

## A Killer 2941

Chapter 2941: The first fierce beast of ancient times

It's all here.

At this moment, the two elders, Xuan Tian, Xuan Di and the two elders from the temple! And Lao Long came together.

The scene suddenly became lively.

On one side are the people in the temple, all wearing black and white shirts.

And what about the other side? It was Li Tian and Long Lao.

However, after the two divine envoys from Xuantian and Xuandi came, the people in black shirts in those temples suddenly screamed there.

"Two elders, you just came here! This human kid... killed Hei Yi! Please the two elders must cut this person." One of the black-shirted men pointed at Li Tiandao in front of him angrily.

It seems that I want to ask my teacher about sin.

The two divine envoys of Xuan Tian and Xuan Di suddenly turned their heads when they heard the words of their subordinates and looked at Li Tian in disbelief.

"He? Can you kill Hei Yi?" The old man in black shirt suddenly showed a gloomy air.

The white-shirted old man beside him was also slightly startled, blinking his eyes and looked at Li Tian more.

After the black-shirted old man asked, all the people from the temple over there replied, "Yes!"

When the black elder heard this, he suddenly stared at Li Tian with cold eyes.

A terrifying suffocation and killing intent immediately filled the body.

"You are an ordinary man, dare to move people from my temple?" The black shirt old man suddenly said angrily.

Then Li Tian was not afraid of him at all. He stood up there and said, "What about dare?"

"You pretended to be sacred, but what you did was evil! Killing so many innocent people...you dare to question me?" Li Tianan said.

Yes, so many innocent soldiers of the Mozu were killed!

Speaking of killing, the killings made in the temple far exceeded Li Tian.

After Li Tian suddenly said this, the black-shirted old man suddenly roared: "The temple is doing things, you wait for some ants, how can you care more?"

"I want to care today!"

"I don't believe it, you so-called gods... Couldn't anyone in the world be able to bring you down?"

"You made this murder, and regard human life as dung! Such a horrible person, still claiming to be a god? It's a joke."

Hearing that Li Tian said so, the black shirt old man suddenly roared wildly.

"you wanna die!"

With a single word, his black shirt suddenly raised a terrible energy, as if he was ready to attack Li Tian at that moment.

At this moment, the old man in white shirt beside him suddenly stopped the old man in black shirt.

"Xuandi, don't be impulsive...Don't be impulsive..." The white-shirted old man smiled, and stretched out his hand to stop the ugly black-shirted old man beside him.

The black-shirted old man seemed to listen to the white-shirted old man's words, and after hearing him say this, he groaned angrily.

However, the old man in white shirt was squinting at the moment, holding up his round face, smiling at Li Tian in front of him.

"Young man, you are very good... You can kill the people of my temple!" The white-shirted old man smiled and looked at Li Tiandao.

Li Tian glanced at the old man in white shirt, and said nothing.

Because he still doesn't know the old man in white shirt, and doesn't know what he really meant.

I saw that the white-shirted old man saw that Li Tian did not speak, and continued to smile there and said: "Young man, do you know, where are we from?"

"I know, you are from the legendary temple." Li Tiandao.

The old man in white shirt smiled and nodded: "Yes, not bad!"

"Since we know that we are from the temple, why do we have to oppose us again?" The white shirt old man continued to ask with a smile.

Li Tiandao: "I didn't want to oppose you, but it's a pity that your people are too cruel! If you don't believe me, open your eyes and see for yourself... so many innocent corpses on this ground, all thanks to the gods of your temples ..."

Li Tian said as he pointed to the piles of corpses of Demon clan members on the ground.

There are countless corpses of the members of the Demon Race on the ground, with blood flowing everywhere, and it really makes people feel shocking.

After seeing the old man in white shirt looking at the \*\*\*\*\* corpses on the ground, his brows were not only slightly wrinkled!

Then he turned his head and glanced depressedly at the young people in white shirts and the young people in black shirts behind him.

"This is all you guys did?" Cold words came out of the old man in white shirt.

Those people not only lowered their heads at the moment, and then said: "These human beings... first troubled us... so we..."

"Asshole!"

The old man in white shirt shouted angrily.

"The temple has never been an enemy of mortals from beginning to end! You have done so many murders today... It is really time to kill." The white shirt old man said fiercely.

After the white-shirted old man said angrily, the strong men from the temple suddenly all knelt down with a thump.

"Elder please forgive me! Your subordinates know your fault!" All the white-shirted youths and the black-shirted youths knelt on the ground and said.

The white-shirted old man took a cold look at them and said: "Nowadays, big things are important! Your lives are stored in the old man's place, and you will return to the temple! I'm looking for you to settle accounts!"

After speaking, the white shirt old man slowly turned his head and looked at Li Tian.

"Young man, have you seen it? I have already punished my subordinates..." the white-shirted old man said with a smile.

When Li Tian heard this, he sneered immediately: "So many innocent people have died tragically. What use is it for you to punish them?"

When the white-shirted old man heard Li Tian say this, his brows not only frowned, he said, "Young man, what do you want?"

Li Tiandao: "I don't want anything, I just want fairness."

Just after Li Tian finished speaking, the black-shirted old man beside the white-shirted old man suddenly roared.

"Want justice? I'll let you go to \*\*\*\* to be fair to King Yama!"

With a loud roar, I saw the black-shirted old man make an instant shot!

The right palm suddenly grabbed Li Tian.

The moment the terrifying palm grabbed Li Tian, a weird and terrifying aura suddenly emerged from the palm of his hand.

The old man in the black shirt finally couldn't help it.

He still shot.

At the moment he shot, Li Tian hadn't acted yet, but the first fierce beast of the ancients next to him: Qinglong, suddenly roared.

Then the huge dragon body suddenly rushed over.

There was a bang, but the terrible palm of the black-shirted old man instantly hit the dragon scale armor of the blue dragon!

Moreover, after the black-shirted old man's heavy palm hit the dragon scale armor of the blue dragon, the blue dragon just shook slightly, and then, a dragon's tail violently swept towards it. The old man in black shirt.

The black-shirted old man suddenly saw such a big blue dragon beast appeared, and he was immediately startled.

"The first fierce beast in ancient times: Azure Dragon Beast?"

He screamed in surprise.

Chapter 2942: Have to go

"The first fierce beast in ancient times: Azure Dragon Beast?"

At this moment, even the old man in white shirt beside him couldn't help but yelled. .

Obviously, they were all shocked at the Azure Dragon in front of them.

"Xuan Di, don't want to make another move!" Suddenly a cold drink came out of the white shirt old man's mouth.

After the white-shirted old man shouted out, the black-shirted old man in front of him really stopped, but he still looked at Li Tian with his angry eyes.

The white-shirted old man blinked a pair of weird eyes at the moment, looking at the ancient beast: Qinglong, his eyes didn't know why a very weird light came out.

After watching for a long time, he slowly turned his eyes to Li Tian's body.

"Young man, you really surprise the old man a lot!"

"Unexpectedly, there is the first fierce beast of the ancients next to you: Azure Dragon Beast, protecting you!" The voice of the old white-shirted man was slightly surprised and said to Li Tiandao.

Li Tiandao: "This Xiaoqing is my pet! Of course it will protect me."

"Yours? Petting the beast?"

"Could it be that... the first fierce beast in ancient times has already recognized the lord?" The white-shirted old man at this moment asked Li Tian who looked in front of him unbelievably.

Li Tian replied, "So what?"

When the white-shirted old man heard Li Tian say this, the next pair of eyes were emitting light!

Then he only heard him mutter in horror in his mouth: "I didn't expect... I didn't expect... the first fierce beast in ancient times, the Azure Dragon Beast, actually found its own master!"

After speaking, he suddenly turned his head and said to the black-shirted old man: "Xuan Di, it seems we have to consider the matter of today!"

The black shirt old man snorted coldly: "Then what do you mean?"

But seeing the white-shirted old man suddenly smiled weirdly, and then used the secret technique to transmit sound, and had a detailed chat with the black-shirted old man in front of him!

At this moment, the old man in white shirt stood still, even his mouth did not move, so did the old man in black shirt!

But no one knows, they are talking with this secret technique at this moment!

The yin and yang boy standing next to Li Tian saw that the two old men suddenly stopped talking. He not only asked curiously, "Big brother, what are these two old men doing? Why don't you talk or stand there? move?"

Li Tian explained to the little girl, "They are using the secret technique to transmit sound!"  
amount?

"Secret Skill Transmission? What does this mean?" The Yin Girl continued to ask.

But seeing Li Tian, he explained there again: "That is a kind of exercise, that is, relying on illusion to speak... others can't understand."

After the little girl yin girl heard Li Tian's explanation, she nodded with doubt in her eyes at this moment, and then didn't ask too much!

At this moment, everyone was focusing on the old man in black shirt and the old man in white shirt!

Everyone knows that they are using the secret technique of sound transmission technique to talk!  
But no one can understand what they are saying...

Even the old man in front of him can't!

I saw that after a while, the body of the old man in white shirt suddenly moved, and then he laughed loudly in his mouth.

Obviously, their secret conversation ended at this moment.

Li Tian looked at the old man in white shirt, wondering what the \*\*\*\* they were doing.

Just when Li Tian was curious, the old man in white shirt suddenly looked at him with a smile.

"Young man, our two elders discussed it a while ago. Now, I want to talk about today's matter and how we can solve it."

When the white-shirted old man suddenly said this, Li Tian was startled: "Okay, you say, I will listen."

The white-shirted old man squinted his eyes and nodded, and then began to talk there: "Today, our temple has made a lot of killings, which is not right, but you also killed our people after all! Such a situation can be said. Each has its pros and cons. What about this? The old man represents the temple, and I say sorry to you first! For your losses, we will try our best to help you..."

"What's left, it's time for the things of our temple! Now, young man, you have heard clearly, I have one thing I want to tell you solemnly!" The white-shirted old man suddenly showed a serious expression on his face.

Li Tiandao said: "What's the matter?"

The white-shirted old man said: "The old man intends to invite you and him to the temple together."

A word came out from the mouth of the white shirt old man.

His finger pointed to Li Tian and Yona Long in front of him.

what?

When the white-shirted old man suddenly said this, not only Li Tian was stunned in front of him for an instant, but even the old Dean Heris and Situ Ningbing and others were all stunned.

"What? You want Li Tian to go to the temple?"

"How is it possible?" Old Dean Hollis said in an unbelievable way.

I saw that the white-shirted old man didn't even look at the old Dean Heris at this moment, but just squinted at the Li Tiandao and said, "How about it? Young man, do you agree?"

After the white shirt old man suddenly asked, Li Tian was taken aback.

He never expected that the white-shirted old man in front of him would actually bring himself to the temple?

how is this possible?

Of course Li Tian would not agree!

Although he has never been to the temple, he heard that the temple is extremely dangerous...Even the first day in the world before, he died in the temple, how could he go stupidly?

So at the moment Li Tian said directly there, "What if I don't agree?"

Hearing that Li Tian suddenly said that he did not agree, the white-shirted old man suddenly shook his head slightly and said, "Hey, since you refuse to agree, then we will use tough methods today!"

Tough means!

Obviously, if Li Tian really didn't agree to go to the temple, then these two gods would definitely take action!

And there are so many temple powerhouses behind him!

After Li Tian heard the white shirt old man say this, he suddenly felt a little in his heart.

hit?

Li Tian, they must not be able to beat each other today!

The two old men in black and white shirts are unfathomable, and there are so many temple powerhouses!

On his side, only he and Old Long, as well as the Qinglong beside him, can still fight a battle... Such a confrontation will definitely be defeated! So at this moment, Li Tian hesitated completely.

Seeing that Li Tian hesitated, suddenly Old Long stood up and said: "Two, can't the old man go to the temple alone? Why should he go even as a child?"

Old Long's expression was gloomy, looking at the old man in black shirt and the old man in white shirt.

But seeing the white shirt old man suddenly smiled and said: "The situation has changed, even we did not expect it! So, now he has to go!"

"Yes, I have to go!" Cold words came out of the black shirt old man's mouth.

Chapter 2943: force

force!

This is totally forcing Li Tian!

Suddenly hearing the threat of the black-shirted old man in front of him and the white-shirted old man, pressing Li Tian, Old Long suddenly snorted, and then the invisible aura in his body suddenly began to condense.

The entire air suddenly became slow at this moment.

Old Long seemed to be about to make a move.

Because he really couldn't bear it.

Just when Na Long was about to make a move, the white-shirted old man's face suddenly became gloomy, and he looked at Na Long and said, "Your Excellency, do you really want to do it today?"

"If you really do start, you have to bear all the consequences!!! And all the lives." A cold screaming voice came out of the white-shirted old man's mouth.

The moment he spoke, the powerful aura permeating the body of Old Long before him suddenly dissipated at that moment.

Old Long did not dare to make a move.

He didn't dare because he didn't want to lose so many innocent lives because of himself, so he finally gave up helplessly.

"Hey!"

With a deep sigh, Old Long suddenly condensed the extremely powerful and vast aura around him.

The situation at the moment suddenly became awkward.

The black shirt old man and the white shirt old man were waiting for Li Tian's reply.

Where is Li Tian?

He can't help himself now!

He raised his head and looked at everyone around him, the old dean Heris, the cute Yin-Yang boy, and the beautiful Situ Ningbing...and the thousands of Demon soldiers behind him. At this moment, He suddenly made up his mind.

"Okay, I promise you to go to the temple!" A word suddenly came out from Li Tian's mouth.

He agreed!

Li Tian promised to go to the temple.

There is no way, in order for everyone to survive, for their safety, Li Tian can only commit danger with his own body.

However, the old man in white shirt and the old man in black shirt suddenly laughed after hearing Li Tian's sudden promise.

And the old Dean Hollis over there? There were also Yin Yang Boys and Situ Ningbing at the same time, exclaiming: "No...you can't go!"

"Li Tian, don't go to the temple, you can only die! Why do you die like this." Just listen to the old dean looking at Li Tian and shouting.

The yin and yang boy beside him was also pulling Li Tiandao tightly at this moment: "Big brother, don't go to the temple... The master said the temple is very dangerous... If you go, what shall we do?"

Listening to so many voices, Li Tian felt sour at that moment.

But I can't stop!

Because if he didn't agree to go to the temple, everyone today might have to die.

So at this moment Li Tian said: "Don't talk about it, everyone, I have already decided, go to the temple!"

"Old Dean, please take care of the Yin-Yang boy for me...and...and...Ningbing!" Li Tian said as he looked at Situ Ningbing over there.

At this moment, Situ Ningbing's heart suddenly turned red for some reason.

Looking at that Li Tian chuchu.

The old dean said, "Li Tian, why bother?"

"I know, you are worried that we will die... We are not afraid of death! We are not afraid of anything... You must not go to the temple! Even if you fight, we will fight with them."

Hearing what the old dean said, Li Tian smiled bitterly, "No!"

"You stay!"

"I will go to the temple alone."

As soon as Li Tian finished saying that, the yin-yang boy suddenly ran over and grabbed Li Tian's arm.

The two children were crying with red eyes, "No...no...big brother, we won't let you go!"

"Even if we go, both of us will follow you."

The two children pulled Li Tiandao there.

At this moment Li Tian was completely helpless.

How can this be done?

At this moment, the white-shirted old man in the temple suddenly said, "Time is almost up, young man...Should we go now?"

At this moment Li Tian wanted to leave, but was dragged by the yin and yang boy.

Even Situ Ningbing suddenly ran over at this moment.

Suddenly she stretched out her slender hand and held Li Tian's hand there, saying, "I want to accompany you!"

Seeing that Ning Bing suddenly took his hand and said that he was going to the temple with him, a warm friendship suddenly rose in Li Tian's heart.

At this moment, when everyone was going to the temple with Li Tian, Li Tian didn't know what to do.

Of course he didn't want them to accompany him to death.

At the moment, I was discouraging and said: "Ningbing...and you... if you listen to me, stay! Don't accompany me to die."

Hearing what Li Tian said, the yin and yang boy in front of him and Situ Ningbing said, "No, we will not leave you alone. Even if you die, everyone will die together."

As they were talking here, the white-shirted old man in the temple over there suddenly said depressed, "Young man, who told you that if you go to the temple, you will die?"

Li Tianzai heard the white-shirted old man suddenly say this, turned his head and said, "Isn't it?"

"Your temple deceived people with great power, and killed many top masters in the world by virtue of your skill. Isn't this true?" Li Tian questioned.

Upon hearing that Li Tian said this, the old Baishan suddenly laughed.

"No! No... who is this nonsense?"

"Does our Temple of Ten Thousand Years really have such a horror in your worldly eyes?" The white-shirted old man sighed slightly with his head in his voice.

He meant as if Li Tian framed the temple.

"A bunch of mortals framed my temple! Damn it!" The black-shirted old man said coldly angrily at the moment.

After listening to Li Tian and Old Long, they were all startled slightly.

You know, none of the legends about the temple for thousands of years is good!

And now, these old men from the temple actually said that humans are framing them?

This is real?

"Since you said that your temple did not kill, those strong men in the world, what about them? Why have you never seen them come back from the temple to the Spirit Earth Continent?" Li Tian questioned.

After he said this, the old man in white shirt suddenly sighed slightly: "Young man, when you arrive at the temple, you will naturally understand!"

"I can't tell you clearly now." The white-shirted old man repeated another sentence at the moment.

When Li Tian heard them say this, he not only frowned slightly.

Are they true?

Regarding the legend of the temple, Li Tian doesn't actually understand it! None of them knew the truth.

What everyone heard was just rumors. As for the real facts, I am afraid that they will not understand until they reach the temple

Chapter 2944: Together?

After Li Tian heard the old man in white shirt saying so, not only was he more and more curious about the so-called temple.

What exactly is the temple?

Those strong men in the world were really killed by the strong men in the temple? Or is there another hidden story?

This is now a big doubt for Li Tian.

"Can't you tell us now? Are those strong men dead?" Li Tian asked.

The old man in white shirt suddenly narrowed his eyes and smiled there and said, "This is a secret. I have already said that I can't tell you. You will understand it only after you see it in person."

"No!" The old man in black shirt also said coldly at that moment.

Li Tian was not only depressed when he saw these two people say so.

Why are the people in these temples so strange? Refused to say.

"Xuan Tian, it's time to go!" Suddenly the black shirt old man said coldly with an extremely impatient attitude on his face.

After the white-shirted old man heard what the black-shirted old man said, he suddenly looked at the gray sky and said: "It is indeed time to go."

"Young man, and your sir, we are going to board the ship." Suddenly the old man in white shirt said there.

The two people he was referring to were naturally that Li Tian and Na Long.

After he finished speaking, he saw that the huge ghost ship slowly began to drive towards the shore of the Sea of Death.

Seeing that the white-shirted old man and the black-shirted old man had already begun to urge that Li Tian and Long Long to set off, at this time the old Dean Hollis, the Yin Yang boy and others all ran over.

"We are going to the temple too!"

They are all talking there.

When the old man in white shirt heard it, he frowned and said, "No, no, no, you mortals can't go..."

"Can't go!" At this moment, the old man in black shirt suddenly showed a frosty attitude on his face.

After hearing the black-shirted old man and the yin and yang boy say this, the old dean Hollis and the yin and yang boy suddenly said, "If you don't let us go, we will fight with you!"

"Even if it's dead, we won't let the big brother go to the temple with you two bad old men." Xiaoyin said with her hands on her hips, angrily.

Hearing that little girl suddenly said this, the old man in white shirt in front of them laughed helplessly.

Li Tian has no choice at this moment.

How he persuaded Situ Ningbing and the old dean was useless.

Not only was depressed there at the moment.

What can I do?

go with? Still not going?

Seeing this situation fell into embarrassment for a while, Li Tian finally looked helplessly at Situ Ningbing, and the old Dean Heris, and they said: "Do you really have to go with me? The good or bad going to the temple is unknown, it would be very dangerous for you to follow me like this."

But seeing that Situ Ningbing and the old dean were there and said: "We are not afraid! Even if we die, we will die with you."

Hearing what they said, Li Tian's heart was silently moved.

"Ok!"

"Since you have to go to the temple with me, let's go together," said Li Tiandao at the end.

After speaking, he suddenly turned his head and looked at the old man in black shirt and the old man in white shirt and said: "Two, you guys have seen the situation now! Since my people want to go with me Temple, then why not make it convenient for the two of you to let them go along together?"

"Your temple is so powerful... even if we go there, it won't pose any threat to you! Don't you know if you agree? If you agree, then I, Li Tian, will follow you to the temple today! If you do not agree, Then I, Li Tian, can only kill a lot today! Then we will fight to death and death."

Li Tian's words can only go here.

going or not?

If you go, take everyone with you.

If you don't go, you will take everyone to fight a battle, even if you die.

After hearing these words from Li Tian so decisively, the black-shirted old man suddenly seemed to be angry.

After all, as an extremely powerful temple, no one has ever threatened it! And what Li Tian said now is no doubt tantamount to threatening the old man in black shirt and the old man in white shirt in front of him.

Just when the black-shirted old man wanted to get angry, the white-shirted old man suddenly reached out slightly to stop him.

"Xuantian, wouldn't you agree to this stinky boy? You let so many mortals go to the temple?" Just listen to the black-shirted old man looking at the white-shirted old man and asking.

The white-shirted old man squinted his eyes and glanced at Li Tian and the other people around Li Tian who suddenly said in his mouth: "The old man knows that allowing so many mortals to go to the temple violates the rules of the temple! , There is a reason for what happened today...you and I understand in my heart!"

After speaking, he and the black-shirted old man took a weird look at the ancient beast: Qinglong.

"So, the old man personally feels that he can only agree to..." the old man in white shirt said there.

When I heard that the white shirt old man actually agreed! The black shirt old man suddenly groaned.

"Huh, if you agree, you will bear the consequences yourself?" the black shirt old man said angrily.

The old man in white shirt smiled slightly and said, "Well! The old man will bear all the consequences alone!"

"Okay! Since you said so, do whatever you want!"

The black shirt old man coldly threw a word, and suddenly said to the men who were following the black shirts next to him: "Let's go!"

With a cold drink, dozens of black-shirted figures followed the black-shirted old man directly and quickly flew towards the ghost ship.

The silhouettes of several people flew towards the ghost ship like a meteor, no longer caring about Li Tian and others.

After the black-shirted old man left, only the white-shirted old man Xuantian looked at Li Tian with a smile and said with a smile: "Young man, I have promised you! Let you take your people there. The temple...how? Are you satisfied now?"

Li Tian heard the white shirt old man say so, he didn't know whether he should be happy or worried!

After all, when you go to that mysterious temple at this moment, who knows whether it is a blessing or a curse?

After thinking about it, Li Tian turned his head and looked at the old dean Heris, Situ Ningbing, and the Yin-Yang boy.

"This time, I'm taking everyone that really doesn't know if it is a blessing or a curse... But, please rest assured of everything! As long as I am still alive, I will not let anyone hurt you..." Li Tian's words came out.

Situ Ningbing in front of him, as well as the old dean Heris, and the yin and yang boy were so happy when they heard that they could finally go to the temple with Li Tian!

Although the road ahead is dangerous and full of thorns, as long as they are with Li Tian, they will feel at ease in their hearts.

Chapter 2945: Boarding

"Young man, it's time to go."

"A blizzard is coming." Suddenly the old man in white shirt said while looking at the sky that is getting more and more weird and dark.

After listening to Li Tian, they nodded silently.

I saw Li Tian looking at the huge ancient Qinglong beside him, and said slightly: "Xiaoqing, you can hide first."

After speaking, the huge dragon head nodded slightly, and then the huge body suddenly turned into a strange blue air in the air, and then flew towards Li Tian's right arm.

In a blink of an eye, that Qinglong returned to Li Tian's arm.

The white-shirted old man saw the first fierce beast of the ancient times: Qinglong Beast, and when he heard Li Tian's words really that way, a strange smile appeared on his mouth.

Then suddenly turned his head to the people in white shirts beside him and said, "Board!"

After the white-shirted old man finished speaking, then he led the white-shirted man in the temple, and then flew straight to the huge ghost ship.

And what about Li Tian here? At this moment, I am also preparing to take everyone on board.

At this moment, suddenly Situ Ningbing said, "Wait..."

When Situ Ningbing said the word wait, Li Tian was not only taken aback.

After Situ Ningbing finished speaking, he quickly ran towards the back.

Behind that is the army of the demons...their poor soldiers are still standing in the cold wind...for a long time.

After experiencing such a shocking situation, they were already pale with fright...no one dared to speak too much at this moment.

After Na Situ Ningbing ran over quickly, she looked at the surrounding demon army.

"Everyone... I'm sorry!"

"I am going to the temple! I can no longer lead you in the future." Situ Ningbing said suddenly.

After she said this, the soldiers of the Demon Race were not only taken aback, and then shouted in the cold wind: "Holy girl...you are gone...what about our Demon Race?"

Situ Ningbing's heart was a little sour!

After all, she has been in the Demon Race for so long, she does have feelings for these Demon Race people.

"Relax! If this saint can come back alive from the temple, I will definitely return to the Demon Race!"

"This is the imperial seal of my foster father...I will give the imperial seal to you now! I hope you will keep it well!"

Na Situ Ningbing said as he gave the Demon Emperor Seal in his arms to the soldiers of the Demon Race.

Several soldiers of the Demon Race came over, their hands trembling slightly, and slowly took the Demon Emperor's seal.

After Situ Ningbing handed over the Demon Clan's imperial seal, her beautiful eyes were slightly moist.

Then suddenly said, "I'm leaving..."

After speaking, she turned around and walked towards Li Tian step by step with tears.

Those thousands of soldiers of the Demon Race saw Situ Ningbing leaving just like this... I saw a shout suddenly came over.

"Send the saint!"

With a word out, all the black and overwhelming demons knelt to the ground in the icy ground.

Situ Ningbing touched the tear marks at the corner of her eyes... At that moment, she did not dare to look back!

But seeing her trembling, walking towards Li Tian.

Li Tian looked at the uncomfortable Situ Ningbing at this moment, and he was not only very concerned.

"Ningbing, are you okay?" Li Tian asked.

Situ Ningbing raised his head stubbornly, then smiled bitterly and said, "I'm fine!"

After Li Tian heard Situ Ningbing say that he was okay, he couldn't ask again.

At this moment, he raised his eyes and glanced at the old Long Dao beside him and said: "Old Long, let's go to the temple!"

Old Na Long smiled slightly, took the huge wine gourd in his hand, then violently poured the "yin and yang flame wine" into his mouth, and then said in the cold wind: "Okay!"

After speaking, Old Long suddenly moved his body and flew directly towards the ghost ship.

And Li Tian took Situ Ningbing, Yin Yang Boy, and the old Dean Heris, all flew up at this moment, and then flew toward the ghost ship of the temple.

Go all!

Except for the army of the demons, all the people present followed Li Tian to the temple.

This time I went to the shrine that has been legendary for thousands of years on the Spirit Earth Continent. No one knows whether it is a blessing or a curse?

On the extremely tall ghost ship, I saw that Li Tian and the others were all flying up, but they said that the ghost ship was really huge, with a total of 3 floors up and down, and on the huge deck, I saw that it would stand every 5 meters. Alone!

These people have cold faces, and they wear white shirts except black shirts!

It seems that the characters in that temple are all dressed exactly the same, only these two colors.

After seeing Li Tian, Situ Ningbing and others flying over this weird ghost ship, they opened their eyes and looked at this "behemoth" unbelievably.

To be honest, I have never seen such an extremely vast warship on the Spirit Earth Continent... and the whole body is pitch-black, and it's straight.

"Big brother, this ship is really big! It's weird..." The little \*\*\*\* one side was blinking her horrified beautiful eyes, while looking at the huge ghost ship, she muttered in her mouth.

Although the others around him didn't speak, they were quite shocked from their eyes.

At this moment, I saw the sound of laughter hahahaha.

After a closer look, I saw that the person who laughed was the old man in white shirt who came with him: Xuantian.

"Everyone has boarded the ship of our temple, so, it seems that we can set off." The white-shirted old man said slightly there.

Li Tian and Long Lao did not speak.

I saw the old man in white shirt suddenly say to the place over there, "Raise the sail, set sail! Let's go back to the temple!"

After the words were spoken, the huge sail rose directly into the wind.

The word "God" on the huge sail is the most conspicuous.

After the sail rose for a moment, the huge ghost ship suddenly began to sail towards the distance...

The huge ship has set off!

Its direction turned out to be toward the deepest part of the sea of death!

The deepest part of the sea of death is filled with dense fog...I can't see anything...no one knows what weird place is on the other side of the sea of death...

"Everyone, it's windy on the deck, so let's take a good rest in the ship." Just listen to the white shirt old man looking at Li Tian and the others with a smile.

Then Li Tian asked, "Ask, how long will it take us to reach the so-called temple"

The old man in white shirt suddenly smiled weirdly and said: "When you arrive, you will naturally know."

Chapter 2946: Blizzard

The implication is clearly inconvenient.

After Li Tian heard what the white shirt old man meant, he didn't ask too much.

He knew that the people from the temple were very weird...mysterious!

Some things, even if he asked again, those in the temple would not say.

"This huge ship has three floors in total. The first floor is where you can rest! The second floor is our people! As for the third floor, it is the place where the crew rests!"

"Well, the introduction of the old man has already introduced almost, you can enter the cabin for a good rest."

After the white-shirted old man had finished speaking like this, he suddenly turned around and left with the people around him.

On the empty deck, at this moment, except for the few white shirts standing there coldly standing guard, only Li Tian and others remained.

Seeing a gloomy cold wind hit, the little girl yin girl couldn't help shivering.

"It's cold!" she murmured in that mouth.

Li Tian saw that these two children were cold... and that Situ Ningbing's pretty face was also pale with cold, and couldn't help but say, "Old Long, let's enter the cabin and rest."

"En!" After hearing Li Tian say this, Old Long said slightly in his mouth.

So under the leadership of Li Tian, they walked towards the first floor.

This first layer is a dedicated area for them to rest.

Except for the people in the temples standing in the corridor, there were no other people.

At this moment, Li Tian brought the old Dean Heris and Elder Long to the lounge on the first floor.

Pushing open the black wooden door, only a huge lounge appeared in front of them.

This lounge is very spacious, with more than 200 square meters.

There are everything you should have in it, food, drink, sleep... everything!

And the temperature in this lounge is also very warm.

So Li Tian and Old Long were not only slightly startled when they entered this warm lounge.

They did not expect that they would be treated like this.

"This place is very good." After Na Yang Tong ran in, there was a light of excitement on his face and said.

The little girl yin girl smiled and said, "Yes, yes, at least it's much warmer than outside."

As everyone said, they all walked in.

"I really don't understand, what the \*\*\*\* are the guys in those temples doing..."

"Do they want us to be at ease before killing us?" The old dean still had a deep view of the people in the temple! So he doubted everything he saw before him.

But Na Long is more free and easy, and laughed at Naha and said: "Old He, don't worry about so much... you can eat and drink, that's enough!"

After speaking, Old Na Long suddenly flew directly onto a soft bed, and then while he raised the huge wine gourd in his hand, he slurped and drank, while lying down in that comfort.

At that moment, Li Tian also found a place to sit down slowly!

Situ Ningbing and the Yin and Yang boy, they all found a comfortable place at the moment, and then they all stayed there.

The cold wind outside is still whistling...

The huge ghost ship has been riding the wind and waves towards the emptiness to the north.

I saw in the bitter cold wind... Suddenly I saw two black and white figures standing motionless on the tall mast.

The cold wind blew their skirts, and the two of them stood motionless on it.

These two people are the black shirt old man Xuan Di and the white shirt old man Xuan Tian.

I saw the two standing on the high mast, standing with their backs on their backs, with a weird look on their faces.

In the cold wind, suddenly the white-shirted old man spoke first: "Xuan Di, what do you think of that human kid?"

The black-shirted old man said coldly: "I can't tell at the moment! But this person can kill Hei Yi...enough to show that his skill is completely incredible."

The old man Baishan suddenly smiled and said, "You are right! I can feel that kid is definitely better than Long!"

The black-shirted old man suddenly said coldly: "But this child is wild and untamable, I am afraid it will be difficult for my temple to use!"

The white-shirted old man waved his hand slightly in the cold wind and said, "I can't control that much. Let's delay him first and take him back to the temple."

The old man in black snorted coldly: "It can only be so!"

The white-shirted old man continued: "Actually, what I am most interested in is the first fierce beast of the ancients next to the kid: the green dragon beast!"

Hearing that the white-shirted old man suddenly mentioned the Azure Dragon Beast in his mouth, the face of the black-shirted old man in front of him also changed slightly at that moment.

"The ancient four fierce beasts, we currently only have two in our temple! Now, if this kid can be used by my temple, haha, then there will be three in our temple... In this case, we are in the next battle of the gods, After all, win!" The white shirt old man suddenly said with a strange smile on his mouth.

Gods war?

What does the words spoken by this white shirt old man mean?

The old man in black nodded slightly in the cold wind, and then said nothing!

The biting north wind is still whistling...

Suddenly, the extremely cloudy sky suddenly turned white, and then the temperature began to become colder and colder, and then I saw bursts of snowflakes falling from the sky.

When those feather-like blizzards flew down from the icy sky, they directly turned into small ice crystals, and then dropped on the deck of the ghost ship.

"The storm is coming." Suddenly the white-shirted old man said slightly, looking at the pale sky.

The old man in the black shirt also raised his head and glanced at the weird white sky, and then said, "Let's go back."

When the words fell, the figure of the old man in black shirt and the old man in white shirt flashed, and then flew down.

In an instant, the two disappeared!

The sky became whiter and whiter, and soon we saw a howling wind rising from the sea.

The terrifying hurricane lifted the black water more than a foot high... and then surged toward the ghost ship.

With a bang, the entire ghost ship was hit by a huge wave, and the entire hull suddenly tilted a lot...

Li Tian and the old chief in the cabin were all sitting there steadily...but at this time, due to the violent turbulence of the hull, they almost fell to the ground.

"What's the matter?" After such a situation happened, the old Dean Khris suddenly asked in shock.

The rest of the people are also full of doubts. There you look at me and I look at you.

Chapter 2947: Check the situation

They still don't know that there is a terrible snow storm outside.

"I'll go out and have a look." Li Tian said suddenly there.

After speaking, Li Tian opened the door.

As soon as the door was opened, a very cold hurricane blew in, and the cold wind was mixed with terrible hail.

Li Tian was taken aback when he saw it.

"snowstorm!"

Then Li Tian quickly closed the door.

After seeing Li Tiangang opening and closing the door, the old dean Heris there was not only taken aback.

"What's the matter? Li Tian?" they asked, blinking at Li Tian.

I saw Li Tian say there, "We seem to have encountered a powerful snowstorm."

"Eh? Blizzard?" The old Dean Khris said in that slight shock.

At that moment, the little girl yin girl was suddenly scared and said, "The big brother, are we all right?"

Li Tian smiled and said, "Don't worry, I don't think there should be any accidents! This ship is so huge, I don't think I should be afraid of this storm."

After hearing Li Tian's soothing words, the little girl yin girl laughed.

"As long as it's okay!" she said with a grin.

Everyone was amused by the optimistic attitude of this little girl.

"Yang Tong, Yin Girl, Ning Bing, and the old dean, you have been tired all day, so hurry up and rest." Just listen to Li Tianzai.

During this day, they were really tired. In addition, the temperature was so cold that they were completely unconscious. Now they have finally found a warm place with a futon bed, which is really good for them. Said it feels very comfortable.

So after hearing what Li Tian said, they all nodded.

Then they lay down on the soft bed one by one and started to rest.

Only Li Tian was sitting there silently, thinking of something in his mind.

...

The blizzard outside is getting bigger and bigger.

The wind tore and the blizzard filled the sky, and terrible hail flew down from the sky, hitting the deck and making a loud bang, like a rock falling from the sky.

At this moment, even the people of the temple that had been guarding on the deck have all been removed!

They also returned to the rest of the second floor!

Time passed by every minute.

Unconsciously, the sky darkened.

The blizzard is still going on.

At this moment, Li Tian, who was in the lounge on the first floor, glanced slightly at the old dean who was resting on the bed...

After seeing them all asleep there at the moment, Li Tian was relieved.

Then I saw him tiptoe to the doorway suddenly, after reaching the doorway, I saw Li Tian gently push the small door open!

After pushing away, Li Tian's figure flashed before flashing out.

He actually left this lounge alone!

What is he doing?

But he said that after Li Tian suddenly came out of the room, a cold wind blew over.

Li Tian glanced slightly, then suddenly his body flew directly onto the deck like an agile cat.

Upon reaching the deck, snow and ice added, and the hail flew down in the air.

But Li Tian didn't care about this. After he got on the deck, he faced the wind and snow and looked into the distance.

It's a pity that on the gray sea of death, you can only see a distance of tens of meters in front of you.

"Damn, you can't see anything at all!" Li Tian said in a very depressed way.

It turns out that the reason why Li Tian flew out here alone is to check the truth!

He wanted to see where the ghost ship was heading!

"Now, I can't see the direction ahead at all. It seems that I can only bite the bullet and go to the temple." Li Tian thought secretly and said.

Just when Li Tian stood alone on this deck, he suddenly heard a very slight movement behind him.

Then Li Tian lifted his whole body vigorously, then twisted his body suddenly, and said in a low voice, "Who?"

With that Li Tian yelled out, only a shadow had reached his side at this moment.

"Li Tian, it's me!"

Looking closely, I saw that it was Na Long Lao who flew up to the deck!

Unexpectedly, at this time, Old Na Long also came to this snowy deck.

At the moment when he saw that it was Lao Long, Li Tian slowly dissipated the qi from his body and said: "Old Long, why did you come out?"

"Boy, I'm not like you..." Old Long walked over and said with a smile.

"Same as me?" Li Tiandao.

Na Long said, "Didn't you come out to check the situation?"

Li Tian heard that Long Lao suddenly said his thoughts, and he touched his head and smiled slightly.

"You can't hide anything from Old Long..." Li Tian said with a smile.

I saw Na Long raised his eyes and looked at the gray sky like Li Tian and said: "The vision here is so bad! It seems that we don't know where we are."

Li Tian nodded silently and said, "Yes!"

"Hey, so it seems that we can only take risks!" Old Long sighed silently.

Li Tiandao: "Yes, there is no way now!"

"Temple? Where is the \*\*\*\* temple?" Li Tian said in front of him looking at the gray.

A look of deep concern also appeared in Long Lao's face.

"Old Long, do you think we will really encounter the poisonous hand of the temple this time?" Li Tian suddenly asked.

Elder Long shook his head at the moment and said, "In fact, the old man doesn't know!"

"The old man is only hearsay about the temple... what I heard are only legendary rumors... I don't know the real temple at all.

"But I know that everyone in the temple is a peerless master! There is absolutely no doubt about this!" Na Long said.

Li Tian nodded there and said, "Yes!"

"Their skills are incredible, and the weird illusions they use... I have never seen them before... It is not wind, water, thunder and lightning, qi, or fire. It is another extremely strange illusion." Li The sky said.

Li Tian played against the black one before! The illusion that Hei Yi used was the same as the sun's rays, which shocked Li Tianzhen at that time!

From the moment he arrived on the Spirit Earth Continent, he had heard that there were only five illusions on the Spirit Earth Continent: "wind, fire, water, air, and thunder and lightning." One of these five illusions!

Is there really any other powerful illusion in this mysterious world?

## Chapter 2948: Wonderland

After hearing Li Tian say this, Mr. Na Long frowned deeply at this moment, and said, "What you said is not bad!"

"The old man feels it too!"

"It's just that the old man really didn't expect that in addition to these five illusions and the blood illusion of the Demon Race, there are other illusions in the world on the Lingtu Continent." Old Long muttered.

When Li Tian saw that even Lao Long didn't know, he could only be depressed there!

Since there is something that even Lao Long doesn't know, who else in the world knows?

"Anyway, in short, the strong in this temple are very weird! After you and I go to the temple, you must be more careful!" Na Long told Li Tiandao there.

Li Tian nodded silently and said, "Follow the teachings of Old Long!"

"Old Long, there is actually one thing that I have been thinking about." Li Tian said suddenly.

After hearing Li Tian say this, the old man Long asked, "What's the matter?"

"Old Long, you said, in case the number one power in the world before that... they are not dead! Or, they were not killed by the power in the temple? What would it be like?" Li Tian suddenly A very strange question came up.

After hearing Li Tian's words, Old Long didn't just conceal something slightly.

After thinking about it for a long time, I saw that Old Man Long slowly raised his head, his eyes glowing and said: "Actually, the old man has thought about what you said!"

"On Lingtu Continent, it has always been rumored that those strong people were harmed by the temple! However, from the beginning to the end, they have never seen the true truth... Everyone is just guessing... As for the real situation, I think We won't know until we reach the temple," said the old dean Hollis.

Li Tian nodded silently and said, "Yes, it seems that you can only know the truth if you go to the temple."

"Yep!"

"Son, don't think too much, let's go back!"

"The strong in this temple are extremely alert, we still don't want to be discovered by them." Long Lao said there.

Li Tian nodded.

After nodding, he flashed with the old Long figure and flew towards their resting place.

...

The ghost ship has been moving forward.

Li Tian and Elder Long had never come out since they came out to investigate the situation.

The ghost ship is driving on the open ocean like this.

No one knows how long it has been since!

In addition to that Li Tian and Long Lao, the Yin Yang boy and Situ Ningbing in the room would stay there every day if they were not in a daze.

As for the old men in black shirts and the old men in white shirts in the temple, they have never seen them since they met once on the day they landed on the ship!

But Li Tian and the others are also happy.

On this day, the sea is calm!

It's just that the thick fog is still overcast! Still can't see far away.

Just when Li Tian and the others were still resting in the room, the door of the room suddenly rang at this time.

"Someone is knocking on the door..." After hearing the knock on the door, the old dean in front of him called out.

When Na Long waved his right hand, the door that had been tightly closed was suddenly controlled by a breath, and then opened by himself with a squeak.

Then I saw the old man in black shirt and the old man in white shirt standing outside the door of the temple.

Unexpectedly, their two elders actually came.

When they suddenly saw that they were both of them, then Li Tian, Elder Long, Situ Ningbing and others all stood up from their seats.

I saw the white-shirted old man leading the black-shirted old man and walked in with a smile.

"Everyone, the shelter is simple, I don't know if you are accustomed to living?" I just listened to the white-shirted old man asking politely as if he were treating guests.

Li Tian replied, "It's okay!"

"Well, if we live well, we are satisfied." The old man in white shirt said with a smile.

"We are about to reach the temple, so let's remind you." Suddenly the white shirt old man said with a smile.

what?

Almost reaching the temple?

When that Li Tian and the others heard the white-shirted old man say this, they were suddenly taken aback.

In the past few days and nights, they didn't know how long they stayed in the ghost ship...and of course they didn't know how far the ghost ship traveled, so after hearing the white-shirted old man saying that he was about to reach the temple, they A strange feeling suddenly rose in my heart.

That feeling is not a surprise, nor is it anything else...just a strange and inexplicable feeling.

"Why? Don't you guys want to go to the temple as soon as possible?" The white-shirted old man said with a smile after seeing Li Tian and the others with surprise on their faces.

Li Tian shook his head and said, "No, it's not..."

"Haha!"

"You have been aggrieved by staying in this small place these few days. If you can, please follow me to the deck and enjoy the scenery outside!" The white-shirted old man suddenly said.

Hearing what the old white shirt said, Li Tian naturally agreed quickly!

He has always wanted to see the outside environment, but unfortunately there is no chance at all!

Because on the outside deck, except for the blizzard that day, all the white-shirted people in the temple and the black-shirted people were guarding there for the rest of the time.

And now suddenly I heard that the white-shirted old man invited them to go on the deck to see the scenery, so Li Tian naturally agreed with pleasure.

"it is good!"

After Li Tian agreed, the old man in white shirt smiled and said, "Then everyone, please follow the old man..."

After speaking, the old man in white shirt turned and walked towards the top of the deck.

At this moment, Li Tian took Na Long, Situ Ningbing and Yin Yang boy step by step to the deck.

After walking to the top of the deck, a ray of sun shone from the sky.

sunlight!

Warm sun rays!

Li Tian and others, who hadn't seen the warm sun ray for a long time, couldn't help being stunned at the moment when they suddenly saw the sun ray... Then everyone became excited!

"There is the sun!"

"There really is a sun... it's great!"

As they spoke happily, they were already on the deck.

After running on the deck, the warm sun shines on everyone.

The temperature has risen... it's not as cold as before!

The temperature here is much warmer than before...

The strangest thing is the surrounding environment.

"Li Tian, look at it... this... this... this... my God? What place is this?"

A cry of exclamation suddenly came out of the old dean's mouth.

Hearing the sound at this moment, Li Tian quickly turned his head and looked around. At this look, his whole person was completely sluggish there...The eyes of the pupils also showed an extremely unbelievable look for a moment.

"This... this... this... how is it possible?"

Li Tian looked at the surrounding environment and was shocked to speak at that moment.

The others were also shocked by the postponement environment.

Look carefully, the surroundings are so clear, the sky is so clear...In the distance, there are mountains, islands, and green trees floating on the sea, just like a paradise!

Chapter 2949: Behemoth appears

Wonderland!

No one had thought of the sight in front of them! Because what I saw here was a huge contrast with the extreme cold temperature and everything that was misty before. .

This shocked not only the Yin and Yang boy in front of him, but also the old dean.

Even Li Tian and Long Lao were all shocked by the sight.

"Where is this...this...place?" At the moment, the old dean was completely shocked there, looking at the surrounding place like a fairyland.

"It's so beautiful, this place." The little girl yin girl not only showed a terrified expression, she shouted there.

Seeing Li Tian and everyone else was shocked there, the old man in white shirt suddenly laughed there.

"Don't be surprised, everyone, this place is outside the world." The white-shirted old man said while laughing.

When everyone heard what the old white shirt said, not only were they slightly startled: "Outside the world?"

"Yes! This is the last piece of pure land on the Spirit Earth Continent... So you don't know it is excusable." The white-shirted old man continued to say to Li Tian and the others.

"How long will it take to reach that temple?" Li Tian suddenly asked.

Although he was shocked by the environment in front of him, he still cared more about the things in the temple!

In the past few days, even Li Tian didn't know how long he had been driving, so he wanted to know how long it would take to reach the temple.

After hearing Li Tian's question, the white-shirted old man in front of him said slightly, "I will be here soon!"

After hearing the white shirt old man in front of him say so, Li Tian didn't ask any more.

The terrifying cruise ship is still moving forward.

Li Tian and Old Long followed the old man in white shirts and stood on the deck.

On this road, but seeing the blue waves of the sea... I really don't know how the black sea water before it got here, turned out to be so clear and transparent.

In this extremely clear water, you can still see many swimming fish swimming in the clear blue water...

The ghost ship continued to move forward.

I don't know how long it has been driving, suddenly waves of ripples appeared on the originally quiet sea!

Those ripples got bigger and bigger, and then even the entire sea shook.

That Li Tian, Lao Long and others are all figures who have seen the world before. When they look at the situation in front of them, they all frown at this moment.

"There seems to be something under this sea water!" Suddenly, a word came out of Old Long's mouth next to him.

Everyone heard what Long Lao said suddenly, and then they all looked down at the sea.

As everyone watched, the ripples grew bigger and bigger, and waves began to appear on the quiet sea! Layer by layer, one taller than one...

Even the ghost ship at this moment began to sway up and down.

It's as if this huge earthquake is happening under the sea.

After seeing this situation, everyone was not only surprised at it.

I saw that Situ Ningbing over there suddenly showed an uneasy look on her pretty face, and suddenly approached Li Tian's body and said: "What's wrong? Why is the sea trembling violently?"

"It seems that there is an earthquake under this sea water!" The face of the old dean beside him became hard to say.

Only Li Tian stood there quietly, and then watched the weird waves of the sea...

Then he glanced at the indifferent old man in white shirt and the old man in black shirt over there.

But seeing the white-shirted old man and the black-shirted old man were calm and composed, without the slightest panic, as if they knew what had happened.

After seeing the calm expressions of these two old men, Li Tian said slightly to Situ Ningbing and the old dean next to them, "Don't panic, it seems that there is nothing wrong."

After Li Tian said this, Situ Ningbing and the old Dean Heris did not speak any more and stood there.

Suddenly at this moment, the entire sea level suddenly trembled.

Boom boom boom!

There was a strange sound under the sea, and then I saw a huge vortex swirling on the surface of the sea tens of meters ahead.

The whirlpool is getting more and more urgent... Rolling up the surrounding sea water more than a foot high, it looks terrifying and suffocating!

At this moment, even the calm Li Tian not only frowned deeply, but at the same time, there was a dark lining in his mind: What is going on?

Just as Li Tian was thinking this way, the little girl next to her suddenly screamed.

"Big brother, look... what is that...?"

When a word was called out from the little girl's mouth, she suddenly saw the terrifying sea vortex in front suddenly rise, and the entire sea suddenly began to rise! It looked as if a monster came out of the sea.

Just when everyone was horrified, a terrible neigh of "roar" suddenly came out of the sea.

The sound is like an earthquake, when it comes out, it has a loud "buzzing" noise

Then I saw that the whirlpool began to rise...the sea was not rising...

puff!

After the sea rose several feet, it suddenly dropped from the sky!

Then a "tortoise shell" about one foot old appeared on the sea.

As the turtle shell emerged, Situ Ningbing couldn't help but scream.

what?

"What is that? Is it a monster?" Situ Ningbing yelled.

The other people in front of them were all shocked, staring one by one with their eyes widened, and no one knew what the weird thing was that the behemoth that suddenly burst out of the sea.

Even Li Tian and Na Long Lao not only began to gather the spiritual power of the whole body slowly...because they were also afraid of drastic changes.

At this moment, perhaps the only ones who are calm are those in the temple.

boom!

The sea skyrocketed, at this moment, but see, a terrifying beast of about 23 feet suddenly emerged from the sea!

What kind of monster is that?

Look closely, it is a huge monster with a turtle shell.

It looks like a giant tortoise, but it doesn't look like it! Because apart from the huge turtle shell on its back, the rest is indeed not a turtle!

Its head has horns, and that horn is like the horn of a unicorn!

Two pupils shining with flames, as big as the mouth of a bowl, blinked bloody.

Four giant claws lay prone on the sea, and every move was enough to shake the vast river and sea.

Chapter 2950: Shirakami

Seeing that such a big monster suddenly emerged from the sea, Li Tian and everyone else screamed at this moment. .

"Gosh, what the \*\*\*\* is that?"

"Why is there such a terrifying behemoth in this sea?"

...

Just when Li Tian and others were extremely panicked, suddenly the old man in white shirt beside him laughed loudly.

Li Tian couldn't help being stunned when he saw the white shirt old man suddenly burst into laughter.

"What the \*\*\*\* is this old man laughing at?"

"Does he know what the giant beast in front of him is?" Li Tian thought secretly there.

At the moment when Li Tian was about to ask, the old man in white shirt actually spoke first.

I saw him smiling while looking at Li Tian and the others in front of him and said: "Don't panic...Don't be afraid...This is the white \*\*\*\* of our temple, the old white turtle!"

"White God? Yi turtle beast?"

After Li Tian and the others heard this mysterious name, they were shocked. They didn't understand at all, let alone the "White God, and the "Yi Turtle" on it.

The white-shirted old man seemed to know that Li Tian and they didn't understand, so he smiled and explained, "Where's the White God? It's one of the four main gods in our temple! His name is no longer remembered. The only thing everyone knows is him. It's called the White God!!! And what about the Yi Turtle beast in front of you? It's the White God's mount and the White God's pet! Like your boy's Qinglong, it is also one of the four ancient beasts." That pointed to Li Tiandao.

When Li Tian heard this, he was almost astonished.

"what?"

"This Yi turtle beast is the same as my Xiaoqing? It is also an ancient fierce beast?" Li Tian said in shock.

Li Tian didn't know about the ancient four fierce beasts! He thought his Xiaoqing was nothing in a million! Unexpectedly, it turns out that there are three other ancient four fierce beasts! ! This of course surprised Li Tian in front of him.

"Yes! Yi turtle beast ranks fourth among the ancient four fierce beasts!!!" said the white-shirted old man in front of him.

Li Tianyi was taken aback and asked, "What about my Xiaoqing? What is it?"

The white-shirted old man frowned slightly and said, "It's true that the blue dragon beast on your boy is the boss of the four fierce beasts in the ancient times, and it is the number one!"

When the white-shirted old man said so, Li Tian suddenly felt a sense of excitement in his heart!

It turns out that the blue dragon on his body is still the eldest brother of the Yi turtle beast!

"By the way, what are the other two ancient fierce beasts?" Li Tian asked curiously.

The white-shirted old man laughed and said, "You don't need to know this for now...soon you will slowly know."

After speaking, the old man in white shirt turned his head around, as if he was not going to tell Li Tian.

Li Tian saw that the white-shirted old man didn't tell himself, and he didn't ask too much at the moment.

At this moment, I saw the terrifying ancient beast "Yi Turtle Beast" slowly emerging out of the sea...

Seeing that such a big ancient giant beast emerged from the sea, there was no wind and waves on the entire sea, and the huge waves began to shoot violently towards the ghost ship...so that the entire ghost ship was shaking violently.

Suddenly, a cold light flew out from the bottom of the sea.

Look carefully at that light, it is a protective barrier like a light mask, and under the protection of that light mask, there is actually a gray-haired old man inside.

The old man was not tall, and he was wearing a white robe...When he shot out from the sea, he flew straight into the sky with a swish.

Then the whole body lightly fell on the "Yi Turtle Beast".

In this way, a strange old man, a huge and extremely ancient beast, began to slowly swim towards them.

"That...that...is that a fairy? Or a monster,"

"Big brother, that old man... unexpectedly flew out from the bottom of the sea...too... terrible!" The little girl in front of me saw the white-haired old man suddenly shoot out from the bottom of the sea. , Could not help looking at Li Tiandao in fear.

Li Tian held the little girl's yin girl's hand and said, "Don't be afraid! If your brother is here, your brother will protect you."

The little girl yin girl hid behind that Li Tian, too scared to speak any more.

When the ancient beast "Yi Turtle Beast" suddenly swam over with an odd old man, the old man Long not only sighed deeply!

"Big Thousand Worlds, there are really strong people coming out! The old man has been living on the land of the Spirit Earth... Only now did I know what it means to be a human being, there is a heaven and a sky!!! It is ridiculous, ridiculous. Sighing while laughing at himself.

After speaking, he suddenly raised the huge wine gourd in his hand, and then took a few sips.

Just as the ancient beast "Yi Turtle" was carrying a mysterious old man from the sea, the old man in white shirt suddenly said to the subordinates beside him, "Everyone worships the White God!"

In one word, all the people in the white shirts or black shirts on the ghost ship knelt on the ground! Then they all faced the so-called "White God!"

"White God?"

"White God"

"Could it be that the one riding on the ancient beast Yi Turtle Beast is one of the so-called four main gods in the temple: the White God?" Li Tian said secretly.

Then blinked and looked at the white \*\*\*\* carefully!

I saw the old man called Baishen, short in stature, lying on the huge "Yi turtle beast" at the moment.

While swimming towards the ghost ship, he murmured in his mouth: "The old man was fishing today, and none of them were caught. It's really bad luck, bad luck."

His voice came from the front leisurely, although the voice sounded very small and very small, but when it reached everyone's ears, it was very clear and clear.

After speaking, the gray-haired old man stretched out a lot of laziness, and then stood up slightly from the shell of the "Yi Turtle Beast".

Squinting those eyes that exude endless light, looking at the ghost ship where Li Tian and the others are.

"It turns out that Xuantian and Xuandi are back."

He murmured a word, and suddenly, his body stretched out, and only a ray of light came.

With a swish, the White God had already arrived on the ghost ship.

"Xuan Tian, Xuan Di, see White God!"

The moment the White God boarded the ship, the white-shirted old man in front of him and the black-shirted old man knelt down together, and the eyes of the two people were full of endless respect!

The White God didn't even look at them, but just waved his hand slightly!

Then a pair of eyes emitting this brilliant light looked at Li Tian and others in front of him.
