

Because he had never seen such a light illusion.

The old dean beside him, Situ Ningbing and others were all stunned.

Everyone had never seen such an illusion before, and at this moment, they were not just shocked by the black shirt man.

But he said that after the black-shirted man used the "Cold Light Heaven Technique", suddenly several rays of light shot towards Li Tian.

Whoosh whoosh!

When the light was shooting towards Li Tianfei, Li Tian frowned! Although he hadn't seen such an extremely weird illusion, he still didn't dare to be careless.

At this moment, he hurriedly performed wind illusion.

"Wind Mystery Step!"

After Li Tian showed off the rapid posture of Wind Mystery Step, he immediately dodged the two rays of light in front of him.

Those rays of light rubbed Li Tian's body and shot out, and then hit the ground behind Li Tian.

There was a booming explosion!

The terrifying light directly blew the ground into a huge pit.

"Ah? This light has such power?" Li Tian was stunned at that moment. He never thought that the cold light would emit such a powerful force on the ground!

My God, if this thing shoots someone on the body, it's still worth it?

Wouldn't it just fry people directly into meat sauce?

At this moment, after the black-shirted man performed such a terrifying "light system" illusion, even the people around him not only squeezed Li Tian's sweat.

While everyone was still in shock, suddenly, the man in black flew over again.

This time, it was twice as much as before!

Four rays of light shot towards that Li Tian from four extremely strange angles.

Li Tian saw the four rays of light coming, and he didn't dare to take care of it at all. His body used the "wind mystery step" to avoid three of them, but the fourth one had already shot towards his body.

"Big brother, be careful!"

Just at the moment when the hair was cut, the little girl yin girl screamed out of concern.

Situ Ningbing in front of him was sweating coldly in his slender hands, saying: "Be careful... be careful."

But he said, seeing that light art shoot terribly at Li Tian, at this moment, Li Tian suddenly flew out with his right hand, and a terrifying curtain of water appeared out of thin air!

The magic of water!

Li Tian unexpectedly used the water system illusion that Shura taught him in a hurry.

After Li Tian suddenly turned a very dense curtain of water in his right hand, suddenly the light from flying shot onto the curtain of water.

The water curtain has the power of reflection!

Suddenly, I saw that extremely powerful light was suddenly reflected! And it was extremely terrible to reflect towards the black shirt man.

Water illusion, extremely restrains the opponent's light illusion!

So when Li Tian suddenly performed this water system illusion, the man in black shirt who came from the temple was shocked.

what?

The man in black had never expected that Li Tian could reflect his light system illusion back. At this moment, he was shocked.

But, no way, he can't avoid it anymore.

boom!

There was a loud noise, and the light was directly reflected on the black shirt man in front of him.

The terrible force directly fried the black-shirted man into meat sauce...the flesh and blood flew! No bones exist.

Those who harm others will end up harming themselves!

No one thought that the result would be like this... the strong man from the temple was actually killed by Li Tianhuo!

And the other party didn't even leave the body!

The whole body turned into pieces of plasma and pieces of meat, flying in the air, and finally scattered on the ground.

"what?"

The other three powerhouses from the temple were shocked when they saw their companions being killed by Li Tian in an instant.

The first time I saw the expressions on the faces of these three guys, the expressions were extremely strange and shocked!

Where is the complete horror.

"Hei Yi is dead?" The three powerhouses from the temple exclaimed together.

It turns out that these people in black shirts and white shirts in the temple have no names at all! Some are just a code name! The black shirt master just now is the leader among the black shirts, and he calls it number one! So his code name is called: Black One!

At the moment they screamed in their lives, then their eyes all stared at Li Tian.

"Damn ordinary people, dare to kill the \*\*\*\* of our temple!"

"We want your life."

At the moment they shouted, the three powerhouses from the temple all rushed towards Li Tianfei.

The strength of these three people is absolutely terrifying!

Such a combination of three people is really terrifying.

When Li Tian saw these three combined blows, he was not only slightly shocked in his heart.

At this moment, the ancient fierce beast Qinglong on the ground screamed... suddenly flew up.

The ancient beast Qinglong finally got angry.

It saw that its owner was threatened with death, and it roared for an instant.

The violent dragon's tail swept directly at the three powerful temple powers in the sky.

The three temple powerhouses saw the ancient fierce beast suddenly make a move. At the moment, they were slightly startled, and saw a white-shirted man suddenly turned his head and said: "You, deal with the blue dragon beast!"

"I and Bai Shisan, kill that kid."

After the words were spoken, the other black shirt man suddenly attacked the blue dragon.

What about Li Tian? It was flanked by another strong white shirt temple.

Suddenly, the wind was surging.

Li Tiandu's fight against the two white shirts is nothing at all at all!

I saw Li Tian pull out the Kanglong mace in his hand, with one enemy two, extremely domineering!

The terrifying Kang Long mace waved a ray of light in the air... and attacked the two white shirts.

Chapter 2939: Reproduce the ghost ship

After Li Tian used the "Kang Long Mace", the situation turned around in an instant.

After all, that "Kanglong Mace" is absolutely extraordinary, and at this moment it is mixed with Li Tianman's spiritual power. Once it is waved, it is really terrifying.

Although the two white-shirted men from the temple had superb skills, they did not dare to underestimate the "Kang Long Mace" in Li Tian's hands.

So at this moment the scene suddenly became uncomfortable.

Where is the ancient fierce beast Qinglong over there?

Confronting the man in black shirt in front of him was really arrogant.

I saw that the ancient blue dragon beast was really amazing!

After a few rounds, the black-shirted man from the temple was already overwhelmed at this time!

Gradually, he was completely forced to retreat by the ancient fierce beast Qinglong.

Qinglong suddenly breathed flames in the air. The scorching flames made the black-shirted man in the air suddenly feel his whole body hot and hot! Then he couldn't stand the flames of the blue dragon beast, and quickly drew back.

At the moment he wanted to retreat, suddenly the huge blue dragon suddenly curled its tail violently.

With a bang, the black-shirted man was hit by the dragon's tail, and he let out a scream, and then the whole person was shot down by the blue dragon directly from the air.

Flop!

The black-shirted man fell heavily to the ground, and then spit out scarlet blood in his mouth.

The two white shirts who were fighting with Li Tian over there suddenly saw the black shirt over there being hit by the blue dragon, and they were shocked.

Then the two quickly flew back...and then quickly flew to the black shirt man.

"Heiqi, how are you?" The two white shirts hurriedly helped the black shirt man up there.

The black-shirted man's face was as pale as paper, with blood flowing in his mouth, and said weakly, "My...my...sternal bone was crushed."

"what?"

When the two white shirts heard it, they screamed immediately.

There are only two of them left at the moment!

What about Li Tian?

With the strength of Li Tian alone, it is estimated that neither of these two white-shirted men can deal with it...not to mention the extremely terrifying first fierce beast beside Li Tian.

At this moment, the two white shirts suddenly felt a strange feeling in their hearts.

"Li Tian, kill them! Revenge for my foster father!" Suddenly at this moment, Situ Ningbing in front of him screamed.

She hates, hates the guys in these temples! Because they killed the Demon King! So she was shouting there at the moment, hoping Li Tian could avenge her.

But what about Li Tian? After hearing Situ Ningbing's words, his brows not only wrinkled slightly, and then raised his head to look at the three people in the temple over there.

Then I saw Li Tianfei at the moment walking past.

He coldly looked at the two white-shirted men from the temple in front of him, and then said in his mouth: "I, Li Tian, don't want to fight against the temple. I just want to save Lao Long today! If you are willing to let Long go. Old, I, Li Tian, will forget the blame today."

Li Tian's words are reasonable and not excessive!

He did not commit more crimes.

After hearing Li Tian's words, the two white shirts suddenly stood up from the ground.

Then the two looked at each other, and then one of the white shirts suddenly looked at Li Tiandao: "I really didn't expect that on the mainland, there will be humans that can have your strength!!!"

Another person in white shirt also suddenly said, "Yes, it seems that Xuantian, Xuandi, and the two elders have invited the wrong person."

"Well, the wrong person was indeed invited." The white-shirted man repeated there.

Everyone knows that Xuantian and Xuandi would invite the first strongest man of the day: Long!

The two people in white shirts now said that Xuantian, Xuandi, and Elder had hired the wrong person!

Could it be that they have now determined that Li Tiancai is the number one person in the world?

Li Tian didn't understand what they were talking about, but just said there, "I don't know what you are talking about! I don't want to know what you are talking about... I will repeat what I said now. You let the youngest one long? If you don't let go, don't blame me for being impolite!"

Li Tian's killing intent has been decided!

As long as the people of the temple in front of them really don't let the words of Old Long, he will definitely kill today.

After the two white shirts heard Li Tian say this, they suddenly laughed wildly at that moment.

The laugh was so weird.

Li Tian saw the powerhouses of these two temples suddenly laughed out loud. Not only was he taken aback, he asked angrily: "What are you laughing at?"

But seeing that one of the strong men in the temple suddenly said: "You are a mortal, do you really think you can defeat our temple?"

After the white shirt man finished speaking, another white shirt man suddenly shot his right hand into the air, and saw a ray of light suddenly rise from the palm of his hand. The ray of light soared into the sky, and at the moment it soared, it exploded. Come.

Immediately afterwards, the word "God" appeared in the gray sky!

signal!

No one thought that the man in white shirt would send out a signal at this moment.

"What is that?" Suddenly everyone around them couldn't help but said in astonishment when they saw the word "God" that appeared in the air.

"It seems to be... the signal of the temple!" said the old dean in front of him.

Li Tian not only looked at the word "God" in the sky, and frowned slightly.

Then, at this moment, I saw a strange horn sound suddenly appeared above the gray sea of death,

"Om!"

The sound was extremely muffled, coming from the misty sea of death.

The moment this sound came, Li Tian, the old dean Heris, the yin and yang boy, and Situ Ningbing were all stunned.

Then they all turned their heads to look at the misty sea of death...because no one knew what the weird sound was just now.

When they all turned their heads to look above the misty sea of death, suddenly a huge black ghost ship emerged from the misty depths!

The ghost ship in the temple actually appeared.

"The boat is a big boat." Suddenly, the little girl yin girl screamed in surprise.

And Li Tian, and the old Dean Hollis, they all saw.

"It's really a ship... a huge ship!" The old dean could not help but cried out in shock.

I saw the huge ship slowly coming from the void, getting closer and closer.

The weird ghost ship is completely dark, and the huge sails on it are fluttering in the wind! There is also a bright white "God" engraved on the sail!

"Temple?"

When Li Tian saw the word "God" on the "Ghost Ship", he couldn't help screaming for an instant.

Chapter 2940: Three old people come

A ghost ship from an illusory place appeared in everyone's eyes.

Let them all be astonished.

"Come!" The moment the white-shirted man saw the ghost ship approaching, a weird smile suddenly appeared in his mouth.

What about Li Tian? Still looking at it with blinking eyes.

As the dark ghost ship with four lines and four straight bodies approached more and more here, all of a sudden, the wind and clouds appeared and the wind was blowing.

Through the hurricane of the cold wind, Li Tian suddenly saw so many people in white shirts and black shirts standing on the ghost ship.

At the moment he saw it, Li Tian was shocked at that!

so many?

Li Tian never expected that so many people in white shirts and black shirts of the temple would appear on the ghost ship. At this moment, he suddenly felt an unprecedented shock in his heart.

Just when Li Tian was extremely surprised, suddenly from the ghost ship, one after another black and white figures flew down from the sky.

Whoosh whoosh!

Lines of black and white silhouettes flew towards the shore like a photoelectric coming!

They all came.

After a while, he saw all twenty or thirty black and white figures flying up.

All of them are exactly the same as the people in white shirts and black shirts in front of them.

Clear and handsome.

Looking at so many people in the temple, at that moment, the old dean Heris couldn't help taking a step back.

Even the yin and yang boy and Situ Ningbing became scared...

You know, the strength of that white shirt man is already terrifying!

And now, twenty or thirty people in white shirts and black shirts appeared on this shore...

My God, even if Li Tian has the ability to communicate with the gods! Can't beat those strong.

"Oh my God!!!" The old dean couldn't help but screamed in surprise.

Even Li Tian couldn't help being slightly startled at this moment.

In the whole scene at this moment, the only one who is not afraid is the ancient fierce beast beside Li Tian, Qinglong.

I saw the ancient fierce beast Qinglong, after seeing so many people coming to threaten his "master", he suddenly roared.

The roaring sound shook the sky...Two dragon claws were also stepping on the hissing ground.

However, after those many white shirts and black shirts flew out all of a sudden, they all took a cold look at the situation before them.

Then I saw a burly figure in black shirt suddenly saying, "Bai Yi, where is Big Brother Black?"

This person is Black Two! It is the second role in the black guards.

After hearing that Hei Er's question, Bai Yi in front of him replied, "Dead!"

"What?" Hei Er suddenly screamed when he heard that Big Brother Hei was dead.

"How could it be...?" Hei Er suddenly roared out, his entire face changed drastically there.

The people in black shirts who came from the temple behind them were all stunned.

They never thought that Big Brother Hei would die!!!

This news was like a thunderbolt bombed in everyone's minds.

"Hei Yi is indeed dead! His bones are here..." The white-shirted man pointed to a pool of blood on the ground and the broken blood bones on the ground.

At this moment, the man in black took a look at the blood on the ground and the remaining pieces of black gown... At that moment, his tall body suddenly trembled in the cold wind.

"Damn ants, who killed my big brother?"

"Damn it, \*\*\*\* it!"

"Everyone, don't leave one! Kill them all."

The black shirt man suddenly roared in the piercing wind.

Killing decisively!

The people in black shirts are angry at losing their big brother!

Suddenly the whole scene suddenly got out of control, and these powerhouses from the temple were preparing to wipe out Li Tian and all the humans present.

The temple is angry!

Apart from Li Tian and the old dean, there are hundreds of Demon Warriors remaining here!

Is it true that the powerhouses of the temple today really want to commit such a brutal murder?

Li Tian saw that the people in these temples were ready to kill them, and felt chills in his heart right now.

Although he is extremely powerful, he can't deal with so many powerhouses!

Therefore, at this moment, all of a sudden, he only listened to Situ Ningbing and the others who were facing him: "Ningbing, and you...the old dean...you get out of here on the Qinglong!"

The old Dean Hollis and the Yin-Yang boy around him were taken aback for a moment when they heard Li Tian suddenly say this.

"What about you?"

"Big brother, we are leaving, what do you do?"

The old dean Heris in front of him, and the yin and yang boy suddenly turned their heads and looked at that Li Tian and asked.

Li Tiandao: "Leave me alone, you go! If you don't go, it will be too late."

Hearing what Li Tian said, how could everyone in front of him leave?

"No! We are not leaving!"

"Even if we die, we have to die with our big brother! We have already lost our master... We must never lose our big brother again." Suddenly the little girl and nymph held Li Tian's clothes tightly.

Li Tian suddenly felt sour at that moment!

Suddenly looked up at the sky, and muttered in that mouth: "Does God really want to destroy us today?"

Just when Li Tian said this, the powerhouses in those temples had already begun to kill.

"kill!"

Dozens of black shirts and white shirts all shot at Li Tian and the others terribly.

The earth was trembling, and the biting cold wind was howling.

At this time when the catastrophe was over, suddenly two thunders suddenly appeared in the sky! With a click, the billowing thunder directly illuminated the dim sky.

Immediately afterwards, two voices were suddenly heard in the void.

"stop!!!"

There was a loud shout, and the situation stopped suddenly.

With that cry, I suddenly saw the sky, and three rays of light like shooting stars flew straight from the sky.

"Xuan Tian, the two elders of Xuan Di are back!"

The people in white shirts and people in black shirts who were going to kill on a large scale suddenly screamed after hearing the thunderous sound.

Then, as expected, they all stopped.

The moment they stopped, they saw three figures flying at the speed of light suddenly.

The speed was so fast that everyone didn't see what was going on, and suddenly there were three more people beside them.

The three of them appeared among them, a smiling old man in white shirt, a cold-faced old man in black shirt, and a sloppy old man with a huge wine gourd tied around his waist!

Xuan Tian, Xuan Di, Long!

It was these three people who came here!

"Lao Long?" When Li Tian, and the old dean, they saw Lao Long, they not only called out in shock.

And what about the people in white shirts and those in black shirts from the temple?

They shouted there, "Elder Xuantian!"

"Elder Xuandi!"

Moreover, the moment the old man Long, Xuantian and Xuanti flew over all of a sudden, the situation suddenly changed dramatically.

"Old Long..." Li Tian couldn't help but cried out with excitement, looking at the intact Old Long.

What about Long Lao? The moment he saw Li Tian, he couldn't help laughing.
