

## A Killer 3341

Chapter 3341: Skin cramps

"Brother Tian, I'll pick up dragon skins with you and cramp dragon muscles!" Tang Xiaolong shouted to Li Tian after getting off the car.

As Li Tian's brother, Tang Xiaolong fought side by side with Li Tian, but was stopped by Situ Ningbing.

"Xiaolong, this is Li Tian's battle!"

Tang Xiaolong was unwilling, but nodded.

Li Tian is Tang Xiaolong's little boss, and Tang Xiaolong has absolute confidence in Li Tian.

At the moment he saw Li Tian, Jia Youlong couldn't help but trembled. This was a kind of fear from the heart.

Jia Youlong understands that with his personal strength alone, he is not an opponent of Li Tian who can easily kill Scarlet Blood, Scarlet Wolf, and Yang Qingyun. Only by catching Xue Ji alive and letting Li Tian cast a rat, he has a little chance of winning! But now Jia Youlong not only failed to capture Xue Ji alive, but was also knocked out of an ear by Xue Ji's sniper rifle. And now that Li Tian has arrived in time, Jia Youlong understands that his general situation is gone. For the present, he can only capture the thief. Capture the king first, take Li Tian first, and he has the possibility of a comeback!

"Brothers! Come with me and kill Li Tian! Whoever killed Li Tian, I promise to give out the four satellite cities to whom! He is the lord of those four cities!" Jia Youlong waved Li Tian, who wandered the dragon sword in his hand. Shouted sharply.

Jia Youlong's voice has not yet settled, and Li Tian has reached a distance of less than ten meters from Jia Youlong to Jia Youlong.

And "Red Zhan" has galloped towards Jia Youlong from behind Jia Youlong. Jia Youlong didn't dare to be careless. After turning his body, You Longjian gave a "swish" and gently touched "Red Zhan", missing "Red cut".

Li Tian has already arrived in front of Jia Youlong between the lightning and flint.

Li Tian controlled "Red Zhan" to fly around Jia Youlong with one hand, and with the other hand used thunder means to use a move: Broken Soul Palm.

Jia Youlong understands the sharpness of Li Tian's weapons. Even if he has the Dragon Sword in his hand, Jia Youlong must avoid its sharpness. Therefore, Jia Youlong always makes the Dragon Sword in his hand "Red Cut" lightly.

However, Jia Youlong couldn't help but sneer at Li Tian's own skill. Whether it was the information from He Zhizhuo and Shelipuding, or he saw it in the sunset fortress, Jia Youlong never looked at Li Tian's skill and skill. In the eyes.

Seeing Li Tian stretched out a palm to attack him, Jia Youlong couldn't help but snorted, and instead of retreating, he flicked the dragon sword in his hand, flicked behind him, and punched Li Tian's palm.

Seeing Jia Youlong's life and death, Tang Xiaolong Barbarian and others laughed involuntarily, especially Situ Ningbing, who laughed hard to hide.

Before Li Tian obtained the "Red Slash", Li Tian had always relied on his fist and kung fu, but when he returned to Earth from another world, Li Tian's kung fu disappeared with illusion, but after these few months After the recovery, Li Tian's practice has been restored seven or eighty-eight.

Even if it is a level 6 zombies, now Li Tian can shoot to death with a palm, not to mention the little Jia Youlong.

Sure enough, as Situ Ningbing had expected, as soon as Jia Youlong's fist touched Li Tian's Broken Soul Palm, Jia Youlong was slapped by Li Tian and flew out.

"Boom!" With a sound, Jia Youlong's body slammed into a wall of the murder house, bricks, cement, and sawdust splashed all over Jia Youlong, and Jia Youlong's entire arm was directly hit by Li Tian. It was scrapped.

"Hurry up and save the city lord!" The core cadres of the sunset fortress did not know who shouted.

"This is my battle! Who dares to intervene?" Li Tianzheng walked towards Jia Youlong slowly, heard the words of the core cadres, suddenly turned his head and shouted.

Li Tian stared angrily, yelled, and a murderous roar that made the core cadres of the Sunset Fortress who were about to intervene just now to retreat in terror, and their bodies shook involuntarily.

Before Li Tian's voice fell, I heard the roar of motors coming from outside the courtyard wall, and these sounds were getting closer and closer!

"boom!"

"boom!"

"boom!"

Cars rushed into the fence and stopped in the compound of the murder house.

"Wow!" With the sound of firearms, several snipers such as Bai Jing and Li Dan have aimed their sniper rifles at the core cadres, while Lily, Huo Liantong, Xin Yan and others also got out of the car and came to Tang Xiaolong. , Barbarian.

Seeing this scene, the core cadres of the sunset fortress who came to the haunted house with Jia Youlong were already shuddering, and they didn't even want to intervene at all. At this time, they just wanted to leave the haunted house early.

But Li Tian's unwillingness for them to intervene in the battle between Li Tian and Jia Youlong does not mean that they can leave the murder house easily.

Tang Xiaolong waved his hand to Bai Jing and the others, and said, "These shrimp soldiers and crabs are itchy. If they don't smoke or feel uncomfortable, let the barbarians and me take care of it! You can sit in the car and watch the show!"

"Barbarian, dare you to compete with me?" Tang Xiaolong said to the barbarian.

"Why don't you dare!" Manzi waved the Azure Dragon Sword and said with a hearty smile.

"Don't bother the two brothers to do this kind of thing! Leave it to me Wei Wu and my brothers!" Wei Wu is most worried about the core cadres who are still alive talking nonsense. Now that they are alive, he immediately responds. The brothers behind him shouted: "Come on! Cut up these guys!"

Those who followed Wei Wu were all monkey spirits. Hearing Wei Wu's hello, he immediately hurried up.

"Brother Wei Wu...Ah!" As soon as these people shouted Wei Wu's name, they were immediately chopped into a pile of meat sauce by Wei Wu and others!

"Sorry, you know so much!" This is what Wei Wu and others thought.

Let's talk about Li Tian. Li Tian walked slowly to Jia Youlong's body. Jia Youlong was a hundred-legged worm that died and was not stiff. Holding the Dragon Sword in one hand, he stabbed Li Tian who was walking towards him.

"Huh!" With a sound, "Red Zhan" flashed past, and Jia Youlong was directly cut off by "Red Zhan" holding the dragon sword's arm tightly! And the Dragon Sword also fell to the ground.

Before Jia Youlong let out a scream, Li Tian stepped on Jia Youlong's neck with one foot. Jia Youlong was like a chicken, with a low whine in his throat and eyes.

Jia Youlong's two arms are dead. After losing the Dragon Sword, he has almost no power to fight back. Even if he wailed, Li Tian didn't even frown.

Seeing Jia Youlong's botched performance, Li Tian showed no mercy to Jia Youlong. He sneered and kicked Jia Youlong in the back. Jia Youlong let out a scream and landed heavily on the murder house. On the ground, began to play dead.

How could Li Tian just let Jia Youlong go, his heart moved, "Red Zhan" had already returned to Li Tian, Li Tian walked slowly to Jia Youlong's side, and stepped on Jia Youlong's head with his feet. on the ground.

"Huh!"

"Huh!"

Red lights flashed, and Jia Youlong's body immediately became fleshy.

The technique is not good, please forgive me.

Li Tian controlled "Red Slash" with his heart, and despite the blood splattering, his hands actually started pumping Jia Youlong's dragon muscles and picking Jia Youlong's dragon skin!

Chapter 3342: Ye Yan Qunhao

It was bloody, the scene was bloody, but no one felt that Li Tian did it.

In this world where the weak and the strong, when Li Tian returned to the earth from another world, he always used the pre-apocalyptic earth standards to demand himself, but Li Tian hit a wall in all aspects and made him seem out of place in this era. Li Tian now is the posture that this apocalyptic power should have.

If Li Tian didn't get to Luo Xing in time, everyone except Bai Jing would have to die! But Bai Jing will be taken away by Jia Youlong, and even become Jia Youlong's forbidden. And if Li Tian did not

rush to the murder house in time, then Liu Yihui, the captives and others in the murder house would have to die, and Xue Ji could also become Jia Youlong's imprisonment.

This is because of strength, because Jia Youlong is the lord of the sunset fortress.

When Jia Youlong was trying to seize the sunset fortress, when Jia Youlong instructed people to take action on the world, when Jia Youlong was on his way to besiege the murder house, Jia Youlong should have thought that he would have such a day.

In fact, Jia Youlong is not incapable of coexisting with Li Tian, but the premise is that Jia Youlong has a clear attitude.

Yang Qingyun's internal worries for Sunset Fortress were solved by Li Tian. The external troubles of the leaders of the Scarlet Blood Organization, such as Scarlet Blood, Scarlet Tiger, and Scarlet Wolf, were also solved by Li Tian, and why did Jia Youlong \*\*\*\* Li Tian? Fruit of victory!

If Jia Youlong had a clear posture at the beginning, not to mention becoming Li Tian's right and left hand, but at least in this sunset fortress, there must be a place for Jia Youlong.

Seeing Li Tian's \*\*\*\* movements, Wei Wu and others were shocked, but they were secretly grateful in their hearts.

...

Once the sunset fortress headquarters, now the Tianjie headquarters, Li Tian sits in a spacious office. In the office, the real core cadres of Tianjie sit comfortably on the sofa, drinking good tea, and the expressions on their faces are quite Easy.

On the day Jia Youlong was killed, Li Tian and others had taken over the Fortress of Sunset with full authority and renamed the Fortress of Sunset to Heaven.

Just after taking over the heavens, Li Tian didn't go to war. In the past, the core cadres of the sunset fortress almost all performed their duties and were responsible for the operation of the heavens. But these core cadres understand that the sunset fortress has changed into the sky and it is true. It became Li Tian's world.

It was exceptionally calm before the storm.

"Brother, the Zombie Research Institute has completely taken over the original Zombie Research Institute, but the zombie research technology has now been completely divided into two departments. The first is the research and invention of human injection medicine. This part is still carried out in the murder house. For research, the captive is the head of this research institute; the second is the research on medicaments for zombie virus solutions. This part has been transferred to the original zombie research institute. Dean Huang is willing to work with us and is now mainly responsible for the zombie research institute Work, and the brothers Sha Hanlin and Sha Cabinet recommended by Bai Jing assist Dean Huang." Liu Yihui said while leaning against the sofa.

Although Liu Yihui has become the chief dean of the Celestial Zombie Research Institute, this person still looks like a fool. A pair of broken slippers has been replaced with a pair of brand new slippers. He is also listless when talking.

"Thanks, what's the situation with Wang Qiang now?" Li Tian asked.

When Li Tian stormed into the murder house, Wang Qiang had already been chopped off by Jia Youlong, but he was not hacked to death by Jia Youlong. That's why Li Tian asked.

"Wang Qiang, the deputy captain, etc. were given a new body, and there is no repelling effect yet!" Liu Yihui said.

Li Tian nodded, then turned to Bai Jing, and asked, "After this time, how is the development of the World Bounty Hunter team now?"

Bai Jing sat upright, gave Li Tian a tender look, and said: "Because Barbarian, Two-Dimensional, Li Dan, Huo Liantong, and Xinyan were selected by you to enter the Heavenly Gate, the world is a bit blue and yellow, but now you want to join the world. There are many bounty hunters, and there are many bounty hunters with level 4 or even level 5 characters requesting to join the world! Although the number of people in the world is still around 20, the world is now the world. , And even the top bounty hunter organization in the Northwest region, anyone is proud to join the world."

"Ning Que Wulan, choose the best hire!" Li Tian said to Bai Jing.

After this Tianxia defecting incident, Bai Jing naturally understood what Li Tian meant, nodded and said, "Understood!"

The world is of great significance to the heavens and the heavens. Li Tian cannot always rely on his current people to conquer the world. He must constantly absorb fresh blood, but Li Tian cannot choose food and clothes or clothes, allowing those bad elements to enter the world. Among.

"Brother God! I have already investigated the things you asked me to investigate. The Scarlet Blood City where Scarlet Blood is located has not fallen into chaos. The fourth person in Scarlet Blood City, Scarlet Squid now takes over Scarlet Blood City. This city and The heavens are already there, and the biggest resources nearby are natural gas and oil. In other words, the Scarlet Blood City can be said to be rich in flowing oil!" Wei Wei said.

"Chi You?" Li Tian asked suspiciously.

Two-dimensional smiled slightly and said: "Red blood, red squid, this person can be regarded as a talent. Before the end of the world, he was in charge of a listed company and was arrested because of economic crimes. After the end of the world, he followed the red blood. .Because of his outstanding management ability, the Scarlet Blood City has actually been under his management. However, I heard that the Scarlet Squid left Scarlet Blood City half a month ago and disappeared mysteriously. I suspect he was worried. Brother Tian went to trouble him and hid."

Hearing what Two-dimensional said, everyone present couldn't help laughing.

Li Tian's thoughts are now known as Sima Zhao's heart. Everyone knows that Li Tian will not just be satisfied with closing the sunset fortress.

"What about other organizations?" Li Tian asked.

"Other organizations are not worth mentioning. The core personnel of the major organizations are almost dead and injured in the Tianshan Mountains. Not many can sustain it now. There are already more than ten new leaders of organizations thinking We got in touch with our Celestial Realm through various channels. However, we have been following Brother Tian's instructions and have not been in contact with these organizations!" Bai Jing said.

"Very good! They are pretty acquainted! Wang Rui, you are in charge now should be the time for the department you are in charge to perform their skills. Starting tomorrow, I want you to publish hero posts and invite all the leaders of organizations and bounty hunters in the Northwest region. The heads of the delegation will participate in the inaugural meeting of the Celestial Realm in two weeks! Two weeks later, I will have a banquet for the tycoons and discuss the development plan of the Western District with the bigwigs!" Li Tian patted the table, stood up, and said with a hearty smile .

"It seems that Tang Xiaolong, Manzi, and Lily didn't disappoint me!" Li Tian said with joy in his heart.

#### Chapter 3343: Banquet at the night (2)

The Warring States Period was a small organization. This organization only occupied a small county seat. This county seat did not have any outstanding minerals and resources. The only thing worthy of recognition was that more than half of the land in this small county seat was not polluted.

And this small organization with a population of less than 10,000 is relying on the most traditional planting industry to survive in this apocalyptic era.

For high-level tasks like entering the Tianshan Mountains and looking for the four elephant elders, there is no such thing as a small organization like the Warring States period to participate. Therefore, all the team members of the Warring States period have not been damaged and have been completely preserved.

After hearing that the leaders and core cadres of the major organizations suffered varying degrees of death and injury after entering the Tianshan Mountains, the great master of the Warring States Period felt that the opportunity for the development of the Warring States Period had come. This great master even held a strategic mobilization meeting, and what direction At that time, you can split a little meat out of the nearby sunset fortress.

However, the wish of this master is beautiful, but the reality is very backbone. I don't know where two men and two women, a few barbarians came out, and they directly asked the master of the Warring States if he would return to the heaven and become the heaven. a part of.

What is the heaven? The great master of the Warring States had never heard of this stuff, and naturally it was solved in one bite.

Who knows that the black monkey among the four barbarians was not angry at all, and directly blasted the great master of the Warring States Period to death!

Then, this question was thrown to the second boss. The second boss was the brother of the big boss. He slashed at another man with a knife, but he didn't expect him to be cut in two by another man.

In the end, this question was left to Dou Kangcheng, the third master of the Warring States Period. Dou Kangcheng was not afraid of death or meaningless death, so he agreed without hesitation.

As a result, the black monkey asked Dou Kangcheng to go to the heavens, which was the former sunset fortress to find Li Tiantoucheng!

When he arrived in the heavens, Dou Kangcheng knew that the sunset fortress had changed to the sky. The current city lord is Li Tian, while the previous city lord Yang Qingyun and later city lord Jia Youlong include the scarlet blood, the scarlet tiger, and the scarlet wolf. It was killed by Li Tian!

Dou Kangcheng also understood why the black monkey was so unreasonable.

Dou Kangcheng sat on the bed with his legs crossed, inhaled a cigarette, and sighed. It has been almost a week since he left the Warring States Period to the Celestial Realm, not to mention Li Tian, even the core cadre of the Celestial Realm he did not see. To.

However, Tianjie did not neglect him. Since he came to the Tianjie Hotel, the person in charge of the Tianjie Hotel has received him politely, taking care of his daily life very well, but the cost has also risen soaring.

But Dou Kangcheng did not dare to leave the heavens, and without Li Tian's approval, if he returned to the Warring States without authorization, death would be waiting for him.

There are still many people who have the same fate as Dou Kangcheng. In this heaven hotel, there are at least the heads of various small organizations that exceed the number of hands. After simple greetings with these heads, Dou Kangcheng knows that their Warring States is relatively speaking. Good luck.

The organization with the worst luck had killed eight heads in a row, only to realize that the black monkey was just trying to obey.

"Boom!" There was a knock on the door from outside the hotel. Dou Kangcheng knew that it must be the head of another organization who had nothing to do, and came to him to chat and fight to pass the boring time.

"Come!" Dou Kangcheng put out the cigarette, got out of bed, walked to the door, and opened the door.

What knocked at the door was the sixth hegemon of the Spring and Autumn Five Hegemony, Hao Yingjie. He could come here, naturally the first five of the Spring and Autumn Five Tyrants were beaten to death by the black monkey.

The organization of the Spring and Autumn Five Tyrants is different from that of the Warring States Period. The organization is not very large. It occupies a small county with a population of about 10,000, but this small county has a small, famous iron ore farm!

"Hey, Old Dou, what do you think this is?" Hao Yingjie took out a black invitation letter and swayed in front of Dou Kangcheng.

Dou Kangcheng said angrily: "What can it be? Could it be a love letter written to you by the ladies in the ladies club... what invitation letter?"

Before Dou Kangcheng had finished speaking, he saw the three bronzing characters on the black card and quickly reached out to grab it, but Hao Yingjie avoided it directly. Hao Yingjie went directly into Dou Kangcheng's room and said with a smile: "This is naturally an invitation letter from the heavenly Lord Li Chengzhu. Li Chengzhu invited me, the head of the Spring and Autumn Five Tyrants, to participate in the banquet two weeks later to discuss major issues. !"

"Just blow it! I didn't know who it was yesterday. I ran to me to eat and drink. The poor one is like a dog, saying that it is really difficult for Li Tian to meet Li Tian, so why was Li Tian invited to be a guest today? Who will believe it!" Dou Kangcheng had an intuition in his heart, feeling that the invitation letter should not be fake, but he didn't want to believe it.

"Let me show you! Have you seen these words? Spring and Autumn Five Tyrants, and these words, Li Tian! I will never lie to you! But brothers are here not only to show off, you If you have anything you want to say to Li Tian, when brother I attend this banquet, brother will help you convey it!" Hao Yingjie said with a smile.

Dou Kangcheng didn't want to admit it, but when he saw the invitation letter with gold lettering on the black background, he didn't admit it either.

Dou Kangcheng looked disappointed. He knew that the Warring States Period was a small organization. Even if the black monkey asked him to come to the heavens to find Li Tian, he would inevitably make mistakes. If there is no Warring States for this banquet, then the Warring States will be one level lower in front of the Spring and Autumn Five Hegemony.

Dou Kangcheng gritted his teeth, hesitated for a while, and just prepared to say to Hao Yingjie: "I beg you to tell City Lord Li Tian that my Warring States Period is willing to return to the heavens and accept the wise guidance of Master Li Tian.

At this moment, the knock on the door sounded again.

"Hey, it should be the head of the Wuhuang organization downstairs who came up to show off, haha" Hao Yingjie said with a mockery.

Dou Kangcheng came to the door reluctantly and opened the door, only to see a woman he didn't know standing in front of the door.

"Are you Dou Kangcheng from the Warring States Period?" the woman asked.

Dou Kangcheng nodded, looked at this woman who seemed to be somewhat beautiful, and said, "I am, what do you want me to do?"

The woman smiled faintly, and said: "According to the order of our minister, I came here to submit an invitation letter and invite you..."

Hearing the three words of the invitation letter, Dou Kangcheng's heart began to beat wildly, and there was a burst of joy in his heart, and he did not hear what the woman was saying behind. Even Dou Kangcheng hummed a tune in his heart, "Waiting for a long time and finally waiting till today, waiting for a long time to finally realize the dream..."

"Wait, my Warring States is about to be swallowed by the heavens? Why am I so happy? What about him? At least the Warring States has received an invitation to the banquet! At least the Warring States can be equal to the Spring and Autumn Five Overlords. Haha" Dou Kangcheng thought With.

Chapter 3344: Ye Banquet Group Hao (4)

After Tianjie sent the invitation letter, a gossip spread among the shops of Tianjie.

The news stated that the organizations that received the invitation letter will become the objects accepted by the Celestial Realm and become a part of the Celestial Realm, but the organizations that have not received the invitation letter, then congratulations, you have become the target of the Celestial Realm in the northwest region, and are ready to accept The thunder of heaven strikes.

As soon as the news came out, the entire northwest region was boiling.

Those organizations that had to enter the Celestial Realm because they were killed by the Barbarian, Tang Xiaolong and others in a row, came to Li Tian to accept them. Because they were given priority to get the invitation from the Celestial Realm, not only did they not remember the hatred of the Barbarian, Tang Xiaolong, etc. Complacent.

As for those organization leaders who have not yet received the invitation letter, they are desperately looking for relationships in the heavens, hoping to meet Li Tian, or to find a few core cadres such as Situ Ningbing, Goddess Xueji, Wang Rui, etc. , I hope to get an invitation letter.

And this simple invitation letter has become a benchmark for the strength of the major organizations in the northwest region. The value of such an invitation letter has already sold more than ten seventh-level corpse crystals in the celestial black market. But at such a high price, there is still no market.

After all, no organization is willing to trade the survival of its own organization for ten seven-level corpse crystals.

...

It's snowing, this is the last snow before winter goes to spring.

The snow is not big or dense, and it is scattered on the ground. It can be used to spread a white layer on the ground. Snow the size of rice grains falls on the clothes and makes a slight noise, which is very nice.

Li Tian stood on the roof of the Celestial Headquarters, overlooking the entire Celestial World. "Hong Zhan" flew around Li Tian's body, slashing every snowflake that fell.

If you look closely, you can see that each piece of snowflake has been cut by "Red Cut" at least three times horizontally and vertically. This shows that Li Tian has reached the level of proficiency in controlling "Red Cut", but it is also It can be seen that Li Tian's mood is extremely bad at this time.

Standing at a distance of five or six meters behind Li Tian, Situ Ningbing looked at Li Tian's constant anger, and said with some worry, "Li, Ouyang Shiqing and Ouyang Man leave without saying goodbye. They must already know. You don't need to blame yourself for things in the Tianshan Mountains."

After Li Tian returned to the heavens and killed Jia Youlong, Li Tian went to find Ouyang Shiqing, but Ouyang Shiqing had already left the heavens, and the specific whereabouts were unknown.

"Duh!" With a cry, "Hong Zhan" landed on the ground and plunged directly into the concrete roof.

Li Tianyi stretched out his hand, "Red Zhan" whizzed, and returned to Li Tian's palm.

"Let Wang Rui send more people to inquire about the information about the kingdom of the corpses, especially the information about Ouyang Shiqing. Even if I can do nothing about the three corpses for the time being, I must always know about Ouyang Shiqing!" Li Tian is right Situ Ningbing said.

Situ Ningbing was not jealous because Li Tian valued Ouyang's poetry so much. He nodded and said, "Okay! Also, the fourth person with scarlet blood, Scarlet Squid has come to the heaven. He has passed all kinds of things. Relationship, want to see you, don't know what you mean?"

Li Tian sneered and said: "The heavens want to stand up, and the brains in my hands are not enough! Don't look at the ecstasy of the organization leaders who have received invitations from the heavens, but how many people are sincere. When the earth wants to join the heavens, how many people are violating the yin and the yang, we still don't know these at all."

"So Li Tian's strategy is to win over some organizations and make these organizations willing to join the Celestial Realm become the backbone of the Celestial Realm; neutral some organizations, although they have also sent invitation letters to these organizations, but Li Tian does not necessarily have to be completely To accept them, it all depends on their own performance."

"The other thing is to suppress some organizations, let these organizations completely disappear in the northwest region, and let other organizations understand that my heaven has the ability to unify the northwest! As for the red blood organization, now the top three people have been taken by me. Beheaded, the Scarlet Blood Organization naturally belongs to the latter! However, the Scarlet Squid, I have a bit of interest, so let him wait more! If he can be patient and wait till the end, then I, Li Tian Give him a chance. If he is not so patient, then why should I, Li Tian, give him a chance?"

Situ Ningbing nodded and continued: "Then I will arrange it!"

Li Tian suddenly said: "When we went to Luo Xing, because we had to deal with the affairs of the world, we didn't have time to find He Zhizhuo and Shelipuding. Later, we killed Jia Youlong and dealt with the affairs of the heavens. This delay caused them The two were left in the cold. I wonder if Wang Rui sent my invitation letter to them both?"

"The invitation letter was sent right away, and He Zhizhuo and Shelipuding also accepted the invitation letter!" Situ Ningbing said.

"That's good, the entire Sunset Fortress and the people that Li Tian likes to me are just a few of them. If you don't have them around, then life is so boring!" Li Tian said with a slight smile.

...

Shelipuding carried a giant axe on which a thin layer of snowflakes had fallen.

Shelipuding glanced back at the Sunset Fortress that had disappeared from his sight, and sighed for a long time. He was very literate and said in a low voice: "Goodbye Seven Swords, goodbye Sunset Fortress!"

After speaking, Shelipuding walked a few steps quickly to chase after He Zhizhuo who had opened him more than ten meters away.

"Just leave? Don't say hello to the Li Tian brothers?" Shalipu Ding Urn said in a voice.

He Zhizhuo didn't turn his head back, and said: "If you have the destiny, you will meet each other.

"Are you still angry about him killing the boss? You can't completely blame Li Tian for this. After all, the boss was at fault first. And the boss is too unkind. You can take Li Tian's turf? Offering a reward to Li Tian and thinking about the person who moved Li Tian. If I were Li Tian, I would also fight the boss!" Shelipuding said with a sigh.

"I know. But Jia Youlong is my boss. Jia Youlong was killed by Li Tian. I don't want to seek revenge on Li Tian. This is my biggest concession. I want me to join him shamelessly. That \*\*\*\* banquet, let Li Tian dream about it!" He Zhizhuo said.

Shelipuding smiled and said, "You don't like Li Tian, do you? Li Tian is strange and charming. If I were a woman, I would definitely like Li Tian!"

He Zhizhuo stopped hurriedly, stood there, looked back at the sunset fortress where the side shadow was no longer visible, considered it seriously, and then shook his head and said, "No!"

"Okay! I believe you, you can take away the weapon you put on my waist!" Shelipuding said with a wry smile.

Chapter 3345: Eve of the Banquet

Two weeks' time, that is, a fleeting matter.

Tang Xiaolong, Barbarians, Captain and Baihe have all returned to the heavens. They drove all the way from the northern part of the heavens, turned counterclockwise, and finally returned to the heavens. Before they returned to the heavens, there were already more than five hundred organizations in the heavens who came here.

Naturally, these masters came to heaven because of the kind invitation of Tang Xiaolong, Manzi and others.

At the beginning of the lanterns, the whole heaven was festooned and brightly lit.

Celestial Headquarters, in the banquet hall that can accommodate more than 1,000 people at the same time, there are eighty-one large round tables arranged horizontally and vertically, each with nine seats. Eighty-one tables in the entire banquet hall can accommodate more than 800 people.

On a wooden table with a height of more than half a meter in front of the banquet hall, there are also four mahogany tables with eight immortals. These are four mahogany tables with eight immortals, but there is not even a chair. It seems that they are dedicated to display something. Things seem to be!

At this time, in the banquet hall, many heads of organizations from all sides had come, sitting together in twos and threes, eating melon seeds, eating peanuts, smoking and smoking, it was also very lively. Like these melon seeds, peanuts, fruit candies, if before the end of the world, who has not eaten them, not to mention the holidays, even in normal times, most men would not even bother to eat these things. But now, three years after the end of the world, these things are no longer considered luxury goods, but they are relatively rare.

On the ninety-nine and eighty-one tables of the heavens, each table is placed with a plate of melon seeds and peanuts, a plate of fruits, a plate of candies, and a whole cigarette. From this small detail, the heavens can also be seen. It's generous.

Tang Xiaolong and Manzi, standing from left to right at the entrance of the banquet hall, are responsible for receiving the leaders and leaders of the various organizations participating in the banquet. One of these two is the brother of Li Tian, and the other is also very important in the heavens. The key figures, greeted by the two of them at the door, can also tell Li Tian's fancy to this banquet.

Both Dou Kangcheng and Hao Yingjie were well-dressed, pinched a little, and came to the heaven headquarters.

Outside the Celestial Headquarters, the heads of the small organizations that have not received the invitation letter have already looked down at this time, and are greeting every head holding the invitation letter they meet.

The purpose of these masters is very simple. Before the banquet has started, quickly find a good organization to annex their own small organization, so that they won't have time to let their small organizations face the giant of the heavens.

"Isn't this Dou Kangcheng Xiaodou? Do you remember me? I am Ren Lifu, who is the head of the house!" A man in his thirties suddenly appeared in front of Dou Kangcheng and said with a polite expression.

"Ren Lifu? The head of the house? Do I know you?" Dou Kangcheng said with a slight smile.

Dou Kangcheng's Warring States organization was only a few dozen miles away from Ren Lifu's Ten Thousand Thousand Killing Organization. As soon as any organization on either side had trouble, the other organization knew about Xiaoxi. Unfortunately, the Warring States Period was selected by Tang Xiaolong and Manzi, and several heads died in a row. It was Dou Kangcheng's turn to become the head of the Warring States Period. Ren Lifu would not know this kind of thing.

But when Ren Lifu met, it was called Dou Kangcheng Xiaodou, how could he not let Dou Kangcheng get angry.

Especially seeing the \*\*\*\*\* smile on Hao Yingjie's face, Dou Kangcheng wanted to step on Ren Lifu's feet severely.

Seeing Dou Kangcheng pretending not to know him at all, Ren Lifu immediately understood that he had said something wrong: "Dou Master, you are really a nobleman who forgets things. I am a small man, a small man who cuts ten thousand people!"

"Oh, it turned out to be Xiao Ren! Haha, the lights of the heavens are so dazzling, I didn't even see that it was you, why are you also here for the banquet? Let's go in together!" Dou Kangcheng said with a smile.

Ren Lifu's face was a little embarrassed, and he whispered: "Master Dou, we, Ten Thousand People, have not received an invitation from Heaven. No, are you thinking of a way now? I don't know if Master Dou is interested in cooperating with Ten Thousand People. What?"

Cooperation is to be annexed! Since Dou Kangcheng received the invitation letter from Li Tian, organizations in several small towns around the county seat of the Warring States have all chosen to join the Warring States and become part of the Warring States organization.

Even a small town organization close to Ten Thousand Thousands of People chose to invest in the Warring States Period.

Although the Warring States could not escape to become part of the Celestial Realm in the end, the stronger and greater the overall strength of the Warring States, even if it was finally annexed by the Celestial Realm, the cake weight that the Warring States could divide will increase in response to the cake. And like the current ten thousand people, they don't even have the right to divide the cake.

"It depends on the sincerity of the master?" Dou Kangcheng said with a slight smile.

"Ten Thousand Thousands of People became a branch of the Warring States Period. I consider myself the minister of Ten Thousands of Thousands to Kill this branch." Ren Lifu said with a sincere expression.

"Hahaha!" Dou Kangcheng laughed, and said: "How can I be wronged to be the head of a branch to be the minister of a branch! How about this, Ten Thousand Thousands of People are completely merged into the Warring States Period, and there will be no such names since then. Now, the one who is in charge can become the third in the Warring States period! What do you think of my sincerity?"

Ren Lifu almost didn't even think about it, and immediately nodded and agreed, and said, "Then it's settled! After you finish the banquet, let's discuss specific matters! I'll be waiting for you outside this headquarters!"

At the same time, the same cooperation is constantly being staged outside the headquarters of Tianjie.

"It's such a blessing to Master Dou, who has already swallowed ten thousand people in an instant." Hao Yingjie said with a smile.

"Hao Dang's blessing is not bad! This is not when we are talking, how many small organizations has Hao Dang's annexed?" Dou Kangcheng also said with a smile.

"Where! It's just an organization of a few small towns. The current strength of our Spring and Autumn Five Fighters is only one county and five towns, and your Warring States is already seven or eight towns in two counties, right?" Hao Yingjie said with some envy .

"Hey, as long as you follow the pace of the heavens, these are nothing at all!" Dou Kangcheng is really exasperating now, and said with a smile.

The two talked as they walked, and their senses of Tang Xiaolong and Manzi changed a lot during their speech and behavior.

Although the Warring States Period and the Five Spring and Autumn Dynasties had died in their hands, at least the organizations led by Dou Kangcheng and Hao Yingjie are the ultimate beneficiaries.

When Dou Kangcheng and Hao Yingjie were triumphant, they saw Tang Xiaolong and Barbarian at the entrance of the banquet hall looking at them with a dark face. Dou Kangcheng and Hao Yingjie only felt cold, as if they were being killed. Focus on general.

The two men lowered their heads at the same time, raised the invitation letter in their hands over their heads, and handed them to Tang Xiaolong and the barbarian. They did not dare to lift their heads into the banquet hall.

Chapter 3346: The rules of heaven

Manzi took the invitation letter in his hand, and said with a dissatisfaction: "Brother Xiaolong, what do you mean by Brother Tian? Why don't you send two women to the reception? We even let the two rough men do the reception! Don't feel bad!"

Tang Xiaolong didn't have a black face, but his face was black, and the black face is the same effect as the black face.

"The little boss is a wise and magical weapon, he is handsome, handsome, and has extraordinary bearing. He is a star in the sky. How can his magical calculations be understood by a little \*\*\*\* kid like you? Hey, brother, just leave it to such trifles. Our brothers got it, why did you come here in person?" Tang Xiaolong grinned and said to Li Tian, who had already stood behind the barbarian, just like an African black slave.

"God... Brother Tian? Take a closer look tonight, you really are wise, martial and powerful..." Manzi turned his head and saw that Li Tian had already stood behind him, and he immediately showed a simple smile and followed Tang Xiaolong. Flattering.

Li Tian patted the barbarian on the shoulder, and said with a smile: "Although I am really a wise man and a powerful weapon, but you always tell the truth, make me a little proud! Hahaha!"

"Shameless!" Tang Xiaolong and Manzi said simultaneously in their hearts.

At this time, the leaders of the organization that came in one after another saw Li Tian standing at the entrance to greet him, and they inevitably felt some panic in their hearts and greeted Li Tian one after another. And Li Tian hardly knew the leaders of these organizations, so he just smiled and nodded slightly, which was regarded as greeting them.

Even so, the heads of these organizations felt dizzy and thrilled.

"Little brother Li Tian, the old man heard your laughter from outside the door. What is the happy thing that made the little brother laugh so happily" Ande, the president of the Bounty Hunter Association Branch, came over with a smile and said .

Li Tian is now the lord of a city, and Li Tian's future achievements are not limited to this. Anderzhen feels that the dawn organization that introduced Li Tian to the Bounty Hunter headquarters was his treasure.

Now Ander's transfer appointment has been down. Ander will be transferred to a city in the southwest region to be the president. Although the southwest is still a bit remote, after all, the flowers there are already in bloom, and there is no need for Ander to be here. Suffered from severe cold.

Therefore, when Ande saw Li Tian, he stretched out his hands far away and wanted to shake hands with Li Tian.

Li Tian has a black line on his face. It's not that Li Tian doesn't want to shake hands with Ande. It's mainly because Ande is a little dwarf who is too short. Li Tian can't squat down and shake hands with Ande!

But Li Tian still maintained his respect for Ande, half bent over, stretched out his hand, and shook hands with Ande.

After Ande stretched out his hand, he remembered the difference in altitude between him and Li Tian, but he could see Li Tianneng bending down to shake hands with him, and Ande felt that his face was full of face.

Ander will follow him. A man walking behind him introduced Li Tian and said, "Little brother Li Tian, this is Liu Jun who is here to replace me and be responsible for the management affairs of the Celestial Bounty Hunters Association! President Liu!"

Liu Jun is a man in his early twenties. Liu Jun is wearing neat and clean casual clothes. Seeing Li Tian looking up at him, the corner of his mouth is slightly raised, and he reaches out to shake hands with Li Tian, even showing a lot of affection. He reached out and hugged Li Tian.

"Li Tian, I know that you are a member of Liming, don't worry, so am I! But it seems that you, Liming's members are not very qualified! Two senior zombies, Ouyang Shiqing and Ouyang Man from the corpse country, can actually help you Retreat here all over, hehe, is your strength not as strong as in the legend!" Liu Jun continued in a low voice in Li Tian's ear: "But don't worry, now I'm here, I'm not the kind of Ande Waste, I will definitely help you Li Chengzhu to kill all the high-level zombies entering the heavens, including your captain, as well as Ouyang Shiqing and Ouyang Man!"

Li Tian didn't expect that Liu Jun would say this to him the first time he met him, and Li Tian couldn't help but show cold light.

Ander didn't see the cold light on Li Tian's face, and he still smiled and said, "What a hero and cherish a hero! I didn't expect the little brother Li Tian and President Liu to be so sympathetic to each other. That's strange, President Liu is a bounty hunter. The few level 9 bounty hunters in the organization are the few super masters who have hunted level 12 zombies!"

Li Tiancai no matter if Liu Jun is a level 9 bounty hunter or something else, Li Tian only knows that Liu Jun has successfully provoked Li Tian's anger.

Li Tian said coldly: "President Liu can come and try! But I have to remind President Liu that this is the heaven, and the heaven has the rules of the heavens. In the heavens, you have to act according to the rules of the heavens. If it is bad. Regardless of the rules of the heavens, Li Tian, no matter what he is a ninth-level bounty hunter, I can't kill him! As for the bounty hunter organization or dawn, I Li Tian is not uncommon."

Liu Jun laughed loudly and said: "Sure enough, arrogant enough, then let us wait and see!"

No matter how stupid Ander is, he has already seen that the relationship between Li Tian and Liu Jun is not as harmonious as he had said before, and the two are already at war. Ande also secretly regretted in his heart, why did he bring Liu Jun to this banquet.

"Chairman Ande, please come in! Tonight's banquet will be very exciting!" Li Tian did not continue the regular meeting Liu Jun, and said to Ande with a smile.

Seeing Li Tian's anger change back to normal in an instant, Ande nodded in his heart and said, "Little brother Li Tian, President Liu Jun. Take a step back and open up the sky, and please take the overall situation first."

After speaking, Ander walked in.

But Liu Jun sneered, just about to follow Ande to the banquet hall, but was stopped by Tang Xiaolong.

"Please show your invitation letter. If there is no invitation letter, then please...Go away!" Tang Xiaolong saw Li Tian and Liu Jun's swords drawn, so he didn't have the politeness to Liu Jun. Said.

Li Tian was secretly satisfied, smiled at Tang Xiaolong, nodded, as if saying to Tang Xiaolong: "Good job!"

With embarrassment on Liu Jun's face, he turned to Li Tian and said, "Li Tian, this is how your heaven treats guests? How can I say Liu Jun is also the president of the heaven bounty hunter association!"

"Hehe, it's really funny. Heaven treats guests naturally with courtesy of treating guests. Even if he is just the leader of an ordinary bounty hunter team, we will treat each other with courtesy. But well, this courtesy has a premise!" Li Tian said with a slight smile.

"What prerequisite, is it that invitation letter?" Liu Jun asked with a dark face.

"No, no, no!" Li Tian said with a sneer: "The premise is that the visitor must be a guest, and must be a human!"

Chapter 3347: Upper head (1)

"You?" Liu Jun didn't expect Li Tian's mouth to be so poisonous. He was speechless for a while, and said with a sneer: "Good! Good! Good! Li Tian, and you, the little African slave, let's walk. Look!"

Little African slave?

Liu Jun was also sharp to Tang Xiaolong. .

Tang Xiaolong gritted his teeth fiercely, holding his hands tightly, he wanted to rush up and hit Liu Jun's face with a punch, directly crippling Liu Jun's little white face.

But after Liu Jun turned around and left, Tang Xiaolong didn't even have a chance to fight back.

"Who is this person? I'm so impatient to dare to provoke Li Tian!"

"I'm afraid it's the head of an organization that is unwilling to accept the annexation of the heavens! But it seems that he is still too young, and he doesn't know how to control things, so offends the heavens, can he have his good fruits?"

"Yes! I heard that the red squid, the current leader of the Scarlet Blood Organization, has also rushed to the heavens to participate in this banquet. Then, in the northwest region, there will be no one who dares to fight the heavens!"

Li Tian remained unaffected by Liu Jun and continued to welcome the guests.

"Brother Li Tian, people are really worthy of death than people, and money deserves it. I have such a powerful man and you participated in the bounty hunter level test of the Seven Swords at the same time, but now you have become the lord of the heavens, and how am I fat? Or is it a member of the Sakura Legion? How do you let me, the fat young man, bear it?" Fatty Alslan came to Li Tian and said with a smile.

Li Tian saw the fat Alslan, his mood immediately improved a lot, and said with a smile: "Why do you call me the king's man?"

"Damn, you are showing off, showing off naked, there are so many women around you, and they are still so good, I really don't understand why the legion commander would like you, this kid!" Alslang bit. , I am no longer willing to find uncomfortable in Li Tian.

After the fat Alslan entered, the truncheon male martial artist and the gun \*\*\*\*\* Han Gang soon came over.

For Li Tian these two people have another feeling.

At the beginning, the baton man could say unceremoniously that he could suppress Li Tian, but in just a few months, Li Tian walked step by step and first became the only level six bounty hunter in Sunset Fortress. Later, it became one of the tridents of Sunset Fortress, and Li Tian has now become the owner of Sunset Fortress.

"City Lord Li, I don't know if there is a place for me and Han Gang in this celestial world?" Wu Shi still had a rubber baton stuck in his waist, and he said without arrogance when he saw Li Tian.

When Jia Youlong returned to the Sunset Fortress and announced that Yang Qingyun had been killed by Li Tian, he wanted to take over the Sunset Fortress. Wu Shi did not object to this. But then Jia Youlong issued a reward to Li Tian. This caused several people, including Wu Shi, to question Jia Youlong at the same time.

As a result of the doubt, Wu Shi, Han Gang, He Zhizhuo, and Shelipuding were all sent to four satellite cities.

Li Tian stretched out his hand to hold the Wu-style hand and said, "Welcome home!"

Li Tian took the initiative to stretch out his hand for a handshake, and said welcome home, which made Wu Shi and Han Gang feel warm in their hearts. After that, they didn't need to say anything else, they were all silent.

It's almost seven o'clock in the evening, and those who can come have already entered the banquet hall. Those who are not invited, even if they want to enter the banquet hall, are not eligible. After waiting for a few minutes, no one went on.

Li Tian sighed. Although he knew that He Zhizhuo and Shelipuding had left Luo Xing for a long time, Li Tian still held the hope that the two of them would suddenly appear in front of him.

Until now, Li Tian knew that the He Zhizhuo and Shelipuding he was waiting for would not appear.

Li Tian felt a little lost.

He Zhizhuo and Shelipuding were not friends for Li Tian, but these two men were comrades who had experienced a series of battles with Li Tian. A person who is not a friend, but is more important than a friend.

"Brother Tian! Leave it to me and the barbarian! You should go to the banquet hall first, serious matters are important!" Tang Xiaolong also knew who Li Tian was waiting for, so he said.

Li Tian nodded, patted Tang Xiaolong on the shoulder, without speaking, turned around and entered the banquet hall.

The banquet hall has already been full of voices, and it is rare to have such a time when the heroes gather, and because of the existence of the heavens, these masters do not need to be arrogant, so the conversation is especially happy.

When everyone saw Li Tian coming in, they stood up and greeted Li Tian.

Although Li Tian didn't recognize everyone, he still greeted them one by one.

At seven o'clock, Wang Rui started arranging the food on time.

For this banquet, Wang Rui started to prepare early. For this banquet of more than 800 people, eating alone is a big problem, but fortunately, the few famous chefs in this heaven have been invited by Wang Rui.

As for the ingredients, Wang Rui doesn't need to worry about it. Tangtang Tianjie is the largest city in the northwest region. Not to mention all kinds of simple ingredients, even if it is raw seafood, there are still plenty of them.

With Wang Rui's order, twenty service personnel walked out on both sides of the rostrum of the banquet hall. These service personnel were all women in their twenties, dressed in neat and dignified costumes, carrying plates and filed out. For seductive.

What is more eye-catching than these girls is the food on these plates. In the last days, food resources are in short supply. Even for organizations like the Warring States Period, there are not many food surpluses. As a master, having enough food is already a pretty good life. Occasionally, you can eat some green vegetables, fruits or meat, which is quite a treat.

And the food that these service personnel came up at one end, each plate has green vegetables and meat slices, those slightly larger organizations naturally disdain these food, and those small organizations have started to swallow.

It's just that no one has moved the chopsticks, so the heads of those small organizations are embarrassed to use the chopsticks.

As the waiter brought more and more food, in just a few minutes, eight dishes were served cold and four hot. Those who are slightly more organized also started to swallow.

Even those who are slightly more organized, do not often have such a hearty meal.

However, no one moved the chopsticks. Although the dishes were rich, the portions were not large. One plate of dishes was not enough for ten people per table to hold a few chopsticks.

Chapter 3348: Upper head (2)

Wang Rui can naturally see the expressions on the faces of those in charge. With Wang Rui's beckoning, the service staff who had already been prepared carried hard dishes one after another. This time, every four service staff put dishes on a table, from front to back, and gradually to the top.

This time, the dishes served were not only hard dishes, but also ample portions. They were served in basins the size of a washbasin.

"Roasted chicken! There are actually roasted chickens! How many chickens are there in this pot! One, two, three, four, five! It turned out to be five roasted chickens! Li Chengzhu is really real. This pot of roasted chicken is better than that? The eight dishes just now are real. Haha, each of us can still have a chicken drumstick to eat! No need to grab it!" The head of a small organization said this.

The name of this small organization is Xiao organization. The man in charge is an anime fan who has watched too much anime, and he did not hesitate to name his organization Akatsuki.

The head of Xiao's organization was also lucky. Tang Xiaolong, Manzi and others drove past and accidentally broke into the sphere of influence of Xiao's organization. Naturally, before Tang Xiaolong's turn to show its strength, this organization was weak. However, Tang Xiaolong's brain was drawn so that the head of this organization also came to the heavens to find Li Tian.

"Look at your unpromising appearance, isn't it just a roast chicken? See if you see it, but there are elbows in this pot, and there are five elbows in this pot! This is the real hard dish." The master who said this involuntarily swallowed.

They are organized to have some strength. As a former core cadre, they can even eat meat occasionally, but this elbow, he really hasn't seen it in a few years.

"What's so strange about the elbow? What do you see in this pot?"

"What is it?"

"Are you blind? Can't even see this?"

"Hey, it's really shrimps! This pot is full of shrimps! I haven't seen shrimps for so \*\*\*\* years! You can let me see shrimps here today! Don't stop any of you in a while Me, I will fight this pot of shrimp for three hundred rounds!"

"Fuck your sister, I don't know if this pot of shrimp is enough for 300 or not, you have eaten the fuck, what are we eating? I haven't had the smell of shrimp for three years!"

Although the last pot is relatively ordinary, it is definitely full of sincerity. It is a large pot of sauced beef. These beef have been cut into pieces and piled up neatly. The dark red beef makes people look at appetite. Wide open.

With a few pots of hard vegetables in a row, these heads have long lost their original restraint, even the heads of large organizations have already been gearing up, waiting for Li Tian's greeting, they must be ready to do something.

The only thing I have to say is that there is no good wine. Good wine and delicacy, without good wine, delicacy will naturally lose its color.

But this is not to say that there is no fine wine in Heaven, but that Li Tian did it deliberately.

At this banquet, Li Tian still has business to announce. You can't let these people get drunk. Let's delay business!

Li Tian had already passed through the crowd. Li Tian came to the rostrum, took the microphone that Situ Ningbing handed over, and then slowly scanned the faces of everyone in the banquet hall, and then said, "Masters, don't be cautious. Feel free. There will be hard dishes later!"

"Have you heard? There are hard dishes! Haha, brothers, why are you polite? Let's eat!" The head of an organization directly reached out and grabbed a chicken leg first, and bit it in his hand.

And the other masters are not welcome, and even the chopsticks are not moved, and they just bite open.

"It's really insulting to gentleman, how can you be so rude to eat something like this? Damn, haven't you already eaten a chicken leg? Save me a chicken leg!"

"Hahaha! Just go slowly and gracefully, we are all laymen!"

"Everyone, let's replace the wine with tea and offer a glass to Li Tian Li City Lord!" someone suggested.

But this man's proposal was quickly drowned in the gluttony.

It's not that other people don't want to respect Li Tian's glass of water and wine, but that there are more than 800 people in the entire banquet hall. These 800 people eat at the same time, their actions are rude, and the sound they make can be said to be quite For spectacular.

Li Tian watched everyone eating happily, and nodded to Situ Ningbing. Situ Ningbing understood, and gestured to Xin Yan. Xin Yan immediately turned off the power to the central headlights in the entire banquet hall.

"How did it happen? Why suddenly there is no electricity?"

"What's the matter with no electricity? Can you still eat in your nose when you eat? Isn't there any other lights?"

Li Tian patted the microphone gently and said, "Everyone, eat slowly, let me say a few words first!"

"welcome!"

"City Lord Li Tian, let's talk, let's eat with our mouths and listen with our ears, without delay!"

"Yes, yes!"

The heads of the heartless organization yelled while stuffing beef into their mouths.

And those masters who were struggling with scheming stopped one after another and moved their sights on Li Tian.

With a gesture from Li Tian, a light from a projector hit the white wall behind Li Tian, and behind Li Tian, a huge map appeared. The scope of strength of the major organizations in the map is completely marked.

"Hey, that's the strength of my Gun God War!"

"That is the scope of our strength in the Warring States period, but after today we have annexed Ten Thousand Thousands of people, our scope of strength has expanded a lot!"

"There is actually a range of strength that we know, haha!"

"Xiao? Did your organization only occupy one village? Why is the scope of your organization's strength so small?"

"City Lord Li Tian, if you invite everyone to come here for a banquet, surely it is not simply eating and drinking, and then watching your slide show?" Suddenly a person stood up in the dark and shouted loudly.

"Huh!" A light shone directly on this person.

This person had finished speaking and wanted to hide in the darkness, but was still swept by the light, so he had to stand up and continued: "I just represent the majority of the masters and express their doubts. That's it!"

Li Tian coughed softly and said, "Yes, there is no good banquet. Our heaven invites everyone to join this banquet today. Naturally, it is not just simply eating and drinking!"

Speaking of this, Li Tian used the red laser emitted by the laser pointer to point at the map of the northwest region and continued: "This is the map of our northwest region. This is the strength of

our heavens! Compared to what you can see, The entire Northwest Region has the largest area. Even our Celestial Realm only occupies less than one-tenth of the Northwest Region."

"Haha, you also said that the scope of your Celestial Realm's jurisdiction is only less than one-tenth of the northwest region. Is it true that the Celestial Realm really wants to annex major organizations and unify the Northwest?" This name The man said.

This man's thoughts can be said to represent the thoughts of many people who are sitting in front of the house. When this man said so, in the darkness, a dozen people immediately responded and shouted: "Yes, people are not enough to swallow an elephant, don't swallow. I can't go down and die!"

"That's right, don't think that changing a name is really heaven."

There was no change in the expression on Li Tian's face. He had expected that some of these leaders would have this idea. Li Tian was not angry, tapping the microphone with his finger lightly, and then patted with his hand again. Take one of the mahogany eight immortal tables on the podium.

"Snapped!"

"Snapped!"

"Go on!" Huo Liantong yelled out a word in the darkness.

Chapter 3349: Upper head (3)

"On the head?"

"On the head? What do you mean?"

In the darkness, many masters have spoken out and asked. .

Huo Liantong, Li Dan, Captain, and Lily, each carrying a square wooden plate with a diameter of more than half a meter, slowly walked onto the podium, and on their plates, each plate was covered with a lid. I couldn't see what was on these plates.

"Serve hard dishes!" Li Tian continued to shout with a sneer at the corner of his mouth.

The members of the World Bounty Hunter Organization and the cadres of the Celestial Realm represented by Wei Wu each carried a cloth bag and walked slowly to the podium. But from which cloth bag Wei Wu and others escaped, they turned out to be heads.

These heads are frozen in ice cubes. Although these heads are frozen in ice cubes, they are indeed clearly visible, unlike unmade.

Wei Wu and the others did not have the slightest fear. They placed these heads neatly one by one on the table top of the Eight Immortals. The first floor contains 24 heads, the second floor contains 12 heads, and the third floor contains 6 heads. The head, the fourth layer is three heads in the shape of a character.

The heads of the organizations closest to the rostrum were sharp-eyed and immediately recognized the heads of the former organizations they knew.

The faces of the heads present were full of horror.

The heads of many organizations took a breath.

"Leading Li Tian, these are just some heads. Everyone here has not chopped off dozens of heads. Don't think that such a few heads can scare everyone! The big guy said yes!" In the darkness, or Someone shouted in a trembling voice.

"Scare? Hahaha, I never play virtual worlds! Huo Liantong, Li Dan, Captain, and Lily, put your heads up!" Li Tian waved his hands to Huo Liantong and the others.

Huo Liantong and others opened the lid on the plate one after another, revealing the things under the lid.

"Head, why is it still head?"

"No, how come these heads look familiar?"

After Huo Liantong and others placed their heads on the plates neatly on the first floor of the Eight Immortals Table, there was a pyramid-shaped tower on top of the four Eight Immortals Table.

The corner of Li Tian's mouth turned up slightly, and he pointed the laser pointer at the head on the table of the eight immortals on the far side, and said with a sneer: "Some of you may know these heads, or some of you may not, these heads are for me. Li Tian, to my heavenly realm, there is not much value. The whole value is this head! The second person of the Scarlet Blood Organization, Scarlet Tiger!"

"Chi... Chihu? How could Chihu's head be in Li Tian's hands? Could it be that Chihu was also killed by Li Tian?" A cry of exclamation was immediately heard from the dark crowd.

Li Tian smiled slightly, the laser pointer continued to move, moved on the table of the second Eight Immortals, pointed at this head, and continued: "Compared with this head, many of you know it, yes, this one has been deformed. The head is the head of the Scarlet Blood Organization, the head of the Scarlet Blood!"

"Sure enough, the scarlet blood was killed by Li Tian!"

"In that case, the top three figures of the Scarlet Blood Organization, Scarlet Wolf, Scarlet Tiger, and Scarlet Blood, were all killed by Li Tian?"

"It's horrible!"

"This is just the horror of Li Tian's personal strength. It does not mean that the heavens are so horrible. Could Li Tian alone kill all the leaders of our organization"

"You don't understand! Didn't you see the heads under the heads of Scarlet Blood and Scarlet Tiger? Those heads were not killed by Li Tian alone, but the black monkey who was in charge of the reception at the entrance of the banquet hall today. Killed by that barbarian, and others by the female zombie and woman on stage!"

"The strength of the heavens is really unfathomable!"

Listening to the voices of those people, Li Tian continued: "The two heads here are a bit embarrassing to speak out. Compared to everyone, it is also clear that Li Tian is the third person in the former Sunset Fortress, and this The two heads are those of Yang Qingyun, the big boss of Sunset Fortress, and Jia Youlong, the second master!"

"Yang...Yang Qingyun! This Li Tian is too abnormal, for the purpose, by any means, even kill the former boss!"

"You should all understand! This Li Tian is a pervert. If your organization is swallowed by the heavens, then you will inevitably not escape this fate!" Someone was still alarmist.

Li Tian patted the microphone, and continued: "This Yang Qingyun, compared to some of you, may not know him. The owner is that this person has always been a dragon but has never seen the end. Even the core cadre of the sunset fortress can fully understand Yang. How many of Qingyun's? I guess many of you will definitely think that I killed Yang Qingyun to occupy the Sunset Fortress! But there must be some of you who know what you really want!"

"Huh!" A light struck a person in the darkness.

The person was illuminated by the light, as if he did not feel surprised, but slowly stood up and said: "I am the head of the gods, and some people still know me compared to some people! Since Li Tian is headed today Calling the names, then it is also my honor. Today I will tell the big guys about what happened on the Tianshan Mountains about a month ago!"

The head of the gods is a good eloquence, and when he talks about what happened on the Tianshan Mountains, it is also a frustrating feeling. Soon everyone in the banquet hall was attracted by the things the head of the gods said.

Especially when Tang Xiaolong, the black monkey, hit continuously to destroy the weapon in Scarlet Blood's hand, many people couldn't help but take a breath and held their breath.

And when he heard that Scarlet Blood asked Yang Qingyun to join hands to kill all the masters in the Tianshan Ice Cave, all the masters expressed a kind of indignation.

When he heard that Yang Qingyun turned into a corpse, it turned out to be a zombie, including everyone who was still suspicious just now, closed their mouths.

The harm of zombies mixed into humans is greater than the harm of zombies themselves. This is the consensus of everyone. And everyone didn't even think that City Lord Yang before the sunset fortress was a high-level zombie!

In this way, Li Tian is not only a rebellious man who seizes power and usurps the throne, but a hero of mankind.

After the head of the gods finished speaking, several heads stood up in the darkness. These heads, no matter their organization, size or personal strength, were already in the top class in this banquet hall. Therefore, their speech is naturally very feasible.

"Respect Li Tian!" In the darkness, someone raised a teacup and shouted.

"Respect Li Tian! For the sake of mankind!" someone kept raising their teacup and shouted.

Chapter 3350: Duanmu Sakura's Man (1)

In the last days, the strong are respected, and the strong who can eradicate the scourge of zombies for human society can be respected by others.

Nothing else, just for the continuation of the entire human society!

Li Tian picked up a cup of tea and drank it all at once.

Then he continued pointing to Jia Youlong's head and said, "The whole head is the head of the former head of Seven Swords, the second head of the sunset fortress, and the head of Jia Youlong,

the former head of the sunset fortress! Maybe someone wants to question this. I'm too lazy to explain my head. The only answer is that this is a personal grievance that belongs to me, Li Tian. Li Tian is now such a person who will repay me."

"Okay, now let's get back to the topic! So that is the purpose of today's banquet! Before talking about this purpose, I must first invite someone to come on stage!" Li Tian said to everyone.

"Who is it?"

"Who is qualified to be on Li Tian's rostrum?" everyone speculated.

At this time, a fifty-something-year-old with a little gray hair, but the whole person was white and fat, and a potbellied man slowly stepped onto the stage. When this man stepped onto the stage, his eyes were involuntarily on the head of the red blood and red tiger. After a few glances, he walked slowly to Li Tian's side.

Situ Ningbing handed the other microphone into the man's hands.

The man took the microphone and turned his gaze to look at the heads on the four mahogany table behind him. Then he turned his head and slowly said, "Masters, good evening everyone! I am Hao Chunjian!"

"So pure? This name is really shameless!" Someone in the audience whispered.

"Yes, the shamelessness of this name is only limited to my name, Hao Yingjie!"

"What kind of bird thing is so pure?"

Hao Chunjian did not hear the discussion from the audience, and continued: "I have another title, the Red Squid! The Red Squid, the Squid of the Squid! I used to be the fourth person in the Red Blood Organization, now the Red Blood Organization The master!"

"coax!"

When Hao Chunjian said that he was the Scarlet Squid, there was already a lot of discussion in the audience, and after hearing that Hao Chunjian turned out to be the head of the Scarlet Blood Organization, everyone in the audience could not help but start to talk.

"The head of Scarlet Blood has also come to this banquet! Does this mean that Scarlet Blood has been swallowed by the heavens?"

"Look at the map. If Scarlet Blood is swallowed by the heavens, then the territory of the northwest region where the heavens are located is close to one-fifth of the northwest region!"

"It's not just a territorial issue, but the most important thing is the strong alliance between the Celestial Realm and the Scarlet Blood. The core cadres of the two organizations are far more powerful than other organizations. As a result, it is not impossible for the Celestial Realm to unify the Northwest!"

"Cough!" Li Tian coughed softly, and said: "Misunderstood everyone! The heavens did not strongly unite with the scarlet blood, and the heavens did not swallow the scarlet blood! The only thing that the heavens fancy is the land of scarlet blood. And the city only! And Scarlet Blood, except for the Scarlet Squid, everyone else will be the target of hunting in the heavens!"

"Huh!" Li Tian's words were like a blockbuster falling in the crowd, everyone staring at Li Tian on the stage dumbfounded.

"This...this...what arrogance is this? The heavens actually went to war directly against Scarlet Blood!"

"Heaven, or Li Tian, why have such great abilities, is he not afraid that the organizations we are doing are unwilling to accept his annexation, but walk with the scarlet blood to fight against the heavens?"

"Are you willing to walk with the red blood to fight against the heavens or are you willing to walk with the heavens and swallow the red blood?"

"Nonsense, who wants to walk with the craps of Scarlet Blood!"

Ander bit a chicken paw in his mouth and ate the food on the table unscrupulously. For him, the northwest area has nothing to do with him, and before he left the heavens, this table of food made him even more excited.

Of course, Ender was also paying attention to the things on the stage and the surroundings while eating.

Others don't know, but Ander really knows very well that Li Tian is definitely not a simple person, because the names in the list of people that Li Tian gave him at the beginning have already received some feedback.

Among the top ten legions, there are two legion leaders who are inextricably related to Li Tian. And Ouyang Shiqing from the corpse kingdom was also on Li Tian's missing person list.

Thinking of this, Ande feels a little angry again, Liu Jun, an idiot, even if you are a ninth-level bounty hunter and a core member of Dawn, but what dare you provoke Li Tian? Is it good for you to provoke Li Tian?

Ander had seen too many people provoke Li Tian, no matter it was Red Wolf or Jia Youlong, none of them ended up well in the end.

Thinking of this, Ande was tearing at the chicken paws that had no much meat, and thought fiercely: "It seems necessary to send a message to the headquarters! After all, whether it is Liu Jun or Li Tian, both of them are Dawn baby!"

On the rostrum, Li Tian continued: "Red squid, after Hao Chunjian joined the heavens, Quan was responsible for swallowing scarlet blood in the heavens. Oh, yes, there is one very important thing, I forgot to tell everyone! My heavens are not only Declared war on the red blood, and declared war on the organizations in the northwest region that did not participate in today's banquet. And you..."

Li Tian's gaze slowly swept across the black and oppressive masters under the rostrum, and then slowly said: "And you have the right to choose to fight side by side with the heavens, or stand directly opposite to my heavens! Please rest assured, Li Tian can guarantee , Even if you choose to stand on the opposite side of the heavens, from the end of today's banquet to the area where you leave the heavens safely, our heavens will guarantee your safety!"

"City Lord Li! I am the head of the Warring States Period. My name is Dou Kangcheng. I am willing to join the Heaven Realm! I am also willing to fight side by side with the Heaven Realm,

but I always have a doubt in my heart. What is the support of the Heaven Realm and so many organizations at the same time declare war?" Dou Kangcheng stood up and said.

"Yes, since so many people have come here today to participate in this banquet, compared to everyone who is still willing to join the heavens! It's just that everyone still has such doubts in their hearts. Please also ask Li Chengzhu to answer everyone!" Hao Yingjie also stood. Got up and said.

Li Tian smiled slightly, turned halfway, pointed at the map with a laser pointer, and said: "Please look at the map carefully and check the distribution of resources on these maps. In the northwest region, 70% of the oil is mine in my heaven. Under my control, fifty percent of the grain output is within the control of my Celestial Realm. And my Celestial Realm is the most important transit point for the Northwest and Central Plains regions!"

"Your nonsense is so much!" Lily walked directly to Li Tian's side and said.

Lily took the microphone from Hao Chunjian's hand and made a gesture to Xin Yan, and then a huge Sakura Legion badge pattern appeared on the huge screen, and Lily slowly said: "Because Li Tian is the Sakura The man of the legion commander Duanki Sakura!"
