

A Killer 3281

Chapter 3281: Take it for your own use

"But everything has a gradual process. Now the core cadres in the Sunset Fortress may not all welcome you to join. It is inevitable that they will verbally attack you, cough cough, my principle is to see the truth under the fist, as long as no one is dead, I will also close one eye!"

Having said that, Jia Youlong nodded heavily, expressing his agreement with the boss.

When Jia Youlong first joined the Sunset Fortress, many core cadres in the Sunset Fortress expressed dissatisfaction with Jia Youlong, and Jia Youlong used his fist to tell them why he could be the number two character instead of their noisy brats.

The boss paused, took a sip of tea, and continued: "Li Tian, you did two beautiful things for the fortress before you joined the sunset fortress. First, you killed the core character of the Scarlet Blood Organization, Red Wolf. It can be said that the Red Blood has been hit hard! Second, the Tai Sui Bar is a chess piece placed in the Sunset Fortress by Red Blood. There is nowhere to hide in front of your wit and keen sense of smell, and even you have been uprooted! These two things are right! The Red Blood Organization will definitely be hit hard! You are not one of the tridents of our Sunset Fortress! As far as I guess, don't talk about the Red Wolf, even if it is the Red Blood, you have the power of a battle!"

With this tall hat, Li Tian blushed a little.

"The boss really praised it!" Li Tian said embarrassedly.

"Cough cough..., but Red Blood will be invited to the Sunset Fortress to attend the banquet in two days. If you damage the Red Blood tissue twice in a row, you will definitely become the target of Red Blood."

"It's a pity, although the red blood will enter our place, but the person who invited the red blood is the big man, and we are discussing the possibility of cooperation with the organization behind that big man, and most of the people invited this time are from Northwest China. The region has a relatively well-known organization and strength, so we can't do anything to the red blood."

"And the lunatic Scarlet Blood will provoke you and let you do something to him. Then he can counterattack you unscrupulously. In this way, even big people will not say anything about him. So, no matter Scarlet Blood Whatever you say to you or how to provoke you, you must learn to be patient and never act rashly."

"Of course, you can also provoke Scarlet Blood strategically, or even insult Scarlet Blood. As long as you let Scarlet Blood act on you first, then I, My Sunset Fortress will not violate the orders of the big man. We will definitely Scarlet blood has never returned! This is also the main reason I came to you today. I hope you can appreciate my good intentions."

Hearing what the boss said, Li Tian wanted to turn the table directly.

Your sister, still working hard, do you think Lao Tzu is a fool? Want to use Lao Tzu as cannon fodder? In order to kill the scarlet blood, you can even do this kind of betrayal of my pink and tender newcomer in the sunset fortress. Is there any humanity, can you still play happily?

If it were not for the fact that Li Tian could not leave the Sunset Fortress and stand on his own for the time being, Li Tian would definitely turn the table directly.

How clever Li Tian is, but at this time Li Tian pretends to be like a barbarian, smiles slightly, and shows a smile that he thinks is very honest, and said: "Boss, rest assured, I will never trouble the boss. In order to show me The Sunset Fortress is a state of courtesy. Even if the red blood provokes me, I will endure it! Even if he kicks his nose, I will rub my face up and let him go. If he hits my left cheek, I will turn my right Turn your face around and let him continue to fight! Never make it difficult for the boss."

Hearing what Li Tian said, Jia Youlong's eyebrows jumped, and there was even a trace of surprise and anger on his face. It was clear that he was very dissatisfied with Li Tian's answer.

"Ahem...very good! As long as you can bear it! After all, you are one of the tridents of our Sunset Fortress, we don't want to lose you such a master for no reason!" When the boss spoke, he seemed determined If Li Tian fought against Scarlet Blood, Li Tian would definitely be defeated and would even lose his life.

But Li Tian understood that it was the boss who was using agitation to arouse him.

Li Tian sneered in his heart: "They are all millennia old foxes, you are still playing with me! Damn, even if Li Tian really kills the red blood at the banquet, what good is it for me Li Tian? The red blood is so huge. The organization doesn't stick to me every day like a dog skin plaster! Is it true that Li Tian, I really want to stay at the Sunset Fortress for a lifetime, what a ***** trident!"

Anyway, Li Tian made up his mind, no matter what tactics the boss used, Li Tian would not accept the move.

"The boss can rest assured, seeing the scarlet blood, I will hide far away, and will not give him a chance to provoke me! Nor will he give him the chance to lose Li Tian, the super potential core of our Sunset Fortress. Hey, after all, we have this banquet. Isn't the main purpose of this big beauty and great person? I am the best at receiving beautiful women. I will leave this to me when that happens!"

Seeing Li Tian's shameless face, Jia Youlong was also drunk.

Didn't He Zhizhuo and Shelipuding say that Li Tian is a resounding man? How come it looks more like a rogue now, with a face even better than the boss, oh no, even more rogue than a rogue!

Li Tian is a man, yes, he is a man, but he is not a fool. I really thought that such a few compliments would make Li Tian work for them.

Seeing Jia Youlong looking at him, Li Tian gave Jia Youlong a humble smile, and then said: "Otherwise, leave this glorious and great task to Jia Youlong, the master of Seven Swords! "

Hearing Li Tian's excuse, Jia Youlong really wanted to slap Li Tian twice and snorted to express his dissatisfaction with Li Tian.

"Ahem, Li Tian is right, this time our primary purpose is to entertain the big man, and try to promote cooperation with the organization behind the big man. If this cooperation talks succeed, then Red Blood will naturally weigh us. As for the scarlet blood, let's discuss it later! Cough cough, it's a pity that this is such a good opportunity! Go down, I should rest too!" The boss coughed several times.

When Li Tian and Jia Youlong both quit the boss's office, the boss said to himself: "From today's performance, this Li Tian is not as brave as the information collected, nor is it based on A few words of enthusiasm will be a desperate person. And this person's current ambition is also great, and he has begun to encroach on the research of zombies and dogs."

"Oh, by the way, Li Tian is now a level six bounty hunter. Ander had talked with Li Tianmi before, but the content of the conversation is not yet known!"

"It's best if you can collect it for your own use. If you can't, just kill it when the banquet is over!" The service man in the office said coldly.

Chapter 3282: Barbarian's Knife (1)

Back from the sunset fortress headquarters, the sky is already bright.

The boys and girls in the small courtyard have already started a day of morning exercise. When Li Tian became interested, he pointed them one or two at random, making these boys and girls excited.

Because the barbarians were injured, they were not in the team of these boys and girls.

Li Tian didn't feel sleepy either, and went straight to Manzi's room, ready to call Manzi, took the folder he brought back from the Rising Sun Building, and went to the task publisher.

Hearing that Li Tian was about to hand in this task, Barbarian's eyes lit up, he got up with a grunt, and said excitedly: "My God, I finally waited for this day! Last time I saw you give the two-dimensional black thorn , I'm almost envious!"

Manzi's knife broke again while in Fancheng.

If a force like a barbarian does not have the right weapons, his strength will naturally be greatly reduced. The reason why Li Tian took this task was to exchange weapons for the barbarian.

Barbarian was responsible for driving, and according to Li Tian's instructions, he came to the Shouguang Road of Sunset Fortress. The Sunset Fortress Zombie Research Institute is located on this road. It is also because there are zombie research institutes on this road. There are not many people living on this road. , There was no pedestrian coming and going on the street, it was extremely desolate, coupled with the low-level zombie-like cry from time to time in the courtyard of the Zombie Research Institute, the whole street seemed a bit strange.

Of course, Li Tian was the one killed from the pile of zombies, and he didn't feel much about it.

"Brother God, what kind of person do you think this task publisher is? How could they live in such a place! I heard that there were quite a lot of people living here before, and then there was an escape incident from the Zombie Research Institute. There are fewer people living here!" said the barbarian.

Li Tian shook his head. Li Tian, the publisher of this task, could barely understand.

Take the barbarian to the destination.

This is a very old building, which seems to have been at least twenty or thirty years old. Li Tian speculated that this building should have existed before the sunset fortress was completed.

As soon as he entered the corridor, Li Tian could see that a layer of ash was scraped off the white and gray walls on both sides of the corridor, and the concrete stairs were dark, as if something was stuck on it, which looked particularly disgusting.

And the smell in the corridor is not good, just like the smell of entering the slaughterhouse.

"Brother Tian, look at these walls and the ground, it seems to be traces of blood after drying up! And these smells also seem to be rotten flesh! It stands to reason that even if the zombie escape incident happened, it has been about a year now. It's been half a while, but why is this rancid smell still so strong here?" Manzi asked in a puzzled way.

"Buzz"

"Buzz"

Li Tian discovered that in this cold winter, the temperature in this corridor was not low, and there were even flies flying around in the corridor.

No wonder there is no one living here. This kind of living environment is a bit worse than the environment where the Supreme King lived before, and the living here is still in fear!

According to the address guidelines, Li Tian and Manzi came to the door of a room on the second floor. Li Tian knocked on the door tentatively. After waiting for a while, the door was opened from the inside.

The door was opened by a woman in her fifties. There was no light in the room and the corridor was dim, so Li Tian and Manzi couldn't see clearly what this woman looked like. They just felt that the woman was older and she was old-fashioned when she walked. a feeling of.

The woman also felt very surprised when she saw Li Tian and Manzi, but when she saw the black folder in Li Tian's hands, an expression of excitement appeared on her face.

"Are you here to deliver the folder? I really didn't expect to see this folder again after a few years." The woman took the black folder with a trembling hand and said.

"Come in and sit down, thank you so much!" The hostess was an enthusiastic old lady who kindly invited Li Tian and the barbarian in.

When the door was opened just now, Li Tian could smell the smell of the woman's room more intense, but Li Tian was embarrassed to show it in front of the owner.

Although Li Tian was unwilling to be invited by the hostess in this way, he was ashamed to refuse.

Seeing the expression on the barbarian's face, the hostess said in embarrassment: "I'm sorry, there is a patient in the house, so the smell in the room is a bit bigger, but I will get used to it soon."

Li Tian and Manzi couldn't refuse any more, so they could only walk in.

After entering, Li Tian found that the house was not big, about sixty square meters, and the layout of the room was not good, and the lighting was not good. Sitting on the old sofa in the living room, there was almost no sunlight on the countertop. .

"Excuse me, what is going on in this building? Why are there so many blood stains? And the questions in the corridor are very big!" Li Tian asked with some confusion.

The hostess gave an awkward smile and explained: "This building is already very old. The corridors are not ventilated, and it is difficult for any smell to escape. At this time, the smell is due to two years ago. , The zombies of the opposite Zombie Research Institute had a large-scale escape incident, and this naturally became the first strike area. Over the entire upper floor, more than hundreds of people, large and small, were bitten by zombies."

"After this happened, the special operations team of the Sunset Fortress immediately stationed on Shouguang Road and carried out brutal and inhuman destruction of all zombies and those who were bitten by zombies. At that time, the entire building was full of blood and broken corpses. Wait until the matter is resolved. , Naturally, this smell will appear here." The hostess greeted Li Tian and Manzi to the edge of the sofa, sighed and continued.

"Sit down and rest for a while, I'll give you the Azure Dragon Knife rewarded by the mission!" After speaking, the hostess turned and pushed open a bedroom door. After entering the bedroom, she closed the bedroom door again. .

"Brother Tian, this family's question is really horrible! Let's go quickly if we take the knife after a while!" Barbarian said reluctantly.

Li Tian nodded.

At this time, Li Tian heard a sound of collision from the hostess's bedroom, as if something had been hit.

Li Tian stood up and asked, "Is there anything I need to help deliberately?"

The hostess in the bedroom said repeatedly with a little fear: "No! My patient was a little excited when he saw this folder and bumped into a table. It's okay! I'll come out!"

Li Tian could only sit down.

Soon, the hostess came out carrying a black wooden box the size of a cello, and put the black wooden box on the coffee table and said: "Thank you for helping me find this folder. You must be very curious about the black one. What's in your folder! In fact, you will understand when you finish reading your rewards"

Chapter 3283: Barbarian's Knife (2)

The hostess patted the black wooden box and continued: "The things in this box are my rewards. Please have a look!"

Barbarian looked at Li Tian, and after obtaining Li Tian's consent, he immediately opened the black box impatiently.

The black box opened, and the first thing that came into your eyes was the lining of golden silk on the upper and lower layers of the wooden box. And a blue dragon knife on the lining lies in the knife box.

Seeing this Qinglong sword barbarian's eyes lit up, this Qinglong sword was more than 1.35 meters long, and the widest part of the blade was more than 20 centimeters. The whole body of the blade was cyan, and the front and back sides of the blade were a vivid four-clawed dragon.

Seeing the blue dragon on the blue dragon sword, Li Tian remembered his blue dragon arm again, but unfortunately the blue dragon trapped in the blue dragon arm was actually slaughtered by the master of the sun **** when he was fighting with the master of the **** of the sun.

Otherwise, in this apocalyptic era, Li Tian could be domineering with the Azure Dragon Arm alone.

Li Tian lost his mind and found that the knife had reached the hand of the barbarian.

"Brother Tian, the weight of this Azure Dragon Sword is really not light, it weighs thirty or forty catties!" Manzi waved the Azure Dragon Sword in his hand, and said with joy.

"This blue dragon sword weighs sixty-six kilograms!" The hostess said proudly: "Before the end of the world, our family was a family of weapons passed down from generation to generation in Fancheng! And this blue dragon sword is our family's heirloom treasure!"

"How embarrassed to exchange your heirloom for an ordinary file?" Manzi touched his head and looked at Qinglong Dao with a reluctant expression.

The hostess shook her head, and said with a bit of disappointment: "The home is gone, so how can we inherit the treasure."

When the hostess said these words, she seemed to be much older, and her tone of voice was a bit low: "Originally, this Qinglong knife should have been passed to my son! My son is the most famous weapon maker in Fancheng, but he is here. When the end times came, I didn't escape from Fancheng."

"My wife escaped with this Azure Dragon Knife, but what's the use? The family is gone, and the roots are in Fancheng. To whom do we want this heirloom treasure to be passed on?"

Li Tian did not expect this Qinglong Sword to have such a story.

The barbarian said with some seriousness on his face: "Please rest assured, the old man, this Azure Dragon Sword is in my hand, I will not insult this Azure Dragon Sword!"

The hostess nodded and continued: "Actually, I shouldn't publish this bounty task, because I know that no one will risk it when I publish this bounty task! But I didn't expect you to complete this task. ! Maybe you are curious about what is in that black folder?"

Li Tian and Manzi nodded at the same time.

Before, after getting the black folder, Li Tian even wanted to open it secretly to see what it was that was worthy of a bounty mission.

Because in Li Tian's eyes, this Qinglong Knife was obviously more valuable than any document.

"It's the genealogy! The genealogy of our Cai family! It's the only thing I worry about during our lifetime with my wife!" The hostess said calmly.

Li Tian suddenly thought of something, but this thought only flashed past. When Li Tian went to think about it, he couldn't remember it anymore.

"Brother Tian, with this Azure Dragon Sword, maybe I can also be the core cadre of Sunset Fortress!" Manzi said with a silly smile.

"Why? I didn't want to follow me as soon as I got the Azure Dragon Sword?" Li Tianyang said angrily.

The barbarian immediately became nervous, and shook his head quickly and said, "How could it be? Even if Brother Tian asks me to die, I have no complaints, how can I betray Brother Tian! I just want to test my strength, compared to Sunset Fortress The core cadre, how far I am!"

The hostess heard the barbarians say this, shook her head, and said, "You are holding the Azure Dragon Sabre, and I will treat you as my child. Listen to my persuasion, leave the Sunset Fortress earlier, this is not like you As beautiful as you imagined!"

"Why? Is there still danger in the Sunset Fortress?" the barbarian asked puzzled.

"Because..." The hostess just said two words, the sound of someone knocking on the bedroom door was heard from the bedroom, and then there was a sound of slamming in the room, as if someone was in the bedroom. Something pushed all the things on the table down.

The hostess's face changed slightly, and she said to Li Tian and the barbarian: "Go away, my wife is sick again!"

Li Tian and Manzi were too embarrassed to continue to stay, Manzi was contentedly carrying the Azure Dragon Sword and followed Li Tian away.

As soon as Li Tian and Manzi walked to the door, the bedroom door suddenly slammed into a huge hole, a shaved head, dressed in ragged clothes, and a man with heavy iron on his hands and feet rushed from the huge hole. Came out.

At this moment, Li Tian felt that the nine-color corpse crystal on his chest began to turn frantically, and "Red Slash" also felt like he was about to move.

Zombies!

Li Tian's heart suddenly woke up, realizing that this rushing out might be a zombie.

However, the hostess did not give Li Tian and Manzi a chance to turn around and turn their heads. She directly pushed them out and closed the anti-theft door heavily.

"Brother Tian, it looks like a zombie! But I'm not sure, after all, the smell in this room is really too aggressive" Man Zi held the Azure Dragon Sword in his hand, and asked Li Tian with some uncertainty.

Li Tian nodded, already took out "Red Zhan" and started knocking on the door.

But the people inside did not open the door.

"Let's go! My wife is just sick!" said the hostess from the security door.

"But your wife may be a zombie!" Li Tian said anxiously.

"Even if it's a zombie, that's my wife. Now our wish is over. You don't want to disturb our lives anymore. Let me live a few days in peace!" said the hostess.

Hearing what the hostess said, Li Tian was deeply moved.

Yes, if Li Tian's most beloved woman becomes a zombie, what will Li Tian do?

It is obviously impossible to kill. Maybe Li Tian will choose the same path as the hostess and raise his beloved.

This is the case for the ninth-level elderly zombies in Eji Village, the original owner of Qinglong Sword, and Li Tian will do the same. This is a kind of affection in the end times!

Li Tian and Manzi walked out of the building and stood in front of the building, not in a hurry to get into the car.

"Brother Tian, if one day I become a zombie, you can hack me to death with my favorite Qinglong knife!" The Barbarian said with some horror.

"Qinglong Dao! Weapon family! Barbarian, what did the hostess just say about their family name?" Li Tian suddenly remembered the question he had just thought of in the hostess's room.

Chapter 3284: Li Tian's Conjecture

"It seems to be the surname Cai!" Manzi touched his head, looked at Li Tian, and said with some uncertainty.

The Azure Dragon Knife in Barbarian's hand weighed 60 kilograms. Even if Barbarian held the knife with one hand, it would be a bit hard for a long time. Coupled with the weight of the black wooden box before, it is conservatively estimated that it should be 70 kilograms.

The seventy catties weight was lightly lifted in the hands of the hostess. The hostess was calm and relaxed at the time, and did not feel the slightest effort.

And the hostess said that his family is a family of weapons.

Her son can create an excellent weapon like the black thorn, and his family's heirloom treasure is this green dragon knife, so is there any connection between their family and the legendary family that built the Longquan sword?

In addition, the hostess said that his family name is Cai, which makes Li Tian think about it.

"Is it Cai Longquan?"

Li Tian was also not sure in his heart.

After all, the legendary Cai Longquan is one of the tridents. He is the veteran who fought the Falling Sun Fortress with his boss, and he is also the number four character in the Falling Sun Fortress. And now it is rumored that Cai Longquan is in a prominent position, how could he live in such a place? What?

Moreover, at the moment when the male host broke through the door, Li Tian felt that both the Nine Color Corpse Crystal and "Red Slash" showed restlessness, which probably indicated that the male host was a high-level zombie.

But how could Cai Longquan be a senior zombie?

Also, in the boss of the sunset fortress headquarters, the nine-color corpse crystal was also a little active. Is the boss of the sunset fortress a zombie?

The boss and Cai Longquan who fought the Falling Sun Fortress together are suspected zombies?

If this is spread out, who will believe it?

But thinking of what the hostess said to the barbarian, let the barbarian leave the sunset fortress as soon as possible, Li Tian felt that this matter was not easy.

Sitting in the car driven by Manzi, Li Tian's thoughts still remained on this question.

"Barbarian, send me to the bounty hunter branch, and then you go to Situ Ningbing, Xue Ji, Bai Jing and Wei Wei and others. You and them are waiting for me at the villa on Wangta Road. I need to discuss some things with you. Oh, yes, get Liu Yihui, Wang Rui and the captain together!" Li Tian said to the barbarian.

Li Tian's duty to join Liming is to eradicate high-level zombies that have entered human society. Although Li Tian is not very serious about this duty, if the boss of the Sunset Fortress and Cai Longquan, one of the tridents, are both zombies, then this problem is It's big.

Li Tian can ignore the life and death of others, but his own life is not a joke.

Li Tian needs to have a good exchange with Ande to see if there is any information that can be used by the bounty hunter organization.

When he came to the Bounty Hunter branch, Li Tian got out of the car and immediately became the focus of everyone.

The matter at Tai Sui Bar has been fermented overnight, and it has already erupted today. Apart from anything else, the Tai Sui Bar is the eyes and ears of the red blood planted in the Sunset Fortress, enough to make everyone treat Li Tian as a hero again.

Seeing Li Tianxing in a hurry, the bounty hunters who were dealing with bounty hunters in the bounty hunter branch did not dare to disturb Li Tian, but were contented and spontaneously saluted Li Tian to show respect for Li Tian.

When Li Tian was already far away, these bounty hunters began to whisper and talk.

"The hapless organization of the Red Blood, every time it meets Lord Li Tian."

"Yes, not long after the third character, Red Wolf, was killed by Master Li Tian, the bar placed in the Sunset Fortress was once again served by Master Li Tian."

"Thanks to Master Li Tian, otherwise so many of the funerals suddenly flooded the streets, we bounty hunters have some self-protection ability, but other young women and children living in this fortress may be in trouble!"

"It's a pity that Lord Li Tian didn't set up his own bounty hunter organization, otherwise I will join Lord Li Tian's organization even if I try my best to serve Lord Li Tian!"

"Haha, don't have dreams. I heard that Master Li Tian already has people on the 20th and 30th, but those who followed Master Li Tian from birth to death are rarely seen by Master Li Tian!"

"Yes! After all, Lord Li Tian is one of the tridents of the dignified..."

...

Li Tian is now the only level six bounty hunter in the Sunset Fortress. After entering the Sunset Fortress, the service staff of the Sunset Fortress are also respectful to Li Tian.

After getting the information that Li Tian wanted to meet the branch president Ande, the service personnel seemed to have received Ande's instructions, and instead of being blocked, they walked ahead and led the way.

Before arriving at Ande's office, Li Tian opened the door without knocking.

For this kind of impolite person who didn't even know how to knock on the door, Ender wanted to get angry, but after seeing Li Tian, his already angry face immediately turned into a smiling face, and Ender waved his hand and asked that service The personnel retired.

The service staff looked at Ande in surprise, thinking that there were so many level 5 bounty hunters in the sunset fortress. It is harder to see you once than climbing to the sky, but even if Li Tian is the only level 6 bounty hunter, you are so old. His face changed too quickly.

However, the service staff immediately wanted to understand. Although the only level six bounty hunter was Li Tian, hehe, even if Old Ande came to meet him at the door, it would not be too much.

Seeing the service staff bring the door and back out, Ande immediately laughed, jumped off the office chair, and said with a smile: "It turns out that it is brother Li Tian. Why did you think of coming to my old Ande?"

Li Tian Dama sat on the sofa with a golden sword, and said directly to Old Ande straight to the door: "Ande, I want to know how much information the Dawn Organization knows about the senior zombies who have entered the Sunset Fortress?"

Ander smiled and poured a glass of water for Li Tian before sitting on the sofa, smiling apologetically and saying, "I'm really sorry, you are the only member of Dawn in Sunset Fortress, so this kind of thing should be You come to investigate and find out, you come to implement."

As expected, Li Tian didn't care about Ande's answer.

Li Tian took a sip of water with a cup of water, and then said: "Then how much do you know about the boss of Sunset Fortress and Cai Longquan?"

Hearing Li Tian's words about the highest authority in the Sunset Fortress and now the fourth person, the smile on Ande's face disappeared, and he solemnly said: "Do you doubt them? This is impossible! The Sunset Fortress was just a The small town is already surrounded by zombies. It is precisely because of the appearance of the two of them that they killed all the zombies and created the Sunset Fortress. The Sunset Fortress has its prosperity today."

Li Tian did not nod or shook his head, but directly said, "I saw a zombie today!"

Chapter 3285: Ander's words

When Ander heard Li Tian's words, his pupils suddenly enlarged, he couldn't wait to jump up from the sofa, grabbed Li Tian's hand and asked, "Are you true?"

Li Tian nodded, and then explained how he took the task of the Azure Dragon Sword, how he completed it, and recounted what he had encountered today with Ender.

After hearing Li Tian's speech, the little dwarf Ande walked back and forth in the office with his hands behind his back.

"Three years ago, Sunset Fortress had just been established, and it immediately became the most powerful organization within a hundred miles. At that time, both the various forces and the zombies around Sunset Fortress were quite powerful, but since the establishment of Sunset Fortress, nearby The zombies were almost wiped out, and nearby organizations either moved far away or were swallowed by the Sunset Fortress."

"In just half a year, Sunset Fortress wiped out all the dangers around. That was when the bounty hunter organization was formally established, and then I was appointed to Sunset Fortress to be responsible for the establishment and development of the branch. During this half year Afterwards, the Sunset Fortress gradually got on the right track, Cai Longquan took the initiative to ask Ying, and automatically retreated behind the scenes. The special department in charge of the Sunset Fortress. After that, Cai Longquan disappeared from people's sight."

"However, whenever people are about to forget Cai Longquan, one or two major events will always happen in Sunset Fortress. For example, some bad organization's important personnel in Sunset Fortress are assassinated to death, or some lurking enter The zombies in the Sunset Fortress were killed by Cai Longquan."

"Cai Longquan is like the patron saint hidden in the Sunset Fortress. Therefore, Cai Longquan's position in the Sunset Fortress has always been very high. But in the past year or so, no news of Cai Longquan has been heard!" Ander As he walked, he said thoughtfully.

"Then Mr. Ander has seen Cai Longquan?" Li Tian put the water cup on the coffee table and asked impatiently.

"It's a pity that I only heard about it, and I haven't seen Cai Longquan with my own eyes. But since Cai Longquan retired behind the scenes, Yang Qingyun, who is in charge of the Sunset Fortress, who you are talking about, was not sick at this time. Afterwards, although Yang Qingyun's illness was cured, he still had sequelae, and it is said that his illness is contagious!" Ander said.

"It's no wonder that Yang Qingyun's office is separated by tempered glass. It turned out to be worried about the disease spreading to other people." Li Tianxin said.

"If the person you meet today is really Cai Longquan, and Cai Longquan is a zombie, then Yang Qingyun can't be ignorant, unless Cai Longquan is a level 9 zombie."

"But ninth-level zombies have powerful powers, almost the same as humans. How can Cai Longquan succumb to Yang Qingyun. Unless Yang Qingyun is also a zombie, and his level is higher than Cai Longquan's level, the strength needs you Cai Longquan. Longquan is even stronger!" Ande was suddenly frightened by his own thoughts, and shook his head quickly, saying, "This is impossible..."

Li Tian was also taken aback by Ander's conjecture. If Ander's guess was correct, then this would be a very terrifying fact.

The supreme ruler of the sunset fortress in human society turned out to be a zombie? So what is his purpose? Is it just because you want to integrate into human society?

Li Tian didn't understand, and he didn't dare to think about it. If that was the case, then the first thing Li Tian had to do was to take his people and leave the Sunset Fortress quickly.

Ender's heart suddenly jumped wildly, and there was also a feeling of fever on his face. This feeling has never appeared since he successfully broke through to the sunset fortress.

"Li Tian, you, as the only Dawn member of the Sunset Fortress, must investigate this matter clearly. If it is determined that the person who posted the task is Cai Longquan, and Cai Longquan is determined to be a zombie, you must kill Cai Longquan. I am here. Send the report to the

headquarters, and let the headquarters send someone to assist you in the investigation!" An German said gravely to Li Tian.

While speaking, Ander had already returned to his desk, jumped on the chair, turned on the computer, and was ready to send emails!

"Mr. Ender, I probably still know the strength of the ninth-level zombies! By chance, I once fought a ninth-level zombies. To be honest, I am afraid that my current strength is not the ninth-level zombies. Opponents, let alone zombies above level nine!"

What Li Tian said was the truth. At the beginning, Li Tian's "Red Slash" couldn't break the defense of the ninth-level zombies in the village. Under such circumstances, how could Li Tian fight the ninth-level zombies.

Ander immediately calmly said to Li Tian earnestly: "This is just our guess, not necessarily the fact. Maybe it's just our one-sided guess? Besides, even if our guess becomes a reality, the entire Sunset Fortress is not Just you Li Tian alone, our Bounty Hunters Association will use more than two thousand masters, and there are also branch leaders of other organizations here."

"Furthermore, the members of Liming must fight bravely and not be afraid of strong dangers. Even if the abyss ahead is for Liming, for the dawn of the final victory of mankind, they must take a leap and sacrifice themselves for righteousness!" Ander said was impassioned. , The justice is awe-inspiring, as if he was not the one who died.

Li Tian is not a three-year-old kid anymore, how could he be convinced by Ander's words?

"Mr. Ender, leave this kind of sacrifice to others to do. Let's talk about it. For example, I am responsible for investigating whether the publisher of the task is a zombie. Of course, I will not be surprised if it is investigated. You are responsible for contacting the headquarters to send someone to deal with the matter, and I and you are there to help." Li Tian suddenly smiled and said to Ande.

"However, as for the benefits, you know, I just want to find my relatives. Last time I asked you to find two people. One of them was the commander of the Sakura Legion. You don't need to find it at all. To be honest, I feel so It's cheaper for you. Come on, I have a list here, and you can find out all the people on it!"

"I believe you can also be considerate of my longing for family and love for someone like me who wanders alone outside!" With that, Li Tian put his long list of lists on Ande's desk. .

When Ande saw Li Tian's dense list of names on the table, he felt that his head was big. He picked up the list and started to recite the names on it.

Suddenly Ande pointed angrily at a line on the list and said, "...Tang Xiaolong, it is rumored that he died on the top of the Tianshan Mountains, and his body was not found... You treat me as the savior, how can I give you to the dead? Go find it!"

Chapter 3286: shameless

Li Tiansan smiled and did not say without embarrassment: "The important point is which line of words is behind. He did not find his body. The so-called so-called life to see people, death to see the corpse, this is my misnomer at best, Tang Xiaolong should be It's right to be missing. Besides, even if it's a fantasy, it's still necessary, what if it becomes real? Tang Xiaolong is my good brother..."

Having said this, Li Tian felt another pain in his heart.

It is said that Tang Xiaolong is dead, but Li Tian has not seen it with his own eyes after all. Even if Li Tian believed in Tang Xiaolong's death before, are there few legendary stories that happened to Li Tian?

It might be a miracle, Tang Xiaolong is still alive.

"Even if he becomes a zombie, it is better than completely turning into a pair of loess!" Li Tian can only say that there is such a little fantasy in his heart.

Li Tian said that Ande was speechless.

Think about it carefully, it really means this, but looking for one person is also looking for, and looking for ten people is also looking for.

Ander's headache is how to send the names and information of several people who have died, such as Tang Xiaolong, to the headquarters, and then let the headquarters send the information of these people to all parts of the country, mobilizing everyone to find them.

"Li Tian, your shamelessness is something I have never seen in my life. You have to pay attention to a reward for everything you do. This is not good, but it does not benefit your future development. How can a promising young man like you? Is it so realistic? I still want to wait for you to finish the matter of Sunset Fortress and apply for your promotion order from the headquarters! Letting you become the only seventh-level bounty hunter in Sunset Fortress, it's so much face to say." De said with a smile.

Li Tian smiled and said: "Mr. Ender, we are just talking about each other when it comes to shamelessness. Li Tian doesn't care at all about the vague things like bounty hunter level, so I might as well order the seven or eight corpse crystals. really."

Li Tian is really poor now. For Li Tian to ask for the false name of a seventh-level bounty hunter, he can't exchange food and water, but the corpse crystal looks more lovely.

"Speaking of such a vulgar thing as the corpse crystal, it would be too emotional. After all, we are friends on the same front." Ander said with a smile.

After Ender finished speaking, he looked at Li Tian, and Li Tian also looked at Ender. The two of them were relatively speechless and smiled knowingly. At the same time, they pointed their fingers at each other and said in unison: "Shameless!"

...

From the branch of the Bounty Hunters Association, Li Tian went straight back to the villa on Watchtower Road.

When Li Tian came back, he found Situ Ningbing, Goddess Xueji, Bai Jing, Liu Yihui and others in the villa were waiting for him.

When Wei Wei and Manzi saw Li Tian stand immediately, Wang Rui stood behind Situ Ningbing a little bewildered, looking at Li Tian.

"Liu Yihui, what is the current situation of the bounty hunters who were sent to the murder house?" Li Tian sat on the sofa, motioned everyone to sit down, and then asked.

Liu Yihui was still wearing his slippers and a black white coat. He was still holding Erlang's legs, but after seeing Li Tian came back, he was somewhat restrained.

When Li Tian asked him a question, Liu Yihui immediately sat down and said: "The situation is not optimistic. At present, Wang Rui's younger brother, Wang Qiang, has lost too much blood and is still in a coma, but there is no risk of life."

"However, he was bitten by three bereaved dogs. Although he was injected with a low-level bereaved dog medicine, he can control his bereaved virus to a certain extent, but..." Liu Yihui glanced at Wang Rui and did not continue.

Wang Rui's face was not very beautiful, it was a little yellowish, without the slightest gloss. Wang Rui's eyes were not energetic either. Although she was sitting on the sofa, she was already distracted.

Two-dimensional touched Wang Rui with his arm. Wang Rui came back to his senses and found that everyone was looking at her. Wang Rui said apologetically, "Sorry!"

Liu Yihui repeated what he said again.

Wang Rui's face didn't seem to change the slightest, and she said to Liu Yihui: "Brother Tian can rescue him from the bar so that he will not become food for the bereaved dog. This is already a blessing for his predecessors. . Now it depends on his own good fortune."

Hearing what Wang Rui said, Liu Yihui had an idea in his heart, and continued to Li Tian: "For other bounty hunters who have been bitten by a bereaved dog, I have started to test the medicine in batches. For now, The results of the first batch of experiments were not very satisfactory. After injecting the medicine I invented, those bounty hunters quickly turned into zombies, and it has lasted for nearly twelve hours, and the symptoms are still continuing... ..."

Liu Yihui said so implicitly about the failure of the experiment that people who had no roots in the reaction of Manzi thought it was an improvement in the experiment.

This shows that Liu Yihui is still shameless.

Those bounty hunters who have been bitten by zombie dogs will become 100% zombies if they do not undergo effective treatment.

The medicine Liu Yihui invented, for normal people, can turn normal people into a zombie-like state, and lasts no more than six hours.

The zombies injected with the medicine Liu Yihui invented will cause the zombies to mutate and have a great opportunity to upgrade their level. Of course, there is also a high probability that the zombies cannot restrain the power of the medicine, and will eventually be swallowed by the medicine and become a pile of rotten meat.

Zombie B is such a result.

"However, these potion-injected bounty hunters have some special circumstances. Although they have become zombies, they still retain certain human characteristics, such as language. They can speak simple languages and retain a part of human consciousness. According to my estimation, the zombie level that these bounty hunters turn into should be around level 3 to level 4." Liu Yihui said.

Li Tian was startled slightly, he did not expect that although the experiment had failed, the level of these zombies had exceeded his expectations.

"Liu Yihui, do everything possible to treat Wang Qiang!" Li Tian ordered Liu Yihui again.

The death of Wang Qiang is not a pity, but after all, with Wang Rui's relationship, Li Tian can't let Liu Yihui treat Wang Qiang as a simple experiment.

Even if Liu Yihui failed in the end, Li Tian did his best to Wang Rui, and Wang Rui had nothing to say.

Just as Wang Rui said, Wang Qiang was rescued by Li Tian from the Tai Sui bar. Without Li Tian, Wang Qiang would have been killed by Fan Tai Sui and turned into a pile of food for the bereaved dog.

"Wang Rui, there is one thing I need your help! Only you can do this thing." Li Tian said to Wang Rui sincerely.

Wang Rui was taken aback, she couldn't think of where she could help Li Tian, could it be that she let herself do what she had done before? Wang Rui said with a heart that stopped water, "Tian brother, just tell me. Even if you let me Wang Rui..."

Chapter 3287: King's man

Li Tian knew that Wang Rui might have misunderstood him, so he immediately interrupted Wang Rui and said to Barbarian and Two-dimensional, "Barbarian, Two-dimensional, you two now follow Wang Rui to Shouguang Road, lurking near the family we went to today. Come down. Manzi, Weiwei, you are responsible for protecting Wang Rui's safety. If an accident occurs, even if you lay down your lives, you must protect Wang Rui."

The barbarian nodded heavily. This was the first time he had left Li Tian to perform a mission since he followed Li Tian, and he was still a little excited.

And two-dimensional, as long as there is a barbarian next to her, she is excited.

Li Tian said to Wang Rui again: "Wang Rui, I know that your ears are very good. Even if you are separated by a hundred meters and there are a few walls in between, you can still hear what you are doing. Your mission this time is very good. Simple, you just need to record all the sounds you hear. No matter what the sounds!"

Wang Rui looked at Li Tian in a daze, and there were some teardrops in her beautiful eyes and said, "I'm sorry! Thank you!"

Sorry, it was Wang Rui who thought Li Tian was evil, so she felt ashamed of Li Tian.

Wang Rui's ears are very spiritual, but she has always been troubled by this ability. She can always hear things that others can't hear. Her ears are filled with various sounds all the time.

But Wang Rui is an ordinary woman after all, a weak woman who would betray her body in order to feed her three children. Even if she had this ability, she had never imagined that her ability could be used in such a place.

And Li Tian gave him this opportunity, so Wang Rui said thank you.

"Brother Tian, today Li Dan, Huo Liantong, and Xin Yan are all back. All three of them have passed the Bounty Hunter Test at Sunset Fortress, and are now Level 1 bounty hunters!" There was a smile on Bai Jing's face Said with some relief.

"Hmph, if I participate in the test, I can pass the Level 3 test at least. I have the Azure Dragon Sword in my hand, and I can't even pass the Level 4 test!" The Manzi said unconvincingly.

Li Tian coughed and said to everyone: "Everyone, we came to Sunset Fortress to survive and to develop. But now, especially these few days, I feel that Sunset Fortress really has a desire to come. It feels like the building is full of wind. It seems that an unusually huge storm is going to sweep the Sunset Fortress, and the center of this storm is Sunset Fortress.

"Our strength is not strong in the entire Sunset Fortress. If this storm is strong enough, it may even completely tear up the little strength we have just developed." Li Tian said with a very serious expression.

When the expressions on everyone's faces became serious, Li Tiancai continued: "When encountering a storm, our first consciousness must be to avoid. Take precautions, so I decided to let Bai Jing take Huo Liantong, Li Dan and other children. Leaving overnight today, go to the satellite city of Sunset Fortress. You first establish a world bounty hunter organization in the satellite city, and slowly develop your strength."

"Li, is it that serious?" Situ Ningbing asked.

Li Tian nodded and said: "First of all, the big man is coming in two days. No matter who this big man is, she has any strength behind her, which is always beyond our control. And the boss of Sunset Fortress thought Talking about cooperation with the forces behind the big shots, there will surely be many people who don't want to see this kind of result. At that time, the Sunset Fortress is completely likely to be a mess."

"Secondly, Red Blood. I killed the Red Wolf and the Tai Sui Bar. I robbed the red-blooded dog. Red Blood would definitely retaliate. Red Blood would definitely have nothing to do with me, Li Tian, but secretly. What about the rest of you? Although the Tai Sui Bar is gone, we cannot guarantee that there will be no other deployments of Scarlet Blood in this Sunset Fortress."

"Third, there may be level 9 zombies in this sunset fortress!" Li Tian directly threw a blockbuster.

Hearing what Li Tian said, everyone present was obviously shocked.

The ninth-level zombie, that is a legendary existence, everyone present, except Li Tian, has never seen it.

And if there are ninth-level zombies in the sunset fortress, then this sunset fortress is really dangerous.

In the village, for the corpse crystal of a ninth-level zombie, the Sakura Legion was dispatched, the Yin Yang Gate was dispatched, the Seven Swords dispatched, and the Sunset Fortress dispatched. They are fighting forbidden each other, even at the expense of using aircraft and tanks.

Before the big guys came, it was difficult for these forces to enter the Sunset Fortress, but the big guys came to the Sunset Fortress, and a wide range of hero posts invited various forces to the Sunset Fortress, which would inevitably allow other powers to peep into the secrets of the Sunset Fortress.

At that time, naturally there will be a lot of battles.

"Ning Bing, Xue Ji, you two are responsible for assisting the captives and Liu Yihui. These days, you will be staying in the murder house. Don't come out. The murder house is in a remote location, and there are the captains, Erha and Sanha. , Relatively speaking, it is much safer."

Li Tian put his two women in the murder house. In the murder house, there are six-level zombies such as the captain and Li Tian are connected with each other. As long as there is any trouble, Li Tian can rush over.

Just as Li Tian's deployment in the Sunset Fortress didn't cause any disturbance, Bai Jing took people to Luoxing, the satellite city of Sunset Fortress that night. Those who sing and dance are still mellow, and those who live hard are still hard.

But that night, Li Tian welcomed an unexpected guest, the mysterious female Lily, in Li Tian's yard.

Fatty Alslan still carried his broken bow, and followed behind the mysterious female Lily. Seeing Li Tianle running two steps, seeing the mysterious female Lily did not move, Alslang turned and walked with embarrassment. I went back and stood behind the mysterious female Lily.

"Li Tian, we met again. I didn't expect you to join a small organization like Sunset Fortress. You said that if the legion commander heard this news, she would be sad!" The mysterious female Lily saw Li Tianhou and went up and down. , Looked at Li Tian in circles around, and then said disappointedly while shaking his head.

"Army...Leader?" Fatty Alslan just listened to his boss Lily's arrangement and said he was here to see Li Tian.

But Lily's first sentence completely shocked the fat man.

The fat man looked at Li Tian suspiciously, and said, "How is it possible? When did you hook up with our army commander? It's impossible?"

Before the fat man had finished speaking, Lily knocked his head hard: "Why is it so ugly? What is hookup! Li Tianming is the man behind our army commander, Wang's man!"

Chapter 3288: The big shot is coming

"Wang... the man!" Li Tian said to himself with a black line on his face.

The last thing Li Tian wanted to hear was from the mysterious female Lily's mouth.

Part of the reason why Li Tian does not go to Kyoto City to look for Duanki Sakura is that he heard that Duanki Sakura is the commander of the Sakura Legion.

After all, Li Tian still had some machismo in his mind. What Li Tian hopes more is that Duanmu Ying will be able to lean against Li Tian's chest and be protected by Li Tian, and praise Li Tian for being strong and sturdy. Instead of Li Tian going to Kyoto City to find Duanmu Ying, everything is turned over and Li Tianzhen becomes the king's man.

"Wang's man, disrespect and disrespect! Hey, I said how could the Li Tian brothers be so vigorous. Just after taking part in the seven swords bounty hunter level test, they showed their domineering spirit, making me an admirable five-body cast. It turned out to be the king's man, no wonder! No wonder!" Fatty Alslan said with a smile.

Li Tianzhen wanted to break off friendship with this fat man.

"Bah!" With a sound, the mysterious female Lily hit the fat Alslan hard again, and said angrily:
"The man of the legion commander can also be a joke? Seriously, hahaha"

Slut, a fat slut, a female slut! This is Li Tian's new definition of fat and mysterious female Lily.

"Li Tian, this time I took the fat man to Kyoto City. I had the honor to meet with the commander of the army. When I reported to the commander of my work, I accidentally talked about you. Then there was no more. This is the commander of the army. Something!" Said Lily and handed a silver recording pen to Li Tian.

"Danmuying, I haven't looked for you yet. I didn't expect you to hear from me first!" Li Tian was a little excited and turned on the recorder.

"Li Tian..." Duanmuying's voice came from the recorder. After calling out Li Tian's name, this voice fell into a long silence.

After three years of absence, Duanmuying had many things to say to Li Tian in her heart, but she really wanted to speak, but she couldn't say anything.

The silence speaks.

Li Tian was holding the video pen and his mind was full of thoughts. After hearing Duanmuying call out his name, Li Tian had only one voice in his heart: This is Duanmuying, this is my woman, and this is waiting for me. Woman of the year.

"Li Tian, I'm fine! I'm waiting for you in Kyoto City..." After about two minutes, Duanmu Ying's voice came from the video pen.

No crying, no joy, no accusations.

Li Tian nodded heavily, as if Duanmuying was right in front of him.

"Yes, I will definitely find you! Wait for me!" Li Tian said to Duanmuying in his heart.

When Li Tian carefully put away the video pen, the mysterious female Lily said, "The commander of the legion has something to do and cannot leave Kyoto City for the time being, so let us come back and give you this video pen."

"Thank you!" Li Tian thanked him sincerely.

"Needless to say thank you, now our Sakura Legion still needs your help from Li Tian!" The mysterious female Lily said with a smile.

The Sakura Legion is one of the top ten legions. Even if the mysterious female lily's strength is unpredictable, Li Tian definitely doesn't need help for ordinary things.

"What's the matter?" Li Tian asked suspiciously.

"In two days, a big man will come to Sunset Fortress. This big man is a former friend of our army commander. Oh, yes, you must know you too, but now she should not know you." said the mysterious woman.

"I know? Your former friend of the army commander? Or a beautiful woman? I know her but she doesn't know me? Who is it?" Li Tian's brain is really not enough!

"You will meet each other naturally, why should I say it in advance? I don't want to be a spoiler dog!"

"Then what do I need to do?" Li Tian asked.

"After she came to Sunset Fortress, someone would definitely be against her, and the legion commander hopes that you can help me protect her! Or I can help you protect her! These are irrelevant things, the most important thing is to allow her to Leave the Sunset Fortress intact!" said the mysterious woman.

Li Tian nodded and said, "As long as I enter the Sunset Fortress, as one of the Tridents of the Sunset Fortress, I must be obliged to protect her safety. Moreover, Yang Qingyun, the owner of the Sunset Fortress, wants to be behind the big man. Organize cooperation, so I won't let her be surprised!"

"Cooperation? Sunset Fortress wants to cooperate with the corpse kingdom?" The mysterious female Lily looked at Li Tian in shock and asked.

"The kingdom of corpses? What organization is this?" Li Tian asked somewhat puzzledly after hearing this name for the first time.

Fatty Arslan also looked at the mysterious female Lily with a puzzled look.

For the fat man, he is newer than Li Tian. If it weren't for the mysterious female Lily who had taken a fancy to him and asked him to join the Sakura Legion, perhaps he was still in a small bounty hunter organization.

For this kind of organization, there must be no understanding.

"The kingdom of corpses is a very mysterious organization. This organization's research on zombies has reached a superb state, and the control of zombies is also hard to imagine now!"

"Although this organization is rarely born, as long as this organization comes out, many organizations and groups will inevitably flock to it. Because as long as they can get such a little control over zombies from this organization, any organization can get rapid growth in a short period of time. development of."

"It is said that the infamous Scarlet Blood got a little help from this organization, and took control of the method of controlling the bereaved dog. This has also allowed Scarlet Blood to develop rapidly in the northwest region. Even Qi Sword is not Scarlet Blood. Opponent!" said the mysterious female Lily.

When the mysterious girl said this, Li Tian also understood why Fan Taisui in the Tai Sui bar could control so many zombie dogs, and Fan Taisui could not have nine-color corpse crystals like Li Tian.

Li Tian's brow furrowed even more tightly. If this is the case, then why doesn't Li Tian want to have a little contact with this organization? If you can get a little help from this corpse kingdom, then Liu Yihui's research may develop rapidly, and it will be of great help to Li Tian's strength growth.

"Li Tian, this time you should especially pay attention to Scarlet Blood. Scarlet Blood is a person who has benefited from this organization. He wants to continue to cooperate with the Kingdom of the Corpse more than other organizations. So he will definitely try everything. The way to destroy the negotiation between the Sunset Fortress and the Kingdom of the Corpse. Even he might take the risk and attack the big man! Let the big man die accidentally in the Fortress of Sunset, so that not

only can destroy the cooperation between the Sunset Fortress and the Kingdom of the Corpse, but also let the Corpse The kingdom of God sprinkled all the anger on the sunset fortress!" Lily said.

Chapter 3289: Which pot does not open and which pot

Time flies, and two days' time is just a fleeting matter.

During these two days, everything went according to Li Tian's arrangements. Bai Jing took her people into Luoxingwei City secretly, Manzi Weiwei and Wang Rui went to Shouguang Road, Situ Ningbing and Xueji Then followed Liu Yihui to the murder house.

The rented yard, Li Tian, was handed over to Erhuzi to take care of him, and Li Tian was relieved by the child.

Then Li Tian headed into the Villa on Watchtower Road and began to study the changes of Nine Color Corpse Crystal and "Red Slash".

After experiencing the rebirth of the Tai Sui bar, the nine-color corpse crystal has become smaller in size. The nine-color corpse crystal is only the size of a jujube core, and the corpse crystal is blue all over, but Li Tian can feel the change. The nine-color corpse crystal contains huge energy, and this energy should be the change brought about by the nine-color corpse crystal swallowing an eighth-level corpse crystal, and more than a dozen seventh-level corpse crystals.

Li Tian guessed that the power possessed by the current nine-color corpse crystal should have surpassed the power of the ninth-level zombie itself, but Li Tian still cannot control this power, nor can he test the change of this power.

And between the nine-color corpse crystal and Li Tian's skin, there was a half-hand vortex.

This vortex was also formed after the nine-color corpse crystal was broken. At this time, the vortex was rotating counterclockwise. Although the speed of rotation was very slow, Li Tian could still feel the suction brought by the vortex.

At that time, Fan Taisui's sword pointed at Li Tian's heart and accidentally smashed the nine-color corpse crystals, but the whirlpool formed when the nine-color corpse crystals burst into pieces, which prevented Fan Taisui's sword from entering any more, and Fan Taisui wanted to let go The sword in hand can't do it at all.

This vortex has suction power and can block certain attacks. Li Tian still doesn't know what ability it has.

Perhaps only when the Nine Color Corpse Crystal changes again next time, Li Tian will be able to see the general idea.

Li Tian deliberately controlled the nine-color corpse crystal, allowing the nine-color corpse crystal to release transparent silk threads. Li Tian found that these newly released transparent silk threads were a little more slender than the previous ones, but Li Tian was more flexible in control, and Li Tian faintly There is a feeling that the current nine-color corpse crystal may be able to control the seventh-level zombies.

Similarly, Li Tian couldn't test this judgment in Sunset Fortress.

Only when I go out next time I encounter a level 7 zombies before testing.

Li Tian took out "Hong Zhan" and controlled "Hong Zhan" to float in front of him with internal force.

Since "Red Slash" returned to Earth and began to kill zombies and swallowed the original corpse in the corpse crystal of the zombies, "Red Slash" has undergone some changes.

The current "Red Zhan" is two inches longer than when Li Tiangang got it, and the blade of "Red Zhan" has also undergone some bending changes.

The change in appearance alone was enough to surprise Li Tian. Now the "Red Slash" holds in his hand even more easily, and the range of attack of "Red Slash" controlled by internal force is farther and the attack power is stronger.

Li Tian controlled "Red Zhan" to make "Red Zhan" swim around Li Tian's body as he pleased.

Li Tian could feel the spirituality of "Red Zhan".

Li Tian could feel the spirituality of "Red Slash" when he was fighting with Yangshen's master in another world before, but after returning to Earth, this "Red Slash" was obviously more spiritual.

Killing, slashing the corpse, and "Red Slash" are all very excited, and "Red Slash" is also sparing no effort to swallow the corpse crystal. Many times "Red Slash" would spontaneously devour corpse crystals, especially advanced corpse crystals, which made Li Tian also very helpless.

And "Red Zhan" flew out automatically twice in a row, not under Li Tian's control, to kill mysterious bugs, which was completely beyond Li Tian's control.

It also explains the spirituality of "Red Zhan".

Sometimes Li Tian would even suspect that "Red Cut" was originally a living thing, otherwise how could it grow like a child.

And sometimes Li Tian would wonder if there was a sword spirit living in "Red Zhan", otherwise, how could it automatically fly out and kill the insects without Li Tian's control?

Thinking of insects, Li Tian frowned slightly.

In the open-pit coal mine of Ele Village and the Xuri Building in Fancheng, I encountered insects twice. But from the outside, this bug looks completely natural and pollution-free green bugs, except for the little bugs, there will be some light blue broken crystals, which can remind people that these bugs have some connection with zombies. Besides, Li Tian did not see any harm from these bugs.

But twice in a row, "Hong Zhan" did not hesitate to break free of Li Tian's control, and quickly came out, beheading the two insects.

This made Li Tian wonder if "Hong Zhan" had a deep hatred with the insects, or whether the insects had something particularly attractive to "Red Zhan" that would make "Hong Zhan" so disregard of Li Tian's control.

And who was the owner of the insect mentioned by the red robe zombies? Is it a level 9 zombie?

Li Tian had a headache thinking about it.

For two consecutive days, Li Tian spent time trying to figure out the nine-color corpse crystal and "Red Slash". In the past two days, Li Tian didn't even leave the door, and was completely caught in this thought.

This short period of two days also benefited Li Tian a lot.

As night fell, the mysterious female Lily sent the fat man Alslang to Li Tian.

"Li Tian! Why are you still here? People in the corpse kingdom have already entered the city." The fat Alslan said when he saw Li Tian opened the door.

"Have you seen that woman?" Li Tian asked.

"Women? I haven't seen the female corpses. The style of the corpse country is really big enough! Jia Youlong personally greeted at the gate of the fortress, the people of the corpse country didn't even stop the car, and drove directly into the fortress." Fatty Arslan said.

"Okay! Let's set off now!" Li Tian tidied up and changed into clean and decent clothes.

Fatty still had no car in the Sunset Fortress, and his car was not eligible to enter the Sunset Fortress, so Fatty took Li Tian's car and walked to the Sunset Fortress headquarters.

"Li Tian, I really envy you! We met for the first time until now. In just a few months, you have your own villa and your own car in Sunset Fortress, and more importantly, you are still Sunset Fortress. The central figure in the middle." Fat Alslan said with some envy after getting in the car.

"You are not bad, you are already the backbone member of the northwest region of the Sakura Legion!" Li Tian said with a smile.

"Don't mention the Sakura Legion, I'm just the backbone of the northwest region, you are the man of the legion commander...ah" The fat man let out a scream, and was kicked out of the car by Li Tian.

Fortunately, the speed of the car was not very fast. Li Tian deliberately slowed down when he kicked the fat man, and the fat man was also thick and thick. After being kicked out of the car by Li Tian, the fat man rolled on the ground two laps.

The fat man rolled on the ground and immediately stood and chased the car and ran away, shouting as he ran: "Li Tian, you bastard, my bow and arrows are still in the car!"

Chapter 3290: Li Tian's fans

Still wanting a bow and arrow, Li Tian didn't shoot him an arrow, it shows that Li Tianzhen treats the fat man as a brother. .

Damn, is Li Tian the kind of man who eats soft rice?

Which pot is really not open and which pot!

Because of the arrival of the big people, the Sunset Fortress has imposed a curfew, and there are almost no people in the street. Occasionally, a row of soldiers holding guns in the Sunset Fortress walked neatly across the street.

Even if Li Tian drives a Ford pickup truck to the streets, he still has to be inspected by the soldiers, but Li Tian's face is now the pass to the Sunset Fortress. After seeing that the man in the pickup truck turned out to be Li Tian, the soldiers immediately stood up and saluted Li. Tian is also a face of respect.

After receiving the inspection, the soldiers immediately let them go. They never encountered any inspections along the way, and came to the banquet center of the sunset fortress headquarters unimpeded.

The banquet center was magnificent and brightly lit. At the entrance of the banquet center, there were two rows of real soldiers with live ammunition, a total of ten people. Shelipuding stood at the door looking around with a giant axe.

Seeing Li Tian, Shelipuding finally breathed a sigh of relief and said to Li Tian, "Li Tian, you are finally here."

"What's wrong?" Li Tian asked suspiciously.

Shelipuding said angrily: "The boss is not convenient to show up on such occasions because of his illness, and Master Cai Longquan has not shown up for a long time. Naturally, it is my boss Jia Youlong and you Li Tian on this occasion. It's up to you to decide."

"But those **** in the corpse kingdom, our boss personally went to the city gate to greet them. They turned a blind eye and rushed forward without giving my boss Jia Youlong any face. And that shameless red blood, even fanning the flames in the venue, said My boss is...a dog of the mourning family. Right now, there is a rattling sword in the venue, which is very unharmonious!

Li Tian nodded and walked directly into the venue.

The banquet center covers an area of more than 1,000 square meters. In the huge banquet hall, there are long tables on the left and right sides. On the long tables covered with lavender silk are placed various food, fruit plates, and drinks.

Light music was playing in the banquet hall, and the guests in the banquet hall gathered in twos and threes, holding wine glasses, and talking.

The core cadres of the Sunset Fortress, all wearing white shirts and black suits, stand one person every ten meters apart.

Mysterious female Lily even wore a tight-fitting black leather jacket on this occasion, but this leather jacket was clearly tailored for her. A v-shaped neckline on the upper body made her plump and proud double peaks perfect display, and a charming ru ditch People can't help but want to explore inside.

Seeing Li Tian, the mysterious female Lily came over like a water snake with a glass of wine, and said to Li Tian: "Li Tian, you are finally here, I thought you would retreat? By the way, where's the fat man?"

Li Tianyi said solemnly: "Please forgive me for being unreasonable. Although the fat man is my friend, I still have to tell the truth. He is a pig. He could fall asleep in my car, and one head fell from my car. Go on. But it doesn't matter, others are okay, and I took his bow and arrow here responsibly!"

After Li Tiangang said this, the fat man rushed to the door in ragged clothes, but because of his appearance, the soldier in charge of the door guard did not allow the fat Alslan to come in.

"Li Tian, you bastard, now you have the ability to kick me out and try? Let my fat Arslan take a good taste of your bastard's dog legs!" Fatty couldn't get in, but saw the mysterious female Lily still

and Li Tian talked about it very happily, and immediately ignored the occasion, jumping and cursing at Li Tian.

"Idiot!" Li Tian sneered, turning around and pretending not to see it.

The mysterious female Lily smiled, stretched out her hand to hold Li Tian's arm, and said without a smile: "If it weren't for the face of the regiment commander, I really want to sleep with you!"

Li Tian didn't know that none of the men who had been slept by the mysterious female Lily could survive that night. He pulled out Lily's arm, patted Lily's plump buttocks heavily with his hands, and said, "You don't need to give Duanmuying's face, but when the time comes, it's not always certain who sleeps!"

After talking about Li Tian, he turned around and left without giving the mysterious female Lily a chance to fight back.

Li Tian saw that on the side of the banquet, Ande, the little dwarf, wore a dog-like appearance. He also wore a dark red bow tie on the neckline, like a waiter. However, Ande should be too short. He actually stood on a chair so that he could barely be level with the people around him.

Seeing Li Tian coming over, Ender immediately said loudly: "Look, it turned out to be one of the tridents of Sunset Fortress, and the only level six bounty hunter Li Tian in Sunset Fortress is here."

Li Tian's entry into the venue was not considered as attracting attention, and when Ander said this, Li Tian felt that several hostile eyes stared at Li Tian immediately.

Li Tian looked back with these hostile gazes, and the first thing he saw were the two non-male and female monsters, Fei Zhupo and the Thin Monkey Man of Yin and Yang Gate.

For these two people, Li Tian didn't have any good feelings. He really disliked them two in his heart. Seeing them looking at him murderously, Li Tian directly stuck his tongue out, completely ignoring them.

At this moment, the other murderous gazes all disappeared, and only one man walked directly towards Li Tian.

This man is nearly 1.8 meters tall, he is a little thin, has short hair, and is dressed in casual clothes. The whole person looks very good at first glance, but the longer you look at it, the more you can feel this person uploading. The cold.

This man walked up to Li Tian, held out his hand to Li Tian politely, and said: "Li Tian! I can see you alive, I am so lucky! Do you know? You are my idol, Even Red Wolf kills, hehe, don't be afraid to offend Red Blood, you are a real man!"

Is it a fan of my Lord Li Tian? Hey, there is no way, whoever makes us suave, handsome and powerful, there are so many fans there.

Li Tian didn't know who the man in front of him was, but Li Tian still shook hands with him.

"Li Tian, you must live well! Come on!" The man said with a smile, then turned and left.

When he walked to Ande, Li Tian said to Ande: "Ande, see if you don't see, brother's fans are everywhere, and there are brother's fans in such high-end banquets. Hey, there's really no way, and being handsome is a crime!"

Ender was stunned for a long time, looking at Li Tian like an idiot and said, "Li Tian, do you know who the man you shook hands with is? That man is scarlet blood! You idiot!"
