

A Killer 3311

Chapter 3311: Kill the Red Tiger (1)

Li Tian and others seemed to have no response to the advent of danger, and they continued to crawl upwards slowly.

The snow fell and heavier, and the road on the Tianshan Mountains became steeper and steeper. The captain accidentally fell and climbed on the snow, but he couldn't move!

The barbarian immediately reached out to help the captain, and found that the captain's arms were cold, his body was stiff, and his whole body was frozen.

"Brother Tian, the captain was frozen to death!" the barbarian asked anxiously.

Li Tian, Manzi, and Situ Ningbing were okay during the half-hour period. The three of them had cultivation bases more or less, and they kept walking up. Although their bodies were cold, they still maintained maintenance. The temperature of the body, and the captain was originally a zombie, and the temperature of his body was originally low, and coupled with the constant exposure to wind and snow, his body naturally gradually stiffened.

After the fall, the captain's body was so stiff that he could not move normally.

"What a mistake!" Li Tian had always thought that the captain had almost the ability to be immortal, and could help Li Tian in various battles. Who knew that the side effects of the zombie attribute of the captain would come first. Play it out.

"Barbarian, you put the captain on your back! We can't leave the captain here!" Li Tian said to the barbarian.

Barbarian immediately hung the backpack on his back in front of him, took out a rope from the backpack, tied the captain directly to his back, and prepared to move on with the Qinglong knife.

"Good opportunity!" Seeing the captain fell, Li Tian, the barbarian and others were in a hurry. Chihu felt that his chance of a sneak attack was more mature, and he barely hesitated, so he rushed out of the snow and faced Ouyang Bing. Ning flicked a knife in her belly.

The knife shadow flashed by, but the red tiger rushed out!

But Situ Ningbing's body was suddenly pulled behind him by Li Tian.

Between the electric light and flint, "Red Zhan" had already reached Chihu's body, and Chihu had not had time to figure out why Situ Ningbing could detect his attack in an instant, so he had to face Li Tian's "Red Zhan".

"Chang!" With a cry, Chihu blocked the attack of "Red Zhan" with the short knife in his hand, and he jumped back a few steps in succession, hiding in the snow.

"What's the matter? In such a short period of time, it is impossible for that woman to escape, and Li Tian's reaction is unlikely to be so fast!" Chihu looked at the broken knife in his hand with some uncertainty.

Li Tian showed a slight sneer at the corner of his mouth, feeling the countless transparent threads released by the nine-color corpse crystal on his chest, and said with a sneer: "Come out! Come out and have a good chat!"

In fact, as soon as Li Tian rushed to the top of the cliff, he immediately began to control the nine-color corpse crystal to release countless transparent threads, so that these transparent threads completely covered Li Tian and others, like several densely intersecting three-dimensional nets. same.

The distance of these transparent threads is controlled by Li Tian. Although these transparent threads cannot control living people, once someone enters the net, Li Tian can immediately feel his presence.

It is precisely for this reason that when Chihu just launched an attack, he was already aware of the transparent silk thread released by the nine-color corpse crystal controlled by Li Tian.

Taking advantage of this opportunity, Li Tian could naturally take the lead to rescue Situ Ningbing from Chihu's blade.

When the red tiger missed a hit, Li Tian had already controlled these countless transparent threads to wrap around the red tiger.

Now, although the red tiger is hiding in the snow, Li Tian can still clearly feel the place where the red tiger is hiding.

Therefore, Li Tian sneered and spoke to Chihu, and asked Chihu to come out for a chat.

"Talk about your sister! But the strength of Li Tian really should not be underestimated, especially the weapon in his hand, so sharp!" Chi Hu thought with a sneer in his heart.

"It's a pity that I missed such a good opportunity for a sneak attack. It seems that I will have to wait for a better opportunity for a sneak attack. But fortunately, the man with the little **** his back has become my best target now!" Thought in my heart.

"Are you sure you won't come out?" Li Tian waited for a few seconds. Seeing that the person hiding in the snow hadn't come out yet, Li Tian sneered and said: "Since you don't come out, then you never come out! "

Li Tian directly controlled "Red Zhan" and attacked the place where the Red Tiger was hiding.

"Wow!"

"Red Zhan" struck the snowflakes rolled by the north wind and attacked the Red Tiger.

When Chihu saw Li Tian controlling "Red Zhan" coming towards the place where he was hiding, his heart immediately raised his throat.

"Impossible!" Chihu exclaimed and suddenly jumped out of the snow. The broken knife in his hand blocked "Red Zhan" and stepped back, hiding in the snow again.

After hiding in the snow, the red tiger began to move slowly to other places.

"Coincidence, it must be a coincidence!" Chihu comforted himself psychologically.

Chihu was confident in his hiding ability, he still didn't believe that Li Tian could fully discover his hiding place.

"Hid you still? It's boring to hide again!" Li Tian said with a sneer, and once again controlled "Red Zhan" to attack Chihu's hiding place.

"Impossible!" This time the Red Tiger didn't wait for the arrival of "Red Zhan", he jumped out of the snow, and blocked the "Red Zhan" with a broken knife, avoiding the fatal blow of "Red Zhan".

"Li Tian, how did you do it?" Chihu asked with a cold expression.

"Who are you?" Li Tian didn't answer, but sneered and asked Chihudao.

"Red Tiger! The second person of the Red Blood Organization! Can you tell me how you did it now, right?" Red Tiger sneered, slowly stepped back and asked vigilantly.

Chihu has already felt the great danger in Li Tian. Faced with this danger, Chihu instinctively wanted to escape, but at this time he did not dare to move arbitrarily. If he started to escape, then he would be completely exposed. During Li Tian's attack, the danger he will encounter will be even higher.

"It turns out to be the number two person of the Scarlet Blood Organization. It's really long and disrespectful. It seems that I and the Scarlet Blood are really related!" Li Tian said with a slight smile.

Before Li Tian finished speaking, he controlled "Red Zhan" to fly towards Crimson Tiger, and while "Red Zhan" was moving, Li Tian also rushed towards Crimson Tiger.

Li Tian chose to kill the Tianshan Mountains, even if he was a person from the sunset fortress, Li Tian would not hesitate to do it, let alone a person of scarlet blood.

"Huh! I have the ability to use the Qi Yujian, but I want to fight for death in close combat, then I will do it for you!" Chihu saw that Li Tian did not continue to control "Red Zhan" at a long range attack, but rushed at him. With a sneer in his heart, he immediately threw the broken knife in his hand and threw it towards "Red Zhan".

Hearing "Qiang!", Broken Blade was shot down, "Red Zhan" also fell aside, Chihu's heart was ecstatic, and he accelerated a few steps and rushed in front of Li Tian.

Chapter 3312: Kill the Red Tiger (2)

Li Tian, the third-ranked figure in the Sunset Fortress, a sixth-level bounty hunter, possesses the ability to defend the sword with Qi, and possesses a peculiarly shaped knife. This knife is extremely sharp and can cut iron like mud.

This is Li Tian's information that Chihu knows. After seeing "Red Zhan" being shot down by his broken knife, Li Tian has already arrived in front of him, Chihu sneered in his heart.

Chihu's skills have been played in prison for many years, especially after joining Crimson Blood, Chihu went through various trainings, especially after possessing the kind of hiding ability similar to a chameleon, Chihu specifically targeted I practiced melee kung fu.

Therefore, Chihu believes that as long as he gets close to Li Tian, he has absolute strength and can make Li Tian regret giving up using Qi Yujian.

"Take it to death!" Chihu laughed wildly and attacked Li Tian's face with a punch.

"Good coming!" Li Tian also yelled wildly, and slapped Chihu's fist directly at the door.

Broken soul palm!

Than strength?

Chihu didn't expect that Li Tian would not evade, but directly greeted him head-on, with a burst of ecstasy in his heart.

"Let me abolish your two arms first, and let your Qi Yujian become a masterpiece!" Chihu did not evade Li Tian's palm, but blasted Li Tian's hand directly with a punch.

One punch, one palm, one moment, meet!

Only heard, "click", Chihu's entire arm was directly smashed by Li Tian's broken soul palm, Chihu's fist was smashed, and Bai Sensen's bone scum popped out of Chihu's fist. . And Chihu's entire arm bone also made a cracking sound.

"Ah!" Chihu let out a scream, and was shot by Li Tian directly and flew out.

The red tiger was smashed heavily on the snowy ground, hitting the heavy snowy ground several times in a row, and hitting a huge boulder before stopping.

"So strong! So terrible! Li Tian's kung fu is so great... If he can't break how he knows I'm hiding, I'm not his opponent at all." Chi Hu was startled, and could no longer break his arm. Pain, I just want to escape from here early.

Chihu's body leaped a few times, and then separated from Li Tianduo by seven or eight meters, rushing towards the bottom of the mountain.

"Huh! Want to escape!"

Li Tian succeeded with a single blow, and did not stop, he took a few steps forward, and the "Red Slash" that fell on the ground was already beckoned by Li Tianyi and flew directly to the Red Tiger.

As a blade of light flashed in the wind and snow, "Puff!" With a sound, "Hong Zhan" directly chopped off one of the red tiger's right legs.

"Ah!" There was another scream, and the Scarlet Tiger ran swiftly, losing the support of his right leg, and fell down.

Chihu's head slammed into the snow, and the whole person began to roll down without his control!

"Gurulu" Chihu's body was covered with snow. As Chihu rolled, Chihu's body was completely wrapped in snow, forming a huge snowball, and rolling towards the foot of Tianshan Mountain!

Li Tian stopped chasing and controlled "Red Zhan" to fly back.

"Red Tiger! The second person in Red Blood is nothing more than that! But it is a pity that he didn't cut off his left leg, or the captain would play again!" Li Tian said with a sneer.

Losing one arm and one leg, the red tiger has become a waste, and now it is wrapped in a snowball, rolling down from a mountain that is thousands of meters high. This is naturally bound to die.

"The Scarlet Blood Organization, the next one should be Scarlet Blood! Humph!" Li Tian turned to find Barbarian and Situ Ningbing, and disappeared in the wind and snow.

...

Among the Tianshan Mountains, Yang Qingyun only felt that he was full of cold air. This cold air made Yang Qingyun shiver constantly, even though Yang Qingyun was wearing heavy chemical protective clothing at this time. The cold still seeped into the bone marrow.

"It's cold! It's cold! Is this the side effect of half-corpse?" Yang Qingyun stepped on seven or eight frozen corpses under his feet, muttering to himself with some trembling.

Half-corpse, yes, Yang Qingyun is half-corpse.

Yang Qingyun is an immune person, and also an ability person. In this case, Yang Qingyun is theoretically impossible to be a zombie. But Yang Qingyun has a power, and his ability is to directly absorb the power of the corpse crystal in the zombie's corpse crystal for him to use, forming a corpse crystal in his mind.

After constantly absorbing the power of the original corpse in the corpse crystal, Yang Qingyun's strength has improved by leaps and bounds, but Yang Qingyun has been stuck above the ability of the eighth-level zombie.

At this time, Yang Qingyun basically had a hard time encountering eighth-level zombies and obtained eighth-level corpse crystals for him to absorb. And his ability stayed above the eighth level.

Under this situation, Yang Qingyun stretched his magical grasp to Cai Longquan, who was fighting with him.

After absorbing part of the power of the corpse crystal in Cai Longquan's corpse crystal, Yang Qingyun's zombie strength finally reached the eighth peak! At this time, Yang Qingyun discovered that Cai Longquan's corpse crystal level had fallen from the ninth level to the eighth peak, and he had no way to continue to absorb Cai Longquan's corpse crystal to improve.

Yang Qingyun now can be said to be a person, not a person, and a zombie is not a zombie, so he is called half-dead. In this case, I want to break through to level 9 zombies.

Once the level 9 zombies are reached, they can be seen to be free from the characteristics of zombies. At that time, Yang Qingyun can appear upright in the sunset fortress.

It is also for this reason that Yang Qingyun attaches great importance to this action, and even sends more than 90% of the core cadres of the entire Sunset Fortress into Tianshan.

Yang Qingyun has only one purpose, to find the four-elephant elder, obtain the ninth-level corpse crystal, absorb the power of the corpse in the ninth-level corpse crystal, turn him into a ninth-level zombie, take off the **** chemical protective clothing, and make a dignified one. The boss of the Sunset Fortress.

From the moment he entered Tianshan, Yang Qingyun ordered his entourage to form a team with the purpose of intercepting all other organization personnel who entered Tianshan, and he came directly at the top of Tianshan.

Along the way, Yang Qingyun killed everyone he encountered. The blood had already dyed his chemical protective clothing red, and his protective clothing was also cut with a sword!

From the cut holes, Yang Qingyun's half-corpse skin was exposed.

"According to the map provided by Ouyang Shiqing, that snow cave should be there!" Yang Qingyun held a hand-drawn map in his hand, looked at the map, and said in a low voice against the environment of the Tianshan area.

Before the end of the banquet, Ouyang Shiqing asked the barbarian to send a map of the key areas in the Tianshan Mountains to the leaders of each organization, so that they could find the four elephant elders purposefully.

"Wow!" Suddenly, a figure galloped across the snow not far from Yang Qingyun, and rushed into the standard ice cave on the map given by Ouyang Shiqing.

Chapter 3313: Decisive battle on the top of Tianshan Mountain (1)

"Red blood?" Yang Qingyun's eyes were sharp. Although it was only a moment, Yang Qingyun still saw clearly that the person who rushed into the ice cave was the boss of the red blood organization, the scarlet blood.

"Huh! It's really a narrow road!" Yang Qingyun sneered, galloping up, and in an instant he entered the ice cave.

Entering the ice cave, Yang Qingyun discovered that this ice cave had a cave.

"Sure enough, there are traces of human survival. It seems that the old man of the four elephants must be in this ice cave. But now you have to be more careful!" Yang Qingyun thought in his heart.

Not to mention whether he could find the old man in the four elephants, but to face the scarlet blood alone, Yang Qingyun did not dare to be careless.

"It's all that idiot Li Tian, who missed so many opportunities to hunt the scarlet blood, or else, who else would be my opponent to Yang Qingyun in this entire Tianshan Mountain! That ninth-level corpse crystal is not What's in my Yang Qingyun's bag?" Yang Qingyun cast his anger on Li Tian again.

Yang Qingyun continued to walk into the ice cave.

And within a minute after Yang Qingyun entered the ice cave, the mysterious female lily also appeared outside the ice cave.

"It turns out that the ice cave is here! It really makes me find it!" The mysterious female Lily twisted her soft body and flashed past, and went directly into the ice cave.

After Lily entered the ice cave, the fat pig woman and the skinny monkey man from the Yin Yang gate also appeared outside the ice cave.

"I saw Lily enter the ice cave just now. I am afraid that many Lily are the first to enter the ice cave. We must be more careful when that happens! Don't die inside and become a corpse!" The fat pig woman said to the thin monkey man. .

The thin monkey man sneered a few times and said, "Since our core cadres at the Yin and Yang Sect learned the exercises taught by the Sect Master, how many of them have you seen dead? Hey, although we may not be the strongest Yes, but it is definitely not a person waiting to die!"

With that, the fat pig woman and the thin monkey man also got into the ice cave.

"Wow!"

"Wow!"

In less than half an hour, at least a dozen people climbed here from different directions, flashed into the ice cave.

...

Li Tian fulfilled his promise, this way is really to kill Tianshan!

There were already more than 20 people in various organizations under Li Tian's "Red Slash", Broken Soul Palm, and Xuantian Fingering. The barbarian also made achievements with the captain on his back. Qinglong knife once again killed two people, and Qinglong The knife became sharper.

Although the captain was frozen, he didn't lose his language function. He expressed strong indignation and condemnation for the barbarian for deliberately using her as a shield when fighting.

Fortunately, Li Tian can control the nine-color corpse crystal and let the transparent silk thread released by the nine-color corpse crystal suture the wound of the captain, which also reduces the captain's indignation against the barbarian, or the captain really wants to bite the barbarian's ear. Eat crispy bones.

Gradually reaching the place where the ice cave is, Li Tian and the others are moving faster and faster.

"Brother Tian, how do I feel as if you know this place! There is no map, and no radar. Why are you walking straight towards this ice cave?" Although the barbarian was slow, he could see some problems. , Asked suspiciously.

Situ Ningbing glanced at Li Tian, and saw a trace of excitement on Li Tian's face.

Yes, it is excitement. After receiving the news that Tang Xiaolong was still alive, Li Tian was always quite excited. Especially after returning to this place here, Li Tian's mood was a little different.

Although dog blood, Li Tian hopes that this dog blood will be more.

No, this can be said to be a miracle. Li Tian hopes that this miracle will happen to him as many times as possible. Li Tian hoped that his father Li Kuafu, as well as Ghost Servant, Aunt Hua, Xue Wuhen, etc. could all be resurrected miraculously, although Li Tian also knew that this was almost impossible!

Li Tian is already very happy that Tang Xiaolong is alive!

"Barbarian, your sister Ningbing and I have indeed been here. Here, there are many of my good brothers, relatives, and seniors! But they are all gone now! When I have a chance in the future, I will slowly tell you how So, the legendary story that happened to me, Li Tian, so that you can write a book for Li Tian, hahaha," Li Tian said with some joy.

Seeing Li Tian's mood much better, Situ Ningbing was also a little happy.

"Li, when we finish dealing with the complicated and trivial matters in the world, we will find a place to live in seclusion with Shiqing, Duanmuying, and Xueji! Let the barbarians carry forward the Tianmen, you will be your master and your disciple Let's keep advocating your great achievements outside!" Situ Ningbing said jokingly.

"Okay! Hahaha, I hope this day will come soon!" Li Tian said excitedly.

Entering the ice cave, there is no wind and snow in the ice cave. The temperature is a bit higher than outside. The captain has gradually adapted to the cold. Although he is still a little stiff, he can

already walk down on his own. Li Tian waited for a few people. Quickened his pace and continued to walk into the ice cave.

After walking for a few minutes, some corpses gradually appeared in the ice cave. These corpses died in different ways.

"Li, it seems that someone arrived at this ice cave earlier than us, and fighting has already begun, we have to be more careful!" Situ Ningbing asked Li Tian.

Li Tian nodded, but he was a little anxious. Although he didn't know where Tang Xiaolong was and what his condition was, Li Tian was still a little worried about Tang Xiaolong, so he quickened his pace and continued to gallop into the ice cave.

...

In the ice cave, Yang Qingyun, the red blood, the two of the Yin and Yang gate, the mysterious female lily, and the leaders of four or five organizations are forming a big circle. These people each hold weapons in their hands and are hostile to each other. Don't dare to act rashly.

There are not only the core cadres of the ten major legions, but also the local snakes in the northwest region, and these people are fighting each other, so for a time everyone actually formed a deadlock!

Chixue sneered and glanced around, and found that the three members of the top ten legions were more difficult to deal with. Although the others were also quite tricky, they had not been put on Chixue's heart.

"City Lord Yang! Are you interested in joining forces with my brother and I to kill all these people together! As for the rewards of the corpse kingdom, our two organizations can fully share resources and jointly develop the research and control of zombies!" Yang Qingyun said.

Red Blood and Sunset Fortress join forces?

How can this be!

Yang Qingyun has only one purpose, and that is the ninth-level corpse crystal. In this case, how could Yang Qingyun join hands with Scarlet Blood, and Scarlet Blood and Sunset Fortress are now immortal, so Yang Qingyun would not let him go stupidly. Isolated.

Therefore, Yang Qingyun rejected the proposal of Scarlet Blood for some reason.

"You haven't found the old four elephants, you started to kill each other, is it too early!" The leader of one of the organizations said angrily.

"What are you looking for the old man in Sixiang?" Suddenly a cold man's voice came out from the deeper ice cave.

Chapter 3314: Decisive battle on the top of Tianshan Mountain (2)

The man who came out of the ice cave was Tang Xiaolong, Li Tian's brother. However, Tang Xiaolong at this time was very different from the previous Tang Xiaolong.

Before Li Tian left the earth, after Tang Xiaolong was swallowed by the magic power of the **** gate master, Tang Xiaolong's body became black and black, and because of the magic power of the **** gate master, Tang Xiaolong's body was also Was reduced by a few inches.

This is what Tang Xiaolong looks like now, his height is a little shorter, and he is also a little thinner. The black and black on his body have turned into dark gold, shining with a metallic luster!

And after this life and death, and three years of hard work in the ice cave in the sky, Tang Xiaolong's temperament and personality have also undergone great changes. His words and deeds, every deed, are full of coldness, and every word can be Ice fell into the bones of others.

No matter who it is now, seeing Tang Xiaolong at this time will not equate Tang Xiaolong with the previous Tang Xiaolong. In the eyes of Chi Xue, Yang Qingyun and others, Tang Xiaolong is like a human at all, more like a human It is a cold machine.

However, Tang Xiaolong's body has the aura of a strong man, and even more evil, devilish, and domineering!

Seeing Tang Xiaolong's body exuding a strong breath, Scarlet Blood, Yang Qingyun and the others were slightly startled, and even trembled involuntarily, becoming full of vigilance towards Tang Xiaolong.

Almost in an instant, Crimson Blood, Yang Qingyun, Baihe and others all aimed their weapons at Tang Xiaolong! Aimed at this strange visitor in the Tianshan Ice Cave!

"Who are you? Why are you here?" Scarlet Blood asked warily.

Scarlet blood can guarantee that he was the first to rush into the ice cave. After he rushed into the ice cave, he did not walk many meters before seeing that there were actually two gates with ice sculptures in the ice cave. There were a series of gates on these two gates. Weird symbol.

And Scarlet Blood was also the first to break through the frozen gate and enter the ice cave hall, followed by Yang Qingyun and the mysterious female Lily.

In other words, the thin black man in front of him already existed in this ice cave before the arrival of the scarlet blood!

"Who are you? Why did you trespass into the Tianshan Ice Cave?" Tang Xiaolong ignored the question of Scarlet Blood and continued to ask with a grim expression!

No one spoke. The Red Blood and the others even stepped back slowly, forming a situation of more to less, but after all, the Red Blood and others are not members of an organization, and they have kept a sufficient distance between them. Others also retained a vigilance.

"You can choose to be silent, but I will keep you silent forever!" On Tang Xiaolong's dark face, a sneer appeared, and then he rushed out from the depths of the ice cave, like a small tank, running rampant, completely Ignoring the others, he slammed a punch directly at Scarlet Blood.

Tang Xiaolong's speed is not fast, it can even be said to be a little slow, but this seemingly slow movement, Scarlet Blood has no way to avoid it unless he moves closer to the leaders of other organizations.

"Humph! Let me learn about the strength of your black charcoal!" Chi Xue sneered, without or without the slightest retreat, and instead of retreating, he stretched out his palm and sucked at Tang Xiaolong. Scarlet blood was like A sharp arrow rushed towards Tang Xiaolong.

The palms of scarlet blood, Tang Xiaolong's fists, the two met in midair.

A fist and a palm intersected, making a loud noise.

"boom!"

Tang Xiaolong stood in place, his body did not move at all, but the red blood was blasted by Tang Xiaolong.

"Who is this person? Why does he appear in this ice cave? Why does this person have such a strong attack power?" Scarlet blood was blown away, and three doubts arose in his heart.

However, Scarlet Blood is not a simple character. He is naturally not Tang Xiaolong's opponent than Power, but while his body is still in the air, Scarlet Blood turns around continuously, and his body moves back elegantly, as if he was using Tang Xiaolong's fist strength was generally retreating.

And it couldn't help being so, Scarlet Blood was even flying upside down in the process of flowing, stretched out his left palm, and directly sucked the leader of an organization to his side.

"Huh!" With a sound, Scarlet Blood showed his Scarlet Blood Sword, holding the sword in his right hand, and directly inserted the Scarlet Blood Sword into the chest of the little boss.

"Puff!" With a sound, this little boss was still serious about Tang Xiaolong's offensive power, before he even reacted, he became a bloodless soul under the sword.

Yang Qingyun and the others were shocked. They didn't expect the strength of this black lump to be so powerful, let alone that Scarlet Blood could take this opportunity to kill the leader of an organization.

In this way, everyone is at risk, and they must be alert to black bumps and **** sneak attacks.

And the red blood?

"Hahaha! You black charcoal piece cooperates well with me! But now let me see how long you can support under my sword." The red blood cut the small transparent with a sword, and the body fell to the ground. Without standing firm, he immediately attacked Tang Xiaolong with a sword.

And what about Tang Xiaolong?

After blasting the scarlet blood with a fist, Tang Xiaolong was stunned and muttered to himself: "Is this the function of the tenth refining body? In three years, I was only the tenth refining body. The magic power has only reached the third level, and I didn't expect to have such a powerful attack power!"

Ten levels of body training, one of the magic skills, allows the body to undergo ten levels of tempering. With each level of tempering, the body needs to suffer tremendous pain. The skin, bones, and veins of the body need to be broken and then stand, just like Nirvana Phoenix Same, rebirth after death.

And every time after such a rebirth, the cultivator's body muscles are improved, and the strength will be doubled.

When Tang Xiaolong was just resurrected, his veins were broken, and all his previous cultivation bases were reduced to ashes. And at this time, Tang Xiaolong discovered that there was a magic technique called Tenfold Bodybuilding and a few pages of letters on the ice bed when he woke up.

These few pages of letters were left to Tang Xiaolong by the elder of the Four Elephants, telling Tang Xiaolong that they had rescued Tang Xiaolong, and told Tang Xiaolong that they had gone to the gate of the restricted area to find the truth.

If Tang Xiaolong wants to leave the Tianshan Mountains, he must cultivate to the seventh level of the ten-fold refining body to break through the frozen gate they left behind, or someone will use external force to destroy the frozen gate, otherwise Tang Xiaolong It takes a lifetime to guard the top of the Tianshan Mountain, guarding the Tianshan Ice Grotto for the four elephant elders.

What is the truth? What truth did the Sixiang elder look for again? The letter didn't explain it, and Tang Xiaolong naturally couldn't know it.

And Tang Xiaolong also tried to open the frozen gate left by the four elephant elders from inside, but he said that he could not shake the frozen gate at all.

Tang Xiaolong didn't know that Li Tian had already passed through the gate of the restricted area to another world, and he didn't know whether the Cthulhu, **** gate master and others had died! Tang Xiaolong only said that the four elephant elders were protecting him. Therefore, Tang Xiaolong was patient and began a long training on the top of Tianshan Mountain.

Chapter 3315: resurrection

In three years, Tang Xiaolong cultivated this tenfold body to the third peak state. .

Although it was only the third level of cultivation base, Tang Xiaolong found that his cultivation base was already very powerful, and this punch was at least powerful.

And with Tang Xiaolong's practice, after Tang Xiaolong began to practice these ten levels of body training, his body began to undergo earth-shaking changes.

Tang Xiaolong discovered that his body had a metallic texture to the touch. Tang Xiaolong was a little scared at first, but the ten-fold training brought Tang Xiaolong a powerful feeling, but Tang Xiaolong couldn't stop it.

Faced with the scarlet blood sword attack, Tang Xiaolong didn't have the slightest fear. He sneered hahaha, his body leaped forward, and punched the scarlet blood sword.

"Looking for death!" Chixue sneered, this sword pierced out, and there was no trace of muddy water, and Chixue also believed that his sword could definitely chop off the entire arm of the black charcoal in front of him.

"Bah!"

Sure enough, as Red Blood expected, Tang Xiaolong's fist was cut into a wound by the Red Blood Sword under the attack of this sword. Red blood flowed out along the wound and dripped onto the Red Blood Sword. It dripped onto the light blue ice cave, and it seemed so shocking.

However, the scarlet sword of scarlet blood still did not chop off Tang Xiaolong's arm, and it could even be said that even the bones of Tang Xiaolong's arm were not injured.

"So strong! So strong, so strong physical defenses. To a certain extent, this kid in front of him has at least the strength of a ninth level or even higher level zombie!" Chi Xue thought in his heart.

"Boom!" With a sound, the Scarlet Blood Sword was blasted into an arc by Tang Xiaolong's fist strength, and Scarlet Blood once again leveraged its strength to bounce back.

Seeing the red blood bounced out, other people evaded one after another, and even aimed their weapons at the red blood, preparing to do something on the red blood.

"Hey, where to go!" Tang Xiaolong was injured for the first time in three years. This kind of minor injury not only did not make Tang Xiaolong fear, but stimulated Tang Xiaolong's desire to attack. Tang Xiaolong did not stop at all, and directly chased the scarlet blood. Blasted a fist.

Ten-fold training was originally a magic skill, and it was a special practice method selected by the four-xiang elder according to Tang Xiaolong's body. How could this person who practice magic skill be afraid of blood!

With Tang Xiaolong's move, Crimson Blood and the others immediately discovered that Tang Xiaolong's moving speed was not slow, especially Tang Xiaolong's instantaneous burst speed, even far beyond the speed of everyone present.

"Hehehe!" Tang Xiaolong felt the agitation of the blood in his body, felt the great stimulation of the wound on his fist, and laughed involuntarily.

Tang Xiaolong sneered, in the entire Ice Cave hall, Tang Xiaolong's bohemian sneer echoed everywhere, making other people shudder.

"boom!"

"boom!"

"boom!"

Tang Xiaolong opened his bow at the same time with his left and right hands, and the fists of his left and right hands blasted towards the scarlet sword like raindrops.

Following Tang Xiaolong's attack, Tang Xiaolong's left and right fists were already scarred, blood splashed all over, splashed onto Tang Xiaolong's arms, body, and face, and Tang Xiaolong was like a bloodthirsty monster. no response.

"Crazy! Don't think about your own harm at all, attacking opponents unscrupulously, really a combat lunatic. Don't provoke this guy!" The mysterious female Lily thought in her heart.

"What the **** is this? Doesn't he know the pain? What's the matter with that perverted power and speed? Even if it is a level 9 zombie, right? This time you must hide farther away, not because of the scarlet blood. This idiot, Yang Qingyun is implicated in me!" Yang Qingyun went around directly, leaving a place for Tang Xiaolong and Scarlet Blood to fight.

"This black charcoal block should be a kind of magical skill, otherwise, how could he be so bloodthirsty, he went into crazy mode after seeing the blood! If this continues, I am afraid that the red blood will be in trouble!" The pig woman and the thin monkey man thought at the same time.

"Do you want to run...? Do you want to run...? There are both Scarlet Blood and Sunset Fortress, as well as the personnel of the Ten Legion, and such a perverted killer. I am afraid that I have not found the four old men. , We organizers are going to die here!" The leaders of several other organizations simultaneously thought.

"boom!"

"boom!"

"boom!"

Tang Xiaolong didn't mean to stop in the slightest, as he continued to bombard the Scarlet Blood Sword with one punch and one punch without reservation.

This punch was more than a thousand jins of force. Without a punch, it appeared that the scarlet sword hurt Tang Xiaolong's fist, but he knew in his heart that every time he punched, his entire arm would feel After a while, it was like a huge hammer hitting the Scarlet Blood Sword in his hand. With every punch, Scarlet Blood felt a surge of his chest.

In these short few minutes, it seems that the red blood has gone through half a century, and the black charcoal block has blasted at least three hundred punches, and the black charcoal block has no intention of stopping at all.

"Hehe! This feeling is really cool! Hahaha! Take it to death, you invaders!" Tang Xiaolong said with a crazy smile.

"boom!"

With another punch, Scarlet Blood only felt the Scarlet Blood Sword in his hand made a clear sound, as if the Scarlet Blood Sword couldn't stand the heavy hammer's multiple attacks, and it shattered.

"Impossible! It should be impossible..." Chi Xue thought in her heart: "Although my Scarlet Blood Sword is not the best, it is not an artifact, but this Scarlet Blood Sword is also the best sword made by the most powerful manufacturer in the organization. , How could it not stand the attack of this black charcoal block!"

"boom!"

With another punch, the Scarlet Blood Sword was not as strong as Scarlet Blood had imagined. Under Tang Xiaolong's attack, it was broken into very irregular pieces, and Scarlet Blood was only left with the hilt. Hold it in his hand.

Scarlet blood was shocked, and his whole body thought he had suffered a violent boxing, and was blasted into the ice cube with a punch by Tang Xiaolong.

"Impossible! Scarlet blood was defeated!" The others exclaimed at the same time.

"Tick!"

"Tick!"

Tang Xiaolong's arms drooped slightly, and the blood on his two fists kept dripping down. With a cold smile on the corner of Tang Xiaolong's mouth, he slowly walked towards the scarlet blood step by step.

"Now, let me know your life! Damn intruder!" Tang Xiaolong didn't take a step, as if it was a matter of utmost importance.

Scarlet Blood wanted to avoid Tang Xiaolong, but he found that his whole body was trembling, and he didn't have any strength at all!

"Are you going to die here?" Chi Xue's heart was full of panic.

And at this moment, Tang Xiaolong suddenly fell weakly to the ground, looking at the scarlet blood that was close at hand with some stray eyes.

Chapter 3316: Scarlet Blood vs. Yang Qingyun

"Hahaha!" Looking at Tang Xiaolong, who was close at hand, but had completely lost his strength and fell in front of him, Scarlet Blood suddenly felt that his body was full of power, and the joy of the rest of his life made Scarlet Blood laugh involuntarily. .

With a single force reduction for ten guilds, if Tang Xiaolong continues to attack so arrogantly and unreasonably, even if he still has more strength at the bottom of the box, it will not help.

But now, Tang Xiaolong unexpectedly fell in front of Red Blood, and Red Blood naturally unceremoniously prepared to rectify Tang Xiaolong on the spot.

"Fight with me with the scarlet blood, you are still not qualified! Let me send you to the west now! Hahaha" Scarlet blood stood up with a frantic smile, and walked towards Tang Xiaolong slowly.

"Red Blood, die!"

The Scarlet Blood Sword was shattered by Tang Xiaolong, and Scarlet Blood's body was also affected to a certain extent. Among all the people present, Yang Qingyun was the happiest.

Yang Qingyun screamed almost when Scarlet Blood was laughing wildly, and had already shot towards Scarlet Blood.

Many people, including many core cadres in the Sunset Fortress, don't know how strong Yang Qingyun is, but those who have fought against Yang Qingyun and have survived. The evaluation of Yang Qingyun is bleak, and so is Wugong. Full of evil.

Yang Qingyun didn't have a weapon in his hand, and rushed towards Scarlet Blood with a fist.

"Hiss!" With a sound, Yang Qingyun's punch was full of power, and even directly pierced the sleeve of his protective suit. After tearing the sleeve of the protective suit, Yang Qingyun's entire right arm was exposed. .

The bones are dense, there is almost no trace of flesh and blood on them, and the bones are filled with tiny holes, and in the middle of his palm, a thumb-sized hole leads from the bone of the hand to the arm.

Although Yang Qingyun clenched his fist and blasted towards Scarlet Blood, when he attacked, his fist drove the surrounding air into these wind eyes, and then drilled out of the small holes in his arms. This in and out, The cold scream like a scream of a screaming ghost, it makes people bleak in the ears.

"What is this? Why did Yang Qingyun's arms be like this?" The mysterious female Lily was shocked, wondering why Yang Qingyun's arms appeared like zombie bones.

Seeing Yang Qingyun's white arms, the eyes of the fat pig woman and the thin monkey man from the Yin Yang gate lit up at the same time, and then looked at each other.

"Zombie!" the two said in unison.

The gatekeeper of the Yin-Yang Gate is a character who has integrated the ninth-level corpse crystal, and the gatekeeper of the Yin-Yang gate is fused with the ninth-level corpse crystal.

Therefore, the gatekeeper of the Yin-Yang gate has various attributes of zombies. The body can be zombie at will, and the thick bones become an attack weapon, which is also one of the special attributes of zombies.

By a coincidence, Fei Zhupo and the thin monkey man had also seen the performance of the master of the Yin Yang gate. Therefore, when Yang Qingyun showed his arm, the fat pig woman and the thin monkey man immediately felt This feeling.

"Sure enough! Yang Qingyun, you have been pretending to be a ghost for the past three years, but you just want to conceal the fact that you are a zombie!" Red Blood had long expected that Yang Qingyun would not be able to ignore him. After seeing Yang Qingyun attacking him, Red Blood He stretched out his right palm and launched an attack suddenly.

Seeing Scarlet Blood stretch out his palm, Yang Qingyun sneered!

"It's too late!"

The scarlet blood without the Scarlet Blood Sword is like a tiger without teeth. This is Yang Qingyun's definition of scarlet blood, and Yang Qingyun's true strength has always been reserved. The mysterious black charcoal that suddenly appeared has been sitting on the ground. , Red Blood's body also suffered a certain amount of damage. Among all the people present, Yang Qingyun felt that he was the most powerful. In this case, Yang Qingyun felt that he didn't need to cover up!

"Out!"

Following Yang Qingyun's scream, Yang Qingyun's body suddenly began to swell, his protective clothing was shattered in an instant, the clothes shattered, revealing Yang Qingyun's naked skin.

"Blap!" "Blap!" "Blap!" With a crackling sound, bones crackled out of Yang Qingyun's body. In a flash, Yang Qingyun turned into a bone surrounded by white bones. Monster.

If you look carefully, you will find that the white bones on Yang Qingyun's body all have tiny holes.

"How is this possible?"

"City Lord Yang turned out to be a zombie?"

The leaders of several other organizations who had been frustrated by the battle between Tang Xiaolong and Scarlet Blood just now were completely shocked after seeing Yang Qingyun's zombie. They stared at Yang Qingyun dumbfounded, but they didn't go wrong for a while. .

At the moment when Yang Qingyun turned into a zombie, his white bone fist started to change frantically, and his five white bone fingers were like five awls, thrusting into the blood.

The Scarlet Blood did not give the slightest retreat. He opened the palms of both hands and aimed at Yang who had already attacked him.

"Boom!" With a loud noise, the scarlet blood spurted out two zhenqi in the hands of his arms. After the two zhenqi spewed out, they immediately blasted towards Yang Qingyun.

Following the spouting of these two true qi, Scarlet Blood's two arms slumped weakly, and his two arms immediately swelled up at a speed visible to the naked eye, swollen like trotters.

"Huh! I actually forced Red Blood to use my life-saving trick! This one must kill you Yang Qingyun!" Red Blood sneered.

The two zhenqis passed through the white bones that Yang Qingyun stabbed like a substance.

Yang Qingyun only felt that his white bone claws had entered a cloud of high temperature steam, and a biting pain made Yang Qingyun unbearable.

However, at this time, the bone claw is no more than ten centimeters away from the chest of the red blood. As long as the bone claw is stretched a few times in the usual way, Yang Qingyun can detect the red blood, can seriously injure the red blood, and even solve the northwest area. The biggest opponent.

Although Yang Qingyun felt the pain in his white bone claws unbearable, but he did not give in the slightest.

"Bah!" With a sound, the bone claw passed through the two true qi, and then the blood came closer.

And just after this miss, Yang Qingyun's bone claw was twisted at that instant, and the bone claw that Yang Qingyun handed out was like steamed fried dough sticks, and immediately bent down softly.

"Opportunity!" Scarlet blood immediately stretched out his arm again, and took a breath at the two true qi, "Whoo!" With a sound, the two true qi returned to Scarlet blood, and Scarlet blood grabbed Yang Qingyun abruptly. The bone arm that was already soft and squat, used his best to tore the squishy bone arm from Yang Qingyun's body!

"No!" Yang Qingyun let out a scream, and his body began to tremble.

Scarlet Blood still wanted to continue to attack, thinking of killing Yang Qingyun with one blow.

"Puff!" With a sound, Yang Qingyun's broken arm and shoulders unexpectedly grew a brand new white bone arm. As soon as this white bone arm grew, it immediately inserted into Scarlet Blood's body.

Chapter 3317: Fire off

"Hey! Yang Qingyun, if you want to hurt my Scarlet Blood, it's still not qualified!" I saw Scarlet Blood's two swollen and trotter-like palms, two zhenqi stretched out from his left and right palms at the same time. Halfway out, and these two true Qis were completely surrounded by the bone arm that pierced him again.

Yang Qingyun felt the red blood's true energy hurt his white arm again, but Yang Qingyun was the boss of the sunset fortress after all, and his true strength could not be nothing more than that.

Corpse transformation means possessing the attributes of a zombie, especially if someone like Yang Qingyun already has the strength of the eighth-level zombie peak, how could he worry about an arm?

Yang Qingyun sneered, and unexpectedly stretched out a bone tail from behind. This white bone tail drew towards the scarlet blood like a whip.

On the bones of the tail, there are also those tiny holes. With this twitch, the speed is extremely fast and the intensity is extremely strong, making a sound like a devil's cry in mid-air.

If this whip draws the scarlet blood, even if it can't draw the scarlet blood into two pieces, I am afraid it can cause the scarlet blood to be seriously injured.

Yang Qingyun was able to figure this out, and Scarlet Blood naturally understood that in the face of Yang Qingyun's Bone Tail's attack, Scarlet Blood dared not be careless.

"Huh!" Scarlet blood snorted coldly, gave up Yang Qingyun, and stepped back seven or eight steps, avoiding the attack of the bone tail.

"Yang Qingyun, you can't help me at all!" Scarlet blood avoided Yang Qingyun's attack, made a helpless expression, and continued with a sneer: "Now your zombie identity has been completely exposed, and your strength is also It has been exposed. If you don't kill all of us here, your identity will naturally be spread. At that time, the dawn organization of bounty hunters will follow you like a tarsal maggot. You. Don't even think about being the boss of Sunset Fortress, even if you want to get involved in human society, it is completely impossible!"

Scarlet Blood was right. Unless Yang Qingyun killed all the people here, Yang Qingyun himself would be in serious trouble.

"However, I have always been merciful to my Scarlet Blood, and I can't bear to see you and my lifelong enemy will live so embarrassed. Why don't you think about my proposal just now. We Scarlet Blood and the Sunset Fortress will join forces. All the people here are beheaded, and then find out the whereabouts of the four old men together. As for the rewards, hahaha, we can share resources. If we can control a few more advanced zombies, I believe this will be good for your City Lord Yang's zombies. Strength is also of great help!"

The red blood deliberately emphasized the word zombie, and it also hinted to Yang Qingyun that if Yang Qingyun did not know the current affairs, then as long as his red blood was removed from this Tianshan mountain, it would definitely expose Yang Qingyun's true identity.

"Cooperation? Interesting!" Yang Qingyun said.

But what Yang Qingyun thought in her heart was: "Do you think Scarlet Blood is qualified to cooperate with our Sunset Fortress? Scarlet Blood is notorious. His subordinates are either criminals or dead perverts. What do you use to cooperate with my Sunset Fortress! Me! As long as Yang Qingyun cooperates with you in red blood, we will now behead the others, and then slowly clean up you!"

As of now, Yang Qingyun hasn't come up with his real assassin, and this is a real assassin, and Yang Qingyun naturally intends to stay at the end and use it when fighting against the scarlet blood alone.

But in the heart of Scarlet Blood, it was basically the same as Yang Qingyun, Scarlet Blood and Sunset Fortress were already an endless situation, and it was completely nonsense to talk about cooperation.

Now, for the common goal, they are standing on the same front for the time being. Once the others are eliminated, Scarlet Blood will definitely fight Yang Qingyun to the death.

The leaders of several other small organizations have slowly begun to move towards the exit of the ice cave.

"Hmph, now that you have entered the Tianshan Mountains, why not take a good tour of the magnificent landscape of the Tianshan Ice Grotto? Why do you have to go in a hurry!" Yang Qingyun stepped into the cave at the exit of the ice cave and stopped the leaders of the organization. Said with a sneer.

"Yang...City Lord Yang, we didn't see anything, let us go out, we promise not to reveal the slightest thing about you!" One of the leaders stammered.

"Idiot, if I beg him to be useful, why do you want the weapon in your hand! Since Yang Qingyun, the bereaved, chose to join hands with Scarlet Blood, he definitely didn't think about letting us go!" The leader of another organization had already taken his hands. The weapon was aimed at Yang Qingyun, preparing for a death fight.

"Yes! Instead of waiting for the enemy's mercy, it is better to trust the sword in our hands!"

"Bang!" With a gunshot, a bullet hit Yang Qingyun's white cheek directly. The other bosses looked back, and it turned out that Zhou Wen, the boss of Gunshenshiji, took the lead to launch the attack.

Zhou Wenlai thought that he attacked unexpectedly. He took Yang Qingyun down with a single shot, but when a bullet hit Yang Qingyun's white cheek, it only made a little finger-sized pit on Yang Qingyun's white cheek, and the bullet also fell. When he got on the ground, Yang Qingyun's eyes widened immediately by the hardness of Yang Qingyun's white bones.

"No...no...I'm sorry! The fire went off!" Zhou Wen said in horror as he watched Yang Qingyun glaring at him.

Zhou Wen's idiotic remarks made the little bosses of several other organizations almost laughed, and several people thought at the same time: "Idiot, how can you go wrong in this situation? Are you a three-year-old kid when Yang Qingyun?"

"Okay! Since it's an accident, then I'll let you go! But you have to redeem your merits first, and kill a few leaders of other organizations to prove that you don't want to be an enemy of my sunset fortress!" Yang Qingyun sneered. Said.

"Damn, no, Yang Qingyun actually believes that Zhou Wen has gone wrong?"

"Bang!" With a sniper rifle, a black hole appeared in the eyebrows of the leader of the organization that was the first to escape. Plasma slowly flowed out of the black hole, and the leader of that organization had been captured by Zhou Wenyi. The gun fell!

"Hahaha! Interesting, interesting!" Chixue said with a sneer: "You play first, I will deal with this black charcoal first, and then I will play with you!"

Scarlet Blood drew a handful of military thorns from his body, step by step, slowly walking towards Tang Xiaolong.

But Tang Xiaolong was lying on the ground, except for his two eyes, the other parts of his body could not move at all!

Tang Xiaolong was not afraid of death. After all, he was already a dead person, but Tang Xiaolong felt very aggrieved, because he had not seen Li Tian again, nor could he complete the mission left to him by the four elephant old man!

The scarlet army thorn had already pierced Tang Xiaolong's neck, and Tang Xiaolong closed his eyes weakly.

"Goodbye, brother, I will be your brother in the next life!"

Chapter 3318: My brother (1)

"Plap!" A crisp soft whip sounded, and a soft whip directly struck Scarlet Blood's arm, making Scarlet Blood's raised army thorns unable to pierce an inch forward!

"Sakura Legion!" Scarlet Blood saw that the shot turned out to be the mysterious female lily of the Sakura Legion who had been standing by the side watching the show.

"Although I don't know what this black charcoal block is to Li Tian, but if you want to move him, you have to step on my Lily's body!" The mysterious female Lily shrugged charmingly, shaking her breasts. Said with a smile.

When the mysterious female Lily was in Kyoto, I also heard other core members tell Li Tian's legendary stories, especially when I heard that Li Tian's brothers generously went to justice in order to organize the **** gate master. I heard that the mysterious female Lily was right. Li Tian and his brothers and relatives are full of admiration.

And before the mysterious female Lily returned to the sunset fortress this time, Duanmuying told the mysterious female some things that happened on the Tianshan Mountain, including the things of the four elephant elders.

When Tang Xiaolong swears to guard the ice cave hall and guards the old man of the four elephants, Lily feels that Tang Xiaolong may have a special relationship with Li Tian.

Therefore, when Scarlet Blood was about to attack Tang Xiaolong, the mysterious female Lily launched an attack without hesitation.

"Li Tian..., are you my brother's new woman? I'm Tang Xiaolong, a good brother of Li Tian!" Although Tang Xiaolong could not move, his mouth could still speak. He saw the mysterious woman Lily came to the rescue, and after saying this, she was immediately moved, and she wanted to get scared now and hold the thigh of the mysterious female Lily and call her sister-in-law!

"Li Tian's new woman? Haha, how many women does Li Tian have? When did I have such a coquettish woman! I am Duanmuying's subordinate!" The mysterious female Lily said with a burst of laughter.

"If Duanmuying or the old man Wuji are here, I might be scared with Scarlet Blood, but your lily is just a cadre who has been distributed, and it is not in my Scarlet Eyes! Why not become my Scarlet Blood's plaything! "Red Blood suddenly stretched out his palm to the mysterious female lily.

The mysterious female Lily only felt her body drifting towards Scarlet Blood involuntarily, and as her body moved, the soft whip that had been entwined around Scarlet Blood's hand was also thrown away by Scarlet Blood!

"Pop!" When the mysterious female Lily flew towards Scarlet Blood, she shook her soft whip and drew towards Scarlet Blood's head.

"Hahaha!" Scarlet blood threw the army thorn in his hand to the ground, reached out and grabbed Lily's soft whip, and pulled Lily directly into his arms.

And Scarlet Blood directly stuck the mysterious female Lily's neck with his right hand, and completely controlled the mysterious female Lily in his palm, while his left hand actually grabbed the two plump meat **** on the mysterious female Lily's chest.

"Hmph!" The mysterious female Lily snorted coldly, and dropped the soft whip. Her body was as soft as a water snake. She actually wrapped herself directly on Scarlet Blood, while his left and right hands grabbed Scarlet Blood's arm at the same time.

Scarlet Blood suddenly remembered the mysterious female lily's ability, was shocked, and suddenly launched an attack, directly spraying the mysterious lily again.

The mysterious female Lily backed more than ten steps in a row before she stopped when she hit the wall of the ice cave. Lily only felt that her chest was hurt by a burst of infuriating blood from the palm of her hand. There was a sharp pain in her chest. He fell to the ground involuntarily and coughed loudly.

"Suddenly I remembered, if I was entangled in you by this demon, my blood would not be sucked into flesh by you! It is a pity that such a coquettish and plump woman has such a **** ability, it is really heartbreaking. Endless!" Scarlet blood said with a look of regret, but soon Scarlet blood turned into a lascivious smile again, and continued: "However, after you die! Hahaha, you When this body is still warm, it should also have another taste! Hahaha..."

"Shameless!" the mysterious female Lily said angrily.

"Shameless or shameless, none of this matters. I enjoy your body with scarlet blood, oh no, the corpse is the most important thing!" Scarlet blood smiled unscrupulously, and while scarlet blood was joking, he had already picked up the army thorn. , Walking towards Tang Xiaolong again.

"Li Tian's brother, yes, yes, Li Tian killed my scarlet brother, then I will kill one of Li Tian's brother today, and the last Li Tian's new woman, so that everyone will be even! "The scarlet blood pierced Tang Xiaolong's chest slowly with a military thorn, and said with a sneer.

Tang Xiaolong had gone through three levels of training before the ten-fold refining, and now his body had some metallic texture. Even if the scarlet blood used a sharp army thorn, it would not be able to pierce Tang Xiaolong's heart completely for a while.

There was no pain on Tang Xiaolong's face. He could feel the military thorns gradually pierce his skin, and bright red blood flowed from the wound, dripping down his body. At this time, a piece of Tang Xiao's body was already dripping. Blood stains.

"How? Slowly accept the sanction of death, this kind of feeling must be very refreshing!" Scarlet blood said coldly.

As soon as Scarlet Blood's words fell, suddenly, "Swish!" With a sound, a knife shadow rushed into the entrance of the ice cave guarded by Yang Qingyun, cut off some of Yang Qingyun's dense white bones, and flew towards Scarlet Blood's arm.

Scarlet Blood hurriedly let go and backed away, avoiding the attack of "Red Slash".

Seeing "Hong Zhan" Chixue floating around Tang Xiaolong's body and Yang Qingyun looked shocked, they called out a name in unison: "Li Tian?"

"Who dares to touch my Li Tian's brother, first asked me about Li Tian's Hong Zhanxian!" As soon as Li Tian's voice fell, he saw Li Tian slowly appear in the ice cave with Situ Ningbing, the barbarians and the captain. Of the Great Hall.

"Li Tian?" The mysterious female Lily said with joy.

"Brother Tian! Brother Tian...I Tang Xiaolong is still alive...oooo!" Tang Xiaolong saw Li Tian and Situ Ningbing, suddenly there was a trace of strength on his body, and he crawled to Li Tian's. In front of him, holding Li Tian's thigh started crying surprisingly.

"Your sister, haven't you always felt cold? Why did you become like a woman as soon as Li Tian appeared, and you were crying, and more importantly, didn't you have no strength, didn't you feel completely relieved? Li Tian is like a chicken blood, full of power? If you have this ability, don't let me rush in!" The mysterious female Lily rushed up to give Tang Xiaolong a few slaps, her heart said full of dissatisfaction.

"Who...who are you?" Li Tian saw a little black monkey holding his thigh, crying violently, and suddenly couldn't accept Tang Xiaolong's changes, and asked in confusion.

Chapter 3319: My brother (2)

"Brother Tian, I am Tang Xiaolong! Woo, I thought I would never see you again! Woo" Tang Xiaolong hugged Li Tian's thigh tightly, crying like a woman.

Although Tang Xiaolong has changed greatly, how could Li Tian not know him! As early as when Li Tian entered the ice cave hall, Li Tian felt a pain in his heart. Therefore, Li Tian, Situ Ningbing, Barbarians etc. speeded up and rushed over.

Before entering the hall, Li Tian controlled the "Red Zhan" to fly out, and flew out according to the feeling in his heart. When Tang Xiaolong was crawling and holding Li Tian's thigh, Li Tian recognized at a glance that this thin black man was his good brother Tang Xiaolong!

Good brother, there is this life but not the afterlife. If it were not for Tang Xiaolong's resurrection by coincidence, Li Tian would have been separated from Tang Xiaolong.

Seeing Tang Xiaolong's familiar feeling and familiar taste now, Li Tian's heart was full of emotion. Li Tian pulled Tang Xiaolong up and gave Tang Xiaolong a strong hug! "Little dragon! My dear brother, you really are alive! This is really great!"

This hug is the first hug of two men after more than three years!

"Brother God! I'm fine, I just miss you so much!" Tang Xiaolong cried and said.

"Good brother! It's great for you to have no facts!" Li Tian kept repeating these words, only feeling a burst of joy and a burst of rejoicing in his heart!

Seeing Tang Xiaolong and Li Tian embracing each other, the feelings of the two are so behind them, the barbarians behind Li Tian are quite jealous and envy.

"Brother Tian, when will my barbaric become a brother worthy of your embrace! Even if it is to let the barbaric die once, my barbaric is willing!" The barbaric stood behind Li Tian, holding the Qinglong knife, thinking with some envy.

"Brother Tian! I am trapped in this ice cave and can't get out. Otherwise, I will go out to find Brother Tian as soon as I am resurrected, and I will inevitably make Brother Tian worry about me!" Tang Xiaolong said reproachfully.

Li Tian let go of Tang Xiaolong, patted Tang Xiaolong on the shoulder, and said with a hearty smile: "Brother, it's great to see you again! It's Li Tian and I was careless. When I returned to

Tianshan, I thought that brother We all died in this Tianshan Mountain and didn't look for you carefully!"

"No! Brother Tian, it's Tang Xiaolong who is not up to date. My strength is too bad, and I always make Brother Tian worry about me." Tang Xiaolong said excitedly.

"Good brother! This time we meet, we will never be separated! However, you and my brother will reminisce about the past, let me kill one person first! First kill the **** who dares to do my brother to vent your anger!" Li Tian's murderous aura Gradually released, staring at Scarlet Blood in anger and said.

What Li Tian wanted to say was to kill a person, naturally he wanted to kill Scarlet Blood!

Brothers are like siblings. Whoever moved my siblings, I cut off his siblings, especially those with red blood, whether it was Red Wolf or Red Tiger, they were all beheaded by Li Tian. Therefore, when dealing with the scarlet blood, Li Tian is no exception, cutting his legs and killing people!

Li Tian had already taken control of "Red Zhan" and was ready to attack the Red Blood, but was stopped by Tang Xiaolong!

"Brother Tian, wait a minute! Give me this girl who is not male and female!" Tang Xiaolong said with a cold snort, pointing to the scarlet blood.

It is the first time that Tang Xiaolong has officially played against the red blood since he practiced the ten-fold refining. It can be said that Tang Xiaolong has not fully controlled the ten-fold refining, especially when the devilishness broke out, Tang Xiaolong is almost a fighting madman. , But in this way, Tang Xiaolong will inevitably lose his mind, and eventually fall behind when fighting.

Now that Li Tian appeared, Tang Xiaolong gradually recovered his physical strength, and he was thinking about playing well with the red blood, fully displaying his three years of cultivation, and let Li Tian also test his growth!

"Okay! Let me see Xiaolong's growth over the past three years! But don't force it!" Li Tian said caringly.

"Thank you, Brother Tian!"

Tang Xiaolong gradually calmed down from the excitement of seeing Li Tian, and slowly closed his eyes, only to hear his heart beating "puff through" and "puff through". The wound on his chest had stopped retaining blood, but the strong smell of blood still excited Tang Xiaolong!

Tang Xiaolong opened his eyes abruptly, the wound that had stopped bleeding broke again, and the fresh blood asked Tang Xiaolong to immediately enter a devilish state!

"You...fight me!" Tang Xiaolong's voice was as cold as frost, and the voice was full of coldness and evil, and it was full of an indisputable feeling!

Scarlet blood was startled, he didn't expect Tang Xiaolong to be able to fully recover his physical strength in such a short time, and the demon nature released from Tang Xiaolong at this time was stronger and stronger than before.

"Huh! Fight to fight, there is fear!"

Scarlet Blood was originally a villain. Tang Xiaolong wanted to break out because he said that he was neither male nor female. Now that Tang Xiaolong stretched out a finger and pointed directly at him to fight with him, he couldn't bear it anymore. It broke out!

"Drink!" Scarlet Blood screamed, both arms facing Tang Xiaolong at the same time, two qi spurted out of Scarlet Blood's arms and galloped towards Tang Xiaolong.

"Good coming!" Tang Xiaolong snorted coldly, his hands fisted, his body rushed towards the scarlet blood like a small tank!

The two true qi of scarlet blood are really powerful, they can soften the bones of Yang Qingyun's eighth-level peak zombie. If these two true qi are sprayed directly on an ordinary person, they can directly burn an ordinary person. dead.

But who is Tang Xiaolong? What kind of magic did Tang Xiaolong cultivate!

The ten-fold refining had already refined Tang Xiaolong's body into a metallic texture.

Therefore, when Tang Xiaolong threw a punch and passed through the two true qi, Tang Xiaolong immediately felt that his whole body seemed to have entered a melting pot, and the feeling of heat made the magic in Tang Xiaolong's body even more crazy!

"Hahaha! It's cool!" Tang Xiaolong was so crazy that he shouted the word "cool"!

But the facts are not as relaxed as Tang Xiaolong shouted. In between, Tang Xiaolong's body was constantly sweating. After the sweat leaked from the dark skin, he was immediately caught by the two truths of red blood. The super high temperature produced by the gas evaporates!

Tang Xiaolong's body made a "chuck" sound, and Tang Xiaolong's black skin turned into a faint red light.

"Hmph!" Scarlet blood snorted coldly, and he kept inhaling and spraying with his left and right arms, controlling these two true qi to surround Tang Xiaolong's body, and wanted to use his two true qi to directly trap Tang Xiaolong in two. Infuriated.

Situ Ningbing walked to Li Tian's side, and said to Li Tian with some worry: "The situation of Xiaolong seems to be bad now!"

Chapter 3320: Tang Xiaolong's breakthrough

"Brother Tian! Don't do it with you! This ladyboy must be solved by me personally!" Tang Xiaolong's face is full of painful expressions, but this pain is more enjoyable in Tang Xiaolong's body, because he is afraid that Li Tian will meet Worrying about him, Tang Xiaolong endured the pain and shouted at Li Tian!

Li Tianhui's eyes were like torches. He had already felt a kind of magic in Tang Xiaolong. He thought that the old man from the four elephants made Tang Xiaolong practice a magic skill based on Tang Xiaolong's actual situation. And Tang Xiaolong's metallic skin made Li Tian full of trust in Tang Xiaolong.

Tang Xiaolong's words were just like Li Tian's heart.

After hundreds of refining into steel, Li Tian guessed that Tang Xiaolong cultivated a type of body-refining magic power, and as long as it was magic power, he could not understand and explain it with normal thinking.

Although Tang Xiaolong is trapped in the two true qi of red blood, Li Tian feels that Tang Xiaolong is happy and enjoyable!

In this case, Li Tian's rash action was not good.

"Brother, I'll leave it to you! I'll kill that monster first!" Li Tian laughed and turned around, and controlled "Red Cut" to deal with Yang Qingyun.

Seeing Li Tian go to deal with Yang Qingyun, how can the captain be willing to fall behind.

The captain is a zombie, so he naturally needs to swallow the corpse crystal to advance, and the captain followed Li Tianji and swallowed a few 7-level corpse crystals in total, which is far from meeting the needs of the captain to become stronger, especially if you look at it. The weapons that came to Li Tian's side even shamelessly swallowed the corpse crystal, and the captain had long been thinking about the Jiegan Uprising in his heart.

When the captain entered the ice cave and saw Yang Qingyun's changing zombie monster, the captain's two eyes had already brightened.

It's a pity that the team leader's strength is limited. If she wants her to deal with Yang Qingyun alone, the team leader can't do it, but to cooperate with Li Tian and sneak a nearby attack, this is the team leader's special skill.

You can't let the nine-color corpse crystals on "Hong Zhan" and Li Tian take up all good things!

As soon as Li Tian joined the battle, Yang Qingyun immediately increased his pressure, especially when Yang Qingyun was slashed by a perverted weapon like "Red Slash," every time it hurt Yang Qingyun.

With the addition of Li Tian, the leaders of the other organizations who have survived are sincerely grateful to Li Tian, and they can't wait to kneel down and knock Li Tian a few heads, thank Li Tian for his life-saving grace!

"Manzi, don't froze, these little guys will be handed over to you!" Li Tian shouted at the manzi while controlling "Hong Zhan" to fight with Yang Qingyun.

"Xiao...? Your sister, how can we say that we are also the boss of an organization, how come Li Tian's eyes become Xiaoyou! Wait..., Li Tian didn't seem to want to let us go. !"

The leaders of several other organizations were grateful to Li Tian just now, and wished to be grateful to Li Tian, and now they jumped and began to scold him!

"Li Tian! You, Scarlet Blood and Yang Qingyun are all the same, and neither can die!"

"Li Tian, we really misunderstood you! Don't let me go out, otherwise I will issue a killing order, leaving you nowhere to stay!"

"I'll be a ghost and I won't let you go..."

"Drink!" Manzi, a vulgar man, handed the Qinglong knife, jumped up, and slashed at the fiercest guy who scolded Li Tian!

The leader of this organization has already raised the knife to block it, but the barbarian's Azure Dragon knife is a sharp weapon. The blade alone weighs tens of kilograms. With the strength of the barbarian's arms, it directly smashes the knife that is blocking the top of the head. half.

The Qinglong knife razed sharply into the boss's body.

"Dead!" Manzi sneered, lifted the **** Azure Dragon Knife, and said.

Since possessing the Azure Dragon Sword, the barbarian has greatly increased in strength, and he has also worked extremely hard in his cultivation. Now he has a faint tendency to surpass the captain.

Therefore, these little bosses of the Xiao organization would not be the opponents of the Barbarians if they fight alone. What's more, the **** Captain Zombie also jumped out of the battle circle with Yang Qingyun to assist the Barbarians from time to time, disrupting their attack rhythm. !

"Put down your gun, if your gun dared to go off fire, my army stab will slip!" Situ Ningbing suddenly appeared behind Zhou Wen, the commander of the gun **** warrior, and used the army stab to block Zhou Wen's neck. Said coldly.

"Sister, you must hold your military stab! I promise that it won't go off fire. This sniper rifle is like my body, how could it go off fire!" Zhou Wen said with a trembling voice.

"That's good! But my army stab is not a part of my body. I can't guarantee that I can't slip, so you'd better be honest!" Situ Ningbing said.

Let's talk about Tang Xiaolong.

Tang Xiaolong was in the red blood's two true qi, only felt the water in his body was constantly losing, and with this water loss, Tang Xiaolong felt that there were a lot of dark impurities around him also flowing out.

However, these dark impurities adhered to the surface of Tang Xiaolong's body after the sweat was evaporated. Therefore, in just a few minutes, Tang Xiaolong became even darker!

The black you can't find in the coal pile!

Chixue forcibly endured the pain of the numbness of the two arms, and sneered in his heart:

"Things that do not live or die, if the power of these two true qis are played to their extremes, they can even refining steel. You are such a dark black. The monkey really thought he was the impervious body of King Kong. But unfortunately, due to the limit that my body can withstand, I can't use this extreme situation now. If not, I have already turned you into a roasted monkey. !"

"But it doesn't matter. As long as I concentrate on fighting with my blood, no one has ever escaped from my two true qi!" said Scarlet blood coldly.

"Ah!" Tang Xiaolong let out a scream.

With this scream, Tang Xiaolong's originally thin body actually curled up a little bit. With this curling up, Tang Xiaolong's body began to shake wildly, and the black impurities that had just been attached to Tang Xiaolong's body Have fallen off!

A few minutes later, or a few seconds later, Tang Xiaolong's body suddenly "boomed" and there was a loud noise.

"Little black monkey, can't bear this kind of pain, let's die!" Chi Xue thought in his heart.

However, things did not develop in the direction that Chixue's heart had expected. After the dark impurities on Tang Xiaolong's body were gone, Tang Xiaolong's body turned dark gold completely, and the wound on his chest followed. With the intense temperature, a shocking mouth opened.

However, this wound turned out to be dark golden, and with the loud noise that occurred in Tang Xiaolong's body, this wound actually produced a suction.

And this suction force actually slowly sucked the two true Qi of Scarlet Blood into Tang Xiaolong's body!
