

A Killer 3361

Chapter 3361: well

That night, several bounty hunters drove Li Tian's car, beheading all the doctors in the clinics in the other three satellite cities, and directly burned the three clinics clean. .

As dawn was approaching, these bounty hunters drove the car directly through the barrier and escaped.

In the Tianjie Hospital, Manzi's arms have been treated with the best treatment, and he is lying on the hospital bed with a plaster cast, while Manzi's plastered arms are holding a green dragon knife, as if he is holding his wife!

This is how Manzi used the method recorded in the Azure Dragon Sword Technique to raise the sword, raise the sword with his own body, and serve himself with the sword's body.

"Manzi, I don't think you should marry a wife, you can marry this Azure Dragon Sword directly!" Tang Xiaolong joked.

"You know what a fart! This is being raised! The wife is still going to marry, what if someone sees my bravery?" When he said this, the Barbarian glanced at the captain inadvertently.

Two-dimensional originally heard that the Barbarian was injured, and was so anxious that he couldn't wait to see the Barbarian overnight, but now when he saw that the Barbarian was saying this, it turned out that it was not herself but the zombie captain, and his heart was sour. .

Neither Li Tian nor Situ Ningbing thought that when Manzi said these words, he was looking at the captain instead of the two-dimensional.

Situ Ningbing patted the two-dimensional shoulder lightly, but did not point out.

But the captain showed a disdainful expression on his face.

After last night the captive and Liu Junhui modified the captain's body overnight, the body of the captain now has nothing unusual. After changing into a new set of clothes, and adding the long hair of the captain, it became a bit like a goddess.

Wang Rui pushed the door and walked in and said in a low voice to Li Tian: "Brother Tian, the car you asked us to check broke through the south gate of the heavens late last night. Because it was your car, so, The soldiers in charge of the gate did not dare to intercept. After that, the car went to clinics in four sanitary cities, and all the four clinics were burned clean. Before dawn, your car rushed through the barrier again. The same The guarding soldiers did not dare to intercept for the reason. But according to the guarding soldiers' report, there was more than one person in the car!"

After Wang Rui suffered from the loss of her brother yesterday, her face is very ugly today, and her eyes are red and swollen, which shows that she must have cried for a very long time last night.

"Li, would Liu Jun just kidnap the clinic?" Situ Ningbing asked.

Li Tian nodded and said, "It's totally possible. He was injured so badly. Who would dare to treat him in the clinics in these four satellite cities? That's why he burned all four clinics in a row In the end, the doctor could only be taken away to treat him! But this is all our guess."

Li Tian turned to Wang Rui and said, "Wang Rui, order to go down and pay close attention to all the entrances and exits of the heavens. Once there is news of Liu Jun, report back! In addition, he will send people to conduct secret investigations in the heavens and the four satellite cities. Especially those who need to buy anti-inflammatory drugs, must pay close attention!"

Wang Rui nodded and said, "Thank you, Brother Tian!"

"Wang Rui, you can't come back to life, you must keep your body! Or you should rest for a while!" Li Tian looked at the pitiful appearance of Wang Rui, a strong woman, and said in his heart.

Wang Rui shook her head and said, "Thank you, Brother Tian, for your concern! I'm fine!"

Li Tian is not reluctant.

Li Tian took people to inspect the murder house again. The murder house had all the walls built up overnight. After the rescue loss last night, the prisoner and Liu Yihui, the two bastards, pieced together the still intact corpses. A relatively complete body.

But what Liu Yihui and the captives installed on these corpses turned out to be Erha and Sanha's heads.

Seeing a zombie with a dog's head suddenly came out from the Zombie Research Institute, Li Tian couldn't accept it for a while.

But Liu Yihui was very happy, saying that this was another breakthrough in his study of zombies.

From the murder house, Li Tian went to the bounty hunter organization alone.

The bounty hunter organization also went through overnight cleaning, the lobby has returned to normal, and the two floors after the battle were completely sealed off. Li Tian took the opportunity to arrange his people into the bounty hunter association.

The new president of the Bounty Hunters Association was Bai Jinglai.

Bai Jing is the new president of the Bounty Hunters Association. One is that Li Tian can be completely controlled in his palm, and the other is that he can develop more powerfully in the world. As for Ande, he was sent out of the city by Li Tian Lianye and went to a new place.

Ander also understands that only by sending him out of the city overnight to take office in a new place, can he be completely out of relationship with what happened in the heavens. Otherwise, with Li Tian's temper, Liu Jun was forced to death unintentionally, and Liu Lao will investigate him. When he came down, Ender was the first one who couldn't eat.

Therefore, Ander not only did not object, but was full of gratitude to Li Tian.

As the president of the Bounty Hunters Association, Bai Jing's dress has also changed a lot. The skinny leather suit before has been replaced with a capable ol suit, and her long hair is ***** with a black hair rope. The white neck was exposed, and the whole person was quite energetic.

A black short skirt completely wrapped her full buttocks, and she wore a pair of black high-heeled leather shoes. She chuckles as she walked. With the sound of black leather high-heeled shoes, Bai Jing's buttocks were swinging from side to side, looking divided Enchanting and seductive in the field.

Li Tian's gaze was moving on Bai Jing's buttocks. Li Tian's heart was beating fiercely. Regarding Bai Jing's alluring buttocks, Li Tian really wanted to reach out and take a pat and try her elasticity.

"What's the matter? I haven't talked to Bai Jing so much before. Today, the ghosts can't help but look at her!" Li Tian thought in his heart.

"Brother Tian! This is the new office. The previous office has been destroyed. Our people are rushing to recover. It is estimated that they will be restored to their original state in about a week!" Bai Jing led the way and turned his head to face Li Tian Said.

Seeing Bai Jing turned his head to look at him, Li Tian's face felt hot involuntarily.

Full of warmth and lust.

The celestial realm gradually stabilized, and Li Tian couldn't help thinking about this.

Bai Jing's white and tender face was flushed, and he dared not look directly at Li Tian's gaze, but Bai Jing knew that Li Tian's gaze was staring fiercely at her shameful place. The more he thought about it, Bai Jing The more awkward Jing walked.

At this moment, "click!" With a sound, the heel of Bai Jing's high-heeled shoes broke.

But Bai Jing's body fell forward involuntarily.

Chapter 3362: My woman

Li Tianzheng looked at Bai Jing's twisting buttocks without shame, and suddenly noticed that Bai Jing's heel was broken. Seeing that Bai Jing was about to fall, Li Tian went straight up and reached out his arm to hold Bai Jing from behind. !

Li Tian's eyes were quick, and he stretched out his hand to hold Bai Jing directly in his arms.

Just now Li Tiankan's rise, some parts of his body are not being honest, and at this moment, Li Tian is holding Bai Jing from behind, and the big gun is rubbing impartially on Bai Jing's full buttocks. few times!

Bai Jing is a big girl. When has she been teased like this, shy and embarrassed, the blush on her face has been printed on her neck.

But Li Tian seems to have been in the rain for a long time. It has been a long time since there was no such thing. At this time, his whole body was on fire. Seeing Bai Jing's shy expression, he couldn't help but feel embracing Bai Jing's waist. His hands began to be dishonest, and he started to touch Bai Jing's clothes.

The white rabbit that Bai Jing has been raising for many years was kneaded vigorously by Li Tian's big hands, with shame and expectation in his heart. When the pain was kneaded, Bai Jing couldn't help but squeaked, begging for mercy: "Brother Tian! No!"

No!

At this time, this sentence is more lethal to Li Tian than 100,000 sentences.

Li Tian's left and right pierced directly from the buttons of his clothes to explore the mysterious place where the softness was.

As soon as he reached in, Li Tian's body shuddered uncontrollably, the soft and elastic and silky ball, Li Tian's hand went down, barely able to hold the soft and soft in his hand.

Li Tian kept kneading gently, Bai Jing kept breathing heavily, shaking his body a few times, as if there was some resistance, but this kind of resistance was also lethal to Li Tian.

Li Tian's big gun and the top were very high, twisting the buttocks of Bai Jing, made Li Tian's big gun even higher.

Li Tian's hand fumbled for a red bean on the soft lump. Li Tian couldn't help but began to rub the red bean with his thumb and index finger. Li Tian's other hand directly lifted Bai Jing's tight skirt, revealing The mass wrapped in black silk is plump.

"My God! No...!"

Before Bai Jing had finished speaking, Li Tian had already turned around. Bai Jing's soft lips were covered by Li Tian's passionate and affectionate lips.

A hint of sweetness and a hint of silky smoothness, this is what Bai Jing's lips gave Li Tian, and Li Tian's tongue directly opened the mouth of Bai Jing's two rows of white teeth, feeling the silky smoothness in Bai Jing's mouth, Li Tian Bai Jing's hand has reached her back.

Untie the bra with one hand, this is Li Tian's fame stunt, a stunt that is stronger than the broken soul palm and Xuantian fingering.

"Papa!" With a sound, the two tightly clasped straps had already begun to slip off, and Bai Jing shyly put his arms around her chest with both hands, and this just happened to put Li Tian's right hand in his arms.

Li Tian's courage was getting bigger and bigger, and his other hand began to fumble on Bai Jing's full buttocks.

"Yeah" Bai Jing began to moan, and Bai Jing had already given up resistance, and involuntarily began to cooperate with Li Tian's movements, holding Li Tian tightly with his hands, his hands kept on Li Tian's back. Stroking.

Li Tian stretched out his hand under Bai Jing's hips and hugged Bai Jing directly, while Bai Jing's slender legs directly wrapped around Li Tian's waist, allowing Li Tian to hug him into her new office. .

Li Tian put his arm around Bai Jing, and locked the office door from the inside with the other hand.

In fact, Li Tian's series of actions are completely redundant. The entire floor, including the next floor, has been sealed off, and it is impossible for other people to come here.

Li Tian hugged Bai Jing on the desk, kissed Bai Jing, and frantically tore Bai Jing's black thread!

"hiss!"

"hiss!"

"hiss!"

After a few tears, the white flesh on the two white and slender legs bounced out of the black silk holes, and in the depths of the two slender thighs, a pink inner with small white flowers was also looming. Exposed.

Li Tian panted heavily, reaching out into the little white flower.

This is a moist land, and this moist magical land is full of deadly temptation, making Li Tian involuntarily want to explore deeper.

"Well, it hurts!" Bai Jingjiao gasped.

Li Tian directly put Bai Jing's legs on his shoulders, so that the wet land was facing his big gun.

Li Tian stretched out his hand and took out the big gun, and moved the small inner inner part of the pink little white flower with his fingers to the side. Before he could see how amazing the magical land was, he already carried the gun and rushed in.

"Papa!" This is a collision of hearts!

"Cracking" This is the unyielding struggle of the desk!

The house is full of spring, it must be spring!

Fifteen minutes later, the temperature in the room gradually began to drop, and Li Tian crawled on Bai Jing's body profusely, feeling Bai Jing's body temperature and fragrance.

Bai Jing's complexion was ruddy, but her brows were furrowed, as if she was suffering from some hard-to-talk pain.

"Brother Tian! Am I your woman from now on?" Bai Jing asked breathlessly.

"Of course! You will be my Li Tian's woman after Bai Jing! But it's not easy to be my Li Tian's woman!" Li Tian said.

Two crystal-clear tears flowed from Bai Jing's eyes. They were tears of excitement and tears of joy. Bai Jing stretched out his arm to embrace Li Tian, turned his head and kissed Li Tian's cheek, and said: " Brother God, although I have thought about such a day many times, I never thought it would be such a scene!"

"Brother Tian! You hurt me!" Bai Jingjiao said drippingly.

"Does it hurt? I'll rub it for you!" Li Tian stretched out his hand to touch the magical land.

That piece of land is magical, a magical place that gave birth to human beings, and when Li Tian stretched out his hand, it was so natural, as if Bai Jing was a woman he knew very well.

Blood is blood, but it is also red!

Li Tian didn't have a virgin complex, but he was still very happy to see this piece of red.

After seeing Luo Hong, Bai Jing was shy, and put his head on Li Tian's chest, forgetting the pain, and didn't dare to see Li Tian.

At this moment, Li Tian's heart began to beat wildly, and his spear stood up again in this moment.

"Just bear it, it won't hurt soon!" Li Tian, the big liar, gave an unconvincing consolation before he walked in again with his gun.

This was a crazy day and a day of unscrupulousness. Li Tian would go crazy almost every half an hour, while Bai Jing went from being shy at first to gradually catering to it, and finally begging for mercy with unbearable pain.

Chapter 3363: Misty Swordsmanship

It was a bit abrupt and unexpected. Bai Jing didn't expect Li Tianhui to ask her suddenly, and Li Tian's request for Bai Jing was completely out of plan, but all this seemed to be a matter of course and extremely natural.

But this kind of thing is like a seasoning in life, not the main theme of the whole life.

...

After a banquet, the Celestial Realm accommodated nearly 500 organizations of various sizes. As a result, the number of Celestial Realm suddenly exceeded one hundred thousand. The Celestial Realm's power domain has occupied more than three-fifths of the area in the northwest region. The population under the jurisdiction even exceeds more than three million.

In order to prevent these organizations from returning to the heavens in name, Li Tian accepted Hao Chunjian's suggestion.

The northwest region of the entire region is divided into ten regions, and each region is divided into ten sub-districts. The centralization method is adopted to transfer personnel from various regions into the Celestial Headquarters and form the Celestial Legion. Li Tian considers himself the commander of the legion. , The deputy commander of the army was held by Hao Chunjian and the heads of several other large organizations.

This Celestial Legion alone had more than 10,000 people. More than 10,000 people are managed in accordance with modern military management methods, and their weapons and equipment are all equipped with the most advanced celestial corps, and even the celestial tank combat brigade and air combat brigade are integrated into this army.

It can be said that this legion is definitely the strongest combat power in the northwest region.

As for the various regions, corps branches were established.

Each branch can be allowed to gather a fighting force of 5,000 to 10,000, and each branch of the legion claims to be an army and accepts the leadership and management of the Celestial Legion. Each legion branch consists of an absolute power core composed of a legion commander and four deputy legion commanders. The Celestial Realm assigns a core cadre to this legion branch to assume the role of the deputy commander, and the legion commander is generated from these organizations.

As for the lower-level communities in the region, only a few hundred people are allowed to retain basic armed forces.

In fact, this is equivalent to dividing the cake in advance. The heads of those large organizations have already made their mark and acted as the commanders of a large area, and the heads of the slightly stronger organizations have also mixed up with a deputy commander.

The heads of the small organizations are not bad either. They enter the corps or the corps branch to lead the combat teams of hundreds or even thousands.

In addition, the ten regions are equivalent to cities, and the communities under each region are equivalent to a county. According to Hao Chunjian's suggestion, these cities and counties are temporarily managed by the Legion and the Legion Branch. .

In this way, those who can become legion leaders of the legion branch can be said to be a big boss, and they also unusually support the decision of the heavens.

After the cake was divided, the next step was to fight against a few organizations such as the Red Blood in accordance with Li Tian's instructions.

As for these battles, Li Tian did not directly participate, but Hao Chunjian and other deputy army commanders were solely responsible. Li Tian was only sitting in the heavens and listening to the reports of several army leaders.

The legions and legion branches began to attack at the same time, and the entire northwestern region entered wartime.

At the beginning of the war, Hao Chunjian demonstrated his leadership and organizational skills, whether it was the scarlet blood or the sunset fortress before. Although personal strength is strong, these organizations can only be called gangs at best, not even teams. .

Especially after the leaders of these gangs were killed, they would appear so powerless in front of the entire legion. After being attacked by the legion, they began to retreat steadily.

The matter is proceeding completely according to Li Tian's plan. In just ten days, the situation in the northwest region has become quite clear, and the members of the Scarlet Blood Organization have been beaten to pieces after retreating. Flee.

The general situation is set, and these things are not for Li Tian to worry about.

What makes Li Tian feel a headache now is that since Liu Jun has escaped from the heavens, there has been no news. Liu Jun seems to have suddenly disappeared in this world.

But Li Tian understands that sometimes no news is the worst news. After these ten days have passed, Liu Jun's injury should basically start to heal. If Liu Jun is still near the heaven, then Liu Jun will start soon. Started revenge on Li Tian's heaven.

For this reason, Li Tian put pressure on Wang Rui again, and asked Wang Rui to step up his inspection of Liu Jun, so that Tianjie also strengthened its defense, and let Tang Xiaolong, Baihe and others go to the zombie research institute and the haunted house to be responsible for security work.

As for Li Tian, he went straight into the villa on Watchtower Road and started practicing.

This villa on Wangta Road had undergone some renovations as early as when Li Tian had just returned from Tianshan. The two floors above ground were still the original ones and were used for living, while the basement floor was transformed into four rooms by Li Tian. Different practice rooms.

Outside the room belonging to Xue Ji, through the small hole in the door made of stainless steel, you can see Xue Ji's figure flashing between the stainless steel pillars with the thickness of the bowl, and the weapon in Xue Ji's hand, It is the Dragon Sword.

But the sword technique Xue Ji practiced at this time was the misty sword technique Li Tian brought back from Tianshan. This misty sword technique emphasizes the combination of body technique, exercise technique, and sword technique. Cultivating this set of swordsmanship means cultivating identity, cultivating exercises, and even more cultivating swordsmanship.

"Huh!"

"Huh!"

"Huh!"

The dragon sword and the sword shadow flashed past, and there appeared irregular and deep cuts on the stainless steel pillars with the thickness of the bowl.

Xue Ji took the Dragon Sword back with her backhand, and she held it behind her, closing her eyes and standing among the stainless steel pillars, experiencing the gains from the sword technique just now!

It has been a few months since she came to the earth world, and Xue Ji already has her knowledge of the earth world.

She has a soft spot for sniper rifles, especially the pleasure of sniping at a long distance, which makes her want to stop.

After several months of continuous practice, Xue Ji's current sniper shooting technique has surpassed Bai Jing and others, and can be said to be the number one sniper in the heavens.

But Xue Ji also understood that in this apocalyptic era, single-soldier combat has great limitations. With a sniper rifle alone, many times she simply cannot follow Li Tian to complete various tasks, and many times she still needs Li Tian to protect.

Therefore, when Li Tian came back from Tianshan Mountain, took the Dragon Sword back from Jia Youlong, and solemnly handed the Dragon Sword and the Misty Sword Technique and Dragon Sword to Xue Ji's hands, Xue Ji took it down without hesitation.

Xue Ji heard that Li Tian once talked about the origin of this dragon sword, and also understood that this dragon sword is Li Tian's only relic to pay tribute to his father Li Kuafu.

Xue Ji knows how to cherish this dragon sword, and she loves it, especially after practicing this misty sword technique, Xue Ji can even faintly feel that this dragon sword and this misty sword technique can have some resonance.

The dragon is hidden in the clouds and mists of heaven and earth, and misty between heaven and earth, lake and sea.

Chapter 3364: Torrent

Liu Jun felt itchy, which was a signal naturally released when the wound on his body was gradually healed. A stitched wound that was more than one meter long was already well at this time. The skin of the wound was dark red. It looked particularly eye-catching on Liu Jun's white body, and it was also extremely hideous!

Liu Jun was lying naked on a bed. On this wide bed, the little nurse Xiaomei was licking the wounds on Liu Jun's body with her tongue. Of course, the little nurse Xiaomei was also naked at this time, Xiaomei's chest Those two **** of white flesh dangling, they could rub against Liu Jun's wound from time to time.

Liu Jun felt this painful and itchy sensation on his body getting stronger and stronger. The flame-burning Liu Jun in his lower abdomen felt uncomfortable. He wanted to find a breakthrough to vent.

The lump of white meat rubbed against Liu Jun's wound again. This made Liu Jun involuntarily generate a kind of anger. Liu Jun directly pressed Xiaomei on his legs and stuffed the thing into Xiaomei's cherry mouth. , Ignoring Xiaomei's discomfort and resistance, her body twitched.

This perverted pleasure allows Liu Jun to temporarily forget the itching on his body, and also forget his hatred for Li Tian.

Xiaomei felt very scared, this kind of fear came from the heart!

Especially after the clinic doctor was burned to death by Liu Jun a few days ago, Xiaomei's fear reached its peak.

Xiaomei didn't know why she wanted money for her life, so she provokes such a murderous **** like Liu Jun.

But Xiaomei did not dare to resist, so she could only follow Liu Jun's will and let Liu Jun insult her.

Xiaomei also thought about death, but the fear of death made him give up this idea.

In the last days, it is a blessing to survive. Even at any time, the desire for life is greater than Liu Jun's fear of insulting her.

Of course Xiaomei had thought of running away, but Liu Jun was like a wolf dog, with a very sensitive sense of smell. Before Xiaomei had escaped, Liu Jun appeared in front of her and said to her in a mocking tone: "You It is impossible to escape. If you dare to escape next time, I will find your brother and burn your brother alive with this flame!"

Soon, this simple action could not meet Liu Jun's needs, especially with this simple action, Liu Jun's blood throughout his body became faster and faster, and the pain and itching of the wound became more and more obvious, Liu Jun endured He kept cursing.

"Li Tian! Damn Li Tian, I must pull out your skin layer by layer, so that you can feel the pain!"

Hearing Li Tian's name, Xiaomei obviously hesitated.

"Li Tian? Could it be Lord Li Tian? Could it be that Lord Li Tian caused the wounds on this person?" Xiaomei thought in horror.

"This man must be the enemy of Li Tian, otherwise why would he hate Li Tian so much?"

Thinking of Li Tian, Xiaomei felt even more frightened.

Li Tian's **** incident of uprooting the entire Tianshan Wonderland and beheading all hundreds of people in the Tianshan Wonderland in Xingluo Satellite City has long been spread in the heavens, and there is a saying in the heavens: Ning Nai King Yama Don't provoke Li Tian, provoke Yama, and the book of life and death controls your life and death, and provoke Li Tian, Li Tianneng can directly let you die without a corpse.

"No! If you let Li Tian know that I am hiding this man, then not only I will die, but even my brother will be implicated and must die!" Xiaomei has already begun to think about how to paralyze the man in front of him, and then look for opportunities. ran away.

"Wait another ten days. I won't need ten days. My injury can basically be recovered. At that time, Liu Jun will make you Li Tian pay a painful price! This time, it's not just your zombie research institute. At that time, I will make the whole heavenly world restless!" Liu Jun thought in his heart.

...

Although He Zhizhuo and Shelipuding left the heavens, they did not go far.

This is a small town less than a hundred kilometers away from the heavens. The name of the town is Lvshui Town. The town is surrounded by mountains, almost isolated from the outside world. A crystal clear river passes through the town and divides the town into two. It is said that this river is one of the origins of the big river.

There is only a small organization of thirteen or four people in the town, named Riptide.

He Zhizhuo and Shelipuddin are now members of this torrent organization.

The organization of Riptide is too small, and there is nothing worth plundering in this small green water town. Therefore, this small green water town has not even entered the eyes of all forces.

Of course, the small town can barely achieve self-sufficiency. Only when industrial supplies and medical supplies are needed, will the Torrent organization send people to the nearest county to exchange these supplies back.

The last time I went to the county seat was three days ago. When these members of the organization came back, they brought back a shocking news that the Sunset Fortress had been renamed to the Heaven Realm, and the Heaven Realm had begun to integrate the major forces in the entire northwest region and began to confront the non-Heaven Realm. Of the organization launched an attack.

This news made Huang Qingshan, the leader of the rapids, start to feel scared, and even couldn't sleep well. Every day, two people were arranged to guard in the town of Lushui Town. Whenever there was a turmoil, he could take him with him. Which number is running away quickly.

On this day, when the sky turned dark, the person in charge of the guard suddenly ran back and said to Huang Qingshan: "The master, the big deal is not good, a car is about to enter the town, what shall we do?"

Huang Qingshan was shocked, but after all he was the boss of a small organization, and soon calmed down, and asked, "How many cars have come?"

"The big head is a car. There are a few people in the car. It's too dark and we can't see clearly! Only if there are other cars behind this car, I don't know yet." This person said.

Huang Qingshan frowned, and he couldn't make up his mind for a moment. If it was just a car, there would be four or five people in the car at best! The torrent may not be afraid of them. But Huang Qingshan was worried that there were other vehicles behind this car, and even more worried that if he provokes the heavens, the heavens will send an army to attack them.

Huang Qingshan's gaze fell on the latest man who joined the rapids and the girl brought by this man.

Huang Qingshan smiled slightly, he had an idea in his mind, and said with a smile: "Shelipuding, since you joined our rapids, there has been no good performance. Now, your opportunity to perform has arrived. Wait until this car enters the town. , You went to inquire about He Zhizhuo. If the people who come are from the heavens, then you can talk to them and show our torrential sincerity!

And if the people who come are not from the heavens, then let them know about us Strength!
Torrents are not to be slaughtered!"

Chapter 3365: by chance

The night in the mountains came earlier than the plains. After the sun set, the town of Green Water in the mountains seemed to be plunged into darkness.

In a private house in the town of Lushui Town, a bonfire was burning, and some wet wood was burning in the fire, making a crackling sound.

On the bonfire, a small black iron pot was hung on a simple support made of wooden sticks. In the small pot, a few small fish the size of a little finger were being fished out of the river. The water had already boiled, gurgling, and a faint smell of fish permeated the room.

There were four men sitting around the campfire. The faces of these four men were dark and dirty, as if they hadn't washed their faces for a long time, and their bodies were also covered with blood stains and zombie mucus.

Tang Chao stood up, stirred a few times in the small black pot with a spoon, took out a small fish that had been cooked in the bowl of nobody, and poured some of the fish soup to nobody. Only then slowly took out four dried noodles from the backpack and distributed one to each.

And these big men tore the dried pancakes into small pieces, threw them into the lunch box, soaked in the fish soup and ate them gorgingly.

This bit of fish soup and such a bit of noodle cake seemed to be not enough for these men, and they ate them three times. After eating the fish soup puffs, these people still licked the stainless steel lunch box in their hands.

"I'm **** fed up! I can't eat enough every day, and I have to live this life of worry and fear! Brother Chao, let's go back! It's been ten days, so I should avoid the limelight!" The man threw the stainless steel lunch box in his hand to the ground and said angrily.

And a man next to this man immediately agreed and said: "Although we have been poor before, we are considered to be people with a face in that satellite city. Occasionally, we go out to hunt a zombie and get enough zombie crystals. We eat and drink for a few days. But now? Even if we have these high-level corpse crystals in our hands, we don't even dare to return to the heavens. What use are these corpse crystals?"

This man took out two Level 5 Corpse Crystals from his skin, and shook the corpse crystal in front of him with a wry smile.

"You can't say that! Why do we hang on a tree? With these corpse crystals, even if we go to other organizations, we can still eat spicy food! Why do we have to go back to the heavens? Follow this road All the way south, we will soon escape from the heavens! Then we will have endless glory and wealth. Besides, if we still want to return to the heavens, as long as we wait until the limelight is over, we will go directly to the heavens. Who can Know us?" Another man said.

Tang Chao never said anything. After everyone had finished speaking, he said indifferently: "When I heard that there were corpse crystals to earn, the three of you are not what you are now. With so many high-level corpse crystals, any one of them will be thrown out. Enough for many people to

sell their lives. And what about us? It's just driving this car to set the clinics in three satellite cities on fire. You can earn the corpse crystals so easily. What are you not satisfied with? "

"Furthermore, you have also seen that although we have suffered a bit along the way, at least we have not lost our lives. What are you not satisfied with?"

Tang Chao continued: "Now that the corpse crystals are all in your hands, go wherever you want! Anyway, I plan to hide in this isolated town for ten and a half days, and then Go back to the heaven. At that time, I will bring my sister Tang Xiaomei into the heaven, buy a few shops in the heaven, and live my rich life!"

"No matter how many corpse crystals, you have to have a life flower. Brother Chao? Who is that Liu Jun, do you mean? What are you going to do to provoke Li Tian? Isn't this looking for death?"

On the way to escape to this green water town, they also kept collecting news from the heavens, in order to judge the development and progress of the matter.

When they heard the first news, they were completely shocked by the news. It turned out that the man who appeared in the clinic where Tang Xiaomei worked was Liu Jun, the new president of the Bounty Hunter Association, and this Liu Jun actually provoked Li Tian, and even fought Li Tian and others. Lord Barbarian was injured.

Heaven is angry, Li Tian is angry.

With the heaven as the center, a search has been launched within a radius of tens of miles!

Heaven even issued a reward order to Liu Jun through the Bounty Hunter Association. Anyone who can provide effective information about Liu Jun's whereabouts can get a good reward. After seeing this reward order, Tang Chao and others knew that the person who hired them at that time turned out to be the reward of the heavens.

Therefore, Tang Chao and others drove directly into the remote mountain roads completely avoiding the crowds, and they did not dare to drive too blatantly for too long every day. After all, the car was also Li Tian's. In the heavens, I knew Li Tian's car. There are also many people.

After these ten days of escape, Tang Chao was already a little numb, and smiled lightly and said: "These things have nothing to do with us, we just lighted three fires. Besides who Liu Jun is, we don't even know! If you don't leave, then just listen to me, this small town is beautiful with beautiful scenery, we will hold on for another ten and a half days, then we will return to heaven!"

"Brother Chao! You said that Liu Jun was secretly hiding in Xiaomei's clinic to recuperate. After he recovers, will he go to Li Tian's trouble? If Liu Jun tells us at that time, then we will always return. The heaven is no longer! And Xiaomei may also be implicated!" A man said.

Of course Tang Chao knew that there was such a possibility, but he was still optimistic, trying not to think about it, shaking his head and saying, "Okay, don't think about it! Rest early, tomorrow..."

Tang Chao suddenly became alert, took the gun in his hand, and shouted into the darkness: "Who is it?"

Tang Chao shouted so, and the other three people also stood up one after another, holding their guns in horror, and shouted into the darkness: "Who is it? Come out! Or we will shoot!"

With a sneer on Shalipuding's face, he walked out of the darkness slowly carrying a giant axe, and He Zhizhuo stood beside Shalipuding.

"Salipuding!" The four people shouted out the name of Shalipuding in unison.

As the core cadres of the sunset fortress, the names of Shalipuding and He Zhizhuo are also quite famous in the four satellite cities. These four people have recognized Shalipuding and He Zhizhuo.

"Papa!" With a sound, the gun in Tang Chao's hand fell to the ground, and Tang Chao sat down weakly.

Chapter 3366: One mind and three purposes

In Heaven, in the underground exercise room in the villa on Wangta Road, Li Tian sweats like rain. The exercise clothes he wears have been completely infiltrated by sweat, but they are quickly dried by the heat from Li Tian.

Repeatedly, within a few hours, circles of sweat stains appeared on Li Tian's practice clothes.

Li Tian's kick flew, and a point on the fine steel pillar in the exercise room, his body flew forward like a swallow.

"Drink!" With Li Tian's burst, Li Tian waved a palm!

Broken soul palm!

This palm directly hit a fine steel pillar in front of Li Tian, and the palm of his hand intersected the fine steel pillar, making a dull metal crash. However, Li Tian took advantage of the momentum to circulate in the air, and then landed steadily.

"boom!"

"boom!"

"boom!"

After landing, Li Tian did not stop the movement on his palm, and slapped the fine steel in front of him with palms. At this time, a series of deep palm prints appeared densely on the steel column.

Each of these palms is a handprint, which shows how quickly Li Tian is now recovering the strength of the broken soul palm.

But Li Tian was not satisfied. After a battle with Liu Jun, Li Tian knew that the world had changed a lot.

Due to the apocalyptic virus crisis, many people's body genes have undergone some mutations. These alienators are equivalent to possessing superpowers, and they can no longer use the old thinking to judge their strength.

What Li Tianneng can do is to constantly improve his strength and restore his strength, so that when facing this kind of crisis, he will not let his subordinates and his brothers work hard again.

For one week in a row, except for Li Tian set aside one hour a day to deal with the daily affairs of the heavens, all the other time was spent in this practice room.

There is always a reward for hard work. Now that Li Tian's palm is close to Tang Xiaolong's strength, coupled with the destructive ability of this broken soul palm, the power of this palm can be imagined.

Of course, Li Tiancai would not just use the broken soul palm stupidly. In order to be able to exert the strongest combat power of "Red Slash", during this period, Li Tian focused on practicing with one heart and three uses. Although he is not yet proficient, Li now Tian can already use Broken Soul Palm with one hand and Xuantian ***** with the other hand, and Xinshen can also control "Red Zhan".

The current Xuantian ***** has also made some progress, but it is far not as fast as the strength of Broken Soul Palm. Now Li Tian's finger pops out, he can make a small hole in this fine steel pillar!

Only in this way, the power of this finger has already surpassed the power of bullets fired by ordinary pistols.

"Okay! Let's do one mind and three things now!" Li Tian whispered.

I saw that Li Tian stretched out his left and right hands at the same time, palms facing up, and then squeezed them together to form a fist. After that, his right hand turned over and grew, and his left ***** was slightly bent and clasped under his thumb.

But at this time, "Hong Zhan" whirled gently on top of Li Tian's head.

Li Tian closed his eyes and stood quietly on the ground, feeling the flow of true energy in his body, listening to the sound of the "red cut" spinning above his head.

Suddenly, Li Tian opened his eyes.

As if the virgin is moving like a rabbit, Li Tian's body gallops out directly like a bow and arrow. As Li Tian's figure shuttles back and forth between the fine steel pillars, it is immediately heard from the whole practice room. There was a sound of metal being hit.

"boom!"

"boom!"

"boom!"

Li Tian's left finger kept ejecting air bullets, all of which hit the thickest diamond iron pillar in the center, and small bullet holes immediately appeared on the diamond iron pillar. .

At the same time, Li Tian's right hand kept slapping every fine steel pillar that his body passed, and soon a deep palm print appeared on each pillar.

And what about "Red Cut"?

Although it was a little swaying, but according to Li Tian's mind, he directly wrote the two characters of the world on a fine steel pillar.

"Huh!" Li Tian stopped suddenly, stood on the ground, let out a long breath, and took "Red Zhan" back into his hand.

"Not bad. After all, the three functions of the heart are more advanced than the left and right sides. After so many months of actual combat, and after more than a week of speculation, it is really rare that the mind can control the writing of the red sword at the same time. Now! When the three

functions of the mind reach the state of free will, then Li Tian can stand on the pinnacle of this world again!" Li Tian thought in his heart.

The biggest prerequisite for Li Tian's realization of one heart and three purposes is that this "red cut" has a direct connection with Li Tian's mind. In this way, Li Tian can think and operate without Li Tian. This "red cut" The sense of autonomy will follow Li Tian's ideas.

Li Tian stroked his chest. The small whirlpool formed by the nine-color corpse crystal on his chest was still flowing slowly, but the nine-color corpse crystal hadn't progressed for a long time.

Li Tian understands that although these nine-color corpse crystals also have self-consciousness, and can even choose to swallow the corpse crystals to progress, Li Tian has been busy with things in the heaven recently and has not gone out to hunt zombies. As a result, these nine colors The corpse crystal is quite stable.

Now the northwest area is basically stable, the scarlet blood has been maimed, and there is no resistance.

Recently, the heads of other organizations have rushed to the heavens to beg to join the heavens. Li Tian has already handed this trouble to Hao Chunjian to deal with. Compared with Li Tian, Hao Chunjian prefers to do such things.

The next thing to do is to completely remove the zombies in the northwest, but this thing can't be done overnight! Can only figure it out slowly.

And there is one more thing, that is Liu Jun.

It has been ten days, but Liu Jun still has no news!

Li Tian had already sent people to search the heavens and the four satellite cities, and even within fifty miles of the heavens, but still did not find Liu Jun's whereabouts.

Li Tian understands that Liu Jun is like a poisonous snake in the dark. He has opened his fangs, but Li Tian's eyes are blackened. He can't see where the poisonous snake is and where he will be treated. To attack.

Therefore, Li Tian was constantly improving his own strength, while at the same time let Tang Xiaolong, Situ Ningbing, goddess Xueji and others step up time to improve his own strength. He can only respond to the ever-changing with the same, waiting for Liu Jun to reveal himself.

After a day of hard practice, Li Tian felt that his stomach was a little hungry.

"Let's stop here today!" Li Tian thought.

Pushing open the heavy door of the practice room, Situ Ningbing and the goddess Xue Ji were still practicing, and Li Tian did not disturb them both.

When he came to the lobby of the villa on the first floor, Li Tian saw Wang Rui waiting for him in the lobby.

Seeing Li Tian walking up the underground stairs, Wang Rui stood up quickly and said to Li Tian, "Brother Tian, there is news about Liu Jun!"

Chapter 3367: Wait a long time

Liu Jun slept in a daze, he felt as if he hadn't slept so much for a long time.

Recently, the little nurse, Xiaomei, seemed to be completely conquered by him, and kept asking for it. This made Liu Jun a very satisfying sense of conquest. Last night, the little nurse Xiaomei actually took the drug. After taking the drug, Liu Jun imagined the little nurse Xiaomei to be Duanmuying, a woman who had trampled on his dignity, and then tossed fiercely all night.

Now Liu Jun felt his body feel a little soft and fluttering.

Liu Jun stretched out his hand and touched his side. Before Liu Jun would touch the body of a woman, but now he touched a pillow.

Liu Jun suddenly woke up!

Opened his eyes and saw that there was the figure of the little nurse Xiaomei on the bed.

"Running! This **** little **** dared to escape! Watch me catch you and not burn you to a pile of ashes!" Liu Jun felt a strong sense of frustration, which was more frustrated than before being stepped on by Duanmu Ying. Humiliation at his feet also embarrassed him.

Duanmuying is the commander of the Sakura Legion. Both her personal strength and the strength of the Legion exceed Liu Jun and Liu Jun's family, so she was humiliated by Duanmu Ying. Although Liu Jun was embarrassed, she was still not so deep in her heart. Humiliation.

And now, Liu Jun was tricked by the nurse Xiaomei, which made Liu Jun jump into a thunder.

"Anyway, this injury has been basically healed, and there is no need to cover it up. Just find this little **** and burn it to death, and then go to Li Tian to settle the account!" Liu Jun said coldly.

Liu Jun got off the bed, lit a flame and threw it on the bed, watching the flame gradually start to burn, the flame in Liu Jun's heart also started to burn, turned and walked out of the room door!

"Huh?" Liu Jun just walked out of the room, but saw that this small courtyard belonging to Tang Xiaomei's brother Tang Chao was actually crowded with people. These people were holding guns and other weapons in their hands, facing Liu Jun.

And that little slut, little nurse, Xiaomei was also among these people.

It turned out that this little nurse, Xiaomei, had decided to escape after knowing that Liu Jun had offended Li Tian. In order not to make Liu Jun suspicious, after so many days of docile performance, even to meet Liu Jun's various perverted needs, Xiaomei, the young nurse, was extremely satisfied, as if she was not general enough.

And last night, riding on Liu Jun taking the drug, and indulging in another night, Xiaomei escaped until dawn.

The first thing Xiaomei did when he escaped was to report to the guarding soldiers of the satellite city, and then he brought them here to besiege Liu Jun.

"Idiot, do you think that a few people, birds and people can deal with me Liu Jun? It's really naive! Let you see my strength of Liu Jun!" Liu Jun looked dismissively, facing Xiaomei. When someone laughed frantically, he said.

"Liu Jun, you don't want to be rampant! Just behave obediently, maybe our Lord Li Tian will leave you a whole body, otherwise you must die without a place to be buried." One of the soldiers shouted.

The head banquet at the Celestial Banquet not only shocked the leaders of the parties who participated in the conference at that time, but now everyone in the entire Celestial World knows nothing about it. For Li Tian, these soldiers are extremely worshipped. .

"Tibetan land of death? Hahahaha!" Liu Jun laughed wildly.

Suddenly, Liu Jun's body flashed past like a figure, rushing directly to the team leader who had just called him.

"Da da da!" A series of bullets flew behind Liu Jun, but none of them touched Liu Jun's body.

Liu Jun's speed was so fast that he was in front of everyone almost in a blink of an eye.

"Kacha!" Liu Jun directly crushed the small captain's neck with his hands, and grabbed the small captain from the ground.

"Who died without a corpse?" Liu Jun said to the team leader in a mocking tone.

But the team leader was unable to say a word at all, his head hung weakly to one side, and the gun in his hand fell to the ground. The strength of Liu Jun's hand has exceeded a thousand catties, so how could this little captain be able to resist it.

"Hahaha!" Liu Jun laughed wildly.

"Huh!" With a sound, a ball of flame began to burn around the captain's neck, and the skin of the captain was quickly engulfed by flames, and a scorched question began to fill the air. .

"Humph!" Liu Jun snorted coldly, and threw the corpse of the team leader directly into the burning house.

"This...this...too powerful!"

"How is it possible? How could a flame suddenly appear on Liu Jun?"

"Squad leader is a third-level bounty hunter, he was pinched to death by Liu Jun when he met him!"

"too frightening!"

"Is this the strength of the alienator?"

Everyone was completely frightened by Liu Jun's sudden hand.

The soldiers who fired just now had forgotten to continue firing, and looked at Liu Jun in surprise, feeling a sense of powerlessness involuntarily.

The little nurse Xiaomei was also surprised. She knew that Liu Jun possessed the strength of a burning flame, but she did not expect that the dozen or so soldiers from the heavens surrounding Liu Jun would still make Liu Jun an easy shot.

Xiaomei was desperate, and she began to regret why she didn't just run away, but chose to report to Heaven.

"Escape! I have to escape! I finally escaped, I can't just die here!" Xiaomei thought in her heart.

Xiaomei just turned around to escape, only to find a hot feeling on her back, and this hotness came directly from the chest of her predecessor. And in the palm of this arm there was a beating heart.

"Puff!"

"Puff!"

Xiaomei had forgotten the pain, she looked down and saw a hand sticking out of her chest, as if an arm had suddenly grown out of her chest. Looking at the heart held tightly in the palm, Xiaomei still thought: "Is this my heart? How ugly!"

"I'm not dead! I can't die!" Xiaomei moved her body a few steps forward before turning her head to look at Liu Jun behind her.

"Little bitch, do you think you can escape the palm of my hand? Since you want to die, then I will meet your requirements!" Liu Jun looked at Xiaomei grimly, and said with a smile.

"Da da da!" A series of gunfire sounded, Liu Jun turned Xiaomei's body around and blocked him.

The bullets shot holes in Xiaomei's body, and Xiaomei was already dead and couldn't die anymore.

But Liu Jun didn't give up his anger at all.

"call!"

A ball of flame began to burn from Xiaomei's chest.

"Sister!" A scream came from behind Liu Jun.

Tang Chao was escorted back to the satellite city by Shelipuding and He Zhizhuo. He saw that his home was already full of flames, and he rushed in desperately. As soon as he rushed into the courtyard, he saw Liu Jun burning Xiaomei in a flame Fire man.

Chapter 3368: Waiting for a long time (2)

People die for money, and birds die for food, but no matter whether it is a person or a bird, they all go for good ideals, and they all have a fluke mentality.

Tang Chao didn't expect that what he saw when he came back was the destruction of the house, and he didn't even see the last side of his sister, and his sister Xiaomei was burned to ashes.

The small courtyard was full of flames, and nearby residents came out to fight the fire. In the small courtyard illuminated by the fire, Tang Chao slumped down on the ground disheartenedly. Tang Chao took out all the corpse crystals in his skin and held them in his hands with his eyes. Staring at the corpse crystal blankly, a silly smile appeared on his face from time to time.

And what about Liu Jun?

However, Liu Jun did not stop at all because of Tang Chao's return. For a master of Liu Jun's level, bounty hunters like Tang Chao, and the soldiers who besieged him, were nothing but chickens and dogs. That's it.

Liu Jun hasn't killed anyone for a long time, and his hands are itchy.

Now these people are besieging him recklessly, just in time for Liu Jun to warm up.

"Puff!" With a sound, Liu Jun directly inserted his hand into a man's back, and this man pulled the trigger of the gun in his hand before dying, "DaDaDa!" The bullets hit the air from the ground. Among,

"Kacha", Liu Jun broke the man's neck, and then slowly wiped his blood-stained hand on the man's clothes a few times before throwing the man casually into the flames. .

Shelipuding was a little shocked. The Liu Jun in front of him, both in terms of speed and strength, was quite terrifying. In addition, Liu Jun turned out to be an alien, possessing flame-like superpowers. Far beyond him.

But seeing Liu Jun killing people like hemp, so many soldiers from the heavens are like grass and mustard in Liu Jun's hands. They were harvested by Liu Jun. Shelipuding's blood was boiling in his body, and he couldn't help but lift the giant axe in his hand. With a burst of shout from Liu Jun, he went straight in.

"Huh!"

The great axe of the Shalipu Ding is more than two hundred catties, which shows that the power of the Shalipu Ding is not small. The strength of these hands is also more than a thousand catties. Moreover, Shelipuddin has used the giant axe for many years, and this giant axe is even more flexible than the body of Shelipuddin.

This great axe was displayed by Shalipuding with great power and majesty.

Liu Jun saw this strong man with a giant axe carrying the giant axe and killed him, he sneered in his heart and shouted, "Good job!"

Liu Jun could see the powerful muscles of Shelipuding, and the strength was definitely not small.

But Liu Jun's strength is also not small. So far, Tang Xiaolong is the only one who really makes Liu Jun feel that he can suppress him in strength. Therefore, seeing Shelipuding slashing at him with a giant axe, Liu Jun's heart A sneer, but it aroused his idea of using absolute power to defeat Shelipuding.

I saw that Shalip's giant axe had slashed towards Liu Jun with a strong wind. If this axe hit, it would definitely divide Liu Jun's body. Even if he couldn't hit Liu Jun, this powerful force was enough for Liu Jun to bear.

But what about Liu Jun? Go ahead to dangers.

Liu Jun could avoid it completely, but Liu Jun did not hide, nor did he step back, so he faced the sharp giant axe.

Seeing that the blade of the giant axe was about to touch Liu Jun, Liu Jun leaned back slightly, and saw that the giant axe fell in front of Liu Jun just a line away, and Liu Jun directly fisted with both hands. , As if grabbing a white blade empty-handed, double fists bombarded on both sides of the giant axe.

"Om!" With a sound, a powerful force passed along the face of the giant axe and along the handle of the axe.

Shelipuding felt that his giant axe seemed to be smashed into the rocks. A strong rebound force shook his arm a little. This time, the giant axe in Shelipuding's hand was a little unstable. Almost let go.

Shelipuding was shocked. Although he had fully estimated Liu Jun's strength, he still did not expect that Liu Jun would be much stronger than him by strength alone.

But when it comes to power, Shelipuddin has never been afraid of anyone.

I saw the blue veins on Shelipuding's arms violently, and the giant axe that had been caught in the middle by Liu Jun's double fist attack was slowly showing signs of breaking free with Shelipuding's force.

The two sides entered the stage of wrestling.

The power of Shalipuding's whole body was concentrated on the giant axe, and his face was solemn, but Liu Jun's performance was quite relaxed, as if this Shalipuding was not of the same grade as him.

At this moment, Shelipuding saw a sneer at the corner of Liu Jun's mouth.

Shelipuding couldn't help but feel a sense of alertness. At this moment, he saw a ball of flames suddenly appeared on Liu Jun's arms, and the face of the axe between Liu Jun's fists had begun to appear as if it was burning red. A red dot.

As the temperature of the flame increased, this red dot had gradually spread from a single red dot to the entire axe surface, and the generated heat began to gradually spread toward the metal axe handle in the hands of Shelipuding.

"Hahaha! Even with your little strength, you dare to be mad in front of me, I really don't know how to write dead words!" Liu Jun said with a mad smile.

Seeing Liu Jun's relaxed face, arrogantly mocking him, Shalipuding's face was pale, the problem with the giant axe in this hand had almost risen in an instant, and Shalipuding could almost feel the hotness coming from both palms. Feeling hot.

"How to do?"

Shelipuddin can choose to let go, but losing the weapon is more embarrassing for Shelipudin than losing his life. How can Shalipuddin easily give up the weapon in his hand.

He Zhizhuo was quite surprised. She knew the strength of Shalipuding relatively well, but this round, she was restricted by Liu Jun. This is not to say that Shalipuding's strength is weak and scumbags, but it only shows that the man in front of her is powerful .

Seeing Shalipuding's stubborn expression, He Zhizhuo already understood that even if he turned his Shalipuding into a roast pig, Shalipuding would not be able to let go.

"This idiot, what's the use of being strong at this time! If you lose your weapon, just grab it back. If you lose your life, you will have nothing!" He Zhizhuo smiled in his heart.

While He Zhizhuo laughed at Shelipuding in her heart, she did not neglect her hands and feet. Shelipuding has been his partner for many years after all. She couldn't really watch Shelipuding turn into a roasted pig, closing her eyes. No way!

"Bah!"

I saw He Zhizhuo's body sway, suddenly like a sea urchin, numerous steel needles appeared on his body, these steel needles pierced He Zhizhuo's clothes, began to grow wildly, and pierced towards Liu Jun.

Alienator, you are not the only one here, Liu Jun!

Chapter 3369: Waiting for a long time (3)

These steel needles are quite dense, and the castration is not faster than bullets or even faster. If Liu Jun does not let go of Shelipuding's great axe, then Liu Jun will definitely be unable to escape being sifted into a sieve by these steel needles!

Liu Jun's eyes widened suddenly, as if he was seeing something funny, a hint of surprise appeared in his pupils. I saw Liu Jun, with his fists into his palms, slapped **** the Shalipuding's giant axe, and floated away lightly.

The giant axe in Shelipuding's hand was let go. He didn't care about the hot temperature from his hands, as if a tiger came out of the cage, he took a half step forward and waved the giant axe at Liu Jun.

When Liu Jun saw Shelipuding, there was no other expression on his face except mockery.

The expression on Liu Jun's face seemed to say, "I don't know what to do, if you didn't have that little Lolita, you would have become a pig in the flames of mine."

But at this time Liu Jun didn't dare to be careless. He wasn't worried about Shelipuding, but he was jealous of He Zhizhuo. As long as it is an ability person, even the most ordinary ability person, once it breaks out, the strength cannot be underestimated.

Liu Jun didn't make it hard this time, because after he had seen Shalipuding's great axe, several steel wires that emerged from the fingertips of He Zhizhuo's hands were hidden behind Shalipuding's great axe attack and stabbed over.

Liu Jun kicked his legs forward, a ball of flame blasted to the ground, and his body had fallen more than ten meters away.

Shelipuding was still chasing, but He Zhizhuo shouted: "Come back, you idiot! Do you want to die?"

Others don't know, but He Zhizhuo knows in her heart that although she is a superpower, the steel needle wire her body can release has a limited attack range, and her steel needle wires are all part of her body, dealing with extreme cold temperatures. And the instant temperature, her abilities will be greatly limited.

Liu Jun smiled slightly at the corner of his mouth, and said to He Zhizhuo: "There is indeed a Crouching Tiger, Hidden Dragon in this heaven. There is such a cute supernatural power in this small satellite city! But you are not me. Opponent! Why don't you cooperate with me, and when I kill Li Tian, you will be the city lord of this heaven! How?"

"Fart! Who wants to cooperate with you?" Shelip Ding Urn cursed angrily.

"Hey! Don't be affectionate, okay? Wastes like you are everywhere in this heaven!" Liu Jun said with a mocking look at Shelipuding.

"You..." Shelipuding was speechless for a while.

He Zhizhuo smiled slightly and blocked the relic Puding. He smiled at Liu Jun and said, "Being the city lord of the heavens seems to be very attractive. But..."

"But what?" Liu Jun asked.

A hint of mockery appeared on He Zhizhuo's smiling face and slowly said, "But this Northwest matter is not your turn, the president of the Bounty Hunter Association will come and tell you!"

"It's not ashamed to say that you are really the emperor, you can assign a city lord at will! If you are really the emperor, you will not be chased by Li Tian like a bereavement dog, hiding in this satellite city!" Shelipuding sneered. Said.

Liu Jun's fingers trembled slightly, and he said with a sneer: "Okay! Okay! Since you don't know how to live or die, then I will fulfill you and let you die in the fire with these soldiers!"

Speaking of Liu Jun taking the lead in attacking, Liu Jun rushed directly to the Shalipuding like an arrow, and punched the Shalipuding on the chest. This punch was as fast as lightning, with the fist still carrying A little bit of Mars, like a meteorite falling.

Shelipuding didn't dare to be careless, and he waved the giant axe at Liu Jun, but Liu Jun easily avoided it, and Liu Jun's fist was already close to Shelipuding.

Shalipuding's attack was invalid and could only make a defensive posture. Shalipuding moved the giant axe in his hand to his chest, and Liu Jun's fist had already hit.

"Boom!" With a sound, this fist with Mars bombarded the giant axe, and Shalipuding's body continued to retreat, and his legs made two marks on the ground, and it continued to retreat for seven or eight meters before stopping.

But Liu Jun missed a hit, and He Zhizhuo's wire had already pierced Liu Jun.

"Humph!" Liu Jun snorted coldly, his body resembling a spinning top, a three hundred and sixty-sixty rotation in place, avoiding the steel wire that pierced him, his legs exerted force, "jumped", and attacked He Zhizhuo.

He Zhizhuo crossed his hands, and a wire mesh appeared in front of Liu Jun, blocking Liu Jun's punch with Mars.

"Huh!" With a sound, the flame on Liu Jun's fist rose instantly, and the steel mesh that He Zhizhuo blocked in front of Liu Jun turned red almost instantly, and was blown away by Liu Jun's fist in an instant.

He Zhizhuo's brow furrowed, and beads of perspiration were oozing out of his forehead. He Zhizhuo quickly backed away. At this time, Liu Jun's fist had pierced the steel mesh, and the flames roared towards He Zhizhuo in the air.

He Zhizhuo couldn't avoid it, shrinking her whole body, and the steel needles of the thickness of fingers on her body were shining coldly and completely wrapped her.

And what about Liu Jun?

Knowing that this punch is bound to be a situation where both sides will suffer, but Liu Jun's face is firm and does not evade.

"boom!"

Liu Jun's iron fist hit He Zhizhuo heavily.

"puff!"

The steel needle pierced into Liu Jun's skin, blood splattered everywhere. And then He Zhizhuo was directly bombed and flew out.

"Drink!" Seeing that He Zhizhuo was about to be blasted into the raging fire, Shelipuding screamed and threw directly at He Zhizhuo, catching He Zhizhuo.

When He Zhizhuo was taken down by Shelipuding, He Zhizhuo had already collected the steel thorns of her whole body and was supported by Shelipuding. He Zhizhuo only felt the hot pain on her back, the back of her clothes which had been riddled with holes. Above, a mass of burnt marks is clearly visible.

But this was just a skin trauma. He Zhizhuo knew that her bones seemed to be broken, and He Zhizhuo couldn't help coughing several times.

Liu Jun looked at Shelipuding and He Zhizhuo with a sneer, licked the blood on his arm with his tongue, and said with a sneer: "Your ability is really rare. Unfortunately, in front of me, it's still a little bit different. . I am giving you a chance, would you like to cooperate with me?"

"Cough cough!" He Zhizhuo coughed a few more times and looked at Liu Jun with a stubborn little face and disdain.

Shelipuding sneered, holding He Zhizhuo in one hand and the giant axe in the other, and looked at Liu Jun sarcastically.

Needless to say, the decision He Zhizhuo made was that the nine cows could not be pulled back. It is really rare for He Zhizhuo to return to the heaven with the Shelipuding this time. How could he betray the heaven at this time and follow Liu Jun is working together!

Liu Jun knew the result from the expressions on the faces of He Zhizhuo and Shelipuding. Liu Jun slowly walked towards He Zhizhuo and Shelipuding and said with a sneer: "Then you go to die!"

"Huh!" Above Liu Jun's fists, the flames were already burning.

At this moment, "Hong Zhan" suddenly flew over, and inserted a "poof" in the mud between Liu Jun and He Zhizhuo. A familiar figure sounded behind Liu Jun: "Let you wait a long time! "

Chapter 3370: Kill Liu Jun

When Liu Jun saw that familiar weapon, how could he not know who was here?

Liu Jun turned around abruptly and saw that Li Tianzheng had already strode over aggressively, and behind Li Tian were Tang Xiaolong, Situ Ningbing, Goddess Xueji, Wang Rui and others.

"Li Tian?" Liu Jun subconsciously called out Li Tian's name, his face already showing a hideous look.

The enemy was extremely jealous when he met. Liu Jun felt that his body was full of anger. The flame was almost about to explode. Even Liu Jun felt that the scars on his body seemed to be on fire at this time.

"Li Tian!" Shelipuding also saw Li Tian and couldn't help but feel happy.

Li Tian also saw Shalipuding and He Zhizhuo, completely ignored Liu Jun, and strode towards Shalipuding and He Zhizhuo.

Being ignored by Li Tian made Liu Jun even more angry.

"Li Tian, you are looking for death!" Liu Jun shouted loudly, and he was about to pounce on Li Tian, wanting to fight Li Tian decisively.

"Bang!" A sniper rifle sounded, and the bullet roared across Liu Jun's body, leaving a blood mark on Liu Jun's body, and it landed on the ground in front of Liu Jun, splashing some dirt.

"Looking for death!" Liu Jun didn't expect that Leng Buxing was actually shot with a black gun. If it weren't for his skill, or if it wasn't for the person who shot him hurriedly, it was entirely possible that this shot would hit him. The key is not just scratching.

It was the goddess Xue Ji who shot, and after shooting, the goddess Xue Ji threw the sniper rifle to Wang Rui, holding the Dragon Sword, and rushed towards Liu Jun.

When the goddess Xue Ji made a move, it was the misty sword technique she had recently practiced hard.

Although the goddess Xue Ji could not practice illusion skills on the earth, she was also gifted when she practiced the sword skills on earth. In less than a month, the goddess Xue Ji's misty swordsmanship had achieved a small amount.

Even if she met Liu Jun, Xue Ji didn't bother at all. Only between square inches, the body of the goddess Xue Ji looked like countless figures, and it was as if countless dragon swords appeared in the hands of the goddess Xue Ji at the same time, either stabbing, hacking, or rushing towards Liu Jun.

Liu Jun's strength was recognized by Tang Xiaolong and Li Tian, so Tang Xiaolong and Situ Ningbing didn't mean to be polite. Almost the moment when the goddess Xue Ji made her move, she rushed towards Liu Jun from the other two directions.

Where is Liu Jun? When I saw Tang Xiaolong, I knew that these people were definitely the top players in the heavens. They didn't dare to neglect, their fists were like fire and their figures were like electricity, and they would maximize their potential.

After avoiding the sword of the goddess Xue Ji, Liu Jun threw a punch at the goddess Xue Ji, but the flames burned turned out to be a cloud of phantom, and the goddess Xue Ji had appeared four or five meters away. Liu Jun was taken aback, but when he couldn't tolerate the slightest stunner, Tang Xiaolong's fist had already rushed towards him.

Fist to fist!

"Boom!" With a cry, Tang Xiaolong's body floated back a few steps, while Liu Jun withdrew continuously to seven or eight meters. But this time, Tang Xiaolong was wearing a pair of gloves on his fist. This punch was opened at the touch of a touch, and Liu Jun didn't even have any advantage.

When Liu Jun was still shocked by Tang Xiaolong's change, he suddenly felt that the cold hair behind him was standing up, as if a poisonous snake was staring at him in his back. This snake is poisonous, as if waiting for an opportunity to attack at any time. Once bitten by this poisonous snake, it will either die or be injured.

In a panic, Liu Jun rolled forward subconsciously, and behind Liu Jun, "Huh!" A cold light flashed, and a woman in a tight leather jacket appeared at the place where Liu Jun had just been.

The hermit killing technique has begun to take effect.

On the other side, Li Tian came to Shelipuding and He Zhizhuo.

Seeing Li Tian walking slowly over, Shelipuding had already smiled, but He Zhizhuo's face had a complicated expression.

"Back?" Li Tian asked.

"I'm back!" Shalipu Ding Urn said angrily.

"Don't leave, right?" Li Tian said softly, as if he was a family routine.

Shelipuding glanced at He Zhizhuo, he couldn't live in He Zhizhuo, and if He Zhizhuo said to leave, he might have to follow He Zhizhuo. After all, after so many years of life and death, He Zhizhuo is his best golden partner!

Seeing He Zhizhuo nodded slightly, the smile on Shelipuding's face became thicker, and he nodded abruptly and said, "Don't go!"

"Welcome home!" Li Tian stretched out his hand to Shelipuding.

But Shelipuding threw the giant axe directly to the ground, and reached out his arm to hold Li Tian, the sound of urn sound and anger came from Li Tian's side: "Yes! We are back!"

After some greetings, Li Tiancai turned to look at Liu Jun, and said to Shelipuding and He Zhizhuo: "Wait a moment, watch me kill Liu Jun, and then we will continue to relive the past!"

There was no domineering words in this statement, as if it were an extremely ordinary sentence.

But neither Shelipuding nor He Zhizhuo would think that Li Tian was talking big, because they faintly felt that Li Tian was much stronger than before.

Killing Liu Jun may not be difficult.

On Liu Jun's side, after the initial panic, Liu Jun has gradually gained the upper hand.

After all, Situ Ningbing's hermit killing technique has not been cultivated to a high level. Once Liu Jun has caught sight of it, it will be difficult for him to perform unexpectedly. Tang Xiaolong's ten-fold training is only the fourth level, in strength It can suppress Liu Jun a little bit, but Liu Jun is no longer a direct head-on with Tang Xiaolong. Coupled with Liu Jun's flames, Tang Xiaolong is already busy with casters, and all his clothes have been burned out. Terrible.

When it came to the misty sword skills of the goddess Xue Ji, Liu Jun couldn't help Xue Ji for a while.

But also Xue Ji did not dare to stick to Liu Jun too much, the flames on Liu Jun's blazing fist would also cause a lot of damage to Xue Ji.

"Get out of the way, let me come!" Li Tian took "Red Zhan" back with his spiritual sense, and "Red Zhan" kept spinning around Li Tian's body, and said lightly.

Tang Xiaolong, Situ Ningbing, and the goddess Xue Ji immediately stepped aside, still staring at Liu Jun.

Liu Jun smiled slightly and said to Li Tian: "Li Tian, if so many of you go together, then I still have some fears, but you are too crazy for me alone! You can be crazy, but you can. There is a price for needless rampage! And this price is likely to be your life!"

Liu Jun was still talking, but Li Tian suddenly used Xuantian fingering, and pointed out a gas bullet at Liu Jun.

"Swish!" With a sound, the gas bullet swept across the air, hitting Liu Jun's already blocked arm, and a dull sound was heard, and with this dull sound, there was blood on Liu Jun's arm. Holes have appeared, blood flowing.

"Idiot, speak powerlessly!" Li Tian simultaneously used Xuantian **** and broken soul palm, and then controlled "Red Zhan" to cut towards Liu Jun with his mind.
