

A Killer 3261

Chapter 3261: No one in the world knows you

Returning from Fancheng, he is a fifth-level bounty hunter, and his name is Li Tian, so he is naturally Li Tian. .

"Come on! Lord Li Tian is back!" The soldier who stopped Li Tian just now shouted to the other soldiers.

"Master Li Tian is back! Master Li Tian is back!" The other soldiers immediately followed excitedly.

These soldiers were bustling with Li Tian and looked at Li Tian excitedly.

"Everyone, what the **** is going on?" Li Tian asked with some doubts about why these soldiers were suddenly so excited.

"Master Li Tian, can you sign me?"

"Lord Li Tian, we all know about you in Fancheng, you are really a good wife!"

"Master Li Tian..."

Until now, Li Tian didn't know why these soldiers were so excited, and asked a little puzzled: "Who can tell me what happened?"

"For me, you all be quiet!" A soldier who appeared to be the captain stood up and said to the other soldiers. Then he turned around and said to Li Tian, "Master Li Tian hunted and killed the Red Wolf in Fancheng. The high-level and core cadres of the Sunset Fortress have been keeping this secret, but this news still spread in the shops, and it was only later by Sunset. The official of the fortress confirmed this news. And the sunset fortress officially announced that Lord Li Tian is the core cadre secretly trained in the sunset fortress, and the purpose is to solve some special tasks! The current Lord Li Tian is next to the boss in the sunset fortress. He is as important as Master Jia Youlong of Seven Swords and Master Cai Longquan of Sunset Fortress."

Li Tian did not expect that the news of his hunting of the Red Wolf would be released. Does Li Tian care about this kind of false name? What makes Li Tian care about is that he is now the core cadre trained in the Sunset Fortress secretly. may!

It seems that only after going back to He Zhizhuo and Shelipuding can we understand the truth of the matter.

"Master Li Tian, now you are the most important and most important person in the Sunset Fortress. I really didn't expect to meet Master Li Tian here! Excuse me, Master Li Tian, this is just coming back from Fancheng, do you want to enter the city?" The captain said flatly.

Li Tian nodded and said, "Yes, I went to Fancheng to perform a secret mission this time. Now that the mission has been completed, I'll be back. I should be grateful for some accommodation."

"It's easy to say! It's easy to say, come, let Li Tian open the door to make way!" The team leader became somewhat dignified.

When Li Tian returned to the car, the cars on both sides of the road had basically stopped at temporary parking spots.

Seeing Li Tian's return, the man in glasses said with a gleeful expression: "Young man, I told you already, this is the Sunset Fortress, and no one can enter it casually!"

Situ Ningbing and Bai Jing both approached, and asked with some worry, "How about? Can you go in?"

Li Tian smiled slightly and said, "It's okay! Let's start, enter the city!"

Seeing Li Tian get on the car, a pickup truck, an ambulance, a van and a train filed towards the watchtower, the man with glasses looked disdainful, but he saw Li Tian and others not wanting to laugh, this opportunist The car was also started immediately and followed.

Li Tian's three cars filed through the watchtower, and the soldiers saluted Li Tian's car with respect.

Seeing the appearance of these soldiers, the man in glasses was full of suspicion, but at this time he was pretending to be serious, and those who wanted to pretend to be Li Tian followed through.

"Stop! Stop the fire!" "Crack" a few times to pull the gun safety sound, the black hole muzzle has been aimed at the car of the man with glasses.

The man in spectacles and the bounty hunters of the python in the car fell silent immediately.

The man with glasses immediately opened the car door, and his voice tremblingly said: "Don't shoot, don't shoot!" The partners of the man with glasses angrily asked the soldiers, "Didn't the inspections have been stopped? Why? Can they go in?"

Hearing the python's bounty hunter asked this, the other bounty hunters who were attracted by Li Tian and others drove through the customs immediately and angrily echoed, and followed the python's people to question the soldiers.

"Why can they get in? And as soon as they get in, there are three cars!"

"Unfair, why don't they need to abide by the rules of Sunset Fortress?"

These bounty hunters are passionate, and even some bounty hunters have already taken out their weapons, ready to rush through the customs at any time, to give these unfair soldiers a little color.

"Da da da!" The captain of these soldiers raised the machine gun in his hand, pointed the gun at the dark sky, and pulled the trigger.

The bounty hunters who were enthusiastic just now took four or five steps back immediately, but the expressions on these faces became even more angry.

"This is Sunset Fortress, who dares to challenge the bottom line of Sunset Fortress?" The soldier captain jumped onto the roof of the man with glasses and coldly shouted at the troubled bounty hunters.

"It's not fair, why can they pass the customs without checking?"

Among the crowd, a man whispered.

"Why?" The soldier captain coldly repeated the three words that the man just said, then paused, his gaze swept across the faces of the bounty hunters in a circle, and slowly said: "Because This man's name is: Li Tian!"

When the soldier captain uttered the name, the audience fell into deathly silence.

With a "boom", everyone in the audience began a lively discussion.

"Li Tian, Li Tian who hunted the Red Wolf alone!"

"Hero Li Tian, my idol Li Tian!"

"Li Tian, the man who talked to me just now turned out to be Li Tian! My God, I've been talking to the number four person in the Sunset Fortress for so long." The man with glasses said to his companion with excitement.

Immediately there was infinite regret in the man with glasses.

"Why do I have such a mean mouth to despise the hero Li Tian? How many people want to know Li Tian, want to meet Li Tian, there is no way, and I missed such a good opportunity!"

But this kind of remorse was just a matter of blinking, and the man with glasses was full of fear.

"I just molested the two women next to Li Tiansheng, and now I am dead! If Li Tian is the kind of careful person, I am afraid I will never be able to stand on the Sunset Fortress anymore!"

The soldier captain saw the bounty hunters gradually calm down, and then shouted loudly: "Now, do you have anything to say?"

Be quiet, no one dared to make irresponsible remarks to these soldiers.

"Salute to the hero Li Tian!" Suddenly I don't know who shouted in the crowd, and then many people shouted loudly with this person, and the way these people paid tribute was to take out their guns and face the sky. Shoot as a salute.

"Da da da!" More and more machine guns sounded in the darkness.

A bounty hunter who used a bow and arrow picked up a bow and arrow, ready to shoot an arrow against the sky, but was slapped in the head by the person next to him: "You idiot, it's easy for you to shoot up, but what do you do when the arrow falls!"

Chapter 3262: Trident

Li Tian didn't know what was happening behind him, but as long as Li Tian knew his identity, the road would be unimpeded.

Even if Li Tian drove into the Sunset Fortress, the guarding soldiers did not stop him. On the contrary, the source shows a feeling of obscurity.

Li Tian didn't care at all, drove the car directly to the place Erhuzi helped rent.

This place does not belong to the core area in the Sunset Fortress, and it can even be said to be a little desolate. It is next to the tall walls of the Sunset Fortress. Living in the courtyard will have a sense of oppression.

But at that time, Li Tian and others had just arrived, and there were not too many corpse crystals on them. Li Tian and others were very satisfied with such an independent yard.

After all, this place is still much better than the place where the Supreme King lives.

Li Tian and others drove the car to the front of the yard. Just after they stopped, a large group of boys and girls had already flowed out of the yard. Among these boys and girls, the goddess Xue Ji was fluttering in white, standing out among the crowd.

When Li Tian left the sunset fortress, the goddess Xue Ji was still in the hospital. Ten days have passed, and the goddess Xue Ji has also been discharged from the hospital.

Li Tiangang wanted to go up and meet the goddess Xueji, but he saw a few people coming out behind the goddess Xueji: Shelipuding, He Zhizhuo, the baton male martial artist, the spear ***** Han Gang, the butcher Wei Wu, and Huang Dean.

Shelipuding, a stupid fellow, had already walked a few steps quickly, directly inserted between Li Tian and the goddess Xueji, and punched Li Tian on the chest: "Brother Li Tian, you are finally back. I want to die brother. I am! We all rushed here to wait for you after receiving a call from the soldiers at the gate."

Li Tian showed a smirk and said in his heart: "Your sister, when did my relationship with you become so close! Also, why are you not as mindful as a barbarian? I can't tell. I am going to come with the goddess Xue Ji A fierce hug? Why is it so shameless to be inserted among us."

Seeing Li Tian's smirk, there was no reaction.

Shelipuding punched Li Tian on the chest again, and said with a smile: "You kid, have you heard that the fourth person in the sunset fortress has his tail immediately up to the sky? Not even us. acknowledged."

"Li Tian, what do I want?" Dean Huang went around the pickup truck and found that the iron cage on Li Tian's pickup truck was hollow, his face was a bit ugly, and he hurriedly asked.

Li Tian smiled and pulled Liu Yihui down beside Dean Huang and said, "Old Huang, don't worry, I will send you a sixth-level zombie to the Zombie Research Institute tomorrow, and now I will introduce you to someone!"

"Stop interrupting me! At that time, you patted your chest and packed up a ticket to me, saying that you must help me get a sixth-level zombie back! Why is the iron cage empty now?" The director Huang didn't give Li Tian any face. To say.

Liu Yihui's face was a little embarrassed. He thought he was not a green onion or a garlic, but his appearance was ignored, and Liu Yihui's face still couldn't hold on.

"Old Huang, don't worry, the person I want to introduce to you is more important than the ten living sixth-level zombies! He is the only surviving doctor in Fancheng Fourth Hospital, who is studying zombies..."

Before Li Tian had finished speaking, he was interrupted by Dean Huang again. Dean Huang said with a little disdain: "The former deans of Fancheng Fourth Hospital were all my students. The one you introduced to me is hairless. Is it still better than the dean of Fancheng Fourth Hospital? I only need level 6 living zombies!"

Li Tian had no choice but to let the captain in the van bring the zombies to accept Dean Huang's inspection.

Although Dean Huang knew that Li Tian had the ability to control zombies, he did not expect that Li Tian could be so skillful in controlling zombies, and saw four zombies walking toward Dean Huang neatly with staring red eyes.

"Old Huang, these are six-level zombies, but I can only make Zombie C your test target. As for the other zombies, they are my private soldiers, Li Tian!" Li Tian said to Dean Huang.

In addition to excitement in Dean Huang's heart, there was also some fear in his heart.

However, He Zhizhuo, the policeman with a baton, Han Gang, the spear god, and Wei Wu, the butcher god, all showed surprise in their eyes when they saw this scene.

"Li Tian, I didn't expect you to be able to control these zombies so skillfully so quickly. What level of zombies can you control now? How many can you control?" These questions are already very sensitive topics, but this is because He Zhizhuo asked, but it seemed normal again.

Li Tian smiled and said: "The highest level is level 6 zombies, level 7 zombies have not yet encountered, level 8 zombies have encountered, but I can't control it! Now I can control up to five level 6 zombies at the same time!"

"Eight...Eighth-level zombies, have you ever met? How can you come back safely from Fancheng? It seems we have to reassess your strength!" Gun God Han Gang said in surprise.

"Hehe, the accident, it was completely an accident. I accidentally slaughtered the level 8 zombies!" Li Tian took out an eighth level corpse crystal from the skin and said with a smile.

Hearing what Li Tian said, the core cadres of the other sunset fortresses were completely petrified.

When encountering a seven-level zombies, Shelipuding and Tudaowei Wu probably gave up their lives. Gunners like the gun **** Han Gang probably only have the chance to escape, and He Zhizhuo and the baton male martial artist have an absolute chance of winning.

But when encountering eighth-level zombies, He Zhizhuo and the baton male martial artist can only fight with all their strength, while the others can only escape with all their strength.

"No wonder the boss wants you Li Tian, Jia Youlong, and Cai Longquan side by side, and wants to form the trident of the sunset fortress." Now Wei Wu has to recognize Li Tian and said admiringly.

Jia Youlong is the boss of Seven Swords, and now the second master of Sunset Fortress. But Li Tian had never heard of who Cai Longquan was. But this was the second time Li Tian heard the name. Li Tian asked involuntarily: "Where is Cai Longquan sacred? Why have I never heard of it before?"

Hearing Li Tian asked this person, the faces of the gun **** Han Gang, the truncheon male martial artist, and butcher Wei Wu were all in awe, while He Zhizhuo and Shelipuding had the same expressions as Li Tian.

"Speaking of Cai Longquan, Lord Cai is definitely the most mysterious and legendary character in the Sunset Fortress. After the end of the world, I don't know how many forces are focusing on the Sunset Fortress, which was originally a small town responsible for oil extraction and refining. At that time, Cai Longquan met with the boss, accompanied the boss to pass through the generals, and killed all the zombies and hostile organizations near the sunset fortress. Then the sunset fortress was established." Wu Shi cleared his throat and said.

Chapter 3263: Invite (1)

"But I heard that after the establishment of the Sunset Fortress, Cai Longquan lived in seclusion in the Sunset Fortress. The special operations team in charge of the Sunset Fortress is responsible for

information collection, assassination, and spying. Cai Longquan is only responsible to the boss, and only There is an intersection with the boss alone." Wu Shi continued.

Hearing this, Dean Huang, who had not spoken, coughed lightly to show his sense of existence. Seeing that everyone's eyes moved to him again, Dean Huang continued to say: "Maybe you guys are right about this. The rumors do not take it seriously, thinking that Cai Longquan is only the founding father of the city. It is precisely by virtue of this relationship that he will become the power figure of the sunset fortress and the second master of the sunset fortress."

"But as the oldest group of core cadres in the Sunset Fortress, I can tell you responsibly that Cai Longquan's strength is definitely above the ninth-level zombies."

"About two years ago, when the sunset fortress was developing in the east, we just came into contact with Fancheng and discovered that this ninth-level zombie actually existed in Fancheng. The ninth-level zombie in Fancheng was originally killed by Cai Longquan. For this reason, Fancheng has not given birth to a new level 9 zombies in the past three years, and the highest level is the level 8 zombies killed by Li Tian."

Hearing this, Li Tian became even more interested in Cai Longquan. A person who can kill level 9 zombies is definitely already quite powerful.

If you can call it the Trident of Sunset Fortress with such a person, this would not be considered an insult to Li Tian.

It is a pity that this person lives in the sunset fortress. It seems that he has made up his mind not to contact the outside world.

Li Tian suddenly looked at Dean Huang with a puzzled look, and said: "So Dean Huang is also the core cadre of the Sunset Fortress? I really can't see it!"

Despised by Li Tian, Dean Huang immediately became unhappy, and the dress said angrily: "What? Seeing that I am old and weak, I want to make gestures with my old Huang, right?"

Li Tian smiled and waved his hand, and said, "We have to respect the old and love the young, so I won't be so ethical? Old Huang, I brought back the living sixth-level zombie. I let him walk to the zombie. The research institute will save you trouble."

Amidst Dean Huang's confusion, Li Tian shouted at Zombie C: "Zombie C, you will follow Dean Huang home for a while, and protect Dean Huang personally for 24 hours!"

Just after Li Tian's words were finished, Zombie C had appeared behind Dean Huang, a true personal guardian, and even Dean Huang could ask about the smell of corpses on Zombie C while breathing.

Hearing what Li Tian said, the others were full of black lines.

Being protected by zombies and still close to your body 24 hours a day, this kind of thing is abnormal when you think about it.

"Li Tian, I have given Xue Ji the key to the reward yard for the mission. As for other rewards, don't want it!" Dean Huang said angrily.

Seeing Dean Huang turned and left, Zombie C really followed Dean Huang next to him, Li Tian felt satisfied.

This old guy!

Li Tian introduced Liu Yihui to Dean Huang sincerely, but Dean Huang didn't accept Li Tian's affection at all. He was also full of contempt for Liu Yihui in his words. Seeing Liu Yihui's face is getting older and more aggrieved. Li Tian had no choice but to make this move and let Zombie C disgust and disgust Dean Huang.

Liu Yihui nodded to Li Tian and said thank you!

Except for Shelipuding, everyone else had already seen why Li Tian did this.

Tu Dao Wei Wuqing couldn't help shook his head and said, "Li Tian, I'm afraid your wishful thinking is going to be empty. Do you know what Huang's nickname is?"

Li Tian asked incomprehensibly: "What is his nickname?"

"My nickname is Butcher Dao, that's because I kill a lot of people. And Huang Lao's nickname is Pao Ding. Your zombie C will probably be too bad for you tonight! You let zombie C go with him, it might be just right. His mind!" Wei Wu said lightly.

"Pading? What do you mean?" Shelipuding asked in confusion as she heard this nickname for the first time.

"Put Ding Jie Niu! Huang Lao had this nickname before the arrival of the end times. His technique of unplaning the human body has reached a superb state. After the end of the world, Huang Lao survived and became the core of the sunset fortress. Cadres, his unplaning technique is also indispensable. For zombies below level five, Huang Lao only needs two scalpels in his hand to perfectly unplan the planing, and he can almost achieve the realm of smashing cattle." Said Wei Wu here too. There was a shiver.

Several people did not continue to over-discuss this topic. Li Tian just wanted to disgust Huang Lao. As for the result, it didn't matter.

"Lao Huang came to ask for his sixth-level zombies, how about you? I also want to ask you, what is going on? Why did I suddenly become the core cadre of the sunset fortress secretly training? Still want to become The trident alongside Jia Youlong and Cai Longquan?" Li Tian asked.

He Zhizhuo took the words and said: "After Fancheng came back, we truthfully told the boss about your hunting of the Red Wolf. The boss also favored you, and Jia Youlong praised you many times in front of the boss, and the boss wanted to invite you. Join the Sunset Fortress, and at this time, the news of your hunting of the Red Wolf has begun to circulate in the community. In order to maintain the dignity of the Sunset Fortress and to reward you, the boss gave this plan."

"So, so many of us showed up at the same time tonight, just to invite you to join the Sunset Fortress," He Zhizhuo said.

Li Tian shook his head and said, "I'm afraid I can't promise you. Actually, I planned to go to Kyoto City as early as a month ago. It was only because some things were delayed, and now these things have been resolved, so I went to Kyoto too. It should be on the agenda!"

Hearing Li Tian's rejection of the invitation, the expressions on the faces of the gun ***** Han Gang and the others were very surprised.

Joining the Sunset Fortress is something that many people dream of, but becoming the core cadre of Sunset Fortress is an infinite honor. What's more, the boss gave Li Tian a more honorable promise this time.

The expressions of He Zhizhuo and Shelipuding were very indifferent. They had invited Li Tian to join Seven Swords before, but they were also rejected by Li Tian. Now it is normal for Li Tian to refuse to join the Sunset Fortress.

He Zhizhuo looked at Li Tian, laughed, and said, "Li Tian, do you know what is going on in Kyoto? If you don't have a new understanding of Kyoto, you will only die when you enter Kyoto rashly. How do you feel about him? The founder of the Scarlet Blood Organization, a more powerful character than the Scarlet Wolf. But such a character, went to Kyoto, almost never came back alive."

Chapter 3264: Invitation (2)

Li Tian was still quite shocked when he heard the news that Scarlet Blood went to Kyoto and almost didn't come back alive. .

Powerful players like Red Wolf and Red Blood are almost invincible in Fancheng, but when they go to Kyoto, they are so vulnerable that Li Tian can't help but become more serious on his face.

Seeing the change in Li Tian's expression, He Zhizhuo nodded in satisfaction, and continued: "Kyoto City, six of the top ten legions are headquartered in Kyoto, and the other four have branches in Kyoto. But don't think that Kyoto City must be. It's a peaceful and prosperous age, where singing and dancing are rising. If you think so, then you are very wrong."

"Three of the six headquarters of the Ten Army Corps have their headquarters in the city of Baodu, a hundred miles away from Kyoto, while the other three have their headquarters in Tangcheng, more than two hundred kilometers north of Kyoto. You know. Why didn't the Ten Great Army dared to enter Kyoto City rashly?"

He Zhizhuo saw Li Tian continue to say: "Kyoto City, before the end of the world, the population was nearly 30 million. What is the concept of these 30 million people becoming zombies? The zombies in the periphery of Kyoto City are all seven or eight zombies. , And entered the city of ninth-level zombies rampant. In the most central area of Kyoto City, there are even more than ninth-level zombies."

Hearing this, Li Tian couldn't help taking a breath.

In the entire Kyoto city, if the level of zombies is generally seven or eight, and if there are zombies at level nine or above in the urban area, then even if it is better than Li Tian, it will be more fortunate to enter.

Seeing the change in Li Tian's expression, He Zhizhuo did not forget to sarcast Li Tian, and said with a smile: "Of course, your Li Tian's strength is strong and you may be able to survive in Kyoto, but there are a few charming beauties around you. What? What do they do? Do you want them to go to Kyoto with you to die?"

Li Tian glanced at Situ Ningbing, then at the goddess Xueji, and saw worry in the eyes of Situ Ningbing and the goddess Xueji.

Indeed, so far, Situ Ningbing has been able to hunt down some Level 3 and Level 4 zombies at most. If facing zombies above Level 5, Situ Ningbing is already very difficult. If no one is around to assist her, I am afraid it will be in danger.

The goddess Xue Ji now completely relies on the sniper rifle. With the current strength of the goddess Xue Ji, at most, she can sniper some first- and second-level zombies from a distance.

If Situ Ningbing and the goddess Xueji entered Kyoto in this way, I am afraid that they would be put into danger in all likelihood.

But will Li Tian be afraid because of danger? Of course this kind of thing is impossible!

Hearing that Kyoto is already so dangerous, Li Tian is even more worried about the safety of Ouyang Shiqing and Duanmuying.

I don't know where they are now and whether they are safe.

Li Tian's brows wrinkled involuntarily, and his heart was a little disturbed.

He Zhizhuo continued, "Do you know why the sunset fortress has suddenly been on guard recently?"

Li Tian found this question on the way back, but he never came to ask urgently. Now He Zhizhuo raised this question. Li Tian immediately asked: "Why?"

"Before you came back, I had communicated with Xue Ji, knowing that you went to Kyoto to find your little lover!" said this, a shyness flashed across the face of little loli He Zhizhuo, and she didn't know she said little lover When I thought of something.

But this kind of shyness flashed by, and He Zhizhuo returned to his previous appearance, and continued: "If you want to find someone, you can't refuse to join the Sunset Fortress. First of all, the Sunset Fortress organization is huge, and we also have us in Kyoto. The business center of the Sunset Fortress."

Seeing Li Tian's disapproval, He Zhizhuo was not angry, and continued: "Secondly, a great figure has arrived at the Sunset Fortress recently, and the organization behind this great figure is so powerful that it is no less than the Ten Legion. The fortress is actively communicating with the organization behind this adult to discuss the possibility of cooperation. If our two establish cooperation, then with this organization, finding someone will definitely get twice the result with half the effort."

"What adult? What organization?" Li Tian asked quickly.

But He Zhizhuo did not immediately answer Li Tian, but said with a smile: "The banquet of this big man will be held at the headquarters of the sunset fortress five days later. Only the chief figures of the organizations and the core cadres of the Sunset Fortress are eligible to participate in this banquet! If you think carefully, you can come to me in advance! "

After talking, He Zhizhuo didn't give Li Tian a chance to think about it. He turned and left with the smile of the winner.

"Li Tian, you must attend this banquet. All the responsible persons in the northwestern region will participate in this banquet, and Red Wolf will also participate. Compared with the gathering of so

many masters, it is also very exciting. !" Shelipuding suddenly said to Li Tian thiefly: "I heard that the big man is a peerless beauty."

After finishing speaking, Shelipuding hurriedly followed He Zhizhuo.

When the core cadres of the Sunset Fortress left one by one, Situ Ningbing, the goddess Xueji, and Bai Jing all looked at Li Tian at the same time. At this time, the three women wanted to know Li Tian's final decision.

"Li, no matter what you choose, I will support you! If Kyoto is too dangerous, Xue Ji and I can choose to stay in the Sunset Fortress," Situ Ningbing said gently.

The goddess Xue Ji had a bit of reluctance on her face. She had just reunited with Li Tian, and now she was about to face parting. Xue Ji inevitably felt a little bit of reluctance in her heart.

But Xue Ji nodded heavily.

The expression on Bai Jing's face is even more complicated. She is not Li Tian's woman, she is just Li Tian's crush. At this time, she has no right to influence Li Tian's decision. Bai Jing hopes that Li Tian can join the Sunset Fortress and stay. In the sunset fortress, even if the future is really unfavorable with Li Tian, but at least close to him, being able to look at Li Tian is still missed.

Behind the three women, there were also a group of young boys and girls, including prisoners, two-dimensional, barbarians, and so on. At this time, they were also looking at Li Tian with expectation.

"How about the three of Huo Liantong, Li Dan, and Xin Yan? Why didn't you see the three of them?" Li Tian swept his gaze around, but didn't find these three, and asked, changing the subject.

Xue Ji approached Li Tian and said, "Looking at the barbarians and they are growing one by one, the three of them are also very anxious. A few days after you go to Fancheng, the three of them will participate in the bounty hunter test in the Sunset Fortress. If nothing happens, I should be back in a few days!"

Liu Yihui, who has not spoken much, said suddenly with a sad face: "Li Tian, you can't just leave me alone, you and I are not far away from the Sunset Fortress, you have to be responsible to me!"

Chapter 3265: Ender's request

Anyway, there are still a few days, Li Tian is not in a hurry to make a decision, this kind of thing Li Tian really needs to think about it.

If Li Tian didn't say anything, it would be hard for others to ask.

But when Li Tian and others came back, undoubtedly the happiest person was the prisoner.

The captive guy is an outsider. Although other people are not hostile to him, this guy always feels that it is difficult for him to integrate into the circle of Li Tian and others.

Now, Li Tian brought back another hapless man, and the captive immediately became happy.

As soon as the people in the sunset fortress left, the captives leaned close to Liu Yihui, constantly looking for words without words, and approached Liu Yihui. As for Liu Yihui, he was a person who hadn't spoken for three years. He was trying to talk to someone with his mouth full of words. The two were embarrassed and hit it off. They were better than Li Tian and Xue Ji, and I walked into the prisoner's room. Discuss academic topics.

After a long absence from the newlyweds, Li Tian naturally chose to sleep with Situ Ningbing and Xue Ji for a spring night.

The next day, Li Tianxian went to the branch of the Bounty Hunter Organization to submit Dean Huang's task for completion. This task was confirmed by Dean Huang last night.

Therefore, Li Tianyi submitted to complete the task, and Li Tian's account hid 10,000 points. In this way, Li Tian's few points were enough for Li Tian to upgrade the bounty hunter to level 6. This six-level bounty hunter is the only one among the sunset fortresses.

Moreover, the bounty hunters above level 5 were issued by the bounty hunter organization. Therefore, Li Tian, who was automatically upgraded, got the opportunity to personally receive the branch president Ande.

Under the leadership of the staff, Li Tian came to the office of the president of the Bounty Hunter branch. After knocking on the door to enter, Li Tian didn't find Ande at first. Had it not been for the voice of an old man behind the president's desk, Li Tian would have thought he would have to wait a long time.

Ande is a dwarf man in his sixties, nearly half the height of Li Tian, sitting behind his desk with a computer monitor just blocking him completely.

"My dear Li Tian, I am Ande, the president of the Sunset Fortress Branch of the Bounty Hunters Association. You are now a level six bounty hunter. You are the first level six bounty hunter issued by Ande. Look at you!" Ande jumped off his chair, walked to Li Tian, and looked up at Li Tian and said.

In order to show respect for Ande, Li Tian could only squat down and said to Ande: "It's an honor to be a level six bounty hunter!"

Ande took the badge representing the fifth-level bounty hunter from Li Tian's chest and replaced it with the badge representing the sixth-level bounty hunter, then patted Li Tian's shoulder and said, "From now on, you belong to the bounty. The sixth-level bounty hunter of the Hunter Association. As a sixth-level bounty hunter, you need to remember your obligations to the Bounty Hunter Association. At the same time, you can also enjoy some special rights of the association. For example, Sunset Fortress, Sakura Legion, etc. Bounty missions issued by other organizations."

"Organizing tasks?" Li Tian asked suspiciously.

Ande walked back to his desk, climbed up the chair, and said, "Yes. According to the statistics of the Bounty Hunter Association, there are more than 5,000 organizations, large and small, and among these 5,000 organizations Fifteen organizations recognized as the most powerful are the Ten Legions, the Lubuwei Chamber of Commerce, and the Stone Chamber of Commerce."

"The forces of these 15 organizations are distributed throughout the country. Take the Sakura Legion as an example. The headquarters of the Sakura Legion is in Kyoto, but in more than one hundred of the largest organized cities in the country, the Sakura Legion has power distribution. . And like the Lu Buwei Chamber of Commerce, in the entire more than 5,000 organizations, he has at least more than 2,000 organizations in trade relations."

"And chambers of commerce like Lu Buwei, in the process of trade, or in the process of exploring new trade areas, may issue organizational tasks. Of course, those who want to accept organizational

tasks must also be a team. In this team, at least one person must have a bounty hunter level of 6 or above."

"Now, as the president of the Sunset Fortress Branch of the Bounty Hunters Association, I have a small request for you, I hope you can agree to it!" Ander said sincerely.

Ander returned to the desk, Li Tian sat on the sofa, nodded, and said, "President, please tell me, as long as it is something Li Tian can do, I will try my best to complete it!"

With a satisfied smile on his face, Old Ender said, "Please accept the invitation of the Sunset Fortress and become one of them!"

Li Tian didn't expect that Ande would make such a request, so he couldn't help but asked in confusion: "Why?"

Ender said with a smile: "Although our Bounty Hunter Association is a loose organization, the Bounty Hunter Association is far from being as loose as outsiders seem. In the Bounty Hunter Association General Assembly, we also have the most core department Dawn. And the most direct task of our core department, Liming, is to eradicate the evil zombies that have mixed into human society!"

"Zombies at level 5 and above have basically left human consciousness. These level 5 to 8 zombies will consciously mix into human society. But this kind of zombies have the biggest flaws, binocular redness, and these zombies enter After the human society, the surroundings are full of desire stimulation, it is difficult to control this desire to swallow the human body. Therefore, these zombies will soon be exposed and besieged by humans."

"But the ninth-level zombies are different. If the ninth-level zombies do not actively alienate, no one can see that they are zombies. However, the ninth-level zombies are indeed the most harmful. Because they are almost indistinguishable from humans. They can even seek high positions in society, and even become the leader of certain organizations."

"Although the level 9 zombies are almost the same as humans, they are zombies after all, and the heart of selflessness remains unchanged. The special department of the Bounty Hunter Association, Liming, exists to inquire about these level 9 zombies and kill them secretly. "

The pupils of Li Tian's eyes suddenly dilated, and then he narrowed his eyes and asked, "Then, does this have anything to do with me joining the Sunset Fortress?"

Ender smiled and said: "Of course, you only need to be a bounty hunter, you are a member of the bounty hunter organization. After the news of the killing of the Red Wolf came back, I have listed you as a recommended candidate to enter the special department of the Bounty Hunter Association at Sunset Fortress. I have reported the information, and the organization has agreed! Now, you are Dawn A member of it!"

Chapter 3266: dawn

Li Tian had a headache, why the sunset fortress and the bounty hunter organization are both a problem, and they both like to reluctantly join others to their organization, and they still play first and then play.

"What are the benefits of joining Liming?" Li Tian asked.

Ander shook his head and said: "The Bounty Hunter Association is an organization that does not fight for fame or profit. Those who really become the backbone members of the Bounty Hunter Association have lofty ideals. I want to think of you like Li Tian, who are interested in the world. Cheese."

Although Li Tian has a happy life with the four beauties in his heart, and he is not an ambitious person who cares about the world, but the high hat of Ander gives Li Tian wears the same thing.

"Well! I can choose to join Liming, but I have one condition!" Li Tian said.

Ander heard Li Tian say that he would like to join Liming, and happiness gleamed in his eyes. What bounty hunter organization does not compete for fame is relative.

Ender has been the branch president for two years in the sunset fortress, a place so remote that birds don't shit, because in the dawn of the most important department of the bounty hunter headquarters, Ender has never recommended anyone to join him.

Now the appearance of Li Tian has filled the gap in this aspect of Ande's Bounty Hunter Association branch. In addition, Ande has served in the Sunset Fortress for two years, and it is entirely possible that Ande will be transferred to a relative position next time. Prosperous city to take the post of club president. How can Ender be unhappy.

"You said, don't talk about one condition, even if it is ten conditions, I will find a way to meet your requirements!" Ander said excitedly.

Li Tian said: "In fact, Sunset Fortress invited me to join their organization before today, but I did not agree, because before that, I had already thought about leaving Sunset Fortress, because in Kyoto City, I still need a few people. Look, if you can help me find these two people, I can join the dawn"

Ander's excited face suddenly became a little embarrassed. In this vast crowd, it is so difficult to find two people. Before the end of the world, even if the network communication is all normal, it is also necessary to find two people. A certain degree of difficulty. After the end of the world, many people became zombies, and network communications were basically broken, and only a few organizations such as the military and the Ten Legions could use it.

But Ander's words have already been said, and now it's too late to repent, and he can only bite the bullet and say: "Don't worry, our Bounty Hunters Association is all over the country, and the registered bounty hunter members exceed hundreds of thousands. If we can't find it, let others not say it. Now, let's talk about the information of these two individuals first. I will send the information of these two individuals to the headquarters of the Bounty Hunter Association, and then request the headquarters to issue the tracing. Tell me!"

Li Tian controlled his emotions as much as possible, and said calmly: "The first person's name is Duanmuying, and he belongs to the Duanmu family..."

"You're talking about Duanmuying? Are you sure it's Duanmuying?" Ande stood on the chair with excitement and asked Li Tian.

Li Tian did not expect that Ande would have such a big reaction, and nodded and said, "Yes, Duanmuying!"

Hearing Li Tian's affirmative reply, Ande quickly searched for something on the computer. Soon, Ande found what he wanted on the computer, turned the computer monitor around, and said to Li Tian, "Yes. Is this girl? Duanmu Ying!"

Seeing the photo on the monitor, Li Tian immediately stood up excitedly.

That's right, the photo on Ande's computer monitor is the photo of Duanmu Ying.

"Do you know her?" Li Tian was a little excited and didn't know what to do, and asked quickly.

"Don't you know her? She is the commander of the Sakura Legion in the top ten legions, one of the few powerful women in the world today!" Ander said with some confusion.

"What? Sakura Legion? Duanmu Sakura?" Li Tian was completely shocked. He did not expect that the Sakura Legion described by Liu Dong, who had had a holiday with him, turned out to be Duanmu Sakura's legion.

"Where is she now? How can I see her?" Li Tian walked to Ande's desk in two steps, patted it heavily with one hand, and grabbed the computer monitor with the other.

After the excitement, Ande sat back on his seat and said calmly, "The Sakura Legion is one of the top ten legions, and the headquarters of the Sakura Legion is in Kyoto, but Duanki Sakura is the legion of the Sakura Legion. Long, her whereabouts are very mysterious, but she is not in Kyoto! If you want to find her, unless you can get an introduction from the leader of the core cadre of the Sakura Legion, you may find it by yourself. Now you can talk about it. Another person, maybe I and him, I know too!"

"Ouyang Shiqing..." Li Tian told Ande the information about Ouyang Shiqing again.

Ander frowned, trying to find information about Ouyang's poetry, but in the end, Ander shook his head and said: "This person has never heard of it. After the end of the era, the entire human city has fallen, especially It's Kyoto City, and it's the worst-hit area. A city of 30 million people has a very limited number of people who can escape alive. But don't worry, as long as she is alive, our Bounty Hunters Association will definitely find her!"

The first person Li Tian said was the commander of the Ten Legions, so Li Tian said that the second person he said should not be much worse. Ander believed that as long as Ouyang Shiqing was still alive, it would not be too difficult to find this person.

Li Tiangang breathed a sigh of relief and his heart tightened again. Duanmuying is the commander of the top ten legions, so Duanmuying should be safe, but Ouyang Shiqing has no news for the time being. It seems that except for the Bounty Hunter Association Besides helping to find it, I will have to go to Kyoto City once in the future.

"Li Tian, now you are a member of Liming. In the future, if you want to know any tasks and information about Liming's release, you can log in and query in the system of the Bounty Hunter Association. For the absolute safety of your information, in the future You can only enter the Super Member Area of the Bounty Hunter Association to inquire!"

"Now, let me tell you the three rules for survival of Liming members. First, never tell anyone that you are a member of Liming, not even the closest person; second, never admit that you are Liming. Members, even if the person in front of you is the minister of Liming; third, once someone knows that you are a member of Liming, kill him as soon as possible. Because Liming is the nemesis of the

ninth-level zombies in the human society. Similarly, those ninth-level zombies will Treat humans as their only target. One more person who knows your identity will make you more dangerous!"

Ander hadn't finished speaking, but he saw Li Tian suddenly drew a knife and slowly walked towards him.

"President, you know too much..." Li Tian said as he walked.

Chapter 3267: Swagger

Of course Li Tian didn't kill Ande. To enter Dawn, at least a recommendation from the branch president of the Bounty Hunter Association is required, which means that apart from Ande, no one knows that Li Tian is a member of Dawn.

From the Bounty Hunter Association, Li Tian saw that it was still early, so he returned to the small courtyard, ready to take the folder he found in the Rising Sun Building and prepare to submit the task.

She was entangled by Xue Ji as soon as she returned to the room. Ever since she became Li Tian's woman, Xue Ji has lost the feeling of inhumane fireworks, and has become more charming and feminine.

Xue Ji wrapped her hands around Li Tian's neck, feeling the softness and warmth of Xue Ji's chest, Li Tian immediately felt the blood rushing, and there was a feeling about to move. Fortunately, Situ Ningbing was also in the room, and Li Tian did not do animal things before broad daylight.

"Li Tian, Dean Huang gave me the key to the garden villa, let's go and take a look at the garden villa!" Xue Ji put Li Tian's arm around, said a little spoiledly.

Li Tianxin was amused, relaxed and happy, and immediately nodded his gun.

"Okay, no problem, after all, this is a rented place, and there are so many people living, it is inconvenient to do many things, especially at night you two, it is very hard to endure like that!" Li Tian gently Shaving Xue Ji's nose teased.

Situ Ningbing blushed, and said coldly: "If you are so big or small, you will not be allowed to sleep in our bed for three months!"

"Yes! Three months!" Situ Ningbing said, the goddess Xue Ji immediately became a person on the line with Situ Ningbing, abandoning Li Tian, and said with Situ Ningbing's arm.

Li Tian didn't dare to provoke these two goddesses, and quickly apologized and admitted his mistake, only then was the two goddesses forgiven and favored.

Situ Ningbing and the goddess Xueji took Li Tian's arms to the left and the right, and followed Li Tian out of the room. Just after leaving the room, they happened to meet Bai Jing, Manzi, and Wei Wei.

One person heard that Li Tian and the others were going to see the villa, although the barbarian was still half wounded, he immediately yelled to follow him.

Li Tianzhen wanted to kick the barbarian, this guy who doesn't have eyes, didn't he see that Brother Tian, I hugged me to the left and right, so I could just enjoy the world of three people.

But when Barbarian said that, Li Tian couldn't refuse, and could only agree.

"Go ahead, I have other things to do!" Bai Jing saw Li Tianyi holding the two women on his left and right, feeling sad, and found an excuse to say.

"Eldest sister, let's take a look at the garden villa. We haven't lived in this kind of place even before the end of the world." The barbaric said, but was pulled by the two-dimensional.

Wei Wei felt that she was actually happier than Bai Jing.

Although Wei Wei likes Manzi, Manzi has never considered this kind of thing, but at least there is no other woman around Manzi, and what about Li Tian? Bai Jing likes Li Tian. Li Tian already has two women by his side, and he has to find two other women to come back.

Situ Ningbing let go of Li Tian's hand and walked to Bai Jing's side, and said, "Sister Bai Jing, let everything else go first. This garden villa also has our credit. We can't let Li Tian alone, go together. Right!"

How clever Situ Ningbing was, she naturally knew why Bai Jing made an excuse not to go, but as Li Tian's woman, her attitude was neither opposed nor supported. As long as Li Tian liked it, then Situ Ningbing would like it, but if Li Tian didn't like it, Situ Ningbing would have no choice.

Now Situ Ningbing is trying to figure out Li Tian's attitude. If Li Tian hurts the heart of a woman who likes Li Tian because of her, this kind of thing Situ Ningbing still wants to avoid.

"Let's go together! There is one of your rooms in the garden villa!" Li Tian said.

Bai Jing heard Li Tian's invitation to her, his heart beat a few times faster, raised his head and glanced at Li Tian, just to see Li Tian also looking at her, Bai Jing panicked, and hurriedly avoided Li Tian's gaze. Nodded.

"So what about us?" Manzi and Wei Wei asked at the same time.

Li Tian chuckled and said, "If there are a total of five rooms, then naturally it will be one of me, one of Ningbing, one of Baijing, one of Xueji, one of you, Barbarian, and two of you!"

Two-dimensional face blushed again. She glanced at the barbarian secretly, only to find that Manzi said nonchalantly: "Then I still don't want it, let two-dimensional!"

Manzi is embodying his male chauvinism, but two-dimension is a little sad when he hears Manzi's words.

Bai Jing and others shook their heads involuntarily.

Two-dimensional loves single-celled creatures like barbarians, and she has enough to suffer.

Several people set off in an ambulance, this is Li Tian's decision.

Li Tian's idea is simple. A total of six of them go to the villa. If they can't sit in the cabin of a pickup truck, one person must go and sit in the pocket of the car. There are so many women and one wounded here, no matter who is allowed to go. Suitable. If you take an ambulance, there is no such problem. The barbarian can also lie down in the ambulance and rest for a while, and the most important thing is that when the ambulance alarm goes off, you are invincible, racing on the spacious road of the sunset fortress, this feeling. It's still full of wind.

Li Tian's proposal was unanimously opposed, but Li Tian exercised one vote and directly denied their opposition.

Situ Ningbing and the others had no choice but to rely on Li Tian.

Situ Ningbing drove, Bai Jing and Xue Ji were in the cab, while Barbarian and Wei Wei were still in the carriage, and Li Tian, the second car, was sitting directly on the roof of the ambulance, pretending to be forced by the sirens. Drive towards the garden villa.

In the Sunset Fortress, only a few people can drive, and there are already few cars, and Li Tian's method of pulling the wind in this way immediately became the center of everyone's sight.

Moreover, Li Tian was not enough. He sat in the car and stopped like a great man on a tour. He kept waving at the crowded people watching him on the street, and even shouted, "Hello, comrades!" "Comrades." Hard work!"

"Look at Li Tian!" Shelipuding, who was walking on the street, pointed to Li Tian in the ambulance in surprise, and said to He Zhizhuo beside him.

Little Lolita He Zhizhuo had a black line on her face, and said to Shelipuding: "Second goods, hurry up and put your hands down, are you still embarrassed enough? Don't say we know Li Tian!"

When the sirens of the ambulance faded away, He Zhizhuo raised his head, meaning that he looked at the back of Li Tian on the ambulance for a long time, and said, "Li Tian, don't think that you can destroy the Sunset Fortress by using such a low-level method of corruption. Inviting you are determined! Don't forget my name, He Zhizhuo, as long as I want to do things, nothing can't be done!"

Chapter 3268: Li Tian's decision (1)

Li Tiancai doesn't care about other people's eyes, and still does his own way.

The car quickly reached its destination, a street called Wangta Road. This street is obviously wider and quieter than other streets.

Entering Wangta Road, there are no pedestrians on both sides of the street, and the vehicles parked on both sides of the street are basically luxury cars. Although luxury cars in the end times era can no longer explain much, in the city of Sunset Fortress, even a car can explain the status and status, let alone a luxury car.

Li Tian didn't continue to do it anymore, quietly looking at the townhouses on both sides.

These villas were built after imitating the garden pattern of the south of the Yangtze River. Unfortunately, there was no living water in the sunset fortress, and the pond in front of the villa became stagnant water. But this small flaw does not affect the beauty of these villas.

There is no small bridge and flowing water, but the pattern remains the same. In the cold winter, the green bamboo is still lush and beautiful. The winding path leads to a quiet place, and the main building of the villa suddenly appears.

Arriving in front of the villa that belonged to Li Tian and the others, stopping, Li Tian jumped down and walked in excitedly. Situ Ningbing, Xue Ji, Bai Jing and others also followed Li Tian closely.

Entering the villa, Li Tian was quite satisfied with the surrounding environment of the villa. After entering the villa, Li Tian also nodded repeatedly when he saw the layout and decoration of the villa.

Whether it is another world or the post-apocalyptic earth, Li Tian hasn't felt this way for too long. Such a comfortable and warm feeling.

Entering the villa, Barbarian rushed to the second floor of the villa regardless of his wounds were not fully healed. Two-dimensional was worried about Barbarian, and followed him.

After a while, the barbarian rushed out in excitement, showing a simple smile, and shouted at Li Tian: "Brother Tian, there are just six suites here, and there is one of mine, haha!"

Li Tian saw Manzi excited and said, "Manzi, okay, I will give you a room for now!"

This single-family villa has a total of two floors. The first floor is the hall, two bedrooms, dining and kitchen, etc., and the second floor has four bedrooms.

According to Li Tian's request, Natural Barbarian and Two-dimensional both lived downstairs, while Li Tian and the three beauties each chose to live upstairs.

In this regard, everyone is very happy.

Coming out of the villa, Xue Nu gave Li Tian a skin bag, saying that it was what He Zhizhuo and Shelipuding left when they came over last night.

Li Tian didn't need to guess to know that this must be the corpse crystal that the Red Wolf head exchanged. With this corpse crystal, it was enough for Li Tian and others to live peacefully and prosperously in the Sunset Fortress for several years.

Li Tian grabbed a dozen seven-level corpse crystals from the skin and put them into his skin, and then took the remaining skin to Bai Jing and said, "Bai Jing, tomorrow you will contact Erhuizi and let Erhuizi help us find a yard close to the villa and buy it! It doesn't matter if you spend more corpse crystals. Then let Erhuizi help us look at a few shops on the most prosperous streets and prepare for the prisoners to open a clinic. Also, choose a place in the most remote place and buy it."

Bai Jing took the skin bag Li Tian handed him, and his eyes were a little moist. These dozens of Level 7 Corpse Crystals were enough to cost many people, including Level 5 bounty hunter Li Zheng and others because of this. life. But when Li Tian handed it to Bai Jing, he didn't even blink his eyes and didn't mean to feel distressed.

"Thank you, brother!" Bai Jingqiang said, holding back tears.

"Brother, I can think about buying a yard near the villa to allow other people to move in. Buying shops in the bustling streets is to open clinics so that they can be self-reliant in the future, but in the most remote places. Buying a yard, what on earth is this for?" The Manzi asked in a puzzled manner.

Two-dimensional pulls the sleeve of the barbarian, and asks uncertainly: "Brother Tian, have you decided to join the Sunset Fortress?"

"How do you know?" Li Tian asked without expecting that Two-dimensional could guess his decision.

Two-dimensional smiled and said: "Actually, it's not difficult to guess. After returning from the bounty hunter organization, Brother Tian followed us to see the villa, indicating that Brother Tian wanted to have a place to stay in the sunset fortress. This is one of them. , And Tian Ge asked Sister Bai Jing to contact Erhuizi to buy a few yards. This should be a long-term plan. The most important

thing is that Liu Yihui followed Tian Ge back to the Sunset Fortress, but Tian Ge recommended Liu Yihui to Dean Huang , But the illness was unsuccessful, and Tian Ge asked Sister Bai Jing to buy the most remote yard. If I am not mistaken, Tian Ge is going to build his own research institute and start to support Liu Yihui's zombie medicine research!"

Following the two-dimensional analysis, Li Tian kept nodding his head.

Two-dimensional is right, Li Tian came back from the branch of the Bounty Hunter Association today, and Li Tian was stimulated quite a bit.

First of all, Li Tian discovered that in this era of apocalypse, no matter how strong an individual is, there is always a limit. For example, if you are looking for someone, if only Li Tian is alone, you may immediately need to go to Kyoto City and go in to find someone in person. You may not be able to find Duanmu Ying and the others. But with the organization, Li Tian will not be fighting alone. Secondly, it is Duanmuying's stimulation to Li Tian.

Duanmuying is now the commander of the dignified top ten legions, and Li Tian, although now in the sunset fortress wind and rain or rain, but Li Tian is just an unknown person after leaving the sunset fortress.

Li Tian hoped that Duanmuying, Situ Ningbing, Xueji and other women could become his Li Tianwang's women, not Li Tian became Duanmuying's man.

Another point is that Li Tian saw the shadows of Silly Man'er and Tang Xiaolong in Manzi, 2D, Huo Liantong and others.

Since Li Tian had already let Barbarian and Two-dimensional into the world, Li Tian could not easily put them in the Sunset Fortress and he went to Kyoto alone.

"Yes! The two-dimensional analysis makes sense! Now that we are all here, then I will tell everyone of my decision!" Li Tian sat on the sofa in the lobby and sat down with others. Then he continued to say: "Seven Swords is a strong organization, especially the core members of Seven Swords, such as Jia Youlong, He Zhizhuo, Shelipuding and others? Are they strong enough?"

Situ Ningbing, Goddess Xueji, Bai Jing and others all nodded at the same time.

When Li Tian and the others came out of the town, the dragons could dominate their heads, let alone the Seven Swords.

And when Li Tian was participating in the bounty hunter test and met He Zhizhuo and Shelipuding, Li Tian, who was the belief of these people, was also helpless.

Chapter 3269: Li Tian's decision (2)

"Apocalyptic era is an era of separatism among heroes, and an era of respect for strength. In this former country, there are now more than one to five thousand organizations, large and small, and such as Sunset Fortress can only be regarded as a medium organization. Then in the future, In our turbulent new era of the last days, how should we survive?" After Li Tian said this, his eyes slowly moved to the faces of others.

Two-dimensional, Situ Ningbing, Bai Jing, and Xueji's faces all saw solemn expressions. Even a man like a man who is no more than a head began to think seriously.

"What do you mean?" Situ Ningbing asked.

Li Tian sorted out his thoughts, and continued to calmly said: "Strong as the Seven Swords in the face of absolute strength, they have to accept the annexation of the Sunset Fortress in order to protect themselves, let alone us! The wood is beautiful in the forest, the wind will destroy So, it's good to enjoy the cool under the big tree, so I decided to temporarily attach to the Sunset Fortress."

"However, in the stormy future, the tree at Sunset Fortress is not big enough to let us enjoy the shade. It is still unknown. Therefore, we must take a few steps."

"First, I will temporarily join Sunset Fortress and become a member of Sunset Fortress, so that as long as I am in Sunset Fortress, all of us now will have absolute security in Sunset Fortress, and there will be more resources. You can fight for it."

"Second, I plan to set up a World Bounty Hunter Organization. It is recommended that Bai Jing serve as the leader, Barbarian and 2D as the deputy team leader, respectively assisting Bai Jing. And the three of you, Barbarian, 2D and Bai Jing, must participate as soon as possible. Bounty hunter level test, but also strive to increase the level as soon as possible. Only when your level is high, will you attract more people to join the world."

"Third, the Tianmen organization was established. I, Li Tian, consider myself the master, Situ Ningbing and Xueji, respectively, as guardians of the left and right. Barbarians and Weiwei are our temporary core members. Although no part of our organization belongs to us now There is no effective economic source to support our development. However, I believe that we will definitely become the most powerful organization in the future, or even the only organization."

"From now on, Situ Ningbing and Two-Dimensional will be responsible for our Tianmen play planning, and Xue Ji and Barbarians will be responsible for the acceptance and assessment of Tianmen students. To become my Li Tiantian students, you must first become a bounty hunter in the world, a bounty hunter in the world Choose the best among them."

Li Tian's words were over, but everyone looked at Li Tian in surprise, no one was talking.

After a while, the barbarian said hesitantly: "Brother Tian, you don't have a fever!"

The goddess Xue Ji's eyes were a little more determined. Since I met Li Tian, although Li Tian's personal strength is strong, Li Tian has always been tepid and ambitious. He has only thought about himself and the women around him. But now, Li Tian finally wants to see Li Tian showing his minions.

Situ Ningbing shook hands firmly. When he first returned to Earth, Situ Ningbing had always suggested that Li Tian should take Bai Jing, Barbarian and others, and build his own strength, but Li Tian couldn't pass his hurdle in his heart and refused. Today Li Tian didn't know what was the stimulus, but he completely figured it out.

"Brother Tian, I will listen to your arrangements. I must make the World Bounty Hunter Organization the No. 1 Bounty Hunter Organization in the Sunset Fortress." Bai Jing was already very happy when he heard Li Tian decided to stay. With so many plans and arrangements made by Li Tian, Bai Jing was completely convinced by Li Tian, and said to Li Tian with his eyes braving the little star that he admired.

Barbarian and 2-dimensional nod at the same time.

Barbarian smiled silly, and said: "Tian brother, hey, two-dimensional and I were originally your brother-in-law's disciples, naturally everything depends on the arrangement of brother Tian! Even if you let me and two-dimensional to die, I will Unambiguous!"

Li Tian nodded with satisfaction, and suddenly smiled humbly, and said, "What if you and 2D live in the same room?"

Barbarian moved his gaze to the face of 2D, and saw that 2D was looking at him, he immediately moved his gaze away, and said solemnly, "Brother Tian, let's continue to talk about the topic of letting me die!"

Immediately afterwards, I heard a scream from the Manzi, it turned out that it was the two-dimensional twist on the Manzi's waist.

Li Tian now seems to be a self-made entrepreneur. He has nothing in his hands except for a few brothers who are willing to follow him. However, as long as you have goals, have firm confidence, and unswervingly implement them in accordance with the goals, there will always be times to lay down oneself.

Li Tian saw that everyone had calmed down, and continued: "The last and very important point is the establishment of the Zombie Research Institute under Tianmen. Liu Yihui serves as the dean of the research institute. Apart from Xueji, everyone here is I have personally experienced Liu Yihui's drug test. Although this test has ended in failure so far, it is obvious that if this test succeeds, then it may completely change the world."

"Other organizations, including Sunset Fortress, already have their own zombie research institute. It is certain that they must have already seen the potential in zombie research, but Sunset Fortress has insufficient background. Dean Huang wants a living one. Level 6 zombies still need to issue bounty tasks. But other such as the top ten legions, these best legions may have already walked in front of us. And us? We are unique, as long as there is me, we don't have to worry. The problem of catching zombies alive, coupled with the madness and perseverance of Liu Yihui and Liu lunatic, we will catch up one day!"

"However, there can be no problem with the Zombie Research Institute, so, Ningbing, 2D, you must set up a department as soon as possible to secretly protect the Zombie Research Institute, especially Liu Yihui!"

Li Tian has drawn up a grand blueprint, and the next step is the issue of implementation.

The crowd gathered in the lobby of Wangta Road Villa, carefully discussed what should be done in the next few days, and divided all the things that could be discussed.

It was not until the sky was completely dark that Li Tian drove back to the rented courtyard.

As soon as he returned to the courtyard, Li Tian saw a person standing in the courtyard. He got out of the car and walked in to see that it was Wang Rui, the captain of the Supreme King.

Seeing Li Tian getting off the car, Wang Rui suddenly puffed and knelt down in front of Li Tian, crying at Li Tian, and said: "Li Tian, please go and save my brother Wang Qiang! If you are late, he It may not survive!"

Seeing Wang Rui crying, Li Tian couldn't help being angry and shouted: "Stand up!"

Chapter 3270: Bragging trouble (1)

Wang Rui didn't dare to cry, nor dared to kneel anymore. She stood up and said anxiously: "Brother Tian, Wang Qiang has been arrested at Tai Sui Bar now, you must save him!"

Although Wang Qiang did not look for Li Tian to see him, but seeing Wang Rui's anxious appearance, Li Tian felt sorry for this woman and did not decline. .

Manzi was hurt, Li Tian didn't let him follow, but Situ Ningbing, Bai Jing, and Wei Wei all followed Li Tian into the car. After getting in the car, Wang Rui began to talk about what happened about three hours ago.

Tai Sui Bar is a very inconspicuous bar in Sunset Fortress. This bar is located on the business street where there is a mixture of dragons and snakes. Everyone will appear in the bar. Therefore, fights and fights are staged almost every day, even disgusting and hurting incidents. occur.

But Tai Sui Bar is not simple. Just the word Tai Sui can be daunting, because Tai Sui Bar is Fan Tai Sui's industry.

Who is Fan Tai Sui? Maybe many big figures in Sunset Fortress don't understand or know, but in Affairs Street, Fan Taisui is the underground emperor of Sunset Fortress.

Fan Tai Sui is the biggest seller on the black market in the entire Sunset Fortress. As long as it is something on the market, you can find and buy it here.

And Fan Taisui has another unknown identity, the person in charge of the Scarlet Blood Organization in the Sunset Fortress, who is specifically responsible for collecting information in the Sunset Fortress.

The fact that Red Wolf was killed by Li Tian was the information collected by Fan Taisui's people, and it was Fan Taisui's plan to spread this information out.

Fan Taisui's plan also forced the Sunset Fortress to adjust its strategy and had to declare that Li Tian was the core cadre they secretly cultivated to preserve their face.

Of course, Li Tian's strength has also been recognized by several big brothers in the Sunset Fortress, otherwise there will be no trident.

In the car, Wang Rui intermittently talked about what happened to Wang Qiang in the bar.

...

In the bar three hours ago, the most shocking music three years ago was played in the bar continuously. The bar was dimly lit, but the voices were full. The bounty hunters mixed in the lowest level of the Sunset Fortress squeezed into the Tai Sui Bar and wanted to go. Two glasses of cheap beer gulped their beer, and then began to brag about their insights.

Wang Qiang and the other three bounty hunters of the Supreme King, each carrying a glass of cheap beer, bragged with the other bounty hunters.

When the topic talked about Li Tian, the bragging discussion in the bar became even more enthusiastic.

Recently, Li Tian is undoubtedly the most topical character, from being so obscure to the trident of the sunset fortress, this kind of story of sudden rise is naturally the most basic people in the city are most willing to talk about.

And Li Tian is a very different person, at least these bounty hunters think so, especially today sitting on the roof of an ambulance waving to the people on both sides of the street, and patrolling the leader like a second-force image, let these bounty hunters We feel cordial.

"Do you know? At the checkpoint outside the city last night, when we were waiting for the inspection and entering the city, I was fortunate enough to have a relationship with Li Tian. Li Tian has no pretensions, he seems to be very kind, even Arms around the shoulders call me a brother! It's a pity, then I didn't know that the guy holding my arms was Lord Li Tian, but regarded him as a familiar little second. Hey, who knows the real second It turned out to be me. Master Li Tian called me a brother, but I didn't even have him, so I missed a chance to meet Master Li Tian for no reason." The talking was a bounty hunter at the checkpoint outside the city last night.

The bounty hunter did not even see Li Tian's face, but this did not affect his bragging. After all, many people now know what happened at the checkpoint last night.

"What's that? You also know that I am the bounty hunter of the original Seven Swords. Speaking of which, Li Tian and I were promoted to bounty hunters at the same time. That happened in the village of Eji, and that Li Tian was just A rookie still trembles in the face of zombies. If I hadn't taken care of Li Tian, there might be no such person as Li Tian now. Unfortunately, there was a corpse tide in the village, Li Tian and I were washed away. Or else Let, now you have to call me adults too, haha!" It was the bounty hunter who participated in the bounty hunter level test with Li Tian.

Li Tian is not at the scene of this kind of thing, naturally no one knows the authenticity.

Wang Qiang poured a glass of beer and blushed and said roughly, "You are all bullshit, Li Tian is not here, of course you brag. Do you know who I am? Back then, our Supreme King Bounty Hunter team went out hunting. Killing the zombies happened to meet Li Tian who was hungry and cold. We gave Li Tian food and water to save Li Tian's life, and then Li Tian begged us to go to their town to protect them."

"It has always been the duty of our supreme king to help the weak. Of course, we will not refuse. After living in their town for a few days and hunting down all the zombies in the town, we returned to the Sunset Fortress at that time. Li Tian was very grateful to us, and he reluctantly returned after sending dozens of miles."

"Just brag! Li Tian still needs your Supreme King's protection? Who doesn't know that Lord Li Tian is powerful." A bounty hunter said disdainfully.

"Humph, of course you can think that Wang Qiang is bragging. But do you know Li Tian? How many women are around Li Tian now? Do you know the names of those women? But you know Li Tian and the others are here Was the sunset fortress the first person to look for?"

Wang Qiang paused and continued: "It's me, Wang Qiang! At that time, Li Tian and the others just came to the Sunset Fortress and didn't even have a place to stay. By the way, one of Li Tian's women was injured and needed treatment. It was Wang Qiang who carried Li in one hand The hospital they went to."

Wang Qiang really knows Li Tian, and he is naturally full of confidence when he brags. The other bounty hunters who asked a few questions were dumbfounded.

"I saw a few women around Li Tian from a distance. Hey, let alone, they are so **** beautiful." said a bounty hunter.

"Wang Qiang, are you talking about how many women are around Li Tian and what are their names?" A bounty hunter asked with a sulky smile on his face after taking a sip of wine.

"There are three women next to Li Tian, one is Bai Jing, the other is Xue Ji, and the other is Situ Ningbing. But what Li Tian likes most is not them, but helping me Li Tian and protecting Li Tian's other A woman!" Wang Qiang saw the gazes of other bounty hunters a little flattering, which greatly satisfied his vanity and couldn't help boasting.

"Who is it? Don't tell me, you are actually a woman?" a bounty hunter asked jokingly.
