

## A Killer 3331

### Chapter 3331: Behind the scenes

At Sunset Fortress headquarters, in Yang Qingyun's office, Jia Youlong was sitting on a leather swivel chair, leaning back, his legs naturally resting on the desk.

Jia Youlong took a sip of cigarette and exhaled a ring of smoke, thinking he was quite handsome, showing an expression of enjoyment.

Behind Jia Youlong, Tudao Wei Wuzhen squeezed Jia Youlong's shoulders with a flattering expression, and asked with a smile: "Boss Youlong, are you satisfied with the strength of my massage?"

Jia Youlong was quite satisfied with Wei Wu's performance and couldn't help but smile and said: "Yes, not bad! It's a pity that you are not a woman, or you would be perfect! Hahaha!"

Since Jia Youlong returned to Sunset Fortress, it can be said that almost everything has developed in the direction he expected.

Jia Youlong quickly grasped the real power of Sunset Fortress, and those core cadres who returned to Sunset Fortress also expressed their surrender to Jia Youlong. Several people who still doubted why Li Tian wanted to kill Yang Qingyun had been handled secretly by Jia Youlong for various reasons.

After a week, Jia Youlong finally took the position of the city lord. Jia Youlong found that after he offered a reward for Li Tian, Li Tian did not appear in the sight of everyone. Jia Youlong guessed that Li Tian must have feared him, and he might even have escaped.

But this is just a guess, as long as Li Tian does not die for a day, Jia Youlong's heart is still uneasy. Therefore, after a week of banning foreigners, Jia Youlong decided to also free up his hands to deal with Li Tian's former subordinates!

Jia Youlong first chose Baijing in Luoxing satellite city and the world bounty hunter organization created by Baijing.

"Boss Youlong, is it not easy to want a woman? Now Li Tian has been offered a reward by the boss. It has been more than a week, and Li Tian dare not even show a shadow. Then, as Li Tian's former brother, take care of being Li Tianliu The women in the sunset fortress are not your duties, for example, Bai Jing, or Xue Ji!" Wei Wu said with a lewd smile on his face.

Wei Wu's words just said that Jia Youlong's heart was gone, and the corner of Jia Youlong's mouth couldn't help showing a knowing smile.

"Li Tian, don't blame me for being cruel, just blame your wings for being too plump, even if I have offered you a reward, but as long as your subordinates are still there, I am always upset! But it doesn't matter. It will make your world fall apart. When the world collapses, Bai Jing and the others will naturally choose to join my Sunset Fortress if they are acquainted. And Bai Jing, then I will be welcome. Next, I will deal with the zombies you stay in Sunset Fortress. The academy! As a result, my position in the Sunset Fortress will become more stable! Bai Jing and Xue Ji, I will take care of you first! Hahaha" Jia Youlong sneered in his heart.

However, Jia Youlong also has a thorn in his heart, that is, He Zhizhuo and Shelipuding, who he most trusted before, did not stand in his camp, and the \*\*\*\* baton man, which made Jia Youlong's overall victory a little bit so small. stain.

"Huh! Just send you a few to Luoxing Satellite City, let you guys reflect on it, and by the way, look at the super powerful thunder method, let you understand that Li Tian is gone, and now in the northwest region, I am in the sunset fortress. City Lord Jia is the well-deserved king!" Jia Youlong threw the cigarette \*\*\*\* on the ground, stomped on a foot, and said with a sneer.

...

"Bang!" A gunshot suddenly sounded, and a bullet roared through the gap in the crowd, and finally landed on Liu Dahong's head. Suddenly, blood splattered, and a bullet hole appeared between Liu Dahong's head and the center of his eyebrows, and Liu Dahong died resentfully on the ground of the compound without even seeing who fired the gun.

Everyone present was shocked, staring dumbfounded in the direction of the gunfire.

I saw Li Dan holding a sniper rifle, slowly walking down the steps, and said coldly: "Who said he is Liu Dahong? He is Liu Xiaoqiang, a bounty hunter who wants to quit the world and insult the world. That's it. For this kind of person, we have the world's own ways to deal with it, and we have no turn for others to intervene in the world's affairs. As for who dares to slander my world, then first ask about my rifle!"

Even Bai Jing didn't expect that Li Dan, who had always been relatively silent, would suddenly shoot, and the killing was decisive, without any muddle.

"Good job!" Huo Liantong, Xin Yan and others cheered at the same time.

"Hahaha, what an arrogant tone! Is this homicide? Even if you kill Liu Dahong, but the eyes of the masses are sharp, you will never get rid of the charge of accepting the Tianshan Wonderland traitors. Can you still take everything here? Can't kill everyone?" Duan Chaoqiang said with a sneer looking at Li Dan.

Li Dan sneered, and said disdainfully: "This is not killing people, it's not justification."

"As for the crime? Hahaha, extremely arrogant. A little head of Tianshan Wonderland wants to convict the world! Do you really think Tianshan Wonderland is Luo Xing's judge?"

"Since some people want to slander the world, want to show off before the sky, then the world will continue! Speaking of fists, the world has never been afraid of anyone!"

"Good! Good! Good!" Duan Chaoqiang showed a sneer at the corner of his mouth, and said three good words, and then said to the other bounty hunters in the world: "A good sentence, a little Tianshan Wonderland, a good sentence that the world has never I've been afraid of anyone. Since the world is so unreasonable, then Duan Chaoqiang doesn't have to reason with you! Since the world wants to speak with your fists, then I will use your fists to teach the world and let the world understand who is Luo. The owner of the star."

Although Duan Chaoqiang was ready to do it, he couldn't forget the task given to him by his new master Jia Youlong. Duan Chaoqiang looked around all the bounty hunters present, and then slowly said: "Everyone bounty hunters present, I, Duan Chaoqiang, put the words first. Since the world is unreasonable, then my Duan Chaoqiang can only kill with blood. Now the bounty hunter who has

retired from the world, my Duan Chaoqiang can open one side on the net and accept all of them into Tianshan Wonderland. Yes, then Duan Chaoqing can only deal with it with iron and blood!"

After speaking, Duan Chaoqiang waved his hand at the gate of the compound. The bounty hunters in Tianshan Wonderland who had been waiting outside the gate of the compound, armed with various weapons, immediately rushed in.

"Wow!"

As soon as these bounty hunters rushed into the compound, they immediately surrounded all the bounty hunters in the compound, and their weapons were aimed at the people in the compound!

Chapter 3332: Most righteous people are dog-killers

Seeing Duan Chaoqiang's wave of his hand, the bounty hunter No. 70 or 80 armed with the entire body rushed in from outside the courtyard. Even the pig knew that Duan Chaoqiang had come prepared. .

The bounty hunters who rushed in were all fierce and evil, making the world's already panicked bounty hunters a mess.

The bounty hunters all over the world showed horror on their faces, and they shrank into a circle without resistance, tremblingly took out their weapons, and faced the bounty hunters in Tianshan Wonderland!

"Head Duan, what do you mean? Bring so many people to my place, what do you want to do?" Bai Jingqiang asked with restrained anger.

"It's not interesting? Are you very good in the world? Don't you like to use force to speak? Now I will let you know the force of our Tianshan Wonderland! I will give you ten seconds to think about it. I opted out of the world and joined What about the Tianshan Wonderland? It's still a stubborn resistance and a pile of dead bodies!" Duan Chaoqiang said with a sneer.

"Ten, nine...!" Duan Chaoqiang was interrupted as soon as he counted two!

"Commander Duan, Commander Duan, our brothers are about to quit the world a long time ago. Just now, in order to quit the world, we even had some conflicts with the little lady Bai Jing. And before you came, I Baturu had already spoken. The Huangtian Bounty Hunter Organization was established. Now I, Baturu, is willing to disband Huangtian and merge all of them into the Tianshan Wonderland. I also ask Head Duan to raise your hand!"

Seeing the people Duan Chaoqiang had brought, Baturu knew that the overall situation was settled and immediately surrendered to Duan Chaoqiang! After speaking, Baturu threw the World Bounty Hunter badge that had been taken off on the ground, and stomped a few feet with his feet vigorously.

Baturu immediately led four or five people to imitate Baturu's actions, threw the badge on the ground, stomped a few hard, and then walked out of the crowd with a face of arrogance. , Stood behind Duan Chaoqiang!

"Okay! What about the others?" Duan Chaoqiang asked with the winner's smile on his face, his eyes slowly sweeping across the others.

"We have also withdrawn from the world and are willing to join the world in Wonderland." Seven or eight bounty hunters threw the world's badge on the ground and chose to stand behind Duan Chaoqiang.

"Brothers, the husband and wife are birds of the same forest. When the disaster strikes, they fly separately. Both husband and wife are like this. Besides, we are just ordinary bounty hunters in the world? Follow me to the leader of the section!" There is another reward. The Golden Hunter stood up, chose to stand behind Duan Chaoqiang, and shouted loudly to the bounty hunters in the world.

"Yes, we have only been in the world for a few days, so why do we need to take our own lives?" There were a dozen bounty hunters standing behind Duan Chaoqiang.

Duan Chaoqiang was very satisfied with this result. The smile on his face has not disappeared. Duan Chaoqiang sneered in his heart and thought: "It seems that the world is just like this. There is no need to use many methods to make them all succumb. Worried!"

Seeing the bounty hunters taking off the badges of the world one by one and throwing them on the ground, and then walked behind Duan Chaoqiang one by one, Bai Jing seemed to have expected this result, and the expression on his face did not change.

Huo Liantong, Xin Yan, Li Dan and other boys and girls who followed Bai Jing all the way from the town, all took out their weapons and surrounded Bai Jing in the middle!

Bai Jing looked at the faces gradually matured from immature, and looked at the children who were still a little scared, but who were obliged to surround Bai Jing, Bai Jing felt very relieved.

Just as Li Tian said at the beginning, soldiers are expensive and not too expensive, and now it is the real people of the world who remain.

"Brother Tian, I know I was wrong. I came to Xingluo just to expand the world as soon as possible and recruit bounty hunters aggressively. I didn't expect it to be the result today. Brother Tian, I was too impatient. But I'm Bai Jing, There are also children, who will definitely not damage the reputation of the world. Even if all of us in the world die here today, we will definitely not take refuge in Tianshan Wonderland," Bai Jing thought guiltily in his heart.

Bai Jing rarely smiled, pointing at the people behind Duan Chaoqiang, and coldly said to Huo Liantong, "Liantong, now you understand why I didn't let you stop them? Just like their waste, milk is Mother, join the world today, and the world will betray the world in distress. When the Tianshan Wonderland encounters distress tomorrow, they will still betray the Tianshan Wonderland. Like them, they are not worthy of being a person under the world, let alone a ghost of the world!"

Huo Liantong nodded heavily, with a smile on his face, and said, "Sister, I understand!"

Li Dan smiled and raised the sniper rifle in his hand, and said to Bai Jing: "Big sister, without Brother Tian, we might have already died in the small town. Today we can fight for the world and Brother Tian. , Even if we die, we will die without shame, die without regret. I believe that Brother Tian will definitely avenge us!"

Xinyan twiddled her somewhat tangled long hair with her fingers, showing an infatuated smile, and said: "If you can let Brother Tian hug me and kiss me before you die, then even if I die, Will die with a smile!"

What Xinyan said is not what Bai Jing said, but after all, Bai Jing is a few years older than Xinyan, and more mature than Xinyan. There are many things that she can only put in her mind and don't think about it. Don't say, don't do, let these words in your heart slowly fade with time.

But now, when Xin Yan said a word, Bai Jing was very sad.

As a woman, who doesn't want to be with the one he loves, even if he dies, if he can die with the one he loves, then everything is worth it.

"Sister Bai Jing, if you say that, our brothers would be sad! Had you not rescued our brothers, I am afraid that our brothers would have died two years ago. Although after experiencing life and death once, our brothers are more eager to live, But if we were to betray our faith and Gou Qiang was born in this world, we might as well fight with the eldest sister. Death! Count us Sha Hanlin and Sha cabinet brothers!" A young man interrupted Bai. Jing's thoughts.

"That's right, although our two brothers are scholars without the strength to bind chickens, they are still some iron-blooded men! Eggs hanging under the crotch are not soft eggs! Hahaha" another young man said presumptuously.

Bai Jing's eyes were a little moist. The twin brothers Sha Hanlin and Sha Cabinet were rescued from a small town when Bai Jing hunted and killed zombies. The two brothers, as they said, can be described without the power of using their hands to bind a chicken, but the fact that these two brothers can survive the last days for more than three years still surprised Bai Jing, so Bai Jing Brought these two brothers back.

Since they were brought back to the world, the two brothers are the masters of eating and drinking, and they have not contributed to the world. Unexpectedly, when this happened today, the two brothers would choose to stand beside Bai Jing without hesitation.

"Thank you! If you have your brothers, I feel it's worth it! You two have not joined the world, don't lose your lives for no reason!" Bai Jing persuaded Sha Hanlin.

Duan Chaoqiang sneered and said: "There are really people who are not afraid of death! Then I will fulfill you. Ten seconds have passed, and it is too late to regret now! Except for Bai Jing and Xin Yan to capture them alive, everyone else will kill me. Up!"

Before Duan Chaoqiang's order was given, there was a commotion outside the compound. As soon as Duan Chaoqiang finished speaking, a cold voice came from behind Duan Chaoqiang: "Kill! Don't leave one!"

Chapter 3333: Don't leave one

The reason why the people watching outside the courtyard gate was a commotion is precisely because someone suddenly recognized that a person who squeezed with them to watch the excitement was somewhat similar to Li Tian on the reward order, and waited for Li Tian to leave. When they went out, they shouted: "Kill, don't leave one", everyone confirmed their guess.

"Li Tian!"

"It turned out to be Li Tian!"

"Li Tian dare to come back!"

This person is Li Tian!

Apart from Li Tian, who else would be so domineering.

And that Li Tian was followed by Barbarian, Tang Xiaolong, Situ Ningbing, Captain and the mysterious female Lily. These people, who were not human, were eyeing each other, and walked into the compound step by step.

"My God!"

"My God!"

"Brother Tian! Brother Tian is back! Brother Tian is back" Huo Liantong, Li Dan, Xin Yan and many other boys and girls immediately shouted excitedly.

"This man is Li Tian, he is so domineering! He is worthy of being a man in the legend of Sunset Fortress. He dare to come back at this time. It is really spine!" Sha Hanlin looked at Li Tian with some admiration.

The Cabinet of Sha knew that he was not going to die, and his face immediately filled with a smile and said, "Haha, of course. Only Li Tian, Brother Tian, can make us Sha-style duo loyal to death!"

Tubaru's day was really like riding a roller coaster. The moment he saw Li Tian, Tubaru really wished to lick his mouth. "I've been \*\*\*\*\* for two or three days, and I haven't quit the World Bounty Hunter Organization. Today, this is how my brain is pumped, and I have to quit the world. Okay, Li Tian has already returned, let alone me. Whether you can return to the world, whether you can leave alive today is a mystery!"

There are not a few people who think the same way as Tubaru. When they saw Li Tian and others, they all stared at Tubaru ferociously, wishing to rush to smash Tubaru's body.

"Your \*\*\*\*\* head is pumping, why do you harm us? Although these days are closed to thank guests, we don't eat less, and we wear less. You \*\*\*\*\* quit, this will not kill us. Are you not a determined bounty hunter?"

The moment Duan Chaoqiang saw Li Tian, his heart trembled and he even wanted to shrink back, but when he saw that there were more than one hundred people around him, his heart gradually settled down, and he sneered at Li Tian and said: "Li Tian, you dare to step into the site of the Sunset Fortress, you really don't know how to write dead words!"

"Idiot, idiot, idiot! You \*\*\*\*\* didn't see Li Tian has come back, it means that Li Tian must have something to rely on, and how could he be afraid of the fellow of the city lord Jia. You are so irritating Li Tian, you are not seeking death by yourself So even if you want to die, don't drag us into the water!" Tubaru cursed at Duan Chaoqiang in his heart.

"Dead? Hahaha, I really don't know how to write dead words, Li Tian! Why don't you teach me?" Li Tian said with a sneer.

"Brothers, now we are grasshoppers on a rope. Li Tian is not dead. We have no good life. The amount of reward offered by the city lord Jia to Li Tian is one hundred seven-level corpse crystals. Who killed Li Tian? Who owns these hundred corpse crystals! And City Lord Jia said, as long as I win the world, I can become the core cadre of the sunset fortress, and my brothers are also rising, and maybe they have the opportunity to become a member of the cadre of the sunset fortress! "Duan Chaoqiang is intimidation and temptation, constantly encouraging the bounty hunters around him.

"Wow! Kill Li Tian, take the bounty and share the woman with Li Tian!" a bounty hunter who didn't know the height of the world shouted loudly in the crowd.

As soon as the bounty hunter's voice fell, "Whhhhhh!", a red light flashed, and the bounty hunter's head grunted down, and hot blood spurted from his neck. The bounty hunters scattered around him, their faces.

The bounty hunters around Duan Chaoqiang were taken aback. They didn't expect that Li Tian would kill as soon as he said to kill them. They didn't even hesitate at all. Moreover, their killing actions were quick and unrestrained. Everyone just saw a red light, and the bounty hunter had already fallen. Head, the dead can't die anymore.

Duan Chaoqiang didn't expect that Li Tian didn't fear them at all, just because the bounty hunter said a few more words, he started directly.

And as Li Tian took the lead, Tang Xiaolong and Situ Ningbing beside Li Tian had already been killed.

Tang Xiaolong released devilish energy all over his body, and slammed his legs into the crowd like a cannonball. Tang Xiaolong's goal was very clear, that is, Duan Chaoqiang.

"Boom!" With Tang Xiaolong's punch, the seven or eight bounty hunters who stood in front of Duan Chaoqiang were directly beaten back by the barbarian, and the bounty hunter who stood in the front Tang Xiaolong directly vomited blood with a punch and died.

"Haha, my brother, I like you more and more!" Manzi laughed and rushed into the crowd while carrying the Qinglong Sword.

"Huh!"

"Huh!"

"Huh!"

Knife shadows flashed past, and a scream was uttered in the crowd. The barbarian's green dragon knife cut his head with accuracy, and his heads rolled on the ground like watermelon eggs.

"Da da da!" The machine gun sound resounded in the crowd of bounty hunters. The machine gunner's target was the captain of the young female corpse, and the bullet hit the captain.

The captain didn't care at all, he sneered at the machine gunner, and instantly transformed into a black-haired witch, her hair was flung out with a "swish", and a row of black hair drew directly at the machine gunner. The machine gunner was wrapped into a dumpling by the captain's black hair.

"Huh!" With a sound, the machine gunner flew directly to the captain's side, and the captain stretched out his bone claws and pierced the machine gunner's chest directly.

"Delicious!" This is the captain's comment on the blood delicacy on the machine gunner.

Mysterious Female Lily's soft whip rang straight in the air, every time a whip sounded, a firearm was confiscated by Mysterious Female Lily, and every whip sounded, a gun arm was about to burst into flesh.

However, Situ Ningbing's cultivation of the Hermit Killing Technique had achieved a little success, and only saw a shadow shuttle back and forth among the crowd, and where this shadow passed, a bounty hunter was killed by cutting his throat.

All this happened between the electric light and flint, Duan Chaoqiang did not even react at all and it happened.

Duan Chaoqiang watched the bounty hunters around him fall one by one, panicked and horrified, and quickly shouted, "Brothers, kill!"

As soon as his words fell, Tang Xiaolong had already knocked off the other bounty hunters blocking him and punched him.

"Huh! A black monkey is also stabbing in front of me!" Duan Chaoqiang sneered, and straight up to the ground, volley kicking out Tang Xiaolong's fist.

Duan Chaoqiang's leg met Tang Xiaolong's punch, and there was a dull sound, and then Duan Chaoqiang's body was like a broken kite, flying towards the distance.

"Huh!" Another red light flashed, and "Hong Zhan" directly split Duan Chaoqiang into two sections.

Chapter 3334: One does not stay (2)

As soon as Li Tian, Tang Xiaolong, Manzi and others started to kill, Bai Jing, Li Dan, Huo Liantong and others also joined the killing.

I saw blood splashing everywhere in the compound, and broken limbs and arms were everywhere.

As soon as Duan Chaoqiang died, the bounty hunters in Tianshan Wonderland immediately lost their backbone, without the slightest love war, and began to run around.

How could Li Tian give them a chance to see "Red Zhan" shining, and wherever the red light flashed, someone would utter a scream.

Tang Xiaolong jumped up and gave a violent shout. With an iron fist, the gun in the hands of a bounty hunter holding a rifle was beaten into a pile of parts. The second punch knocked the bounty hunter's head into the ground. in.

Bloody, more than bloody, this has exceeded the concept of bloody.

Outside the courtyard, the people who were watching just now were completely shocked by what happened in the courtyard.

"Master Li Tian is too...too brave, right? Even Duan Chaoqiang was cut into two pieces. Is this the world planning to uproot the Tianshan Wonderland?" A man with a small star full of worship looked at Li Tian and said .

"Nonsense! Didn't you hear Master Li Tian say that you want one and not keep it? Naturally, the Tianshan Wonderland will be wiped out! It's a pity that such a powerful bounty hunter organization is about to disappear like this!" A teenager was a little bit emotional. To say.

"I didn't expect it. I thought that the world had accepted the traitor from Tianshan Wonderland, but the one who provoke the head of the upper section did not expect that it was the head of Duan who

was bought by the city lord Jia and deliberately came to find the world's bad luck." A man who saw the tail said.

"It's a pity that the next superpower kicked on the steel plate. I didn't expect Master Li Tian to appear suddenly, but he himself died, and he will also harm the Tianshan Wonderland!" Someone said with a gleeful smile.

"Yes, from now on, Luo Xing will probably be the world under the sky. Who else will dare to pierce the world?"

"Luo Xing? Don't be funny. Since Lord Li Tian has returned to the Sunset Fortress, is Lord Li Tian just to let the world take a small Luo Xing?"

"what do you mean.....?"

When the man said this, everyone present immediately realized that Li Tian's return to the Sunset Fortress this time was probably not a simple solution to the world's embarrassment.

In the compound, Li Tian and the others had already got red eyes, but in a flash, fifty or sixty corpses had fallen in the compound.

"Don't kill! We surrender!"

"We surrender! Surrender and not kill!"

Baturu was frightened by the brutality of Li Tian and others. He threw the weapon in his hand to the ground and fell to his knees. His body was trembling on the ground, and he dared not raise his head and begged for mercy.

And as Baturu began to beg for mercy, the "Tianshan Wonderland" in the compound and the bounty hunters who had just defected from the world threw their weapons to the ground, and all these people knelt down on the ground. Kob his head desperately, begging for mercy.

"Master Li Tian, we have no eyes, we were bewitched to make trouble in the world, and now we know that we were wrong, please let Master Li Tian show mercy, let us go!" Several bounty hunters from "Tianshan Wonderland" cried and begged for mercy.

"Master Li Tian, we were also the people of the world before. We were tempted by Baturu and we left the world, but it took less than an hour for us to leave the world. Now we know that we are wrong, and we are willing to return to the world. , Accept all the punishment from the leader of the world bounty hunter organization Bai!" Several bounty hunters who followed Baturu to make trouble directly sold Baturu and knelt on the ground begging for mercy.

When Baturu heard that he had been betrayed, he was afraid and angry. He didn't care about the flesh and blood on the ground. He knelt and crawled to Bai Jing, begging for mercy: "Sister, you have a lot of them, Baturu, I know I'm wrong, and I ask my eldest sister to give me a chance. Even if I let Batulu go up to the knife mountain and go down to the pan in the future, I will not hesitate to go to Batulu."

Baturu knelt in front of Bai Jing, kept kowtow begging for mercy, and shamelessly kissed the little leather boots on Bai Jing's feet.

Bai Jing kicked Baturu away and said with a sneer: "The ancients said that the retribution for betraying the world would come so quickly for 30 years in Hedong and 30 years in Hexi? Do you regret it now? Don't you feel too late? Yet?"

Baturu was kicked away, but Baturu quickly knelt and walked in front of Bai Jing, holding Bai Jing's calf in black leather pants with both hands, begging for mercy and said: "It's not too late, it's not too late. Just Bai Jing With a word from the eldest sister, Li Tian must see the face of eldest sister Bai Jing and bypass us!"

Li Tian saw Tubaru use his dirty claws to hug Bai Jing's slender and round calf, and the anger on his face increased.

"Your sister, I have never hugged Bai Jing like this, you tm dare to hug Bai Jing with dirty paws! What a death!"

"Huh!" A red light flashed, and "Red Cut" crossed Tubaru's neck accurately. Tubaru's big head was grunting on the ground, and Tubaru's two dirty The paws still clung to Bai Jing's calf.

Li Tian angrily walked to Bai Jing and retracted "Red Cut", "Huh!" "Huh!" Two knives chopped off Tubaru's two arms, facing Barbarian and Tang Xiaolong coldly. Said: "What did I say? Don't keep one! Do you want me to order again?"

"Hey, Brother Tian is getting more and more ruthless and unreasonable to make trouble, but I like it!" The barbarian directly mentioned that Qinglong Dao would cut a bounty hunter who was kneeling before him!

Tang Xiaolong smiled and punched the head of a bounty hunter, and said with a smile: "Little boss, you are now more and more like a boss."

"Kill! Don't leave one!" Huo Liantong, Li Dan, Xin Yan and others were worried that Li Tian would start to be soft-hearted and would take prisoners again. After seeing Li Tian slashing Baturu's head with a single knife, the faces of these people were exposed at the same time. A smile, mercilessly harvesting the head of the bounty hunter who had already surrendered on his knees.

The onlookers outside the compound were all stunned by Li Tian, and even those who surrendered were killed. This Li Tian was really cruel.

Is it true that the rumors about Li Tian circulated by the organization of the Gunshen Battles?

Killer, death!

This is the evaluation given to Li Tian by all the onlookers.

It seems that in the future we will not be able to provoke Li Tian, or provoke the world, otherwise, even if you know it is wrong, Li Tian will not be able to give you a chance to reform.

And more people are starting to think about how to get close to the world and maintain a good relationship with the people of the world.

The brothers Sha Hanlin and Sha Cabinet looked at the scene of dead bodies on the ground and blood flowing in the compound. They were terrified and grateful.

Li Tian looked at the dead body on the ground coldly, sneered, and looked up in the direction of the "Sunset Fortress": Jia Youlong! You are the next one!

## Chapter 3335: Cut grass and root

"Brother Tian, don't pretend to be deep!" The barbarian came over and said to Li Tian with a smile: "The Tianshan Wonderland in the courtyard and the people who defected from the world are all killed! Except for Duan Chaoqiang and other people, the bodies have been hung outside the gate. Besides, the corpses of other people are piled up. Hey, these corpses are enough for the captain and the zombies in the murder house for half a month!"

Li Tian nodded and said to the barbarian, "It's not rude to come and go. Since Tianshan Wonderland is going to make trouble in our world, and we don't go to Tianshan Wonderland once, then we are too rude. Besides, I said, If one does not stay, that means one does not stay. If the name Tianshan Wonderland remains in the satellite city of Xingluo, then Li Tian's words will be like nonsense, how will I control the sunset fortress, Tianmen, and the world in the future!"

Hearing what Li Tian said, the militants such as Manzi, Tang Xiaolong, etc. immediately yelled.

"Big Sister, Brother Tian has changed a lot recently! This doesn't seem to be like Brother Tian!" Huo Liantong said to Bai Jing with some doubts.

"I remember that Brother Tian said before that people don't offend me and I don't offend people. If people commit me to be three-point courtesy, people will commit me to the trilogy of cutting the grass and rooting out the enemy again. How can Tiange skip the second step and enter the first It's three steps," Xin Yan also asked questioningly.

Li Dan laughed loudly and said: "In the last days, if the meat is forced to eat, the current genius is the most suitable for this world and this era. Anyway, whether you like it or not, the current genius is my favorite!"

Speaking of Li Dan carrying a sniper rifle, he ran out with the barbarian.

Coming and not going to be indecent, Li Tian can't always let go passively every time. When necessary, he must take the initiative to fight out. Now, entering the first battle of the Sunset Fortress is an opportunity.

If you don't kill and break up the Tianshan Wonderland, how does Li Tian manage the sunset fortress and how to make others fear him? Then he let those people on the Tianshan Mountain before Li Tian to promote Li Tian's propaganda. What?

Seeing Li Tian leading the world's numerous bounty hunters, smashing out of the compound mightily, the people onlookers had already been shocked and couldn't be shocked any more.

Seeing Li Tian and the others with murderous aura, slowly moving away, most of the bounty hunters onlookers followed without hesitation. A bounty hunter said to the people around him as he walked, "You heard Right! A word of Lord Li Tian just revealed two messages! ? "

"The two messages?" someone asked suspiciously.

This person made an unpredictable expression, adjusted his emotions, and then said: "The first is that Li Tian has already said that he is going to be in charge of the sunset fortress, so Lord Li Tian and City Lord Jia You Longjia will definitely meet Fight, but based on the information I can know, Li Tian's chances of winning may be more."

"Second, it is Master Li Tian's layout of his own strength. Just now Master Li Tian said three names: Sunset Fortress, Tianmen, and Tianxia. Needless to say, this Sunset Fortress, everyone understands that the world should be the hunter in the world bounty. Organization, and Tianmen? It is very likely that Lord Li Tian intends to establish a school and establish a school. This information should be said to be the most important. We can already see Lord Li Tian's ambition to dominate the world, that is, if Everyone wants to win a fortune, so joining any organization of Li Tian at this time will have a lot of room for development in the future!"

I have to say that this bounty hunter's guess is inseparable.

The headquarters of Tianshan Wonderland is located on Zhengnan Street of Luoxing Satellite City, which can be said to be the most prosperous place in Luoxing.

Tianshan Wonderland has a profound background, and it occupies more than half of the streets of Luoxing South Street, and more than half of the shops on this street belong to Tianshan Wonderland.

By the time Li Tian and others came to Luoxing South Street in a mighty manner, the people who had been in trouble would have already returned Li Tian and began to besiege Duan Chaoqiang who was making trouble in the headquarters of the world. Their story was passed back to the Tianshan Wonderland. Has become a mess of porridge.

Some bounty hunters in Tianshan Wonderland only hate their parents for having two fewer legs, and they start to run away without worrying about packing any luggage, while some bounty hunters know that they must be unable to mix in the sunset fortress. He began to rob the property of the Tianshan Wonderland headquarters, preparing to escape Luo Xing and go to other organizations to make a living.

The street shops on both sides of the South Street also closed their doors to thank the guests one after another, shutting all the door faces, lest Li Tian get angry and hurt Yuchi.

Although Li Tian is a killer, he is not a devil, and he will not attack innocent people.

Besides, Li Tian regarded the Sunset Fortress as something in his bag, and if the South Street were destroyed, it would not benefit Li Tian at all.

Li Tian and others came to the main gate of Tianshan Wonderland, found that the gate was open, walked into the gate, and walked around a shadow wall with blessed characters. Li Tian saw a mess in the gate courtyard, and some bounty hunters were still there. Packing up property, some bounty hunters even got into conflict and dispute over some property.

"Kill! Cut the grass and eliminate the roots!" Li Tian simply said such a few words without any nonsense.

Tang Xiaolong jumped up directly, threw a punch at the shadow wall, and the shadow wall collapsed with a punch.

The shadow wall collapsed, and there was a "boom". The bounty hunters in the Tianshan Wonderland who were robbing the property were all stunned.

"How is it possible? Even if Li Tian is one of the tridents of the sunset fortress, how could Duan Chaoqiang, the head of Duan Chaoqiang, be defeated so quickly, and Duan Chaoqiang took away

the seventy or eighty elite bounty hunter, how could he be so vulnerable? What?" Almost all bounty hunters in the fairyland have such a question in their hearts.

There is no answer, no one can give them an answer, only the blade bullets of Li Tian and others can answer them!

The barbarians, Tang Xiaolong, Huo Liantong, and the captain are like tigers out of the cage. After entering the Tianshan Wonderland headquarters, they will kill people without blinking, and the strength of bullying them is obviously higher than the bounty hunters in Tianshan Wonderland. Grades.

In the compound of the Tianshan Wonderland headquarters, there were screams everywhere, and they didn't even have a chance to beg for mercy.

Situ Ningbing, Bai Jing, Baihe, Xin Yan and other female generals also showed no signs of weakness, especially Bai Jing, who wished to let out the anger he suffered today from these people.

Five minutes is only about five minutes.

Li Tian and the others hardly encountered any resistance, and the bounty hunters staying at the Tianshan Wonderland headquarters were slaughtered by Li Tian and others!

The barbarian was covered in blood, Tang Xiaolong's fist was covered with sticky things, and Li Dan's sniper rifle was all shot out. Huo Liantong only felt that his two arms were beginning to sore and he couldn't even help it... ....

Li Tian watched the performances of Manzi, Tang Xiaolong and others quietly, with no surprise or expression on his face, he turned around and left slowly.

Watching Li Tian walk out of the Tianshan Wonderland headquarters gate with ease and stand on the steps, the people who followed him to watch were shocked again.

Even if the Tianshan Wonderland is far from the world and the strength of Li Tian and others, after all, the Tianshan Wonderland is a large team of thousands of people. How could it be annihilated in just five minutes?

Li Tian saw the shocked onlookers, with a satisfied smile on his face, a harmless look.

Li Tian's gaze slowly swept across the shocked faces of the onlookers, and he said loudly: "I Li Tian is back! And this is the end that irritates me Li Tian!"

"From today onwards, the four words Tianshan Wonderland will disappear forever in the sunset fortress. No, they will disappear forever in the northwest region. In the northwest region, no matter the organization that dares to take in the people of Tianshan Wonderland, then it is against me, Li Tianzuo. , Against my world, against my sunset fortress."

"Although it is far away, it will be punishable!"

Li Tian's words fell to the ground and slowly echoed in the ears of everyone present. All the people present swallowed involuntarily, and those bounty hunters who had already quit the world before even dared not lift their heads. , I was worried that Li Tian even killed them all.

Chapter 3336: Just leave one

Almost at the same time when Li Tian killed Duan Chaoqiang, a car drove out of the satellite city of Luoxing and drove quickly toward the sunset fortress. And when Li Tian proudly expressed his brilliant testimony to the onlookers bounty hunters, the driver had already appeared at the desk of Jia Youlong at the headquarters of the Sunset Fortress.

"What? You said that Li Tian killed Duan Chaoqiang when he came back. Isn't Li Tian afraid of death? Didn't the bounty hunters onlookers kill Li Tian?" Jia Youlong's heart was full of shock, and his voice was full of shock. Said tremblingly.

When Jia Youlong just returned to Sunset Fortress, his heart was still uneasy. He was worried that Li Tian would come back and compete with him for control of Sunset Fortress, but since Jia Youlong offered a reward to Li Tian, seven or eight days have passed. Without any news from Li Tian, Jia Youlong's courage gradually grew, and only then did he take action on the people before Li Tian.

"No! At the beginning, many people didn't know that Li Tian was Li Tian! But when everyone knew that Li Tian was Li Tian, those bounty hunters had been scared out of their guts! In Luo Xing, even Duan was super strong. It is Li Tian's one-handed general. Who else would dare to do something against Li Tian!" this person said.

"Trash, it's all trash! No matter how good Li Tian is, he can still kill Luo Xing's tens of thousands of people. At least there are more than tens of thousands of junior bounty hunters. Are they all trash? No? Do you know that you will catch the thief and the king first?"

"But it doesn't matter! Now the Sunset Fortress is in my hands, as long as I gather all the power of the Sunset Fortress, I don't believe that Li Tian can still make a splash!"

Jia Youlong patted the table heavily, jumped up, and said: "Since Li Tian has returned, then Jia Youlong can't sit and wait for death! If the order goes on, the murder house will be surrounded first, and I must act first. , Capture Li Tian's woman in the murder house, as long as Li Tian's woman falls into my hands, I don't believe that Li Tian will capture him without his hands.

Jia Youlong was very ruthless this time, and went straight into three steps. In the first step, Jia Youlong led the team and went to the murder house against a dozen sunset fortresses and the core cadres of the original Qijian. The main purpose was natural. It was to catch Xue Ji and other Li Tian's men alive.

The second step is to let Wei Wu lead the team and lead the bounty hunters of the remaining Sunset Fortress to Luoxing's gate leading to the Sunset Fortress, preparing to ambush Li Tian, and even Jia Youlong directly give Wei Wu privileges and let Wei Wu The tanks and gunships that can dominate the Sunset Fortress have only one purpose, to kill Li Tian.

In the third step, Jia Youlong sent the man who sent him a report to the Bounty Hunter Association branch, and asked him to increase the reward for Li Tian, directly to a thousand seven-level corpse crystals. Jia Youlong believed that in the face of absolute temptation, many bounty hunters would flock to the road to chase and kill Li Tian. And in the face of the absolute betrayal of the bargaining chip, maybe Li Tian's brothers might turn to each other.

Sunset fortress, haunted house.

Since seeing Li Tian being offered a reward by Jia Youlong, the murder house has entered a state of high alert. The deputy captain rode Erha, with Sanha and a few level six zombies constantly patrolling the house. .

In the temporary meeting room of the murder house, although Liu Yihui was still wearing his pair of slippers that were about to break, he did not have a hippie smile on his face at this time. Instead, he was replaced by a serious face. The captive sat in a chair nervously. Up, her two legs trembled slightly, Xue Ji held a sniper rifle, and vacantly picked up and aimed and lowered, repeating this simple action.

There was no expression on Two-dimensional's face. His back was leaning against a wall. The military thorn in his hand was flipped back and forth in Two-dimensional's hands. Wang Rui seemed to sit absently on a chair and looked out the window.

Since Jia Youlong offered a reward to Li Tian, several people in the murder house have been in this state.

"Everyone, should we retreat temporarily, give up the haunted house first, get out of the sunset fortress and meet with Sister Bai Jing, and then discuss together whether to stay in the sunset fortress and wait for Boss Li Tian, or go back to Sister Bai Jing first Head to the town where he was originally, and then go to Tianshan to look for Boss Li Tian!" The captive said with a trembling voice.

Liu Yihui shook his head resolutely, and said: "No, this haunted house is a zombie research institute run by Li Tian painstakingly. Now that zombie research has finally made some breakthroughs, how can we give up easily? Besides, we have to believe in Li Tian, he He will definitely return to the Falling Sun Fortress, and I guess Jia Youlong is only tentatively testing Li Tian, otherwise why doesn't he do it to us?"

"Maybe it's not that Jia Youlong didn't do anything to us, but that he hasn't freed up yet!" Xue Ji pushed a bullet into the sniper rifle in her hand, raised the sniper rifle, and said lightly.

"Even if Jia Youlong wants to deal with us, we must not give in. If we choose to leave the haunted house now, have you considered whether we can reach our destination smoothly, whether we can leave the sunset fortress alive, and once we lose the haunted house, We have lost our support. Now we are guarding the haunted house, we have a deputy captain, two ha and three ha. The big deal is that I will inject the zombies with the medicine I studied, and fight with Jia Youlong." Liu Yihui said firmly.

"I don't believe that after dozens of zombies in my place were injected with the medicines I studied, they couldn't handle Jia Youlong's shrimp soldiers and crabs!"

"If you want to leave, I will assassinate Jia Youlong and give you cover. If you want to stay, I will also assassinate Jia Youlong, so that the Sunset Fortress will be in chaos and there is no time to take care of us!" Two-dimensional expression said coldly.

Xue Ji shook her head and said, "It's not that point yet! Once you fail the assassination, you may fall into a more dangerous situation. I mean to go all out and watch the changes."

"Sister Xue Ji, why are you going all out and watching the changes again?" the captive asked.

"Going all out means that we must be prepared to fight and go all out to keep the murder house. Watching for changes means that we have to respond to the changes that occur at any time, fight as we can, and stay as we can!" Two-dimensional Tixue Ji explained.

Having been in a daze, Wang Rui, who looked out the window, suddenly stood up, pushed aside the chair, and said, "Get ready to fight! Jia Youlong has already brought someone here!"

"boom!"

A violent explosion sounded from the direction of the gate of the murder house. After the violent explosion sound, the thick smoke had not yet dispersed. Jia Youlong carried a dragon sword and brought a dozen core cadres from the sunset fortress through the dense Smoke appeared in the murder house compound.

"Kill! Only Xue Ji is left, and all the others are killed!" Jia Youlong said with a sneer.

Chapter 3337: Haunted house

"Woohoo!"

While the explosion sounded, the deputy captain rode Erha, with a few zombies and Sanha, and rushed towards the core cadres of the Sunset Fortress that rushed out of the thick smoke.

Seeing the deputy captain rushing over with a few zombies, several gunmen in Jia Youlong's team took the lead in attacking.

"Da da da!" The gunshot sounded first.

The marksmanship of the gunmen brought by Jia Youlong is not unpredictable. Between raising their hands and raising their guns, the bullets have whizzed towards the deputy captain and Erha.

"Snapped!"

"Snapped!"

The bullet hit the deputy captain and Erha, making shallow pits. Whether it was the deputy captain waiting for a few level six zombies or the second and third zombies, they turned a blind eye to the bullets and rushed directly to the two gunmen, especially the second and the third. Fell to the ground.

"Crack!"

"Crack!"

When the two bereaved dogs went up, they snapped the two gunmen's necks off and bit them to death.

"It's a zombie! A zombie dog!"

The other two gunmen who escaped the zombie and the zombie's bite by luck, backed up and shouted.

"What are you afraid of? It's just a few low-level zombies and zombies!"

With a sound of "cang", the dragon sword was unsheathed, Jia Youlong took the lead, and the sword pointed two ha.

"Beast, look at the sword!" Jia Youlong shouted and rushed towards Erha.

Encouraged by Jia Youlong, the core cadres of the other sunset fortresses pulled out their weapons, Sanha and two other zombies.

The deputy captain sneered, his legs were clamped, Erha understood, abandoning the gunner who had been killed, turned around and rushed towards Jia Youlong.

"bass!"

"bass!"

The white bones on the deputy captain's hands grew wildly and turned into two sharp bone claws. The deputy captain rode on the calf-sized Erha, evading Jia Youlong's dragon sword, and the bone claws moved towards Jia. Grab the dragon's neck.

Jia Youlong sneered, bent back, made a lower waist movement, held the Dragon Sword in his hand, and slipped directly under Erha's stomach.

With a "噌" sound, the sharpness of the dragon sword made a cut in Erha's abdomen, which is not very soft, and the intestines in Erha's abdomen fell out, and the black mucus splashed all over. Jia Youlong looked all over.

However, Erha is a bereavement after all, even if it was a twitch in the abdomen, Erha dragged his stomach and intestines that fell on the ground, still jumping happily, unaffected by it. The deputy captain clamped his legs, and Erha turned and attacked Jia Youlong's back.

Jia Youlong only smelled sticky things on his face, a pungent smell of rotten flesh, Jia Youlong resisted the nausea, touched it behind him, touched off the mucus blocking his eyes, and turned around. A sword was given to the deputy captain who was coming at him.

"Huh!" With a sound, a sword shadow flashed, Jia Youlong's sword was impartial, just cutting one of the front legs of Erha.

Jia Youlong's Dragon Sword was found by Jia Youlong accidentally in the Tianshan Mountains. This sword is extremely sharp. It may be a bit exaggerated to say that cutting iron like mud, but it is also not an extraordinary product. It deals with ordinary level six or seven zombies, Jia Youlong His Dragon Sword is simply the nemesis of these zombies.

One of Erha's front leg was cut into two pieces by Jia Youlong's sword. Erha fell directly to the ground after eating shit, and the deputy captain who was riding on Erha was about to fall. Volley jumped towards Jia Youlong.

But Jia Youlong faced the deputy captain who had already pounced on him, and instead of retreating, his sword light flickered, and every sword was directed at the deputy captain's eyebrows.

The deputy captain did not dare to fight against him, so he could only retreat while fighting.

On this side, the deputy captain, Erha, a zombie and a zombie, cooperated fully, and under Jia Youlong's attack, they were retreating steadily.

On the other side, the other two zombies have been under the siege of the sunset fortresses, turning into a pile of rotten flesh and two sixth-level corpse crystals. One of Sanha's head was chopped off,

two in front and one in the back. His leg was also chopped and fell to the side, falling to the ground, looking at Erha pitifully.

"Hahaha! Kill! Kill! Kill!" Jia Youlong felt his anger finally released, and smiled wildly.

Liu Yihui knew that the deputy captain and a few zombies could not be the opponents of Jia Youlong and others. When Wang Rui said that Jia Youlong had already arrived, he brought others to the laboratory in the murder house. . This laboratory has begun to take shape. Among the rows of iron cages, zombies are screaming ferociously in the iron cages, their hands are constantly beating the iron cages, and the whole laboratory emits "哐哐哐" The sound.

These zombies are not exactly complete zombies, they are the bounty hunters who were rescued by Li Tian from the Tai Sui bar and bitten by zombies.

After being rescued by Li Tian, these bounty hunters went through Liu Yihui's treatment test. After the serum was injected, the speed of zombieization of these bounty hunters slowed down significantly, but they still gradually began to become zombie, while Liu Yihui did it in batches. These bounty hunters were injected with medicines researched and invented by Liu Yihui. Just after being injected with the medicines, these half-zombies were almost completely zombie, but these zombies are different from ordinary zombies, and their level has been rapidly increased. At the time, these zombies still retained some human memories and consciousness.

"Liu Yihui, I'll kill you bastard! Use Lao Tzu to experiment!"

"Li Tian, you hypocrite! Lie to us to come here as a guinea pig! Let us become this kind of monsters that are neither human nor ghost."

"Aw, Liu Yihui let me out, I'm going to eat you \*\*\*\*\* raw!"

These bounty hunters completely forgot that Li Tian had said to them that this experiment was risky when he was in Tai Sui Bar.

Liu Yihui and the prisoners pretended not to hear the curses of these half-corpses.

"Come on, all behave. This is the latest medicine I have researched. It has a high probability of degrading the attributes of zombies and changing adults. But you also know that any experiment has risks, and similarly, there is also a high probability. Your zombie level will increase in a short time, and the degree of corpse transformation will be stronger! I never force anyone to do this kind of experiment. If you are willing to participate in the experiment, please stand aside by the iron cage obediently. Now!" Liu Yihui said with a slight smile holding a needle in one hand.

"Liu Yihui, come here, grandpa promises not to kill you!" a bounty hunter zombie with half face of carrion, shouted to Liu Yihui.

"Liu Yihui, I want to trick my grandpa into cooperating with you in the experiment, you are really a stupid grandpa!" another short bounty hunter zombie shouted.

"Hehe, anyway, this time I only developed five medicines, the quantity is limited, first come first served..." Liu Yihui smiled faintly, and said with a strange look.

"Let me come!" said Wang Qiang, who had been treated by Liu Yihui and had his arms and legs patched up again, and said with a cold snort.

"Liu Yihui, you must do things fairly and justly. You can't give priority to this precious resource for Wang Qiang's enjoyment just because Wang Qiang is Wang Rui's younger brother! If I lose my potion this time, I will not let it go even if I become a zombie. Yours!" said the short bounty hunter zombie.

Liu Yihui's face showed a winner's smile, and he said with a sneer in his heart: "Hey, I said you are not a fool, I just used a little trick, don't you come out obediently and be willing to be my experiment. You should be more confident about the name stupid, you are!"

#### Chapter 3338: Heaven

In the Bounty Hunter Association branch, Ande saw the man asking for an increase in Li Tian's bounty amount and sneered from his heart, saying: "Don't you feel that Li Tian is worth more than these thousand seven-level corpse crystals? Would you like me to help you improve, directly to ten thousand, oh no, directly to one hundred thousand seven-level corpse crystals?"

"This...this is too much. City Master Jia hasn't given any orders, so I don't dare to call the shots without authorization!" The man looked at Ande with some confusion.

"Hahaha, Jia Youlong is so unbelievable. Don't worry, my Bounty Hunter Association has never participated in the fight between various organizations. I will increase the reward for Li Tian according to your requirements!" Ande said with a faint smile.

A sneer hung from the corner of Ande's mouth when he sent away the man.

"Is the dawn member of the Bounty Hunter Association, is it worth only a thousand seven-level corpse crystals? It really looks like Li Tian! In that case, then I will help Li Tian boy!" said Ande. A series of characters were entered on the computer.

In the lobby of the Bounty Hunters Association, a new reward task was released immediately.

"Reward target: Jia Youlong, reward amount: a first-level crystal loss! Reward: Li Tian!"

"Huh!" There was a burst of discussion in the lobby of the Bounty Hunters Association.

...

In front of the gate of the sunset fortress leading to Luo Xing, the prosperity of the past is not there. At this time, the gate is wide open, but except for the soldiers on duty in front of the gate standing trembling in the cold wind, this gate is No one else.

On the city wall, tanks were standing by, and the tank drivers in the tank cab looked serious and unsmiling, as if facing a big battle.

Not far away, several cars came slowly towards the gate of the sunset fortress.

Standing on the wall of the city gate and looking through a binoculars, Wei Wu couldn't help but whispered, "Come!" when he saw Li Tian in the front passenger seat of the car.

When this sentence came, the core cadres of the sunset fortresses ambushing before and after the city gate immediately became nervous.

Do you really want to confront Li Tian with a sword?

Although Lord Li Tian joined the Sunset Fortress for a short time, Lord Li Tian is completely different from other core cadres, and his bizarre image is deeply popular, making the soldiers of Sunset Fortress feel more cordial.

Especially Master Li Tian's sword slashing of the red wolf, that is definitely a matter of raising the morale of the sunset fortress.

But is Lord Li Tian really the culprit who attacked Yang Qingyun and City Lord Yang?

Recently, it has been rumored that City Lord Yang is a high-level zombie lurking in the sunset fortress!

In the hearts of everyone present, there are doubts that need to be resolved. When facing Li Tian, these doubts make them completely unsure of how to choose!

"What's that?" The man standing next to Wei Wu was also looking at the slowly approaching car with a binoculars, but he saw that Li Tian was at the front of the car where the logo was placed. Human head.

"Red...Red blood..." As the core cadre of the Sunset Fortress, this person had seen Red Blood at the banquet inviting Ouyang Shiqing. At this time, seeing Red Blood's head, this person immediately exclaimed.

"What kind of red blood?" Wei Wu raised his binoculars and looked at it. As expected, he saw the red blood head at the front of the car.

"It turned out to be Scarlet Blood... Is it true that Scarlet Blood was killed by Li Tian?" Wei Wu's careful liver began to thump and thrash. He knew what a scarlet head meant to the Sunset Fortress!

No war in the Northwest!

When the red blood dies, the red blood organization, an organization composed of criminals, will inevitably have no leader, and will fall into chaos, becoming a scattered sand, and the sunset fortress will become the dominant one in the entire northwest region, and it is not impossible to unify the northwest!

"What are the other two heads?"

There are also two human heads on the left and right of the scarlet human head, but of the two human heads, one of them is very strange and everyone does not know it, and although the other human head looks familiar, the head is flesh and blood. Blurred, the original look is no longer visible.

"Captain Wei Wu, what should I do?" At this time, the core cadres responsible for ambushing Li Tian's sunset fortress would naturally throw this entangled issue to the temporary captain Wei Wu to make a decision.

Wei Wu gritted his teeth, the expression on his face was very complicated.

Fight, Wei Wu really doesn't have that confidence in his heart.

Scarlet Blood and Scarlet Wolf are so powerful, they are like legendary characters who have already died under Li Tian's hands. Is Wei Wu confident that he is stronger than Scarlet Blood and Scarlet Wolf?

Besides, Li Tian's hand is indeed beautiful, showing three heads, which completely shocked the core cadres of the sunset fortresses lurking around the city gate. Even if Wei Wu and the others continue to lurch now, and wait until Li Tian and others come over to kill them, how much combat power will they still have? Besides, it is unknown how many of them can survive when encountering Li Tian, the killing god.

Let's not fight. If Jia Youlong is lucky enough to win in the end, Wei Wu and others will lose their current opportunity and position.

"Wow!"

A shadow of a knife slashed across the sky, and with a "duh" the knife blade stuck on the gate of the sunset fortress.

"It's Li Tian's weapon! It seems that Li Tian's strength with Qi Yujian has improved a lot!" Many people recognized that this weapon was the Red Sword inside, and saw that Li Tian was riding a car away from the city gate. It was at least five or six hundred meters apart, and "Red Slash" had already been inserted above the city gate, many people thought at the same time.

"Wow!" As Li Tian's fingers turned slightly, that "Red Zhan" erased all the four characters of the sunset fortress on the city gate and replaced them with the two characters of Heaven!

skyline!

The sky is naturally Li Tian, and the world is naturally the territory.

The two characters of heaven have fully revealed Li Tian's heart. This sunset fortress is Li Tian's site, who dares to make a mistake?

Seeing these two words, many people swallowed their saliva involuntarily, and their bodies began to shrink a little involuntarily.

Exposed domineering!

It seems that Li Tian didn't take Jia Youlong in his eyes at all, he didn't regard Jia Youlong as his opponent at all, and Li Tian came back to the Sunset Fortress to retrieve what should belong to him.

Without waiting for Wei Wu's order, many core cadres had already walked out, standing trembling to the left and right of the city gate, making a gesture of welcoming Li Tian.

When people's hearts are scattered, the team will naturally be difficult to lead.

"Come out, don't fight! Come out and prepare to meet Lord Li Tian... to meet the city lord!" Wei Wu made a wise judgment, said loudly, and walked directly down from the city gate, and walked a few steps to the city Kneeling outside the door, lowered his posture very low.

Chapter 3339: Missed

Li Tian drove to the front of the car and stopped. Before Li Tian opened the door and got out of the car, Wei Wu hurried to the front of the car.

"Brother Li Tian, don't get out of the car. Hurry up to the murder house, the house is in trouble! Jia Youlong took someone to the murder house!" Wei Wu said anxiously.

"What? What did he take people to the murder house for?" Li Tian was anxious, blurted out and asked.

"The man Jia Youlong is frantic and wants to do something to the man Li Tian brothers stayed in the murder house! I, Wei Wu, endured the humiliation and persuaded many times, but Jia Youlong couldn't listen at all, and wanted all our brothers here to participate in the siege of the murder house Action." Wei Wu said gritted his teeth.

"He actually wants to do something on the murder house, he is seeking his own death!" Li Tian said fiercely, "How long has Jia Youlong been there? Why are you here?"

"Brother, although I don't have the ability to stop Jia Youlong, brother, I still have something to do in the fortress, so I brought out all the brothers who can persuade and prepare to go alone with Brother Li Tian! Brothers will now get in the car and kill with you. , Now we have rushed over at full speed, we should still be in a hurry!" Wei Wu said very eagerly.

Wei Wu wanted to get into the car and showed Li Tian his loyalty in the car, but Li Tian never gave him this opportunity.

As soon as Li Tian heard that the murder house was in trouble, his heart was tense, and he didn't have time to tell whether Wei Wu was sincere or insincere, and the barbarian rushed in without Li Tian's instructions.

A trace of embarrassment flashed on Wei Wu's face, but there was no anger. He stopped a car following Li Tian and quickly squeezed into the car, while the other core cadres followed suit and were able to stop the car. Stopped the car and squeezed in. Those who couldn't stop the car went straight to the parking lot next to him, drove a car casually, and followed behind the team's butt.

"Barbarian, rush over at full speed, no matter what, rush to the murder house as fast as possible!" Li Tian has already taken out "Red Zhan" and controlled "Red Zhan" to fly in front of the speeding car!

In Luo Xing, Li Tian can still squeeze in the crowd, watching Duan Chaoqiang show off his power, but for the murder house, Li Tian can't wait to take out the "red cut". This shows how much Li Tian cares about the murder house.

The haunted house is of extraordinary significance to Li Tian.

There are not only Liu Yihui, captives, and other scientific research forces that study zombie medicine, but also the goddess Xue Ji, a woman Li Tian brought back from another world.

Jia Youlong steals the sunset fortress, Li Tian can bear it; Jia Youlong secretly sends someone to run against the world bounty hunter organization, Li Tian can also let Jia Youlong go, but Jia Youlong should not move the haunted house, let alone move Li Tian's woman.

The woman who moved Li Tian, this is no longer just a question of touching Li Tian!

The barbarian slammed on the accelerator, sprinted to the highest speed in a short time, and said with a cold snort, "No matter who dares to move Brother Tian, there is only a dead end!"

The motorcade behind the barbarians accelerated and caught up. Li Tian's motorcade has gradually grown from five cars to more than a dozen cars. These more than a dozen cars are moving in a row on the streets of the sunset fortress. The scene is still Quite spectacular.

The passers-by on the street of Sunset Fortress stopped one after another, asking the passers-by on the left and right in doubt, who came to Sunset Fortress and how could there be such a big show.

...

In the murder house, only one head of the deputy captain had been cut by Jia Youlong, but Jia Youlong did not kill the last killer. Instead, he jokingly used the Dragon Sword against the remaining head of the deputy captain and said: "I really don't understand what kind of charm Li Tian has that can make you dying things die for it! Is it just because Li Tian possesses a ninth-level corpse crystal?"

Although the deputy captain only had one head left, he didn't mean to beg for mercy. He glared at Jia Youlong and cursed: "Master Li Tian is the sun in the sky. How can you, a reptilian bug, understand Li? God's wise martial artist! Or you will make Grandpa die a pain, or Grandpa will definitely dig out your heart and eat it as a snack!"

"Good scolding! I know that even if your zombies have one head left, as long as the corpse crystals are not broken, you are still alive! It is a pity that Li Tian is not in the sunset fortress, and you, a low-level zombie, can't have feelings. He didn't know that I had acted on the murder house, or I was really scared." Jia Youlong pretended to be scared and said.

And those core cadres who followed Jia Youlong, heard Jia Youlong's laugh, immediately followed and laughed.

Except for the two gunmen who were killed by Erha and Sanha unexpectedly at first, none of the other core cadres who followed Jia Youlong to the murder house were injured.

The bounty hunter zombies that Liu Yihui had injected with medicines were also very powerful, and they were already as good as level 6 zombies. After rushing out, they just shocked some of these core cadres on the scene.

But under the cooperation and attack of these core cadres, all these bounty hunter zombies also chopped off their heads.

And these heads were neatly placed on the ground by these bounty hunters, like Erha and Sanha's heads. These core cadres arrogantly used these heads to play bowling.

The haunted house is indeed a haunted house. According to their intelligence, there are only a few sixth-level zombies and two zombies in this murder house that still have some fighting power. The remaining Liu Yihui and the captives are people who have no fighting power at all, and Xue Ji, Wei Wei and Wang Rui, this The three women were also not cared by them.

In their eyes, except for Xue Ji, everyone else was already dead.

"Hey, I know that Li Tian's role in leaving you here is to guard the murder house, and your duty is also to guard the murder house. After a while, I will kill the people you want to guard in front of you one by one, and dig their hearts Come out for you as a biscuit! Hahaha, when Li Tian knows that the murder house is taken by me, Xue Ji is already in my hand. I want to see Xue Ji in my hands, what choice Li Tian will make! It's love Jiangshan still loves beautiful people more! Hahaha" Jia Youlong kicked the head of the deputy captain towards the head of the row of zombies, raising his head and laughing.

The head of the deputy captain "Gurulu" rolled continuously and directly hit the heads of a row of zombies.

"Okay! City Master Jia has a good footwork!" The core cadres immediately cheered and flattered.

But their voices have not yet died, and a sniper rifle gunshot suddenly heard from the murder house. A bullet whizzed across the empty courtyard, directly hitting Jia Youlong's right ear, knocking Jia Youlong's left ear away.

"Ah! My ears!" Jia Youlong let out a scream, covering the roots of his \*\*\*\*\* ears and shouting with a pained expression: "Kill them, I want them all to die here!"

In the murder house, Xue Ji said with a disappointed look: "Hey, it's troublesome now, but I missed it!"

Chapter 3340: Arrived in time

At the same time, in the laboratory.

"Damn! Keep the green hills, don't be afraid that there will be no firewood! As long as I am Liu Yihui not dead, we can make more of these bounty hunter zombies! This day is no more, prisoner you \*\*\*\*\* hurry up and take out all my potions! "When Liu Yihui saw the five zombies he released, not only did they fail to stop Jia Youlong, they also became toys in the eyes of Jia Youlong and others, and Liu Yihui immediately became angry.

Needless to say, the bounty hunter zombies were also angry after hearing about Jia Youlong's cruelty.

The mud bodhisattvas still have three points of anger, not to mention that they are half corpses and half humans. Instead of waiting in this iron cage for Jia Youlong to cut off their heads one by one and kick the ball, it is better to inject a potion and go. Desperately!

It is better to be a human-conscious zombie than to become a dead body!

"Sister Wang Rui, Wang Qiang, let him go." The captive was assisting Liu Yihui in injecting the zombies with medicine. When Wang Qiang was injected, the captive asked hesitantly.

"Give me an injection!"

"Give him an injection!" Wang Qiang and Wang Rui said almost at the same time.

"Sister, if you have the next life, I, Wang Qiang, will still be your brother. But in the next life, let my Wang Qiang protect you!" Wang Qiang grabbed the needle from the prisoner's hand and plunged it directly into his body with a resolute expression on his face. Said.

After a series of events, Wang Qiang changed from a bounty hunter of a relatively respected supreme king to a half-dead zombie that everyone spurned by now. Wang Qiang's inner world has undergone earth-shaking changes. Wang Qiang can be said to have completely enlightened him.

Moreover, the current Wang Qiang felt that he was really suffering while alive.

Instead of living like this and watching her sister Wang Rui suffer, it is better to die well enough to let her sister Wang Rui get relief.

Wang Rui didn't speak, holding back tears, pulled out the needle for Wang Qiang, and stroked the place where the needle was pierced by the needle a few times. At the moment when the tears were about to fall, he turned and hurriedly left the laboratory.

"Wow!"

"Wow!"

The bodies of the bounty hunter zombies after the injection of the medicine began to change constantly. Meat packs appeared on these people. Soon, these meat packs were pierced by Bai Sensen's bone thorns, and these bounty hunter zombies All of them howled like beasts, rushed out of the laboratory and rushed into the murder house courtyard.

Liu Yihui and the captive had already ran out, and the captive was still holding a needle tube full of medicine, and he was going to put this needle on himself when he was in danger. But what Liu Yihui holds in his hand is a knife and fork for western food.

"Why are you holding a knife and fork?" the captive asked with some confusion.

"There is still some high-quality beef in the freezer. Hey, even if I die, I can't leave this high-quality beef with Jia Youlong, right?" Liu Yihui said nonchalantly.

"Isn't the freezer used to store the organs of the zombies?...Wow..." The captive hadn't finished speaking. Seeing Liu Yihui showing an expression that you understand, he couldn't help it anymore, crawling aside and vomiting!

On the second floor of the murder house near the window, the goddess Xue Ji kept firing, trying to stop Jia Youlong's people from rushing over.

And the two-dimensional back to the wall, hiding behind a door, the black thorn in her hand is facing the door, once Jia Youlong's people come to the door, they will inevitably become the dead souls of the two-dimensional black thorn.

The core cadres who followed Jia Youlong to the murder house rushed to the murder house, but the sharpness of the sniper rifle in the murder house made them quite jealous. Although they were also rushing, they did not dare to rush forward. Fortunately, there were gunmen among these core cadres. Shoot against Xue Ji.

These core cadres finally rushed to the door of the murder house and were about to do a big fight, but they heard a rush of footsteps from the murder house.

"Bang!" With a sound, the wooden door of the murder house was directly smashed from the inside, and zombies broke through the door in the past twenty years.

"How come there are so many zombies? Is this murderous house like Li Tian a corpse farm?" These core cadres were shocked and immediately attacked the zombies.

Half of Jia Youlong's cheek was stained red with blood, and his eyes were full of ferociousness. He rushed to the forefront. The dragon sword in his hand flicked, and a sword pierced the head of a zombie. With a jump of his wrist, the corpse crystal in the head of this zombie flew away. Came out, and the zombie fell to the ground.

The zombies rushing out of the haunted house did not expect to die before leaving the teacher. They met Jia Youlong as soon as they came out, and when they met, Jia Youlong directly killed a bounty hunter zombie.

These zombies retained some of the habits of human beings, and they were involuntarily stunned.

And just in this stupefied effort, Jia Youlong's dragon sword in his hand is like a dragon going out to sea, the sword light flashes, and the heads of two zombies are cut off in succession. Jia Youlong was shot \*\*\*\* by the goddess Xue Ji, roaring. Said: "Kill! Kill all!"

With Jia Youlong's lead, the other core cadres dared to die, and the weapons in their hands greeted the zombies' heads.

And the zombies who rushed out also used their own zombies' attributes and killed these core cadres.

This time, the number of zombies was obviously more than the number of core cadres brought by Jia Youlong, and soon, injuries appeared among these core cadres.

On one side, a white Sensen passed through the chest of a man in his forties, and the zombie bit directly on the man's neck, tearing off a large piece of skin from the neck, and chewing. With.

On the other side, although a zombie's body was cut in half, his head still bit the calf of a core cadre, and the core cadre was frightened and inserted a long sword in his hand. In the head of this zombie.

"Puff!" The half-white but not black brain was flowing out of the wound.

Although the core cadres were injured, the number of zombies was rapidly decreasing. After all, Jia Youlong was once the master of the Seven Swords and one of the tridents of the Sunset Fortress. The overall strength is close to the strength of the eighth-level zombie. Naturally, it is not the bounty hunter zombies who barely obtained level 6 zombies through potions.

In just a few minutes, the twenty or so zombies that rushed out of the laboratory were already dead, even if they were not dead, they had been chopped down to the ground and lost their fighting ability.

"Kill!" Jia Youlong carried the Dragon Sword and rushed to the second floor.

At this moment, "Boom!" A car smashed through the wall and rushed directly into the murder house compound.

And with the loud noise of the collapse of the wall, a strange blade flashed across the sky, and hurriedly towards Jia Youlong and others from a distance. Jia Youlong dodged sideways and escaped. "Red Slash"'s far-reaching attack.

And "Hong Zhan" inserted directly into the wall behind Jia Youlong, not to the hilt!

"Li Tian!" Jia Youlong and other dozens of people called in horror.

Li Tian, Manzi, Tang Xiaolong, and Situ Ningbing had already walked out of the car.

Looking at the heads of zombies and dogs in the courtyard of the murder house, although there is no head of Li Tian's most important person, Li Tian's anger exploded at this time.

A figure galloped past, and Li Tian burst into a shout: "Jia Youlong, today I'm going to pump your muscles and take your skin off!"
