

A Killer 3131

Chapter 3131: Divine consciousness

Li Tian is healing here!

But Yang Shen fought desperately there.

The stern battlefield, the corpses are everywhere... the corpses here include the skeleton army of the underworld, the three demons of the underworld, and the ancient wood Xijue... and the guardian of the temple.

The blood stained the entire floor of the temple red!

And on the court?

I saw a figure flying out!

There was a loud bang, resounding through the world.

Look carefully, the figure that was shot out is the Yang Shen...

Yang Shen was covered with blood... One arm was broken! It turned out that this arm was chopped off by the rickety old man with a "red chop"! In addition to this arm, that Yang Shen's body was also severely injured by dozens of wounds.

He was covered in blood, but still could not stand.

"Child Chi Yang, are you still unwilling to admit defeat?" The rickety old man looked at his apprentice and laughed grimly.

But what about that Yang God?

Covered in blood, standing there, said: "Old thing, even if I die, I won't give up to you."

"Very good, very good! Since childhood, I think you are extremely smart as a child... I didn't expect that you will become the biggest stumbling block of the old man's life! Unfortunately, today you are dead." The rickety old man laughed there. .

Na Yang Shen said: "You old demon, for your own ambitions, slaughtered so many people... I just wish I could kill you by myself."

"Hahaha, don't worry, wait until I absorb your full power...I will dominate the world."

That Yang Shen suddenly looked up to the sky and laughed, the laughter was extremely tragic.

"Do you want to absorb my skill?" Yang Shen said.

The rickety old man said: "Of course! Only by sucking your skills can I open the thirteenth heaven."

"Don't think about it, old devil! I won't let you absorb my skills." Yang Shen said angrily.

The rickety old man suddenly smiled grimly and said: "Now I can't help you..."

When the words were spoken, the rickety old man's five fingers suddenly grasped the Yang God.

"Give me your full power!"

With a loud shout, I saw the rickety old man pointing at the Yang Shen to grab him.

Yang Shen was covered in blood, and one of his arms was cut off. At this moment, standing in the void, looking at the rickety old man who was flying, suddenly his eyes looked at the sky...: "I won't let you absorb your skills. !"

As he finished speaking, a curtain of light burst out all over his body suddenly!

Then the light curtain suddenly began to skyrocket.

At this moment, the entire body of Yang Shen suddenly exploded: Boom! ! !

"Ah? You blew your own soul!!!"

When he saw that Yang Shen's entire body exploded, the rickety old man suddenly retreated and screamed.

Yes!

In order to prevent the rickety old man in front of him from absorbing his own skills, Na Yang Shen chose to blow his soul!

He knew that he couldn't escape in front of this rickety old man... so he had to choose this way!

After the Yang Shen suddenly blew himself up, the rickety old man suddenly screamed like a madman.

"Asshole! Asshole... You actually chose to explode your soul without giving me any skills! Ahhhhhh!"

An endless roar came from his mouth... Then there was a loud and explosive sound around his body.

...

A loud bang came from far away.

Li Tian, who was treating his injuries, was stunned for an instant when he heard the sound of the billowing explosion.

His heart beat violently subconsciously, and then opened his eyes for a moment.

what!

"Yang Shen..." he suddenly exclaimed.

Then he quickly turned his head to look, and saw that in a distant place, gunpowder smoke rose and his energy flew away.

Looking at the distant place, Li Tian suddenly stood up, muttering there, "Yang Shen...has been sacrificed?"

When he was talking like this, suddenly a gloomy cold wind blew his face!
suddenly!

When the gloomy cold wind blew, suddenly a bright ball flew to Li Tian's side.

Look carefully, this shiny little ball is extremely weird, hovering around Li Tian's body.

"Huh? What is this?" Li Tian said in a moment of surprise.

Just when he was so curious, suddenly the goddess Xue Ji over there came over.

"Li Tian, what are you doing?" the goddess Xue Ji asked curiously.

But seeing that Li Tian said: "Xue Ji, come and see, what is this little thing?"

So the goddess Xue Ji walked over quickly to look.

After looking up, I saw this little ball of light right now.

what?

Then an exclamation came out from the mouth of the goddess Xue Ji.

After seeing such a big reaction from the goddess Xue Ji, Li Tian immediately said, "What's wrong? Xue Ji? What is this?"

The goddess Xue Ji said: "This...this...is the consciousness!"

what?

"Divine consciousness?" Li Tian said in shock.

I saw that the eyes of the goddess Xue Ji suddenly turned red.

"Chi Yang died in battle! Chi Yang died..." The goddess Xue Ji suddenly cried there.

When Li Tian heard this, he said in shock: "Xue Ji, what are you talking about? How do you know... he is dead?"

"Because this divine sense belongs to Yang God!" The goddess Xue Ji said suddenly.

"What?" Li Tianyi heard the whole person scream in surprise.

I saw the goddess Xue Ji in the red eyes and said: "Only the strong who breaks through the tenth heaven can possess the divine consciousness, and you also have it! So, I guess Chi Yang must have sacrificed.

When Li Tian heard this, he was stunned.

"How could this be?"

"How could he die...?" Li Tian said in pain.

He has feelings of reluctance for Yang Shen! They are friends of gentlemen! But now Yang Shen is dead.

The goddess Xue Ji wiped the tears from her cheeks and said, "We wronged him... Now he is dying for us! Hey, we are really sorry for him."

Li Tian sighed deeply: "Yes! We are all sorry to him!"

"No matter what, you are the only one who can deal with my master now." The goddess Xue Ji suddenly looked at Li Tiandao.

Li Tian smiled bitterly: "Me?"

"I'm afraid I can hardly be the opponent of that old demon."

The goddess Xue Ji said: "No! Now you have a chance."

"Um? What opportunity?" Li Tianyi asked curiously.

"Just to swallow this divine sense... You and Yang Shen's divine sense become one. In this case, the strength of the Yang God will be fully superimposed on you." The goddess Xue Ji said suddenly.

When Li Tian heard it, he was astonished at that moment: "Huh? Is there such a thing?"

"Yes! The superposition of divine consciousness is the superposition of skill! Therefore, as long as you combine the skill of Yang Shen, you can definitely kill my master." The goddess Xue Ji said.

When Li Tian heard this, he became excited.

Really?

"If I swallow this Yang God's consciousness, will all Yang God's power be concentrated on me?" Li Tiantian thought excitedly.

Chapter 3132: Old devil furious

After swallowing the "sense consciousness" of that Yang God, Li Tian's whole person changed. .

His whole body blood began to boil violently like hot hot water, and the spiritual power in his body also impacted in his heart like a continuous wave of the same origin.

Li Tian now only feels that he has become very strong, very strong.

That kind of powerful force made him want to release with laughter.

boom!

A violent explosion sounded from all around Li Tian's body.

After seeing the changes in Li Tian, the goddess Xue Ji on the other side asked in surprise: "Li Tian, how are you doing?"

But seeing Li Tian's whole body spiritual power wandering fast there, he shouted there: "I feel my whole body swell...I have become so strong, so strong!"

"Huh?" The goddess Xue Ji exclaimed.

"I want to avenge the Yang God! Kill that old demon!"

"Xue Ji, take care of Ning Bing for me...I'll kill the old demon." A whistling came from Li Tian's mouth.

Then before the goddess Xue Ji spoke, Li Tian in front of her suddenly turned into a light curtain and flew directly towards the distance.

He went to find that old demon to avenge Yang Shen!

Li Tian now has a sharp increase in his skill, so he wants to fight extremely! So he hastened to find the old demon now.

When Xue Ji saw Li Tian leaving, she was stunned.

Situ Ningbing and the guardians ran over there together.

"Where is Li Tian? What about others?" Situ Ningbing looked at Li Tian who had disappeared, and asked in shock at the moment.

I saw the goddess Xue Ji replied there: "Li Tian went to find the old demon for revenge."

what?

Situ Ningbing suddenly exclaimed.

"However, Li Tian's body is still seriously injured...How can he beat that old demon?" Situ Ningbing worried.

But seeing the goddess Xue Ji shook her head slightly and said: "Don't worry! Li Tian has swallowed the Yang God's divine sense... It is equal to that all the power of Yang God has been superimposed on Li Tian's body! So you are completely do not worry."

When Situ Ningbing heard this, he was stunned.

"Divine consciousness?"

"You mean... Li Tian has now turned all Yang Shen's strength into his own?" Situ Ningbing said in surprise.

But seeing the goddess Xue Ji nodded quickly and said: "Yes!"

"How could this be..." But seeing that Situ Ningbing exclaimed.

"Go, let's find Li Tian!"

"I believe Li Tian will kill the old demon." The goddess Xue Ji said suddenly.

Situ Ningbing nodded quickly.

Then the two of them took the remaining guardians and hurriedly pursued that Li Tian.

...

But what about Li Tian?

Ever since he swallowed Yang Shen's "sense consciousness", his skill has increased dramatically! To be honest, he doesn't even know how powerful his strength is now!

Originally, Li Tian was already one of the top figures on the Spirit Earth Continent. Now that he has swallowed all the strength of that Yang God, he is now even more terrifying!

I saw Li Tian's body now turned into a ball of light, suddenly flying towards the battlefield just now.

When Li Tian flew to the temple, he suddenly saw that the temple was already empty... Except for the corpses and blood that were killed before, there was nothing!

The old demon also disappeared!

"Old Demon, where are you?" A roar burst out from Li Tian's mouth.

But with his roar, he couldn't see the figure of the old demon.

Suddenly Li Tian remembered the thirteen heavens in his mind.

"The old demon must have entered the thirteenth heaven!"

After Li Tianxin thought about it this way, suddenly Li Tian shook his body and shot directly towards the thirteenth heaven.

Thirteenth Heaven!

The current Li Tian just wanted to find the old demon quickly and then kill him.

Soon, I saw a ray of light flying directly from a distance to the thirteenth heaven, and it was Li Tian that came here.

After that Li Tian's figure flew over here all of a sudden, he looked at the towering thirteenth heaven and roared out in anger.

"Old demon, get out!!!"

A loud shout shook Kyushu, even the birds and beasts a few miles away were shaken and fled.

Just when Li Tian shouted out loudly, a ray of light suddenly shot down from the thirteenth heaven.

"Asshole boy, how dare you come back and die? Hahahaha!" With a grinning laughter, the rickety old man shot out suddenly.

He appeared.

At the moment that the rickety old man suddenly appeared, the world changed.

At this moment, Li Tian finally saw the old demon and said: "Old demon, you cruel thing that slaughters innocents and does a lot of evil, even his apprentices will not let go. You are really damned."

When the rickety old man heard Li Tian say this, he sneered there and said, "It's up to you?"

"Yes, just rely on me!"

"Today, I want you, the old demon to die without burial, to avenge the innocent people who died under your hands! To avenge the sun god." Li Tian's spiritual power has already begun to jump at this moment.

When the rickety old man heard this, he said with a gloomy smile: "Come on! Anyway, the Chiyang child is dead! It just so happens that I can absorb all your strength! Haha, in this case, I can open that Thirteenth Heaven."

"Old devil, take his life."

A wild roar came out from Li Tian's mouth in front of him.

Then Li Tian suddenly stood up and swung his right hand directly. Suddenly, a wave of forces directly shook the rickety old man in front of him.

Li Tian, who had completely absorbed the strength of the Yang God, the power of this palm was earth-shattering.

With a palm out, the situation changed.

The terrifying force directly shook the rickety old man in front of him.

The rickety old man didn't know that Li Tian had swallowed Yangshen's "spiritual sense", so he cast an illusion to welcome him!

Two powerful forces directly collided together, and thunder rang with a click!

The terrifying force exploded directly.

boom!

In the thunderous loud noise, that Li Tian's figure remained motionless, and his spiritual power flew around his body!

And look at the rickety old man?

I saw that the rickety old man was shocked by the force of this palm and took a few large steps back.

He couldn't resist the power of Li Tian's move! ! !

"Huh?" After being shaken back, the rickety old man was shocked for a moment.

"You...you...this bastard...how can your strength suddenly increase so strong?" The rickety old man in front of him looked at Li Tiandao, who was full of terrifying spiritual power at this moment, unbelievably.

But seeing that Li Tian sneered: "Old demon, you never thought that the Yang God you killed...has been combined with my strength!"

The rickety old man was stunned when he heard it.

"You...you **** kid, have you swallowed the sense of Yang God?" Suddenly the old demon shouted angrily there.

Li Tian laughed and said, "Not bad."

The old demon flew his head full of anger.

"Asshole!!! What do I say, in the end I didn't see that Chiyang kid's consciousness... It turned out to be swallowed by you, **** kid!"

"Today, I want your life! I want to swallow all the divine consciousness of you **** boy and Chiyang boy!"

With a loud shout, the old demon finally couldn't help the anger in his heart, and his whole person suddenly rushed towards Li Tian terribly.

Chapter 3133: I want your life

Now the old demon knew that Li Tian had swallowed Yangshen's consciousness.

He needs to absorb Li Tian's skill at this moment! Because if Li Tian's skill is absorbed all... then he will definitely be able to open the thirteenth heaven.

So at this moment the old demon is about to display a thousand-year cultivation base, and then fight Li Tian.

"Asshole boy, today I want you to see the real strength of the old man."

There was a wild roar, but seeing the seal in the old demon's hand, the ground around him suddenly cracked.

"The universe is boundless, the stars are moving!"

With a loud shout, the entire bursting ground suddenly churned up, and the entire stratum was abruptly uncovered.

Pressing towards that Li Tian like a hill.

Li Tian yelled angrily and quickly cast the light system illusion.

"Wan Guanghui Zhao!"

The golden rays of light resembled the sun, suddenly refracting towards the soil.

Boom, boom.

Then the entire layer of soil burst open.

"Sword of Burning Heaven!"

Li Tian's figure turned into a ray of light, and his right hand directly displayed the "Sword of Burning Heaven", a sword of the sky burning with endless flames, suddenly turned out, carrying a sharp hurricane, and stabbed the old demon.

The old demon's right hand was a claw, and the evil spirit was permeated in one hand. Suddenly it skyrocketed several times, and he caught Li Tian's "Sword of Burning Heaven" at once.

With a bang, I saw that the "Sword of Burning Heaven" that Li Tian had transformed into it was suddenly held tightly in the palm of his hand by the old demon.

The moment he was caught, Li Tian was slightly startled.

Secret lining: The strength of this old demon is really powerful and terrifying 1

When he fought against that Yang God, even though he felt the Yang God's strength! But it is not so difficult! But now fighting this old demon... Li Tian felt a strong pressure that he had never experienced before.

After the "Sword of Burning Heaven" was suddenly caught in the palm of the hand by the old demon, Li Tian wanted to use his strength to withdraw the "Sword of Burning Heaven" in his hand.

But when he stretched out his hand, he couldn't pull it out.

"Boy, take my palm!"

Suddenly the rickety old man let out a weird laugh, and suddenly his palm turned out and hit Li Tian.

Li Tian was taken aback at the moment, his body hurriedly used the "Moment of Light Technique", and then his body swished away.

Although dodged, Li Tian felt the powerful strength of this rickety old man.

"This old demon is really hard to deal with."

Just now with a murmur, I saw the rickety old man rushing towards Li Tian again.

Seeing the look of the old demon, he clearly wanted to kill Li Tian.

At this moment, Li Tian's right arm suddenly felt a burning sensation.

what?

"My arm..."

Then when he was surprised, suddenly only a cloud of blue light came out of his arm.

"Xiaoqing! It's the fierce beast Qinglong!"

When Li Tian suddenly saw the cyan breath coming out of his arm, he called out.

Yes 1

Right now, it was the ancient mythical beast Qinglong who appeared!

I saw the moment when the ancient fierce beast Qinglong turned out...the sky was rolling and the wind was blowing.

Roar!

Shattered the mountains and rivers with a scream!

The gigantic blue dragon beast suddenly screamed and grabbed the rickety old man.

The two dragon claws directly grabbed the old demon with a breaking force.

When the rickety old man saw the Azure Dragon Beast all of a sudden, his brow furrowed and he secretly horrified, "Uh, it turned out to be the first fierce beast in ancient times: Azure Dragon?"

"Hmph, I didn't expect you kid to be able to tame the first fierce beast in ancient times!"

"It's a pity, you ran into me today, hahaha!"

As the old demon laughed wildly, he suddenly rolled his sleeves and attacked the blue dragon.

But seeing the blue dragon suddenly grasped by the two dragon claws, the rickety old man struck the blue dragon with a strong wind.

Qinglong blocked the terrible offensive of the rickety old man with a body full of dragon scales!

boom!

boom!

boom!

The terrifying wind hit the dragon scales of the blue dragon. Although the blue dragon had a dragon scale protection, the huge body that was hit still trembled slightly.

"Roar!"

A cry of pain came from the Qinglong's mouth.

After the pain of being hit, the dragon's tail suddenly swept towards the rickety old man.

The rickety old man dodged slightly, and then suddenly a blood-red light flashed!

"Red cut!"

It is the weapon of the rickety old man.

Checked the room where Hong Zhan shot, and then directly slashed towards the ancient blue dragon beast in front of him.

"Little Qing, be careful!"

Li Tian was shocked when he saw the rickety old man pulling out his "Red Slash".

He was afraid that Qinglong would be injured!

What about the Qinglong? The moment it saw Hong Zhan's arrival, its body didn't dodge, it roared, and directly rushed towards the rickety old man.

"Xiaoqing..." Li Tian was stunned for a moment after seeing Qinglong flying past all of a sudden.

At this moment, the rickety old man showed sharp killing intent in one of his eyes.

"Beast looking for death!"

With a loud shout, the "Red Slash" in his hand fell from the sky three consecutive times!

puff! puff! puff!

All the blood-red rays of light slashed towards the blue dragon in front of him.

Although Qinglong is the first fierce beast in ancient times, facing the old demon in front of him... he is somewhat invincible!

I saw that the body of the blue dragon hadn't reached the side of the old demon's body, and suddenly the blood-red light was cut on the scales of the blue dragon!

boom! boom!

After that Hong Zhan slashed on the body of the Qinglong, Qinglong raised his head and let out a roar... Suddenly, the huge body suddenly fell from the air.

"Xiaoqing!"

Seeing that the blue dragon was hit by the old demon's red cut! Right now, I saw Li Tian scream.

I saw the Qinglong plop, and his body fell heavily to the ground, a painful groan from his mouth.

Li Tian quickly flew over and saw that a huge blood hole was cut out on the dragon scale armor of the blue dragon!

Looking at Qinglong who fell on the ground and panted in pain, Li Tian felt distressed!

"Xiaoqing...Xiaoqing..." Li Tian cried, holding the huge head of the Qinglong tightly there.

But seeing the extreme pain of the Qinglong, the blood hole on the body kept flowing out with blue blood.

It groaned in pain.

Looking at the painful appearance of the Qinglong... Li Tian suddenly became angry!

He suddenly raised his blood-red eyes and looked at the old demon in front of him.

"Old demon, if I, Li Tian, do not take your life today, I will swear not to be a man!"

Chapter 3134: Is he dead?

Li Tian was really angry at this moment.

The whole person turned into a ball of light to fight the old demon.

The rickety old man didn't dare to care at all... He knew that Li Tian's strength had increased sharply now, so he could only use a thousand years of skill to stop Li Tian.

Two people are fighting in the air!

The brilliant illusion is flying in the air!

The surrounding ground had all exploded...Even Thirteenth Heaven was shaken by them as if shaking.

boom!

With a loud noise, Li Tian used his whole spiritual power to forcefully confront the old demon.

The rickety old man was knocked back to the ground... the moment his feet stepped on the ground, he directly sank in.

"How can this ***** kid's strength be so terrifying!!!" The rickety old man said in surprise.

He seems to be no longer Li Tian's opponent!

I saw that Li Tian had pounced on him again like a madman.

The rickety old man saw that there was something wrong with the situation, and quickly jumped into the thirteenth heaven.

"Old devil, don't want to run!"

With a loud shout, Li Tian directly chased into the thirteenth heaven.

After reaching the thirteenth heaven, the old demon's figure disappeared suddenly.

Li Tian blinked his eyes and glanced at the disappearing old demon's figure, and let out a furious: "Old demon get out."

With a burst of mouth, Li Tian suddenly displayed Qi illusion, and then controlled the surrounding breath... Suddenly the surrounding breath was frozen by him... Then he used his ears to listen to his position.

Suddenly a blood-red light attacked from behind that Li Tian.

This is exactly the "Red Slash" of the old demon.

The moment Li Tian felt the old demon attack from behind him, his body suddenly turned sharply, and then his five fingers spread out and directly caught on the "Red Slash".

After Li Tian caught the old demon's "Red Slash" weapon all at once with a catch, the old demon was taken aback.

But at this moment, Li Tian suddenly took out his right hand, and then directly hit the old demon's chest.

Boom!

The old demon's body was immediately knocked out, and even the "Red Slash" in his hand fell into the air.

With a plop, the body of the rickety old man slammed into a huge rock wall on one side, and the entire rock wall was smashed into a deep pit by his body.

A spit of blood came out of his mouth "Wow".

And what about the red cut in the hand? I saw Li Tian's figure in a vertical direction, and directly took the "Red Cut" in his hand.

A blood-red light loomed in Li Tian's hands.

Li Tian actually snatched the old demon's "Red Slash".

"Old demon, I see where you are going to escape today!" Li Tian tightly grasped Hong Zhan in his heart, and said angrily at the rickety old man in front of him.

The rickety old man was hit by Li Tian's palm and stood up from the ground with difficulty.

His eyes were extremely unwilling!

The face that ruined its appearance suddenly twitched violently.

"I lost,"

"How could I lose?" The old demon suddenly muttered to himself.

He seemed surprised! Because he never thought that a character like him would be defeated, he is a character who has lived for nearly a thousand years.

"Old demon, if you commit injustice, you will die! Today, you will die." Li Tian raised the red sword in his hand.

The old demon suddenly raised his eyes and looked viciously at Li Tian in front of him.

"Do not!"

"Do not!"

"I won't lose!"

"I will never lose...I want to open the thirteenth heaven...I want to dominate the whole world!"

A wild roar came out of the old demon's mouth, and suddenly his whole person rushed towards Li Tian like crazy, and the spiritual power of his whole body also burst out at this moment.

Li Tian saw the old demon suddenly rushing towards him madly, and immediately, the red sword in his hand was suddenly raised!

"Old devil, take his life!"

Li Tian didn't evade, he directly confronted the old demon.

Boom! There was a loud noise between the world and the earth, and suddenly exploded between them.

boom!

boom! boom!

The entire thirteenth heaven was suddenly collapsed.

The huge stone collapsed from above... the surrounding hard rock walls also began to crack at this moment.

Look at that Li Tian and the old demon?

I saw that Li Tian was stunned by the terrifying power of the old demon, and his whole body hit the collapsed stone wall, vomiting a few mouthfuls of blood! He was shocked and seriously injured!

And what about the old demon?

He looked up at the moment, but saw the old demon standing there...It was his weapon "Red Slash" stuck in his stomach.

His weapon was stuck in his stomach!

At that moment, his stomach began to bleed continuously...

Looking at the "Red Slash" on his stomach, the old demon suddenly laughed wildly.

He laughed miserably and desperately, and in his wild laughter, suddenly, he used his whole body skills...

"Asshole, I want to die with you!"

Then his whole body burst out with endless spiritual power! Spiritual power jumped around... the entire thirteen heavens collapsed!

Rumble! The huge stone fell from above, and the entire thirteenth heaven was completely shattered by his extremely powerful spiritual power...All the pillars were shattered, and the surrounding stone walls began to crack.

"what....."

When Li Tian saw the entire Thirteenth Heaven collapse in an instant, he quickly found a place to escape!

He knew that this old demon was doing the final battle between the trapped beasts!

So he will never fight with him!

Click! Suddenly the Optimus Prime that supported the 13th Heavenly Heaven broke, and then the entire 13th Heavenly Heaven suddenly collapsed!

boom!

At the moment when the Thirteenth Heaven was collapsing, black clouds suddenly shrouded the sky, and the wind was blowing... and it was accompanied by thunder!

The endless smoke of gunpowder filled here, and the entire thirteenth heaven instantly turned into a huge pile of ruins!

The thirteenth heaven was destroyed!

And what about the old demon? Also buried in these thirteen heavens!

As for Li Tian?

In the endless smoke of gunpowder, Li Tian could not be found.

No one knows, is he dead? Still alive?

...

"Li Tian, Li Tian..."

Suddenly heard the screams of the goddess Xue Ji and Situ Ningbing from a distance.

They all heard the loud noise here... and at the same time saw the scene where the towering thirteenth heaven collapsed.

At this moment, they all stayed.

"Li Tian! Where are you?"

When the goddess Xue Ji and Situ Ningbing flew over, they suddenly screamed out.

The guardians behind that... and the maidservants beside the goddess could not help being stunned when they saw the scene of the collapse of the Thirteenth Heaven!

All of them were there in shock and said: God, what is going on here? What about the old demon? Where is Li Tian?

"Li Tian...Where are you?" Tears flowed from Situ Ningbing's beautiful eyes, and suddenly ran over there, looking for Li Tian among the huge ruins!

But where to find Li Tian in this vast ruins?

Is he dead?

Chapter 3135: I want to go home

The thirteenth heaven was ruined.

And Li Tian and the old demon were buried in the ruins of the thirteenth heaven.

In the vast ruins, no one knows whether they are still alive.

"Li Tian...Li Tian..." Situ Ningbing and the goddess Xue Ji yelled like crazy, they all wanted to find Li Tian, but the ruins in front of them were so huge, how to find them?

Just when everyone was extremely worried about that Li Tian, a sound of "rumbling" suddenly came from the ruins.

At the moment when they heard the "rumble" sound, the goddess Xue Ji and Situ Ningbing were taken aback.

"Binger, go back quickly..." The goddess Xue Ji couldn't help saying after seeing a loud rumbling sound coming from the ruins.

After hearing the panic voice of the goddess Xue Ji, Situ Ningbing quickly backed away.

After the loud noise of "Rumble" came out from under the ruins, suddenly "Bang!"

An explosion came out directly.

Then I saw a figure flying out of the ruins suddenly.

"what?"

At the moment when everyone saw a figure flying out of the ruins, they couldn't help but scream. At the same time, everyone accumulated spiritual power and looked at the figure in front carefully.

Who is he?

Who flew up from the ruins?

I saw that the flying figure fell directly to the ground.

I took a closer look and was shocked to see that the figure that was able to fly out of the ruins was that Li Tian, but Li Tian looked so embarrassed and embarrassed now!

There was dust all over his body, a layer of dust stuck to his hair, face, and blood stains at the corners of his mouth.

"Li Tian?"

When seeing that the figure shot out of the ruins suddenly was Li Tian, Situ Ningbing and the goddess Xueji suddenly screamed out.

Then the two beauties ran towards Li Tian like crazy.

At this moment, Li Tian also saw them, and a smile suddenly appeared at the corner of his mouth.

"Ning Bing... Xue Ji..." He shouted.

After the goddess Xueji and Situ Ningbing ran over, they held Li Tian's hand from left to right, and asked worriedly, "Li Tian, you are still alive! Great, great. Alright... scared us to death."

Their beautiful eyes turned red in that way.

They all thought that Li Tian would definitely die if buried alive in these thirteen layers, but they didn't expect Li Tian to be alive.

But seeing Li Tian panting at the moment, he wiped the blood from the corner of his mouth and said: "How can I die?"

The goddess Xue Ji and Situ Ningbing laughed all of a sudden.

"Li Tian, what about the old demon?" Situ Ningbing, who listened to only one side, asked quickly.

I saw that Li Tian looked at the endless ruins and said: "He is dead!"

what?

When the old demon was dead, Situ Ningbing and the goddess Xueji suddenly screamed.

Then Li Tian told about the fierce battle between the old demon and himself! Also tell the story of the old demon who finally wanted to die with him!

Speaking of all this, the goddess Xue Ji and Situ Ning Bing were shocked.

"Many acts of unrighteousness will kill himself! The place where he died!" said the goddess Xue Ji.

Situ Ningbing on the other side also said: "Yes! He killed so many innocent people... He killed so many innocent lives, he really deserves to die!"

Li Tian sighed indifferently and did not speak.

He raised his eyes and glanced at the sea of clouds and smoke, and suddenly sighed: "Now, it can finally be calm! I believe that this world will return to its previous peace."

Yes!

The biggest demon is dead!

The sad thing is that the world's invincible Sun God, Gu Mu Xijue, and White God, all died!

Only Li Tian and the goddess Xue Ji are still alive.

The current Li Tian condensed the power of the sun god's consciousness, and there is no doubt that he has been called the first person in the world of the spiritual soil continent!

He held the two women's delicate hands and stood there, looking into the distance...a cold wind blew on him.

Suddenly, a blood-red light flew out from the ruins.

I took a closer look, but saw a "sword" suddenly shot out of the ruins, Hong Zhan!

It turned out to be the supreme weapon of the old demon: Hong Zhan!

At the moment when Hong Zhan flew out, Li Tian's arm raised, and suddenly a suction force directly sucked the "Red Zhan" into his palm.

"Um? What is this?" Situ Ningbing asked in surprise.

Then Li Tiandao: "This is the old demon's weapon, Red Slash!"

The goddess Xue Ji also said: "Yes! According to my master... once said, this red sword is the first weapon in the world! It only follows the strong! Whoever is strong, this evil weapon is Follow who!"

"Now, my master has been killed by you...Perhaps, from now on, you will become the new master of this red sword."

After listening to the goddess Xue Ji finished saying this, Li Tian was also taken aback.

Then I looked at the sword in my hand with the "blood red" light, and smiled bitterly, "Well, since this sword has followed me, I will use it in the future!"

Li Tian, who was saying this, put away the "Red Cut" in his hand.

Hong Zhan also followed Li Tian from now on! Become a veritable sword in the world!

...

"Li Tian, the temple has been ruined... The Wood God, White God, and Yang God are also dead! Where are we going now?" The goddess Xue Ji suddenly held Li Tian's hand and asked gently. .

The goddess Xue Ji has changed! It's not as glamorous as before!

Now she is like a little woman in front of Li Tian!

After the goddess Xue Ji asked, Li Tian was also stunned at that moment.

Yes!

Where should I go now?

The temple has been completely destroyed...The Thirteenth Heaven is also destroyed! ! !

Where should Li Tian go? Is it possible to return to the world of Spirit Earth Continent again?

After thinking for a long time, suddenly Li Tian raised his head and looked at the blue starry sky and said: "I miss the earth...I want to go home!"

When a word came out of his mouth, the goddess Xue Ji was stunned.

"Uh? Earth? Go home?" The goddess Xue Ji said there, completely puzzled.

I saw that Li Tian turned his head and smiled slightly: "Yes, the earth is my real home!"

"I have said long ago that I am not a person in this world of Spirit Earth! I traveled from a world called Earth! Although I don't know what happened...but I want to go back now."

The goddess Xue Ji was dubious.

At this moment, Situ Ningbing on the other side was also saying: "Master, what Li Tian said is true! We are indeed not from the Spirit Earth Continent... We are from the earth! Li Tian and I are together ."

Chapter 3136: I protect you

After hearing Situ Ningbing say the same, the goddess Xue Ji believed it. .

"Oh my God, you really are not from this world?" The goddess Xue Ji said in surprise.

Li Tian and Situ Ningbing nodded there together!

"But... how do you go back? How do you go back to what you call the earth?" The goddess Xue Ji asked with her beautiful eyes suddenly there.

When Li Tian and Situ Ningbing heard that, he was suddenly depressed!

Yes, how do they go back?

Where did you pass through the gate of the Tianshan restricted area? But how should I go back now?

When Li Tian and Situ Ningbing didn't know how to answer, they suddenly saw the ruins of the thirteenth heaven behind, and suddenly there was a crackling sound.

"What's the matter?" The moment Situ Ningbing and the goddess Xueji not only screamed at the moment they heard the cracking sound of "Kakachacha".

Even Li Tian was taken aback!

Not only looked at the "ruins" with horrified eyes.

After the cracking sound of "Kakachacha" continued to be heard, a huge strange light suddenly appeared!

At the moment of seeing the light curtain, all the surrounding guardians, Situ Ningbing, and the goddess Xue Ji not only hurriedly gathered their spiritual power, and then waited for them.

No one knew what happened to the ruins suddenly.

"Is the old demon not dead?" Li Tian said in horror.

"But, it's impossible! The old demon was stabbed into his stomach by himself with a red chop...There is no reason to be alive?" Li Tian said to himself.

Although he was very strange in his heart, Li Tian was still slowly pulling out the red sword that exuded blood red light!

I saw that the light curtain of the ruins has changed more and more!

With a bang, when everyone was shocked, a dazzling white light suddenly reflected in everyone's eyes!

what?

After the white light pierced their eyes, everyone's eyes were not only blurred!

Even Li Tian not only closed his eyes suddenly at this moment.

The dazzling white light makes everyone unable to open their eyes!

At this moment, suddenly I saw the white light slowly disappearing from the ruins of the thirteenth heaven, and suddenly a luminous "passage" turned on the ruins!

I saw that the luminous "passage" was full of light curtains, and it was impossible to see exactly where this emptiness passage led...and it was impossible to see clearly how this passage was transformed!

At the moment when Li Tian and everyone opened their eyes, they were stunned!

"Ah? What is that?" The crowd cried out economically.

At this moment, Li Tian and that Situ Ningbing also opened their eyes to see the "passage" that exudes weird light.

The moment he saw this "passage", Li Tian was stunned.

"aisle?"

"The passage to the gate of the restricted area?" Li Tian suddenly exclaimed with excitement.

And what about Situ Ningbing? Also stayed there for the whole person.

"Yes! Li Tian, it's the passage... the passage of the gate of the restricted area." Situ Ningbing in front of him also exclaimed excitedly.

Look carefully at this passage in front of you! It was indeed the "passage" that had passed through the restricted area on the top of the Earth's Tianshan Mountains before that.

The goddess Xue Ji and the guardians of the Spirit Earth Continent did not know what it was.

At the moment, one by one was stunned.

"Li Tian, what channel?" Only the goddess Xue Ji said questioningly.

Then Li Tian said excitedly: "Xue Ji, have you forgotten that I told you before? I crossed from the passage of the gate of the forbidden zone to the Spirit Earth Continent! Now, this passage has appeared again... I thought, maybe it's time for me to return to Earth!"

When the goddess Xue Ji heard this, she was stunned.

"Are you really from another world? Are you really not from the Spirit Earth Continent?" The goddess Xue Ji exclaimed in front of her.

But seeing Li Tian nodded silently and said: "Yes! I am indeed not from this world."

"Then you want to go back?" The goddess Xue Ji suddenly turned red with beautiful eyes.

If Li Tian really left... what would he do?

I saw Li Tian nodded silently and said: "Well, I should go back! After all, this is not my world."

"Then what should I do?" The goddess Xue Ji suddenly said in pain.

Looking at the goddess Xue Ji, Li Tian was stunned, and the goddess Xue Ji was a person from this spiritual land! What should she do?

"Xue Ji, you go to the earth with me." Suddenly Li Tian said.

Situ Ningbing, who had been silent for a while, was also looking at the goddess Xue Ji and said: "Yes, Master, you might as well go to the earth with us! It won't matter if you stay here anyway... Wood God, White God and others All sacrifices have been made!"

After hearing that Li Tian and Situ Ningbing suddenly said this, the goddess Xue Ji suddenly trembled slightly.

Situ Ningbing was right!

The goddess Xue Ji is indeed useless to stay in this world! Almost all of her relatives have died, what else can she do?

"Go... Earth?" Goddess Xue Ji said blankly.

Then Li Tian came over there and grabbed the slender hand of the goddess Xue Ji and said: "Yes! Follow me to the earth! Where is a world you can't even imagine... There is the land of Lingtu It's totally different! Come with us."

Hearing what Li Tian said, the goddess Xueji suddenly blushed.

At this moment, a pair of slender hands was pulled by Li Tian, and her pretty face was extremely shy for a moment.

"I...I...I..."

"I promise you, go to the earth!" The last sentence came from the mouth of the goddess Xue Ji.

When the glamorous and incomparable goddess Xue Ji said so, Li Tian took the goddess Xue Ji in front of him in his arms!

"Great!"

"From now on, you will follow me! I, Li Tian, will definitely protect you!" Li Tian hugged the goddess Xueji in front of him.

The goddess Xue Ji was hugged in her arms, and her beautiful face instantly became ruddy.

But Situ Ningbing didn't mind, just standing on one side.

In this way, the goddess Xue Ji also decided to follow Li Tian and Situ Ningbing to the earth!

"goddess....."

At this moment, I saw the eldest sister over there and the Qing Luan. When I saw that the goddess Xue Ji was about to leave here, they all cried out in tears.

Chapter 3137: Back to earth

But seeing the goddess Xue Ji also turned her head, her beautiful eyes were rosy, she looked at her servant girls and said, "Qingluan, Yingfeng, you must take good care of yourself here! I...I...go away! "

The eldest sister and Qingluan cried all of a sudden!

Finally, after the goddess Xue Ji waved her hand at everyone, she followed Li Tian and Situ Ningbing to leave this spiritual land continent.

...

After all, the world of another world is not Li Tian's world!

So he must leave.

I saw Li Tian at this moment, holding the goddess Xue Ji with one hand, and his favorite Situ Ningbing with the other, and said, "Are you ready?"

"En!" The two women on the left and the right nodded silently.

"Well, now that we are ready, then we will return to Earth!"

When Li Tian said this, he pulled the goddess Xue Ji and Situ Ningbing in front of him and slowly walked towards the "passage" that exuded the light curtain.

Li Tian suddenly understood that the so-called Thirteenth Heaven was this "passage from another world." The old demon had worked hard for thousands of years to open the Thirteenth Heaven, but he never expected that the Thirteenth Heaven Tian is not a martial arts dominating the world! Rather, the door to another world!

Now, Li Tian is going to enter this "passage" door and pass back!

I saw him pulling Situ Ningbing beside him and the goddess Xue Ji step by step towards the "passage".

When their bodies slowly entered the light curtain, a very strange energy suddenly spread all over their bodies.

what?

After the weird energy spread all over their bodies, Li Tian, the goddess Xue Ji, and Situ Ningbing were all stunned.

Because that energy is terribly absorbing the spiritual power of their bodies!

"Li Tian, what happened?"

"My body and spiritual power...was actually sucked away?" The goddess Xue Ji in front of her suddenly said in shock.

And Situ Ningbing next to him also screamed in surprise.

"Yes, I was also sucked out of my spiritual power... Damn, what is going on?" Situ Ningbing suddenly exclaimed.

What about Li Tian?

He is the same as Situ Ningbing and the goddess Xue Ji!

The spiritual power of the whole body began to be taken away one by one...

Faced with this situation, Li Tian was shocked first, and then he suddenly understood.

"I see! I see..."

When Situ Ningbing and the goddess Xueji, who had been sucked away from their spiritual energy, immediately asked, "Li Tian, what's the matter?"

But seeing that Li Tian looked at the light curtain and said: "It turns out that we return to Earth... we can't take away these spiritual power illusions!!"

what?

When Situ Ningbing and the goddess Xueji heard this, they were not only stunned.

"Why?" Situ Ningbing asked in surprise.

I saw that Li Tianzai said: "Spirit Earth Continent and Earth are two different worlds, and these two worlds cannot coexist with each other! Our earth world...maybe not suitable for such spiritual power existence at all! If we want to return to Earth, the spiritual illusions in our whole body...I'm afraid...I'm afraid...all will be sucked away."

"How could this happen?" The goddess Xue Ji was speechless when she heard it.

"Then we will lose all our skills?"

But seeing that Li Tianzai smiled bitterly: "Maybe!"

"what?"

"Li Tian, then let's go to... the earth? If you are in the Spirit Earth Continent, you are the strongest in this world! But if you want to return to the earth, all your whole body illusions will disappear... All this will turn into a dream of nothingness!" The goddess Xue Ji looked at Li Tiandao there.

Yes!

If Li Tian still stayed in this Spirit Earth Continent, he would definitely be the strongest in this world!

But if he returns to the earth, his whole body's spiritual power will disappear like this... indeed, it has become what it was before!

When Li Tian heard what the goddess Xue Ji said, he suddenly smiled bitterly: "Xue Ji, I don't care about the world's strongest...I only care about you, and my former friends! My relatives! They are still waiting for me on the earth...So, even if I abandon everything, I will go back and find them!"

After hearing what Li Tian said, the goddess Xue Ji did not speak any more.

"Li Tian, I listen to you! Whatever you say, we will do... Since you have given up all your cultivation, then we should give up too!" The goddess Xue Ji finally said.

Li Tian smiled slightly.

He looked at the whole body's spiritual power that was constantly being sucked away, and suddenly muttered in his mouth: "Duanmuying...Poetry...and Sixiang old man...and Senior Promise...I, Li

Tian, will return to Earth soon. !!! When I go back, I will tell you again, what is the gate of the forbidden zone that is called a thousand-year-old mystery...

After speaking, Li Tian suddenly pulled the goddess Xue Ji and the Situ Ningbing in front of him towards the passage step by step!

As they walked towards the inside step by step, gradually, all the spiritual power of their bodies was absorbed away!

At this moment, Li Tian obviously felt that his whole body's spiritual power had disappeared!

He changed back to the way he was before!

The same goes for Situ Ningbing!

As for the goddess Xue Ji? After she was emptied of her body's spiritual power, she suddenly became an ordinary person... there was no spiritual power in her body!

But she doesn't care now, all she cares about is Li Tian in front of her.

"Xue Ji, Ning Bing, close your eyes and hold my hand tightly! Let's go back to Earth!" Li Tiandao.

"Xue Ji, the earth is a completely different world... You close your eyes and wait for a new world to come."

Li Tian, who was saying this, suddenly stepped into the "passage".

After they stepped into the "passage" all of a sudden, they suddenly felt their bodies float up, and only felt that there was a ray of light around them quickly flying and shaking... Then their bodies seemed to have fallen into an endless abyss The same...began to fall continuously...falling...

Cross!

This is the gate of crossing!

And now Li Tian, that Situ Ningbing, and the goddess Xue Ji have entered the gate of this reincarnation crossing!

They didn't know that once the door of traversal was opened... the entire space would change!

...

Earth!

What will happen when Li Tian, the goddess Xue Ji, and Situ Ningbing return to Earth again?

The world of another world and the earth are completely different spaces... Therefore, none of them knows what time the earth is now, let alone what happened on the earth...

As for the "Duanmuying, Ouyang Shiqing..." that Li Tian once loved before, and those friends who once knew...what are they doing on the earth now?

Who would know?

Endless fall! The body fell into a black hole.

Finally, I don't know how long such a fall lasted, and suddenly the light curtain in front of me disappeared!

At the same time, I saw Li Tian, that Situ Ningbing, and the goddess Xue Ji fell all of a sudden.

Plop, plop, plop!

I saw the bodies of the three people suddenly "falling" down from an inexplicable place.

At the moment they fell, the three of them opened their eyes suddenly.

"what....."

The moment they opened their eyes, they saw that this was a completely strange place.

I saw cold stone walls all around... as if they were in the cave.

"I'm back! We're finally back!" An exclamation came out of Li Tian's mouth.

Yes, he recognized it!

This is the cave that crossed the top of the Tianshan Mountain, the gate of the restricted zone.

Situ Ningbing also exclaimed with extreme excitement at that moment: "Yes, we are back! This is the cave where we passed through."

The goddess Xue Ji looked blank, looking at the dark stone walls around... She not only looked left and right in surprise, she couldn't help muttering in her mouth at the same time: "Uh? This is the earth?"

Familiar smell... everything familiar! Back in Li Tian's mind again!

Earth, they are finally back.

Chapter 3138: Lost earth

Seeing familiar ice caves and familiar scenes, Li Tian's face was not relaxed.

Here, Li Tian lost too much.

Many friends, most important brothers, dear fathers, all died here. Moreover, Li Tian himself and Situ Bingning also passed through the gate of the forbidden zone to another world, and experienced a dreamlike journey.

Thinking of these things in his mind, he suddenly couldn't help but let out a long sigh!

"Li, don't think too much, at least you still have the two of us right now!" Situ Bingning walked to Li Tian and gently pulled Li Tian's arm, saying like a little bird.

Li Tian nodded, and put Situ Bingning and the goddess Xueji in his arms, and said: "After experiencing so many things, I understand even better that happiness is hard to come by. Now we will leave here and look for poetry. Love and Duanmu Ying, and then build a big harem belonging to Li Tian in the empire!"

"The beauty of thinking!" Situ Bingning twisted Li Tian's arm like a baby!

"Hate!" The goddess Xue Ji flushed with shyness.

"Okay, okay, now that we have returned to the earth from the gate of the forbidden zone again, we should first tell the old man Sixiang and the old man Wuji so that they understand that the gate of the forbidden zone is only a time and space channel to another world. That's it, it can be considered

to have solved the puzzles of several old people for hundreds of years!" Li Tian said with a serious face.

Situ Bingning and the goddess Xueji nodded at the same time.

However, Li Tian and the others searched the entire ice cave, but they did not find a few old people.

"Some elders may know that they can't open the door to the restricted area, so let's leave for now! Let's go out and look for it!" Li Tian always has an ominous feeling in his heart, but what is this feeling, he will say again for a while. If he didn't come out, he could only comfort himself.

Walking out of the ice cave and arriving at Piaoxue Peak again, Li Tian's brows frowned involuntarily. He found that the earth world at this time seemed completely different from when he left.

The sky was gloomy and gloomy, heavy dark clouds pressed against the top of the snow-capped mountains, the cold wind was scorching, and the snowflakes floating in the cold wind turned out to be grayish brown!

The entire Tianshan Mountains have lost their former color as if infected with a virus. The whole world has only one main color, that is, gray and dark.

If they hadn't really come out of the ice cave in the gate of the restricted area in Piaoxue Peak of Tianshan Mountain, he really suspected that what Yang Shen and him opened together was not the passage to the earth, but another world!

And Li Tian and the others did not find a few old people.

The ominous feeling in Li Tian's heart was even stronger.

It stands to reason that the mission of the Sixiang old man is to guard the gate of the forbidden area, and the old man Wuji promised to take care of Li Tian before the evil **** is dying. They should not leave the top of the Tianshan Mountains easily, but at this time there is no sign of them on the whole Tianshan .

Unless there is an accident.

Is there an inevitable connection between this accident and the scene seen before me?

The expressions on Li Tian's face were very serious. I thought that even if he and Situ Bingning and Xueji lost their entire cultivation base, as long as they returned to the earth world, as the fairy tale said, they could still live happily. life.

However, seeing all this in front of him completely turned Li Tian's little dream into a bubble.

"Go, go down to the mountain and have a look!" Li Tianla got up Situ Bingning and the goddess Xue Ji galloped down the mountain.

Below the Tianshan Mountains, there used to be an endless green grassland, but at this time all the grasses on the grassland died and turned into dark-colored weeds.

Li Tian squatted on the ground and reached out to grab a handful of weeds, which immediately turned into powder.

"All are dead! There is no more life here!" Li Tian muttered to himself.

"Isn't the earth like this before?" Xue Ji asked suspiciously.

Li Tian turned around and glanced at Xue Ji, with a solemn expression, nodded heavily.

At this time, Li Tian had no intention to explain the original appearance of this world to Xue Ji too much. The earth world had undergone tremendous changes. His heart was more concerned about Ouyang Shiqing and Duanmuying's safety.

I don't know how the two of them are now under this huge change!

"Look, there seems to be a corpse in front!" The goddess Xue Ji pointed to the grass in the distance and said.

"Go, take a look!" Li Tian quickly came to that person.

Seeing this corpse, Li Tian frowned even more.

I don't know how many days this corpse has been lying in this place, and how many birds and beasts use this corpse as food, and the whole corpse has only dry bones.

What puzzled Li Tian was that the entire customer didn't even have a trace of skin on it. Even birds and beasts couldn't eat this corpse so clean!

Li Tian raised his head and glanced at Situ Bingning, Li Tian also saw this doubt in her eyes.

"There seems to be a corpse in front!" Xue Ji said.

After walking a few dozen meters further, Li Tian and others came to the second corpse. This corpse was almost the same as the first corpse, only withered bones remained.

"What's that in front? How come... so many..." Xue Ji had already pressed her mouth, she didn't dare to continue.

At a distance of less than 100 meters in front, there are more than a dozen human bones lying in various directions. These bones are large and small, old and young. You can guess that this should have been a nomad family. I don't know what. The reason was such an accident.

What made Li Tian cared about was that these bones were the same as the two bones he had encountered before, and the skin on top and bottom of his body was completely eaten by monsters.

"What happened?" Li Tian was full of anger. What happened to this world? At this time, Li Tian was more worried.

"What a strong smell of blood!" Situ Bingning interrupted Li Tian's thoughts.

As a killer, Situ Bingning has always been calm, even if he loses his cultivation in another world, Situ Bingning still has not lost his killer qualities.

Li Tian and Xue Ji's noses sniffed hard at the same time, and sure enough, there was a faint smell of blood in the air, and the smell of blood was mixed with the smell of rotten flesh.

That's right, it was the smell of blood and decay, which smelled disgusting.

"Wow!"

A roar resembling a wild beast came from the woods at the foot of the mountain in the distance. This roar seemed to sound weird and weird, as if a bone slammed into the throat of this wild beast. .

Rao is so, Li Tian also heard that this voice is definitely from humans.

"It's a human voice!" Li Tian said.

"Wow!"

At the same time that he heard this scream, Li Tian had already rushed out towards the woods, and Situ Bingning and the goddess Xueji immediately followed them from left to right.

When he rushed into the woods, Li Tian did not find the beast, but a shadow flashed in front of Li Tian and disappeared into the depths of the woods.

But Li Tian had no intention of chasing that shadow, he was already stunned by the scene before him.

But Li Tian found more corpses in the woods, but unlike the corpses on the grass outside, these corpses are more of cattle and sheep, and only a few of them belong to humans, but these cattle, sheep and humans do not know how long they have been dead. The fur on his body had long since fallen off, and the corpse had been air-dried, one by one hung on the tree branches. But these human corpses are relatively fresh.

And under the woods, piles of broken bones were scattered sporadically. It can be seen that every bone was crushed by sharp teeth.

Situ Bingning and the goddess Xueji who arrived later saw the scene in front of them, and were shocked for a long time to speak.

"Ah! Who can tell me what has happened to the earth!" Li Tian's anger burned rapidly and shouted.

Li Tian, the most powerful man ever on earth, when he saw such a change in his homeland, his anger finally broke out!

"Hula la fluttering"

Li Tian's roar echoed in the jungle, startling countless birds in the distant jungle.

"Have you seen? The roots of those birds are not original creatures on earth!" Although the startled birds are at least several hundred kilometers away from Li Tian and the others, Situ Bingning still saw these birds at a glance. s difference.

Of course Li Tian can see clearly. These birds don't know why, they have become quite huge. Each bird has a body size of more than one meter. Moreover, these birds have almost no feathers, and a pair of fleshy wings are covered. The black fluff. The two black bird legs are thin and long, like bamboo poles, but the claws look unusually sharp, with a metallic luster.

Li Tian believes that if this bird catches a human body with one paw, it will definitely catch its flesh and blood!

This **** thing is out of the category of birds, it seems more accurate to describe it as a monster!

"Didn't the birds on the earth look like this?" The goddess Xue Ji asked the same question again.

"No!" Li Tian answered coldly!

"Li Tian, I am a little worried about Sister Shiqing and Sister Duanmuying now. Let's leave here and look for them!" Situ Bingning said worriedly.

Li Tian nodded and walked towards the nearest village and town with Situ Bingning and the goddess Xueji.

After walking for a few kilometers, you can gradually see some traces of the road on the wasteland. If you walk straight along this road, you can walk to the nearest town.

Some cars that crashed gradually appeared on the side of this road, and the passengers in the cars were all turned into bones without exception.

Li Tian has gradually calmed down.

Things have been like this, Li Tian has no way to explain why these things happened for the time being, and the only urgent task at the moment is to find a living person to ask.

Passing by a crashed car, the goddess pointed at the car and said, "A Tian, look, the corpses in this car are different from the ones we saw in front of us!"

The car in front of me was a pickup truck. Due to some kind of accident, the car in front of me rolled over several times before stopping. The cab has been completely deformed, but although the two corpses in the driver's seat and the passenger's seat in the cab are extremely decomposed, at least he still has rotten flesh. Unlike the corpses encountered before, most of them have become Withered bones!

"Eighty one!" Situ Bingning said a number.

"Yes, we have experienced a total of eighty-one dead bones without a trace of flesh in front of us!" Li Tian said. It's just that Li Tian didn't know whether the ninety-nine and eighty-one corpses he had experienced before contained any meaning.

Li Tian put aside the doubts in his heart, and said to Situ Bingning and Xue Ji: "Let's go! We will be in the town right away. After entering the town, perhaps our doubts can be solved!"

Chapter 3139: Mutation

Although Li Tian and others have lost the illusion skills of the whole body, they have the foundation of previous cultivation, and their physical fitness is much stronger than ordinary people. However, after walking all the way down the snow mountain to the present, the three of them are somewhat exhausted, especially the goddess Xue. Ji, after arriving on Earth from another world, her body gradually began to feel a little unwell.

Fortunately, they are not far away from the nearest town. From a distance, you can already see the outline of the town.

The cities and towns located in the northwest are more economically developed than those on the southeast coast, and the population density is naturally far worse. The town in front of me doesn't look very big. A rural asphalt road runs through the center of the town. Both sides of the road are the central area of the town. Rarely, the buildings on both sides of the town rarely have more than two stories, and after these buildings are some. Low houses.

Before entering the town, Li Tian frowned involuntarily.

Because the town in front of us is obviously deserted, the weeds over one meter high occupy both sides of the rural asphalt road. The agricultural vehicles and cheap brand-name cars parked on both

sides of the road are completely surrounded by weeds, and even part of the asphalt road is long. Weeds came out.

Although the buildings on both sides did not collapse, they seemed to have been attacked. The glass on the windows was almost completely broken, and even many of the broken glass had some dark brown blood stains on them.

Li Tian saw a "public telephone" sign hanging outside a street shop named "Xiaowei Tobacco, Alcohol and Non-staple Food Store" on the side of the road. He greeted Situ Bingning and the goddess Xueji, and quickly walked towards the small shop.

Before reaching the door of the small shop, Li Tian's heart was a little cold.

I saw that the attack on this shop was obviously greater than that of other shops. The huge aluminum alloy doors and windows were thought to have been attacked by some external force and were completely deformed and distorted. The glass on the doors and windows was completely shattered, and the glass **** was stained with blood. Paved the ground. The landline of the public telephone fell on the ground and it seemed as if someone had stepped on it, and the numbers on it were almost invisible when it was broken.

The goods on the shelves of this store were completely empty, and the glass counters were smashed into a mess. There were even more blood stains on the floor of the store. These blood stains, like the blood stains on the street walls and glass outside, had dried up.

From the inside to the outside of the shop, the only thing that is intact is probably the pendulum clock hanging on the wall, but it should be that the battery in the pendulum clock is exhausted and the pendulum clock has stopped working.

Like most small shops, behind the shelves of this kind of small shop is a small warehouse that integrates residence and storage. Unlike Li Tian and others' expectations, this small warehouse was also looted and was already empty and in a mess.

On the floor of the shelves and the noodles, there were still a few banknotes scattered, and even a hundred-yuan bill was seen.

Li Tian looked back at Situ Bingning, who also noticed this small detail on the ground.

"What do you think?" Li Tian asked.

Situ Bingning did not immediately answer Li Tian, but picked up the paper currency, looked at the several paper currency in his hand, paused for a moment and said, "If we analyze the two situations from an optimistic perspective, it is after we leave. Suddenly some accidents occurred in this area. This accident has seriously endangered the lives of ordinary people. This kind of crisis came very quickly. The owner of this store left in a hurry, and had to leave without finishing the money. After that, this store was looted and beaten. But the second situation is not optimistic..."

Situ Bingning didn't say all her worries, but how could Li Tian fail to guess her thoughts.

Li Tian nodded and said, "It's getting late. I'm afraid we will spend here tonight. I really wanted to see a hotel in front of me. Let's go and see what's going on!"

At this time, the goddess who had been observing the shop suddenly picked up a yellowed notebook and handed it to Li Tian and asked, "What do you think this is? The text on it is so strange, it won't be a peerless technique in your world, right? ?"

Li Tian was immediately dumbfounded by the cry of the goddess Xue Jimeng.

What the goddess Xueji handed him was just an ordinary outpatient medical record. After opening the medical record, the words written on the medical record really resembled the tadpole writing.

"Is it a peerless technique?" Seeing Li Tian's expression, the goddess Xue Ji asked expectantly.

Li Tian handed the medical record to Situ Bingning and said, "Go and ask your good apprentice!"

The goddess Xueji's face was a little embarrassed. In the previous world, Situ Bingning was her apprentice, but after coming to this world, Situ Bingning was only the eldest sister, and she still ranked behind Ouyang Shiqing and Duanmuying. fourth.

"It's a rabies vaccine!" Situ Bingning took the medical record, looked through it, and the laughing expression on his face disappeared immediately and said: "It should be the hostess of this shop who was bitten by a dog before getting the rabies vaccine! But from According to the medical records, after the rabies vaccine, her condition did not get better. Instead, she developed fever and vomiting. After that, the symptoms became more and more serious!"

"So it's not a technique!" The goddess Xue Ji said disappointedly.

"what....."

"Woo..."

Suddenly, there was a human scream in the distance outside the store, followed by several howls similar to wild animals.

Li Tian was startled and rushed out immediately.

Situ Bingning and the goddess Xue Ji immediately followed out.

When he rushed out of the store, the screams and beasts had disappeared.

"It should be in this direction!" Situ Bingning said, pointing to the southwest.

Walking along a small road towards the back of the street, Li Tian and others soon smelled a strong and fresh smell of blood. Li Tian speeded up involuntarily.

After climbing over a dilapidated wall, Li Tian found that although the back of the main street was also houses, these houses had been completely covered by weeds, and many houses had even collapsed.

In front of a pile of collapsed houses, seven or eight huge beasts were biting at something.

These beasts are huge enough. Each beast is more than 1.5 meters in size and looks like a small calf.

Li Tian and others broke into the area of these beasts and immediately aroused the vigilance of these beasts.

"Woo"

These beasts dropped the biting objects in their mouths, waiting for their blood-red eyes, and slowly gathered around Li Tian and the others.

"These are not wild beasts, they seem to be mutated wild dogs!" Situ Bingning leaned against Li Tian and said in a low voice.

"No wonder it looks so familiar, it turned out to be a mutated wild dog!" Li Tian said with a cold snort.

These wild dogs did not know why they had mutated, and the hair on the top and bottom of their bodies all faded and their gray-brown skin was exposed. And these dogs are without exception, the teeth in their mouths become sharp and long, and the dog's mouth can't hold these sharp teeth at all. Therefore, these dogs' mouths keep ticking liquid.

Chapter 3140: Sniper rifle is a magic weapon

"what"

The goddess Xue Ji suddenly let out an exclamation, pointing at the object that the wild dog had just bitten, the expression on her face was particularly shocked.

Li Tian looked intently, his heart was filled with anger involuntarily, because he saw these mutant wild dogs biting and devouring the corpse of a seventeen or eighteen-year-old boy.

At this time, the teenager had been bitten to death by wild dogs. These wild dogs even tore the teenager's stomach and intestines out. The scene was ***** and the picture was horrible.

"These beasts!" Li Tian was full of anger and cursed involuntarily.

Li Tian didn't know what had changed in this world, but as a man, the most powerful man in this world, he would never allow himself to be indifferent when he saw such a tragedy deep in his heart.

"Huh!"

"Huh!"

Seventy-eight dogs stared at Li Tian and the others greedily, grinning, showing a ferocious expression, and slowly approached Li Tianwei.

"Looking for death!" Li Tian said with a cold snort.

"Li, you'd better be careful. I don't feel the vitality of these monsters! It can be said that these monsters are dead..." Goddess Xue Ji reminded.

Li Tian was stunned, did not expect these monsters in front of him to be dead?

"Then let them die again, never to be overborn!" Li Tian showed a cold smile at the corner of his mouth, then sneered out an ambiguous short knife and said with a sneer.

This short knife named "Red Slash" is made of nine-star mysterious iron from another world. It is extremely sharp. "Red Slash" is already extremely fierce. Once it is pulled out at this moment, blood red light flashes out suddenly, even though Li Tian's whole body The cultivation base had all disappeared when he returned to Earth, but in times of crisis, he could still use "Red Slash" to exert that trace of supernatural power.

Even this trace of supernatural power is enough to give Li Tian another chance to become the most powerful man on earth again.

Holding the "Red Cut" in his hand, Li Tian felt a little more at ease.

"Come on! Beasts!" As Li Tian yelled, the wild dogs surrounding Li Tian became frantic.

"Huh!" With a cry, the wild dog leaped towards Li Tian's arm.

Li Tian did not hide at all. On one side of his body, the "Red Zhan" in his hand had already been handed out. As a knife shadow flashed past, the wild dog's abdomen was cut into a huge hole by "Red Zhan". The stomach and intestines fell to the ground.

"Huh!"

Although suffering such a severe injury, the wild dog's movement was only half a minute slower, completely ignoring the damage it suffered, and thumped Li Tian again.

"It's not dead?" Li Tian was surprised.

However, at this time, Li Tian could not tolerate any other thoughts in his heart.

The shadow of the "Red Cut" knife flashed, and the wild dog's head fell like a ball, and as the head fell to the ground, the wild dog's body also fell to the ground, motionless!

"do you died?"

This question appeared in both Situ Bingning and the goddess Xueji at the same time.

"Huh!"

However, what surprised Li Tian and others is that although the wild dog's head and body have been separated, the wild dog's head still makes a wild dog-like call, staring at Li Tian and baring teeth.

It's just because the wild dog has lost its body and its head is like a ball, unable to move.

The other seven wild dogs did not show any fear because one of them was beheaded by Li Tian. Two of them barely stayed, and they rushed towards Li Tianfei.

Li Tian already understood the weaknesses of these wild dogs, and would naturally not show mercy to them.

"Huh!"

"Huh!"

Two red knife shadows flashed, and two wild dogs were in different places at the same time.

Like the first wild dog, the bodies of these two wild dogs no longer have any possibility of movement, but their heads can still make a strange cry of "whoop!", grinning at Li Tian and others.

"There are five more, let's go together, you monsters!" Li Tian said with a sneer.

"Huh!"

These wild dogs didn't seem to understand what Li Tian was talking about, and it was two wild dogs who rushed towards Li Tianfei.

With the knife in his hand, Li Tian solved the two wild dogs cleanly.

"It seems that you are worrying too much, these little monsters are not too worrying!" Li Tian said with a relaxed expression to Situ Bingning and the goddess Xueji.

"Okay! Let's solve the battle as soon as possible! Lest the night is long and dreamy" Situ Bingning urged.

Li Tian smiled slightly, his figure flashed, and rushed towards the three wild dogs.

These wild dogs were not Li Tian's opponents at all, and the shadow of the sword flashed, and they quickly killed the two wild dogs.

When Li Tian was about to slaughter the third wild dog, there was a "bang" gunshot from a distance. With the sound of the gunshot, the last wild dog fell to the ground.

Li Tian saw a black hole in the center of the head of the last wild dog, and some black mucus was coming out, and the last wild dog was dead and could not die anymore.

"It seems that the head is the weakness of these monsters!" Li Tian thought in his heart.

"Bang!" There was another shot, and a bullet hit the ground less than half a meter from Li Tian's feet.

Li Tian immediately stretched out his hand to pull Situ Bingning and the goddess Xueji to hide behind a broken wall, watching the direction of the gunfire.

"It's the sound of a sniper rifle! Through these two shots, it can be seen that the gunman is not malicious, otherwise he will have time to attack us!" Situ Bingning leaned against Li Tian and blocked the goddess Xueji at the innermost point. , Said calmly.

Li Tian nodded, glanced at the direction where the gunfire sounded, and said: "The snipers are hiding on the second floor of a small building more than 500 meters away from us. Although we cannot see that they are malicious to us for the time being, we also Don't go out rashly."

"That's right! Damn, when we pass through the gate of the restricted area, all our cultivation bases are completely lost, otherwise we can razed the two-story building to the ground with a single sword, and see where he hides!" Situ Bingning said angrily .

"Is the sniper rifle a very powerful magic weapon? The power of the sniper rifle just now is not weak." The goddess Xue Ji asked suspiciously.

"Almost!" Li Tian and Situ Bingning said in unison.

Under this circumstance, it is definitely an unrealistic problem to explain to the goddess Xueji, an alien, the firearms that the earth has developed after thousands of years.

"Wow, it's so powerful, so I will use it as a sniper in the future. I can't practice the techniques of this world, but the magic weapon must be usable!" Goddess Xue Ji said excitedly.

Li Tian didn't expect that because he and Situ Bingning's perfunctory explanation would become the female gun goddess of the future Megatron world.
