

A Killer 321

Chapter 321: It's really her (5 more)

So he vowed to catch the murderer and slaughter the woman who killed his brother: Situ Ningbing.

Listening to the roar of the mad cow, Fatty Liu smiled slightly.

It seems that this woman is dead.

Although she hasn't found any clues to that Situ Ningbing yet, the entire Jinghai City has now fully engaged in searching for her. At that time, even if she is hiding under the ground, it will be difficult for her to hide.

At night, after 21 o'clock, I saw her slowly walking toward the outside toward the stinky passage.

Situ Ningbing, who had been hiding here for two days and two nights, had eaten up the noodles and water she bought last time.

Now she must go out and buy some food to replenish her stamina.

Although she knows that the outside world is chasing her, but she can't starve to death here.

At this moment, she dragged the poisoned body and walked slowly towards the outside with her pale face.

After reaching the exit, her cold eyes carefully glanced outside, and after making sure that there was nothing unusual, she walked out step by step.

The night enveloped her.

The neon lights cast a strange shadow on her body.

There was a constant stream of vehicles on the street, and the frontmost place was a 24-hour supermarket. At this moment, Situ Ningbing dragged his aching body and walked towards the supermarket in front of him step by step.

Soon after I arrived at the supermarket, I found that there were not many people in the supermarket. Because it was a small supermarket, only one cashier was standing there.

The cashier is an older sister in her 30s, wearing a red vest uniform.

When she saw Situ Ningbing walk in, she was slightly startled, especially when she saw Situ Ningbing's pale face, and from her walking, she seemed to be enduring some pain. of.

The kind eldest sister of the cashier looked at the incoming Situ Ningbing and asked with concern: "Miss, are you okay?"

Situ Ningbing did not speak, but shook his head slowly, and then walked towards the supermarket.

The cashier's eldest sister glanced at Situ Ningbing, but didn't say much.

After Situ Ningbing picked a few bags of simple instant noodles in the food area, he took a few bottles of mineral water from the shelf and walked towards the cashier with difficulty step by step.

After taking out a hundred yuan bill from the pale and trembling hand, he handed it to the cashier sister.

The eldest sister of the cashier reached out to take the money Situ Ningbing handed over, and looked at her with concern in her eyes.

"Miss, your face is still white, I suggest you find a doctor quickly..."

Situ Ningbing did not speak, but stood there indifferently.

Just when the cashier was looking for the change, suddenly only a few gangsters came in from outside.

"Guzi, go buy a pack of cigarettes."

"Damn, let me pay again...I won't go."

"Fuck, I'm looking for that crazy girl in the middle of the night. If you don't feel bored to die, don't go. Anyway, I didn't bring your wallet today. You can figure it out."

Following the sound, I saw a few four gangsters coming out of a dilapidated Passat.

One of them was dyed with yellow hair all over his head and dressed in a different style, and the other was wearing a red shirt with skulls... The two on the left were black T-shirts all over.

Walked in this supermarket swaggeringly.

"Boss, bring me a red panda."

People hadn't come in yet, but the voice came in first from outside.

With the voice coming, a few punks had already walked in from outside.

When Situ Ningbing suddenly heard their voices, a cold murderous intent emerged from all over her body.

At the same time, even his eyes became cold, standing there.

And how about the few **** who walked in? He also glanced at the Situ Ningbing who was standing next to the cashier to pay, but at first he didn't care.

One of the guys went to help pick things, and the other two were standing at the door and laughing.

Only the guy with the yellow hair called the dog went to the cash register and took out a few 100 yuan from his pocket at random, and threw it at the cashier's eldest sister, whistling in his mouth, and a pair of dishonest eyes wantonly He looked at the slender Situ Ningbing who was standing beside him.

He still murmured: "This chick has a really good figure..."

When those dishonest eyes suddenly began to look on his face from Situ Ningbing's body, the dog was stunned subconsciously, and then couldn't help taking a step back.

Because he suddenly saw that pale face.

That exquisite but pale face is a face he will never forget in his life. It is a symbol of terror, he has seen it with his own eyes.

It turned out that this dog was a little **** at the Broadway Night Market. He was there the night when Lao He died at the Broadway Night Market, and he had witnessed her face with his own eyes, and witnessed her cold and murderous face standing in a pool of blood.

At this moment, the dog's eyes widened, and suddenly he stretched out a hand stiffly. He stepped back again and again as if he saw a ghost, pointing to that Situ Ningbing...

"It's her... it's her..."

While talking, she ran outside in fear.

The two gangsters at the door saw the dog running madly outside, and they were stunned.

"Gouzi, what the **** are you doing?"

The other gangster's eyes were on Situ Ningbing's body.

"Hey, little girl...what did the dog tell you just now?" The little **** said as he stretched out his hand to catch Situ Ningbing.

The moment his finger was about to touch Situ Ningbing, an invisible terrorist killing intent suddenly emerged from her.

Ah, a scream, suddenly screamed out of that bastard's mouth.

Next to the person who looked at him, Situ Ningbing's entire wrist had already been broken by a broken hand.

The **** screamed and knelt down.

Situ Ningbing suddenly turned around and kicked the screaming screaming chin on the kneeling ground, and with a splash of blood, the whole person banged, kicked directly to the ground, and passed out.

The two gangsters on the other side were completely stunned.

Looking at this cruel woman who suddenly made a move, she couldn't help but step back.

"You...you...who are you?"

Another slightly smarter **** blinked a pair of unbelievable eyes at the moment and said in shock, "You...you...are you...that lunatic woman?"

As they spoke, Situ Ningbing suddenly raised the cold suffocating eyes.

A chill surged from the soles of the gangsters in front of them.

The two were completely stunned.

"Mom! It's really her!"

Chapter 322: Killing (6 more)

The two gangsters suddenly ran outside like a ghost...No one dared to stop Situ Ningbing in front of them.

The kind-hearted eldest sister who was at the cashier just now was even more stunned, squatting down below, and dare not make one.

Situ Ning glanced outside coldly, then picked up her things and walked out quickly.

Her whereabouts have been exposed, and now she can only hide it quickly, otherwise it would be really troublesome today.

It's a pity that she was late, because the dog who ran out just now started calling people after he ran out like a mad. After hearing the call, the bully nearby drove over.

With a hissing sound, I saw that a few cars rushing from outside suddenly blocked her in front of her, and the bright car lights surrounded her.

Then a dozen gangsters suddenly jumped out of the car, and all gangsters holding a machete, gathered around her.

The dog on the other side was still yelling in surprise: "It's her, this is the female murderer..."

The dozen or so gangsters who ran over surrounded her with machetes.

Where is Situ Ningbing? Did not run again!

Because she knew in her heart that even if she wanted to escape today, she couldn't escape.

Standing coldly in the middle, she slowly put the things she had just sold from the supermarket on the ground, then raised her murderous eyes, and looked fiercely at the dozens of bullies around.

Since people want to stop her, she will kill! If the sky wants to stop her, she will break the sky!

Now she only needs to kill, kill, kill, and kill everyone who is blocking her, because only in this way can she wait until him, wait until he sees him for the last time...

The dozen gangsters around her were all eager to try, looking at Situ Ningbing with a cold machete in their hands.

"Just her?"

"It was her, it was she who killed our boss."

"Damn, our brother will avenge the boss."

With a roar, the dozen or so gangsters in front of them suddenly grabbed the machete in their hands and slashed at Situ Ningbing fatally.

I saw her standing there coldly, and when the gangsters rushed towards her, there was a fiery, crazy killing in her eyes.

Her eyes seemed to have turned blood red.

Then her fierce and ghostly stature rushed into a dozen people.

The first scream came out from one of the bastards.

His wrist was suddenly broken, and with a screaming scream, he fell to the ground, and the other dozen gangsters rushed forward lifelessly.

When Situ Ningbing was training to be a killer, she faced mercenaries... When she gave the mercenaries one by one, she felt that she had completely changed!

Now that **** feeling spread all over her body again.

She killed like crazy.

Everyone who approached her was knocked down one by one by her fierce and vicious tricks.

These trained gangsters with eyes full of training, only know that they are rampant, although they have a sharp machete in their hands, they are facing Situ Ningbing? They seem to be children playing.

Isn't this? I saw Situ Ningbing grabbing one of the gangsters' necks and squeezing his neck directly with a click. The other hand quickly blocked the machete that was slashed by the other guy, and then flew up. Kicked the thug's chest with a direct kick.

The smartest dog on the other side was completely stunned looking at such a brutal situation.

The **** scene of the Broadway night scene a few days ago reappeared in his mind. He still remembers his boss at that time, Lao He brought a dozen people around him and dropped Situ Ningbing...

He thought that this woman could be easily knocked down, but in the end he didn't expect that all a dozen younger brothers died in a pool of blood, and even he himself was broken his neck by Situ Ningbing.

Thinking of this scene, the dog in front of him quickly made a call.

He knew in his heart that it was absolutely impossible to stop her with a dozen gangsters in front of him.

What these dozen or so gangsters can do is to delay him and buy time for the brothers who are coming right away.

So he quickly called for help there.

Here, they were still fighting fiercely, screaming, the sound of blood splashing...the corpses that had been knocked down by Situ Ningbing flew out.

In a blink of an eye, there are only 6-7 gangsters left!

The few **** who fell in the pool of blood were either completely dead, or crippled alive... some screamed heartbreakingly, while others groaned on the ground.

The remaining 6-7 thugs were completely scared.

There is endless fear in everyone's eyes... they can only surround her, not dare to do anything.

Who will die?

She stood there like a demon in the dark.

A pale face, expressionless, only the fiery, crazy killing in those eyes.

"Whoever stops me, I will kill anyone today."

Words without mercy came out of her mouth, word by word,

Once the most feared killer (shadow) in the Qisha, she must kill her today, even if the underworld of Jinghai City stops her, she will have to kill her.

When Situ Ning said those words coldly, her right hand did not suddenly move.

Then a thin hissing gold thread appeared in her hands.

Deadly silk!

Once the deadly silk is shot, it must be bloodied to kill.

The dog standing on one side couldn't help but leaned back, his two legs seemed to be unwilling.

He still clearly remembered the moment when she showed her life-threatening silk fierceness when she was on Broadway at night. Those little brothers who followed Lao He were pierced by this deadly weapon one by one. The blood stained the **** scene on the ground.

Gouzi suddenly realized that this "crazy woman" was really going to kill.

Inside the New Century Dance City.

The moment Fatty Liu received a call from his subordinates, he was startled.

He asked on the phone, "Really? Did you find that crazy woman?"

The other party's little brother gasped and said, "I found it, right in the west of the city. Now the brothers are driving there, and Mad Cow has also notified him, including Wang Cripple's brothers."

"it is good!"

"It's so **** good." Fatty Liu in front of him suddenly jumped up with excitement.

"Brothers, prepare guys, go to the west of the city and kill people."

Following Fatty Liu's roar, a group of brothers headed by the barbarian Sangbiao immediately copied the guys and rushed towards the parked vehicles outside.

Right now is the time for their revenge. They must kill Situ Ningbing with their own hands to relieve their hatred.

Chapter 323: The spread of things (1 more)

DJ heaven.

When the little brother under his mad ran to tell the mad cow, endless anger burst into his eyes.

"All follow me."

The mad cow roared, and then hurried to the parking lot with dozens of brothers around him.

His eyes were blood red and hideous.

Now he wants to see in person who killed his brother?

He must repay this **** hatred.

This time, not only Fatty Liu, but Mad Cow rushed over with people, even a bunch of brothers of the Cripple Wang rushed over, and the rest of the people on the road all heard the news and hurried to the west of the city. Go in the direction.

There was a **** scene in the west of the city.

She was standing there, with a dozen downturned bullies lying on the ground.

Some have fallen into a pool of blood and died completely, and their necks have been cut directly by the deadly silk, while others have crippled hands and feet and fell to the ground with a painful and stern sound.

She stood there, her hands tightly holding the deadly silk stained with blood in her hands.

Looking at the more than 20 gangsters with knives in their hands who came again.

There was terror in the eyes of the more than 20 gangsters who came, especially looking at the corpses of those companions lying on the ground, and hearing their mournful wailing sounds in their ears, they held their hands tightly. Knife.

But he just dared not move forward.

Who will die!

There seemed to be a ***** feeling of suffocation in the air.

More than 20 gangsters came all around her.

"Who is this crazy woman?"

"She is too good...have killed so many people..."

"No matter what, she can't leave today. I don't believe she can deal with the underworld brothers in Jinghai City."

...

Those brothers who were holding machetes were talking about it one by one.

The scene suddenly formed a situation of opposing holdings.

She stood in the middle coldly, her pale pretty face was filled with a heavy murderous intent... She is now fighting, fighting for the last strength of her body.

She has felt it now, and today may be her last time...

Not only is it because of the Sanshengmen poison in the body, but also because of so many gangsters, she is not a ***** after all, so she also has times when she is tired.

At this moment, although she is still full of murderous intent, she can still see her breathing uncontrollably.

Especially the Sanshengmenpo poison in her body, after the exertion of her body, her chest was stinging like a knife at this moment.

The pain went deep into her heart.

She couldn't help shaking her body.

"There seems to be something wrong with that woman!" Some thugs with good eyes looked at Situ Ningbing and said.

"It seems that she is out of strength."

"Do you do it?" said one of the vicious-looking bastards.

On the other side, the **** under Wang's lame hand had just rushed over. At this moment, he wanted to show the limelight and screamed: "Come on, I don't believe it. With so many brothers, we can't kill her."

With him taking the lead, the more than 20 gangsters here raised the machete in their hands and slashed at Situ Ningbing's body.

Situ Ningbing gritted his teeth tightly.

She didn't want to kill again, but these people had to force her!

Since the world is forcing her, she will kill the world, no one can stop her.

So the deadly silk in her hand greeted again.

At the same time, the fierce body style was like a ghost and carried out a **** fight with the 20 gangsters...A scream of miserable screams came from the crowd.

She is like a demon, wherever she goes, there is a splash of blood. ,

Those **** who had been pierced with life-threatening silk throats, one by one, opened their eyes...with their hands trembling to cover their **** neck, they fell unwillingly to the ground, their bodies convulsed violently and died.

The scene suddenly became **** and violent.

And her? He was also chopped off his arm by a sudden attack.

It's just that it wasn't very deep, and it didn't cut her bones.

The blood flowed down her arm drop by drop, while the Sanshengmen poison in her body was still irritating her slightly. She seemed to have seen her own end, and saw death beckoning to her.

It's just that she is still standing there.

The gangsters who came to see the crazy killing in front of them one by one, they were all stunned. They just held the guy in their hands but no one dared to charge.

—

Now the entire underworld in Jinghai City knows the news of the "woman lunatic" appearance.

Of course, the Ouyang family also got the news right away.

At this moment, I saw that Ouyang Shiqing was still in his father's room, persuading his father to help Li Tian this time.

But Ouyang Zhengtian insisted on not helping.

"Poetry, don't blame Dad, you have also seen that the entire underworld in Jinghai City is dealing with that woman now, how can you help me? Is it possible for our Ouyang family to risk the entire underworld in Jinghai City as an enemy? Is it worth the people you don't know? It's worth putting our family in such danger?"

However, Ouyang Zhengtian said very reasonable. As the head of a large family, his first consideration is the safety of the entire family. Can't he help others in such a reckless manner? And put the entire Ouyang family into crisis, right?

When Ouyang Shiqing heard her father say this last, she lowered her head and said nothing.

At this moment, Ouyang Lie, the second child of the Ouyang family, also hurried over.

"Boss, Director Wang of the Metropolitan Police Department is calling." Ouyang Lie said to Ouyang Zhengtian with an ugly face.

Ouyang Zhengtian eyes locked in front of Ouyang Lie and asked, "What did he say?"

"Director Wang, let our Ouyang family come forward to resolve this matter as soon as possible, and in order not to cause riots in the entire Jinghai City, Director Wang wants us to..."

"I want us to solve the female murderer as soon as possible."

Facing the words of Ouyang Lie in front of him, Ouyang Zhengtian raised his deep eyes and glanced at Ouyang Shiqing on one side.

Where is Ouyang Shiqing? When she heard her second uncle say so, she suddenly became desperate.

"Dad...you can't...can't do this!"

"Now the underworld in Jinghai City has begun to deal with her? If we also have to deal with her, she really has only one dead end, Dad, for Li Tian's hard work for our family, don't do it anymore. "

Ouyang Shiqing in front of her begged her father.

Ouyang Zhengtian looked at his most beloved daughter and sighed helplessly.

"Okay, I promise you that our Ouyang family will never kill Li Tian's friends, but I also tell you that no one in the Ouyang family can help Li Tian this time. No one can."

Chapter 324: Hate (2 more)

After Ouyang Zhengtian made the final decision, Ouyang Shiqing nodded slowly.

She knew that her father was also thinking about the safety of the whole family.

After Ouyang Shiqing left her father's study, she went straight to Li Tian's villa.

In the villa, Tang Xiaolong and Chen Qiaozhi were still sitting there. They still didn't know the news that Situ Ningbing had appeared.

Ouyang Shiqing, who ran in quickly, said with an extremely anxious expression, "Where is Li Tian?"

Tang Xiaolong saw Miss Ouyang coming over and jumped up from the sofa.

"Miss Ouyang... The little boss went out just now, but he hasn't come back yet."

"Broken, broken." Ouyang Shiqing suddenly stomped her feet and said worriedly.

Tang Xiaolong and Chen Qiaozhi over there were slightly taken aback: "What's the matter?"

"Li Tian's friend has been discovered." Ouyang Shiqing said.

"What?" Tang Xiaolong almost jumped up and yelled as if he had been bitten by a poisonous snake.

"Just now there has been news from outside that the female murderer has been blocked by the mad cow gang, and now the underworld figures in the entire Jinghai City are driving where..."

Listening to Ouyang Shiqing's words, the expressions of Chen Qiaozhi and Tang Xiaolong in front of them suddenly changed.

"Fuck me, then, what should I do?"

Chen Qiaozhi frowned tightly on one side: "If Mad Cow and his gang are really blocked, it will be a big trouble. It seems that she is really bad luck this time..."

"No matter what, you have to tell Li Tian about this." Ouyang Shiqing said anxiously.

Tang Xiaolong said: "We don't know where the little boss went? What can we do?"

"Well, let's rush to the west of the city to see the situation..." Ouyang Shiqing said firmly.

"Okay!" As they said so, together with that Ouyang Poetry, Tang Xiaolong and Chen Qiaozhi in front of them, they ran quickly toward the parked Audi A6 outside.

They also want to rush to the west of the city to see the situation of Situ Ningbing.

Where is Li Tian?

Since learning that Ouyang Zhengtian would not help, a wave of hatred germinated in his heart.

The hatred of the Ouyang family, although he knew in his head that perhaps the Ouyang family did it for the sake of the whole family, but he still hated it!

A man walked aimlessly on the street.

The face of Situ Ningbing appeared in his mind, and his heart ached.

I once promised her that I would become stronger and protect her...not let anyone hurt her.

But now? The underworld in Jinghai City are looking for her? But now I don't even know where she is...

What happened to her poison?

Did she think of herself during this time?

Just like this, Li Tian walked alone on the brightly lit street.

The cool breeze hit him, as if it made him feel sober.

He looked at the distant place, clenched his fist tightly, and said word by word: "I must protect her, even if it is the enemy of Jinghai City."

Now he doesn't want to return to the villa of the Ouyang family.

Because he suddenly felt that the Ouyang family was not as good as he thought before... and he didn't even help himself.

So a ruthlessness from the bottom of my heart, that hatred comes from hatred for all those who don't help him.

As he walked forward aimlessly, a sharp horn suddenly sounded in the street in front.

Looking from a distance, I saw several arrogant vehicles speeding past the street in front of me...like a desperate rush toward the front direction.

Moreover, many vehicles have returned from the opposite place in front.

Seeing this situation, Li Tianwang couldn't help being taken aback for a moment, and walked forward.

A taxi driver happened to be parked in the front.

Li Tian walked over.

"Take a taxi?" the driver asked when he saw Li Tian approaching.

Li Tian nodded, and then sat in.

The driver said in the car, "Where are you going?"

Li Tian got into the car and said, "You just need to drive around Jinghai City."

The driver was stunned for a moment, and then said: "Hole, as long as you don't go to Xicheng District..."

Listening to the driver saying that he could not go to Xicheng District, Li Tian couldn't help but curiously asked, "Why can't I go to Xicheng District?"

As the driver started the car, he said, "You can't go to Xicheng District. There are gangsters fighting there now."

"I don't know if you saw the cars flying past? That's the underworld in Jinghai City. I heard that Xicheng District is now undergoing a fight."

Suddenly hearing the driver in front of him say so, Li Tian was taken aback.

"Underworld Rush?"

"Yeah, I heard a taxi friend who just came over there tell me that the roads in Xicheng District are currently blocked, and the underworld people there are rushing in waves... It seems to be saying that a woman, a woman Female lunatic."

"Huh?" Li Tian was shocked when he heard the driver say so suddenly.

It surprised the driver: "What's the matter?"

"Master, take me to Xicheng District," Li Tian said suddenly, because he vaguely felt a bad premonition, especially when he heard the driver say the word "crazy woman".

Because just now, when the driver finished talking about the underworld rage in the west of the city, Li Tian had a strong bad feeling. Just when the taxi driver then said that the group of people killed a woman, Li Tian The sky was even more shocked.

No way? Could it be that Situ Ningbing was found by those people?

Could it be that she was fighting with those gangsters there?

The driver in front of him was stunned when he heard that Li Tian was going to Xicheng District.

"Xicheng District, I won't go there, there are underworlds..."

Li Tian immediately took out several hundred yuan bills from his pocket and handed them to the driver.

"take me to."

Looking at the few brand-new 100 yuan in front of him, the driver gritted his teeth: "Okay."

The saying that people die for money and birds die for food seems to be true.

In this way, Li Tian also rushed to the western part of the city by mistake. His heart is now extremely chaotic. He is afraid that Situ Ningbing will really be blocked. If he is really blocked by those gangsters. If it is blocked... then she will...

Li Tian could not imagine.

If that's the case, you must protect her! Even if you sacrifice your life, you must protect her. No matter who it is, no one can hurt her in front of her...

Thinking like this, Li Tian clenched his fists tightly, his eyes bursting with endless blood.

At that moment, his heart of killing welled up from his body, for her, even if it killed thousands of people, he ignored it.

Chapter 325: Kill her (3 more)

The Chengxi District of Jinghai City is an unprecedented gathering of underworld figures in Jinghai City.

Those gangsters are standing blatantly on the street with machete in hand.

None of the curious citizens dared to approach, they could only stand far away.

The police in Jinghai City received countless calls from citizens, but so far they have not seen a police officer come to stop this evil case.

Because this time even the police knew that there was a lunatic woman in Jinghai City. This lunatic woman killed Lao He at Broadway Night Market first, then the 13th Young Master of DJ Paradise, and then the underground casino in just one month. The lame king.

These are the boss-level figures in the underworld, and their unprecedented deaths have caused the underworld in Jinghai City to be chaotic...the people are panicking.

Therefore, in order to quell this riot, the only way to let the "woman lunatic" die.

Only when she dies can Jinghai City continue to recover to its previous level.

At this moment, there are gangsters crowded from all directions... Some of these people are hideous, and some are tattooed with weird patterns... All of them rushed here with the guy in their arms.

Just like the young and Dangerous boy of Hong Kong movies.

In the place surrounded by the crowd, but seeing her standing there coldly like a lone goose.

There were more than 20 people lying down beside her, some of them were dead, lying in a pool of blood, and some screaming miserably...their faces were full of endless pain.

There were hundreds of gangsters around, with a guy in his hands, but no one dared to go.

There are still many people in the crowd discussing her identity? Some people are guessing who she is? Why kill these gangster bosses?

Others said she was a lunatic... she ran out of a mental hospital.

Faced with the doubts of these people, she always stood there coldly, and her left arm was chopped with a machete. At this moment, the blood was flowing down her wrist, but she did not even wipe it.

The deadly silk in his hand was still stained with blood.

She stood there like an evil god.

Suddenly, several cars honked their horns and screamed and drove over.

"Get out, get out...Brother Mad Cow is here."

As the voice came out from the crowd, a big crown was seen driving into the crowd with arrogant arrogance. ,

When I got here, a hissing sound of tires rubbed against the asphalt road and stopped, and then the mad cow suddenly jumped out of the car, and the dozens of brothers who followed all ran over.

"Brother Mad Cow."

Those ***** in the crowd who knew the mad cow were all greeting the mad cow.

The guys who didn't know were there and couldn't help but curiously asked, "Who is that?"

"He is the younger brother of the Thirteenth Young Master. He used to be a mercenary in Vietnam. He was ruthless and powerful enough."

"Is it?"

"Nonsense, I heard that the Mad Cow was not there on the night the Thirteenth Young Master died. If he were there, the Thirteenth Young Master would definitely not be killed by that crazy woman."

...

Many people in the crowd were talking there.

"Get out of the way!"

Since the mad cow came, his subordinates screamed at the little gangsters around him, letting go.

But seeing Mad Cow's blood-red eyes staring at Situ Ningbing in front of him without blinking.

Especially when he saw so many people falling down in front of her, the corners of his eyes couldn't help but choked twice... Then a pair of iron fists clenched tightly.

"Damn, it's this crazy woman. I shot you to death and avenged the thirteenth brother."

I saw a brutal little brother beside Mad Bull, suddenly took a gun from his arms and aimed it at Situ Ningbing, but before pulling the trigger, he was thrown by Mad Bull holding his shoulder with one hand. come back.

He fell to the ground with a bang.

"Put away the gun for Lao Tzu!" the mad cow roared.

"Damn, she killed my brother with both hands. Today, I want to skin her with both hands... If anyone dared to shoot coldly, I swear by my mad cow that he will die."

The terrifying roar sound shocked the audience.

It turns out that the kid just now saw Situ Ningbing with his own eyes when the thirteenth young man died. When he saw Situ Ningbing again, the terror in his heart drove him to draw his spear...because he saw Situ Ningbing. , An unknown fear rose from inside.

At this moment, the mad cow glared at Situ Ningbing in front of him.

At this moment, he saw her with his own eyes, who had been called a "woman lunatic" in the past month.

She is like the messenger of the night, revealing terrifying murderous intent all over her body.

Except for a slight pain, there was no expression on that pale face.

As if her heart was made of stone.

Who can imagine how a woman with a beautiful face like an angel could have such a cold, suffocating heart?

If someone like her has experienced being abducted by a killer organization at the age of 8, and then living in the ruthless world of killing all day, maybe she will understand why she became such a person.

"You killed my brother." Mad Cow suddenly stretched out a hand with a blood-red light in his eyes, roaring at Situ Ningbing before him.

Situ Ningbing slowly raised those extremely cold eyes and glanced at her.

Only three words came out from the corner of his mouth: "He deserves to die."

When the three-character exit, the whole audience was shocked...

The mad cow was even more angry, and the blue veins on his face burst out.

The two iron fists were clenched tightly, as if they were desperately going up at any time.

"You have a kind!"

"But I tell you, if I skin you alive today, I won't be called a mad cow." The mad cow suddenly roared.

Following this roar, the mad cow didn't say anything, and directly raised his iron fist and blasted towards Situ Ningbing.

A fierce and domineering punch came out of his 185 cm height, and there seemed to be an explosion in the air.

Such a pair of fists once killed countless people under an iron fist. When the mad cow was a mercenary in Vietnam, he also killed a strongman in Vietnam alive.

From this one can imagine how mighty this madman is.

The fist was blowing into the wind, and he blasted towards Situ Ningbing who was standing there with a whirr.

Situ Ningbing's eyes were cold, and facing such a mighty and domineering punch, she did not dare to meet her, and her body quickly retreated.

After she was forced to retreat, the surrounding underworld people called out one by one.

"it is good!"

"Brother Crazy Cow is mighty. He must save face for our underworld in Jinghai City and kill this mad woman."

"Kill her...Kill her..."

There was a loud cry from the audience.

Chapter 326: Poisonous hair (4 more)

And the mad cow? After pushing Situ Ningbing back with a punch.

Suddenly rushed again, like a tiger descending the mountain.

The powerful vigor generated by the friction between the sole of the foot and the ground all rushed over his arms, and the violent pair of bronze fists with blue veins seemed to be indestructible, once again forcing Situ Ningbing.

After all, Situ Ningbing was her daughter's family, and it would undoubtedly be the biggest failure to head-to-head with this 185 cm horrible man.

So Situ Ningbing quickly dodged with a flexible pace.

Every time, the mad cow's fist seemed to be a little slow, and it hit the air while wiping the skirt of Situ Ningbing's clothes.

The mad cow, who had not even hit 5-6 punches, roared wildly, his body like a mighty mountain heading towards Situ Ningbing overwhelmingly.

His two hands opened, as if he were about to grab Situ Ningbing.

Situ Ning cast an icy eye, and suddenly made a mistake at her feet, and then a tricky grappling hand in her left hand grabbed the mad cow's wrist.

Then he broke his wrist forcefully, but the moment he touched that mad bull's wrist, that guy's strength was unimaginable, and even Situ Ningbing in front of him could not break his wrist.

Seeing that the situation was not good, Situ Ningbing suddenly flew, kicking out both sharply and quickly.

Bang Bang, kicked his feet on the chest of the mad cow.

The mad cow body only shook slightly, but he shook Situ Ningbing to the ground and stepped back a few steps.

The audience cheered.

The mad cow stood on the field with wide blood-red eyes, like a Spanish bullfight.

And Situ Ningbing? Unexpectedly, this mad cow really had a bit of strength, and at this moment, he raised Leng Xiao's eyes and stared at her.

At the same time, the deadly weapon that was wrapped around the right wrist was slowly taken out of the hand.

hiss--

The life-threatening silk appeared in her hands.

But at this moment, there was a sudden sharp pain in her chest, which made her almost unsteady. She staggered and crooked, while Situ Ningbing quickly covered her chest with her hand.

It turned out that the Sanshengmen in her body had been completely uncontrollable under the fight she had just fought.

At this moment, the heart-piercing pain in her chest is destroying her...

The unbearable pain made her tender body tremble uncontrollably.

She gritted her teeth tightly, enduring the pain, holding the deadly silk in her hand.

The mad cow beside that also opened a pair of big copper bell-like eyes at the moment looking at Situ Ningbing incomprehensibly. The moment he saw Situ Ningbing trembling slightly due to pain, his A dark smile appeared at the corner of his mouth.

"go to hell."

Then the mad bull rushed forward again like a tiger.

Seeing that he saw that Situ Ningbing's delicate body was trembling now, although Mad Cow didn't know what caused her to do this? But he wanted to seize this opportunity.

Suddenly leaped forward, two mighty fists slammed past.

Situ Ningbing gritted his teeth tightly, and the deadly silk in his hand shot out in an instant.

However, because of the Sanshengmen Poison in his body, he took a bit slower, and then quickly backed away to avoid the mad cow's fist.

But the power of the mad cow's punch was really big enough. Although it didn't hit Situ Ningbing, who was quickly evading, but Qi Jin just shook Situ Ningbing's delicate body.

With a bang, Situ Ningbing finally fell to the ground.

Wow, spit out a mouthful of blood.

Black blood!

When the gangsters around saw how mighty the mad cow was, they couldn't help shouting.

Maybe only Mad Cow himself knew that he didn't hurt the woman opposite at all with the punch just now, it was just that the remaining power shook her away.

According to her severity, she would definitely not vomit blood, but why did she vomit blood suddenly?

The mad cow in front of him stared at a pair of big eyes and speculated.

Suddenly seeing the black blood on the corner of her mouth, the mad cow was taken aback.

Poisoned?

This word suddenly appeared in my mind.

Is this crazy woman poisoned before?

I saw a mad cow with a sinister smile, grinning and saying: "So you are a lunatic woman poisoned?"

Situ Ningbing, who slowly stood up on the ground, gently wiped the corner of her mouth with a trembling hand, barely supporting her lingering body.

"Stop talking nonsense, be careful I kill you." Situ Ning raised her eyes coldly.

The mad cow laughed wildly.

At this moment, I saw that Fatty Liu came with his little brothers.

"Get out... Get out..."

As the voices in the crowd spoke, but seeing Fatty Liu staring at her in the middle of the scene with horror!

At that moment, a feeling of cold fear filled Liu Fatty's heart again.

It really is her! It's really this woman.

Fatty Liu was stunned there, and Sang Biao behind him was also stunned one by one.

"Master Liu, that woman killed our brother..."

"Yes, Master Liu, you must avenge your brothers."

Facing the roar at hand, Fatty Liu smiled. Today he absolutely wants revenge. Today this woman is hers, but facing 1 to 200 underworld figures, she must die here today.

"Calm down, everyone, she will definitely die here today, and I must avenge the brothers who were killed by her." Fatty Liu said.

Walk forward while talking.

"Brother crazy, I didn't expect you to come so early." The Fatty Liu stood aside and smiled at the mad cow on the court.

The mad cow turned a pair of big eyes and muffled his mouth, and ignored him.

I saw Fatty Liu cast his gaze on Situ Ningbing again.

"Crazy woman... I see where you are going today!" Fatty Liu said fiercely.

Situ Ningbing suddenly raised those icy eyes and glanced at that Fatty Liu coldly.

Fatty Liu subconsciously couldn't help taking a step back, and there was still a subconscious fear in his heart.

"I really regret not killing you that day." Word by word came out of Situ Ningbing's mouth.

Then Fatty Liu took a step back at the moment, his face was ugly and angry: "If you don't kill me, it is Laozi's fate, but today you have to die."

Facing the ferocious voice of this Fatty Liu, Situ Ningbing's eyes became more murderous.

At the same time, because of her excessive exertion, the Sanshengmen Poison in her body has spread more and more, and the intense pain made her feel heartbroken.

She knew that she might really be dying, dead here.

But she was a bit unwilling...

Suddenly, her body was extremely fierce and rushed towards the mad cow, she endured the piercing pain in her body, and the fatal silk in her hand was wounded fatally towards the mad cow's neck.

Chapter 327: Dangerous

The mad cow didn't expect that this woman would suddenly give a fatal blow to herself, and her body quickly retreated.

But her speed is too fast, so fast he has no time to react.

Just as his footsteps were backing two steps back and forth, the life-threatening silk in her hand was already wrapped around his neck.

If the sharp, life-threatening silk were really wrapped around the mad cow's neck, his neck would definitely be strangled to death.

The whole gangsters in the audience are watching the scene with their eyes wide open at this moment,

But seeing that the flying mad cow also showed horror in his eyes, his head hurriedly moved down.

Seeing that the deadly silk was about to wrap around his neck, Situ Ningbing's body suddenly shook, and the deadly silk in his hand was suddenly deflected.

hiss--

With a sound, the life-threatening silk that was meant to be wrapped around the mad cow's neck was slightly slanted, and then the blade-like silk rubbed on the bronze cheek of the mad cow and slid over.

The audience was silent for a moment, and the whole was silent.

Look at that Situ Ningbing, bending her delicate body, that pale face, like a dead gray face, was like a dead person, and at the same time she couldn't help panting violently... Enduring the Sanshengmen Poison in her body.

And what about the mad cow?

He stood there like a clock.

The two violent arms trembled slightly, as if due to excessive anger.

On his bronzed face, there was a long, narrow blood-red knife mark... it was the blood mark drawn by the deadly silk in Situ Ningbing's hand just now.

Slowly bleeding came out of his face.

It turned out that the deadly silk didn't wrap around the mad cow's neck, but rubbed it on his cheek. At this moment, there was a long thin blood slit on his cheek.

The blood from his face dripped drop by drop from his cheek.

When the people around saw the bleeding from the mad cow's cheek, they were all stunned.

"Brother Mad Cow, I'm injured..."

"Fuck me, is that female lunatic really so powerful? Can't even beat the mad cow who used to be a mercenary in Vietnam?"

"Yes, besides, that lunatic woman killed a dozen of our brothers before?"

"Hey, who is that crazy girl?"

"Who does he know..."

The bullies on the field were all talking about it, and the mad bull in front of him was angry with his eyes, raising his arm and wiping the blood on his face.

When his eyes saw his blood, he roared even more.

He violently clenched his fists and rushed towards that Situ Ningbing.

"I will kill you and skin you alive."

Accompanied by his roar, he rushed towards her.

"As for fighting her like this, it's better to shoot that woman with one shot," said Sang Biao, who was beside Fatty Liu.

The other side said, "The gun is not good, but the mad cow brother just said that he is going to kill this woman with his own hands. If anyone dares to shoot, he will kill anyone."

Hearing the ***** say this, Fatty Liu in front of him snorted.

Fatty Liu's power is far inferior to that of the thirteen youngsters in DJ heaven, and of course he can't provoke this hot mad cow.

If it hadn't been for this time because they had a common enemy, "mad women", I believe they would not be called brothers and sisters here.

The road to the underworld is always full of intrigues.

At the moment when so many gangsters completely surrounded Situ Ningbing, Ouyang Shiqing brought Tang Xiaolong and the others over at this moment.

When the Audi A6 drove over, there were already more than 200 gangsters on the road.

Ouyang Shiqing and Tang Xiaolong who came down from the Audi A6 were all shocked one by one.

They originally thought that only Fat Liu's manpower and the mad cow's subordinates were all around them, but they didn't expect so many people to come.

The mighty crowd was jammed there.

"Fighting ahead!" Tang Xiaolong heard the voice and said immediately.

Chen Qiaozhi and Na Ouyang Shiqing in front of them also looked forward with their toes.

But because there are so many people here, they block their sight and they can't see it at all.

"Go, let's see what happened." Ouyang Shiqing in front of her said, and ran towards the crowd in front.

"Get out of the way."

A Qiu and Tang Xiaolong in the front opened their way, followed by Chen Qiaozhi and Ouyang Shiqing.

As the three of them walked forward in the crowd, they saw her at a glance.

She was fighting the mad cow in front of her with a pale face.

"Could it be her?"

Tang Xiaolong, who saw Situ Ningbing for the first time, was completely shocked, not only shocked by her skill, but even more shocked by her face.

That beautiful face is the same natural beauty as Ouyang Shiqing, without any flaws, except that Situ Ningbing's face is extremely cold and gorgeous.

People have a cold feeling that they dare not think easily, and Ouyang Shiqing is a beauty of temperament.

Chen Qiaozhi in front of him couldn't help blinking his sharp eyes at this moment, frowning and looking at the court. At that moment, he was also taken aback.

What about Ouyang Shiqing?

It was also the first time I saw Li Tian's friend.

Situ Ningbing.

When she saw her face, Ouyang Shiqing's heart was shocked: "No wonder Li Tian did everything for her... It seems that she is indeed beautiful... and her skill is so powerful."

"Who is that guy?" Tang Xiaolong suddenly looked at the mad cow and asked, with an anger in his eyes.

According to Tang Xiaolong's temper, what he doesn't like most is bullying women, especially beautiful women, so he gets angry just looking at it.

Chen Qiaozhi next to him said: "That guy should be a mad cow, the younger brother of DJ Heaven's Thirteenth. I heard that Vietnam was a mercenary and killed people before returning to China."

"It turned out to be the brother of the dead man? What kind of bull is this time this time is to avenge his brother?" Tang Xiaolong said with disdain.

Chen Qiaozhi nodded silently on the side.

Then they continued to look at the scene before them.

In that field, just now because Situ Ningbing used the life-threatening silk to cut his face to the mad cow, he was hated and angry at the moment.

A pair of fiery fists exhausted all the strength of the body, and slammed into Situ Ningbing's body.

Every punch is powerful.

This guy was originally a power type, and was completely in the upper hand for the petite Situ Ningbing at the moment.

Situ Ningbing barely supported her last body, the Sanshengmen Poison in her body had penetrated the internal organs, and now the heart-piercing pain had been suffering from her.

At the same time, her movements began to slow down, even the murderous aura on her body began to slowly dissipate, and she was now completely passively beaten.

Several times it was dangerous. Tang Xiaolong, who was watching, clenched his fists tightly, and wanted to go up and help.

Chapter 328: Death is coming

"Fuck, I really can't understand that bully bastard." Tang Xiaolong cursed.

Chen Chen Qiaozhi coughed softly and said: "But we can't do anything about it. First, we don't know the woman at all, and second, we have no reason to help..."

Yes, now for Chen Qiaozhi and Tang Xiaolong, they don't even know Situ Ningbing in front of them, how can they go up and help?

Is she good or bad? I haven't figured out whether it is an enemy or a friend.

When fighting on the field, I saw a pair of sharp eyes staring at everything in front of me in a high-rise building around.

The building was as high as 60 stories. Through the window, two people stood there coldly.

All are people in black in black robes.

The man with a high-powered telescope in the front hand and a scornful smile on his mouth, with a pair of hooked noses, was watching.

The other person behind him seemed to be his subordinate, wearing a black robe, standing there coldly.

The black eagle of the dark part of the Duanmu family.

Unexpectedly, the Black Hawk in Anbu would also hide in the surrounding buildings and watch the lively scene below.

"Unexpectedly, the female assassin in the Qisha is really powerful." The cold words came out from Black Hawk's mouth.

It turned out that the people from the Anbu of the Duanmu family had been here to observe Situ Ningbing from beginning to end.

At the beginning, I saw Situ Ningbing killing the more than 20 gangsters, and then fighting the mad cow, and the final spitting scene...all the scenes were clearly seen by them.

The indifferent man standing at the back lowered his head and said, "If she hadn't been poisoned by our family's Sanshengmen, it is likely that the mad cow would have died no less than ten times.

An evil smile appeared at the corner of the black shadow's mouth.

"You are right."

"The Sanshengmen poison in her should be the chronic poison under the blood of the Fourth Elder Monk..."

The fourth of the four elders of the Duanmu family?

Blood monk? (This is something).

"It seems that she is going to die here today." said the member of Anbe behind him.

The black shadow glanced at the scene in the distance, and Situ Ningbing, who was forced to retreat again and again with a pale face, said: "I really don't know if the people of the Ouyang family are intermingled this time? It would be more interesting if they intermingled to this matter. "

After he finished saying this, there was a whistling laughter, terrifying and ear-piercing.

Turning his gaze to this side again, he suddenly shouted.

The mad bull punched Situ Ningbing's soft shoulder.

No matter how good Situ Ningbing was, she was a woman after all, and she was also a woman who had been poisoned by the three-sect family.

Not only did the poison in the body recur, but also so many people in Lien Chan...How could she sustain it?

With a bang, Situ Ningbing's delicate body fell to the ground like a broken kite.

Her right hand, who was stabbed by those gangsters, was still bleeding at this moment, and the corner of her mouth was even more covered with black blood.

He fell to the ground, holding one hand on the ground, gasping for breath.

Her eyes were filled with unwillingness and despair.

The indifferent eyes scanned the audience...

"Kill her!"

"Kill her..."

All of a sudden, there was a scream.

Those gangsters made her like a demon, and she couldn't wait to cut Situ Ningbing a thousand swords.

The mad cow had blood red eyes, clenched his fists tightly, and stood there. Fatty Liu over there also looked excited. This woman is his nightmare, so he can only be killed if he is killed. Happy and excited.

"Give me a knife."

Suddenly the mad cow roared wildly, and the little brother beside him ran over quickly and handed over a horse knife.

The kind of malay knife in Malaysia.

This kind of machete has a curved blade and a thick blade. In Malaysia, it is used to kill wild deer and bison.

Sharp and honest.

If the Malay knife is a machete, it can chop the bones of a person with a little force.

At this moment, the horse knife was firmly held in the hand of the mad cow.

He tightly held the malay knife in his hand, and suddenly touched a scar on his face with his hand. The corner of his mouth was grimly said: "You woman who knows nothing about life and death, I will use this knife today Your skin."

Following the words, he walked towards that Situ Ningbing step by step.

There was a terrifying and cruel smile on his face.

The gangsters around were roaring one by one: "Kill her, kill her..."

Only that Ouyang Shiqing, Tang Xiaolong, and Chen Qiaozhi were watching the scene nervously.

Tang Xiaolong clenched his fists tightly, and suddenly stepped forward: "Damn, this dead cow, I really want to teach him a lesson."

The moment his body wanted to rush out, one of Chen Qiao next to him grabbed him.

"Little dragon, calm down."

"Today's matter has little to do with us... Although that woman may be Li Tian's friend, it is still unclear... If you get on, then you will have to face the more than 200 gangsters in front of you... "

Chen Qiaozhi said that the overall situation of Gu Quan.

Yeah, those **** now have their eyes on them.

There is no justice in their eyes, and anything else, they just want to see the death of Situ Ningbing at this moment.

This is the wish of the underworld figures in Jinghai City, and it is also the consequence of the current gangsters wanting to see.

So if Tang Xiaolong really went up to help, those underworld figures in front of him would definitely deal with him all.

If by then, it is estimated that even them will be dead.

The surrounding underworld figures in Jinghai City were all roaring there, with fiery slaying eyes in their eyes, looking at the mad cow who walked towards Situ Ningbing step by step.

Situ Ningbing fell to the ground in despair, supporting the icy ground with one hand.

There was no fear on her face, no regrets of death, but a sense of speechless loneliness... she was there.

Those eyes full of endless sorrow suddenly stared at the distant sky, without sorrow, without despair...just looking at it, looking...as if looking at something...

No one knows what she is looking up at, and no one knows what she is thinking at the moment...

She just raised her head like that, looking at the distant black night sky.

She knew she was going to die.

Maybe to her, death is nothing, the only regret is that she didn't see him before she died...

Suddenly a drop of clear tears struck her pale cheeks and dropped on the cold ground.

She forgot how many years she had not shed tears. It seems that since she killed her best friend in the killer camp when she was 13 years old, she swore that she would never shed a single tear in her life, but she did not expect to be at this time. She dropped a drop of tears...

Gently closed his eyes.

She quietly waited for death to come,

Chapter 329: Who dares to move you? Who am I killing!

There was **** and fierce killing in the eyes of the mad bull.

The horse knife in his hand was suddenly raised, and a suffocating air suddenly filled the surrounding air.

"go to hell."

With a loud shout, the horse knife in his hand slashed at the head of Situ Ningbing.

She did not dodge, still raising her head and looking at the distant black night sky...

Everyone in the audience was watching the scene with dignity, and even inside a tall building in the distance, the people from the Anbu of the Duanmu family stared at the scene unblinkingly.

The Malay knife drew a fierce and deadly arc, slashing at Situ Ningbing's head fiercely.

Tang Xiaolong, who was standing next to him, gritted his teeth with his clenched fists, Chen Qiaozhi also sighed softly, and Ouyang Shiqing turned his head and couldn't bear to watch the miserable scene.

Just when the audience widened their eyes as they looked at the horse knife in the hand of the mad cow and slashed at Situ Ningbing.

No one saw a figure flying towards this side at this moment.

The action quickly reached the point of shocking.

"No one can hurt her!"

Accompanied by that earth-shaking sound, his figure came like a wind.

When the horse knife in the hands of the mad cow was a little away from Situ Ningbing, suddenly the fast figure suddenly came in front of him.

Then, before the mad cow saw who rushed in front of him, he slammed a palm and was blown out by his body directly, and that palm was extremely powerful.

The 185 cm body of the mad cow was directly shot 7-8 meters away, and fell to the ground with a bang.

The ribs on his chest were directly shattered, and a mouthful of blood was shot out directly, spit out on the cold ground.

And the gangsters in the audience were completely stunned.

Seeing this murderous man who was inexplicably rushing in, he stood in front of her as if he was a man.

It's like a hard wall, and no one can cross this wall half a step.

What was even more surprising was that none of the underworld figures in Jinghai City on the court knew him, and no one knew when this guy came, let alone who he was? Why do you suddenly get involved in this matter.

"Little boss?"

A scream suddenly came out from Tang Xiaolong's mouth.

"Li Tian?"

Ouyang Shiqing also blinked a pair of eyes that he couldn't believe he was coming on the court.

Gosh? He turned out to be here.

Li Tian is here.

When the voice sounded, the body of Situ Ningbing's closed eyes trembled suddenly, as if there was an electric shock...

Is it his voice?

Is it him?

She couldn't believe it.

Then she opened her eyes, saw his back, and saw his people...

A feeling of joy and excitement that had never happened before came to Situ Ningbing. The reason why she was happy was not because she was alive, but because she could see him for the last time before she died... She was already content.

Not bad!

He is Li Tian, and he is Li Tian who came here.

Originally, after hearing that the taxi driver told him about this, Li Tian was hanging in the air, worried that it was Situ Ningbing.

But when he arrived, he didn't expect it to be her.

She was besieged by so many underworld figures in Jinghai City?

So Li Tian went over to rescue her without any hesitation.

For her, he said that he would not hesitate to sacrifice his life.

At this moment, he was standing in the audience, facing more than 200 underworld figures in Jinghai City...He stood in front of her.

The whole crowd stared at him with extremely angry eyes at this moment.

Everyone was looking forward to the death of Situ Ningbing, but he didn't expect that at this time, he rushed out to save her...

The mad cow stood there with a face full of shock,

Because the palm just now almost killed him, he was still vomiting blood at the corner of his mouth. When the younger brother beside him held him up, his fist was clenched tightly, with unwillingness, but the ribs of his chest. But Li Tian's domineering palm just shattered everything.

"Who is he?"

"Who is this **** looking for death?"

"Could it be that he wanted to save this female murderer?"

"Since he wanted to save, even he was killed together..."

The gangsters in the crowd started talking there.

Li Tian didn't care about those voices, let alone worry about his own life and death, he just turned around slowly.

Then I saw her with my eyes!

I saw her who had been looking for from beginning to end...

When seeing her face, Li Tian suddenly felt that he didn't know what to say... He just looked at her glamorous and pale face, and said softly: "You...you still Okay?"

Situ Ningbing also raised her beautiful eyes and looked at him unblinkingly.

At that moment, two people, two hearts, seemed to merge together, and they seemed to feel each other.

"How could you...will...come here?" Situ Ningbing spoke with difficulty intermittently.

Li Tian showed a warm smile, and then slowly squatted down, supporting her delicate body.

His hands touched her slightly trembling body: "Because I said, I want to become stronger, I want to protect you... and I want to pick you up as my wife."

Situ Ningbing looked at him, at that moment she didn't think he was joking, he was serious.

She strained her mouth tightly without speaking.

"But I'm going to die..." Situ Ningbing said suddenly.

She was telling the truth, even if these underworld figures didn't kill her today, she would immediately die because of the poison of the three lives.

Because of the ongoing battle just now, the Sanshengmen poison in her body has completely eroded into the internal organs.

But Li Tian shook his head slightly.

"No, with me, no one will hurt you again...with me, you won't die."

Although his words were very light, they were full of power, a force heavier than a mountain.

"Today, if I hurt you, I will kill anyone! Even if I kill everyone here."

When the indifferent words were spoken word by word from his mouth, a terrifying murderous intent appeared in his eyes at that moment.

That murderous intent was unprecedented in Li Tian.

When Li Tian arrived, Tang Xiaolong and Chen Qiaozhi were undoubtedly excited. Perhaps only that Ouyang Shiqing had a weird face at the moment, with a strange expression in her reputation, she didn't know what she was thinking... Especially when I saw Li Tian talking to Situ Ningbing.

A figure from the Anbu of the Dark Family in a hidden building far away.

I saw the black eagle screaming at the audience, and the falcon-like smirk staring at Li Tian.

"He is the guy who defeated You last time?" The black shadow in front of him said suddenly.

Another dark-clothed man in the dark side by his side nodded silently.

"Yes, it's his people."

"It seems that things are getting more and more interesting."

...

Chapter 330: Howling

When Li Tian came on the field, it caused turmoil in the underworld in Jinghai City.

They all held the machete in their hands tightly, looking at that Li Tian with cold eyes.

This person who dares to intervene in this matter today, they must want him to die.

"Damn, there is someone who is not afraid of death, then we will fulfill him and kill him alive."

"Yeah, if he doesn't die, we will lose the face of the underworld in Jinghai City...kill him."

"Kill him and avenge the dead bosses!"

Those gangsters have been aroused by Li Tian's arrival at this moment... They are bound to kill Situ Ningbing today. Since this person of unknown origin is going to help, they must kill them by themselves. he.

So many **** held the guy in their hands and slashed at the surrounding Li Tian and her.

Li Tian really has to face the underworld in Jinghai City?

Do you really want a manpower to fight against Jinghai City?

Seeing those gangsters rushing towards him, Li Tian seemed to have not seen him, still facing Situ Ningbing in front of him.

"Wait for me first... I'll get rid of these people first."

After simply saying this from his mouth, he slowly turned around.

At the same time, his whole body was suddenly turned around, and a strong dark aura suddenly filled the audience... His eyes were hot and crazy, and what was hot was the light of killing.

The terrifying hostility emanating from the whole body almost filled the audience in an instant.

"kill!"

The gangsters slashed at him with a machete in their hands.

His face was expressionless, cold and cruel.

Suddenly, his hands were dancing wildly like ghosts... and the dark air that emerged from his body suddenly seemed to accumulate in the middle of his powerful body.

Looking at him again, he seemed to be completely filled with darkness and integrated into one, the whirlpool-like dark atmosphere completely enveloped him...

His eyes were filled with the light of killing.

Rashomon: Nine styles!

Ten thousand ghosts howling!

At this moment, Li Tian used the Rashomon nine styles that he had rarely used before.

Rashomon itself means hell.

At this moment, coupled with his fierce killing intent, coupled with the air currents surging in his body... After all of a sudden this "howling of ghosts" trick, the air currents all over his body suddenly filled his body like a flood. , Outflow.

Those underworld figures in Jinghai City who had rushed towards him with a machete suddenly froze when they suddenly felt the suffocating dark air current, and then everyone seemed to have a strange voice in their ears. The miserable screaming made them crazy...

It turns out that Rashomon: The howling of ghosts in the nine styles is also destroying people's hearts with thoughts.

People who are generally weak in faith, most of them will lose their minds when they feel this breath... because they seem to hear the miserable sound of ghost crying in their ears.

But if the conviction is firm enough, and a person who has practiced, he can resist this trick of howling ghosts.

Suddenly, most of the **** screamed, and some even fell to the ground... covering their ears, showing pain on their faces.

Some of the slightly better **** were completely stunned at this moment, looking at the chaotic audience on the court.

And Tang Xiaolong and Chen Qiaozhi stood there in amazement.

Just now... Just now... They also heard a miserable cry in their ears!

It's just that the sound flashed and disappeared...

Of course, they are much stronger in conviction than those gangsters, so they won't be stimulated by this "howl of ghosts" trick.

At this moment, Chen Qiaozhi and Tang Xiaolong were surprised.

"Oh my god...what is this move?" Tang Xiaolong shouted there.

Chen Qiaozhi's eyes widened and he couldn't believe it.

But he said that with the release of this trick, Li Tian suddenly rushed towards the gangsters.

The footwork used the fast footwork on the book that day, using the palm of one hand and grasping with the other hand.

Attacked sharply towards the crowd.

Those who were just used by Li Tian as the Rashomon: One of the nine forms of howling ghosts is used to stimulate the brains of those **** who have not understood what happened at this moment, so they were blown away by Li Tian's flying palm. Went out and fell heavily to the ground.

Because Li Tian's nine styles of Rashomon have not yet exerted its true effect, those gangsters who have gone through the howling trick of the ghosts, after a sudden stimulation of their heads, quickly regained consciousness.

All were shocked at the moment.

Looking at Li Tian who was like a devil, he shouted: "Knock him to death, hack this monster to death."

With a loud roar, so many underworld figures all rushed towards Li Tian.

They held the cold machete tightly in their hands and slashed at Li Tian frantically.

Li Tian was not afraid of it, so he snatched a machete from a **** and slashed directly on the **** who had attacked from the left.

The **** was hit in the shoulder by Li Tian, screaming in pain, and fell down.

The gangsters on the other two sides continued to pounce.

Li Tian's machete greeted...with a scream of machete struck, Li Tianfei lifted the gangster, and flew the gangster out.

In a blink of an eye, he has already blazed a **** path.

He fell down one by one by his side.

He was hit by his machete, and one after another gangsters continued to pounce on.

No way, there are too many gangsters.

With a flutter, he slashed Li Tian's back coldly. Li Tian turned around abruptly, staring at the **** who had cut his back with blood-red eyes, and then suddenly turned the blade and wiped it against the opponent's neck.

The knife fell, and people died.

The body fell in a pool of blood.

Such a terrible killing is like crazy.

Tang Xiaolong, who was watching, couldn't help feeling at this moment, and shouted: "Grandma's, so many bastards, bullying the little boss, I look down on you the most."

Following his roar, he also jumped into the circle of war.

"Little Dragon..." Chen Qiaozhi shouted.

To be honest, Chen Qiaozhi is a very careful person. He is the kind of person who takes care of the overall situation. He knows the current situation. If they take action, it will only make the scene more chaotic, and he will be the enemy of the underworld in Jinghai City... ..

But Tang Xiaolong had already rushed up, holding a ***** next to him in one hand, and threw directly away.

When Tang Xiaolong was desperate to help Li Tian, Ah Qiu, who stood there indifferently, suddenly glanced at Chen Qiaozhi, without saying a word, he jumped into the circle of battle.

He flew a kick and kicked directly on the face of a ***** under Fatty Liu's, with a bang, kicked the guy's mouth to change its shape, and screamed and fell to the ground.

Ah Qiu, who had always been indifferent, went up to help even during Li Tian's crisis.

Chen Qiaozhi looked at the two of them and sighed.

"Hey, it seems I am going to do a crazy thing too."

After Chen Qiaozhi finished speaking, he suddenly looked at Ouyang Shiqing next to him: "Miss, you should leave here as soon as possible. Remember this matter, your Ouyang family must not interfere. Once you intervene, you will face the whole The turmoil in Jinghai City, besides the secret Duanmu family... So Miss, no matter how we are today, even if we are dead, the Ouyang family cannot interfere..."
