

## A Killer 3271

### Chapter 3271: Bragging trouble (2)

The bounty hunters around immediately roared with laughter.

"Asshole, how could I be a woman." Wang Qiang squatted heavily on the table and said with some pride: "The woman who protected Li Tian is my sister Wang Rui. Hmph, Li Tian wants to be me Brother-in-law, he will naturally come to flatter me!"

Wang Qiang brags and is addicted, so naturally regardless, even the three friends around him whispered to Wang Qiang without listening.

Speaking of Wang Rui, Wang Qiang's sister, the other bounty hunters laughed even harder.

When Wang Rui first came to Sunset Fortress, in order to support his younger brother and other people, many of the bounty hunters had heard of the trades he did, and even some of these bounty hunters had been Wang Rui's regular customers.

Therefore, the laughter is unscrupulous, and the mouth is not clean, humiliating Wang Qiang.

"Wang Qiang, why don't you say that Jia Youlong is your brother-in-law? Cai Longquan is your brother-in-law? Is it your brother-in-law who had a relationship with your sister? If this is the case, Li Tian might really be your brother-in-law, oh , By the way, then I am your brother-in-law too!" a scruffy bounty hunter with a big beard sneered.

The other bounty hunters burst into laughter again.

It's no secret that Wang Rui's career has been. Wang Qiang and others were brought up by Wang Rui's survival method. Wang Qiang and others are very grateful to Wang Rui.

Had it not been for Wang Rui to make such a sacrifice, some of them might have been starved to death.

But gratitude is a feeling. Deep down, Wang Qiang is actually jealous and despise, even hate Wang Rui. Because of Wang Rui, Wang Qiang couldn't lift his head in front of other bounty hunters, and he felt that he had lost the face of his big man.

Especially when others insulted his sister Wang Rui, Wang Qiang was not angry that his sister was insulted, but that the person who was insulted was his sister, who had a blood relationship with him.

Wang Qiang clenched his fists vigorously. After holding back for three seconds, Wang Qiang slammed his fist on the table, picked up the beer glass on the table, and slammed the glass on the face of the bearded bounty hunter.

Fighting is inevitable. The bounty hunters in Tai Sui Bar have become accustomed to it, and the bounty hunters who are responsible for guarding Tai Sui Bar have not regarded it as a meeting.

However, Fan Taisui's people are the people who see six directions and listen to all directions. When they heard Wang Qiang boasting that Li Tian is Wang Qiang's brother-in-law, these people immediately reported this useful news to Fan Taisui.

In the secret room of the Tai Sui Bar, Fan Tai Sui is secretly meeting people sent by the Scarlet Blood Organization.

"Fan Taisui, do others call you the underground emperor of the Sunset Fortress, you really regard yourself as the emperor?" The person sent by the Scarlet Blood Organization said coldly to Fan Taisui.

And Fan Taisui was sitting on a sofa, not daring to lift his head, and said humbly: "Don't dare, don't dare! I, Fan Taisui always remember the red blood boss's kindness to me, and always want to repay the red blood. Boss, even if Boss Scarlet Blood wants my life, my Fan Tai Sui won't even blink."

"However, the last time Lord Red Wolf came to Sunset Fortress, I was really powerless. I believe Lord Red Wolf also understands what kind of person the Lord Red Wolf looks like. It is impossible for me to restrain Lord Red Wolf at all. The lord drew the troubles of the sunset fortress. If I hadn't secretly protected Lord Red Wolf, Lord Red Wolf would have been surrounded by Seven Swords and the core cadres of the fortress in the sunset fortress city."

"Since the Red Wolf came to the Sunset Fortress, the various departments of the Sunset Fortress have also been ready to move. I dare not be the slightest carelessness, I am afraid that the major event of Lord Scarlet will be ruined."

"Huh, do you mean you still have the credit? The dignified number three of Scarlet Blood came to the sunset fortress and went to Fancheng, but was killed by an unknown \*\*\*\* named Li Tian. This scarlet face was full of blood. I'm going to lose all of you. The Scarlet Blood Boss is very angry, and you know the consequences. After three days, the Scarlet Blood Boss will be invited to the Sunset Fortress to participate in the banquet. Take advantage of these three days and make something Let the red blood boss explain the results, otherwise, be careful of your head!" The person sent by the red blood said to Fan Taisui mercilessly.

Fan Taisui thought of the scarlet blood, shuddering, and did not dare to resist in any way.

At this moment, the phone on Fan Taisui's desk rang.

Fan Taisui looked up at the person sent by the Scarlet Blood Organization. After the phone rang three times, Fan Taisui walked to the table and answered the phone.

"Fan, there is a kid in the bar who claims that Li Tian is his brother-in-law, and he is making trouble in the bar now!" said the voice on the phone.

When Fan Taisui heard the message on the phone, he narrowed his eyes slightly and said with a sneer: "First control that kid, I'll pass!"

After hanging up the phone, Fan Taisui greeted the visitor and walked into the bar.

In the bar, Wang Qiang was riding on the bearded bounty hunter, punching the bearded face with fists and punches, and the three following Wang Qiang, two of them were fighting with another bounty hunter, and The other one helped Wang Qiang beat the beard together.

"Let you know how powerful our Supreme King is..."

"Let you dare to insult me and my sister again..."

Both sides of the fight are low-level bounty hunters, and their personal strengths are equally matched, but Wang Qiang and others have an absolute advantage in personnel. By two against one, they have the absolute upper hand at this time. This is also like not needing money. , Unambiguous.

None of the other bounty hunters onlookers came up to stand up, instead they kept cheering as if watching the excitement.

"Beat him to death, yes, punch him in the nose!"

"Hey, brother, didn't you take milk? Fight back? Grab his crotch, yes, pull hard!"

Fan Taisui squeezed into the crowd with people. Those bounty hunters who knew Fan Taisui immediately stepped back, not daring to provoke the emperor in the darkness of the sunset fortress.

Fan Taisui didn't want to watch Wang Qiang and the others fight, but he didn't stop him either. Fights like this happen every day, not only did not scare away the bounty hunters in Tai Sui Bar, but added some excitement to the calm in Tai Sui Bar.

The business of Tai Sui Bar has become more and more popular!

"Who is Wang Qiang?" Fan Taisui's eyes swept across the fighting people, and asked somewhat coldly.

"Lao Tzu, what's the matter? Lao Tzu's brother-in-law is Li Tian, if you have the ability to move me?" Wang Qiang completely released the anger that had been in his heart for more than ten days at this time, and spoke even more unscrupulously through alcohol. He raised his \*\*\*\*\* to Fan Taisui.

When Wang Qiang uttered these words, the bounty hunters who knew Fan Taisui were onlookers. They couldn't help feeling tight and secretly said: "Wang Qiang is going to be unlucky this time!"

"Huh!" A few sword shadows flashed by, and Wang Qiang let out a scream.

Chapter 3272: Bragging trouble (3)

Fan Taisui slowly took out a white handkerchief from his body and wiped the soft sword in his hand, completely ignoring the life and death of Wang Qiang who was rolling on the ground with his hands.

"Too... terrible..."

Fan Taisui's swordsmanship was very fast, almost in the blink of an eye, Wang Qiang fell to the ground with his hands in his arms. But the bearded bounty hunter, who was still under Wang Qiang's body just now, saw it clearly.

The moment Wang Qiang raised his middle finger, Fan Taisui started his hand. The soft sword completely chopped off Wang Qiang's thumb, index finger, ring finger and little finger, leaving only one middle finger.

At this time, the four fingers were falling to the ground with blood stains.

"Who is Wang Qiang? I will ask for the last time!" Fan Taisui asked coldly after wiping the soft sword clean.

"Huh!" Almost at the same time, almost all the bounty hunters present pointed their fingers at Wang Qiang who fell on the ground, and these bounty hunters who extended their fingers immediately retracted their hands after they extended their fingers. Worrying that Fan Taisui would be frantically involved in innocence, he cut off their fingers.

"Wang Qiang stays, and the others who follow Wang Qiang can leave!"

The bearded grunt got up and wanted to go outside, but was directly stopped by Fan Taisui.

"From now on, only entry is allowed, not exit!" the man said coldly.

The three bounty hunters who followed Wang Qiang to the bar were a little hesitant. Wang Qiang was the brother who came out of Wang's Village with them. They shouldn't be left alone like this, but Fan Taisui's power is too strong and they are too strong. Is the opponent.

Fan Taisui had long noticed that the three of them were with Wang Qiang, and said with a sneer: "You three have to go back and tell Li Tian, let Li Tian come to Tai Sui Bar as soon as possible to rescue his brother-in-law. Otherwise, I will kill Wang Qiang in an hour. A finger."

"Let me count. Wang Qiang still has a few fingers, one, two, three... there are five fingers in total, which means you still have five hours to find Li Tian to come to my bar! If five Hours later, Li Tian hasn't come yet, so I can only chop off his head and charge!"

"Yes... Liugen..." Wang Qiang finally knew who the man in front of him was. He endured the pain and opened his left and right palms in fear, and said.

It didn't matter if Wang Qiang opened his palm like this, and the bounty hunter onlookers took another breath.

Because Wang Qiang's right hand originally only had a middle finger, he opened his palm so lonely, it seemed that he was still pointing his \*\*\*\*\* to Fan Taisui.

"Huh!" Another sword.

Wang Qiang let out another scream, resting his left and right hands on his abdomen and rolling on the ground.

"Sorry, my math was taught by my physical education teacher, not real numbers. But now it should be five fingers, it can't be wrong!" Fan Taisui said with a sneer.

"You..." The three bounty hunters who followed Wang Qiang dared not say anything, staring at Fan Taisui angrily.

"What you have is time ink. Just cut off a finger, you still have four hours to ink." Someone behind Fan Taisui pulled a chair. Fan Taisui sat on the chair and said with a cold smile.

"Hurry up and find my sister? You \*\*\*\*\* want to watch me die, don't you?" Wang Qiang knew that now only her sister was the only one who asked her sister to ask Li Tian to save him.

The three bounty didn't dare to delay any more, turned around and ran out of the bar.

...

Those who can drive a car in the Sunset Fortress are not good people. Therefore, Li Tian and the others went all the way to Tai Sui Bar.

Seeing Wang Rui getting out of the car with Li Tian and others, the three bounty hunters who ran back to the gate of Tai Sui Bar and waited immediately rushed in.

"Captain, why did you come? It's been more than three hours. Brother Wang Qiang may have run out of fingers." One of them said.

"Shut up!" Li Tian directly reprimanded the three of them.

These three people are almost the same people as Wang Qiang, but these three people gave Li Tian a worse impression. Wang Qiang is Wang Rui's younger brother, and even if it is Sister Keng, they have a certain relationship. But what about these three people? Just because it is Wang Rui's same village.

The three of them didn't even dare to bark their teeth in front of Li Tian, so they could only walk behind Wang Rui with a grievance and follow Wang Rui.

Entering Tai Sui Bar, the sound of music in Tai Sui Bar remains the same. Not only has the number of customers in the bar not decreased, but there are more.

In the past, one customer might not be able to take a full seat, but now there are even two people squeezing into one seat.

"Hey, Master Li Tian is here, there is really a good show to watch now!"

"It seems that Wang Qiang is not all bragging, do you see that Wang Rui can actually find Lord Li Tian."

"That's right, if Wang Rui doesn't have a leg with Li Tian, will Master Li Tian go out in person?"

"It's just that I don't understand, why is there such a thing as Wang Rui for the beautiful women around Li Tian?"

"Hey, don't you understand this? What rich and powerful people play is an excitement, and what they play is a taste. Of course people like us don't understand it! You didn't see Li Tian behind That little girl of Li Tian? There is no two or two flesh on her chest, just like the door panel, she should not follow Li Tian." The bounty hunter pointed to the two-dimensional behind Li Tian.

"One is Lord Li Tian from the Trident of the Sunset Fortress, and the other is the Emperor Fan Taisui Fan Ye in the darkness of the Sunset Fortress. The confrontation between these two people is really interesting!"

"That's right. I came to this bar for a drink today. I didn't expect to see the excitement. It's like spending a first-level corpse crystal and asking for a glass of wine. Can you see these two legendary characters duel? It's worth it!"

"Who do you think will win? I feel like Master Li Tian, after all, the Red Wolf died in the hands of Master Li Tian."

"I can't see that the death of eating the red wolf is still a mystery. At first, it was He Zhizhuo, Shelipuding, Wei Wu, and Wu Shi. Han Gang and their five core cadres besieged and killed Li Tian. Later, I didn't know. What reason is that Li Tian killed?" Another bounty hunter said in disagreement.

Wang Qiang's hands were full of blood, and the blood had solidified into blood scabs. Wang Qiang was almost dying in pain, but he did not faint. He was afraid that once he fainted, he would never have a chance to wake up again.

Seeing his sister Wang Rui followed Li Tian and others to the bar, Wang Qiang wanted to crawl to Li Tian's side, but was stepped on his leg by a man next to Fan Taisui, preventing Wang Qiang from moving forward. Climb half a step.

"Sister...Sister, come and save me!" Wang Qiang immediately shouted with a miserable cry.

Fan Taisui sat on a chair, watching Li Tian and others walk into the bar with a sneer at the corner of his mouth, and waved his hand at the people around him.

With a "wow", the door of the bar was lowered, and then it was directly locked from inside.

Fan Taisui sneered and said, "Close the door and let the dog go!"

Chapter 3273: Beat the owner and watch the dog

The bounty hunters present saw the door of the bar being closed from the inside, and thought that before the Tai Sui bar was only allowed in but not out, they inevitably became nervous.

When Fan Taisui yelled: "Close the door? Let go of the dog?" All the bounty hunters immediately blasted the pot, and all stood up and started shouting at Fan Taisui.

"What does Fan Ye mean?"

"That is, brothers come to the Tai Sui bar to drink to save Ye Fan. Isn't it possible that Ye Fan wants to keep many of our brothers in this Tai Sui bar?"

Fan Taisui stood up from his chair slowly, and said with a sneer, "I, Fan Taisui, thank you for coming to my Taisui bar to join in, but today Li Tian and his people must all die here, and Li Tian is now in the Sunset Fortress. A big man, once the news of his death here spreads out, it will inevitably cause trouble to the Tai Sui Bar. Since you like to watch the show so much, and it helps me Fan Tai Sui, why not help people to the end?"

"Let us help you like this? Do you want us to deal with Li Tian?" a bounty hunter asked.

"Hey, to deal with Li Tian, you dare not ask me. Since you want to help me and admire Li Tian so much, why not follow Li Tian to see King Yan!" Fan Tai Sui sneered.

Just after Fan Taisui's words were said, many bounty hunters realized that Fan Taisui wanted everyone in the bar to die with Li Tian.

"Brothers, do it!" a bounty hunter shouted.

"Da da da!" It was Fan Tai Sui's subordinates who wanted to sound the guns most. They had already secretly prepared for it, waiting for Li Tian and others to cast themselves into the net.

Now that Li Tian and others have entered the Tai Sui Bar, Fan Tai Sui's people are not polite.

The bullet swept over the unprepared bounty hunters, and those bounty hunters immediately fell into a pool of blood.

At the same time, "Swish!" With a sound, Li Tian directly used Xuantian fingering, pointing at the man stepping on Wang Qiang. This finger was centered on the man's brow, and the man lay straight on the ground.

Li Tian and others all found a place to hide, while Wang Qiang desperately hid behind the table and bench.

"Da da da..." Fan Taisui stood on a high place, holding a machine gun, and kept shooting left and right in the bar.

"Bang! Bang! Bang!" Hidden behind the table and bench, the bounty hunters behind the corner of the bar began to fight back desperately.

But this gunfire did not last long.

There were about two hundred bounty hunters in the bar just now. After Fan Taisui suddenly took action, more than two dozen fell in a pool of blood in the first wave of attacks, and under the continued attacks of other people, this bar In almost an instant, nearly a hundred bounty hunters fell.

"Li Tian, it turns out that you have a grudge with Fan Taisui, you \*\*\*\* killed us!" hiding behind the wall, one of Wang Rui's three bounty hunters yelled.

Li Tian frowned slightly, and a trace of murder flashed in his heart.

This guy really is a routine with Wang Qiang. Not only did he not know how to be grateful, but he started to blame Li Tian.

"Huh!" With a sound, the black thorn pulled out, and the two-dimensional directly pierced the black thorn into the bounty hunter's chest.

After killing this bounty hunter, 2D still behaved quite calmly, as if nothing had happened.

"Wang Rui, you really are a bitch, what the \*\*\*\* are you looking for?" Seeing that his companion was killed, another bounty hunter turned his gun to Wang Rui and cursed.

Although Wang Rui felt that the two-dimensional hands-on was a bit abrupt, at this time, Wang Rui didn't feel much in her heart. This woman, Wang Rui, has been selling her figure to support for more than a year, and took them to participate in the bounty hunter. In the grade exam, the person who hunted zombies and supported her for three years even cursed her like this, Wang Rui's heart was completely broken at this moment.

"Huh!" A blade shadow flashed by, and Situ Ningbing directly killed the ungrateful guy.

"Bang!" With a gunshot, Wang Rui also killed another bounty hunter. At the moment when the shot was fired, Wang Rui was already crying, and her whole body was paralyzed on the ground.

The shootout outside became more and more fierce. Bounty hunters hiding behind tables, chairs and benches were increasingly shot dead, and Fan Taisui who was shooting from high places also died seven or eight.

"Sister, come and save me!" Wang Qiang's body shrank tightly behind a table. Seven or eight bullet holes had been punched on the table, and a bullet passed through the table and hit Wang Qiang's leg directly. On the way up, Wang Qiang cried out loudly, crying.

"Li Tian, thank you! Wang Qiang, I...I...I can't save it! I will cover you and you can kill you!" When Wang Rui said this, her body was shaking, and her voice became hoarse or even a little Voice Changer.

"Li, what should I do?" Situ Ningbing asked Li Tiandao anxiously when he saw this situation.

Li Tian controlled this "Red Cut" to kill seven or eight Fan Taisui people in a row. At this time, the gunshots in the bar basically stopped. Everyone was hiding behind various objects and did not dare to emerge rashly.

Only Wang Qiang's miserable cry echoed back and forth in the bar.

"You go out first! I'll save Wang Qiang!" Li Tian turned around and said to Situ Ningbing and Xue Ji, "Take care of Wang Rui and don't let her have another accident!"

"Woo!"

"Woo!"

Suddenly, Wang Rui heard the low breathing of a wild beast, widened her eyes suddenly, and said to Li Tian: "Li Tian, there are really dogs! I heard, at least, there are at least eight. No, Not a dog, but a lost dog!"

"Sangdog?" Hearing what Wang Rui said, everyone was stunned. How could it be possible? How could there be a lost dog in this sunset fortress?

And even if there is a lost dog, how can Fan Taisui control it?

Several other people looked at Wang Rui suspiciously. Li Tian suddenly remembered how Li Tian and the others killed the dragon in a meeting when he was in the small town, and Wang Rui came to Li Tian after Li Tian's meeting and asked Li Tian if he could help. Things.

At that time, Wang Rui said that her ears were very sharp, and she could hear sounds from far, far away. Li Tian didn't take it seriously. Now, Li Tian has to take it seriously.

Faced with a few lost dogs, Li Tian didn't care yet, but there were Fan Taisui and his desperadoes here. The bullets had no eyes. Naturally, Li Tian couldn't let Situ Ningbing and others take risks.

"You go first!" Li Tian said to Situ Ningbing and the others.

Then, Li Tian directly controlled "Red Zhan" to chop and chop several times on a wall behind him. Then Li Tian stood up abruptly and pushed hard against the wall.

"Boom!" With a sound, the wall collapsed.

At this moment, eight bereaved dogs rushed out from the back door of the bar. Seeing these lost dogs, Li Tian's eyes straightened.

Chapter 3274: Beat the owner and watch the dog (2)

Li Tian saw that among the eight lost dogs, there were two and three lost dogs.

The three-headed zombie Li Tian was also seen in the auto repair shop outside Fancheng. At that time, the feeling that this zombie gave to Li Tian was quite powerful, which was probably equivalent to the level of 6 or even level 7 of the zombie.

Now that he saw the three bereaved dogs, Li Tian no longer had the original fear in his heart, but he was more shocked. Why did the three bereaved dogs appear in the Tai Sui Bar? And who is controlling the Tai Sui Bar behind the scenes? Can three zombie dogs be controlled like zombies?

After these lost dogs appeared, the balance in the bar was immediately broken.

This \*\*\*\* Fan Taisui also knew the weakness of zombies and dogs, and even put a steel helmet made of pure steel on the head of each zombie, leaving only his mouth exposed.

In this way, the bounty hunters in the bar, even if they shoot the bereaved dogs, the bereaved dogs will only have more bullet holes on their bodies, and they will not die.

"Sister, come and save me!" After Wang Qiang saw the lost dog, his whole body was frightened. His legs that had been shot even lost consciousness, and he didn't even have the courage to crawl.

Wang Rui glanced back at Wang Qiang, resisting tears, turned around and followed Situ Ningbing and others to drill out of the hole in the wall pushed by Li Tian.

Li Tian let out a sigh of relief.

Li Tian believed in the strength of the women around him, but the stray bullet had no eyes, and Li Tian would not want to hurt anyone. Now that all the women here have gotten out, Li Tian will control "Red Slash" without any scruples and can kill wantonly.

"Brothers, Master Li Tian has opened an exit behind him, brothers, kill it!"

Seeing that the women who followed Li Tian had gone out to safety, the surviving bounty hunters immediately came to their spirits. After one shouted, the Tai Sui Bar, which had just calmed down, shot again.

"Da da da!"

"Bang!" "Bang!" "Bang!"

Under the cover of gunshots, a bounty hunter quickly ran towards Li Tian's direction, but before he ran a few steps out, a bereaved dog rushed over and bit his leg.

The bounty hunter let out a scream, then drew out the blade and slashed the low-level bereaved dog vigorously, even cutting off the head of the bereaved dog, but the bounty hunter was still puzzled.

Bitten by a bereaved dog, the bounty hunter had a gray face and leaned his back against the wall, quietly waiting for death to come.

Although the bounty hunter was bitten by a bereaved dog, more bounty hunters rushed out without hesitation.

There is still the possibility of rushing out, but staying in Tai Sui Bar is a dead end.

Li Tian tried to use the transparent silk thread released by the nine-color corpse crystal to control a three zombie dogs, but he found that when the transparent silk thread entered the heads of the three zombie dogs, it turned out to be like a mud cow into the sea, and no information was transmitted back.

But the three bereaved dogs quickly focused their attention on Li Tian, and ran towards Li Tian.

Li Tian's "Red Cut" was at a distance of more than ten meters from Li Tian, and he had just chopped off the head of the dog that had been lost, and the three lost dogs had already rushed to Li Tian.

Li Tian was too late to control "Red Zhan" back, hooked his right foot and slammed hard, kicking a chair at the three bereaved dogs.

And one of the three bereaved dogs opened his mouth and bit the chair in one bite. It didn't affect much, and he rushed towards Li Tian.

Li Tian dare not care, these three zombie dogs are more difficult to deal with than the sixth-level zombie, because this zombie dog has three heads, if you can't break the zombie crystals in the three heads at the same time, even if you smash one, The dog bites Li Tian hard, and Li Tian is not comfortable.

However, Li Tian was not afraid. After the chair was kicked, he turned his body to the right and ran for several steps. When the dog was about to bite Li Tian, Li Tian suddenly turned around and

kicked the three-headed mourner. On the dog's middle head, the left and right palms simultaneously used the broken soul palm, avoiding the dog's bite, and patted heavily on the dog's left and right heads.

Li Tian only felt his feet numb, and there was a pain in his left and right palms, but fortunately the dog was hit hard by Li Tian and fell heavily to the ground.

Li Tian knew that the three bereaved dogs were not dead, and quickly controlled the "Red Zhan" who had lost control and returned to him.

After the dog was hit hard by Li Tian, he stayed on the ground for less than two seconds, then stood up swayingly and bared his teeth at Li Tian.

"Woo"

"Wow!"

This three-headed bereavement still has a canine consciousness. Although it gnawed its teeth after being hurt by Li Tian, it did not dare to immediately rush to bite Li Tian.

The loss of a dog to bite Li Tian does not mean that Li Tian will let him go.

"Huh!"

A red light swiftly flew behind the lost dog, and as a red light flashed, the limbs of the lost dog were cut off by the "red cut".

"Hong Zhan" returned to Li Tian's hands again, and Li Tian sneered while holding "Red Zhan" in his hand.

When Fancheng was fighting Red Wolf, Li Tian had already found a way to deal with this undead Xiaoqiang, which was to chop his legs.

Shooting people first shoots horses and chops off the legs of these bereaved dogs. No matter how fierce the bereaved dogs are, they can only crawl on the ground and bark their teeth and stare.

"Da da da!" A series of bullets hit Li Tian.

Facing the bullet, Li Tian didn't dare to be careless, and quickly jumped aside and stomped behind a table.

"Brother Li...Tian, you have to save me! I don't want to die here!" Wang Qiang saw with his own eyes the three bounty hunters who had come to drink with Weiwei, Situ Ningbing and Wang Rui beheaded, although Wang Qiang didn't know what the reason was, but Wang Qiang was really scared this time.

Wang Qiang was afraid of Fan Taisui, the loss of dogs, Li Tian, and Wang Rui, but Wang Qiang was even more afraid of death.

"Brother, when I go out, I will listen to you! Even if I die, I will listen to you!" Wang Qiang cried and raised his hand and said, "I swear, I will listen to you, or let me Let me die without a burial place."

Li Tian glanced at Wang Qiang's raised hand, and saw that Wang Qiang had only the \*\*\*\* left in his left and right hands. This \*\*\*\* swear now became a vertical middle finger.

Li Tianzhen wanted to kick Wang Qiang out, leaving the boy really dead.

Seeing Li Tian's face, Wang Qiang suddenly realized that his palm could no longer be called a palm, and his gesture when he swore was even more to greet Li Tian.

Wang Qiang's crying "Wow" became louder, and his crying became even stronger: "Brother God, save me, I'm going to die now!"

Li Tian said angrily: "Big man, what does it matter even if both hands are dropped? How decent are you crying!"

Wang Qiang pointed his \*\*\*\*\* to his leg and said, "My god, I may not be able to live. If I die, you must take care of my sister. I owe her. In the next life I will be a cow and a horse to repay you! "

Following Wang Qiang's fingers, Li Tian saw that, I don't know when the three-headed dog slowly moved over. One head bit on Wang Qiang's injured leg, while the other two heads were still cute. Li Tian blinked.

"Woo"

Chapter 3275: Beat the owner and watch the dog (3)

After Li Tian controlled "Red Zhan" several times to make the head of the three bereaved dog bloom, he dragged Wang Qiang out of the hole in the wall under a rain of bullets.

Seeing Li Tian dragged Wang Qiang out, Situ Ningbing, Bai Jing, Xue Ji and Wang Rui immediately surrounded them. Wang Rui looked at Wang Qiang's miserable situation, and couldn't help but start to spin again.

"Sister...I can't do it anymore. I was bitten by a bereaved dog just now. I am going to die, sister."

"Sister, you can finally let go of your hands and feet, and don't suffer for the unworthy of us in the future."

"Sister, after I die, you must follow Brother Tian from now on. Following Brother Tian, I will rest assured"

Although Wang Qiang is not a good thing, after all, Wang Rui is connected to the heart, and the flesh is connected to the flesh. Following what Wang Qiang said, Wang Rui was already crying.

Li Tian said to Situ Ningbing: "While Wang Qiang still has a breath, you immediately drove Wang Qiang to Liu Yihui's hands. Tell Liu Yihui about Wang Qiang's situation and see if Liu Yihui can do anything about it! Don't wait for me here. By the way, how about two-dimensional?"

After Li Tian came out, he didn't see the two dimensions and asked.

"Two-dimensional went to find He Zhizhuo and Shelipuding. There was a lost dog in this Tai Sui bar. The matter has exceeded our initial expectations, so..." Situ Ningbing was interrupted by Li Tian before he finished speaking.

"Confused, these zombie dogs can appear in the bar. If it is not for the acquiescence of the sunset fortress, then it can only show that there must be a particularly powerful organization behind Fan Taisui. And this organization has already obtained a certain amount of research on zombie zombies. progress."

"Ningbing, you are going to chase 2D, and you should let other bounty hunters do things like sunset fortress. Now, Xuenu, follow Bai Jing to send Wang Qiang and Wang Rui to Liu Yihui. Bai Jing, you send Wang Qiang After arriving, I immediately took the barbarian and they drove here to pick me up. I will take away all the two three-headed dogs that have not died in it, and let Liu Yihui study it carefully."

After speaking, Li Tian turned around and got in without waiting for other people's reactions.

In the bar, Fan Taisui was flaming up.

"Trash, it's all \*\*\*\*\* trash, so many people, so many guns, and sent out the bereaved dogs that the boss secretly sent in, but let Li Tian run away. Are you all pigs?" Fan Taisui cursed. , Said: "It seems that the boss's plan can only be realized ahead of time. All the bounty hunters in the bar are captured alive, and the bereaved dog bites them all, and then released with the bereaved dog."

"I ran a Li Tian, I want the entire Sunset Fortress to fall, become the city of death, and become the world of zombies!" Fan Tai Sui said fiercely.

When Li Tian got in through the hole in the wall, he happened to hear Fan Taisui giving his speech passionately and generously. Li Tian couldn't help but sneer at the end and said, "Look at your prowess, that's it. A few cats and puppies, still want to let the Sunset Fortress fall? You too regard yourself as an onion, and you too regard the core cadres of Sunset Fortress as a dish!"

"Li Tian! You still have the courage to come back. Okay! Very good! No loss is a man who dared to do something against the Red Wolf. But today, you have to pay for your arrogance, and I want you to die here!" Fan Taisui was cold and cold. To say.

Immediately, Fan Taisui drew out the soft sword, leaped gently, stepped on the table with one foot, and slammed towards Li Tian, while the soft sword in Fan Taisui's hand made a huffing sound in the air, and the sword Li Tian attacked. Come.

If only this was the case, Li Tian could control "Red Zhan" and "Red Zhan" to chop off Fan Taisui's head in the past. When Li Tian entered the bar, the floor of the bar was already full of bounty hunters. These people were either full of bullet holes and could not die anymore, or they had wounds bitten by a dog. Slumped on the ground.

But the bounty hunters who were hiding in the corner were not afraid to appear when they were killed. As soon as Li Tian entered the bar, the attention of the two three dogs remaining in the bar immediately shifted to Li Tian.

When Fan Taisui moved his hands, the two lost dogs also pounced on Li Tian at the same time.

One person and two dogs rushed to Li Tian at the same time, and Li Tian immediately fell into crisis.

Seeing that the left and right feet were staggered, both feet pressed to the ground at the same time, and the body tilted to the right, avoiding Fan Taisui's soft sword, and Li Tian controlled the "Red Zhan" to smash Fan Taisui's wrist.

Fan Taisui had already taken precautions against Li Tian using Qi Yujian, but when he really fought against Li Tian, he realized that Li Tian's Qi Yujian was really tricky.

If this sword continues to be handed out, Fan Taisui is confident that he can hurt Li Tian, but he will definitely need to send out an arm.

Using an arm for Li Tian's injury, Fan Taisui felt that it was too cost-effective. Halfway through the attack, he immediately retracted his moves in order to avoid "Red Slash". He just retracted his moves in midair and controlled his body to leap to the side.

But a lost dog missed a pounce, turned around and pounced on Li Tian again, Li Tian snorted coldly, stretched out his left hand, and Xuantian's law instantly used.

"boom!"

"boom!"

"boom!"

Three gas bombs attacked the three heads of this zombie one after another. Xuantian \*\*\*\* is faster and more powerful than guns at close range.

With three clear resounds, this three-headed dog fell to the ground under the attack of Li Tianxuantian's fingering, but Xuantian's \*\*\*\* was not as powerful as the broken soul palm after all, and it only stopped the lost dog. After the lost dog fell to the ground, the three heads shook at the same time, staying in place for less than three seconds, and immediately pounced on Li Tian.

But these three seconds are enough for Li Tian to do more things, and another dog has already pounced on Li Tian.

"Get off" Li Tian gave a loud shout, and this loud shout made the bereaved dog that pounced on Li Tian obviously distracted. Just this distraction is enough for Li Tian to do something.

Seeing that the two heads of the three-headed dog were attacked, Li Tian flashed his body, one hand controlled the "Red Cut" to slide across the middle head of the dog, and the other hand used the broken soul palm. He patted this head with all his strength.

"Boom!" After Li Tianyi slapped the ground, he immediately flew back and jumped back.

The steel helmet on the middle head of the zombie fell to the ground with a "click", but the head fell weakly.

"Woo"

"Oh"

The three heads of this lost dog were connected to one body. The lost crystal in the middle head was shattered by Li Tian's full palm blast. The other two heads immediately made a scream, and the lost dog also As if losing his balance, he swayed left and right.

"Li Tian suffers death!" Fan Taisui shouted loudly, and coordinated with another dog to attack Li Tian.

Hearing this burst of shout, Li Tian looked back at Fan Taisui, and the soft sword that he suddenly found was less than an inch away from Li Tian's heart.

Chapter 3276:

"Red Zhan" was still floating seven or eight meters away, and Fan Taisui's soft sword was already a point closer. At this moment, Li Tian felt the danger of death.

"Hey! Li Tian, take it to death! Even if you take all the lost dogs in, as long as you kill you, I will still make it!" Fan Taisui said with a crazy smile.

"dead?"

It's hilarious!

At the moment of his death, Li Tian felt the nine-color corpse crystal on his chest beating suddenly, and countless transparent silk threads were released from the nine-color corpse crystal.

These transparent silk threads poured out like a tide, countless transparent silk threads attacked two three bereaved dogs, and another transparent silk thread stretched directly into Li Tian's skin.

"Boom!" Li Tian only felt that at this moment, there was a powerful aura on his body. This powerful aura was a bit strange to Li Tian, but Li Tian soon wanted to understand.

Yes, it is the breath of a ninth-level zombie.

In Ede Village, the old ninth-level zombie that Li Tian encountered released this powerful aura at that time.

The two three-headed dogs were suddenly surrounded by countless transparent silk threads.

As zombies, these two three-headed zombie dogs are more sensitive to the powerful breath of this ninth-level zombie. Among them, the bereaved dog that attacked Li Tian directly gave up the attack, and kept backing with its tail clamped, making a beg for mercy.

Fan Taisui was not a bereavement. Although he felt that Li Tian's body released a strong breath for an instant, this did not prevent Fan Taisui from continuing to attack Li Tian.

"Puff!" With a sound, the soft sword pierced Li Tian's chest.

There was no imaginary "poof!" A splash of blood, but a crisp sound like crystal breaking.

Fan Taisui felt that the tip of the sword had stabbed a hard object, and the soft sword was actually a little bent.

But Li Tian was still injured. Li Tian only felt that the nine-color corpse crystal in his heart was completely shattered in an instant after being hit hard by Fan Taisui's soft sword, and the broken corpse crystal fragments scratched like glass slag. After opening the skin of Li Tian's chest, he even drilled directly into Li Tian's skin following the strength of the sword tip.

Fan Taisui didn't dare to be careless, and drew his sword to launch the next round of attack.

But Fan Taisui found that the soft sword in his hand seemed to be sucked by Li Tian's chest, and he couldn't take it off.

"Ah!" Li Tian let out a scream.

Li Tian felt that after the nine-color corpse crystal on his chest was broken, a small vortex the size of a little finger was formed. This small vortex turned counterclockwise and sucked out all the corpse crystal fragments that had penetrated into Li Tian's skin. Suck out a lot of flesh and blood

from Li Tianxin's mouth. The vortex was still rotating rapidly counterclockwise, and then recondensed into a fragmented nine-color corpse crystal.

But this hasn't stopped. Li Tian suddenly felt a crackling noise in his skin, and then the skin was blown to pieces, and the transparent silk thread that had penetrated into Li Tian's skin unexpectedly removed all the seventh-level corpses in the skin. The eighth-level corpse crystals were all strung together like a candied haws, and at this time, the outer shells of those seventh and eighth-level corpse crystals disappeared, and only the most essence of the corpse crystals was replaced.

These corpses were like light blue water beads, and these light blue water beads were slowly absorbed by this transparent thread, and then slowly flowed into the fragmented nine-color corpse crystals.

Moisturized by these light blue water beads, the fragmented nine-color corpse crystal gradually began to heal until it was completely healed. The nine-color corpse crystal has healed and is almost intact, but the volume of the nine-color corpse crystal has become smaller, and the color has undergone some subtle changes. In addition, the vortex created by the fragmentation of the nine-color corpse crystal did not disappear, and continued to stay on Li Tian's chest, turning slowly.

A azure blue nine-color corpse crystal in the dark vortex is like a dazzling star in the endless sky.

If the whirlpool doesn't disappear, Fan Taisui's soft sword cannot be drawn out, even Fan Taisui wants to abandon the sword and can't do it.

"How could this be? Impossible!" Fan Taisui shouted to the men behind him in horror: "What the \*\*\*\* are you doing in a daze? Shoot?"

However, after the two three-headed zombie dogs were frightened by the ninth-level zombie aura on Li Tian's body, they are still shivering. Once they lose the assistance of the zombie dogs, Fan Taisui's subordinates are immediately affected by the remaining bounty hunters. The attack was just a moment, and those subordinates had already died seven or eight.

Even if he survives, he is now behind the bar counter, holding a gun and dare not show up.

"Hong Zhan", Li Tian stretched out his right hand, opened his palm, and shouted at "Hong Zhan".

"Hong Zhan" felt Li Tian's call and flew back into Li Tian's right hand with a swish. With "Hong Zhan" in his hand, Li Tian took two steps forward, bending Fan Taisui's soft sword directly into Bow general.

Li Tian took the knife and dropped it.

With a flash of red light, "Puff!" A burst of blood sprayed from Fan Taisui's right arm, and Fan Taisui's right arm was broken shoulder-to-shoulder.

"No!" Fan Taisui stepped back several steps in succession, fell to the ground, holding his broken arm and let out a cry of ghost crying and wolf howling.

Li Tian held the "Red Zhan" in his hand and walked towards Fan Taisui step by step.

On the "Red Cut", blood dripped steadily.

"Li Tian, you can't kill me! Do you know who the backstage of my Tai Sui bar is?" Fan Tai Sui said over and over again, backing down.

There was a hint of sarcasm at the corner of Li Tian's mouth, idiot, idiot, he would go on his own when he was beaten, and if he couldn't beat him to death, he would move out of his backstage.

Seeing the disdain and mockery at the corner of Li Tian's mouth, Fan Taisui quickly said: "Li Tian, if you have something to say, I think we must have some misunderstanding directly. As long as you let me go, I will give it to you from this bar. !"

bar? Li Tian's current ambition is more than just a bar. Besides, what interests Li Tian most now is Fan Taisui's method of controlling the lost dog.

"Humph!" Li Tian snorted coldly and continued to approach Fan Taisui.

Fan Tai Sui became frightened suddenly, and said with a pleading expression: "Li Tian, it depends on the owner to beat a dog. I...I am a man of blood, and my boss is blood of blood. If you kill me, blood of blood will be three days later. Coming to Sunset Fortress will definitely not let you go!"

"Oh, Scarlet Blood?" Li Tian raised his eyebrows slightly. He really didn't expect Fan Taisui's backstage to be Scarlet Blood, but isn't the Scarlet Blood Horse and Sunset Fortress competing for ownership of the Tianshan area? And now Li Tian is the No. 4 figure in the name of Sunset Fortress, one of the dignified tridents.

Seeing Li Tian's expression, Fan Taisui sneered and said, "Are you afraid? If you are afraid, let me go quickly. I can say something to you in front of Scarlet Blood..."

"Beautiful your mother..."

Li Tian lifted the knife in his hand and dropped, "Huh!" With a sound, a shadow of a knife flashed, and one of Fan Taisui's ear was cut off by Li Tian.

Chapter 3277: Beat the owner and watch the dog (5)

Fan Taisui covered the dropped ear with his only hand, and screamed in pain.

"You're right, hitting a dog depends on the owner! But your owner's red blood is no different from a lost dog in my eyes." Li Tian said with a sneer.

The red wolf was killed by Li Tian, and Li Tian and the red blood already had an antagonism. Now that this is the case, Li Tian doesn't care if he adds a bit of hatred, let Scarlet Blood take care of it slowly.

Fan Taisui didn't expect him to move out of Scarlet Blood, but Li Tian's anger was aroused, and one ear fell off.

"Li... Li Tian, I have no grudges with you, what do you want me to do before you let me go..." Fan Taisui was already feeling a little collapsed, crying bitterly for mercy.

Li Tian sneered and said contemptuously: "I Li Tian and you have no grudges, but in the face of your three bereaved dogs, I can open the rate and stop beating you. But well, you If you don't mind, I'm very interested in this method of controlling a lost dog and tell me a little bit."

Hearing the method of controlling the lost dog, Fan Taisui woke up suddenly and laughed: "Li Tian, hahaha, it turns out that you also want this method of controlling the lost dog. In that case, cough!"

Fan Taisui stood up with difficulty, but a smug expression appeared at the corner of his mouth, as if he had already eaten Li Tian, and said slowly: "In this case, it seems you can't kill me!"

"Kill? I never thought of killing you!" Li Tianyang dressed up with a surprised expression and continued: "But my patience is limited. I will give you a few minutes to consider."

"Every minute I will cut off all your limbs, little Dingding, and two ears! Let me count, two legs, one arm, one ear, and one little Dingding will be four. This is an object, that is, you have four minutes to think about it or not to say it!" Li Tian said with a sneer.

"Isn't it five?" Fan Taisui also counted the number in his heart. When he heard Li Tian say the number four minutes, he couldn't help but ask.

"Sorry, the math teacher died early, and the addition was taught by the physical education teacher!" When Li Tian was in the car, he heard Wang Rui talk about Fan Taisui's actions, and he was already unforgivable.

Now that he has the opportunity to return his body in the same way, Li Tian naturally said it without hesitation.

"A minute is thirty seconds, which means you only have one hundred seconds to think about it!" Li Tian said with a sneer.

Fan Taisui really broke down this time, and he had already criticized Li Tian for the eight generations of ancestors, but Li Tian was a knife, and he was a fish. At this time, Fan Taisui's heart was entangled to the extreme.

"One, two, three..." Without Li Tian counting a number, Fan Taisui took a step back.

"Fuck! Dare to move Fan Ye..." The men who hid behind the bar counter, raised their guns and wanted to attack Li Tian. As soon as their heads rose, they were directly sieved by the angry bounty hunters.

So far, only seven or eight bounty hunters, two three-headed bereaved dogs, Fan Taisui and Li Tian remain in the entire Tai Sui Bar.

"Li Tian, fuck this bitch's son! You dare to collude with the scarlet blood"

"Master Li Tian, what are you waiting for? Kill him!"

The bounty hunters, who had already been enthusiastic, stared at Fan Taisui, slowly surrounding them, wishing to tear Fan Taisui into pieces.

"Oops, being interrupted by them like this, I forgot where I just counted..." Li Tian said with a distressed expression.

"Then start counting again! Twenty-seven, twenty-eight, twenty-nine..." Li Tian counted to twenty-nine, and the "Hong Zhan" in his hand had directly cut off Fan Taisui's other ear.

Fan Taisui's mood really seemed to be riding a roller coaster. His men risked their lives to attack Li Tian, and Fan Taisui saw a glimmer of hope, but this glimmer of hope soon turned into despair. When Li Tian said that he had forgotten where to count, Fan Taisui still had a little luck in his heart, thinking that there was still tens of seconds of tangled time to consider slowly, but then Li Tian started counting directly from 27.

What makes Fan Taisui's ears hurt is that Li Tian, a bastard, is completely disturbed. Two legs, one arm, one ear, and a small dime can add five, and the \*\*\*\*\* said that one minute equals three. Ten seconds, four minutes equals one hundred seconds.

your sister.

What made Fan Taisui's ears even more painful was that Li Tian immediately shot at 29, not giving Fan Taisui a chance to beg for mercy.

"Ah!" Fan Taisui felt that his arms were not enough this time. In just a few minutes, one arm and two ears were chopped off by the Demon King Li Tian.

"Li Tian, you bastard! If you don't play the card according to the routine, I already want to tell you, you have to cut Lao Tzu's ear. Now you have the ability to kill Lao Tzu directly, if I blink my eyes." Fan Taisui This is totally nonsense. Even if he told Li Tian, Scarlet Blood couldn't let him go, and by means of Scarlet Blood, Fan Taisui was ten times worse than the dead Li Tian's men.

But Fan Taisui was still dragging his time because he knew there were people sent by Scarlet Blood in the secret room of the bar. If he came out to help, he might be able to rescue Fan Taisui with the strength of someone.

"That's a lot of nonsense... Twenty-seven, thirty!" Li Tian skipped the twenty-eight numbers directly, and with a "swish", he chopped off Fan Taisui's other arm with a single knife.

As Li Tian's "Red Cut" continued to be cut down, Li Tian's patience was gradually consumed by Fan Taisui.

"Master Li Tian, kill him!"

"Master Li Tian, let me kill him!"

Behind Li Tian, angry bounty hunters geared up and sharpened their knives, ready to make up for Fan Taisui at any time.

Li Tian looked at Fan Taisui, and slowly said, "I know you will definitely not say it. Even if you do, I will let you go, but the blood will not let you go. See you give me two For the face of the three-headed dog, I will not force you anymore. Before letting you go, I will also chat with you a few words to let you understand why I am angry and why I do it."

"Wang Qiang is not my Li Tian's brother-in-law. Even if you kill him with that kind of waste, I will not feel sorry for this person in the slightest. I really feel sorry for Wang Qiang's sister, Wang Rui. Although she is not my woman. , But she is one of the few women I admire. For this, you shouldn't let her cry."

"But in the end, you still hurt Wang Rui and let her completely die. Of course, the big reason is that Wang Qiang and others caused it. But you are the most important fuse. So, how do you treat Wang Qiang , I will treat you as I do, this is considered karma." Li Tian controlled "Red Zhan" and directly cut to Fan Taisui's Xiao Dingding.

Following Fan Taisui's scream, Li Tian turned around without hesitation.

Chapter 3278: Despicable Li Tian

Li Tian turned around, and the angry bounty hunters rushed in and chopped Fan Taisui into meat sauce.

Seeing Fan Taisui being chopped into meat sauce, the two three-headed bereaved dogs hiding in the corner shivering, suddenly fell to the ground, lying upright, with some black foam from his mouth, and they began to play dead.

Seeing two three-headed bereaved dogs pretending to be dead, Li Tian also cursed in his heart. He was really a \*\*\*\* high-level bereaved dog. This IQ even knew how to pretend to be dead.

There was a mess in the Tai Sui bar. Li Tian's eyes swept across the bar. In the mess, he saw a lot of things that moved Li Tian's heart, including those who were bitten by a bereaved dog, and two pretending to be dead. The three bereaved dogs are Li Tian's goal.

Sure enough, after Li Tian cut down Fan Taisui's Xiaoding Ding, the bounty hunters who were bitten by the lost dog immediately flocked to Li Tian.

It is not a big deal if you are bitten by a low-level dog. Basically, more than 80% of people will be out of danger after being vaccinated.

But there are still 20% of people who are almost lucky and become zombies.

But the three bereaved dogs in front of me are obviously not low-level bereaved dogs. Even in the sunset fortress hospital, there is probably no such high-level bereavement vaccine. It is precisely this truth that those bounty hunters can only take their Hope rests on Li Tian.

"Lord Li Tian, please help me! I was bitten by a lost dog."

"Master Li Tian, and me, I want to become a zombie!"

Seeing these bounty hunters, Li Tian smiled heartlessly, and quickly said with a sad expression: "Everyone, it's not me that Li Tian is not willing to help everyone, but everyone also understands that this kind of three-headed Lost dogs are very rare, and there is no such vaccine for lost dogs in the Sunset Fortress."

Hearing what Li Tian said, the faces of the bounty hunters who had been bitten by the bereaved dog suddenly turned gray. They looked at Li Tian with dull eyes, and their heads went blank in an instant.

"What to do? I'm going to become a zombie!"

"I don't want to die! I don't want to die!"

After hearing Li Tian's words, those bounty hunters who had not been bitten by zombies immediately took a few steps back and kept a certain distance from Li Tian and those bounty hunters who were bitten by zombie dogs. , Even raised the gun in his hand vigilantly, ready to attack the bounty hunter who would become a zombie at any time.

"But..." Li Tian raised his throat and said two words, then began to shake his head again, and said in a low voice: "Forget it! This is the core secret of the Sunset Fortress, and I am too risky for you!"

Liu Yihui has always lacked living test items, and these bounty hunters who have been bitten by zombie dogs and have not yet become zombies have become Li Tian's target.

But if you say it directly, these bounty hunters will definitely refuse. The most important thing is that Li Tian's heroic image in front of them will be damaged, which is not conducive to Li Tian's future development.

"Master Li Tian, we are all dying people, no matter what method we are willing to take risks. The big deal, Master Li Tian will give us a happy time!" said one of the bounty hunters.

"Yes, Lord Li Tian, you can be a dead horse doctor, even if we really can't listen to it, death is worth it!"

Li Tian thought in his heart: "Hey, although I am a little bit despicable and shameless, but for the happiness of mankind as a whole, I also wronged you. Maybe Liu Yihui succeeded in the test, and it could save your lives! If you fall here In the hands of the Sunset Fortress, I am afraid it will be directly obliterated!"

Li Tian showed a look of embarrassment and said, "Well, since you trust me Li Tian. Then Li Tian will go through all kinds of fire and water, and plan to send you to the secret treatment center. However, I will speak first. This vaccine for bereaved dogs is still under research, and there is no clinical trial. Whether it can treat you or not, it's up to fate!"

Seeing Li Tian's embarrassment, the bounty hunters who had been bitten by the bereaved dog immediately stated that they were willing to follow Li Tian and let Li Tian send them to a secret treatment center.

In fact, this kind of thing is not difficult to understand.

For example, a person has been poisoned, and there are three bowls of water in front of this person, two of which contain poison and the other is an antidote.

When they had to make a choice, even if these people knew that the possibility of death would be great, they still made the choice without turning back.

At this moment, Barbarian and others had already broken in. Seeing that Li Tian was safe and sound, he immediately felt relieved.

"Brother Tian, we are all here! Do you want me to burn this Tai Sui bar with a torch?" Manzi said angrily.

Li Tian waved his hand and whispered to the barbarian: "Gather these bounty hunters who have been bitten by the bereaved dog, pull them back to the small courtyard, and give them to Liu Yihui. You know!"

Barbarian, a fool, was extremely clever at this time. He immediately understood Li Tian's thoughts when he saw Li Tian blink, and he clicked a little bit, greeted the boys and girls behind him to send all the bounty hunters who were bitten by zombies Into the ambulance.

"Everyone, if those bounty hunters who have been bitten by zombies fall into the hands of other people in the sunset fortress, you also understand their fate. I, Li Tian, in a compassionate heart, decided to take the risk to rescue them, and please do this Things are tight-lipped. But I, Li Tian, are not a hypocrite who does good deeds without leaving a name. If you want to sing praises for me, Li Tian, please give priority to me saving you. If I hear some people say things that shouldn't be said. , Then don't blame me Li Tian didn't remind you in advance!" Li Tian was full of murderous aura when he was speaking, and even two three-headed bereaved dogs pretending to be dead could feel Li Tian's murderous aura.

All the bounty hunters present shivered involuntarily, and at the same time weighed the meaning of what Li Tian said.

"Barbarian, register the lives of these bounty hunters in stock, and let Bai Jing give them some condolence corpse crystals tomorrow!" Li Tian said to the barbarian again.

"Hey!" All of the bounty hunters present suddenly understood, and understood that those words shouldn't be said.

The captive drove Liu Yihui's van and appeared outside the bar. When the car stopped, the captive jumped out of the car, rushed into the bar, his eyes turned around, his eyes swept over the corpses of several zombies, and then he faced Li Tian. Said: "My God, I drove over to pick you up! Are we going back? Or are we going back?"

Li Tian slowly walked to the two bereaved dogs pretending to be dead, and with one hand he lifted the two bereaved dogs the size of a calf, and said, "Go home! Stew dog meat!"

The two bereaved dogs shuddered involuntarily.

#### Chapter 3279: Join Sunset Fortress

Back in the rented courtyard, Li Tian and others immediately became busy. Originally planned to establish the Zombie Research Institute, but because of this emergency, it had to be put on the agenda in advance.

Bai Jing looked for Erhuizi overnight and bought a rather remote courtyard in the sunset fortress. This courtyard was the size of a football field, and it was remote enough for a few hundred meters without a family nearby. Because it is a haunted house, people died in the courtyard, so the price is also cheap.

Then Situ Ningbing and Liu Yihui sent all the people who had been bitten by the zombies, as well as the zombies, to the murder house under the \*\*\*\*\* of the team leader and other zombies.

Liu Yihui, a bitch, was so happy this time. Seeing those bounty hunters who had been bitten by bereaved dogs, his eyes flashed, as if a big satyr had seen the little girl. This inevitably makes those bounty hunters who are still on the verge of collapse, thinking of getting on the thief ship in their hearts.

The two zombie dogs are also something Liu Yihui likes very much, but the two zombie dogs were attacked by the transparent silk thread of the nine-color corpse crystal, and when they were shocked by the strength of the ninth-level zombies of Li Tian, they became a little depressed. However, these two goods are open, but they have learned well, and become like family pets. They are incredibly docile, and they dare not bargain at Li Tian.

Li Tian named the three-headed dog with two heads Erha, and the three-headed dog with three heads named Sanha, and asked the barbarian to bring a pair of heavy chains to Erha and Sanha, and gave it to Da Captain and deputy captain.

The deputy captain was also the \*\*\*\*\* corpse among the \*\*\*\*\* corpses. Seeing Erha the size of a calf, he even took the iron chain in his hand and used Erha as a mount.

The captain also learned something, using Sanha as a mount.

The innovative consciousness of these two zombies made Li Tian and Manzi look envious. Your sister originally asked the two of you to take the dog to take care of the nursing home, but I didn't expect that you would enjoy it. Using the three bereaved dogs as mounts was pretty cool.

And what about Li Tian? After finishing all this, I came out of the murder house, and when I went back, I fell asleep at the end.

Pretend to sleep, pretend to be dead.

Li Tian knew that the sunset fortress was destined to be a restless night. Sure enough, as Li Tian had guessed, the Tai Sui Bar was wiped out by Li Tian, and the various forces in the sunset fortress immediately began to inquire about the news.

As the host, He Zhizhuo, Shelipuding and others soon touched Li Tian's bedside.

"Pretend, continue to pretend, Li Tian, if you continue to pretend to sleep, I will let Shelipuding go naked on your bed and sleep with you!" The woman He Zhizhuo broke in directly, completely ignoring other people's obstacles. Now He Zhizhuo was standing by Li Tian's bed, looking at Li Tian coldly, and said.

Shelipuding smiled and said, "Really? Is this really okay?"

Li Tian cursed in his heart, two bitches, there is no shame anymore.

Although Li Tian didn't know if Shelipuding really liked sleeping men, Li Tian still didn't dare to continue pretending. Li Tianyang turned over, opened his eyes, looked at He Zhizhuo, then pulled the quilt to his chest, and said sleepily, "He Zhizhuo, why are you here? I won't be dreaming! Hey, it must be. dream!"

Speaking of Li Tian, he stretched out his hand to pull He Zhizhuo, trying to put He Zhizhuo into bed. As for Shelipuding and others, Li Tian directly ignored them.

"Want to die?"

Before Li Tian's hand reached the hand of Little Lori He Zhizhuo, he heard a hiss, and several sharp steel wires were already stretched out of He Zhizhuo's five fingers.

Li Tian immediately withdrew his hand, and learned from the barbarian with a smirk, and said: "Do you still have a sense of ethics? Most of the night, do you want to sleep?"

"Li Tian, you should know about the Tai Sui bar?" He Zhizhuo asked coldly.

"What Tai Sui Chitose Bar? I'm a good boy who doesn't drink, how can I go to such a smoky place!" Li Tianzhuang said stupidly.

"Li Tian, Mingren doesn't do secret affairs. Tai Sui Bar is such a big goal. It is impossible for us to pay attention to the sunset fortress. But because of you Li Tian, Tai Sui Bar was even served the pot overnight, and we sunset You have all disrupted the early deployment of the fortress." Wei Wu curled his lips and said disapprovingly to Li Tian, who was acting stupid.

In fact, Sunset Fortress monitors all the organizations, bounty hunter teams, and more important commercial areas in the fortress. It's just that Tai Sui Bar is just a normal surveillance. If you don't let Tai Sui Bar bring in so many lost dogs, Sunset Fortress How could I not know.

If the sunset fortress wants long-term peace, it must be strictly controlled to prevent any organization department from bringing alive zombies into the fortress.

Just like Li Tian has three living level six zombies, and Dean Huang has a living level six zombie in his hands, these are all built with the acquiescence of the sunset fortress.

"Of course, you are a big man in Sunset Fortress and one of the tridents. We subordinates have no right to interrogate what you do, but the premise is that you are part of Sunset Fortress!" Wei Wu said later. You are a little bit more polite.

"Li Tian, what you have said is very straightforward, now you should tell us your decision!" He Zhizhuo also said coldly.

Li Tian turned over and sat up, and said, "Say it earlier, I was so scared that people are stunned! I have already thought about it. I want to join the family of Sunset Fortress! Add to the prosperity of Sunset Fortress! "

He Zhizhuo and others breathed a sigh of relief when Li Tian said this.

"Hey, let me tell you! Although the Li Tian brothers are two, they are definitely not sloppy on major issues. They will definitely join the Sunset Fortress. Now our Sunset Fortress has really formed a trident. With the addition of Li Tian brothers , The competition in the Tianshan area, we will have more confidence!" Shalipu said in a loud voice.

"Welcome to this \*\*\*\*\* team!" The baton man stretched out his hand and said.

"Li Tian, come with us! The boss has ordered you to take you to see him at the first moment you make a decision!" He Zhizhuo said.

"The boss really respects me, I make a decision, and I still need your five core cadres to wait around!" Li Tian said mockingly.

Everyone is smart, so don't pretend to anyone.

He Zhizhuo smiled slightly, and did not deny Li Tian's guess, but He Zhizhuo changed the topic and said in a low voice: "The boss said, Li Tian, you are a Qilin in the pond, and the Sunset Fortress has only one request for you. It is when the sunset fortress needs it, to help the fortress deal with the scarlet blood and gain control of Tianshan. As for other things, the boss said he has no time to take care of it!"

## Chapter 3280: Jia Youlong

Li Tian can grow into a strong hand that can hunt red wolves and a level six bounty hunter in just three months. In addition, Li Tian has gathered Situ Ningbing, Bai Jing, barbarians, two-dimensional, prisoners, Liu Yihui and other powerful helpers, as well as several Level 6 zombies and zombies controlled by Li Tian, the strength of Li Tian now cannot be underestimated.

For this reason, the boss of Sunset Fortress will give Li Tian such a condition, just like a wrist wrench. Only if you have the strength, will you be respected by your opponents, and they will give you the opportunity to confront them head-on.

The same is true of Li Tian now.

Sitting in Shelipuding's car hurriedly all the way to the sunset fortress headquarters. Shelipuding and others did not continue to follow He Zhizhuo. Li Tian followed He Zhizhuo to the top floor by elevator.

When we got to the top floor, we got out of the elevator. At the door of the elevator stood a twenty-seven-year-old man with long hair. Seeing He Zhizhuo and Li Tianhou, the man stretched out his hand to Li Tian and said, "Welcome to join!"

Li Tian didn't know this man, but from He Zhizhuo's description on the road, he could guess that this long-haired man was the former master of the Seven Swords, and now the number two figure in the Sunset Fortress, he is also known as Li Tian and Cai Longquan. Jia Youlong with the Trident.

Li Tian stretched out his hand to shake hands with Jia Youlong.

"Until now I understand why the boss is so eager for the Li Tian brothers to join, because Li Tian always surprises people."

"An ordinary bar on the Street of Things can be done by Brother Li Tian. Brother Li Tian is not only powerful, but also very lucky!"

"Unfortunately, when He Zhizhuo and Shelipuding strongly recommended you to join Seven Swords, I didn't take it too seriously. Otherwise, we might have met in advance!" Jia Youlong and Li Tian shook hands, and soon Just separate and said with a smile.

Jia Youlong is a real pity. If Seven Swords had been joined by Li Tian and his team at the beginning, when Seven Swords confronted the Scarlet Blood Organization, they might not lose so quickly, and even the site would have been lost. , And finally fell under the fence and was annexed by the Sunset Fortress.

Li Tian also smiled, and said to himself: "In front of Youlongjian Jia Youlong, let's not talk about strength anymore, talk more about luck or it will be better for me!"

Jia Youlong smiled heartily, and then said: "The boss is waiting for us in the office. Let's keep it for compliments and talk about it later!"

Followed Jia Youlong to the office of the most powerful boss in Sunset Fortress, knocked on the door and followed Jia Youlong into the office, but Li Tian felt a slight surprise.

The boss's office is a room with an area of more than 100 square meters. The decoration in the room is superb. Even before the end of the world, it is luxurious enough.

To Li Tian's surprise, this office was divided into two pieces of huge tempered glass. The outside of the tempered glass was the meeting area with coffee table and sofa, and the inside of the tempered glass was the real office area of the boss.

Li Tian also only saw one staff member in the office who was responsible for service, and did not see the so-called boss.

Entering the office, Li Tian followed Jia Youlong and sat on the sofa consciously, and the staff immediately brought Jia Youlong and Li Tian a cup of tea.

The tea cup is exquisite white porcelain, and the yellow tea in the white porcelain cup shows that the tea is not simple.

In the end times, it is not easy to drink such a good cup of tea.

"Cough..." A quick cough sounded from behind the glass partitioned desk. This office is the same as the previous conference room, with a glass partition between the inside and outside of the office, which is connected by a voice and video call system. Therefore, the cough in the glass room can be heard clearly outside the office.

Only then did Li Tian see a man sitting behind the glass-separated desk, but because the computer monitor in front of the desk was in front of him, Li Tian couldn't see clearly.

"Li Tian...cough cough, you can show up here, indicating that you have agreed to join the sunset fortress, it is a very wise decision. cough cough... now the entire northwestern region is turbulent, and only strong cooperation can survive this turbulent era. To survive, this is the case for Seven Swords, the same is true for Sunset Fortress, and the same is true for your Li Tian."

"Now the Sunset Fortress and the Scarlet Blood Organization are fighting openly and secretly for the ownership of the Tianshan area. At this time, other forces are also eyeing the oil extraction and refining controlled by the Sunset Fortress. At this time, you can make the right choice. I am very pleased. ."

"He Zhizhuo should convey what I mean? To join the Sunset Fortress, you only need to help us deal with the scarlet blood when necessary. We have no other requirements for you. And you can get more things you want in the Sunset Fortress. For example, the lost dog in Tai Sui Bar, etc..."

Speaking of this, Li Tian suddenly felt that the boss of the sunset fortress released a rush of air, although he was separated from the thick tempered glass, but through the tone of the boss's speech, Li Tian could already feel it.

At this time, the nine-color corpse crystal after Li Tian's chest changed was unexpectedly active.

"Huh?" Li Tian's expression changed slightly. Since getting the Nine-Color Corpse Crystal, the Nine-Color Corpse Crystal has never been so active in normal times. Is it because of some changes in the nine-color corpse crystal in Tai Sui Bar?

It seems that I have to find time to study the changed nine-color corpse crystal.

Thinking of the nine-color corpse crystal, Li Tian couldn't help but think of so many seven-level corpse crystals and eight-level corpse crystals swallowed by the nine-color corpse crystal.

Fortunately, Li Tian gave Bai Jing a lot of seventh-level corpse crystals at the beginning, otherwise Li Tian would almost become a pauper now.

Seeing that Li Tian's face changed a little, the boss coughed again and said in a gentle tone: "Relax, I'm not the kind of stubborn old stubborn. As long as it's beneficial to our Sunset Fortress, as long as it's beneficial to the entire mankind. , I would open one eye and close one eye. This is why even though Seven Swords joined my Sunset Fortress, and Seven Swords still maintains his original intact organization, the power in Jia Youlong's hands has not been weakened, but With greater rights!"

Speaking of Jia Youlong, Jia Youlong involuntarily straightened his back, and his face was full of respect for the boss.

Li Tian had another contempt for Jia Youlong.

In the past, he was also the boss of Tangtang Seven Swords. In less than a month, now he is so obedient to the boss of Sunset Fortress.

But Li Tian's contempt was only in his heart, Jia Youlong didn't see anything.
