

A Killer 3011

Chapter 3011: Chiyukimine disciple

And at this moment, I saw the beautiful voice of the goddess, like frost.

"Get up!" Goddess said.

Then Qing Luan in front of her said, "Yes, Goddess." Then she stood up.

At the moment she stood up, the goddess Xue Ji suddenly turned her figure slightly.

The fiery red dress sand draped over her plump body, and that beautiful figure, like a demon, made many women ashamed!

Especially the beauty of the alluring city is enough to fascinate sentient beings.

It's just that, on that unparalleled face, there is a sense of frost, which makes people feel that they can only look far away and cannot be profaned.

This is the goddess Xue Ji.

She is the most beautiful woman in the world and the strongest woman in Lingtu Continent.

After the goddess Xue Ji turned that face slightly, Situ Ningbing raised her beautiful eyes and looked at her there.

At this moment, it is not only a secret in my heart: there is such a beautiful woman in the world? And there was a feeling of being unable to approach this woman... It was shocking!

Just as Situ Ningbing was thinking like this in her mind, suddenly the goddess Xue Ji raised her beautiful eyes as if looking through the autumn water, and then stared at Situ Ningbing in front of her.

Her beautiful eyes looked like demon eyes, staring at Situ Ningbing's body, making Situ Ningbing feel a little uncomfortable.

After the goddess Xue Ji took a close look at the whole body of Situ Ningbing with her beautiful eyes, suddenly her cherry lips showed a slightly satisfied smile.

Then looked at the Situ Ningbing and said, "What is your name?"

Her words have an irresistible charm.

So Situ Ningbing said slightly in that: "I...I...named Situ...Ningbing."

"Condensed flowers accumulate water, dripping into ice! Good name! Good name." Suddenly the goddess Xue Ji murmured there.

When the goddess Xue Ji said her name like this, Situ Ningbing stood there without speaking.

The goddess Xue Ji continued to ask, "By the way, are you from the Spirit Earth Continent?"

"Yes." Situ Ningbing replied.

"Do you have a family?" The goddess Xue Ji suddenly asked again.

When Situ Ningbing heard the word "family", his mind fell into confusion.

"family?"

Ever since she crossed to this spiritual land continent, she has no memory of anything. The only thing she knows is the "Devil Emperor". Unfortunately, the Devil Emperor is already dead, so for Situ Ningbing, the word "Family" is completely nothing. Ethereal.

"I don't have family anymore." Suddenly, Situ Ningbing said in a sad voice.

After hearing what Situ Ningbing said, the goddess Xue Ji glanced at that Situ Ningbing, and suddenly said slightly, "Don't worry! You will follow me in the future... I will let you feel the warmth of family. of."

After hearing what the goddess Xueji suddenly said, Situ Ningbing was taken aback.

amount?

Follow her? Follow the goddess Xue Ji?

After hearing this, Situ Ningbing was taken aback and said, "I...I...follow you?"

But seeing the goddess Xue Ji suddenly smiled, that smile was like a hundred flowers blooming, and she was so beautiful.

"En!" Suddenly the goddess Xue Ji said slightly.

"Why... don't you want to?" the goddess Xue Ji asked slightly.

Situ Ningbing was startled, and stood there without speaking.

Just listening to the beautiful woman in white clothes Qing Luan beside her, she hurriedly pulled Situ Ningbing gently.

"Fool, don't hurry up and thank the goddess!!! You know, how many girls want to ask us goddess to take in... They don't have this blessing!" Only listen to the Qing Luan.

Situ Ningbing is still a little dazed now!

She still didn't know what the goddess Xue Ji meant.

Just when Situ Ningbing was stunned, the goddess Xue Ji in front of him suddenly said: "This goddess sees you Bingxue smart and handsome, which is quite imaginative to me back then! So I want you to come into my door. I have no apprentice in my life...so I want to make an exception and let you be my closed disciple! If you want? I will take you in!"

A word was said from the mouth of the goddess Xue Ji.

It turned out that the goddess Xue Ji wanted to find a doorman! ! !

Although there are 4 beauties in white clothes around the goddess Xue Ji, those beauties in white clothes are just her maidservants! Not her descendant!

Now, the goddess Xue Ji actually wants Situ Ningbing to be her apprentice... For Situ Ningbing, this is simply a great thing! !

Situ Ningbing never thought that this goddess meant to accept herself as a disciple?

Now startled.

Not only did she hesitate.

Because she knows nothing about this goddess, and also knows nothing about this so-called temple, so she worships this goddess? It is indeed a little ill-considered!

"How? How are you thinking about it?" The goddess Xue Ji suddenly raised her beautiful eyes at Situ Ningbing, who was staring at the moment.

Situ Ningbing stood there, not knowing what to say.

Now she is helpless! I don't know anyone here! The only reliance is Li Tian... but Li Tian is "dead", so this is a big blow to Situ Ningbing.

After a long period of inner struggle, Situ Ningbing suddenly raised those beautiful eyes, and then looked at the goddess Xue Ji.

"I promise! I promise to worship you as a teacher!"

Situ Ningbing actually agreed.

No one thought that she would make this decision.

When Situ Ningbing agreed, the corner of the goddess Xue Ji's mouth suddenly showed a gratifying smile.

"Very good! From now on, you will be the first person of my Xue Ji!!! You are the closed female disciple of my Qian Xuefeng." The goddess Xue Ji said happily there.

Qing Luan, the maidservant in white clothes beside him, said happily at this moment:

"Congratulations to the goddess, happy disciples!!!"

The goddess Xue Ji laughed loudly.

It can be seen that the goddess Xue Ji loves Situ Ningbing very much.

After Na Situ Ningbing agreed to worship the goddess Xue Ji as her master, she began to bow down there and said, "See master."

The goddess Xue Ji waved her hand slightly: "Get up quickly."

"From now on, I will call you Binger..." said the goddess Xue Ji.

Situ Ningbing nodded silently.

In this way, Situ Ningbing became the first female disciple of Qian Xuefeng in thousands of years! Also became the only descendant of that goddess Xue Ji.

When that Situ Ningbing became the descendant of the goddess Xueji, the goddess Xueji told the Qingluan: "Qingluan, first take Bing'er to get acquainted with Qianxuefeng! Let her know about the nine of our Qianxuefeng Cave Thirteen Caves."

After hearing this, Qingluan smiled and said, "Yes, Goddess."

After speaking, Qingluan walked outside the Shuiliandong with Situ Ningbing in front of him.

Chapter 3012: gift

Situ Ningbing became the heir of the goddess Xue Ji.

This is undoubtedly a huge change for her.

After that Qingluan got acquainted with the nine caves and thirteen caves, Situ Ningbing finally understood how big Qianxue Peak was in front of him.

"Miss Situ, you will be the only descendant of our goddess in the future, hey, how should we call you?" Qing Luan suddenly smiled and looked at Situ Ningbing before him.

Situ Ningbing smiled faintly: "If you don't dislike it, you can be worthy of my sister!"

After hearing this, Qingluan said, "Okay! From then on we will call you sister Bing'er."

Situ Ningbing also smiled after listening.

"I want to see Xiao Yangtong..." Suddenly Situ Ningbing said there.

After hearing what Situ Ningbing said, Qing Luan in front of her said: "Okay! I'll take you there."

Speaking of being led by that Qingluan, Situ Ningbing went to visit that Yangtong.

In a stone cave, but seeing the young boy sitting there with a small face raised up in sorrow.

He supported his chin with two little hands... Little head didn't know what he was thinking at the moment.

After that Situ Ningbing came to this cave, she saw the little guy at a glance.

"Young boy..." Situ Ningbing shouted cordially.

Hearing the sound, Yang Tong turned his head quickly, and then saw Situ Ningbing at this moment in the blink of an eye.

"Sister Situ!" Yang Tong shouted excitedly after seeing Situ Ningbing.

Situ Ningbing ran over quickly, and then put the little guy in his arms.

Xiao Yangtong also held Situ Ningbing tightly at this moment.

"Sister Situ, I miss you so much..." Xiao Yangtong said with tears in her eyes.

Situ Ningbing raised his hand and wiped the tears from the corner of Yang Tong's eyes and said, "Fool, isn't sister by your side..."

"But, sister, what is this place?" Yang Tong questioned.

While questioning, he blinked and looked at this place completely strange to him.

After that Yang Tong said so, Situ Ningbing in front of him said, "This is Qianxuefeng."

"Sister Situ, I don't want to stay here...I'm going to find Big Brother!" Suddenly the Yang Tong called out there.

In this little guy's mind, he just wants to find Li Tian now.

After hearing Yang Tong suddenly say this, Situ Ningbing suddenly felt a pain in his heart.

Li Tian?

Situ Ningbing was in pain, and said to the young boy who was looking in front of him:

"Yangtong...your big brother...big brother... is dead."

Although Na Situ Ningbing was very reluctant to accept this fact, all she heard was about the death of Li Tian! So now even she mistakenly thought that Li Tian was dead.

When that Yang Tong suddenly heard the news of Li Tian's death, Yang Tong's young body trembled violently.

"No...no...no..."

Then Yang Tong yelled suddenly.

While yelling, he shed tears there and said, "Impossible! Impossible! Big brother will not die, he will not die."

"He promised us that he will take care of us... Big brother won't just leave us like this."

Situ Ningbing looked at the crying sad young boy, and at that moment crystal clear tears appeared in his beautiful eyes.

In that hand, he put Yang Tong in his arms and said: "Yang Tong, you believe in sister! Big brother is really dead...he is dead!"

After Yang Tong heard Situ Ningbing's words, he burst into tears.

He cried so sad, so painful...

So that the little guy didn't know how long he had been crying, and finally he fell asleep in a muddle-headed manner.

When he was asleep, the little guy was still crying in his mouth and said, "Big brother won't die... won't die..."

Situ Ningbing just silently guarded that Xiao Yangtong's side!

Wait until he is asleep!

...

The next day, it was just dawn.

The four beauties in white came to the cave where Situ Ningbing lived.

"Sister Binger... Goddess wants you to go over!"

With the voice coming, only the eldest sister among the four beauties in white was speaking.

Her grade was a little older, so she called Situ Ningbing her sister Bing'er.

Situ Ningbing hurried over after hearing the sound.

After coming over, I saw that all the 4 women had come over, and they all looked at Situ Ningbing with a smile.

"Sister Bing'er, it's really a blessing! Our goddess hasn't accepted disciples for thousands of years... Unexpectedly, sister Bing'er was immediately taken by our goddess." The eldest sister smiled at Situ. Ningbing Road.

Situ Ningbing smiled faintly.

"Well, sister Binger, go to Shuiliandong, the goddess is waiting for you." The eldest sister said.

Situ Ningbing said, "En."

Then followed the four beauties in white quickly toward the Shuiliandong.

Because that Situ Ningbing has become Qian Xuefeng's female disciple! So her dress also changed.

The current Situ Ningbing is wearing a white dress and, and that light gauze is wrapped around her slender body, not to mention how beautiful she is.

At this moment, coupled with her beautiful face, she was like a fairy in the sky.

Even the other four beauties in white clothes around him were surprised to see Situ Ningbing's beauty...

But she said that after Situ Ningbing was taken to Shuilian Cave quickly, the goddess Xue Ji was sitting on the huge stone altar.

"Slaves see Goddess." The four white-clothed women bowed down there.

And Situ Ningbing also knelt there and said, "See Master."

Besides, when the goddess Xue Ji saw the peerless beauty of Situ Ningbing at this moment, a smile suddenly appeared on that frosty face.

"Get up quickly." The goddess Xue Ji said.

So everyone stood up quickly.

"Binger, come, come, come, by my side." Suddenly the goddess Xue Ji smiled at Situ Ningbing in front of her and said.

When Situ Ningbing heard what the goddess Xue Ji said, he was not only startled, but he walked over quickly.

After reaching the goddess Xue Ji, Situ Ningbing stood there.

The goddess Xue Ji suddenly smiled and said, "You have already worshipped in my door today, what about me? I have prepared a gift for you in advance!"

After speaking, the goddess Xue Ji stretched out a soft and smooth arm like a lotus root, and then a beam of light suddenly appeared in the palm of her hand. With the light shining on the palm of her hand, she suddenly saw the goddess Xue A small crystal-shaped particle appeared in the heart of Ji's hand.

The small particle looked about the size of a pill, exuding a very strange light, and was holding it motionless in the palm of the goddess Xue Ji.

Chapter 3013: Frozen Death

What about Situ Ningbing?

When she saw that the goddess Xue Ji suddenly wanted to give her such a gift, she was not only shocked.

"Master, is this?" Situ Ningbing asked curiously.

But seeing the goddess Xue Ji smiled slightly and said, "This is the heart of ice crystals!"

amount?

"The heart of ice crystals?" Situ Ningbing was slightly curious after hearing this.

I saw the goddess Xue Ji slightly explain: "This is the treasure I found in a valley when I was freeing the ice wasteland hundreds of years ago! The heart of the ice crystal is a wonder in the world. After eating it, It can greatly improve your skill, and most importantly, you can practice my Bingxin Shenjue!!!"

After the goddess Xue Ji said so, Situ Ningbing was slightly startled.

Although she still didn't know what the "Ice Crystal Heart" in front of her was... But she heard the goddess say this, so she said, "Thank you, Master."

Then he "reached out" and took it.

"Quickly conquer this ice crystal heart." The goddess Xue Ji smiled.

Situ Ningbing took the crystal-transparent thing in his hand, took a look, then raised his head and ate the "Ice Crystal Heart" into his stomach.

After eating, Situ Ningbing only felt a cold chill fall into his stomach.

After the extremely cold chill passed into Situ Ningbing's body, a trace of energy suddenly began to be generated... and then began to penetrate the strange veins and veins of Situ Ningbing.

The goddess Xue Ji nodded with satisfaction after seeing Situ Ningbing subdued the "Heart of Ice Crystal".

Then suddenly her right hand stretched out slightly, and suddenly, a cold sword appeared in the right hand of the goddess Xue Ji!

That sword is three feet long! The blade is very narrow and thin, and the entire body of the sword is snow white, and the hilt is also inlaid with a dazzling gem.

A phoenix is carved on the entire sword body.

After the strange sword suddenly appeared in the hand of the goddess Xue Ji, she then looked at the Situ Ningbing with a smile: "Bing'er, I will give you this precious sword."

When Situ Ningbing heard this, he was a little flattered.

"Master...this...isn't it right?"

After all, Situ Ningbing had just entered the door of the goddess Xue Ji, and he was indeed flattered by the gift of such a treasure right now.

But she didn't know that the goddess Xue Ji hadn't had a descendant for thousands of years!

Now I finally found a descendant...Of course this made the goddess Xue Ji very happy! So the goddess Xue Ji did not hesitate to present her treasure to Situ Ningbing.

Following Situ Ningbing's words, she saw the goddess Xue Ji smiling there and said: "Fool, hurry up and accept it! This is my heart."

After speaking, he flung it lightly, but saw the sword with the phoenix engraved flying lightly towards Situ Ningbing's hand.

Situ Ningbing stretched out his hand slightly, and then saw the sword safely fall into her hand.

After falling into her hands, the goddess Xue Ji smiled there and said: "Binger, the name of this sword is: Frost! This sword can conjure frost... It can cut out wind and snow, it is a treasure! In the future! , I'll leave it to you."

The "Sword of Frost" in front of you is indeed a rare treasure!

You know, when the goddess was young, she used this sword! Only later, the goddess Xue Ji got the snow whip, so she kept the "Sword of Frost" in her body!

Now, the goddess Xue Ji actually presented her saber back to that Situ Ningbing.

After hearing the gift of the goddess Xue Ji, Situ Ningbing immediately said, "Thank you, Master for the gift."

The goddess Xue Ji nodded in relief.

"Binger, your strength is still very weak! Starting today, I hope you will practice in retreat for a period of time!"

"After you take the ice crystal heart that I gave you, both your skill and spiritual power will be doubled! I hope you can digest all the energy of the ice crystal heart during this time! After you digest this powerful force, I will personally teach you the Bingxin Divine Art!"

After listening to that, Situ Ningbing said, "Please follow the instructions of the master."

"Very well! You can retreat." After the goddess Xue Ji finished speaking, she slightly closed her eyes on the stone altar.

I saw that Situ Ningbing also retreated at this moment.

Holding the "Ice Death" presented by the goddess Xue Ji in her hand, she felt an indescribable feeling in her heart.

After stepping out of this cave, Situ Ningbing stood on the Qianxue Peak, looking at the misty clouds below, suddenly stretched out his hand and pulled out the "Ice Death" in his hand, and suddenly a very cold chill suddenly surged. Come!

Cold light shines, fearful and cautious!

It really is a peerless sword! ! !

Situ Ningbing looked at this "Sword of Frost Sorrow", and his heart suddenly showed affection.

"Sure enough, it is a peerless sword!" Situ Ningbing said slightly in darkness.

Reaching out and waving it lightly, the sword made a "hissing" sound.

And also brought a chill...

"Master said, this Frost of Frost can show frost and cut out wind and snow... I don't know how to use it?"

While thinking, Situ Ningbing began to study the sword in his hand.

This Situ Ningbing was originally intelligent, looking at this "Ice Sorrow" at this moment, and suddenly thought: Could this sword depend on spiritual power? Only then can frost and snow be transformed?

After that Situ Ningbing thought wisely, suddenly she tightly grasped the "Ice Death" in her hand with her slender hand, then accumulated a burst of spiritual power from her body, and then suddenly waved!

call!

But seeing that the sword was slashed out in the air, a icy wind blew out from the blade.

really!

Sure enough, it was driven by spiritual power, and then released extremely cold ice and snow!

"What a good sword!" At this moment, even Situ Ningbing was not only surprised and praised.

Looking at the peerless sword in his hand that could summon the "Hurricane of Ice and Snow", Situ Ningbing was immediately delighted.

Carrying the sword, Situ Ningbing returned to his cave.

Chapter 3014: Sword of Burning Sky (Fairy Skill)

Situ Ningbing began to practice in Qianxuefeng.

day to day!

Time passed quickly, unknowingly, almost a month has passed.

During this period, Na Situ Ningbing stayed in a stone cave on the Qianxue Peak to cultivate.

And what about the young boy?

She was carefully taken care of by the 4 beauties in white.

...

As for Li Tian who was in the "Thirteenth Heaven" during this period?

What realm has he cultivated to?

Within 13 days.

Day 7!

Legend has it that once you enter the seventh heaven, you will become a demigod! And get a hundred years of immortality.

This seventh heaven is a stage of deterioration.

At this moment, I saw that in this seventh day, a golden light enveloped the entire seventh day.

That golden light, like the sun, illuminates the entire space, and everything in the room is covered with a golden light.

Look carefully, what is it that emits such a dazzling light?

It turned out that it was Li Tian's body that exudes endless golden dazzling light.

No one thought that Li Tian had reached the seventh heaven! ! !

He unexpectedly broke through the cocoon and turned into a butterfly within a month, continuously breaking through the fifth and sixth levels and directly reaching the seventh heaven.

And it seems that Li Tian is now working hard to break through this seventh heaven.

Look carefully, his whole body is already surrounded by gold, and that ray of light shines the golden light up and down his whole body, just like a Buddha.

"Moment of Light!"

Suddenly, he burst out from Li Tian's mouth.

When he roared out, suddenly, his figure flashed, and suddenly disappeared, and then he looked at it again, his whole person has reached the farthest corner of this side!

too fast!

The speed is almost suffocating!

Is this the "moment of light technique"?

A terrible illusion that can move in an instant?

Yes!

The "moment of light technique" that Li Tian is now practicing is indeed a movement technique that can both quickly attack... and quickly dodge!

This kind of illusion is a high-level illusion in the light system illusion!

Once displayed at this moment, the whole body really turned into a ball of sun light, dazzling and terrifying.

Besides, after that Li Tian's momentary movement reached the corner, he suddenly burst into laughter.

"Great! Li Tian finally practiced the Light Moment Technique!"

He yelled there while laughing wildly there.

The golden light all over his body was slowly disappearing with his spiritual power...The light began to slowly fade.

Li Tian stood up slowly at this moment! The whole body was filled with a domineering and natural feeling.

Li Tian has indeed changed now!

It's completely different from before...

If Li Tian was considered a strong man before, then Li Tian has undoubtedly become a demigod who dominates one side.

But how much illusion Li Tian has practiced now, how powerful is he now?

It turns out that Li Tian doesn't practice a lot!

In the fifth heaven, Li Tian practiced some basic light illusions! All I learn is how to release the spiritual power of the body and then release the light!

When he reached the sixth heaven, Li Tian began to practice the "light spell seal technique", these spell seal techniques must be performed by hand!

After actually reaching the seventh heaven, Li Tian slowly began to practice the real "illusion of light!"

And now, the first light system illusion he has learned is this: Light Moment!

After Li Tian sat alone for two days and two nights in succession, he realized the "moment of light technique"... and just now, he did it out!

Now Li Tian was inexplicably excited after learning the "Moment of Light Art".

"Now, I finally found out that this light system illusion technique is far stronger than the five element illusion technique I had previously practiced!!!"

"Even the Qi illusion that he once thought was powerful can't compete with the light illusion!!!" Li Tian thought in shock in that mouth.

Yes!

The illusion in the alien space is indeed stronger than the previous five-system illusion! Of course, it is even more difficult to practice!

That's why Li Tian took such a long time.

At this moment, after Li Tian had cultivated the "moment of light technique", he continued to raise his eyes to look at the magic secret book on the weird stone wall.

There is: "Diamond Conjunction Seal!"

"The Dragon of Light!"

"Illumination of Light... Wait"

The above are all the magic secrets of the light system.

Li Tian looked a little dazzled!

Suddenly, when he looked back, he suddenly saw that there were several light system illusions in the lowest place.

Engraved on it: Sword of Burning Heaven! Light System: Xianshu

Looking at the rough fonts behind it, Li Tian only felt strange.

"Huh? Xianshu?" Li Tian muttered in that mouth in wonder.

He had never heard of "Xianshu" before, and the strongest illusion he had heard was only that Shura... and Long Lao... the "celestial skills" he once used!

And now he actually saw Xianshu?

"What is this fairy art?"

"Could it be more powerful than Tianshu?" Li Tian thought in his mind.

Li Tian is not bad at all.

The so-called Xianshu is the peak illusion technique!

In each department, there is only one kind of magic!

For example, in the water system, the water system illusion has only one kind of fairy magic, while the thunder and lightning system, the wind system, and the water system have only one fairy magic.

No one thought that Li Tian unexpectedly discovered this light system fairy technique when he advanced to the seventh heaven.

The name of this light system fairy technique is: Sword of Burning Heaven!

Looking at those weird four words, Li Tian not only secretly lined up in his heart: This sword of burning the sky, I don't know if it is powerful?

After thinking about it, Li Tian gave up all the light system illusions in front of him! He chose this fairy technique: Sword of Burning Heaven!

After that Li Tian chose, then Li Tian in front of him began to prepare for cultivation.

He didn't know how long it would take him this time to practice the trick in front of him: the sword of burning the sky!

But he thinks it shouldn't be too difficult!

After all, the previous "moment of light technique" Li Tiancai spent two days and two nights! So Li Tian is still quite satisfied with his current cultivation speed!

But he was wrong!

He would be far from knowing that it would take so long for him to practice that "moment of light technique"! ! ! !

Now Li Tian began to concentrate on cultivating while looking at the formulas on the stone wall and the cultivation method.

As time passed, Li Tian in front of him looked at the formula on the stone wall, and then began to practice slowly.

"Sword of Burning Heaven, Wanguang shines!"

Chapter 3015: Stop the invasion of the nine palaces

Time flies quickly.

During this period of more than a month, Li Tian stayed in thirteen days.

Maybe even he himself has forgotten how long he has been in these thirteen days...He just kept practicing there, and then gradually strengthened his strength.

As for Situ Ningbing?

Like Li Tian, she was cultivating in the cave of Qianxuefeng.

Since receiving Li Tian's "death", Situ Ningbing has changed, and his whole person has become reluctant to speak. Every day he drills in a stone cave and practices what the goddess Xue Ji taught: Bing Xin God trick! !

Yang Tong stayed at Qianxue Peak peacefully, staying with Situ Ningbing all the time.

...

Temple!

The majestic temple stands on that isolated island.

Since the last conversation between the wood ***** Gu Mu Yujue and the White God, that Gu Mu Yujue has kept himself in the room for this period of time.

The people in the temple haven't seen that Gu Mu Xijue come out for more than ten days... but they don't dare to bother too much!

The situation remains the same, everything is quietly changing.

Today, the sky is very clear.

Looking up, you can see the huge "enchantment barrier" covering the entire island of the temple, filling the entire sky.

This barrier is: the barrier of heaven!

Everyone in the temple knows that this "enchantment of heaven" is used to block the invasion of demons in the nine palaces!

The radiant "Sky Enchantment" shrouded the entire island...

Quietly flow away with time!

Suddenly, the originally clear sky suddenly became gloomy... and also accompanied by a faint cold wind blowing away.

The sky has changed dramatically!

The guardians in the temple, after seeing the weird changes in the sky, not only frowned slightly, and then raised their eyes to look at the sky that changed into gray.

"The sky has changed!" The guardians standing outside the temple suddenly raised their heads and said curiously.

"Yes! It looks like it's going to rain..." Another guardian in a black shirt also said slightly.

Everyone was there, raising their heads and staring at the gloomy sky and said.

Just as they were talking, a huge "explosion" sound suddenly came from the void.

The sound resounded extremely, like thunder.

Boom!

The terrible loud noise suddenly reflected the entire gloomy sky curtain slightly white... and the most surprising thing was that the layer of "Enchantment of Heaven" that had originally shrouded the temple suddenly trembled violently.

It was as if there was an extremely powerful force shaking that "sky enchantment" there.

The guardians in the black shirts and white shirts in the temple were all stunned when they saw the strange changes in the "Enchantment of Heaven".

"Why has there been a change in the barrier of the sky?" A man in black shirt said with horror on his face.

"It seems like..." Another white shirt man also said there at the moment.

"Oh my God, could it be... the demons of the Nine Palaces attacked the barrier of heaven, right?" a sudden exclaim came from a guardian wearing a white shirt on the left.

At the moment when they suddenly uttered such horror in their mouths, suddenly "Boom...Boom..." A few more thunder-like explosions came from above the sky.

Accompanied by the sound of those terrible explosions, I suddenly saw that the "Enchantment of Heaven" that had originally covered the temple was suddenly pressed over by a black billowing black air.

Immediately afterwards, when the guardians of the temple were shocked, the barrier of heaven that shrouded the temple was suddenly torn apart by a huge hole! ! !

After the enchantment of that day was torn open a huge hole for an instant, the billowing black demon energy vented directly from the sky above, if the demon invaded it, it would be terrifying.

"what?"

"The barrier of heaven was torn?" An exclamation suddenly screamed from the guardians of the temple.

The other guardians who wore black shirts and white shirts were all shocked at this moment.

"The barrier of heaven is broken?"

"Oh my God! The demons of the Nine Palaces have attacked..."

In an instant, everyone in the entire temple was in a mess! It seems that the guys in the nine palaces in their mouths are absolutely terrifying.

"Quick...Quick...notify Wood God!!!"

The guardian in white shirt over there hurriedly yelled.

The entire sky, I saw a huge hole torn open! And the billowing black demon energy surged from the torn opening to the entire bottom.

At the moment when all the guardian envoys in this temple were in chaos, a loud shout suddenly came out.

"Everyone is calm! The old man is here."

At the moment the loud shout sounded, suddenly the figure in the gray robe flew out of the temple like a light.

With a "swish", the figure in front of me flashed, and then Gu Mu Xijue had already shot out.

After that Gu Mu Xijue suddenly flew out, the guardians in white shirts and the guardians in black shirts whose complexion changed suddenly rushed over.

"Wood god! The barrier of heaven was torn apart by a black breath..."

"It seems that the evil things from the Nine Palaces have come in." The guardians shouted and said with a panic on their faces.

After listening to Gu Mu Xijue in front of her, her face suddenly became ugly.

Then he quickly raised his thick eyebrows and looked at the torn sky barrier in the sky.

Following the eyes, he saw a thick black demon energy pouring down from the torn sky barrier, and then flying towards the ground.

When that Gu Mu Xijue saw this scene, his face suddenly changed!

"Damn it! Unexpectedly, Jiugong finally attacked our temple!"

Gu Mu Xijue in front of her suddenly said coldly.

Then suddenly turned his head and said to the men next to him: "Quickly, go and notify the White God and the Goddess! Tell them that the barrier of heaven has been torn! Let them come and help!"

At that Gu Mu Xi Jue exclaimed, the guardians in front of him hurriedly said: "Yes!"

Then he flew to the distance very quickly!

They went to find the white **** and the goddess Xue Ji.

"Others, come with me! Let's stop the demon invasion!"

At that Gu Mu Xijue's order, dozens of guardians in front of him said in unison: "Yes!"

Then, I saw Gu Mu Xijue in front of her suddenly soaring into the sky, and her whole person should fly directly into the air like a ray of light.

Chapter 3016: In case

As Gu Mu Xijue in front of him flew across the void, dozens of temple guardians behind him all flew up at this moment, and then all flew into the air and reached there. Behind Xijue Furuki.

After all the temple powerhouses arrived in the void, but seeing that Gu Mu Xijue raised his eyes and glanced at the torn heavenly barrier, he roared: "Everyone will perform illusion with me. , We must stop the invasion of the Nine Palaces!"

"Yes!" At that Gu Muxi's order, all the powerhouses of the temples present at the moment said there.

Immediately after that, Gu Mu Xijue took the lead in casting illusions.

But seeing that Gu Mu Xijue's hands quickly condensed a mark on his chest... After Gu Mu Xijue quickly condensed a curse mark on his chest, he suddenly snorted, and then his hands suddenly rushed out!

A huge air current rushed towards the torn sky barrier.

After Yuzue Fururu who was in front of him displayed illusion all at once, dozens of powerful temple masters behind him also displayed illusion together!

One after another illusion spells were issued from the guards behind him.

Then all flew violently towards the torn "Sky Enchantment".

Although their abilities are not very powerful, the illusion skills of dozens of people cannot be underestimated!

But seeing that under the leadership of Gu Mu Xijue, after dozens of people's illusions all flew towards the torn "Sky Enchantment", I suddenly saw that "Heaven Enchantment" began to float.

Immediately afterwards, the "Enchantment of Heaven" that had been torn apart began to slowly heal automatically.

As the enchantment of that day slowly began to heal, the terrifying and weird black magic energy began to be forced back.

boom!

With a loud noise, under the powerful illusion of dozens of people, finally the torn hole in the barrier of the sky healed all at once.

After the enchantment of that day was automatically healed, the black and terrifying devilish energy was also blocked for an instant! Immediately after that, the gray sky was restored at this moment.

"Heaven's barrier repair is complete! Great."

"We blocked the demons of the Nine Palaces..."

I saw that after everyone saw the "Heaven Enchantment" healed all at once, suddenly someone in the crowd shouted and said in excitement.

Yes!

This time they successfully repaired the torn heavenly barrier, once again blocking the demons of the Nine Palaces.

Amidst the incomparable excitement of everyone, only the wood ***** Gu Mu Xijue's face showed a very strange light.

I don't know why, but there is not the slightest excitement on Gu Mu Xijue's old face! On the contrary, there was a deep worry in his eyes.

When everyone saw that Gu Mu Xijue's face suddenly became weird and ugly, they all hurried over and couldn't help asking, "Wood God, what's the matter? You always look unhappy at all?"

The guardian of the temple looked at that Gu Mu Xi Jue Dao in surprise.

But seeing Gu Mu Xi Jue sighed slightly.

"It took too long for the barrier of the sky to be torn apart just now... If I'm right, presumably, there are demons in the Nine Palaces."

what?

After hearing that Gu Mu Xijue said this suddenly, all of the numerous guardians in front of him were stunned.

"Wood god... you always mean... the Pluto in the Nine Houses came in?" the guardians asked in surprise.

But seeing that Gu Mu Xijue looked at the place where the black air fell just now with a weird face, he suddenly murmured and replied: "I am not sure yet, but the old man has an extremely ominous premonition! "

When the guardians heard it, you looked at me and I looked at you, and everyone's face showed a very strange look.

"Well, you guys follow me to see the situation ahead!"

"Others stay at the temple!" Suddenly Gu Mu Xijue said there.

It turned out that this place Gu Mu Xijue was going to... is exactly the place where the devilish energy just poured down!

Because Gu Mu Xijue was a little worried, so now he wants to take a look in person! If it was the Pluto in the Nine Houses, they broke into the scope of the temple... then it would be really troublesome.

After the guardians heard what Yuzue Gu Mu said in front of them, they nodded there and said, "Yes!"

Then a dozen guardians followed that Gu Mu Xijue.

Under the leadership of that Gu Mu Xijue, suddenly, dozens of electric and flint-like figures flew towards the place where the black magic energy had dropped.

...

It took less than ten minutes, but I saw that Gu Mu Xijue had already led the dozen guardians to the place where the black magic energy had dropped.

Whoosh whoosh!

A dozen figures suddenly all shot down from the air.

"It's here..." Suddenly a muffled hum came out of Gu Mu Xijue's mouth.

After he called out, he had already fallen down with all the dozen guardians.

After falling down, everyone began to raise their eyes and look around.

But seeing that the surrounding area is a barren land, except for some messy big rocks... There are also some extremely dense weeds.

Looking around, Suddenly Gu Mu Xijue shouted there, "Everyone check around! Remember, if there is any abnormal situation, you must report it to me immediately!"

After the Gu Mu Xijue in front of him finished speaking, everyone nodded and said: "Yes!"

Then everyone started to scatter around, and then began to look for the strange situation around.

However, in these surroundings, there are huge rocks... and the extremely dense weeds... At a glance, it seems that there is nothing unusual!

When everyone was observing the surrounding situation, suddenly a black guardian over there called out.

"Wood God! Wood God... there is a situation here!" Suddenly a black shirt guard over there yelled in the extremely barren grass over there.

After that Gu Mu Xijue suddenly heard the yelling voice over there, his face changed slightly, and then suddenly his figure flew over there.

At this time, the rest of the guardians also followed the Gu Mu Xijue in front of them closely, and then flew over quickly.

But he said that after that Gu Mu Xijue flew over all of a sudden, I saw that Gu Mu Xijue quickly asked, "Where is the situation?"

Chapter 3017: Worries

After that Gu Mu Xijue flew over quickly, I saw an ugly black guardian standing among the weeds over there.

"Wood God, this is it!"

The black guardian screamed while pointing at the weeds on the left.

Gu Mu Xijue raised his eyes to look, but he saw that among the weeds on the left, a faint black aura was suddenly revealed.

And that patch of weeds seemed to have been burned by flames... the entire surface of the ground turned into a black color!

"Wood God, what's the situation?" The surrounding guardians not only exclaimed after seeing this situation all of a sudden.

As they asked, everyone was raising their eyes and looking at the situation in front of them!

But seeing that Gu Mu Xijue's face was extremely ugly, she suddenly muttered: "Come! The monsters in the Nine Palaces have really come."

what?

After that Furuki Yuzue said this all at once, the guardians around him all screamed.

"Wood god, really?" the guardians asked in surprise.

But seeing that Gu Mu Xijue's face was pale and looking at the dark ground in front of him, he suddenly said, "Yes!"

After hearing what Gu Mu Xijue said in front of him, all the dozen guards were stunned.

Everyone's face showed a look of fear at this moment.

It can be seen that the guardians in the temple in front of them are still very afraid of the "devil heads" in the nine palaces!

In the end, how powerful are the "devil heads" in the Nine Palaces? Who can know?

After seeing this, Gu Mu Xijue's ugly face trembled suddenly, and then suddenly shouted, "Quickly return to the temple!!!"

When the guardians heard what the Wood God said in front of them, they were all startled slightly! Then they all nodded quickly.

"Yes!"

Immediately after that, Gu Mu Xi Jue did not stay in the slightest, and the figure showed off, flying back to the temple like an electric light.

More than a dozen guardians behind him also followed.

...

Temple!

I saw dozens of guardians wearing white shirts and black shirts standing in a hall with extremely wide light.

In the foremost place, there are the two elders "Xuan Tian and Xuan Di"!

Everyone was standing motionless in the hall of this temple, and everyone's face showed a strange panic look!

It was as if something terrible and dangerous had happened.

At this moment, suddenly the Wood God walked to the center of the hall from the side.

After Gu Mu Xijue came to the center of the hall wearing a gray robe, all the guardians in the hall of the temple hurriedly bowed down at this moment.

"See Wood God!"

Everyone bowed down and said on the ground together.

After they bowed down, but saw that Gu Mu Xi Jue waved his hand slightly: "Get up."

Then everyone slowly stood up from the ground.

After everyone stood up, the Gu Mu Xijue in front of him suddenly raised his eyes and glanced at everyone present, and then only listened to that Gu Mu Xijue suddenly asked, "Xuan Tian, Xuan Di, everyone is here. Is it?"

After hearing the voice of Gu Mu Xijue, Xuantian, Xuandi, and the two elders who stood in the front hurriedly knelt down and replied, "Return to the God of Wood, it is all here!"

After hearing the arrival of everyone, Gu Mu Xijue took a slight breath, then raised his eyes and glanced at everyone present.

"it is good!"

"Call everyone here today, presumably you should also know why?" Suddenly a word came out of Gu Mu Xijue's mouth.

After Gu Mu Xijue in front of him said so, everyone in the hall started talking there.

"Is it because of the demons of the Nine Palaces?"

"should be....."

Just listen to the guardians in the center of the hall, preaching there.

Just when they were all talking about it, they just listened to the Gu Mu Xijue in front of him suddenly saying: "You are all right! Calling all of you this time is indeed because of the demons in the Jiugong!!!"

After that Gu Mu Xijue said a word, the whole hall suddenly became silent! No one dares to speak too much.

I saw that Gu Mu Xijue continued preaching there, saying: "The barrier of heaven was torn apart by a huge hole yesterday! And I have already noticed that the demons in the nine palaces have invaded in!! So this time, I I call everyone here to tell you that from now on...I want you to be on guard!"

After hearing what Gu Mu Xijue said, the guardians of those temples were slightly startled, and then couldn't help but question Gu Mu Xijue who was looking in front of him and said: "Wood God, may I ask, some of the nine palaces invaded how many people?"

Gu Mu Xi looked pale and shook his head and said, "It's not clear yet."

Yuzue Furuki is indeed still unclear! Because he didn't see it with his own eyes.

Just listen to that Gu Mu Xijue who continued there and said: "No matter how many demons invade, I hope everyone must be on guard! And walk alone strictly...understand"

After Gu Mu Xijue said so, the guardians in the center of the hall hurriedly nodded and said, "Yes!"

"Xuantian, Xuandi, I will order you from now on, each of you should bring 5 guardians and start patrolling around the temple in turn!" Hearing only the Gu Muxi and Xuantian and Xuandi elders giving orders.

The old Xuantian man in the white shirt and the old Xuandi man in the black shirt nodded quickly and said, "Yes!"

"Okay! The old man to talk about has finished...you can retreat." Just listen to the last Gu Mu Xijue said slightly.

After speaking, the guardians in the hall began to slowly retreat.

Just as everyone was about to retreat, the Gu Mu Xijue in front of her suddenly said again: "Yes, you have informed the White God...Is there a goddess?"

After Gu Mu Xijue suddenly asked, the old Xuantian man in the white shirt turned his head and replied: "Return to the wood god, we have already notified the white god! It's just the goddess... we still Unable to inform!!! Because Qianxuefeng...is a forbidden place! Without the order of the goddess...we can't go beyond without authorization."

After hearing the white-shirted old man Xuantian say so, but seeing Gu Mu Xijue's mouth slightly "en" said: "En! I know."

"Goddess, don't go there for the time being! It's better for the old man to go personally! If you irritate her, then she will be dead." Gu Mu Xijue said slightly in front of her.

After hearing the faint words of Gu Mu Xijue, the old Xuantian in front of him nodded quickly and said, "Yes!"

Then he retreated quickly.

Chapter 3018: The Three Demons of Hades: Hei Jue

Qianxuefeng is as quiet as ever.

Below the peak, those towering old trees grow densely one by one, and the strange flowers and weeds are also eye-catching.

There are also some strange animals jumping up and down among the grass.

Just in this extremely quiet time, a very harsh and unpleasant sound...suddenly radiated from the barren forest.

The sound was so ugly, it was like some kind of terrible cry.

Immediately afterwards, I suddenly saw a rough black aura that flew over here strangely.

The black python's energy is so fast that it has entered the territory of Qianxuefeng in a dazzling way.

Whoosh!

After the terrifying black python's air suddenly diffused, it suddenly disappeared in the dense grass.

At the moment of disappearance, a harsh and unpleasant sound suddenly came from the grass.

"Damn it! I didn't expect that the old immortal thing would almost stop the deity." The harsh voice said suddenly there.

After that, a weird character wearing a black cloak suddenly appeared out of the grass.

Look at this weird person carefully. He has messy black hair draped over his shoulders. His body is not very big, but he exudes a gloomy breath, and his face has an indescribable strangeness.

Pale and weird, those brown eyes are like wild beasts.

The strangest thing is that there is a blood-red word "Ming" printed on his forehead! The word "ming" was engraved on his forehead like blood.

He was holding a purple-black scepter in one of his skinny hands. At the top of the scepter, there was a gem that exuded purple flames.

Extremely weird.

deep?

It turns out that this person is among the three demons of Hades: Hei Jue!

But he said that after this "Black Jue" suddenly appeared, his horrible purple-brown eyes suddenly looked around.

After taking a look, he suddenly raised his head full of black hair, glanced at the top of Qianxuefeng, and suddenly muttered, "Qianxuefeng?"

"Hehe, I didn't expect that I would break into the territory of the goddess Xue Ji!!!"

After he said this sentence, he suddenly smiled gloomily.

At this moment, suddenly there was a sound of footsteps in front of him.

The moment he heard the sound of footsteps, one of the three demons of the Hades: Hei Jue, suddenly a strange and terrifying killing intent appeared on his face.

Then the figure flashed, the whole person turned into a black recklessness, and then dived into the dense jungle.

After the black jue's voice suddenly disappeared into the dense grass, after a while, I saw the figure of a beautiful woman in white slowly walking over there.

Look carefully at who is the beautiful woman in white?

It turned out to be one of the maidservants of the goddess Xue Ji!

Bai Ru!

But seeing that Bai Ru, with a round face and a white dress sand, was carrying a small bamboo basket on his back and holding the long sword tightly in his hand, he came over suspiciously.

After walking over, she blinked a pair of beautiful eyes, then stared at the surroundings and muttered silently in her mouth, "Hey, I clearly heard a cry from here just now? Why is there nothing?"

But seeing Bai Ru, a beautiful woman in white with a long sword, murmured in her mouth.

It turned out that Bai Ru was ordered by the goddess Xue Ji to come down the mountain to collect some Ganoderma lucidum herbs! Just when Na Bairu was collecting medicinal materials in this barren forest, he suddenly heard an extremely unpleasant cry, so he hurried over just now.

But after she rushed over, she found that there was nothing here...so it made her feel very strange for a moment.

At this moment, Bai Ru blinked a pair of beautiful eyes, staring at the surrounding carefully!

After looking around and there was indeed no movement, Bai Ru said inwardly, "Could it be that I just heard it wrong?"

Bai Ru thought about it this way, ready to leave.

She turned around, and was about to leave... Suddenly, behind her, there was a sound of "簌簌簌".

Bai Ru was taken aback, turned her head quickly, and then carefully observed her surroundings!

When he opened his eyes, Bai Ru was stunned by the scene in front of him.

But seeing the original lush and exotic flowers and grasses around, suddenly all of them withered...the flowers and plants all turned black! Then wither and die!

Even that piece of soil turned into a black color in an instant.

"Ah? How could this be?" When Bai Ru looked at the situation in front of him, he was stunned.

She only felt a gloomy fear invisibly and then surrounded her body.

Then she subconsciously felt something was wrong! Then tightly held the long sword in his hand.

"These flowers...how could they wither instantly?" Bai Ru looked at the withered flowers and plants in front of him in horror, and then said in shock.

Just after she said this in her mouth, suddenly those withered flowers and plants began to spread towards her!

Even the dark soil on the ground began to spread terribly under her feet!

Bai Ru in front of him saw that the black demon's aura was spreading towards her...they let out an exclamation, and quickly backed away.

While backing away, she had noticed something was wrong!

"Who?"

At this moment, Bai Ru was holding a long sword and exclaimed in surprise.

At the moment when her voice yelled out, a very unpleasant voice suddenly rang in all directions.

"Hehehehe!" When the gloomy voice passed into Bai Ru's ears, Bai Ru only felt pain in her eardrums... her pretty face became pale and ugly right now.

The right hand directly drew out the "long sword" in his hand, and yelled there, "Who? That **** is pretending to be a fool here! Come out with this girl."

With a cry, suddenly I saw that Bai Ru hand-dancing long sword.

Brush!

Several air-breaking sword moves were displayed in the air, and then sword auras were cut towards the dense weeds around!

After the sharp sword qi slashed towards the dense flowers and plants, only bunches of flowers and plants were cut down by the terrible sword qi.

However, after that Bai Ru's sword qi slashed to the surrounding area, there was no movement in the surrounding area! Can't see anyone at all!

"Come out! Bastard." At this moment, Bai Ru felt more and more scared... Holding the long sword tightly in his hand, then said angrily to the surrounding area.

Chapter 3019: Terrible black

The moment she yelled, suddenly the harsh voice came again.

"Hey, since I want to see the deity so much... then the deity will show up."

When the words were spoken, suddenly a cloud of black python gas flew out directly from the grass on the left.

When Bai Ru saw the black python's gas flying out suddenly, he was shocked and retreated quickly.

But seeing the black python's breath, after reaching the distance of a few meters away from that Bai Ru, he suddenly stopped, and then with a "swish", he turned into a person directly.

A guy with a weird black scepter in one hand.

He slowly lifted the terrifying face with loose hair...A blood-red "Ming" character appeared on his forehead.

The whole body exudes a layer of strange black energy.

He came out.

One of the three demons of Hades: Heijue!

When Hei Jue appeared, Bai Ru was stunned.

Lifting his incredible beautiful eyes, he stared at the blood-red "ming" on the black forehead.

"what?"

"You...you...are you...one of the three demons of the Hades?" Bai Ru suddenly realized.

Although Bai Ru had only heard the name of the three demons of the Hades from the legend! But I haven't really seen it, so after seeing the blood-red "Med" word on this guy's head, this is not only a guess.

After Na Bai Ru recognized Hei Jue's identity for an instant, but seeing that Hei Jueyin smiled, he said, "Little girl, my eyesight is pretty good! I didn't expect to know the deity."

After hearing the other party's confession, Na Bairu suddenly felt a little trembling, and an unknown deep fear surged from her heart.

"You...you...are you really the three demons of the Hades? Could it be that you...you...the demons in the Nine Houses have broken through the barrier of heaven?" Bai Ru asked in disbelief in surprise. .

After Na Bai Ru asked, Na Hei Jue suddenly smiled grimly: "A mere magical barrier? How can I resist Hei Jue"

That Hei Jue said frantically.

But seeing that Bai Ru held a long sword there, not only did he step back slightly at this moment.

"You...what do you want?"

Hei Jue suddenly smiled grimly and said, "This deity hasn't touched the blood in your temple for a long time... Hey! I want you to die."

When Na Hei Jue said the phrase "dead", it was like drinking cold boiled water.

In his eyes, letting someone die is as simple as drinking a sip of cold water.

But when Bai Ru heard it, her pretty face showed a layer of horror for a moment.

Then, seeing that Bai Ru was holding a long sword there, he summoned his courage and said, "Asshole! Our temple will not be afraid of you."

"Hehe, isn't it?"

"Then I want to see if you are really not afraid? Or are you not afraid of fake?"

After that Hei Jue suddenly said this, suddenly a terrifying black aura suddenly appeared from under Hei Jue's feet, and then swallowed it terribly and directly towards that Bai Ru along the ground.

When Na Bairu saw a black gas of horror suddenly appeared on the ground and swallowed towards him, he was shocked, and his body suddenly flew up.

"Asshole, I did it with you!"

With a soft drink, suddenly I saw that Bai Ru's beautiful body flew into the air, and then the long sword in his hand flicked, and a sword flower suddenly pierced the Heijue in front of him.

As one of the four maidservants of the goddess, Bai Ru was naturally not weak.

But seeing this sword, the sword technique is pungent, and there is a layer of illusion on the sword.

The name of this illusion is: Phantom Swordsmanship.

Once it was cast out, but seeing this long sword suddenly appeared phantoms...these phantoms then all pierced towards that Hei Jue terribly.

But she can really hurt one of the three Hades in front of her: Heijue?

However, he said that after Na Bairu performed this "phantom sword technique" all at once, he suddenly saw the black desperate sword light, and sneered in his mouth: "Little carving skill, still showing off in front of the deity!"

With a cold drink, the black scepter that Hei Jue was holding tightly in his right hand suddenly slammed into the ground.

"broken!"

There was an angry shout, but seeing the terrible black scepter hit the ground suddenly, the whole ground was forcibly shattered into several pieces!

Immediately after a series of energy light waves burst out from the black scepter, after those terrifying energy light waves met Bai Ru's "phantom sword technique" in an instant, 咻咻咻!

I saw that Bai Ru's "Phantom Sword Technique" was completely broken.

After seeing that his sword trick had been easily broken, Bai Ru exclaimed immediately.

"The breeze is blowing the willow!"

A sword technique was once again displayed from Na Bairu's hands.

After that Bai Ru took out the sword again, there was fierce hostility in that Hei Jue's eyes!

It seems that he has no patience to play anymore.

"Girl, bad luck for you! You will become the first blood sacrifice of the black scepter in the hands of the sacrificial priest!"

The moment the ghastly voice in his mouth said it, he suddenly saw his left hand quickly put out a seal technique. After the seal technique was displayed, his hand suddenly pressed tightly against the black scepter. The purple-brown gemstone above.

The purple-brown gemstone was already brilliant, and at this moment, after the seal was cast on it, the purple-brown gemstone on the black scepter suddenly emitted a very dazzling light, and then flew directly towards the Bairu.

When Na Bairu saw such an extremely dazzling purple light flying towards him, he was shocked.

The Jiao body suddenly flashed in the air, and then avoided the dazzling and terrifying light.

But he said that at the moment that Bai Ru just avoided, Na Hei Jue suddenly sneered and said, "You still want to hide? Can you hide?"

With his words, suddenly the purple-brown gemstone on the black scepter radiated two terrible rays of light again, swish, swish, and all shot towards the white ru.

Bai Ru couldn't avoid it anymore!

No way, the speed of the light in front of him is too fast, and there is no time to remember to dodge it.

Bai Ru had only shown the power of his whole body to avoid one of the rays of light...In the moment of dodging, she could not avoid the second purple light.

boom!

A purple-brown terrifying light directly penetrated Na Bairu's chest.

Bai Ru only felt a tingling pain and a scream of "Wow" in his mouth! Then, seeing the blood splashing, Bai Ru's body fell directly from the midair with a plop.

There was a plop, and then fell heavily to the ground!

Bai Ru is down!

Chapter 3020: Look for

Besides, after Bai Ru fell pitifully to the ground, the poor girl couldn't help panting.

A blood hole was pierced in his chest... and the scarlet blood flowed out from the blood hole, and Bai Ru's white skirt was dyed blood.

Seeing horror... and pitiful.

She really isn't that Hei Jue's opponent!

After Na Hei Jue severely injured the poor Bai Ru all of a sudden, Hei Jue stepped on a deathly pace, and walked towards the Bai Ru in front of him in a gloomy manner.

After walking over, he blinked those bloodthirsty pupils and glanced at Bai Ru lying on the ground in front of him.

Suddenly he said: "Girl, it's your luck! Who made you run into me!"

Na Bairu fell to the ground, clutching the blood hole in her chest, and gasped and roared: "Asshole...This girl will not let you go if she is a ghost!!! The temple will avenge me sooner or later."

After Na Bairu finished speaking, Na Hei Jue suddenly laughed wildly.

"go to hell."

With a loud shout, the black scepter in his hand suddenly rose, and then he slammed into Bai Ru's body.

With a bang, Bai Ru's body was hit hard by the black scepter, and then Bai Ru screamed and fell to the ground with a thump, and died.

Bai Ru was killed.

Looking at the killed Bai Ru, Hei Jue didn't even glance at Bai Ru's corpse.

He just turned his head slightly and looked at the Qianxuefeng with a smirk: "Hey, Xueji, Xueji, this time, the deity has something to do! If not, you have to level your Qianxuefeng."

Hei Jue, who had finished speaking, suddenly flashed his figure, and his whole body shot towards the left side.

His body turned into a black python breath, and then burst into the distance.

No one knows, what does this terrifying guy want to break into the temple?

Qianxuefeng!

It has been several hours since Na Bairu was killed.

I saw that in Qianxuefeng's water curtain cave, the other three beauties in white clothes were talking there.

"Hey, why isn't Sister Bai Ru coming back? When is this?" Just listened to the elder sister asking.

Qingluan on one side blinked her beautiful eyes and said, "Yes! Sister Bai Ru seems to have been there for a few hours... According to the truth, she should have returned long ago!"

"Will something happen?" a girl said there.

As soon as she finished saying this, the eldest sister gave her a blank look.

"Crow's mouth!"

"How is it possible? Bai Ru's strength is not weak! Besides, she is in our Qianxuefeng site...what can happen to her?" The eldest sister reproached there.

After hearing the elder sister's reproach, the girl hurriedly lowered her head, not daring to talk too much nonsense.

I saw the tall beauty Qingluan thinking there for a while and said: "Sister Bai Ru should be delayed! I must be back soon... Sisters, don't worry."

"Yeah."

As everyone said, they began to wait for Bai Ru!

But after waiting for another two hours, he still didn't see the figure of Bai Ru.

This made the three girls not only worried.

"Why doesn't Bai Ru come back so late?" At this moment, even the eldest sister showed a slight worry.

The four maids under the goddess have always been together! Love brotherhood! At this moment, after having not seen Na Bairu come back for so long, they not only showed a worried look.

After thinking for a while, Qing Luan said, "Sister, do you want to, let's go to Qianxuefeng to find Sister Bai Ru,"

The elder sister thought for a while and said, "Well, it's okay! It's getting dark...what the **** is this girl doing?"

The sisters who were saying this then prepared to go down to Qianxue Peak and search for Na Bairu.

After they both made such a decision, then they flew down from the Thousand Snow Peak.

Soon, under the leadership of the eldest sister, they all flew under the peak of Qianxue Peak.

After the three women reached the bottom of Qianxue Peak, they began to search.

"Qingluan, and you, one of you heads east! One heads west! I'll go here to look for... half an hour later, we use the sword sound as a signal. Whoever finds Sister Bairu will release the signal as soon as possible. , Do you understand?" I saw the elder sister commanding there.

After hearing the elder sister say this, Qingluan and a beautiful lady in white nodded quickly and said, "Okay, elder sister!"

After speaking, they scattered to find Na Bairu.

In the desolate forest, the three beauties in white each began to look for the figure of Bai Ru in their own direction.

"Sister Bai Ru..."

Qing Luan looked for the east, and shouted while looking.

But in the empty forest, it seemed that the Bai Ru could not be illuminated at all.

The more Qing Luan looked for, the more worried she became.

"Sister Bai Ru, isn't something really going on? But, it's impossible!"

"Our Qianxuefeng forbidden area, it is impossible for outsiders to come in! Although there are many foreign beasts in this ancient forest, and with the strength of Sister Bai Ru, you will never be hurt by any foreign beasts! This Bai Ru What's the matter with my sister? Why did she disappear?"

Qingluan in front of him was thinking in his mind, while quickly looking for that Bairu.

Unconsciously, that Qingluan came to a dense barren forest.

Just when she called the name of Bai Ru in her mouth, she suddenly saw that on the left side, many flowers and plants had withered, and they turned black!

"Hey, what's the matter with the flowers and plants here? Why are they withered to death?"

After that Qingluan saw such a situation, she quickly flew over here in a flash.

After flying over, she saw a strange scene.

I saw a large piece of flowers and plants here all withered and died, and even the soil on the ground turned black! ! !

Looking at such a weird situation, Qingluan only felt something was wrong.

Just when Qingluan noticed something was wrong here, she suddenly smelled a ***** smell in her nose.

"Smell of blood?" After smelling the unpleasant smell of blood for an instant, Qing Luan suddenly drew out the long sword in his hand with a "brush"!

Then there was a lot of spiritual power accumulated in the slender hand, watching the surrounding situation cautiously.

Qing Luan looked around carefully while carefully smelling the ***** smell coming from his nose.

Upon hearing this, Qing Luan suddenly felt the ***** smell as if coming from a place ahead.

When he noticed this, Qing Luan quickly held the long sword in his hand, and ran forward.

After running to the front, she was stunned for a moment...because she saw a figure in white lying in the dense grass in front...but that figure was still covered with scarlet blood.

what?

"Sister Bai Ru!!!"

After seeing the white clothes in the grass, Qing Luan in front of her screamed.

Then he ran over quickly like crazy.

When I came closer, it turned out to be the dead Bai Ru.
