

A Killer 2991

Chapter 2991: Second day

At this moment, Li Tian saw that the water man plunged into the deep lake, and then Li Tian began to fly towards the thirteenth heaven!

At the thirteenth heaven, Li Tian finally came.

But seeing Li Tian quickly flew to the other side of the lake!

Standing on that shore, looking at the "Sky Tower" that towered into the Yunfeng a few hundred meters in front, at that moment, Li Tian felt a sense of nameless excitement in his heart.

"I finally came to this thirteenth heaven!!!"

Li Tian was looking up at the Qingtian Tower Road.

Although Li Tian raised his head, he couldn't see the top of the "Sky Tower" at a glance! He can only see half of it, because this half of the distance has already risen into the sky!

"Hey, I really don't know, who in the world can reach the top of the thirteen heavens!!!"

Li Tian murmured there.

After saying this, Li Tian began to walk forward.

He wants to enter the thirteenth heaven and cultivate! Only practice can make him stronger and save his own woman!

With such hope in mind, Li Tian walked towards the "Sky Tower" step by step.

As he got closer and closer to the "Optimus Tower", Li Tian felt the more awe-inspiring it exudes! As if in front of this **** tower, everything will become like clouds.

I walked quickly to the front of the "Sky Tower", but I saw that the first thing I saw was a huge courtyard gate, which was already withered, and on the left and right sides were two huge stone dragons, carved The sparkle is like life!

The fence on the gate of the courtyard is old and dilapidated, as if it has been baptized for tens of thousands of years.

At the top of the courtyard, I saw a few seal characters deeply carved on it.

"Thirteenth Heaven!"

The four words, solemn and mighty, appeared in Li Tian's eyes.

Looking at the words of the thirteenth heaven, Li Tiantian's heart was full of passion!

After looking at these words for a few times, Li Tian stepped into the thirteenth heaven.

After entering this courtyard, the "Sky Tower" appeared in front of Li Tian.

What a tall and big tower!

This tower is small and big! The first layer is the largest! Seeing Li Tian approaching the first floor, looking at the ancient glazed tiles and the incomplete stone wall, Li Tian felt a slight sorrow and grief in his heart for some reason.

"Hey, such a tower, I don't know how many generations of people in the wind have come in... I don't know how many people in the world are slowly falling here!!!"

Li Tian muttered under the Sky Tower.

After a soft sigh, Li Tian began to walk towards the first floor.

After arriving at the biggest first heaven, I saw a dilapidated sign hung on the first floor, and the sign said "One Heaven"!

Those three characters seem to be used by people with inner strength, and the extreme of gang strength is engraved on it.

After a few glances, Li Tian then prepared to go in.

"I don't know, what happened to Old Long, and the old dean...?"

Li Tian murmured secretly while walking into the first heaven.

But when Li Tian came to the front of the gate of the first heaven, he saw that there were two iron gates with wide light poles, which were tightly closed there.

Li Tian glanced at the iron gate, then stretched out his hand and pushed it away slightly.

As Li Tian's hands pressed hard, the huge iron door was pushed open directly.

At the moment of pushing away, an ancient dust fell from above, and suddenly passed into Li Tian's breath.

"A lot of dust!" Li Tian said while covering his nose.

It seems that no one has come in here for hundreds of years.

After Li Tian clutched his nose and entered the first heaven full of ancient dust, Li Tian then blinked his eyes and looked around.

But seeing the first heaven, which was extremely spacious and there were several separate rooms in it, Li Tian walked in slowly, then blinked his eyes and started to look there.

I saw it was extremely empty here, except for the ancient dust left on the ground, what was left were the weird stone walls!

Li Tian took a closer look, but saw that all the carvings on the stone wall were illusions!

"Fire Illusion: Dark Fire Art!"

"Wind Illusion: Forest of Wind!"

"Thunder and Lightning System Illusion" Thunderstorm Shield! "

...

Looking at the illusions engraved on the stone wall, Li Tian was stunned.

"It's really all magic tricks!" Li Tian suddenly exclaimed.

I saw that these illusions engraved all over the wall were all the illusions of the Spirit Earth Continent, but the illusions here seemed to be all intermediate illusions! ! !

The illusions of "Netherfire Art, Wind Forest, and Thunderstorm Shield" that Li Tian saw just now are all intermediate illusions!

Looking at these illusions on the walls, Li Tian was slightly stunned.

"It seems that this first heaven is these intermediate illusions!"

"If you reach the second heaven, is it a high-level illusion? What about reaching the third heaven? What kind of illusion would it be?"

Don't forget, there are thirteen heavens here!

If according to Li Tian's mind, this is the case, then the remaining illusion skills will completely shock Li Tian! ! !

Ever since Li Tian came to this Spirit Earth Continent, all he has known is the three stages of illusion skills: intermediate, high, and low-priced!

And what he learned was the illusion of these three stages!

Now that he suddenly entered the "Thirteenth Heaven", Li Tian didn't know why, he only felt that the illusion skills he had learned before were simply shuddering in the ocean!

Looking at the magical secrets on the wall, Li Tian was excited and excited again!

Hey, it's a pity that Li Tian no longer uses these intermediate illusions!

Therefore, Li Tian doesn't have to stay too much at all in the first heavy day!

He can directly enter the second heaven.

So after Li Tian thought so, he was ready to set foot on the second heaven.

From the first heaven to the second heaven, you must step on that attic, and after reaching the attic, you will reach the second heaven.

At this moment, Li Tian looked at the attic, so he started to walk towards it.

Li Tian stepped on the wooden ladder and began to walk up step by step. As he walked up, Li Tian suddenly heard that there seemed to be someone in the second heaven! Because he heard the movement.

"Someone is in the second heaven?"

After Li Tian was shocked, he quickly boarded the second heaven.

After boarding the second heaven, Li Tian saw that the second heaven was almost the same as the first heaven, except for the empty stone walls inside... all that was left was messy ancient dust!

But all those stone walls are engraved with magic tricks!

Chapter 2992: Four-Image Surgery

But he said that when Li Tian stepped into the second heaven, he saw the stone walls standing horizontally in the huge space.

All above are engraved with magic tricks.

While Li Tian was observing, there was movement over there.

"There are really people in this second day!!!"

Li Tian murmured to himself, and then his figure flew past with a flash.

After reaching the corner, Li Tian took a glance and saw a familiar figure right now, practicing exercises against the stone wall!

Old Dean Hollis!

But it was said that the person on the second day was the old Dean Hollis.

After seeing the familiar figure of the old dean, Li Tian was stunned.

"Old Dean..." Li Tian exclaimed, and hurried to the old Dean Heris.

But he said that the old dean Hollis was cultivating the peerless illusion on the stone wall with all his heart...I wonder if it was because he was too focused and didn't hear Li Tian's shout? It was for other reasons...but seeing that the old dean Heris didn't move, as if he hadn't heard it, he continued to practice the illusion technique on the stone wall.

"Old Dean." Li Tian quickly reached behind the old Dean, and then shouted excitedly.

However, the old dean still turned a deaf ear! As if he hadn't heard Li Tian's words at all.

Li Tian was depressed at this moment, and he said to himself: What happened to the old Dean Hollis?

After thinking about it, Li Tian suddenly patted the old Dean Hollis on the shoulder with his hand.

"Old dean, I am Li Tian!" Li Tian stretched out his hand and patted the old dean's shoulder.

After that Li Tian stretched out his hand and patted the shoulder of the old Dean Khris, the old Dean Khris suddenly stunned, and then suddenly turned a very serious face, and then suddenly took a cold look at Li. day.

"Li Tian, is it you?" There was a little surprise in the voice of the old dean.

After seeing the old dean recognizing himself, Li Tian smiled and said, "Old dean, you have come to this thirteenth heaven!"

But seeing the old dean there quickly nodded and said: "Yes, yeah!"

"Li Tian, take a look, see that all on this stone wall are the peerless illusions of the Lingtu Continent... and they are all illusions of higher rank and above! Hurry up and learn... hurry up and finish these illusions... after you finish learning them, You will become stronger than ever before." The old dean said a strange enthusiasm in his eyes.

Then Li Tian just smiled indifferently when he heard the old Dean Hollis say so, and said: "Old Dean, what do I want to ask you first?"

"Ning Bing... and Elder Long, did they also follow the thirteenth heaven?" Li Tian asked.

In Li Tian's heart, people are always more important than peerless secrets.

Therefore, Li Tian does not care much about these peerless illusions in front of him.

However, after Li Tian asked, he saw that the old dean said impatiently, "Yes, they are, they are all there."

Listening to the old dean's tone like this, Li Tian was not only slightly surprised, but also secretly said, why is this old dean different from the rich?

But what about the old Dean Herris at that moment?

After uttering those words impatiently, then he continued to practice against the stone wall!

It seems that the whole person is fascinated.

"Old Dean, do you know which floor Ningbing is on now?" Li Tian was concerned about Situ Ningbing, so he asked at this moment.

After asking, he saw that the old dean was obsessed with the peerless illusion on the stone wall, and then ignored Li Tian at all.

Li Tian was taken aback, and asked again, "Old Dean?"

As soon as he said it, the old dean suddenly turned an angry and serious face, staring at Li Tian there.

"You kid, why do you have to disturb my cultivation in front of me?"

"Go, go, go, can you go to one side? Don't bother me to concentrate on cultivation!" The voice of the old dean Heris showed disgust.

After speaking, the old dean Heris continued to face the stone wall and began to concentrate on cultivation.

Li Tian looked at the obsessive look of the old Dean Hollis and his indifferent attitude. At that moment, not only was he shocked!

"What happened to the old dean?"

"How can he be so obsessed? His expression... is completely strange to him? Is he still the amiable old dean before?" Li Tianzai suddenly couldn't help asking.

Looking at the weird back of the old dean, watching him practice on the stone wall like crazy!

At that moment, Li Tian only felt that they were all strange.

"Hey!"

Li Tian finally sighed helplessly, and then left the old Dean Heris silently.

After leaving, I saw that Li Tian was looking at the surrounding empty stone walls... but I saw that all the magic secrets engraved on those stone walls!

And all are high-level illusions in each department.

Such as: the fire technique in the fire illusion!

Such as: the lightning strike in the thunder and lightning illusion, etc...

There is also in the wind illusion: the art of manipulating the wind shadow.

...

Li Tian looked at the full wall of illusion art secrets, and his heart faintly lined up: "Now I finally understand why the characters in the temple are so powerful! It turns out that there are peerless illusion secrets in these 13 days. what!"

Li Tian looked at the magical secrets on the wall, and looked for it!

In the end, he found a high-level Qi illusion technique.

Li Tian has a special liking for Qi illusion, and it is also his favorite illusion...So at this moment, he only found some secrets of Qi illusion.

"Four-like vertical air technique!"

Li Tian finally saw a high-level Qi illusion technique that was suitable for him in the most corner place.

But seeing that the "Four Elephants Vertical Qi Art" relies on the support of powerful body and spiritual power, and then displays a few marks in a short period of time, and then transforms into the four elephant beasts in the air. The four elephants are respectively the "tiger". , Leopard, eagle, snake!"

Then use the breath to manipulate the "four elephants" and then attack the enemy.

After seeing the comment on the stone wall, Li Tian felt that this Qi illusion technique was a bit interesting, so he began to practice carefully.

This "four-image vertical qi technique" is a high-level illusion technique of qi illusion technique. According to the truth, ordinary people may need to practice for one or two years to achieve success! For people with good qualifications, it takes several months!

But what about Li Tian?

For him, how long will it take him to cultivate and complete the four-image vertical qi technique?

But seeing Li Tian sitting there cross-legged, a pair of sparkling eyes stared at the graphic annotations on the stone wall over and over again.

"Turning the intangible into the tangible! It evolved from the ethereal state of the four images..."

Following Li Tian's mouth silently chanting those annotation pictures and texts, he suddenly revealed an extremely powerful spiritual power all over his body...

Those spiritual power suddenly formed in his mind, and then accumulated spiritual power according to the "tiger" shape imagined in his mind!

Then his right hand quickly condensed a "tiger mark".

"Tiger Elephant!"

With a loud shout, Li Tian suddenly stretched out his hands. At the moment when he stretched out his hands, suddenly a mass of breath condensed from his hands, and then a two-meter-long "tiger" appeared out of thin air in front of his body. "!! !

Chapter 2993: Advanced Illusion Barrier

The so-called "four-image vertical air technique" is to rely on the illusion art to transform into the "four-image thing" to fight for it!

The current Li Tian has condensed into a single head in just half an hour: Tiger Elephant!

It can be said that the cultivation speed is simply too fast, and it is simply incredible.

You know, if these four-image vertical energy techniques are extremely talented, it would take months!

All this is because Li Tian ate so many fairy fruits.

However, after Li Tian condensed into a tiger elephant at this moment, an excitement appeared in his eyes.

"Tiger Claw!"

Li Tian screamed in his mouth, but saw the tiger elephant that morphed out of the void suddenly roared, two tiger claws caught in the air through the air, hissing energy followed the tiger claws' grasp. Out and radiate this voice.

"Not bad! Very good!" When Li Tian saw that the tiger elephant had such an offensive power, not only was he secretly surprised.

At this moment Li Tian has already trained as a tiger elephant, and he will continue to cultivate the remaining three elephants when he is left!

Tiger, leopard, eagle, snake!

Four animal elephants!

Next, Li Tian should cultivate the remaining three elephants!

The remaining three elephants only took Li Tian more than an hour!

As this hour passed, Li Tian's whole body was steaming white gas... Those weird white gas slowly evaporating from the top of his head!

Li Tian's eyes closed tightly, suddenly opened, and then his hands put out two completely different seals in the void!

One is the Eagle Seal!

The other one is the snake print!

After showing two seals with both hands, Li Tian shouted: "Eagle hits the sky!" "Snake tangled up!"

When he yelled out, he suddenly heard a "neigh" and saw a giant eagle transformed from Qi form flying over Li Tian's head, but the giant eagle was almost one meter away, and at this moment the giant eagle flew out. , Two claws grabbed into the air, whistling and fierce!

And at the same moment, I saw a poisonous snake about two meters long from Li Tian's foot position. The poisonous snake was also transformed by breath. I saw that the poisonous snake had a triangular head, a cobra! At this moment, there was a poisonous core, and then the whole snake body was slightly entangled, lying in front of that Li Tian.

This is the "eagle form" and the "snake form".

At this moment, Li Tian, when he saw that he had fully realized the "four-image vertical air technique", not only a smile appeared at the corner of his mouth!

"Great, I Li Tian finally learned another layer of powerful Qi illusion!"

I saw Li Tian said in that extremely pleasantly surprised way.

Now Li Tian has learned all the "Four Elephants"!

The tiger, leopard, eagle, snake, and the four elephants have all been deeply grasped by Li Tian.

After learning this Qi illusion technique, Li Tian did not continue to learn other illusion techniques...Instead, he quickly ran towards the old dean who was cultivating over there.

"Old Dean, how is your cultivation?" After Li Tian walked over, he looked at the old Dean Heris and asked.

But seeing that the old dean Heris didn't have time to pay attention to him at all, at this moment, a pair of eyeballs stared at the peerless illusion on the stone wall in front of him, slowly studying there.

"Old Dean?" Li Tian saw that the old Dean did not answer, and at this moment he not only cried out again.

However, at this moment, the old dean still seemed to have not heard it at all! He was completely indifferent to Li Tian's question.

Li Tian saw that the old dean hadn't looked at himself from beginning to end, and he was not only discouraged!

Hey!

It seems that this old Dean Khris is about to get caught up in the practice! You can't even hear the shouts in your ears!

Forget it, if that's the case, then Li Tian won't bother him anymore!

Looking at the old Dean Heris, Li Tian finally murmured there: "Old Dean, I'm going to look for that Ningbing first... and Long Lao them!! Wait until I find them," I'll call you again!"

After speaking, Li Tian was ready to leave this second heaven!

Li Tian is not obsessed with these illusions in front of him, in his eyes, although these illusions are high-level illusions! But he is not a fool, because he has only reached this second day!

Don't forget, there are thirteen heavens in front of you!

Since the wood **** once said that in these thirteen days, there are peerless illusions, then there is no doubt... the above ten illusions are definitely more profound than the illusions here!

So Li Tian felt that he had to learn the strongest illusion technique! And you can't just waste time on the first and second tiers.

After Li Tian thought this way, he began to prepare to step into the third heaven.

After taking a last look at the obsessive back of the old Dean Heris, Li Tian began to walk towards the attic.

When Li Tian was about to go up to this attic, he suddenly discovered that there was a layer of illusion barriers around the ladder leading to the third heaven!

When Li Tian saw it, he was stunned.

"Hey, what is this? There is still something blocking it?"

Looking at this faint illusion barrier, Li Tian suddenly stretched out his hand to touch it, and a rebounding force immediately shook towards that Li Tian!

Li Tian's arm was numb for a while, and then quickly retracted.

"So powerful!"

"Could it be that this leads to the third heaven, but also to break through the illusion barrier?" Li Tian thought secretly.

What he had guessed was correct!

Except for the first heaven, all the levels that go up will all enter one to: the assessment of the advanced illusion barrier!

And this illusion barrier with huge resistance in front of me is the so-called "advanced illusion barrier."

Not everyone can go to these higher heavens casually! otherwise? The thirteenth heaven, isn't it that whoever wants to reach the number one will reach the number one?

Anyone who wants to set foot on a higher level of cultivation level must rely on strength to break through the "advanced illusion barrier" in front of him, otherwise he will not be able to reach another higher level for a lifetime! ! !

The "advanced illusion barrier" in front of this is natural!

Except for using illusions to break this illusion barrier, any external force... or method can hardly break this illusion barrier! !

Even with the use of gunpowder and bombs, it is difficult to break the "advanced magic barrier" in front of him.

However, at that moment, Li Tian, at the moment when he was looking at the faintly transparent "advanced illusion barrier", he not only murmured: Huh? Am I still not on the third heaven?

"Let me break your illusion barrier!"

After Li Tian secretly said these words in his mouth, he then suddenly began to accumulate the spiritual power of his body onto his arms!

After accumulating the spiritual power of the whole body and reaching his arms, Li Tian then stretched out his right hand slightly, and then pressed it toward the "advanced illusion barrier"!

At the moment his hand, which had accumulated spiritual power, slightly extended to the "advanced illusion barrier", a huge counter-shock force suddenly began to block that Li Tian!

After Li Tian felt the extremely powerful resistance, his heart faintly lining: "It seems that this advanced illusion barrier is a bit weird! Why is the resistance so strong?"

Chapter 2994: Feeling old man

Li Tian now felt that this "advanced illusion barrier" was definitely not an ordinary illusion barrier. It is made of heaven and earth, and the power is extremely weird.

After Li Tian noticed this, he didn't dare to be careless, and slowly put the palm full of spiritual power slightly on it.

After Li Tian's palm touched the "advanced illusion barrier", immediately after seeing the slight light curtain began to fluctuate, and then a terrifying force of counter-shock began to spread towards Li Tian's arm.

Just as the bursts of force rushed over, Li Tian then used his body's powerful spiritual power to block it.

Under Li Tian's powerful spiritual power, the power that came from the illusion barrier began to grow stronger.

"puff!"

Suddenly a muffled sound came out.

I saw that the illusion barrier that originally blocked Li Tian suddenly disappeared!

broken!

Li Tian finally broke the illusion barrier.

At the moment of breaking the illusion barrier, I was surprised to see Li Tian.

Looking at the disappearing "advanced illusion barrier", Li Tian walked over quickly. After he walked past, the "advanced illusion barrier" that had just disappeared rose again...

"Hey, when you step into the third heaven, there is such a powerful illusion barrier!!! There are ten heavens behind... how difficult is that?"

Li Tian couldn't imagine it now!

Before Li Tian thought, these thirteen heavens were not that complicated! But now after entering here seriously, he suddenly understood that what the Wood God said was right! ! ! These thirteen layers of innocence are extremely difficult! ! No wonder no one has truly reached the peak for thousands of years! No one knows what the outcome will be when the thirteenth heaven is reached!

Li Tian thought to himself as he stepped on the third heaven.

The third day!

As Li Tian stepped up the ladder step by step, a strange scene appeared in front of him.

But seeing that the space in the third day was even more than the first two floors! And there are many, many people inside!

At a glance, there are not 67 old men here.

Some of these elders were staring at the stone wall quietly, and then practicing there!

Others, holding a weapon in their hand, gestured one by one according to the moves on the stone wall...

They look different, and they all wear different styles!

But all of them have gray hair and extremely deep wrinkles on their faces! It can be seen that they are already very old.

Looking at these weird old men, Li Tian walked up step by step.

"Hey, there are so many old seniors in this third heaven? I don't know Old Long... and Ningbing can they be here?"

Li Tian thought secretly there.

Thinking of this, Li Tian walked up quickly.

After entering this third heaven, but seeing those old men who were concentrating on cultivating, they didn't even glance at that Li Tian at all...It was as if they were too focused to find out.

After Li Tian walked into the third heaven, he looked around first, he wanted to find Lao Long...and Situ Ningbing...

Unfortunately, after looking around, he didn't see Old Long and the others.

At this moment, Li Tian couldn't help living in the slight dark lining: Since Mr. Long is not here, then... Mr. Long should be at a higher level? Yes, Long Lao is so powerful! It should be enough to reach the point of crossing the third heaven.

Just when Li Tian was thinking this way, suddenly an old and muddy voice came over.

"Young man, is it amazing? So young has come to this third heaven?"

After hearing the voice from behind, Li Tian quickly turned his head, but saw a white-haired old man in a shabby gray robe standing behind him.

The old man's gray robe was already in tatters! The shoes under my feet also showed their toes...At the moment they looked just like the beggars outside.

There were wrinkles on the old man's face, and bloodshots were mixed in the twinkling eyes.

Looking at the old man, Li Tian smiled on his face and said, "Senior has passed the award!"

The old man suddenly laughed and said, "I didn't praise you, I just told the truth."

"If the strength in the world can find a place to divide high and low, then there is no doubt that it is the most accurate in these 13 days." The old man said there.

When Li Tian heard him say this, he smiled slightly and said nothing.

"Young man, what time is it now?" The old man suddenly asked.

Li Tian was stunned, immediately startled.

"Um? Time?"

But seeing the old man said, "Yes! I want to know how many years is the spiritual land continent now?"

It turned out he meant this!

When Li Tian came to Lingtu Continent, he used to be at Bander College, and he heard from the students that it is now 608 years in the Lingtu Continent!

So at the moment, Li Tian replied, "Senior, it's 608 years in the Spirit Earth Continent calendar."

"Ah? It's been so long..." Suddenly the old man screamed in surprise.

When Li Tian heard this, he not only looked at the sloppy old man in surprise.

But seeing the old man's eyes trembled violently... his mouth was also slightly open... as if he was surprised and very general.

"Unexpected...unexpected...time has passed so long!!!" Suddenly the old man sighed deeply there.

He sighed with guilt...with the helplessness and sadness of sighing years.

"Hey, in a blink of an eye, I have been in these thirteen days, almost 150 years!" The old man suddenly said sadly.

what?

When Li Tian heard this, he almost screamed.

"Senior, you...you...you have been here for 150 years?" Li Tian cried out in surprise.

But seeing the gray-robed old man sighed sadly, "Yes."

"Senior... why... why are you staying here all the time?" He just heard that Li Tian asked depressedly, he really didn't understand.

I saw the gray-robed old man grinning bitterly, "Why? Not to make yourself stronger! Even more powerful!"

That's it!

Li Tian suddenly said with emotion there!

It seems that one's desire to become stronger is really terrible! Li Tian thought secretly in his heart.

"I'm sorry to my relatives in Lingtu Continent! I'm sorry to my children in Lingtu Continent..." Suddenly the old man said desperately there, very sad.

Then Li Tianyi heard the old man say this, and said, "Senior, it turns out that you also came from Spirit Earth Continent?"

"Yes!"

"I came here when I was very young... It's a pity..." The old man didn't finish the remaining words, and suddenly he became sad.

Chapter 2995: Eighth Day

"Senior, I want to ask, do these seniors who stay here have stayed here for a long, long time?" Suddenly Li Tian asked the many old men who blinked his eyes and looked around. Say. .

These old men are exactly the same as the gray-robed old men in front of them! They are all very old, and they are still practicing obsessively against Shek Pik.

Following Li Tian's question, the gray-robed old man in front of him suddenly nodded and said, "Yes!"

"Most of them are the same as me, they have stayed here for a long, long time..." Only the gray-robed old man murmured there.

When Li Tian heard this, his heart was shocked!

God, these people have been here for a long, long time... and they are all trying to make themselves stronger? That's why I gave up everything! Even his own relatives!

"Is there really such a great desire for a person to become stronger?" Li Tian suddenly sighed slightly.

After Li Tian finished speaking, the old man in front of him suddenly smiled bitterly and said, "What do you think?"

"Don't you just enter the thirteenth heaven just to become stronger?" The old man suddenly asked Li Tiandao.

Li Tiandao opened his mouth... as if he wanted to argue, but in the end he didn't say it again!

Because this is indeed what Li Tian meant!

Li Tian did come to the thirteenth heaven to make his strength stronger! Although he entered more because he wanted to save that Situ Ningbing... but he meant to make himself stronger after all!

Therefore, Li Tian did not argue too much.

But seeing the sloppy gray-robed old man suddenly said: "Forget it! I won't talk to you... I have to hurry up to practice! Talking with you for so long... has wasted my long time ."

After speaking, the old man suddenly ran to the stone wall over there, then looked at the illusion technique secret book on the stone wall, and then began to concentrate on the cultivation.

Looking at the old man who went to practice, Li Tian was completely depressed.

My heart lining secretly: This old man was still feeling that the years have passed... I'm sorry for my loved ones! But just a blink of an eye? He actually forgot everything again, and started to cultivate like crazy again?

"Hey! Are all these people in the thirteen days already crazy? Are they obsessed?"

Li Tian murmured.

After speaking, Li Tian walked over, he wanted to look at the illusions on these stone walls.

I saw that these illusions were all illusions that Li Tian had never seen before.

"Thunder Jie Tianshu!"

"Dark Water Flowing Heaven Technique!"

"Heavenly Anger!"

...

Li Tian watched them one by one.

Huh?

Why are these illusions with the word heaven added behind them? Li Tian was wondering there!

He actually didn't know that this so-called heavenly technique was the meaning of the illusionist supreme! That is, after the cultivation reaches this state, it has reached a peak.

Before that, the Holy King Shura used: Aojian Hanshuang Tianshu! And what Long Lao used: the qi sinking ten thousand sky technique, it is enough to explain everything!

And now these strongest illusions at the time are all in this third heaven? It means that these extremely powerful illusions can only reach the third realm! So the fourth heaven? The fifth heaven? What about the sixth heaven? What kind of abnormal existence are these?

Li Tian stood there thinking weirdly.

Just as he was thinking about it, suddenly, the entire Sky Tower shook violently!

Then in the sky above, there was a loud howl, and the sound shook the sky. It buzzed in people's ears, with a piercing feeling! The strength is extremely strong.

"What sound?" Li Tian suddenly said in shock when he felt that the Sky Tower on which he was standing was shaking a little.

At the same time, the eyes of the elders who were cultivating next to them suddenly lit up.

Just listening to the gray-robed old man who was talking to Li Tian just now, he suddenly exclaimed, "Could someone break through the Eighth Heaven?"

"It should be!!!" The other elders around all shouted with envy in their eyes.

It turns out that as long as a strong person breaks through the eighth heaven, the entire Sky Tower will shake like an earthquake... as if to congratulate! This is also the reason why these old men in front of them can't help screaming

"Let's go, let's go to the window to see if it is that expert who broke through the realm of the eighth heaven!"

As they yelled out, all these old men ran towards the window on that side.

At this moment, Li Tian was slightly startled when he heard their discussion.

"Eighth Heaven?"

At this moment, he hurried over. As far as he knew, there were definitely very few strong people who could reach the eighth heaven!

Looking at the entire temple, I am afraid that only the wood **** and others can do this again.

After that Li Tian ran to the window quickly, he looked up at the outside curiously just like the old men.

After looking into their eyes, they saw a white shadow falling from the sky!

The speed of that figure was like a photoelectric...Although it was as fast as a meteor, it was still clearly seen by Li Tian's eyes.

"It's him!"

"White God!!!"

Suddenly Li Tian shouted there.

It turned out that the so-called strong man who broke through the eighth heaven was the "White God", one of the three main gods of the temple.

When Li Tian saw that it was the White God, he was immediately astonished.

The White God was one of the first three gods Li Tian saw before entering the temple! And he was riding an ancient beast: Yi turtle beast!

And Baishen kidnapped the little yin girl!

However, after seeing Li Tian clearly that it was the White God, he was ready to chase him out! He wants to know the whereabouts of the vulva...

However, when he was about to chase after him, the figure of the White God had already shot into the distance like a photoelectric... disappeared without a trace!

The speed of that white **** is too fast! Li Tian couldn't catch up at all, looking at the disappearing White God, Li Tian could only be depressed.

"Hey! People have broken through the eighth heaven!!!"

"It's really enviable!!!"

Just listen to the envious screams of the old people standing at the window.

From their pupils, they could see those obsessive looks.

"Forget it, let's hurry up and practice!"

"I hope that one day, I can also break through the eighth heaven..."

Those elders were talking about it one by one, and they hurried over to practice!

Li Tian looked at their obsessive figures, not only a sad look appeared in his eyes!

He is sad those old men! ! !

Chapter 2996: Speed advanced

Looking at the illusion on the wall, Li Tian felt an unspeakable taste at that moment.

The world only knows vain... but doesn't know what if a person is alive, no matter how strong he is?

On the third day, those old men were still practicing crazy!

They don't know how many lives they have stayed here... Maybe in a while, they will all die here... But who cares?

Li Tian looked at everything in the third day, and a feeling of pity surged from the bottom of his heart.

Then, in the third day, he did not learn anything!

But suddenly stepping into the fourth heaven.

"It's this advanced illusion barrier again!"

When Li Tian was about to set foot on the fourth heaven, he suddenly saw the advanced illusion barrier.

Only by breaking through this illusion barrier can we enter the fourth heaven.

Li Tian looked at the illusion barrier, suddenly stretched out his hand filled with spiritual power, and then entered the illusion barrier.

After his palm full of spiritual power suddenly entered the illusion barrier, there was an extremely strong force that shocked back immediately, this force was much stronger than the previous illusion barrier of the third heaven!

At this moment, I saw that Li Tian's whole body's spiritual power glowed with the display...Look at the advanced illusion barrier, as Li Tian's spiritual power surged, it began to weaken slightly.

boom!

Just when all the elders in the third day concentrated on cultivating, suddenly the "advanced illusion barrier" burst into a loud noise!

Then the "advanced illusion barrier" that originally blocked Li Tian suddenly disappeared!

Li Tian broke through the third heaven!

Although he didn't practice any martial arts in the third day at all...he didn't practice even the heavenly magic! In this way, Li Tian resolutely broke through the third heaven.

Hearing the loud noise, all the old men who were cultivating in front of them were shocked, then all turned their heads and stared at that Li Tian.

"what?"

"That...that...boy actually broke through the third heaven?"

"How could it... break through the third heaven in such a short time?"

Those old men with bloodshot eyes were all in that speechless Li Tian who was staring at this moment, and all of them were speechless and could not believe it!

"He... he... he just came up from the second day... Now, he has broken through the third day again? This kid... how strong is this kid?" The gray-robed old man who said hello suddenly said in disbelief.

All the elders at this moment are looking at that Li Tian in disbelief.

But he said that after Li Tian broke through the third heaven, he walked straight up!

The fourth heaven! he came!

Amidst all the old men's surprised and shocked eyes, they saw that Li Tian stepped into the fourth heaven step by step.

The first three heavens were basically the most basic illusions on the Spirit Earth Continent!

Wind, fire, thunder and lightning, water, gas! These five illusions.

Starting from the first level of the intermediate illusion technique, it has reached the third level of the heavenly technique... During this period, Li Tian only practiced a useful qi illusion technique, that is, the four-image vertical qi technique. Other than that, he did everything Did not learn anymore.

But he still survived the third heaven!

Now he is about to reach the fourth heaven! What kind of illusion will the fourth heaven be?

You know, the five strongest illusions on the Spirit Earth Continent are all within the triple heaven! ! !

Can it be the fourth? The fifth level? What about the sixth heaven?

Does this level of increase mean that there are more illusions waiting for Li Tian?

Li Tian didn't know yet, he just walked up step by step.

...

Isolated island, temple!

But I saw a figure in white clothes flying towards the temple at a high speed.

This figure is a guardian in the temple, and his face is solemn... He quickly flew towards the primitive room where the Wood God stayed.

After reaching the place where the Wood God lived, the white shirt man immediately reported at the door: "Report!"

After hearing this voice in the room of the wood **** Gu Mu Xijue, an old and strong voice suddenly came, and said slightly: "Come in."

As the old and strong voice spoke, but seeing the white-shirted man gently pushed open the door of the room in front of him, he saw the simple and simple Gu Muxi sitting on an old chair. , And then holding a book of animal skins in his hand, looking at it slightly.

After the guardian in white shirt entered the room, Gu Mu Xijue raised her eyes slightly, and then asked, "What's the matter?"

"Return to the Wood God, Thirteenth Heaven... something strange happened!" The white-shirted man suddenly replied there quickly.

It turns out that there is a guardian of the temple outside the thirteenth heaven! The thirteenth heaven, who is doing well in cultivation? Who is promoted? They are all clear!

But he said that after the wood **** Gu Mu Xijue heard what his subordinates said slightly, his thick eyebrows suddenly wrinkled slightly, and asked, "What's the strange situation? What do you mean?"

"Return to the Wood God, we have seen a human being ascended to the third heaven in less than a day in 13 days! At this moment, it has reached the fourth heaven!!!"

When Gu Muxi heard that, "Huo" suddenly bounced from the seat. At that moment, he opened a pair of unbelievable eyes, and said to his hand looking at him: "You, what did you say? ??Rising to triple heaven in a row? How is it possible?"

The white-shirted man hurriedly replied, "Thanks to the wood god! This matter is true!!!"

"Impossible! Impossible!"

"The thirteenth heaven, if you don't pass a great heaven, it will cost a lot of spiritual power! Then you can break through the other great heaven the next day... It has been rare to see such a strong man in thousands of years! How can anyone in one day? Within, continuously break through the triple heavens?" Just listen to the unbelievable words of Gu Mu Xi.

It turned out that within the thirteenth layer, every time a layer breaks through, it consumes a lot of spiritual power!

Therefore, no matter how powerful it is, it is impossible to consume so much spiritual power in one day...unless his spiritual power is so strong that it is unimaginable! ! !

But at the moment when Gu Mu Xijue said he didn't believe it, the guardian in white shirt said: "This is true! God Wood, if you don't believe it, you can go to the 13th Heaven to see the situation in person... "

Hearing the words of the guardian in white shirt, Gu Mu Xijue was stunned.

"Could it be true?"

"The world, there really is a strong person who can break through the triple heaven in one day...!!!" Gu Mu Xijue flashed a weird light in her eyes.

Chapter 2997: Rickety old man

"Do you know who has continuously broken through the third heaven?" Just listen to that Gu Mu Xijue suddenly looked down and asked.

I saw the subordinate shook his head and said, "Subordinates don't know yet!"

"Forget it, I'll go to Thirteenth Heaven in person to see what happened!"

The Wood God who was talking suddenly stood up from that wide chair, and then began to prepare to go to the thirteenth heaven!

In this way, Mu Shen really went to the thirteen heavens, he wanted to see what happened!

See who it is, can break through the triple heaven in one day!

...

Sky Tower!

At this moment, Li Tian has already stepped onto the ladder of the fourth heaven!

As he stepped onto the ladder step by step, Li Tianxun wondered what this fourth heaven would look like?

Could there be stronger illusions?

When Li Tian walked up step by step, he suddenly felt that the fourth heaven was very strange!

Because what greets you is not the stone walls engraved with cheats before! It's an empty image.

This fourth heaven seems to have no practice secrets...because there is no magic secrets!

After Li Tian stepped onto the fourth heaven, he was slightly stunned.

"Hey, why is there nothing in the fourth heaven? Isn't it right?" Li Tian thought there.

Then he started blinking and looking around.

After looking around, Li Tian found that the space of the fourth heaven was huge... and there was a mess inside!

Vaguely Li Tian could still smell a strange smell of corpse.

Li Tian stepped forward and walked forward, observing the entire fourth heaven.

Suddenly in the front corner, piled up a pile of gloomy bones.

Roughly speaking, there are more than a dozen bones... Obviously, they have been dead for a long, long time!

"Ah? So many dead people?" Li Tian was shocked when he looked at so many dead people.

Looking at the piles of bones, Li Tian couldn't help but speculate in his mind.

"Could it be that these dead people... are all seniors who practiced in these thirteen days? Are they all dead here?" Li Tian muttered in his mind.

Just when Li Tiantian was thinking so curiously in his heart, suddenly a coughing voice came from the left side.

"who?"

After Li Tian heard someone's voice, he was shocked and hurriedly shouted and said.

Then Li Tian heard a heavy footstep and walked towards this side step by step.

Li Tian hurriedly looked up. After turning his eyes, he saw a rickety figure standing in the left corner, holding an old broom, and then slightly sweeping the ground.

Old man sweeping the floor?

After seeing a weird old man sweeping the floor with a broom and his back suddenly appeared in these thirteen days, Li Tian in front of him was stunned.

Blinking his eyes and carefully looking at the old man sweeping the floor, Li Tian thought about it and walked over.

"Hello, senior..." Li Tian asked suddenly after walking past.

Following Li Tianwen's exit, I saw the rickety old man sweeping the floor slightly and paused.

Then slowly turned a face...

The moment he turned his face, Li Tian was shocked!

Because that face is not a human face at all...

Carefully go to the face of the rickety old man, it is distorted, and there are scars on it. At a glance, those scars seem to be hurt by someone with a sharp weapon! One of his eyes was also poked blind, and his pupils turned white! The other eye is filled with a chilling feeling.

Even now Li Tian, after seeing the old man's domineering eye pupils, he felt a deep pressure invisible!

There is no doubt that this sweeping old man in front of you is by no means ordinary people!

Besides, at the moment when the ugly, rickety old man turned around slightly, his only shocked pupil stared at Li Tian unblinkingly, as if those eyes could penetrate Li Tian. Like heart.

Li Tian's whole body became cold subconsciously.

Looking at the rickety old man in front of him, he said, "Senior... I am sorry to disturb you." Li Tian said politely.

As Li Tian said so, the rickety old sweeping man took a close look at Li Tian up and down.

"Young man, isn't it? You have reached the fourth heaven at such a young age." A hoarse and unpleasant voice came from the rickety sweeping old man's mouth. As he said, he was holding the one-eyed one at Li Heavenly.

Li Tian smiled slightly, and said, "Senior, you are polite!"

"I want to ask, Senior, can you also be here to enter the thirteen heavens?" Li Tiandao.

After Li Tian entered the thirteenth heaven, all he saw were the people who broke into the thirteenth heaven! Seeing such a rickety old man like this, he couldn't help but ask.

But seeing that after Li Tian asked so, the ugly old man in front of him suddenly smiled strangely.

The hoarse laughter sounded in that Li Tian's ears, it was shocking!

"No, no, no!"

"The old man is not a barrier-breaker! The old man is just an old sweeper." The sweeping old man said slightly.

When Li Tian heard this, he immediately said, "Huh?"

The old man in front of this is not actually the thirteenth heaven? Is he just sweeping the old man?

Is it in these thirteen days? Is there any special cleaning?

After thinking about it, Li Tian looked at the ugly, rickety old man in surprise.

But seeing the ugly rickety old man in front of him, holding the broom slightly in his hands, his skinny grasping showed a weird force! With a casual look, Li Tian suddenly found that on the left wrist of the ugly sweeping old man, he was wearing something like a chain...

Looking at the ugly old man's right hand again, he suddenly discovered that there was also an iron chain link on the right hand of the sweeping old man!

It's just that those iron chains seem to have been broken free by this ugly old man...

Huh?

How come this rickety old sweeper has iron chains on his hands?

Could it be that he has been imprisoned before?

Just as Li Tian was thinking about it, suddenly the old sweeping man who ricketed in front of him said slightly: "Young people, these thirteenth heavens are in a difficult situation. It is extremely difficult to step on every level... ..Because every level needs to be strengthened!!! Now you have reached the fourth heaven! I don't know, how is your cultivation?"

The rickety old man suddenly looked at Li Tianwen with a hoarse voice.

Chapter 2998: Who is he?

When Li Tian heard this rickety sweeping old man say so, he was slightly startled.

Then he said there, "It's true, Senior, I didn't practice much in the third heaven below."

After hearing what Li Tian said, the rickety old man was not only very curious and said, "Oh?"

"You didn't practice those five element illusions below?" The rickety old man in front of him asked with that hoarse voice.

The so-called five elements are of course that: wind, fire, thunder and lightning, water, and air!

Those illusions are arguably the strongest illusions in the world!

The rickety old man didn't expect that Li Tian hadn't practiced much?

After the rickety old man asked so, but saw that Li Tianzai smiled slightly: "En!"

"very good!"

"You young man, very good! Since you can reach the fourth level without cultivating... God!!! You are the second person in the world with this ability! Good, good!" The rickety old man suddenly stood there. He looked at Li Tiandao with relief.

Li Tian not only frowned slightly at the moment when he heard the raspy old man saying so hoarsely.

Muttered in that mouth: "Eh? I'm the second one? Could there be the first one who has risen to the third heaven in succession?"

That Li Tian's muttering voice is very small!

But he was resolutely heard by the mysterious rickety old man.

I saw the rickety old sweeper, whispering in a hoarse voice there, "Yes! There was indeed one more than a thousand years ago... who broke through the Triple Heaven in one day! Oh, no! He broke through the fifth heaven!! The old man forgot that he once broke through the fourth and fifth heavens in a row at night!"

what?

Li Tianyi was completely shocked there.

Although he didn't know, how many times could he break through? But he knew that when the third heaven was promoted to the fourth heaven, the strength of the illusion barrier was already very strong!

If he goes up like this, even Li Tian himself is not sure whether he can break through the fourth heaven below?

However, he has now heard that someone can break through the fifth heaven in succession! ! ! This of course shocked Li Tian!

"Senior, who is that person? It's so amazing?" Li Tian couldn't help but ask about the curiosity in his heart.

The rickety senior, after hearing Li Tian's question, suddenly an invisible hostility rose up all over his body! The terrible hostility instantly filled the entire space! !

Even Li Tian, who was in the room at this moment, felt that extremely powerful hostility! He was a little breathless.

"Hey!"

"It doesn't matter if anyone doesn't mention it!" Suddenly the rickety old man in front of him sighed slightly.

After Li Tian heard a long sigh from this rickety predecessor, his mind was hidden: It seems that there is a story in it!

However, since the rickety and sweeping old man in front of him is reluctant to say more, of course it is not convenient for Li Tian to ask too much.

But he said that after the sigh of the rickety sweeping old man, he suddenly raised that unrecognizable face again, and Li Tiandao, who was looking in front of him, said: "Young man, are you very good too! In less than a day, it has been continuous." The breakthrough of the third heaven... It seems that you are also a great success!"

After Li Tian heard this, he smiled faintly and said, "Senior made a serious statement! I might just be lucky..."

When the rickety old man heard Li Tian say this, he shook his head hoarsely and said, "No, no, no, this is not luck!"

"The old man believes that your body's spiritual power should be very strong!"

Li Tianqian was there and did not speak.

"Come, come, come, let the old man see, how much spiritual power does your body have?" Suddenly the rickety old man looked at Li Tiandao with a weird smile.

When Li Tian heard this, he was shocked.

"Senior... Me?"

Just saying this sentence in his mouth, I saw the rickety old sweeper approaching Li Tian step by step.

What about Li Tian? At this moment, his whole body was suddenly condensed by an invisible breath!

That unprecedentedly powerful vigor completely suppressed Li Tian's strength to refute! Even if Li Tian used all the spiritual power in his body... his body was still unable to move at all!

Gosh!

What is going on with him?

Could it be this rickety sweeping old man in front of you?

But this rickety old sweeper didn't even move at all! Never saw him make a move?

Li Tian stayed completely at this moment!

He only felt that the rickety old man in front of him... totally not human! It's...but possesses...the power like a god!

Even, the arrogant and domineering aura that exudes from the whole body of the rickety old man in front of him is stronger than the wood god...white god...and the goddess Xue Ji, these three guys!

He, he, who is he? is God? Or a mortal?

But he said that Li Tian couldn't move at this moment, and could only stand there.

And the rickety old man with a broom in his hand? Step by step, he came to Li Tian.

Suddenly he stretched out the left hand that was still tied to the iron chain... the sound of crashing came.

I saw the thin left hand of the rickety old man slightly placed on Li Tian's arm, and after lightly touching the arm of Li Tian, a strange light suddenly radiated from the one eye of the rickety old man.

"So strong! What a strong spiritual power!"

"It turns out to be stronger than his spiritual power a thousand years ago!!! Unbelievable, really unbelievable." The rickety old man suddenly said in that weird way.

After speaking, the rickety old man slightly retracted his hand from Li Tian's arm.

In the moment of retracting, the suffocating breath that made Li Tian motionless suddenly disappeared!

Li Tian's body trembled suddenly!

Then he took a few quick breaths... Then he lifted the slightly pale face and looked at the rickety old man with the ancient broom in disbelief and said: "Senior...you... You...Where are you sacred? Can you...can stop me... silently?"

Li Tian's current strength has already reached the level of a strong one!

It is impossible for ordinary people to stop him in an instant!

Even the "Wood God! White God! Goddess and them" of the temple is unlikely!

But what about this rickety old man in front of you?

Who is he?

But seeing the rickety old man with only one eye, he suddenly turned around strangely at this moment, and then said in that hoarse voice: "My name...hehe, the old man can't remember it! !!!"

After speaking, it seemed that he was not going to talk to Li Tian again.

Chapter 2999: The strongest illusion in alien space

Looking at the weird old man with a hunchback and about to leave.

Li Tiantian was extremely suspicious.

At this moment, the rickety old man who had walked a few steps in front suddenly stopped.

After a pause, the rickety old man was there and said with that hoarse voice: "By the way, young man, do you know this is the fourth heaven?"

Then Li Tian was taken aback, and his heart was astonished: Of course I knew that this was the fourth heaven.

After thinking about it, Li Tian replied, "I know."

"Hehe, you have already seen the first three heavens... and you should understand in your heart that it is the peak illusion of the Five Elements illusion of the Spirit Earth Continent from low to high." The rickety old man suddenly said slightly with that hoarse voice. .

Li Tian nodded and said, "Well, yes."

"But do you know what these four heavens are?" The rickety old man suddenly asked hoarsely.

Li Tian is indeed unclear.

Because he discovered that this fourth heaven is completely different from the previous triple heaven! Because this fourth heaven does not seem to have any secrets for practicing illusion!

So when the rickety old man asked Li Tian, Li Tian shook his head there and said, "I, I don't know."

"Well, it's normal not to know!"

"Since you are lucky enough to meet the old man today, the old man will let you spend less time!!!"

"Come on, young man, follow me!"

Suddenly the rickety old man said in a hoarse and harsh voice.

When Li Tian heard the rickety old man say so and such, he was not only secretly surprised, but where did the rickety old man take himself?

"Senior, where are you taking me?" Li Tian couldn't help but asked curiously.

But seeing the rickety old man, while holding the broom in his hand, he said at the other end without turning back: "Take you to see the fourth heaven!!!"

After speaking, he hobbled forward step by step.

That Li Tian heard the rickety old man say so, even though he was extremely curious at this moment, he believed the rickety old man's words.

Because he discovered that the strength of the rickety old man in front of him has completely exceeded his imagination! If it is to kill him, Li Tian can't stop him.

At this moment, Li Tian followed this weird old man closely.

I saw that rickety weird old man led Li Tian through a dark corridor, and then suddenly reached an empty place in front.

But seeing that in that empty place, a black hole suddenly appeared out of thin air! ! ! A very weird huge black hole.

This huge black hole seemed to have been transformed by illusion, and it appeared in this room out of thin air. It was dark and deep, and it was completely unclear what it was here.

Looking at such a huge black hole that appeared out of thin air, Li Tian was immediately stunned.

"Uh? Why is there a huge black hole suddenly here?" Li Tian said with a confused face.

But seeing the rickety and sweeping old man standing by his side, with that harsh hoarse voice said: "This is an alien space in the fourth heaven!"

"The fourth dimension of heaven?" Li Tian was completely stunned after hearing this!

He didn't understand what the rickety old man in front of him was saying.

I saw the rickety sweeping old man who explained in a husky voice: "Young man, this is the place between the thirteenth heavens! The first three heavens, you have already seen it, all of them are wind, Fire, thunder and lightning, water, air, these five illusions! And once you enter the fourth heaven, you will know that in this magical world, there are actually not only those five illusions! Because there are more Powerful illusions! These illusions are called forbidden arts!"

"Regarding the origin of these forbidden techniques, for thousands of years, no one knows the reason! No one knows the root cause! The only thing you know is that once you enter this fourth dimension of alienation, you will find the illusion that suits you!"

Li Tian was stunned for an instant.

what?

It turns out that there are more than these five illusions on the Spirit Earth Continent? there are more?

And all within these thirteen days?

Li Tian thought about remembering the strong man in the temple before!

He remembered that a man in white shirt who had fought with him once used the technique of ice crystals... and also used the technique of sand dust... After thinking about it this way, Li Tian was slightly surprised.

"Um? Could it be that the characters in the temple were forbidden to learn before?"

"They should be! They must have entered this fourth heaven too!" Li Tian thought secretly.

Just as Li Tian was thinking this way in his mind, suddenly the rickety sweeping old man whispered in a hoarse voice, "Young man, go in quickly!!!"

After hearing what the rickety old man said, Li Tian gratefully glanced at the rickety old man, and said slightly, "Thank you, senior!"

After speaking, Li Tian walked towards the dark black hole step by step.

When Li Tian came to the front of the dark black hole, suddenly the black hole began to spin violently. Li Tian only felt his head dizzy, and then a terrible attraction directly attracted Li Tian's body, and he had not waited for Li Tian. After reacting, his whole person had disappeared in the black hole.

Where did he get sucked?

But he said that when the powerful suction came, Li Tian only felt the body began to fall and fall continuously! As if he had fallen into an abyss!

I don't know how long his body has fallen, and suddenly his body stopped there.

Then dazzling rays of light shot on Li Tian's face.

Li Tian hurriedly opened his eyes to see. At this look, he was stunned.

Because the place where he stayed was a void space... There was nothing in this space... Only the waking things above his head radiated light there.

Looking closely, Li Tian saw that every thing that resembled a star was an illusion! This is Xingteng! Each star represents a kind of illusion.

"water!"

"fire!"

"gas!"

"Thunder!"

Unexpectedly, the five illusions of Lingtu Continent are also on these shiny stars! And besides the five-system illusion, there are many others, among them there are crystal, dust, fog...sand...and other illusions, this moment dazzled Li Tian completely.

Great world! Everything can be quoted by illusion!

It's just that it's harder to find your own natal illusion.

And now Li Tian is looking for his own natal illusion.

What illusion skills will he learn?

At this moment, Li Tian opened his eyes, looking at the shining phantom stars in the sky, suddenly he reached out and grabbed one of the most shining stars!

As he stretched out his hand to grab, but saw that star flashed and fell into Li Tian's hands!

Then the Xingteng quickly spread into Li Tian's palm. Li Tian was taken aback and hurried to look at it in surprise, but he saw a "light" suddenly appeared in his palm, and then disappeared suddenly!

"Huh? Light Illusion Technique?" Li Tian screamed after seeing the flashing "light" in the palm of his hand.

I saw that the light illusion technique had been invisible in his palm, and he had completely lost sight of it.

"Um, is the light illusion technique the illusion technique that I am about to practice next?" Li Tian thought in his mind.

Chapter 3000: Advanced fifth heaven

Yes!

The next step Li Tian will practice is the "light" illusion technique.

But he said that Li Tian suddenly looked at the dazzling star after he obtained the cultivation method of the "light" illusion technique.

He thought in his mind, could I find another illusion practice?

Thinking of this, he suddenly started to grab with his hands!

Under this arrest, another Xingteng Li Tian was arrested at once.

After Li Tian caught the Xingteng, he quickly opened it to see, he wanted to see what illusion technique was caught this time.

After reaching out and opening, that Xingteng suddenly began to slowly enter his palm like the previous "Light" Xingteng! Immediately afterwards, the word "earth" appeared quickly in the palm of his other hand!

earth?

After seeing the word "earth", Li Tian was slightly startled.

Is it an earth illusion?

Li Tian was thinking there.

At this moment, the starry sky suddenly disappeared! The dazzling starry sky just now disappeared all at this moment.

Looking at the disappearing sky, Li Tian was slightly startled.

Then at this moment, a huge gravitational force pulled Li Tian's body, and suddenly his body flew out toward the black hole.

what!

With an exclamation, he saw that Li Tian had suddenly exited the black hole in the alien dimension just now.

Li Tian suddenly opened his eyes, and then took a closer look. The black hole in front of him disappeared out of thin air... and there was nothing in this silent room.

Just when Li Tian was shocked, a hoarse voice suddenly came from Li Tian's side.

"Hehe, young man, you are out." With the hoarse voice, I looked carefully, but I saw the rickety old man beyond recognition.

He opened a strange eye, looked at Li Tiandao there and said.

Li Tian looked at the one-eyed old man in front of him, smiled slightly and said, "Yes, senior."

"How about it, have you found your own natal illusion?" The rickety old man raised the one-eyed smile and looked at Li Tian inquired.

Li Tian smiled and nodded and said, "I found it."

"What is it?" the rickety old man asked.

"It seems to be light!" Li Tian replied there.

While answering, he stretched out his right hand.

After reaching out, Li Tian slightly urged his spiritual power, and then a strange "light" in the palm of his hand slowly emerged from the palm of his hand. Although the light was small, it was extremely dazzling.

Hearing that Li Tian in front of him said that he had found the "Light" element, the old enough old man suddenly revealed an extremely gratified light in his eyes, and then laughed there and said, "Yes, not bad!"

"Senior, how about light illusion?" Li Tian still doesn't know what kind of light illusion he wants to cultivate, so he couldn't help asking the old man who was looking in front of him.

But seeing the rickety old man smiled and said: "Light is the beginning of all things! Where there is light, there are all things! So light is the greatest! What do you think of light illusion?"

Hearing the rickety old man suddenly said this, Li Tian immediately before his eyes released a light.

"Senior mean, this light system illusion should be very strong?" Li Tian asked happily in front of him.

The rickety old man laughed and said, "That's natural!"

"But the light system illusion is difficult to practice! It seems that you will spend a long time."

Li Tianyi heard there, "I will definitely practice hard!"

"I believe you!" the rickety old man suddenly said there.

After the rickety old man finished speaking, Li Tian in front of him suddenly said: "By the way, senior, I also caught a natal star! An earth element!"

"what?"

When Li Tian just finished speaking, the rickety old man in front of him called out in disbelief.

"Have you caught two stars?" He just listened to the rickety old man looking at Li Tiandao weirdly with one eye.

Li Tian nodded there and said, "En!"

"Senior, look at..."

As Li Tian said this, his left hand suddenly stretched out slowly, and then a piece of floating "sand" suddenly appeared in the palm of his hand.

The one-eyed old man glanced slightly, and suddenly a light came out from the one-eyed.

"Two Star Teng...you young man, it's a bit interesting! Under the heaven and earth, no one except the three people can catch two Star Teng! And you did it! It's weird! Weird!" Suddenly the one-eyed old man in front of him was looking at Li Tiandao.

When Li Tian heard this, he was shocked.

"Senior mean... others can only get one star?" Li Tian asked.

The rickety old man said there, "That's natural! Below the world, only dozens of strong people can enter the four heavens! And only a few dozen people can get this star! And they can only get it. To a star! For thousands of years, no one has got a double star! Unexpectedly, I met you today...hehe."

As the rickety old man said so, Li Tian was slightly startled.

"Senior, you just said that there are two other people who have gotten Double Star...Who are they?" Li Tian asked curiously.

He wants to know who, like him, has ever won Double Star Teng!

As the Li Tian asked, a cloud appeared on the face of the weird rickety old man, and then he fell silent for a while.

After being silent for a while, he suddenly said there: "One of them is the same as you! It also rises several times in one day... He got the double star!!! And the third one is not mentioned! Because of him It's been a long time... a long time..."

The rickety old man's voice was slightly sentimental, I don't know why!

At this moment, Li Tian looked at the rickety old man in front of him, and only felt that the rickety old man in front of him was getting more and more strange!

He seems to know everything above and below!

"Young man, you are the rare genius of Tianzong that the old man has seen for thousands of years! I hope you will cultivate well in these thirteen days this time!!!" The rickety old man looked at Li Tiandao.

After hearing this, Li Tian looked at the rickety old man in front of him and said, "The younger generation will follow the teachings of the older generation."

"Okay! The fourth heaven, you have broken through, and now you can enter the fifth heaven." Just listen to the rickety old man suddenly saying in that slightly.

When Li Tian heard this, he was stunned and said: "Uh? Has this breakthrough occurred in the fourth heaven?"

Li Tian looked surprised.

But seeing the rickety old man smiled slightly: "Yes! The fourth heaven is so simple."

"That's it!" Li Tianyi was overjoyed when he heard it! "

"Go, young man!" the rickety old man suddenly said slightly.
